

LP!  
All Around the Town  
by Mary Ann Sarchet

The local vote on the Mackenzie bond issue was just about the finest expression of community interest that I have ever seen. It was just wonderful! I just didn't dream that ever a bond issue would be approved with so few dissenting votes—it's just unheard of. But this is an indication of community pride and a desire to better ourselves through a project which could have a tremendous effect on the economy—and not only ours, for I believe that the economies of the other towns likewise will be strengthened by the project.

So many timely water project articles are appearing in our daily newspapers. For instance, early this week there was a story concerning the Greenbelt Lake and the steps being taken to make it a playground. The people at Clarendon (about 2,200 pop.) recognized the fact that their town was on the decline and went to work to do something about it. They hired an expert to plan the recreational facilities so that it would be as nearly perfect as possible. The project is tremendous, I think. Any group needs a long-range plan when entering a project of this type, and I certainly hope our Mackenzie project will someday be the result of thoughtful planning.

The hard part for us will be the waiting, having patience while the other towns make the concessions that are necessary. The Tulsa Chamber of Commerce manager, Donald Crocker, told me recently that his greatest hope was that the project could be handled in such a way that each of the four towns will be happy—and it looks like we may be taking steps in that direction. The Authority must be able to function as a whole because it can't continue to be made up of four towns bickering about how things are to be done. But if the project is started with the firm understanding that each town can tie on and start getting water when they need it, then we will have progressed a long way on the road of understanding, cooperation and friendship.

Having known for some weeks that the issue probably would be defeated, at this time I feel optimistic about the whole thing. When Bill Long and some of the others, who were probably most responsible for this effort being started when it was, began trying to turn dreams into realities, they conservatively called it the "Ten-Year Project," and if construction is started before September 13, 1969, we will have exceeded that hope. (How often does anyone get to see a dream of this magnitude surpassed?)

And if construction is not started before September 13, 1969, all four towns will have lost an inestimable wealth of water and so much more. But I think this possibility will not become a reality, because I think the people in these towns are too progressive to lose the water rights. It may be some months before construction is begun, but at this point, I feel certain that it will be done.

FROM THE GRAPEVINE: I understand that an editor of the Briscoe County News wrote an editorial about the great value of a dam on Tule Creek something like 50 years ago. I would like very much to have access to that item if anyone has a copy of it. I don't want to keep it, but I would like to use all or part of it as a comparison of views now and then.

# Mackenzie Municipal Water Bond Proposal Defeated

by Mary Ann Sarchet  
The Mackenzie Municipal Water Authority's bond issue was defeated in two precincts in Saturday's voting which was heavy in Tullia and Silvertown, and very light in Lockney and Floydada.

The action by voters was not unexpected due to the fact that some of the Mackenzie Authority directors chose to publicly oppose the issue, and worked for its defeat.

Vote tabulations indicated the issue was defeated in Floydada by a vote of 57 for and 88 against; and in Tullia with 39 votes for and 456 against. Lockney's vote was 147 for and 44 against.

In Silvertown, voters overwhelmingly approved the issue, with 203 agreeing with the issue and only 13 voting against it.

In Monday night's meeting of the Mackenzie Authority held in Lockney for the purpose of canvassing the votes, Joe Smith, of the Lubbock bonding company that has been working with the Authority, told the directors that it would be foolish to call another election on the same or a different proposition until the directors themselves agree as to what proposition should be presented.

Representing Silvertown at the meeting were City Secretary Jerry Patton, Director Charles Whitfill, Director Milton Dudley, Troy Jones and Charles Sarchet.

It was the thinking of the Silvertown group that the proposition next presented to the voters will be for the building of the dam, a pumping station and pipeline to a filtration plant of sufficient size to supply Silvertown with water. The pumping station and filtration plant would be so built that they could be enlarged to serve the other towns when they need the water. The City of Silvertown would be responsible for

building its pipeline from the filtration plant to town, and each of the other cities would likewise be responsible for its own pipeline to the filtration station.

It is thought that most of the concessions to be made before the matter is presented to the people again will be between the cities of Lockney and Floydada, regarding the whys and wherefores of the pipeline to their towns. The people of Lockney want legal assurance that when they are ready for water from the Mackenzie Reservoir, the Floydada group will be ready to share the expense of the trunk line.

This proposition would necessitate water rates and taxes of similar amounts to the figures presented before the election, due to the fact that the other three cities would not be buying water from the Authority immediately as Silvertown plans to do. This will reduce the Authority's anticipated revenue from sale of water. The water rates in the other cities would remain unaffected until such time as they begin buying water from the Authority, but the amount of their property taxes would not be reduced appreciably.

The value of the bonds to be asked for in the next election will likely be in the neighborhood of \$3 to \$3½ million—the dam itself being estimated at \$2.5 million, and the smaller filtration plant,

## Comer Seventh In Regional Contest

Larry Comer represented Texas in the western U. S. 4-H Tractor Operator's Contest October 8-10 at the University of Nebraska in Lincoln.

He received an expenses-paid trip to the event provided by Humble Oil & Refining Company, donor of tractor program awards in six Southwestern States.

Comer placed seventh among the 18 state winners who were competing for the regional honor. The youngest boy in the tractor contest, 15-year-old Leon Wendt of Illinois, out-pointed the Wendts to take top honors in the annual event. It was the second straight year that the Illinois entrant had carried off the trophy.

Only a few points separated the scores of the top ten winners in the contest, which is designed as a public demonstration of the accomplishments of 4-H Club members in the tractor program. The young men also visited the University's 9,400-acre field laboratory near Mead, Nebraska, the State Capital and the University's world-famed Tractor Testing Laboratory.

Comer and his coach, Joe Bob Watson, traveled by jet from Lubbock.

Larry has completed seven years of 4-H Tractor projects and spends many hours operating farm equipment. A member of the County - Wide 4-H Club, he has competed in the county tractor operators' contest four years, winning the event this year. His tractor coach has been Joe Bob Watson, who now lives at Lubbock.

Starting with a written quiz on safety, mechanics and other aspects of tractor care, each contestant also performed a daily check up on the tractor and demonstrated his driving skills with a two- and then a four-wheel wagon attached. Penalty points were deducted for violations of safety rules, excessive time, faulty operation and check up, and incorrect quiz answers.

Larry successfully competed in the state 4-H tractor contest at Texas A&M on June 6. The operators' contest and the 4-H Tractor program are conducted by the Cooperative Extension Service of

pumping station, pipeline between the dam and filtration plant, etc. not having been estimated as yet. The Mackenzie Authority holds a water permit from the Texas Water Rights Commission which is under the stipulation that construction will begin by September 13, 1969.

Floydada and Tullia water officials have claimed they would favor construction of the dam, but were not in favor of the complete facility due to the cost of the entire \$7.9 million project.

Silvertown and Lockney voters would not be asked to vote on the entire project again if such a proposition were submitted, but will have to vote again on the partial project, which appears would satisfy Silvertown needs.

## Owls Host Groom Tigers Friday Night

The Owls will host Coach Richard Eddleman's Tigers Friday night in the last non-conference game of the season. The Class B Tigers have run into trouble this season, having played above their classification in some of their games and having lost to Happy last Friday night.

This will be the first meeting

**IN APPRECIATION**  
I want to take this opportunity to thank the many friends who have extended their sympathy in so many ways during this sad time.  
May you be rewarded for your kindness when Tech meets the Aggies on Kyle Field next fall!

## Doctors Announce Schedule Change

Drs. Scarborough and Barbour have announced the exchange of their regular office days at the Silvertown Clinic.

Dr. Barbour is now coming to Silvertown Tuesday afternoons and Dr. Scarborough is here on Thursday afternoons.

## GORDON ALEXANDER UNDERGOES SURGERY

Gordon Alexander underwent surgery for the placement of a pin in a break just below his left hip joint Wednesday morning in Northwest Texas Hospital in Amarillo. He is in Room 740 at the hospital.

He suffered the break late Monday while carrying vegetables into his house from his garden and took a fall in the yard. He was taken to the Amarillo hospital by Silvertown ambulance. Before the surgery, doctors estimated that he would be confined to a wheelchair for three or four months.

## ROCK CREEK CLUB HAS LUNCHEON, MEETING

Rock Creek Club met with Mrs. Wayland Fitzgerald October 10, and the day was spent quilting. A covered-dish luncheon was served at noon.

Members present were Stella Davis, Stella Arnold, Ann McFimsey, Ruby Garvin, Ruby McWaters, Margie Turner, Annie Breedlove, Margaret Frizzell and Verena Allison.

Visitors were Inetha Cantwell, Nina Martin, Lovelle Henderson, Mary Grantham, Shirley Durham, Betty Breedlove, Mary Cobb and Pat Fitzgerald.

## County Farm Bureau Convention Slated

The annual Briscoe County Farm Bureau Convention will be held in the Silvertown school cafeteria on Saturday, October 21. Supper will be served at 7:00 p.m., with the business meeting following at 8:00 p.m. A membership and a battery will be given as door prizes. Five new directors are to be elected.

Entertainment will be provided for the children during the business meeting. A group from Plainview will present entertainment for the members and their families following the banquet.

## Farmers Union State Convention Planned

Bargaining power for farmers within the framework of existing legislation and new ideas for giving farmers bargaining power will highlight the 64th annual convention of Texas Farmers Union at the KoKo Palace in Lubbock on October 26-28. Special commodity discussions, scheduled for Thursday night, will give farmers an opportunity to discuss their problems and to draft a target program for the guidance of Farmers Union in seeking improved legislation.

Thursday evening, Charles Brannon, former Secretary of Agriculture and present legal counsel for National Farmers Union, will discuss the ways in which farmers might improve their bargaining power through techniques permitted under present legislation, and what legislation Farmers Union proposes to give farmers increased bargaining power. Brannon, an eminent Denver attorney as well as an expert in the field of program administration, has drafted new legislation which would give farmers more market power.

Dwight Wilson, director of organization for National Farmers Union, will discuss ways in which farmers may organize themselves to accomplish maximum bargaining power.

Other speakers include Senator Ralph Yarborough, Tony T. Dechant, president of National Farmers Union, John C. White, Russell Giffen, Jim Boren and Ray Novak.

The delegates to the Texas Farmers Union convention from Briscoe County who will attend the Lubbock convention are Mr. and Mrs. R. E. Brookshier, Mr. and Mrs. Albert Mallow and Ben Whitfill. Others from the Silvertown area who will attend are Mr. and Mrs. Fred Mercer, Claude Jarrett, Mr. and Mrs. Gilbert Elms and Mr. and Mrs. Beryl Long.

Next meeting will be in the home of Mrs. Carroll Garrison on October 24.

Nebraska. More than 1000 4-H members currently are enrolled in the 4-H program in Texas.

## Social Planned Here Tuesday, October 24

A social for all teachers and parents of the Silvertown school system is being planned at the school at 7:30 p.m. on Tuesday, October 24.

The Silvertown chapter of Young Homemakers are sponsoring the meeting as an opportunity for parents to meet the teachers in the school system.

The meeting is also for the purpose of discussing the organization of a teacher and parent group in order that regular socials or meetings can be held to promote friendship and understanding between the school and homes. It is also thought that programs in which ways parents can cooperate with the teachers and administration to solve problems would help build a better relationship between those involved.

It is also hoped that through the service projects of such a group, the people of Silvertown could work together to assist the school in attaining some of the goals which are not provided for in the school budget. Examples of this would be improvement of playground in order to reduce the extremely dusty conditions on windy days, and the projects which have been demonstrated by other clubs, such as purchase of needed equipment and the improvement of the football field.

Please attend the meeting if you are interested in the local school system, and voice your opinions on the subject.

## Pigeons Have To Go!

The City has asked that owners of pigeons be reminded that their birds must be kept caged if they are to be kept in town.

The pigeons have been roosting on the water tower and are destroying the paint on the tower.

If pigeons continue to roost on the water tower, the City will have no alternative but to shoot them.

September 19, the Happy 4-H Club met in the P. C. A. building. The program on good manners on the telephone was given, and everyone practiced. Ken Cook gave some suggestions for the Floyd County Fair.

Members attending were Ramona Martin, Louise Croft, Debra Cantwell, Kaedean Bomar, John Burson, Micki Jasper, Barbara Ledbetter, and Mrs. Elton Cantwell, leader.

October 17, the Happy 4-H Club met in the P. C. A. building for a program on the care of shoes by Mrs. Don Garrison. She gave examples of how to care for shoes.

Afterward games were played. Members attending were Wylie Bomar, Mike Montague, Marvin Self, John Burson, Stan Martin, Wendall Hardin, Gloria Fabela, Sharon Jarrett, Debra Cantwell, Amy Birdwell, Kaedean Bomar, Ramona Martin, Darrel Martin, Barbara Ledbetter, and the leader, Mrs. Elton Cantwell.

Mrs. Don Garrison was a guest. The group will meet on the third Tuesday of every month. Any sixth, seventh and eighth graders can attend.

## NEW BABY

Mr. and Mrs. Sammy Turner of Lubbock are parents of a son, Keenan Lee, born October 13. He weighed eight pounds and ten ounces.

Grandparents are Mr. and Mrs. Ira Peacock of Merigold, Mississippi, and Mr. and Mrs. John Turner. Great-grandmother is Mrs. Hattie Turner of Lockney.

Mr. and Mrs. Wayland Fitzgerald entertained their children and families with a dinner on Sunday, October 15. Present were Mr. and Mrs. Guinn Fitzgerald, Nanette, Suzette and Kimberly; Mr. and Mrs. Norvell Breedlove, Chris, Craig and Curtis of Tullia; Mr. and Mrs. Bill Durham and Kirk. Mr. and Mrs. Pete Land of Clarendon, brother-in-law and sister of Wayland Fitzgerald, called in the afternoon.

## Junior Club Project To Assist Fire Department

Following a discussion of the Christmas Greeting Page project, in which the school's need for another controlled reader and the fire department's need for equipment were considered, members of L. O. A. Junior Study Club last week voted unanimously to designate the proceeds of the project to the Silverton Volunteer Fire Department to be used for the purchase of whatever equipment is most needed or to be used in the remodeling program, in the manner the fire department considers will most benefit the residents of Briscoe County.

The project will be conducted in the same manner as the drive for the purchase of the controlled reader last year, and residents from all over the county are asked to donate to the project in lieu of sending Christmas cards locally. The junior study club will sponsor a page similar to the one last year in the Briscoe County News the week before Christmas. On the page, all the donors to the fund will be listed (regardless of the size of their contribution) with the explanation that they have donated to the fire department project instead of sending Christmas cards to local friends and relatives.

The project will be under the direction of Mrs. J. E. Patton, chairman, Mrs. Robert Haley Hill and Mrs. Charles Sarchet, members, of the club's civic and projects committee.

Silverton Volunteer Firemen were needing approximately \$2,000 worth of equipment, and the fund-raising project which has just been concluded by that organization was short of that goal by at least \$1,000.

"The new fire truck, which was purchased by the county commissioners for the purpose of answering fire calls in all parts of the county, arrived this week," Mrs. Patton said. "But the firemen need other equipment for the truck than was provided in the original purchase, additional hose, etc., and the firemen also need boots and slickers to be worn when fighting fires, because the water sprayed into burning buildings comes pouring off rooftops boiling hot, and in addition to decreasing the efficiency of the fire fighters, can ruin their clothes. It will also be necessary to remodel the garage in which the two fire trucks are housed, because the new truck is larger than the old one was. Our fire department is on its way to becoming one of the best, and our club asks that you cooperate with us so they can be equipped and ready for any emergency."

## Residents Reminded To Mail Christmas Parcels To Servicemen Overseas Early

The following periods have been designated by the Post Office Department for mailing Christmas parcels to members of the Armed Forces overseas.

1. Surface transportation—October 16 to November 11
2. Parcels under 5 pounds will go by air mail (space available) when surface rates are paid—October 21 to December 1
3. Airmail—December 1 to December 11

All articles should be packed in boxes of wood, solid fiberboard, or strong double faced corrugated fiberboard. Each parcel should be well tied with a strong cord. Sufficient cushioning material should be used to prevent any rattling or loosening of articles within the package.

Postmaster Fred Strange added this plea, "Please mail early."

He does.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars. A majority of our servicemen overseas are investing in U.S.

Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

### House-Tomlin Vows Exchanged Here

Miss Sandi House became the bride of Airman 2/C Emmett Tomlin in a double ring ceremony performed Saturday evening, October 7, in the home of the bride's parents, Mr. and Mrs. Jimmie Cantwell, minister of the Rock Creek Church, officiating.

Parents of the bridegroom are Mr. and Mrs. Glenn Tomlin. Matron of honor was Mrs. Van Breedlove, and bridesmatron was Mrs. Frank Barnhill, jr. of Lubbock, sister of the bride. The attendants wore street-

length dresses of shocking pink and carried cascades of snowball mums and pom-poms.

Best man was Dennis Tomlin, twin brother of the bridegroom. Van Breedlove was groomsman, and Butch Brannon and Stanley Tomlin, brother of the bridegroom, seated the guests.

Frank D. Barnhill III of Lubbock, nephew of the bride, lighted the candles.

Escorted and given in marriage by her father, the bride wore a street-length cage of white re-embroidered lace over a sheath of French crepe with three-quarter-length sleeves and bows in back. She carried a bouquet of pink aristocrat roses surrounding an orchid.

Following the reception, the couple left for a wedding trip to Colorado. They are now at home at Mountain Home Air Force Base in Idaho, where the bridegroom is stationed with the U. S. Air Force.

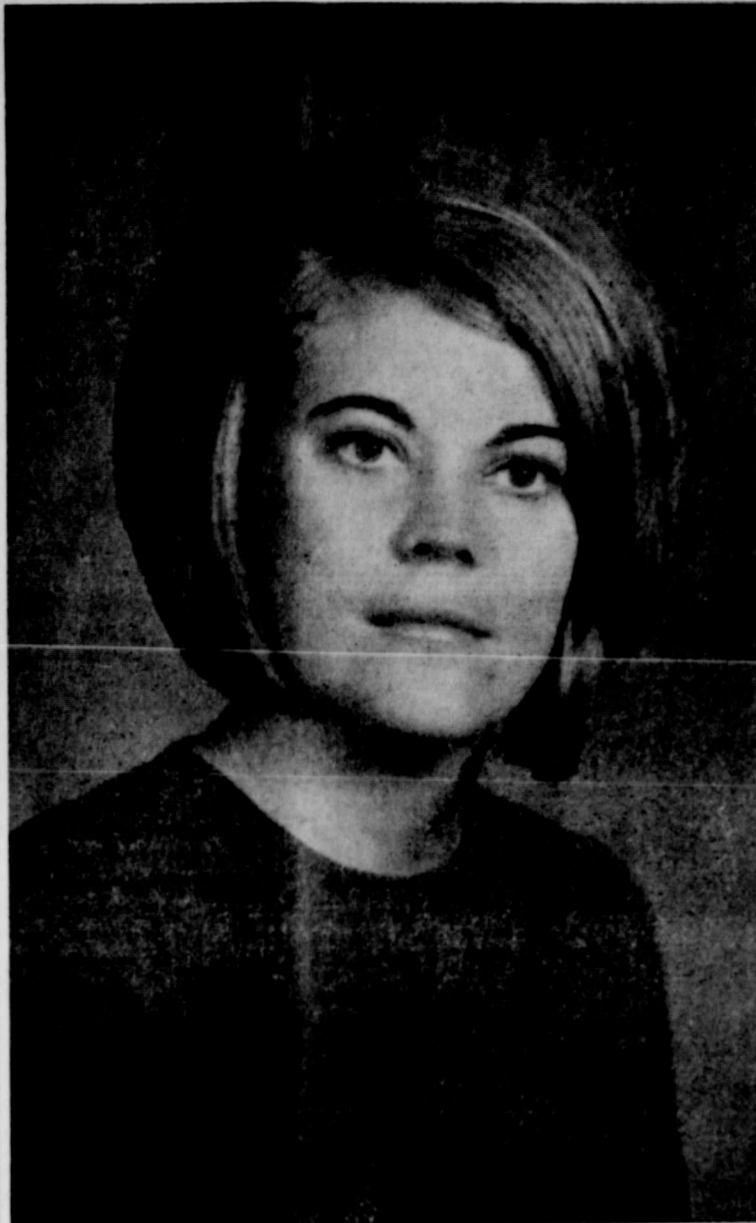

The bride is a 1964 graduate of Silverton High School and attended Western Republic Business College in Amarillo. The bridegroom is also a 1964 graduate of Silverton High School, and attended South Plains College before entering the Air Force.

### MICHAEL HILL HONORED AT BIRTHDAY PARTY

Michael Hill was honored with a party on his fourth birthday on Saturday, October 14.

Attending the party were Will Ledbetter, Bryan Schott, Lesa Allison, Dwain Strange, Greg and Monroe Hill. Party favors were hats, blow-outs and balloons. A Humpty-Dumpty cake was served with ice cream and punch.

Michael's mother, Mrs. Robert Haley Hill, directed games for the children, assisted by Mrs. John Schott and Mrs. Robert Ledbetter.

MRS. ROY DEE GREGG

### Marcalyn Lee - Roy Dee Gregg Vows Repeated In Joseph A. Hill Chapel

Miss Marcalyn Lee of Canyon and Roy Dee Gregg of Dalhart pledged their wedding vows at 4:00 p.m. Saturday, October 14, in Joseph A. Hill Chapel in Canyon. The Rev. Stribling, minister of the Presbyterian Church in Canyon, officiated the double ring ceremony.

Parents of the bride are G. W. Lee of Silverton and Mrs. Howard Dana of Window Rock, Arizona. The bridegroom is the son of Mr. and Mrs. Melvin Gregg of Plainview.

The chapel's altar was decorated with an arrangement of white chrysanthemums and split carnations flanked by baskets of white gladioli and candelabra holding white tapers.

Miss Dianne Davis, organist, presented nuptial selections, and accompanied Mrs. Fred Mercer as she sang "The Twelfth of Never." Miss Terry Lee of Window Rock, served a sher sister's only attendant. Max Stapleton of Edna, Texas, was best man.

Given in marriage by her father, the bride wore a street-length white crepe dress and carried a bouquet of white gardenias and split carnations atop a lace-covered prayer book.

Following the ceremony, a reception was held at The Gold Tree in Amarillo.

The bride is a junior student at West Texas State University. She spent the past year in Hawaii, where she attended Honolulu Business College and was employed by McDonald & Company.

The bridegroom is a graduate of Texas Christian University Ranch Training School and is a senior student at West Texas State University.

### Attend Caprock District Fall Board Meeting

Mrs. Randall Eddleman and Mrs. Charles Sarchet, members of L. O. A. Junior Study Club, represented Silverton at the annual Fall Board Meeting and Workshop of Caprock District T.F.W.C. at the First Baptist Church in Littlefield Saturday.

Mrs. Louis Cummings of Plainview, President of Caprock District, presided over the general assemblies, and Mrs. Mary Brownlow of Amherst, Caprock District Junior Director, presided at the junior conference.

Attention of clubwomen was drawn to the fact that all reports must be two-year reports this year. Instructions were given for the reports by district department and division chairmen to make two-year reports also.

The Caprock District C.I.P., the High Plains Training Center and Sheltered Workshop for retarded children and adults, was discussed. All of the jeweled flag pins have been distributed to the clubs, and the proceeds are being passed along to the Center. Clubs were urged to send their donations for the 1967-68 club year to Mrs. Cummings as soon as possible because the money is needed to help finish the remodeling project underway at the Center. Clubs are asked to donate at least \$1 per member.

Bob Wear, Church of Christ minister, was luncheon speaker on "Abilities of Women." The salad luncheon was served in the church fellowship hall, which in a fallout shelter - basement, by home demonstration clubwomen of Littlefield.

### Club Members Tour Training Center

Members of L. O. A. Junior Study Club visited the High Plains Training Center and sheltered workshop for retarded children and adults for their regular meeting on Tuesday, October 10.

Project of the Caprock District federated clubs, the Training Center was chosen by L. O. A. Junior Club members as their joint entry in the C. I. P. contest sponsored by the Sears-Roebuck Foundation. Members of the junior club donated \$78.00 to the Center last year, and took with them when they visited there last week books, clothes, koolade and cookies to be used as the need arises. In addition, the clubwomen have pledged a cash donation of at least \$1.00 per member from the club treasury.

Members were able to see the project in action, and visited with the children who are being helped by the donations of time, service and money of clubs and individuals in the area. The cash available for operating expenses at the Center last year was just a little more than \$4,000. It has been estimated that approximately \$24,000 worth of service was donated by professionally trained doctors, therapists and teachers, in addition to other donations of service and materials.

Among those from L. O. A. Junior Study Club who made the tour were Mrs. Randall Eddleman, Mrs. John Schott, Mrs. Leon Lavy, Mrs. Champ McGavock and Mrs. Joe Kitchens.

Lunch was at Wayne's Restaurant following the tour.

FROM ME ...  
... TO YOU

by Jan Lanham  
Did you make the honor roll for the first six weeks? If you did, let me congratulate you, for there is only a small percentage that did make it.  
Don't be discouraged if you didn't make it because there will be other times. The main thing is to stay in there and do your best. Not everyone can be an honor student, but everyone should have a goal that he should try to attain. To reach this goal, you must put in long hours of hard work. Never give up when you fail; instead, keep trying. Be patient. This goes for both student and parent, for things take time.  
There are five six-week periods left and five more honor rolls. Are you going to do your best to see what you can do? This decision is yours. No one can make the most of your opportunities except yourself.

### Consider The Cheerleaders

Everyone is talking about how good the Silverton football team is and they are right. But, let's think a minute about the girls that cheer the boys on to victory. They are an important part of the team, too.  
The cheerleaders this year are Debbie Dickerson, Nancy Long, Ginger Martin, Cathy Jones and Rhonda Dickerson. They have been working hard to bring out school spirit, and they have done a GREAT job.  
They try new things to encourage more and more spirit in the Silverton school. At the present, they are letting a football boy and a girl from each class keep the five Spirit Sticks for a week. The Spirit Sticks go to the ones showing the most spirit during that week. This idea has helped a lot to improve school spirit.  
The cheerleaders work long and hard hours, and are great in leading the yells. They each deserve a LOT of credit.

### Today I Heard That

—Stanley is going to receive a bill for the gasoline he intentionally threw in the bonfire.  
—N. N. and J. S. have made several trips to the janitor's room.  
—Cynthia has learned to KNOCK before entering the dressing room.  
—Paula feels that love is strange.  
—Paul Ray doesn't always mean what he says.  
—Debbie got ANOTHER beautiful car.  
—Not so many Freshmen will have to go to the office since O. C. has made a new board especially for the girls.  
—J. M. and J. N. won't yell at the ballgames.  
—Nancy Kay doesn't know how to be quiet.  
—Before school the Post Office is always full of girls looking for letters.  
—There is a Thursday night crowd.  
—Harvey loved every one of his four kisses from Jane.  
—Cynthia is the only one who can make a quotation mark using the left shift key.

### Spirit Sticks Given To Boost School Spirit

During the Pep Rally held Friday before the Wheeler game, Spirit Sticks were given to the ones with the most spirit. Each week, the cheerleaders give a Spirit Stick to one girl from each class and to the football player who have shown the most spirit.  
The previous week, the Freshman girl who received the Spirit Stick was Lanis Davis, and she gave up her stick to Leila Jo McPherson Friday. Roy Dale Garrison was the one chosen to receive the Spirit Stick which had been carried by Cynthia Sutton. Kathy Self gave up her Spirit Stick to the Junior candidate, Diana Strange. The Senior girl chosen was Jan Hutsell, her stick being given up by Ian Lanham. Lannie Arnold gave up his Spirit Stick to Roy Dale Wood, who was elected as the boy showing the most spirit.  
The Spirit Stick is given in hope of encouraging more spirit in the student body. The football team will be encouraged if the other students have spirit and back the team.

### Whites Defeat Reds In Gridiron Classic

by Dale Sissney  
October 10 the Whites edged past the Reds 24-20 in the last minutes of the exciting Powder Puff football game played on Owl Field.  
The Red team kicked off to open the game, but after several plays, Diana Strange, a Junior speedster, rolled around left end for the first White score. The extra points were chalked up by Jan Hutsell, Senior back.  
After a good kick by the White's Nancy Reid, the Reds combined sweeps and a reverse to send Judy Wilkerson, Senior end, across the stripes for their first six points. The extra point attempt failed, leaving the score 8-6 in favor of the White team.  
A fine kick by Laquita Bomar and a good defense by the Reds stopped the would-be runback on the White 40 yard line. Several plays later, the Whites galloped across for their second touchdown. Again, Diana Strange, aided by the White's fine blocking, took credit for the score.  
This ended the first quarter with the White team ahead 14-6.  
Evelyn Wood, Freshman quarterback, ran the White kickoff back to the 36 as the second quarter began.

Wood handed off to Rhonda Dickerson, Freshman fullback, who romped 64 yards for a TD. Another reverse sent Wilkerson across for the extra two.  
At halftime, the score remained 16-14, White's favor.  
The Whites took the kickoff as the second half began and again moved the ball into scoring position. This time Hutsell accounted for all eight points, putting the Whites in the lead 24-14.  
Six plays after the kickoff, Karen Holt, Senior back, made a fine run and added her six points for the Reds. The try for extra points failed.

The Reds took over the ball on downs, but the White's defense also proved faithful. As the game ended, the Reds had the ball and a 20-24 defeat.  
The White team was especially proud to have broken the Red's winning record. For the past three years, the Reds have come out on top.

Most penalties were for backfield in motion, offsides, unnecessary roughness, and illegal formation. If there could have been penalties for "building" the huddle over the ball, as Karen Holt put it, the Red team would surely have gotten several, as would the Whites.

Captains for the Red team were Karen Holt, Laquita Bomar, Judy Wilkerson and Joyce Brooks. White team captains were Jan Hutsell and Juannah Nance.  
Announcer for the game was Ken Cook, and Fred Strange was the official time-keeper. Referees were Coaches Stephens, Fox and Wiggins.

And speaking of drinking, here's one from Texas. An old drunkard from the Panhandle saw so many pink elephants and purple snakes that he hired a hall and put up a sign "25c. to See the Zoo". A couple of customers resenting the fact that they saw nothing but four bare walls, swore out a complaint. The sheriff took the warrant and set out to make the arrest. The old boy hauled his jug out from under his counter, the sheriff took 3 snifters... and paid him \$1000 for a half interest in his show.

Joe: "Do you think the doctor really meant it when he said you wouldn't live another week unless you stopped chasing women?" John: "He sure did. I was chasing his wife."

Al: "Your wife used to be very nervous but now she doesn't show a sign of it. What did you do for her?" Dick: "Found a new doctor who cured her in a hurry. He just told her nervousness is a sign of old age."

The doctor, who had just finished an elderly man's annual check-up, said with a laugh, "Well, old timer, I can't seem to find a thing wrong with you, but I recommend that you give up half your love life." After a long pause, during which the patient appeared to be in very deep thought, he replied, "Doctor, which half do you recommend I give up, thinking about it—or talking about it?"

A proud parent called up the newspaper and reported the birth of twins. The girl at the desk didn't quite catch the message over the phone. "Will you repeat that?" she asked. "Not if I can help it," was the reply.

"Which way to the post office, boy?" "I don't know." "You don't know much, do you?" "No, but I ain't lost."

The salesman was stranded at a desolate farmhouse during a bad storm. He asked the farmer if he could put him up for the night. The farmer scratched his head. "The only way would be for you to sleep with the red-headed school teacher." The salesman was indignant and replied, "I'll have you understand, I'm a gentleman." The farmer smiled, "So is the school teacher."

Celeste Holm comes to the Texas State Fair as the flamboyant but warm-hearted "Mame," in the hit musical of the same name, at the Music Hall, Oct. 6-22. Based on the humorous memoirs of "Auntie Mame" by Patrick Dennis, this Lerner and Lowe Broadway hit has been playing to standing room only audiences in New York since its opening in May, 1966.

## CARDS OF THANKS

I want to thank all who showed so much love and concern for me during my long stay in the hospital and since I have been home. All the flowers, cards, gifts, visits and food, and prayers in my behalf will always be remembered by Bruce and me. Alice Womack

We wish to take this means to thank each and every one who was so helpful and thoughtful during the long illness and loss of our loved one. We thank you for the flowers, memorial fund cards, letters, and the delicious food, but most of all, we thank you for your prayers.

May God bless each of you. The family of Mrs. Elma M. Baker

I want to thank each of you for the cards, flowers, visits, prayers and each expression of your concern for me while I have been sick.

I especially want to thank Mrs. Moreland and Mrs. Wilmeth for all they did for me.

May God bless all of you, is my prayer. Mrs. J. M. Perry

## Proper Stripper Use Stressed At Meeting

The proper use of cotton strippers and the right conditions for harvesting were stressed at a series of meetings held throughout the South Plains.

Speaking on machine harvesting of cotton for maximum efficiency and quality preservation was B. G. Reeves, cotton ginning and mechanization specialist with the Texas Agricultural Extension Service. Other featured speakers included Dr. Bob Metzger, Extension Area Agronomist, and Fred Elliott, Extension Cotton Specialist.

More than 95 per cent of the Texas cotton crop was machine-harvested last year, pointed out Reeves, and a 98 per cent efficiency should be obtained with the use of strippers, the mainstay in the area. Many factors affect operating efficiency, he added. Two important items are the speed at which the stripper is operating and the height at which the stripper headers are running. The plant lifters within the header should be checked thoroughly before harvesting begins to make sure they are in top operating condition, Reeves said. When harvesting starts, these should be checked again to assure they are running below the bottom bolls on the cotton stalks.

Harvesting should not begin until moisture conditions are right. Moisture in the lint should not be more than eight per cent and relative humidity at boll height should be 60 per cent or less.

A simple method of checking the line to determine if it is ripe for harvesting is to collect several samples from throughout the field and squeeze them in hand. If the lint fluffs out, it is dry enough to begin harvesting. However, if it balls up or sticks together, harvesting should be delayed.

Timing is also important if a desiccant has been applied. The leaves and stems of the cotton plant should be brittle before harvesting is begun. Usually, this will be a week to 10 days after the desiccant is applied. Main advantage of using a desiccant is that it permits earlier harvesting and more efficient mechanical harvesting.

In further discussing desiccants and defoliant, it was pointed out that these harvest-aid chemicals do not work well when night temperatures range below the 60 degrees mark. Proper timing in using these chemicals is all-important since lint yield, quality fiber, oil content and seed viability can be affected.

The best guide to follow if a desiccant or defoliant is to be applied is to check the field for the per cent of open bolls. At least 60 per cent of the bolls should be open before a defoliant is applied and 80 per cent or more if a desiccant is to be used.

Turning to environmental factors which affect fiber development, Metzger pointed out that as the season advances, more time is required for cotton bolls to ma-
