

**All Around the Town**  
by Mary Ann Sarchet

**ALMOST NEWS**

This is a story in which the principal characters are Terry Bomar, Lane Garvin, David Holt, Finesas Ivory, Alvin May, Thomas Self, Bill Strange, and Roger Younger. It has been culled from four volumes of the Briscoe County News—which never—well, seldom—let's face it! everyone makes mistakes!

The Senior players on this year's Owl football team haven't had a very memorable four-year campaign, but all of their memories aren't bad ones.

As "Fish" on the 1967 team, they butted heads with the varsity and endured a 4-6 season during which one bright spot was the 46 points that Bill Strange scored. The Owls were outscored 200-126 points by their opponents, and were shut out twice while also shutting out two opponents. They were defeated only 29-20 by Clarendon that year. The Clarendon roster didn't even list the Owl Freshmen that year, even though Strange and Alvin May were veterans on the team when November rolled around and the Owls traveled to Clarendon that terribly cold evening. May received a knee injury that night. The Briscoe County News recorded it thus: "This is much to the sorrow of the team and fans alike, but as one fan put it, 'If anyone can have a hurt knee and make a comeback in spite of it, Alvin can!' And, of course, come back he did; when September rolled around again, May was back in uniform.

The Owls were coached by Herb Stephens, Billy Wiggins and Sonny Fox that year.

In 1968, under the coaching of three Bills—Lorraine, Wiggins and Wood—the Owls posted a 5-5 season record. Sophomore Back Strange made 24 of the 139 points scored by the Owls during the season. Silvertown's opponents scored 179 points, and once again the Owls failed to score at all in two games.

Bright spots became fewer and fewer the deeper the Owls got into the 1969 season during which they won only two games. They were outscored 295 to 111 points by their opponents and again failed to score in two games. Strange scored 32 points in eight games, with his season cut short early in the Clarendon game when he received a broken leg. Marvin Self scored 33 points that year and Roger Younger added 12.

After the first game of the 1970 season in which Strange scored 24 points, he now owns a high school career scoring record of 126 points. Marvin Self has 38; Roger Younger, 18; Thomas Self, 12; Dana Martin, 6; and David Holt, 6.

The win last Friday night gave the Senior Owls a 4-year record of wins over the Turkey Turks. They have outscored the Turks 125 to 26 points in their last four meetings, but there have been years before these when the Turks have eaten Owl feathers and all, to the tune of 60-0 and 40-0, etc.

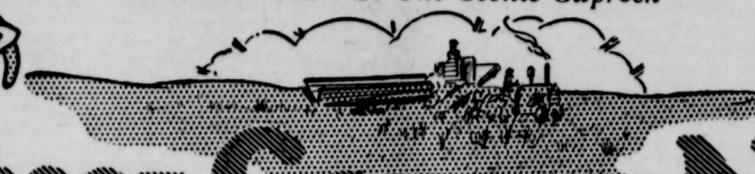

The Happy Cowboys have outscored the Owls 80-20 in the last three times they have met, and the Owls haven't beaten the Cowboys since 1967. In 1968 when we last journeyed to Happy we found a water-soaked field and very unfriendly players and referees. I certainly do hope that this year history will not repeat itself, because as much as I love football, I was ready to come home after about two quarters of that game. I still believe our coaches would have been justified in loading up our players at halftime and coming home!

The best district record this year's Senior Owls have seen has been two 1-4 seasons—1968 and 1969. In three years, Silvertown has outscored Claude 71-44, but the Owls have been badly outscored by the other District 2-A teams: Wheeler—61, Owls—14; McLean—92, Owls—32; Clarendon—126, Owls 34

Strangely enough, the Owls usually play their best game against the strongest team in the district. Occasionally they have beaten district foes on all of the statistics except the score.

This year I think this great group of Senior leaders—with the teamwork and cooperation that has already been shown—will guide their team to a more successful conclusion of this season as they round out their high

## Owls Team Up To Turn Back Turkey Turks

by Mary Ann Sarchet

Teamwork was the theme song of the Silvertown Owls, and if anyone was singing off-key the fans couldn't hear it, as they took a 59-0 win from the Turkey Turks on the home field Friday night. All of the players saw action—so much that the B-team game which had been scheduled for Saturday morning had to be cancelled.

Turkey opened the game by kicking off to the Owls. On the first play from scrimmage, David Holt scampered all the way from the Silvertown 20 to score for the Owls, and Marvin Self added another point by kicking the conversion.

On Turkey's first series of downs the Owls allowed very little forward progress, and the Turks punted to the Silvertown 42. Bill Strange carried to the Turkey-30 on first down, and went in for another score on the next play. Marvin added the extra point, and again kicked off to the Turks. After two attempts at running the ball and an incomplete pass, the Turks kicked to Silvertown's 30 who carried to the 30. Alvin May came out of the game with a shoulder dislocation—which was replaced on the sideline. Quarterback Dana Martin picked up five yards, and another Owl gained two before Strange rambled to the 46 for another first down. Thomas Self came out on this play, and Owl fans' hopes diminished with both May and Self sidelined. (Both players were soon back in the game, but there were a few anxious moments in the meantime.)

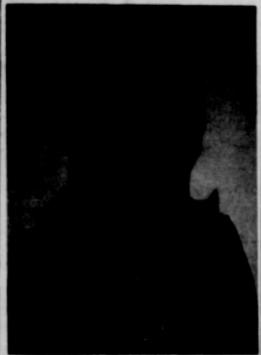

Holt picked up some yardage before Silvertown was penalized 15 yards on an infraction. Needing about 13 yards, Strange carried for five or so, and the Owls were forced to punt.

Turkey ran three plays and punted. Holt carried down to about the 25, but a penalty brought the play back to the Turkey-48. From there on the next down, Strange galloped in for his second touchdown of the evening, and Marvin made it "three in a row" by kicking the conversion. The Owls led 21-0, and the first quarter was still young.

After Thomas Self, David Kellum and Terry Bomar came in tough on a couple of Turk running plays, Turkey completed a pass which was quite a bit short of a first down and then punted to the Owls. A penalty moved the ball to midfield, and the Turks had their first first-down of the evening. Two more pass completions gave the Turks another first down, and a penetration to the Silvertown-30. Mark Hutsell drove the Turks back for a loss, Strange broke up a pass, and after another incomplete pass and a penalty on the first punt, Turkey booted to the Owls as the second quarter finally dawned. (If the Owl fans thought it was a long quarter, just imagine how long it must have seemed to the people on the other side.)

Holt and Thomas Self combined to tally yardage for a first down for the Owls, but after a carry by Strange, an incomplete pass (Roger's arms were about a foot too short!), and an offside penalty, Silvertown punted to the Turkey-20.

Tough defense by the Owls set the Turks for about a 14-yard loss on first down, and unable to make up the deficit, Turkey punted. The Owls fumbled on first down, the Turks grabbed off the ball, and were back in business again. After an offside penalty, and a 15-yard setback at the hands of Marvin Self, Hutsell and Kellum, a pass completion stopped by Bomar and an incomplete pass due to the defensive efforts of Younger, Silvertown received another punt. Starting on their 25, Strange picked up 11 yards and a first

### Three Silvertown Girls In Floyd County Fair Queen Contest

A new Miss Floyd County Fair will be selected Saturday night, September 19, as a highlight of the annual Floyd County Fair held in Lockney.

Three Silvertown High School Juniors are contestants in the pageant, the preliminaries of which begin at 2:30 p.m. They are Miss Sue Lynn Allard, daughter of Mr. and Mrs. A. R. Martin; Miss Sharon Jarrett, daughter of Mr. and Mrs. Claude Jarrett, and Miss

Paula Montague, daughter of Mr. and Mrs. Roy Montague.

Two other Briscoe County girls are also contestants. They are Miss Neva Dale Morrison, a senior in Quitaque High School, who is the daughter of Mr. and Mrs. Murry Morrison, and Miss Gail Tyler, QHS junior who sings with The Crescendos and is the daughter of Mr. and Mrs. Grady Tyler.

Reigning Floyd County Fair Queen is Miss Cathy Jones, daughter of Mr. and Mrs. Troy Jones. Miss Jones is a student at Clarendon Junior College.

The runners-up last year were Miss Jeanette Day of Matador, a niece of Mr. and Mrs. Ware Ferguson, and Miss Jackie Cheatham of Quitaque, daughter of Mr. and Mrs. Jack Cheatham.

### Mrs. Kendall Buried At Hedley Monday

Funeral services for Mrs. Frank Kendall, 91, were conducted at the First Methodist Church in Anson Monday. Burial was in the Hedley Cemetery.

Mrs. Kendall, a former Silvertown and Hedley resident, died at a convalescent home in Anson Sunday.

She is survived by a daughter, Mrs. Buford Hinds of Anson; and two sons, one of whom lives in El Paso and the other in Abilene.

Mrs. Kendall was the mother of the late Mrs. Frances Hinds and was the grandmother of Mrs. Nancy Richie of Hereford.

### Methodists To Open Revival Sept. 27

The public is extended a cordial invitation to attend revival services which will be held at the United Methodist Church in Silvertown September 27 through October 4. Services will be at 10:50 a.m. and 7:00 p.m. on Sunday and at 8:00 p.m. each weekday.

Children and youth will meet at 7:30 p.m. each day of the meeting.

The visiting evangelist will be Rev. Tommie Beck of Shamrock. Rev. Dub Appling will preach at the Sunday morning service, and Rev. Beck will begin the revival that evening.

Mrs. H. C. McKee and daughters, Sherri and Cindy, of Tullahoma, Tennessee, have been visiting relatives in this area for two weeks. They have been guests of her brother-in-law and sister, Mr. and Mrs. Seymour Brannon, in Silvertown and of Mr. and Mrs. R. E. Young in Floydada.

school football careers with lots of glorious memories like those stored away last Friday night.

### Huckaby Services Conducted Tuesday

Funeral services were conducted Tuesday in the First Baptist Church at Fort Stockton for Rev. Bernice Huckaby, 60. Interment was in the Fort Stockton Cemetery.

Rev. Huckaby, a retired Baptist minister, died at 6:00 p.m. Sunday at his home in Fort Stockton after apparently suffering a heart attack. He was formerly pastor of churches at Morton, Texas and Truth or Consequences, New Mexico.

He is survived by his wife, the former Bessie Clark of Plainview, and two daughters, Nelda of Sundown and Connie of Phoenix, Arizona; and a sister, Mrs. Lenton Lanham of Silvertown.

### Two From Here At State Convention

Mrs. Fred Mercer, Briscoe County Democratic Chairman, and Mrs. Bertha Pavlicek, County and District Clerk, delegate of the Briscoe County Democrats, are in Dallas this week attending the Texas Democratic Convention.

### Gamma Iota Chapter Meet Here Saturday

Gamma Iota Chapter of Delta Kappa Gamma met at the First Baptist Church in Silvertown Saturday, with the executive committee convening at 9:30 a.m. and the business meeting and program beginning at 10:00 a.m.

Quotation for the day was from Seneca, "Men learn while they teach."

Hostesses were the Silvertown members, Mrs. Fred Mercer, Mrs. Lee D. Bomar, Mrs. O. C. Rampley, Mrs. Alvin Redin and Miss Anna Lee Anderson.

Approximately 40 attended the meeting which adjourned at 1:30 p.m. following a luncheon.

### ROCK CREEK CLUB MEETS IN FITZGERALD HOME

Rock Creek Club met September 15 in the home of Florene Fitzgerald. The afternoon was spent piecing quilts and visiting.

Attending were Mmes. Eula Shelton, Margaret Frizzell, Marie Garrison, Ruby Garvin, Ruth West, Annie Breedlove, Ruby McWaters, and Stella Davis.

Next meeting will be on the afternoon of September 29, with Margaret Frizzell.

Jerry Bean, Bill Brooks and Ricky McWilliams are attending Amarillo College this semester. They are living in Amarillo.

### Quarterback Club To Meet At New Time

Meeting time of the Silvertown Quarterback Club has been changed to 7:30 p.m.

The club will view the film of the Silvertown vs. Happy football game Monday night at 7:30 o'clock.

### B-Team Plays Matador Saturday

The Owl B-team is scheduled to play Matador there Saturday morning at 10:00 o'clock.

### Junior High Owls Open Season Tonight

Silvertown's Junior High Owls open their season with Turkey here at 6:00 p.m. today.

The Junior Owls have a big, fast team of 30 seventh and eighth grade boys this year. They have been practicing their passing game and may have a surprise or two for their opponents this year.

The Junior Owls scrimmaged the Owl B-team Tuesday afternoon, and this provided quite a bone-jarring exhibition.

### 2-A GRADE SCHOOL FOOTBALL SCHEDULE

Sept. 17—Turkey, here, 6:00 p.m.  
Sept. 24—Turkey, there, 6:00 p.m.  
Oct. 1—Wheeler, there, 6:00 p.m.  
Oct. 8—Memphis, here, 6:00 p.m.  
Oct. 15—McLean, here, 6:00 p.m.  
Oct. 22—Clarendon, here, 6:00 p.m.  
Oct. 29—Claude, there, 6:00 p.m.  
Nov. 5—Matador, here, 6:00 p.m.  
Junior High coaches are Tom Wright and Pete Hubbard.

Angela Lowrey, daughter of Mr. and Mrs. Gordon Lowrey, underwent a tonsillectomy in Swisher Memorial Hospital in Tulia Tuesday morning.

Sam Lewis and Jack Sutton attended the ballgame in Silvertown Friday night.

## RAINFALL TOTALS MORE THAN TWO INCHES IN AREA

Rainfall this week has totaled from an inch to more than two inches in the Silvertown vicinity. In Silvertown proper, a little

more than an inch fell in the official rain gauge—with somewhat heavier measurements in gauges in the southeast part of town.

The largest amount of rainfall reported to the Briscoe County News was the more than two inches that was measured at the Marvin Montague farm.

This brings Silvertown's yearly rainfall total up to 8.46 inches—way below normal.

### Norton Sentenced In District Court

Lenard Paul Norton, jr. of Dallas received a two-year sentence in District Court here Monday, September 7.

The sentence was handed down for Norton's participation in the burglary of a Silvertown service station last January 26.

H. M. Vaughn is shown holding a porcupine which was found inside Fogerson Lumber and Supply Co. last week. You will notice that he is not handling the thing with his bare hands.

# Owl Football --

CONTINUED FROM PAGE ONE

downs, with Younger once again foiling the Turk pass ambitions.

The second half opened with the Owls having a case of fumbleitis, and after two Owls fumbled the ball on the same play, recovered by Strange, Silverton punted to the Turk-35. Strange and Kel-

lum held Turkey to a one-yard gain on first down, and on second down, Younger intercepted a Turk pass and carried to the Turkey-6. Strange carried the remaining distance in two tries, and Marvin's kick was blocked as the Turks began coming in tough on all of the kicks for the remainder of the evening.

After gaining less than 10 yards the Turks punted, and Strange, Dana Martin, Holt and Thomas

Self combined for a first down drive on the Turkey-13. Strange carried the first nine yards, and Thomas Self went over for another score to give Silverton a 46-0 lead. Turkey was set back again on their next possession and punted to the Owls. Silverton fumbled, Turkey recovered, and had their deepest penetration into Owl territory as they began operations on the 20. On third down, Hutsell intercepted a Turk pass and carried it out to the Silverton-40.

The Owls didn't capitalize on this good fortune, and shortly punted to the Turk-33. After one incomplete pass, Turkey fumbled, and this was recovered by Thomas Self on the Turkey-30.

Thomas carried a first down to the 20, Dana Martin and Strange made a first down on the Turk-6, and a pass from Quarterback Martin to Younger (after two failures with the same play) was good for another touchdown. The kick was blocked, and Silverton's lead was extended to 52-0.

Turkey took the Owl punt and picked up a first down on the Owl-46. The fourth quarter opened on tough defense by Dana Martin, Garvin and Mike Grady, as more and more of the younger boys began seeing action. Turkey punted to the Silverton-20, and after an incomplete pass to Younger (again his arms were just a little short, and no one hated this more than Roger himself), Strange caught a pass and carried out to the Owl-34 for another first down. Passing practice time netted the Owls nothing, and the Turks got the ball again—but not for long. After a run by Dana Martin and a complete pass to Strange, the Owls got a first down at the Turkey-39. An incomplete pass, and a Silverton fumble, which was recovered by Garvin, the Owls didn't make enough yardage to retain possession, and punted to the Turks. Turkey called for a fair catch, dropped the ball, and Craig Culwell and Thomas Self pounced upon it at the six or seven yard line. Dana Martin carried the touchdown, and Marvin added the last point of the game.

Taking the Owl after-touchdown kickoff, the Turks made four first downs—a bonanza after the troubles they had been having all evening—in spite of defense by David McCoy, Derrel Martin, Finesas Ivory and Stan Martin, down to the Silverton-20. Here the Turks fumbled the ball, and Walter Welch, playing "heads up" football to the very last, recovered for the Owls. The game ended on a run by McCoy.

The Owls made 20 first downs, as compared with seven for the Turks. Eleven of the Silverton first downs came in the first half, while Turkey made two, one on a 15-yard penalty. Silverton gained more than 280 yards in the first half, while Turkey had approximately 18 yards rushing and 19 yards passing to their credit. In the second half, the Turks got a little over 60 yards, while the Owls added 120 or so to their total.

Each player deserves a compliment for his performance Friday night. Six boys combined talents to score the points, but there were 20 others alternately paving the way for them. Had the other 20 not done what they could, the six could not have crossed the goal-line.

The Senior lettermen—Bomar, Garvin, Holt, May, Self, Strange and Younger—provided the leadership and pointed the way for the younger players. All of these Seniors will be high in the running for berths on the All-District team if they keep up the good work all season long.

Dana Martin turned in a good job in his first game as quarterback. David Kellum deserves special mention: he played his first varsity football game as a Junior tackle Friday night, and did a very good job for a player who is still learning his job. If memory doesn't fail, Finesas Ivory, a Senior end, also played his first varsity football game against Turkey.

The Owls travel to Happy Friday night to try to add victory number two to their list of accomplishments. The Cowboys lost to the Claude Mustangs last week

Mr. and Mrs. Randy Hughes of Lockney had lunch Saturday with Mr. and Mrs. Berton Hughes. In the afternoon they joined Mr. and Mrs. Jerry Hawk and children of Amarillo at the home of Mr. and Mrs. Raymond McJimsey and the men went dove hunting. Later in the evening, the Jerry Hawks and Mr. and Mrs. Randy Hughes returned to the home of Mr. and Mrs. Berton Hughes for a picnic supper in the backyard.

**CONVERT YOUR HOME TO COMFORT ELECTRIC HEATING NOW... AND WE'LL INSTALL STORM WINDOWS... FREE!**

Now is the time to bundle up your home for winter. Now is the time to install whole-house, comfort electric heating, because, right now, with every qualifying electric home heating installation, we'll install free a complete set of storm windows for the heated portion of your home. All you need do is call Southwestern Public Service Company. Our electric heating specialist will gladly and professionally determine the exact heating requirements for your home.

Modern electric comfort heating is already being enjoyed by over 4 million American families... almost 5,000 in our area alone. The reasons are many, but what most people like about clean electric heating is the comfort it gives. An even warmth from floor to ceiling creates a comfort unlike any other heating method. You owe it to yourself and your family to get the facts about electric heating... and now is the time to do it.

Storm windows have proven their value in keeping out cold, wintry winds, holding down inner heat loss and contributing to lower heating costs. The storm windows now offered free with qualifying home electric heating installations, are 2-track, aluminum windows with screen, and custom made to fit your own windows. Storm windows do an excellent job of combating dust storms, too.

**IS YOUR HOME ELIGIBLE?**  
This offer is available to residential customers of Southwestern Public Service Company, living in existing single family homes and qualifying for the special residential electric heating rate. Should you already have storm windows or windows of such design or shape that they do not lend themselves to normal installations, do not despair—we have a special, most attractive plan for you, too.

Comments from the Capital —

ISSUES IN THE NEWS TODAY  
by Vant Neff

It was no moment of great pride for a proud university—Yale—when the six-man black bodyguard of Black Panther leader, David Hilliard, beat and stomped a white man who attempted to speak from the same platform. The audience of 4500 merely sat and gaped. Hurrah and boola, boola, old Eli! How times have changed!

In the midst of world turmoil that surrounds us, let's not overlook the fact that this is a free country. The First Amendment guarantees, without strings attached, freedom of speech to everyone — employers as well as employees. This particular freedom has been re-confirmed by the Taft Hartley Act. But it has been sadly neglected by the National Labor Relations Board. How incredible it is that a union shop steward can tell his men any and all things, but the owner or manager must be wary of each word he utters. According to a Congressional Committee Report on the NLRB, this organization has "double standards" for applying labor law to cases, consistently favoring unions. The remedy for an admittedly biased and unfair situation: labor law reform. If you'd like to become more informed about it—and almost everyone who works is af-

ected by our country's labor laws, one way or another—you may write for a copy of this report to the U. S. Government Printing Office in Washington, D. C. It will cost you a dollar, but it may save you plenty.

It's a shame, in my opinion, that so many fine, industrious Italian-Americans have been tarred by the same brush as their wheeler-dealer Mafia countrymen. Ethnic prejudice is always ugly. But in this case, it's disgraceful.

Thought to remember: Every time a union demands — and wins — an excessive wage hike, you and I pay for it. How? We pay more for everything, from pencils to peanut butter, from hammers to housing. Don't blame the manufacturers for the price rise. It isn't their fault. But those wage increases don't come out of the blue. They come out of your pocketbook, and mine. If the product were bigger, or better, or if the worker produced two products in the time that he usually made one, it would be a different matter. But the way things stand now, higher wages and low productivity add up to one bitterly unpleasant fact: inflation! Nobody likes it. Nobody wants it. And nobody can afford

it, because under present conditions, the value of money is melting faster than butter in your mouth. For a progressive nation whose population enjoys a high educational level all across the board—we're just not playing it very smart.

The oddest of all odd couples: What in the world did Britain's pretty Princess Margaret and Yugoslavia's Red dictator Tito find to chat about as they basked in the Adriatic sun? And how true is the rumor that her sister Queen Elizabeth is anticipating a state visit to Moscow? Or are these just further instances of the perpetual program to en-

hance the Communist cause throughout the world?

Will the unions' riches never end! One mammoth labor organization, the United Mine Workers, owns the National Bank of Washington. Nice going for a union with an alleged 700 bogus locals, about half of which do not file federal financial reports. According to my calculations, that must leave quite a tidy sum to be raked off and used at will. And I would suspect at the union bosses' will, not the workers'. After all, they are only the people who had their pay envelopes clipped to provide the money in the first place!

The "hard hats" who trounced the student dissenters for mocking the American flag have made one point very clear: They want to show their support of our President and of every man who is still fighting for the cause of freedom in Vietnam, or anywhere else. And patriotism like this is a point in anyone's favor. Agreed?

Contrast President Nixon's altruistic proposal to declare the ocean floor beyond a depth of 600 feet as a common heritage of all countries, with the unscr-

pulous attitude of some other nations that have seized ships as far away as 200 miles off their coastlines in neutral waters. Who says we Americans are imperialistic (Peru, are you listening)?

What a switch! It is reported that in Hungary today, a doctor who studies for years to attain his professional status receives \$56.50 a month as a starting salary. Meanwhile, an uneducated industrial worker's average monthly beginning wage is \$82.60. If this is the so-called "people's equality" the Communists preach, give me free enterprise any day!

Strange, isn't it, that the five Americans who were awarded the Lenin Peace Prize have been more belligerent than peaceful in their supposed efforts to promote peace? Check the "honors list" carefully. There is W. E. B. DuBois, whose Communist-inspired campus clubs laid the groundwork for today's epidemic of student turbulence. Singer Paul Robeson and artist Rockwell Kent, both notorious for their Soviet sympathizing. Industrialist Cyrus Eaton, who received a three-horse Russian

SUNDAY'S SERMON

RELIGION AND YOU

"I used to go to church once in a while, but I found that religion does nothing for me, so I don't go any more."

Have you ever heard someone make this statement? If so, were you able to explain why this particular individual did not find the proper inspiration for life on at least one of the occasions on which he attended church?

There is no answer for you to give. There is, instead, a question: "What did you give, other than a few minutes of your time?"

Religion is more than going to church once in a while to receive a handful of grace or a new outlook on life. Religion, whatever denomination it may be, is constant, is a seven-day-a-week manner of existence.

The life of Christ upon earth set for man the perfect example. It is true enough that man cannot be perfect; for he must contend with the frailties of human nature. Yet it is established that the teachings of Christ provide the guide lines for successful living. The man who wants to "get something" out of religion can do so only by leading a proper life.

troika carriage as a token of esteem from his pal, Nikita Khrushchev. Now the latest is Dr. Linus Pauling, whose own private battle versus nuclear weapon testing has been waged against the United States, not the country which decorated him. What does he plan to do about Russian nuclear bomb tests? (Experts claim that Russian bomb build-up and tests by far exceed ours). Doesn't he recall the infamous Russian "gift" to the United States—a carved eagle loaded with concealed microphones? To those familiar with the Communists' methods of swaying public opinion, and surely Dr. Pauling must be, none of this should come as a surprise. No one surpasses the Russians in the fine arts of double-talk, deception and duplicity.

Who knows whether or not student unrest in China seethes as furiously as it does in France or Japan? News from that country is carefully filtered and edited by the authorities. But word does leak out that the authorities there go to a great extent to suppress student opinions, in order to maintain the fiction of "unquestioning obedience", while they contend that all dissent is stirred up by imperialistic foreign conspirators. If this is "Chinese progress", it is inscrutable to me.

I Pledge Allegiance

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands. One nation, under God, indivisible, with Liberty and Justice for all.

A flag — any flag — by itself is nothing more than a bit of cloth. Paint a design on this piece of cloth and it is still nothing more than a piece of colored cloth. Just as soon, however, as someone or some group attaches special significance to a particular design it then becomes more than just a design on a piece of cloth.

Over the years since our national independence, millions of people have used the flag of the United States of America to symbolize their hopes and dreams of a better way of life in a free land. Throughout their efforts in building our great Republic in which these hopes and dreams could be realized, the flag came to symbolize the "blood, sweat and tears" that was the price of the freedoms they could enjoy.

Now, when we pledge allegiance to our flag, it is not just a piece of gaily colored and beautifully designed cloth to which we pledge allegiance, but the symbol of all that has gone into the building and maintaining of THE REPUBLIC FOR WHICH IT STANDS.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a son, and a duty. While privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal — that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is die for it, because daily we experience more of the blessings that are ours — ours because we are Americans.

First State Bank

Warm, Fresh Air. ... direct from the manufacturer. Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time. So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

# Let The Bible Speak

Edwin J. Myers, Evangelist

## UNDERSTANDING

We are today living in a country in which the people are prone to condemn a thing before they really understand it. Lincoln once said, "If I don't like that man I must get better acquainted with him." The religious world would appreciate Christ more and the church He established if they would get better acquainted with the two. Sectarian preachers have so deluded the minds of their hearers that some people are afraid to go to the church to hear the GOSPEL. Some preachers and people are so misguided that they believe that the church condemns everyone and everything. This is a false idea. The church condemns false teaching and error wherever it is and whoever teaches it. False teaching cannot be proven from the Bible and therefore it suffers when the Bible is presented by the side of it. If a person or a teacher of religion will not study the Bible with anyone anywhere, you can rest assured that he is afraid of what he preaches or teaches. Therefore the church invited everyone to come and study with them, because the Bible is the authority for what is taught.

The church of Christ takes the Bible as its only guide because, "If any man speaketh, let him speak as the oracles of God." (1 Peter 4:11). Believing that God means what He has said, "whosoever goeth onward and abideth not in the teaching of Christ, hath not God; he that abideth in the teaching, the same hath the Father and the Son." (2 John 9). With this in mind there is just one thing to do, "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." (2 Timothy 2:15) After having done this very diligently one will, "sanctify in your hearts Christ as Lord: being ready always to give answer to every man that asketh you a reason for the hope that is in you, with meekness and fear" (1 Peter 3:15). Knowing therefore that Paul has warned, "Wherefore let him that thinketh he standeth take heed lest he fall" (1 Corinthians 10:12). Let us be closer students of God's Word!

Friends, neighbors, and brethren, be it known to all that the ones that study God's Word and work earnestly for the advancement of the Kingdom of God are those that this country and the world need most. . . . and the disciples were called Christians first at Antioch" (Acts 11:26). To this group God says, "grow in the grace and knowledge of our Lord and Savior Jesus Christ, to Him be glory both now and forever. Amen." (2 Peter 3:18) We invite you to come and be with us as we strive to practice nothing but pure and simple New Testament Christianity.

SILVERTON, TEXAS

"FOR ALL YOUR PRINTING NEEDS"

Mrs. Pat L. Northcutt, president, was pictured with the members of the Century of Progress Study Club's yearbook committee, Mrs. Joe Montague, Mrs. Leland Wood and Mrs. L. D. Griffin, who were hostesses at a brunch in the Griffin home on Wednesday morning of last week.

## Club Year Opens With Brunch In L. D. Griffin Home Here

Mrs. L. D. Griffin was hostess for a brunch attended by members of the Century of Progress Study Club Wednesday morning, September 9. Co-hostesses were Mrs. Leland Wood and Mrs. Joe Montague.

The members answered roll call with "My Summer Caprice," and the club year began with 100% attendance.

Mrs. Pat L. Northcutt reported on the success of the summer fund raising project which was a concession stand during the annual rodeo barbecue.

It was also reported that during the summer 249 books were purchased and donated by the club to the Silverton School Library.

The new yearbooks were presented by the yearbook chairman, Mrs. L. D. Griffin. Theme of the year will be "On The Go With Jane Doe". Mrs. Wood and Mrs. Montague served on the yearbook committee with Mrs. Griffin.

Brunch was served from a table covered with a linen cloth. An arrangement of multi-colored garden

flowers was used as the centerpiece in an original vase on which was a collage of program topics and caricatures from the new yearbook.

The next club meeting will be held in the home of Mrs. George Long on September 23, at 3:00 p.m.

## TIN CAN ART TO BE DEMONSTRATION FOR CLUB

"Time For Creations From the Wastebasket" is the topic of the next program of L. O. A. Junior Study Club, which is to be held at 8:30 p.m. in the home of Mrs. Randall Eddleman. Mrs. J. E. Patton, jr., one of the club's charter

members, will demonstrate Tin Can Art and some of her creations.

The arts and crafts program will emphasize a better environment in the federation counselor's news, "Pick Up and Walk For Mankind" which is the story of what a junior club in Silverton, Oregon, did for a project last year. Use of tin cans in hobbycraft is another environment improvement project.

During roll call, each member will be asked to show or tell about a favorite hobby or pastime.

The devotional, "Time For Joy In Seeking," will be given by Mrs. Eddleman.

### NEW OFFICERS CONDUCT MEETING OF HOMEMAKERS

Silverton Young Homemakers met September 10 in the homemaking department. Fay Perkins, newly-installed president, presided.

The Area Convention Saturday, September 19, was the first item of business discussed. Mrs. Dwan Henderson was appointed to collect the registration fee from each member and register them at Herford. Mrs. Wayne Stephens and Mrs. Gordon Lowrey volunteered to take cars.

Mrs. Tommy Perkins, Mrs. Fred Minaryard, Mrs. Joe Kitchens and Mrs. Terry Grimland were appointed to be in charge of two centerpieces for the Area YH and YF Banquet to be held after the convention.

September 20-27 has been designated as Young Homemaker Week, and the chapter plans to send flowers to each church attended by its members. There will be posters in the display windows in the homemaking department and other locations in town. Chapter stamps were given to

the chapter by the outgoing president, Mrs. Wayne Stephens.

Mrs. Dorothy Spencer, a Hub beauty supply saleswoman, was the guest speaker. She gave a demonstration on proper skin care. The four important steps covered were cleansing cream, facial mask to tighten skin, skin freshener and night cream.

Refreshments were served by Mrs. Wayne Stephens and Mrs. Donald Perkins to Mrs. Ken Cook, Mrs. Tommy Perkins, Mrs. Joe Kitchens, Mrs. G. W. Chappell, Mrs. Fred Minaryard, Mrs. Gordon Lowrey, Mrs. Terry Grimland and Mrs. Dwan Henderson.

The Silverton Young Homemakers will sell pecans again this year.

## Bride Honored At Shower Saturday

Mrs. Garner Garrison, the former Miss Molly Sue Wofford of Stephenville, was honored with a miscellaneous shower here Saturday.

The bride and her mother-in-law, Mrs. Coleman Garrison, were presented with corsages of white daisies. The honoree's corsage also contained a miniature wedding band.

After guests were presented to the bride, they were registered and served refreshments by Mrs. Stanley Fogerson, Mrs. Fred Edwards and Mrs. Wayne Nance.

A centerpiece of orchid carnations surrounding a miniature bride and groom beneath a white lace parasol trimmed with orchid ribbon was used on the refreshment table which was covered with a white cutwork cloth.

Orchid napkins with the names "Molly" and "Garner" embossed in white were used.

Hostesses for the occasion were Mrs. Seymour Brannon, Mrs. Noel Deavenport, Mrs. Arnold Brown, Mrs. Ware Fogerson, Mrs. Doyle Stephens, Mrs. Jack Strange, Mrs. Hugh Nance, Mrs. W. V. Bomar, jr., Mrs. Marlin Jarnagin, Mrs. Vinson Smith, Mrs. Dee McWilliams, Mrs. Leland Wood, Mrs. James Patton, Mrs. Bill Martin, Mrs. Bruce Eddleman and Mrs. Edwin Davis.

## WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong acid urine and by analgesic pain relief. Get CYSTEX at drug-gists. See how fast it can help you.

MRS. DAVID JOE SEANEY

## Hill Chapel Was Scene Of Hand-Seaney Marriage Recently

Miss Janice Ileen Hand became the bride of David Joe Seaney on August 22 in a double ring ceremony in Joseph A. Hill Chapel.

The bride is the daughter of Mr. and Mrs. George S. Hand of Canyon. The bridegroom is the son of Mr. and Mrs. Cecil C. Seaney of Claude, and is the grandson of Mr. and Mrs. George Seaney of Silverton.

Rev. Raymond Bowlin of Amarillo directed the ceremony.

The sanctuary was decorated with baskets of gladioli and feathered carnations in the bride's colors.

Mike Shapely sang "More" and "The Twelfth of Never" during the ceremony. He was accompanied by Mrs. Glen Dowlen on the organ.

The bride, given in marriage by her father, wore a formal length gown of angel mist peau de soie over bridal taffeta. The gown was designed with a high neckline, empire waist, controlled skirt, and long Camelot - inspired sleeves. Venice lace enhanced the bodice, sleeves and skirt of the gown and pale blue ribbon complimented the neckline, waist and skirt. A chapel-length train fell from the waistline.

The matching veil of imported illusion fell from a coil of lace and seed pearls.

The bride carried a bouquet of white gardenias surrounded with feathered carnations atop a white Bible.

Matron of honor was Mrs. Robert W. Smith, sister of the bride. Bridesmaids were Miss Su-

se Seaney, sister of the bridegroom, and Miss Marsha McCuiston, cousin of the bride. The attendants wore floor-length gowns of powder blue sparkle crepe with empire waists and full Renaissance chiffon sleeves. Bouquets of blue and white carnations were carried by the attendants.

Little Miss Angela Lowrey of Silverton, cousin of the bridegroom, was flower girl. Walter Donais of Canyon was ring bearer.

Dennis Fallwell of Friona was best man. Gordon Lowrey of Silverton and Bob Hand of Canyon were groomsmen.

Ushers were Les Howard and Kevin McCuiston of Canyon and Capt. Robert W. Smith of San Antonio.

A reception followed at the Methodist Student Center. The serving table was decorated with a white lace tablecloth over a blue undercloth. A crystal candelabra and the bridal party's bouquets further enhanced the table.

Members of the houseparty included Misses Sharon Sims, Kathy Brown, Jan Patton and Mrs. Wayne Brewer.

The bride traveled in a navy blue and white two-piece linen suit with navy accessories.

Following their wedding trip to Colorado Springs, the couple is at home on Route 1, Canyon.

The bride is a graduate of Canyon High School and plans to resume studies at WTSU during the spring 1971 semester.

### Mrs. Wise Buried At Floydada Tuesday

Funeral services for Mrs. Frances Aurilla Wise, 95, a long-time Floyd County resident, were conducted at 2:30 p.m. Tuesday at the First Baptist Church in Floydada, with Dr. Floyd C. Bradley, pastor, officiating. Burial was in the Floydada Cemetery.

Mrs. Wise died at 10:45 a.m. Sunday in the Floydada Nursing Home where she had resided the past four years.

Mrs. Wise was born in Louisiana January 13, 1875 and grew up on a farm that straddled Lincoln and Claiborne parishes. She graduated from Homer High School in 1892.

When Mrs. Wise married Charles Otis Wise January 8, 1895, in Arcadia, Louisiana, she did not have to change her name because her maiden name was Wise. The couple came to Texas from Louisiana in 1897 and settled first in Crockett County near Ozona. After

### FIELD DAY HELD AT RESEARCH FOUNDATION

High Plains Research Foundation held its Fourteenth Annual Field Day and Open House on Thursday, September 10 at Half-

way, Texas. Area I Young Farmers were in charge of parking cars. Four Silverton Young Farmers worked the first shift in a welcome drizzle of rain. They were Jimmy Myers, Area I president; Wayne Stephens, Guinn Fitzgerald and G. W. Chappell. Calvin Shelton joined the group later.

A large line of new farm equipment was on display. Attendance was lower than usual, partly due to rain showers during the day.

Mrs. Wise was a self-sufficient person despite being blind since she was 61. A Republican who had never missed balloting in a general election except once since 1920, Mrs. Wise did not let her blindness or the broken hip she suffered about four years ago, keep her from the polls. The only time she could not vote was in the election of Warren G. Harding in 1920, when she and her husband were living briefly in Oklahoma and had not established residence there long enough to qualify.

Surviving are four daughters, Mrs. S. K. Porter, Lubbock, Mrs. M. C. Kitchens, formerly of Silverton, and Mrs. F. A. Faulkenberry, both of Floydada and Mrs. C. K. Bryan of Windsor, Missouri; two sons, C. D. Wise of Paris and C. H. Wise of Floydada; a sister, Mrs. C. W. Boydston of McCamey; 21 grandchildren; 96 great-grandchildren and great-great-grandchildren.

September 14 was designated as clean-up night at the rodeo arena. Members present were Robert H. Hill, Gary Eliff, Lee Stidham, Calvin Shelton, Fred Minyard, Dwain Henderson, Terry Grimland, Charlie Parker, Joe Self, Gordon Lowrey, Wayne Stephens, Jimmy Myers, Art Sommerfeld, Donald Perkins, G. W. Chappell and Alton Riddell. Ronald Young was a visitor.

### YOUNG FARMERS HAVE BUSINESS MEETING HERE

Silverton Young Farmers held their regular business meeting on September 10, at 8:30 p.m. in the school vocational agriculture department with Robert H. Hill presiding. Secretary Tobe Riddell read minutes of the last meeting, and a report was given on the field day at Halfway to 16 members and one visitor.

Area I Convention plans for Saturday, September 19, in Hereford were discussed. Jimmy Myers, Area I President, will be presiding at the afternoon session and at the awards banquet.

Wayne Stephens, a past president of the local chapter, was elected to compete for Area office. Calvin Shelton is to make the nomination speech. Voting delegates elected are Calvin Shelton, G. W. Chappell and Alton Riddell, alternate.

Labor Day visitors with Mr. and Mrs. Buck Wesley were Mrs. Jodie Weaks, Shirley and Lequita of Burlington, Colorado; Mr. and Mrs. Eddie Wesley and family of Littlefield; Mrs. Oscar Weaks, Mr. and Mrs. Lonnie Wesley and boys, all of Tulia; Bill Brooks of Amarillo; Mrs. Ronnie Drewry and

### \* NEW BABY

Mr. and Mrs. Jerry Patton are parents of a daughter, Lisha DeLyn, born at 4:18 a.m. on Wednesday, September 9, in Central Plains General Hospital in

Plainview. She weighed eight pounds, twelve and a half ounces, and is 21 inches long.

She has a brother, Craig, who is 5½ years old.

Grandparents are Mr. and Mrs. James Patton and Mr. and Mrs. Oner Cornett. Great-grandparents are Mrs. Shelby Haynes of Silverton, Mr. and Mrs. Rex Puckett of Phoenix, Arizona, and Mrs. E. H. Cornett of Stephenville.

Tammy of Huntsville; Mr. and Mrs. A. T. Brooks and Roy and Mr. and Mrs. Carl Minyard and Mellissa.

AMERICAN NEWSPAPERS--200 YEARS OF FREEDOM--1770's TO 1970's

### MEXICAN DISH

Native Mexican dishes have greatly enriched our country's food heritage. We've learned to use such things as chili peppers and tortillas just as the ancient Aztecs did to create tantalizing meals.

This beef 'n bean dish claims no fame for its antiquity, but it promises real enticing Mexican flavor. Chunks of beef cook in canned mushroom gravy along with the exotic Mexican flavors of chili powder, garlic, onion, bacon, and tomatoes. The velvety mushroom gravy provides the perfect simmering medium for the pungent flavors.

After simmering the mixture slowly, add chick peas for the final south-of-the-border appeal. Keep the meal strictly native with a citrus fruit and avocado salad. Then pass around a basket of crisp tortilla chips to munch on.

### MEXICALI BEEF

- 6 bacon slices
- 1½ pounds beef cubes (1½-inch)
- 2 teaspoons chili powder
- 1 medium clove garlic, minced
- 1 can (10½ ounces) mushroom gravy
- 1 cup sliced onion
- ½ cup chopped canned tomatoes
- 1 can (20 ounces) chick peas, drained

In large heavy pan, cook bacon; remove and crumble. In 2 tablespoons drippings, brown meat with chili and garlic. Add bacon and remaining ingredients except peas. Cover; cook over low heat 2 hours 15 minutes. Stir now and then. Add peas; cook 15 minutes more. Stir now and then. Makes 4 servings.

## Terry Do-Tell

There has been some misunderstanding about the school policies and some of the rules and regulations. I have talked with Mr. Souter, and I hope I can explain, not criticize, some of the reasons behind the rules to help clear the air.

The weekly pep rallies will be held at 3:15 every Friday afternoon instead of during activity period Friday mornings. The coaches and administration both think it is for the betterment of the football team. With the afternoon pep rally being the last thing of the day, there will be no lapse of time for a let down of spirit. If the boys leave early for a game, the pep rally will be held the last 15 minutes before they leave. The boys will always be present at the pep rallies as usual.

There will be no school-sponsored pep rallies held at the courthouse. The school cannot be held liable for accidents and it is considered too dangerous. This decision was made by the administration.

The dress code is to create a better environment for learning. The girls should dress like ladies and the boys like gentlemen. A student's apparel should not cause any classroom disruption. The school is for learning and the appearance of the students is not to hamper the process of learning in any way for any reason. Also concerning the dress code is the uniform PE clothing. It is a known fact students can perform better when dressed for the occasion. The administration feels that our local businessmen have cooperated with the school 100%, and this is appreciated.

A rule most parents are unfamiliar with is the fact that a student must have a note from his parents stating the reason and date of a student's absence before he can be re-admitted to class. It is up to the school to decide whether the absence is excused or unexcused.

Sponsors were selected for the classes and most of the organizations this year, instead of the students voting on them. The reason for this was to involve all the teachers in the activities instead of just a few handling all of the responsibility. The teachers were selected on the basis of the time they have available to help, the experience they have and the duties to be performed.

Every student was assigned a locker this year, to keep a closer eye on the appearance of our building. The students were assigned lockers by their classification.

Emphasis has been placed on the care of the new building. Many regulations have been made these past few weeks due to the fact that our building is not complete. It has been required that each student sign in and sign out when leaving the school during classes. This is to enable the school to know where each student is at all times.

There is a telephone available to the students; however, students are asked to use it for business purposes only.

These are just a few of the policies of our school, and the entire administration developed them to be flexible and take into consideration the majority, not the minority, of the students. It is hoped that through a better understanding of the policies, everyone will be more cooperative and we will have a better and more productive school year.

## Proposal Concerns Injuries In Sports

An open letter to Texas coaches was published in the September issue of the "Interscholastic Leaguer" by Louis J. Levy, M. D., a member of the Committee on Athletics, Texas Medical Association.

At the May 2, 1970 meeting of the Committee on Athletics, we discussed the topic uppermost in your mind and in ours—How to Avoid Injury to Athletes. A considerable discussion ensued on the increased injury that can and frequently does occur in football in taking an injured player from the field, Dr. Levy wrote.

He continued: In order to minimize the additional damage and give the player the greatest protection, we submit for your consideration the following rule: That if any football player receives an injury to his head, neck, trunk, or lower extremities, the coach must have the player carried to the sidelines on a litter. (It would be the responsibility of the host team or of the school athletic department to see that litters were available for both sides.)

This rule will prevent the player with a partially torn knee ligament from trying to walk to the sidelines and thereby, frequently, cause further knee damage. It would prevent possibility of spinal cord injury in cases of neck and back fractures and so forth.

It would greatly facilitate proper examination and treatment by the team physician by having the injured player on a litter, rather than having him sitting on a bench.

Many players would be reluctant to be carried off the field, Dr. Levy continued, but if it were generally known to all that this was a rule approved of and ordered by the coaches, there would be no difficulty in getting the players to accept this.

If this rule were generally accepted, the announcers at the game could also broadcast this to the spectators so that they would not be alarmed unnecessarily. If you approve of this suggestion, would you help in making it a rule for high school and college football. It would be a great help in reducing injury and aiding proper treatment for the players, Dr. Levy concluded.

 Ham, candied sweet potatoes, green beans, rolls and butter, jello salad, milk

**MONDAY, SEPTEMBER 21**  
 Meat loaf, lima beans, tossed salad, rolls and butter, fruit cobbler, milk

**TUESDAY, SEPTEMBER 22**  
 Super dog, pinto beans, cornbread and butter, banana pudding, milk

**WEDNESDAY, SEPTEMBER 23**  
 Burrito with chili and cheese, green salad, bread and butter, milk

He continued: In order to minimize the additional damage and give the player the greatest protection, we submit for your consideration the following rule: That if any football player receives an injury to his head, neck, trunk, or lower extremities, the coach must have the player carried to the sidelines on a litter. (It would be the responsibility of the host team or of the school athletic department to see that litters were available for both sides.)

This rule will prevent the player with a partially torn knee ligament from trying to walk to the sidelines and thereby, frequently, cause further knee damage. It would prevent possibility of spinal cord injury in cases of neck and back fractures and so forth.

It would greatly facilitate proper examination and treatment by the team physician by having the injured player on a litter, rather than having him sitting on a bench.

Many players would be reluctant to be carried off the field, Dr. Levy continued, but if it were generally known to all that this was a rule approved of and ordered by the coaches, there would be no difficulty in getting the players to accept this.

If this rule were generally accepted, the announcers at the game could also broadcast this to the spectators so that they would not be alarmed unnecessarily. If you approve of this suggestion, would you help in making it a rule for high school and college football. It would be a great help in reducing injury and aiding proper treatment for the players, Dr. Levy concluded.

### Flip Tops

by Brit and Gene  
 I'll tell you now, it's a type of drink.  
 For now though, I'll let you think.  
 To some it's good; others it's bad. Some people keep it in their pad.  
 It could be blue, it could be melow.  
 It pours up nice with lots of foam.  
 It's even sold in the Astrodome. Maybe it's in, or possibly un.  
 If you had some, you'd have fun!  
 Could be booze, could be Coke.  
 This isn't all a joke.  
 Now we've had fun and lots of drink  
 This beverage is whatever you think!

### Student Council

by Rhonda Dickerson  
 The Student Council met on Tuesday, September 8, and elected Rhonda Dickerson reporter. The Coke machine was discussed and also what things could be bought which would help improve the school.

It was decided to have a meeting one night next week to plan the year's activities.

### Hamburger Supper Was A Success

The Junior class sponsored a hamburger supper last Friday night before the ballgame with Turkey, and earned \$201.00.

The proceeds will go into the fund to help finance the annual Junior-Senior Banquet.

Approximately 150 people attended. Thanks to all of the parents who cooperated to help make this supper a success.

### Spirit High In SHS

Spirit was high in SHS last Friday. Everyone seemed to be ready for those Turks whom we would be playing that night.

## THE OWL'S HOOT

Official publication of the students of Silverton High School, compiled and edited by the members of the Future Business Leaders of America.

PAGE SIX

THURSDAY, SEPTEMBER 17, 1970

## Meet The New Teachers

This week three more new teachers are presented. They are Coach Clayton Hubbart, Mrs. Ann Thornton and Mrs. Jauenene Lambert.

**CLAYTON HUBBART**  
 Coaching the girls basketball team this year is Clayton Hubbart, who graduated from Amarillo High School in 1955, and attended West Texas State University and received his BS degree. The former Amarillo resident has been employed at American Smelting & Refining Company.

He and his wife, Linda, have been married fifteen years and have three sons. They are Tim, Russ and Mike. The Hubbarts are members of the First Baptist Church.

## The Coaches Corner

by Coach Stovall  
 The Owls came up with a fine team effort last Friday night. The boys played together as a unit instead of individuals. This fact showed up in the team's performance and in the final score. It is hard to stress the importance of a team performance.

We, the coaches, were really proud of the team. This game gave us a chance to find our weaknesses and also gave the team experience. As a whole we were satisfied with the performance and hope to continue.

We want to thank all of the people who support the Owls for coming to the game. Your support really made a difference in the team's spirit. We would also like to thank the student body for their support at the game and during the week. We hope to see all of you Owl supporters at Happy this Friday night at 8:00 o'clock.

### NITROGEN FOR THE SOIL

Scientists estimate that fifty-three million thunderstorms occur each year, shocking our earth with three billion lightning strokes. A single bolt of lightning, one to six inches in diameter, may be several miles long and can discharge up to one million volts.

Fortunately, most of these bolts are cloud to cloud, and those that do reach the earth collect on the way free nitrogen from the air and transform it into one million tons annually of fixed nitrogen to fertilize the soil.

### FBLA OFFICERS ELECTED

by Terry Jones  
 FBLA met Thursday, September 10, with the sponsor, Mrs. O. C. Rampley.

Dorothy Yancey, Terry Jones and Annette Williams gave talks on business and received their supervisor degrees.

Officers elected for this year are Lanis Davis, president; Evelyn Wood, vice-president; Dorothy Yancey, secretary; Annette Williams, historian, and Terry Jones, reporter.

### Pep Rally Held

Students and interested people of the community gathered at the courthouse Thursday, September 10, to encourage the players to victory against Turkey. This was the first student gathering held in attempt to boost the spirit of this year's football team.

### MRS. ANN THORNTON

Mrs. Ann Thornton is another of the new teachers in Silverton High. She attended the College of Artesia and Eastern New Mexico University, and earned the BA degree in science. Mrs. Thornton is a former resident of Artesia, New Mexico.

Mrs. Thornton is the mother of one daughter, Barty, seven years old, who is in the second grade. They are members of the Catholic Church.

### MRS. JAUENE NE LAMBERT

Mrs. Jauenene Lambert is a reading teacher in the Silverton Schools this year. She attended Texas Tech University and received a BS degree in elementary education. She was formerly employed by the Ralls School System while living there, and she finished out the last school year at Ralls by commuting after she and her husband moved to Silverton. Mr. and Mrs. Lambert reside at 1107 South Braidfoot Street in Silverton.

## Student Council Has Meeting

Silverton High School's Student Council held its first regular meeting Tuesday, September 1, 1970, to discuss activities for the new year. The Council still lacks two representatives from the Freshman class, and a boy and a girl are to be elected as their representatives at their next class meeting.

Council officers are Alvin May, president; Trent Brown, vice-president; Amy Birdwell, secretary, and Nicky Long, treasurer. Mr. Wayne LaGrone will serve as the faculty sponsor, with Mr. Souter, high school principal, as ex-officio sponsor. Mr. Souter and Mr. LaGrone have indicated their willingness to work closely with the Student Body through its elected representatives. The Student Council is the representative of the student body, and its members are expected to work for the betterment of the whole school. The Student Council is both a service organization and a leader of student discipline and action.

Five representatives of the SHS Student Council attended the Convention and Workshop at Nacogdoches, Texas, in order to learn how to be better leaders in their school. Mr. Souter, all of the officers, and the Senior representative, Rhonda Dickerson, attended. Senior representatives are Miss Dickerson and Kerry Reeves; Junior representatives are Paula Montague and Quinn Montague; Sophomore representatives are Pam Hutsell and Mikel Grady.

### LEADERSHIP

It shows intelligence and good sense to follow a leader; but first we should make sure that he is headed in the right direction, knows where he is going, and is not running away from something.

### STAND CLOSE TO ALL

Stand close to all, but lean on none.  
 And if the crowd desert you, Stand just as fearlessly alone,  
 As if a throng begirt you;  
 And learn what long the wise have known  
 Self-flight alone can hurt you.  
 —William S. Shurtleff

### Fill Cracks And Holes Better

Handles like putty. Hardens like wood.  
**PLASTIC WOOD**  
 The Genuine—Accept No Substitutes.

### Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation  
 Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.

The answer is Preparation H<sup>®</sup>. No prescription is needed for Preparation H. Ointment or suppositories.

### Gas and heartburn?

This unique discovery breaks up and removes painful gas-bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. Get Di-Gel tablets or liquid today. Product of Floy, Inc.

## History Means Different Things To Different People

History means different things to different people. To a historian, history is a delightfully intriguing study. But to a high school student of the world, history is often "a drag." Probably there has never been a world history class in which all of the students were thrilled to learn about the Assyrian's development of roads to help maintain their military might. Just because they know that this happened before the time of Christ, they are often but little impressed with the comparison of the United States' interstate highways that are also valuable for military reasons.

Many of the American history students have trouble caring whether it was Franklin Delano Roosevelt, Christopher Columbus, or an obscure Norseman named Knutson that really discovered America. It is all ancient history to them.

There are some students who seem to care about all history; there are some students that seem to care about some history; there are some students that seem to care about no history at all. Really, all students have individual interests. One might become interested in pyramids or the Colt pistol and be somewhat oblivious to most of the other topics of the lesson. The study of history at SHS should be somewhat bearable to all of the students, however. If there is a humorous side to the

lesson, this will probably be brought out. If there is an interesting topic for discussion, this topic probably will not be overlooked.

The theme of both world history and American history is "How did the world get to be the way it is today?" Oftentimes, various obscure events of history have no apparent connection to this theme and are covered more quickly. The bulk of both courses will be in consideration of a more or less contemporary history (1850 to date). Some students will continue to think of history as—a chapter a week drag. Others may develop a keen interest in the events of the past.

—F. Wayne LaGrone

### On The Sideline

with Brit Parker

I can't come up with any words to describe Friday night's game. To me, everything was great. The team did a great job against the Turks. We had a couple of injuries that nearly scared me to death, but they turned out to be pretty minor.

All during last week, Owl Fever was in the air. It still is around now and I hope it will continue from now on. The school spirit showed up in all the classes and came out in the team's play. All of the people who came out to see the Owls saw a unit in action. The score showed what a little spirit and support like we had can do.

The Owls square off against the Happy Cowboys tomorrow night. The Owls have a score to settle and I'm sure the Cowboys know this. This game could be tough, but with support and spirit like we've had the Owls will come out on top.

Don't forget! Tomorrow night at Happy OUR team goes into action again. We really need your support.

**NOTICE**  
**NOTICE OF HIGHWAY**  
**IMPROVEMENT**

The Texas Highway Department  
is planning to proceed with the  
development of the proposed high-  
way improvements on State High-  
way 86, from Silverton East to Top  
of Caprock, in Briscoe County.

Since the Administration of the  
Highway Department has approv-  
ed the route and design proposed  
for the development of this pro-  
ject, work will begin on the next  
phase of engineering necessary for  
the development of this project.

The proposed improvement will  
provide a 26-foot roadway surface,  
with 8-foot 6-inch paved should-  
ers, and 12-foot climbing lanes as  
required. The right of way width  
will be a minimum of 150 feet,  
following present location. There  
will be no displaced persons or  
businesses.

Maps, drawings showing geo-  
metric design, and all other avail-  
able data concerning the develop-  
ment of this project may be in-  
spected at the office of Harry E.  
Hart, Resident Engineer, Matador,  
Texas.

**What's Cooking**

When it comes to cooking,  
some women are constantly on a  
culinary treadmill. They're  
used to doing things their way  
and can't see (or don't want  
to see) the exciting and deli-  
cious range of gourmet possi-  
bilities.

**Z** Consider the  
grapefruit.  
Good but ordinary. Eternally  
served on the half with the  
ubiquitous maraschino cherry  
atop it. Now take that same  
grapefruit, brush with sugar and  
place it under the broiler for five  
minutes, and the result is hot  
stuff indeed. Canned peaches, too,  
can be simmered into something  
super with a little rum flavoring  
and a clove for good measure. A  
hot peach accompaniment makes  
ham, or veal much tastier.

Bananas are in the same boat.  
Everyone has eaten a banana  
plain, but how many people  
would ever cook a banana fancy?  
Yet according to culinary authori-  
ties for Chiquita Brand Bananas,  
though, there is only one  
way to skin a banana, there are  
almost an infinite variety of  
ways to serve it up.

If you'll stop thinking of the  
banana as merely a fruit, and  
consider it as a vegetable as well,  
then you can bake, fry, grill and  
roll it. To bake, brush with  
butter and lemon juice and put  
in a 375 degree oven for about  
15-20 minutes; to fry simply al-  
low the banana to cook slowly in  
butter or margarine turning once  
until golden brown and fork-  
tender; for grilling, wrap a  
butter-brushed banana in foil,  
sprinkle with salt and grill over  
coals about 10 minutes; and for  
oven broiling, brush bananas  
with butter and lemon juice and  
place four inches from heat about  
5 minutes per side.

You can dip peeled bananas  
into beaten egg and roll in corn-  
flakes before baking or spoon  
current jelly over broiled ban-  
anas or garnish with a dollop  
of sour cream. If you want to  
know what's cooking with ban-  
anas, it's making the edible-  
incredible!

**HEADACHE PAIN**  
STANBACK gives you FAST relief  
from pain of headache, neuralgia,  
neuritis, and minor pains of arthritis,  
rheumatism. Because STANBACK  
contains several medically-approved  
and prescribed ingredients for fast  
relief, you can take STANBACK with  
confidence. Satisfaction guaranteed!

By Joan Dixon,  
Bates Home Fashions Director  
Back To School

I know that most people think  
of Labor Day as the end of sum-  
mer, but I always think of it as  
the beginning of school. All that  
excitement! Of course like all  
mothers I remember best-of-all  
the time I took my little girl to  
school for the first time, but I  
think the most exciting summer  
was the one before she went to  
college.

It seems as though there are a  
million things to do and see and  
buy when you're about to become  
a college freshman. For many of  
you, it's the first time you've had  
your own room, for others the  
first time you've ever had a room-  
mate.

Decorating your dorm room  
can be a lot of fun and it needn't  
be an expense. It's probably the  
first time you've been able to  
"have your own way" and you  
won't have to take a lot of family  
teasing about the colors you pick  
and the pictures on your walls!

Your school will let you know  
what they provide in the dorm.  
But even if they give you every-  
thing down to sheets and towels  
(and most schools don't) you'll  
still want to add the special touch  
of "you."

If you're supplied with bed-  
spreads and draperies and a lit-  
tle area rug, add some brightly-  
colored throw pillows on the bed  
to perk up what's probably a  
drab room. If you have to provide  
the furnishings yourself, I recom-  
mend starting with the bed-  
spread.

That will be the biggest item in  
your room and one that should be  
pretty and practical. I'm particu-  
larly fond of Piping Rock by  
Bates. It's a solid ribbed cotton  
that comes in a baker's dozen of  
perky colors. You and half the  
dorm can sit on the bed without  
worrying about what it will look  
like. Piping Rock, like all the  
Bates spreads, can be washed  
and dried by machine and  
whizzed back to bed without  
ironing.

P.S. to mothers: Piping Rock  
is so inexpensive you might start  
off your freshman with matching  
cave curtains. If you'd like a  
Shopping List for the Dorm,  
write to me at Bates, 1431 Broad-  
way, New York, N.Y. 10018.

There's a new way of life hap-  
pening, and because I've been so  
busy telling you about the fastest  
and easiest ways to clean, I'd for-  
gotten about it  
until now.

I'm not about  
ready to give  
up my tree-  
shaded home,  
but a young  
**Z** couple I know  
did, and they  
introduced me to this new way  
of living. They completely  
gave up the city, and the hassle  
that goes with it, and moved onto  
a houseboat, where everything is  
easy and the key word is leisure-  
round-the-clock, year-round.

I don't know why someone  
didn't think of the idea decades  
ago. A houseboat is so perfect in  
areas where the climate is rea-  
sonably element. Just think: no  
yard work, no fuss over moving  
day (just hitch anchor and move  
on), nothing to do but enjoy the  
sea and fresh air.

My young friends' furnishings  
fit the scene. Everything is one  
of the new easy-care, easy-clean  
plastics, so all she has to do is  
give them a quick wipe once in a  
while. And her galley... it's  
every woman's dream! Compact,  
with a completely electric plug-in  
center. Dinner is a matter of set-  
ting a timer and waiting.

Even swabbing the deck isn't a  
problem. She gives them a quick  
mop-up with Formica Floor  
Shine — a wax-free liquid that  
coats both decks and floors in a  
hard, high-shine shield. They're  
always ready for a party — and  
everything really is easy-care,  
easy-living.

This new life-style of leisure  
year-round is what I've always  
wanted. And anyone, anywhere  
can have it—with the new clean-  
ing aids and materials. Even  
without moving to a houseboat,  
the idea is leisure, round-the-  
clock!

**STAY AWAKE ITCHING?**

Let doctor's formula stop it.  
Zemo speeds soothing relief to ex-  
ternally caused itching of eczema,  
minor rashes, skin irritations, non-  
poisonous insect bites. Desensitizes  
nerve endings. Kills millions of sur-  
face germs, aids healing. "De-itch"  
skin with Zemo, Liquid or Ointment.  
Quick relief, or your money back!

**When you're not**  
**like yourself,**  
**Lydia Pinkham understands**

All of a sudden you might  
feel you're changing—not a  
good feeling. You're tired,  
edgy, out of sorts and that's  
not you. Lydia Pinkham  
understands.

A long time ago, when  
ladies couldn't be as frank as  
we can today, Lydia Pinkham  
recognized the problem and  
set about finding a remedy.  
She knew it was not natural  
for women to have to suffer  
with what was obviously a  
natural process.

So she turned to nature for  
a remedy. She developed a  
marvelous compound of  
medicinal roots and herbs  
that turned the trick for the  
women she knew. Because it  
is a natural answer to your  
natural problems, it can turn  
the trick for you, too.

Try Lydia Pinkham's root  
and herb remedy to help you  
feel better, more like yourself.
