

All Around the Town
by Mary Ann Sarchet

It's football season again, folks, so you'll just have to ignore me for a few weeks. It's like this: I love football and the only thing that I love more than football this time of year is to see the Owls win football games!

Everyone who missed the game at White Deer Friday night probably missed THE game of the season. This is not to say that this will be Silverton's only big win of the season, but only to illustrate how great the win was to a bunch of boys who had lost six games straight and who hadn't had many wins over Class A schools in their entire high school careers.

The players who are seniors this year were freshmen in 1965, when the Owls won one game, a 44-12 victory over Hart. They went down 6-18 to Claude; 0-8 to Turkey; 13-33 to Happy; 0-55 to Memphis; 0-44 to Hale Center; 6-9 to Sudan and 7-53 to Farwell. That season was a little on the dark side of gloomy.

The following year, the Owls won one conference game, a 14-6 win over Claude to vacate the cellar in District 2-A. The boys were unable to score more than once against any of the other Class A teams, losing by odds like 6-38 (Kress); 8-22 (McLean); and 0-35 (Clarendon.) The Owls did have a 55 season record, one of their best, that year.

Last year, the Owls won their first four games straight with wins of 8-0 over Hart; 6-0 over Turkey; 14-8 over Happy; and 34-12 over Lefors. BUT, when Kress came along, we lost 0-38; and it was 0-27 to Wheeler. We had a break in the conference schedule, and played Class B Groom, a team that had had a completely winless season until then. And they came to play ball and took home a 30-14 win. McLean beat us 8-20; Claude 20-20 and Clarendon 22-36. Even though the last two games were among the best the Owls played all season and we did break the old "one touchdown" bugaboo, we were right back in the district cellar.

So for the boys who are playing their last season of football for Silverton, when they brought home a win after having played a tough game against a highly-rated Class A team like White Deer, it was a tremendous night! At the instant that the horn signaled the end of the game, the team, fans, pep squad and coaches went wild. Donald Weast was turning cartwheels and somersaults down the field, and everyone was jumping and yelling with such happiness that words are inadequate to describe the scene. Some of the most jubilant ones were the players who graduated last spring.

To what do we owe this turn of football fortune? Coach Lorraine says it is due to the attitude, determination and skill of the players. However, since the team is essentially the same one we had last year, I give credit to the coaching staff for the confidence and determination they undoubtedly have instilled in the boys along with the other things they have been teaching them about football. For that moment of glory at White Deer, we owe a great deal of credit to Coach Bill Lorraine!

Last week our son, Ken, stepped into the argument as to whether the football page should urge: "Beat White Deer" or "Let's Beat White Deer." When I had Charles convinced that it should be "Beat White Deer" and he had removed the "Let's" from the page, Ken stepped in and put the "Let's" right back.

After the game Friday night, we were discussing how large the type for the headline this week would be, and Ken questioned his dad as to what the headline would say.

Charles' snap decision was: "LORANCE FOR PRESIDENT!"

Who would take his shotgun to the gunsmith and then advertise in the newspaper for its return, anyway?

VOLUME 60 NUMBER 38

Owls Open Season With Upset Victory Over The White Deer Bucks

OWLS ON DEFENSE—The Owls are shown performing the team defense against White Deer Quarterback Stan Bush (11). In the action were Marvin Self (50), Bill Strange (30), Johnny Roy Weaver (20), Lannie Arnold (10), and Cletus Grady, jr. (40).

Silverton's Owls traveled to White Deer Friday night, and handed the Bucks a 21-20 loss—the first home loss by the Bucks in four years.

Picked to win District 1-A this year, the Bucks were stunned as the Owls, winless in the past six outings, continued to score.

It was the first meeting of the two teams, and the first game for the Owls under the guidance of Coach Bill Lorraine. The "rag-toriches" Cinderella story had to be due to the influence of the new coaches on the team.

White Deer's quarterback, Stan Bush, a 181-pounder, ran three yards for the first score and Rickey Hoskins booted the conversion. In the second quarter, the Bucks' Lonnie Lane, 170-pound tailback, ran into the end zone from two yards out. Hoskins kicked again, and White Deer led 14-0.

When White Deer kicked off to the Owls following the score, Cletus Grady, jr. took the ball all the way from his own 10-yardline to score for the Owls. Danny Vaughan kicked the extra point on the second try after White Deer was penalized for being offside.

Owl Quarterback Lannie Arnold came back shortly with a scoring drive which he finished off with a seven-yard pass to Mike Tate in the end zone. Vaughan's attempted conversion was blocked, and at halftime the Bucks led, 14-13.

There was no scoring in the third quarter but when the Owls broke the ice in the fourth period on a four-yard run by Arnold, the Owls held the lead for the remainder of the game. Arnold passed to Donald Weast for the two-point conversion, and moved into a 21-14 lead.

With only about a minute remaining on the clock, the Bucks sent their speedster, Lane, eleven yards for a touchdown. Hoping to win with a two-point conversion rather than tying the score with a kick, Lane tried an end sweep which failed. The Bucks, in last minute desperation, tried an on-side kick which an Owl lineman quickly covered. And it was all over but the shouting, because there was only time for one play remaining, and the Owls picked up four or five yards before starting the celebration of their 21-20 victory in one of the most prestige-packed wins to be unreeled by the Owls in a good many seasons.

Cletus Grady, jr. accounted for a large portion of the Owl ground game, running for 135 yards in addition to his 90-yard punt return and other punt returns. Bill Strange got only about 30 yards rushing, but played a fine game defending the Owl quarterback and blocking ahead of Grady, in addition to work in the fumble-recovery department. Arnold gained about 35 yards, handing off almost entirely to Grady until the last quarter, and also doing a

great job on pass defense. In the fourth quarter, both Grady and Arnold were plagued by leg cramps and both had to leave the game briefly. David Holt, a sophomore, replaced Grady at half-back while Silverton was on offense, and thrilled the crowd by gaining about eleven yards on two carries.

Owls to Host Turkey Turks Friday Night

Silverton's Owls will host the Turkey Turks in the first home game of the season Friday night at 8:00 o'clock.

Due to the home football game, there will be no movie at the Arena Drive-in Friday night.

The Junior class will serve a hamburger supper in the school lunchroom beginning at 5:00 p.m.

The Turks, who usually seem to play harder against Silverton than anyone else on their schedule, didn't fare too well against Happy Friday night and this may be an indication that the Owls' new district contender, the Cowboys, have also been under-rated in the pre-season poll this year. Since there is a lot of rivalry

T.B. Testing Continuing At Quitaque This Week

Four hundred residents of the Quitaque area received Heat tests for tuberculosis at the community clinic held there on September 4. These people returned for reading of the tests on September 9, and among the 400 were found 12 definite reactors and 30 possible reactors.

One person showed enough reaction to the test to be suspected as being a carrier of tuberculosis.

Another community clinic was held in Quitaque on September 17, with the Mantoux test, which is said to be more accurate than the Heat test, being administered. Relatives and those who had been in contact with the definite reactors were urged to go for testing this week.

This week's tests will be read next Monday by a registered nurse, who is also a representative of the Top of Texas Tuberculosis Association.

A community clinic will be held in Silverton soon. It should be stressed that no one is immune to the disease and it is very important that each person get the test to determine if he may be carrying the germ. The test indicates whether the germ is in your system, and the tuberculosis association representative learns from your reaction to the test whether you should be referred to your family doctor for further tests.

Anyone who needs further medical attention for the treatment of tuberculosis can get it free at the McNight Clinic in San Angelo.

Your cooperation is needed when the testing unit comes to Silverton so that tuberculosis can be eliminated from this area.

NEW PARALLEL TERRACE SYSTEMS ARE INSTALLED

Mrs. William Malone has completed building 12,155 feet of parallel terraces on her place across Tule Canyon in the San Jacinto community. These modern terraces have no point rows and are spaced 60 rows apart. Each terrace is graded and carries water out to native pasture.

Mrs. Malone is also building two diversion terraces to eliminate water courses on cropland. Two other diversions were installed in 1966.

These terraces and diversions were designed and installed with technical help from the local Soil Conservation Service office, which serves the Cap Rock District Soil Conservation District.

RURAL HOUSING PROGRAM SERVES SILVERTON AREA

There are many low and moderate income rural families living in sub-standard housing in Briscoe and Swisher counties. This need not be the case as housing credit is available from the Farmers Home Administration according to Don Cruce, county supervisor.

The FHA office in Swisher county has been able to provide assistance to a middle-aged couple with seven children who were unable to make their house payments of \$120.00 a month to the first lienholder and \$25.00 a month to the second lienholder. Money to refinance was not available from conventional lenders. Farmers Home Administration refinanced both the notes and made several improvements on the house. The \$145.00 payment was

reduced to \$86.00 per month, enabling them to keep their home.

Another example is of a young couple 26 years of age who chose a small rural community in which to live, but were unable to obtain credit from conventional lenders without a sizeable down payment. Farmers Home Administration made them a 95% loan for a new three bedroom brick home with 33 years to repay and payments of \$63.00 per month. These home loans encourage our young citizens to stay in their home town rural communities.

Farmers Home Administration housing loans are made to families unable to obtain credit from private sources at reasonable rates and terms, and are tailored to individual needs. They can be made in the rural countryside or in towns up to 5,500 population. For further information, con-

School Spirit

by Gail Mayfield
The new school year has ventured off on a great start. The halls are once again filled with the hustling of students rushing to classes, locker doors opening and closing, and everyone stopping to look at the spirit posters the Pep Squad girls have created to give the football boys an extra boost of encouragement.

At this particular time of the year everyone seems to let themselves go and give that extra enthusiasm and spirit for the football team.

Not only is the school spirit important to the football boys, but the spirit of the entire community is of importance. We have many outstanding boys on our team and we are very proud of them. They are devoted to football and you can realize this by seeing them play.

The whole community can express its pride and interest in the boys by going to the games and supporting them. The boys really appreciate your support, so go to the games and show that you are behind them ALL THE WAY.

The Game In Review

Statistically, White Deer had a few more total yards and a few more first downs than Silverton. If you take the first quarter out of the game, Silverton probably beat White Deer in yardage and

first downs. What happened to Silverton in the first quarter? Most of the boys agreed that they were scared because White Deer is a change of pace from the schedule the team has had in the past few years. After the first quarter, the players settled down to play good football.

The last drive that White Deer scored on, the Owls couldn't seem to stop the Bucks as they had during the second and third quarters.

Overall, the Owls played good ball and we think the best team won.

Owls Painted On Gymnasium Floor

4-H Canning Her 'Thing'

BETTY DEMPSEY, 17, shown here with some of her prize jars of fruits and vegetables, has been working on 4-H food projects for nearly nine years. She has canned or frozen well over 4,500 quarts of food, much to the delight of her family and friends who get to eat it.

Miss Dempsey exemplifies the 120,000 young 4-H cooks who strive each year to improve their products in hopes of winning a national scholarship offered to members enrolled in the national 4-H Food Preservation program.

Six \$600 scholarships are given annually to outstanding members by the Kerr Glass Manufacturing Corporation, sponsor of the program for 40 years. State and county awards also are provided. They are a trip to the National 4-H Congress in Chicago and medals on honor.

Girls who have claimed awards in the past say that winning was not easy, but the personal satisfaction gained was worth the effort. It takes time, perseverance and skill to preserve perfect jars of string beans, beets, peaches, jams, pickles, or any other appetite tempters.

How does a girl learn this traditional culinary art? By joining 4-H and being coached by the county extension home economist and the volunteer 4-H Club leader. She also has access to "how-to" manuals published by the Extension Service and Kerr.

...ous game, as is indicated by the score. Mike Tate was the only one who had a chance to save a Buck score on a 45-yard running play in the second quarter, and gave the second effort needed to catch his opponent on the Owl 15-yardline. White Deer lost the ball via the fumble route on the Silverton two-yardline and the Bucks failed to capitalize on the long run.

Johnny Roy Weaver also saved a touchdown when he overtook and stopped an opponent who was almost in the clear.

Defensive efforts such as were shown at White Deer have rarely

been shown by the Silverton team. In the past they have not shown the speed either to overtake an opponent or to outrun the pack as Grady did on his 90-yard return. However, boys who are good enough to go to the State 440 don't usually need much lead.

The Bucks were penalized 60 yards, mostly for roughing the Owl kicker on one occasion and twice for piling on. Arnold was the target in two of these fouls, he receiving a helmet in the hip while punting and he being on the bottom when the first piling on infraction took place. Silverton was penalized 22 yards, all for being offside and one was a penalty of half the distance to the goal—the same drive which was halted by a Buck fumble.

Silverton attempted 10 passes, completing three for 25 yards and seven points, and had one intercepted. White Deer attempted eight, completing three for 75 yards, and had one intercepted. The Bucks gained 300 yards rushing while accumulating 21 first downs, 13 of which were made before the Owls had made one. The Owls rushed for 206 yards while making 14 first downs.

Of the yardage gained by White Deer, only 110 yards were gained in the second half. The Bucks made 50 yards in the third quarter and 60 yards in the fourth quarter.

The Bucks lost the ball on fumbles three times, while the Owls fumbled twice, losing the ball only once.

gratulations. White Deer Quarterback Stan Bush is the dejected Number 11 in the background.

On The Sideline

WITH CHARLES

What a game! As Silverton kicked off to White Deer, I noticed what a polished team they have. When the Bucks broke out of their huddles, they all rushed up to the line like they meant business. When the ball was snapped, they all moved together like a well-coached team. They moved steadily down the field, but it took them longer to score because the Owl defense was holding them pretty good. When White Deer scored their second touchdown, it began to look like "another one of those nights." Then when the Bucks kicked off to Silverton and Cletus Grady followed his blockers along the far sideline and into the open for a 90-yard touchdown, it was suddenly a different story.

The Owls started blocking and the whole team came to life. Behind the signal calling of Lannie Arnold and the blocking of Bill Strange and the boys on the line, Cletus Grady picked up some 135 yards rushing.

On defense Johnny Roy Weaver and Mike Tate showed their skill in preventing two touchdowns by chasing down Lonnie Lane who was out in the open for White Deer on two occasions. The whole forward wall of the Owls kept White Deer from making yardage through the middle of the line. These boys were Larry Comer, Jackie Davis, Marvin Self, Danny Vaughan, Thurman May, Bill Strange and Alvin May.

I hope our boys will remember when they play Turkey that they always play Silverton real tough. Turkey lost to Happy last week, 56-6.

Owls, let's play hard and beat the Turks this week for Number Two!

Dandy Don Meredith hit 16 of 19 passes for 228 yards Sunday.

One day last week the Plainview Herald ran a new conference rating for the Southwest Conference, with Texas A & M ranked first; Texas Tech, second; and Texas University, third. The rating was made by Texas sportswriters after they had visited the workouts of the Southwest Conference teams.

Verlin Towe says that Tech could win the Southwest Conference if they would only fire "you know who."

B-Team Owls Tie Happy Team 6-6

The B-team Owls, a group of 12 boys most of whom are freshmen, traveled to Happy Saturday morning and played the B-team Cowboys to a 6-6 tie.

The Happy B-team outweighed the Owl B-squad, and Coach Bill Wood said that the Silverton boys

Silverton Ex Terry Grimland is all smiles as Owl Lynn Frizzell and Shafe Weaver, one of the proud fathers. (Briscoe County News Photo)

One Sportswriter Picked Silverton

by Mary Ann Sarchet

In the entire Panhandle when the sportswriters made their predictions of the outcome of Friday night's football games, there was only one who picked Silverton's Owls to win.

That writer is Joe Don Hancock of the Plainview Daily Herald, who also was responsible for the nice write-up of the game which Silverton received in that newspaper.

Questioned Saturday morning as to his reason for picking Silverton to win, Hancock said, "Well I thought Silverton was supposed to have a better team this year, and I thought they might win." He went on to say that he covered Silverton's first game of the season last year.

Isn't it good to know that our Owls had his confidence?

The Lubbock Avalanche Journal also gave good coverage of the "upset," but most readers of the Amarillo Daily News are still simmering over the coverage by that daily newspaper. If it weren't bad enough that the only names they mentioned in Saturday morning's coverage of the game were White Deer players, they came out with the following paragraph regarding the "upset" on Monday morning:

"White Deer, which shared the 1-A title with Gruver last year will get a more realistic test of its strength this week against Clarendon, the only area Class A favorite to survive Friday's initial competition."

Silverton fans may have a more accurate definition of the word "realistic" than does Sportswriter David Densmore of the Daily News sports staff.

played them a good game.

Quarterback Trent Brown scored Silverton's lone score.

Jim Davis was the outstanding lineman for the Owls. Jay Long ran from the fullback slot.

The winning coach, Silverton's Bill Lorange.

Former Owl John Montague congratulates Back Bill Strange (30) as Cheerleader Cathy Jones rushes to congratulate another Silverton player.

Cletus Grady, Jr. was pictured receiving a pass from Quarterback Lannie Arnold on a Silverton touchdown drive that was begun after Arnold intercepted a White Deer pass.
