THURSDAY, JUNE 29, 1972

VOLUME 64 NUMBER 26

Low Bidder On Mackenzie Goes Over Allotted Funds

Young Farmers Make Rodeo Plans At Meeting

Tobe Riddell presided over the business meeting of the Silverton Young Farmers on Thursday, June 22, in the school vocational agriculture department.

The upcoming rodeo to be held August 10-12 was discussed. It was announced that Bud Couch would be general chairman for the annual barbecue, and Charlie Parker will be in charge of the collection of money for the barbecue.

Members are to have a work night at the rodeo arena Thursday, June 29, at 8:00 p.m.

The generator was discussed and it was decided to wire the generator for the hospital to use.

Calvin Shelton reported on the family bowling party to be held at Bulldog Bowl Tuesday, June 27 at 8:45 p.m.

Members present were Monroe Gates, Fred Minyard, Wayne Stephens, Charlie Parker, Jerry Pruitt, Jimmy Myers and Calvin Shelton.

Top Cowboys Expected For Range Riders Rodeo

America's top cowboys are expected to compete for one of the largest purses of prize money in the thirty year history of Will Rogers Range Riders Rodeos when the first go-round gets underway on July 1 at the Range Rider Arena west of Amarillo.

Rodeo Chairman Cliff Lowrance reports inquiries about the forthcoming rodeo from not only Texas, New Mexico, Colorado, Oklahoma, Kansas, Wyoming and California, but even as far away as Australia. "L. D. Ward's top rodeo stock and the excellent performances of the most colorful cowboys in the country have made this annual rodeo an Independence Weekend Tradition," Lowrance said.

The Will Rogers Range Riders have also joined with the Amarillo Chamber of Commerce to sponsor an Honor America Day Parade at 10:00 a.m. Saturday, July 1, in downtown Amarillo.

Riding clubs competing for first, second and third place trophies will join with floats, marching units, elected officials and political hopefuls to ride a parade route starting at 12th and Polk Streets. The parade will follow Polk north to 4th and then proceed east to the Amarillo Civic Center.

Inasmuch as the President has declared June 14 through July 4 as National Flag Days, it is hoped a sea of American Flags will greet the participants as they pass. This parade will be highly publicized and pictures of the parade will be sent to the President and Representatives in Congress in an effort to promote the Golden Spread as a choice example of patriotism alive in the country today.

Weekend festivities, in addition to the parade and rodeo, which will run Saturday, Sunday, Monday and Tuesday, July 1 through July 4 nightly at 8:30 p.m.; a Rodeo Queen Contest will be held Saturday afternoon at 2:00 p.m. in

Area young people pause for picture before Capitol in Washington, D.C., during June 12-16 visit there on rural electric Government-in-Action Youth Tour. The tour took Laura Arnold and Tim Wilson through a number of Government buildings and cultural and historic sites, including Washington and Lincoln memorials, Mount Vernon, and The White House. At the latter, President Nixon greeted them with some 1,000 other rural electric youth from across the U.S. Swisher Electric Cooperative sponsored the local participants.

Junior Olympics To Be Held In Borger

This year the West Texas AAU Junior Olympic Track and Field Championships will be held at Bulldog Stadium in Borger on July 8, 1972. Preliminaries for the running events will begin at 9:30 a.m. and the finals for the field events will begin at 10:00 a.m.

This Meet is sanctioned by the West Texas AAU Association and is sponsored by the Borger Chamber of Commerce. The Quaker Oats Company, one of the nation's leading food processors, is the National Sponsor of the Junior Olympics Program. This phase of the Amateur Athletic Union of the United States is designed to en-

courage age-level competition between boys and girls up to 18 years of age. The Program includes a variety of sports and is conducted each year throughout 58 District Associations of the AAU and involves in excess of 100,000 AAU volunteer workers. In the year 1971 over 16,000,000 youngsters competed in some phase of the AAU Junior Olympics Program.

Former Olympians who competed in the AAU Junior Olympic Program include Rayfer Johnson, 1960 Olympic Decathlon Gold Medal Winner; John Pennell, the first man to pole vault over 17 feet; and Don Schollander, winner of four gold medals for swimming at the Tokyo Olympics.

The first two places at the Borger Meet this year in the Intermediate (14-15 years) Division and the Senior (16-17 years) Division will qualify to compete in the Region 9 Championships to be held July 22, 1972 in San Antonio. Winners at the Region 9 Meet will qualify to compete in the National Championships in Spokane, Washington, August 15-18, 1972.

Information on the divisions for boys and girls, events and an entry form are available at the Briscoe County News office.

Tony Allison, son of Mr. and Mrs. Claude Allison, posted a 4.0 average at Southwestern State University in San Marcos for the past school term.

County 4-H Dress Revue Is Friday

The public is invited to attend the Briscoe County Dress Revue Friday, June 30 in the Fellowship Hall of the First Baptist Church.

Judging for the Dress Revue will be conducted at 9:00 a.m. The public revue will be held at 9:00 p.m. It is being held at this time so as many of the parents and friends as possible will be able to attend.

Theme for this year is "The Atomic Fashion Show." The Revue will show what the 4-H members have accomplished with the aid of their 4-H clothing leaders.

Area Mail Processing Is Postal Innovation

The newest innovation of the United States Postal Service—Area Mail Processing—is to be installed at the Childress, Texas Post Office on Saturday, July 1.

Beginning on that date, mail from the Childress Sectional Center Area will be processed for outgoing dispatch through the Lubbock Post Office.

This was announced today by Carl C. Ulsaker, Regional Postmaster General, Southern Postal Region, which covers the Southern United States from Texas to Florida.

"The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through full utilization of Lubbock's mechanized post office," Ulsaker said.

The Lubbock Post Office is equipped with one 6-operator-position letter sorting machine capable of sorting 15,000 letters an hour, and an automatic cancelling machine capable of facing and cancelling 30,000 letters an hour.

Area Mail Processing is a plan whereby virtually all mail originating within a Sectional Center Area, including any or all of the associate offices of the Sectional Center Facility, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

In this case, mail from the Childress SCF and its associate offices will be consolidated at the SCF, moved to the Lubbock Post Office and processed for outgoing dispatch.

All mail deposited in street letter boxes or the out-of-town letter drops at the associate office will be transferred to the SCF for processing and will bear the postmark designated for the SCF area.

The postmark for the Childress SCF will read, "U. S. Postal Service, TX 793," along with the date and AM-PM designation. The city postmark of Childress and each individual associate office will not be changed.

Mail deposited in a designated drop unit at a post office or a letter box labeled "For Local Cancellation Only" will be postmarked at the local office of origin with the name of that office. Each postmaster will have deposit boxes and letter drop units designated for

The Mackenzie Municipal Water Authority Board met with Marvin Shurbet, a member of the Texas Water Board in Plainview Wednesday to look deeper into its proposed dam and reservoir design for Tule Canyon.

When the bids were opened in Tulia Tuesday afternoon, Gilvin-Terrell, Inc. of Amarillo was the low bidder with \$2,636,390—approximately 10% over the allotted monies for the project.

The Amarillo firm was not awarded the contract, even though the other five bids submitted were over \$3 million. Board members decided to try to trim their pre-bid design to bring the project into line with the firm's bid.

That job of alteration has gone to the water system's designers, Freese, Nichols and Endress of Fort Worth. Bob Thompson of the firm told the gathering in the district courtroom in Tulia Tuesday afternoon that his company was optimistic that plans could be altered and still be approved by the Texas Water Development Board.

The cost situation has arisen due to the delay that has ensued since the people of Silverton, Tulia, Lockney and Floydada voted for the municipal water project.

Named to the board of equalization for the Mackenzie Municipal Water Authority were Bud Couch of Silverton, Barry Barker of Lockney, Carl Minor of Floydada and Norman Singer of Tulia.

Attending the Tuesday afternoon session in Tulia were Silverton's Mackenzie Directors, Norman Strange and Charles Whitfill; Mayor Troy Jones, City Secretary Jerry Patton and Councilmen Wayne Nance and Charles Sarchet.

If You Get The Wrong Number

If you get the wrong number and find you have gotten the fire and ambulance number by mistake, will you please tell someone on the line what number you were calling so the telephone company can be advised of the problem. This will help you get better service and will help improve the efficiency of the fire and ambulance services.

Study Club To Have Swimming Party

L. O. A. Junior Study Club will host a swimming party Friday night for its members and their families. All are urged to attend.

this purpose. All metered mail will bear the postmark of the office of origin.

It was emphasized by Ulsaker that no office will lose its local postmark.

He asked specifically that customers no longer use the word "City" as an address in place of the name of the city of destination. "Obviously," he said, "in this new system, a letter with just 'City' could lose its identity."

Post Offices affected by this program in the Childress area are Silverton, Aiken, Chillicothe, Clarendon, Crowell, Dickens, Dougherty, Estelline, Flomot, Floydada, Guthrie, Hedley, Lakeview, Lockney, Matador, McAdoo, Memphis, Odell, Paducah, Petersburg, Quanah, Quitaque, Roaring Springs, Truscott and Turkey.

Blue Sox Won Pair Of Games Thursday Night

Blue Sox Pee Wees beat the Gold Sox Pee Wees 11-6 Thursday night to retain their unbeaten status for the season. Winning pitcher was Danny Eiland, who went three innings, giving up only one single. Leslie Polley pitched the remaining two innings, also allowing only one single.

Jimmy Stone went all the way as pitcher for the Gold Sox Pee Wees, giving up only five hits.

Sparking the offense for the Blue Sox Pee Wees was Danny Eiland, who scored on a walk in the first inning and walloped home runs in the second and third innings for five RBIs. Tad Cornett got three RBIs on a hit in the first inning.

Scoring for the Blue Sox Pee Wees were Gene Polley and Danny Eiland, three runs each; Craig Patton, two runs; Ronnie Johnston, Phil Holt and Mitechal Martin, one run each.

Gold Sox Pee Wee scores were made by Jimmy Stone, two; Eric Patton, Blaine Eddleman, Cary Fleming and Shane Perkins, one each.

In the second game of the double header Thursday night, the Little League Blue Sox handed the Gold Sox a 7-4 defeat. Jackie Eiland was the winning pitcher, going three innings and giving up only one hit. Paul Brannon pitched the remaining three innings, giving up four hits.

Jimmy Wilson went all the way on the mound for the Gold Sox, giving up seven hits.

Scoring one run each for the Blue Sox were Jackie Eiland, Paul Brannon, Autry Polley, Greg Hill, Cam Forbes, Brent Brannon and Eddie Johnston.

One run each was scored by Gold Sox Rodney Bullock, Jimmy Wilson, Mitchell Roehr and Bobby McPherson.

The White Sox Pee Wees defeated the Gold Sox Pee Wees 16-12 and the Little League Gold Sox took a 21-19 win from the White Sox in Tuesday night's action.

In the Pee Wee game, each team scored twice in the first inning but the White Sox outscored the Gold Sox 14-10 in the second inning.

White Sox Pee Wee runs were scored by Gary Juarez and Jessie Ortega, three each; Casey Bean, Jim Estes, Mike Hill and Don Perkins, two each; Monroe Hill and Chris Sperry, one run each.

Scoring for the Gold Sox Pee Wees were Dwain Tipton, Eric Patton, Blaine Eddleman and Jim Stone, two runs each; Cary Fleming, Bryan Schott, Shane Reagan and Shane Perkins, one each.

The Little League Gold Sox broke into the win column by defeating the League-leading White Sox.

Gold Sox scores were made by Rodney Bullock, Jimmy Wilson and Bobby McPherson, three each; Monte Roehr, Mitchell Roehr, Kelly Comer, James Alan Patton and Jace Francis, two each; Wayne Hutsell and Mark Patton, one run each.

White Sox scores were by Tommy Perkins, four runs; Augustin Fabela, James Kitchens and Brent Bean, two each; Jacky Vaughn, David Vaughn, Walter Perkins, Diji Couch, Arturo Fabela and Kyle Bean, one each.

Scene from "TEXAS", the musical drama by Paul Green which plays in the Palo Duro Canyon State Park each summer. This picture of Travis Dean as Calvin and Georgia Clinton as Elsie was taken by Andy Hester of the staff of West Texas State University.

FORMER RESIDENT ON DEAN'S LIST AT SUL ROSS

Barbara May was one of more than 300 students enrolled at Sul Ross State University for the spring semester who qualified for the Dean's List, the University has announced.

Dr. Delbert Dyke, vice president for academic affairs, said 329 students, about 14.5% of last semester's enrollment, earned grade point averages above 3.0, or "B" on a 4.0 scale.

He said 140 of the students on the honor list earned grade points of 3.5 or better, with 33 of these completing the semester with a 4.0 GPA, or all "A" averages.

Dr. Dyke explained only full-

time students carrying at least 15 semester hour loads could qualify for the Dean's List. He also explained that in any semester no more than 15% of the total enrollment could be named to the Honor Roll.

Miss May, a graduate of Silverton High School, posted a 3.9 GPA. She is the daughter of Mrs. Allena May.

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation
 Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation. The answer is Preparation H®. No prescription is needed for Preparation H. Ointment or suppositories.

INSIDE THE LEGISLATURE WITH REP. TOM CHRISTIAN

The third called session of the 62nd Legislature was gavelled to order by Speaker Rayford Price. In keeping with its difficult creation, the Legislature was addressed in Joint Session by a lame duck Governor, Lieutenant Governor and Speaker. In addition, roughly half of the House and Senate returned as lame duck members.

In addressing this session, the Governor proved to be his unpredictable self by limiting the call to appropriations in an attempt to stem the latest state financial emergency. In so doing, the Governor laid groundwork that covered the statewide application of the Food Stamp Program through welfare and small communities.

I was disappointed that the Governor did not see fit to make any mention of the trailer brake and light problem which has caused so many hardships for the 66th District. I intend to officially request that this matter be included in the call.

Most of the conversation in the halls of the Capitol pertain to the upcoming Speaker's race and speculation as to the unholy coalition of Mutscher Lieutenants such as ex - Appropriations Committee chairman Bill Healy backing liberal AFL-CIO, labor supported Price Daniel, jr., son of ex-Governor Price Daniel, sr., currently serving on the Supreme Court of Texas. It was under his term as

Governor that Texas first adopted a sales tax.

I regret very much that in my opinion Representative Daniel has seen fit to substitute prower for principals. Price Daniel, jr., who originally ran as a reform candidate, released the following prepared statement on June 21, 1971:

"It matters not so much whether I am elected Speaker, but it is vital to this State that the people become involved and elect candidates who will vote to oust the present Mutscher - Healy regime which relies on government by intimidation and enact laws which will keep their type of high-handed and dictatorial power from ever existing again in this State."

It disturbs me to have an active candidate for Speaker who was publicly endorsed by the official publication of the Texas AFL-CIO, "Texas Labor," March 1972 issue, as follows:

"For the first time in its history, the Texas AFL-CIO made a recommendation in the race for Speaker of the House, with the delegates endorsing State Rep. Price Daniel jr. of Liberty."

"The Speaker is not elected by the voters, but is elected at the start of the Regular Session by the members of the House of Representatives."

"The COPE leadership, however, felt that the office is of such importance in achieving labor legislative goals that the organization should seek to actively participate in the process."

"COPE recommended that House of Representatives candidates be encouraged to support Daniel's

candidate, and that no financial assistance be given any candidate who does not pledge himself to support reform rules such as those proposed by Price.

"Following the resignation of Gus Mutscher as Speaker, Rayford Price was chosen Speaker for the Special Session by a narrow margin. Daniel was not a candidate in the Special Session."

It appears that the same old special interest team is still operating. First, it was the Mutscher-Healy team, then it was the Hale-Healy-Mutscher team and now the Texas House is facing the Daniel-Healy team.

I am extremely disappointed that a Supreme Court Justice would violate the spirit of our state nepotism law and the separation of constitutional powers by actively involving himself in the inner workings of this legislative body (by calling bankers and prominent businessmen to solicit support for this son).

Since I have been in the Legislature, I have taken a stand against the personal income tax. In each session I have served, Labor has extended all of its resources for the passage of this tax. I would have to assume that Price Daniel, jr., favors such a tax or he would not have received such a glowing endorsement. Therefore, I hope that each Texan will closely examine each candidate involved in the important task of electing a new Speaker and that all Texans might be aware of what the future holds. A vote for Price Daniel, jr. is a vote for a personal income tax, a vote for a corporation

GAME NIGHT PROCEEDS TO GO TO MUSCULAR DYSTROPHY ASSOCIATION OF AMERICA

Silverton Young Homemakers hosted a Game Night Saturday, June 24, in the Pioneer Room at the First State Bank.

Forty - two and refreshments were enjoyed by all who attended.

High score winner was Mrs. Terry Kirkland, and second was won by Mrs. G. W. Chappell. Mrs. George Seaney captured the "over four marks" traveling prize, and Wayne Stephens took home the "two-three marks" traveling prize.

Low prize winner was Mrs. Hand Baird, and Mrs. Fred Minyard received next-to-low. All proceeds were donated to the Muscular Dystrophy Association of America.

Stomach Upset by Gas and Acid

Theme: "Respect, Reverence, Responsibility"
Board Meeting: September 10-14, 1972, Washington, D. C.
Convention: June 3-7, 1973, Baltimore, Maryland

Maid of honor was Sherry Lowery, Earth, sister of the bride. She wore a formal-length dress of American beauty rose peau de soie featuring gently puffed sleeves and pastel pink lace trim around the empire bodice. Her headpiece was a pale pink tulle veil attached to a bow of lace identical to that around the bodice of her dress. She carried a nosegay of roses with long pink streamers.

James Ray Hartline, Muleshoe, served the groom as best man. Ushers were Glen Lowery, Muleshoe, uncle of the bride; Charles Fanning, Muleshoe; Kenneth Roper, Earth, and Deny Haynes, Amarillo.

For her daughter's wedding Mrs. Lowery wore a two-piece ensemble designed with a sleeveless jacket in pink polyester. Her white accessories accented the ensemble. Mrs. Tiffin chose an American beauty rose crepe dress with a matching brocade jacket and white satin accessories. Their corsages were of minuet roses.

Immediately following the ceremony a reception was held in the garden of the Koko Inn.

The bride's table was covered with white with a white net and lace flounced overlay. Focal points on the table were the bride's bouquet and the three-tiered wedding cake decorated with pastel pink roses and soft green leaves. Pink punch, nuts and mints were served with crystal and silver appointments.

The groom's table was covered with a round ecru burlap cloth. A black wrought-iron candelabra holding brown tapers accented with the groom's brand centered the table. Chocolate cake and coffee were served from granite ironstone appointments.

Members of the houseparty were Sharla Lowery, Yvonne Lowery and Mrs. F. B. Earnest, cousins of the bride; Mae Von McDonald and Karen Tiffin, cousins of the groom; Patti Tidwell, Stacey Stanton, Sharon Bowen, Regina Meeks, Brenda Tandy, Sherry Taylor, Mrs. Deny Haynes and Mrs. Kenneth Roper.

For their wedding trip to Red River, New Mexico, the bride chose a pink dress with a fitted bodice of bubble polyester and a softly gathered skirt of knit. She wore a pink orchid corsage and white accessories.

The bride is a graduate of Springlake-Earth High School. She is presently employed by Jim's Pay and Save, Muleshoe.

The groom completed his education at Silverton High School. Out-of-town guests were from Littlefield, Muleshoe, Earth, Silverton, Quitaque, Flomot, El Paso, Amarillo, Tulia, Plainview, Benjamin, Texas, and Chickasha, Oklahoma, Roswell and Clovis, New Mexico.

A rehearsal dinner was hosted Sunday night, June 4, by the parents of the groom at the Silverton School Cafeteria.

Meason - Haralson Vows Exchanged In Formal Service In Idalou

Miss Melva Jo Meason and Garry Haralson, Route 1, Lubbock, Don Haralson pledged their wedding vows in a double-ring ceremony at the First Baptist Church in Idalou at 8:00 p.m. on June 2. Officiating was Rev. B. H. Kendrick, pastor of the church.

Parents of the couple are Mr. and Mrs. Charles Meason, Route 7, Lubbock, and Mr. and Mrs. M. H.

tion:

1. Not all horses in the state were vaccinated.
2. Baccination during the epidemic last year was done under poor conditions due to the confusion and urgency with which it was performed.
3. Mexico reportedly has experienced outbreaks in the Durango area about 450 miles south of the Texas border.
4. VEE antibodies have been discovered in a coyote in Tarrant County and a dog in the pound in Lubbock.

This indicates that the virus is present and this coupled with ample mosquito population this time of year makes transmission to susceptible animals quite possible. Revaccination will not hurt the horse and it is pretty cheap insurance to make doubly sure that the horses are adequately protected against this very lethal disease.

by Jackie Johnson
Briscoe County
Agricultural Agent

careful study and consultation with various authorities, the Veterinary Medical Association and the Texas Animal Health Commission now recommend that horses vaccinated in the 1971 season of Venezuelan Equine Encephalomyelitis be revaccinated. It is just an extra precaution for the horses in the state. There are several good reasons why this is a valid recommendation.

If farmers in Briscoe County are not already familiar with the new safety standards required by the new Williams-Steiger Occupational Safety and Health Act (OSHA) of 1972, they should become acquainted with the act as soon as possible.

The OSHA has special implications to the farmer who employs anyone at any time outside of his own family. In this case the farmer must display a 10x16 inch sign.

NOTICE TO CREDITORS OF THE ESTATE OF LULA ALMA BRANNON, DECEASED.

Notice is hereby given that original letters testamentary upon the Estate of Lula Alma Brannon, deceased, were granted to the undersigned on the 19th day of June, 1972, by the County Court of Briscoe County, Texas. All persons having claims against the said Estate are hereby required to present the same to me within the time prescribed by law. My address is: Joe Seymour Brannon, Silvertown, Texas 79257. My attorney is: J. W. Lyon, Jr., Box 625, Silvertown, Texas 79257.

Joe Seymour Brannon,
Independent Executor of the Estate of Lula Alma Brannon, deceased.

fety poster from the U. S. Department of Labor and must comply with four standards that apply to agriculture.

These four standards cover (1) temporary labor camps, (2) storage and handling of anhydrous ammonia, (3) pulpwood logging, and (4) slow-moving vehicle emblem.

The new law also requires farmers to have available for inspection and keep a "Log of Occupational Injuries and Illnesses" even though none have occurred.

Both the record form and safety poster are in the Department of Labor booklet, "Recordkeeping Requirements." Each farmer in the county should have received a copy of the booklet. If it has been lost or misplaced, another free copy is available from the Occupational Safety and Health Administration Regional Office, Room 730-C, Mayflower Building, 411 North Akard Street, Dallas, Texas 75201.

A copy of "Safety and Health Standards for Agriculture" is also available from the Dallas office. This publication contains detailed standards applicable to agriculture.

The new act requires all farmers employing people outside their immediate family to maintain accurate records of work-related illnesses and injuries and to report deaths within 48 hours to the regional OSHA office. Employers are also required to be able to supply an annual summary of occupational injuries and illnesses upon request from the Labor Department.

The OSHA provides for mandatory penalties of up to \$1,000 for each serious violation and for optional penalties of up to \$1,000 for each non-serious violation. Records must be maintained for at least five years following the end of the calendar year to which they relate.

Heavy rainfall can damage or kill some landscape plants. In many cases, too much water is more harmful than too little. The major problem is not so much the amount of rainfall as the soil's ability to absorb it.

This problem usually exists in areas where there is heavy clay

soil or where there is a shallow topsoil over a clay "hard pan". If water does not move easily through the soil, it may accumulate around the plant's root system. This causes a condition called "wet feet" and may prevent the plant from carrying on normal respiration.

"Wet feet" is not tolerated by many landscape plants. The first symptoms often are yellowing of the plant's leaves, followed by browning and withering. Losses are frequent with highly sensitive plants. These include cherry laurel, ligustrum, dogwood, roses, pitosporum, photinas, azaleas and camellias.

Plants which tolerate varying degrees of poor drainage include many members of the holly family, MORE EXTENSION SER NEWS — some viburnums, wax myrtles, native red maples, cypress and mayhaws.

HEAVY RAINS CAN DAMAGE PLANTS

If local soils are subject to poor drainage, the homeowner has two options. He must either use plant species that are tolerant to poor drainage or else plant in raised beds that will artificially provide good drainage. Although raised beds are often used for such plants as the rose, they are usually impractical for trees and larger plants.

Since native plants seldom suffer this type of damage, they are good to use in landscape development.

Texas experimental wheats have taken top honors in testing against 25 other varieties in the 1971 Southern Regional Performance Nursery.

Four of the seven Texas varieties placed in the top eight positions according to Dr. Kenneth B. Porter of Texas A&M University. He is head of research for the Texas Agricultural Experiment Station at the USDA Southwestern Great Plains Research Center at Bushland.

The 32 experimental and commercial short wheats were tested in 24 cooperative experiments in the Hard Red Winter Wheat region this past year.

CONSUMER COMPLAINTS

If you buy a product and it turns out that there's something wrong with it, what do you do? It is the consumer's responsibility to let his dissatisfaction be known. However, you should ask yourself a few questions before filing a complaint. Was the imperfection the manufacturer's fault? Were all instructions on fabric care followed? Was the product used for its intended purpose? Was common sense used in caring for the item? Were expectations of the product performance reasonable? If you can answer yes to these questions, you may have a legitimate complaint. Make your dissatisfactions known. But keep cool and curb your emotions.

Begin by returning the product to the local retailer. The retailer should exchange the product, repair it, or take it back and return the money. If this first encounter gets no results, go to a higher level. Write the product manufacturer. The name and address should be available on the labels and hang tags that came on the product. Explain the complaint. Tell what's already been done in seeking help locally, and give the name and address of the local retailer. Make a request for help in your final paragraph. Address the letter to Customer Service or the Consumer Relations Department for immediate results. Keep a copy of the letter for future reference. If you don't receive a response within a month, let the manufacturer know that you're taking the complaint to another level. Manufacturers don't want poor customer relations and they don't like bad publicity. The next step may be the action that gets results.

This third step is writing to a consumer protection agency. Include a copy of the letter sent to the manufacturer. This may involve local and national publicity particularly undesirable for the manufacturer. These agencies react upon similar complaints received by numerous persons. Your consumer complaints may be addressed to any of the offices listed below. You should send a copy of your letter of complaint to Mrs. Virginia Knauer, Special Assistant to the President for Consumer Affairs, The White House, Washington, D. C.

The following State Consumer Offices were listed in the July 1972 issue of Family Circle magazine.

1. Honorable Crawford C. Martin, Attorney General of Texas, Supreme Court Building, Austin, Texas 78711. Tel: 512-475-2501.
2. Mr. Robert E. Owen, Assistant Attorney General and Chief, Antitrust and Consumer Protection Division, Capitol Station, P. O. Box 12548, Austin, Texas 78711. Tel: 512-475-3288.
3. Honorable Sam Kelly, Commissioner, Office of Consumer Credit, 1101 San Jacinto Blvd., P. O. Box 2107, Austin, Texas 78767. Tel: 512-476-2111.

Remember, your loyalty to brand names and local retailers is your vote of confidence. If you're particularly pleased with a product, write a letter expressing your satisfaction. The resources are available. Now it's your responsibility to let your complaints and pleasures be heard.

onstrated a wider adaptation than Sturdy, the first short-stature Hard Red Winter Variety that we released in 1966," Porter adds.

Like the Sturdy, these new crosses and selections are expected to give their best performance at high production levels, such as last year when the average yields exceeded 45 bushels per acre.

"The highest-yielding strain was selected from a cross of a Nebraska strain involving Norin 16 and the Kansas variety, Parker," the researcher explains.

These new short experimental strains have good straw strength but excessive straw breakage has occurred in some tests. Another problem is that the Texas strains have little resistance to leaf or stem rust and other leaf diseases.

"Early tests indicate that the milling and baking characteristics of the new strains are acceptable, but large scale tests this year will give further evaluation," the scientist adds.

Two of the top wheats in the 1971 yield tests are being increased, but Porter says they must undergo further studies, and will not be released before 1973.

Flomot Homecoming Set For July 1-2

July 1-2 have been designated as the days for Flomot Homecoming, and that community is now busy getting things all set for the two big days.

Registration begins at 10:00 on Saturday in the gym. Be sure and sign in so the secretary can notify you of the Homecoming in 1975. There is no fee; any donations may be sent to the secretary, Mrs. Doyle Calvert, or the finance chairman, Sam Ross. Your help is needed in notifying friends and relatives, especially those who have changed addresses in the past three years.

Lots of beds are available. The officers of the Ex-Students and Teachers Association in Flomot are saying, "If we run out of beds, we will start driving nails. Let us know in advance and we will see that you have a place to sleep. Contact Mr. and Mrs. John Jones or Mr. and Mrs. Wayne Hunter."

A catering service will serve the noon meal Sunday beginning promptly at 12:00 on July 2. There will be a soft drink stand and a concession stand on the premises. A joint worship service is to be conducted at 11:00 a.m. Sunday in the gym. A good program is planned for both days with class reunions on Saturday from 3:00 to 7:00 p.m.

High Plains HD Club Has Meeting

The High Plains Home Demonstration Club met in the home of Mrs. Dorothy Baker at 2:30 p.m. Friday, June 23, 1972. Mrs. Dorothy Powell, County Home Demonstration Agent, gave a demonstration on how to alter the legs of a pants pattern. Each of the club members is learning the basic alterations necessary for making patterns fit properly. Each club member worked on the garment she is constructing.

Mrs. Baker served refreshments to Mrs. Julia Juarez, Mrs. Georgia Vaughn and Mrs. Powell.

The next club meeting will be July 28 in the home of Mrs. Julia Juarez. Anyone is welcome who would like to attend the High Plains Home Demonstration Club meetings.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYS-TEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYS-TEX at drug-gists. See how fast it can help you.

Sorghum A-25

High yielder for its early maturity. Can also be used for late planting. Strong, short stalks; good head exertion and threshability. Bird tolerance.

"DEKALB" Is A Registered Brand Name. A-25 is a Variety Designation.

ALVA JASPER - Ph. 847-4800
HILL FARM SUPPLY, INC. - Ph. 823-4751

Buy yourself an International tractor now through International Harvester Credit Corporation.

Any of our new IH farm wheel tractors. Any used farm wheel tractors we have on display. New or used implement sold with a tractor. Or Cub Cadet lawn tractors and riding mowers.

You won't have to pay interest until March 1, 1973. (And if you have a good trade-in, you won't even have an investment until then.)

You'll get the best price.

You take advantage of the new tax depreciation laws.

And you have modern productivity in the field now. When you need it most.

When you figure what's in it for you, you should find it interesting.

BROWN - McMURTRY IMPLEMENT COMPANY SILVERTON, TEXAS

REST

A day of play has tired this little one, but now sleep will bring about the needed rest. This is the time for restoring energies, and breaks the day's pace. The Lord set aside a day for rest and worship. This day allows us to be in the Lord's house and renews our energies for the week to come.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MR. AND MRS. JON DAVID McDANIEL

Miss Lynette Joyce Monson of Canoga Park, California and Jon David McDaniel, son of Mr. and Mrs. Robert McDaniel III of Tullia, were married in a Wednesday afternoon ceremony in Tullia on May 31.

Mr. and Mrs. Irvin Monson of San Fernando, California, are parents of the bride.

Honor attendants were Mr. and Mrs. Ricky Hester of Silverton. Mrs. McDaniel was graduated

from Canoga Park High School. Mr. McDaniel, a graduate of Silverton High School, is employed by Vade's Welding and Machine Shop in Tullia.

The couple is a home at 814 North El Paso in Tullia.

Mrs. McWilliams Is Shower Honoree

Mrs. Paul Ray McWilliams, nee Lanis Davis, was honored at a bridal shower from 9:30 until 11:00 on the morning of Saturday, June 17 in the Pioneer Room at First State Bank.

Mrs. Ray Teeple greeted the guests and presented them to the honoree and her mother, Mrs. L. E. Davis, and to Mrs. Dee McWilliams, mother of the bridegroom.

Miss Carron Montague registered the guests.

The refreshment table was covered with a white cloth. An arrangement of yellow and apricot daisies and carnations was used for the centerpiece. Mrs. Perry Brunson, Misses Cynthia and Rhonda Sutton served refreshments.

Out-of-town guests included Mrs. Larry McWilliams, Midland; Mrs. Bunk Mills, Tullia; Mrs. Jim Jenkins and Bradley, Plainview; Mrs. George Weast, South Plains; Mrs. Jim Reid, Mrs. Rodney Horne, Mrs. Paul Stanford and Mrs. Jerry Perkins, all of Amarillo, and Miss Dawn Whitfill of Rockport.

Hostesses were Mrs. Ray Teeple, Mrs. Ben Whitfill, Mrs. Jack Sutton, Mrs. Don Burson, Mrs. J. L. Self, Mrs. Roy Montague, Mrs. Floyd Williams, Mrs. J. D. McGavock, Mrs. Roy Mack Walker, Mrs. Keith Marshall, Mrs. Leo Comer, Mrs. Wylie Bomar, jr., Mrs. Leland Wood, Mrs. Charles Whitfill, Mrs. Beryl Long, and Mrs. Harold Edwards.

4-H DOINGS

Sandy Harris' sewing class met Monday, June 12 in the homemaking department. Cindy Walker, Linda Vaughn and Christi Northcutt were present for the meeting. The girls sewed on their garments.

The group met again June 19 in the home economics department. Christi Northcutt, Linda Vaughn, Cindy Walker and Debbie Boling attended the meeting. Cindy gave demonstrations on hair care and putting in a zipper. Cindy also brought the refreshments. The girls sewed on their garments.

Visitors in the home of Mr. and Mrs. O. C. Maples over the weekend were Mr. and Mrs. Lee Maples, Brenda and Darline, and her mother, Mrs. Buckley, of Wiley, Texas. They came Saturday and stayed until Monday.

AGONIZING PAIN FROM INGROWN TOENAIL?

Get Outgro[®] for fast relief

Why suffer the agony of ingrown toenail pain when Outgro can give you fast, temporary relief? Outgro soothes irritated skin, eases inflammation, reduces swelling without affecting the shape, growth or position of the nail. Outgro gives you fast pain relief, and makes it easier to cut out the nail... cut out the pain caused by ingrown toenail. Stop ingrown nail pain fast with Outgro.

LISTENING TO CHILDREN

Try listening to yourself and to your child. Parents who stop now and then to listen to themselves understand why some ways don't work. If you find yourself saying, "If I've told you once, I've told you a dozen times," then this method isn't working. It may be wise to try something else. Listening gives you an opportunity to check yourself and your actions. Paying attention to what children say gives clues about what they've been learning. Adults are often surprised to discover that children learn something different from what parents think they teach. How many times a day do you say the words, "no," "don't," "stop," or "quit"? You might be surprised. If you find that you use such words often, why not try stating your requests in a more positive manner?

What could be more appealing on the dinner table than steaming corn-on-the-cob? For kitchen cooked corn-on-the-cob, drop the husked de-silked ears in boiling salted water, return to a boil and serve. The ears should spend only about four to ten minutes in the water. Cook "seconds" while eating "firsts" so the cooked ears never have to stand in hot water.

Dress up potatoes in a tasty style. Sprinkle whipped potatoes with crisp bacon crumbles. Top a steaming baked potato with a blob of ripe olivesour cream. Sprinkle piping hot french fried potatoes with grated Parmesan cheese.

You can make delicious individual biscuits out paper thin. Brush with tomato sauce and add some of the following: browned hamburger, grated cheese, minced onion, mushrooms, green chillies, pepperoni and a sprinkle of oregano.

Are you planning a camping trip soon? Here are some tips that might make your trip more pleasurable. Dry milk, an economical camping trip pal requires little storage space and no refrigeration until reconstituted. Prepare only the amount needed for the meal with ice water. Then the milk will be cold enough to drink immediately.

Stores offer many kinds of puddings, breads and even cakes in cans that make excellent take-alongs. Also select cheese in jars or cans that keep almost indefinitely prior to opening.

Prevent pots and pans from blackening over the campfire by rubbing outsides with soap; keep biscuits warm by placing them on a rock preheated in the campfire; squelch sudden and dangerous grease fires by suffocating the flames with baking soda or salt.

The "milk way" is the right way to good eating this June, says the U. S. Department of Agriculture. Milk and dairy products top the list of foods reported in especially good supply. Other plentiful foods on the June list of USDA's Agricultural Marketing Service are broilers, eggs and split peas.

Milk shakes and other refreshing milk desserts and snack items are especially appealing during the warm-weather months. Vary your milk drinks by adding some favorite seasonal fruits in the mixing. Strawberries and peaches blend deliciously in shakes and other drinks.

You may want to try "Rice Cream with Strawberries" for a special dessert idea. This recipe is especially good since the supplies of milk and dairy products are plentiful.

RICE CREAM WITH STRAWBERRIES
2 cups whole milk
1/4 cup uncooked rice
2 teaspoons unflavored gelatin
3 tablespoons sugar
1/4 teaspoon salt
1 cup whipping cream
1 cup fresh strawberries, sliced
3 tablespoons sugar
1/2 teaspoon vanilla
Heat milk in the top of a double boiler. Add rice and cover. Cook over boiling water, stirring occasionally, until rice is tender, about one hour. Mix gelatin, 3 tablespoons of the sugar and salt. Add to the rice mixture, mix thoroughly and cool.
Whip cream until stiff. Combine strawberries and 3 tablespoons of sugar. Fold strawberries, vanilla and whipped cream into rice mix-

The graduates left to right: Annette Fleming, Melody Boyd, Rebecca Reid, Karen Ziegler, Kim Cornett, and Tracy Gill.

FUTURE COOKS GRADUATE

A Graduation Party, honoring the junior age girls and boys who completed the Lighthouse Electric Cooperative-sponsored "Food Fun for Juniors" in Floydada last week, was held Friday morning at the Lighthouse facilities.

Chill 1 1/2 to 2 hours, then serve. Makes six servings of about 3/4 cup each.

If you prefer, use 1 cup of sliced fresh peaches instead of strawberries and add 1/4 teaspoon almond extract.

I think all of us enjoy having sandwiches for our summer meals. You may want to fix this version of an egg sandwich for your family.

CREAMY EGG SANDWICH FILLING

3 hard-cooked eggs, finely chopped
6 oz. chive-flavored cream cheese
2 tablespoons mayonnaise
1 teaspoon prepared mustard
1/2 teaspoon Worcestershire sauce
1/2 teaspoon salt
1/2 teaspoon pepper

Combine all ingredients. Blend well and chill. Use 1/4 cup for each sandwich. Makes 1 1/2 cups of sandwich filling. (You can make your own chive-flavored cream cheese by adding fresh or freeze-dried chives.)

Those hot summer days are fast approaching and it's time to get air conditioning installed if you haven't already done so. The big question is determining what size cooling unit is needed.

W. S. Allen, agricultural engineer with the Texas Agricultural Extension Service, offers a "rule of thumb" on selecting air conditioning.

"A common guide is to figure one ton of air conditioning for each 500 to 600 square feet of floor area in the home. And, depending on local electric rates, a one-ton unit will cost about two or three cents per hour to operate."

With this in mind, persons with an average size home of 1,250 square feet of floor space will need about two-and-a-half tons of air conditioning. Cost of operation will be about seven cents per hour.

"Do not use the rule of thumb as a firm guide in figuring sizes and costs," cautions the engineer. "The kind of home construction and location can cause requirements and costs to vary widely."

Allen suggests that homeowners carefully consider both the room unit and control-system unit when shopping for air conditioning. The cooling operation of both types is the same but conditions may make one a better selection than the other. Since several room units may be required to do an adequate job, the total cost should be studied carefully to insure the best possible equipment at the lowest cost.

4-H DOINGS

Mary Jane Patton's second year 4-H sewing class met Thursday, June 15, at 3:00 p.m. Mrs. Patton took the girls to Plainview to shop for skirts.

The girls who went were Annette Fleming, Karen Ziegler, Ellen Hutsell, Twila Wood and Alesha.

Unit V clothing class met Monday, June 19 and completed their garments. They also assembled their hats for the Dress Revue Hat Show.

Rhonda Sutton gave a step-by-step method demonstration on how to make bound buttonholes.

Debbie Cantwell gave a poster talk on qualities that make a girl admirable.

Celia Martin served refreshments.

The Unit V clothing class also met Monday, June 12, in the home of their leader, Mrs. John T. Fran-

becca Reid, daughter of Mr. and Mrs. J. W. Reid, jr.; Karen Denise Ziegler, daughter of Mr. and Mrs. Riley J. Ziegler; Kim Cornett, daughter of Mr. and Mrs. Don Cornett, and Tracy Gill, daughter of Mr. and Mrs. John R. Gill.

Freezone is for corns that hurt. Absolutely painless. No dangerous cutting, no ugly pads or plasters. In days, Freezone eases the hurt... safely helps ease off the corn. Drop on Freezone—take off corns.

What's electricity been doing lately? ... Getting ahead with the

POLLUTION SOLUTIONS

Providing enough power to take the smoke out of smoke stacks . . . to operate new urban mass transit systems . . . to recycle junk metal for new uses . . . whatever ways engineers, scientists or technologists think up to reduce or eliminate the many varieties of pollution, chances are Reddy will be their right-hand man. Electricity is the cleanest, most versatile form of energy that can get the big jobs of environmental cleanup accomplished. It'll take a lot of brains and power, but that's a natural part of Reddy's job — serving tomorrow's needs today.

REACHING NEW Heights

Man has explored most of the earth, and has now set out to conquer space.

While achieving these marvelous works, let us not forget our creator.

"When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained; what is man that thou art mindful of him? and the son of man, that thou visitest him? For thou hast made him a little lower than the angels, and hast crowned him with glory and honour. Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet..."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATEMENT OF NONDISCRIMINATION

Lighthouse Electric Coop. Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organiza-

tion, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Act and Regulations.

You can't live on love forever.

It's easy to forget that emergencies do happen. And when there is a crisis, you'll need a nest egg to fall back on.
The Payroll Savings Plan is one of the easiest ways to make sure you've something saved for when you need money fast. When you participate in the Payroll Savings Plan where you work, an amount you designate will be set aside from each paycheck and invested in U.S. Savings Bonds. It's an effortless way to build up a reserve.
And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/4% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all

Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.
Let's hope there are no troubled waters in your future. But remember, emergencies don't always happen to the other guys.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. They may be redeemed until redemption. And always remember, Bonds are a proud way to save.
