Owls To Crown Queen

The new City well, drilled to 650 feet, was pumped in this week at 125 gallons per minute. A 350-gallon well had been hoped for, but the new well will help with the local water situation at present. The City will ask for bids on a pump for the new well in the near future.

Four Silverton High School girls were nominated as the 1973 Football Queen Monday afternoon, and will be presented at 7:15 p.m., just prior to the Owls vs. Claude Mustangs game Friday night. The candidates are Lori Francis, senior; Celia Martin, junior; Becky Francis, sophomore, and Gaila McCord, freshman.

Several other special activities are on docket for this week, including a bonfire at 7:30 tonight (Thursday) on the school grounds adjacent to the baseball park. Cokes, chips and hot dogs will be sold for 10c.

The regular Pep Rally will be held in the school gym at 3:20 p.m. Friday and the Sophomore class will serve a spaghetti supper from 5:00 until 7:00 in the school cafeteria. Spaghetti, meat sauce, garlic bread, salad, tea and homemade pies will be served at the supper.

Football game time is 7:30 p.m. The Owls suffered a 26-13 defeat at Wheeler last Friday night, after scoring first and holding the lead twice in the first District 2-A game of the season for both teams. Neither team had won this year going into the game.

Silverton recovered a Wheeler fumble on the Wheeler-37 on the second play of the game after kicking off to the Mustangs in a drizzling rain. After an offside penalty the Owls sent Craig Culwell back into fieldgoal-kicking position, and Quarterback Ken Wood passed to Halfback Dean Ziegler for a first down on the Wheeler-4 in the fake play. Silverton received another offside penalty, then with one yard to go, Halfback David McCoy went in for the first score of the game with 7:48 remaining to be played in the first period. Craig Culwell

made an unsuccessful attempt at kicking the extra point, and the Owls held a 6-0 lead.

The Mustangs came back with a four-yard run for a touchdown by Junior Fullback Kent Ware with 2:43 remaining in the first quarter. Wheeler fumbled on the conversion try, and the Owls recovered. The score stood at 6-6.

Junior Quarterback Don Chapman passed to Senior Halfback Lewis Britt for a first down on the Silverton-6, and Chapman carried another Wheeler score with 4:47 remaining in the second quarter. The running conversion was no good, and the Mustangs held a 12-6 lead over the Owls.

In the waning seconds of the first half, Wood passed to Culwell for a first down on the Wheeler-15. The half ended with the Owls just a few yards shy of the endzone.

The Owls came back with a pass interception by Culwell and a pass completion by Wood to Co-captain Barry Bullock which carried into Wheeler territory. Culwell carried the touchdown on the 10-yard line on a pass play from Wood, with 2:07 remaining in the third period.

Brett Gill kicked the extra point, and the Owls held a 13-12 lead in the game.

The Mustangs struck again with 11:12 remaining in the fourth quarter on a one-yard run by Britt, who also carried the twopoint conversion. Britt repeated on a twoyard run with 3:38 remaining in the game and the running conversion was unsuccessful, to give the Mustangs their final 26-13 score.

The Owls were joined on the practice field Monday by Scott Hutsell, a junior who was working out without pads in an effort to come back from a twicebroken foot and

The Mustangs struck again with 11:12 remaining in the fourth quarter on a one-yard run by Britt, who also carried the twopoint conversion. Britt repeated on a twoyard run with 3:38 remaining in the game and the running conversion was unsuccessful, to give the Mustangs their final 26-13 score.

The Owls were joined on the practice field Monday by Scott Hutsell, a junior who was working out without pads in an effort to come back from a twicebroken foot and

Owls Travel To Claude Today

The Junior High Owls travel to Claude today to play the Colts at 6:00 p.m.

The Wheeler Colts came to Silverton "loaded for bear" last Thursday and defeated the Junior High Owls 44-8. They started by running a 65-yard touchdown with 1:39 remaining in the first quarter and adding the two-point conversion. Silverton got off a bad punt, setting up the next Colt score, which came with 7:54 remaining in the second quarter. Again the Colts added a running conversion and held a 16-0 lead. With 19 seconds remaining in the first half, the Colts added a 5-yard touchdown run and another two-point conversion to take a 24-0 lead to the dressing room at the intermission.

The Colts came back with a 20-yard touchdown with 5:25 remaining in the third quarter and passed for another two-point conversion. Wheeler added a 20-yard touchdown run with 3:34 remaining in the third frame, but their conversion attempt failed, and the Colts held a 38-0 lead.

The Owls came back on a quarterback sneak by Brent Brannon with 5:38 remaining in the fourth period, and Brannon got a two-point conversion the same way, going in behind Center Mitchell Simpson.

Wheeler's last score came on a 39-yard run with 1:29 remaining to be played, and there being no conversion, the Colts had a 44-8 win.

SURE HANDS OF THE SURGEON

A child walks . . . an arm is straightened . . . a growth is removed . . . these and many other things are the result of the fine work of the surgeon. This is an occupation and a labor worthy of appreciation.

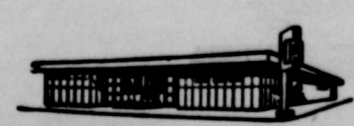

A star . . . a new born baby . . . the world itself . . . these and many other things reveal God to us. "The heavens declare the glory of God; and the firmament sheweth his handywork."

Psalm 19, 1

God has wrought a great work. Let us show our love and appreciation by worshipping him in Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

4-H Gets It All Together Is Theme Of Special Week

Several years ago, the phrase, "generation gap", was bounced around by adults and young people alike. Youths were accused of not wanting to communicate with their elders, while theirs were accused of not wanting to talk to their youngsters.

Today, the "generation gap" has eased and both adults and kids can take some of the credit. Now, young people and adults are working together to solve mutual problems, says County Extension Agent Jimmy Vanstory.

This sort of cooperation is well demonstrated through 4-H which currently is observing 1973 National 4-H Week, October 7-13, keynoted with the theme "4-H Gets It All Together."

Across the country, five-and-a-half million boys and girls, ages 9 to 19, a half million volunteer adult leaders and thousands of Extension Service personnel are involved in 4-H. Texas boasts a 4-H enrollment of almost 146,000, with about 14,000 adult leaders and over 6,250 junior leaders. Working together they are putting the 4-H Week theme into action, in many ways helping to make their communities better places in which to live.

The timeliness of their efforts is indicated by the current 4-H emphasis on helping educate communities on ways to economically operate vehicles and to conserve electricity during the current energy shortage.

Other 4-H groups are helping to ease the food shortage by supporting agricultural production and marketing efforts. Also, drug abuse programs, improving the environment, and community development planning are being given a high priority in 4-H programs.

Boys and girls, of different backgrounds, philosophies and lifestyles, working together with adults to solve common problems—that's the 4-H picture in 1973. 4-H brings together youths from all racial, economic, social and cultural backgrounds. Rural and city

4-H DOINGS

The leaders were Mrs. Pat Boothe, Jimmy Vanstory and the Junior Leader, Brenda Payne.

Staci Mayfield gave the 4-H Pledge and Kimberly Fitzgerald gave the Pledge to the American Flag. The Council Delegates, Cam Forbes and Rose Lee Perkins, told about plans for the Achievement Banquet, which will be October 20, 1973. The club is going to furnish a talent number for the banquet.

COUNTY 4-H COUNCIL

The Briscoe County 4-H Council met Tuesday, September 25 to plan the 4-H Achievement Banquet, which will be held Saturday, October 20 in the Silvertown School Cafeteria. The banquet theme this year is "4-H Gets It All Together." The Council requested the following people to serve on banquet committees:

Entertainment—Glenda Francis, chairman; Ken Sarchet, Debra Strange, Kirk Durham, Suzette Fitzgerald and Anne McMurtry.

Food Committee—Elaine Forbes, chairman; Rose Mary Perkins, Paul Brannon, Rose Lee Perkins, Helen Strange, Cynthia Edwards, Becky Francis, Berniece Wood.

Program — Mary Ann Sarchet, chairman; Brent Brannon, Lee Ann McMurtry, Nanette Fitzgerald. Decoration—Mary Jane Patton, chairman; Twila Wood, Lesa Francis, LaQuetta Schott, Glenna Cornett, Maebelle Francis and Bryan Schott.

Clean-up Committee — All 4-H members.

The Council made suggestions for people to be on the program. Susan Payne, reporter

youngsters have an opportunity to interact, communicate and share ideas.

4-H is strong, and growing in all areas of the 50 states, Puerto Rico and the District of Columbia. Urban 4-H is expanding, too. In fact, the major cities in the U. S. all have active 4-H programs.

Low income and handicapped youngsters are involved in 4-H through flexible programs and projects specifically geared to their needs. And 4-Hers have always aided younger boys and girls in all 4-H program areas.

4-H is reaching out to bring more people together "to make the best better" in new ways. 4-H television series on nutrition and nuclear energy are premiering this year on hundreds of stations. These and other 4-H efforts will reach hundreds of thousands of young people who've never been exposed to the 4-H program before.

Helping 4-Hers and their leaders "get it all together" are business organizations, foundations, civic groups and private individuals, who aid the 4-H program. On the national scene alone, over \$3 million is being expended in 1973 to aid 4-H programs through the National 4-H Service Committee.

Other contributors are the more than 31 million Americans who are 4-H alumni. These former 4-Hers get together with young people in 4-H programs at all levels.

Working together, growing together, learning together—that's what 4-H is all about in 1973.

Vanstory encourages youths to explore opportunities for developing their talents and skills through 4-H. And parents and others may wish to volunteer their services as leaders or program consultants. Further information on 4-H may be obtained at the County Extension Office in the Courthouse in Silvertown.
