All Around the Town

by Mary Ann Sarchet

The only time a knocker does any good is when it is on the door! I've always agreed with the idea that a man never stands so tall as when he stoops to help a child. I am also of the opinion that when reversed, this statement is also true: "A man never stoops so low as when he stands up to ridicule a kid."

We lost the football game Friday night; it was our second loss in a row, and no one felt worse than I did about it. However, the hurt from seeing one's team lose a game could never match the hurt that some people inflict on others when they loudly criticize and ridicule individual players. It's bad enough that people will bet against their team and make snide remarks about the team; but it's unbearable when one is sitting in the stands and hears someone loudly piping off a reel of unkind—and sometimes completely unwarranted—criticisms of individual players. How do these self-styled experts think their comments affect the families and friends of the players?

Nothing can be gained by this, and quite a lot can be lost. It's hard to live by the rule: "If you can't say something nice, don't say anything at all," but at sporting events it would be better if people at least observed this in the things they shout from the stands.

These young people who are representing our town and our school are OUR OWN. They are the cream of the crop, the best to be found anywhere. Specifically, I don't have a son playing on the varsity, but I am just as concerned for their feelings as if I did because I LIKE them very much—everyone of them. They deserve our support in every worthwhile thing they undertake. They'll have some failures, but who among us doesn't? They take their knocks from their opponents, and the physical hurts and the mental pain inflicted by losing are ENOUGH. If you can't yell FOR them, please don't yell AGAINST them!

The "Fighting 26 + 5" will be going into their first conference game at Memphis Friday night. They want and need the support of their families and friends as they begin their campaign for the District Championship. The "Fighting 26" have pledged themselves to winning the Championship. They have proven that they have the ability, capability and possibility, and now—after taking a licking from a very good Petersburg team and the Lorenzo team they know they should have beaten—they have arrived at a time for renewed dedication to the vow they have made. Each of the players is going to have to take his responsibility to himself and his team more seriously than ever, as the "Fighting 26" goes out to shake off the bugaboo and to prove that they are really as good as they say they are.

I know they CAN do it; I think they WILL do it. We have been following the Owls for 12 football seasons now, and never in these years has Silverton been a serious contender for the crown. A 6-4 season record is the best I recall, and of the six games won four or five of them would have been non-conference games. The 3-2 record the team owns now is a lot better than they had last year; but it is not good enough. Neither the players nor their fans could be satisfied to finish THIS season with only three games won.

No one of the District games is any more important than any of the others. The Owls will have to be at their best every week in order to be called champions. They can't let a single one of the remaining five opponents get by them and still be the champions. Now is the time to pull together and all will fall together. It is a time when unity among the "Fighting 26 + 5" is a must and when the spirit of true sportsmanship is needed among Owl fans more than ever. It will take every single faction working together in harmony to arrive at the goal the team has set for itself; and it won't work unless every single cog in the wheel is dedicated to moving forward and upward.

They say that a chain is only as strong as its weakest link. The "Fighting 26 + 5" form the first 31 links of the chain; the coaches and student body, the parents and fans form the rest of the chain. Do you want the chain to be as

SILVERTON, (Briscoe County) TEXAS

VOLUME 62 NUMBER 42

Owls Fall To Lorenzo 24-14

David Holt picking up 43 yards against Lorenzo last week.

Silverton's Owls lost some feathers to the Lorenzo Hornets here Friday night, with game statistics that were closer than the score.

The Owls lost the ball on the first play of the game on a fumble and fumbled six times more during the evening, also giving up an interception. They held Lorenzo to a 6-yard gain, the punt was blocked by David Holt, and the Owls got the ball on the Hornet-30. Holt carried to the 20, and then alternated with Bill Strange and Dana Martin to put together a penetration to the 10. There an interception gave the ball back to Lorenzo.

Silverton held the Hornets to a 6-yard gain this time, but fumbled the punt and Lorenzo had possession again on the 30. They made a first down on the Silverton-9 on a pass play, and Thomas Self and

Strange recovered a Lorenzo fumble in the end zone for a touch-back. The ball was brought out to the 20, where Silverton lost the ball on a fumble on first down. This time Lorenzo scored from the 13-yard line on a run by Billy Larson, who caught a pass in the end zone for the two extra points.

Silverton and Lorenzo exchanged punts, with neither team making a first down, Thomas Self recovered an Owl fumble, and on the next play Lorenzo stole the ball. The Hornets were thrown for a 4-yard loss and after two incomplete passes, punted into the end zone. This time the Owls took over on their own 20 and raced through three first downs to about the Lorenzo 25 before losing the ball on a fumble.

The Owls set the Hornets for a 10-yard loss next down, allowed a 5-yard gain next play, saw a pass fall incomplete, and took the Lorenzo punt to the Hornet-40. This time, the work was completed successfully by Strange, who picked up a first down on the Lorenzo-29; Holt, Strange and Martin, who combined for another first down on the 18; Martin who made another on the 8, and Strange carried the touchdown and added the two extra points to place the Owls in an 8-8 tie with the Hornets.

After the Owls kicked off to Lorenzo, the Hornets made two first downs before fumbling at midfield, where Alvin May came up with the recovery for Silverton.

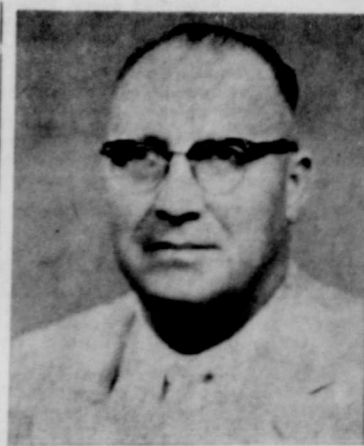

Again the Owls didn't go anywhere on this series of downs, but they didn't give the Hornets any running room either. Strange blocked the Lorenzo punt, and Mark Hutsell scooped it up and carried to the Lorenzo-5. (Silverton has seen a total of 15 points scored by linemen Alvin May and Marvin Self this season, and Hutsell almost became the third lineman to score for the Owls.) Holt bucked the Lorenzo line on first down, Dana Martin tried it twice, and with 38 seconds remaining in the first half, Strange went into the end zone from 1/2-foot out. Holt tried, but failed, on the PAT run and the Owls went to the dressing room owning a 15-8 halftime lead.

In the 35 seconds remaining following the score, Lorenzo ran two plays, fumbling deep in their own territory, and Thomas Self recovered for the Owls as time ran out. The Hornets buzzed back in the third period, taking the kickoff on their own 31, and drove in for another touchdown in 16 plays, picking up six first downs and gambling on fourth-and-three once enroute. Quarterback David Vistine carried the score from the four-yard line, and Roy Reese kicked the extra point to give Lorenzo a 15-14 lead.

Silverton came back with a good drive, making five first downs and reaching the Lorenzo-22 before stalling on fourth down with two seconds left in the third quarter. Lorenzo made a first down before fumbling on their own 44, and Pinkie May came up with his second recovery of the game. This time Silverton penetrated to the Hornet-10 before losing the ball on a fumble. Lorenzo made three first downs to their 46, punted to the Owls, who fumbled on their own 32, and this time Lorenzo recovered and went all the way in seven plays to score on a 9-yard run by J. G. Hopkins. The PAT pass was incomplete, and the Hornets led 21-14.

With 19 seconds remaining in the game the Owls were unable to get back on the scoreboard again.

The Owls made 17 first downs, as compared with 18 for the Hornets. Lorenzo ran 87 plays, while the Owls ran 66. Each team gained close to 300 yards, all of which was on running plays for Silverton, and on the ground and two completed passes for Lorenzo. Punt average was calculated at 46.5 for the Owls and 32.8 for the

SHELLEE TOMLIN

Tomlin Services Conducted Here

Funeral services for Shellee M. Tomlin, 59, were conducted at the First Baptist Church at 2:30 p.m. Monday, with the Rev. C. H. Murphy, jr., pastor, and the Rev. Fredde Martin, pastor of Quitaque First Baptist Church, officiating.

Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home. Pallbearers were Raymond McJimmey, Winston Hamilton, Ware Fogerson and Glen Lindsey, Silverton; Woodrow Fleming, Friona, and Oras Hudson of Fort Worth.

Mr. Tomlin died about 4:00 a.m. Saturday in a Lubbock hospital where he had been a patient since Sunday.

He was born July 26, 1911 at Soper, Oklahoma. He had lived in Silverton 18 years, having moved here from Byers.

Mr. Tomlin was a member of First Baptist Church in Silverton, which he served as a deacon. He was a member of Silverton Lodge No. 754, A.F. & A.M., the Scottish Rite and Eastern Star Chapter No. 900.

He was engaged in the ginning business in Silverton and at Dimmitt.

He and the former Mabel O'Brien were married June 30, 1933 at Temple, Oklahoma.

Survivors include his wife, Mabel; one daughter, Mrs. Betty Nan Tiffin of Quitaque; two brothers, Jack Tomlin of Dimmitt and Glynn Tomlin of Harlingen; and two grandsons, Bruce and Jeff Tiffin of Quitaque.

Bake Sale Saturday

WMC of the Assembly of God Church will have a bake sale Saturday, October 17, at Bud's Grocery & Market.

Red Cross Course To Begin October 27

Silverton area residents will have an opportunity to take the American Red Cross Advanced First Aid Course starting October 27. The course, which will be held in Silverton, will be taught by Ross Beavers of Plainview. The last advanced course was taught in Plainview.

The course consists of 16 hours and will be held in two-hour sessions Tuesdays and Thursdays at 7:30 p.m. at the City Hall.

Fifteen local residents completed the Standard First Aid Course last July, and received certificates. There will be no charge for this course, and everyone who is interested is invited to attend.

Curt Steele, son of Mr. and Mrs. Jim Edd Steele, underwent a tonsillectomy at the Plainview Hospital Monday. His sister, Sheila, stayed here with her grandparents, Mr. and Mrs. Fred Brannon, and Butch.

The Owls travel to Memphis Friday for the first district game which will begin at 7:30 p.m. The Cyclones own a 3-2 season record (same as Silverton) having defeated Chillicothe, 12-9; Paducah, 30-6; Wellington, 28-14, and having lost to White Deer, 36-0 and to Crowell last Friday night, 19-14.

Other district clashes this week will be between Claude (3-2) and McLean (2-3), and Clarendon (1-4) and Wheeler (3-2).

McLean 31, Groom 13

Injuries Slight In Car-Train Mishap

Mrs. Minnie Gerdes, 28, and her two children of Clarendon escaped serious injury here Saturday night when their car was in collision with a freight train at the intersection of Highway 87 and the Fort Worth & Denver Railroad tracks. The accident occurred about 7:00 p.m.

Mrs. Gerdes was reported in satisfactory condition by a spokesman at Swisher Memorial Hospital in Tulia where she was taken following the accident. She suffered a knee laceration, bruises and contusions.

The children were treated at the hospital and released. Mrs. Gerdes is the wife of Gary Gerdes, chief of police at Clarendon. Gerdes formerly was a deputy with the Swisher County Sheriff's department in Tulia.

No damage estimate was listed on the car, but officials said it appeared to be a total loss.

The train's engineer, W. H. Martin of Sterley, was not injured in the collision.

Weekend Revival Slated at Church

A weekend revival has been scheduled to begin October 28 at the Assembly of God Church in Silverton, and to continue through November 1.

Services will be at 7:30 p.m. weekdays and at 7:00 p.m. on Sunday.

Bob McCutchen of Fort Worth will be the visiting evangelist. The public is invited to attend.

Silverton Youth Has Accident

Rod Vaughan, 16, son of Mr. and Mrs. Rex Vaughan, suffered facial cuts when he lost control of the motorcycle he was riding and was thrown from it.

The accident happened about 5:00 p.m. Sunday when Vaughan's motorcycle hit water standing in a dip at the intersection of Broadway and El Paso streets in Tulia.

He was treated at Swisher Memorial Hospital and released.

Attend NFO Meeting In San Antonio

Mr. and Mrs. G. W. Lee of Silverton were among those in attendance at the Second Annual Convention of the National Farmers Organization held September 24-25 in San Antonio with approximately 350 delegates present.

An outstanding slate of speakers addressed the convention, theme of which was "A Better Agriculture Thru Better Marketing." Among these were Johnny Watkins, farmer, rancher, auctioneer and TV personality from Waco; Glenn Simpson from USDA Crop and Livestock Reporting Service in Washington, and Cary Palmer from the Texas Department; Arnold Paulson, one of the leading agriculture economists in the nation; Lt. Gov. Ben Barnes; John C. White, Texas Commissioner of Agriculture; Frank LeRoux, farmer, rancher and author of "The Farmers Worst Nine Years"; William Stokes, president of the Federal Intermediate Credit Bank; NFO Vice-President Erhard Pfingsten and President Oren Lee Stailey.

The impression left by all speakers on the agenda was that NFO is the last bulwark between family type farms and corporate or federal agriculture. The time is short, and all must become active and determined now to save the family farms, it was emphasized.

During the business session, Donald Kimball of Amarillo, a Deaf Smith County farmer, was re-elected to the National Board of Directors. Donald E. Maskal of Santa Rosa (Cameron County) was elected as Texas' second Director. Carlton Massey of Dilley (Frio County) was elected alternate.

Mrs. Belle Olive and Betty returned home Friday after spending a week with Mr. and Mrs. Tom Olive in Denver, Colorado.

Mrs. Valli Futch was hostess. Attending in addition to Mrs. Futch and Mrs. Childress were Meses. Zelma Lee Mayfield, Orle Alexander, Lem Weaver, Pauline Benefield, Verda Hinds, Agnes Seaney, Weta Hill, Wilma Hunt, Myrt Edwards, Jo Mallow and Dorothy Johnson.

Reimbursement Made For Stolen Money

A letter from J. N. (Pete) Wilson, superintendent of the Petersburg Public Schools, accompanied funds for the purpose of reimbursing fans who were robbed during the Silverton Owls vs. Petersburg Buffaloes football game.

He wrote: "Enclosed you will find \$74.00 that was taken from some of your fans at our football game with you.

This is the loss reported:
1 from \$6.00 to \$ 7.00
1 from \$38.00 to \$40.00
1 exactly \$23.00
1 from \$3.00 to \$ 4.00
\$74.00

"Taking the maximum amount, the loss would be \$74.00. Will you please see that the money is returned to the owners? Also, please express to them our apologies and regrets that they experienced this treatment in Petersburg."

Mary Garcia Competing For "Miss WTSU" Title

Mary Garcia, 21, of Silverton is among 31 West Texas State University coeds competing for the title of Miss WTSU Friday night.

The Miss WTSU Pageant, using the format of the Miss America contest with judging in evening wear, swimsuit and talent competition, is being held for the first time.

The winner will serve as Homecoming Queen at Saturday night's football game between WTSU and North Texas State and will be the official hostess for the university during the current school year.

Miss Garcia, daughter of Mr. and Mrs. Santos Garcia, is a sophomore majoring in languages and history. She is a member of Spanish Club and a pledge to Gamma Sigma Sigma service sorority on campus.

The 5'4" 110-pound beauty maintains a 2.0 scholastic average on a 3.0 system.

W.S.C.S. Hears Beginning Of New Mission Study

W.S.C.S. met in the Fellowship Hall of the First United Methodist Church Tuesday morning, and heard the beginning of a four-week mission study, "The Americas: How Many Worlds?" by Richard G. Johns given by Mrs. Nadyne Childress.

Mrs. Valli Futch was hostess. Attending in addition to Mrs. Futch and Mrs. Childress were Meses. Zelma Lee Mayfield, Orle Alexander, Lem Weaver, Pauline Benefield, Verda Hinds, Agnes Seaney, Weta Hill, Wilma Hunt, Myrt Edwards, Jo Mallow and Dorothy Johnson.

From The County Agent's Desk

by Jackie D. Johnson
 Briscoe County
 Agricultural Agent

Information supplied by some 25,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and the state.

County Agent Jackie Johnson said a representative number of farmers and ranchers in Briscoe County will be among the 25,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaire will be mailed during the last half of October and early in November.

Accurate estimates are of great importance to producers in planning their production and marketing, farm program participation, and also for providing an unbiased picture of Texas agriculture, emphasized Johnson.

The program of estimates for each county is provided by the Texas Legislature. Since Texas covers such a wide area and with great diversification of production, state totals alone do not provide adequate information on our most basic industry—agriculture—the county agent explained. This is a joint project, he said, between the Texas Department of Agriculture and the Statistical Reporting Service.

 FOGERSON LUMBER & SUPPLY

vice of the United States Department of Agriculture.

Because of the importance of the program, the county agent urges every producer in Briscoe County who receives a questionnaire from the Crop and Livestock Reporting Service to fill it out completely for his farm or ranch and return it to the Austin office of the Reporting Service.

A Brush Control Research Field Day will be conducted by Texas A&M University personnel on Thursday, October 22, from 9:00 a.m. until 4:00 p.m. at the Pitchfork Ranch, located 17 miles east of Dickens on U. S. 22, according to Jackie Johnson. Tours will be conducted from 9:00 a.m. until 1:30 p.m. and will also include the neighboring Four 6's Ranch.

Ranchmen, farmers, landowners, aerial and mechanical contractors and representatives of commercial companies interested in the latest developments in the fight against brush are urged to attend.

Runways are available at both ranches for visitors who plan to fly in.

On the morning tours, visitors will be able to view and hear discussions on the latest developments in field tested chemical and mechanical control of mesquite and associated shrubs on field research plots. Discussions will include the most effective and economical rates of 2, 4-D, 2,4,5-T, picloram, dicamba and promising combinations of these chemicals for control of mesquite, sand shiner, lotebush, prickly pear and other associated shrubs and weeds. Also to be discussed will be the effectiveness of ultra low, low medium and high volume aerial applications of herbicides and the

effect of growth stage, soil moisture, plant condition and different growth forms of brush on the degree of control obtained.

Information will also be presented on rot plowing and reseeded, methods of seedbed preparation and seeding equipment; tree dozing, combinations of aerial spraying and chaining; the factors that influence the choice of brush control methods and benefits to be derived.

Field day visitors will also have an opportunity to see different types of chemical and mechanical equipment, both commercial and experimental, that is being used in brush control.

The afternoon program will begin at 1:30 following a catered lunch at the Pitchfork Ranch Headquarters. Dr. L. S. Pope, associate dean of agriculture at Texas A&M, will discuss "The Future of Range Livestock Industry Depends on a Strong Brush Control and Range Improvement Program." John Mathews, chairman of the Brush Control and Range Improvement Association (BCRIA), will talk on "The Aims, Objectives, Accomplishments and Needs of the BCRIA in Promoting a Sound Brush Control Program in Texas."

Charles E. Fisher will talk on "The Scope, Major Developments and Needs of Brush Control Field Research" and Dr. C. L. Leinweber, head of Texas A&M's Department of Range Science, and Dr. Rod Bovey, with the USDA Agricultural Research Service at Texas A&M, will jointly discuss "Basic and Fundamental Research in Brush Control." Carolyn Hoffman, brush and weed control specialist with the Texas Agricultural Extension Service, will round out the program with a discussion on "Demonstration Results in South and West Texas."

Brush control studies have been conducted at the Pitchfork and Four 6's ranches since 1949. The studies, as well as others at 20 locations in the state, are conducted by Texas A&M's Agricultural Experiment Station and Extension Service in cooperation with ranchmen, the USDA Agricultural Research Service and Soil Conservation Service, BCRIA, chemical companies, aerial and mechanical contractors and others.

Junior High Owls Slam Memphis

by Mary Ann Sarchet

After taking a 14-0 first-half licking here last Thursday, the Junior High Owls roared back to score 32 points in the third quarter against the Memphis Junior High Cyclones.

Temperatures hovered near freezing during the game and a very strong north wind, which carried occasional flakes of snow, made playing difficult for both teams.

Memphis kicked off to the Junior Owls to open the game; the short kick was recovered by the Cyclones, and they made a first quarter score. Failing on the PAT, the Junior Cyclones again kicked short and recovered the ball.

When the Junior Owls finally did get the ball, they were deep in their own territory and on fourth down when Carl Gallington went back to punt, he was dropped in the end zone to give Memphis two points more.

The first time the Owls punted into the strong wind was the last, because they actually lost five yards on the punt.

In the second quarter the Junior Owls penetrated to the Memphis-10, but the ball went over on downs. Shortly thereafter, Memphis ran 70 yards for another score.

When the Owls returned to the field following the half, they went right to work to correct the one-sided score. David Self recovered a Memphis fumble on the Cyclone-19, and Scott Hutsell scored from three or four yards out. Self carried the two-point conversion, and the Owls had trimmed the Memphis lead to 14-8.

Seconds later, Self recovered another fumble on the Memphis-16, and again Scott Hutsell carried the touchdown and Self added the conversion points to move the Junior Owls ahead, 16-14.

Russ Hubbard and Dean Ziegler blocked a Memphis punt on the Cyclone-6, and Hubbard carried the touchdown from the two-yard line. Self again added the PAT.

Later in the third quarter, all of which was played on the south end of the field with Silvertown's

back to the wind, the Junior Owls drove Memphis back and the ball went over on the two-yard line. Gallington carried the touchdown and Self ran for the extra points to extend the Owl lead to 32-14. The Junior Owl B-team went in to play, with Pete Juarez relieving Ken Wood at quarterback and Fernando Patino taking Ricky Hutsell's place at center.

Memphis ran one 70-yard touchdown which was called back because of a penalty, and then in the fourth quarter ran 70 yards for a score again and added the extra points.

Then the game turned into a comedy, with Self going through the line and taking the handoff from the confused Memphis quarterback.

Later, Self and other Owls forced the Memphis passer back to his own 20, and the pass hit Self in the "breadbasket." He latched onto it and ran all the way for a Silvertown score with no one in pursuit. All the while, the Cyclone quarterback watched in bewilderment as if to say: "This guy just can't KEEP doing this to me." Scott Hutsell carried the PAT.

Before the game ended, Clarence Ivory recovered another Cyclone fumble at midfield, and Juarez & Co. had just made a first down when the final whistle blew. The Junior Owls now stand

SERVICEMEN WON'T GET LETTERS WITHOUT APO NUMBERS ON THEM

Postmaster Fred Strange is trying to locate the postal patron who mailed a letter here October 4 (Sunday) to 1st Lt. Jackie Denham, 451-66-1354, 101st A13N (AM13L)-AG POSTAL, APO.

This letter cannot be delivered to the serviceman to whom it is addressed unless Postmaster Strange can locate the sender and the correct APO number can be placed on the letter. "No letters addressed to APO's can be delivered unless they contain the full address and APO number," the Postmaster said. "Unless the sender of this letter—or someone who

3-0-1 for the season and are 2-0 in district play. This means they have covered 2/5 of the distance to the District Championship. They will host McLean at 6:00 p.m. today.

So far this season, the Junior High Owls have outscored their opponents 60 points to 30. Scoring has been by four halfbacks, Scott Hutsell, who leads with 26 points; David Self, 16; Carl Gallington, 12; Russ Hubbard, 6.

2-A GRADE SCHOOL FOOTBALL SCHEDULE

Oct. 15—McLean, here, 6:00 p.m.
 Oct. 22—Clarendon, here, 6:00 p.m.
 Oct. 29—Claude, here, 6:00 p.m.
 Nov. 5—Matador, here, 6:00 p.m.
 Junior High coaches are Tom Wright and Pete Hubbard.

knows this man's complete address—contacts me before Friday, the letter will go to the dead letter office. There it will be opened and if it does not contain the address of the sender so that it can be returned to him or her, it will never reach its destination."

The Postmaster went on to caution postal patrons: "You should always place your return address on letters, especially those going out of town. The return address should definitely be on all overseas mail so that it can be returned to the sender if, for any reason, it cannot be delivered."

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such a situation, CYS-T-E-K usually brings fast, relaxing comfort by cutting irritating germs in strong, acid urine and by using gentle pain relief. Get CYS-T-E-K at drug stores. See how fast it can help you.

Let The Bible Speak

Edwin J. Myers, Evangelist

REVERENCE

The Bible itself is frequently profaned, being lightly esteemed by many—some of whom know better. Paul, reminding Timothy of the Old Testament records, called them the "holy" scriptures (2 Timothy 3:15). Paul also spoke in praise of some who received the word of God which they had heard him preach, "not as the word of men, but as it is in truth, the word of God" (1 Thessalonians 2:13). The word of God, or the holy scriptures, are not to be regarded as the words of men may often be regarded, but are to be held in reverence and respect. To handle the word of God deceitfully (2 Corinthians 4:1-2) so as to deceive those ignorant of its teaching, or to wrest the scriptures in an effort to make them teach that which was never intended (2 Peter 3:16-17), or to oppose scripture to scripture as though they contradicted one another, are but a few of the many ways in which God's word is treated irreverently.

Irreverence appears in the worship of God far too frequently. In the Psalms (89:7) it is said: "God is greatly to be feared in the assembly of the saints, and to be had in reverence of all them that are about Him." Proper reverence for God and His worship would eliminate the commandments of men from worship (Matthew 15:9). It would also eliminate unnecessary disturbances in meetings for worship, such as hilarity, whispering, scuffling of feet, going in and out needlessly, letting babies cry without steps taken to quiet them, turning and twisting to look over the audience, and many other distractions. The atmosphere of meetings for worship should be as conducive to worship and devotion as possible.

To joke and jest about sacred things is to exhibit irreverence. Calling baptism a "ducking" and treating the Lord's Supper lightly, indicates the grossly irreverent character of the one doing so. "The Lord is in his holy temple: let all the earth keep silence before him." (Habakkuk 2:20) Let us strive more to give reverence to our God as we worship; and do it in spirit and in truth.

"Those who expect to reap the blessings
of freedom must undergo the
fatigue of supporting it."

Thomas Paine Sept. 12, 1777

WHO'S AHEAD

It's Fall and the American Institution of football is crowding our lives once again. Whether player, avid fan or one who just wishes "it would all go away," most of us feel the impact of the game. Whether subjected to the pounding of flesh against flesh on the field, sitting in the stands through all kinds of weather and often much discomfort or enduring the inconveniences of missed television programs and fighting through week-end traffic snarls, we can all learn valuable lessons during the Football Season.

"It's not whether you win or lose but how you play the game." Clean competition within the rules, "May the best man win," Tolerance of others who may not share our particular enthusiasms, The realization that everything cannot be exactly to our liking all the time, "Give and Take" and Cooperative Effort. These are all lessons that once learned make for better citizens in our great American Society and we, as a nation, will be ahead.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

Coeds Selected As White Horse Riders

Eight Hardin-Simmons University coeds have been selected for the 1970-71 White Horse Riders who traditionally ride at the H-SU Rodeo and Parade and at area rodeos. This year five White Horse Riders and their sponsor, Mrs. Barbara Currie, will accompany the Cowboy Band to New York City to ride in the Macy's Thanksgiving Parade.

Those going to New York City include Kay Writer, senior, of Childress, who is beginning her fourth year as a White Horse Rider. She is the second person in the eleven years that coeds have been riding the White Horses to ride four years.

A third year rider, Lois Dunn, is a junior from Comstock and is the 1970 Hardin-Simmons University Rodeo Queen. She represented H-SU in the RCA Rodeo Queen competition at the West Texas Fair.

This is also the third year to ride with the unit for Patsie Greer, junior, of Abilene. Sophomore Chris Clegg of Onama is a second-year White Horse Rider.

Paula Birdwell, a freshman from Silverton is beginning her first year as a White Horse Rider.

Other riders are Cindi Wiley, freshman from Merkel; Paula Wooten, sophomore from Haskell.

* NEW BABY

Mr. and Mrs. Jerry Stephens of Albany are parents of a daughter, Sara Sue, born Saturday, October 3, in a Breckenridge hospital. She weighed six pounds and two ounces.

The couple have two other children, Cindy, 9, and Jay, 13 months. Grandparents are Mrs. Virginia McGee of Vernon and Mr. and Mrs. E. S. Stephens of Albany.

and Pam Brunson, a senior from Wichita, Kansas.

The girls are selected by judges on their ability to saddle a horse and to ride. Also, they must have a good general knowledge of riding. The judges graded their personality and appearance in interviews with each girl.

The H-SU White Horse Riding Unit was begun in the early 1930's by Gilbert Sandefer and "Sheriff" Will Watson. "Sheriff" Watson, outfitted in his white western costume, ten gallon hat, and pearl handled six shooters, carried the United States flag. Next to him, five university coeds, also in white western outfits, carried the other of the six flags that have flown over Texas.

The White Horses have paraded in Washington, D. C., New York City, Chicago, San Francisco and throughout Texas.

In 1967 John Wayne invited the White Horse Riding Unit, along with the Cowboy Band, to perform at the world premiere of his picture, "The War Wagon," in Dallas and Fort Worth.

In 1969, the H-SU Cowboy Band and White Horse Riders participated in the inaugural parade of President Richard Nixon in Washington.

Farmers Union Local To Be Chartered

Dale Smith and Glenn Ramsey of Quitaque, temporary co-chairmen for the newly organized Quitaque Farmers Union in Briscoe County, have announced that the chartering ceremony for the new organization will be held Thursday, October 22, at 8:00 p.m. at the First National Bank Building in Quitaque. Texas Farmers Union president Jay Naman will present the charter and address the organization on the new farm program, which is being considered by Congress.

The Quitaque Farmers Union will be affiliated with Texas Farmers Union, that is composed of 136 chartered units. Texas Farmers Union is an affiliate of the National Farmers Union headquartered in Denver, Colorado. Farmers Union is a general farm organization that represents producers of all agricultural commodities.

The speaker, Mr. Naman, has served as president of Texas Farmers Union since 1961. He is a farmer in the Waco area. In addition to his responsibilities as state president, he serves on the Executive Board of Directors of National Farmers Union. Naman has worked closely with the Congress during the development of the new farm program.

In announcing the charter meeting, Smith and Ramsey issued an invitation to interested farmers and others to attend the charter meeting of the new organization.

"We want all of our farmers and interested business people to attend this important meeting to hear Mr. Naman discuss the farm bill and learn more about Farmers Union and the important work which it is doing in the state and nation," Smith said. Working with the Quitaque leaders in organizing the new unit are District II Director Beryl Long of Silverton, and Organizational Fieldman Mike McManigal of Merkel, formerly of Silverton.

GARAGE SALE

W.S.C.S. will hold a garage sale in the basement of the First Methodist Church Friday and Saturday, October 16 and 17, from 9:00 a.m. until 5:00 p.m. Clothing for the entire family, white elephants, antiques, junk. Pie and coffee will be served.

DEAR EDITOR:

TO THE EDITOR:
Since when are Texans incapable of making up their own minds on how to vote?

I notice that the Republican nominee for the Senate, George Bush, is importing people from several other states to do his campaigning for him. These include Vice President Agnew, Sen. Dole of Kansas, Congressman Morton of Maryland, Secretary of the Interior Hickel (former Governor of Alaska), and it is rumored that Bush is even trying to get President Nixon down to bat for him.

This is not to discredit these individuals, but let us not forget their purpose in coming is to persuade Texas voters.

You don't see Lloyd Bentsen, the Democratic nominee for Senator, bringing in names and people from Washington, D. C. to attract attention.

I say let's put a true native son in the Senate. Let's elect Lloyd Bentsen on November 3.

Sincerely,
Marvin Shurbet

MRS. ALEXANDER HONORED AT COFFEE

Mrs. James R. Alexander was honored at a coffee and layette shower in the Pioneer Room at First State Bank Saturday morning.

The honoree wore a corsage, the rosebuds in which were fashioned of pink and blue baby socks.

Guests were registered by Sherri Alexander.

The refreshment table was covered with white trimmed with pink and yellow and matching napkins were used. Bubble cake, coffee, spiced tea and Cokes were served.

Guests included the honoree's mother, Mrs. Lem Weaver, and sister, Mrs. Wayne Nance.

Hostesses were Mrs. Walter Arnold, Mrs. Joe Brannon and Mrs. Harold Edwards.

Mrs. Jewel Kirk of Seattle, Washington, is here visiting her son-in-law and daughter, Mr. and Mrs. W. D. Peugh.

MRS. LOIS POSEY . . . and fish

☆☆☆

Mrs. Lois Posey recently spent a month visiting her nephews, Mr. and Mrs. Billy Liles and Dale at Clearfield, Utah and Mr. and Mrs. Arnell Liles in Rogue River, Oregon. She reports several "firsts" on the trip. She flew to and from Salt Lake City on her first trip by plane. Then she and the Billy Liles family traveled with a camping trailer to Oregon, sight-seeing and fishing enroute.

Mrs. Posey went out fishing with them on a rubber raft at Flaming Gorge in Wyoming, and caught 14" and 16" fish. It was the first time in 40 years she had caught a fish and was her first time ever to go out in a boat of any kind.

She relates that the trip was most enjoyable because she has "the nicest nephews of anyone in the whole world."

BROTHERS ARE STUDENTS AT TEXAS A&M UNIVERSITY

Kenneth and Deleath Peugh, sons of Mr. and Mrs. W. D. Peugh of Silverton, are students at Texas A&M. Both are studying agronomy.

Kenneth, a sophomore, was named to the list of Distinguished Students for the summer term. He has recently gone to work as a dispatcher for the Campus Security Department.

Deleath will be classified as a senior in January. He is employed by the Campus Security Department.

Mrs. W. M. Peugh, mother of W. D. Peugh, observed her ninth birthday at the Tulia Nursing Home September 11. She received a large number of cards, letters and gifts that meant a lot to her. She has also appreciated visits from her Silverton friends. She is unable to write personal thank-you notes, but would like for her friends to know that she

is appreciative of every remembrance.

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat - you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

PIONEER NATURAL GAS COMPANY

THE HUNTERS

The nip of Fall is in the air - "Old Blue" is sniffin' in the wind and the hunters are looking for game. Some will be looking for birds, others for small four-footed variety. Many will be stalking the bigger game of the mountain regions. How fortunate for our hunters that this great land of ours still provides such a great variety of game. In the past there were many more varieties available for the hunters, but over the years, man's increasing needs for space and resources have reduced some of our wildlife to the point of near extinction. But, by keeping in mind and adhering to the rules and regulations that have been established to conserve our game and wildlife, our hunters may continue to look forward to good hunting.

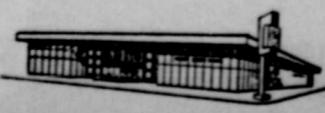

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal - that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours - ours because we are Americans.

"LIVING WITH ART" IS TOPIC OF CLUB TOUR

"Living With Art" was the topic of the October 1 meeting of March of Time Study Club. Mrs. True Burson presided during the business meeting, and a quotation from Ira D. Scrogum was read: "Life, beautifully lived, is an Art."

The club toured the Canyon Art Gallery, owned by Dr. and Mrs. James P. Cornett. It is located on Fourth Avenue near the WTSU campus. The artists whose work is exhibited there are either natives of Texas or have lived and worked in Texas.

Refreshments were served to Miss Anna Lee Anderson, Mrs. Lula Bellinger, Mrs. Tony Burson, Mrs. Troy Burson, Mrs. True Burson, Mrs. Rex Dickerson, Mrs. Morgan Evans, Mrs. Riddell Hut-

sell, Mrs. R. L. Hill, Mrs. J. S. Hinds, Mrs. Alvia Mayfield, Mrs. Roy Mayfield and Mrs. Fred Mercer.

The club's next meeting will be October 26 at 4:00 p.m. for Federation Friendship Day in the Pioneer Room at First State Bank as guests of the L. O. A. Junior Study Club. Mrs. LeRoy Johnson of Morton, Caprock District TFWC president, will be the guest speaker.

SERVICEMENS' ADDRESSES NOW BEING SOUGHT HERE

Members of L. O. A. Junior Study Club are seeking the names, addresses and birthdates of Briscoe County servicemen in order to bring the map of servicemen's locations up to date.

If you have the address of a Briscoe County serviceman, please help the club by calling or mailing it to Mrs. Randall Eddleman, Mrs. Wayne Nance, or to the office of the Briscoe County News. The club members will be mailing Christmas gifts to the servicemen who are overseas soon, and it is important that this list be current.

SOYBEAN PRODUCERS BOARD OFFICIALLY ORGANIZED

The Texas Soybean Producers Board authorized in a 23-county area election September 26, was officially organized October 6 at a joint meeting of the newly-elected Producers Board members and the Board of Directors of the Texas Soybean Association. The TSA was sponsor of the election and referendum which established a 1/2-cent per bushel self assessment on soybeans produced in the area. Proceeds from the program will be used for research and promotion of new markets for the crop, according to W. B. Tilson, TSA president and chairman of the joint meeting.

Officers elected to two-year terms on the Texas Soybean Producers Board were E. O. Feagley, Littlefield, chairman; Royal D. Burnside, jr., Baytown, vice-chairman; and Wesley A. Schumacher, Plainview, secretary-treasurer. In a drawing for terms of office to establish a revolving board, six-year terms will be served by Clarence R. Mason, Muleshoe; R. G. Dunlap, Floydada; Royal D. Burnside, jr., Baytown. Four-year terms were drawn by Carl Pate, Kress; Wesley A. Schumacher, Plainview; and Raymond L. Tidwell, DeKalb. Officers serving two-year terms are Loyd Goldston, Petersburg; W. A. Mabry, Petersburg; and E. O. Feagley, Littlefield. The TSPB authorized the Texas Soybean Association to administer the collection program and other business related to the use of funds supervised by the Board. An office for this purpose has been established at 2700 Yonkers in Plainview, center of the High Plains soybean production. Tilson said that soybeans are an 8.5 million bushel crop in Texas and the producers' 1/2-cent assessment for better production practices and new markets should help assure its growing future in Texas agriculture.

The self-assessment commodity programs are supervised by John C. White, Commissioner of Agriculture. Programs now in effect by approval of producers are grain sorghum, peanuts, turkeys and soybeans. At the Monday meeting Rep. Delwin Jones, chairman of the Agriculture Committee of the House of Representatives of the Texas Legislature, administered the oath of office to the nine-man

board which becomes a quasi-government body. The Charge of Responsibility to the Board was made by Charles Vincent, director of Commodity Services Division of the Texas De-

partment of Agriculture. The next quarterly meeting of the Board will be January 26, 1971 in College Station during the annual meeting of the Texas Soybean Association.

"SOUPER" SAUCE A DELUXE SALAD

Beautiful main-dish salads are the most tempting dishes you can serve your family during late summer's wiling days. And... chef's salads are perennial favorites. Here's one that's made flavor perfect with a tantalizing asparagus-blue cheese dressing. Aside from flavor, the best part about this menu idea is that both the salad and dressing can be made early in the day before the mercury climbs high. The dressing begins with a can of condensed cream of asparagus soup. This double rich, double thick soup has a smooth texture and a delicate flavor that complements just about every salad ingredient. Crumbled blue cheese, sour cream, and lemon are stirred into this superb cream soup to make the perfect dressing for your salad of ham, chicken, asparagus, hard-cooked eggs, and lettuce. Round out the meal with crusty French bread, iced tea, and fresh fruit for dessert.

CHEF'S SALAD DELUXE

- 1 medium head lettuce, torn in pieces
1 package (9 to 10 ounces) frozen asparagus spears cooked, drained, and chilled
1 cup cooked chicken, cut in strips
1 cup cooked ham, cut in strips
2 hard-cooked eggs, sliced
1 can (10 1/2 ounces) condensed cream of asparagus soup
1/2 cup sour cream
2 to 4 tablespoons crumbled blue cheese
1 tablespoon lemon juice

Place lettuce in salad bowl. Top with an arrangement of asparagus, chicken, ham, and eggs. For dressing, combine remaining ingredients and stir until smooth; chill. Serve with salad. Makes 4 servings.

FRUITS-VEGETABLES

When you're not like yourself, Lydia Pinkham understands

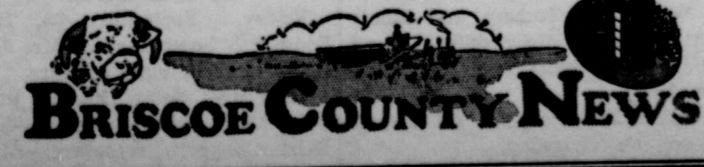

All of a sudden you might feel you're changing-not a good feeling. You're tired, edgy, out of sorts and that's not you. Lydia Pinkham understands. A long time ago, when ladies couldn't be as frank as we can today, Lydia Pinkham recognized the problem and set about finding a remedy. She knew it was not natural for women to have to suffer with what was obviously a natural process. So she turned to nature for a remedy. She developed a marvelous compound of medicinal roots and herbs that turned the trick for the women she knew. Because it is a natural answer to your natural problems, it can turn the trick for you, too. Try Lydia Pinkham's root and herb remedy to help you feel better, more like yourself.

Terry Do-Tell

Here we are in the second six weeks of school. Some of us are already so tired and disgusted I don't know if we'll ever make it. I've never seen so many books being taken home in my life, and tests every day. It's a regular rat race.

If you're saying, "Well I did pretty good," fine. But, as history shows, the grades get worse every six weeks. By the end of the year, the grades get a little salty. (For the ordinary student, that is.)

Everybody is pretty well settled in the old rut. The teachers know all of our names. For some reason they always learn mine pretty quick. Most of the rules are understood. I didn't say obeyed. Of course, there are some teachers that spring a new personality on you every day. These are pretty hard to get to know.

If you have noticed, the zit population started increasing last week. Maybe this was due to all the chocolate poly-wogs the Junior class sold. If you don't get to enjoy some, sorry but they sold out real quick.

The spirit in SHS is still flying high. I think everyone agrees it is the best our school has had in some time. Of course we have a good reason. We've got a great team to boost. Everyone that hasn't been coming to the games has really been missing out. Why don't you go to Memphis and boost the Owls to another big victory.

The Spanish is really being tossed around in school. Wonder if the Spanish students are all that good, or are they trying to fake everybody out. I wouldn't know the difference.

If you come into the building at noon, and don't find any of the kids, it's because everyone is in the auditorium. That's the new "place" to go after you feed your face. David usually has a good audience around the piano and there are always people trying to get their afternoon classes' homework.

It's one down and five to go, so we might as well grit our teeth and bear it. Maybe we can make up for it somewhere else.

Have You Heard . . .

the Freshmen aren't getting a long this year?

Debbie talked about something besides Gene?

everyone in school has eaten at least one polly wog?

the "whole" Annual Staff hasn't been to town this year?

that the prisoners of SHS might get a parole someday?

there are footprints on the wall? there is also a hole in the wall?

some of the new lockers won't open?

the Sophomores are simple-minded?

the Annual Staff?

Jean hates pillow shops?

that "Jack's Crew" might have an ad in the annual?

people (like Dorth and Dana) can go together for three years?

Lou thinks it isn't necessary to start the car to go somewhere?

SHS has a half hour recreation period in the auditorium?

Mr. Clark has a singing bird?

David H. can play the piano better than any girl in high school?

WHAT IF . . .

Jon wasn't a phony?

D. C. hadn't gotten to be a queen candidate?

Ann Offield was tall and skinny?

they gave a War and Nobody came?

chickens didn't lay eggs?

Coach Hubbard really wore a "FLOP HAT"?

OH YES, instead of oh no?

Connie weighed 219 instead of 119?

Janet McWilliams didn't have a fly on her lip?

everyone could take cars at lunch and had an hour to eat?

Linda Baird and Alan Grimland switched hair?

Marion didn't wear hot pink lipstick?

there were bars on the doors and windows of the high school?

there wasn't a Pep Rally?

the old school was back?

last Saturday night?

Colene's and Brit's basketball jackets weren't exactly alike?

Ricky Stephens made an A in typing?

BEWARE

Lane the lady killer

Proceeds from the variety show will be used to pay the second installment on the 7-man sled purchased for the football team last year. Proceeds of last year's womanless wedding paid the first

DRUGS

by Mrs. Richard Souter
"I knew I would travel this road some day, but I didn't know it would be today." This is a familiar statement which could have been made by the 13-year-old girl from San Francisco or the 15-year-old boy from Amarillo or hundreds more just like them. The reason it is a familiar statement is because these young people were drug addicts.

Drug use, misuse, and abuse among the youth is not something that happens in another town to someone else; it can happen, and possibly is happening, in our town to our young people.

The Texas Education Agency is implementing House Bill No. 467, by organizing a plan for a program on crime prevention and misuse of drugs and narcotics for grades five through twelve in the Texas public schools. This program will be incorporated into the curriculum beginning with the 1971-72 school year.

The groundwork has already begun. Monday, October 5, 1970, at the PESO Education Service Center in Amarillo, a drug education workshop began. The workshop was held from 1:00 until 4:00 p.m. October 5-6-7-8.

We were instructed in the laboratory methods of teaching, as well as the subject content—Drug Use, Misuse, and Abuse.

It was our privilege to have several resource people available, a pharmacist, an undercover agent for the Amarillo Police Department, two people who work with Operation: Drug Alert. The most outstanding person was a young man, 19 years old, who was a drug addict and has just now begun his rehabilitation.

The 75 to 80 people who attended included administrators, teachers and students representing half of the Panhandle public schools. In the near future we will begin to put our plan into effect for the Silverton Public Schools.

Those attending from Silverton were Mr. O. C. Rampley and myself.

that Sue Lynn has a black face. that the Typing 1 class is beginning to learn to type. that the Juniors are making money. that the Seniors don't act so big. that the Juniors rule the school. that the Seniors don't care. that Roger isn't grippy all of the time.

that a certain Freshman girl thinks she's something special. that Silverton has a great football team.

that no one has been going to the office this year.

that our High School is almost finished.

that everyone has had a cold. that last week's Pep Rally was the best one all year.

that the teachers all get together and make rules.

that everyone makes terrible grades in Chemistry.

that we haven't had a cat-daddy dance here in a long time.

that a lot of people are stuck-up. that the paper has been almost full every week.

that one thing to learn in school is to shut-up.

that some of the boys don't tell you thank-you when you tell them they played a good game.

that it is hot one Friday night and freezing the next.

that the District Games start this week.

that the school suddenly be-

installment.
Coach Tom Wright will be master of ceremonies for the variety show. Ted Lanham will provide a musical interlude. All facets of "This Is America" will be featured.

Part I will be "This Is America—Music." Tommy Strange will be featured singing the "Theme from Exodus." "God Bless America" and other numbers will be sung by the second grade choir under the direction of Ted Lanham, and "I Am An American" and other selections will be presented by the third and fourth grade choir.

Jack Robertson & Co. will perform (is this a challenge?) by the John Deere Boys.

"This Is America—Dance" will be Part II on the program. This will include exhibition of such well-known dances as the Charleston, Jitterbug, Twist, etc. This portion of the program is being arranged by Datis and Nina Martin.

"This Is America—Entertainment" will feature a cavalcade of stars from the entertainment field, and these may include Johnny Cash, Charlie Pride, Tiny Tim, Little Jimmy Dickens and others.

"This Is America—Spirit" will be directed by the Silverton High School cheerleaders.

"This Is Rural America—The County Fair!" will follow. Amarillo had Jimmy Dean and Charlie Pride as entertainers. This fair has George and Dottie Martin! and fiddlers and (of all things!) a womanless beauty (?) contest! (?)

The final portion of the program will be "This Is America—One Nation Under God." Mrs. Anne McMurtry will give a reading, and Mrs. Nita Murphy will close the program with the singing of "God Bless America."

This program guarantees something for everyone. If you saw last year's womanless wedding, you won't want to miss this!

By Freshman Class Car Wash Planned

The Freshman class will be washing cars from 10:00 a.m. until 5:00 p.m. Saturday, October 17, at two service stations in Silverton: Ashel McDaniel Texaco and Hester & Son Gulf.

The Fish will completely wash the outside of your car, and clean and vacuum inside, all for \$1.50. The money earned will go into the class fund.

Banquet Theme Suggestions Asked

Cindy Cross, F.H.A. chairman for the month of February, requests that all of the members be thinking of suggestions for a theme for the Sweetheart Banquet. The banquet can be planned more economically and easier if it is known earlier what will be needed for the decorations.

SHS Has Program In New Auditorium

The first assembly program was held in the newly remodeled auditorium October 6. Guest speakers were Rev. Mickey Warlick and Murry Vise. They were conducting a revival at the First Baptist Church that week.

Mr. Vise played "Born Free," and then played and sang a selection from the Billy Graham movie "For Pete's Sake." Rev. Warlick spoke about enthusiasm.

THANK YOU!

The students of Silverton High School would like to thank First Baptist Church of Silverton for the spirit shown the students at the after-game party Friday night.

came a prison. that there is a pollywog population explosion in Silverton.

Notes From The Dressing Room

by Brit Parker
Student Trainer

By now most of you probably know the story of the Lorenzo game. It was a case of the blahs. We couldn't seem to hold onto the ball long enough to score. Most of the mistakes made in the game were the fundamentals that are stressed the most in practice. This was the first it has happened this year, and probably the last.

Monday in the dressing room before workout, we had a long session of soul searching. We decided that this was the last time this would happen. Our workouts are now filled with more vitality and drive than we have had this year.

Well district play is here again. Our first game is this Friday night at Memphis 7:30 p.m. These are the games that really count. We have worked hard this week to get ready for the Cyclones. With your support, we can hear the sound of the Victory Bell again.

Last week the B-team took a 20 to 14 win from Matador. The game was played here Saturday morning. The players were disappointed with Friday night's loss, but rose to the occasion to win.

Last Thursday the Junior High Owls took a 40 to 22 win from Memphis. The Owls were behind at the half. They came back and scored 40 points in the second half. Most of this came in the third quarter.

The Owls still have one of the best teams in the area, and we're going to Memphis Friday night to prove it. This is the first district game for us and I think we are going to start off with a win. If you don't believe me, come to Memphis Friday night and see for yourself.

What People Say

Mrs. Thornton—That's real fine. Debbie—Gene, Gene!
Ted Lanham—Real Great Sound!
Amy B.—UmmmYello
Rhonda D.—I hope I got a letter today

Rhonda S.—I think I lost the gear!

Roger Y.—Second man just a little dab harder

Evelyn—Can she drive

Dana—My name is not Elec!

Mrs. LaGrone—Now you people Terry B.—That'll cost yah

Mr. Clark—I see little points flying around

Ronnie S.—Tro-la-la boom-de-a Dorothy—Shut your nose!

Micki Jasper—Ooh! That's groovy!

Terry Y.—Give me a break Sue Lynn—Oh! How embarrassing

Claudia H.—You've got to be kidding

Paula M.—Oh! That makes me sick

Alan G.—No, that's not right

Ellen—Oh! My gosh

Terry J.—Sicka Ricka

Cathy O.—Grosse

Jon M.—Don't worry about it.

Plans Announced For Halloween

The Student Council has begun plans for the annual Halloween Carnival and King and Queen Coronations to be held Saturday, October 31. The high school classes chose their booths, but when the

FBLA NEWS

Silverton Future Business Leaders of America Chapter 2021 held its regular bi-monthly meeting in the school auditorium October 7. President Lanis Davis called the 64 members to order, and Rhonda Sutton, who was ill and missed the last meeting when new members were inducted, repeated the pledge.

It was announced that the new \$500 Monroe electronic calculator that the Chapter earned money to buy last year and ordered in the summer had been paid for. The new machine has been added to the business department and brings the total FBLA purchases of machines to \$2,150.00. The FBLA members are proud of this equipment and are concerned about taking care of it. They invite others to use the machines whenever they are needed, but do ask that the machines be used in the department and not taken elsewhere.

Mrs. Rampley encouraged the members to begin working toward a higher degree in order that they could complete them before the end of the first semester of school. She also reminded them of the 50¢ fine for unexcused absences from meetings.

It was decided that the Chapter would host a Thanksgiving Tea for the high school teachers on November 12.

The meeting was adjourned and the members received their complimentary copies of the Briscoe County News.

Plans Announced For Halloween

grade school teachers were contacted, it was found that they did not wish to participate in a money-making booth. Most of them felt that the money they had earned at their booths in the past was not enough to justify the time and effort that they had spent.

Since it is doubtful that only four high school booths would draw a crowd, the Student Council has decided not to attempt to hold a Halloween Carnival on the football field this year.

Other plans for the high school classes to earn money are now being formulated and will be announced at a later date.

All grades have expressed a desire to continue their participation in the coronation of the Halloween King and Queen; therefore, the ceremony will be held in the gymnasium as usual. The time will be 8:00 p.m. on October 31. Admission will be 50¢ for adults and 25¢ for all students. The high school candidates are Debbie Bomar and Gene Whitfill, seniors; Terry Jones and Ronnie Strange, juniors; Rhonda Sutton and Terry Culwell, sophomores; Denise Culwell and David McCoy, freshmen.

The Student Cheering Section met and voted for the S.C.S. Beau on Friday, October 9, 1970.

Nominees were Ty McMurtry, freshman; Mark Hutsell, sophomore; Dana Martin, junior; David Holt, senior.

The Beau was elected by secret ballot and will be announced later in the season.

The Juniors were appointed to decorate the goal posts.

S.C.S. Beau Nominated

The Student Cheering Section met and voted for the S.C.S. Beau on Friday, October 9, 1970.

Nominees were Ty McMurtry, freshman; Mark Hutsell, sophomore; Dana Martin, junior; David Holt, senior.

The Beau was elected by secret ballot and will be announced later in the season.

The Juniors were appointed to decorate the goal posts.

A NEW RULE

by Jo Ann Polley
Silverton High School students have a new rule: one that we're pleased with.

During the lunch period we may go in the auditorium to drink Cokes, sit around, play the piano, or just relax. We're asked not to stand in the hall.

We would especially like to thank David Holt for his piano playing and keeping things lively in the auditorium.

Students, please let's don't ruin this opportunity to use the auditorium. We really appreciate it.

Would You Believe . . .

that Junior High needs pep pills to pep up their Halloween participation?

that Sue Lynn believes the "E" on the gas gauge means "Enco"?

that Paula bruised her knee and Terry Y. cremated his nose on the very same wall?

Mr. LaGrone's Mickey Mouse glove on his watch broke off and he can't tell the time?

last Friday's skit?
Tuti Fruiti gum?

Mrs. Herring waters her artificial flowers?
Bill Strange wore striped pants Friday?

EIGHTH GRADE NEWS

by Celia Martin
Friday, September 25, 1970, Room 8-2, homeroom of Mr. J. S. Hinds, elected class officers.

They are: Scott Hutsell, president; Mikel Griffin, vice-president; Reba Chappell, secretary; Cindy Walker, treasurer; Celia Martin, reporter.

SPIRIT

by Brit Parker

What is Spirit? Have you ever wondered that? We all hear that we need more spirit, or that the spirit is higher this year. But really, how many of us can really define spirit?

In Webster's Third International, spirit is defined as "a special attitude or frame of mind characterizing an individual or group." This is similar to my definition. I think spirit is the desire to remain on top. It is the feeling that one has when he knows that he or his team is doing well and does not give up. Spirit is the driving force that makes a good team into a great team, or a loser into a winner. We talk about team spirit, but it is the supporter's spirit that makes the team spirit what it is.

We have a new building this year at SHS. Along with this new building we are experiencing something that is different from anything we have had before. There is something in the air that I can feel. You can call it spirit, determination, guts, or anything that you want, but we have it here in SHS.

This is a challenge to many of us. It is up to the students to keep this attitude. It's here and we intend to keep it. We can use the help of all the people in Silverton, and we appreciate it, to keep the drive alive.

Yes, we have a new kind of spirit this year. If you do not know what spirit really is, just come to an Owl Pep Rally. There will be a tingling in the air, or something that you can feel to tell you that we have the spirit and drive to become champions.

SPOT OF HUMOR

Coffee, tea or Cuba?
When in doubt . . . chicken out!
When all else fails . . . follow directions!

I'm not hard of hearing . . . I'm ignoring you!
UFO's are real . . . it's the Air Force that doesn't exist.
Do unto others . . . then split!
If you can't take it with you . . . don't go!
Do your own thing . . . but do it my way!
My mind's made up . . . don't confuse me with facts!

Lunchroom Menu

THURSDAY

CARDS OF THANKS

I want to thank each of you for the kindness shown while I was in the hospital and since I have been at home. Your prayers, visits, cards, phone calls, food and other acts of kindness are appreciated more than words can express. Thanks so much and may God bless each of you.
Marge Moreland

Dear friends,
May we express our sincere appreciation for the visits, calls, cards, letters, food and especially your prayers in our behalf while we were in Santa Fe and since we have been home.
A special thanks to our Postmaster and his staff for the efficient way in which they handled our mail. May the Lord bless you all in our prayer.
Mr. and Mrs. E. D. Wilmeth

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY

Notice is hereby given that SEALED BIDS addressed to the County Judge of Briscoe County, at Silverton, Texas will be received by the Commissioners' Court of Briscoe County, Texas, office of the County Judge until 10:00 A.M. on the 9th day of November, A. D. 1970, for the purchase of the following described machinery for maintenance and improvement of the roads in and for said county, to-wit: one good used tractor 75 to 80 H.P. with wide Front axle, approximately 16-9-34 Rear tires, three point hitch. Power steering. Hyd. Cyl. control. 540-1000 P. T. O. with used cab.
Further details may be obtained in the office of the county Judge or from Commissioner W. E. Schott Jr. Said machine is being sought for use in Precinct No. 3 and will be paid for in cash. Such Sealed Bids will at said time be publicly opened and read before the Commissioners' Court of said County.

The Commissioners' Court of Briscoe County reserves the right to reject any and all bids.
This notice is given in strict compliance with Art. 2368a of Vernon's Civil Statutes, and pursuant to an order of the Commissioners' Court of Briscoe County, Texas.
M. G. Moreland
County Judge,

RESOLUTIONS OF RESPECT

In Memory Of
Shellie M. Tomlin,
who died October 10, 1970

"Leaves have their time to fall and flowers to wither at the North wind's cold blast; but thou, oh Death, hath all seasons for thine own."

Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem, and hath received as his reward the white stone with the new name written thereon; and Whereas, The all-wise and merciful Master of the Universe has called from labor to refreshment our beloved and respected brother, and he having been a true and faithful member of our beloved Order, therefore be it

Resolved, That Silverton Lodge No. 754, A.F.&A.M. of Silverton, in testimony of its loss, drape its Charter in mourning for thirty days, that we tender to the family our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

HALLOWEEN EVENING
by Terry Yancey
Halloween Evening is so dangerous. Cause all the kids are in a rush. To get more candy than the rest. And doing this is quite a mess. It's true that Halloween's a time of grooving. But being mean to little children Can get you into a jailhouse building. So at least we hope you'll heed this story. And not make Halloween too "gory"!!

REMEMBER WHEN . . .
Connie had curly hair?
Virginia McCoy and Butch Brannon?
shirt-tails could be worn out?
Susan Jackson wore her Dad's khaki's?
Linda Mac was in school?
Sharon Storie didn't turn beet red?
P. V. cracked her false tooth and had to replace it with another false tooth??
Sharon was a tomboy?
Jackie Tiffin was hit by a car?
Dixie wore a wig all the time?

L.E.A.R.N.: EDUCATIONAL TALENT SEARCH

by Annette Williams
Keith Alexander, a senior at West Texas State University, spoke to the Senior class of Silverton High School on October 5. The area coordinator of L.E.A.R.N. Educational Talent Search, he defined the objectives of Project Educational Talent Search as:
1. To identify youths of financial or cultural need.
2. To encourage these young people to continue their education beyond high school.
3. To advise the students of the many federal, state and local financial aids available to them for this purpose.

When Mr. Alexander was questioned about college entrance requirements, he said that, among other things, most colleges require either the SAT or ACT tests. He explained what the ACT and SAT tests are; where they could be taken; what the cost would be, and answered other questions about them. He distributed ACT registration packets and instructed the seniors on filling them out.
Mr. Alexander did not have the SAT material with him.
A discussion was carried on regarding colleges or schools which those present are interested in attending following high school graduation. He answered questions on the various schools, their campuses and curriculums.

Many didn't understand the points and hours system used by colleges, and Mr. Alexander quickly explained these processes to help clear the confusion.
After the class period and after school, Mr. Alexander counseled with several individuals.

The new Whirlpool TRASH MASHER COMPACTOR Compacts a week's worth of trash

in a neat little bag!
TRY IT in your home FREE FOR 14 DAYS

It's the new appliance that reduces your trash problems to practically nothing. Everytime you discard cans, bottles, trash or garbage it automatically, at the touch of a switch, compacts it in the bag. One bag holds the equivalent of 2 1/2 ordinary 20-gallon cans of trash. Eliminates countless trips to the trash cans. But try it before you buy it.
