SILVERTON, (Briscoe County) TEXAS

VOLUME 61 NUMBER 1

Aoudad Season Opens Here Next Week

The Aoudad Sheep hunting season will open next week in the Palo Duro Basin, which includes Briscoe County. There will be a five-day hunting season again this year, and game hunters from all over the nation will be converging on this area in quest of one of the world's most elusive trophies.

Texas Parks and Wildlife officials have described the sheep as "Texas' most talked about big game," and hunting permits have been sold for prices in the neighborhood of \$200.00.

Last year a total of 21 sheep were killed in the Palo Duro Basin during the five-day season, and 12 of these were bagged in Briscoe County. In 1967 eight Aoudad sheep were taken in Briscoe County. Each year since the Aoudad hunting began in this area, more of the sheep have been bagged in Briscoe County than in any other county, proving that the rugged caprock rim provides a wildlife refuge that is second to none!

There are also large populations of mule and whitetail deer, ducks, quail, dove and wild turkeys, but the presence of the exotic Aoudad captures the imagination of sportsmen everywhere because there are only two open seasons for Aoudad hunting in the world—in Africa and in the Palo Duro Basin.

Tom Christian of Claude reported to the Briscoe County News last summer that he always receives lots of requests for permits from out-of-state hunters. Because of this, the Christian permits are usually sold to hunters from the midwest who like "roughing it" on the guided hunting expedition which Christian personally supervises.

Last year, due to the extremely cold temperatures during the hunting season, Christian reported having to place food items in insulated containers (usually used for keeping things cold) to keep them from freezing!

Over the years a great deal has been written about the Aoudad and its habitat, but very little has been devoted to telling how to stalk them. Most of the hunters are excellent marksmen who have deer, moose and elk trophies from many parts of the country. But they come here having never dealt with the Aoudad, and without a local guide their chances of getting a sheep are slim. The coat of the Aoudad blends almost perfectly with the caliche canyon walls and they can scale seemingly impossible heights. The sheep will barrel straight off a sheer cliff, dropping to a rocky ledge below, and in a flash will plummet a second time into space. After landing on a tiny Craig below, they use their knees to slide and scoot to safety below. They are amazingly agile, and it takes a trained eye and a steady hand on the trigger to get one.

Sunday dinner guests in the home of Mrs. C. G. Harrison were Mr. and Mrs. R. C. Crow and Karen, Mr. and Mrs. Riley Deatheridge, Tory, Treni and Tracy, all of Abilene; Mr. and Mrs. Leo Hoffman and children of Sentinel, Oklahoma; Mr. and Mrs. Walter Via and family of Happy; and Mr. and Mrs. Ronnie Via of Tulia.

Visitors in the home of Mr. and Mrs. Dee Garvin from Friday until Sunday were Mr. and Mrs. Lavell Blasingame and children of Midland; Mr. and Mrs. Richard Trimble and girls of Waco; Mr. and Mrs. Gerald Garvin and children of Amarillo.

CHANGES MADE IN HANDLING REQUESTS

To further the secrecy of communications, changes have been made in handling requests to determine if a local telephone is in use or out of order.

The announcement of the change was made today by Sheron T. Lee, division manager for General Telephone Company of the Southwest.

"Extreme caution has always been taken by the telephone industry in honoring the secrecy of communications; however, as communications equipment and customers become more and more sophisticated, it becomes necessary to close any loopholes which come to our attention," Lee said.

"In the past, when a customer found a telephone number busy, they often requested an operator to determine if there was a conversation on the line. We have honored the request to be sure the telephone was not unknowingly out of service," Lee explained.

"Under the new procedure," Lee said, "the number can be verified to determine if there is conversation on the line only if the requesting party indicates (1) that the call is urgent, or (2) an emergency, and (3) wants the conversation interrupted. The name and telephone number of the person asking for the interruption is

Postal Rates Hiked As Of January 1

Postal rates for newspapers and magazines and other material mailed at the second-class rate were increased January 1, 1969.

The increase results from the postage rate law enacted in December 1967, which raised most second-class rates in three annual steps. The January 1, 1969, hike is the second phase of the increase. The first phase took effect January 7, 1968, and the third step will go into effect January 1, 1970.

The second-class rate increase affects general interest, nonprofit and classroom publications.

Rates also went up January 1 for controlled circulation publications. These are primarily trade, technical and industrial journals which generally do not charge a subscription fee and are not eligible for second-class rates. The 1967 postal rate law called for a three-step raise for controlled circulation publications, effective the same date as the second-class increases.

Except for home-county mailings, postal rates for newspapers and magazines mailed second-class are based on the weight of the publication, and the amount of advertising it contains, and the distance it is mailed.

Effective January 1, rates for editorial or non-advertising matter in commercial publications was increased from 3 to 3.2 cents per pound. Rates for advertising content depend on the distance the publication is mailed. These zone rates now range from 4.6 to 15 cents per pound of advertising content. The new advertising zone rate range will be 4.9 to 16 cents.

There are special lower second-class rates for classroom publications and publications of nonprofit organizations. These rates also were increased January 1, 1969.

Postmaster Fred Strange said that second-class or controlled circulation mailers who need more detailed information on the new rates should contact the Post Office where their publications are mailed.

Christmas Social Held In Howard Home

The Good Samaritan Class of the First Baptist Church held its annual Christmas social in the home of Mrs. H. P. Howard at 2:30 p.m. Friday, December 20.

Mrs. Shelby Haynes, president of the Sunday School Class, welcomed the members and guests, and a Christmas program was directed by Mrs. C. O. Allard and Mrs. J. C. Rhoderick.

The devotional was given by Mrs. Gabe Garrison, and Mrs. A. L. McMurry led the prayer. Mrs. Stanton Crow told about "Our Richest Christmas," and Mrs. J. E. Wheelock gave "If I Had Not Done" following a prayer by Mrs. Belle Olive. Christmas carols were sung throughout the program.

After the program, Santa Claus handed out Christmas gifts from under a silver tree in the living room as a spirit of welcome by the hostess, Mrs. Howard. Gifts of individual loaf cakes were delivered to the shut-ins of the class, under the direction of Mrs. Haynes.

Scripture cake, coffee and spiced tea were served from white tables with a glow of hospitality and holiday greetings.

Attending were Meses McMurry, Frank Tomlin, Garrison, J. E. Wheelock, R. E. Stephens, I. L. Douglas, Mary Rampley, Mae Tension, H. C. Mercer, W. E. Schott, sr., Rhoderick, Jennie Fisher, Belle Olive, H. C. Crow, Haynes and Allard, and Miss Betty Olive.

"requested before an operator proceeds to interrupt a conversation," Lee explained.

"Of course, if there is some reason to believe that the number is out of order, a customer is still asked to notify the operator who can have the number checked," Lee explained. "If there is trouble, it will be reported to repair service by the operator."

Historically, up to sixteen percent of all "assistance" calls to the operator—other than placing a long distance call—are to determine if a telephone is in use or out of order.

Lee emphasized that the telephone company will, on every occasion, determine whether a line is in trouble or not. However, now the information will be reported to repair service instead of the customer.

Christmas Social Held In Howard Home

The Good Samaritan Class of the First Baptist Church held its annual Christmas social in the home of Mrs. H. P. Howard at 2:30 p.m. Friday, December 20.

Mrs. Shelby Haynes, president of the Sunday School Class, welcomed the members and guests, and a Christmas program was directed by Mrs. C. O. Allard and Mrs. J. C. Rhoderick.

The devotional was given by Mrs. Gabe Garrison, and Mrs. A. L. McMurtry led the prayer. Mrs. Stanton Crow told about "Our Richest Christmas," and Mrs. J. E. Wheelock gave "If I Had Not Done" following a prayer by Mrs. Belle Olive. Christmas carols were sung throughout the program.

After the program, Santa Claus handed out Christmas gifts from under a silver tree in the living room as a spirit of welcome by the hostess, Mrs. Howard. Gifts of individual loaf cakes were delivered to the shut-ins of the class, under the direction of Mrs. Haynes.

Scripture cake, coffee and spiced tea were served from white tables with a glow of hospitality and holiday greetings.

Attending were Mmes. McMurtry, Frank Tomlin, Garrison, J. E. Wheelock, R. E. Stephens, I. L. Douglas, Mary Rampley, Mae Tenison, H. C. Mercer, W. E. Schott, sr., Rhoderick, Jennie Fisher, Belle Olive, H. C. Crow, Haynes and Allard, and Miss Betty Olive.

requested before an operator proceeds to interrupt a conversation," Lee explained.

"Of course, if there is some reason to believe that the number is out of order, a customer is still asked to notify the operator who can have the number checked," Lee explained. "If there is trouble, it will be reported to repair service by the operator."

Historically, up to sixteen percent of all "assistance" calls to the operator—other than placing a long distance call—are to determine if a telephone is in use or out of order.

Lee emphasized that the telephone company will, on every occasion, determine whether a line is in trouble or not. However, now the information will be reported to repair service instead of the customer.

At St. Jude Children's Hospital—

Danny Thomas Puts His Luck To Work For Sick Children!

Danny Thomas is a lucky man. So lucky that he founded the famous St. Jude Children's Research Hospital in gratitude, and to keep a sacred pledge he made when his career was at its lowest point.

His luck held up. First, he was successful in finding generous people to contribute to the building of St. Jude's. Then, he was able to interest the University of Tennessee's Medical School in staffing the hospital - and in concentrating on research, especially in the fields of leukemia and other cancer and blood-related diseases.

Again, Danny's luck came through. A research hospital is enormously expensive. The staff must be specialists of high standing in the medical field. Equipment is complex and costly. But Danny found thousands of Americans willing to join him in helping to support the hospital.

All Treatment Is Free
 Thousands of out-patient treatments are given every year to leukemia-stricken children. Hundreds of others are given full-time care. AND NO ONE PAYS ONE PENNY FOR SUCH CARE. All children, all races, all religions are treated alike.

Now, Danny's fabulous luck is spreading to the specialists, and to the children stricken with leukemia. Leukemia is cancer of the blood. A few years ago, all such children could look forward to only a few more months of life - months filled with the torture and pain of the disease which kills more children in America than any other.

NOW, ALMOST 30 PER CENT OF THOSE WHOSE CANCERS ARE CAUGHT EARLY ENOUGH CAN BE SAVED. NOW, HALF OF THOSE WHO CAN BE KEPT ALIVE FOR FIVE YEARS THROUGH THE CHEMICALS THEY RECEIVE AT ST. JUDE'S CAN LOOK FORWARD TO A NORMAL LIFE SPAN.

Most doctors, and most hospitals, must refer leukemia-stricken children to one of the

nation's few leukemia centers - such as St. Jude's. There then begins the race against death, a race in which chemicals are used to keep the child alive, until they lose their effectiveness and another combination must be found.

While the delicate treatment of such children proceeds, great contributions to medical knowledge and to its war on cancer are being made. St. Jude's departments of pathology, epidemiology, immunology, bacteriology, chemotherapy, nutrition and cell biology are daily adding bits and pieces of data that will help all mankind.

Danny is hoping - for the sake of thousands of children who would die were it not for St. Jude's - that his luck will hold out. He's hoping that the people to whom he writes for contributions in November will make a gift that could well help in keeping a child alive to see another Christmas!

TEXAS TITHING

When the six-year-old son of a Texas oilman pledged \$100 a week to his church school, the superintendent cautiously checked with the boy's parents.

"It's perfectly all right," the father assured him. "We insist that the boy tithe."

State Capital NEWS

By Vern Sanford

AUSTIN, Tex.—When Preston Smith becomes governor on January 21, it will be to the tune of marching bands and at least five dance orchestras. Smith has revealed plans for a gala inauguration reminiscent of the 1950's. A big Congress Avenue parade will follow his swearing-in at noon that day, and after a brief rest Governor and Mrs. Smith will lead off the dancing at a grand ball. They'll be honored with at least four other balls during the evening. Last time the capital witnessed

such a celebration was when Price Daniel took office in 1957. Then more than 20,000 well-wishers danced until dawn. But inaugurations have been rather sedate since then. Governor Smith said he'd reveal more details of his inauguration in a couple of weeks.

EDUCATION

Just before the New Year dawned the Governor's Committee on Public School Education unfolded details of a controversial plan to shake up school district boundaries and dramatically revise finance formulas.

Indications are that it will have right sledding in the Legislature. Committee's reorganization plan to help make Texas schools better and more efficient would limit 219 of 254 counties to one school district each. General rule is that all operating 12-grade systems should be either countywide in size or contain at least 2,600 students in average daily attendance.

Exception would be sparse area districts stretching over a county or more with less than 1,600 pupils and 24 special-purpose units like that operated in connection with military bases.

Governor's Committee recommended that the Legislature adopt its proposed district maps for further study by special local county-wide study committees charged with approving the new pattern or recommending something better to suit their own area needs. State Board of Education would compile the final reorganization plan by June 1, 1971.

Projected plan would slash the number of school districts from 1,218 to 354. All but 19 of 662 districts which now have less than 500 pupils would be eliminated. There would be 35 multi-district counties (those of larger population) with from two to 13 districts. All of the latter would have fewer districts than they now have.

Committee's proposals for figuring local districts' adjusted share of a basic foundation school program will also prove controversial, particularly in rural areas. Local share is calculated on the actual property taxpaying ability in each district.

In many counties the number of districts would be reduced drastically.

COCKTAIL CLUBS

Proposed new rules for drinking clubs were shelled in public hearing by 11 bisro operators who

Jim Reid entered the U. S. Army on December 9. He has been here on Christmas leave visiting his wife, the former Sheila Jarnagin, and son, Warren; his parents, Mr. and Mrs. J. W. Reid,

other relatives and friends.

Mrs. Reid and Warren are making their home here while Pvt. Reid is in the service. His address is:

PVT. JAMES W. REID
US 54423072
Co. C, 2nd Trg. Bn., 3rd Bde. Bde.
Fort Bliss, Texas 79916

urged different categories of regulations for a wide variety of establishments catering to cocktail trade.

Texas Liquor Control Board took the issue under advisement and will hand down its ruling at an early date. Meanwhile, its proposed requirement that payment for mixed drinks be made in cash and strict definition of club "guests" remains under court attack.

Witnesses at hearing in the state capitol made these principal suggestions:

*That rules be geared to types of operations in 1,335 clubs over the state (344 of which are in dry areas).

*That record-keeping requirements be kept as simple as possible.

*That they be punished only for "knowing" violations.

*There are obviously several kinds of private clubs, all trying to operate under one broad definition. Comprehensive regulations might include clear-cut definitions of the various kinds or classes of clubs. This would, of course, involve a classification system" testified Royce Chaney of Dallas, representing the Texas Lone Star Chapter, Club Managers Association of America.

The family of Mrs. D. H. Davis gathered at the home of Mr. and Mrs. Marlin Jarnagin on Christmas Eve for the family's Christmas tree and dinner. Attending were Mr. and Mrs. James Davis, Jim, Barbara and Diane, Major and Mrs. Carol D. Davis, Alex and Max, Mr. and Mrs. Edwin Davis, Lanis Davis, Martha Mills, Mrs. D. H. Davis, Mr. and Mrs. O. C. Rampley, Mrs. Mary Rampley, Mr. and Mrs. Jim Reid and Warren, Steve Jarnagin, Mr. and Mrs. Leo Fleming, Wes, Annette, Scotti and Cary, Mr. and Mrs. Jarnagin, all of Silverton; Mr. and Mrs. Richard Jarnagin and daughters of Tullia; Mr. and Mrs. Dwight Rampley, Mr. and Mrs. Wayne Rampley and son, all of Weatherford, Oklahoma; Mrs. Jeanne McLeland, Mr. and Mrs. Paul Stanford and Lucy, all of Amarillo.

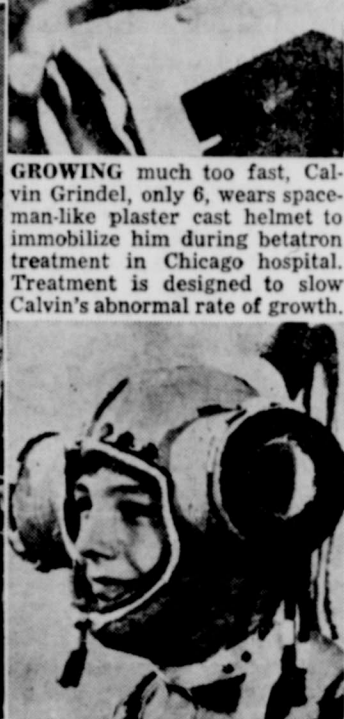

Christmas Day dinner guests of Mr. and Mrs. J. W. Reid and family included Mr. and Mrs. Jim Smith of Amarillo; Mr. and Mrs. Howard Dana of Gallup, New Mexico; and Mr. and Mrs. Jim Reid and Warren.

Buy Bonds where you work.

He does.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars. A majority of our servicemen overseas are investing in U.S. Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

Could be you feel a little edgy, or maybe cross. You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?

Lydia E. Pinkham Tablets and Liquid Compound
