Mrs. Ivah Strange Buried Tuesday

Funeral services for Mrs. Ivah Strange, 74, were conducted 3:00 p.m. Tuesday in the Silverton Church of Christ. Officiating were Keith Marshall, minister, and Earl Cantwell, minister of the Rock Creek Church of Christ. Pallbearers were Bill Strange, Tommie Strange, Thomas Fowler, Donald West, Mike Pitts and Jeff Pitts.

Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Mrs. Strange died at 2:00 p.m. Monday at Central Plains Hospital in Plainview. She had resided at a Plainview nursing home for the past several months.

Born Ivah D. Dunn in Alabama, she moved to Briscoe County from Garfield County in 1916 with her parents, the late Mr. and Mrs. George Dunn. She was a member of the Silverton Church of Christ. Surviving are five sons: Fred Strange, Jack Strange, Norman Strange, Ted Strange and Tommie Strange, all of Silverton; three daughters, Mrs. Sylvia Fowler of Silverton, Mrs. Laura Mae Pitts of Alexandria, Louisiana, and Mrs. Jean Martin of Clarendon; two sisters, Mrs. Allis Briley and Mrs. Exie Inman, both of Hurst; Mrs. Annie Mae Chestnut of Fort Worth and Mrs. Edna Faircloth of Phoenix, Arizona; 24 grandchildren and 22 great-grandchildren.

Chairmen Named For Annual Round-Up

Appointments of the area chairmen for the 14th annual Cattleman's Round-Up for Crippled Children have been announced by Charlie Morris of Abilene, general chairman.

Johnnie Burson of Silverton is the chairman for this area. The area chairman plays a key role in the success of this unique fund-raising event to support the non-profit West Texas Rehabilitation Center in Abilene, Texas.

Over the past 13 years the Round-Up has raised well over one million dollars to help this multi-faceted treatment center carry on a comprehensive program of rehabilitation and diagnostic services for the handicapped of the Southwest. This year's budget is \$24,500, with the 1973 Cattleman's Round-Up for Crippled Children expected to raise \$130,000 of that amount.

During the Round-Up, leading ranchers throughout Texas and other southwestern states donate cash and livestock of all kinds to be sold at one of the special auctions. The Cattle Sale is set for September 24th at Ranchers and Farmers Livestock Auction in Abilene, with Horse and Sheep Sales set for early October in Abilene and Coleman.

General Chairman Morris stated, "This has been a good year for the cattleman, and I can't think of a better way to make this a good year for thousands of handicapped children and adults, than by making an extra effort to make this year's Round-Up the best yet." Morris added, "The cattleman has played a major role in making the Center a haven of hope to more than 20,000 handicapped people over the past twenty years."

Anyone wishing to donate cattle to the annual Round-Up is asked to contact Burson, 847-4166. Livestock will be picked up and transported free of charge and may be kept in the Center's modern holding pens.

The president of the Mackenzie Water Authority Board, which was organized seven years ago to govern use of waters from the then proposed Mackenzie Dam, says the Authority is opposed to stopping construction of the half-completed dam in order to allow the state time to excavate 77 historic sites that will be covered by the reservoir.

Board President Lon Davis of Floydada said last week that the Board also should not be responsible for coming up with the proposed \$80,000 necessary to finance the excavation project in Tule Canyon, which will be inundated

The Texas Highway Patrol investigated three accidents on rural highways in Briscoe County during the month of July, according to Sergeant J. R. Smith, Highway Patrol supervisor of this area.

These crashes resulted in no one killed and one injured. The rural traffic accident summary for this county during the first six months of 1973 shows a total of 26 accidents resulting in two persons killed and eight persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for July, 1973 shows a total of 658 accidents resulting in 21 persons killed and 366 persons injured as compared to July 1972 with 713 accidents resulting in 34 persons killed and 388 persons injured. This was 55 less accidents, 13 less fatalities, and 22 less injured in 1973 at the same period of time.

when the dam begins to impound water in December.

Davis, in stating the board's position, was reacting to the Texas Antiquities Committee's threat of issuing an injunction against the Authority to stop construction of the dam in order to allow time to record the historical data. The Antiquities Committee is entrusted with the responsibility of preserving historic sites in the state.

Antiquities Committee officials estimate that if excavation work can begin by September, the work would be completed by the time the Mackenzie Dam, located northwest of Silverton, would begin impounding water.

The major obstacle, however, is finding the funds estimated at \$80,000. The state attorney general is expected to rule soon on which governing agency is responsible for financing the excavation work.

Davis also said the burden of undertaking the archeological recording should not rest with the Authority since the Authority made it clear seven years ago that it intended to build a dam in Tule Canyon.

An injunction at this point would serve an unfounded hardship on the people of Floydada, Lockney, Silverton and Tulia — the towns that will be hooking up to the reservoir for municipal water needs—by postponing the filling of the reservoir.

Stopping completion of the dam would also cause a hardship on the contractor, Gilvin-Terrill Construction Company of Amarillo, which submitted an extremely low bid to build the earthen structure, says Davis.

The Mackenzie Dam project is the first such water project involving archeological excavation in the state to be financed solely by local funds.

Whenever the need to preserve antiquities has come up in a partially-federal funded project, the U. S. Government has always footed the bill.

Cliff Walker visited his parents, Mr. and Mrs. Roy Mack Walker, and other relatives here last week. Briscoe County Social Security Benefits Total \$59,000 Monthly

Social Security benefits were being paid to residents of Briscoe County at the rate of \$59,000 a month at the close of 1972, Mance King, Social Security Manager in Plainview, said today.

Of the Social Security beneficiaries living in Briscoe County, 324 are retired workers and their dependents. Another 123 are receiving benefits as the survivors of workers who have died, and 32 are getting benefits as disabled workers or their dependents.

King pointed out that although most Social Security beneficiaries are older people, about one out of every four is under age 60. In Briscoe County, 88 people under age 60 are collecting Social Security payments each month. Forty-five are under age 18 and receive payments because a working father or mother has died or is getting social security disability or retirement benefits. Most of the 12 beneficiaries in Briscoe County between 18 and 22 years of age are getting student's benefits under

der a provision in the Social Security law permitting the continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school full time.

Also in the 18-22 age group, King said, are some other types of beneficiaries, illustrating the broad family protection that the Social Security program provides workers of all ages. Some are children of retired, disabled, or deceased workers who became disabled before they reached 22 and who will probably never be able to work and become self-supporting. The monthly benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in the mother's care.

King said that another relatively small but significant group of youthful Social Security beneficiaries are those who are receiving benefits as disabled workers.

MRS. GENE WHITFILL

Haberer - Whitfill Vows Exchanged In Formal Church Ceremony

First Baptist Church Chapel in Plainview, the scene Tuesday evening, August 21, of the marriage of Miss Tisa Haberer and Gene Whitfill. Performing the ceremony was Grady Davis of Alameda, California, uncle of the bride, assisted by Carlos McLeod, pastor of First Baptist Church. Mr. and Mrs. Russell Haberer, 1303 Garland Street, Plainview, and Mr. and Mrs. Ben Whitfill, Sil-

verton, are parents of the couple.

After a brief wedding trip to Colorado, the newly-weds will reside in Wayland Apartments in Plainview.

Miss Leslie Haberer of Lubbock, sister of the bride, was maid of honor. Bridesmaids were Miss Renee Jones of Earth, Miss Carol Tapp and Mrs. Sheryl Cummings, both of Lubbock.

Best man was Stan Hickerson of Clovis, New Mexico. Groomsmen were Gary Whitfill, cousin of the groom, Tom Burson and Nicky Long, all of Silverton. Head usher was Don Haberer of Earth, cousin of the bride.

Mrs. Gale Shaeffer of Plainview, sister of the groom, and Mrs. Sue Whitfill, presided at the registry table.

Presenting organ selections was Mrs. Betty Morton, and the soloists were Miss Terri Davis and Miss Carol Helms. A duet was presented by Minister of Music and Mrs. Ed Wittner.

The bride's father escorted her to the altar. The bride's gown was formal floor length of Angelmist peau de soie and re-embroidered Venice lace over bridal taffeta designed with high rounded neckline, Empire waist, long full sleeves, and semi-A-line silhouette. Inserts of the lace, enhanced with tiny seed pearls, complimented the neckline, bodice, sleeves and skirt of the gown. A ruffle of matching lace enhanced the hemline of the gown. Her mantilla veil of imported illusion with a border of lace, fell from a coil and ended in a sweeping chapel length train. She carried a cascade of daisies and yellow roses.

For something borrowed, the bride carried a Jerusalem coin belonging to Mrs. R. E. Patterson, maternal grandmother of the groom; for something old, she wore an engagement ring belonging to her great-aunt, Mrs. Stella Mills of Miami, Oklahoma, and carried a Bible brought to the bride by her grandmother, Mrs. Bonnie Haberer of Muleshoe from Israel. For the "touch of blue", a lace-trimmed garter was worn. For the traditional something new, she carried a lace-trimmed handkerchief presented to her for the occasion by Mrs. Dorothy St. Clair of Muleshoe.

The maid of honor wore pale yellow polyester voile, embroidered with white tendrils, with criss-cross collar edged in white lace.

She carried a bouquet of yellow carnations and white roses. The bridesmaids wore identical dresses of pale yellow polyester dotted voile, and carried bouquets of white carnations and yellow roses.

Altar decorations of white candle-archway and matching candle trees, with votive cups, trimmed in garlands of gypsophila, were complimented with tropical greenery. The reception was held in the church parlor. Yellow and white accented the decorations on the bride's table. The centerpiece was a white spiral candle tree with crystal votive cups and white doves, yellow and white ribbons and garlands of gypsophila. The table was covered with a white French tulle cloth trimmed in Venice lace over yellow. The tiered wedding cake was served with punch poured from a crystal bowl.

The groom's table was covered with a white damask cloth and highlighted with a centerpiece of yellow and gold flowers. Coffee was served from a silver service belonging to Mrs. Bonnie Haberer, grandmother of the bride. Misses Camille Haberer of Earth, cousin of the bride, and Miss Kathy Lusk served punch, while the cake was served by Misses Christi Marks, Diane Scott, Nancy Schoppa and Mrs. Debbie Newsom. At the groom's table, coffee was served by Mrs. Vincent Sanford of Los Angeles, California and Miss Darla Dear of Earth. Presiding over the cake service were Mrs. Dodie Davis, Alameda, California, aunt of the bride and Miss La Donna Haile.

Misses Melody Malouf and Debbie Stevens distributed rice bags. Assistants at the reception were Mmes. Greta Marks Barbara Lusk, Merle Wittner, Louise Wright and Gloria Tunnell. Musical selections were presented by Richard Gonzales. The rehearsal dinner, hosted by the bridegroom's parents Monday night, was held at K-Bob's.

The bride is a 1973 honor graduate of Plainview High School, and the groom is a 1971 graduate of Silverton High School. Both will be attending Wayland College this fall, where the groom is a senior student and a member of Phi Mu Alpha Sinfonia.

GRAIN COSTS REPRESENT SMALL PART OF TOTAL PRICE OF BEEF

The housewife who sees the high cost of her succulent Sunday pot roast the result of increases in grain prices has unfairly placed the blame.

Fact is, grain costs are only 20% or less of beef's on the hoof price, according to a current study by Grain Sorghum Producers Association of Lubbock.

"If you deduct the entire cost of grain sorghum used in fattening a steer for market, beef still would be selling today for the price housewives were paying last January," said Elbert Harp, GSPA's executive director.

Harp points out that a 1,000 pound Texas steer will have consumed a ton of grain sorghum at market time. At today's price of \$5 per hundred pounds, the cost of grain to fatten a steer will run \$100 a head.

Subtracting the \$100 grain cost from the steer's \$500 price tag results in a price of \$400 or 40c a pound for the 1,000 pound beef. And 40c was the total price of the animal last January.

"The point is," Harp explained, "the increase in the grain price is not the big increase in cattle production cost."

Harp noted that even with grain at \$5 a hundred pounds, the cost of grain in feeding out a steer is only 20% of the total cost when cattle sell for 50c a pound. With 60c cattle and \$5 grain, the cost of grain would be about 16.7% of the animal's total sale price.

When the processing cost and store markup are added, the cost of grain to feed the animal is an

"WORLD GATEWAYS" IS THEME OF STATE FAIR

The world of transportation, the world of tomorrow and the world of imagination will be superimposed over an outline of Fair Park when the State Fair of Texas presents "World Gateways Exposition" from October 6-21 in Dallas.

Sparkling international exhibits, reflecting worldwide progress and products, will highlight this salute to Texas as an emerging commercial center in the global community. Japan, Romania, Denmark, Mexico, South Africa and the Philippines are among the countries to be represented in the spacious World Exhibits Center.

A continental flavor will characterize the State Fair Musical production of Sigmund Romberg's ever-popular "The Student Prince." Old Heidelberg will come alive in the New Music Hall for 20 performances.

Musical groups from the earth's four corners, including the acclaimed Trinidad Cavaliers Steel Orchestra and Variety Show, will provide daily entertainment throughout the park. Each of the 16 fair dates will also feature multiple circus performances and a colorful parade of theme-designed floats, bands and marching units.

The Pan-American Livestock Exposition, October 6-14, spotlights a National Hereford Show along with judging of champion beef and dairy cattle, breeding swine, sheep and goats. The State Fair of Texas Horse Shows will present winners from the national show circuit against a background of music in the modern, air-conditioned Coliseum.

The lure of the 1974 models will attract many of the three million fair visitors to the Automobile Show for a panoramic preview of next year's cars. Fashion shows, food demonstrations and displays of winning entries in more than 900 competitive classes will be presented in the Women's Building. Corny dogs, carny barkers and a collection of amusement rides unsurpassed in carity and thrills make up the mile-long Midway.

New worlds of entertainment and experience plus all the old-fashioned fun associated with the nation's largest annual exposition are offered for the \$1.50 gate admission. Children under 12 are admitted for 75c.

They are Animal Protein Nutrition and Animal Energy Utilization. Both may be taken for two hours of graduate credit, and students may register between 3 and 7 p.m. Wednesday, September 5,

at the University Center. The first classes will meet at 7 p.m. that day. Class times will be arranged then to suit the convenience of those registered.

It's a new Land Bank serving a new agriculture in new ways

Over the next ten years, agriculture will require a minimum of \$60 billion in new financing to meet unprecedented changes and challenges. Because there is a Federal Land Bank—created to insure an abundance of capital at reasonable rates—you can have more confidence this need for credit will be met.

The Land Bank will continue to obtain loan funds in the nation's money markets on the very best terms it can. It will continue to make financing available to farmers and ranchers at reasonable cost. And with increased flexibility now permitted by the Farm Credit Act, it will help more people in more ways.

Today, more than ever, you should understand the operation of your Federal Land Bank. If you are not an Association member, let's get acquainted. If you are a member, let's get better acquainted. Let's work together...to build a secure place for you and your family in a viable, prosperous agriculture.

Make a Wish...

FOR HIS FUTURE

A birthday party really thrills the children, and probably the climax comes when they blow out the candles, and make a wish. His wish would probably be for a bright shiny new toy, but you as a parent would wish for him the things that really count, such as good health, happiness, friends and along with these deeper and more serious things should be a prayer for him to have the right interest and relationship to God. You can help these things by taking him to church

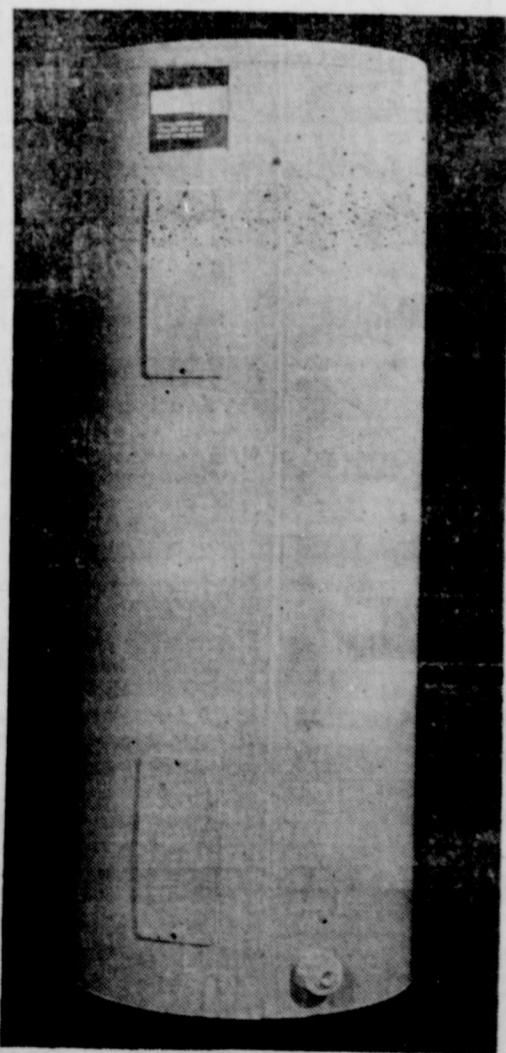

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE
The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
