

All Around the Town

by Mary Ann Sarchet

I recently ran across an article in "Scouting" magazine which I think has points worth repeating.

Money Alone Does Not Build Character

Once most juvenile delinquents came from the worst part of town, were poor, and often the children of broken homes. Today, although youthful criminals may still come from such tragic backgrounds as broken homes and slums, they also come more and more from good homes, from comfortable homes, from middle-class suburban homes.

In the typical middle-class suburb there are no slums nor any socially or economically deprived children. Nevertheless, children from such suburbs are involved in a variety of criminal acts. These clean-cut, often private-school bred youngsters are hauled into police stations for the same crimes committed in the teeming neighborhoods of the big cities.

This is a relatively new phenomenon — children from good homes; pampered, spoiled children going on a rampage of drinking, drugs, vandalism, and crime. Why? I sought an answer from a group of well-off teenagers. To my great surprise, their reply was that in this age of excitement young people are bored; they are looking for "kicks." They also felt that delinquency was sometimes the result of going along with the crowd. The last thing a youngster wants is to be different from the rest of his crowd, because the "different" child is left out; he is not a part of anything. So the standards of the crowd, good or bad, pull heavily on the behavior of the individual.

Boredom and the desire for kicks, conformity and the anxiety not to be different—these are two reasons our children give us for the rise of delinquency among their peers. But a third answer I found the most frightening of all: Youngsters like themselves, they said, sometimes go bad because their parents don't understand them. Apparently there now is a lack of communication between parents and children that appears to be most acute during the adolescent years.

What is the cause of this breakdown of communication and understanding? When asked, these youngsters didn't seem to know. When I had an opportunity to discuss it with a juvenile parole officer, he said that our children are getting wise to us. They see the contradictions between what we say and what we do. For example, they hear their parents forbid them to use alcohol, and then they see these same parents come home at night disgustingly "high." They hear their parents preaching the virtues of honesty, and then they see their scheming in business and their cheating on income tax. In some cases they hear their parents talk of virtue, and then, tragically, see them father or mother, philandering. It is little wonder that there may be no common ground between some parents and their children.

Boredom, conformity, and the bad example of parents—these are some basic causes of juvenile delinquency in our own backyard. Surely today there is a crying need among the young people of our affluent society for a set of standards, a way of life, an example that will inspire and instruct. But where shall such standards and examples be found, and how shall they be communicated to our young people?

Recently, I participated in an interreligious youth conference. The question of delinquency among overprivileged children was thoroughly discussed. The major conclusion was that the adult world has often failed to give its children opportunities for responsibility and initiative. We have overprotected and pampered them to such an extent that our children have lost all sense of self-reliance and responsibility. So they are bored; they look for kicks; they are afraid to be different.

The consensus at that conference was that we should stop treating our children like children and start training them to be adults. Contrary to what affluent parents apparently believe, the more we require of our children and the more responsibility we give them, the better they become. Conversely, the less we ask of them, the more we shelter and pamper them, the greater is the

STATE WINNER—Crockett Grabbe displays the plaque and two medals he won at the Texas Interscholastic League Meet held on the campus of Texas University in Austin Saturday. He won first place in number sense and third in the science contest.

Student Wins Medals At State

Crockett Grabbe was winner of first place in number sense and third place in science at the Texas Interscholastic League Meet held on the campus of The University of Texas in Austin Saturday. The Silverton High School junior received an engraved plaque and a gold medal for his performance in the number sense contest and a bronze medal in the science competition. In appraising his bronze medal, Grabbe smiled and told the Briscoe County News, "There's always next year."

Silverton Resident Listed As Critical

Pershing Hills (Nuke) May, 48, was in extremely critical condition Wednesday in Northwest Texas Hospital in Amarillo as the result of a gunshot wound in the forehead.

Sheriff Vinson Smith said May was found shortly after 3:00 p.m. Tuesday in his pickup on his farm eight miles southwest of Silverton. A .22 calibre rifle was found in the pickup with him. Smith said the investigation into the incident was continuing.

Silverton Co-op Annual Meeting Planned May 16

The annual stockholders meeting of the Silverton Cooperative Elevator will be held Thursday, May 16, at 8:30 p.m. in the school cafeteria.

The audit report will be heard. Two directors will be elected, and other business will be discussed. Dinner will be served to stockholders and their families. Each family planning to attend is asked to contact Bob Hill, manager, before May 12.

N.F.O. Meeting Is Monday Night

The National Farmer Organization is to meet at 8:30 p.m. Monday, May 13, at the City Cafe.

Even though Dolph Briscoe of Uvalde polled the most Briscoe County votes for the Democratic nomination for Governor of Texas, he finished fourth in the 10-candidate race Saturday, and the June 1 run-off for the nomination will be between Don Yarborough and Preston Smith.

Most of the voting trend established in Briscoe County carried throughout the state, with only one big surprise: the approval of the sale of liquor-by-the-drink proposition.

An area judgeship race, for the Court of Civil Appeals, will see a run-off between Jack Hazelwood of Amarillo and James A. Joy of Plainview.

Locally, incumbent Vinson Smith defeated J. C. Fowler in his bid for the Democratic nomination as Sheriff-Tax Assessor and Collector of Briscoe County.

County Commissioner L. H. (Dud) Watters was defeated by a two-vote margin by Shafe Weaver.

A run-off in Precinct Three will decide whether Manley Wood or W. E. Schott, jr. receives the Democratic nomination for County Commissioner.

Rainbow Girls To Have Rummage Sale

The Silverton Rainbow Assembly will sponsor a rummage sale in the building north of The House of Gifts Saturday.

The bargain store will be open from 8:30 a.m. until 12:00 noon.

If anyone has clothes or items to donate for the sale, they are asked to contact Carron Montague or bring the things to the rummage sale early Saturday.

ALBERT D. WHITE

Former Silverton Man Will Be Speak At Commencement Here

Guest speaker at the Commencement Exercises for the Class of 1968 graduating from Silverton High School will be Albert D. White of Dallas, a former Silverton resident.

An affinity for work, a flair for the creative and an absolutely contagious enthusiasm — these are but a few of the many ingredients that have catapulted Albert D. White into prominence as one of the top executives at the distributor level of the booming appliance industry.

White was born in Nola, Mississippi, on January 24, 1919. A tiny community of whistle stop proportions, the hamlet was named after White's grandfather, Nola White, the elder White, (who apparently passed some of his vast vision on to his grandson) who gave the Government ample land on which to construct a post office, then built a parsonage on another 40 acre tract in order to attract a preacher to the town.

At the age of six, White moved with his family to Texas. At Silverton High School, he earned letters in track, football and basketball. He was a class officer each year, serving one year as class president.

In 1938, the lanky White entered A&M, majoring in marketing and finance. World War II interrupted his education, and he served in the U. S. Army from 1941 until 1945. Honorably discharged as a Captain, White was one of the youngest officers on the staff of General Eisenhower. White served in Europe for three years, participating in five major battles, and was awarded three citations.

In 1945 he joined Butane Equipment Company, Inc., where his advancement was only slightly less than meteoric. He raced from trainee to labor supervisor to general manager of the firm in a years time.

Early in 1949 he took a position as a wholesale salesman with Porter Burgess Company, one of the largest distributors for Motorola, Gibson, and Easy products. In 1951 he became district manager. He was promoted to assistant sales manager in 1953, and on July 1, 1955, he became general sales manager. It was upon his promotion that the firm's president, V. N. "Rook" Burgess, wrote a letter to all Porter Burgess dealers in which he described White as a . . . "tall, black haired fellow that thinks faster than a mile-a-minute and walks with a six-foot stride."

The firm incorporated in 1956, and White became a major stockholder and vice-president of the corporation which does several million dollars in sales annually. The company has experienced a dynamic growth since White became vice president.

It was in September, 1946, that Dallas' Dorothy Caven was "sold" by White—she became his wife. In 1947 she bore him a son, Arlis. Two daughters were to follow—Barbara in 1949 and Carla in 1957.

Both a Master Mason and a Shriner, White is active in a variety of civic and business endeavors. He is president of the Dallas Sales and Marketing Executives which has over 500 members and is now the second largest such organization in the world. He also

NEWS FROM THE COUNTY AGENT'S DESK

The time for planting grain sorghum is here and farmers should consider certain cultural practices which can improve overall production and production efficiency.

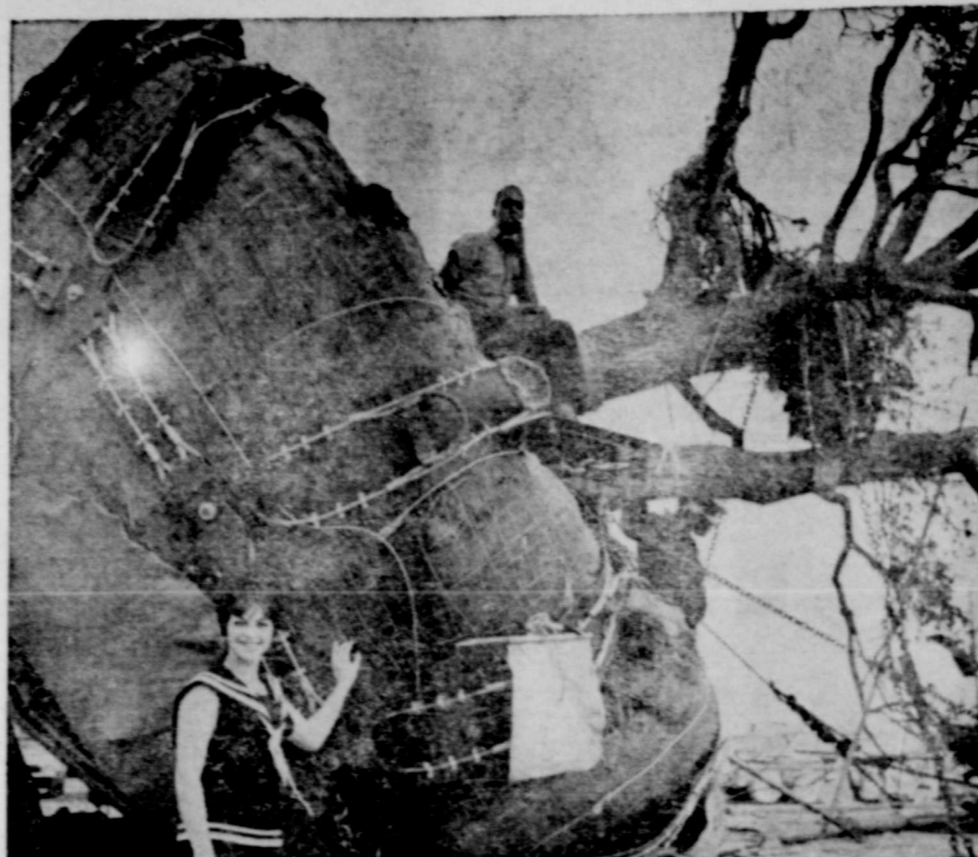

Best results are usually obtained when grain sorghum is planted between May 1 and May 15. By

THANK YOU FOR YOUR VOTE OF CONFIDENCE IN THE MAY 4 PRIMARY.

I earnestly solicit your help in the run-off June 1, and would like to discuss any problems or issues involved in my race for County Commissioner of Precinct Three.

W. E. SCHOTT, JR.

"TREE-MENDOUS!" — ASTROWORLD secretary, Mary McClung, is dwarfed by a new featured piece of landscaping for the multimillion dollar family amusement center which will open Saturday, June 1. The tree, a 45-ton live oak, is the largest tree ever to be transplanted, and is being set in the heart of ASTROWORLD. It has a 35-foot spread at the top and a 14-foot wide root structure ball, and will be visible from virtually every part of the 57-acre park.

this time the soil temperature should be 60 degrees F. or higher. Plantings in colder soil often result in poor, skippy stands and weak seedlings. Optimum planting depth is about two inches.

Since midge damage is usually more severe in late-planted sorghum, planting should be not later than May 25, depending on the maturing characteristics of the variety. Sorghum planted so as to be in bloom or blooming by August will escape most midge damage.

Plantings later than May 25 may be justified under certain dryland conditions or in areas where midge are not a problem. At these late plantings, hybrids of proper maturity should be selected to allow sufficient time for maturity before frost.

Proper planting rates are also an important consideration. On irrigated acreage, planting at the rate of eight pounds of seed per acre is sufficient to produce maximum yields. Hybrids vary some in seed size but this amounts to about eight seed per foot of 40-

inch row. With limited irrigation, five to six pounds per acre is normally sufficient.

About two and one-half pounds of seed per acre is adequate for dryland conditions.

Narrow-row planting can in-

crease yields as much as 20 percent. This means planting in double rows 10 to 18 or 10 to 20 inches apart on a 40-inch bed or on single beds 26, 28 or 30 inches apart. In this case, planting rates should be kept the same or increased not more than 25 percent. To obtain the most benefit from narrow-row spacing, adequate fertilizer and moisture levels must be maintained.

However, regardless of spacing, good yields can be realized only if weed control and other management practices are observed. Excessive planting on both irrigated and dryland sorghum should be avoided. Adjustments in planting of sorghum and cotton with main emphasis on timing of irrigation can greatly improve all production efficiency.

Junior Club To Honor President

Members of L. O. A. Junior Study Club will honor their president, Mrs. Randall Eddleman, at a salad supper at 8:00 p.m. in the P. C. A. community room Monday, May 13.

Members who are on leave are being invited as guests. Hostesses will be Mrs. John Schott, Mrs. Wayne Stephens and Mrs. Charles Sarchet.

"700 acres of PIONEER sorghum averaged 8,568 pounds for me."

Elvin Wilson, Friona, Texas

Many of last year's bumper yields came from small acreages. But Elvin Wilson had 735 acres—all Pioneer hybrid 820—that averaged 8,568 pounds per acre.

Good weather, good farming and good seed boosted Elvin's yields. He double rowed on a 40" bed, watered four times in addition to pre-watering, controlled weeds with Propazine, and put on 280 pounds of nitrogen.

Hybrid 820 makes the most of his good farming—shades the ground fast, produces big yields, stands right up to harvest. Isn't this the kind of sorghum you want, too? See me soon.

GOLDEN TOUCH OF HOSPITALITY
BY JANE ASHLEY

Easy Dessert To Make

This dessert may look fancy, but it can be prepared easily for any occasion. The dessert is made with layers of homemade pudding, graham crackers and cream to give the ribbon effect.

Chocolate Ribbon Dessert

2 tablespoons corn starch	1 tablespoon margarine
3 tablespoons cocoa	1 teaspoon vanilla
2 tablespoons sugar	12 (2 1/4-inch square) graham crackers
1/4 teaspoon salt	1 cup heavy cream, whipped
1 1/4 cups water	
1/2 cup light corn syrup	

Combine corn starch, cocoa, sugar and salt in saucepan. Gradually stir in water and corn syrup. Stirring constantly, bring to boil and boil 2 minutes. Remove from heat. Stir in margarine and vanilla. Cool.

Spread thin layer of pudding in individual dishes or 1 1/2-quart serving dish. Top with layer of graham crackers, then whipped cream. Repeat until all ingredients are used, ending with layer of whipped cream. Whipped cream may be piped on for a decorative effect. Chill at least 2 hours. (Freeze, if desired.) Makes 4 to 6 servings. Recipe may be doubled.

Floral Arrangements Is Study Club Topic

The March of Time Study Club met in the P.C.A. community room May 2 for a program, "Your Own Floral Arrangements," given by Mrs. Merlene Stephens of Merlene's Flowers & Gifts.

Mrs. Carolyn Self was hostess and Mrs. Mildred Burson gave the devotional, "God's Flower Garden."

Mrs. Stephens instructed the club members on the art of arranging flowers stressing the use of ordinary items found in most homes or yards. Two arrangements were made with peacock feathers.

The meeting room was decorated with other arrangements which Mrs. Stephens had made using fruit, candles or kitchen utensils. Points were given on suiting the container to the flowers to be used. She concluded by reading the poem, "A Rose," by Patience Strong.

The business meeting was led by Mrs. Mattye Mayfield. Plans were discussed for next year's program and the final program of this year, a luncheon at Omer's Restaurant in Tulia.

Grand Representative Honored At Party

Jane Self, Grand Representative from Arkansas to Texas, Order of the Rainbow for Girls, was honored by Silverton Assembly No. 304 at a Mod Party on March 30, 1968 in the home of Mrs. Carl Bomar.

Members of the ten Rainbow Assemblies in this section were invited as guests. Approximately 50 guests called, including Miss Willa Jane Elliott of Happy, Grand Charity, Grand Assembly of Texas, Order of the Rainbow for Girls.

HOST DINNER PARTY

Mr. and Mrs. J. V. Self and Mr. and Mrs. Carl Bomar hosted a dinner party in Amarillo on April 30, 1968, for eight Senior girls.

The girls were entertained at Branding Iron Theatre presentation of "The Most Happy Fellow." Girls attending were Mary Lane Whitfill, Nancy Nance, Nancy Kay Long, Debbie Dickerson, Venita Teeple, Jan Hutsell, Jane Self and Roy Ann Bomar.

had some goals... ambitious ones, but ones which I knew could be attained. Only if we establish goals for ourselves can we make the progress we all want, and need, for our families and businesses. A man without a goal is like a ship without a rudder. And all of us need to know not only where our ships are going, but how they're going to get there."

HISTORICAL SURVEY GROUP MEETS HERE MAY 16

PAMPHLET EXPLAINS EXPANDED MAIL PROGRAM FOR SERVICEMEN

An illustrated pamphlet—"Mail for Servicemen"—outlining the expanded program for airlifting letters, packages and other military mail overseas at low postal rates is now available through Silvertown Post Office window clerks, Postmaster Fred Strange announced today.

Postmaster Strange said that "as a result of new legislation and action by President Johnson we are now airlifting more than 75 per cent of all mail going to the military men and women stationed abroad. We hope this guide will help more American families be familiar with these services and use them."

The eight-page pamphlet illustrates three services for airlifting parcels at rates the average family can afford, the speedy service now available for newspapers and news magazines to most overseas bases, the special rates for books and similar educational materials, and how to mail sound-recorded personal messages. The guide also provides parcel wrapping instructions, information on the time it takes parcels to reach Vietnam and other overseas bases from major U. S. cities, and pointers on the correct way to address military mail.

A family sending a 10-pound package from Silvertown to Vietnam, for example, pays only \$2.75 on a package marked PAL, while the air parcel rate for the same package is \$6.50.

On parcels weighing less than 5 pounds it might be more advantageous for a family to use the older SAM (Space Available Mail) service, which provides surface transportation to the port of embarkation and airlift overseas. A 4-pound SAM package to a European military post from Silvertown costs only \$1.10. On packages weighing under two pounds, air parcel post is often the patron's best buy.

Mrs. M. G. Moreland suffered a broken arm in a fall at her home last week. She was a patient in an Amarillo hospital and returned home Saturday.

4-H Horse Club To Have Trail Ride

The 4-H Horse Club will have a trail ride on the Johnnie Burson ranch Saturday, May 11. The trail ride will begin from the main ranch house.

To get to the Burson ranch house, go eight miles east of Silvertown on Highway 256, turn left on the dirt road, and go two miles north to the house.

The group will leave the ranch house at 1:30 p.m. sharp and will eat at 5:30 p.m. All parents and guests are invited to attend and either ride with the 4-H'ers or meet them at the camp grounds following the ride.

Each 4-H'er and parent should bring 50c to cover the cost of the meal, which will include barbecued hamburgers and all the trimmings. Each family who goes is also asked to take cookies or a freezer of ice cream.

Each family planning to go Saturday is asked to call the County Agent's office to advise the secretary whether they are planning to take cookies or ice cream so that plenty of food will be on hand for the picnic.

All Little League Managers, Sponsors To Meet Saturday

There will be a meeting of the Little League managers and sponsors Saturday, May 11, at 10:00 a.m. at the Fire Hall.

Anyone interested in managing a team is asked to be there.

Someone is also needed to manage the concession stand this year. If anyone would accept this responsibility, he or she is asked to attend the meeting.

Lions Club Elects New Officers Here

The Silverton Lions Club elects officers for the new club year their regular noonday meeting at the City Cafe last Thursday. J. L. Self was elected to succeed George Seaney as Boss Lion.

Troy Jones was elected first vice president; Dyrle Maples, second vice president; Fred Mercer, third vice president; Dee McWilliams, secretary and treasurer; George Seaney, tail twister; Wayne McMurtry, Lion tamer; C. H. Murphy, jr. and Kenneth Tate, directors. Kathy Self and Johnnie Roy Weaver gave their 4-H Club civil defense demonstration.

Marvin Self, son of Mr. and Mrs. J. L. Self, and Micki Jasper, son of Mr. and Mrs. Alva C. Jasper, won first place in the junior division with a Natural Resources demonstration they presented in the District 4-H Elimination Contest held in Lubbock last Saturday.

4-H Livestock Team Wins District Event

Members of the Briscoe County 4-H Livestock Judging team will be competing June 4-5 at Texas A&M University during the State 4-H Round-up as a result of winning first place at the district eliminations in Lubbock Saturday, May 4.

Team members are Larry Com-

er, Max Weaver, Roy Dale Wood and Johnny Roy Weaver.

JUNIOR TEAM WINS
The Natural Resources team, composed of Micki Jasper and Marvin Self, won first in their division with more than 20 counties represented at the eliminations.

Their topic for discussion was "Range Conservation and How It Affects the Cattle Business."

Brucellosis Testing Not Progressing

Briscoe County is due for recertification in the Brucellosis (Bangs) program this year. However, if this testing is not completed by June 1, 1968, the county will lose its status.

According to County Agent Ken Cook, the Brucellosis testing is not coming along at all, and with less than a month remaining, it is time the cattlemen of Briscoe County take action in order for Briscoe County to hold its Modified Certified Brucellosis-Free status. There must be 45 herds of cattle (averaging 50 head to the herd) tested for Bangs Disease.

Any size herd may be tested and totals will be averaged to arrive at a county quota.

Each producer in the county is urged to contact County Agent Cook if he will voluntarily participate in this program.

Mr. and Mrs. Mike Mercer of Lubbock visited his parents, Mr. and Mrs. Fred Mercer, and other relatives here over the weekend.

Attend Lions Club District Convention

Mr. and Mrs. Glen Lindsey, Mr. and Mrs. George Seaney, Mr. and Mrs. Hugh Nance and Nancy Nance attended the annual convention of District 2T-1 Lions Clubs in Amarillo Friday evening through Sunday.

Miss Nance, who represented the Silverton Lions in the District Queen's Contest, the Lions and their ladies attended a western barbecue at the Tri-State Fairgrounds Friday evening.

A get-acquainted party for the queen candidates was held at the Amarillo Federated Woman's Club following the barbecue. The selection of the district queen was Sunday afternoon.

A number of special activities were given to entertain the wives of the Lions while they were in special meetings.

Sunday morning, the Silverton group attended church services, with the Lindseys going to the Baptist Church to hear Rev. Carlos McLeod, and the Seaneys and Nances attending the Methodist services of Rev. Woodrow Adeock.

IN MEMORY OF JIMMIE DALE BOLING

Our loved one has left us, gone on his way

To a land fairer than this, where there are no tears, no sorrow, nor pain.

He has gone to that place where there is happiness, joy, and reunions again.

It's hard for those of us left, who loved him so dearly

Not to ask "Lord, why, why our loved one called home?"

We weep and we cry, not for our loved one to be back to suffer,

Mr. and Mrs. Jimmy Smith of Guymon, Oklahoma, are spending this week with his parents, Mr. and Mrs. Vinson Smith.

Mrs. Carl Crow has been a recent visitor with Mr. and Mrs. F. M. Miller in Albuquerque, New Mexico. Mrs. Crow returned home last Thursday. Mr. Miller underwent an appendectomy on Thursday.

Kathy Self, daughter of Mr. and Mrs. J. L. Self, and Johnnie Roy Weaver, son of Mr. and Mrs. Shafe Weaver, took part in the District 4-H Elimination Contest in Lubbock Saturday. The team presented a Civil Defense demonstration.

But only because we will miss him so.

Yet all of us know that where he has gone we can all seek and hope and pray to go.

For God's plan has been done, all of us know.

Oh, Lord help us we pray to obey Thy word, spread the gospel and help save souls.

Help us to walk that straight and narrow road, So that someday we may once again meet our loved one at his new address, in heaven you know.

From one who loved him

The Condition Of Our High School

by Cathy Jones
The condition of our school has been a very controversial subject for a long time. I would like to present a student's viewpoint and beliefs on this matter.
Our school was built in the early thirties, and has never been remodeled or improved since. Many of those who oppose any improvement are those who live in the finest and most comfortable homes in the city.
It is very difficult to concentrate and study in an atmosphere such as the one which we encounter each day we attend school. Many rooms have only one light in the middle of the ceiling and by the end of the day your eyes are strained and tired from try-

The Importance Of Student Council

As most of us see it, Student Council and being a member would be one good time because as students of Silverton High School, we all have the privilege to enjoy the many activities sponsored by it. These number from the Halloween Carnival in the fall to the All-School Volleyball Tourney in the spring, filled between with interesting assemblies (that make the third period class seem a little shorter) plus all-school parties. This is the fun side of it, but the other side is the part that makes our school united.
Each class is represented equally, giving everyone the right to have a voice in our school and its activities. The student election in the spring in which officers for the next year are chosen gives us a chance to use our own judgment in selecting those we feel will represent our causes best. This participation in student government will help us to be better citizens of America in the future. The Student Council also sponsors the election of the "best" of S.H.S. Again this helps us to use our own judgment.
The officers work hard at learning to be the best leaders they can. In the summer prior to their terms of office, they attend a Student Council workshop in Dallas, and another workshop in the spring to bring back helpful ideas.
Twice Student Council has sponsored foreign students to help our school "broaden its horizons." In the future they hope to again enjoy being the "second home" of a member of this program.
Student Council could easily be called the "backbone of S.H.S." as it is what holds our school together as a student body. The work the members of the Student Council does may have gone unnoticed at times, but for the rest of S.H.S., I'd like to thank each member who has helped to make S.H.S. a better place. As students, let's all do what we can to make their job and work worthwhile.

FRIENDLINESS—
A COMMON COURTESY
by Gary Martin
Have you noticed how unfriendly people are becoming? Many people feel that they are too important or too busy to speak or smile to other people. They do not care about courtesy for the benefit of other people.
A person who is friendly to other people is liked by everyone. A friendly person finds it much easier to get along with the rest of the group. People with a congenial personality care not only for the benefit of themselves, but for the benefit of others also. So, when you are friendly to others, you are really building your own personality.

ing to read textbooks and the blackboards. The blackboards are so old and scarred you can hardly mark on them, much less read them successfully. By the time heat gets to the second floor of the building, the first floor is smoldering!
It is then necessary to open a window for fresh air and prop the window open with a book because it will not remain in place. Many of the windows which have been broken by vandals are "patched" with cardboard or other such material. The floors are old and rickety; recently a student in the biology room was sitting in a chair when one leg of it went through the floor.
Compared with other schools in our area, Silverton High School is becoming decrepit! Could it be called an "eyesore" of our community?
We all love and appreciate being able to obtain an education, but our education is being handicapped by this unhealthy, unwholesome atmosphere. I sincerely believe if we had an up-to-date, well-equipped school most students would want to try harder to make better grades and our entire community would prosper by it.

Cheating
by Max Hamilton
There is probably some sort of cheating going on every day. When a person cheats to get something, he is not benefitting at all. Yes, he may get what he wanted, but did he earn it?
Next time if he wants something he has to earn, he will think about the last time and how easy it was to cheat. So he will cheat again. Eventually, he will get caught and wish he hadn't cheated the first time.

The Students Attitude Toward Education

by Janet Montague
An optimistic attitude is a must for anything you try to accomplish.
Many students who are failures are accredited with a pessimistic outlook on education. Here are some student viewpoints on education:
"With education you're something, but without it you're nothing."
"Education helps you to prepare yourself for the world's complex problems."
—Thurman May
"I feel that education is the key to your future . . ."
—Rhonda Drewry
". . . Everyone should try to get a good one and they should be honest about it and not cheat."
—Steve Brown
"I believe that we, as Americans, are highly privileged to have such a fine educational system. I think we should take advantage of this wonderful system and strive to achieve a higher goal. Just stop for a moment and think where we would be without education. We would be marching on the backroads of civilization, a primitive form of man."
—Gary Martin
". . . it will help us a great deal when we finish school and seek a job."
—Teresa Martinez
"My attitude is very simple. An education is very essential . . ."
—Katy Minyard
". . . I believe that without education a person will receive nothing, will achieve nothing, and most of all, will be nothing."
—Jim McWilliams
"It prepares us for our future life."
—Jerry Bean
As you can see, most of the students thought that in order to be somebody, an education was vital. However, there were some that thought that while education was an important factor, it was not something that they could truthfully say was enjoyable.
"My attitude toward it is bad, but I know that I will have to get an education for a good life."
—Bob Huttsell
"I know education is necessary in this modern day life, but some of the time it may get boring to us . . ."
—Wade Brannon
"Education of some sort is required of everybody. Sometimes it is uninteresting and we think it is useless. But the education we get now will help later on in life whether we think so or not."
—Max Hamilton
"Education is boring, tiresome and necessary."
—Ricky McWilliams
There was even one who had the "take it or leave it" attitude toward the matter:
"Education belongs to the people who want it, not to the people who don't. Frankly, I don't."
—Jay Long
We learn through statistics that the higher-paying jobs go to the people with the higher educations. Everyone should keep this in mind and make this resolution: In order to succeed it is necessary to have an education, and if you want to succeed you must get the education yourself. No one

Paper Being Edited By The Classes

For the next three weeks, THE OWL'S HOOT will be presented in special editions by the Sophomore (this week), Junior and Senior classes.
The regular staff hopes everyone will take an active part in the class project by contributing articles for his class's edition.

Contest Winners Are Announced

The Texas Historical Society recently sponsored an essay contest in the seventh and eighth grades of the Briscoe County schools.
There were no entries from the Quitaque school.
Melva Jo Meason won first place with her essay, "I Am Glad I Am An American." Maggie Turner won second with a folk-story, "The Little Man."
Books were given to the winners.

Seniors Are Guests At Luncheon

Thirty-nine Seniors, Class Sponsor and Mrs. James Ross Alexander, Superintendent and Mrs. J. S. Hinds, Principal and Mrs. O. C. Rampley and Charles Crawford, minister, were luncheon guests of the ladies of the Silverton Church of Christ on Tuesday, April 30, at 12:00 noon.
A "South of the Border" theme was carried out with colorful decorations and Mexican food was served. Table favors were miniature graduation caps and diplomas.
The guests extended their appreciation to the ladies for preparing the luncheon to honor the graduating class of 1968 of Silverton High School.

HIGH SCHOOL PARTY ATTENDED HERE MAY 2

The Student Council sponsored a high school party May 2, 1968, in the school gym from 7:30 until 10:00 p.m.
Students played cards and dominoes in the lobby. Volleyball was played, and some of the students jumped on the trampoline. Refreshments were served.

Baseball Team Wins First District Game

The Silverton baseball team traveled to Bovina last Friday and won their first district game. The score was 12-6.
Their first district loss was at Farwell, and the Owls now own a district record of 1-1.
So far, the team's season record is 3-2.
The Owls were scheduled to play Matador Tuesday and Wednesday.

can get it for you and you probably won't even get it yourself unless you want it.
I think if everyone kept this attitude there would be fewer dropouts and fewer failures.

ARENA DRIVE IN

Your Home Business Firms are
THE HIGHEST BIDDERS
for Your Shopping Dollar

**Here
 are the facts
 to prove
 it...**

Actually . . . no matter where you live . . . nobody . . . and that means **NOBODY** . . . can give you more for your dollar than your own home business firms. Let's look at the reason for this advantageous . . . to you . . . situation:

ANY MERCHANT . . . anywhere . . . is ordinarily going to sell goods for some more than he pays for them.

ON AN AVERAGE . . . when you spend a dollar in any retail store . . . here or anywhere else . . . about 70 cents of it pays for **GOODS**, and about 30 cents goes for rent, taxes, donations, hired help, etc., and a few cents (the national average is about 5 cents) pays the proprietor for his work, and for his investment in goods and equipment, credit losses, etc.

NOW . . . when you spend your dollar at home, you get the same 70 cents worth of merchandise that you would get for it anywhere else.

AND THE OTHER 30 CENTS stays here too, to help you pay for schools, churches, roads and streets; to vitalize the community so your property . . . or your job . . . is worth more; to keep more people here to share civic work and expense, and to serve **YOU** when you sometimes direly need their knowledge and their skills.

ONLY when you buy in **YOUR OWN HOME** community do you get back most of this 30-cent retail handling charge . . . and often a great deal more, as your job or your business prospers and your social life broadens with the growth of the entire community.
