Twisters Dip Near Area Towns

by Mary Ann Sarchet

Tornadoes, hail, high winds and downpours of rain plagued this area of Texas Tuesday evening, as towering thunderstorms moved northeastward across the Panhandle.

Tornado warning sirens screamed in Silverton several times during the evening, as reports to alert the people continued to come in from the Amarillo Weather Service, the Lubbock Weather Bureau, the Department of Public Sa-

fety, and individuals in the Weather Watch System. Last of the warnings was sounded shortly before midnight when the DPS reported a tornado traveling on the ground in the Rock Creek community.

Citizens taking part in the Weather Watch are to be commended for leaving their families and going out in the storm to help make sure that everyone receives advance warnings of potential danger. The Silverton Volunteer Fire-

men take part in the Weather Watch, and Tuesday night the firemen were joined in the Watch by Marvin Montague, Joe Montague, Riley Harris, G. W. Chappell, City Marshall O. C. Maples, Perry Thomas, Jack Sutton, Tobe Tidwell, Billy Wayne Garvin, Carl Tidwell, and possibly others.

These people aren't just making a joke of sounding the alarms, as they have been accused of doing; they are trying to make sure that sufficient warning is given in time

to prevent the death and suffering of those "who can't run and jump in the cellar quite as fast as they once could." Preparation also has to be made by those taking babies and very young children to places of safety. If a warning is not sounded until a tornado is seen advancing at the city limits, it will be too late to help many persons.

There has also been criticism because the Weather Watch does not give an "all clear" signal. This is due to the lack of weather instruments and experts on such matters. Would YOU want to be the one to have given the "all clear" signal just before a tornado hit the town?

The best thing to remember the next time there is a storm is this: the people on Weather Watch are there trying to help you. They'd rather be at home, but they're out working for those who want warning. If you are annoyed by their warnings, just ignore them.

and pea to golf ball size hail in less than 30 minutes. Water was over Highway 86 between Tulia and Silverton in five to seven places.

High winds overturned three trailer homes near Tulia and downed power lines. Flooding was reported on US 87 south of Tulia and on FM 1424 southwest of there.

Two thunderstorms, 2 1/2 hours apart, dumped up to 1.30 inches of rain near Lockney, and pea and marble size hail reportedly destroyed crops in every direction from that town. A tornado siren was sounded in Lockney as the second storm approached. Water flooded several farm roads and fields following the first rain at 6:30 p.m.

A Claytonville elevator office building was destroyed at 8:30 p.m. Tuesday. Several steel tanks were deposited in new resting places and cotton trailers were overturned. A number of highline poles were splintered off two feet above the ground.

Mrs. Vollie Miller Services Saturday

Mrs. Vollie L. Miller, 83, of 1613 South Jackson in Amarillo, died Thursday afternoon, June 3, in a rest home. Mrs. Miller had suffered a heart attack a week or two before and had been taken to the rest home to recuperate a few days before entering the Eastern Star Home.

Born in Tupelo, Mississippi on January 31, 1889, she had lived 40 years in Amarillo, moving there from Lancaster, Texas. She was a member of the Order of the Eastern Star and the First Baptist Church in Amarillo.

Mrs. Miller worked for Mrs. H. G. Findley at the variety store in Litaque for several years in the late thirties. She also worked for Mrs. Findley at the variety store in Silverton. She was well known in this area, and lived alone until she suffered the heart attack.

Funeral services were with N. S. Griggs Saturday afternoon at 2:00 o'clock.

Survivors include one daughter, Mrs. Nell Kidwell, 2100 Ong, Amarillo; six sons, Charles of Lancaster, Roy of Carlsbad, New Mexico, Aubrey of Topeka, Kansas, Hershel of Sintel, Oklahoma, Fred of Albuquerque, New Mexico and Roland of Odessa; one sister, Mrs. Neva Lowrey, Lancaster; eight grandchildren and 11 great-grandchildren.

Farmers Home Programs To Be Observed Soon

J. Lynn Futch, State Director of Farmers Home Administration, in Temple, Texas, visited the local Farmers Home Administration office recently and discussed a planned visit to this area with James V. Smith, National Administrator of the Farmers Home Administration, Washington, D. C., and Congressman Bob Price, Representative of 18th Congressional District. The group is planning to visit Tulia June 19, 1971, from 9:00 a.m. until 12:00 noon.

Plans are made to visit the area to observe various Farmers Home Administration programs that are being carried on, which include financial assistance to farmers and the construction of modest homes for low income families in rural areas. Mr. Futch discussed the progress made in meeting the farmers and rancher's credit needs and also progress made in meeting the housing needs.

County 4-H Horse Show Is June 19

The Briscoe County 4-H Horse Show will be held at the Silverton Rodeo Arena at 1:00 p.m. on Saturday, June 19.

Larry Kasten, head of the horse department at West Texas State University, will be the judge.

Winners will go to the District 4-H Horse Show to be held in Tulia on July 7.

San Jacinto Community Home Damaged By Fire

A fire about 8:30 p.m. Saturday heavily damaged the attic area of the Dave Anderson home, located 17 miles north of Silverton in the San Jacinto community. The fire was extinguished before it could spread to the rest of the house.

The fire was caused when lightning struck the roof of the house. Members of the family and neighbors were able to contain the fire in the attic with garden hoses until two units of the Silverton Volunteer Fire Department arrived at the scene.

Completes Advanced Nursing Course

Mrs. Carl W. (Becky) Woods, R.N., has recently completed a 72-hour course in Advanced Medical-Surgical Intensive Care - Coronary Nursing at Amarillo College, and received a certificate of achievement from the American Heart Association.

The advanced nursing course is designed to teach nurses the technique of immediate diagnosis and treatment of coronary heart disease as seen in the coronary care unit.

Swisher Memorial Hospital has a newly installed fully equipped coronary care unit.

F.F.A. Swim Party Is Tuesday Night

There will be a swimming party for all F.F.A. members from 8:00 until 10:00 p.m. Tuesday, June 15, at the local pool.

PEE WEE, LITTLE LEAGUERS USING NEW ALUMINUM BATS

Modern technology is taking a swing at the old trademark of the baseball game—the crack of the bat.

A new aluminum bat is making a metallic clang when it connects with a baseball in Little League Park here and also on some college diamonds. Silverton Pee Wee and Little Leaguers are among the newest users of the new bats.

Proponents of the aluminum bats turn a deaf ear to the clang and point out that aluminum bats will not break.

But officials at Hillerich and Bradsby — bat manufacturers in Louisville, Kentucky since 1884—are convinced that wooden bats are not about to go out of style, at least not in the major leagues.

"We can make bats exactly the way a major leaguer wants them," says Jack McGrath, vice president for advertising. "But the cost of producing aluminum bats, setting up dies for all of those infinite number of models, would be prohibitive."

"I can't fathom how a baseball

player—sensitive to the feel and shape of wood — could be regimented into one or just a few metal models." Most aluminum bats are 34 inches and 39 to 42 ounces. The Little League bats are, of course, shorter.

Backers of the aluminum bat say it is far more economical. At UCLA, Coach Art Reichle estimates his team breaks more than 40 dozen bats a season. The aluminum bat—though it costs about \$15 compared to about \$3 for a wooden bat—is reputedly unbreakable, thus making it cheaper in the long run.

Hillerich and Bradsby is making some of the brightly-colored aluminum bats but McGrath says, "You can't mention our aluminum bat production in the same breath with our wood."

McGrath says the firm is "trying to keep an open mind about the new aluminum bats." But the firm's focus has always been on wood since the time it was making wooden lawn bowling equipment more than a century ago.

Mitchell Martin, son of Mr. and Mrs. A. R. Martin, is holding a wooden and one of the new aluminum bats. The shiny, new one is

pretty, but most of the boys don't really care what kind of bat they have just long as they get to play ball.

MRS. MIKE MULLIN

McCoy-Mullin Vows Exchanged Friday

Miss Patricia McCoy of Silverton became the bride of Mike Mullin of Turkey in a single ring ceremony Friday, June 5, at five o'clock in the afternoon at the Rock Creek Church of Christ. Earl Cantwell, minister, officiated.

Mr. and Mrs. Hurl McCoy of Silverton are parents of the bride, and the bridegroom's parents are Mr. and Mrs. Billy Joe Mullin of Turkey.

Given in marriage by her father, the bride wore a gown of pink and white dotted swiss. She carried a bouquet of white carnations surrounding a white orchid from which a shower of white streamers fell atop a white Bible.

Miss Virginia McCoy of Silverton was her sister's only attendant. She wore a white dress and carried a bouquet of yellow carnations.

Ray Mullin was his brother's only attendant.

Mrs. McCoy chose a pink dress with a white orchid corsage for her daughter's wedding. Mrs. Mullin wore a blue dress and also added a white orchid corsage.

The bride is a graduate of Silverton High School.

The bridegroom finished high school at Turkey, and is enrolled at United Electronics Institute in Dallas. He is employed by Strubling Aerial Spraying Company, and the couple plan to move to Euless soon.

ELMER WHITE RECEIVES DEGREE FROM E.N.M.U.

Graduating this spring, with a bachelor of business administration degree from Eastern New Mexico University, is Elmer White, husband of the former Kay Garrison, and son-in-law of Mr. and Mrs. Carroll Garrison.

The Garrisons and Mrs. Leroy Saul of Kress (the former Hudson Garrison) attended the graduation exercises Thursday night of last week, and spent the night with the White family before returning home.

Mr. White has a position with an accounting firm in Tucumcari, New Mexico, and began his work Monday morning of this week.

MISS GARRISON LISTED ON DEAN'S HONOR ROLL

Roy Dale Garrison, daughter of Mr. and Mrs. Don Garrison, was listed on the Dean's Honor Roll at Texas Tech University for the spring semester. She earned a 3.23 grade point average.

Miss Garrison is attending school this summer.

Mr. and Mrs. Melvin Watkins and daughters of Amarillo had lunch Saturday with Mrs. Bud McMinn as they were enroute to Houston, where their daughter, Gail, is to undergo open heart surgery. The other two daughters, Anita and Melanie, are staying with Mr. and Mrs. McMinn while their parents and sister are in Houston.

Bobby Stafford and sons of Fort Worth visited friends in Silverton last Friday.

Jerry Dee was varsity letterman in football 1-4; honorable mention All-District; basketball 1-2; weight lifting 3-4; Most Improved Award 3; track 1-2-4; FFA 1-4; Dairy Judging 3; DeKalb Agricultural 4-year Accomplishment Award; Greenhand officer and Chapter officer; state representative; Livestock Judging 1-3; Star Greenhand; Star Chapter Farmer; Senior Play; Junior Play and school paper.

ROLL TOP DESKS AREN'T OLD-FASHIONED ANYMORE

COLLEGE STATION—The old-fashioned roll top desk isn't old anymore.

Consumers are clamoring to buy modernized versions manufacturers are now producing, announces Jan Slabaugh, Extension housing and home furnishings specialist at Texas A&M University.

The "new" roll top desks have nylon tracks for slats to roll on, allowing for more dependable rolling action than the original roll tops. The desk rolls easily and stays neatly in its track.

Roll tops are scaled for smaller apartments. You can conveniently roll the top over work without putting it away, yet still hide the clutter.

Styles and prices of the roll tops range widely. Most designs, though, are small in scale and are quite dainty, the specialist adds.

Ronnie Hall, 20, Drowned In Arizona

Funeral services for Ronnie Hall, 20, son of Mr. and Mrs. Skeet Hall of Indio, California, and a former resident of Quitaque, were held at 10:30 a.m. Monday, June 7.

Ronnie, who was on leave from Fort Ord, died about 8:30 a.m. Sunday, May 30, as he and a group of friends were swimming in the Colorado River at Parker, Arizona.

According to information given the young man's uncle, Vaughn Hall of Quitaque, the young people would jump into the turbulent water and swim to an island just a short distance below and then swim to shore. Ronnie dove into the water, but missed the island and was sucked into the swift water. His body was not recovered until Friday.

Ronnie is survived by his parents and a sister. He was born at Quitaque, and had been in the Army for about two years.

Ronnie's mother will be remembered at Silverton as Florene Smith. Her sister was Mrs. Doc (Dalton) Brian, who will also be remembered in Silverton. Doc is a brother to Walter Lee Brian who pastored the First Baptist Church in Silverton for several years.

THE SYMBOL

The Flag of the United States of America—the symbol of our hard-won independence and the unity of our country. The sight of this flag stirring in the breeze brings forth a feeling of national pride in most Americans, but that is not its most important role.

It should serve as a constant reminder to all of us that a united America is a strong America. We are bound together in our continued desire for the rights and freedoms granted us in the Constitution. Only by preserving our union can we endure.

Let's work together to make ours a strong America united under the symbol of our flag.
"SUPPORT AMERICA"

© Coleman Advertising Serv., 2653 Tama Drive, Dallas, Texas 75229

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

CARD OF THANKS

Thank you to all the people of Silvertton, especially Mrs. E. C. Newman, Mrs. P. H. McKenney and Rev. Wilson, for all the nice things done for me before I left Silvertton and since I have been in the hospital.
May God bless each of you.
Mrs. Emily Rowell

Sincere thanks to the friends and neighbors who were so thoughtful during our recent stay in the hospital. For the cards, flowers, gifts, visits, food and words of encouragement, we are so grateful. They helped so much to shorten the long days.

We would also like to thank the ones who helped load Bud into the ambulance at our home.
May God bless each of you, and may He reveal to you the goodness that is in the hearts of others at your time of need.
Bud and Ollie McMinn

Youngsters who will start school next fall, or will be five before the registration for the next school year, may register for swim lessons. If there is enough demand for it, a special class will be made available to the five-year-olds.
Any ladies desiring to form a class may do so by contacting Jim Walker or Paul McWilliams.

Weight Watchers To Meet In Tullia

Weight Watchers in Tullia will host an open meeting Monday, June 14, 1971, at 7:00 p.m. at the Farm Bureau Building, 319 SW Second Street.

Everyone with a weight problem is welcomed and encouraged to attend. Men, women, teenagers and children are all invited.

Mrs. Betty Bryant of Tullia will open the class. Betty has lost 50 pounds on the program, feels better and has more energy and zest. Her family say she ate her way thin on the Weight Watchers program.

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves gassy-acid upset.
This unique discovery breaks up and removes painful gas-bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

The plan is based on three full meals a day, and lots of snacks. Weight Watchers are interested in teaching people to eat right.

There will be a little listening and a little talking on a program that works.

Each member will be given a prescribed eating program that makes him lose weight, look better and feel better.

Junior Judo Workouts To Be Mondays

Jim Alexander, instructor for the Silvertton Judo Club, has announced that junior judo workouts will be held on Mondays, starting May 31, from 8:00 until 9:30 p.m.

Mr. Alexander has several judo-grams for sale.
If you have not paid your USJA

dues, you are urged to do so as soon as possible.
