

Judo Tournney to be Held Saturday

The Silverton Judo Club is hosting a Judo Tournament in the Silverton School Gymnasium on Saturday, June 19.

Judoka parents will sponsor the tournament, and proceeds will be used to purchase additional mats and for fundamental expenses.

Weigh-in for junior contestants will be held from 8:00 until 10:00 a.m.

Weigh-in for the senior contestants will begin at 12:00 noon, with matches to begin at 1:00 p.m.

Weight classes for the seniors will be 139-154-176-205 and unlimited weight. Some weight classes may be combined at the discretion of the tournament director.

Trophies will be given to the Judoka placing first, second and third in each junior and senior division. There will be an overall championship trophy for the most outstanding senior Judoka.

A \$3.00 entry fee will be charged each Judoka.

Meeting Called By Briscoe Cooperatives

The stockholders are invited to a meeting of the Board of Directors of Briscoe Cooperatives at 8:00 p.m. Saturday, June 19, in the Silverton School Cafeteria.

Purpose of the meeting will be to vote on an amendment to the by-laws concerning the number of directors.

Briscoe County 4-H Family Day Planned

Several activities for Briscoe County 4-H members and their families have been planned for Friday, June 18, in Silverton.

A 4-H Record Book Training Workshop will begin at 1:00 p.m. in the P.C.A. community room. The 4-Hers are asked to bring their record forms with them to the meeting.

There will be a break at 3:00 p.m., during which the girls will move to a meeting room at the City Hall for Fashion Revue Training which is to begin at 3:30 p.m. The boys will remain at the P.C.A. community room for a program on Clothing Selection.

There will be another break at 5:00 p.m., at which time everyone will move to the City Park. A family hamburger supper will begin at 6:00 p.m. in the park. Each family is asked to bring dessert for the number in their family.

From 6:30 until 8:00 p.m. there will be games or relaxation in the park area. From 8:00 until 9:45 p.m. there will be a swimming party at the Silverton Pool.

"A ten gallon hat will be passed around to help pay for the food and swimming pool expenses," said County Agent Jackie Johnson.

Mr. and Mrs. Ronnie Drewry and Tammy of Huntsville are visiting her parents, Mr. and Mrs. A. T. Brooks, other relatives and friends this week.

VOLUME 63 NUMBER 24

Lots Of Action In Pee Wee, Little League Games Here

GOLD SOX PEE WEES WIN PRACTICE GAME

The Gold Sox Pee Wees took an 8-7 win from the White Sox Pee Wees in a practice game last Thursday night.

Blaine Eddleman led the scoring for the winners in the three inning game by scoring three runs—one of them on a home run. Dwain Tipton scored two runs—one of them a homer—and Jimmy Stone also scored twice. Mark Patton scored one run.

Andy Fabela, Casey Bean and Gary Juarez each scored two runs for the White Sox Pee Wees. One of Juarez's runs was on a homer. Walter Perkins also scored on a home run.

BLUE SOX PEE WEES HAND WHITE SOX 10-5 DEFEAT

The Blue Sox Pee Wees defeated the White Sox Pee Wees 10-5 in a wide open game Tuesday evening of this week.

Mike Hill went all the way on the mound for the Blue Sox, with Andy Fabela throwing for the White Sox.

Roger Cantwell scored three big runs, with Warner Bill Settle adding two more scores. Mike Hill, Eddie Johnston, Tad Cornett, Scotty Roberts and Ronnie Johnston each scored once.

Walter Perkins was the leading scorer for the White Sox Pee Wees with two runs to his credit. Casey Bean, Shane Reagan and Bryan Schott each scored one run.

WHITE SOX TAKE 21-16 WIN FROM GOLD SOX

The White Sox had fewer pitching problems than the Gold Sox in the first game of the Little League season here last Thursday night. Winning pitcher was Jacky Vaughn, and recording the loss on the mound was Jim Wilson.

Tommy Perkins was leading scorer for the winners, with four big runs—scoring one run for each time he came to bat. The scoring was on a double, two singles and a walk.

Johnny Ortega crossed the plate three times for the White Sox, and two runs each were scored by Earl Jarrett, Brent Bean, Jacky Vaughn, Augustin Fabela and Arturo Fabela. Danny Perkins scored on the only bonafide home run of the evening, and scores were also carried home by Zane Reagan, Kirk Durham and Kyle Bean.

Jim Wilson and Nick McJinsey each scored three runs for the Gold Sox, while Wes Fleming and Doug McJinsey each scored twice. One run each was scored by Jace Francis, Jack Robertson, jr., Kelly Comer, Vic Clower, Rodney Bullock and Bobby McPherson.

WHITE SOX SUFFER 16-15 DEFEAT BY BLUE SOX

A nine-run inning followed by a 10 run inning provided lots of action for the spectators as the Blue Sox whipped the White Sox 16-15 Tuesday night.

David Strange was the winning pitcher, with relief by Brent Brannon.

Kirk Durham started on the mound for the White Sox and was relieved by Jacky Vaughn.

Autry Polly led the scoring for the Blue Sox with four runs. He was closely followed by Jackie Eiland, with three runs. David Strange scored twice, and one run each was scored by Brent Brannon, Mike Cornett, Paul Brannon, Greg Hill, Bill Reid, Larry B. Stephens and Cam Forbes.

Brent Bean provided the scoring power for the White Sox by crossing the plate four times. One run each was scored by Danny Perkins, Johnny Ortega, Earl Jarrett, Jacky Vaughn, Kirk Durham, James Kitchens, Tommy Perkins, Diji Couch, Zane Reagan, Kyle Bean and Arturo Fabela.

Claude Loudermilk has been a patient in Swisher Memorial Hospital this week.

Tule Creek has been at floodtide this week, in spite of the many small dams which farmers and ranchers have constructed on its tributaries in the past few years. Tule Lake, located on the North Tule, which had been almost dry, was reported to be going over the spillway, as heavy rains west and southwest of Tulla sent floodwaters down the Middle, South and North Tule Creeks. (Briscoe County News Photo)

Marvin Self Named to Sportswriters' All-State Track And Field Team

Silverton High School's Marvin Self is among area athletes who gained berths on the 1971 Texas Sportswriters' Association All-State Track and Field Team, according to an announcement released last Saturday.

Other Panhandle athletes to make the elite list included Palo Duro high jumper Elroy Williams, Plainview hurdler Randy Lightfoot, Olton 440 star Ken Sellers and Olton miler Mike Parsons.

Four athletes were picked in each event.

Self, a junior, is one of only seven non-seniors to make the All-State team. He threw the discus 172 feet to win the Class A event at the state meet. That effort exceeded his previous best mark by several feet, and ranked him among the state's best discus throwers. He also placed third in the shot put.

This was Self's second year to compete in the state shot put.

Williams, Palo Duro's most successful high jumper, leaped 6'8" as one of the juniors at the state meet. He placed fifth at Austin this year and was sixth as a sophomore.

Lightfoot, Plainview's great high hurdler, now owns the nation's fastest schoolboy clocking. He made the elite team for the third year in a row.

Sellers, bound for West Texas State University for both football and track assignments, led Crowell to the Class A state championship and recorded a 47.7 best in his specialty, the 440.

Parsons, second in the Class AA mile at state last year, won the event this season in record time, 4:15.7, at that time the fastest by a Texas schoolboy this season.

BRISCOE GRAND JURY BRINGS IN 10 INDICTMENTS

According to Briscoe County Sheriff Vinson Smith, the Grand Jury handed down 10 indictments on Monday of last week.

Eight of them were for burglary and two were for theft.

boek Monterey; Franklin, Lamar Consolidated.

Discus — Self, Silverton; Paul, Galveston Ball; Rhiddlehoover, Abilene Cooper; Pruitt, Lewisville.

Long Jump—Hollins, McKinney; Graves, North Dallas; Young, Sherman; Bryant, Kerens; Bean, Kirbyville (tied).

High Jump — Kafer, Gatesville DeLoach, El Paso Irving; Barnaby, Conroe; Williams, Amarillo Palo Duro.

Pole Vault — McElveen, Spring Branch Westchester; Higman, South Houston; Rogers, Azle; Howard, Dallas Samuell.

Though four athletes were selected in each event, a total of 41 young men made up the all-state team. Seven of the athletes were chosen in two events.

Commissioners Hear Resignation Of Home Demonstration Agent

The Briscoe County Commissioners heard the resignation of Home Demonstration Agent Naomi Hunt, effective July 10, 1971, at their regular meeting Monday morning, June 14. Mrs. Aubrey Russell, District Home Demonstration Agent, made the announcement.

Mrs. Hunt made the following statement regarding her resignation: "My husband is now engaged in farming in Lynn County, so I must move in order for our family to be together. A new Home Demonstration Agent has not been named, but it is hoped the vacancy will be filled soon. I know you will give my successor the same fine cooperation and support you have given me for the past 2½ years.

"I plan to continue my studies toward a masters degree. I have truly enjoyed my work with the people of Briscoe County, and I want you to know the decision to move has not been easy to make."

Pictured is City Marshall O. C. Maples, who recently completed a four-week law enforcement training course at Amarillo College, with the Silverton Police Department's new patrol car. Maples has been on duty here since the first of June.

All Around the Town

by Mary Ann Sarchet

Jim Servatius had the following information in his "This and That" column in The Plainview Daily Herald Sunday. I thought that it would bear repeating, because it hasn't been many days since Tobe Robbelle killed a skunk right next door to the Briscoe County News.

"If the epidemic of rapid skunks is subsiding, the skunks don't know it nor do people of the Lockney area.

"Clark Harris of the Pleasant Valley community recently killed one of the animals in his garage. Tests at the state laboratory in Austin showed the skunk was rabid, the ninth confirmation of a rabid skunk from the Lockney area this spring.

"A Lockney resident had three of the unwelcome visitors in the front yard of his home last week and killed one of them. Test results are awaited. The skunks were among a number which have been found within the Lockney city limits in recent months. Two residents have taken the rabies vaccine after being attacked and bitten by skunks found to be rabid.

"Veterinarians warn residents of the South Plains to be especially careful of skunks this year and advise that skunks which come into residential areas or which seem unusually 'tame' and unafraid have a good chance of being rabid.

"Treat them with respect and tell your children to do the same in an event you live in an area where the animals turn up."

Two Briscoe County Accidents Reported

The Texas Highway Patrol investigated two accidents on rural highways in Briscoe County during the month of May, according to Sergeant Vernon Cawthon, Highway Patrol supervisor of this area.

No injuries or deaths resulted from these accidents.

The rural traffic accident summary for this county during the first five months of 1971 shows a total of 13 accidents resulting in no deaths and 12 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for May 1971 shows a total of 543 accidents, resulting in 23 persons killed and 354 persons injured. This was 89 more accidents, six more fatalities and 78 more injuries than during April.

The 23 traffic deaths for the month of May 1971 occurred in the following counties: Montague and Parker, three each; Archer, Palo Pinto and Oldham, two each; Dickens, Haskell, Hockley, Wise, Young, Armstrong, Cottle, Deaf Smith, Gray, Potter and Randall, one each.

TOWN & COUNTRY CLUB MEETS IN O'CONNELL HOME

Mrs. Barbara O'Connell was hostess when the Town & Country Home Demonstration Club met at her home for its June meeting.

Program for the day was "Tips For a Safety Driving Program," given by Mrs. Lois Walker and Mrs. Lottie Garrison. An exam on road rules was given to each member, and this proved to be an eye-opener on the things most people forget when it comes to safe-driving laws.

Mrs. Georgia Allard, chairman of the City-wide Improvement and Clean-up Program announced another all-day work day will be held in June. The date is to be announced later.

Refreshments were served to nine members and Mrs. Naomi Hunt, County Home Demonstration Agent.

Kathy Stalcup of the Lubbock Childrens Home has come to make her home with the John T. Francis family.

Mrs. Fred Brannon visited Mrs. Lynn Welch, who is a patient at Northwest Texas Hospital, in Amarillo Monday.

By Vern Sanford

Texas Press Association
AUSTIN, Tex. —Legislature in regular session agreed to submit 14 more proposed constitutional amendments to voters in November, 1972.

Among major ones is HJR 61, which would authorize the 1973 Legislature to serve as a constitutional revision convention.

Two others (HJR 58 and HJR 95) would provide for raises in salaries of legislators (to \$8,400) and lieutenant governor and House speaker (to \$22,500).

Other amendments on the general election ballot in 1972 will be:

*SJR 1—Providing four-year terms for governor and other statewide officials now limited to two-year terms.

*SJR 16—Guaranteeing that no rights will be abridged because of sex, race, color, creed or national origin.

*SJR 7—Permitting local governments on popular vote to exempt \$3,000 of assessed value of resident homesteads of persons 65 or older from all ad valorem taxes.

*HJR 68—Providing for advertising (twice) of proposed constitutional amendments in clear, concise language in all legal newspapers in Texas.

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves gassy-acid upset.

This unique discovery breaks up and removes painful gas-bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, Liquid. Product of Plough, Inc.

Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

pers in Texas.

*HJR 35—Authorizing a tax exemption for disabled veterans and a partial exemption for partially-disabled veterans.

*HJR 57 — Permitting county commissioners to reduce the county permanent school fund and provide for payment of money to independent and common school districts on a per-scholastic basis.

SJR 29—Providing that state employees can serve on non-paying school boards and city governing bodies without forfeiting state pay.

*SJR 20—Exempting soil and water conservation district directors from dual office-holding prohibitions.

*HJR 61—Relating to rates of interest to be borne by bonds.

*HJR 41—Requiring that justices of the peace be compensated on salary basis.

*HJR 31 — Abolishing Lamar County hospital district.

JOBLESS ROLL DROPS

Number of unemployed in the state decreased 6,000 during April to 181,000, Texas Employment Commission reports.

TEC said the jobless rate was only 3.8 per cent of the total labor force, thus the decline may signal a "possible end to the doldrums of the past year."

Mid-April figure was identical with December 1970 and considered probably the lowest of the year.

Thirteen labor areas reported improvements. Austin enjoyed the lowest rate of unemployment in the state—1.8 per cent of labor force.

APPOINTMENTS

State Supreme Court Chief Justice Robert W. Calvert named William Skelton of Lubbock as a member of the State Board of Pardons and Paroles. Senate confirmed the appointment.

Charles W. Horan, jr., Fort Worth, is the new chairman of Texas Tourist Development Board, succeeding John R. McCarty of Dallas. George Dillman of Dallas is vice-chairman.

Appointed branch pilots for Sabine Bar, Pass and Tributaries were Capt. James William Throgmorton of Groves and Capt. Daniel Joseph Bromley also of Groves. Gov. Preston Smith asked the Senate's approval of the nominations.

LIQUOR TAX PASSED

Tax on liquor-by-the-drink passed in the first days of the special legislative session.

Measure (HB 3) will place a 10 per cent gross receipts levy on sales and service of mixed drinks in bars and private clubs. Cities

and counties each will get 15 per cent of the revenue collected within their boundaries.

Bill also boosted the tax on liquor from \$1.68 to \$2 a gallon and upped the wine gallonage tax depending on strength of the wine.

Beer tax on July 1 will go up from \$4.30 to \$5 a barrel. This rate supercedes the \$6 a barrel ordered in the regular session omnibus tax bill (HB 730).

About \$28 million in new revenue for the next two years is expected from the bill.

COURTS SPEAK

Clark's discount house in Abilene cannot legally arrange with an allied concern (Sundaco Inc.) to offer Sunday sales in its store, State Supreme Court ruled.

High Court also reversed and sent back for a new trial a Dallas auto accident case where the jury returned two different verdicts as to which driver failed to yield the right-of-way.

Court of Criminal Appeals, reversing a Galena Park robbery by assault conviction, held that jurors are not qualified without expert advice to decide whether signature of a defendant is the same as that on criminal records.

A San Antonio man's claim that removal of a bullet from his back was an illegal search because the surgeon turned the slug over to a policeman was overruled by Court of Criminal Appeals.

AG OPINIONS

A called session of the Legislature cannot pass a legislative redistricting bill, Atty. Gen. Crawford Martin said in a recent opinion. Martin held that unfinished Senatorial reapportionment must be accomplished by a five-member committee of state officials.

In other recent opinions, Martin concluded that:

"Taxing authority of a junior college district is specified by the Texas Election Code, regardless of whether the board of trustees of the district is also board of trustees of the independent school district. If a separate board of trustees is created for the junior college district, it would have control and management of all district property but only such control over school district property as the district board agrees to."

"Alcoholic Beverage Commission has no authority or jurisdiction to regulate beer sales by vendors who sell from ship's chandlerage under U. S. Customs bond."

"State Treasurer will receive fines collected in district court for violation of the Texas Motor Carrier Act, and neither district attorney nor district clerk may retain a percentage."

"A bill providing for establishment of a schedule of abused drugs by rule of the State Board of Pharmacy and for dispensing of drugs is constitutional."

AIR PERMITS NECESSARY

A new law provides that any company planning to construct or modify a facility which may emit air contaminants must get a construction permit from the Air Control Board.

If a construction permit is granted, the facility must also have a permit to operate before going into actual operation.

Air Control Board will formulate procedures for implementation of the permit system.

MH - MR GRANTS APPROVED

Board of Mental Health and Mental Retardation approved \$260,795 in supplemental grants for improving MH-MR facilities.

Grants went to Abilene Area MH-MR Board of trustees, \$34,581; Bell County, \$15,000; Dallas County, \$26,593; Lubbock County, \$10,000; Midland, \$13,176; Austin-Travis County, \$43,100; Galveston County, \$12,826; Brownwood, \$5,000; Nueces County, \$10,000, and Harris County, \$125,000.

Silverton To Reap Benefits Of New "Conquistadores Trail"

SILVERTON, Texas (Special)— Silverton this year will begin reaping the benefits of new national status as a prime tourist destination because of its location on the Conquistadores Trail.

The trail, a 4,000-mile designation through the western two-thirds of Texas, New Mexico, and Arizona, is the seventh in the system of regional Heritage Trails established under the aegis of the American Petroleum Institute.

A \$100,000 promotional fund is being used to acquaint American motorists with the tri-state trail.

Adding to it are the three major highways: the A.P.I. Eastman Kodak International Airways, Six Flags Over Texas, Budget Rent-A-Car, and Rodeway Inns. Also, the Texas Highway Department's Judge Roy Bean Visitor Center at Langtry, Big Bend National Park, Amistad Reservoir and Brackettville's Alamo Village.

Also, the Texas Hill Country, Padre Island National Seashore, Presidio La Bahia at Goliad, Gonzales, Aquarena Springs and Wonder World at San Marcos, LBJ National Historic Site, and the Highland Lakes.

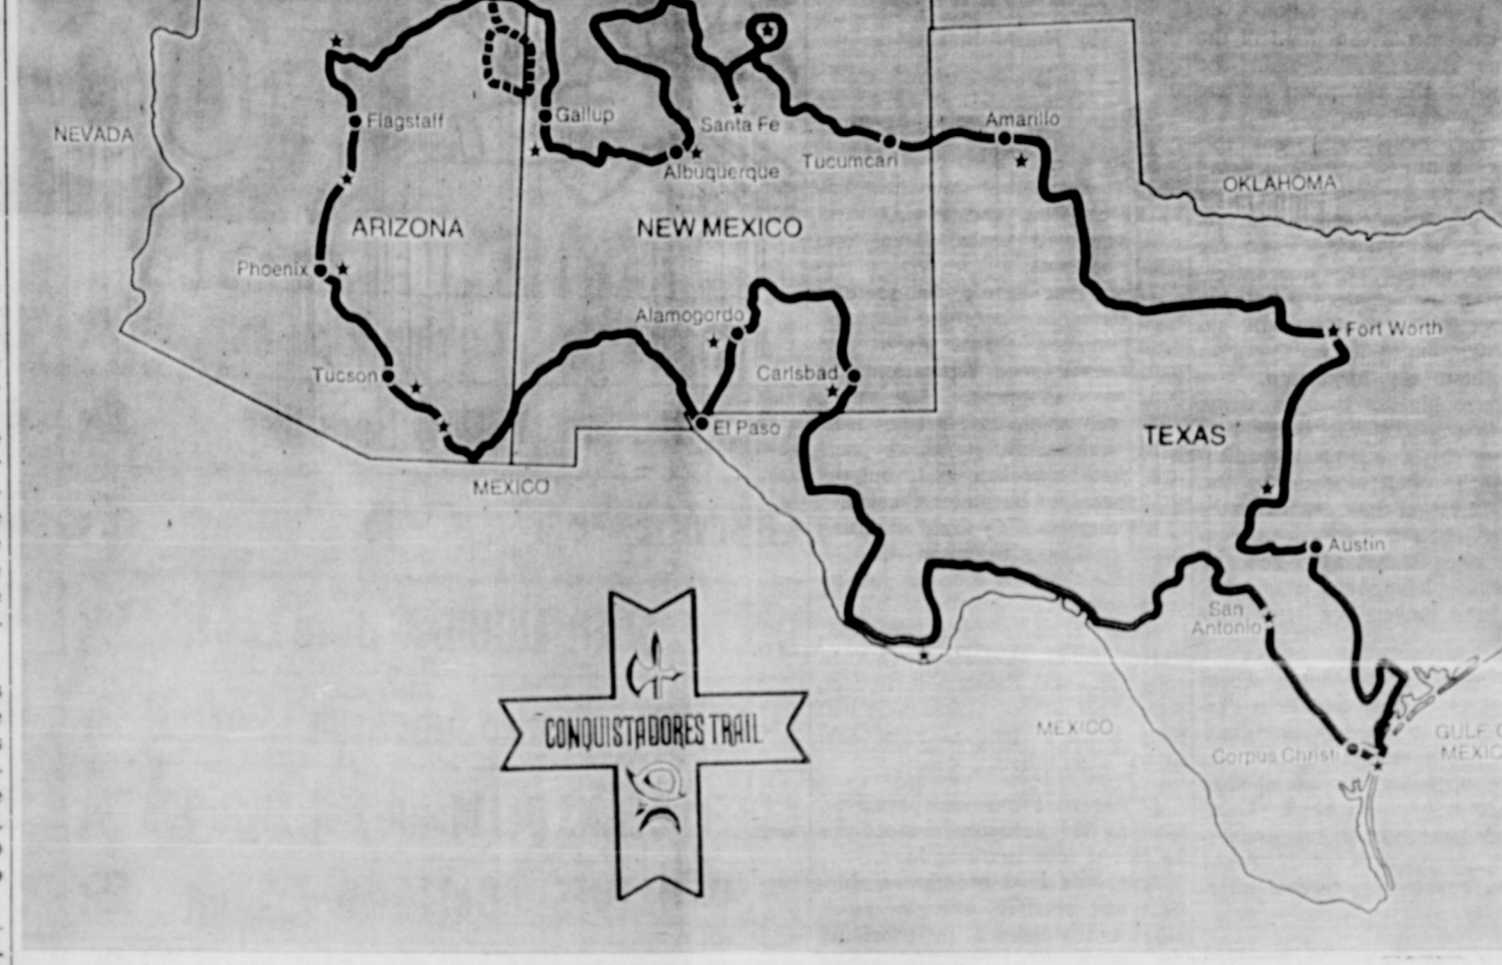

Also, the new Dinosaur State Park at Glen Rose, Six Flags Over Texas, Chandor Gardens at Weatherford, Fort Richardson State Park at Jacksboro, the scenic Tule Canyon drive through Briscoe County, Palo Duro Canyon State Park and the outdoor drama, "Texas!"

"The Spanish Conquistadores (conquerors) were the first white men to see many of these sites during their 16th and 17th Century explorations of Texas and the Southwest," Hildebrand noted.

"Thus it seemed appropriate to dedicate this exciting new trail to their memory."

The Conquistadores Trail is expected to complement the four-year-old system of Texas Travel Trails since it crosses, and follows, segments of eight of them: the Mountain, Pecos, Hill Country, Tropical, Independence, Lake, Forts and Plains Trails.

Hildebrand said that nearly two-thirds of available promotional monies are being invested in production of a color film, A Trail For All Seasons. Produced in both

35mm and 16mm versions, the film will be released through movie houses and television by early autumn. It will highlight major attractions throughout the tri-state region.

Already released is a descriptive 16-panel pamphlet in four colors. It features San Jose Mission National Historic Site in San

Antonio, on its cover. Interior Texas as photos depict Padre Island National Seashore, Big Bend National Park, the Highland Lakes, and Six Flags Over Texas.

Major distribution of the 500,000 copies initially printed is being made through nationwide American Automobile Association offices and oil company tour offices.

The trail is also being promoted through a colorful eight-foot exhibit in the Discover America Showcase. The showcase, under auspices of the Discover America Travel Organizations, Inc., is appearing in 36 covered mall-type shopping centers through Mid-America this year.

Mr. and Mrs. Jesse A. Davis and son of San Bernardino, California, have been visiting his brother and sister-in-law, Mr. and Mrs. Jeff Davis, other relatives and friends in Silverton.

OES Grand Officers To Be Honored

LaVerne Long, member of the Committee on Library Research, and Glen Lindsey, Founder's Day Committee, both of the Grand Chapter of Texas, Order of the Eastern Star, will be among those honored at a tea given by the District 2, Section 3 Line Officers' Club from 3:00 until 5:00 p.m. Sunday, June 27, in the El Centro Room of the City National Bank in Plainview.

Worthy Matrons and Associate Matrons will receive guests. Junior Past Matrons have been invited to assist with registration, and the Conductresses are to assist with serving and other hospitalities of the tea.

All of the line officers and honorees are to be in formal attire.

PAINFUL CORNS?
AMAZING LIQUID RELIEVES PAIN AS IT DISSOLVES CORNS AWAY

Now remove corns the fast, easy way with *Arthritis Pain Formula*. It relieves pain instantly, works below the skin line to dissolve corns away in just days. Get *Arthritis Pain Formula* at all drug counters.

Arthritis Sufferers:
WAKE UP WITHOUT ALL THAT STIFFNESS!

New formula for arthritis minor pain is so strong you can take it less often and still wake up in the morning without all the pain's stiffness. Yet so gentle you can take this tablet on an empty stomach. It's called *Arthritis Pain Formula*. Get hours of relief. Ask for *Arthritis Pain Formula*, by the makers of *Anacin*.

Install GAS air conditioning?

The cool choice of quality . . . Gas air conditioning. It's built ruggedly, made to last with fewer major moving parts and no compressor to break down or wear out. It's run by a steady, clean blue flame. You save on repairs and get years of service from a quality system that cools your whole house quietly and efficiently throughout its long life. And it not only cools, it also filters the air to reduce dust and pollen. Gas air conditioning . . . the quality one which normally costs the least to operate.

So, be cool. Call Pioneer Natural Gas Company. It costs nothing to get a complete survey of your home or business.

You should be so cool!

STORM WARNING SYSTEM

When a tornado alert is issued for the Silverton area by the Weather Bureau, four or more blasts of the fire alarm will be heard. At the same time, the tornado warning air horn will be sounded at short intervals and the new warning devices will be operated on their siren sound. This warning should alert residents to watch the clouds and be prepared to move to a place of safety.

TAKE COVER

If hooks, funnels or tornadoes are sighted which are considered by the Weather Bureau, DPS or private citizens to be potentially dangerous to the City of Silverton, the fire alarm and air horn will be sounded with a continuous blast and the "yelpers" will be operated. This will warn residents not only to watch the clouds but also to move to a place of safety.

FIRE ALARM

The fire siren sounded three times means there is a fire. One blast of the fire siren is used to call firemen to practice on the first and third Thursdays.

HEARING AIDS

Licensed under patents of American Telephone and Telegraph Company, Western Electric Co., Inc. and Bell Telephone Laboratories, Inc.

restrictions on swine movements in Texas placed in effect March 29, to control hog cholera.

The new order became effective May 28, and it will remain in effect until further notice.

All previous restrictions on swine movements contained in the previous order will remain the same, with the exception of one additional restriction.

The new restriction order will require holding all purchased swine for 30 days at the premise of the purchaser, and no movement will be allowed except for slaughter during the quarantine.

If swine are apparently healthy, this premise quarantine will automatically expire after the 30th day without any inspection.

It is strongly felt that extending quarantine control will bring Texas closer to the complete eradication of the cholera virus by the Dec. 1972 target date. Although 22 cases of cholera have been confirmed since March 29, none of these cases have been connected with swine movements after that date.

Five counties — Denton, Freestone, Wise, Parker and Palo Pinto— have been completely released from federal quarantine, according to Bailey. He added that Potter County had been placed under federal quarantine. Originally, all or portions of 33 Texas counties were under federal quarantine.

All swine can be moved, provided that proper inspections and permits are acquired.

Swine moving to slaughter can be transported to packing houses or public markets without inspection or written permits. Once at the market, they can't be legally sold as feeders.

Swine can be moved for exhibition purposes on permit from the Executive Director of The Texas Animal Health Commission. Hogs going to shows must be inspected on the farm, earmarked or tagged, and accompanied by the permit.

Special breeder or feeder sales must be cleared with authorities in the animal health commission. Written permission can be granted with certain requirements, including on the farm inspection.

Swine may be moved one time with no diversion enroute from one farm to another if they are inspected on the farm and moved under permit.

The old salvage procedure, where producers could remove apparently healthy animals from their infected or exposed herds, had been abolished in the previous quarantine order.

The Animal Health Commission warns that any person violating the statewide quarantine is subject to punishment by fines.

Following is a list of Texas Animal Health Commission Inspectors in our area.

Keep it cool, keep it clean and keep it covered! Follow these rules in handling and storing meat and you will insure flavor and wholesomeness.

First, you should be familiar with the store where you shop and brand names. Select stores and names with good reputations for your meat shopping.

As you shop, be alert to packaging conditions. Reject a package that is broken, wet, bulging or appears to be under tension.

It's important to avoid exposing meat packages to warm air. Refrigerate them as soon as you return home.

Many bacteriologists say that "Life begins at forty." By this, they mean 40° Fahrenheit. In fact, meat held at 40° Fahrenheit will keep twice as long as meat held at 50° Fahrenheit.

At even lower temperatures, such as 32° Fahrenheit, meat can be stored four times as long.

America's food processors, shippers and retailers exercise much care and diligence in providing the nation with a bountiful supply of nourishing, high-quality foods. And homemakers, too, have a responsibility to protect and preserve the quality of this food supply.

It is a good idea to carry your insulated ice chest in the car when you go grocery shopping. Store the items which should be kept cold in the ice chest. Then if you are delayed, you don't have to worry about the groceries.

CORN IRRIGATION GUIDES AIRED

Timely irrigations on corn can mean extra bushels at harvest and often more production per acre-inch of water.

Corn irrigations should be applied with the plant's seasonal water use pattern in mind. Irrigation during high water use stages of growth contribute heavily to high corn yields. Only slight increase in yields is obtained during growth stages requiring less water.

Generally, irrigation should begin at the six-to-eight leaf growth stage. The water requirement is normally about one-inch every ten days by this stage and increases rapidly as growth continues. Irrigations prior to six leaves often produce rapid vegetable growth that results in a large, more lush plant early in the season. Such plants may require more water later in the season for grain production. Larger plants can increase the amount for demand for irrigation water that is already limited on many farms.

Corn has a high water requirement from just prior to tasseling through the dough stage of grain development. Adequate moisture is especially vital to the corn plant during this period. Water use can be four-to-five inches during tasseling and silking, especially when temperatures are high. Irrigations should be keyed to this growth period.

Leon New of Lubbock, Area Irrigation Specialist with the Texas Agricultural Extension Service, and Mack Heald, Parmer County Agricultural Agent, conducted corn irrigation studies last year on the Aubrey Heathington farm that supports this information. There was no yield increase from an irrigation applied at the six-leaf stage when the last of five additional alternate furrow irrigations was applied during the early dough stage about August 1. However, the application of six additional irrigations so that the last irrigation occurred during the dough stage on August 15 brought a 15 bushel per acre yield increase.

Slight yield increases can be obtained if the first irrigation is at the six-leaf stage and optimum soil moisture conditions are maintained through grain development.

Such an irrigation program may be profitable where the irrigating capacity is sufficient to irrigate frequently enough to maintain these moisture levels throughout the later stages of plant development. The big yield boost comes from irrigations at tassel, milk and grain filling.

GAS LIGHT, #300 BLACK-#325 WHITE
Cash price \$60.41
*Budget price \$73.08
Budget terms \$2.03 per mo. for 36 mos.

Prices include normal post-type installation (up to 50 feet of line) and 4.25% sales tax. *Budget terms are available at 12.75% annual interest on declining balance.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor.

Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

SAVE \$28.50 BY BUYING A PATIO PAIR.

	Cash Price	Budget Price	Budget Terms
Gas Light #300 or #325 AND . . .			
Master Chef (AMK)	\$120.88	\$145.16	\$4.06/36 mos.

New Eastern Star Officers Are Installed Here Friday Night

Officers for 1971-72 were installed by Silverton Chapter No. 900, Order of the Eastern Star, in spite of the rain, wind and threatening weather Friday night, June 11.

Serving as installing officers were Dorothy Bomar, Installing Officer; Elaine Forbes, Installing Marshal; M. G. Moreland, Installing Chaplain; Carolyn Montague, Installing Organist, and Lula Bellinger, Secretary Pro-Tem.

Included in the new corps of officers are Mary Ann Sarchet, Worthy Matron; Charles Sarchet, Worthy Patron; Lois McKenney, Associate Matron; Charlie Parker, Associate Patron; Lola Mae Stephens, Secretary; Carolyn Self, Treasurer; Pat Whitfill, Conductress; Grace Vaughan, Associate Conductress; Margie Moreland,

Chaplain; Ola Ziegler, Marshal; Frances Crass, Organist; Merlene Stephens, Adah; Betty Smith, Ruth; LaVerne Long, Esther; Lillian Lindsey, Martha; Daisy Burson, Electa; Fern Parker, Warder and Leavie Cherry, Sentinel.

The new Worthy Matron has chosen "Love One Another" as her motto, and the rose as her flower. The colors she has chosen are gold, silver and apricot, and her emblem is The Star in The East. Her chapter mother is Mae Bomar, and her year of service is dedicated to the Past Matrons and Past Patrons of Silverton Chapter No. 900.

Special guests introduced by the new Worthy Matron were members of her family, Mr. and Mrs. J. M. Hill, Mr. and Mrs. Jim Hill,

Bill To Exempt Drivers Of Farm Transportation

The Department of Transportation will delay putting its regulations concerning farm truck drivers and safety requirements into effect until December 1, 1971. Earlier, farmers had been able to secure an extension from January 1, 1971 until July 1, 1971.

One of the proposals would prohibit drivers under 21 from operating farm trucks. The requirements of medical and physical examinations are considered unnecessary and, of course, will work a hardship on Texas farmers who must rely on part-time drivers during peak workload seasons such as harvest.

ers of farm trucks from the Department of Transportation's regulations was introduced by Congressman James Abourezk of

FARMERS UNION OPPOSES PROPOSED INCREASE IN SECOND CLASS POSTAGE

The Farmers Union has urged the Postal Rate Commission to turn down a proposed increase in second class postal rates.

Dr. Weldon V. Barton, assistant national legislative director of the Farmers Union, said in testimony before the Commission that increasing second class postal rates would threaten the existence of small town newspapers. But in addition, he said, it would also "combine with other forces working to stagnate rural America."

Loss of weekly newspapers and other printed information sources

that move through the mails "would serve to drag down and frustrate efforts to upgrade health, transportation, employment, education, and other activities essential for rural revitalization," Barton said.

Furthermore, he urged that rates on other classes of mail not be increased in order to absorb the deficit that will result from maintenance of current second class rates. "Instead," he said, "Farmers Union urges that —after the Postal Service makes every effort to secure financial savings by squeezing out operating inefficiencies — the deficits be allowed to accumulate so as to encourage remedial amendment of the 1970 Postal Reorganization Act."

"Over the long run —as deficits accumulate— Farmers Union recommends amendment of the 1970 Act to authorize continued subsidization out of general revenues of the federal government for essential mail and other information-communication services. We are convinced that efficient and inexpensive mail service to all areas of the nation is related to the public interest in a way that fully justifies the subsidization out of general tax revenue that is required to secure this objective."

Jay Naman, president of the Texas Farmers Union, said in Waco that the rural people of Texas have an important stake in maintaining a strong rural press. He said, "We see blocking this effort to increase second class postal rates as an essential aspect of our effort in behalf of rural development. There is a growing commitment of the nation that we must stop the senseless migration out of our small communities and rural areas, and into the nation's overcrowded and congested cities. The loss of smalltown newspapers would be only one more factor that would hinder efforts in this direction."

* 4-H DOINGS

The fourth year 4-H Clothing Class met Tuesday, June 15, in the home of Mrs. John T. Francis. Mrs. Riley Ziegler told the girls how to take the Proper Care of Their Hair. Naomi Hunt showed the girls how to make their lingerie. The girls have completed their third activity, and gave reports on these.

Celia Martin chose "Personal Appearance" and "An Effective Individual" as her second and third poster talks. Becky Francis gave her talk on "Personally Me." Mary Chris Cantwell chose "Fashion Trends" and Lesa Francis chose "Dressing Appropriately."

Becky was in charge of entertainment, and Celia served refreshments.

☆ ☆ ☆

The fourth-year clothing class met Tuesday, June 8, in the home of Mrs. John T. Francis. Mrs. Jack Sutton gave a very interesting lecture on "Proper Care of Your Skin." Becky Francis gave a poster talk on "Personal Appearance." Mary Chris Cantwell chose "Colors for You" as the topic of her poster talk, and Lesa Francis spoke on "Accessories and Their Use."

Mary Chris served refreshments and Lesa was responsible for the entertainment.

Those present were Becky Francis, Mary Chris Cantwell, Lesa Francis and Celia Martin.

John Lee Francis is a patient in Central Plains Hospital in Plainview.

Mrs. Carol Davis, Alex and Max of New Leno, Louisiana are here visiting relatives for two weeks.

OPEN AIR REVIVAL
JUNE 20 - JULY 4
ASSEMBLY OF GOD
Evangelist Larry Maddox & Family
Services Begin 8:00 p.m.

Brad and Brian, all of Tulsa; and Mrs. Dessie Graves, a member of the Lockney Chapter, who is the mother of Betty Smith.

Past Matron's and Past Patron's jewels were presented by Pat Whitfill to the Junior Past Matron and Patron, Elaine Forbes and Homer Stephens.

Following the singing of the closing ode and repeating of the Mizpeh Benediction, the officers presented their closing drill.

Margie Moreland, LaVerne Long and Lillian Lindsey were hostesses for the reception which followed the installation service. The refreshment table was covered with a white lace cloth. Centerpiece was an arrangement of orange roses, a gift from the Worthy Matron's parents, in a crystal and gold container flanked by matching candle holders which held gold tapers. Orange fruit punch, orange and white star-shaped mints and an assortment of pastries were served.

Members of the decoration committee for the installation were Lula Bellinger, Frances Crass and Weta Hill. Guests were registered by Pat Whitfill.

TEMPER!
TEMPER!
TEMPER!

Children often resolve their differences with a show of temper. Upon reaching maturity, however, they have usually learned there are other means of settling disagreements.

Dissension occurs in most of our lives on an annoyingly regular basis. We must learn to deal with it whether on a small or large scale. One of the great advantages of being an American is our right to disagree—with the opinions of others, local issues or national policies. We also have a responsibility, however, to disagree in a mature and orderly manner. An excellent and time-proven method available to us is to speak out through our elected representatives by exercising careful judgment before casting our vote.

Let's reserve the shows of temper for children. As mature, free-thinking citizens, we can resolve our differences within the system we have created and help to build a STRONG AMERICA.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal — that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

The Purpose of This Meeting Is To Vote on Proposed Amendment To By-Laws Concerning Directors.

First State Bank

Rains Help, But Drouth Remains

COLLEGE STATION, Tex.—Rains have materially improved moisture conditions in Texas but there is still a lot of dry country in the state, Director John Hutchison, Texas Agricultural Extension Service, says.

Generally, he said, heavy rains have been of short duration and usually accompanied by hail and winds and the runoff has been heavy.

Stock tanks have benefitted with many counties in the drier areas reporting the first tank filling rains for many months. Ranges are expected to respond and dryland crops in the favored areas can now be planted, the director said. The wheat harvest around Vernon was stopped by the rains.

District agricultural agents gave these appraisals:

Panhandle: The heaviest rains were in the north and northwest counties. Some hail was reported. It is still very dry and the need for general moisture continues. Irrigated cotton around Dimmitt, Hereford and Farwell made good growth. Ranges are poor. Cattle are in fair to good condition.

South Plains (Lubbock): General rains will permit wide-spread planting of dryland cotton. Some replanting will be necessary. About 95 per cent of the cotton north of Lubbock has emerged and is making good progress. About 25 percent of the acreage south of Lubbock has been planted and the moisture will permit a rapid completion. Grain sorghum is making good progress. Dryland planting will be pushed as fields dry out. Rains improved stock water and ranges.

Rolling Plains (Vernon): Rain up to eight inches stopped the wheat harvest, now 40 percent complete. Yields are four to twelve bushels an acre on the limited acreage being harvested. Cotton and sorghum planting will increase. Ranges and stock water improved in a few counties. Generally much more rain is badly needed.

North Central: Areas near Fort Worth, Denison and Ennis reported adequate moisture. All others are still short. Showers have been spotted. Wheat yields are surprisingly high, ranging up to 25 bushels. Oat yields range from 20 to 30 bushels. Much acreage of both crops was either grazed out or baled. In the Blackland area, 95 percent of the cotton is up. Little

has been planted in the western counties. Ranges are improving but need more rain. Grazing is short. Stock water is low in some counties. Cattle marketing has been heavy in local areas.

Northeast: Moisture is generally short although showers up to an inch fell. Pastures are below normal and hay prospects are poor. Rain is 10 to 12 inches below normal for the year. Livestock are in fair to good condition.

Christian Asks For Governor's Veto

Rep. Tom Christian of District 75 in the Texas Panhandle has requested that Governor Preston Smith give consideration to a line item veto of the appropriated \$200,000 for defense of the legislative re-districting bill.

In a letter to the Governor, Christian urged Governor Smith to veto H. B. 783, the legislative reapportionment act passed by the House and the Senate during the just completed 62nd Session of the Legislature. Christian requested the veto on the basis of the bill's violation of the one man - one vote concept set forth in Baker vs. Carr.

Christian stated, "This bill does not provide single member districts and . . . does not provide districts that are compact, contiguous and of common interest. In light of the Mississippi 'single member district' ruling handed down by the Supreme Court, I urge you to take a second look at this measure."

He continued, "It seems grossly unfair that the citizens of Texas are being asked to waste their tax dollars to defend a piece of legislation that in many cases destroys their representation."

The legislative reapportionment plan, designed by Rep. Delwin Jones of Lubbock under the guidance of House Speaker Gus Mut-scher, has already been challenged in the Midland courts in suit brought by Rep. Tom Craddick. It is speculated that other suits will follow in Dallas, Harris and Bexar counties where legislators must run at large.

Robert Youngquist of Lubbock is spending a month with his grandparents, Mr. and Mrs. Ewing Vaughan, and is helping his grandfather in the field.

Virginia May has been listed as a patient in Swisher Memorial Hospital this week.

Dual Golden Anniversaries Make 1971 Special 4-H Year

This year marks the dual golden anniversaries of National 4-H Congress and the National 4-H Service Committee which supports the youth organization in many ways.

As the National Committee completes 50 years of service to 4-H, it also begins its second half-century under new leadership. Blaine J. Yarrington, president of American Oil Company, Chicago, (right) is the recently elected president of the Committee. Joining him in recognition of the dual anniversaries is Norman C. Mindrum, National 4-H Service Committee director.

During this anniversary year, more than 200,000 4-H members are expected to be recognized for their accomplishments. Honorees selected by the Cooperative Extension Service from city and suburbia as well as rural areas will earn county medals. And 1,300 of them will receive expense-paid trips to the 50th National 4-H Congress in Chicago, Nov. 28 - Dec. 2.

Topping the list of other coveted awards are some 265 educational scholarships valued at more than \$179,000. Grants range from \$100 to \$1,600 each.

Making it all possible are 55 corporations, foundations and individuals which contribute

some \$1.4 million to 4-H through the National 4-H Service Committee, Chicago. In addition to recognition, these donors also give added support to 4-H through assistance with publications, visual aids, leader training, career exploration and public relations.

Donors that have supported 4-H programs on a national basis for more than 40 years are International Harvester Company, Montgomery Ward, Kerr Glass Manufacturing Corporation, The Sears-Roebuck Foundation and Wilson & Co., Inc. Four railroads also have pioneered in the support of informal education, incentives and recognition in their service areas. They are The Milwaukee Road, Burlington Northern Inc., Chicago and North Western and The Santa Fe Railway System.

Adding support to the 4-H educational program during the 1930's were Westinghouse Electric Corporation, Livestock Conservation, Inc. and Mrs. Charles R. Walgreen. And in the early 1940's, the list of 4-H donors grew rapidly. The Firestone Tire & Rubber Company, American Oil Foundation, General Motors, The Conrad Hilton Hotel and Simplicity Pattern Co. Inc. joined in the sponsorship of 4-H programs through the National 4-H Service Committee.

You can't live on love forever.

Okay, you're young. You've got all the love in the world and you're doing your best to live on it. Retirement? That's for when you're old, right?

It's for when you're old if you can afford it.

The kind of retirement you're after isn't the typical rocking-away-on-the-front-porch variety. You probably picture yourself taking extended vacations, pursuing hobbies, or buying that forty acres and living off the land. Pipe dreams? Not if you prepare now.

There's an easy, painless way to

make your retirement dreams a reality. Join the Payroll Savings Plan where you work. That way, an amount you specify will be set aside from each paycheck and used to buy U.S. Savings Bonds. It's an easy way to save.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds.

Now is the time to start saving. Money's a nice thing to have while you're living on love forever.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with The Department of the Treasury and The Advertising Council.

"Those who expect to reap the blessings of freedom must undergo the fatigue of supporting it."

Thomas Paine Sept. 12, 1777

This sign can be irritating on occasion because it slows us down, but most of us realize it has been put there for our protection. We know that to avert a possible misfortune, we must come to a complete halt, look in all directions, and proceed when the way is clear.

Wouldn't it be a good idea if we observed a mental "stop-sign" before exercising our right to vote? Let's take a little time to examine the issues before making a decision which might affect our entire way of life. After giving some thought to all the aspects, we can feel more secure that ours is the right choice.

Remember—it is our right to vote; it is our duty to stop and think before we do. A wise decision helps to build a PROSPEROUS AMERICA.
