

Miss Davis Is 1968 Football Queen

Lanis Davis, a sophomore in Silvertown High School, was crowned the 1968 Football Queen in a pregame ceremony here Friday night.

A rain shower which began only minutes before the presentation of the Queen and her court dampened formal gowns and wilted hairdos as each of the girls was introduced.

The Freshman class candidate was Dorothy Yancy, daughter of Mr. and Mrs. E. W. Yancy; Paula Birdwell, daughter of Mr. and Mrs. E. A. Birdwell, represented the Junior class; and Juannah Nance, daughter of Mr. and Mrs. Hugh Nance, was chosen from the Senior class.

Miss Davis, daughter of Mr. and Mrs. Edwin Davis, was also a candidate for Football Queen last year. A cheerleader this year, she returned to her cheerleading following her coronation, and stuck with the job during the rain sprinkles which continued during most of the evening. She was honored at a party sponsored by the Student Council following the game.

Football Queen Lanis Davis was pictured with her escort, Donald West, following her presentation in the rain Friday night preceding the Silvertown vs. Boys Ranch football game. Miss Davis was presented with a helmet autographed by all the players, a bouquet of red roses and crown by Co-captains Larry Comer, Lannie Arnold and Cletus Grady, jr.

The program starts at 3:00 p.m., to be followed by a dinner in the school lunchroom at about 5:00 p.m.

Owls To Travel To Kress Friday Night

The Owls travel to Kress Friday night to meet the Kangaroos in the final non-conference game of the season.

A former district foe of the Owls, the Kangaroos own a 1-2-1 record this season after defeating Idalou, losing to Ralls and Petersburg, and playing a 0-0 tie with Happy last week.

The Kangaroos aren't accustomed to losing to the Owls, and are going into the game with a six-game winning streak over the Owls. The Owls will enter the game undefeated, in good physical condition, and with a strong desire to break the history of losses to the 'Roos.

Game time is 8:00 p.m.

Bill Durham, Moe Eddleman, Steve Jarnagin, Charles Sarchet, Guinn Fitzgerald and Wayne McMurry visited Mrs. Bill Durham at Plainview Hospital Saturday afternoon as they were enroute to Lubbock for the football game.

Owls Take 12-6 Win From Boys Ranch

Silvertown's Owls extended their winning record to four games here Friday night as they downed the Class AA Boys Ranch Rough Riders 12-6 during intermittent showers and downpours of rain.

The rain, which began about 7:00 p.m., amounted to .30 of an inch during the game and continued throughout the night, accumulating .75 to an inch over this area. Both teams were thoroughly soaked while warming up for the game.

In the first quarter, a pass interference call against the Owls moved Boys Ranch into scoring position, and Halfback Rocky Carter carried the touchdown for the

Rough Riders. Owl Halfback Mike Tate smothered the Boys Ranch Quarterback for a loss on the extra point try before it was apparent whether Sarpaulis was attempting to handoff, keep the ball himself or pass for the conversion.

In the second period of play, the Rough Riders penetrated into Owl territory again. A touchdown pass was incomplete on fourth down, and the ball went over to Silvertown on their own 12-yard line.

It was not raining when the players returned to the field following the halftime retirement to the fieldhouse, and Boys Ranch kicked off to the Owls. Showing the prowess for which he is becoming famous this year, Owl Halfback Cletus Grady, jr. followed his blockers 85 yards for the longest kickoff return of the week in the area and six points for the home team. The pass for extra points was incomplete, and the game was tied 6-6.

A pass from Quarterback Lann

nie Arnold to Tate moved the Owls deep later in the quarter, but the Owls fumbled and Boys Ranch recovered on their own 20-yard line.

Several downs later, the Boys Ranch punter fumbled the ball, recovered and ran with it, but the Owls stopped him way short of a first down, and the ball went over on downs on the Rough Rider 23-yard line.

Arnold picked up a first down before sending Grady in for the score. Danny Vaughan's attempt to kick the conversion failed, and the Owls had their final 12-6 score.

Later in a downpour of rain, the Rough Riders pulled out all the stops in an effort to come from behind. The passing game resulted in interceptions for the Owls by Arnold and by co-captain Larry Comer.

The stands were almost vacant of spectators due to the rain, but cars filled with fans surrounded the field even though a smaller crowd than usual was on hand for the game.

Cotton Committee Recommends Program

The District 2 Farmers Union Cotton Committee composed of cotton growers representing the 17 District 2 counties on the South Plains has recommended a 15-point 1969 cotton program.

The recommendations have been sent to the state Farmers Union office in Waco for combination with recommendations from the other eight Farmers Union cotton producing districts in Texas and forwarding to National Farmers Union as the Texas recommendations for the 1969 cotton program.

The views expressed by the Farmers Union cotton committees will be presented to Secretary Freeman by National Farmers Union President Tony Dechant in response to Secretary Freeman's request for the Farmers Union views on the kind of program he should announce for 1969. The announcement on marketing quotas will be made by October 15 and the details of the program are expected before December.

The District 2 Committee agreed that the regulations for 1969 should "focus on improving cotton producer net income."

The committee urged a production of 12 million bales in 1969 and projected that a carry-over of 5½ million bales should be adequate.

It recommended that the mandatory diversion level be increased to 10 percent and that payments for voluntary diversions up to 35 percent of the allotment should receive a payment rate of 10 cents per pound. Other recom-

mendations highlighting the meeting held in Lubbock Monday, September 30, were that small farm, skip-row and lease and sale regulations remain the same as in 1968.

The Committee opposed any increase in the loan level, giving as its reasons the possible reduction in direct payments.

State Capital NEWS
 By Vern Sanford

Drinking drivers run a new risk of being nabbed—through a tell-tale scientific breath analysis device going into use in Texas.

Col. Wilson E. (Pat) Speir, Department of Public Safety Director, announced that 90 new "breathalyzers" have been purchased by the DPS and 450 highway patrolmen trained to operate them. Device will test a suspect's breath to determine the percentage of alcohol in the bloodstream.

Instruments, simple to operate and read, will be placed in 80 of the state's most-populous counties, at fixed locations and used under strictly-controlled scientific conditions.

Suspects who consent to the test will blow into a tube and the percentage of alcohol in their blood will register on indicators. About 15 minutes' waiting time is allowed before testing begins and actual test takes only five minutes. Experts report a direct relationship between alcohol content in blood and breath.

Drinking, according to DPS statistics, figures in 40 to 50 per cent of Texas' traffic deaths—perhaps more than 1,600 of last year's 3,367 highway fatalities. Over the nation, use of alcohol leads to annual traffic death toll of 25,000 and 800,000 vehicle accidents—the largest single factor in fatal crashes.

A driver with 0.15 per cent blood alcohol content by weight is 25 times more likely to be involved in a wreck than a non-drinking

driver. Average person achieves that danger point after consuming five ounces of 100 proof alcohol an hour without eating, DPS chemists figure. Consumption leading to intoxication, of course, varies with weight, time between drinks and amount of food eaten.

Tests will "clear" drivers suspected of being drunk who are actually driving erratically due to illness or other reasons.

"It is hoped the DPS breathalyzer project will hit hard at the problem and help reduce the traffic death rate in Texas," Colonel Speir said.

COURTS SPEAK—Tragedies, race horses and wild elephants provided grist for the State Supreme Court's mill as it ground out more than 130 cases following a summer recess.

High court decided that: A Houston widow whose husband was killed by mistake while entering the wrong house cannot collect accidental death benefits.

Damage suit filed by a widow following the death of her husband in a wreck can be maintained although it did not meet the filing deadline.

Damage award payable to the estate of Bowie County boy run over by a car should be upheld.

Employee of a Waco department store is entitled to \$50,000 damages due to an escalator accident.

Rio Grande Valley circus owner can collect damages from an animal dealer who delivered him a wild female elephant instead of a tame one as ordered.

The race horse, Benedicte, who won \$90,000, was not covered by a \$5,000 Lloyds of London insurance policy when he died.

A Harris County mother who went to India to study Yoga should not regain custody of her two sons from their grandparents who took them in after a 1963 divorce.

A lower court verdict ordering Pinehurst to pay a water company \$29,000 under a contract should be reversed.

A Henderson County real estate man's claim that he was denied proper commission on the sale of a ranch for a Boy Scout camp is entitled to review.

City of Roma's claim to a share of revenues from the border toll bridge operated by Starr County be retried.

BLUE-LAW TEST—State Supreme Court has agreed to hear an appeal from local officials stymied in their attempts to enforce the state's newest and most far-reaching Blue Law.

Article 236a of the Penal Code prohibits the sale of certain listed items—covering just about everything—on consecutive Saturdays and Sundays, which requires retailers to choose between the two days.

However, Gibson's Discount Center of Midland got around it by leasing its store and stock to another corporation.

Midland County 142nd District Court agreed with Gibson's that the Blue Law violates the state and national constitutions, and the local officials appealed. The case is set for hearing before the high court on November 6.

SALES TAX GOES UP—Texans started shelling out another penny for state sales taxes on October 2. That made it three per cent statewide—and four per cent in those cities which levy local sales taxes.

Extra one per cent for the state was voted by the Legislature in special session last June. Session also approved a one-per-cent jump in car sales tax and a 50 cent hike in the franchise tax. Revenue estimates are about \$175 million in new state revenue during the next 11 months. Legislature in 1969 may have to raise \$300 million or more in additional money.

Visitors in the home of Mr. and Mrs. Joe Gallington over the week end were Mrs. Lizzie Scoggins of Nashville, Arkansas, mother of Mrs. Gallington, and also Mrs. Gallington's brother, Cornelius Scoggins of Cincinnati, Ohio, whom Mrs. Gallington had not seen in 15 years. Mrs. Clarence Hendrex and children of Nashville, Arkansas, was also a visitor with her sister, Mrs. Gallington.

Mr. and Mrs. Fred Mercer attended the Texas Tech football game in Lubbock Saturday night.

WITH CHARLES

The Owls travel to Kress Friday to take on an old rival. Kress has two brothers, Roosevelt Jackson, 170-pound halfback with two years of experience, and Johnny Jackson, a 180-pounder also playing halfback. I can remember another Jackson brother who graduated last year who ran wild against the Owls. Layne Thomas and Don Searcy share the Kress quarterback position.

Coach Fields always comes up with a good team. Kress has won one and lost to two powerhouses, Ralls and Petersburg. Ralls beat Petersburg 7-6 last week.

Kress always plays the Owls real tough, and every player for Silverton will have to play his best from start to finish if the Owls bring home a win.

In last week's game with Boys Ranch, we saw about the roughest

action we have seen. The Owls did not look as sharp on their blocking as they have in past games, even though they sparkled at times. The rain didn't help the situation, and there were lots of fumbles.

The Lubbock Avalanche Journal Tuesday named Owl Halfback Cletus Grady, jr. to the Area Honor Roll for his 83-yard punt return for a touchdown and for his other score in the game. Everyone blocked real good for Cletus so he could go all the way, but at many other times during the evening, he and the ball were all alone and surrounded by the Rough Riders.

People sometimes ask us why we didn't call the sports news to the Amarillo paper, but just for the record: we aren't their sports correspondent here. We called them after the Turkey game because Coach Wood asked us to, but they didn't use the story.

We do call the news to the Avalanche Journal, and they not only pay us for this service; they also print the story.

I wonder what David Densmore of the Amarillo Daily News staff thinks about the chances of the

Halfback Mike Tate was pictured as the ballcarrier for the Owls during the game with Boys Ranch here last Friday night. Quarterback Lannie Arnold is shown in the background coming in to block for Tate. (Briscoe County News Photo)

Junior High Owls Defeat Turkey

The Junior High Owls traveled to Turkey last week, and handed the Junior Turks a 14-6 loss.

The Owls had lost to the Turks in their first meeting this season. Charles Rasco made the two scores for Silverton. John Burson, center for the Owls, was outstanding in the game. John Minyard was booting 50- and 60-yard punts for the Owls.

Others playing for the Owls were Art Hamilton, quarterback; Terry Culwell, fullback; Mark Hutless, halfback; Gene Culwell, end; Walter Carl Welch, end; Mike Grady, tackle; Ricky Hester, guard; and Mike Montague, guard.

NEWS FROM THE COUNTY AGENT'S DESK

Briscoe County Farmers and Ranchers to Receive Questionnaire

Information supplied by some 35,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and the state.

A representative number of farmers and ranchers in Briscoe County will be among the 35,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaires will be mailed during the last half of October.

Accurate estimates are of great importance to producers in planning their production and marketing, farm program participation and also for providing an unbiased picture of Texas Agriculture.

The program of estimates for each county is provided by the Texas Legislature. Since Texas covers such a wide area and with

great diversification of production, state totals alone do not provide adequate information on our most basic industry, Agriculture. This is a joint project between the Texas Department of Agriculture and the Statistical Reporting Service of the United States Department of Agriculture.

Because of the importance of the program, we urge every producer in the county who receives a questionnaire from the Crop and Livestock Reporting Service to fill it out completely for his farm or ranch and return it to the Austin office of the Reporting Service.

Mrs. Bob McDaniel was in Plainview on October 3 to help her father, John Fore, celebrate his 89th birthday. He is a patient at the Heritage Home there.

Conservation Is Topic For Club

Century of Progress Study Club met in the home of Mrs. Jack Strange September 25, 1968, at 3:00 p.m. with Mrs. Garland Francis serving as co-hostess.

The annual conservation program was entitled "Footsteps on Our Land," presented in three parts: "Progress in the Mackenzie Dam Project" was given by Mrs. O. C. Rampley in the absence of Mrs. George Long, who prepared the information; "Where is Our Water Table?" was discussed by Mrs. Wayne Vaughan; and "Other Lakes in Our Area" was given by Mrs. E. A. Birdwell.

Plans were made to sponsor a Pancake Supper at the City Cafe on November 5, General Election Day.

President Mrs. Wayne McMurtry reported that the State TFWC Board Meeting would be held in Austin October 1-3, and announced that Mrs. Rampley, second vice president of Caprock District, had made plans to attend. Other members were urged to attend if possible.

Refreshments were served at the close of the business meeting.

Mrs. Bill Durham has continued to receive treatment for a stomach ulcer at the Plainview Hospital this week.

MARY LINDA MERCER

Mr. and Mrs. Clyde E. Mercer announce the engagement and approaching marriage of their daughter, Mary Linda, to Mr. Elbert Lynn DuBose, son of Mr. and Mrs. L. A. DuBose of Wellman.

Miss Mercer is a graduate of Silvertown High School and is attending Isbell's University in Lubbock.

Wedding vows will be exchanged at 8:00 p.m. Saturday, November 16, in the First Baptist Church here.

National Home Week Observed By Club

"Building Buying Skills" was the theme of the October 8 meeting of L. O. A. Junior Study Club. Mrs. Randall Eddleman presented the National Home Week observance program, "To Market, To Market," using colored slides.

Mrs. Eddleman gave tips on buying food, carpets, and perpetually pressed clothes, accenting the need for storage space in the kitchen.

An amusing color movie, "The Supermarket," showed ways in which grocery stores lose money on some of their customers.

The program was furnished for the meeting by The Sperry and Hutchinson Company through the courtesy of Claudia Koobs of the Customer Relations Department in Fort Worth. The slides and movie were sponsored by S&H Green Stamps.

The devotional, "Incidentals," was given by Mrs. Charles Sarchet. "Anatomy of An Organization" was the title of the federation news given by Mrs. Eddleman.

Mrs. Robert Haley Hill, chairman, presided at the business meeting. Members voted to join The Big Thicket Association as a club as part of their support of the Texas Federation project.

Handbooks were distributed among the club's department chairmen. Members discussed the Caprock District Board Meeting to be held Saturday, October 19, in Friona, and it was decided that those going would meet at the home of Mrs. Hill at 8:00 a.m. that day to go in a group.

Mrs. Hill was hostess, and served cookies and soft drinks to two guests, Mrs. Steve Miller and Mrs. Gordon Lowrey, and members: Mrs. Eddleman, Mrs. Champ McGavock, Mrs. Jerry Miller, Mrs. J. E. Patton, jr., Mrs. Dean Rowell, Mrs. Sarchet, Mrs. John Schott and Mrs. Art Sommerfeld. Mrs. Schott expressed her appreciation to her secret pal for the birthday gift.

Mrs. Raymond Teeple will be a guest of the club at the October 22 meeting at 3:45 p.m. in the P.C.A. community room. Mrs. Teeple is scheduled to give "Tips on Drapery Making."

Members are asked to be reading their horoscopes before the meeting. "Is This The Real YOU?" will be given by Mrs. J. E. Patton, jr., and will include the home-makers' horoscope. Colored slides will show various window treatments before the guest speaker is presented.

Mrs. Bud Couch will be hostess and is to give the devotional, "The World Is Mine."

Members are to bring new or repairable used toys for tots.

Wood - Grabbe Vows Exchanged In Pretty Garden Ceremony

One of the outdoor gardens on the scenic campus of Ambassador College in Pasadena, California, was the setting for the recent wedding of Miss Elizabeth Helen Wood and Lester Lee Grabbe.

Parents of the couple are Mr. and Mrs. Bernard Wood of Leeds, England, and Mr. and Mrs. Warner B. Grabbe.

College Chancellor and Pastor Dr. H. W. Armstrong officiated at the double ring ceremony.

A reception was held afterward on the garden patio.

A mutual friend from Pasadena sang "Ich Liebe Dich" in German, then in English.

The bride wore a wedding dress of silk brocade designed with long sleeves, in A-line silhouette. Her floor-length veil was held by a tiara and she carried a cascade bouquet of red roses. The bridal ensemble was fashioned and made by the bride's mother in England.

The bride's attendants wore dresses of pale blue brocade and carried nosegays of pink carnations and blue daisies.

Following an international theme, one of the bridesmaids was from Britain and one was from Germany. The ushers were Australian.

Orlin Grabbe, brother of the bridegroom, was best man.

For a wedding trip to points of interest in Southern California, the bride wore a navy blue knit suit with white accessories.

The couple are at home in Pasadena. The bridegroom is a graduate student at Ambassador College and is also employed in the History Department. She is employed in the Music Department of the College.

Mr. and Mrs. Fred Mercer were in Amarillo Sunday to meet Vice President Hubert Humphrey's sister, Mrs. Howard, who was campaigning in this area for her brother. Mrs. Mercer, the Briscoe County Democratic Chairman, accompanied Mrs. Howard's group to Wichita Falls Monday.

"World Cultures" Being Studied

Mrs. Alvin Redin gave the initial review of the study of "World Cultures" for the March of Time Study Club Thursday, October 3. Her topic was "Ancient Egypt," and she pointed out that "in some respects we are closer to the Ancient Egyptians than to our grandchildren who may use a thirteen-month calendar."

Mrs. Roy Mayfield, chairman, was hostess for the meeting, and the club collect was read for the devotional. It was voted to support the Texas Federation of Women's Clubs project of making The Big Thicket a national park.

At the previous meeting, several members of the club attended The Hayloft Theatre in Lubbock for dinner and the play, "The Hut."

Education Benefits Available For Today's Veterans

A wide array of benefits are available to today's veteran, special assistance is provided the young veteran with a limited education who faces a bleak future.

Government agencies are now hiring the Vietnam veteran (who served after August 4, 1964) without having him compete with others for the job. However, the veteran must:

- *Have the job qualifications required.
- *Have less than one year of training beyond high school.
- *Agree to take at least the equivalent of one full year of education or training leading at least to a high school diploma or its equivalent.

The VA pointed out that high school training under the GI Bill does not reduce eligibility for advanced educational benefits. Provisions have been made in the GI Bill so a veteran can also attend a trade school, take correspondence courses, go to college, enroll in farm cooperative training, or take on-the-job or apprenticeship training.

Securing their names from discharge forms furnished by the Defense Department, the VA sends out letters to the new veterans and follows up by making telephone calls or personal calls.

The veteran can take this training under the GI Bill and be paid a VA educational assistance allowance in addition to his government salary.

Since all veterans do not want to take further training, they are informed of their re-employment rights, of any state unemployment compensation which may be available and of veterans preference in government employment.

They are also given help in finding a job.

The VA urges veterans to contact their nearest Veterans Assistance Center or VA office whether they want to go to school, take further training or get a job.

FREEDOM -- A LIMITED RIGHT

I am sure that most of you have read recently about the rapidly increasing crime rate. Isn't it a shame? While people stand by doing nothing, our country is on its way downhill.

Try for a moment to realize what a fine country we live in. Here people have the right to do mostly as they please. But this right is being viciously abused. Freedom is the most outstanding feature in the United States. Our Constitution consists of it; we thrive on it.

Then, why is the crime rate rapidly expanding? The main reason is that many people have the wrong idea of freedom. Having freedom doesn't mean having the right to do completely as you want to do. If you think that, you have never been more wrong in your life. The true meaning of freedom as it is in our Constitution, is allowing a person to live his life in his own way without having to answer to anyone, but without infringing on another person's rights.

We all have certain rights as

individuals, but we also have a duty to work with each other to make this country grow and prosper. All it takes is work and determination to get the job done. Do YOU have these qualities. I hope so. They are very valuable to your country and to yourself.

Presidential Poll Taken In Class

A recent poll was taken in Silverton High School by the government class. Purpose of the poll was to determine which candidate is most popular here.

Result of the poll was Wallace, 100 votes; Nixon, 24 votes; and Humphrey, 12 votes.

A nationwide poll is being taken by the "American Absolver," a paper the Seniors take regularly. The nationwide results of the poll will be published November 4.

Mr. Hinds looked very angry. "I've been robbed," he growled. "I answered an advertisement which said, 'Send two dollars for an ingenious instrument which will halve all your household bills.' Lanis Davis had the pleasure of cutting the Football Queen's cake at the party held in her honor at the school cafeteria following the football game Friday night. The Silverton High School Student Council sponsored the party for the students. Lanis is pictured in her cheerleading uniform, into which she quickly changed following her formal coronation as 1968 Football Queen.

Game Announcer Does A Fine Job

by Cathy Jones

Many fine things have been said about the great Silverton High Owl, but we feel one person who contributes his time and talent to a very difficult job for the team has been left out. That person is Ken Cook, who is the Briscoe County Agricultural Agent. Mr. Cook is the official announcer for the home-town games, and does a very fine job.

The announcer has a lot of responsibility along with his job that most people never think about. He must never show partiality for any team, no matter what his feelings are. He has a part in controlling the crowd, and in displaying good sportsmanship.

We have no record of past experience for Ken, but his good nature and humor in announcing the games speaks pretty well for his capability and qualifications.

There are several others who also perform services to the team: Fred Mercer, who films the games; Fred Strange and Kenneth Tate, who operate the scoreclock; and Cynthia Sutton, who sings the National Anthem.

Next time you see these people, let them know you appreciate the services they perform for the school.

WHAT TO CALL A GIRL?

Call a girl a kitten,
But never a cat;
You can call her a mouse,
Cannot call her a rat;
Call a girl a chicken,
But never a hen;
Or you surely will not be her caller again.

You can call her a duck,
Cannot call her a goose;
You can call her a deer,
But never a moose;
You can call her a lamb,
But never a sheep;
Economic she likes,
But you can't call her cheap!

You can say she's a vision,
Can't say she's a sight;
And no girl is skinny,
She's slender and slight;
If she should burn you up,
Say she sets you on fire,
And you'll always be welcome,
You tricky young liar!

THE GAME IN REVIEW

Although the rain was an unfavorable factor in last Friday's game, the players and coaches still feel that they played a good game. There were a number of fumbles and twice too many penalties in the game which will have to be stopped. All the players knew that Boys Ranch would be tough. The boys don't care how much they beat a team just as long as they do win. That's why they feel like they are as good or better than any district opponent.

The spirit will be high this week as the Owls go against the Kress Kangaroos. Come out and watch Silverton beat Kress for the first time in six years.

Junior Class News

The Junior Class met at 12:20 p.m. Friday and discussed plans for the Junior Play.

Try-outs were scheduled at 8:30 p.m. Tuesday following the Powder Puff Football Game. Committees were appointed for the props.

BIRTHDAYS

Monday's child is fair of face.
Tuesday's child is full of grace.
Wednesday's child is full of woe.
Thursday's child has far to go.
Friday's child is loving and giving.
Saturday's child has to work for its living.

But a child that's born on the Sabbath Day,
Is fair and wise and good and gay.

If you don't know which day of the week on which you were born, ask Mrs. Rampley to look it up on her Perpetual Calendar.
