

All Around the Town
by Mary Ann Sarchet

We want our friends to know how much their offers of assistance have meant to us during these difficult weeks we have just experienced. We know that we have made mistakes, left things out of the paper, and neglected responsibilities. We appreciate your consideration.

Our family experienced things that none of us will ever forget. We learned where our weaknesses are and where our strength lies, and I think the entire family was brought closer together by it.

In this particular case, there was nothing we could do except make sure that our daddy knew he was not alone and try to buoy him with our strength and love. At Houston the doctors had done all they could for him. He had taken all the exposure to radiation that he could take; they had used his veins for chemical therapy until he had none left.

He suffered as no human should ever have to suffer; drugs could not shield him from the physical torture. Through the entire ordeal — which began almost two years ago — he never complained. He never cursed or questioned his fate. I don't think he even thought these things, because, though he rambled back through the past under sedation, he never once questioned: "Why me?" or "Why doesn't this end?" The strength, character, determination and will to live that he showed would have impressed anyone.

He reviewed his past during his last days, and his memories were happy ones. His life hadn't been all sunshine by any means, but he didn't seem to recall any of the rain. He had been fortunate to enjoy good health all of his life, and when he went to Houston at the age of 74 for the first treatments, it was the first time he had ever been a hospital patient.

MANY SWORDS NEEDED

Many swords are needed in the fight against cancer.

The cancer he had was a rare type, and the family consented to an autopsy in the hope that doctors may be able to learn things from the pathological report and from having treated him that will enable them to treat someone else more effectively. If the doctors do learn something that will help keep someone from having to go through what our family has had to suffer, then our loved one will not have endured all this in vain.

WHY DID THEY

SHARE OUR TROUBLES?

The nurses at West Texas Hospital were so good to us and to Pa Sarchet the 13 days he was there. They looked the other way while I felt like we were breaking every rule the hospital has. After he passed away and all 11 of us who were there were crying, I noticed that several of the nurses were crying, too. I wondered about this for a whole day before I asked about it. I knew they couldn't let themselves get that involved with every patient they have or their nerves wouldn't take it.

Finally I asked my sister-in-law, who is night supervisor at the hospital: "Why did the nurses on the second floor care so much about our family? Why did they send flowers and why did they cry?"

She explained it this way: First of all, Daddy wasn't a demanding and critical patient. They knew how much he was suffering and they knew he never complained. Second, they appreciated his family for caring enough to stay with him until the end. You just don't know how many families bring their incurably ill relatives to the hospital and leave them. They tell the nurses: "You will have to take care of him; we just can't stand things like this!" and they leave, and the nurses never see them again.

And I was glad all over again that our family had cared enough to stay.

Mrs. Dale (Dona) Smith of Quitaque was listed as a surgical patient in Central Plains Hospital in Plainview this week.

Mrs. Gaston Owens of Quitaque entered the hospital at Groom last Friday and underwent surgery on Monday of this week.

Sarchet Services Conducted at Tulia

Funeral services for Harold Frederick Sarchet, 75, of Tulia, were conducted at 2:00 p.m. Saturday in the First United Methodist Church in Tulia. The Rev. James T. Carter, pastor, and the Rev. Roland Moore, pastor of the Vigo Park Methodist Church, officiated.

Burial was in Rose Hill Cemetery, with arrangements under the direction of Wallace Funeral Home.

Mr. Sarchet died at 5:10 p.m. Thursday in West Texas Hospital in Lubbock after having been a patient there for 13 days.

Born April 23, 1895, in Cambridge, Ohio, Mr. Sarchet was one of the five children of Moses Klingman and Elizabeth Sarchet. As a young man he worked in the coal mines, glass works and steel mill. He served overseas during World War I, and following his discharge from military service, he and two friends left Ohio to "seek their fortunes" in Texas. Mr. Sarchet came to Swisher County in the fall of 1919, and farmed in the Red Hill community east of Tulia. His friends returned to Ohio, but he married Miss Imogene Simmons December 19, 1920, at Tulia, and remained.

Except for living in Ohio for a brief period of time, the family has lived in Swisher County the entire 50 years.

They reared a family of seven children: two daughters, Mrs. M. T. (Edith) Cruce and Mrs. Elizabeth Sue Skelton, both of Lubbock; and five sons, Harold of Fort Worth, Robert of Cleburne, Donald of Borger, Charles of Silvertown and Jerry of Lubbock.

Mr. Sarchet farmed until 1945, when the family moved to Tulia. He drove cattle trucks before being employed by the Tulia Schools from 1948 until 1958. He was employed at the Swisher County

Funeral services for Jimmie C. (Buddy) House, 52, were conducted at 10:00 a.m. Tuesday at the First United Methodist Church in Silvertown. Officiating were the pastor, Rev. James Futch, and Earl Cantwell, minister of the Rock Creek Church of Christ.

Burial was in the Turkey Cemetery, with arrangements under the direction of the Silvertown Funeral Home.

House died about 1:45 p.m. Sunday after apparently suffering a heart attack while hunting deer 10 miles northeast of Silvertown on the Carl D. Bomar Ranch.

He and a companion, Alvin Spradlin of Amarillo, had been hunting earlier in the day on the Bill Sauls Ranch southwest of Quitaque. After Mr. House shot a turkey there, the men returned to Silvertown and then went out to the Plains area just above the Caprock where Mr. House was stricken.

Mr. House was born September 5, 1918 in Parnell where he and the former Loretta Weatherly lived following their marriage January 5, 1942, at Memphis. He operated a grocery store in Quitaque for about a year. In 1959 he came to Silvertown and bought a grocery store which he operated a year before selling.

Later he became owner of the Chevrolet dealership in Silvertown and also engaged in farming and ranching. He had served three terms as mayor of Silvertown. He was a member of the First United Methodist Church and the Silvertown Masonic Lodge.

Basketball season is here again. Last week our Owls and Owlettes played their first games against Quitaque. The girls won 42-34 and the boys lost 69-36. The Owlettes have been working out since the first of the year, but the boys had just one day of practice before their first game.

Many people don't realize the effect of sports on the life of a student. Besides developing one's body, there is mental and social development. People learn how to act as a team instead of an individual. It's hard to believe, but some people have never made a decision in their lives until they participate in sports in school. Decisions have to be made and the kids learn to make them. Self discipline is developed through athletics. An athlete learns to discipline his thinking, his persistence in practice, and physical endurance.

The lessons of sports go on and on, but I believe the most important one is sportsmanship. Athletes learn to accept defeat and victory. Of course, it's much harder to accept defeat, to listen to jeers and boos and continue to try. And there's always someone who blames a particular individual for the defeat.

There's one lesson we can all learn about sports and that's how to control ourselves during and sometimes after the game. People may not realize it, but when they sit in a gym during a basketball game and shout at the referees and players, they're not only degrading themselves but are marring Silverton's reputation and our team itself.

WE ASK OUR FANS

Is It Right?

by Terry Yancey

I want to say a few words which might make a few people think. There was a small incident of teachers being egged last week, which, personally, I think was very low down.

If the student body wants to run the faculty off, then why don't we just close the doors and go fishing. Sure, every student has one teacher he doesn't like, but if you don't like the teacher, then face them and tell them. Common Halloween pranks are one thing, but continual destruction of someone else's property is another.

As far as I am concerned, the whole student body is one big family. If you want to be a troublemaker and hurt other people, then I'd say this family isn't for you.

Your teachers care about you or they wouldn't be up here. Everyone of them could probably make a better salary digging ditches, but they want to give something of themselves for the benefit of us, their students. You should care about them, too; make them feel welcome here. It takes a man to face what he has done wrong. Do the people who hurt other people feel content now? Are you satisfied?

Let's all work together and help each other because without the help of us all, we are at a standstill. Let's protect our school and keep up a good reputation for Silverton High School.

I'm sorry to say that I left Roger Younger's name out of my last week's editorial. Roger is also a senior and helped a great deal in making our football season a success.

Sorry, Roger, I hope you'll forgive me!

Why ridicule players on the opposing team? Would you like for the opposing fans to ridicule yours?

Why gloat and act so overbearing when your team wins? They may lose the next game.

Why desert your team when they are behind? That's when they need you the most.

Why act in such a way that everyone present gets a bad impression of the community you represent?

Why ridicule your own team when it loses? If the players give their best they can do no more.

Why give excuses and alibis when your team loses? The really big man takes defeat without a whimper.

Why "ain't" you refereeing if you are such a rules expert?

Mrs. O. C. Rampley and Mr. Johnny Hicks are shown inspecting the new storage cabinet which has been donated to the Silverton High School business department.

Storage Cabinet Donated To School Business Department

The newest addition to the business department of Silverton High School is a beautiful 6'x6"x20" cabinet in which to store student tote trays. The cabinet has four sliding doors to facilitate the removal of the trays for classroom use. It has a pecan finish to match the typewriting tables, and will accommodate 72 students.

For the first time, the students now have a place to store typing paper, erasers, pencils, carbon sheets and other items that they do not need to carry to other classes. The typing tables have runners instead of the usual one small drawer, and upon entering class each student gets his own tote tray and inserts it into the runners for use during the period. At the close of class, he returns his tray to the cabinet so that the next student to use the table may insert his own tray.

Last summer when Mrs. Rampley was visiting the school, which she did quite often while it was being remodeled, she told Mr. Johnny Hicks, the construction engineer, how much she longed for a place for students to store their supplies. He volunteered to build

such a cabinet for her at no cost to the school.

Her dream finally became a reality last week when he had the huge wooden cabinet delivered to her room. It is estimated that it would cost at least \$250 to have a comparable cabinet built.

Mrs. Rampley and her business students want Mr. Hicks to know that they are very appreciative of the gift. They feel that he was most generous to the school.

Teachers' Tea Held

The annual Teachers' Tea was sponsored Monday, September 16, by the Silverton chapter of Future Business Leaders of America. The refreshment table was decorated with a colorful Thanksgiving turkey as the centerpiece and turkey platters filled with pastries, finger sandwiches and other delicacies which carried out the Thanksgiving theme. Refreshments were provided by the Junior girls who are members of the chapter and their sponsor, Mrs. Rampley.

A farse of the true Thanksgiving was presented by four Junior girls: Terry Jones, Sue Lynn Allard, Cindy Cross and Dorothy Yancey. They were assisted by three Junior boys in the presentation of the skit.

The tea was in honor of all the teachers in Silverton High School to express the appreciation of the FBLA chapter. Also present was Jack Robertson, one of the honorary members chosen each year for outstanding help to the chapter.

APPRECIATION

The Junior class would like to thank all of the mothers who spent time making the chili and helping serve at the Chili Supper.

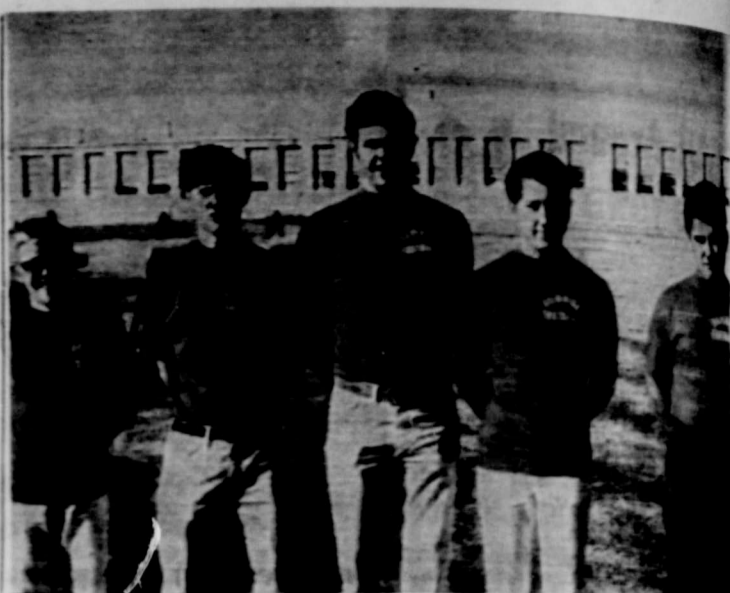

We would like to express our appreciation to the FBLA chapter and their sponsor, Mrs. Rampley, for the nice tea and the entertainment provided by the students. We think this was very thoughtful and we appreciate your effort and consideration.

Sincerely,

ROUNDBALL IS HERE AGAIN

by Brit Parker

Basketball season is here again. This year, more people are out than there have been in quite a while. Twenty-six girls and nineteen boys have started workouts. This means that there will be a few B-team games this year. This will give more people a chance to play and prepare Silverton for better seasons than we have been having.

This really gives us something to look forward to. Along with our new winning spirit we should clear a few spaces for the trophies that our basketball teams will be bringing home in the near future. Yes, the school spirit in SHS is higher than we have known in a long time.

The teams had their first games November 17, with Quitaque. The

girls won. The boys put up a good fight with the Quitaque boys even though they had had only two workouts since football. They showed a lot of hustle and desire.

Come on out and see a Silverton basketball game the first chance you get. Quitting during the game is a thing of the past. You will see a lot of hustle and drive on the part of the Owls. I'm sure you will be proud of the teams that are representing our school and town.

Let The Bible Speak

Edwin J. Myers, Evangelist

ACCEPTABLE WORSHIP

"The heavens declare the glory of God; and the firmament showeth his handiwork." (Psalm 19:1) When we view the world in all its splendor and beauty we must believe in Almighty God, the Creator of the universe (Genesis 1). Paul said that all men are accountable to God because the invisible works of the creation of the world clearly show that there is a Creator (Romans 1:20-21). This great God, the Creator, is worthy of our praise and worship! Jesus stated it this way: "God is Spirit; and they that worship him must worship in spirit and truth" (John 4:24). God actually seeks worshippers that will worship him in that way (John 4:23).

But how do we know what kind of worship is pleasing to God? What is the standard for determining acceptable worship; that is in spirit and truth? I believe Jesus gives us the answer later on in the gospel of John when he said, "Sanctify them in the truth: thy word is truth" (John 17:17). So we know that the worship that we find in the New Testament, if followed, will be acceptable in His sight. This is why we, of the church of Christ, are pleasing for a simple practice of New Testament Christianity. "We speak where the Bible speaks; and we are silent where the Bible is silent" has been the plea of the churches of Christ for over one hundred years now.

The right standard of authority is found in God's Word, the Bible. It furnishes a man unto every good work (2 Timothy 3:17), and gives him all things that pertain unto life and godliness (2 Peter 1:3). Therefore when we go to the Bible for what we believe and practice there is no fear but what we are doing is right, and therefore acceptable to God. The Bible presents itself to man as the all-sufficient Word that is able to lead men to the salvation of their souls (James 1:21). Jesus himself stated, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God" (Matthew 4:4). The scriptures present a body of people (in Berea) that searched the scriptures DAILY to see if what they were being told was the truth (Acts 17:11). They realized that they must "try the spirits" to see if they were being taught the Word of God, or the teaching of men (1 John 4:1).

There is a very grave warning for those who shun from declaring the whole council of God. Notice: "Whosoever transgresseth, and abideth not in the doctrine of Christ, hath not God." (2 John 9) Therefore we must be careful for what we believe and practice. The "doctrine of Christ" is that which Jesus commanded his followers to teach (Matthew 28:19)—"teaching them to observe all things . . . I commanded you". We need to be as those Paul spoke of when he wrote: "For this cause also thank we God without ceasing, because, when ye received the Word of God which ye heard of us, ye received it not as the word of man, but as it is in truth, the word of God, which effectually worketh also in you that believe." (1 Thessalonians 2:13).

If we are not worshipping according to the pattern that God set forth in His Word, we need to re-evaluate our beliefs. It may be that we are mistaken, and are "teaching for doctrine the commandments of men" (Matthew 15:9). If that be the case, then our worship is in vain! We can know whether our worship is acceptable to God or not by a simple investigation of the revealed will of God in our Bible. This is the distinct plea of the church of Christ and we invite you to worship with us and let's reason together (Isaiah 1:18) concerning our worship to Almighty God! (More on the thought of worship next week.)

People who cook with pride cook with GAS. Mrs. Rolan Simpson does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Simpson and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Simpson's favorite recipes.

WALNUT ROLL

Mrs. Rolan Simpson, 3213 56th St., Lubbock

Brush a jelly-roll pan, 10x15 inches, with oil. Line it with wax paper, and oil the paper. Separate 7 eggs. Beat the yolks with 3/4 cup sugar until the mixture is pale in color and thick enough to "ribbon." Beat in 1/2 cup ground walnuts and 1 teaspoon baking powder. Fold in egg whites, stiffly beaten. Spread the batter in the prepared pan and bake the cake in a moderate oven (350 degrees) 15 or 20 minutes or until it is golden. Cool the cake in the pan, cover it with a damp towel and chill it.

Dust the cold cake generously with sifted confectioner sugar and turn it out on a board covered with two overlapping sheets of wax paper. Carefully strip the paper from bottom of cake. Spread cake with 1 cup heavy cream, whipped and flavored to taste with sugar and vanilla. Roll up the cake, using the paper as an aid, slide the roll onto a flat serving platter. Sprinkle with more confectioner sugar. (Rum or almond flavoring is also good.)

Thanksgiving

The big, plump turkey that sits on so many tables on Thanksgiving is symbolic of all the things that we, in the United States of America, have to be thankful for.

It indicates richness, plenty, and more than can be consumed. It's bigness brings to mind the vastness of our nation and the great productive quality of our land.

The fact that so many will have one of these huge birds on their table indicates that most of our citizens have the means to afford this symbol of prosperity.

All the things for which the traditional Thanksgiving Day dinner is symbolic are the very things for which we should be grateful.

If, however, a few of us are so eager to slice into the bird, that we forget the advantages we share that enables us to celebrate Thanksgiving, it can be overlooked because this attitude shows the pleasure to be derived from all the things for which we are thankful.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

Thanksgiving Prayer

Dear Lord, we give Thee thanks this day,
But not alone for daily bread—
For all Thy gifts which bless our lives.

We thank Thee for love, that makes life's burdens light.
For friendships shared, for hope and joy,
But mostly for the precious right

To think and speak as conscience leads,
To worship Thee, each in his way,
To walk in freedom where we will,
Lord, as we pause to praise and pray.
