THE MISSING DAY IN TIME Did you know that the space program is busy proving that what has been called "myth" in the Bible is true?

I think one of the most amazing things that God has for us today happened to our astronauts and space scientists at Green Belt, Maryland. They were checking the position of the sun, moon, and planets out in space, where they would be 100 years and 1,000 years from now.

They ran the computer measurement back and forth over the centuries and it came to a halt. The computer stopped and put up red signal, which meant that there was something wrong with either the info fed into it or with the results as compared to the standards.

One fellow on the team said, "You know, one time I was in Sunday School and they talked about the sun standing still." They didn't believe him, but they didn't have any other answer so they said, "Show us."

The space men said, "There is the missing day!" Well, they checked the computers going back into the time it was written and found it was close but not close enough!

These little words in the Bible are important. But they were still in trouble because if you cannot account for 40 minutes you will be in trouble 1,000 years from now.

Well, this same fellow also remembered somewhere in the Bible where it said the sun went backwards. The space men told him he was out of his mind. But they got out the book, and read these words in 2 Kings, Chapter 20.

Isaiah asked, "Do you want the sun to go ahead ten degrees?" Hezekiah replied, "It's nothing for the sun to go ahead ten degrees, but let the shadow return backward ten degrees."

Attending were Mr. and Mrs. J. C. Rhoderick, Jr. and Eddie, Mr. and Mrs. J. C. Rhoderick III, Stacy and Wreacha, Mrs. Lorene Johnson, Mrs. Tommy Blackerby,

Farm Program Payments Sticking To Early Schedule

About 40% of the 1970 farm program payments earned by producers in Briscoe County have been made, according to Louie Kitchens, chairman of the Briscoe County ASCS Committee.

payments in the feed grain, wheat and cotton programs. The U. S. Department of Agriculture this year made a commitment to make farm payments earlier than ever before—and we are keeping that commitment," he said.

payment had been made in advance to feed grain participants. Budget restraints this year made it impossible to make any farm payments before July 1, the beginning of the Government's fiscal year.

conserving uses which prevent erosion which help prevent soil erosion and air and water pollution. The farm programs in which they participate help achieve a balance between commodity supply and demand. They also help producers work together to curb excess production and strengthen markets.

PUBLIC NOTICE
 Proposed CONSTITUTIONAL AMENDMENT
 NUMBER SEVEN ON THE BALLOT (HJR 22)
 General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Subsection (a), Section 64, Article III, of the Texas Constitution, be amended to read as follows:
 "Section 64. (a) The Legislature may by special statute provide for consolidation of governmental offices and functions of government of any one or more political subdivisions comprising or located within any county. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these subdivisions, under such terms and conditions as the Legislature may require."
 Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment authorizing the Legislature to provide for consolidating governmental offices and functions and allowing political subdivisions to contract for performance of governmental functions in any county."

PUBLIC NOTICE
 Proposed CONSTITUTIONAL AMENDMENT
 NUMBER TWO ON THE BALLOT (SJR10)
 General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Subsection (a), Section 20, Article XVI, Constitution of the State of Texas, be amended to read as follows:
 "(a) The Legislature shall have the power to enact a Mixed Beverage Law regulating the sale of mixed alcoholic beverages on a local option election basis. The Legislature shall also have the power to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a State Monopoly on the sale of distilled liquors."
 "Should the Legislature enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature."
 Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 3, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition:
 "Repeal of the prohibition against open saloons found in Section 20, Article XVI of the Constitution of the State of Texas."

PUBLIC NOTICE
 Proposed CONSTITUTIONAL AMENDMENT
 NUMBER FIVE ON THE BALLOT (HJR28)
 General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Section 52, Article III, Constitution of the State of Texas, be amended to read as follows:
 "Section 52. (a) Except as otherwise provided by this section, the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company."
 "(b) Under Legislative provision, any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include, towns, villages or municipal corporations, upon a vote of two-thirds majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes to wit:
 "(1) The improvement of rivers, creeks, and streams to prevent overflows, and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.
 "(2) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof.
 "(3) The construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof."
 "(c) Notwithstanding the provisions of Subsection (b) of this Section, bonds may be issued by any county in an amount not to exceed one-fourth of the assessed valuation of the real property in the county, for the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid thereof, upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of the county, and without the necessity of further or amendatory legislation. The county may levy and collect taxes to pay the interest on the bonds as it becomes due and to provide a sinking fund for redemption of the bonds."
 "Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment authorizing any county, on the vote of a majority of its qualified property taxpayers voting thereon, to issue road bonds in an amount not to exceed one-fourth of the assessed valuation of the real property in the county."

attackers are hard to control, points out County Agent Ken Cook, but carefully selected and properly timed insecticide treatments usually are effective in reducing yield losses.

As an aid to grain producers in their fight against insect pests, entomologists of the Texas Agricultural Extension Service have made available a revised insect control guide.

The publication, MP-399, "Texas Guide for Controlling Insects and Mites on Corn, Sorghums, and Small Grains," is now available at the County Agent's office.

The major changes in the new guide include detailed and extensive recommendations for controlling pests which live in the soil; recommendations for greenbug and mite control on grain sorghum and changes in recommendations dictated by current research findings, new label clearances and label cancellations.

The use of pesticides continues to be studied from many angles, notes the County Agent, and changes and revisions must be made to reflect them. The Extension publications are used as one method to pass this information on to those who need and use it.

Copies of many useful publications are available at the county Extension offices which reflect the changing times in agriculture and are helpful to those who live in the city as well as in the country.

WINS GOLD MEDAL IN NATIONAL SWIMMING MEET

Mrs. Larry Tunnell, Donna, Lisa and Jill of Amarillo, flew to Scottsdale, Arizona, for a vacation visit on July 16. While there, Donna and Lisa, who are members of the Amarillo Aquatic Club, were invited to take part in a national swim meet on July 18.

Lisa, 12, won a gold medal in the butterfly stroke in competition with national swimmers. Donna, 15, swam against professionals, and did very well even though she did not win a medal.

The girls are granddaughters of Mr. and Mrs. Lenton Lanham of Silverton.

Mrs. Tunnell and her family returned home July 23.

Mr. and Mrs. Bernard Rhoderick, Lettie and Mark of Torson, Maryland, have been recent visitors with his cousins, Mr. and Mrs. J. C. Rhoderick. They came on Saturday, July 18, and left Wednesday of last week enroute to Los Alamos, New Mexico and the West Coast. Bernard Rhoderick is a guidance counselor at Cantonville Massachusetts College. Twenty-five years ago when he was stationed at Childress Air Force Base, Mrs. J. C. Rhoderick had the pleasure of pinning his wings on him for his mother who could not come from Maryland for the ceremony.

Also visiting in the Rhoderick home here with the Maryland cousins were Mr. and Mrs. Will Lyon of Quitaque and Mr. and Mrs. J. W. Lyon, jr.

Mr. and Mrs. R. C. Hudgins of Yuma, Arizona, cousins of Mrs. Earl Simpson, spent a day and night with Mr. and Mrs. Simpson recently as they were enroute to Oklahoma.

Mrs. Lucille Hadley and Charles Simpson, sister and brother of Earl Simpson, Mrs. Charles Simpson and Mrs. Gene Simpson enjoyed a fish dinner with Mr. and Mrs. Earl Simpson Sunday.

FARMERS UNION DISAPPOINTED WITH AGRICULTURE COMMITTEE DECISION

Tony T. Dechant, National Farmers Union president, has voiced disappointment at the recent decision of the House Agriculture Committee to adopt the Nixon Administration recommendation on the farm program. "Under this plan," he said, "the concept of parity is scrapped in the price protecting loan program for wheat, feed grains and cotton. This means that prices of these commodities can be expected to fall in the market place. Even if government expenditures in the farm program remain the same during the three years of the program, total farm income is bound

to fall. Costs—which are continuing to rise—will squeeze farmers even harder.

"Another aspect of the farm recommendation adopted by the House Agriculture Committee is the so-called 'set aside' land retirement plan for production management. It is much weaker than the plan now in effect. We can expect fluctuations in commodity supplies—and the resultant seesaw of prices, which will cost the farmer dearly," Dechant continued.

"The Farmers Union cannot support a farm program of this kind," Dechant said. "Agriculture is hurting. This is a time to increase price protection, not lower it. It is a time to strengthen production management, not weaken it. We will now shift our efforts to the Senate in the hope that an effective and workable farm bill can be passed."

The government farm bill scraps price floors under the loan program, as well as income protection related to parity. An amendment provides for payment limitations of \$55,000 per commodity. Loan levels would be: cotton, 0 to 90% of average world market prices; feed grains, 0 to 90% of parity; and wheat, 0 to 100% of parity. Payments would be the difference in average market prices during the first five months of the marketing year and 35 cents per pound for cotton, \$1.35 per bushel for corn (with comparable levels for grain sorghum and barley), and 100% of parity for domestic wheat only.

PLAINVIEW CHILD BURIED TUESDAY AFTERNOON

Funeral services for David Meyers, 3, were conducted at 2:00 p.m. Tuesday in the Lemons Funeral Home Chapel at Plainview with the Rev. James A. Mock of St. Mark's Episcopal Church officiating. Burial was in Parklawn Memorial Gardens.

The boy was the son of a former Silverton resident, Mrs. Connie Stephens, who notified Plainview police about 6:30 p.m. Sunday that he was missing. Following a three-hour search of the area, police found the boy's body in a swimming pool at the Edgemere Apartments. Efforts to revive the boy by mouth-to-mouth resuscitation by members of the Plainview Fire Department were to no avail. Peace Justice Glenn Stone ruled that death was due to accidental drowning.

The family moved to Plainview from Lubbock a year ago.

Survivors include a sister, Jami Renee, of the home.

Thresa and Gayla Tate left on Friday of last week with their grandparents to visit their parents, Mr. and Mrs. Kenneth Tate, and their brother, Mike, who is a patient at John Sealy Hospital in Galveston. They expected to return to Floydada about Friday.

Mrs. Ruth Mowery and Marta, and granddaughter, Miss Susan McClure of Anaheim, California have been visiting her parents, Mr. and Mrs. W. W. McGavock, other relatives and friends.

Study Club Planning Picnic in Palo Duro

L. O. A. Junior Study Club members and their families are planning a picnic in Palo Duro State Park on Saturday, August 22. The families are asked to meet at the City Park at 5:30 p.m. on that day to travel together in a group.

Tickets to the musical production "TEXAS!" have been reserved, and will cost \$3.00 for adults and \$1.50 for children under 12. Money for the tickets is being collected by Mrs. Randall Eddleman, who will pick up the tickets for the club on August 22. If anyone who has reserved tickets finds they cannot go, they will not have

to pay for their tickets if they notify Mrs. Eddleman by Friday afternoon, August 21.

Each family is to take a picnic lunch. Those not accompanying the group at 5:30 that afternoon are asked to meet at the First Water Crossing in Palo Duro Park or the first picnic area found vacant by those who go earlier.

The production in Pioneer Amphitheatre begins at 8:45 p.m.

Mr. and Mrs. R. L. McKenney of Subiaco, Arkansas, visited his brother and sister-in-law, Mr. and Mrs. P. H. McKenney, from Tuesday until Thursday of last week. They also visited other relatives and friends while here.

SARAH JANE CLINE

College Dedicates Annual To Miss Cline

The 1970 Bulldog, Clarendon College yearbook, has been dedicated to the school's librarian, Miss Sarah Jane Cline. A former teacher in the Silverton Schools, Miss Cline maintains her farm home here and usually spends part of her time here. She attended East Texas State University at Commerce for six weeks this summer.

The dedication page says, "What makes a school of higher learning? We ask this question and the answer immediately comes to mind, 'The library.' Without a library, no school can BE. The quality of a library indicates, more than any other one thing, the educational quality of a school. And Sarah Cline, our librarian, has done much to improve Clarendon College. In fact, our Stepping Stone to Higher Education has given way to progress, brought about by such dedicated people as Miss Cline. It is with great pride that the annual staff of Clarendon College dedicates the 1970 Bulldog to our librarian, Miss Cline."

County Committee Nominations To Be Made Here

Time is rapidly approaching for farmers and ranchers in Briscoe County to exercise their constitutional rights by electing their neighbors to the ASCS Community Committee for 1971. The first item of business is the nomination of candidates by petition. Nominations will be received between July 28 and August 17. Six eligible voters must sign each petition (you can sign more than one petition). All pe-

Let The Bible Speak

Edwin J. Myers, Evangelist
PROPER DIVISION OF THE BIBLE

"Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth? (2 Timothy 2:15). Such is the language of the apostle Paul to the young preacher Timothy. Hence we study the proper division of the Bible, which is the word of truth.

THE NEED FOR PROPER DIVISION
Many people think that the Bible was all written at the same time and for the same people. These folks have the mistaken idea that they can open the Bible at any place and read what one must do to be saved. Others have the idea that, although they realize some difference in the Old and New Testaments, there are commandments in both that are binding today. Especially do they think that every command in the New Testament scripture is binding now. But is this so? I think that we can see that this is not true and cite an example to prove it. In Mark 1:4 Jesus told a man, "Go show thyself to the priest, and offer for thy cleansing the things which Moses commanded." Again, Jesus told a man to go wash in the pool of Siloam (John 9:7) in order that he might have his sight. Certainly such an order is not binding on the blind of today. So there are some scriptures that, although found in what we call the New Testament, are not binding for us today. But I think that we will be able to see this in a letter study of the divisions of the Bible.

HISTORICAL DIVISION OF THE BOOK
The Bible is a book of history; it is a record of God's dealings with man. It is more than that but it must be considered historically. There are three great divisions of Bible history just as there are three divisions to profane history: Ancient, Medieval, and Modern. The three divisions to Bible history are: Patriarchal, Jewish, and Christian. The Patriarchal age or dispensation began with the creation of the world and ended with the giving of the Law of Moses on Mount Sinai, a period of 2513 years. We know but little of what was demanded of the people who lived in that time. They offered sacrifices, and did it by faith (Hebrews 11:4). In the days of Enoch men began to pray (Genesis 4:26). And four generations later Enoch walked with God and did it by faith (Hebrews 11:7), but in Genesis 6:22 we read that he built it according to all that God had commanded. So we know that God taught his people what to do and how to do it.

Beginning at Sinai we have the Jewish age which continues to the cross. This age covered a period of about 1524 years. During this time the people (Jews) lived according to the law of Moses. It was divided into several minor periods: Conquest, Power, Decline, Servitude, and Dawn. The latter period covers the life of Christ, during which time a fuller light was given; it was the dawn of a new day. This period of Dawn was 33 years long and ended at the Day of Pentecost. The day of Pentecost is called by Peter "the beginning" (Acts 11:15). It was the beginning of the Christian age, which will continue until Christ returns. It covers the time of his reign, which began when God put all things under him and gave him to be head over all things (Ephesians 1:22-23), and will last until he has conquered every enemy even the last, which is death (1 Corinthians 15:23-27).

It is obvious to every thinking person that we live in the Christian age, and that we should so divide and apply the scriptures. We do not try to observe the laws that were binding during the time of Ancient history, and neither should we abide by the laws of any age except the Christian age. God has given us His Word in order that we might be aware of what He desires that we do. Therefore we all have the divine obligation to "search the scriptures daily to see whether these things are so" (Acts 17:11). In our next article we will devote the space to the study of the divisions of the Book.

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR (LOCATION) AND DESIGN (COMBINED HEARING)

The Texas Highway Department is planning the improvement of State Highway 86, from Silverton East to Top of Caprock, in Briscoe County.

The proposed improvement will provide a 26-foot roadway surface, with 8-foot 6-inch paved shoulders, and 12-foot climbing lanes as required. The right of way width on the proposed project will be a minimum of 150 feet, following the present location. There will be no displaced persons or businesses.

Maps and other drawings showing the proposed location and geometric design, and any other information about the proposed project, are on file and available for inspection and copying at the Resident Engineer's office at Matador, Texas. Also, the drawings showing the proposed geometric design have been placed on file in the office of the County Judge of Briscoe County.

Information about the State's Relocation Assistance Program, the benefits and services for dis-

places and the relocation assistance office, as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Texas Highway Department District Office, P. O. Box 909, Childress, Texas 79201.

Any interested citizen may request that a public hearing be held covering the social, economic, and environmental effects of the proposed location and design for this highway project by delivering a written request to Harry E. Hart, Resident Engineer, Matador, Texas, or V. J. McGee, District Engineer, Childress, Texas, on or before August 21, 1970.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.

Total Electric

Pure Comfort-that's

te

TE means pure comfort in everything in your home from dishwashers to dryers, from heating to hair dryers... disposers, tooth cleaners, air conditioning, vacuum cleaners, ranges, refrigerators (frost-free, of course) ... the list goes on and on. We could say Pure Comfort, Pure Convenience and certainly Pure Cleanliness ... 'cause TE gives you all three.

Clean Electric Energy

P.S. If some of the national news stories about power shortages give you some concern... don't worry! Here, in our area, Reddy has all the power you'll need... and, then some. Use it and enjoy it.
