### Quitauque Named One of State's Top Communities

Quitauque, Silvertown's neighbor to the East, a community of about 300 people located just below the Caprock in our county, has been named as one of the state's most progressive communities in the Texas Community Improvement Competition.

Competing with three other communities in the final state competition, Quitauque came in second behind Boling in Wharton County. The second place honor entitles the community to \$350 in prize money plus a silver tray. The community had already captured top prize money of \$100 with a first place in district competition.

According to Billy C. Gunter and Mrs. Aubrey W. Russell of Lubbock, district agents with the Texas Agricultural Extension Service which conducts the TCIP, "The people of Quitauque have done an outstanding job in bringing their community to the forefront. They have every right to be proud of their accomplishments, and we congratulate them for their efforts. They have set a fine example of people in a community working together toward a common goal."

Two other communities competing at the state level were Cardinal Meadows in Jefferson County, which came in third, and Rio Vista in Johnson County.

State judges were Extension Service Specialists Miss Kay Elmore, William Cawley and Jack Sloan, all of College Station.

The TCIP is sponsored by the electric utility companies of the state. Motto of the program is "Working To Make Texas Even Better."

A total of 263 communities from across the state with populations of 1,000 or less competed in the program this year. Judging is centered around progressive-ness and is based on general appearance, overall participation by the people, neighborliness, community center, community signs, rural-urban relationship, increasing and managing family income, improving health conditions and services, improving farms and homes, social participation and long-range plans for continued improvement.

Last year, Quitauque was judged third-best in the state in community improvement. They received a silver tray and a cash award which has been used during the past year to build the large planters which are seen as one travels through Quitauque. The previous year landscaping had also been done and trees were set out along the highway through town.

The State judges were in Quitauque this year on May 19, and three vocal groups entertained the visitors following their lunch. Reagan Brown, Extension Specialist from College Station was so impressed with the young men and women that he invited them to appear on the program to be held in honor of the TCIP winner in College Station on September 9. Governor Preston Smith will be guest speaker at that time. The invitation was accepted, and the Silhouettes, Crescendos and a male sextet will appear on the program with the Governor next September.

# Outstanding Citizen Honored At Luncheon Here Yesterday

Mrs. Agnes Seaney was honored as Silvertown's Outstanding Citizen for 1970 at a luncheon in the home of Mrs. Wayne Vaughan on Wednesday, May 27.

Mrs. Seaney was presented a beautiful plaque by Mrs. Wayne McMurtry, junior past president of Century of Progress Study Club, sponsor of the recognition.

Selection of the recipient of the award was made by local businessmen and leaders of the town's civic clubs. A list of candidates was submitted to these leaders of the community, and Mrs. Seaney, a long-time resident, emerged as the most popular choice.

This familiar figure in the community was probably selected for this honor due to her desire to be a friend to so many and because of her many contributions to community life.

The former Agnes Adcox, she was born in Erick, Oklahoma. She and George Seaney were married December 14, 1919, and after living in Silvertown and then in Swisher County, they moved here in 1933 and have made this their home.

George and Agnes Seaney operated a hardware store here from 1944 until 1963, when he retired.

Agnes continued working for a time after they sold the store to niece and nephew, Marcella and Arnold Brown.

Agnes Seaney . . . at story-time with two of her great-grandchildren, Shavonne and Angela Lourey, who have the privilege of living on the same block with their beloved "Nannie."

Her friends and relatives recall so vividly how Agnes Seaney worked side-by-side with her husband in the operation of the store and still found time to invite friends, relatives and salesmen for lunch at their home during noontime. The Seaneys have always reached out to encompass friends and relatives, and have opened their home to everyone who knows them. Entertaining in their home seems to be one of their greatest joys.

It is obvious that Agnes Seaney loves her town because she has given of herself to make it better. The Seaneys are faithful and devoted members of the United Methodist Church in Silvertown, to which they have given much of their time and love. Agnes has served the Woman's Society of Christian Service as president more than once, and has also held other offices of responsibility. One of her pastors said that Agnes Seaney not only teaches her faith, but also lives it day by day. Her life is an excellent example of the commandment, "Love Thy Neighbor."

Agnes Seaney is also the "woman behind the man" to her husband, who sings with the church choir, has done custodial and grounds-keeping work for the church, served the Methodist Men, and has been a pillar in the Silvertown Lions Club. George Seaney's name is synonymous with the Silvertown Cemetery Association, and his wife has worked by his side for many years in the promotion of this endeavor. They have worked to help collect Memorial Day donations and memorial gifts which pay for the maintenance of the cemetery. They keep books on the memorials and furnish lists of the donors to the families involved. At the present time, he is working full-time at grounds-keeping at the cemetery, which is much nicer and more beautiful than the cemeteries of many towns the size of Silvertown.

George Seaney has probably sat up at the funeral home at night as many hours as any other person in Silvertown; he has probably seen OUTSTANDING CITIZEN—CONTINUED ON PAGE THREE

**Young Homemakers Have Meeting**

Silvertown Young Homemakers held their regular meeting on

making their American debuts in the all-new 1970 edition of Ringling Bros. and Barnum & Bailey Circus. The Greatest Show on Earth will be at the Amarillo Civic Center on June 4 for nine big performances through Sunday, June 7.

At the spectacular act's beginning, Pio, jr. and his sister, Isabelle, walk up to the high-wire on a 45-degree slanted cable. Upon arrival they perform a series of skillful feats.

Just as the audience is beginning to settle back to enjoy the artistry of the young couple, the air is shattered by an ear-piercing laugh and Papa Pio, in full clown regalia, joins them on high.

The elder Nock plunges into wildly funny and very dangerous high-wire tomfoolery — including a rock 'n' roll dance and a ride on a bicycle! The audience is soon laughing through its gasps.

The Nocks' world-famous presentation thrilled movie audiences when it was featured in the John Wayne - Claudia Cardinale - Rita Hayworth film, "Circus World." Technical advisor on that picture was Robert Dover, now the performance director of Ringling Bros. and Barnum & Bailey.

The Greatest Show on Earth opens in Amarillo Thursday, June 4. Thursday showtimes are 2:30 and 8:00 p.m.; Friday at 2:30 and 8:00 p.m.; Saturday at 10:30 a.m., 2:30 p.m. and 8:00 p.m.; and the final shows are on Sunday at 2:30 and 6:30 p.m.

Tickets are now on sale at the Amarillo Civic Center and Sears, Sunset Center. All seats are reserved for \$2.00, \$3.00 and \$4.00.

**Home Notes**

by MRS. NAOMI HUNT  
 Briscoe County  
 Home Demonstration Agent

Now is the time to go through your freezer and take inventory. What items need to be used before the canning season starts?

Check to see if you have a large supply of any food; if so, you won't need to freeze so much of that item this year.

If your freezer needs to be cleaned or defrosted, do it now, before the garden products are ready and waiting.

Tuesday, May 12 at 7:30 p.m. in the home economics department. Mrs. Bill Hunt, Home Demonstration Agent for Briscoe County, presented the program, "Just In Case You Think You're Normal." Ingredients of a well-adjusted person were reviewed. They included:

1. Make the most of what you have
2. A well-adjusted person knows how to stay young forever
3. Always set up new and interesting goals
4. Live each day of your life as if it were the last on earth
5. Your happiness depends on your attitude toward life.
6. Know how to live with yourself.
7. A well-adjusted person is never a perfectionist
8. A well-adjusted person knows how to laugh at life
9. A well-adjusted person has an educated heart.

Mrs. Wayne Stephens presided over the business meeting. It was noted that the club still has two dozen pounds of pecans to sell.

Watering of the schoolground grass was discussed and tabled for the present.

Mrs. Ken Cook discussed the play school to be held June 8-12 from 2-4 p.m. by the summer home economics students. Cost for this will be \$2.00 per child.

Next meeting will be election of officers and the annual gift exchange.

Mrs. Hunt served lemonade punch and ice cream cone cakes to Mmes. G. W. Chappell, Ken Cook, Gordon Lowrey, Joe Kitchens, Pat McJimsey, Donald Perkins, Wayne Stephens, and a special guest, Mrs. Charlie Parker.

Your food freezer is not a bank, so don't put foods in and expect them to draw interest.

Foods get no better with age; in fact, there is bound to be some loss in quality. But a food freezer is something like a bank in at least one respect. In both cases, you need records. Listing what is in a package, along with the date you placed it in the freezer is fine, but that is not enough. You also need a written record that shows your deposits and withdrawals, speaking in banker's terms. A written record shows what is in the freezer and how long it has been there. Use the record when making the shopping list.

Use the freezer as often as possible. It is all too easy to "lose"

packages of frozen food in the back or bottom of the freezer. Food thrown away because it was stored too long soon makes the food freezer an expensive kitchen item.

**News From The County Agent's Desk**

Aphids, commonly known as plant lice, consider roses and other ornamental plants a real delicacy. Large numbers of aphids feeding on such a plant can greatly mar its beauty, prevent growth and cause its death.

Aphids are soft-bodied, pear-shaped insects and are usually 1/25 to 1/4-inch long. These insects vary in color from light yellow to green or black.

Through their short, stout beaks, aphids suck plant juices. This greatly devitalizes the plant, and

the leaves on which they are feeding become curled, cupped or distorted. When flower buds or roses fail to develop properly, aphids are feeding on the growing tips and flower buds of the plants.

Many species of aphids excrete a colorless, sticky honeydew which attracts ants. This honeydew may be a medium for the growth of black fungus or sooty mold which may cause further damage to the plant.

Aphids can be controlled by treating the affected plants with Sevin, diazinon, cygon, lindane or malathion. Disulfoton is being marketed under various trade names. Read and follow directions on the label carefully when using all insecticides.

**To Take Part In "Project Germany"**

Mr. and Mrs. Tony Allison of Canyon will accompany five students from West Texas State University as "Project Parents" on an overseas mission effort called "Project Germany" this summer. "Project Germany" is a concentrated personal mission effort sponsored by the Twelfth and Drexel Church of Christ in Oklahoma City. The project utilizes college students as aides to missionaries already working in Germany.

The WTSU group will join college students from across the nation in this activity. About 50 students and supervisors are to meet in Oklahoma City June 9 for three days of intensive orientation. They are to depart for Frankfurt, Germany June 12 and are scheduled to return August 4.

The four major cities in Germany to be canvassed are Dusseldorf, Munich, Nuremberg and Aachen.

"The primary duties of the students will be to do the leg work for the permanent missionaries," explained Allison. "Singing on

street corners and town squares will also be of prime importance."

Allison, assistant director of the Church of Christ Bible Chair at WTSU, and his wife, Connie, also participated in "Project Germany" last summer. This will be their third year to go with the group and their second trip as adult supervisors.

The five students going from WTSU are Carrol Clancy, Shamrock senior; Barbara Massey, Plainview sophomore; Karen Agee, Friona junior; Rick Foulk, Amarillo junior; and Mike Watson, Perryton senior.

The young people sing for 30 minutes before nightly worship services. They sing on the streets, in parks, in hospitals and on streetcars. People are attracted by their obvious joy in being Christians. Many people attend services the first time just to hear American young people singing hymns in German and English. They stay to hear the Gospel, and hearing, believe.

spent more hours than anyone else helping locate graves, and directing grave-diggers to the proper lots in the cemetery. And Agnes Seaney has probably carried more dishes of food to bereaved families, those who were newcomers to the town, and friends celebrating birthdays than other person—possibly in the entire world.

During World War II and shortly thereafter, Agnes served as the Cross Board Chairman for Briscoe County.

Agnes Seaney has been the devoted mother to two children: a daughter, Mrs. Pascal (Donalea)

Garrison, and a son, Cecil Seaney, who makes his home at Claude. They take pride in the five grandchildren: Mrs. Gordon (Carolyn) Lowrey of Silverton; Max Garrison, a student of veterinary medicine at Texas A & M University; David and Donna Sue (Susie) Seaney, students at West Texas State University; and Jim Seaney, whose eighth grade graduation the Seaneys attended at Claude just a few days ago.

The light of Agnes Seaney's life is not only her children and friends, but also her three great-grandchildren, Walt Garrison, whom she doesn't see often enough because he lives at Bryan, Angela and Shavonne Lowrey. The Lowrey girls give their mother a bit of static every now and then, because they live only two doors away and like to "run off" to "Nannie's" house whenever they think about it.

Even though their children and grandchildren graduated from Silverton High School years ago, and for a long time George and Agnes

Agnes Seaney . . . leafing through a scrapbook of clippings of activities of family and friends that she has kept through the years.

Seaney haven't had "kids in school," they haven't let themselves loose touch with young people's activities. They attend ball games and suppers at the cafeteria and are among the most faithful boosters of the school and of the 4-H Clubs; and one of these years soon, George and Agnes

Agnes Seaney . . . preparing to deliver home-baked goodies to a friend.

will be following the activities in school of their great-grandchildren.

Neighbors tell how the Seaneys open their home to them when there are storms and how the storm cellar at Seaneys is always available to them. One laughed and recalled that the only time in ten years that Agnes failed to serve refreshments to those huddled in her cellar was on April 17—when Tornado No. 2 roared through.

Another friend recalls that Agnes Seaney is almost always the first one at a home where there is sickness or sorrow, taking with her food, warmth, compassion, friendship, consolation. Almost no one in Silverton is unable to relate an incident in which his life has personally touched the life of Agnes Seaney.

As one man said, "She HAS friends because she's BEEN one!" Silverton people know Agnes Seaney as an humble and giving woman. As might be expected of this kind of person, when she was informed of her selection as Silverton's Outstanding Citizen for 1970, she immediately said, "But I am so unworthy and undeserving." Her friends think differently on the matter. They believe that service such as this she renders to others deserves recognition. No one could possibly be so "out of it" as to believe that service such as this doesn't deserve praise and a few flowers . . . and flowers are for the living to appreciate and enjoy, whether they are in the form of fragrant blossoms or in words of praise.

"Who can find a virtuous woman? for her price is far above rubies." Proverbs 31:10

**SUPERSTAR HYBRID SORGHUM**  
 Large, heavy heads boost yield from late planting

The head is the only part of the grain sorghum plant you sell. So why settle for ordinary varieties when NK 125 makes such a big crop so fast. This smut resistant sorghum is so early you can follow wheat or oats for two grain crops in a single year. NK 125 carries its large, heavy heads on a short, strong plant. Maturity is uniform, exertion excellent. NK 125 is ideal for late planting or double cropping.
