WOULD YOU BELIEVE NEWSPAPER CHOW?

A mixture of ground-up newspapers and molasses was fed to a test group of heifers for 56 days in an experiment by dairy scientists at Pennsylvania State University. And believe it or not, it is a good cattle feed.

Both groups of heifers were fed conventional corn silage along with the supplement.

It is predicted by Dr. Earl M. Kesler, professor of dairy science, that a newsprint-molasses mixture could help alleviate the exped world food deficit by making available a cheap, nutritious feed that would not compete with man's own food needs.

Special Low Air Rates Available For Parcels To Servicemen

Packages up to 30 pounds for American Military Personnel served by Army and Fleet Post Offices overseas now can be sent by air transportation at special low rates.

"Area residents using the new airlift service will get much faster delivery on parcels to military personnel overseas," he added.

Parcels on which the \$1.00 fee is paid get air transportation all the way—from here to the port of embarkation, and from there to the overseas base.

He said that in many instances the new airlift rates are considerably below comparable air parcel post charges. He cited these examples:

"A mother of wife here sending a 15-pound package to her son or husband in Vietnam pays \$4.30 for the new airlift service. The air parcel post rate for the same package is \$12.08.

"An 8-pound package going from here to Frankfurt, Germany, costs \$2.75 under the airlift service. The air parcel post rate is \$5.87.

Postmaster Strange pointed out, however, that it is not always to the mailer's advantage to use the airlift service. On some light packages air parcel post rates may be lower than the airlift charges.

Postal patrons should check with the Post Office for information on the best way to mail parcels to servicemen overseas.

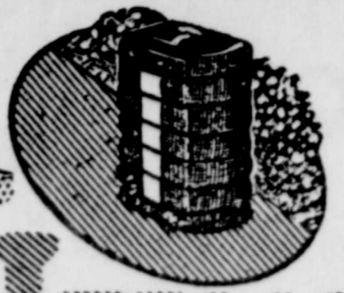

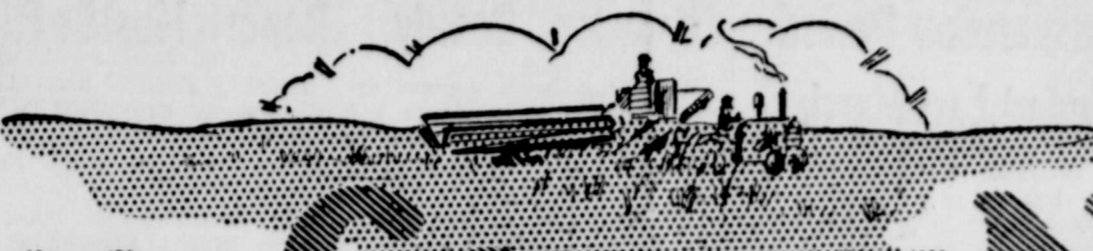

The new airlift service went into effect January 7, 1968. It was authorized under the postal rate bill signed into law December 18 by President Johnson.

Postmaster Strange explained that the regular postage on parcels mailed to servicemen overseas is based on the distance the package is hauled within the United States.

No charge is made for carrying the package between the U. S. port and the overseas base. Until January 7 airlift for parcels to servicemen overseas was restricted to packages weighing up to five pounds.

Upon payment of the regular parcel post rates, these packages get surface transportation to the port of embarkation and are airlifted from there to the overseas posts on a space available basis.

There is no charge for this partial airlift and overseas parcels weighing up to five pounds will continue to receive this service.

Aoudad Season Closed Wednesday

The 1968 Aoudad sheep hunting season closed at thirty minutes past sundown yesterday, after having had hunters from Texas, Oklahoma, Missouri, Kansas and Nebraska roaming the canyons of Randall, Armstrong and Briscoe counties since thirty minutes after dawn Saturday.

As of Wednesday morning, 17 of the Barbary coast sheep had been bagged, eight in Armstrong County and nine in Briscoe County.

Dr. Robert E. Speegel of Garland, Texas, had recorded the largest Aoudad killed as of Wednesday morning. The sheep weighed 192 pounds and field dressed was 150 pounds.

The first sheep of the season was killed by Bill Howse of Wichita, Kansas, Saturday.

Freeman Evans and Stamford Sjogren of Kress bagged the first Barbary sheep brought to the Briscoe County checking station Saturday. The kill was made on the Saul Ranch at about 10:30 a.m. It weighed 100 pounds field dressed and its horns measured 17 3/4 inches.

Joe Kitchens recorded the kill of a young Aoudad Sunday.

Checking stations were manned by Game Biologist Phil Evans of Canyon at the Terrill Christian Ranch, and by Dick DeArment of Wheeler at the roadside park east

of Silverton on Highway 256.

Eighty-four permits, 38 in Armstrong County, 8 in Randall County and 38 in Briscoe County, were issued for the 1968 season.

Temperatures hovered in the frigid zone all days of the hunting season except Wednesday.

Word was received here early this week of the death of Mrs. Bufford Clemmer, 32, daughter-in-law of Mr. and Mrs. Jim Clemmer of Silverton.

Mrs. Clemmer died at the family's home at 41626 47th Street in West Lancaster, California, Monday afternoon.

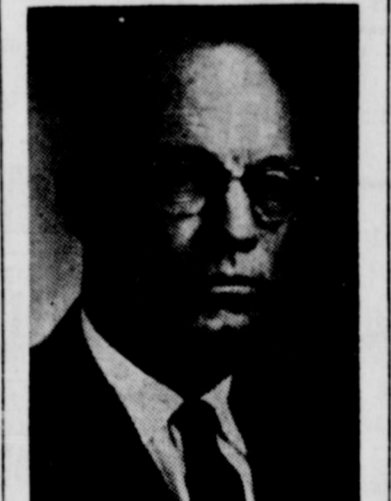

Mrs. Jim Clemmer and her daughters, Mrs. Bill Swindle of Hart and Mrs. Ardon Sartor of Lubbock, planned in Amarillo Tuesday night to travel to California to be with their son and brother and to attend the funeral services. Another daughter of the Clemmers, Joan, flew directly to California from her home in Virginia.

Bufford Clemmer holds the distinction of being the youngest bank examiner in the State of California. He and Mrs. Clemmer were parents of a son, Charles, and a daughter, Janie.

Further details regarding arrangements were unknown at press time Wednesday.

Mrs. O. G. Reed, youngest sister of Mrs. A. H. Chappell is in very serious condition in a Nocono hospital. Mrs. Reed's home is at Muenster.

Mrs. and Mrs. Dee McWilliams, Larry and Paul Ray spent Christmas with Mr. and Mrs. Jerry Dee McWilliams and Trey at Snyder.

J. M. (Red) SIMPSON

ANNOUNCES FOR RE-ELECTION

State Representative J. M. (Red) Simpson, three-term incumbent in the state lawmaking body, makes the following statement today relative to his candidacy for re-election.

"In July 1967 I announced I would not run for re-election. A number of important factors have forced me to reconsider, however. A large number of my constituents in the district and a large number of my colleagues in the House of Representatives have argued the importance of our district maintaining its position of seniority in the House.

"I was further motivated by the fact that several extremely liberal groups from the southeastern part of the state took a great deal of solace from my announcement not to run.

"The resignation of several other responsible legislators of considerable seniority makes it imperative that our district maintain its position of leadership.

"Being in such a position, I feel to the overseas posts on a space available basis.

There is no charge for this partial airlift and overseas parcels weighing up to five pounds will continue to receive this service.

REGISTER TO VOTE — Briscoe County citizens who have not yet registered to vote in 1968 elections may do so by clipping the registration form above, filling in the blanks and mailing to Vinson Smith, Briscoe County

Tax-Assessor-Collector. Citizens in other counties also may clip the form and mail it to the assessor-collector of their county. Deadline for registration is January 31. For the convenience of families in which there are more than one voter, the form will be reprinted next week in this newspaper.

G. B. SHELBURNE

Missionary To Show Color Slides Here

Color slides of Malawi, Africa, will be shown at 6:00 p.m. Sunday, January 14, at the Rock Creek Church of Christ, seven miles east of Silverton, by missionary G. B. Shelburne.

Sunday's program will feature colorful pictures of this rapidly emerging African nation, showing its people and their surroundings. These pictures were taken during Shelburne's work at Namikango Mission near Zomba, Malawi's capital.

He will relate some of his experiences among the African people and will explain the mission activities seen in the slides.

Namikango Mission was established in 1961 by Churches of Christ. It is supported by many American congregations and individuals. Shelburne and a co-worker operate a Bible school in which numerous African church leaders receive training. The American missionaries also make frequent trips to villages in the bush country to work personally among the African people. The mission maintains one village school.

Like many other African countries, Malawi recently received its political independence. Shelburne explains that by teaching principles of Christianity, the missionaries hope to prepare Christian converts to accept their new responsibilities in peace and order.

Shelburne is on leave in the U. S. after two tours of service in Malawi totalling six years. He has been with the mission since its beginning. He is preparing to return to Malawi about July. Before entering the African work, Shelburne served as minister for the Sewell Street Church of Christ in Abilene and the Black Canyon Church of Christ in Phoenix, Arizona.

There will be no collection taken at the report and the public is invited.

TOWN & COUNTRY CLUB TO MEET TUESDAY

The Town & Country Home Demonstration Club will meet Tuesday morning at 9:30 o'clock in the home of Mrs. Lois Walker. Members are asked to bring ideas to share with the club.

Mrs. O. G. Reed, youngest sister of Mrs. A. H. Chappell is in very serious condition in a Nocono hospital. Mrs. Reed's home is at Muenster.

APPLICATION FOR VOTER REGISTRATION CERTIFICATE. Includes fields for Name, Address, Age, Sex, Occupation, Length of Residence, Birthplace, Citizenship, and Signature.

Investment Credit Suspension Period Ended Last March

Taxpayers are reminded that the investment credit suspension period ended on March 9, 1967.

Investment tax credit on machinery and certain real property is limited to investments of \$20,000 or less during the period of October 10, 1966 to March 9, 1967, according to James Mallett, Extension farm management specialist at Texas A&M University.

Qualifying investments acquired after the March 9 date are eligible for the investment credit up to \$25,000 of the tax liabilities plus 50 percent of the excess over \$25,000 (the old limit was \$25,000 plus 25 percent of the excess), points out Mallett.

The Restoration Act also exempts qualifying property ordered during the suspension period but which was acquired or on which construction was begun after May 23, 1967.

Use of rapid depreciation rates on buildings costing \$50,000 or more was restored for buildings whose construction was ordered after March 9, 1967, and those ordered during the suspension but construction began after May 23, 1967.

Even though construction began before May 24, 1967, accelerated depreciation will be allowed for the portion of the depreciation which occurred after May 23, 1967. Depreciation on buildings costing less than \$50,000 were not affected by the Suspension or Restoration Acts, the specialist said.

OBSERVE 52nd ANNIVERSARY

Mr. and Mrs. A. H. Chappell observed their 52nd wedding anniversary Sunday, December 24. All their children were present for the occasion except one son, Harley, of Long Beach, California.

Present were Miss Bonnie Chappell of Riverside, California; Mr. and Mrs. Wilbur Chappell and Durend of Amarillo and their son Fred, who is a student at Texas Tech in Lubbock; Valton Chappell of Amarillo; Mrs. Warner Grabbe, Crockett, Susan and Ronda, Mr. and Mrs. G. W. Chappell, Ronnie, Donna and Cynthia.

Houses Can Have Character, Beauty

Whether a house appears dynamic and inventive, simple and informal, or dignified and formal, it can have character and beauty.

If you are planning to buy or build a house, you want it to have a pleasing appearance. Choose a style, then select an attractive example of it, advises Bonny Lay, Extension housing and home furnishings specialist at Texas A&M University.

Miss Lay offers these considerations when selecting the example of the style you prefer:

Look for simple lines. A house composed of unbroken planes rather than irregular shapes and chopped-up sections is pleasing while a complicated composition can be confused and awkward. Simple lines are more economical to construct, too, says Miss Lay.

Avoid too many materials. A house often has a cheap and cluttered look if wood, stone, brick and glass are all used in a hodgepodge of colors, textures and weights. Add interest by using different materials but not too much for coherence, says the specialist.

Avoid false effects. Materials should look like themselves. If the material is only a cosmetic effect, leave it off! Since houses are seen seldom only from the front, any essential material should be on all sides.

Make details consistent. Avoid such extras as fake dovescots, scalloped eaves and other gawgaws. The style of the details should harmonize with the house style. For example, avoid antique details on a contemporary house, pretentious entrances on small houses and rustic details on a city apartment.

Let honesty, simplicity, coherence and consistency guide you. Beauty will come naturally.

Social Security Reports Must Be Filed

Social security beneficiaries who earned over \$1500 in 1967 must file an annual report of their earnings with the Social Security Administration by April 15, 1968, according to Travis C. Briggs, District Manager of the Amarillo social security office.

The exempt amount is \$1500 and beneficiaries earning this amount or less are not required to file a report. The report is required in order that a proper determination of benefits paid and payable in 1968 can be made.

Reports will be automatically mailed to beneficiaries receiving some payments in 1967. They should be received sometime in February 1968. Beneficiaries not receiving a report by mail because of not having received benefits in 1967 or some other reason should contact the social security office before April 15, 1968.

Briggs said that the annual report should not be confused with a tax return. The annual report must be filed with the Social Security Administration while a tax return is filed with Internal Revenue Service.

Persons desiring help in the filing of this report should contact a representative of the Amarillo office who will be in Silverton at the Courthouse several times each month during the first quarter of the year.

Larry McWilliams and Greg Towe were home from Southwestern State College at Weatherford, Oklahoma, for the holidays.

Beauty will come naturally.

NEWS FROM THE COUNTY AGENT'S DESK

High condition, or overfatness, can cause temporary or permanent sterility in both cows and bulls. This occurs frequently in purebred heifers that are being fed for long periods of time. Excess condition, can also affect the longevity of the cow. In addition to reproduction problems, overfeeding can also result in wastage of large amounts of feed not needed by the animal to meet growth requirements. Stockmen must know the nutritional requirements of his animals and feed them accordingly. On the other hand, some cattlemen may neglect their animals by

Starting This Year Driver's Licenses Will Carry Pictures

There's a new look in Texas driver's licenses starting this week—your look. A color photograph of you will dress up your new license. From now on every time you renew your license you'll have to do it in person so a new color photograph may be taken. An eye test is also required. Previously, eye tests were required only on the first application for a license. Now everybody has to prove they can see well enough to direct two tons of steel at high speed. Vision poorer than 20-40 must be corrected by glasses or contact lenses.

For first-timers, two thumbprints also will be required. Minors will have "provisional" stamped in white lettering in the band across the top of the license. The Department of Public Safety will have 250 fulltime offices to handle the crush of in-person renewals. It had only 35 such offices in 1967.

There are 5.8 million licensed drivers in Texas. About 2.5 million renewals are handled each year, but that's under the two-year license system.

After a staggered start, all licenses will be good for four years and expire on the driver's birthday, for easier remembering. If your license number ends with 1, 3, 5, 7 or 9, you will get only a two-year renewal. Even-numbered licenses will be renewed for four years. After that, everyone will get a four-year license. Four-year licenses will cost \$6—double the money for double the time.

If you move or lose your license, it will cost you \$1 for a new license. This is 75¢ more than duplicates used to be. The color picture jacks up the price. The picture will be taken on a roll of film that will be developed later. The new license will be mailed to you in about the same time previously needed for renewals—two to three weeks. Meanwhile you can drive on a DPS receipt.

All licenses will be laminated with clear plastic. No fair scratching over your picture just because you don't like it. Now alteration of licenses will carry a stiff penalty.

Mr. and Mrs. Jon LaBaume and baby of Wellington visited her parents, Mr. and Mrs. Ashel McDaniel, other relatives and friends here during the holidays.

Assigned To Americal Division

Army Specialist Four Lynn Dale McDonald, 25, son of Mr. and Mrs. J. H. McDonald of Quitaque, was assigned to the Americal Division near Chu Lai, Vietnam, on December 28.

Sp. McDonald is an information specialist in the division's information office. He entered the Army in November 1966 and was last stationed at the Army Home Town News Center in Kansas City, Missouri.

The specialist, whose wife, the former Doris Estes, is living at 1101 Brookside, Independence, Missouri, until midterm, graduated in 1960 from Quitaque High School and received a bachelor of science degree in 1965 from Texas Technological College.

Livestock Production High In Texas

The latest reports are in for Texas on Livestock Production for 1967. Production gains for livestock products were large in 1967, especially for hogs, poultry and eggs. Commercial production of beef in 1967 was up six percent from a year earlier. Average livestock product prices received by farmers were four percent lower than in 1966.

For the marketing year, overall productions of livestock and livestock products will very likely continue around the high year earlier rates well into the summer of 1968.

David Seaney of Charleston, South Carolina, spent Sunday night with his grandparents, Mr. and Mrs. George Seaney.

Post Offices Busy Filling Orders For Penny Stamps

Queues formed at Post Offices all over the nation Monday as Americans adjusted to higher postal rates.

The lines at postal windows were made up mostly of those wanting to buy penny stamps or those costing six or ten cents. The confusion mostly involved letter-writers trying to blend stamps already on hand into the new rates which became effective at midnight Saturday night.

Postmaster Fred Strange reported selling 5,000 one-cent stamps at the Silverton Post Office Monday.

At Waterbury Connecticut, one letter turned up in the post office wearing a nickel stamp with a penny taped on the envelope next to it. The foreman of mail there said, "It could have been sent back as illegal, but we'll give the sender the benefit of the

doubt this time. I'll just go upstairs and buy a one-cent stamp with the penny."

First-class rates went up from five to six cents for letters, eight to ten cents for airmail and four to five cents for postal cards. Third-class bulk mail went up from 2 7/8 cents a piece to 3.6 cents.

In Buffalo, New York, 600,000 letters were dumped through the slots—400,000 more than the usual Saturday collection.

A spokesman for New York's Manhattan post office said 3.5 million pieces of mail—seven times as many as usual—were deposited on Saturday. The crush included not only first-class letters but a heavy influx of third-class bulk mail, mainly advertising circulars.

Los Angeles had 5.1 million

pieces of first-class mail on Friday, compared with the average four million, and 1.5 million on Saturday when the normal take is one million.

The post office at Neosho, Missouri, sold out its one-centers and had to borrow 20,000 from neighboring Joplin.

Clerks were put on overtime to handle the six-center rush at Cincinnati's main post office. Harry Weingarten, assistant superintendent, said he had laid in a supply of 250,000 and was hoping customers ran out of enthusiasm before

he ran out of stamps.

The postmaster of Newark, New Jersey, said "it looks like Christmas has hit us all over again."

One bemused housewife asked, "How much are the one-cent stamps now that the rate has gone up?"

Study Club Meets In Mercer Home

Mrs. Fred Mercer entertained the March of Time Study Club in her home on December 21, 1967. Mrs. True Burson gave the devotional, and the entertainment was the Christmas Story presented as a chalk talk by a guest from Tullia, Mrs. T. C. Measles.

The Mercer home was decorated for the occasion, and fruit cake and coffee were served to those attending.

Mrs. Carolyn Self presided at the business meeting which followed, and plans were made for the club's library-money project, the Bridge and 42 Marathons.

For the regular meeting on December 7 held in the P.C.A. club room, Mrs. Carolyn Montague was hostess and Mrs. Diamond Williams led the devotional.

Sheriff Vinson Smith introduced the guest speaker Special Safety Patrolman Ed Richards, and the Patrolman's father, Ted Richards. Patrolman Richards explained the film he showed and gave the statistics of highway accidents and their consequences. Following his talk, a question and answer time acquainted the members still further with the debt all owe to the law enforcement officers and the obligation to obey traffic and safety rules.

Fire Department Receives \$75 Check

The Silverton Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the department's work on the property of Silverton Gin, Inc.

The money will be used for purchase of new equipment.

The Texas Farm Bureau Insurance Companies pay fire departments this amount when the department answers fire calls outside the city limits, involving property insured by them.

The insurance companies believe fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope that this money will help the Silverton Fire Department in its program.

Spending Christmas with Mr. and Mrs. Claude Allison were their son, Tony, a student at Abilene Christian College; Connie Collier, of A. C. C. and her brother, Dale Collier, a student at York College in Nebraska; Mrs. Gordie Howell of Vernon; Mr. and Mrs. James Allison and boys of Lubbock.

Tax Man Sam Sez:

Employers are required to issue W-2 forms for each of their employees during 1967 before January 31. Getting a correct W-2 from your employer is important for each taxpayer. Internal Revenue has these tips for you: (1) Be sure to get a correct form W-2, that shows the correct wages and tax that you have paid; (2) If you have changed jobs and/or moved, make sure that your former employer knows where to mail your Form W-2; and (3) Be sure to get all your Forms W-2 before you prepare your tax return.

Caprock Juniors To Attend Workshop

Caprock District Junior federated clubs have been invited to a reporting workshop for juniors only, Saturday, January 20, in the community room of Security National Bank, 34th (Brownfield Highway) and Slide Road in Lubbock.

A sandwich luncheon will be held at the noon hour, with each club member asked to bring a sack lunch. A soft-drink machine will be available. Prizes will be given for the most cleverly-decorated and prettiest sacks.

The details of a new contest will be revealed. All details, rules and guidelines will be offered at the workshop only. Due to the increased cost of mailing, none of the material will be mailed out to the clubs who don't attend.

Members of L. O. A. Junior Study Club are urged to plan to attend. Bring your sack lunch (in decorated sack) and meet at the home of Mrs. Charles Sarchet to leave at 8:30 a.m. If you live south or west of town and would like to be picked up at home rather than meeting in town, please call the club president, Mrs. Randall Eddleman.

VICKI'S VIEW

Point

It seems like I've contracted a case of "Senioritis." About all I do these days is "remember when."

Well, remember during the first few weeks of school how the word was "Spirit"? It was SHOW YOUR SCHOOL SPIRIT or SUPPORT THE OWLS.

It's certainly been a long two months since I've heard Spirit even mentioned in regards to S.H.S.

What happened? Remember when Mr. Rampley announced that there would be no more yelling in the halls? That caused more uproar than any yell ever did!

Then the big question was "What is Spirit if it's not yelling?" Almost everyone voiced his own opinion about exactly what Spirit is. And I feel that our school upheld Spirit in spite of restrictions placed on us.

So what happened? I don't think it's that there is so much less enthusiasm for basketball than there was for football. On the contrary, there are many more of our students directly involved in basketball than in any other sport.

So that's not it. Is it because we have so many more basketball games than football games? Well, it could have been that a few weeks ago, I remember once when we played games six out of nine days. But there hasn't been a home game

since December 19. Our next one will be January 16 with Hart.

No, I wouldn't say our Spirit has evaporated because we have more games.

Could it be, then, because many of us high school students and many of our supporters who aren't students have forgotten what Spirit means?

Spirit comes from a Latin word that means "breath of life." Wouldn't it be dull if Spirit weren't a part of our everyday life. In some respects, Spirit is all that keeps us going from day to day.

You could say some of the qualities of a winning Spirit are pride in the teams, the coaching staff, and in the school; unity between the student body and the players; sportsmanship toward opponents and rivals; teamwork that sparks interest in the teams from without as well as within (everyone admires teams that work together); and interest in the world around us.

When you think about it, you don't even have to be interested in a sports season to have Spirit. Spirit is more than just "rah! rah! rah!"

Spirit is
Appreciation of Life,
Character,
Thought,
Initiative,
Organization, and
Necessary Support of What You Believe.

**Seniors Attend
Shakesperian Play**

Thirty-four Seniors and seven sponsors spent two and a half hours last Thursday, January 4, enriching their minds at "The Taming of the Shrew," originally a play by William Shakespeare, shown in cinema form at a theatre in Plainview. Most of the class members considered the play worth the time it took to see it, and some expressed a hope to see other plays by Shakespeare.

Attending were Lynn Frizzell, Joe Mercer, Karen Holt, Ian Lanham, Vicki Vaughan, Dale Sissney, Randy Cantwell, Van May, Tim Matheus, Harvey Masey, Rickie Bingham, Laquita Bomar, Joyce Brooks, Judy Yancey, Ester Vasquez, Garner Waters, Clifford Rowell, Ninette Martin, Pat Grabbe, Ruby Pitchford, Linda Yancey, Judy Wilkinson, Nancy Long, Jane Self, Roy Ann Bomar, Venita Teeple, Debbie Dickerson, Mary Whitfill, Nancy Nance, Jan Hutsell, Roland Montague, Gene Smith, Terry Grimland and Jerry Shoemaker.

The adults who made the venture possible were Mrs. Snooks Frizzell, Mrs. Carl Bomar, Mrs. Roy Montague, Mrs. Datis Martin, Mrs. Charles Whitfill, Mrs. O. C. Rampley and Miss Charlotte Brister.

**Student Council Has
Christmas Party**

The Student Council hosted an all-school Christmas Party on December 19, and served decorated Christmas cookies and punch.

Cynthia Sutton was accompanied by Paula Birdwell when she sang two Christmas selections. The Senior girls, led by Miss Brister, sang several selections also.

The Juniors were represented by several girls who presented Christmas music.

Wad Brannon portrayed Santa in the Sophomore skit. He came bounding down the stairs, with his belly shaking, to fill the stockings with beer cans.

Larry Neil sang "How Great Thou Art" and Nicola Shoemaker played some selections on her accordion for the Freshman Class. Gifts were presented to various teachers and school officials.

I REMEMBER . . .

When beer bottles were thrown in the swimming pool and it had to close for three days.

And the TREES.
And when the F.H.A. girls scrubbed the streets.

Roses are red,
Blackboards are green.
We can't even type
Because Jim is so mean.

I remember bobby socks.
And when Tim's car didn't have a dent in the door.

When the school door was burnt and there was hay in the school rooms.

The BRIDGE, the Arena, Banana Baby and Philip.
I remember when there were no lights at the PARK.

And when I didn't know there was a place East of here.

DALE SISSNEY

**Dale Sissney Makes
All-Tourney Team**

During the Memphis Tournament which was held during the Christmas holidays, one Silverton basketball player was chosen for the All-tournament team.

Named to the all-tournament team was Dale Sissney, son of Mr. and Mrs. Homer Sissney, a senior in Silverton High School.

Sissney, a post for the Owls, usually leads the scoring for Silverton. During the past season, he has received the distinction of receiving two all-tournament trophies—one at the Silverton tournament and the other at Memphis. As a Junior, Dale made the Silverton and Clarendon All-Tournament teams.

He is a four-year letterman.

The New Year

by Maria Martinez
Now we are in the beginning of a brand new year. If we all work hard to make this year a WONDERFUL one, then WONDERFUL it shall be. What must we do to make it WONDERFUL? Well, first we could try to get along with one another the best we can, which I know is very hard to do sometimes, especially when you dislike someone. BUT at least make the effort.

Another thing we could do is to study a little bit harder to get better grades this coming semester. That way, we would be happy because our parents will be proud of us, and maybe will let us have more fun.

Well, I hope everyone will be very happy this year, and may God bless all of you.

Junior Class Meets

(Christmas Leftovers)

By Roy "Huntley Brinkley" Wood
The Class of '69 met at 10:35 Friday morning to decide on a skit to be presented to the high school during the Christmas program.

There was much discussion about this due to the mess we made of the last play acting we did. But we finally decided to try to make up for it and have a skit.

APPRECIATION

Appreciation for the work done by Kathy Self, Karen Holt, Lexie Younger and Barbara Davis and to the boys who varnished the gym floors. Kathy and Karen are remembered for the fine job they did sweeping the floors, even twice. Lexie and Barbara swept and scraped the dried gum off the floor.

These jobs were necessary for the gym floor to be varnished.

JUNIOR NEWS

The Class of '69 met January 2 and Mrs. Brenda Cook was elected as the new class sponsor.

The class funds were discussed and it was decided that we'll meet again.

Take a minute to think about Vietnam. Think about brave men. A rifleman in a rice paddy. The gunner's mate who postponed college. The 'copter pilot and his wounded marine passenger. Those men are Americans. Those men are there. Those men are fighting for freedom—and supporting it with their dollars, too, through the Payroll Savings Plan. They deserve your support.

*Every purchase You Make
In a Home-Town Store... is Just Like*

Putting Money in the Bank

... a bank you can draw on for customers, a job, friends in time of trouble, schools for your children, churches for spiritual help . . . and the good life in this community . . . where everybody is Somebody

Every time you spend a dollar in this community for goods and services, a substantial part of that dollar automatically becomes an investment in an enriched social and business life for YOU and your family and friends.

It's an investment you can draw on every day of your life . . . an investment that pays big dividends in happiness and prosperity, as it strengthens and builds up the vitality of this area in which you live . . . and in which YOU are important.

Contrast this with what the community-building and supporting part of your dollar does for you when you spend it away from home, send it to some mail order house, or surrender it to some migratory peddler.

It's gone. To support some other area . . . to build up wealth that YOU can never draw on . . . and to strengthen those who aggressively drain off the trade of your community . . . to weaken your business, your schools and churches, to eliminate your job, and devalue your property.

CARDS OF THANKS

Our hearts are full of appreciation for your many acts of kindness and words of consolation at the loss of our loved one, Donna. Our deepest gratitude to you for all the flowers, telephone calls, memorials, beautiful cards, for the food and the friends and neighbors who came to our home to help.

Your friendship is a great help at this time of sadness. May God bless and keep each of you in our prayer.

Joe Wayne Brooks, Mark and Kelly Mr. and Mrs. Roy Mayfield Mr. and Mrs. Joe Brooks Mr. and Mrs. Charles Mayfield and family

Dear Mr. and Mrs. Sarchet, and the other wonderful people in Silvertown,

I want to express my most sincere thanks to you for being so very kind and thoughtful in sending me and the other servicemen cards during Christmas.

It's a great feeling knowing the people back home do know we're here and appreciate the task we are desperately trying to do for this great country of ours.

A lot of men have died and there will be more before this war is over, but I'll assure you none died in vain.

This country of ours, which is made up of people like you, is well worth dying for.

May God bless and watch over each and every one of you. Sincerely, Allen Joe Thomas RM3 CR Division USS Oriskany CVA-34

I wish to thank the study club and others who sent me Christmas packages and cards. It helps more than I have words to express. David Seaney USS Alcor
