

Silverton: Heart Of The Scenic Caprock

# Briscoe County News

THURSDAY, JULY 19, 1973

VOLUME 65 NUMBER 29

All Around the Town by Mary Ann Sarchet

The question in Silverton this week is: Would you object to having a feedlot 2 1/2 miles southeast of Silverton? Please support our town by signing the form that you may find almost any Silverton business, stating your desire to see our economy grow and prosper. This new feedlot would be a help to our town, our county, school, our people—but only if located close enough to Silverton to make this its business quarters.

A new industry could come to Silverton the way if the cucumber business at Riley Harris' and Jimmy Myers' turns out to be profitable enough to attract more growers. The two fellows have a total of 44 acres of cucumbers this year and the company these cucumbers are contracted to indicate that if as much as 300 acres of cucumbers were grown here it would place a grading shed

Today is the anniversary of the landing of a man on the moon.

## New Money Order System Announced

The new Money Order system will go into effect on July 21, 1973. Customers will then be able to purchase a single money order for a maximum of \$300.00. Under the new system if a customer wanted a \$100 money order, the postal worker had to write three \$100.00 money orders with a charge of a fee for each money order. Under the new system, the charge for a \$300.00 money order will be only 40c, or a saving of 80c to the customer, according to Silverton Postmaster Fred A. Sarge. The fees for money orders will be as follows: \$0.01 to \$10.00, \$10.01 to \$50.00, 35c; \$50.01 to \$100.00, 40c.

The customer should always complete the "Pay To" and "Purchased By" portions of the money order and his receipt. The Postal Service is not liable for orders lost or completion by the purchaser. The customer should always bring his receipt to present later in the money order gets lost, etc.

Franklin of O'Donnell visited her grandmother, Mrs. J. M. Thompson, last week.

Mrs. Bill Brooks of Amarillo spent Friday night with his wife, Mrs. Mildred Brooks, and brother, Roy.

Mrs. Bob Olive of Pecos visited Mrs. Belle Olive Betty Sunday afternoon.

Mrs. Ronald Vaughan of Amarillo brought their sons, Deland Douglas, for a month's visit with their grandparents, Mr. and Mrs. Ewing Vaughan. They spent Wednesday of last week fishing at McClellan.

Wayne McMurtry, Lee Ann Kelly, Mr. and Mrs. Jerry Pat-Craig and Dellyn, Mrs. Darrell, Brenda, Doug and Sherri, and Mrs. Charles Sarchet and were at Greenbelt Lake over the weekend.

Mrs. John Lee Francis moved to Plainview where she lives at home at 1109 Itasca.

# New Cash Crop Being Harvested Here Now

Jimmy Myers and Riley Harris were pictured every other day and 65 hands are employed Monday as the cucumber harvest got underway here. The cucumbers have to be picked in the field. (Briscoe County News Photo)

A new cash crop—cucumbers—is now being harvested here.

Two Silverton farmers, Riley Harris and Jimmy Myers, planted a total of 44 acres of cucumbers this year and have contracted them to Brown-Miller Produce of Texas for whole pickling. The cucumbers are hauled to Plainview for grading.

Brown-Miller furnishes the laborers for picking the cucumbers, and the local farmers furnish housing for them. At present 65 people are employed in the cucumber harvest, picking every other day. The harvest will continue for six to eight weeks.

The first picking, which is usually light, made the growers a

Cucumber Grades, from right to left: Number One, Number Two, Number Three. The smaller cucumbers are the most desirable and bring the best price. All of these cucumbers are for pickling whole.

## Religious Census To Be Conducted

A religious census will be conducted in Silverton and the surrounding area beginning at 1:30 p.m. Sunday, July 22. The area to be covered extends from the Caprock to the Briscoe County lines.

Churches participating in this religious census are First Baptist Church, Silverton Church of Christ, First United Methodist Church, Assembly of God Church, Rock Creek Church of Christ, New Fellowship Baptist Mission and New Jerusalem Baptist Mission.

Cards will be distributed to families at church to be completed and placed on door or given to worker.

## Equalization Board To Meet

The Board of Equalization for the City of Silverton will meet Wednesday, July 25, from 4:30 until 5:15 p.m. at the City Hall.

Due to a conflict of events, the 4-H Fun(d) Night has been rescheduled for August 18 at 6:30 p.m.

After the new chutes have been installed, it may be possible to have some riding events.

The event was rescheduled to allow more to participate.

The local growers have been advised that if 300 acres of cucumbers were grown in this area, a shed for grading them would be built here. This could be a great boost to the local economy.

Harris and Myers also are growing ten acres each okra for seed which has been contracted to an Oklahoma City firm.

## Donations Needed For Free Barbecue

Donations are needed for the free public barbecue to be served at the City Park in Silverton beginning at 4:00 p.m. Thursday, August 9.

Donations may be left at First State Bank, Hill Farm Supply, Bud's Grocery & Market or the Briscoe County News.

## Board Discusses Lake Recreation

The Mackenzie Water Authority board of directors, meeting at the Lockney City Hall Tuesday night of last week, devoted considerable time to planning recreation facilities for Mackenzie Lake.

Lockney board member O. C. Bailey reported he had been working with the district highway engineer out of Childress in planning roads into the lake. He said the engineer needed sketches of recreational facilities and boat ramps before he could go to work on the project.

President of the board Lon Davis reported that he had some State Parks and Wildlife officials working on the recreational design for the lake.

The board also devoted a considerable amount of time talking with engineers W. R. Bridwell and Bob Thompson, who reported that the dam would be "first class" and work was progressing nicely.

The dam is 50% complete and it is expected that in October or November the dam will begin to hold water.

## Date Changed For 4-H Fund Night

Due to a conflict of events, the 4-H Fun(d) Night has been rescheduled for August 18 at 6:30 p.m.

After the new chutes have been installed, it may be possible to have some riding events.

The event was rescheduled to allow more to participate.

## INJURED IN ACCIDENT

Mr. and Mrs. Eric Ward of Denver City were involved in an auto accident near Welch, Texas Saturday morning. Mrs. Ward, mother of Mrs. Troy Jones of Silverton, was seriously injured and is in the hospital at Lamesa. Marge has been at her mother's bedside.

Marvin Reynolds is a patient in Room 710 at Methodist Hospital in Lubbock.

## SPD Meeting Slated In Plainview

The economics and utilization of permanent pastures for livestock production will be featured topics of a symposium set for July 20 in Plainview, according to Billy C. Gunter, District Extension Agent for the Texas Agricultural Extension Service and coordinator of the event.

"Today we are faced with a severe shortage of beef in this country, and our rangelands are being used at full capacity," said Gunter. "The necessary expansion of the cattle industry to meet consumer demand for beef must come from the conversion of cropland to livestock production."

"Farmers on the High Plains can respond to this critical need," said Gunter. "The necessary expansion of the cattle industry to meet consumer demand for beef must come from the conversion of cropland to livestock production."

"Farmers on the High Plains can respond to this critical need," he added. "There is great potential for increasing economic gains in this area through the utilization of

permanent pastures for livestock enterprises."

Speakers on the program include Al Novosad, Extension Pasture Specialist from College Station; Frank Petr, Extension Agronomist at Amarillo; George Warner of Hereford; Chester Jaynes, associate professor of the Texas Agricultural Experiment Station at Lubbock, and Marvin Sartin, Extension Economist, also of Lubbock.

Their topics include cool-season and warm-season perennial grasses for the High Plains, relationships of livestock to forage, utilization of permanent pastures, and investment and returns on permanent pastures.

Dr. James R. Supak, Extension Agronomist at Lubbock, will offer concluding remarks.

Cooperating in the joint meeting are the Extension Service, the Experiment Station, and Texas A&M University, with County Extension Agents in the SPD program area providing leadership.

## 4-H DOINGS

The 4-H Horse Club met Monday, July 9. It was decided to have a trail ride and picnic August 25, and a Fun(d) Night September 8.

Recent visitors in the home of Mrs. J. M. Thompson were her daughters, Mrs. G. D. Schmidt of Lamesa and Mrs. Dick Franklin of O'Donnell, and Mrs. Stella (Bean) Belvins and daughter, Miss Anna Belvins, of Daton, Ohio, who were on their way to San Antonio to visit Raymond Bean, brother of Mrs. Belvins.

Joe Anderson of Houston spent the weekend here visiting his mother, Mrs. Josephine Anderson.

Mrs. Ben Lesley and Bruce of El Paso visited their aunt, Mrs. Gordon Alexander on Wednesday of last week as they were enroute to Hedley to spend a few days with her parents. They also visited in the homes of Mr. and Mrs. Randall Eddleman, Blaine, Barry, Brandon and Blake and Mr. and Mrs. Charles Sarchet and Ken.

This was all that was left of J. E. Patton's cotton crop after a damaging hail raked the Rock Creek Community Friday night of last week. Also receiving hail were Claude Al-ison, Datt's Martin, Loyd May, Guinn Fitzgerald, Lenton Lanham, and the Rock Creek Church of Christ received roof damage. (Briscoe County News Photo)

# Archeological Excavation Funds Needed

In 1976, General Randal S. Maclellan cleared the last Indians from West Texas' Tule Canyon. In state officials fear a lake for Mackenzie may cover last traces of those Indians in its waters. "Significant" archeological sites will be inundated by under-construction Mackenzie Reservoir unless the Texas Antiquities Committee can find \$82,000 soon—to salvage the sites by locating them and removing artifacts. The reservoir is in northwest of Silverton. The committee has sought the

money from the Texas Water Development Board, which is financing the lake; the Mackenzie Municipal Water Authority, which is building and will operate the lake; and Texas Tech and West Texas State Universities, which want to do the archeological salvaging—but has been turned down by all. The Antiquities Committee has voted to knock again on the doors of the Water Development Board and the local water authority, and as a last rescue, to seek a court injunction against the closing of the dam until the sites are excavated.

"The statute is very clear," said Truett Latimer, a member of the committee, "that our responsibility is to protect the archeological sites."

Completion of the Mackenzie Reservoir dam in Tule Canyon next December will begin backing up water into the 850-acre lake. The \$3 million lake will provide a water supply for Tule, Silverton, Floydada and Lockney.

A survey by the Texas Historical Survey Commission in 1970 showed 77 sites in the future lakebed where prehistoric and historic man left their traces, including 14

significant enough to be nominated to the National Register of Historic Places. Those 14 sites—the ones to be salvaged—range from 10,000-year-old campsites of early man to the dugouts of early Panhandle ranchers.

Since next spring's rains will probably inundate the sites, said State Archeologist Curtis Tunnell, the estimated worth of "intensive" archeological work needs to begin by September 1.

A bill by Senator Max Sherman of Amarillo providing a special appropriation for the work failed to pass the recent legislative ses-

ion, and when Antiquities Committee officials asked the Water Development Board for the money last month, the board turned them down, saying it has "no further responsibility" for the sites.

Tunnell appealed last week to Lon Davis of Floydada, president of the Mackenzie Water Authority, but Davis told him "they'd like to see something done, but they don't have any money." The two state colleges interested in doing the work, Latimer said, don't have research money available for the project.

The Antiquities Committee will

ask Attorney General John Hill for an opinion on whether the Water Development Board has a responsibility "to protect the archeological resources in reservoirs they are financing," and whether the board can pay for such protection out of its budget allocation for mapping and "investigations."

If Hill says yes, the committee will again seek the \$82,000 from the Water Development Board. If he says no, the committee will ask the board to seek a "deficiency appropriation" through Governor Dolph Briscoe's office. If all else fails, the committee will ask the

attorney general to seek an injunction against completion of the dam.

Tunnell suggested the committee might even seek financing for the salvage project from private individuals or foundations, but said time might be too short.

The dam in Tule Canyon is half complete, he said, "so it's becoming very critical that salvage take place immediately."

Mrs. Ewing Vaughan has completed a six-week art session, and reports a good session with some good paintings turned out.

**Pigg - Brooks Vows Exchanged Recently In Double - Ring Ceremony**

Wedding vows were exchanged by Miss Jannine Pigg of Flomot and Mr. Bill Brooks, 713 Short Street, Amarillo, in a formal garden wedding at 8:30 p.m. June 30 at the home of the bride's parents, Mr. and Mrs. Jack Pigg, at Flomot.  
 The bridegroom is the son of

Mrs. A. T. Brooks of Silverton and the late Mr. Brooks.

Officiating the double-ring ceremony was the Rev. Dean Harris of Lubbock, pastor of the Fairmont Baptist Church.

Wedding music was played by Mrs. Ricky Hester, flutist, Ricky Hester, guitarist, and Scott Hutsell, organist, all of Silverton.

Escorted and given in marriage by her father, the bride wore a white lace gown with tiered hoop skirt trimmed in light blue. She added a wide-brimmed white hat and carried a bouquet of fresh garden flowers.

Matron of honor was Mrs. Jackie Sperry of Flomot, sister of the bride. Bridesmaids were Misses Leslie Pigg of Flomot, sister of the bride, and Mary Baker of Canyon. They wore blue empire dresses with long skirts and carried bouquets of fresh garden flowers. Each added a wide-brimmed white hat.

The flower girl was Cindy Hawkins, cousin of the bride. Ring bearers were Glenn Dee Pigg and C. L. Hawkins, brother and cousin of the bride.

Best man was Jimmy Rex McWilliams of Silverton. Groomsmen were Roy Pigg of Flomot, brother of the bride, and Roy Lynn Brooks of Silverton, brother of the groom.

Guests were seated by Clinton and Clayton Pigg of Flomot, brothers of the bride.

The matron of honor, bridesmaids and Miss Kelly Hawkins, cousin of the bride, assisted with hospitalities at the reception which was held immediately following the ceremony.

Following their wedding trip to points of interest in Colorado, the couple is at home in Amarillo.

The bride graduated from Flomot High School and attended South Plains Junior College at Levelland. The bridegroom graduated from Silverton High School and Amarillo College and is employed as a lab technician at High Plains Baptist Hospital in Amarillo.

**REHEARSAL PARTY**

The rehearsal party was held in

**DEBRA OVERMAN**

**To Marry Soon**

Mr. and Mrs. Melvin Mahagan of Hale Center, Texas announce the engagement of her daughter, Miss Debra Overman, to Paul Quintin Montague, son of Mr. and Mrs. Joe Montague of Silverton.

The couple is planning a September wedding in the First Methodist Church in Hale Center.

**TISA HABERER**

Mr. and Mrs. Russell Haberer of 1303 Garland, Plainview, announce the engagement of their daughter, Tisa, to Mr. Gene Whitfill, son of Mr. and Mrs. Ben Whitfill of Silverton. The marriage will take place August 21, 1973, in the chapel of the First Baptist Church in Plainview.

Miss Haberer is the granddaughter of Mrs. Bonnie Haberer of Muleshoe and Mr. and Mrs. J. J. Davis of Earth. Mr. Whitfill is the grandson of Mr. and Mrs. R. E. Patterson and Mr. and Mrs. Ed Whitfill of Lockney.

Miss Haberer is a 1973 graduate of Plainview High School, and Mr. Whitfill is a 1971 graduate of Silverton High School and has been attending Wayland Baptist College. Both plan to attend Wayland this fall.

4-Hers from Briscoe County are attending the annual 4-H Electric Camp, located 28 miles southeast of Cloudcroft, New Mexico, and sponsored by Southwestern Public Service Company. Those attending from Briscoe County are, back row, left to right: Jimmy

Vanstony, County Agent, Suzette Fitzpatrick, Becky Francis, Debra Strange and Ed Strange, adult leader. Front row, Gary Strickland and Ken Wood. They are listening to Ed Harr, a Southwestern Public Service Company instructor.

**Mrs. Brooks Is Shower Honoree**

Mrs. Bill Brooks of Amarillo, the former Miss Jannine Pigg, was honored at a miscellaneous bridal shower at the Pioneer Room of the First State Bank in Silverton Saturday.

Mrs. Brooks' aunt, Mrs. L. A. Gilbert, and Mrs. Jackie Sperry of Flomot attended. Other out-of-town guests were Mrs. Oscar Weaks, Mrs. Lonnie Wesley and Mrs. Willie Wesley of Tulia.

The home of Mrs. A. T. Brooks in Silverton.

**\* New Baby**

Mr. and Mrs. Len Koslowski of Warren, Michigan are parents of a daughter, Cathy, born there June 22.

They are also parents of another daughter, Carol, who is three.

The baby's grandmothers are Mrs. Josephine Anderson of Silverton and Mrs. Jessie Koslowski of Detroit, Michigan.

She also has a great-grandmother, Mrs. Mary Daniel of Tulia. Mrs. Anderson has returned af-

ter spending 10 days with her daughter's family in Warren.

Mr. and Mrs. Joe Holland are to Pampa last week.

We all thrill to a...  
**FAMILIAR TUNE**

It is so soothing, comforting, and pleasing to listen to our favorite tunes when played by capable artists. These tunes can make our minds wander back to pleasant memories of days gone by, and also awake us to new joys. Each Sunday we have the opportunity to be thrilled by the preaching of God's word, and the story of God's great love for us. Attend church Sunday and enjoy worshipping God with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MR. AND MRS. WADE A. BRANNON

### Thomas - Brannon Vows Exchanged

Wedding vows were exchanged by Miss Mary Jo Thomas and Wade A. Brannon at 4:00 p.m. Thursday, July 5, in the home of the bridegroom's parents, Mr. and Mrs. Seymour Brannon. Parents of the bride are Windle Thomas of Silverton and Mrs. Michael Stephens of Amarillo.

Officiating the double-ring ceremony was Rev. Larry Wilson, pastor of the First Baptist Church in Silverton.

The ceremony was performed before an archway decorated with lemon leaves, plumosa, baby's breath, blue and white carnations. Three large silver bells were arranged in the center of the archway.

The bride wore a gown of white

organza designed with empire waist and A-line skirt. Her mock turtle neckline was outlined with wide lace. Her long full sleeves had wide cuffs accented with wide lace. Lace also adorned the front of her bodice and skirt. Her veil of illusion was attached to a lace-covered crown.

She carried a bouquet of white carnations, the centers of which were showered with tiny seed pearls, and baby's breath.

For something new, she wore her new gown. She added a blue garter and a pair of blue earrings. She borrowed a necklace that belonged to her mother and a watch that was given to the bridegroom's mother on her ninth anniversary. She also placed pennies bearing

### Love - It's The Real Thing

When a loved child fails, the failure doesn't cut so deep that it makes him doubt his self worth, according to a family life education specialist.

"Being loved gives reassurance and encourages a person to try again," Dorothy Taylor, Texas Agricultural Extension Service, Texas A&M University, said.

Most researchers mention love as a "potent reality" markedly in-

the years of their birth in her shoes.

Attending her sister as maid of honor was Miss Ellen Thomas of Amarillo. She wore a dress designed with aqua blue A-line skirt and white shirred top with short puffed sleeves. Her mock turtle neckline was laced with aqua velvet ribbon. She carried a bouquet of aqua and white carnations showered with white ribbon streamers tied in lovers' knots.

Terry C. Bomar of Silverton served as best man.

The bride's mother chose a black knit dress trimmed in white for the wedding. The bridegroom's mother wore a yellow silk linen dress.

A reception was held immediately following the ceremony. The bride's table was covered with a white cloth edged with wide lace. The wedding cake was made in two layers and was decorated with white love birds and aqua flowers, and was topped with a miniature bridal couple beneath a white lattice archway.

Winter Snow punch was served with the wedding cake from crystal and silver appointments. The table was decorated with the bouquets of the bride and her maid of honor.

Assisting with the hospitalities at the reception were Mrs. Joe Brannon, Mrs. Jerry Don Brannon, Mrs. Terry C. Bomar, Miss Tammy Stephens and Miss Ann Offield.

Mrs. Lynn Smith presided at the guest registry.

After a short wedding trip the couple is at home in Silverton, and will soon be moving into their new home at 805 Braidfoot Street.

Both the bride and groom attended Silverton Schools. He also attended Tarleton State at Stephenville.

Out-of-town guests included Mrs. Gail Johnson, Ohio; Mrs. Archie Phillips and Mrs. Doug Meriwether, Lockney; Mrs. Michael Stephens, Sheri and Julia, Jerry Stephens and Ellen Thomas, Amarillo; Mr. and Mrs. R. E. Young and Peggy, Mr. and Mrs. Travis Young and Mrs. Don Sherbet, Floydada; Mr. and Mrs. G. C. Pitts, Steve Pitts and Kathy Williams, Lubbock; Mr. and Mrs. J. W. Brannon, jr., Panhandle; Mrs. Lola Hale, Midland.

fluencing human behavior, development and adjustment, she said. "As a great preventative for maladjustment in children, love affords them a basic security, a feeling of belonging—to families, groups and the community.

"When love has created security in a child or individual, he develops a coping behavior for unpleasant situations."

In describing the nature of love,

Miss Taylor said, "Love of an individual is to affirm and support that person—not to possess that person.

"Love grants a person the full right to his own unique humanity."

"The affirmation of one's own life, happiness, growth and freedom is rooted in one's capacity to love."

She cited "productive love"

(Eric Fromm's term) and "love of self and others" as two forms of love necessary to development and adjustment.

"Productive love is to labor for something, to make something grow.

"Love for self—or self respect, love for others and for mankind awakens all it touches and almost creates a reverence for life."

Turning to lack of love—or in-

appropriate use of love relationships, the specialist pointed to their effects on children.

"Insecure, unloved children tend to show anxious, panicky symptoms.

"The unloved child feels so much insecurity that he scarcely dares to try his wings in learning.

"He's usually so full of hostility that he rejects and refuses valuable experiences as a way of demonstrating his power to himself.

**Kitchen Carpets**  
 Kitchen carpets promise convenience in return for careful selection and a little extra daily care, according to Patricia A. Bradshaw.  
 "Daily care means removing spots and spills quickly, then sponging carpet-along with frequent vacuuming," the housing and home furnishings specialist, Texas Agricultural Extension Service, Texas A&M University, said.  
 She brought up several points for selecting kitchen carpeting.  
 "For practical use, multicolors or tweeds show soil less than solid colors.  
 "Medium to fairly dark colors tend to stay 'fresh' longer—deep dark shades show lint and surface dust more readily, and light areas show spots.  
 "Good quality kitchen carpeting should consist entirely of man-made fibers because they aren't subject to mildew or rot. The face should be a non-absorbent, easy-to-clean fiber such as nylon, acrylic or olefin. Olefins are the most stain-resistant.  
 "The carpet should have a water-resistant barrier to help prevent liquids from soaking through and causing mildew or rot.  
 "It should have a short, dense, loop pile that will suspend crumbs and spilled substances on top of the surface for easy cleaning.  
 "Test samples for absorbency by pouring a little water on each one.  
 "Water should bead on the surface and be easy to wipe up. Although olefins may permit moisture to flow through the pile more quickly than other synthetics, they can be blotted easily."  
 The specialist cautioned against using carpet with woven jute backing in the kitchen, because liquids can mildew and rot it—even cause shrinkage. Most kitchen carpets have sponge or high-density foam backing—some have a layer of woven or solid plastic between carpeting and backing as an extra barrier.  
 Turning to advantages of a carpeted kitchen, she cited the comfort and warmth it provides, along with a more luxurious appearance. Also, installation may be made over a floor in rather poor condition.  
 "Kitchen carpet requires less scrubbing and no waxing, absorbs much kitchen noise, and lessens the danger of breakage," she added.
