### McNabb-Mooring Vows Exchanged In Amarillo

Miss Cheri McNabb and Robert L. Mooring were united in marriage Friday evening, February 12, in ceremonies at the Avondale Baptist Church in Amarillo at 7:30 o'clock.

The Rev. Clyde Cain, pastor, officiated at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Millard L. McNabb of 2017 Monroe, and Mr. and Mrs. Herman E. Mooring of 1621 Jordan, in Amarillo.

Bridal attendants were Miss Debi McNabb, sister of the bride, who was maid of honor; Miss Patti McNabb, also a sister of the bride, and Miss Rita Mooring, sister of the bridegroom.

Candlelighters were Misses Sandi McNabb, sister of the bride, and Dee Ann Hill. Flower girl was Miss Terri Hill.

Best man was Gary Mooring, and groomsmen were Larry Cox and Kinnee Calloway. Ushers were David and Donnie Mooring of Lubbock and Larry Mooring.

Given in marriage by her father, the bride was attired in a white gown of bridal satin designed with a portrait neckline, short puffed sleeves of Alencon lace, and a floor-length skirt applique with lace which fell in deep folds. Her floor-length veil of illusion fell from a lace flower and flowed into a train. The veil was also applique with lace.

She carried a bouquet of white gardenias. For something old and borrowed, the bride wore a lavender belonging to the bridegroom's grandmother; her wedding gown was something new, and her aunt, Mrs. Arnold Brown of Silverton, made her a beautiful blue garter to wear.

The bridal attendants wore blue gowns designed along lines similar to those of the bride's gown. They added white accessories.

Mrs. Clyde Cain accompanied Bobby McFathers as he sang the Lord's Prayer. She also played traditional wedding selections.

Reception guests were greeted in the fellowship hall of the church following the wedding service.

The couple left immediately for an overnight trip, then returned to their home at 5307 Gem Lake Road. She chose a white dress with blue and red trim for travel.

**BERT HUGHES AND FRIENDS  
BEEN VISITORS HERE**

day, February 7, during a  
snowstorm, Mr. and Mrs.

Berton Hughes met their son, Robert, and his roommate, Mike Johnson in Amarillo when they flew in from Anchorage, Alaska (and were given credit for bringing the snow with them). They have been here visiting family and friends in and around Silverton for the past three weeks, including Mr. and Mrs. Randy Hughes of Lockney. They stopped to see Mr. and Mrs. C. O. Allard at the hospital in Tulla and later visited them in their home.

Robert, who was reared here and graduated from Silverton High School in 1962, hadn't been home in two years, so he could see quite a few changes in Silverton including the improvements like the remodeled high school and the new junior high building and the new bank. He and Mike visited these places.

Mike didn't know what a cap rock was, but he soon learned because he saw quite a bit of it while he was here. Mae Bomar, who visited Robert and Mike the

last time she was in Alaska, took them and Mrs. Berton Hughes to Clarendon one day for lunch at Mrs. Bromley's, and they returned via the Claude crossing.

Wednesday Mr. and Mrs. Hughes, Robert and Mike went to Memphis and had supper with Mr. and Mrs. Hubert Hall. On Thursday the boys went to Plainview and visited Larry May, a classmate of Robert. They also visited Bro. Carlos McLeod, who was pastor at the First Baptist Church here when Robert was at home. They returned by way of Lockney and had supper with Mr. and Mrs. Randy Hughes.

Mr. and Mrs. Gene Vaughan and Mr. and Mrs. Virgal Minyard and Stacy hosted a supper for the Berton Hughes, Mr. and Mrs. Randy Hughes, Robert and Mike on Friday evening. Then on Saturday, February 13, the entire Hughes family went to see "Fiddler on the Roof" at Wayland College and had supper in Tulla with Mr. and Mrs. Sam Brown in Tulla afterward.

After church here on Sunday, February 14, Robert and Mike and Mr. and Mrs. Hughes went to Lockney and had lunch with Mr. and Mrs. Randy Hughes. They stayed in Lockney for the evening services at First Baptist Church. Randy Hughes preached in the absence of the pastor, Dr. W. Neil

## Wild Flowers Topic of Study

Texas Wild Flowers was the topic of the program for a recent meeting of the March of Time Study Club. Slides and a tape narration on Texas Wild Flowers was presented by Mrs. Riddell C. Hutsell. Wild flowers discussed included those which grow throughout the state of Texas.

Mrs. J. S. Hinds was hostess for the meeting which was held in the P. C. A. community room. Mrs. T. T. Crass gave the devotional. Mrs. Lula Bellinger presided over the business meeting. Mrs. Rex Dickerson read the minutes of the previous meeting, and Mrs. Bellinger submitted the treasurer's report.

The Conservation Department report was given by Mrs. Tony Burson, who read a poem attributing the viewpoint of the American Indian toward soil erosion.

Mrs. H. A. Cagle gave a sales report for this year's cake committee. Correspondence was read from the Caprock District to orientate the membership with the Texas Federation's Diamond Jubilee Celebration, with recognition of clubs having been affiliated with the federation for forty years or more. The March of Time Study Club was federated in 1931. A special luncheon will be held to commemorate this record.

The membership voted to support the High Plains Training Center in Plainview with a monetary contribution.

Public Schools Week will be observed by the club during the next regular meeting, March 4, 1971. Members will meet at 11:30 a.m. in the Silverton School Cafeteria for lunch, with class or department visitation made either in the morning or afternoon.

Mrs. Hinds served refreshments to Mrs. Clarence Anderson, Mrs. Bellinger, Mrs. Tony Burson, Mrs. Troy Burson, Mrs. True Burson, Mrs. Cagle, Mrs. Crass, Mrs. Dickerson, Mrs. Morgan Evans, Mrs. Hutsell, Mrs. R. L. Hill, Mrs. Fred

Record.

Robert and Mike took a tour to Vernon to visit Mr. and Mrs. R. E. Renfro and Gayle and Mr. and Mrs. R. H. Renfro. They drove to Wichita Falls to visit Mr. and Mrs. R. L. Renfro, who had visited them about two years ago in Anchorage. They traveled on to Weatherford to visit a cousin, Mrs. Carolyn Rutherford and girls, and then went on to Dallas and to Austin. They visited Robert's alma mater, The University of Texas, which he hadn't seen since he graduated there four years ago. He reported noting many improvements and new buildings which have been added in the City of Austin. They visited in San Antonio, and it was a thrill for Mike to see the Texas Capitol in Austin and the Alamo in San Antonio. They returned to Silverton Sunday, February 21 during the worst snowstorm of the season, which reminded them of their home in Alaska except for the strong winds.

Robert is production manager of the TV station (KTVA, a CBS affiliate) in Anchorage, and is to be promoted to operations manager very soon. Mike is in construction work and will be in school for a month after returning to Alaska.

## Family Honored at Housewarming

Mr. and Mrs. Donnie Martin, Derrel and Karen were honored with a housewarming party in the home which they recently purchased and remodeled, last Saturday night.

Cokes, coffee and cookies were Mercier and Mrs. Ben Whitfill. Arrangements for the club's next meeting are being made by Mrs. Hill.

served to the 63 guests who registered. Entertainment was provided by Mrs. Carman Rhode, who read a poem she had written for the occasion, and by Jack Sutton, who played a number of piano selections.

Hosting the party were Mr. and Mrs. Don Cornett, Mr. and Mrs. David Tipton, Mr. and Mrs. Bill Durham, Mr. and Mrs. Jerry Patton, Mr. and Mrs. Leo Fleming, Mr. and Mrs. Ted Strange, Mr. and Mrs. Gordon Lowrey, Mr. and Mrs. Pascal Garrison and Mr. and Mrs. Charles Sarchet.

**FLAG WAVING**

There are flag wavers and there are those who fly the flag. Flag waving implies that one takes a flag in his hands and moves it back and forth so that it ripples or waves by the motion applied to it. Flying the flag connotes attaching the flag to a pole and letting whatever breeze there may be cause it to wave. Flag waving of itself keeps a person busy but flying the flag frees a person to go about other tasks. There is little under the sun, if, indeed, anything, that cannot bear some improvement. This would apply to governments and nations. **EVEN OURS!** Every citizen needs to be constantly aware that although our nation is very rich and powerful, there is no guarantee that it will always be in such an enviable position. "Enviably position" implies that others might be more than happy to take over our rich land and resources. We must, therefore, constantly strive to keep our nation strong. To accomplish this end we need ever be on the lookout for weak spots and when found, repair and rebuild or eliminate them. Let us not be so busy waving our flag that we do not have time to search out our weaknesses, but let us fly our flag proudly and keep our hands free to keep our nation strong.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of One Hundred Million Dollars (\$100,000,000) to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article III, Section 52, of this Constitution, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. # BOGGED DOWN

It is obvious that this workman has a problem and from his predicament we might all learn a very valuable lesson. With all of our technical knowledge that enables us to build a machine such as the tractor, we are still subject to certain environmental limitations. When we least expect it, this environment can entrap us and leave us in a state of frustration.

It is sometimes difficult to realize that there are limits which we must recognize. In many areas, the experts tell us, we have come close to, or exceeded, the limits our environment will withstand. Lest we become bogged down and brought to a standstill by the environment we must depend upon, let us recognize its limits and cooperate with it within these limits.

This great and wonderful land we call America has been so richly cooperated
