MAX D. GARRISON

Garrison Receives Vet Degree At A & M

Max Dee Garrison of Silvertown was among 126 students in Texas A&M University's College of Veterinary Medicine awarded the Doctor of Veterinary Medicine degree in College Station Friday night, August 6.

Garrison, son of Mr. and Mrs. Pascal Garrison of Silvertown, will enter practice as a feedlot veterinarian for Producers Grain Corporation in Plainview. He is a graduate of Silvertown High School and is married to the former Kay Strange. They are parents of two sons.

Congressman Graham Purcell of Wichita Falls gave the commencement address. Others on the program were A&M Board of Directors Chairman Clyde Wells of Granbury and A&M President Jack K. Williams.

Dean A. A. Price noted the three-year professional college has one graduation exercise each year, following the third trimester in August.

Texas A&M has the nation's largest veterinary medicine college and produces 10% of the DVM graduates in America.

Among those attending the graduation exercises in College Station were Mr. and Mrs. Pascal Garrison, Mr. and Mrs. Norman Strange, Mr. and Mrs. Gordon Lowrey and Mr. and Mrs. George Seaney.

PEACE OFFICER TRAINING IS STIMULUS TO PURSUE FURTHER ACADEMIC WORK

Peace officer training by the Panhandle Regional Police Academy, Amarillo, is serving as a stimulus for trainees to pursue further academic work, according to a quarterly report on the project made public today.

The training is offered by the academy under contract between the Panhandle Regional Planning Commission and Amarillo College. The current year's operation, with a \$17,850 grant from Governor Preston Smith's Criminal Justice Council.

During the quarter ended June 30, basic law enforcement training of 160 hours was given 23 students.

Specialized training in such areas as Narcotics and legal matters, inservice training for sheriffs and a bomb conference was given 117 peace officers.

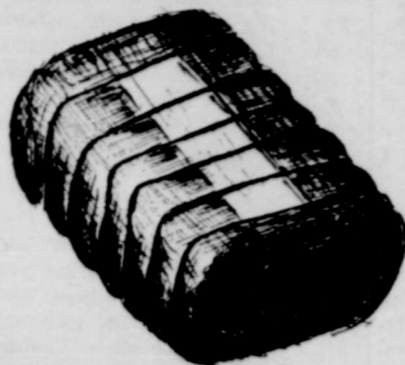

All training by the academy is available to all peace officers in the 25-county Panhandle Region, which includes Briscoe County.

Because of the college setting for most of the classes, a number of participants are showing interest in taking additional academic courses at the college, according to the report.

As a result, it is suggested, the training program will yield secondary benefits in the general upgrading of law enforcement personnel in the Panhandle Region.

Mr. and Mrs. Van Breedlove of Lewisville have been visiting Mr. and Mrs. Fred Brannon and Butch and other relatives while here to be at the bedside of his father, Frank Breedlove, at Central Plains Hospital in Plainview.

School Homecoming Slated This Saturday

New Coaches for Silvertown Schools are Assistant Coach J. B. Carter, Head Coach and Athletic Director Eugene Jennings and Coach Joe Holland. The Owl football team will report for workouts in pads Monday morning. (Briscoe County News Photo)

School Registration Begins Here Tuesday

Silvertown High School students will register on Tuesday, August 17, for the new school term. The following schedule will be followed:

Freshmen	9:00 a.m.
Sophomores	10:00 a.m.
Juniors	1:00 p.m.
Seniors	3:00 p.m.

Classes for all students will begin Wednesday, August 18, at 8:40 a.m. Buses will run their regular routes and the lunchroom will be open.

Elementary students will register at 8:40 a.m. August 18.

Teachers report for duty on Monday, August 16 at 9:00 a.m.

Ten in-service days for the teachers have been set aside during the school year. The first semester is scheduled to end before Christmas, with semester tests to be given December 21-22. The second semester is to end with tests May 16-17, and the high school graduation is scheduled for May 19, 1972.

Student holidays will be:

September 6	Labor Day
November 19	In-Service Day for Teachers
November 25-26	Thanksgiving
December 23-31	Christmas
April 3-4	Easter
April 5-7	In-Service Days for Teachers
May 18-19	In-Service Days for Teachers

School will be out May 17.

1971-72 FACULTY

First Grade:	Mrs. Ruby Steele
	Mrs. Letha Elms
Second Grade:	Mrs. Jessie Bomar
	Mrs. Bobbye Bean
Third Grade:	Mrs. Annell Davis
	Mrs. Pearl Holt
Fourth Grade:	Mrs. Norma Payne
	Mrs. Rita Mullin
Fifth Grade:	Mrs. Jessie Watson
	Mrs. Dorothy Crabb
Junior High:	Mr. Duane Reynolds
	Mrs. Pauline Turner
	Mrs. Nina Martin

New Annuals Here

The 1970-71 Owllets have arrived and can be picked up at the home of Sue Lynn Allard, 1102 Pulitzer. Receipts are required in order to obtain your yearbook. A few 1969-70 Owllets that were left may also be bought. Pictures taken throughout the school year will be sold.

The annuals may be picked up anytime between 2:00 and 7:00 p.m.

Float Entries Sought For Rodeo Parade

Float entries are being sought for the rodeo parade to be held in Silvertown August 12.

Please contact Jimmy Myers to enter floats in the parade.

Cards Locked In New Jury Wheel

In a brief ceremony preceding the regular meeting of the Briscoe County Commissioners' Court on Monday, August 9, the cards were placed in the jury wheel as the final preparation for the current terms of the courts. The law requires that the sheriff, tax assessor-collector and the district clerk be present when the cards are locked in the jury wheel, but since this was a "first" for Briscoe County, it was considered appropriate that the Commissioners' Court also be present for the ceremony.

In the future, petit juries in Briscoe County will be picked from the jury wheel instead of being selected by a jury commission as has been done in the past. Senate Bill No. 369 which was passed during the last term of the State Legislature requires the use of the jury wheel in all counties in Texas.

A jury wheel of 2000 card capacity was recently purchased by Briscoe County, and the names of all persons on the current voter registration list were copied on cards of uniform size and color to be placed in the jury wheel. There are presently 1259 registered voters in Briscoe County.

Mr. and Mrs. Gordon Lowrey, Angela and Shavonne have been vacationing in South Texas and at Six Flags this week.

Mrs. Ella Fay Atkins and daughter, Carol, of Lancaster, Mrs. Alma Riddell of Grand Prairie, and Remus McMinn of Grosebeck had supper and spent Monday night with Mr. and Mrs. Bud McMinn. Mrs. Atkins and Mrs. Riddell are sisters of Bud McMinn, and Remus is his cousin. Others visiting in the McMinn home were Mr. and Mrs. Albert Mallow and Johnnie Lanham.

The Silvertown School Homecoming will be held Saturday, August 14, with registration beginning at 9:30 a.m. in the high school building. There will be a business meeting and program, and lunch will be served in the school cafeteria.

The hospitality committee will greet guests, serve coffee and will conduct tours of the new and remodeled school facilities.

Due to increased postage costs, letters concerning the homecoming are not being sent to ex-students and ex-teachers who live here.

Before school was out in the spring, the school board voted to allow the FBLA (Future Business Leaders of America) to purchase a standing album in which to place the old and future graduating class pictures. The album is located in the front hall of the high school building. To be placed in the standing album, it was necessary to reduce the size of the original class picture plaques which have hung in the hallways of SHS for many years. At this homecoming, the original class picture plaques will be sold at auction to help defray the expense of the new album.

Earl Cantwell will conduct the auction.

Pat Northcutt will be master of ceremonies for the Homecoming program. The Homecoming Queen will be presented, and recognition will be made of the eldest ex in attendance and of the one traveling furthest to attend.

A welcome statement will be made by Trent Brown, president of the Silvertown High School Student Council. Members of the Student Council for the 1971-72 school year will be presented.

The cheerleaders for this year will be introduced, and will close the program by leading the group in singing the SHS alma mater.

If you want to avoid having to answer future questions regarding your appearance in your class picture, you may want to be on hand early for the auction, to make sure that you buy the class plaque so you can store it away where no one will find it. This thought was interjected by an SHS graduate of X years ago, who also says the auction promises a lot of fun and entertainment for all.

Miss Debbie McMinn and her friend, Mr. Richie Hubbard of Lubbock, spent a recent Sunday with her grandparents, Mr. and Mrs. Bud McMinn.

Mr. and Mrs. Max Garrison and sons have been visiting relatives and friends here this week while locating a house and preparing to move to Plainview.

Mrs. Riely Yates was returned to the hospital Monday night.

Mrs. J. W. Brannon continues to receive treatment at Swisher Memorial Hospital in Tulsa.

Dress Code Announced For Silvertown Schools

The code for appearance and dress of students in the Silvertown Public Schools was revised by the board of trustees on August 9, 1971. The dress code now reflects the following provisions.

FOR GIRLS

1. Skirts will be no shorter than the tip of the longest finger while standing in a normal position.
2. Shorts of any kind are not allowed; this includes "hot pants" or anything else that looks like shorts. Pant dresses giving the appearance of being shorts will not be acceptable.

FOR BOYS

1. Boys are expected to keep their hair short enough that it does not come down to the eyebrows in front, down to the ears on the sides or down to the collar in back.
2. Sideburns are not to be lower than the lower part of the ear.
3. Mustaches and beards are not to be worn.
4. Socks must be worn at all times.
5. Sleeveless shirts are not to be worn.

GENERAL PROVISIONS

1. Dark glasses are not to be worn inside the building.
2. Shirts or jackets with unofficial lettering or decorations are not acceptable.
3. Shirt tails must be tucked in unless designed to be worn out.
4. Military attire is not acceptable.

Quarterback Club To Meet Monday Night

The Silvertown Quarterback Club will meet at 8:00 p.m. Monday, August 16 in the school cafeteria for election of new officers and to meet the new coaches.

Quarterback Club President Datis Martin urges all members and prospective members to be present. A special invitation is extended to the parents of freshman players.

Bud McMinn and his cousin, Remus McMinn of Grosebeck visited with Joe Mercer, Mr. and Mrs. Alton Steele and Mr. and Mrs. Alvin Redin early this week.

Rainfall has been heavy in parts of Briscoe County during the past week. In the area along the Caprock, rainfall totals have been upward of five inches in places, putting water over the spillways of some of the county's lakes and washing out some earth dams. One dam broke sending down a wall of water that washed out a bridge west of Quitaque on the farm road that leads to Cottonwood Lake. Silvertown rainfall has totaled 1.42 inches since last week.

Riders must present their horse's VEE vaccination certificate at the gate before the horse will be permitted on the rodeo ground during the Silvertown Young Farmers Rodeo to be held Thursday through Saturday. The certificate must be shown at the gate and must be shown again before the horse is admitted into the rodeo arena. It will be advisable for each rider to keep his horse's VEE vaccination certificate with him at all times when on the rodeo grounds.

The County Sheriff and a veterinarian will check each horse that enters the rodeo arena. No exceptions will be made whatsoever.

Silvertown Young Farmers are going ahead with plans for the rodeo and parade during Briscoe County's 79th Birthday Celebration scheduled August 12-13-14. They believe that all horses in the area will have been vaccinated against Venezuelan equine encephalomyelitis (VEE) and cleared for transportation by that time.

Events for the rodeo, being produced by Halliday Rodeo Company of Williamsburg, New Mexico, are Tie Down Calf Roping, Heading and Heeling, Ladies Barrel Race, Bareback Bronc Riding, Bull Riding, Kids Break Away Roping, Wild Mare Race and Calf Scramble.

Admission will be \$1.50 for adults and 75¢ for children.

Fred Strange is rodeo secretary, and can be contacted at 823-2161 or 823-5501 after 6:00 p.m. Books close at 1:00 p.m. August 12. Entry fee must accompany entry, and all must be cash or money orders. No personal checks will be accepted.

RODEO QUEEN

Five girls who are candidates for Rodeo Queen are busy selling tickets to the rodeo. The girl who sells the most tickets will not only be presented as the Rodeo Queen Saturday night, but will also receive a \$50.00 pair of boots for her efforts.

The candidates and their sponsoring organizations are: Debbie Boiling, Southwestern Home Demonstration Club; Susie Parker, Silvertown Young Homemakers; Pam Hutsell, Silvertown Young Farmers; Sharon Jarrett, Silvertown Riding Club, and Ramona Martin, L. O. A. Junior Study Club.

DANCES

Dances will be held August 12-13-14 on the concrete slab at Silvertown Elevators. Jack Daniels and the Western Swing Kings will play for the dances.

BICYCLE DECORATION CONTEST

A Bicycle and Tricycle Decoration Contest will be sponsored by the Briscoe County News as a feature of the rodeo parade for boys and girls. Prizes will be \$10, \$5 and \$2.50.

For the purpose of identification of the winners, each contestant in the Bicycle and Tricycle Decoration Contest will be required to wear a number attached to their left side where it can be seen easily by the judges. These numbers may be had at the News Office until 2:30 p.m. on parade day.

The bicycle and tricycle parade will form at the Silvertown Hotel and west down Seventh Street at 2:45 p.m. on Thursday, August 12.

**Agricultural Loans
Up in Eight Counties**

The Texas Farmers Union governing board has accused the Department of Agriculture of false-ly representing that there is a shortage of cotton.

The eleven-member Executive Committee, meeting in Waco, adopted a resolution condemning USDA for "aiding and abetting the cotton trade" in releasing information that would disadvantage cotton producers in planning for the future.

The resolution stated that present conditions do not justify the expansion of cotton production. It pointed out that the parity price of cotton is in excess of 50c a pound, while the producer is currently receiving less than 50% of

parity. The general farm organization, representing several thousand Texas cotton farmers, protested that textile mill margins indicate increased profits to cotton manufacturers, while cotton farmers are being called upon to sell for less than the cost of production to "preserve markets that are not worth preserving."

"There is no indication that higher cotton prices will put cotton in an unfavorable market position with man-made fibers, and cotton farmers have the responsibility of managing their production so as not to produce in excess of what can be sold at profitable prices," the Farmers Union statement said.

The resolution stated that a "prime function of USDA is to assist farmers in managing their production and to provide accurate information as to supply, demand and commodity pricing." It called upon the secretary of agriculture to direct its officials to "disengage" USDA from the propaganda program in partnership with "organizations that pose as spokesmen for cotton producers but are in fact front organizations for the textile manufacturing and processing industry."

The Farmers Union asked Secretary of Agriculture Hardin to see to it that the officials of USDA carry out their commitments to cotton producers by assisting them in balancing supply with demand. It also asked that USDA's public affairs and educational agencies such as the Extension Service be directed to accurately portray the true facts relative to cotton prices, supply, textile mill profits, and net cotton producer incomes.

In further action, the Texas Farmers Union Executive Committee protested a regulation in the cotton program which reduces payment yield when a cotton farmer loses a crop because of a drought disaster. "The payment yield reduction provision, presently in the law, is 'punitive and discriminatory' when applied to areas which do not produce a crop because of a drought disaster," according to the resolution adopted.

F U Contests USDA

Shortage Claim

Area farmers and ranchers borrowed almost \$80 million from Plainview Production Credit Association during the first six months of 1971, according to James A. Rogers, secretary-treasurer and general manager.

This figure represents an increase of more than \$600,000 over the same period last year.

Texas' 34 Production Credit Associations loaned more than \$448 million in the first half of 1971, an increase of \$33 million over the same period last year.

Plainview PCA has offices in Dimmitt, Floydada, Friona, Littlefield, Muleshoe, Olton, Silverton, Tulla and Plainview. The Association makes agricultural loans in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties.

Appaloosa Show to Be Feature of Fair

An Appaloosa horse show again will be featured during the 54th annual Panhandle South Plains Fair scheduled in Lubbock September 27 - October 2.

The second of three horse shows on tap, the Appaloosa event is scheduled October 1. Premiums totaling \$900 are being offered. A near-record number of entries is expected.

An open horse show will be featured September 30 and a quarter horse show is on tap for October 2, final day of the week-long exposition.

Added premiums of \$275 are being offered in performance classes including western pleasure.

junior and senior reining, pole bending (stake race) and barrel racing.

Grand champion and reserve grand champions will be selected in stallion, mare and gelding classes.

Trophies will be awarded in the youth competition—showmanship at halter, western pleasure and barrel racing.

Ken Cook will serve as superintendent. Entry fees are \$7 per

horse in halter classes, \$12 each in performance classes and \$3 per horse in youth classes.

THE LAND

THE LAND is one of man's most valuable assets—we think it is prime collateral. In the past 54 years the Federal Land Bank of Houston has made almost 200,000 loans on Texas farms and ranches.

In other words, we specialize in making farm and ranch real estate loans—long term loans with prepayment privileges.

See us today for full details, no obligation of course.

VERLIN B. TOWE AGENCY

State Capital News

by Bill Boykin

Texas Press Association

AUSTIN, Tex.—An Austin district court decision invalidating the 1971 House of Representatives redistricting act handed state attorneys and legislative leaders a mountain of unanswered questions.

Atty. Gen. Crawford C. Martin is in the process of appealing to the Texas Supreme Court the lower court's decision that the bill's "splitting" of 29 counties into separate districts is unconstitutional. Martin said the appeal is in line with a long-standing policy of his office to advocate the validity of a legislative act until the state's highest court rules on it.

Many high-placed state attorneys feel that if the Supreme Court upholds the August 2 district court finding, the chore of re-doing the job will fall to a five-member Constitutional Board (composed of lieutenant governor, House speaker, attorney general, land commissioner and comptroller).

Constitution says the Board will reapportion when the Legislature

fails to do so in the first regular session after publication of each U. S. decennial census.

Lawyers hope the High Court will provide guidelines, however, for they are confronted with these questions:

☆Board is directed to meet within 90 days after the Legislature adjourns (before the end of August) and to come up with a redistricting bill within 60 more days (by the end of October). What happens if there is no final Supreme Court ruling by this constitutional deadline?

☆Since the House tried to redistrict and its act was knocked out, would reapportionment then be expected in a special session of the Legislature? Constitution says the Board will reapportion if the Legislature fails to act, but the Legislature did "act" in the case of the House plan, only to have a district court declare its work invalid. No Senate reapportionment bill was passed by the Legislature, so that job automatically falls to the Board.

☆Since the 1970 census (on which lawmakers base their reapportionment) was published while the 1971 Legislature was meeting, could redistricting really wait until 1973 when the 63rd Legislature convenes?

AG OPINIONS

Attorney General Martin held

that a new law requiring certain county officials to report to the county money they receive from operating private business in public property is unconstitutional.

In other recent opinions, Martin concluded:

☆Use of automated machines for check cashing at banking houses would not violate Texas laws against branch banking.

☆Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

☆Motor vehicle tax on rentals is due at the time of payment of rental charges. Legislature did not authorize credit or reimbursement for motor vehicle tax paid on original purchase price, when status of vehicle is changed from lease unit to rental unit.

SOME AUTO INSURANCE CUT

State Insurance Board ordered a 50% reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12% cut in basic bodily injury coverage for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the Legislature this year go into effect August 30. New rates take effect September 1. A statewide increase in liability rates of 2.2% already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

TOURISM STRONG

Tight money and the drought failed to halt "a strong upward surge" of tourism during the first half of this year, according to the Texas Tourist Development Agency.

Agency found business up 11% for the January-June period. Thirty-five main Texas tourist attractions, public and private, reported 17.3 million visitors, compared with 15.6 million in the same period in 1970.

Live Steam Museum at Alamo said business was up 97%, and Confederate Air Force Flying Museum at Harlingen reported 63% increase in visitors. Big Bend National Park visits were up 32%; East Texas national forests, 22%; Six Flags Over Texas, 18%; Padre Island National Seashore, 16%. Two-thirds of the visitors were Texans, a third from other states.

HIGHWAY FUND HEARING ASKED

Gov. Preston Smith seeks a formal hearing before the U. S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation,

Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10% federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determination. He asked a formal hearing to present the state appeal.

SCHOOL APPEAL WATCHED

Federal appeal of an Austin U. S. district court decision upholding limited busing to achieve racial balance in public schools met sharp criticism and is being closely watched by other school districts with similar problems to those of the capital city.

Only alternative to the moderate plan, maintained Austin school officials, is forced busing on an even larger scale. President Nixon's statements on the subject, in effect condoning the eleventh-hour appeal though he opposes busing, were hit by U. S. Sen. John Tower and other Texas Republicans as inappropriate and displaying a lack of understanding.

PROBE DELAYED

Travis County grand jury investigation of profits by state of

ficials in National Bankers Life Insurance Company stock has been delayed until August 17.

Frank W. Sharp, former head of NBL and Sharpstown State Bank (from which officials got loans to buy stock) has been called to testify at that time. Jury couldn't find Joseph Novotny, former Sharpstown president.

John Osorio, former NBL president, told newsmen he came up with the idea for two controversial band deposit insurance bills in 1969, and there was no connection between the stock deals and passage of legislation.

SHORT SNORTS

Dr. James H. Perry of Baton Rouge, Louisiana, is new executive director of Southwest Educational Development Laboratory here.

Investigation is on of valuable historical documents stolen from State Archives and Austin area libraries.

Program to vaccinate all horses against Venezuelan equine encephalomyelitis in a six-state area will end August 15 with nearly 1.1 million vaccinated for VEE. Revenue from cigarette smoking last month increased \$1.2 mil-

NEW BABY

Mr. and Mrs. Benny Montague of Tulla are parents of a son born August 6, at 5:30 p.m. at Central Plains Hospital in Plainview. He weighed eight pounds, three and three-quarter ounces. His name is

lion over the 1970 figure for July —to \$17.6 million, reports the State Comptroller.

Personal income of Texans rose decisively in June, according to University of Texas Bureau of Business Research.

Texas Parks Department says restoration is underway on five Texas frontier forts —McKavett, Griffin, Lancaster, Richardson and Leaton.

Courtney Joe. Grandparents are Mrs. Hugh Nance, Silverton, and Mr. and Mrs. Jack Montague, Tulla. Great-grandparents are Mr. and Mrs. Edgar Bell, Tulla, and Mrs. J. B. Nance, Plainview. The baby's great-great-grandmother is Mrs. Patzig of Tulla.

Lake McClellan Was Scene Of Outing

Lake McClellan was the gathering place for the annual Young

Farmer outing Saturday, July 31. Those who went Saturday enjoyed cooking out and camping overnight. Sunday morning the other Young Farmers and their families joined the original group. Every-

one had lunch and some played dominoes. Late Sunday afternoon everyone left and met at Sky-Hi for a weiner roast before returning to Silverton.

Young Farmers and their families who attended were Mr. and Mrs. Wayne Stephens, Stephen and Jeannita, Mr. and Mrs. G. W. Chappell, Reba, Donna, Cynthia, Rhonda Sweek and Roma Clayton, Mr. and Mrs. Fred Minyard and Katrice, Mr. and Mrs. Donald Perkins, Faye Lynn and Roy Don, Mr. and Mrs. Joe Kitchens, Calvin Shelton, Guinn Turner, Joe Self, Doug Turner, Sheila Payne, Jimmy Myers and Guinn Fitzgerald.

KILL YOUR SMALL, SCATTERED MESQUITE NOW

Mesquite is rapidly becoming a problem on native grass pastures that had no mesquite only a few years ago. A scattered stand of small mesquite all too quickly becomes a thick stand of small mes-

quite all too quickly becomes a thick stand of large trees that sap ground moisture, lower grass production, shade much of the ground and interfere with livestock operations.

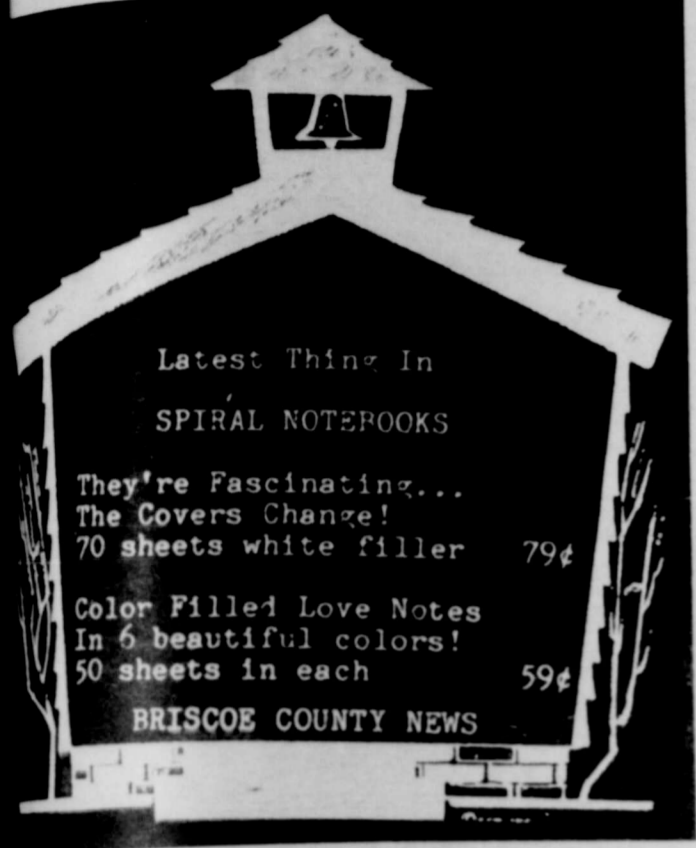

The cheapest time to control mesquite is to kill these young trees before they become a major problem. This can be done in a number of ways. The "pour" method is the pouring of straight diesel oil or kerosene around the bottom of the trunk until the bud zone below the ground is saturated. This usually requires from one pint for a very small tree to two quarts for a big tree.

The basal spray method is the spraying of a mixture of 2, 4, 5-T and either diesel oil or kerosene on the lower 12 inches of the trunk until the ground is saturated at the base of the tree.

Either of these methods can be used at any time of the year. Neither method should be used unless the ground is very dry to insure penetration around the bud zone of the tree.

ROSS COMPLETES PARALLEL TERRACES, WATERWAY

W. T. Ross of Matador recently completed a system of seven parallel terraces and a waterway on his farm three miles north of Silverton. The terraces have very few point rows and conserve wa-

MR. AND MRS. EARL MALONE

Reception To Celebrate Couple's Golden Wedding Anniversary

Mr. and Mrs. Earl Malone, Vigo Park, will be honored with a reception at the Vigo Park Baptist Church from 3:00 until 6:00 p.m. August 22, 1971. The reception will be in celebration of their fiftieth wedding anniversary. Friends and relatives are invited to attend.

ATTEND McMINN REUNION

Mr. and Mrs. Bud McMinn drove to Lubbock Saturday and picked up their grandson, Dudley McMinn, then drove to Levelland to the home of Mr. and Mrs. Henry McMinn, where the descendants of the late Mr. and Mrs. W. L. McMinn were to have a reunion on Sunday. It began raining about 7:00 p.m. Saturday, rained most of the night, and at a late hour Mrs. McMinn made pallets and beds for the arrived guests. One of the brothers-in-law reportedly commented that he had seen wall-to-wall carpet before, but never wall-to-wall people!

More guests arrived Sunday morning, and a bountiful lunch was served to 40 at noon. All the brothers and sisters except one, Mrs. Joe Howard, were present. She lives in Seal Beach, California and was ill, but called and talked to each of her four sisters and two brothers. A few grand and great-grandchildren were also present, and a cousin of the McMinn who lives at Grosebeck, Texas, whom they had not seen for 14 years, was also present. He is Remus McMinn, who lived in Silverton for several years, moving in 1931.

The reunion is an annual affair for the McMinn families. Some returned to their homes late Sunday, while others remained until Tuesday morning.

Mr. Malone, son of the late Mr. and Mrs. W. L. Malone, was born in Briscoe County in 1875 on the farm and ranch where he and Mrs. Malone now reside. Mr. Malone has never moved from this location during his 76 years.

Hosting the reception will be Mrs. Louis E. Malone, daughter-in-law of the honorees, and members of the Vigo Park Home Demonstration Club. Mrs. Earl Malone has been a member of this club for 40 years.

Mr. and Mrs. Malone are members of the Vigo Park Baptist Church, and Mr. Malone has also been a member of the Masonic Lodge at Tulia for 45 years.

The Malones have one son, Louis E. Malone of Tulia, and three grandchildren, Larry, Lou-gay and Johnny.

Series Of Gospel Meetings Planned

The congregation of the Church of Christ meeting at Rock Creek invites you to hear a series of

gospel sermons which will continue through August 15.

The twice-daily meetings will be at 10:30 a.m. and 6:00 p.m. on Sundays. Weekday meetings will be at 10:00 a.m. and 8:00 p.m. The speaker will be Homer

Youngblood of Millsap, Texas. "We are certain you will enjoy listening to this able gospel preacher," said Earl Cantwell, minister of the Rock Creek Church.

COUNTY JUDGE NAMED CHAIRMAN OF SPECIAL WEEK

Briscoe County Judge M. G. Moreland has been named chairman of the local Texas Food and Fiber Abundance Week observance which will be November 15-21, the week before Thanksgiving, according to C. G. Scruggs, Dallas, vice president and editor of The Progressive Farmer magazine and chairman of the board of the statewide council promoting the special event.

Judge Moreland is expected to call on agricultural and business leaders in the county to work as a committee in promoting appreciation for the abundance of food and fiber from the state's farms and ranches.

Texas Governor Preston Smith and John C. White, state commissioner of agriculture, are honorary chairmen for the statewide observance. Leon Slaughter, Abilene, projects director for the West Texas Chamber of Commerce, is coordinator for the Texas Food and Fiber Abundance Council, a non-profit organization chartered in May 1971 "to sponsor public relations programs designed to gain consumer appreciation

BRISCOE COUNTY NEWS

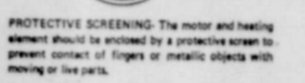

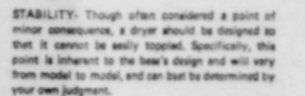

Make Safety Part of Your Purchase

How often have you taken an electrical product's safety for granted? How many times have you purchased a product and were unaware of any external points which you, as the buyer, could easily look for to further insure that product's safety? All too often, no doubt.

Actually, most products have salient points which can be detected prior to purchasing to assure you that the product is or is not safe. However, as stated, you must take it upon yourself to search for those points.

For example, let us consider a portable hair dryer. Though no staggering figures are available, injuries can and do occur as a result of improper hair dryer constructions. Such injuries can be traced to poor design features which omit that one essential factor: safety.

What do you look for in a dryer purchase? The following points are the most easily detectable, and they are all there for your safety.

And there is one final, familiar "safety feature" to look for: the UL label. This will be your final assurance that the above safety points are designed into the hair dryer—that it meets many other stringent testing requirements—that it is reasonably safe to all possible degrees. UL—your "symbol of safety."

for the abundance, quality and value of food and fiber." In addition to Slaughter and Scruggs, the other charter directors of the Council include Dr. H. O. Kunkel, dean of agriculture, Texas A&M University; Dr. Wayland Bennett, vice president for academic affairs, Texas Tech University; and Don Blacketer, Honey Grove farmer. The latter three serve as vice chairmen. James L. (Curly) Hays, Abilene, West Texas Utilities Company, is treasurer of the Council.

Among Silverton residents who vacationed in Ruidoso, New Mexico over the weekend were Mr. and Mrs. Homer Stephens, who were celebrating a wedding anniversary, Mr. and Mrs. Glen Lindsey, Mr. and Mrs. Joe Mercer, Mr. and Mrs. Billy Cogdell and children, Mr. and Mrs. David Tipton, Susie and Dwain, Mr. and Mrs. Charles Sarchet and Ken, Troy and Cathy Jones.

GOLDEN ANNIVERSARY CELEBRATED AT DINNER

Mr. and Mrs. Wade Steele hosted a family dinner Friday night at the Congress Inn in Plainview. Attending were two daughters and their families, Mr. and Mrs. Louie Kitchens, Mr. and Mrs. Claude Jarrett, Sharon, Ruby Jo, Earl and James, Mr. and Mrs. Joe Kitchens, all of Silverton; and Pat Jarrett of Lubbock.

The party was in honor of the Steele's golden wedding anniversary.

Mr. and Mrs. Steele were married August 7, 1921 in Tulla by the late Judge J. E. Sweptson in an outdoor ceremony.

Mr. and Mrs. Steele left Saturday morning on a weekend trip.

Mr. and Mrs. Donnie Martin, Karen and Derrel were in San Antonio over a long weekend, where Mr. Martin attended a Moorman meeting.

STAY AWAKE ITCHING?

Let doctor's formula stop it.

Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves gassy-acid upset.

This unique discovery breaks up and removes painful gas-bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. See how fast it can help you.

Frank Breedlove is a patient in Central Plains Hospital in Plainview after suffering a stroke while attending a family reunion at Wellington over the weekend. He was transferred to Plainview by ambulance.

Arthritis Sufferers: WAKE UP WITHOUT ALL THAT STIFFNESS!

New formula for arthritis minor pain is so strong you can take it less often and still wake up in the morning without all the pain's stiffness. Yet so gentle you can take this tablet on an empty stomach. It's called Arthritis Pain Formula. Get hours of relief. Ask for Arthritis Pain Formula, by the makers of Anacin®.

Sani-Flush wipes out germs.

Sani-Flush® Toilet Bowl Cleaner wipes out common household germs in 15 seconds.

Disinfects as it cleans.

TEXAS CONGRESSMAN INTRODUCES HOMEOWNERS' TAX RELIEF BILL

In an effort to ease the local, state and federal tax burden of homeowners, Texas Congressman Bob Price has introduced legislation known as the "Homeowners' Tax Relief Act of 1971". The 18th District Congressman from Pampa states his proposal would allow homeowners to take a depreciation deduction on their income tax just as rental property owners are now able to do.

The bill also enables the taxpayer to deduct up to \$1,000 for home repairs and maintenance during the tax year. This deduction would not apply to money spent for servants, management of property and care of furnishings and grounds. Individuals who buy a home and then sell it within three years may deduct up to \$5,000 of the loss from their in-

PAINFUL CORNS? AMAZING LIQUID RELIEVES PAIN AS IT DISSOLVES CORNS AWAY

Now remove corns the fast, easy way with Frezzone's Liquid Frezzone. Relieves pain instantly, works below the skin line to dissolve corns away in just days. Get Frezzone...at all drug counters.

ITCHING LIKE MAD? Get this doctor's formula!

Zemo speedily stops torment of externally caused itching...of eczema, minor skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs. "De-itch" skin with Zemo—Liquid or Ointment.

Sights On Safety

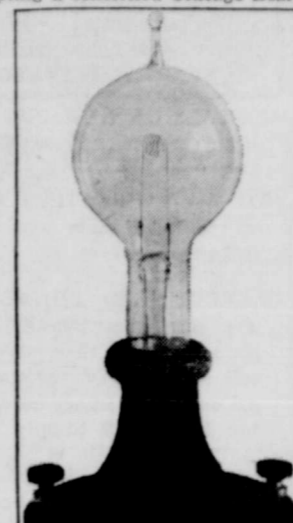

by UL Public Information C

Where It All Began

Over eight decades have passed since Thomas Edison awakened a relatively somber America to a new and somewhat startling creation: the incandescent light bulb. Bursting upon a scene of reckless enthusiasm, the light bulb faced its first major test at Chicago's Columbian Exposition in 1893 as once dimmed midways and exhibitions were suddenly illuminated in a breathtaking display. However, lethal and untried electrical hook-ups resulted in devastating fire damage, thus prompting a concerned Chicago Board of Fire Underwriters to call in an electrical investigator from Boston—William Henry Merrill.

Merrill's intensive investigations led to the discovery of the abounding hazards in electricity that were capable of not only destroying property but life as well. Realization of these hazards and the need to inform an unaware public prompted Merrill to remain in Chicago and found Underwriters' Laboratories.

A desperate need by a burgeoning electrical industry for a set of safety standards resulted in a wide acceptance of Underwriters' Laboratories' testing procedures and the beginning of a long public service record. By 1900 the Laboratories had already expanded and were recognized as an authority on fire prevention. World War I, the war to end war, exploded upon the public scene and Underwriters' began its first steps into diversification. Testing procedures were expanded to include such diverse items as underwater acetylene torches and flame ar-

Edison's Incandescent Light Bulb

restors for use in ammunition plants. Since the beginning days of

the first world war, the Laboratories began to realize a tremendous growth. Underwriters' engineers became involved in testing of every conceivable product from airplanes and safes to shatterproof glass. No longer was it necessary to convince industry of the Laboratories' service. Industry and government came to Underwriters', for they realized the essential part UL was playing in safety.

Today UL tests over 30,000 products each year, and its trained inspectors conduct 200,000 factory inspections to check on the production of items originally tested in its Laboratories.

In looking toward the future, Underwriters' Laboratories knows that public safety is a serious business. Progressing complexities of a technically oriented society, vastly increasing numbers of new consumer items and scientific sojourns into outer space have all contributed to the creation of the most significant hazards to human life in history. They have also created the greatest challenge for a "safety sentinel" to test, establish and maintain the highest level of standards possible in order that accidents, loss of life, and property damage can be held to a minimum.

Underwriters' Laboratories, a not-for-profit organization testing for public safety, has been accepting that challenge for the past 78 years, and will continue to do so as long as there remains a potential in any product for property damage and personal injury or death.

come tax. Other provisions of the bill give special tax benefits to homeowners 65 and over. Write your representatives in Washington and let them know of your support for Congressman Price's bill.

PROPOSED BILLS WOULD ALLOW REPAIR DEDUCTIONS

Two similar House Bills have been introduced which would allow a tax deduction for home maintenance and repairs. H.R. 802 introduced by Congressman Seymour Halpern (R-NY) provides for a deduction of \$1,000 but does not include rental property. H.R. 7836 introduced by Congressman Bob Casey (D-Tex) allows for a \$750 deduction, including rental property.

CARD OF THANKS

Thank you for the flowers and visits in the hospital and since we have been home for the flowers, visits, food, and everything else that has been done for us. Roy and Mattye Mayfield

I want to thank everyone for the cards, visits and telephone calls while I was in the hospital and since I have been home. Your thoughtfulness was appreciated very much. Mary Lee Watters

We would like to thank Rev. Wilson and Rev. McLeod, the First Baptist Church, choir and Mrs. LaRue Garvin, organist, for their services on the day of the funeral of Mrs. Annie Stevenson. We appreciated the wonderful lunch the ladies of the church and town served in the fellowship hall, and the lady who kept the nursery and cared for our children. Sorry we missed greeting so many people and thanking them personally for helping in so many ways on such a sad occasion.

Thank you's are just not enough. Silverton people made us feel at home once again. Melvin and Gloria Cook and all the family of Mrs. Stevenson

PROGRAM EXPANDED FOR USE OF HIGHWAY RIGHT OF WAY

The Texas Highway Commission has approved an expanded program for multiple use of highway right of way.

The policy provides for the construction of parking areas, recreational areas and public parks beneath overhead structures or certain other areas of right of way. Recreational facilities may include hike and bike trails, nature trails, bridge paths; basketball, handball or tennis courts, children's playgrounds or mini-parks

Sani-Flush wipes out germs.

Sani-Flush Toilet Bowl Cleaner wipes out common household germs in 15 seconds. Disinfects as it cleans.

Helps Shrink Swelling Of Hemorrhoidal Tissues

Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation. The answer is Preparation H. No prescription is needed for Preparation H. Ointment or suppositories.

WAKE UP WITHOUT ALL THAT STIFFNESS!

New formula for arthritis minor pain is so strong you can take it less often and still wake up in the morning without all the pain's stiffness. Yet so gentle you can take this tablet on an empty stomach. It's called Arthritis Pain Formula. Get hours of relief. Ask for Arthritis Pain Formula, by the makers of Anacin.

and boat launching facilities. Generally, the Highway Department will be responsible for construction of the site, but local governmental units will provide the playground equipment or other recreational facilities.

Cooperative agreements will be concluded with city, county, State and Federal authorities on request.

State and Federal agencies will participate in use of right of way for purposes relating to law enforcement, vehicular weights and measures control, safety inspection of trucks, immigration control special gas tax inspection and other official functions.

The policy is subject to the condition that should the Department conclude that the facility has become a hazard to traffic safety or to be not in the public interest, the cooperative agreement may be modified or terminated.

* NEW BABY

Mr. and Mrs. Jimmy Burson Lubbock are the parents of a daughter born August 1. She weighs seven pounds and eleven ounces. She has been named Rose Deon.

The Bursons have another daughter, Kimberly. Grandparents are Mr. and Mrs. Randy Gafford of Turkey and Mr. and Mrs. Johnnie Burson.
