INDISPUTABLE BIBLE PROOF!
 We are "baptized into Christ." Gal. 3:27, Rom. 6:3
 CHRIST is the WAY. John 14:6
 CHRIST is the TRUTH.
 CHRIST is the LIFE.
 CHRIST is the DOOR. John 10:9

IN CHRIST WE HAVE:
 Redemption Eph. 1:7
 Forgiveness of sins. Col. 1:14
 Eternal life. I John 5:11
 Every Spiritual blessing. Eph. 1:3
 The New creature. 2 Cor. 5:17
 The Holy Spirit. Eph. 1:13
 Salvation. 2 Tim. 2:10

The UNBAPTIZED are not in the WAY, have not known the TRUTH, are not in possession of the LIFE, and have never entered the DOOR: they are without HOPE, or "we HOPE in Christ," says Eph. 1:12; I Cor. 15:19. OUT of Christ men are LOST "having NO HOPE and WITH-OUT GOD in the world," says Paul in Ephesians 2:12. There is no revealed way to enter INTO Christ except to be "BAPTIZED INTO HIM."

One-Act Play Wins Second Place

Silverton High School's U.L.L. One-Act Play won second place in District 2-A competition held in Clarendon Tuesday. Donna Stodghill won the award for best actress.

Others in the play, directed by Ted Lanham, were Mike Montague, Ty McMurtry, David McCoy, Wiley Bomar, Brett Gill, Gloria Fabela, Jo Jarrett and Denise Culwell.

The contest was won by Wellington. There were eight play entries this year.

Silverton's play was "Transiever", an unpublished script presented with the special permission of its author, Jerry McDonough of Amarillo. The play was untried, having never been presented before.

Competition was also held Tuesday in ready writing and science. Participating in ready writing were Becky Francis, Ann Hardin and Darlene Roberts. Competing in the science contest were Marshall Rauch, Julia Dickerson and Barry Bullock.

DEAR EDITOR:

I am seeking to locate some distant relatives of mine named Lilly Juanita Cogill and her husband Thomas Delos Donaldson. The last address I had for them was Silverton, Texas, where I know they were living in 1963.

They had twins—a boy named Burton Delos and a girl named Betty May—born prematurely in the Briscoe County Hospital on September 12, 1963 who died the following day.

I wondered if your paper carried an obituary concerning the little ones, which I could have a copy of. Perhaps it will help locate them, or relatives.

At that time they lived in the rural Briscoe area where he was a laborer (Thomas), but that isn't their address any more, because my letters return unclaimed.

Supposedly the little ones were buried in Silverton on September 15th, by the W. W. Douglas Funeral Home of Silverton.

Any information concerning them may be a clue to locating them today.

Sincerely yours,
 Vivian C. Krentz

The obituary mentioned has been found but didn't contain any helpful information except that the man worked for D. Oneal. If you knew these people and know where they went when they left Silverton, will you please call the Briscoe County News or write Mrs. Harold Krentz, 237 Congress Street, Addison Illinois 60101.

Mrs. Penny Sinor of Dallas spent the weekend at home with her parents, Mr. and Mrs. Fred Arnold. Mrs. Arnold met Penny in Shallowater Saturday morning and they attended the girls track meet in Idalou, where they were met by Penny's mother-in-law, Mrs. Sinor, who lives in Floydada, and Penny's sister, Laura, a student at WTSU who was visiting friends in Idalou.

Among others attending the track meet were Mr. and Mrs. John T. Francis and Dave, Mrs. Alvie Francis, Mrs. Paul Ray McWilliams, Mrs. Leo Fleming and Scotti and Mrs. Charles Sarchet.

Mr. and Mrs. Paul Ray McWilliams and Dee of Lubbock spent

MISS DORIS TREFREN

Miss Trefren Is Guest Speaker

Miss Doris Trefren, who is presently living at Asbury Manor, Wilmore, Kentucky, was guest speaker at the United Methodist Church in Silverton on Wednesday night of last week.

She has recently returned from Taiwan where she did the final research for her forth-coming book 'From Headhunters to Hallelujahs', an account of the lives of mountain pastors who have come down from the headhunting era.

Miss Trefren went to China in 1931 in answer to the call of the weekend visiting Mrs. Dee McWilliams and Mr. and Mrs. Edwin Davis.

Pfc. and Mrs. Denny Rex Clayton of Colorado Springs, Colorado were recent guests of Mr. and Mrs. Jerry Clayton and Mr. and Mrs. Glen Dale Tiffin.

Pfc. Clayton suffered a broken arm while dismantling an electrical component from a missile on which he is a mechanics and electrical Specialist First Class. After a 14-day medical leave, he is stationed at Fort Carson, Colorado.

Mikel Griffin was in Tulia for his checkup Monday and received a good report. He returned to school on a part-time basis Tuesday.

China Inland Mission for 200 new recruits to reach the interior of the China mainland for Christ. She served until two years after the communist take-over, returning to the United States at intervals to challenge American churches for missions.

Following her release in 1951 by the communists, she returned to America with a prayer burden for the Christians who were left under a terrorist government. After regaining her health, Miss Trefren went to Taiwan in 1953 to serve with the Oriental Missionary Society. There she trained teachers to teach the Bible to laymen and laywomen, as well as superintending Bible Training Institutes for mountain tribesmen, teaching music in Morrison Academy and producing weekly programs for the Far East Broadcasting Company.

An eight-year interim of time, 1958 to 1966, was spent in traveling the globe as field representative for the Oriental Missionary Society.

DELTA 88

16.6 MILES PER GALLON

Recent Proving Ground tests show 16.6 mpg average at 55 mph.

What you get in a '74 Delta 88 of course depends on how and where you drive. But in times of gas shortage and confusion about mileage claims, we think it's fair to report what kind of mileage Delta 88s get at today's maximum highway speed. Three Delta 88 models were driven at a steady 55 mph on a level, straight road at the GM Proving Grounds in Mesa, Arizona. All tests were run with a "tenth wheel" for accuracy, and the cars were broken in and warmed up. Engine tuning and tire pressures were to manufacturer's recommendations. Each Delta 88 was a production model

equipped with standard tires, popular options and a 300-lb. passenger load. Air conditioning was turned off. Some components affecting fuel economy were tested to make certain they were within engineering specifications. **Results: An average of 16.6 mpg at a constant speed of 55 mph; 11.8 mpg in simulated Suburban City driving (average speed 24 mph with 1.6 stops per mile). And the more you know about Delta 88, the less surprising that news is. It's a solid family sedan with the kind of quality you expect from Olds. It's really put together - more than just a pretty car.**

Whatever happens with gasoline, the important thing to you is the car you put the gasoline in.

OLDSMOBILE

If you need a car that's roomy and comfortable at an affordable price, Impala is a sensible buy.

RANDY SINGER, DONNA WELCH

Engagement Announced

Mr. and Mrs. Carroll Welch of Tulia announce the engagement and approaching marriage of their daughter, Donna, to Randy Singer, son of Mr. and Mrs. Norman Singer of Tulia. Vows will be exchanged June 7 in the Calvary Baptist Church in Tulia.

Orders Being

Taken For

Birthday Calendar

The Silverton FBLA Chapter is sponsoring the Community Birthday Calendar for the 1974-75 school year. The calendar will begin with the month of August, 1974, and end with July, 1975.

The calendars will sell for \$1.00 each, and birthdays, anniversaries and organizational meeting dates

are added for 15c per line. The Community Birthday Calendar has been a successful project of the Silverton Young Homemakers for several years, but they decided not to continue sponsoring it. Therefore, the FBLA Chapter was asked to take it over.

Each FBLA member has a receipt book and will be happy to take orders for the next two weeks. If you are interested in buying a calendar and have not been contacted, you may call the high school (823-6711) and leave your order.

Cowbelles Have Meeting Here

Mrs. Robert Allen of Tulia presided over a meeting of the Terra Cotta CowBelles held at the P.C.A. community room in Silverton on March 19. Reports were given by the finance and beef promotion chairmen. Mrs. Bonnie May gave a program on parliamentary procedure.

The CowBelles voted to make an annual presentation to the Senior and Junior 4-H main dish winners at their food show. Johnny Ortega was the Senior Briscoe County 4-H winner. His recipe was:

CHILI BEAN BURGERS
2 tbsp. chopped onion
1 1/2 garlic buds
4 tbsp. fat or oil
1 1/4 cups canned kidney beans, drained
3/4 lb. ground beef
1 egg, beaten
1 1/2 tsp. salt
1 tsp. chili powder
1 1/2 tsp. catsup
6 hamburger buns, toasted
6 1-oz. slices ceddar cheese
3/4 tsp. worcestershire sauce
Preheat oven to 350°. Brown onions and garlic lightly in fat. Remove garlic. Combine browned onions, beans, beef, eggs, salt, chili powder, catsup and worcestershire sauce, mix well.

Divide mixture into six patties and place in shallow baking dish. Bake until well done, about 30 min.

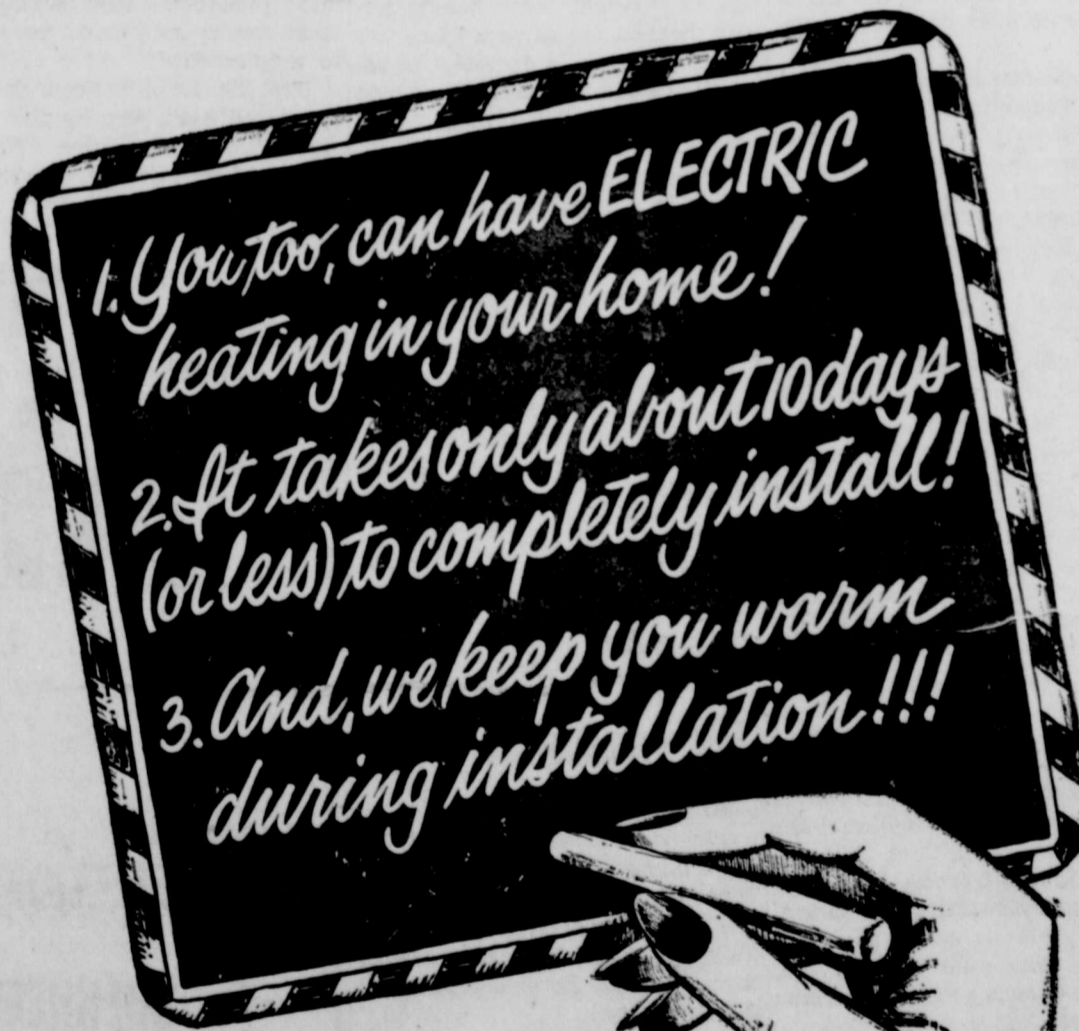

Reduce oven to 300° F. Place patties on lower halves of toasted buns. Top each patty with a slice of cheese. Heat just until the cheese melts. Serve immediately.

Cynthia Edwards was the Junior 4-H winner. Her recipe was:

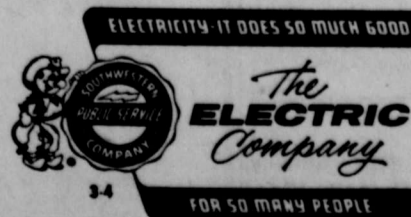

BLACK NIGHT BARBECUE SAUCE
1 cup strong black coffee
1 1/2 cups worcestershire sauce
1 cup catsup
1/2 cup butter (1/4 lb.)
1/4 cup lemon juice
2 tbsp. sugar
1 tsp. salt
1/2 tsp. black pepper

Combine ingredients. Simmer 30 minutes very low heat stirring occasionally. Serve with beef. Sauce will keep stored in tight container for several weeks in refrigerator.

Season roast with salt and pepper. Roll in flour. Place in pan with water one-half inch in depth. Cover and cook in oven at 350° until tender. Remove from oven. Cut meat into small pieces and add barbecue sauce and cook for one hour at 325°. Serve while warm.

1. Bring your home's heating system up to date with modern, clean and comfortable electric heating. Join the millions of Americans (thousands in our area) who are already enjoying the delightful comfort of electric heating.
2. A completely coordinated heating installation makes it possible to install a brand new electric heating system in 10 days or less.
3. And we arrange for all the details, including making sure that you have heat in your home during the entire installation. Call this week... remember, it costs you nothing and you have no obligation when our heating specialists make a heating survey of your home. You make your decision to buy ONLY after you have all the facts... and without any high-handed pressure.

BERLE FISCH

Local Resident Receives Honor

Berle Fisch of Silverton has been honored by Pioneer Hi-Bred Company of Plainview for his eight years of service as a dealer for Pioneer brand seeds. To mark the honor he received a plaque bearing his name and years of association with the company.

Mr. Fisch joined Pioneer as a dealer in 1966. In giving the award, Pioneer officials drew attention to the importance of individual effort in their sales and marketing team with the view that, "The most vital ingredient for the success of our company is People."

Pioneer Hi-Bred Company of Plainview is a division of Pioneer Hi-Bred International, Inc., Des Moines, Iowa. Through more than 450 dealers, Pioneer Hi-Bred Company markets hybrid grain sorghums, corn, forages and alfalfa throughout Texas and New Mexico.

Stockmen Warned About Sand Shin Oak Poisoning

Stockmen should be on the alert for sand shin oak poisoning in their livestock, points out Jimmy Vanstory, Briscoe County Agent for the Texas Agricultural Extension Service.

Sand shin oak is toxic to livestock when the plant first buds in the spring. And, with the plant beginning to bud, stockmen should keep livestock out of pastures where sand shin oak is abundant, or they should take other steps to reduce losses from possible poisoning.

One such measure is to provide a good supplementary feed, explains Vanstory. A feed containing calcium hydroxide is more effective. Studies have shown that a feed containing 10 per cent calcium hydroxide (by weight) protects calves fed post oak free-choice. Post oak has toxins similar to shin oak.

The Texas Agricultural Experiment Station has developed a ration that has proved effective in warding off sand shin oak poisoning. It contains 600 pounds of ground alfalfa, 1,090 pounds of 14 percent cottonseed meal, 120 pounds of vegetable oil and 200 pounds of calcium hydroxide. The ration should be creep fed to calves, and cows should receive about four pounds a day, says Vanstory.

The agent notes that sand shin oak poisoning can be very serious in livestock if left uncontrolled. Annual losses in Texas have been estimated at more than \$10 million. And, with grazing conditions short in many counties this spring, livestock will be more prone to graze the toxic sand shin oak. So, be on the alert, Vanstory warns producers.

4-H DOINGS

The Happy 4-H Club met Tuesday, March 12, 1974, called to order by President Brent Brannon. Johnny Ortega led the Pledge to the American Flag and Thomas Perkins led the 4-H Pledge. Susan Payne called the roll and refreshments were served before going to the park to watch the tennis matches.

Those present were Annette Fleming, Becky Perkins, Beverly Boling, Brenda Cantwell, Dave Francis, Donna Hale, Doug McJimsey, Earl Jarrett, Jace Francis, James Alan Patton, Karen Ziegler, Kim Cornett, Kirk Durham, Susan Payne, Thomas Perkins, Twila Wood, Liz Brown, Linda Vaughn, Jackie Vaughn, Ellen Hutsell, Terisa Crosslin, Johnny Ortega, Brent Brannon and Elliott Hut-

Use Transplants For Early Gardens

"Use of transplants means an earlier harvest of most home garden vegetables," points out Jimmy Vanstory, county agent for the Texas Agricultural Extension Service.

Transplanting allows plants to start growing in protected areas before the danger of frost is over. Starting your garden from transplants often avoids some of the hazards common to young seedlings, such as birds, insects, heavy rain, weeds and damping off, a fungal disease, notes Vanstory.

"Crops which are normally direct seeded in the garden include the root crops, beans, peas, corn and many vine crops, such as squash and cucumbers. Crops such as tomatoes, peppers and eggplant almost always do better when transplanted in the garden."

Whether you buy transplants or grow your own depends on whether you can buy the varieties you want and how you feel about starting from scratch.

If you grow your own transplants, then success will depend on a few basic requirements. You must have a disease-free growing medium. You must also be able to supply warmth and adequate moisture for seed germination. The plants must be grown in adequate light to result in stocky, healthy plants. And you should harden the plants prior to setting them in the garden.

"Almost any type container can be used to start seedlings. Cake pans, milk cartons or any container allowing for one to two inches of a good growing medium is adequate. A synthetic soil mix, such as a mixture of vermiculite and peat moss is ideal for germination of young vegetable seeds. Many home owners prefer to use the ready-made peat pellets or fiber pots for seed germination," says Vanstory.

Plant most seeds to a depth of about one-half inch. Water the seed and place the containers in an area where temperatures will remain between 75 and 85 degrees. Place the seedling container into a plastic bag to prevent drying out. No additional watering is needed until the seeds have sprouted.

Once the seedlings have emerged, remove them from the plastic bag and keep them in full sunlight.

"After the young plants have reached the proper size for transplanting, it's always a good practice to 'harden' them before setting them in the garden. Place the young plants on a doorstep or patio for several days so they can adjust to outside conditions," suggests Vanstory.

When transplanting the young plants in the garden, plant them only slightly deeper than they were growing in the containers. Be prepared to protect the young plants from a late frost or from high temperatures and ripping winds. With care and attention, you will be enjoying fresh, nutritious and tasty homegrown vegetables in a short time, believes Vanstory.

Six Compete In District 2 4-H Food Show

Six Briscoe County 4-H members participated in the District 2 4-H Food Show held March 23 on the Texas Tech Campus in Lubbock. The 4-H members tested their culinary skills and knowledge against those of youth from 18 counties at the food show.

For the Junior Main Dish class, Miss Cynthia Edwards prepared "Black Night Barbecue Sauce." She received a red ribbon.

For the Junior Side Dish class, Miss Delinda Ziegler created "Cucumber Salad." Delinda received a blue ribbon.

Walter Perkins baked "Gingerbread" to enter the Junior Snack and Beverage class. He received a red ribbon.

Miss YoVonna Marshall entered "Jewish Callah Braid" in the Junior Bread and Dessert class. YoVonna received a red ribbon.

Johnny Ortega competed in the Senior Main Dish class with "Chili Cheeseburgers." He received a white ribbon.

Leaders present were Shirley Durham and Glenna Cornett. Visitors were Lee Ann Durham, Shellie Cornett and Kathy Brown.

—Becky Perkins, reporter

MORE THAN THREE MILLION ACRES MAY BE PLANTED TO COTTON IN 1974 ON PLAINS

Official 1973 planted acreage figures for all counties on the Plains have not been released, but information from Agricultural Stabilization and Conservation Service offices indicate that just over 2.8 million acres were sowed last year. The December 1 final estimate of "acreage for harvest" from the joint PCG-Lubbock Cotton Exchange estimates committee, which allowed for acreage planted but later abandoned, was 2,709,836 acres.

"Over three million acres planted to cotton on the Plains in 1974 is a definite possibility," says Johnson, "but at this juncture there are any number of factors that could greatly alter the picture."

The biggest of these factors of course is rainfall, he says, pointing out that one-third or more of the area expected to go into cotton is totally dependent on timely rain to make planting possible. Most of this "dryland" area lies South and West of Lubbock where heavy planting in 1973 left little room for expansion this year.

As one observer put it "Dryland farmers last year planted their back yards to cotton and unless they plow up their front lawns they can't plant much more cotton in 1974."

A sizeable increase, in some areas as much as 25 percent, is now indicated in the sections lying generally North and East of Lubbock where irrigation water is more abundant. "But even here a large increase is not assured," Johnson cautions.

Cotton must compete for irrigated acres with grain sorghum, corn and other cash crops, he points out, "and much will depend on the action of prices for the various commodities between now and planting time and on producer evaluations of price prospects at harvest."

"So three or 3.1 million acres will be planted to cotton on the Plains only if moisture is forthcoming to permit full planting of dryland farms and only if prices, the availability of fertilizer and other factors do not upset present plans for irrigated acreage between now and planting time. "And these are big 'ifs,'" he concludes.

Miss Ruby Jo Jarrett exhibited "Top of Texas Whipped Angel Pie" in the Senior Bread and Dessert class. She received a red ribbon.

Judging at the district level is focused on knowledge of nutrition, meal planning, food buying and meal service as well as the ability to prepare food.

The District 4-H Food Show is sponsored each year by the Texas Agricultural Extension Service, Texas A&M University System.

FREEDOM

Inscription for the Statue of Liberty

BY EMMA LAZARUS

Give me your tired, your poor,
Your huddled masses yearning to breathe free,
The wretched refuse of your teeming shore,
Send these, the homeless, tempest-tossed, to me:
I lift my lamp beside the golden door.

This truly reflects the attitude of a nation living close to God. The concern and love for others grows through Christian fellowship. Attend Church Regularly.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.

MRS. STAN MARTIN

CLAYTON - MARTIN VOWS

EXCHANGED HERE RECENTLY

Miss Roma Jean Clayton and William Stanley Martin were united in marriage in a single ring ceremony Tuesday, March 5, in the home of the bride's parents, Mr. and Mrs. Jerry Clayton.

Parents of the bridegroom are Mr. and Mrs. Datis Martin. Earl Cantwell, minister of the Rock Creek Church of Christ and grandfather of the bridegroom, performed the ceremony.

Tapered white candles on tall candelabra entwined with greenery and yellow and white bows formed a background for the ceremony.

Escorted and given in marriage by her father, the bride wore a floor-length dress of pink and white checks designed on empire lines with long full sleeves accented with white cuffs and collar at the low round neckline.

Bridal tradition was carried out with something old, a handkerchief, belonging to her late "Mom" Hollingsworth. The bride borrowed a strand of pearls from her Aunt Peggy Rowell and carried a new Bible presented by her parents. She added a blue garter and placed pennies bearing the dates of the years of their birth in her shoes. She carried a bouquet of white daisies surrounding a white orchid atop her lace-covered Bible from which fell a shower of white streamers tied in lovers' knots.

Attending the bride as maid of honor was Miss Celia Martin, sister of the bridegroom. She wore a pale pink floor-length dress similar to the bride's. She carried a bouquet of tiny yellow rosebuds.

Dean Ziegler served as best man. The bride's mother was attired in a long orchid skirt with a pink blouse with ruffles at the neck and cuffs. She added a corsage of white daisies.

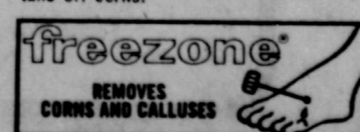

The bridegroom's mother wore a two-piece double knit suit and also added a corsage of white daisies.

A reception was held in the Clayton home immediately following the ceremony. The bride's table was covered with a beige crocheted cloth made by the bride's "Nanny" Hollingsworth over yellow. Silver and crystal appointments were used.

Miss Connie Rowell, cousin of the bride, served the three-tiered white wedding cake decorated with yellow roses. Miss Donna Rowell served yellow punch from a crystal punch service. Miss Jolan-

FREEZONE IS FOR CORNS THAT HURT.

Why fool around with painful corns, when Freezone can help you remove them. Try it. You'll see. In just days, the corn will be gone... the hurt will be gone. Painlessly. No dangerous cutting. No ugly pads or plasters. Drop on Freezone - take off corns.

Tole Painting Is Study Club Topic

L. O. A. Junior Study Club met at the P. C. A. community room Monday, March 18, at 7:30 p.m. for a program on tole painting. Roll call was answered with a favorite hobby.

In a regular meeting conducted by President Mrs. John Schott, club members voted to give \$10.00 at the annual Library Tea given by the March of Time Study Club. The park project was discussed and the volleyball tournament was organized with committees appointed. Members also voted to change the regular meeting time from 7:30 p.m. to 8:00 p.m.

Mrs. Norman Scott of Lockney showed some of her paintings, explained how they were done and gave the history of tole painting.

Members present were Mrs. Terry Bomar, Mrs. Jimmy Burson, Mrs. W. J. Copeland, Mrs. Bud Couch, Mrs. Randall Eddleman, Mrs. Fred Edwards, Mrs. Stanley Fogerson, Mrs. John Herring, Mrs. Roland Montague, Miss June Moosberg, Mrs. Wayne Nance, Mrs. John Schott, Mrs. Max Stevenson, Mrs. Joe Thieboud, Mrs. Jay Towe, Mrs. Gary Weeks and Mrs. John Wyatt.

Mrs. Dusty McLeland and Kevin of Amarillo visited Mr. and Mrs. Leo Fleming, Wes, Annette, Scotti and Cary and other relatives here over the weekend.

The bride and groom attended Silverton High School and after a short wedding trip are at home on Route 1, Silverton, where he is engaged in farming.

West Texas State Has New Look

For an institution approaching its 75th anniversary, West Texas State University looks mighty new these days.

The new masonry and spirit invigorating the campus at Canyon belie the age of the oldest state-assisted institution of higher learning in the West Texas region.

Just this spring, WTSU opened a \$3 million library, capable of housing a million volumes, and a three-story University Science Center, constructed at the same cost.

The buildings, which provide much needed enlargements of the university's science and library facilities, also symbolize the progressive attitude that WTSU supporters feel has emerged more strongly than ever in the past year.

Two important events in 1973 ushered in the new spirit at WTSU. The school marked its 10th year with university status, and Dr. Lloyd Watkins arrived to take over the reins as university president.

Almost as soon as he arrived on campus, the new president began stirring up a new excitement among all segments of the University and its supporters.

Watkins has been associated with a number of fine universities in the Midwest, so everyone respected him as something of an authority in such matters. His en-

thusiasm for this part of the country, its people and especially WT was contagious. Soon everybody concerned began thinking about the future and seeing WTSU, not as a good university for this area as it has been for many years, but as a significant university . . . significant beyond this part of Texas or even beyond the Southwest . . . a significant university . . . one that will attract outstanding faculty and students from all over the country, even the world.

The new enthusiasm has already begun to show itself in a number of areas such as the concept that the university is operating to serve students. That concept is manifested in a broad range of practical applications, from simplified registration procedures that have shortened those traditional lines at the start of each semester to a faculty-student ratio of 1-20, which means that no WTSU student ever becomes just a numbered seat in an auditorium.

West Texas State's six schools—the School of Agriculture, the College of Arts and Sciences, the School of Business, the College of Education, the School of Fine Arts and the Graduate School—offer a total of 16 different bachelor's and master's degrees with over a hundred majors and areas of emphasis.

Expansions of the curriculum in recent years have taken diverse form. Five new degree programs and courses in social work and criminal justice administration have appeared, Latin has reappeared, and horsemanship is now offered for either physical education or agriculture credit. WTSU students within the past year have found themselves engaged in projects ranging from digging for archeological material threatened by a new dam to mapping Mars from photos gathered by the Mariner spacecraft.

Just as WTSU recognizes that all students cannot attend classes at the same hours, the university also knows that all students have time when they are not attending classes. There are 61 organizations on the WTSU campus, from fraternities and sororities to societies for special interests, to provide for those hours not spent in classes.

The hub of the cultural and social scene at WTSU is the Activities Center, a complex of bowling alleys, pool tables, handball and paddleball courts, a weight training room, four basketball courts, an Olympic-size swimming pool and rooms for reading, music and films.

Students arriving at WTSU now can take advantage of a remarkable growth program of the past five years, which added eight new buildings and a 2,400 acre ranch to the university's facilities.

The unique spirit of WTSU is also captured in its efforts to help students with the financial aspects of attending college. In addition to the conventional loan, scholarship and student employment pro-

Dallas Cowboy All-Pro defensive tackle Bob Lilly, pictured with Bradley Meyer, is serving as State Chairman of the 1974 Texas High School Football Boy's Lilly Day for Crippled Children, an annual event to raise funds for the treatment and service program of the Easter Seal Society for Crippled Children and Adults of Texas.

grams, WTSU has the special Opportunity Plan, Inc., a non-profit organization which offers individualized financial assistance and counseling along with part-time job opportunities.

WTSU is in a land of contrasts. Because it is in the Amarillo metropolitan area, students have easy access to the cultural activities in Texas' seventh largest city, yet it still has a good bit of the romance of the old West. Spectacular, rug-

Appaloosa Horse Club Meets In Fitzgerald Home

The Golden Spread Appaloosa Horse Club met in the home of Wayland and Flo Fitzgerald Saturday. A covered dish luncheon was served to 45 members at noon. A business meeting followed.

With the temperature at 24°, most of the group saddled their horses for a trail ride in the canyons west of Silverton on the Mayfield ranch.

Members present were from Abernathy, Lubbock, Tahoka, Brownfield, Happy, Levelland, Amarillo, Plainview, Fritch, Hale Center and Taum, New Mexico.

The group enjoyed supper before departing for home.

SILVERTON, TEXAS

"FOR ALL YOUR PRINTING NEEDS"

A Message to the High School and College Age Students of Silverton . . . (and those who love them) From the President of West Texas State University

You are standing on the threshold . . . perhaps the threshold of greatness, but at least on the threshold of what can be a rewarding career. West Texas State University is also on the threshold . . . we think it is the threshold of greatness.

There is a new excitement on our campus. Everyone associated with the University tells me they feel it, students, faculty, alumni and our many boosters throughout the Panhandle.

The excitement started ten years ago when we achieved University status. We began getting many new facilities including a new library, science building, research center, classroom and administration buildings and a new Student Activities Center which is second to none in the United States. We have new programs of a dozen, different kinds . . . even one for horsemanship.

Much of the money for these programs and facilities has come from individual citizens, companies and foundations. These benefactors say, in effect, that our area should be the site of a significant university . . . a university with facilities and programs which attract outstanding faculty and students from all over the nation, even the world.

WTSU is growing but it is not so big but that our teachers can take a personal interest in each student and relate to him as the individual he is. Though we have a higher percentage of Ph.D.'s on our faculty than most universities, (over 50%) our classes average fewer students than most, (under 20).

Our students are very much a part of making things happen at WTSU. They are interested, involved and excited. Their learning experience is bigger than the classroom . . . it is as big as life itself.

Tell us which of these areas of study interests you and we will tell you more about that program at WTSU. Clip this coupon and mail it to me personally. I'll see that you get the whole exciting story without obligating you in any way.

Lloyd D. Watkins
Dr. Lloyd Watkins, President
West Texas State University

P. S. Don't let financial considerations keep you from exploring the idea of coming to WTSU this summer or fall. Scholarships and other financial assistance are readily available.

Paid For From Private Funds

Here are some of the areas in which you'll find the excitement of learning at WTSU.

- *Accounting
- *Agriculture
- *Agricultural Business & Economics
- *Animal Science

PARROTS DO TALK... But!

SO DOES A RECORD PLAYER

Our Nation faces a serious threat of communism just off our shores. At the same time within our nation, they are seeking to undermine our faith in God. There are many sayings and expressions going around in our country that are communist inspired. In order to prevent "parroting" these sayings, that weaken our nation... attend church regularly, and study God's word so that the truth is more easily recognized.

"Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

EVERYONE IN THE CHURCH... THE CHURCH IN EVERYONE

CARD OF THANKS

I thank each and everyone who helped me with my show calves this year. A special thanks to Leland Hugh Wood for mixing the feed and to those who donated the prize money for the steers and show barn. Your friend, Cam Forbes

Would like to thank everyone for the cards, visits and phone calls while I was in the hospital and since I have been home. It is wonderful to live in a town with such wonderful people. May God bless each of you. Mary Grantham

We wish to express our heartfelt appreciation and blessings to our dear friends who were so kind to us in our time of sorrow. Your help sustained us in our hour of need. The people of Silverton, Texas are indeed God's people. May His blessings be with you. The family of Lester Paige, sr.

"Thank you" seems so small when I try to express my appreciation for your kindness while I was sick. The visits, cards, phone calls, food, thoughtfulness and concern were greatly appreciated by my family and me. Mikel Griffin

Thank you for the flowers, cards, food, gifts, prayers and calls since my accident. All of these acts of concern are very much appreciated. Gail and John Wyatt
