THURSDAY, JULY 13, 1972

### Phone Company Threatens City With Court Action on Rate Increase

By Mary Ann Sarchet  
For the past several months, General Telephone Company of the Southwest has been putting pressure on the City Council to approve a rate increase for the

City of Silverton. An offer of a rate increase, based on a study conducted by McMorries & Associates, was made to the telephone company. This would have raised the company's percentage of profit from the present 3.29% to 4.89%. The company originally had asked for an increase of 7.71% and has now made a counter-offer to the Council which reflects a 7.24% increase in profits.

If the Council does not accept the rate increase proposal now before it, it looks like the telephone company is going to take the matter to court.

A telephone company represen-

tative told the City Council Monday night that he would discuss with the company the possibility of making a commitment to the people of the Silverton exchange to have Direct Distance Dialing equipment installed here by November 1974. It was learned here this week that the company does not consider it economically advisable to promise new equipment of that type for our telephone exchange even by the end of 1974.

Since the installation of a DDD system in Silverton had been estimated some time ago for late 1972 or early 1973, and since the company won't even make a new promise to have it by the end of 1974 now, it begins to seem a certainty that Silverton's chances for getting Direct Distance Dialing while being served by General Telephone Company are dim.

The Silverton merchants have been invited to meet with the City Council at 7:00 p.m. tonight at the City Hall to discuss the matter.

The telephone company's position on this rate increase is one of disbelief. Their records don't seem

to show any serious problems in Silverton, and they do not believe our Councilmen when they tell them that our telephone service is not what we would like it to be.

It is our fault—yours and mine—that this has happened. What do we do when we have trouble with our telephones? We tell our relatives, friends, or a neighbor. If we get really burned about the situation, we call one of the local servicemen. Following this incorrect procedure for reporting telephone troubles gives the company no record of our problems, and gives them a basis for the stand they are now taking that the Silverton community has no more than the normal amount of telephone trouble. We know better, but in court their records would speak loudly.

It is now proposed by General Telephone Company that the following rate increase be granted effective September 1, 1972: Business One Party, 12.75; Business Extension, 1.60; Residence One Party, 6.00; Residence Two Party, 5.00; Residence Extension, 1.15; Rural Business Four Party, 11.45; Rural Residence Four Party, 5.90.

It is further proposed by General Telephone Company that in six months, or on March 1, 1973, the rates be further raised to the following: Business One Party, 14.95; Business Extension, 1.75; Residence One Party, 6.70; Residence Two Party, 5.55; Residence Extension, 1.25; Rural Business Four Party, 13.85; Rural Residence Four Party, 6.35.

Present rates are: Business One Party, 10.50; Business Extension, 1.50; Residence One Party, 5.25;

#### TOWN & COUNTRY CLUB MEETS IN ALLARD HOME

The Town & Country Home Demonstration Club met Monday July 10 at 9:30 a.m. with Mrs. Clifford Allard.

The meeting was opened by the club's new president, Mrs. Roy Mack Walker. A hat sale was the opening event, with each member having brought a hat well sacked to be auctioned for the sum of \$1, sight unseen. Each member modeled her hat following a picture parade.

Each member answered roll call with "My Favorite Vacation Spot." Miss Cynthia Walker was elected to be the club's queen contestant in the Floyd County Fair Queen Contest which will be held in Lockney September 14-15-16.

Mrs. Berton Hughes was elected as alternate delegate to the THDA meeting which will be held in Houston September 12-13-14.

Mrs. Walker challenged the members to be 100% in attendance to make the year's work a success. The new yearbook for 1972-73 was completed for the year by each member.

Mrs. Walker's thought for the day was "To become angry without a cause is a positive identification of a fool."

Mrs. Allard served refreshments to Mrs. Walker, Mrs. Johnnie Burson, Mrs. Ennis Autry, Mrs. Ollie McMinn, Mrs. Don Garrison and Mrs. Hughes.

Mrs. J. E. Patton underwent major surgery at the Lockney General Hospital last Thursday morning. She has not been allowed visitors much of the time, but is doing better now.

Residence Two Party, 4.50; Residence Extension, 1.00; Rural Business Four Party, 9.00; Rural Residence Four Party, 5.25.

General Telephone Company further states that new equipment was installed for the Silverton Exchange in the 1950's, and that the last rate increase approved by the City Council was in 1955.

One thing is for sure: Silverton telephone rates are going up. Another thing is probable: the telephone service isn't going to improve as long as subscribers fail to report to the company the troubles they have with their telephones. This means you should call repair service by dialing the operator everytime you dial someone and can't hear them; everytime you call long distance and hear other voices or static on the line; everytime you pick up your phone to call someone and can't get a dial tone; everytime you dial Flute Hutsell or Leland Wood and get the Silverton Fire and Ambulance Service; everytime your service is unsatisfactory for any reason.

#### Clinic To Be Closed

The clinic will be closed Thursday of this week through Tuesday of next week while Dr. John Boyd is attending a doctor of osteopathy meeting in Minneapolis.

Becky Francis, daughter of Mr. and Mrs. Alvie Francis, will be Briscoe County's junior entry in the District II 4-H Dress Revue to be held in Lubbock July 27. The garment she made and will model in the Dress Revue is a two-piece dacron polyester knit dress, with orange skirt and matching striped top in complimenting shades of orange, green, yellow, blue, and white. It is designed with button-flap pockets and is worn with white accessories.

At its meeting Monday, July 10, the City Council voted to call an election for August 19 so that the residents can consider a 1% city sales and use tax for the City of Silverton.

The proceeds from a city sales tax would be used primarily for street maintenance and repair that is required in the near future. Approximately \$22,000 is needed immediately for street repair.

Bids are to be taken soon for seal coating 64 blocks of city paving. Councilmen also hope that residents will adopt the city sales tax to make purchase of badly-needed equipment possible for the City.

A city sales tax would apply only to those items already covered by the state sales tax. Food, drugs, etc. would not be taxed. Collection and remittance of the tax would not require additional work on the part of the local merchants, because the tax would be collected and remitted to the state along with the state's portion of the sales tax. Once each quarter the state comptroller's office would compute and remit the proper amount to the city in one check.

The sales and use tax is a fair one. Everyone, whether a property owner or not, pays a small portion of the tax. In addition, those who do not live in the city would pay a small share also when they shop in Silverton.

Recently several cities in our area have approved the city sales tax, including Quitaque and Matarador. This reflects progressive thinking in their communities and a positive attitude on the part of their citizens. The Silverton City Council is hoping that the people of this town will join other forward-looking citizens in approving the city sales tax and making it possible to finance badly-needed city improvement projects without making any changes in city tax rates or property evaluations.

#### Mail Schedule

#### Changes Announced

There has been a change in the schedule of arrival and departure of mail in the Silverton Post Office.

The only change in the arrival of mail is that the Parcel Post will not arrive at this office until 9:05 a.m. and the postal employees should have it all up by 9:30 a.m. There will be a little first class mail arriving at this time also.

Mail will be picked up at the Silverton Post Office Mondays through Fridays at 4:30 p.m.; Saturdays, Sundays and holidays at 2:00 p.m.

According to Postmaster Fred Strange, it is very important that you either have your mail inside the Post Office, or inside the outside box by the above times, or it will not leave until the next day.

On Saturdays, Sundays and holidays you should always put your mail in the outside box after 9:00 a.m. to have it picked up at 2:00 p.m.

#### TWILA WOOD RECEIVES

#### HONORABLE MENTION

#### IN ACCO CONTEST

Announcement was made this week that Twila Wood of Silverton was named one of the Honorable Mention winners in Acco Feeds "Most Helpful Dog in the Southwest" contest.

Miss Wood will receive a 50-pound bag of Acco Taz-Tee Chunks Dog Food for her comments about her dog.

Acco Feeds, the producer of livestock, poultry and dog feeds, was formerly known as Paymaster Feeds in Texas and Superior Feeds in Oklahoma. The company is a division of Anderson-Clayton Company, Inc.

The contest, according to Wren Vinyard, marketing manager for the company, drew entries from a three-state area. The first prize of a Honda Mini Bike was won by Andy White of Checotah, Oklahoma, and the second prize of a Border Collie puppy went to Dennis Hollar of Pilot Point, Texas. There were 50 Honorable Mention winners.

#### Young Homemakers Starting Children's Playground Project

The Silverton Young Homemakers announced plans here this week to enter, as a long-range project, into the purchase, building and equipping of a children's playground to be added to the City Park.

The Young Homemakers have made arrangements to purchase the vacant corner lots across the alley southwest of the present park, and to place at least one (hopefully three) pieces of colorful children's play equipment on it during the year ahead. Their long-range plan is to add equipment each year until the project is finished.

Mrs. Wayne Stephens, spokesman for the project, told the Briscoe County News: "The Young Homemakers are going to put their rodeo concession stand money into this project, and will also be having other projects to raise money for it. We are determined, for the sake of our children, to see this project through to its completion, but we need help. We would like to invite the other clubs and individuals of the community to join with us to build the children's playground."

#### Baptist Group Attends Youth Conference

Thursday, July 6, the Baptist bus, loaded with 24 young people and their sponsors, left Silverton to attend the Youth Evangelism Conference at Lubbock. The trip included an overnight stay in Lubbock, and the group returned to Silverton Friday evening.

Theme of the conference was "Meet Jesus." Approximately 5400 young people were in attendance at the third of five conferences for Texas young people. Other conferences are being held in Houston, Tyler, Abilene and Dallas.

Those attending were Danna Garvin, Sherry McJimsey, Jeanette Arnold, Ann Hardin, Jean Reeves, Janette Reeves, Nedra Flowers, Debra Roehr, Suzette Fitzgerald, Tammy Stephens, Lanell Stephens, Tim Wilson, Marshall Rauch, Wendell Hardin, Merle Roehr, Brent Bean, Jeff Jones, Jim Wilson, Darrell Reynolds, Dayne Mayfield. Sponsors were Sandy and Riley Harris, Dick Roehr and Bonnie and Doug Yarborough; also attending were Robbie Yarborough, Scott and Shelly Harris, children of the sponsors. Those who drove to Lubbock in their own cars to attend were the Guinn Fitzgeralds, Nanette and Kimberly, the Bob Reeves, Mark and Kerry Sim and Karen Holt.

Mrs. Jack Harris moved her husband from Plainview to the nursing home at Lockney Saturday.

#### 4-H Horse Club To Ride In Tulia

The 4-H Horse Club voted Monday to ride in the Tulia parade Saturday, July 15. The members of the club are to meet at the west end of the park in Tulia with their horses by 3:30 p.m. on parade day.

For further information, members may contact the Horse Club Leader, Johnnie Burson.

#### Seniors Asked To Pick Up Pictures

Seniors who have not picked up their pictures may do so any week day at the school.

Briscoe County's senior entry in the District II 4-H Dress Revue to be held at Lubbock's Red Raider Inn on July 27, is Mary Chris Cantwell, daughter of Mr. and Elton Cantwell. The garment she has made and will model in the Dress Revue is a blue and white dacron knit pants suit. The pants are solid blue and compliment the print top which is designed with sailor collar. She wears white accessories with her ensemble.

#### COMPLETES THREE-DAY COURSE FOR CHURCH SECRETARIES AT WAYLAND

Jewell Lyon, secretary at First Baptist Church in Silverton has completed a three-day course at the Church Secretaries' Workshop at Wayland Baptist College.

She will receive a certificate of completion for the workshop. This is the Eighth Annual Workshop on the campus.

Guest clinician for the three-day affair was Miss Lucy Hoskins, editor of Church Administration Magazine, Nashville, Tennessee. Some 75 secretaries from five states attended the sessions.

The workshop also served as the annual meeting of the Association of Church Secretaries which was organized at the workshop last year. Elected to serve as officers for the coming year were Mrs. Jean Conaway, educational secretary at Crescent Park Baptist Church, Odessa, president; Mrs. Nellivee Clark, secretary to the pastor, First Baptist Church, Midland, vice president, and Mrs. Betty Chandler, secretary to the pastor at First Baptist Church, Lake Jackson, secretary-newsletter editor. Advisor to the group and workshop director is Joe Provence, director of public relations at Wayland.

#### HELPING HAND CLUB MEETS IN CALLAWAY HOME

The Helping Hand Club met July 6 with Modean Callaway as hostess.

Those present were Zoe Steele, Mae Rowell, Pearl Lanham, Laverne Mercer and Miriam Jowell. Next meeting will be July 20 with Miriam Jowell.

Mrs. Jeanne McLeland and Kevlin of Amarillo visited friends and relatives here Monday afternoon. Her nieces, Annette and Scotti Fleming returned home with them for a visit.

#### Senior Baseball In Round of Play

Summer baseball program to its final round of play with the Blue Sox remaining undefeated and firmly to first place in the league. In the Little League loss by the White Sox Blue Sox Tuesday night teams identical 4-2 season records.

Old Sox Pee Wees are now in place with a 2-4 season record followed by the White Sox with 1-5.

The League Gold Sox now for the season.

SOX PEE WEES 7  
THE SOX PEE WEES 4

Old Sox Pee Wees met at park early Thursday evening for batting practice. The expense paid off with a grand run off the bat of Eddleman (scoring Shane Dwinan Tipton, Eric Pat-

kins, two each; Dwinan Eddleman, Kelly Blaine Eddleman, Kelly and Shane Reagan, one

run. Blue Sox scored four runs in the first.

Sean hit a home run for Blue Sox Pee Wees scoring three and himself in the second. Casey also scored in the third along with Robert

McMurtry and Jimmy Dwinan for the Gold Sox, and Hill and Chris Sperry for the White Sox.

SOX 29, GOLD SOX 10

Blue Sox won the White Sox Thursday night in a long one, with the Blue Sox scoring six runs in the first, eight in the second, and quitting with three in the fourth with

for the White Sox on 23 Johnny Ortega, Diji Rocky Vaughn, Arturo Farrar, Kirk Durham, each; Tommy Perkins, James Kitchens, two David Vaughn, August Walter Perkins, Ramon James Jarrett, one run

on ten hits for the Gold Sox. Rodney Bullock, Nicky Doug McLimsey and two runs each; Jace and Wayne Hutsell, one

run. Ortega was the winning pitcher for the White Sox. Bobby McPherson and Bullock pitched for the

runs; Jessie Ortega, Monroe Hill and Bob Arnold, two runs each; Jim Estes (triple) and Michael Hill (home run), one run each.

### BLUE SOX 11, WHITE SOX 8

Tommy Perkins opened the scoring Tuesday night by leading off in the bottom of the first inning with a home run for the White Sox. The Blue Sox came back with a run by Autry Polley batted in by Larry B. Stephens in the top of the second, and really poured it on with home runs by Autry Polley in the fourth, fifth and sixth innings for a big win over the previously once-defeated White Sox.

The White Sox also got a home run off the bat of Jacky Vaughn in the sixth inning with no one on base.

Paul Brannon and Jackie Eiland shared pitching duties for the Blue Sox, and Johnny Ortega went all the way for the White Sox.

Scoring for the Blue Sox were Autry Polley, four runs; Cam Forbes, John Segura and Jackie Eiland, two each; and Larry B. Stephens, one run.

Jacky Vaughn scored twice for the White Sox, and one run each was made by Tommy Perkins, Augustin Fabela, Kirk Durham, Earl Jarrett, Diji Couch and James Kitchens.

## CATTLE ALMOST STAMPEDED WHEN FIRST DRIVEN TO RIM OF PALO DURO CANYON

When famed cattle baron Charles Goodnight brought his herd over a little rise in the Texas Panhandle in the 1870's, he almost had a stampede on his hands.

The cattle were suddenly confronted by Palo Duro Canyon, and they panicked. In fact, the mules pulling the chuck wagon were so frightened that they nearly dumped the entire wagon, cook and all, into the 1,000-foot canyon.

Palo Duro Canyon, located 12 miles east of the City of Canyon, is indeed a spectacular site to behold after crossing mile after mile of the monotonous rolling plains of the Texas Panhandle.

The canyon is 120 miles long and is 40 miles wide at its mouth. Because of the canyon's breathtaking scenery and its colorful history, more than 15,000 acres of it have been made into a state park.

The canyon has been in the making for 90 million years through the action of wind and water on rock. At least four geologic ages or eras are exposed by the canyon's eroded formations.

Palo Duro, a Spanish term meaning "hard wood," refers to the canyon's supply of strong cedar (juniper) brush from which the Indians made their arrows.

Probably the first European to visit Palo Duro Canyon was Francisco Vasquez de Coronado, who is generally believed to have been

in the canyon in 1541. The canyon was one of the last strongholds of the warlike Great Plains Indians until after 1874 when General Ranald Mackenzie defeated a large force of marauding Comanche Indians in the canyon, making it safe for permanent Anglo-American settlement.

The first rancher in Palo Duro Canyon was Goodnight, who, in partnership with John Adair of England, started the first cattle ranch in the canyon as well as the first ranch in the Texas Panhandle, the famous JA Ranch which is still in operation in part of the canyon.

The extraordinary terrain of the canyon is reason enough to visit Palo Duro Canyon State Park. It is, after all, a geological wonder.

But there is also a man-made attraction which has drawn visitors from all over the world. It is the outdoor stage production, "TEXAS," a musical drama depicting the early settlement of the canyon area.

"TEXAS" is held in an outdoor amphitheatre of natural stone. It is a drama of man's struggle with the elements while trying to settle the untamed portions of central and northern Texas. Since its beginning in 1961, success of the drama has been as spectacular as the country and history on which the story is based.

Pulitzer Prize winner Paul Green wrote the script, and the music was scored by Hollywood composer Isaac Van Grove. Some of the cast are students, some are housewives and many of the feature performers have professional backgrounds.

Lights playing against rugged canyon walls and special sound effects are used to heighten the drama's excitement. On stage a panorama of Panhandle history unfolds as settlers, cowboys and Indians play out the day-to-day conflicts of that colorful era.

A prairie fire rages and the settlers struggle against searing winds, dust storms and blizzards. Simple pleasures, such as hoe-downs and "plum pickens," brighten the hard existence.

"TEXAS" is beginning its 12th year at the amphitheatre. Performances this year begin June 22 and run every day except Sunday through August 26.

crop. If the stem is intact, free of large breaks and the seedling has sound buds, recovery is still possible although it will be slower than plants having at least some leaves.

"However, if the stem is shattered and the bark loosened or broken at points below the leaf buds, then recovery is impossible," the specialist warns.

If the producer decides not to replant, a sandfighter should be run as soon as possible to prevent sand injury to vital buds on stubs left in the field. Metzger says that any regrowth hinges on either the sound terminal bud (the growing point) or axillary bud located at the point of leaf attachment.

If the terminal bud is destroyed then the axillary buds become active and begin growth. After sand-fighting, the producer should cultivate immediately to prevent crusting.

The specialist emphasizes that hail injury in May or June will cause less yield losses than damage in July or August.

"If the damage is suffered early, a crop can recover to the point

that the injured plants are cult to distinguish from undamaged plants," he adds. Also, cotton that survives early damage is often more mature than first frost than a crop that has been replanted.

"When a crop is totally destroyed, the producer has no choice but to replant, especially if the damage is early in the season," Metzger says. "But in most cases the crop is usually only partially injured."

Under these conditions, the decision about replanting comes more difficult and based on sound information.

SILVERTON, TEXAS

Shurfresh Milk Has That NATURAL GOODNESS

# COMMUNICATION

Telephone lines spread across our nation, giving us immediate contact with loved ones. Vital business is rapidly contracted through this medium.

Our linkage to God is prayer. Through prayer we can express our love, our thanks, and seek God's help.

"Hearken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Attend church, join others in fellowship and prayer to God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## First State Bank

MR. AND MRS. DANA MARTIN

## Yancey - Martin Vows Exchanged In Lockney Home Recently

Miss Dorothy June Yancey and Dana Earl Martin were married at 6:00 p.m. June 23 in the home of Mr. and Mrs. Homer Ragland, jr., uncle and aunt of the bride, in Lockney. Earl Cantwell, minister of the Rock Creek Church of Christ and grandfather of the bridegroom, directed the double-ring ceremony before a double basket of white gladioli, white majestic daisies and baby's breath flanked by branched candelabrum bearing white tapers.

Parents of the couple are Mrs. E. W. Yancey and the late Mr. Yancey and Mr. and Mrs. Datis Martin, all of Silverton.

Given in marriage by her uncle, Mr. Ragland, the bride wore a floor-length white double-knit gown styled with empire waist and puff sleeves. The neckline and waist band were defined with

white lace, and ruffling was used on the dress. She carried a lace-covered Bible topped with a cascade of yellow sweetheart roses and daisies surrounding a cymbidium orchid.

Terry Jones of Silverton was maid of honor. She wore a semi-fitted floor-length dress of yellow dotted swiss, styled with tucked bodice and jeweled neckline, with short puff sleeves. She carried a nosegay of yellow sweetheart roses tied with green ribbon streamers.

Candles were lighted by Celia Martin of Silverton, sister of the bridegroom. She wore a lime green floor-length dotted swiss dress with short puff sleeves. Monty Teeple, cousin of the groom, served as best man. Guests were seated by Ronnie Strange and Stan Martin, brother of the bridegroom.

Debbie Cantwell, cousin of the bridegroom, sang "The Twelfth of Never."

Mrs. Yancey chose a green A-line dress with white accessories and added a green cymbidium orchid for her daughter's wedding. The bridegroom's mother wore a light blue jacketed dress and also added a green cymbidium orchid.

A reception was held in the Ragland home immediately following the ceremony. The bride's table was covered with a yellow cloth overlaid with white lace. An arrangement of yellow daisies and gladioli decorated the table. Focal point was the three-tiered wedding cake decorated with yellow roses and green leaves and was topped with a miniature bride and groom.

Serving refreshments at the reception were Mrs. Gary Whitfill, Mrs. Roger Younger and Misses Vickie and Debbie Austin.

Celia Martin secured the names of the guests for the bride's book.

After a short wedding trip, the couple is at home eight miles west of Silverton where he is employed by Ray Teeple.

Both are spring graduates of Silverton High School.

## FARMERS UNION NEWSLETTER

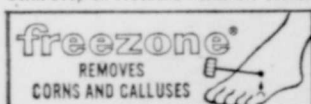

The farmers are now receiving assistance checks from the government for their important crops of cotton, feed grain and wheat. The checks have been termed by detractors as "give away", "welfare," or "subsidies." The truth of the matter is that these checks mean the difference of retaining the family farmer on his land or seeing him forced out of business due to the cost-price squeeze and replaced by a large corporate conglomerate.

Many consumers and main street businessmen give lip service to the abundance of food provided by farmers as well as the business received from them. In too many instances, however, none of the groups mentioned appear in Congress to fight for better farm programs which will retain the population in rural areas so vitally needed in America today.

A fact that too few realize is that government farm programs add millions of dollars to the local economy. Most of the local businesses would close if it weren't for the once-a-year receipt of price-support checks. Farm programs mean a strong rural America (prosperous merchants as well as farmers). These farm programs include conservation assistance for protection of our agricultural resources as well as price-support programs. Farmers Union is dedicated to the principle of improving government programs so that they work for the betterment of the farmer as well as the consumer and small town merchant. The Farmers Union has consistently, throughout its 70-year history, proven that it is on the side of the family farmer and is concerned about keeping him on the land. It is not that the organization is anti-big farmer or anti-corporation, but we feel that the strength of rural America is indeed in our family farms and when rural America is strong, the rural communities will likewise remain strong.

Keeping government assistance at an adequate level (a parity income equal to other segments of the economic sector) is a continuing struggle. Many groups oppose good farm programs which benefit family farmers as well as consumers. The agricultural trade and agri-business many times find themselves at odds with the bonafide family farmer because of their emphasis on "bigness" and "efficiency." Many times their lobbyists in Congress have influenced

## Congressman Purcell Visits In Silverton

Congressman Graham Purcell was in Silverton Monday. Using the time Congress is out of session for the Democratic Convention to make an extensive tour of his district, he arrived here at 11:00 a.m. and stayed through the noon hour.

The veteran Democrat, who heads the Subcommittee on Livestock and Grains, noted that "several extremely important issues—matters that are especially important to West Texans—are still pending before Congress."

One important issue cited by Purcell is the sweeping new rural development program which he introduced and his vigorously supported for a period of many months. Purcell said he hopes the legislation will be approved soon after Congress reconvenes. The

farm legislation to the detriment of family farmers. Likewise, some of our farm organizations have not been as concerned with maintaining the family farmer as they could be.

As an example of the pressure to continuously weaken the farm programs for family farmers and shift the emphasis to large and "efficient" farms whether they be private or corporate, note a recent study made by the U. S. Department of Agriculture. The "Young Executives Committee" appointed by Agriculture Secretary Clifford Hardin a year ago, has recently published its report and its recommendations for future agricultural policy. According to the young USDA executives, "agricultural policy should be directed toward maintaining agriculture as a viable industry and not as a way of life." The USDA report terms present farm programs "costly, a deterrent to efficient production, and of negligible value to second generation owners." Their recommendation is "phase out over five years, reduce loan rates to disaster price level for feed grain crops and wheat and zero for all other crops." The young executives term parity price as "not a good barometer of return nor of the welfare of the farmer." The USDA Young Executive report concludes, "The phase out would give a hard, downward push to annual farm income of perhaps six billion dollars at the beginning." The young executives do not see their proposals as doing in the family farm "but it would become a larger, more sophisticated unit."

Local residents are encouraged to rally to the support of farm programs designed to better rural life and maintain the family farmer as a viable part of rural America. Farmers reading this are invited to join forces with an organization that is seeking to retain program benefits and constantly seeking to better and expand these farm programs.

bill, now pending before the House Rules Committee, "will at long last give us the framework we have so long needed to rebuild our small communities—through industrial development, through establishment of more adequate facilities and services, and through major new forms of assistance to agricultural producers, especially young farmers."

Being a native of this region, the new 13th Congressional District holds interests and problems close akin to the knowledge and talent of this senior Northwest Texas Democrat.

In citing the agricultural strifes of Briscoe County, Purcell reiterated the characteristics of our leading farm organizations, urging us to re-evaluate our potentials. He said, past conflicts between farm organizations were yesterday; today we must seek new approaches and techniques to show the importance of and in selling the goods of an abundant agriculture. "It is time for Congress to take the step of protecting the vital economic interests of all the people of America. It is time because the President won't do it and the Courts shouldn't do it." This statement also was made by Purcell to the Chairman of the House Special Subcommittee on Labor.

"Water is of immediate and vital attention in the future of this district," said the sixth U. S. lawmaker. "If Tulsa, Oklahoma can become a port, which it has, then this area can have its water needs

## To Conduct Area Labor Survey Soon

The Clarendon Chamber of Commerce in conjunction with the Texas Employment Commission is going to conduct an area labor survey for Clarendon and the surrounding area. Texas Employment Commission will have a representative at Clarendon's City Hall on July 10 and July 12 from 10:00 a.m. until 2:00 p.m. to take survey applications of all persons interested in working in the Clarendon area.

Any housewife interested in employment, anyone presently employed seeking an opportunity to better their position, or any individuals that are unemployed are encouraged to meet with the representative on the above dates.

We urge everybody interested in elevating their present position, qualified for a better job, or seeking greater potential to see the representative.

An acorn was frequently used as a design on colonial furniture because it was considered a symbol of hospitality.

## SBA Economic Injury Disaster Loans Available Here

The Small Business Administration is prepared to make Economic Injury Disaster Loans to aid small business firms suffering substantial economic injury due to the effect of the prolonged drought and other natural disasters on farmers in most counties of Texas.

Fred S. Neumann, SBA Regional Director in Dallas, said that the drought and other natural disaster areas as officially designated by the U. S. Department of Agriculture include 243 counties in Texas. All counties in Texas have been designated with the following exceptions: Camp, Cass, Franklin, Harrison, Marion, Morris, Panola, Rusk, Tidus, Upshaw and Wood.

Neumann said that SBA can provide Economic Injury Disaster Assistance (EIDL) up to a maximum of \$500,000.00 to affected small firms. The loan proceeds can be used for working capital or to pay certain debts which the business would have been able to meet had it not lost income due to the drought and other natural disasters.

Interest on SBA Disaster Loans is set monthly by the Treasury Department, and for June was 5 1/2%. Loan applications may be filed at SBA offices in Texas located at Dallas, Lubbock, El Paso, San Antonio, Houston, Harlingen, Corpus Christi and Marshall.

When the highest section of steel is placed on a large building during construction, the American flag is displayed.

## DONATIONS NEEDED FOR PUBLIC RODEO BARBECUE

Donations are needed to finance the public barbecue to be held on Thursday, August 10, during the rodeo and celebration.

Donations may be made at the First State Bank or at Hill Farm Supply.

worked out."

For seven years, Purcell served as Judge of the 89th Judicial District of Texas. During the same period, he also served as Judge of the Juvenile Court of Wichita County. He resigned both positions

upon his election to Congress in 1962.

Mrs. Purcell is the former Nancy Attebury of Amarillo. They have nine children, ranging in age from a recent graduate of the Texas A&M School of Veterinary Medicine down to a kindergarten toddler.

Purcell's knowledge of public affairs and parliamentary procedure, his judicial experience and first-hand knowledge of the way many of his constituents work and think and, most of all, his plain hard work, have combined to make him one of the most effective and popular members of Congress.

## CLUBS INVITED TO ENTER GIRLS IN QUEEN CONTEST

Local clubs are invited to enter unmarried girls between the ages of 14 and 21 in the 1972 Rodeo Queen Contest.

The girl who sells the most tickets to the Silverton Young Farmers Rodeo will be declared the winner and will be presented on Saturday night, August 12 at the rodeo. She will be given \$50 and a trophy buckle. The first runner-up will receive \$20 and a buckle.

Congressman Purcell met and visited with sixty people—young and a little older than young—while he was in Silverton.

Deadline for entering the contest is 1:30 p.m. July 22, at the time the girls and a member of the sponsoring organization will meet at the City Cafe and the girls receive their tickets.

Entries may be made by calling Calvin Shelton or Tobe Dell.

Girls who will be candidates for Rodeo Queen are asked to bring a billfold-size picture of themselves and a list of their activities, accomplishments, special talents and hobbies to the Briscoe County News not later than Tuesday evening, July 25, to be used in publicity of the rodeo event.

# The Sales Tax

## is a

# FAIR TAX...

The City Council is asking that the people of Silverton approve a 1% sales tax on August 19th. It is a fair tax, in that everyone - both property - owners and non - property - owners -- pay a small portion of this tax.

Silverton must have more money for operation. The cost of labor and equipment for essential services has been greatly increased in the past few years, while Silverton remains with the same property evaluation arrived at several years ago.

The City does not have sufficient funds for street maintenance and repair that will be required in the near future, with approximately \$22,000.00 needed immediately for street work.

A City sales tax will apply only to those items already covered by the state sales tax. Food, drugs, etc. will not be taxed. Collection and remittance of the tax will not require additional work on the part of our local merchants, as the tax will be collected and remitted to the state along with the state sales tax. Then once each quarter the State Comptroller's office will compute and remit this amount directly to the City in one check.

Talk it to your neighbors and friends, and help Silverton remain self-sufficient.

The City Council

### NOTICE

ORDINANCE CALLING SPECIAL ELECTION FOR ADOPTION OF LOCAL SALES TAX WHERE PAPER BALLOTS ARE USED AN ORDINANCE ORDERING A SPECIAL ELECTION TO BE HELD IN THE CITY OF SILVERTON, TEXAS, ON THE QUESTION OF THE ADOPTION OF A ONE PERCENT (1%) LOCAL SALES AND USE TAX WITHIN THE CITY; DESIGNATING THE DAY OF THE ELECTION AND THE POLLING PLACE; APPOINTING ELECTION OFFICIALS THEREFOR; PROVIDING THAT ALL DULY QUALIFIED RESIDENT ELECTORS SHALL BE QUALIFIED TO VOTE; PRESCRIBING FORM OF BALLOT; PROVIDING FOR NOTICE OF ELECTION; CONTAINING OTHER PROVISIONS RELATING TO SAID ELECTION; PROVIDING FOR SEVERABILITY; AND DECLARING AN EMERGENCY.

WHEREAS, Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62) authorizes the governing body of any city, town or village in Texas to call an election for the purpose of adopting a local sales and use tax within such city, town or village; Now Therefore, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SILVERTON:

Section 1. That a special election shall be held in and throughout the City of Silverton, Texas, on the 19th day of August, 1972, at which election there shall be submitted to the resident qualified voters of said City, for their action thereupon, the following propositions:

"FOR adoption of a one percent (1%) local sales and use tax within the city."

"AGAINST adoption of a one percent (1%) local sales and use tax within the city."

Section 2. That said election shall be held at one polling place for all qualified voters of said City, and the polling place and presiding officers for said election shall be, to-wit:

Polling Place Presiding Officers  
City Hall Fern Holt  
Silverton, Texas Presiding Judge  
Diamond Williams  
Alternate Presiding Judge

The Presiding Judge at such election shall appoint two clerks.

Section 3. That said election shall be held in accordance with the Constitution and laws of the State of Texas, and all duly qualified resident electors of the City of Silverton, Texas shall be qualified to vote.

Section 4. That the ballots of said election shall conform to the requirements of Section 2, Subsection G, of Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62), and to the requirements of Chapter 6 of the Election Code of the State of Texas, as amended, and the language to be printed thereon shall include the following:

#### OFFICIAL BALLOT

INSTRUCTIONS: Place an "X" in the square beside the statement indicating the way you wish to vote.

FOR adoption of a one percent (1%) local sales and use tax within the city.

AGAINST adoption of a one percent (1%) local sales and use tax within the city.

Section 5. That election judges and clerks are directed to comply with Article 6.06, Election Code of the State of Texas, as amended (Section 2 of House Bill 181, Acts 1967, 60th Legislature, Regular Session, Chapter 452, Pages 1026, 1028), which provides that a square shall be placed beside each proposition in which the voter is instructed to place an "X" or other clear mark to indicate the way he wishes to vote; but which also provides that failure of a voter to mark his ballot in strict conformity with the directions on the ballot shall not invalidate the ballot, and the ballot shall be counted if the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot. It is specifically provided that the election officers shall not refuse to count a ballot because of the voter's having marked his ballot by scratching out the statement of proposition for which he does not wish to vote.

Section 6. That notice of the election hereby ordered and called shall be given: (a) by publication on the same day of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be at least twenty-one (21)

ALETHA WEBB

The seventh season of "TEXAS", the musical drama of Panhandle history by Paul Green, is entering its third week of performance. The story is told by eighty cast members and thirty crew members from 24 different communities and trained in 38 colleges and universities.

One member of the cast is Aletha Webb, daughter of Mr. and Mrs. Billy Ray Webb of Amarillo, and niece of Mrs. Dee McWilliams of Silverton.

She brings to the drama her experience as Anna in the "King and I" and Mrs. Peachum in "Beggars' Opera." The charming coed attended Amarillo College where she was a member of the AC Chamber and Concert Choirs. She was elected Choir Queen for the Bel Canto Chorale at Amarillo High School. This fall she will enter West Texas State University as a Music Education major.

days prior to the date set herein for such election; and (b) by posting of such notice at the polling place in each of the election precincts of the City not less than twenty (20) days prior to the date set herein for such election. It is hereby found and determined that the Briscoe County News is a newspaper published within the City of Silverton, Texas, and is a newspaper of general circulation within said City.

PASSED AND APPROVED, this 10th day of July, 1972.

Troy Jones, Mayor  
ATTEST:  
Jerry Patton, Secretary

## The House of Gifts

# Home Notes

The characteristic flavor and texture of cheese is best when served at room temperature, according to U. S. Department of Agriculture home economists. Remove cheese from the refrigerator at least one hour before serving. Exceptions are cottage and cream cheese which are served directly from the refrigerator.

**Braising** — cooking by steam trapped and held in a covered container or foil wrap — is recommended for less tender cuts of meat, according to U. S. Department of Agriculture home economists.

The source of steam may be water or other liquid added to meat, or it may be meat juices. Braising may be done in a heavy pan on top of the range, in a moderate oven, or in a pressure cooker.

Here is an easy recipe you might like to fix for your family:

### PEACH CRUNCH

- 1 No. 2½ can sliced cling peaches
  - ½ cup butter
  - ½ cup graham cracker crumbs
  - ½ cup brown sugar
  - 1 cup pecan nuts, broken
  - ¼ teaspoon cinnamon
  - ¼ teaspoon nutmeg
- Drain peaches, reserving liquid, and arrange in bottom of greased shallow baking pan. Mix cracker crumbs and brown sugar with the butter or margarine, add cinnamon and nutmeg. Sprinkle mixture over peaches evenly. Top with nuts and one-third cup peach syrup. Bake at 375° for 20 minutes. Makes 9 servings.

This **TOMATO FLO/WEE SALAD** is as eye-appealing as it is tasty.

- 6 chilled tomatoes
  - Lettuce
  - ¼ cup chopped celery
  - ¼ cup chopped cucumber
  - 1 tablespoon minced onion
  - 1 tablespoon chopped green pepper
  - 2 hard-cooked eggs, chopped
  - 2 tablespoons mayonnaise or cooked salad dressing
  - 1 teaspoon salt
  - Pepper
- Cut stem ends from tomatoes. Cut tomatoes four times from the top almost through the bottom, to

form eight attached "petals." Spread petals apart on the lettuce. Combine other ingredients and put filling into centers of the "flowers." Chill. If you prefer, a half-cup of cottage cheese may be used in place of the eggs.

"To get the lid on" soaring summer prices, inspect local food markets this week for economical buys. In beef sections, consider ground beef, frankfurters, spareribs, steaks and roasts for outdoor cookouts. Poultry products range high as poultry meat and protein buys.

Fresh fruit and vegetable sections offer pineapples, oranges, bananas, cantaloupes and potatoes as choices in best supply at the most economical prices. Also cabbage, carrots, tomatoes, dry yellow onions, radishes and green onions.

### CHILD SAFETY AT HOME

Ninety-five per cent of accidental poisonings occur while children are supposedly under adult supervision. More than half a million different kinds of medicines, cleaning aids and other household substances tempt children's curiosities and often cause poisoning.

The key to halting these poisonings is a continuing plan of prevention in the home. First, don't store bleach, detergent, drain cleaner or other hazardous substances under the kitchen sink or any other place accessible to small children. Don't keep bug killers, medicines or other dangerous items next to food. Paint, insecticide, turpentine, alcohol or other such substances may be mistaken for something to drink when poured into bottles or similar type containers. A child's sense of smell and taste aren't as developed as an adult's. He can't read or recognize the signs of poison and just one taste can kill him.

Remember, it's up to you to keep your child safe from poisons.

Cheddar cheese will stay in good condition for several weeks if you refrigerate it and keep it in the original wrapper until you are ready to use it, says the Agricultural Marketing Service. After opening the package, wrap the cut cheese in foil, waxed paper or plastic to prevent drying.

**KITCHEN TIP:** Here is a quick meal you can prepare with the

# News From The Extension Service

by Jackie Johnson  
Briscoe County  
Agricultural Agent

A possible improvement in the successful High Plains boll weevil control program will be tested in four area counties this year. Strips of early-maturing cotton varieties will be planted in a few fields in each county next to prime overwintering sites such as shinnery and mesquite to literally lure the emerging weevils into traps. Pheromone traps, as well as the strips of early cotton, will attract the overwintering weevils into limited areas. The testing will be done in Briscoe, Dickens, Hale and Kerley counties.

In addition, when the early cotton is planted, Temik will be incorporated into the furrow, to destroy the weevils as they are drawn to the cotton and pheromone traps.

- The program will be carried out by the Texas Agricultural Experiment Station of Texas A&M University and the Plant Protection Division of the USDA. Scientists from these two organizations will be studying the technique as to its usefulness on a large scale.
- The program will measure the effectiveness of each of the control factors. Some fields will receive only the Temik treatment or the sex pheromone traps, while others will be planted only with the early-maturing variety.
- Producers having just the early-maturing cotton planted on their

- ### CAN-CAN CHICKEN
- 1 can (10½ oz.) condensed cream of chicken soup
  - 1 can (10½ oz.) condensed cream of celery soup
  - 1 soup can water
  - 1½ cups quick-cooking rice
  - 1 can (12 oz.) cooked chicken or 1½ cups sliced cooked chicken
  - 1 can (3 oz.) chow mein noodles
- Combine all ingredients except noodles in a large skillet. Stir to mix. Bring quickly to a boil. Cover, reduce heat and simmer 7 minutes. Remove from heat; stir. Serve with the noodles. Makes 4 to 6 servings. **NOTE:** If desired, serve with 1 can (3½ oz.) French fried onions or 2 cups of French onion rings.

- ### This Onion and Cheese Soup
- gives a special lift to mealtime.
- 1 cup chopped onions
  - 2 tablespoons flour
  - 1½ quarts milk, scalded
  - Salt and pepper
  - 2 cups grated sharp Cheddar cheese
  - Paprika
  - Minced chives
- Saute onion in butter until soft. Add flour and mix. Add milk gradually, stirring all the while, and heat to just below the boiling point. Makes two quarts. (Why not use nonfat dry milk to make this recipe as economical as possible?)

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could see God's House from any direction, and could easily find their way to a place of worship. Today, with many office buildings towering into the sky, churches are not always the tallest buildings. However, churches still point the way to God, and provide a place of worship.

"The Move Is To ACCO SEED"

Take some interest in yourself.

Buy yourself an International tractor now through International Harvester Credit Corporation.  
Any of our new IH farm wheel tractors. Any used farm wheel tractors we have on display. New or used implement sold with a tractor. Or Cub Cadet lawn tractors and riding mowers.  
You won't have to pay interest until March 1, 1973. (And if you have a good trade-in, you won't even have an investment until then.)  
You'll get the best price.  
You take advantage of the new tax depreciation laws.  
And you have modern productivity in the field now. When you need it most.  
When you figure what's in it for you, you should find it interesting.

**BROWN - McMURTRY IMPLEMENT COMPANY**  
SILVERTON, TEXAS

**PUBLIC NOTICE**

Sealed bids will be received at the City Hall in Silverton, Texas, until August 11 at 12:00 noon on 64 blocks seal coat for the City's streets. The City of Silverton reserves the right to accept or reject any or all bids. 28-2tc

**CARD OF THANKS**

Thank you for all the cards, gifts and visits while I was in the hospital and since I have returned home. I appreciated them so much.  
Mike Cornett

I would like to thank everyone for the many kind things done for us while Glenn was in the hospital and since he has been home. Every visit, phone call, cards, flowers and especially, every prayer, was greatly appreciated. Friends like you mean so much at a time like this. May God bless each of you.  
Glenn Jones and family

**Self Service Car Wash** 25c

**ITCHING LIKE MAD?**

Get this doctor's formula! Zemo speedily stops torment of externally caused itching... of eczema, minor skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs. "De-itch" skin with Zemo-Liquid or Ointment.

**Stomach Upset by Gas and Acid?**

Di-Gel with Simethicone quickly relieves gassy-acid upset.  
This unique discovery breaks up and removes painful gas-bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

How to get your refrigerator to cook things.

Stir the right things into Jell-O Brand Gelatin and your refrigerator will fix crunchy salads, interesting fruits and new side dishes. For over 250 exciting ideas, send 25¢ (in coin) with your name, address and zip code to: Joys of Jell-O, Box 8074, Kankakee, Illinois, 60901.

Jell-O is a registered trademark of the General Foods Corporation.
