### All Around the Town

by Mary Ann Sarchet

The Amarillo Daily News is sponsoring a "My Home Town" contest, with weekly cash prizes totaling \$20 to be given. Anyone in this area is eligible to enter. All letters must be signed and must be less than 400 words in length. Does anyone in Silverton think enough of his home town to enter?

I adopted my home town ten years ago, on April 1, 1959. My family and I were almost thrown in jail the first night we spent in Silverton because of an alert sheriff and nightwatchman who thought we were burglarizing the News Office.

In a small town like ours, everyone knows all the truth and most of the fiction about everyone else, and prior to April 1, 1959 Mr. and Mrs. M. B. Cavanaugh had been owners and publishers of the Briscoe County News. It was well known by everyone that Mr. and Mrs. Cavanaugh drove "the only DeSota in town." And when that DeSota wasn't parked at the News Office and there were people inside going through everything, the local law enforcement department sprang into action.

Sheriff Johnnie Lanham was at the front door and Nightwatchman James Patton was at the back; we didn't know them and they didn't know us, but I'll tell you that we must have looked like tramps because we had been moving all day and were too tired to do anything more than ransack the place a little to find out just what all we had bought.

I guess that almost being put in jail is one of the pitfalls of buying a business and moving into a little town before anyone knows what's going on—it also keeps them guessing. After we had been here about a week, everyone knew who WE were—and then we have spent these ten years trying to learn who THEY are.

I think ours is one of the greatest little towns on earth—maybe in the entire universe. And do you know what makes it so great? The people do! Silverton and the surrounding area contains some of the best, friendliest people to be found anywhere—they are the salt of the earth. There is nothing they wouldn't do for one another, and I doubt that there has ever been anyone truly in need of a helping hand that didn't get all the help and encouragement he could wish for from his friends and neighbors in Silverton.

The people are what make you like or dislike any place, I think. However, I recently read an article that indicated that if a person really dislikes the town in which he lives, he probably won't like the next town in which he lives either. Happiness is really a state of mind, and I think a person can be happy or unhappy anywhere he really wants to be.

In Silverton, we do without a lot of the things that people in larger towns take for granted. I hate this, especially for the sake of the teenagers and young adults. But the people are working hard to provide all they possibly can, and you must give them credit for this effort.

Our town offers a good many advantages that a larger town can't hope ever to offer: a good, healthful, friendly place for boys and girls to grow to adulthood, with the pleasures of the country life available to everyone including the town dwellers. People enjoy one another more, and take genuine pleasure in being together for a cup of coffee or a stockholders' meeting or an afternoon playing dominoes; a quilting party or a community club meeting; a birthday party or an afternoon of Bridge. Where else will you still find the sewing clubs and quilting bees, anyway, except in a small town?

I love the cowboy atmosphere of this ranch country we live in. I like living in the picturesque caprock area, where it doesn't take but a few minutes to drive to a fishing hole where you can sit and daydream for an afternoon if you like.

I'm sold on life in the small town, and I would be happy to live my entire life in a town just like Silverton.

## Floydada Council Endorses Project

The proposed Mackenzie dam project has been unanimously endorsed by the Floydada City Council.

Mayor Jimmy Seay said that after a study of the Mackenzie Water Authority's proposition, he felt the Council should express an opinion concerning the dam because the possibility exists of losing the water rights for it next fall.

A meeting of the Mackenzie Water Authority will be held in Tullia tonight, Thursday, May 22.

## Volunteers Needed To Help Clean Swimming Pool

At the meeting of the stockholders and directors of Silverton Pool, Inc., it was decided to clean the swimming pool on Saturday, May 24. Everyone who can is asked to help with this project.

The group voted that members must pay yearly dues of \$15.00 in advance before any members of the family can swim.

Elected to serve as directors were Troy Jones, Walter Bean and Kenneth Tate. Holdover directors are H. B. Simpson, David Tipton, Norman Strange and Charles Sarchet.

Simpson was elected president; Sarchet, vice president, and Tipton, secretary and treasurer.

Tom Pearson and Paul McWilliams have been employed to manage the pool this summer. The pool concession was given to Mr. and Mrs. Pearson.

The pool will open June 1. Parties may be booked by contacting Mr. Pearson.

### BATHING CAPS

All girls and women must wear bathing caps in the pool. This rule applies to regular swimming hours as well as to swimming during private parties. This is necessary to prevent hair from damaging the pool's filtering equipment.

## Adults Can Still Enter Art Workshop

According to an announcement by Mrs. Louise Vaughan, instructor, adults can still enter the summer art workshop which began Monday in the school homemaking department.

"If there are those who wish to participate in the workshop who were not enrolled for Monday's class, we want them to know they can still enter," Mrs. Vaughan said. "We will have a makeup class for any who enter late."

There is a possibility that the class will be divided into an adult group, which would meet mornings and a childrens class which would meet afternoons.

"I really need to be able to explain some of the deeper principles to the adults which would be boring to the children," Mrs. Vaughan added.

Those who took part in Monday's workshop were Debbie Verden, Butch Brannon, Kaedeon Bomar, Debbie Bomar, Mrs. Opal Grabbe, Rhonda and Susan Grabbe, Anna Jean Taylor, Bruce Tiffin, Micki and Vici Jasper, Mrs. Frances Crass, Mark Hutsell, Mrs. Rubie Williams, David Clark and Ken Sarchet.

Anyone who would like to enroll in the workshop is asked to contact Mrs. Williams at the homemaking department or Mrs. Vaughan before Monday.

Mrs. D. Oneal has returned from a visit in Ypsilanti, Michigan, where she accompanied her sister, Mrs. Lovora Fish, to a Pigeet and Early Childhood Education Workshop. The workshop will be of great value to Mrs. Fish as director of the Follow Through program for the state of New Mexico. "Follow Through" is a federal program for those children who have been in the Head Start program.

Cletus Grady, jr., son of Mr. and Mrs. Cletus Grady, was honored as the outstanding participant in both football and track. An All-District football halfback, Grady represented Silverton High School at the State Track Meet last year and advanced to Regional this year.

Jimmy Walker, son of Mr. and Mrs. Roy Mack Walker, was recipient of the boys basketball award. An All-Tournament Award player, Walker was named to the All-District team this year. He is planning to attend college on a basketball scholarship.

The girls basketball award was won by Kathy Self, daughter of Mr. and Mrs. J. L. Self. Kathy also won the award as outstanding girls basketball player last year. She was a unanimous choice as guard on the All-District team this year, was named to the All-District team last year, and received an All-District honorable mention her Sophomore year.

Coaches Bill Lorraine, Bill Wiggins and Bill Wood introduced all the players, and presented the awards.

Musical selections were provided by Mrs. C. H. Murphy, jr., soloist, and Mrs. Wayne McMurtry, pianist.

Gifts were presented to the three coaches in appreciation for their service to the school and players this year.

## Smallpox Vaccination Clinic Postponed

The smallpox vaccination clinic which had been planned for Silverton school children this summer, has been postponed until fall, according to an announcement by Mrs. Delphine Kleman, school nurse.

The smallpox vaccination clinic was delayed once due to the illness of Mrs. Kleman, and it has now been found advisable to have the vaccination clinic in the fall due to the fact that the boys and girls will be wanting to swim and take part in other summer activities which could bring injury to the vaccination.

In the health clinics that were held under the sponsorship of the Century of Progress Study Club in cooperation with the Public Health Service, 79 students received immunization in March; 80 in April, and 81 in May.

Polio protection was given to 149 students; DPT to 77; DT to 95 and 54 received measles shots.

Four members of Century of Progress Study Club assisted with each of the clinics. Health personnel in charge were Mrs. Kleman, R. N., Mrs. Grace Hutsell, R. N., and Mrs. Mary Miller, R. N., Public Health Nurse.

Mr. and Mrs. H. F. Sarchet of Tullia visited Mr. and Mrs. Charles Sarchet and Ken Sunday evening as they were enroute home from a visit with their sons and families at Fort Worth and Cleburne.

## Clifford Rowell Home On Leave

Clifford Rowell is here visiting relatives and friends on a 30-day leave from Fort Sam Houston at San Antonio, where he is receiving treatment for arm injuries received in action in Vietnam.

He expects to return to Fort Sam Houston when his leave is over, and states that he will probably be receiving treatment there for a year or longer.

Clifford was by the News Office early this week, and asked that his appreciation be conveyed to all of you for the many, many flowers, gifts and cards he received after arriving at Fort Sam Houston. He said that it was "almost like Christmas" and that the other servicemen in his hospital ward got a lot of pleasure from his flowers also.

Mr. and Mrs. Wade Welch and the driver of the other car did not require hospitalization after a two-car accident Tuesday morning while Mr. and Mrs. Welch were enroute to Lubbock. The Welch car was heavily damaged.

Simple precautions with a discarded or stored refrigerator or freezer CAN save a child's life.

Precautions can take several forms. The Association of Home Appliance Manufacturers recommends removing the latch or chaining the door closed.

Completely remove the door of the freezer or refrigerator, put either temporarily or permanently out of use, advises Mrs. Doris Myers, Extension home management specialist.

And take preventative action immediately, she warns.

Rubber bumpers or wooden blocks prevent a door from closing completely to trap a child, the specialist at Texas A & M University adds. Secure with contact cement or string adhesive glue high out of a child's reach.

Make sure the bumpers are thick enough to prevent the door from closing completely.

To chain the door closed, use an ordinary chain and padlock or unbreakable self-adhesive filament tape about an inch wide. Mrs. Myers suggests wrapping tape several times and overlapping it in the back of the refrigerator.

If the appliance's design permits, slip a winged head of a toggle bolt into the latch with a wooden block or metal plates screwed flush into the inner door surface. Or, says the specialist, the latch can be removed.

Most important is to remove the door completely when discarding a refrigerator or freezer.

## Study Club Tours Art Gallery

Century of Progress Study Club met Wednesday, May 14, at 8:30 a.m. in the P.C.A. community room. Mrs. Wayne McMurtry presided over the business meeting, and Mrs. John Gill and Mrs. Jack Robertson served coffee and rolls to those present.

The program was a tour of the High Plains Art Gallery in Amarillo, conducted by the owner, John McCarty.

Mr. McCarty, also an artist and author, conducted the tour, lecturing the group on some of the basic principals of art and some

sons points to five major deficiencies: calcium, vitamins A and C, niacin and the proper intake of calories.

Over or under caloric intake are problems among this age group, reports Minnie Bell, Extension specialist for aging.

In the early study, 40 percent said they took vitamins no matter what they ate. Nutritionists tell us that this may be a waste of the food dollar and could be harmful, points out Minnie Bell.

Studies in some states reveal that elderly people exist on such low incomes that they were unable to have all the proper nutrients.

Miss Bell pointed out the common problems in older people's diets: they forget to eat or eat too little. Very limited meals of "tea 'n' toast" or "bread 'n' butter" may occur often.

Others have dental problems and the need for various kinds of textures in food is important. Weight watching, special diets and wise spending of the food dollar give special concern to senior citizens.

Above all, following the Basic Four Food Groups for proper eating is as much a MUST for the older person as well as for the younger one. The groups include meat, bread and cereal, dairy foods, and fruits and vegetables.

**COOKING FOR ONE OR TWO**  
 A big problem with cooking for one or two is shopping, especially shopping for meat. Meat often doesn't seem to come in two-people portions.

Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist, suggests a way to take advantage of larger meat cuts with no leftovers. Divide a larger cut into two or three smaller ones before cooking. A two-to-three-pound chuck roast, for instance, can be cut into a pot roast and swiss steak. It doesn't take lots of skill—only a sharp knife and an eye for judging onethird of a roast.

of the factors to be considered when purchasing art or painting for the art market. He gave a demonstration in oil painting following a tour of his personal studio.

Ted Bell, Kenneth Wyatt and Carl Smith were some of the prominent area artists who have work hanging in the gallery.

Following the tour, the group enjoyed a luncheon at the Gold Tree Inn in the Bank of the Southwest building.

Taking part in the tour and luncheon were Mrs. John Gill, Mrs. Joe Montague, Mrs. Pat Northcutt, Mrs. Garland Francis, Mrs. Norman Strange, Mrs. L. D. Griffin, and Mrs. F. E. Hutsell. Mrs. Ray Teeple, Mrs. Wayne McMurtry, Mrs. Jack Robertson and Mrs. O. C. Rampley were the members attending the business meeting who were unable to go to Amarillo.

Farewell, all teachers and friends,

You have helped me to the bitter end.

We struggled together,

How can I forget you

Now or ever.

I'll remember the Halls!

Even the color on the walls!

Most of all,

I'll remember you

And now I say farewell!

The 1969 Senior Class is nearing a big day in our lives—graduation night. After May 29, we will only have memories of our years in Silverton High School. There will be good memories and memories we'd rather forget, but all of these will stay with us for the rest of our lives.

All that will be left of the Seniors of '69 will be the picture hanging by the office. We will no longer take part in the usual dinner rush, cut classes, receive those hard licks from O. C. or irritate the teachers.

Yes, we'll take the good and bad memories with us, but we hope we leave a few behind to all of our teachers and the underclassmen. We haven't been the best class in the world, but we've tried to do some good. (We've also tried the teachers' patience.)

Sammy, the son of Mr. and Mrs. S. O. Skinner (Mrs. Skinner is the former Betty Gardner, a graduate of Silverton High School), of 1414 Byron, started his record-breaking feats as a Sophomore and didn't stop until his Senior year when he brought home the title of number one in the State for the mile run. Sammy won the mile with an amazing 4:16.8. (Since May 13, he has lowered this time to 4:13.)

Among Sammy's other records, he won the state cross country meet, which was a new record for division three and holds the record for the one-mile and two-mile runs.

While a student at Deer Park, Sammy has won thirty-eight medals, nine trophies, two plaques, and four ribbons, which means Deer Park's Deer are going to have quite a pair of track shoes to fill next year.

This drive also supports the charitable work of the local service unit committee which is made up of local citizens who are "on the ground" and ready to help because they can see local need.

**Releases Needed On GI Home Loans**

The Veterans Administration today cautioned veterans who will be transferring to new jobs in new locations this summer to get releases in writing from the VA on their present GI home loans.

The VA noted that private industry, more and more, is following the long-standing practice of the military services and government agencies of transferring personnel during the summer to avoid disrupting their children's schooling.

In the excitement of moving and concentration on the new job, the VA said, it is easy to overlook the fact that even though a veteran sells his present home he is still liable for his GI loan unless the loan is paid in full or the VA releases him in writing from all future liability.

The VA also pointed out that the veteran who sells his home because of a transfer to a new location will be entitled to restoration of the VA home loan guaranty in order to purchase a home in his new community if his old GI loan is paid off.

Veterans may obtain additional information on releases from their loan liability and restoration of their loan entitlement from the VA office.

after tracksters in the nation, has had offers from the University of Texas, Texas A & M, Lamar Tech, University of Colorado, Dallas Baptist College, University of Mexico, University of Oregon and Stephen F. Austin, to mention a few. Sammy has won the right to go to the national finals in California. The records Sammy has set for Deer Park will long be remembered and will take a superstar to break them. Sammy's grandparents are Mr. and Mrs. S. O. Skinner, sr., of Teague, and E. L. Gardner of Tulia.

Sammy was presented with the Key to the City and a street in Deer Park was renamed for him—Skinner Avenue.

**Farm Ownership Loans Are Available**

Farm ownership loans are available to local farmers through the Farmers Home Administration according to Don Cruce, county supervisor who serves Swisher and Briscoe counties from his office in Tulia.

Cruce stated that farm ownership loans are made to applicants for various purposes. Some loans enable tenant-operators to become owner-operators and others enable present owners to enlarge, improve or refinance their farms. Loans to purchase farms, in most cases, include funds to fully develop the farm.

In recent years one of the most prominent uses of loan funds has been to purchase and improve farms for young tenant farmers who are trying to establish themselves more soundly in the farming industry. With loan terms at 5% interest and up to 40 years to repay, the young farmer will more likely be able to pay the land debt, meet operating expenses and realize a profit. Loans to young farmers can be repaid at the rate of \$58.28 per \$1000.00 per year and the loan can be up to \$60,000.00. The Tulia office of the Farmers Home Administration has closed nine farm ownership loans since July 1, 1968, totaling \$301,320.00. Three more loans have been approved and are awaiting funding. The loans approved or closed since July 1, 1968, range from \$3,740.00 to \$57,750.00. These loans can only be made through the help of local lenders willing to invest their money in government securities.

For more information on this and other Farmers Home Administration loans, contact Donald B. Cruce any Monday at the Farmers Home Administration office at 219 NW Second, Tulia, Texas 79088.

### Steer Roping Slated Sunday Afternoon

Swisher County Activities Association will hold their Sixth Annual Memorial Day Steer Roping on Sunday, May 25 at the Cobb-Wheeler Arena two miles east and one north of Tullia. There will be an introduction of cowboys at 12:30 p.m. and the roping will start at 2:00 p.m.

This year's roping will feature 20 of the top ropers in the nation, including seven former world champion steer ropers. Sonny Davis of Kenna, New Mexico, is the current world's champion; he also held the title in 1964 and 1966; was runner-up in 1957, 1962 and 1963; placed fourth in 1959 and fifth in 1956 and 1958.

Shoat Webster from Lenapah, Oklahoma, was world's champion in 1949, 1950, 1954 and 1955, and

The result was 88 for and 223 against transfer of cotton to out-of-county residents.

Only 311 of the 986 eligible voters voted in the referendum.

Dick Ratjen, another Swisher County roper, stood fourth in average at four ropings last year.

Walter Arnold of Silverton has been one of the top 15 steer ropers and in 1966 was first in average at National Finals and was top in team roping in 1967. He won the Tullia roping in 1967. He was leading at Roswell this year on his first three steers, but had

trouble on his fourth that knocked him out of the money.

Jim Prather of Post won the Cheyenne Frontier Days in 1967 and was in the top 15 in 1968. He won the roping at Tullia in 1966.

Tim Prather of Post was fifth in 1967 and was in the top 15 in 1968.

### VA URGES VETERANS TO SEND CERTIFICATION

The Veterans Administration today urged the more than 360,000 veterans and servicemen now enrolled in the nation's colleges and universities under the Post-Korean GI Bill to complete and return VA certification of attendance cards as soon as possible.

Now sent to college-level GI Bill trainees only once during each enrollment period, the certification was formerly required monthly in order for the veteran or serviceman to be paid his monthly VA educational assistance allowance.

The veteran or serviceman is asked to indicate if there has been a change in his enrollment as shown on the card, or if he terminated enrollment.

To help the VA anticipate his future educational assistance need, he is also asked to check whether he will enroll in the same program and school for the next period.

On the back of the card is a reminder that if the veteran or serviceman fails to complete and return the card to the VA office indicated on the card he will receive no further payment from the VA.

# Buy Bonds where you work.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars. A majority of our servicemen overseas are investing in U.S. Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

## U.S. Savings Bonds

*Bond facts: Savings Bonds pay you back \$4 for every \$3 at maturity in only seven years... are replaced free if lost, destroyed or stolen... have special tax advantages... can be redeemed whenever the need arises.*

NEWS FROM THE

COUNTY AGENT'S DESK

Saddle horses, like humans, need periodic checkups if they are to stay healthy and in top condition.

Horsemen should check their mounts on such items as nutrition, condition of their teeth and feet and for external parasites. Then go to a veterinarian for a checkup for internal parasites, and an immunization program against the more common diseases of horses.

These include such diseases as strangles or distemper, tetanus, encephalomyelitis or sleeping sickness and equine influenza. The veterinarian can also give advice on which vaccines to use and when and how often to use them. Of primary importance is the time of the year and the repeat or follow-up of necessary injections to make the immunization program successful.

In case of encephalomyelitis, it is the common practice to wait until a case has been reported in the area before vaccinating. But this is unwise practice, because

the first case could be your horse. Two injections of tetanus toxoid, given four to eight weeks apart, will protect your horse for approximately a year from a disease that is usually fatal. Infection can come from the horse stepping on a nail, receiving a puncture wound or laceration which may go unnoticed until the

animal has a case of tetanus. An annual booster shot will maintain the animal's immunity.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) In addition to Texas Water Development Bonds heretofore authorized to be issued by Sections 49-c and 49-d of Article III of the Constitution, the Texas Water Development Board is hereby authorized to issue \$3,500,000,000 in aggregate principal amount of bonds. No part of such additional bonds shall be issued prior to approval thereof by the vote of two-thirds of the elected members of both houses of the Legislature. 100-Year-Old Photos Go On Tour

U.T.U. Celebrates "Spike" As Labor Triumph

With a minimum of hoopla but with a certain amount of understandable boasting, American labor is planning its own celebration of the "Golden Spike" centennial.

The program, co-sponsored by the United Transportation Union and the Oakland (Calif.) Museum, stresses the contribution of working men in building the nation's first transcontinental railroad.

Plans center on the only photographic record ever made of the almost legendary construction project. The pictures are printed off glass plate negatives shot more than 100 years ago by the Union Pacific Railroad's official photographer, Andrew J. Russell.

In this picture by photographer Andrew Russell, celebrating workmen surround the hand-shaking chief engineers at Promontory—Central Pacific's Sam Montague (left) and Gen. Granville Dodge of Union Pacific. The rough working faces were a little too coarse for the dignitaries, so CP president Leland Stanford had a painting commissioned of the event (see below).

The photos, in an exhibit specially constructed by San Francisco architect Gordon Ashby, will go on tour, starting this year and continuing at least into 1972.

Russell's camera virtually wrote the script for labor's centennial event. He followed the UP work crews all the way from their starting point in Omaha, Neb., to the link-up with Central Pacific at Promontory Point, Utah, on May 10, 1869.

"In our own quiet way," said U.T.U. president Charles Luna, "we want to take fitting notice of the men who gave

their muscle, brains and, in many cases, their lives—men who fought disease and hostile Indians while working under the whips of company supervisors—to make possible that famous ceremony at Promontory."

Ironically, Russell's remarkable plate-glass negatives went into virtual oblivion as soon as they were made. For one thing, large investors and sympathet-

ic politicians were dissatisfied with his photograph of the link-up celebration, showing the two locomotives nose-to-nose on the finished track, and workmen dominating the area in a state of jubilation.

When the union began research two years ago for its hour-long movie, "Movin' On," the whole Russell collection of glass plates, 500 in all, was dis-

covered, carefully crated, in a remote storage area of the American Geographical Society in New York's upper Manhattan.

After making its way around the country, the exhibit, with working prints of "Movin' On," will reside permanently in the Oakland Museum.

The painting centers on Stanford, and it includes only three workmen—all kneeling before the mighty Leland. Many of the dignitaries here never saw Promontory; at least two were said to have died two years before May 10, 1869.

The famous Gen. Jack Casement posed proudly for Russell—holding the bullwhip that was used to exhort Union Pacific workers to lay track at backbreaking pace.

"Good Driving" Is Junior Club Topic

"Building Good Driving Skill" was the theme of the May 13 meeting of L. O. A. Junior Study Club.

The yearbook quotation was Uncle Zeb, Carl C. Wood of Claude: "My driving is perfection, my courtesy is tops. But my mirror shows reflections of motorcycle cops."

Mrs. Robert H. Hill was hostess and also gave the devotional, "The Driver's Prayer." Roll call was answered with "My Secret Ambition."

"If You Have An Accident" was the program part given by Mrs. Fred Edwards; Mrs. Jerry Miller

related "What Truckers Say About Your Driving," and Mrs. Steve Miller gave "Tips To Mothers Who Drive."

Cokes and cookies were served to Mrs. Bud Couch, Mrs. Edwards, Mrs. Hill, Mrs. Champ McGavock, Mrs. Jerry Miller, Mrs. Steve Miller, Mrs. Charles Sarchet and Mrs. John Schott.

It was announced that a salad supper and installation of officers at the next meeting would close the regular club year.

Mrs. J. E. Patton was granted a leave of absence. Mrs. Schott accepted the chairmanship of the program committee for the com-

ing year, and Mrs. Steve Miller was appointed to serve on the committee with Mrs. Schott and Mrs. Randall Eddleman.

An election was held to fill the vacancies created by the leaves of absence of Mrs. Patton and Mrs. Dean Rowell. Mrs. Eddleman was elected to serve as corresponding secretary for the next club year, and Mrs. Schott was chosen to be club parliamentarian.

GOING UP

Many parents will tell you their children "outgrow" clothing before they wear them out. This period of "shooting up" can sometimes call for a bit of stretching of the family budget.

But, don't knock it. Wouldn't parents really become concerned if their children didn't grow at all? Sure they would, and no time would be wasted in finding the source of the problem.

Community growth is pretty much the same type of a story. It brings problems. Community leaders must

plan ahead, must anticipate future needs—but they would really be concerned if the community remained static, no new businesses, no new homes, no new jobs for an increasing population.

New stores, new services are born to meet community needs. They succeed because they meet community needs effectively. Just as a child grows because he or she is healthy, community growth is evidence that our local area is a good place to work, to live, and to trade.

Growth? It means problems. But, we're all for it.

FAMILY POT LUCK

For the gourmet in the family, add finely cut slices of tongue to hashed creamed potatoes, serve with mayonnaise to which prepared mustard and worcestershire sauce have been added.

Spice your meat dishes properly when cooking. Bay leaves are for beef stew and pot roast. Caraway seeds compliment liver or pork dishes. Use basil in pork and beef entrees.

Want a different topping for a yellow cake? Spread orange marmalade over the cake, top with miniature marshmallows pressed in slightly. Broil until marshmallows are puffy and golden.

To make 1 cup of horseradish sauce, put together 1/4 cup horseradish, drained, 3/4 teaspoon salt, 1/4 teaspoon pepper, 1 tablespoon vinegar. Fold these ingredients into 1/2 cup heavy whipped cream and serve.

Ham-Chicken Salad (Serves 6)

- 3/4 head lettuce, shredded
- 1/2 cup chicken, cut in strips
- 1/2 cup baked ham, cut in strips
- 1 tomato, sliced
- 1 tablespoon chopped pickle

Dressing:

- 1 teaspoon finely cut chives
- 1 hard-cook egg, cut fine
- 3 tablespoons mayonnaise
- 2 tablespoons vinegar
- 3 tablespoons olive oil
- 1 teaspoon worcestershire sauce

Place lettuce at bottom of bowl and top with a mixture of the other ingredients for the salad itself. If desired, they may be arranged in separate sections on top of lettuce. Blend dressing ingredients together and toss with salad ingredients to serve.
