

New Muleshoe City Manager James Fisher relaxes at his desk during an interview Tuesday morning.

Fisher gets feet wet as new city manager

By RICK WHITE
Managing Editor

Squeezing in a short interview before Tuesday morning's City Council meeting, new Muleshoe City Manager James Fisher said that communication is the key to be a good administrator.

"I think the key is listening to people; the staff, the council and the community," said Fisher, who officially started Monday. "The main thing is to take the ideas and the wisdom, and channel them so we are all going in the same direction."

Fisher, 34, was selected from among 26 candidates to replace longtime city manager Dave Marr, who announced his resignation in June.

Fisher expressed a desire to return to the Panhandle area as one of the reasons for taking the \$41,000 per year job.

He is a West Texas A&M graduate and former director of the Tulia Parks and Recreation program. Fisher left his job as the city manager of Castroville to come to Muleshoe. Castroville is a fast-growing community of 2,100 west of San Antonio.

Fisher said his first objectives are to hire a police chief and to find an alternative for the city's solid-waste disposal.

Muleshoe has been without a full-time police chief for nearly a year.

Fisher has experience in the law enforcement field, serving as the police chief in mostly an administrative capacity while in Castroville.

"I really believe in community policing," Fisher said. "I think (the police officers) need to get out into the community so people feel comfortable approaching them about anything that is going on."

The city's solid waste landfill site is expected to be filled by

Schacher tops 2nd FB contest

Daniel Schacher's state patriotism cost him a perfect week, but the Lazbuddie farmer still was good enough to win the Journal's second weekly football contest for games of Sept. 13-16.

Schacher correctly forecast 16 of the 18 games featuring regional high school, college and NFL games.

Schacher's Texas pride proved costly when he picked Plainview to beat Clovis, N.M., and the Dallas Cowboys over Indianapolis.

Schacher earned \$15 for being the top prognosticator.

Elizabeth Torres of 814 W. 2nd St. in Muleshoe won the \$10 second prize and Raul

The Journal's
weekly

Lozano of 414 W. Ave. E in Muleshoe the \$5 third prize in a tie-breaker involving seven contestants.

All correctly picked 15 of 18 games. Torres was perfect in predicting the combined total of 30 points scored in Monday's NFL game between Pittsburgh and Buffalo. Pittsburgh won, 24-6. Lozano picked 28.

The Journal staff incorrectly listed a game between Baylor at Oklahoma. Baylor actually played Louisville last week.

All 32 contestants were credited with a win in that game.

The Journal has learned some customers may have received copies of Sunday's Bailey County Journal that had two blank pages. The Journal apologizes for the inconvenience and will gladly replace the papers.

MHS selects homecoming court

by SAMUEL VILLARREAL
Journal staff writer

As Muleshoe High School gears up for the annual Homecoming game, it is a good time to reflect on what homecoming is about. It is a time to reflect upon all the old memories of high school and the pride we all have in our alma mater.

So with tradition and spirit, the Muleshoe Mules will host the Springlake-Earth Wolverines for their Homecoming game Friday, 8 p.m. at Benny Douglass Stadium.

Homecoming game activities will begin with the crowning of the 1996 Homecoming Queen at 7:45 p.m.

Homecoming Queen nominees are Katie Black, Cari Faver, Brandi Harrison, Amy Locker, and Rhonda Warren.

Katie Black a junior at MHS is the daughter of Rex and Brenda Black. She is a varsity cheerleader and a member of the Student/Community Action Club (SCAC). She is also an honor student. Miss Black

New city budget includes employee pay raise

By SAMUEL VILLARREAL
Journal staff writer

City employees can expect higher paychecks as part of the new budget for the city of Muleshoe.

The City Council approved a \$2.9 million dollar budget Tuesday during a regular bi-monthly meeting.

Budget plans for the fiscal year 1996-97 were approved during a regular meeting of the Muleshoe city council.

Mayor Robert Montgomery emphasized the tax issue. The local property tax will remain at a rate of \$0.6637 per \$100 of property value.

"It cost (the city of Muleshoe) more to provide the same services year after year. Our main goal in outlining this year's

CITY COUNCIL

budget was maintaining current city services while keeping away from any new tax increases," Montgomery said.

The major focus during budget talks was a proposed raise for 35 full-time city employees. The City Council approved a plan that calls for a raise of 3% or 25 cents per hour, whichever is less.

Aside from raise for city employees, no major changes were made from the budget for fiscal year 1995-96, which ends Oct. 1.

The new city budget calls for an operating cost of approximately \$2.9 million. Property taxes alone are expected to cover almost \$600,000 of that cost. The rest will come from charges for city services, li-

cence fees, and local taxes.

The majority of the city's budget cost will be the General Fund. This fund includes public works, police and fire departments, sanitation, and library. Public recreation, such as parks and the city pool are also included in the General Fund.

The city budget is also outlined for almost \$300,000 to be used in the purchase of vehicles for the police and sanitation departments.

The city is also taking advantage of state grants to help fund paving on the north side of town. The state of Texas has offered a \$37,500 grant to be used for paving projects. The city will match the grant to cover the remaining cost.

Wolverines pose toughest test yet

By RICK WHITE

Frightening.

Springlake-Earth has outscored its opponents 106-0 in two games.

Impressive in print, the Wolverines are appear even more dominant on film, according to Muleshoe head coach David Wood, who's upstart Mules host Springlake-Earth Friday in their annual homecoming tilt at 8 p.m.

"It's even scarier on film," Wood said. "I can't believe a Class 1A team can be so good."

Springlake-Earth is ranked third in the latest Associated Press poll and is expected to contend for the state title after moving from Class 2A this season.

The Mules (0-2) nearly upset Denver City last week, but failed to convert on a two-point conversion late in the fourth quarter of a 7-6 loss.

"It was a great effort," Wood said. "But we need to learn from it and keep improving."

Skull session

MHS defensive coordinator Flint Bigham talks to the troops during the Mules' 7-6 loss to Denver City last week.

Junior quarterback James Williams leads the Wolverines' high-powered offense, but Wood is more impressed with a defense that limited Olton and Morton to a combined 197 total yards and five first downs.

That's right, the same Morton team that gave Mule-

shoe fits with its speed and quickness in a preseason scrimmage.

"What makes them so great is their defense," Wood said. "Nobody has moved the ball on them, so they get such great field position. Usually you find a hole somewhere in the de-

fense you can take advantage of. I haven't found one yet."

EXTRA POINTS

RECORDS

Springlake-Earth: 2-0, beat Olton 55-0, beat Morton 51-0.

Muleshoe: lost to Portales 41-0, lost to Denver City 7-6.

KEYS TO SUCCESS

Springlake-Earth: Maintain intensity after two blowout wins. Jump on Mules early.

Muleshoe: Avoid 3-and-out series early. Use running game to hang close until fourth quarter when size can become a factor. Contain Williams in pocket and make him throw.

Williams (6-2, 175) has rushed for 349 yards and six touchdowns in two games. He completed 7-of-8 passes for 166 yards against Morton.

Ogallala management plan meeting Sept. 26

A meeting to discuss the High Plains Ogallala Regional Water Management Plan will be held at 10 a.m. Sept. 26 in the Virgil Henson Activities Center Ballroom at West Texas A&M University in Canyon.

The meeting is open to the public, and all interested persons are invited to attend. A \$6 buffet lunch will be served, and reservations must be made by contacting the High Plains water district at (806) 762-0181 no later than 5 p.m. on Sept. 20.

During the Sept. 26 morning session, the planning group will review TWDB estimates of the amount of ground water in storage (as of 1990) in the 47 counties underlain by the Ogallala Aquifer. Historic surface and ground water use by user class will also be examined by region and county.

Following a lunch break, the planning group will review budget spreadsheets and discuss proposed work efforts for the plan as funded under a \$600,000 contract with the Texas Water Development Board in Austin and \$600,000 in matching local funds. The attendees will be given the opportunity to provide their suggestions on what needs to be included in the planning effort.

Members of the Ogallala Water Plan Management Team will meet immediately following the adjournment of the Planning Group Meeting in order to finalize study components.

"For the past year and a half, representatives from the area's primary water user groups have been meeting on a quarterly basis to develop, promote, and implement water conservation, augmentation, and management strategies to provide adequate water supplies for the Ogallala Region of the Texas High Plains," said A Wayne Wyatt, Co-Chairman for the Ogallala Regional Water Management Plan.

"Additionally, we hope to identify ways we can help stabilize or improve the economic and social viability and longevity of the region. The success of the Ogallala Water Management Plan will be gauged by the reduction in the projected water depletion rates currently being forecast by the Texas Water Development Board (TWDB)," said Wyatt.

Additional information about the Ogallala Regional Water Management Plan is available by contacting Dr. Lloyd Urban at (806) 742-3597 or A Wayne Wyatt at (806) 762-0181.

She is also a member of the Fellowship of Christian Athletes. Miss Harrison will be escorted by sophomore Matt McClanahan.

Amy Locker, junior, is the daughter of Fred and Ruth Locker. She is an honor student at MHS and is a member of SCAC. She is also a member of the basketball team and a varsity cheerleader. Miss Locker will be escorted by junior Douglass Field.

Rhonda Warren, junior is the daughter of Richard and Rickie Warren. She is a member of the Fellowship of Christian Athletes. She will be escorted at the ceremonies by Jeffrey Wheeler.

The MHS student body will vote for the queen during classes on Thursday.

The MHS Student Council has planned Spirit Week activities to emphasize school spirit for the Homecoming game. Each day of the week has been designated with a dress-up theme to highlight the upcoming game. Students will wear everything from hats and wild socks to crazy ties and baseball caps to show their spirit.

Students will be dressing in matching costume with their

friends for Twin Day on Thursday. A bonfire has been scheduled for 8 p.m. that night at the new city park.

Students will be Dressed to Kill on Friday as they dress their best to prepare for the game.

"The pep rally will be held on Friday at 2:45 at the Watson Junior High gymnasium. Homecoming Queen nominees will be formally introduced at that time.

The public is invited to attend the pep rally and to show their hometown pride.

Faver breezes to Plainview title

PLAINVIEW — Muleshoe senior Cari Faver set a personal best Saturday while winning the Plainview Invitational cross county meet Saturday at Running Water Draw Park.

Faver finished the two-mile course in 12 minutes and 21.93, besting a field of more than 170 runners by 10 seconds on a cool morning ideal for running.

Senior teammate Priscilla Aguirre placed seventh, also recording a personal best with a time of 12:48.53. Bobbie Benham finished 59th in 13:52.

All five Muleshoe runners recorded personal bests Saturday.

Sundown won the meet with 35 points. Dimmitt was second with 56.

In the boys meet, junior Jacob Guterrez led Muleshoe

Longhorn head coach Mark Scisson said physical is also the right word for Samnorwood, which has lost just one regular-season game in each of the last two years.

"They're real big," Scisson said. "They just line up and try to run over you."

Samnorwood features running back Levi Carter (6-1, 205), who rushed for 1,348

yards last year.

Carter rushed for 241 yards and four touchdowns in the win over Groom.

"If we wrap up well, we can control their running game," Scisson said.

Lazbuddie plans to open up its offense against the Eagles.

"We going to spread the offense out and see if we can throw on them," Scisson said.

The Longhorns have been conservative so far, preferring to keep the ball on the ground more than usual.

They have one of the best six-man quarterbacks in the state in senior Justin St. Clair, who passed for 197 yards and two touchdowns last week.

"No doubt this will be our best test so far," Scisson said.

Here's another necessity for your apartment.

If you are living in an apartment or duplex, this may be the first opportunity you've had to experience the terrific benefits of having natural gas in your home. You will find that for heating your home during cold weather, for hot water, or for cooking, nothing beats natural gas for convenience, economy, and efficiency.

With cooler temperatures just around the corner, here are a few reminders from your friends at Energas Company on the safe and responsible use of natural gas where you live.

Your furnace needs an annual check-up.

Your natural gas furnace has been sitting quietly all summer, waiting for the time it's really needed. And like anything that's been idle a while, your furnace needs a check-up before it starts back to work. You may want to check with your landlord or apartment manager about arranging for an annual inspection by a qualified professional heating contractor. Once it's been inspected, your furnace should require very little attention the rest of the winter.

A closet isn't always a closet.

Your water heater or furnace is probably in a closet all by itself. And that's the way it should stay. As tempting as it may be, don't use the space around a water heater or furnace for storage. Even

If these major appliances sit in the open, the space around them should be kept clear to insure adequate air circulation.

If you smell gas.

We hope that you will never have to deal with a gas leak. If you do smell gas, day or night, exit the building then call your local Energas office immediately. Do not flip light switches or use any other electrical equipment. Do not light a match or a candle. Do not try to find the leak yourself.

Natural gas is the best energy you can have in West Texas for any home heating job. Just set your thermostat, and have a great winter!

Cousins win Cannon AFB baby contest

Three cousins competed in "The Most Adorable One" baby pageant at Cannon Air Force Base Sept. 14.

The pageant was sponsored by CAFB and many area stores. The pageant was open to the entire area.

Over 100 children, from birth to 5 years of age, entered the contest. Age categories included birth to 10 months, 11 months to 23 months, 2 years to 3 years and 4 years to 5 years.

Amy Jo Bradshaw, of Farwell, and her cousins, Jessica and Kenny Don Price of Muleshoe, participated in "The Most Adorable One" contest. Amy Jo is the daughter of William and Donna Bradshaw. She is 22 months old. Jessica Price is 4 1/2 years old and her brother, Kenny will be 3 in October. Jessica and Kenny are the children of Jason and Carrol Price.

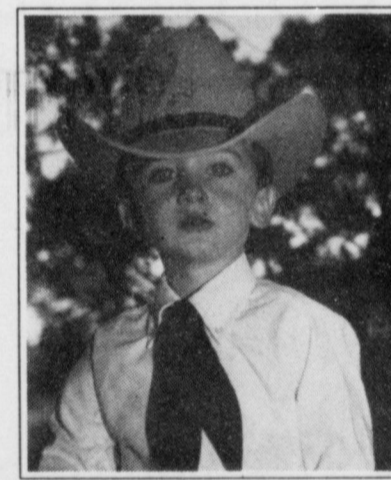

Amy Jo placed 1st in the 11 months to 23 months category. She competed with 16 boys and girls her age. She received a teddy bear, a \$50 savings

bond and an engraved plaque. Jessica Price competed with 26 boys and girls in the 4 to 5 year category. She competed in the casual and dressy events. She received a gift bag and a certificate for participating.

Kenny Don Price placed second in the 2 to 3 years category. He competed with 24 other boys and girls his age. His events included casual and swim wear. He received a gift bag of toys and an engraved plaque.

HAVE A NICE DAY

Survey reports on exotic livestock

AUSTIN—A total of 198,060 head of hoofed exotic animals were reported in a special survey conducted by the Texas Agricultural Statistics Service.

The survey was sponsored by the Exotic Wildlife Association and funded by the Second Ark Foundation. The purpose of the survey was to obtain a comprehensive inventory of exotic hoofstock in Texas as of May 1, 1996.

The survey population included farms and ranches in the state, as well as zoos, petting zoos, safaris, circuses and other operations owning exotic hoofstock. Exotic hoofstock were reported in 194 of the 254 counties in the state. One thousand and seven operations reported owning exotic hoofstock. Seventy-nine percent (157,308 head) of Texas' exotic hoofstock were reported to be confined within high fencing; the remaining twenty-one percent (40,752 head) were reported to be free-ranging animals. Of the free-ranging exotics, most were deer and antelope.

High fences for confining exotic hoofstock were reported to enclose 908,306 acres in the state. Free-ranging animals were reported to have access to 2,199,125 acres of farm and ranch land in the state.

The largest exotic hoofstock inventory in the state was deer, with 105,886 head reported in the survey. Axis deer accounted for 55,424 of the total exotic deer. Texas' second largest exotic hoofstock inventory was antelope, with 51,498 head reported; 35,328 were blackbuck antelope.

An inventory of 30,428 head of exotic sheep were reported. The exotic goat inventory totaled 5,110 head. Buffaloes accounted for 1,759 head of exotic hoofstock. The llama inventory totaled 1,387. The inventory of zebras was 646, and there were 437 gazelles reported. Also reported were camels, exotic cattle, elephants, giraffes, gnus/wildebeests, hippopotamuses, exotic oxen and rhinoceroses.

SEPTEMBER IN TEXAS

1945 — World War II officially ended on Sept. 2 when Adm. Chester Nimitz, a Texas native, formally accepted Japan's surrender aboard the U.S.S. Missouri. Today, the Nimitz Museum in Fredericksburg commemorates Nimitz's career and the Allies' World War II naval achievements.

1961 — Hurricane Carla, the largest hurricane on record, caused widespread damage to the middle Texas coast. Wind gusts of 175 miles per hour and tides of 18.5 feet were recorded at Port Lavaca. Thirty-four people were killed and \$300 million in property damaged. Only the unprecedented evacuation of 250,000 coastal residents kept the death toll relatively low.

ENOCHS NEWS

Megan Pollard, of Morton, spent Saturday and Sunday with her grandparents, Mr. and Mrs. Harry Pollard.

I was proud of the .2 inches of rain we received Thursday and the .3 inches on Saturday.

Mr. and Mrs. Bud Huff visited his sister, Mr. and Mrs. Jack Stanley, last Sunday.

Sandra Austin took her mother, Olive Cox, to Lubbock last Monday to catch the plane for Las Vegas, Nev. to visit her daughter, Nelma Gutwald, and husband for two and a half weeks.

Ellen Bayless drove to Odessa Tuesday morning and visited her daughter, Myrtie and Leland Finley. She also got to see the granddaughter's Donna Jones and children, Christopher Aron and Kayla and Linda and Ernest Burns. She also visited with James Silhan on the telephone. She stopped in Seminole on the way home and visited Winnie Byars.

Mr. and Mrs. Bill Key and Mr. and Mrs. Bud Huff visited the womens' sister, Marie and Bobby Adams, Sunday afternoon.

Mr. and Mrs. Royce Teaff visited her brother, Bud and Syble Hargrove at Goree and her sisters, Christene Phillips Holiday and Pearl Strickland, at Haskell, Friday until Sunday.

October of 1997.

A new site that would have to meet more stringent state guidelines would run in the neighborhood of \$350,000. One solution discussed would be building a transfer site.

Fisher also believes it's his job to promote the city.

"It's my job to show people that it is a good place to live, work and attend school," Fisher said.

Fisher and his wife Christi Beth, a Tulia native, are currently looking for a house in Muleshoe. They are expecting their first child in March.

CUSTOMER NOTICE

West Plains Telecommunications, Inc. (West Plains or the Company) has filed a request with the Public Utility Commission of Texas (PUC) seeking approval to implement rates, terms, and conditions for the following new, optional individual services offerings: Calling Number Delivery; Anonymous Call Rejection; Call Block; Call Return; Priority Call; Repeat Dialing; Select Call Forwarding; Customer Originated Call Trace; Recorded Announcement; Call Forwarding, No Answer; and Call Forwarding, No Answer and Busy Line. This request has been assigned Tariff Control Number 16325. These services will be available to all residential and business customers where technical facilities permit, excluding pay telephone services.

The following services are available for subscription at a monthly recurring rate. **Calling Number Delivery** permits a customer to see the phone number of most calls before they answer the phone. **Anonymous Call Rejection** permits a customer to automatically reject calls from callers who have blocked the delivery of their number. **Call Block** permits the customer to block an incoming call and/or calls from a maximum of eight (8) specified telephone numbers and functions as a screening service for the customer. **Call Return** permits the customer to automatically redial the telephone number of the most recently completed incoming local call or call attempt by dialing an activation code. If the redialed number is busy, the customer may dial an activation code and the called number will be monitored for a specified number of minutes in an attempt to establish the call. **Priority Call** permits the customer to preselect a maximum of eight (8) telephone numbers that can be given a distinctive alerting signal, ring or Call Waiting tone for priority calls. **Repeat Dialing** permits the customer to automatically redial the last outgoing telephone number dialed. If the redialed number is busy, the customer may dial an activation code and the called number will be monitored for a specified number of minutes in an attempt to establish the call. **Select Call Forwarding** permits a customer to forward incoming calls from a maximum of eight (8) specified telephone numbers within the customer's local calling scope, Extended Area Calling scope, or Long Distance Telecommunications Network (where facilities permit.) **Customer Originated Call Trace** permits the customer to initiate an attempted trace of the last completed incoming call immediately after the call is terminated. **Recorded Announcement** provides an intercept for calls when a customer has a number change or leaves the Company's service territory. This intercept directs the caller to a recorded announcement which states that the number has changed and provides the new number to the caller. **Call Forwarding, No Answer** enables an incoming call to be automatically directed to predetermined alternate telephone number if the intended call destination is not answered in a specified number of rings. **Call Forwarding, No Answer and Busy Line** enables an incoming call to automatically directed to a predetermined alternate telephone number if the intended call destination is not answered in a specified number of rings or encounters a busy signal.

In association with the deployment of Caller ID Services, "per-call blocking" and "per-line blocking" will be automatically available, free of charge, to all West Plains customers. "Blocking" prevents the caller's number from appearing on the Caller ID display unit. Any customer who wishes to block his or her number on a per-call basis, simply needs to press *67 on their touch-tone phone, or dial 1167 on their rotary phone before dialing the telephone number. Per-line blocking automatically blocks a customer's number on every call without the need to press *67 or dial 1167. If a customer selects per-line blocking, he or she can unblock their number, free of charge, on a single call by dialing *82 or 1182 on their phone before dialing the telephone number. Per-line blocking will be automatically reactivated at the end of this single "unblocked" call. Per-line blocking will be offered at no charge to anyone, upon receipt by the PUC of written certification of the customer of a compelling need for per-line blocking. West Plains will be sending each customer a postage prepaid per-line blocking request before Caller ID will be offered. All requests for per-line blocking will automatically be granted free of charge. It is not necessary to subscribe to Caller ID to have per-call or per-line blocking. Per-call or per-line blocking will display a message such as "private" or "anonymous" on the Caller ID display unit. Blocking will not be provided on calls from payphones.

The proposed effective date for the new services is November 1, 1996 for the Earth, Muleshoe, Olton, Springlake and Sudan exchanges. The estimated annual revenue impact to the Company after expenses is \$22,273 for the first year of service. The following rates have been proposed for these new services.

SERVICE	RESIDENCE	BUSINESS
Calling Number Delivery	\$4.95	\$4.95
Anonymous Call Rejection	\$1.00	\$1.00
Calling Number Delivery and Anonymous Call Rejection	\$5.45	\$5.45
Call Block	\$2.00	\$2.00
Call Return	\$2.00	\$2.00
Priority Call	\$2.00	\$2.00
Repeat Dialing	\$2.00	\$2.00
Select Call Forwarding	\$2.00	\$2.00
Customer Originated Call Trace (Per Successful Activation)		\$1.00
Recorded Announcement	\$5.00	\$5.00
Call Forwarding, No Answer	\$1.50	\$1.50
Call Forwarding, No Answer and Busy Line	\$1.50	\$1.50

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission as soon as possible, but no later than October 20, 1996. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Austin, Texas 78757. Further information may also be obtained by calling the Office of Consumer Affairs at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

For answers to any questions regarding these new optional services, please contact your local business office at 806-272-5533 or 1-800-741-6925.

Have a nice day!

OBITUARIES

Della Lutishia Watson

MULESHOE — Funeral services for Della Lutishia Watson, 85, of Muleshoe, were held Monday, Sept. 16 at the Primitive Baptist Church of Muleshoe with Elders Cleveland of Amherst, R.A. Tendle of Amarillo and Ronnie Hedges of Brownfield, officiating.

Burial followed in the Muleshoe Memorial Park under the direction of the Ellis Funeral Home of Muleshoe.

Mrs. Watson died Sept. 13, 1996, at the Methodist Hospital in Lubbock, after an illness.

She was born April 22, 1911 in Jones County, Texas. She married Charlie Watson, Sept. 12, 1933 in Portales, N.M. He predeceased her in death May 7, 1984.

She had been a resident of Muleshoe since 1984, moving here from Lazbuddie. She was a homemaker and a charter member of the Muleshoe Primitive Baptist Church.

Survivors include four sons, Howard Watson of Breckenridge, Don Watson of Canyon, Benny Watson of Dallas and Leon Watson of Lubbock; two daughters, Billie Chandler of Lubbock and Charlene Cargile of Farwell; two brothers, Henry Bass of Lubbock and Harvey Bass of Muleshoe; three sisters, Donie Weldon of Crosbyton, Lomie Hopper of Arlington and Minnie Gowens of Floydada; 15 grandchildren and 14 great-grandchildren.

The family suggest memorials to the Muleshoe Primitive Baptist Church.

Gilbert F. Castorena

MULESHOE — Funeral services for Gilbert F. Castorena, 55, of Muleshoe were held Tuesday, Sept. 17, at the Immaculate Conception Catholic church with Father Alfonso San Juan officiating.

Burial followed in the Muleshoe Memorial park under the direction of the Ellis Funeral Home of Muleshoe.

Mr. Castorena died Sunday, Sept. 15, 1996 at the Muleshoe Area Medical Center after an illness.

He was born May 13, 1941 in Mason, Texas. He married Sylvia Perez, Nov. 23, 1958 in Muleshoe.

WITH GOD ON OUR SIDE

With God on Our Side: The Rise of the Religious Right in America is a six-part series that chronicles one of the most important political and cultural phenomena in contemporary America from post-World War II to the present.

An in-depth and non-ideological look at the controversial movement, *With God on Our Side* traces its roots from the anxious "Christian anti-Communism" of the 1950s to the sophisticated politics of the Christian Coalition today. Through rare archival footage and surprisingly candid interviews, it shows how evangelical Christians have slowly but steadily re-entered and re-shaped mainstream politics and culture.

Three years in the making and featuring interviews with more than 100 leaders and grassroots activists, the series captures the spirit of the ever-growing religious right and addresses the persistent questions the movement raises — questions that transcend this particular movement: When politicians and religious activists join forces, who holds the reins? How does the media's depiction of religion distort — and influence — the reality? And finally, how does a free society draw the line between church and state while preserving a place for religious conviction in public life?

With *With God on Our Side: The Rise of the Religious Right in America* will be broadcast Fridays at 10:00 p.m. beginning September 27th on KENW-TV.

Saint Louis Symphony:
Maestro Hans Vonk's Inaugural Celebration

When the internationally acclaimed Saint Louis Symphony Orchestra launches its 117th season, it will be with a new music director of equal stature: renowned Dutch conductor Hans Vonk. This historic debut is the feature of *Saint Louis Symphony: Maestro Hans Vonk's Inaugural Celebration*. The two-hour broadcast opens with the Berlioz "Corsair" overture and Stravinsky's *Pulcinella Ballet Suite*.

The highlight of the evening is the much-loved and always inspiring Ninth Symphony of Beethoven. Considered by many to be the pinnacle of the art form, the "Choral Symphony" is especially well-suited to Vonk. In the words of the *Washington Post*, "After you have heard Hans Vonk conduct Beethoven, you might be inclined to wonder why he ever conducts anything else."

Saint Louis Symphony: Maestro Hans Vonk's Inaugural Celebration will be broadcast Monday, September 30th at 9:00 p.m.
