Strange Is New Distributor Of Sun-Vue Fertilizers

Norman Strange will be the new Silverton distributor for Sun-Vue fertilizers, effective October 2, according to an announcement made today.

He will handle Sun-Vue liquids, anhydrous ammonia, Morea liquid feed and Catalyx free-choice minerals in addition to other farm chemicals.

The former Silverton manager, Bob Berry, is working at Claytonville again now.

The Silverton Young Farmers have recently donated the materials and labor for enlarging the fence between the bleachers and the field on the west side of the school football field.

Plans are for the building of another fence just like it on the east side of the field. The Young Farmers also have in their plans the intention of moving the bleachers and the building of a concrete-curbed track between the bleachers and the field.

These are ambitious plans for an organization of 14 members, two of whom are in college, leaving 12 active members.

The chapter is using the proceeds from the rodeo they sponsored in August to bring about the improvements at the school and in the community.

Whether or not there is a fence around the football field may seem relatively unimportant to most, but it is important, and could help prevent embarrassment to the home team or a visiting team.

The Young Farmers are presently on a drive for grain for Cal Farley's Boys Ranch.

They urge all farmers to set aside a portion of their crop, no matter how small a portion, for Boys Ranch.

They have made arrangements with the elevators, and all the grain producers have to do is tell the elevator manager when they haul their grain in.

The local Young Farmers assisted with the field day recently at the research station at Halfway, and the chapter received \$15 recently for having the most members present at the Area meeting held in Tulia.

In addition, the Young Farmers recently donated \$50 to the Silverton Volunteer Fire Department to help buy the equipment they are so badly needing.

It certainly seems to me that the chapter deserves the assistance of any men who would be able to furnish labor for their projects.

He was the unknown giver of many gifts to those in need, having authorized Earl Cantwell to give assistance when he knew of needy families.

He was a member of the Silverton Lions Club and had been a member of the Silverton Quarterback Club until this year.

He was born January 16, 1912, at Leonard, the son of the late Mr. and Mrs. Guy Thompson.

Survivors include his wife, Mildred; two daughters, Mrs. Helen Strange and Mrs. Glenna Cornett, both of Silverton.

Funeral services for Mrs. Mary Maxine Skaggs, 56, were conducted at 4:00 p.m. Tuesday in the First Baptist Church in Plainview.

Mrs. Skaggs died Sunday in a Fort Worth hospital. Born August 4, 1911, in Aubrey, she moved to Plainview in 1922.

Survivors include her husband, two sons and three grandchildren.

RAY THOMPSON

Heart Attack Takes Local Businessman

Funeral services for Ray R. Thompson were conducted at 4:00 p.m. Tuesday at the Silverton Church of Christ.

The body lay in state at the family's home Tuesday afternoon before the services.

Thompson was stricken with a heart attack at his home Sunday, and died about 5:00 p.m. while in an ambulance enroute to Swisher Memorial Hospital.

He had operated the John Deere implement business in Silverton for 13 years, and had served eight years on the city council.

Late in the third quarter, Happy's Jesse Ramos went 18 yards for a Cowboy score to end a drive that started on their own 25.

Happy threatened immediately, mixing passes with running plays, to the Owl five-yard stripe where

Thompson was stricken with a heart attack at his home Sunday, and died about 5:00 p.m. while in an ambulance enroute to Swisher Memorial Hospital.

Owls Defeat Happy In First Home Game

Silverton's Owls held off repeated attacks by the Happy Cowboys in the fourth quarter to hold a 14-8 margin and take the third night of the season here Friday night.

The Owls travel to Lefors this week to meet the Pirates in another non-conference game.

The Owls made fewer mistakes than had been recorded in previous games, giving away no unearned first downs, giving up no fumbles and allowing only one score by the visitors.

The first play from scrimmage saw a pass from Quarterback Lannie Arnold to End Lynn Frizzell and a 15-yard gain.

In the second period, the Owls took a Cowboy kick on their own 38, and ran and passed to the Happy 10, where a personal foul penalty of half the distance to the goal was stepped off against the visitors.

Late in the third quarter, Happy's Jesse Ramos went 18 yards for a Cowboy score to end a drive that started on their own 25.

Happy threatened immediately, mixing passes with running plays, to the Owl five-yard stripe where

Thompson was stricken with a heart attack at his home Sunday, and died about 5:00 p.m. while in an ambulance enroute to Swisher Memorial Hospital.

the tough Owl defense halted the attack, throwing the Cowboys for losses, and the ball went over on downs at the Silverton 10.

The Owls were unable to gain a first down against the fired-up Cowboys and kicked to their own 35. Happy again mixed runs and passes to the Owl 15, before drawing a personal-four penalty.

Several important plays were made by Tim Mattheus, who had not seen action for the Owls since the Hart game due to a leg injury.

The victory by the Owls could well be termed a team victory. The Owl defense helped make up for the fact that Happy gained more yardage by throwing the Cowboys for big losses.

Long time benefits, costs and problems of controlling mesquite by aerial spraying, chaining, grubbing, root plowing, reseeding and basal application of chemicals will be discussed.

An afternoon program arranged by the Texas Experimental Ranch Committee will include discussions by ranchmen, brush and range specialists and officials of Texas A&M University.

Featured speakers will include Dr. John Hutchison, director, Texas Agricultural Extension Service; Dr. H. O. Kunkel, acting dean of agriculture, Texas A&M University; C. E. Fisher, superintendent for research, South Plains Research and Extension Center; Jim Barron, manager, Spur Headquarters Ranch; Jim Humphries, manager, Pitchfork Ranch; and John Matthews, Dodge Jones Foundation, Abilene.

Mrs. Barney Stephens was moved from Lockney General Hospital by ambulance plane to M. D. Anderson Hospital in Houston early this week. Her husband accompanied her there.

Mr. and Mrs. Ray Mattheus of Dallas visited relatives here over the weekend.

Warner Reid of Tulia is a patient in a Dallas hospital this week. Mrs. Reid and Mrs. Billy Settle have been at his bedside.

Clifton Stodghill served on the judging committee for the Talent Show, and after the presentation of the awards said, "Two divisions of the show were especially competitive, and I hoped when I placed the Silverton girls in third place I wasn't just prejudiced."

Mrs. Charles Sarchet, a member of L. O. A. Junior Study Club, was a member of the Talent Show committee.

The Silverton Riding Club won third in the Fair parade.

Four Briscoe County girls were among the 29 area contestants in the Floyd County Fair Queen Contest Saturday.

Davis Named The Outstanding Player

Jacky Davis, 197-pound Junior Guard, was named outstanding player in the Silverton - Happy game, according to an announcement by Coach Herb Stephens.

Under a scoring system that is being used by the coaching staff to rate the performance of players in the games, Davis received 89 points.

Dale Sissney, 187-pound Senior Tackle, ranked second with a score of 87 points.

Field Day To Feature Mesquite Control

A field day on mesquite control will be held at the Pitchfork and Four-Six's ranches on October 4.

Tours will start at 9:00 a.m. at the Pitchfork Ranch headquarters about 15 miles west of here on U. S. 82, announces Garlyn O. Hoffman, range brush and weed control specialist with the Texas Agricultural Extension Service.

Purpose of the field day is to observe long term results from carrying out a complete mesquite control program, Hoffman points out. Mesquite control has been in progress at these ranches since 1940 and both chemicals and mechanical methods or a combination of these have been used.

Long time benefits, costs and problems of controlling mesquite by aerial spraying, chaining, grubbing, root plowing, reseeding and basal application of chemicals will be discussed.

WALTER ARNOLD

Top Steer Ropers In National Finals

Walter Arnold of Silverton is among professional rodeo's top 15 finalists who will compete for the 1967 national steer roping championships.

The competition—which offers a \$5,000 purse plus added entry fees—will be held October 7-8 in the Oklahoma State Prison Rodeo Arena at McAlester.

Arnold, 29, is ranked seventh for the season in national standings, earning \$1,979.

Joining the Rodeo Cowboys Association in 1964, Arnold was rated sixth for the steer roping title in 1965, and finished 12th for the championship in 1966.

Each man ropes six steers at the finals, seeking the lowest total time and a lion's share of the prize money. Cash won at McAlester is added to a roper's seasonal earnings to determine the national champion.

The Rodeo Cowboys Association, Denver, Colorado, tabulates the earnings of each member throughout the year.

The 1966 steer roping champion, Sonny Davis, Kenna, New Mexico, finished the 1967 season in eighth place, but will not compete in the finals because of a knee injury.

Altizer, 35, holds a strong lead going into the finals, having won \$5,163 this year.

**4-Hers Saluted During National 4-H Club Week**

Some 90 4-H boys and girls in Briscoe County and their activities and programs will be in the spotlight during National 4-H Club Week, September 30 - October 7, says County Extension Agent Ken Cook.

There are about 76 thousand 4-Hers in Texas with more than 2 1/4 million boys and girls enrolled throughout the nation.

"4-H, A World of Opportunity" is this year's theme with activities focused on local, state, national and international achievements of the head, heart, hands and health program.

Locally, 4-H Week activities will emphasize the opportunities 4-H offers the boy or girl 9 to 19 years of age. Several events and activities are planned to encourage youth to join 4-H.

4-H combines the best of learning and fun. It offers a wide variety of projects and activities

which emphasize "learning by doing" and rewards the boy and girl for personal growth and achievement.

Young people may choose their own individual 4-H projects from some 50 to 100 offered. These range from the traditional beef calf, swine, gardens, foods and clothing to automotive, career exploration, photography and baby sitting. The young scientist may choose a project in entomology, electricity, conservation or others. And there are projects, too, for the young owners of dogs and horses.

Boys and girls like 4-H for the many activities and projects it offers groups and clubs. Clubs may select such worthwhile activities and projects as community beautification, safety, health, recreation, leadership and conservation. Volunteer adult leaders help guide and advise members of community and neighborhood 4-H Clubs.

Speaking of adult leaders, National 4-H Club week also provides an opportunity to give the volunteer leaders a well-deserved "pat on the back." More than 35 dedicated citizens of Briscoe County give their time and skill in assisting 4-H boys and girls and in promoting 4-H Club work. Not only do they assist at 4-H Club meetings but they also help with project studies, train demonstration teams, manage county fair exhibits and recreational projects and give individual training to 4-Hers.

The junior 4-H leaders in Briscoe County are also to be commended. They devote their spare time and use their 4-H experience to assist the adult volunteers in making 4-H the outstanding youth organization which it is today.

4-H offers many opportunities for the youngster who is interested in preparing for the challenging tasks which lie ahead. Now is a good time to join 4-H. Clubs throughout the county are re-organizing for the new year and new clubs are starting. Anyone interested in joining 4-H or in finding out more about the organization

**CREAM OF MUSHROOM SOUP MAKES THE SECOND AS GOOD AS THE FIRST**

When buying a roast, wise homemakers plan to get more than one meal out of it. A cut of meat that provides two meals with one cooking is both economical and time-saving. But simply reheating a roast for every second appearance can grow tiresome for both cook and family. Far better to incorporate the leftover meat into an easy but imaginative recipe.

If a leg of lamb was your choice for dinner on Sunday, use the last two cups of meat for a delicious curry on Monday. Simply brown the meat in butter along with curry powder, onion, and green pepper. Apples and raisins give color and crunch. Then, for a perfect sauce, pour in a can of condensed cream of mushroom soup. Rich, thick, cream of mushroom soup, so good as a soup, is a wonderful ready-to-use sauce with an expertly seasoned flavor. Keep several cans on hand to add goodness and flair to meats, vegetables, casseroles or skillets.

Serve this delightfully different entree with fluffy rice and a garnish of toasted almonds, and crisp green salad. For dessert, pass squares of chocolate cake or gingerbread, and coffee.

**15 Minute Curry of Lamb**

- 2 cups cubed cooked lamb
- 2 tablespoons butter or margarine
- 1 teaspoon curry powder
- 1/4 cup chopped onion
- 2 tablespoons chopped green pepper
- 1 can (10 1/2 ounces) condensed cream of mushroom soup
- 1/2 cup water
- 1 cup chopped apple
- 1/4 cup raisins
- 1/2 teaspoon lemon juice
- cooked rice
- Chopped toasted almonds

In skillet, brown lamb in butter with curry and cook onion and green pepper until tender. Add soup, water, apple, raisins, and lemon juice. Heat, stirring now and then. Serve with rice. Garnish with almonds. Makes 6 servings.

Mrs. J. E. Jowell visited Mr. and Mrs. William E. Jowell, Phil and Debbie at Smyer recently, and helped celebrate Debbie's third birthday. Debbie is the Smyer High School mascot this year.

**Qualifications, Requirements Given For Voters Here**

Every person who shall have attained the age of 21 years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, and who shall have registered as a voter, shall be deemed a qualified elector, according to an announcement by the Briscoe County Sheriff's Department this week. NO PERSON shall be permitted to vote unless he has registered in accordance

with the provisions of the Texas Election Code. This means that voters who are over 60 have to register from now on in order to vote.

**Persons Reaching Voting Age**

Any person otherwise qualified to vote who is under 21 years old on the last day of the registration period but who will become 21 before the end of the voting year may register at any time with the first day of the registration period and up to thirty days before the end of the voting year. The registration period is from October 1,

**From The County Agent's Desk**  
**Planting Advised to Prevent Wheat Streak Mosaic**  
 Wheat producers in Briscoe County are advised to plant wheat at a late date to avoid damage from wheat streak mosaic virus. The virus and microscopic wheat curl mite which transmit the disease build up in volunteer wheat in the summer. When there

is no live wheat, only a limited number of the mites and virus survive in weedy grasses to infect early-planted wheat in the fall. Three practices which can reduce losses in areas where the disease is a problem are (1) destroy volunteer wheat, (2) delay planting until the latest possible date, and (3) plant disease resistant varieties. All volunteer wheat in the field to be seeded should be destroyed two to three weeks before planting time. As a further aid in controlling the disease, growers should wait to plant as late as practical—until the first frost or the latest recommended date in the area (September 15-October 15). If wheat is not up until October or later, it usually escapes severe infestation by the mites and virus. Wheat streak mosaic has caused serious economic losses to Texas wheat growers since 1962. Up to 50 per cent of the deeded wheat acreage has either been lost or severely damaged in some counties since that time. Losses

**Young Farmers On Grain Sorghum Drive**  
 Members of the Silverton Young Farmers are "rustling" grain for Boys Ranch, in response to an urgent appeal from the Ranch for grain sorghum to be used in the feeding operation there. Two million pounds of grain sorghum is needed at Boys Ranch annually. The Young Farmers are appealing to Briscoe County farmers to set aside a little of their crop for Boys Ranch. According to Robert Haley Hill, a member who is working on the project, the grain can

be taken to the elevator with the rest of the farmer's crop. "Just tell the elevator how much you will donate to Boys Ranch, and a record of the amount will be kept. When the harvest is finished in this area, members of the Young Farmers will haul the grain to Boys Ranch.

**OTHER WINNERS**  
 Mrs. A. H. Chappell repeated as a big winner of ribbons at the Fair with 27 prize-winning entries this year. She earned blue ribbons with her applesauce cake, also receiving a five-pound bag of sugar for this entry, canned blackberries, tomato preserves, grape jam, and three flowers. She received red ribbons for her appliqued quilt, cross-stitched quilt, white crocheted doily, whole waxed beans, canned pumpkin, crocheted edge on pillow cases, embroidered dresser scarf, three-piece vanity set, colored crocheted doily, crocheted lace on towel, dresser scarf with crocheted edge, and three flowers. She received third place for shelled pin-to beans and mustard greens. Three honorable mentions were given on three other flowers entered by Mrs. Chappell.

Southwestern Home Demonstration Club prepared an educational exhibit on insecticides for the Fair. According to Mrs. Raymond Teple, the exhibit was a good one, prepared by Mrs. Robert Ledbetter and Mrs. Garland Francis. No ribbon was won by the exhibit, but the club received \$5.00 for preparing it.

in yield can range up to 100 per cent when the mosaic infects early-seeded fall plants. Late planting of wheat will naturally result in less grazing, points out the agent, but this method of controlling the disease will pay good dividends at harvest time next year.

**ART DEPARTMENT**  
 Silverton artists were well represented in the Art Department at the Fair, with many of the local paintings and drawings receiving ribbons. Mrs. F. E. Hutsell exhibited a painting in red oil of the Alamo in a Spanish-style frame which was chosen as the second most popular picture in the whole art show by the popular vote of those attending the exhibit. When the paintings were judged, however, no ribbon was awarded this work. Donna Stodghill received a first-place ribbon for her fall landscape and a second for a still-life of flowers. Debbie Bomar won a blue ribbon for her still-life painting of a rose in a basket. Mrs. John Francis received a first for an oil portrait on paper; second for an oil landscape; and third for an oil seascape. Mrs. Flute Hutsell had blue ribbons on her mixed media landscape; charcoal still life; pastel seascape, and a still-life in pastels. She also received a red ribbon for an oil portrait on paper. Mrs. Joe Montague received a first for her pastel portrait of Carron Montague. Carron sat for the portrait when the art class was studying painting with live subjects. Mrs. Montague also won second with her charcoal still life and third with an oil landscape. Mrs. Roy Montague received a third for her oil still-life painting of a bowl of fruit. Mrs. Alvie Francis exhibited a landscape of aspens and a still life of white zinnas, which were popular with visitors to the exhibit. Mrs. Ewing Vaughan won two ribbons in the teachers' division of the show. She received a blue ribbon for a still-life of flowers

## Contour Grid Maps Show Underground Depletion, Aid In Tax Return

Contour grid maps of underground water depletion and of saturated thickness of water-bearing strata in the irrigation areas in the High Plains Underground Water Conservation District soon will be available to include the Plains portion of Briscoe County.

Scores of the maps, aiding in potential return of millions of dollars to South Plains farmers, already have met wide acceptance in the 13-county area of the District, are approved by the Internal Revenue Service and have been used in computing depletion allowances for farm income tax purposes.

It is estimated that area farmers already received several million in tax benefits since the Water District-sponsored test case in U. S. courts (the Shurbet case) met its successful conclusion in June 1964, before the 5th Circuit Court of Appeals in Houston. The Treasury Department agreed to acquiesce in the decision in December 1965.

Materials pertinent to filing for depletion allowances have been prepared, approved by IRS and 25 Briscoe County water users have entered into a contract with a water consultant, William D. Miller and William E. Watkins, of Lubbock.

Magnitude of the potentials in claiming water depletion on tax returns can readily be seen in light of the approximate 43,000 irrigation wells on more than two-million acres of irrigated land in the District.

Average land costs attributable to water in some counties is over 50 per cent, with isolated instances of some tracts under 20 per cent value credited to water, and a high of 83 per cent also is recorded.

The guidelines, by counties, are

available at the Water District Offices and have been approved by IRS.

Refunds for the three previous years can be claimed by qualified farmers the first time a depletion allowance is claimed.

Average realized depletion is a few hundred dollars per farm, but some instances of amounts of several thousand dollars already have been reported in the short history of the depletion allowance practice.

As early as 1954, the district filed request with IRS for ruling allowing depletion deductions, and continuing efforts were expended until the favorable ruling 11 years later.

These efforts, though significant, are only part of the program continuously carried on by the water district since its formation in 1951.

Among studies underway are foreseeable water demands, salt water pollution, potential water sources, problems of algae and formation re-clogging, re-charging, run-off, drilling procedures, well-spacing, etc.

Anyone interested in water depletion or water history is asked to contact Joe Mercer, Harold Storie or Glen Lindsey.

Mrs. Earl Wilbur of Dalhart spent Sunday night with her mother, Mrs. A. P. Dickenson.

Mr. and Mrs. Roy Allard of Tullia and Mr. and Mrs. D. T. Northcutt have recently returned from a trip through the Blue Ridge Mountains to Nashville, Tennessee, where they attended the Grand Ol' Opry. They traveled to New Orleans, Louisiana before returning home.

Mrs. Elma Baker, who has been a patient at the Plainview nursing home, was taken by ambulance to the Plainview Hospital Monday afternoon following a stroke. Mrs. E. C. Newman was in Plainview with her sister Monday and Tuesday.

Mr. and Mrs. Jim Whitfill and children of Rockport, reported that they were evacuated from the city on Tuesday of last week and allowed to return home on Thursday. The flood water created by the 45" of rain that fell on Rockport last week had not entered their home.

Mr. and Mrs. Bill Ellis of Hereford and Mrs. P. L. Brown recently attended the wedding of their niece, the daughter of Mr. and Mrs. A. J. Anderson of Kim, Colorado. Miss Janet Anderson and Gary Rose were married at the Church of Christ in Kim, and will make their home in Trinidad, where he is attending college.

Mr. and Mrs. Paul Ledbetter and Mr. and Mrs. Irving McJimsey, Silverton, and Mrs. Ronald Ledbetter and children of Hollis, Oklahoma, recently attended the marriage of Eldridge Ledbetter and Miss Carol Lee Monroe of Canyon, in the original chapel of First Baptist Church and the reception in Amarillo. Mr. and Mrs. E. L. Monroe of Sunray are parents of the bride, and the bridegroom, nephew of Paul Ledbetter and Mrs. McJimsey, is the son of Mr. and Mrs. Elden Ledbetter of Fort Collins, Colorado.

George Seaney, president of the Silverton Lions Club, is shown presenting a check for \$150.00 to "Pappy" Hendricks upon his retirement as local deliveryman for Thomas Cartage Freight Lines. The money was given to "Pappy" by friends and local businessmen.

Mr. and Mrs. Billy Joe Womack and Marsha left for home about 10:00 p.m. Sunday, and hoped to reach their home in Brownsville by noon Monday. They had been here since Tuesday evening, having come to the home of his parents, the Bruce Womacks, rather than stay during the hurricane. Bruce Womack had not heard from his son, and expressed doubt that he had been allowed to re-enter the city.

## PORK & CANNED MUSHROOM GRAVY MAKE BEAT-THE-CLOCK SUPPER

Now that youngsters are back to school, and the chattering-lessons-meetings-round has begun again, many mothers find themselves back in that pre-dinner race against the kitchen clock. When quick meals are in order, discover the ease, and the family pleasing abilities of a meat and vegetable skillet.

Here is an especially good and accommodatingly quick Chinese Skillet—a tasty team up of cooked pork and sliced celery, simmered in the rich flavor of canned mushroom gravy. That hearty brown gravy, filled with lots of choice sliced mushrooms, provides an instant sauce for skillets and casseroles, or a dress-up for plain meats and vegetables, with a flick of the can opener.

Good seasonings go into this Chinese Skillet—brown sugar, soy sauce, and vinegar, for that subtle sweet-sour flavor that makes Oriental cookery so tempting.

Serve this quick supper dish over crisp chow mein noodles. Add a salad-dessert of pineapple rings, orange slices and grapes, and pass gingersnaps and coffee.

### Chinese Skillet

1½ cups cooked pork, cut in 1½-inch strips  
1 cup diagonally sliced celery  
½ cup chopped onion  
2 tablespoons butter or margarine

1 can (10½ ounces) mushroom gravy  
1 teaspoon brown sugar  
½ teaspoon soy sauce  
¼ teaspoon vinegar  
Chow mein noodles

In skillet, brown pork and cook celery and onion in butter until tender. Add remaining ingredients except noodles. Heat; stir now and then. Serve over noodles. Makes 4 servings.

### Mrs. Dave Schott Honored at Tea

Mrs. Dave Schott of Amarillo was honored at a gift tea in the home of Mrs. G. W. Lee Saturday, September 23.

As they arrived, guests were presented to the honoree and her mother, Mrs. James L. Crockett of Amarillo and to Mrs. W. E. Schott, jr., mother of the bride.

Presiding at the guest registry was Miss Mary Schott, a student at South Plains College, Levelland, sister-in-law of the honoree.

An arrangement of anthurium

and birds of paradise from Hawaii in a silver epergne decorated the registration table.

Centerpiece on the refreshment table was a large arrangement of anthurium, birds of paradise and red ginger on a footed silver tray. Lighted tapers were in each end of the arrangement, and leaves were folded to simulate bows in the arrangement. The table was laid with a green lace cloth over green. Meat tassies, punch, cake squares, mints and nuts were served by Miss Marcalyn Lee, a student at West Texas State University, Canyon, and Mrs. John Schott.

Airman Tomlin is stationed at Mountain Home Air Force Base in Idaho.

Wedding vows will be exchanged here Saturday, October 7.

### Camp Fire Girls Have Food Fair

Junior High Camp Fire Girls held a food fair at the Fire Hall recently. The girls prepared supper for their parents, using foods native to this area. Several girls had vegetables from their own gardens and home-grown beef.

Entertainment was a skit by the girls, who portrayed a group of "hippies" and "hip" musicians. The girls surprised their leader, Bonnie May, with a birthday cake and gift.

floats in footed crystal vases in the receiving rooms.

A special guest, Mrs. W. E. Schott, sr., grandmother of the bridegroom, and members of the houseparty wore phalaenopsis orchid corsages.

Hostesses were Mmes. Lee, Verlin Towe, Jack Estes, Pat Northcutt, Maxine Morris, C. E. Anderson, Ben Whitfill, L. D. Griffin, Pete Chitty and Johnnie Burson. Their gift to the couple was an electric Corning coffee pot.

Among the out-of-town guests were Mrs. E. E. Berry, Tulsa; Mrs. S. T. Bogan and Mrs. Clarence Barrett, Quitaque; and Miss Mary Ollie Persons, Tres Ritos, New Mexico.

### Gleaners Honor

#### Mrs. Zollie Brown

The Gleaners Sunday School Class of the First Baptist Church met at the home of Mrs. Grace Vaughan for their monthly meeting and party in honor of their teacher for many years, Mrs. Zollie Brown, who will be teaching in the Intermediate Department this year. Mrs. Brown was presented a gift of love and appreciation during the social hour.

Cake, ice cream, coffee, punch and open-faced sandwiches were served to Mrs. Jewell Lyon, Mrs. Lillus Ruth McJimsey, Mrs. Georgia Thornton, Mrs. Earlene Ledbetter, Mrs. Madge Brooks, Mrs. Marie Garrison, Mrs. Irene Loyd, Mrs. Zollie Brown, Mrs. Mildred Reid, Mrs. Vivian Hughes and Mrs. Grace Vaughan.

### Camp Fire Girls

#### Attend Floyd Fair

Silverton Camp Fire Girls attended the Floyd County Fair at Lockney Friday. They saw all the exhibits and the livestock, and after supper attended the gospel singing.

Before returning home, the group toured the carnival midway and had cotton candy and candied apples.

Attending were Ann Offield, Susie Parker, Donna Stodghill, Mary Cole, Melva Meason, Linda Childress, Mary Stodghill, Annette Williams, Nancy Kiser, Bonnie May, Joy Stodghill and Carol Stodghill.

Mr. and Mrs. Hugh Sanders of Clarendon recently visited her brother's family, Mr. and Mrs. Clifton Stodghill, Mary Donna and Carol.

### SILVERTON R.N. ATTENDS SEMINAR

Becky Thomas, R.N., was in Amarillo Thursday to attend a nursing seminar on "Team Nursing" conducted by Mrs. Thora Kron, a noted nursing educator.

Mrs. Kron spoke on how to improve patient care by uniting the various levels of nursing personnel and getting to know the patient and his likes and dislikes.

Miss Thomas is supervisor of the second floor and surgery at Swisher Memorial Hospital, Tulsa.

Arion Donnell of Dallas, Judd Donnell of Las Vegas, New Mexico, and Mrs. Jerry McMains, nee Karen Donnell, of Albuquerque, have been recent guests of Mrs. Cora Donnell.

Mrs. Bud Vaughan's sister, Jean, has been diagnosed as having leukemia, and is receiving a new treatment that requires the blood from one of her two sisters. Mrs. Vaughan describes the new treatment in which she is participating in an effort to restore her sister's health, as one whereby some of the white corpuscles from the healthy donor are given to the patient. Unlike giving blood, the white corpuscles are removed and the donor's blood is returned to her, making it possible for her to take part in this treatment much more often than if the blood was not being returned to her body each time.

Mr. and Mrs. Claude Loudermilk, Silverton, and Mrs. Lucy LaBaume, Dublin.

Mr. and Mrs. Jim Griffin of Safford, Arizona, are parents of a daughter, Kathryn Ann, born there Friday, September 15, at 8:00 a.m. She weighed six pounds and six ounces.

Grandparents are Mrs. Eileen Griffin of Hoenixville, Pennsylvania, and Mr. and Mrs. Arnold Turner. Great-grandparents are Mr. and Mrs. Bert Griffin of Franklin, Pennsylvania and Mrs. S. R. Turner.

Mrs. Annie Williams recently spent a week in Fort Worth with Mr. and Mrs. Ted Vardell, Steven, Julie and Joel, who brought her home and visited relatives here and in Amarillo.

Mr. and Mrs. Carroll Garrison and Mr. and Mrs. Pascal Garrison have recently been in Dallas on business.

Mr. and Mrs. Lenton Lanham have recently vacationed at Sedona, Arizona.

Mr. and Mrs. Pat L. Northcutt have recently been in Salina, Kansas, on business.

Mr. and Mrs. Woodrow Fleming of Friona have been recent visitors with Mr. and Mrs. Walter Fleming.

From

Vicky's View

Point

Have you ever thought about what ambition really is? Is it something everyone is born with? Is it a part of life or a way of life? Is it good or bad? Does it help or hinder you in your life?

First of all, I believe that ambition is all of these things—good and bad. Why? I'll tell you.

If a child was born without an ounce of ambition, he'd, more or less, be a vegetable. He'd do what everyone told him without asking himself, "Why should I do this thing?" Will I do it good if I do it?"

Ambition is a part of life that directs you; that decides what you make of yourself. For instance, where would you be right now if you weren't spurred on by ambition? You'd probably be out working at some job with no promise of advancement. But because your ambition is to make something of your life and do something "different," you're in school.

As a way of life it aids in the decisions you make—"Will I be an Indian or a Chief?" as the saying goes. Chiefs, or leaders, can become ruled by the influence they have on the lives of others and this sometimes makes them ruthless and "power hungry." They become subject to a driving thirst for more power. Ambition begins to rule their lives.

But ambition is good and helps direct your life along the right paths, if you balance it with an equal portion of that "Indian" quality.

It is bad and hinders, if you do not control it and if you use it to your advantage when another person can be hurt by your thoughtless actions.

Ambition and opportunity work hand in hand. With ambition you use every opportunity that presents itself or you make your own opportunities. Likewise, when an opportunity presents itself you ambitiously pursue it.

All right, now that YOU'VE thought about it—what is ambition to you? Have you got it in the right proportions, or not?

### Freshmen Honored

#### At Breakfast

Delayed From Last Week  
On Monday of last week the Freshmen were reminded that Freshman Initiation would be from Wednesday until Friday, but early Tuesday morning (in some cases before the sun came up), homes all over the county were invaded by upper-classmen. FHA members had conspired earlier with the mothers of girls who lived near them so that the "invasion" wouldn't come as a complete surprise.

Approximately 45 upper classmen and 15 "guests" were served rolls and orange juice before the Freshmen presented a rehearsed style show for the other girls.

Freshman girls attending were Lanis Davis, Vicki Jasper, Evelyn Wood, Lois Stephens, Annette Williams, Rhonda Dickerson, Phyllis Crow, Janell McDaniel, Debbie Bomar, Nicolai Shoemaker, Barbara McCravens, Lelia Jo McPherson, Barbara May, Diane Raye, and Patricia McCoy.

### FHA Stanley Party Held Saturday

Delayed From Last Week  
Open house and the FHA Stanley Party were held in the Home Economics department Saturday, September 16, from 2:30 until 5:30 p.m.  
Mrs. Allie Mae Martin of Flomont presented a demonstration for a number of guest at 3:00 o'clock, and with the assistance of FHA girls, the ladies filled out their orders during the remainder of the open house.

Refreshments were served to about one hundred guests by the Future Homemakers. Mrs. Brenda Cook, sponsor, announced that the F H A chapter will receive the silver tea and coffee service they were working toward. Mrs. Martin will deliver it when she brings the orders on October 2.

It was earlier announced that the FHA girls would be selling Stanley Products all during the year, but Mrs. Martin corrected this and added that they will only be selling products until January. The Future Homemakers of Silverton would like to take this opportunity to thank all those who attended their party and invite them to visit the department again at any time.

### FOOTBALL

by Kathi Perkins  
Football is an exciting game and a lot of fun to watch. It is a popular sport, especially around Silverton. A lot of people wait expectantly to see the Silverton Owls play. Why shouldn't they? They know that they will see a good game and lots of spirit when the Owls are on the field playing their best.  
The next chance you get, go see the Silverton Owls play football. If you go once, you'll go again and again. A lot of people show up at our football games, but not as many as really should. If you've got a team to support, then support it. Go to the games and let the boys know you are behind them one hundred per cent.  
The Silverton Owls keep getting better every time they play and they will keep getting better, but they most certainly need your support and spirit.  
Go watch the Owls play this week. They'll play a GREAT game for you.

The Silverton Owls opened their home schedule with a hard-fought 14-8 victory over the Happy Cowboys. The Owls scored late in the first quarter when Halfback Cletus Grady, jr. took a handoff from Lannie Arnold on a power sweep. The two-point conversion was scored by Freshman Halfback Bill Strange. Late in the third quarter, Happy tied the score. The Owls were not to be denied their victory as Grady crashed over the goal line on a belly play. The attempt for extra points failed.

### What If

Marilyn Minyard played basketball?  
The basketball girls didn't have to wear ankle bracelets (weights)?  
Age didn't make a difference?  
Dale agreed with everything (or anything!)  
The "S" had been returned?  
Mr. Hinds and the janitor knew there really were supposed to be "footsteps" in the hall?  
Annette and Lois hadn't left the bonfire while the rest of the students were participating in the snake dance?  
The Freshmen knew that sometimes people get bustins' for writing their names on hall posters? (Better check into this, Lanis, Rhonda, Terry and Tommy.)  
Paul Ray didn't try to "snow" the Freshmen?  
The Junior High boys learned when to cover the ball behind the goal line?  
The basketball girls REALLY wanted legs built like those of their coach?  
Mr. Evans became famous as "Twiggy II"?  
Dale S. could convince Susan that she really doesn't have bow legs?  
Cynthia could laugh with her mouth shut?  
The Sophomores studied Geometry as much as they gripe about it?  
Gail wore dress weights, and found a boyfriend?  
The park weren't there, DS and TM?  
Rosa and Bennie were going steady?  
Everyone had a date even ONE night a weekend?

### Assembly Program

Bro. C. H. Murphy, jr., pastor of First Baptist Church, spoke to the student body on the importance of finding God's will in their lives during assembly on Wednesday of last week.

Bro. and Mrs. Murphy and two sons have recently moved to Silverton. Both are natives of Matador.

### Pimiento Shrimp Skewers On Savory Noodles

Pink shrimp and red pimientos make an effective combination when combined with mushrooms and green peppers on a skewer. Served on savory noodles, this is a delectable dish.

### Pimiento Shrimp Skewers On Savory Noodles

- 1 jar or can (7 oz.) whole pimientos
- 1 pound cleaned shelled raw shrimp
- ½ cup Italian-style salad dressing
- 1 clove garlic, chopped
- ¼ teaspoon dried oregano
- 1 large green pepper, seeded
- ¼ pound large mushrooms
- 1 package (8 oz.) medium or wide noodles
- Spread pimientos and shrimp in a shallow glass dish; cover with salad dressing mixed with garlic and oregano. Let stand for about three hours, turning gently several times. Drain, reserving marinade.
- On skewers, alternately thread shrimp, pimientos, green pepper squares and mushrooms. Broil, turning once or twice, until shrimp turn pink, about six minutes. (Broiling may be done in regular stove broiler, or the skewers laid across a small pan on top of the stove.) Makes 4 servings.
- Savory Noodles: Cook noodles as directed on package. Drain. Do not rinse. In a deep skillet mix two tablespoons of butter or margarine, ¼ cup of the marinade drained from pimientos and shrimp, ¼ teaspoon paprika and ¼ cup grated Parmesan cheese. Heat. Add drained noodles and simmer over medium heat, stirring often. After four or five minutes noodles should be well seasoned and golden.

# Buy Bonds where you work.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars: A majority of our servicemen overseas are investing in U.S.

Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

## U.S. Savings Bonds

*Bond facts: Savings Bonds pay you back \$4 for every \$3 at maturity in only seven years . . . are replaced free if lost, destroyed or stolen . . . have special tax advantages . . . can be redeemed whenever the need arises.*
