

# Vote For Silvertown's Future In Water Bond Issue

by Mary Ann Sarchet

It has been eight years since I began thinking and writing about the water being lost from Tule Creek, and we were pleased when far-sighted men pursued the project by devoting their time and energy to the creation of the Mackenzie Municipal Water Authority and the securing of water rights on Tule Creek. Do you know just how lucky we were to get the water rights? Even a short delay might have resulted in a city or cities further down the Red River — Dallas, for example — claiming the

water from these tributaries, and this precious natural resource would have passed from our use forever. This can still happen if the Mackenzie Authority doesn't start construction within the next two years, because only by starting work on the dam or showing reasonable progress toward doing so, can the Authority retain the water rights.

My only regret in connection with this project is a selfish one — I still wish the City of Silvertown had undertaken the project alone, to reap the profits of the recreational facility (1) to help pay for the reservoir and (2) to

provide money for needed city improvements.

However, the project as being presented is a good one, the result of careful planning. The Authority's governing body is fortunate to have had two similar projects — White River Authority and the Greenbelt Authority — on which to base decisions concerning the Mackenzie project. They have received information and suggestions from those who planned and are operating those reservoirs, and have been in an excellent position to make important decisions concerning the project.

The Board is made up of men

who were selected by each city to make up the governing body of the Authority. If we trust their collective business judgment and experience and give them permission to sell the bonds, they will cause to be constructed the most efficient water facility possible at the lowest possible cost. The Authority is asking for \$7,975,000, and this is the maximum amount that will be available for the project. Plans have been made for saving as much as possible on the interest expense between the time the bonds are sold and the time payments are made on the facility. Based on the experience of sim-

ilar projects, our Mackenzie directors know that they can expect revenue other than from sale of water and taxes to help offset the cost of building the reservoir (from concessions, recreation, etc.) but this cannot be deducted (you can't count your chicks before they hatch, but when they get a little older, count away) from the money to be raised through the sale of bonds. The basic requirement for a successful venture rests on the principles of good business management, and as stated above, we have every reason to believe in the ability of our Mackenzie directors and their

management capabilities. Later, each precinct (town) will elect its representatives on the board of directors.

A town which fails to approve the question on October 14 will face the possibility of being voted out of the Authority.

The chips will all be on the line when the people go to the polls to make what could be the biggest decision the people of Silvertown have ever had to make. The voters will either demonstrate their interest in providing water for themselves and generations to come, and give a vote of confidence to the Mackenzie directors,

or will express a doubt that the people in our towns are capable of planning and paying for an \$8 million water project in 40 years, and admitting that maybe we do expect our State and Federal governments to take care of our needs "from the cradle to the grave."

No worthwhile thing was ever accomplished without sacrifice on the part of those who are to benefit from it! We urge you to help lay a foundation for the future growth and prosperity of our town by voting FOR the Mackenzie bond issue on Saturday, October 14.

**All Around the Town**

by Mary Ann Sarchet

We got SKUNKED last Friday! You've just got to hear what lengths that bunch at the bank will go to in order to make the lives of the lesser-fortunates miserable.

Between 7:30 and 8:00 a.m. Friday, a skunk was sighted in the area of the bank. So, Dock and Bobby "shooed" him this way with a few rocks (see what cowards they are?) while Jack and Davis made every effort to kill him in the name of the Briscoe County News.

They failed slightly, giving him a shotgun blast (of course the skunk did everything he could in the meantime) in the corner formed by the metal shop and brick shop of Thompson Implement Co.—and almost shot right through the metal wall.

Then they resumed their normal coffee-drinking positions to await the fun. All morning, whenever anyone from this end of town entered the bank, they made a production of his needing to bathe. Well, the morning wore on and one—with us not wanting to touch the thing with a ten-foot pole, and Fred, Roy, Arch and the others looking out for the critter they presumed was circling the camp. We didn't know that they didn't know where it was, and they didn't know that we did! And since the wind was blowing this way, we weren't about to venture any closer.

Now we're thinking of asking the City Council to pass an ordinance to the effect that anyone killing a skunk in town be required to take it home with them! This story could have had another ending if the night-deposit slot at the bank were larger and we weren't such weak-stomached critters—they might have gotten skunked at the bank! (The game of "Who's Got the Skunk?" could have gone on for days!)

Boy, wait until I catch my next normal snake—I'll present Jack with an unusual paperweight for his desk. (I'm choosing Jack, because he laughed the longest and loudest about the whole thing.)

THURSDAY, OCTOBER 5, 1967 SILVERTON, (Briscoe County) TEXAS VOLUME 59 NUMBER 40

## Owls Run Away With 34-12 Win At Lefors

The Owls ran wild at Lefors Friday night, gaining more yardage, scoring more points and drawing more penalties than in any game in recent years. All the players saw action, with Roy Wood calling signals in the second half and Van May quarterbacking

the club "just for fun" for a six-yard gain. The Owls, unaccustomed to one-sided games in their favor, gained 330 yards rushing and 57 passing and made a total of 22 first downs.

Lefors' Pirates gained 167 yards rushing and 55 yards on passes,

one on a long pass interference call, and made seven first downs.

**SISSNEY, MAY SHARE HONOR**

Dale Sissney and Van May received identical 88-point scores when their performances in Friday night's game at Lefors were graded by the coaching staff, and share the Player of the Week title.

Sissney, who may appear wearing "75" on his red uniform and "70" on his white uniform, is a senior and plays guard for the Owls.

May, who is usually "63" in the games, may be seen wearing almost any number. He usually plays guard for the Owls, except on occasions when external applications of white adhesive tape transform him into "instant quarterback."

## Examples Of Mackenzie Municipal Water Authority Taxes, Water Rates Given

Amounts of taxes and the increase in water rates that will be necessary to pay Silvertown's share of the cost of the Mackenzie Municipal Water Authority facilities described elsewhere in this newspaper have been released this week.

The present city tax on a \$10,000 house, for example, is figured thus:

\$1.50 per \$100 value using a 20% (\$2,000) valuation, or a tax of \$30.

The estimated Authority's tax rate on the same \$10,000 house is \$55 per \$100 value using a 50% (\$5,000) valuation or \$27.50 per year tax.

An average water bill is for 10,500 gallons. The present water rate is \$2.50 minimum for the first 3,000 gallons and 30c per 1,000 gallons over 3,000 gallons. The present bill for 10,500 gallons of water is \$4.75 plus garbage, trash and sewer charges.

The suggested Mackenzie rates would be a minimum of 3,000 gallons for \$5.00, \$.75 per 1,000 gallons for the next 7,000 gallons; \$.60 per 1,000 gallons for the next 10,000 gallons; \$.50 per 1,000 gallons for the next 20,000 gallons, and \$.40 per 1,000 gallons for all over 40,000 gallons. The average bill for 10,500 gallons of water would be \$10.55.

Examples of Mackenzie Municipal Water Authority taxes, water rates given.

## Community Committees Elected, Organized

The farmers of Briscoe County recently elected the following men to administer their farm programs. Community Committees are:

**COMMUNITY A**

Norman Strange, chairman  
Joe Edd Burnett, vice-chairman  
Clifton Stodghill, member  
Glen R. Lindsey, first alternate  
Pascal Garrison, second alternate

**COMMUNITY B**

Glen Ramsey, chairman  
Odis Reagan, vice-chairman  
Denver Anderson, member  
Leroy Hamilton, first alternate  
E. J. Hamilton, second alternate

**COMMUNITY C**

Berle Fisch, chairman  
Edwin Dickerson, vice-chairman  
Seymour Brannon, member  
Edwin Crass, first alternate  
Larry Jarrett, second alternate

These elected representatives met on September 27 and elected the following men to the County Committee: Robert McPherson, member; Berle Fisch, first alternate; and Denver Anderson, second alternate. The County Committee then organized the County Committee by electing Louie Kitchens as chairman and Robert McPherson as vice-chairman.

Only 274 of 582 eligible voters cast ballots in the Community Committees election.

Examples of Mackenzie Municipal Water Authority taxes, water rates given.

## Check Requirements Carefully Before Going To Vote In Mackenzie Bond Election

The election laws pertaining to bond elections have changed since the last time the people of Silvertown had a bond issue to decide, and the attention of voters should be focused on these requirements:

1. Any person who has rendered real or personal property for taxation (pays city taxes) to the City of Silvertown and who resides

within the City of Silvertown may vote if he or she is properly registered to vote in all elections this year. AND, the qualified voter will be asked for the certificate he received at the time he registered to vote, or the number that is shown on the certificate.

2. Before the qualified voter may mark his or her ballot, he or she must fill out an Affidavit of Ownership of Property Duly Rendered for Taxation, on which he or she will have to describe his or her property on which taxes are paid. Personal property may be described by a general statement of its nature, as household furniture, or automobile. Real estate is to be described in a statement of its location with the proper street address or the lot and block numbers. The election officer will be allowed to inform the voter what constitutes a sufficient description. It will not be necessary to list all of the personal and real property you own on which city taxes are paid, but this must include one piece of property which is on the tax roll.

This affidavit will hereafter be required before voting in any bond election in Texas.

3. The residence requirements, etc. are specified by the Texas Election Code, and will be explained on request.

Completing three of fourteen passes, the Pirates also intercepted one pass after it hit the Owl receiver and bounced into the air. Quarterback Lannie Arnold completed five of nineteen passes, four to End Lynn Frizzell and one to End Randy Cantwell, and also picked off a Pirate pass. Frizzell had a pass interception late in the game also.

The Owls were penalized 120 yards, mostly for holding and clipping, and the Pirates had 55 yards stepped off against them. Silvertown recovered three Pirate fumbles and three of their own, and the Pirates recovered their other bobbles. Arnold had a punt average of 31 yards, compared with a 25-yard average for Lefors.

The game opened with Arnold carrying a Pirate kickoff to the Owl 25. The third play of the game was a pass from Arnold to Frizzell for a first down, and the sixth and seventh plays were repeats for another first down. There was no scoring in the first quarter, but a breath-taking moment for Owl fans came when Arnold dropped back to punt in a fourth-and-five situation, held the ball for a moment, and then ran down to the Lefors 10. The Owls got a holding penalty on the play, and Arnold was forced to punt.

The first play of the second period was a pass from Arnold to Frizzell for a first down on the Lefors 37. Cletus Grady, jr. and Bill Strange alternated in carrying to the Pirate 17, from which Strange carried the touchdown and followed this by carrying the conversion.

After giving up only six yards to the Pirates on three downs, the Owls returned Lefors' kick to their own 42. This time Arnold handed off to Grady on the key plays, and despite a mountain of penalties, Grady carried into the end zone from 45 yards out. The play was nullified by a penalty, and a "do it again" cheer went up from the fans, as Arnold scampered the 45-plus-5 for a score. A conversion pass was incomplete. See FOOTBALL—

## Film To Be Shown At Q.B. Club Meeting

Highlights of Southwest Conference Football will be shown on film at the meeting of the Silvertown Quarterback Club Monday, October 9.

Leo Comer, club president, urges all parents of players and fans to attend this meeting.

Continued from page 4.

## Grabbe Services Held Saturday Afternoon

Funeral services for Louis Grabbe, 93, were conducted at the First Methodist Church in Silvertown at 2:30 p.m. Saturday. Bro. Earl Cantwell, minister of the Rock Creek Church, and Rev. E. Hardy Cole, Methodist pastor, officiated.

Active pallbearers were Bailey Hill, G. W. Chappell, Robert McPherson, Jimmie House, Jack Strange and Bob Ham. Honorary pallbearers were Glenn Smith, Keyth Tiffin, Wayne McCutchen, Floyd Williams, Carver Monroe, Robert H. Hill, George Seaney, Andy Chappell, Ennis Autry, Berle Fisch, J. E. Minyard, Nuke May, Robert Hill and Bood Myers.

Burial was in the Silvertown Cemetery with arrangements under the direction of the Silvertown Funeral Home.

Mr. Grabbe died at his home here at 4:30 p.m. Thursday.

The son of the late Mr. and Mrs. Simon Grabbe, immigrants from Germany in 1867, Mr. Grabbe was born near Alton, Illinois July 10, 1872. He moved with his parents from Illinois to Denton County in Texas in 1875; and went from Denton County to Fort Worth to work when he was 17. He later farmed in Baylor County, where he met Miss Birdie Susan Brooks, and they were married there November 4, 1900. The first land that Simon Grabbe farmed in

## Soil Conservation District Election To Be Held Saturday

An election will be held Saturday at 9:00 a.m. in the county courtroom to elect a supervisor to represent Zone 4 of the Cap Rock Soil Conservation District.

All land owners who own property on top of the Cap Rock between the Floydada and Quitaque highways are eligible to vote. A convention-type election will be held.

W. E. Autry presently represents this zone of the Cap Rock Soil Conservation District.

## First Cotton Ginned Tuesday Morning

The first bale of cotton to be ginned from the 1967 crop was delivered to Tomlin & Fleming Gin Monday by B. L. Stephens.

The bale was ginned Tuesday morning, with the 1780 pounds of seed cotton turning out 470 pounds of lint and 650 pounds of seed.

Mrs. J. E. Patton and children were in Plainview Wednesday morning.

## Larry Comer Set For Regional Contest

Larry Comer was honored at a luncheon hosted at the City Cafe here Thursday by Humble Oil & Refining Company, sponsor of the 4-H Club tractor program.

Businessmen and civic leaders, his parents, and officials of the Humble Oil & Refining Co. attended the luncheon.

As the winner of the Texas Tractor Award, Larry will compete in the Western Regional 4-H Tractor Contest on the campus of the University of Nebraska, and if he wins in this national competition, his only reward will be the honor of being the best tractor operator in the western United States, as their is no monetary awards involved.

Son of Mr. and Mrs. Leo Comer, Larry, 16, was the guest of honor of Humble as the winner of the state contest, one of the most competitive events of all 4-H activities.

Larry climbed behind the wheel of his first tractor about the time he started to school. Through the years, he has helped his father on their 280-acre cotton and grain farm six miles south of Silvertown. With thousands of miles of tractor-driving experience, Larry has become a master of the wheel.

Kenneth Cook, Briscoe County Agent and supervisor of the 4-H program, has praise for Larry and his 4-H participation. "This develops leadership in farmers and ranchers of the future and prepares them to take their places in adult life," said Cook. "Larry will meet some tough competition in Nebraska, but he'll also be plenty tough to compete against." The Nebraska trip will be paid by Humble. Cook and Joe Bob Watson, Larry tractor coach, will accompany him to the contest.

An Eagle Scout, Larry plays guard on the Silvertown football team. He speaks of his family as a "team" who plow and work the little farm for a livelihood; and refers to himself as a Panhandle farm boy who likes to drive a tractor.

A Ross Rommel of Houston, a public relations representative of Humble, who traveled a thousand miles to honor Larry Comer, gave his own version of the Texas Tractor Champion: "With youngsters like this coming up to lead our country, there's no reason to worry about a handful of hippies loafing around the alleys."

Examples of Mackenzie Municipal Water Authority taxes, water rates given.

Larry Comer, who will represent Texas in the Western Regional 4-H Tractor Contest at Lincoln, Nebraska, October 8-10, (center) was pictured with A. Ross Rommel, Public Relations Representative, Humble Oil and Refining Company, Houston, and H. S. Hays of Amarillo, at a luncheon in Comer's honor at the City Cafe in Silvertown last week. Hosting the luncheon was Humble Oil and Refining Company, sponsor of the 4-H Tractor Contests. (Briscoe County News Photo)

### Texas 4-H Members Observe Their Week

A four-leaf clover is the symbol of good luck to many people, but to some 76,000 Texas 4-H Club members it is part of the emblem of their organization and a lot more.

The roots of 4-H go deep in Texas. Boys and girls for more than 60 years have been proud members of the organization. As has been the case for many years, they are joining with some two and a quarter million members and 23 million former members in the nation in the observance of National 4-H Club Week, September 30-October 7.

During this week, according to the state 4-H Club office, Texas members are out to tell of the past year's achievements and their plans for the year ahead. For boys and girls between the ages of 9 and 19, 4-H offers opportunities to develop good character and leadership. Learning to work together and accept responsibility along with exploring career opportunities and learning skills are all a part of the Texas 4-H Club program.

In Texas and across the nation, 4-H Club work is directed in the counties by the extension agents with assistance from both adult and junior 4-H leaders. In Texas, more than 13,000 volunteer adult leaders work with the members of more than 2,500 local 4-H Clubs "To Make The Best Better." State-wide, the 4-H program is guided by Texas A&M University, the state's land-grant university. Nationally, the U. S. Department of Agriculture administers the program as the youth phase of the cooperative Extension Service.

Local county extension agents invite youths and their parents to visit their office for detailed information about 4-H projects and activities.

### It's Easy To Make Friends In 4-H

by Kaedean Bomar  
 I like 4-H because it helps me to know and make friends with more people. It helps me to learn more new things.

I have been in 4-H two years. I have been in cooking and have won a red ribbon. I am now in cooking and sewing.

### Public Service Rate Increase Is First In Sixteen Years

The first general increase in electric rates in 16 years is part of a rate simplification and adjustment program submitted to municipal governments for approval in the Texas communities served by Southwestern Public Service Company.

An average increase of 7.62% for residential and commercial customers in the Texas portion of the company's service area will take effect upon approval of the proposal.

The new rates have already been approved for communities the company serves in New Mexico by the rate-making authority in that state, the New Mexico Public Service Commission, following thorough study of company's books and records by the Commission and the Commission Staff.

The 1951 rate increase, which added 10% across the board to electric rates, is the only general

rate increase the company has ever requested. There have been some 25 reductions in rates by Southwestern Public Service Company, or predecessor electric companies in the area, 14 of them having gone into effect since the Company took its present form in 1942.

For residential service in homes which are not electrically heated or do not heat water electrically, the new rate schedule will be:

6.50c per kwh for the first 50 kwh used each month (old rate is 6.30); 4.30c per kwh for the next 50 kwh used each month (old rate is 3.30 for 80 kwh); 2.15c per kwh for the next 900 kwh used each month (old rate is 2c for each remaining kwh); and 1.70 per kwh for all additional kwh used each month.

The new rates will raise the Company's rate of return on its investment from 5.65% to 5.98%. 6.5 to 7% is generally regarded as a fair rate of return and Texas law allows as much as 8%.

An annual payroll saving of approximately \$1,000,000 has resulted from not replacing employees who have terminated and through redeployment of existing employees.

While these efforts have had some effect on rising costs, continuing price escalation of materials and supplies has made some rate relief necessary.

Gas for making electricity, for example, has increased in price from 7.25c per mcf to 19.21c in the 16 years since the last general rate increase. Steel for substations is 27c a pound today, as compared to 15c in 1951. Copper wire has gone from 38c a pound to 57c. Hourly wage scales have increased more than 90%, meters are 26% higher and taxes have increased by almost 200%.

Mr. and Mrs. William C. Johnston, former Silverton residents, visited in the home of his sister, Mrs. Ray Thompson, last week. They have now returned to their home in San Diego, California.

### Why I Like 4-H

by Debra Cantwell

I like 4-H because it gives me an opportunity to learn how to cook, sew, care for houses, livestock, how to save money, how to be careful with electrical articles, and to care for children. 4-H gives me an opportunity to have fun and to meet interesting people.

I have been in 4-H four years. I have been in cooking three years, sewing one year, and child care one year. I have received three blue ribbons, two red ribbons, five completion certificates and one 4-H award pin.

I am looking forward to many more years in 4-H. I would thoroughly encourage everyone who can to join 4-H.

And that's "Why I Like 4-H."

**TEXAS SURVEY COMMITTEE**

**CONVENTION IS OCTOBER 26-28**

The Annual Meeting of the Texas State Historical Survey Committee will be held in Galveston October 26-28, and the pre-registration fee is \$15.00 through October 23, at which time it will be \$17.50.

Highlights of the meeting are to be a Hemisfair movie presentation, the distinguished service award dinner, and a trip to Searama. Guest speakers will include W. Wayne Bell, Architectural Consultant, University of Texas; Frank Hildebrand, Executive Director, Texas Tourist Development Agency; Curtis Tunnell, State Archaeologist; Helmuth Namer, Executive Director, Fort Worth Children's Museum.

The Briscoe County Historical Survey Committee, of which Mrs. C. O. Allard is chairman, is to be recognized as a "Quota Buster." The Jamaica Beach Corporation is sponsoring a complimentary Luau on Saturday night of the meeting at Jamaica Beach.

**BIRTHDAY PARTY HELD IN FRIZZELL HOME**

The Rock Creek Church Birthday Party was given in the home of Mrs. Margaret Frizzell Friday, September 22.

The birthday ladies were Florene Fitzgerald, LaVelle Henderson, Maebelle Francis and Modean Callaway.

Those who helped celebrate the birthdays were Mmes. Jewel Francis, Ona Jones, Eula Bramlet, Inetha Cantwell, Lanita Cantwell, Nina Martin, Carolyn Reagan, Lois Nance, Glenda Francis, Ruth West, Mary Jane Patton, Wayma Bomar, Pearl McDaniel, Bettye McPherson, Mae Pearl Rowell and Margaret Frizzell.

Children who came were Katy Francis, Kathryn Bomar, Zane and Shane Reagan, Bobby McPherson, Mark, Eric and Alesha Patton. Games were played, and Cokes and cookies were served.

an, Immortality; Brenda Beames, Fidelity; Ellen Thomas, Patriotism; Norleen Offield, Service; Pat Jarrett, Musician; Judy Stephens, Choir Director; Janet McWilliams, Confidential Observer; Roy Ann Bomar, Outer Observer; and Mrs. Patricia Whitfill is Mother Advisor.

Celene Lanham Allen of Plano was installing Worthy Advisor, and Sue Lanham Dunham of Lubbock was installing Chaplain, for their sister's installation. Jane Self, Grand Representative from Arkansas to Texas, was installing Marshall; Roy Ann Bomar was installing Recorder, and Debbie Dickerson was installing Musician.

Following the installation, the introduction of the Lanham family, and presentation of the other installing officers, Gale Whitfill, Past Grand Representative from New York to Texas, sang "His Way Mine," the Worthy Advisor's chosen song.

Carron Montague, Carol Ann Montague and Barbara Davis were on the installation committee, and served cake, mints and punch during the reception which followed the installation.

Attending from out of town were Roger Allen, Plano; Mrs. Don Wallace, Aztec, New Mexico; and Mrs. G. M. Brunner, Lockney.

**MORRISON PROMOTED**

Mrs. Molly Riddle has been notified of the promotion of her son, Lester (Roy) Morrison, to the rank of Airman First Class.

Morrison is stationed at Davis-Monthan Air Force Base in Arizona, with a unit of the Nation's Long Range Nuclear Striking

Force, the Strategic Air Command, upon whose efficient fighting potential so much of the hope for world peace depends, according to Darrell R. Squires, MSC, Commander, Medical Squadron Section.

Tex Johnston left for his home in Anchorage, Alaska, Thursday after a visit with his sister, Mrs. Ray Thompson, and other relatives.

**ARTHRITIS-RHEUMATISM**

When it seems that nothing will give you relief from minor arthritic or rheumatic pains, get 100 STANBACK TABLETS or 50 STANBACK POWDERS and use as directed. Experience the fast, comforting, temporary relief Stanback can give you. If you fail to get relief, return the unused part and your purchase price will be refunded. Stanback has been granted the Good Housekeeping Seal. See for yourself how helpful Stanback can be. Stanback Company, Salisbury, N. C.

**Daringly new! Chevrolet's new line of Super Sports for '68.**

Computer-tuned suspension systems. Improved shock absorbers. New double-cushioned rubber body mounts. They all team up to bring you the smoothest, most silent Chevrolet ride ever. A fresh new idea in ventilation comes standard on every 1968 Camaro and Corvette. It's Astro Ventilation, a system that lets air in, but keeps noise and wind

out. You'll appreciate all the proved safety features on the '68 Chevrolets, including the GM-developed energy-absorbing steering column and many new ones. More style. More performance. More all-around value. One look tells you these are for the man who loves driving. One demonstration drive shows why!

**FOOTBALL —**  
**CONTINUED FROM PAGE ONE**  
 and the Owls came up the field holding a 14-0 game.  
 Harvey Masey was the kickoff man, and sent a fast end-over-end kick that the Pirates were unable to control, and the Owls grabbed the "pig" on the Lefors 24. Silvertown charged to within a yard

of the goal before the ball went over on downs, and the first half ended with the Pirates on their own 19-yard line.  
 Following a halftime show by the Lefors band, the Owls kicked off to the dazed Pirate-eleven. On the second play, the Owls almost got away with another Pirate fumble, and on the next play, Arnold

**Club Members See Conservation Film**

Members of L. O. A. Junior Study Club met Thursday afternoon, their regular meeting having been postponed Tuesday out of respect for the family of Ray Thompson, whose funeral was held during the club's regular meeting time.  
 A conservation program was presented by Mrs. Champ McGavock in the school homemaking department. Her topic was "How Fresh Is Our Air?" This was followed by a film, "It's Your Decision," which concerned problems of air and water pollution.  
 Roll call was answered with ways to prevent air and water pollution. The devotional was given by Mrs. J. E. Patton, and Mrs. Louis Edd Grabbe led members in repeating the conservation pledge. Mrs. Leon Lavy led the reading of A Collect for Clubwomen.

in Plainview Saturday. Born July 11, 1892, in Mosheim, he had lived in Plainview three years after moving there from Carlsbad, New Mexico. He had worked as an oil dealer, trucker and farmer in the Amarillo and Friona areas.  
 Surviving are three daughters, a son, two brothers, three sisters, 13 grandchildren and two great-grandchildren.

Mr. and Mrs. Charles Sarchet and Ken attended the South Plains Fair and the Eddie Arnold Show in Lubbock Saturday night.  
 The home improvement program offers a variety of individual pursuits to 4-H'ers. Some spend a year or more on a remodeling and furnishing project. Others work with their parents to improve the entire home's interior and exterior as well.

Members voted to assist the Silvertown Fire Department with the proceeds of the Christmas Greeting Page project.  
 The Fall Board Meeting and Workshop to be held October 14 in Littlefield was discussed, and reports were heard from the committees. Members approved a one-year leave of absence for Mrs. Bill Durham.  
 Members were asked to bring or send items for the High Plains Training Center when the club visits there Tuesday, October 10. Used clothing must be tear-free or mended and ironed, ready to wear, and books to be given must have covers and pages intact. If a member had neither of these to donate, she was asked to bake cookies that can be frozen and used as needed at the Center.  
 Mrs. Weldon Tipton and Mrs. Charles Sarchet, hostesses, served cookies and punch from a table laid with lace cloth and decorated with an antiqued arrangement of roses, to Mrs. Randall Eddleman, Mrs. Grabbe, Mrs. Joe Kitchens, Mrs. Lavy, Mrs. McGavock, Mrs. J. E. Patton, Mrs. Dean Rowell and Mrs. John Schott.

Then, there's that once a month when a girl could use a good old-fashioned medicine.  
 Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.  
 Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.  
 With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.  
**Lydia E. Pinkham**  
 Tablets and Liquid Compound

snatched a Pirate pass and carried to the Owl 45. The next time Lefors got the ball, they carried to the Owl 10 before the Silvertown defensive unit stopped the drive, and the ball went over on downs.  
 Strange and Grady, the Owls' big, hard-running "twins," alternated in carrying the next score, with Strange getting the six-pointer and Grady grabbing off the two-point conversion run, to lead 22-0.  
 The Pirates managed a score in the waning seconds of the third quarter, when Jim Gilbreath, 184-pound Junior Back, carried 25 yards for Lefors. A fake kick and incomplete pass for extra points left the score at 22-6.  
 Arnold took the after-touchdown kick all the way to the Pirate 29, and the home team found themselves in a goal-line stand on the next play. Strange carried five yards before Arnold sent Grady the remaining 24 yards. The conversion attempt by Johnnie Roy Weaver failed, and the Owls held a 28-6 game.  
 Silvertown kicked off to the Pirates, who fumbled, and the Owls recovered on their own 48. Arnold and Weaver carried to the Pirate 48. Arnold sneaked another fake kick in the fourth-and-five situation, and carried to the Pirate 25. Grady carried for the touchdown for the 34-6 score.  
 Lefors came back with a 25-yard run by Gilbreath to round up the final 34-12 score, their conversion attempt failing.  
 Frizzell made an interception late in the game and carried to the Pirate 35. Weaver made a nice run in the closing stanza, which was nullified by a penalty.  
 All of the Owl reserves saw action, but due to a "B" team game scheduled the following morning, the reserves were limited.  
 Silvertown plays host to a former district foe, the Kress Kangaroos, Friday night. The Kangaroos will be the first Class A school to test the Owls' undefeated record this season.  
 The Kangaroos have a 2-2 season record, and have always been a tough sports competitor for the Owls.

**H. M. Simpson Buried Here Monday**

Last rites were held at 10:00 a.m. Monday for Horace Monroe Simpson, 75, at Lemons Memorial Chapel in Plainview, with Dr. Neil Record of Wayland Baptist College officiating.  
 Burial was in the Silvertown Cemetery at 3:00 p.m.  
 Mr. Simpson died at his home

**FROM ME...  
... TO YOU**

by Ian Lanham  
What is it that makes a person along with the crowd, doing the things which are often wrong? The answer to this question that the person has lack of courage to stand up for what he believes or lack of self-control? Many teenagers both of these answer the question. Teenagers are very conscious of what other teenagers may think or say about them. They are afraid that if they stand up for what they believe everyone will laugh at them. Times are shown that too many people would rather do things which they don't enjoy, rather than be laughed at.

Self-control has to be considered as a very important factor in this subject. You must have self-control to stand up against the things that are wrong. To show your self-control you have to keep your temper when someone crosses you and stand firm in your conviction.  
Parents, when they have refused a request, often receive the reply, "Everyone else is doing it." Time and time again we can't figure out why they have to make things be different. They are trying to help us seek a different view from the crowd and be individuals. To be successful in life, we must each have our individual outlooks on life, our individual ambitions and determinations, and our self-control to accept responsibilities.  
Next time you are out with the crowd, and they want to do something that you don't think highly of, stand up for what you believe. Don't worry about the others laughing. Everyone won't be laughing, and some may even be thinking, "I wish I had that much nerve." You may lead the way for someone else to stand up with you. You could prevent yourself and others from getting into serious trouble. Be an individual, and stand up for what you believe and support it all the way.

**Student Council**

The Student Council held a meeting in the home of Juannah Nance on Tuesday, September 26. The school calendar was discussed and plans were made for Student Council activities for the year.  
The Powder-puff Football Game was scheduled for Tuesday, October 10. All permission slips must be in by Monday, October 2.  
A meeting to plan the Halloween Coronation was held at 4:30 p.m. Thursday. The Coronation was discussed and set for October 28, in the school gym.

**OWLS SINK THE PIRATES 34 - 12**

by Coach Fox  
The Silvertown Owls won an impressive 34-12 victory over the Lefors Pirates at Lefors Friday night.  
The Owls did all their scoring in the second and third quarters. Freshman Halfback Bill Strange brought in the first score early in the second quarter from the fifteen yard line. The Owls scored again in the second quarter when Quarterback Lannie Arnold ran from sixty yards out. The score at halftime was 14-0, in favor of the Owls.  
Halfback Cletus Grady scored from twenty yards out on the Owls second series of plays in the third quarter. Grady and Strange scored once more each to complete the scoring. The second unit offense and defense played the fourth quarter to complete the victory for Silvertown.

**-MENU-**

**Hamburger Supper Set Friday Night**

The public is invited to attend a Hamburger Supper planned by the Junior Class on October 6, preceding the ballgame with Kress here.  
Hamburgers and French fries will be served with tea or coffee for 85c. Homemade pie will be 25c extra. Tickets will be sold in advance and at the door.  
The money will go toward financing the Junior - Senior Banquet. Your attendance will be greatly appreciated.

**Pep Rally Held Before Lefors Game**

Friday morning, the students of Silvertown High School attended a Pep Rally to boost school spirit before the Lefors game. The cheerleaders opened the rally with a skit, and everyone joined in singing the alma mater.  
A few yells were led before Coaches Stephens and Fox gave speeches. Harvey Masey, Cletus Grady, Danny Vaughan and Dale Sissney also gave encouraging words to the student body.  
The cheerleaders led more yells and the Pep Rally was closed with the school fight song.

**Opps! Your Grammar's Showing**

by Jackie Carol Tate  
The other day, I was telling my mother the latest news, very expressively I thought too, until she began to laugh. With that, she asked me if "that dumb" was a favorite expression of mine, reminding me I had used it six times in the last five minutes.  
Well, this ended my news, and started me thinking. Why do we say things like I had been saying? Because all the other kids do? But, like everything else, that doesn't make it right, either morally or grammar-wise!  
I began to wonder how we would feel if our teachers, our ministers, and our favorite grown-up friends talked as we do a lot of the time.  
Tomorrow's another day, and like most people, I'll probably say some of my "pet expressive words," but not as often. Before long, I hope I'm using just good, sensible English!  
How about you?

**GAME NIGHT HELD**

Mr. and Mrs. Bill Verden, Mr. and Mrs. J. S. Hinds and Mr. and Mrs. O. C. Rampley hosted a get-acquainted party for the Silvertown teachers, their wives and husbands Saturday night at the P.C.A. community room.  
The group played "42" and other games.  
Sandwiches, brownies, cookies, coffee and cold drinks were served to the 31 who attended.

**THE OWL'S HOOT**

THURSDAY, OCTOBER 5, 1967 VOLUME 8 NUMBER 5

**Student Council Plans For Exchange Student**

The Silvertown Student Council is working on a plan for a Foreign Exchange Student for the 1968-69 school year.  
The most important problem is providing a home for the student. Both parents in the prospective home must be 37 years of age or older. If anyone is interested in keeping the student in their home, please contact O. C. Rampley, Tommy Thornburg or Roy Dale Wood.

**SPECIAL KINDS OF LOVE**

by Maria Alicia Martinez  
There is the love of our parents which is one of the most important and special loves everyone should have. Sometimes, our parents disapprove of us doing certain things or going to certain places. Then we might feel that they don't love us, and don't care about the things we want to do and enjoy doing. So sometimes, we say to ourselves, "Oh! I hate them! They make me sick! They don't care about me! They don't love me!"  
Do we really mean it when we think or say things like this? It's just that we're upset and say things we don't mean. Soon enough, we realize that our parents are only trying to do what they think is right and best for us because they love us. This makes us love them more than ever, because they show that they care what happens to us and what becomes of us.  
The love for our neighbor is important, too. Everyone should take time to help his neighbor when he is in need instead of ignoring him. Many people just don't bother themselves with the problems of others, and care only about themselves, and that should never be. Keep in mind that God said we MUST love our neighbor as ourselves. Even though it is sometimes hard to do this, we must keep struggling from evil to do good.  
A precious, wonderful, special love that almost every boy and girl would like to share is the love of a sweetheart. This love brings joy and happiness if the lovers are true and sincere, otherwise it brings sorrow and loneliness. Remember to be true to your sweetheart and eternal happiness will be yours.

**Snake Dance Held**

Thursday night a snake dance and Pep Rally were held down town in Silvertown. The snake dance started at 7:30 and afterward the Pep Rally was held on the courthouse steps.  
Jane Self, president of the Pep Squad, was asked to say a few words, and she responded with, "What's the good word?"  
The cheerleaders led more yells before closing with the fight song.

**Remember When...**

- Venita wore white glasses?
- We could display school spirit in the halls of S.H.S.?
- Randy C. looked like Twiggy?
- Van wore a BURR haircut?
- Nobody had pierced ears?
- Truman was in high school?
- We had a losing football team?
- Roy Ann was SHY?
- The parties at Burson's Lakes?
- The school door got burned?
- Lexie didn't have gold pants?
- The night crawlers were on the prowl?
- Bobby sox were in style?
- Gremmy was on the Annual Staff?
- Mrs. Carr was here?
- Nothing ever happened to the school house on Halloween night?
- Randy C. liked Pat G.
- Phillip was here?
- When the Seniors were Freshmen?
- School was fun (first grade)?
- Zobie and Grossidier were here?
- No one had a car?

**Junior Class Meeting**

The Junior Class met and decided to have a Hamburger Supper October 6, before the Kress game. Prices will be 85c for hamburger, French fries, and tea or coffee, 25c extra for homemade pie.  
It was also decided that play

Official publication of the students of Silvertown High School, compiled and edited by members of the Future Business Leaders of America.

**SILVERTON**

**F.H.A. MEETS**

by Kathy Self  
The Future Homemakers of America met Thursday, September 28, for their regular business session in the school auditorium.  
The creed was led by Jane Self. It was decided that there would be no \$25 limit for selling Stanley Products, but everyone was urged to sell as much as she could. A transistor poodle will be given to every girl selling at least \$50 worth of products.  
It was decided that the Chapter will sell candy in November.  
It was announced that membership cards have been received, and will be given to members soon.

**Eighth Grade Officers Elected**

Mrs. Luhman's Eighth Grade Class met and elected officers for the school year recently.  
The officers are Ronnie Strange, president; Dana Martin, vice president; Donna Sissney, secretary - treasurer, and Paula Montague, reporter.

**Speaking of Jokes**

Everyone likes to hear a good joke once in a while. It changes the pace of things and gives everyone a good laugh. But sometimes a joke does not give everyone a good laugh. These jokes about other people are sometimes not very funny. Other people may think the jokes are funny, but the person the joke is about may not like it.  
At one time or another, probably everyone has been the object of a joke. We may laugh along with others, but sometimes the joke doesn't seem very funny at all.  
Be careful when jokes are started. If they are funny and everybody enjoys them, they are fine; but stop when feelings are being hurt. Let everyone in on the joke and all will laugh, but don't leave anyone out.

Century of Progress Study Club members toured the High Plains Training Center for Retarded Children in Plainview last week. Pictured are (back row, from left) Mrs. Joe Montague, Mrs. E. A. Birdwell, Mrs. Jack Strange, Mrs. Wayne Vaughan; (front left) Mrs. Garland Francis, Mrs. Troy Jones, Mrs. Louis Cummings of Plainview Caprock District T. F. W. C. President, Mrs. Edwin Dickerson, president of Century of Progress Study Club, Mrs. Wayne McMurtry and Mrs. Pat L. Northcutt.

### Club Tours Center For Retarded Children

"Take Time to Care" was the theme of the September 27 meeting of Century of Progress Study Club when the members met at 9:30 a.m. in Plainview at the High Plains Training Center for Retarded Children.

Director of the Center, Mrs. Eleanor S. Griffin, conducted the club on a tour of the Center and members of the group observed

the classes in session. The club met at Tode's Steak House for their business meeting and lunch, following the tour. Mrs. Edwin Dickerson presided, and Mrs. Wayne McMurtry gave the devotional, "Parents Prayer."

The club voted to invite three new members, Mrs. Jack Robertson, Mrs. Ken Cook and Mrs. Louie Kitchens, into the club.

Attending the tour and meeting were Meses. E. A. Birdwell, Joe Montague, Jack Strange, Wayne Vaughan, Pat Northcutt, Troy Jones, Garland Francis, Ed-

win Dickerson and Wayne McMurtry.

Hostesses were Mrs. Birdwell and Mrs. Strange.

### Club To Meet In John Gill Home

The next meeting of Century of Progress Study Club will be on October 11, at 3:00 p.m. in the home of Mrs. John Gill.

Mrs. Meda Johnston of San Diego, California, is spending an extended visit with her daughter, Mrs. Ray Thompson.

## Society News

### Junior Club to Tour Training Center

Members of L. O. A. Junior Study Club are scheduled to tour the High Plains Training Center for retarded children in Plainview Tuesday, October 10.

Supporting their entry in the community improvement contest, the club gave \$78.00 in cash last year, and this year are selling jeweled flag pins, the proceeds of which go to the Center, which serves Briscoe County.

To further support the project, members are to send or take good used items of clothing, good used children's books and cookies that can be frozen and used when needed by the Center.

Members are to meet at the home of Mrs. John Schott, to go in a group, and are scheduled to leave Silverton at 9:00 a.m. Lunch will be at Wayne's Restaurant following the tour.

### Southwestern Club Meets In Claude Jarrett Home

The Southwestern Home Demonstration Club meet on Thursday, September 28, in the home of Mrs. Claude Jarrett, and roll call was answered with "My Favorite Keepsake."

Nine members answered the roll call and showed paste beads, a powder box, coffee grinders, baby bonnets, and a necklace.

Mrs. Rex Holt gave a short demonstration on "Housekeeping Shortcuts."

Pat Jarrett was chosen to be the club's contestant in the "Miss Cotton" contest October 19.

### Study Club Attends Stage Production

Members of March of Time Study Club traveled to Lubbock Thursday, September 21, to attend a stage production of "A Shot in the Dark," in the new Hayloft Dinner Theater. This was an enjoyable experience for members, many of whom had never seen theater-in-the-round. The presentation was seen from tables, where patrons first enjoyed gourmet foods served in the center of the room, which was later removed to lower the stage from the ceiling.

Members who attended were Meses. W. E. Schott, Jr., Josie Anderson, Rex Dickerson, Fred Mercer, Alvin Redin, True Burson, Tony Burson, J. V. Self, J. W. Lyon, Jr., Ben Whitfill, Marvin Montague, Floyd Williams and Miss Anna Lee Anderson.

Mrs. Ray C. Bomar visited her aunt, Mrs. T. O. McCallon, in the Plainview Hospital Friday afternoon.

Mr. and Mrs. John Lee Francis, Mr. and Mrs. Wade Steele, Mrs. Ray C. Bomar and Mrs. L. K. Gilkeyson returned last week from a three-week vacation in Europe. They visited France, Switzerland, Belgium, Germany, Holland and England.

### CORRECTION

In the list of ribbons won by Silverton residents at the Floyd County Fair, two of Mrs. A. H. Chappell's blue ribbons were omitted.

Mrs. Chappell also had the best crocheted stole and neatest box of candy entered in the Fair.

### Birthday Party Held In Frizzell Home

A birthday dinner honoring Milton Frizzell was held in their home Sunday, September 24.

Attending were Mr. and Mrs. A. E. Frizzell, Floydada; Mr. and Mrs. H. E. Frizzell, Mr. and Mrs. Jack Frizzell and Jay, Mr. and Mrs. Pat Frizzell, Gay and Melanie, Mrs. Kenneth Holt, Mr. and Mrs. David Frizzell, Cindy and Julia, all of Loekney; Mr. and Mrs. Jerry Frizzell, Michelle and Cammia, of Amarillo; George Long, Nancy and Nicky, Mr. and Mrs. Bennie Reagan, Zane and Shane, Mr. and Mrs. Milton Frizzell and Lynn.

### MRS. GARRISON HOSTS CLAUDE CROSSING CLUB

The September meeting of the Claude Crossing Club was held Thursday afternoon in the home of Mrs. Don Garrison.

Mrs. Joe Bob Watson of Lubbock was an honored guest, and received many useful items for her new kitchen.

Mrs. Pat Northcutt, Sally and Judy, were also guests, and club members attending were Mrs. Gordon Alexander, Mrs. Bryant Eddleman, Mrs. Beryl Long, Mrs. G. Mayfield, Mrs. D. T. Northcutt, Mrs. Obra Watson, Mrs. Marvin Stephens, Mrs. Arnold Turner and the hostess, Mrs. Garrison.

The October meeting will be on the 26th in the home of Mrs. Beryl Long.

RAINBOW FAMILY—Celene Lanham Allen, Sue Lanham Dunham and Ian Lanham were pictured at Ian's installation as Worthy Advisor of Silverton Assembly No. 304 Order of the Rainbow for Girls, Saturday, September 30, 1967. Celene, Silverton's Worthy Advisor when the Assembly was instituted December 9, 1960, was installing Worthy Advisor and Sue, the fourth Worthy Advisor for the Assembly, was installing Chaplain for their sister's installation service. Mrs. Allen, who now lives at Plano, is a registered pharmacist, a graduate of The University of Texas. Mrs. Dunham lives in Lubbock, and is scheduled to receive her bachelor's degree in home economics and education in January 1968, at Texas Technological College. Ian is a senior in Silverton High School this year. They are daughters of Mr. and Mrs. Johnnie Lanham of Silverton. (Briscoe County News Photo)

4<sup>2</sup> = 4 SQUARED

I Pledge:  
My HEAD to clearer thinking  
My HEART to greater loyalty  
My HANDS to larger service, and  
My HEALTH to better living for my Club,  
my community and my Country.

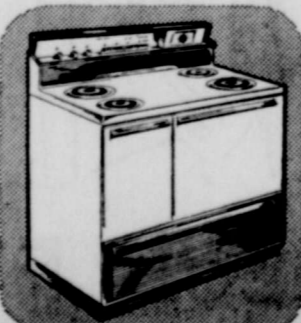

That is the 4-H Club Formula that continues to produce champs! There are 85,000 Texas Club members; 2 million in the USA. 4-H Clubs are found in over 60 nations of the world. Don't be a square, join a club that is dedicated to the 4-squared development of boys and girls—4-H Clubs of Texas. Membership information may be obtained from your county agent—see county, yellow pages for the telephone number.

In recognition of 4-H Clubs and as a public service, this message is published with the cooperation of your local county Extension agents.

### National 4-H Week Being Observed In Briscoe County

"4-H, A World of Opportunity" is the theme for National 4-H Club Week, September 30-October 7.

Locally, says County Agent Ken Cook, 4-H activities will emphasize the opportunities 4-H offers boys and girls between the ages of 9 and 19 and the achievements of members during the past year.

It is easy for an interested youth to become a 4-H member. They choose their own individual project and these range from feeding livestock, gardening, raising poultry, foods and clothing to automotive, career exploration and photography. For the youth interested in science, entomology, electric, conservation and others offer many opportunities for learning. There are projects also for the youthful owners of dogs and horses.

Then, there are many activities and projects which can be conducted by the club. These include projects aimed at beautifying the neighborhood, improving the health and safety record of the community, developing recreation and conservation programs for the club.

Volunteer adult leaders work with the 4-H members in the local clubs and give assistance and guidance to the individual member. In Briscoe County, 35 such leaders render valuable service in the clubs they lead. They are a most important part of the 4-H team and their services are appreciated by the boys and girls and their parents with whom they work.

Older 4-H members, who have developed into junior leaders, also are credited by the county agent with helping make the 4-H program in Briscoe County a going concern.

Business, professional and civic leaders in the county and area, many of them former 4-H members, also are members of the 4-H team. They support 4-H programs and activities by providing awards that make many achievements possible in 4-H. Thus, 4-H requires much teamwork to insure successful programs. In Briscoe County, we have that kind of teamwork, and are thankful and appreciative for it, says Cook.

### We Learn In 4-H

by Ramona Martin  
I have been in 4-H one year. This has been one of the most enjoyable years I have ever known.

4-H gives me an opportunity to learn how to cook, sew, take care of children, money management, and livestock. I can express myself in any one of these fields that I choose.

I have taken child care One and received a certificate of completion. I feel as though this project taught me many things.

Since I have been in 4-H, I've met many new and interesting people, and plan to meet many more.

All summed up, 4-H means to me learning many things and most of all, having fun.

### 4-H Horse Club Grows By Leaps and Bounds

It looks as though the horse is up-staging the automobile and boat in the American family recreation scene. While no accurate count is available, the number of pleasure horses from Maine to California has been estimated from five to seven million.

The last U. S. Horse Census in 1959 showed nearly three million horses and mules, mostly on farms. The greatest increase today is around the major population centers of the U. S.

The 4-H Clubs have been one of the most enthusiastic boosters of the pleasure horse. Recent horse shows and fairs have featured 4-H owners and riders who have claimed their share of honors and trophies.

The national 4-H horse program last year headed the list for enrollment increase in 32 major award programs supervised by the Cooperative Extension Service. The horse program gained more than 19,000 new members bringing the 1966 total to 165,600. Current participation is expected to bring the 1967 enrollment to well over 180,000, according to 4-H leaders.

The young equestrians learn much more than to mount and ride. They learn to recognize horse color and markings; how to judge horses; to select proper tack and equipment and keep it in good condition. Horse science projects cover anatomy, nutrition, disease and reproduction. Members are coached in show ring performance and responsibility to the horse.

County extension agents, local club leaders, veterinarians, professional horse handlers and animal scientists work with the youngsters.

The 4-H horse program is sponsored nationally by Merck & Co., Inc., of Rahway, New Jersey. Projects are judged annually for awards. Tops in the county receive the gold-filled 4-H horse medal; best in state wins an expense-paid trip to the National 4-H Club Congress in Chicago the week after Thanksgiving.

From the 50 state winners and one from Puerto Rico, six national \$500 scholarship winners will be selected. Last year a Puerto Rican boy won a scholarship. The five other recipients were from Idaho, Indiana, Iowa, Pennsylvania and Texas. They were all girls.

### What 4-H Means To Me

by Louise Croft  
To me, 4-H means learning how to cook, sew, take care of children and most of all, have fun. 4-H gives me an opportunity to express how I feel and also to learn some very good things that everyone needs to know.

During my three years in 4-H I have participated in food project One and Two, child care project One, and gardening project One. I have received a red and a blue ribbon in foods and an award pin.

This year I move up into a higher group in 4-H. My present lead-

### I Like 4-H Club

by Micki Jasper

I like 4-H because it's lots of fun to be in. I have been in 4-H three years. The first two years I was in cooking. It was so much fun. The first year of cooking I won a red ribbon, and the second year I won a blue ribbon and also won District.

My cooking leaders were Mrs. Alva C. Jasper and Mrs. C. L. Sutton. They were good leaders and taught me very much.

Last year I was in the 4-H garden project. It was lots of fun also. My leader was Mrs. Steele. I won a red ribbon in this project.

I think 4-H is a good thing for boys and girls to be in because it gives you something to do and learn.

### Every Boy And Girl Would Like 4-H Work

by Barbara Ledbetter

I have been in 4-H for four years, and have enjoyed it very much. In 1965, I took clothing for my project and in 1966 I had gardening, clothing and child care for projects. This year I took clothing again, and am also taking the horse and beef projects.

I think every boy and girl should be in 4-H. There are many things everyone could learn. This year some new projects have been added, horse and electricity. The other projects are clothing, foods, gardening, child care, tractor and beef.

To make money for 4-H, we held bake sales in 1965 and 1966, and we sold toothbrushes and album records in 1966.

The 4-H Motto is "To make the best better," and every boy and girl is needed to make it so.

er is Mrs. Elton Cantwell.

I have met many new people since I joined 4-H, and am looking forward to meeting many more. I'm glad to be called a 4-H'er, because 4-H is a very prosperous club.

FOGERSON LUMBER CO.

THE REAL MEASURE...

... of 4-H is what it does for youth. 4-H Club work in Texas is a part of the nation-wide educational system of the Cooperative Extension Service. 4-H is young people, learning to work and plan together under skilled leadership. 4-H includes project work, demonstrations, judging, group action, activities, events and recreation. 4-H builds tomorrow's number 1 citizens!

In recognition of 4-H Clubs and as a public service, this message is published with the cooperation of your local county Extension agents by:

HOUSE CHEVROLET CO.

### Most Everyone Agrees on 4-H

**MOST GIRLS FROM 9 TO 21** will find 4-H Clubs interesting, rewarding and educational. And you're likely to agree.

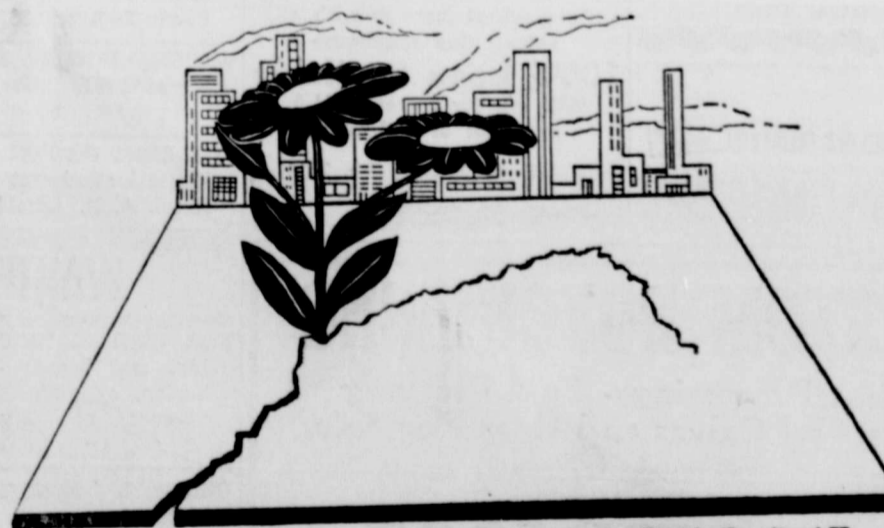

4-H activities can help you learn to get more for your money, make some of your own clothes, plan the family's meals and redecorate your room. There are also projects and demonstrations on photography, health and safety.

There are more than 100,000 4-H Club members in Texas and more than 2 million in the United States. There are no dues to pay. You work on projects with the help of parents, adult leaders and county Extension agents. You may choose to work on any, all of the above activities or others.

Through 4-H work you will soon find yourself living the Club motto, "To Make the Best Better" for your club, your community and your country.

In recognition of 4-H Clubs and as a public service, this message is published with the cooperation of your local county Extension agents by:

Salem's of Silverton

**SOME PEOPLE THINK** that just because a youngster lives in the city, 4-H has nothing to offer him.

To the contrary. 4-H has many specific projects for the city youngster. No one has to live on a farm to learn to sew, to take good photographs, decorate rooms, make a study lamp or learn rules of health and safety.

4-H helps all boys and girls, in the city and the country, to take part in group activities with friends, discover new ideas and skills, and become well developed individuals through wise guidance in varied experiences. Two of the greatest benefits of 4-H Club membership are leadership and citizenship development. You can bet those are valuable assets anywhere!

## CARDS OF THANKS

I want to take this means of thanking each and every one of you for the flowers and cards sent me while I was at Lockney Hospital. May God bless you. Mrs. Barney Stephens

We wish to take this means to extend our heartfelt thanks and gratitude to each and everyone who was so kind, helpful and thoughtful to us during the loss of our loved one.

We appreciate it more than words are able to express. May God bless you. The family of Louis Grabbe

The family of Ray Thompson wishes to tell our many friends just how thankful we are that we have friends like you. We appreciate the many things you have done during this sad time. For the flowers, memorials, cards, letters, telegrams, the delicious food—for everything—we are deeply grateful.

May God bless each of you, and may He reveal to you the goodness that is in the hearts of others at your time of need. The Ray Thompson family

I would like to express my appreciation to those who sent flowers and cards while I was in the hospital, and I would like to extend a very special thanks to the ones who gave blood.

Your expressions of friendship help ever so much when one is in the hospital. Mrs. Walter Fleming
