

All Around the Town by Mary Ann Sarchet

Who is Right and Who is Wrong? Who decides who is right and who is wrong? If people disagree on a point, is it true that one is always right and the other is always wrong? I don't think so.

I enjoyed the Children's Film Festival, "Hand In Hand," on television Sunday afternoon. In this particular story, Rachael, a little Jewish girl, and Mike, a little Catholic boy, arrived at an understanding on religion. They learned to understand one another's religious views by visiting the services of the other and working toward the open mindedness necessary to eliminate the prejudices taught them by their parents. Wouldn't it be great if grown people were as interested in one another?

In contrast to the children who wanted to understand one another badly enough to visit the religious services of another in the face of parental objection, are those adults in the world around us who set themselves up as authorities on every subject, and seek to undermine every group with whom they don't see eye to eye or whom they do not understand. These people go about presuming to run down this group and that group, this club and that club—not stopping to realize that perhaps they don't really know all about these things without actually having heard or seen anything of which they speak.

Why are we all so anxious to run down another? Does it really make us feel bigger?

One woman laughed and told me: "My aptitude test always makes me sound funny. I show a high interest in the mechanics of things and a low interest in social work. If the paper asks if I had rather build a birdhouse or do welfare work—we'll! I'd really rather build a birdhouse!"

You couldn't say this thinking is wrong even though this might not be the answer you would give. Let's face it: not every person enjoys the same activities. Everyone isn't supposed to like the same things! If we did we'd be a nation of medium-sized women, all wearing medium blue dresses with medium-heel shoes. We'd each carry a medium-sized handbag and drive a medium-size car. We'd all live in houses just alike, each with the same kind of furniture, all arranged the same. We'd cook the same foods for our families every day, and we'd never even ask: "Where is our individuality?"

Some people delight in degrading the civic clubs other people belong to—labeling them as "gossip" sessions, etc. If a person hasn't visited a club meeting, how can she know what goes on there?

I'd like to leave you with a little thought that you might try to remember if anyone ever presumes to run down club work in your presence: exactly who would work for the improvement of our little town if it weren't for the clubs? Who would go out to try to get grass planted on the school grounds; who would give assistance to the needs of the school which are not covered by the budget; who sees that the public library stays open; who would care enough whether or not we have an adequately-equipped fire department to go out and do something about it; who would care if the city park had barbecue fireplaces, tables or trees; who cares enough to try to start a movement toward civic improvement except the local clubs?

When churches preach the golden rule and brotherhood among men, how can so many believe that a Christian should set himself up as a judge over the affairs of his fellow men?

Why can't our minds be as free of prejudices toward our fellow beings as are the minds of children?

COUNTY-WIDE 4-H CLUB HAS ST. PATRICK'S DAY PARTY

The County-Wide 4-H Club had a St. Patrick's Day Party at 7:30 p.m. March 21, 1968, in the fellowship hall of the First Baptist Church here. Pat Jarrett, vice-president, was in charge of the meeting. Business was discussed, games were played and refreshments were served. Mrs. Lottie Garrison told the group that Briscoe County has been chosen to attend Electric Camp July 8-12, 1968. County Agricultural Agent Ken Cook will choose four boys and four girls from the senior division to represent Briscoe County at the camp. Delegates from Silvertown are Mrs. Frances Kellum and Mrs. Lois Walker. Alternates are Mrs. Bobbye Bean and Mrs. Lanita Cantwell.

Rowell Services Conducted Saturday

Funeral services for Charlie Rowell, 76, were conducted at 3:00 p.m. Saturday in the First Baptist Church here with the pastor, Rev. C. H. Murphy, jr., and Earl Cantwell, minister of the Rock Creek Church of Christ, officiating. Pallbearers were Donnie Rowell, Lige Hooten, Aubrey Rowell, J. D. Rowell, W. D. Rowell and John Hooten. Burial was in the Silvertown Cemetery with arrangements under the direction of the Silvertown Funeral Home. Mr. Rowell died Thursday in the Veterans Administration Hospital in Amarillo. A native of Comanche County, he was a member of the First Baptist Church and was a veteran of World War I. Survivors include his wife, Emily, seven sons, Clifford and Dean, both of Silvertown, Dale and Chester, both of Denver, Colorado, J. W. of Cotopaxi, Colorado, Orville of Sapulpa, Oklahoma, and Charles of Houston; two daughters, Mrs. Kenneth Hooten of Silvertown and Mrs. Lige Hooten of Forrest, New Mexico; two sisters, Mrs. Oloe Yose and Mrs. Kelly Riptoe, both of Munday; five brothers, Bud of Lubbock, Clarence of Brady, Homer of Tulsa, Carl of Breckenridge and Earl of Augora, Florida; 21 grandchildren and six great-grandchildren.

Farm Program Sign-Up Concluded

The 1968 annual farm program sign-ups are over. A total of 493 farms is participating in one or more of the programs. Diversion percentage is higher than expected for cotton but about what was expected for feed grains. Cotton farmers signed up to divert 7108.2 acres and plant 18102.5 acres. The percent diverted for cotton is 28.20% and planted 71.80%. Feed grain farmers agreed to plant 35,513.0 acres and divert 30,057.0 acres. The percent planted is 54.16% and diverted is 45.84%. Advance payments made to farmers under the cotton program totaled \$105,361.09. Money paid out under the feed grain program was \$281,624.49. There were no advance wheat payments. It is not known how the towns of Silvertown and Quitaque could get a larger boost to their economies than they are getting through the farm programs. ASCS officials are hopeful that the townspeople and farmers will join together to support the vitally important programs.

The 1968 Briscoe County Favorite Food Show was held in the Silvertown School Cafeteria on Saturday, March 23. Judges for the event were Lady Claire Phillips, Lamb County Home Demonstration Agent; Mrs. Hulsey, Lamb County 4-H leader; and Leila Petty, Swisher County Home Demonstration Agent. Briscoe County 4-H leaders helping with this year's show were Mmes. Polly Jarrett, Olivia Fabela, Donna Smith, Nina Martin, Helen Strange, Lanita Cantwell, Glenda Francis, Wayma Bomar and Teresa Sutton.

JUNIOR DIVISION

Entered in the Meat Group were Rhonda Cagle, Rhonda Sutton, Gloria Fabela, Debra Strange and Lesa Francis. Rhonda Sutton won first place and Lesa Francis placed second. Debra Cantwell, Barbara Ledbetter and Shonda Gauntt prepared dishes in the Fruit and Vegetable Group. Debra Cantwell placed first while Barbara Ledbetter was chosen for second place. Those girls exhibiting in the Bread and Cereal Group were Doris Cantwell, Kaedean Bomar, Celia Martin, Becky Francis and Peggy Croft. First place went to Celia Martin and second place was awarded to Kaedean Bomar. Only two girls, Mary Chris Cantwell and Odella Patinio, chose to enter the Milk Group. Mary Chris placed first and Odella placed second.

SENIOR DIVISION

In the senior division, only one girl was entered in each food group. They were Marilyn Minyard, Fruit and Vegetable Group; Cynthia Sutton, Meat Group; Pat Jarrett, Bread and Cereal Group; and Sharon Jarrett, Milk Group. Cynthia and Rhonda Sutton tied for high point honors over the entire show, each finishing with a score of 94 points. "We wish the best of luck to Rhonda Sutton, Debra Cantwell, Celia Martin, Mary Chris Cantwell, Marilyn Minyard, Cynthia Sutton, Pat Jarrett and Sharon Jarrett as they travel to Lubbock Saturday, March 30, 1968, to participate in the District 2 4-H Food Show," said County Agent Ken Cook. "We would like to take this opportunity to congratulate each girl who participated in this year's show on a job well done. We would also like to thank each judge and each leader who helped with the show. Without their hard work, this year's show would not have been possible," he added.

Easter Holidays To Be Shortened

According to a recent announcement by Superintendent J. S. Hinds, school will be dismissed April 15 and 16 for Easter holidays. Due to the recent school days missed because of bad weather, the Easter vacation was shortened in order to finish the school year on May 24 as planned.

Water, Inc. Membership Report Is Given

Chester W. Mitchell of Lockney, District 10 Director for Water, Inc. reported a total of 123 members from Floyd and Briscoe counties following the recent drive for new members.

ings were held in Floydada, Silverton and Lockney, with approximately 127 members and non-members in attendance.

According to Mitchell, the new members enrolled during the membership drive placed District 10 in third place for total number of members in Water, Inc.

"As of March 15," Mitchell said, "there have been 55 individuals, farmers and businesses, who have joined as new members. We know there are many others who are concerned about our dwindling water supplies and are interested in helping import supplemental water. We hope they will join,

Memorial Program Gaining Popularity

An indication of the growing popularity of the American Cancer Society's memorial program was given today by Dale Byerly, Field Representative for District 3-South of the Texas Unit of the American Cancer Society.

Mrs. Leo Fleming said that the memorial gifts to the Briscoe County unit totaled \$47.00 during the fiscal year which ended August 31, 1967.

"The rapid growth of memorial giving is due to a keener public appreciation of the fact that more tools are needed in the fight against cancer," Mrs. Fleming said. She pointed out that research against the disease has progressed so rapidly that there has not been enough money available to follow-up on the many new leads which have been uncovered in recent months.

"Research against cancer has widened tremendously, and most scientists now believe that the disease will be conquered before many more years have passed," she said.

Mrs. Fleming said that the memorial gifts received by the local unit of the American Cancer Society are not made only as remembrances of those who have died of cancer, but frequently in honor of happy events, such as birthdays and anniversaries.

"Some donors have established the habit of making memorial gifts at regular intervals during the year," she added.

Every memorial gift is acknowledged with a dignified white card naming the person in whose

because their support is wanted and needed."

In making the membership report, Mitchell stated that the District was surpassed in total membership by only Districts 9 and 11. Hale and Swisher counties comprise District 9, with Lubbock and Crosby counties forming District 11.

Silverton members listed in Water, Inc. are Carl D. Bomar, Briscoe Co-Op Gin, Don Burson, True Burson, Edwin Crass, First State Bank, Carver Monroe, G. W. Lee, Allen Kellum, J. D. Nance, John T. Francis, L. W. Francis, Spencer Long, Roy Montague, Pat L. Northcutt, J. E. Oneal, Ray Teeple, Charles Whitfill, Clifton Stodghill, Herman B. Thornton, Oscar Golden, Clyde Mercer, Joe B. Mercer, Roy S. Brown, Raymond McJimsey, Ware Fogerson and H. T. Hamblin.

Mrs. Williams Is Junior Poet Laureate

Mrs. Paul Williams, who was a member of L. O. A. Junior Study Club prior to moving to Plainview where her husband will be attending court reporter school, was named as the Junior Poet Laureate of Caprock District at the convention held in Lamesa March 22-23.

Mrs. Williams was a member of the program committee and wrote the introduction to the programs. This poem won first place in the junior clubs division.

The former Joan Maxwell, she is a 1956 graduate of Plainview High School.

We give to you this Treasure Chest of Knowledge
 With subjects old and new
 Hoping we will be much wiser
 Before the year is through.

Among its treasures you will find
 The things that bring us peace
 Of mind
 The jewels that come through learning

Add the gems of accomplishment.
 The hidden wealth of knowledge
 We now bring into view—
 This only comes through searching

honor the gift is made. This card is sent to the person designated by the donor. It does not state the amount of the gift.

Mrs. Fleming said that the process of making a memorial gift is simple. The only information needed is the name of the person honored and the name and address of the person to whom acknowledgement should be sent. Special envelopes are available at the American Cancer Society offices and from Mrs. Leo Fleming, Box 98, Silverton, Texas 79257, or by calling 4176.

Texas Day Is Observed Here

Texas Day was observed by members of L. O. A. Junior Study Club at their regular meeting at 7:00 p.m. Monday in the school homemaking department.

Each club member present gave a report on "Things To See and Do in Texas."

Mrs. Champ McGavock told about historic old Fort Davis. Mrs. Wayne Stephens contrasted the new with the old by describing the Astrodome. Mrs. Fred Edwards told about the Southwestern Historical Wax Museum.

Mrs. J. E. Patton described Six Flags Over Texas, and Mrs. Randall Eddleman told about Historic Homes and Buildings in Texas—"A Music All Their Own" in architectural design. Mrs. Jerry Miller told about Pioneer Town.

Mrs. Robert Haley Hill told about the historic significance of The Alamo, and LaQuetta Schott described Texas Outdoors—Yesterday, Today and Tomorrow. Mrs. Charles Sarchet described Palmetto State Park.

Plans were made for the upcoming volleyball tournament, and awards from the Caprock District Convention were presented for club members to enjoy.

Mrs. McGavock was hostess and served chocolate cake and punch from a table covered with a white cloth and decorated with an arrangement of blue flowers.

NEWS FROM THE COUNTY AGENT'S DESK

MESQUITE SEED

Many people have asked about the chemical composition of mesquite seed and from a recent re-

lease from Texas A&M University, here are their findings.

The mesquite bean is 41.9 percent crude protein, .53 percent phosphorus, .48 percent potassium and .06 percent calcium. The bean and the pod are 11.0 percent crude protein, .10 percent phosphorus, .66 percent potassium, and .08 percent calcium.

The mesquite pod alone has 7.6 percent crude protein, .09 percent phosphorus, .80 percent potassium and .08 percent calcium.

Mesquite beans would make fair livestock feed, but it must be remembered that it takes a lot of beans to make a pound of feed.

Also mesquite does not make a bean crop every year and uses large amounts of water. If this water were used to grow grass, up to four times more feed would be available.

Flying High, Wide, On The Ground

The miracle of computer technology is revolutionizing modern education—influencing, changing and improving the way we learn from kindergarten through college and beyond.

No where is this more apparent than in the training given today's "jet set" of high-flying pilots.

At Trans World Airline's Jack Frye International Training Center in Kansas City, Mo., recurrent training for airline pilots starts from the ground up. This sprawling complex of technology boasts a bank of eight computer-controlled jet simulators that look, feel, sound and perform exactly like the flight deck of a full-size, highly sophisticated plane. Capable of reproducing every conceivable emergency, including maneuvers far too complex to perform in the air, the simulators are a regular land point for TWA pilots.

The instruments, flight controls and signals in the simulator respond exactly as do those of a specific aircraft in flight. Since the process of flying is largely by instrument, the simulator is as real as the flight deck of a 707, or a Douglas DC-9, or a Boeing 727, or a Convair 880. Even the exterior looks like the nose section of the aircraft it represents.

Adding to the drama are two closed-circuit television systems, one in color, that present a moving view of what is usually seen through the windshield. The special sound effects that imitate the whine of jet engines and the simulator's pivoting about in response to control movements all help to

bring the "plane" to life.

But they are not for play. Twice a year, even the most experienced TWA commanders report to Frye to test their skills by "flying" the simulators. And TWA beginners—even those with thousands of jet flying hours behind them—must prove and reprove themselves on the ground before moving skyward.

Inside the "cockpit" of a simulator, anything is bound to happen. Without warning, engines, cabin pressure, and hydraulic system fail, but the pilot is expected to deal swiftly and effectively with whatever situation is created—without hesitation, without false inputs, without losing his composure.

"I've never experienced a critical in-flight problem, and I probably never will; so this kind of training keeps you sharp," said a TWA captain.

one of the larger pig shows in the state of Texas this year, and the competition was equally as stiff.

Six Accidents Recorded During Month of February

The Texas Highway Patrol investigated six accidents on rural highways in Briscoe County during the month of February, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in an estimated property damage of \$2,730.00.

The rural traffic accidents for this county during the first two months of 1968 shows a total of seven accidents resulting in no persons killed, two persons injured and an estimated property damage of \$3,280.00.

"With April 15 deadline for obtaining inspection stickers, only 37 per cent of the registered vehicles in the county have been inspected," stated the Patrol Supervisor.

In order to avoid the inconvenience of the last minute rush and the possible shortage of seat belts,

Mr. and Mrs. Pat L. Northcutt, Mr. and Mrs. D. T. Northcutt and Mr. and Mrs. G. W. Lee have been in San Antonio for the cattlemen's convention this week.

Judge M. G. Moreland is to have surgery in St. Anthony's Hospital in Amarillo this morning.

motorists are urged to get their vehicles inspected promptly.

And driver operating a vehicle registered in Texas, that is required to be inspected, on public roads after April 15 without a valid 1968 inspection sticker will be operating in violation of the law and is punishable by a fine not to exceed \$200.00.

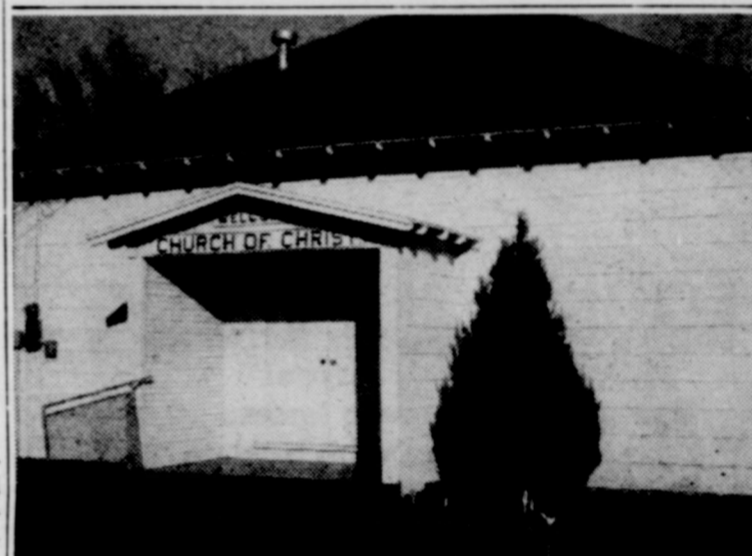

Jeanne Davis of Amarillo visited her parents, Mr. and Mrs. Edwin Davis, Lanis and Dwin here early last week.

Texas, according to the Texas Forestry Association, has been one of the top lumber-producing states for the past 80 years, with a production of 970,000,000 board feet in 1967.

April 2 Is Cancer Crusade Day In Silverton

Mayor Jimmie House recently signed the official proclamation of Tuesday, April 2, as Cancer Crusade Day in Silverton. This day has been designated by the Briscoe County Unit of the American Cancer Society as the day when local volunteers will call on their neighbors to distribute life-saving information on cancer and to take contributions from those who would like to help in the fight against cancer.

Mrs. Dee McWilliams is the Briscoe County Cancer Crusade Chairman this year, and has issued an appeal to the rural people in this area: "Please mail your checks or bring them to me in the next two weeks if you would like to join with thousands of other Texans in an effort to provide the money necessary for carrying on the research program which the American Cancer Society has undertaken for the purpose of trying to find a cure for cancer. We do not have enough volunteers to canvas the rural area of Briscoe County, and will appreciate your cooperation.

"To those of you who live in town," Mrs. McWilliams continued, "we will appreciate it if you will leave your porch light burning on the night of April 2, as an indication of your support of the American Cancer Society. Our volunteers will be greatly encouraged when they see your light burning."

Volunteer workers are still be-

ing sought to assist with this work. Members of L. O. A., Century of Progress and March of Time study clubs have been contacted. If there are others who would volunteer to help in this cancer eradication program, please call Mrs. McWilliams.

Walter M. Schirra, jr., captain, USN, NASA Astronaut, is the Texas Cancer Crusade Chairman. He says, "Each new report on the progress that is being made in cancer research draws us ever closer to our ultimate objective—the eradication of cancer. So, you may be sure that the job you and other volunteers are going to do for the Society is a most important contribution to the Texas Cancer Control Program.

"There is one point that I wish to emphasize and I think it is one which should be pointed out to each member of the Crusade team—these scientific gains are made at a tremendous investment in manpower, brains and money. It takes millions of dollars a year to support the scientists—to equip their laboratories—to provide the supplies they need.

"We can be proud of the great things being done by the American Cancer Society in research, service and programs of public and professional education. These are the kinds of things that are needed; and, these are programs that make me feel a great deal more secure about the cancer problem.

"Good luck with your Crusade. Remember, every dollar collected is an investment in health and in life."

Bill Griffin is in charge of the Cancer Crusade at Quitaque this year.

C. H. MURPHY, JR.
