## HENRY BEATTIE TAKES APPEAL

Convicted Uxoricide is Sentenced to Die in the Electric Chair November 24th.

Special to Signal.

Richmond, Va., Nov. 8.—Lawyers for Henry C. Beattie, Jr. under death penalty for the murder of his young wife filed with the Supreme Court of Appeals today a petition for a writ of error.

This constitutes an appeal from the judgment of the Court of Chesterfield which sentenced Beattie to be electrocuted on November 24.

Unless the court gives a decision before the day set for Beattie's execution this move will act as a stay.

## Six Miners Entombed.

London, Nov. 8.—Six miners were entombed in the Needmore mine near Oronogo, Mo., this afternoon. Unless they are released in five hours they would be drowned it is said. The pillars beneath the hopper crumbled under the tons of rock and the machinery fell into the shaft.

## Engineer Fatally Injured

Special to Signal.  
Ardmore, Okla., Nov. 7.—Engineer Fitzpatrick was fatally hurt today when passenger train No. 11 on the Santa Fe had a head-on collision with passenger train No. 18. None of the passengers were hurt.

Wonder if those Chinese who have declared for a Republic can explain the meaning of the word.

## SHOW AFFIDAVIT OR DONT RIDE

Game Laws Require Hunters Returning With Game to Show Such to Conductors.

Special to Signal.

Galveston, Nov. 8.—Railroad passenger men here are puzzled over the announcement that the enforcement of the game law requires hunters who carry game to show an affidavit that they had not violated the game law in the number of birds killed or be refused transportation by the conductors. Railroad attorneys say that there may be many damage suits against the railroads for refusal to carry such hunters, but that the law on this point is plain and that conductors will be instructed to refuse passage to all hunters lacking this affidavit.

Sportsmen point out that it will be practically impossible to procure affidavits at many points where they will board trains after hunting trips.

## Weatherford Man Suicides

Special to Signal.  
Weatherford, Texas, Nov. 8.—Evan Jones, Sr., a contractor and builder of this city killed himself this morning with a shot gun. He leaves a widow and eight children.

## Dalhart Gets a Bale of Cotton

Special to Signal.  
Dalhart, Texas, Nov. 8.—The first bale of cotton that has ever been grown in this section of the State was brought here yesterday by R. S. Pogue of Moore county.

## LEON MARTNEZ WILL APPEAL

ATTORNEYS PLAN TO GET CASE BEFORE SUPREME COURT.

## CLAIMS MEXICAN CITIZENSHIP

Young Mexican Testified in His Own Behalf Before U. S. Supreme Court.

Special to Signal.

Austin, Texas, Nov. 8.—Leon Martinez, Jr., the young Mexican who was convicted in the District Court of Reeves county on the charge of murdering Miss Emma Brown formerly of Austin, who testified in his own behalf briefly before the court of Criminal Appeals was hustled off to Waco on a late afternoon train to await until the Court of Criminal Appeals disposes of his case.

The court will take the matter under consideration and probably reach a decision at an early date. The application for a writ of habeas corpus now is to get the Court of Criminal Appeals to take jurisdiction, with the end in view that the defendant did not get a fair trial.

The defense had laid a predicate to get the case before the United States Supreme Court by the statement made by Martinez himself that he is not a citizen of the United States, but that he was born in Sonora, Mexico and had never been naturalized, neither had his father, Leon Martinez, Sr. The latter with his wife was present here at the hearing.

## Burglars are Advised by the Agents How to Open the Safes.

Special to Signal.

Medford, Okla., Nov. 8.—The Santa Fe railway safe has been blown open so often here that the agents have become tired of having the lock fixed.

To cut down the bills from the safe concern and eliminate the general havoc that is caused by dynamite and other explosives the agent has put up a large sign above the safe bearing the legend: "Please don't blow this safe, turn the combination around once to the right and it will open."

The agent says that tipping the safe off to take a peep into the safe is cheaper than to have it blown every night.

## NEW MEXICO GOES DEMOCRATIC

RETURNS LEAD GOV. HARMON TO PREDICT DEMOCRATIC SUCCESS.

## DEMOCRATIC GAINS INDICATED

William J. Bryan Spoke in Kentucky—That State Swung in Democratic Line.

The election returns from the east from Tuesday's voting seems to indicate Democratic gains.

Massachusetts goes Republican by a probable small lead and New Mexico goes Democratic as appears from returns now in.

Kentucky, where party strength has for several years swung back and forth has probably returned to the democratic side with Jas. B. McCreary for governor.

W. J. Bryan put in several days of speech making in that state.

A few states have counted far enough to be reasonably sure of results.

Baltimore returns this morning indicate the election of Goldsboro, Republican for governor over German, democrat by about 4000 votes.

Philadelphia—The independent Republican candidate for mayor Rudolph Blankenburg was elected on a strictly reform ticket.

Albuquerque, New Mex.—A complete triumph of the Democratic ticket is indicated by the returns from Tuesday's election. What republican majorities have come in are from the counties usually strongly republican and the leads there are cut down.

Baltimore—The proposed amendment to the constitution of Maryland for the disfranchisement of negroes appears to have been defeated by a decisive majority.

Columbus, Ohio—Basing his opinion on the election results in Massachusetts, Kentucky, and other states where the election was most hotly contested, Governor Harmon today predicts that a national democratic ticket will carry next year.

## Lynch Negro in Mississippi.

Special to Signal.  
Meridian, Miss., Nov. 8.—Judge Moseley, the negro taken from Deputy Sheriff Brown near Lockhart today by a mob of four hundred persons was lynched and the body riddled with bullets. Moseley committed criminal assault.

## NO INTERVENTION ACTION TAKEN

AMERICAN WAR CRUISER IS ORDERED TO PROCEED TO TRIPOLI.

## IS TO ASCERTAIN THE TRUTH

Taft is Not to Be Had and Secretary Knox Will Not Take Any Action

Special to Signal.

Malta, Nov. 8.—A wireless message received by her commander Benton, orders the American Cruiser Chester to proceed to Tripoli forthwith.

Washington, Nov. 8.—Officials refused to make any statement as to the Chesters mission to Tripoli but it is believed that the purpose is to ascertain at first hand the truth respecting the charges the Italian troops have been perpetrating barbarities upon the Turks and Arabs.

Technically the port of Tripoli is under a blockade duly proclaimed by the Italian government and under the rules of war the Chester can only enter the harbor and then only with the consent of the Italian in command of the port. Secretary Knox is disinclined in the absence of President Taft to proceed and it is probable that department will take no action upon the request of the Ottoman government that the United States intervene to protect the Turks and Arabs in Tripoli from alleged brutalities of the Italians soldiers.

There were indications today that the Turkish note had somewhat embarrassed the State department.

President Taft was in Cincinnati, Ohio, Monday where he registered before the election board in his voting precinct.

Yesterday and last night he was the guest of his brother C. P. Taft.

## ENEMIES SAY HE KILLED WIFE

Rev. Rogers of Paragould Demands Body be Exhumed. Request Denied

Special to Signal.

Paragould, Ark., Nov. 8.—Rev. R. O. Rogers, formerly pastor of the First Christian church of this city, but now of Altus, Oklahoma arrived here today and demanded that the local authorities exhume the body of his wife. Mrs. Rogers died suddenly in Altus a short time ago and her body was shipped to this city for burial.

The minister says that his enemies have circulated rumors that he poisoned his wife and demanded that an autopsy be held in order to clear him of the charge.

The local officers say that no charge has been made against him and that they have no authority to exhume the body of his wife.

## Joy Plunger Goes to Jail.

Waco, Texas, Nov. 8.—Edgar L. Smith of China Springs came to this city yesterday and purchased an automobile, giving in payment a check for six thousand dollars.

He then went for a joy ride and had a great season of pleasure for awhile.

Later the local banks failed to honor the check and today Smith was taken in charge by an officer and lodged in jail.

## Depend On Us For Your Medicines

Your doctor will never have the slightest cause for complaint about the way we fill prescriptions.

He will praise the fidelity and exactness with which we follow his directions, and the pure, fresh quality of the drugs we use.

But our medicines are not more satisfactory than our prices. It is this combination of high quality and low prices that has built up our business. We will appreciate your trade.

#### Judge F. P. Brewer Dead.

The people of Snyder were profoundly shocked this morning by the announcement of the sudden death of Judge F. P. Brewer at about 2 o'clock this morning at his home corner of Faught and Seurry streets.

It is learned that the Judge returned Friday evening from a professional trip to Sweetwater.

He was not feeling well when he went home last night and about 8 o'clock p. m. the family became alarmed and physicians and friends were summoned.

They worked with him until 2 a. m. when death came to relieve his suffering.

The body was taken in charge this morning by the Stokes & Ely undertaking company and prepared for burial.

He leaves a wife and several sons and daughters to mourn for him. He was a kind and affectionate husband and father.

Judge Brewer was a well-posted and successful lawyer. He formerly lived in East Texas, but some years ago moved west and was located at Colorado where he was recognized as a practitioner of ability. He came to Snyder last spring and later formed a partnership with W. S. Payne and they were building up a fine practice in Seurry and adjoining counties.

It is learned that Judge Brewer was a member of the Woodmen of the World and carried a policy in that fraternity.

The Signal joins with the community in extending sympathy to the bereft family.

Judge Brewer was born September 3, 1859 and died Nov. 4, 1911.

Funeral arrangements will be announced when his brother arrives.

Mr. J. W. Westbrook is visiting at Fluvanna.

#### Water From the Big Reservoir Was Turned into the Mains Today.

The big engines at the pumping station have been running all day pumping water into the big reservoir or stand pipe on Colonial Hill and filling the water mains.

The water mains are full today and the hydrants on the square have been flushed and show a splendid pressure. Engineer Hargiss states that this is only half the pressure that will be turned on in case of fires. This however will easily go to the tops of our tallest buildings.

This is an event the town ought to celebrate as it is another step forward in city affairs and puts Snyder in the ranks of the up-to-date towns.

#### Not a Word of Scandal.

Mrs. W. P. Spangh, of Manville, Wyo., who said, "she told me Dr. King's New Life Pills had cured her of obstinate kidney troubles and made her feel like a new woman."

#### Housewives Attention.

The ladies of the Christian church will have their Saturday market at the Snyder Grocery store tomorrow. Don't worry about fixing something for a Sunday dinner but call and get what you want.

Bud Dawson came in from Dallas today, where he has been for several days.

#### No Money for Second Year Salaries and Expenses are Available Under Decision

Special to Signal.

Austin, Nov. 4.—In mandamus case of Attorney General Lightfoot vs. Gov. O. B. Colquitt and his veto of part of the regular appropriation for the Attorney General's department, the majority of the Supreme Court held this morning that \$41,580 was available for the first year and that the second year appropriation was vetoed.

The court held that the comptroller shall issue warrant for payment of salaries and expenses out of appropriation for the first year under Gov. Colquitt's veto, knocking out half of the appropriation for the department and vetoing the sum of \$83,160 lumped for two years.

Judge Brown and Dibblell gave the majority decision today, shortly after noon in the case of Flumer vs. Lanebrought by the Attorney General to test the veto of Colquitt.

Justice Ramsey in dissenting opinion held that the governor's veto was null and void and that the whole appropriation of \$83,160 was available.

#### Island Rises out of Sea.

Special to Signal.

Port of Spain, Nov. 6.—An island has suddenly risen out of the sea, near Serpent Mound on Venezuela coast near Trinidad.

The phenomena was preceded by an extraordinary commotion in the sea from which burst huge flames and smoke. The island is of considerable size, but nothing accurate as to its dimensions has yet been obtained.

#### Mrs. Vermilya Attempts Suicide.

Special to Signal.

Chicago, Nov. 6.—Mrs. Louise Vermilya, suspected of poisoning Patrolman Arthur Bessonnett was arrested while in bed at her home and taken to the county hospital where the police think she will be less likely to escape. She attempted to poison herself at home by sprinkling pepper mixed with arsenic on her food.

#### Mail Boxes Removed

The mail boxes placed on the square some time ago were removed this morning. The inauguration of mail service on the Santa Fe it seems, will increase the work in the post office and it will work a hardship on the present force to undertake to keep up the practice of taking up the mail before the departure of so many trains, is the reason assigned for their removal.

#### Trying Thorndale Lynchers

Waco, Texas, Nov. 4.—The second annual Texas Cotton Palace Carnival will be opened by Governor O. B. Colquitt at 2:30 this afternoon.

This is press day and many news paper people are present.

#### Another Important Port Falls into the Hands of Chinese Rebels.

Special to Signal.

Shanghai China, Nov. 6.—Three Chinese gunboats of Admiral Su Ching which put in here yesterday for provisions and coal have gone over to the rebels. Ching Kiang in the Province of Su fell into the hands of the rebels yesterday. This is a treaty port and is second in importance to Shanghai.

Shanghai, Nov. 6.—The new revolutionary government since the capture of this city is apparently impersonal, never-the-less it effectively controlled the situation to Shanghai and on to the Yang Tse Delta today.

Since morning the Rebel cause has been strengthening by the arming of all those who applied for rifles and ammunition.

The rebels obtained, not only the arsenal, but the powder factory, gunboats and the enormous supplies of new Mauser rifles. Not less than 15,000 rifles were given to applicants this evening.

The forts at Wu, Sung with the garrison went over to the rebels without resistance and the upper forts hoisted white flags as with the rebel commanders had existed.

**METHODIST CONFERENCE**

Rev. J. W. Hunt Remains in Snyder—J. H. Gattis on Snyder Circuit.—District Headquarters at Sweetwater

Rev. G. H. Gattis returned last evening from the Methodist Conference at Plainview and Bro. Hunt is expected to arrive home tomorrow.

It is learned that the Snyder Station is fortunate in getting Brother Hunt sent back as pastor.

The Dermott Circuit was changed in some points and will be called the Snyder Circuit with Bro. Gattis as preacher in charge. The Dermott appointment is taken out and Round Top is placed in the Snyder work.

Rev. W. E. Caperton who has been at Camp Springs goes to Dunn. Rev. J. M. Armstrong who has been on the Dunn and Ira circuit goes to the Central Texas conference.

Rev. J. D. May remains at Fluvanna.

I. N. Anderson goes to Camp Springs.

The name of the District was changed from Colorado to Sweetwater and Rev. Simeon Shaw is retained as presiding elder. The District Headquarters will be changed to Sweetwater, because it is a more central point and has better transportation facilities.

The next meeting of the Conference will be held in Abilene.

Mr. W. B. Thompson, president of the New Orleans Cotton Exchange concluded his address before the conference of Governors thus: "When you ride along the road in the evening and meet a farmer hauling a bale of cotton away from a town and ask him: 'What's the matter John, don't the price suit?' and he shakes his head and drives on homeward, you have seen and saluted the only real bull of them all." To such a farmer as that information as to the probable supply and probable demand for cotton is a matter mostly of only secondary interest. So far as he is concerned, the supply is determined, not by what he grows, but by what is ready to sell; and he is ready to sell only when he is offered a profitable price for it. When you see cotton remaining in his barn until planting time comes around again, he puts the two or three acres upon which it was grown to some other crop, he is doing his part toward the adjusting of the supply to the demand and doing it in the most economical and in the only certain way. It ought to be the ambition of every grower of cotton to emulate this farmer of Mr. Thompson's fancy. When only a half or even a fourth of them realize this ambition all the artificial methods that are being contrived in the farmers' interest will become highly superfluous. What the farmer must be made to understand is that it is not a bumper crop, but his eagerness to sell that does most to depress prices.

J. F. McFarland, Richard McFarland, Will Palmer, Bay Dunn, Sims Palmer, Joe Murphy, Walter Dean, all of the Dunn country are in town today.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale by all dealers.

**SEVEN LIVES ARE LOST IN A FIRE**

**EIGHT OTHERS BADLY BURNED AND WILL LIKELY DIE**

Special to Signal: Chehalis, Wash., Nov. 3.—Seven young women lost their lives and eight others are expected to die as a result of a fire which destroyed the powder works of the Imperial Powder company here yesterday. Only two girls escaped although a dozen men were unhurt.

The origin of the fire is a mystery, but it is believed that a careless employee allowed a pot of paraffine oil to boil over and run into some powder igniting it and doing the damage.

The girls were caught behind counters on which they were working, so swiftly did the flames envelop the building.

Four of the company's buildings were destroyed together with the equipment and many tons of manufactured powder, entailing a financial loss of more than \$20,000.

Detectives Leave Houston Texas on Freshly Discovered Trail.

Special to Signal: Houston, Texas, Nov. 3.—The sudden departure of the Pinkerton men for west Texas last night leads to a rumor this morning that Frank W. Vaughan, the missing president of the defunct Harris County Bank and Trust Company has been located and his arrest is expected.

The shortage at the bank is said to be fifty thousand dollars.

Talesman Passed Despise Sentiment—Will Likely Be One of the Final Jury.

Special to Signal: Los Angeles, Nov. 3.—In the McNamara murder trial the first full jury box has been secured or passed for cause on both sides.

But while one lap of the trial will have been run in filling the jury box for the first time, the subsequent exercise of thirty per cent empty challenges twenty by the defense and ten by the state will make it necessary to have many full panels before the final dozen is agreed upon to try the case.

At least a half a dozen peremptory challenges are expected to be used against the talesmen so far qualified, though it would not be at all surprising if all twelve are set aside. The jury contained the following talesmen when court opened.

Occupations of Box: Frank Frakes, farmer. George W. Johnson, retired foundry superintendent. Walter M. Frampton, builder. C. Winter, builder and contractor. G. W. McKee, real estate dealer. F. D. Deen, orange grower. Robert Bain, carpenter. Seaborn H. Manning, farmer. Samuel Mendenhall, orange grower.

It is not at all unlikely that Johnson, Frampton, Winter and McKee will be unseated against each of them was lodged a challenge for actual bias by the defense, which however the court failed to allow.

One of the jurors who is likely to pass peremptory challenge is Samuel Mendelhall. One of the peculiar features of his case is that he has not been anxious to serve for business purposes. In a full before the examination he appealed to Judge Bordwell to excuse him, but the court declined.

Prospective Juror Weeps: It was Mendelhall, too, who being questioned by the attorney as to his father's employment, broke down and wept, being reminded of his father's death only three weeks ago.

Mendelhall passed both sides for cause without much trouble. It is believed that the trial proper wont begin much before Jan 1 at its best.

A venire of forty was summoned again for jury duty, being the second of that number since the original venire of 125 were excused. Only three veniremen remained and the special venire of forty has been in the sheriff's hands for the last two days.

Judge Bordwell heard the preliminary excuses for these veniremen.

Red Cross Mission is Seriously Threatened. Rebels Capture Shanghai

Special to Signal: Hankow, China, Nov. 4.—Nearly the entire city of Hankow is on fire this morning and it is feared that the West Yan Mission in which are fifty blind boys and 150 wounded people, who with the staff of the mission make 300 persons may be destroyed.

Dr. Booth, the head of the mission has asked the Imperialists to grant an armistice of two hours to permit the removal from the mission, but firing ceased for only a half hour.

The Red Cross steamer which attempted to remove the inmates was driven back by fire from the rebel fort, one shell wrecking the deck house.

Special to Signal: Shanghai, China, Nov. 4.—The new revolutionary government is effectively in control of the situation in Shanghai. And on the Yang Tse delta today since morning the rebel cause has been considerably strengthened by arming all who applied for rifles and ammunition.

The forts at Wu Sung went over to the rebels without resistance and other up-river forts have hoisted white flags.

### Statement From Scurry County School Board of Education.

At this, the second regular meeting of the County School Board of Education, we are confronted with financial difficulties in the school matters that trustees and patrons of the county may be interested in, and which we desire to report.

On account of the filing of the Scurry county school land suit filed by John Y. Bowen, et al, on October 18th against the purchasers of said land, the sum of \$5800.00 will not be available for school purposes for the school year, which otherwise would have been available.

The above sum is the amount of interest that would have been derived on the sale of the school land as the first annual installment of interest, the payment of which has been held up by the filing of said suit. This amount, when added to the amount of interest already accrued on the school land, amounts to \$116,000.00.

The board deplors the fact that litigation has come about money when the available money which would be derived from the sale of the school land is being held up by the filing of said suit. This amount, when added to the amount of interest already accrued on the school land, amounts to \$116,000.00.

To express our entire confidence in the action of the Court in selling the school land at the time it was that Scurry county in need of the land be derived from such, or more, than again. We believe the interest of \$5800.00 on the yearly ad valorem of this land and in this, our own children of the school age, and the future generations for the benefit of this county, if the court had a policy of holding the land, not our own children, but the future generations of the county benefited after the sale. We believe the future generations will be benefited or even as much as the children of those citizens of our county who have braved the hardships of pioneer civilization in developing Scurry county.

As a Board in charge of the school finances of the County we would ask that all good citizens who are interested in the welfare and in the development of our schools, put forth every effort to restore this interest of which we are now deprived into the available school fund of the County.

It takes but little figuring to show how much this annual interest means to the rural schools of our county, which receive \$5800 yearly by virtue of said sale. There are 2512 scholastics in Scurry county. Five percent interest on \$116,000 yields \$5800 annually, which divided by the number of scholastics, shows that each is entitled to \$2.30. A school having forty-four pupils would be entitled to \$100 in round numbers from this interest. If a teacher is employed at \$50 per month, the school will have a term two months longer than it would have if it did not receive this interest.

Below are given a few of the tabulations that may be had from the school records of Scurry county, showing the effect in our schools of withholding from them the amount they would receive were it not for the litigation that has been commenced above referred to.

School District No. 6—67 pupils \$154.10, teachers salary \$125 difference in length of term 1 and 1.5 months.

School District No. 10.—50 pupils \$115, teacher's salary \$65, difference in length of term, almost two months.

School District No. 14, 45 pupils \$103.50, teacher's salary \$55 difference in length of term, nearly 2 months.

School District, No. 18., 58 pupils, \$133.40, teacher's salary \$60, difference in length of term, two months and four days.

School District No. 20, 56 pupils \$128.80, teacher's salary \$70, difference in length of term, one month and seventeen days.

Ira Independent District, 123 pupils, school fund deprived of \$282.90.

Hermleigh Independent District 204 pupils, school fund deprived of \$469.20.

Snyder Independent District 667 pupils, school fund deprived of \$1534.10.

Dunn Independent District, 121 pupils, school fund deprived of \$278.30.

The above shows the record of a few of the schools in the county in so far as they are affected by this litigation. The Trustees and patrons having the same data as to their schools, can figure out how much their term is shortened.

Believing that the above will be of interest to the trustees of the county and the school patrons, we have submitted the foregoing report.

Signed:  
E. A. BIRDWELL,

### Notice of Bankrupt's Petition for Discharge.

In the District Court of the United States for the Northern District of Texas, in the matter of John Bartels Cloyes, Bankrupt, No. 262, in bankruptcy.

### OFFICE OF REFEREE

Abilene, Texas, Nov. 3, 1911.  
Notice is hereby given that John Bartels Cloyes of the county of Scurry did on the 3rd day of Nov 1911, file in the Clerk's office of said Court at Abilene, a petition setting up that he had been heretofore duly adjudged a bankrupt under the act of Congress, approved July 1, 1898, that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 5th day of December, 1911, file with the referee for Abilene Division of said District, a notice in writing of their opposition to a discharge in the above entitled cause.

### DUNN NEWS

As I see no one writes from this part of the world, will drop a few lines.

Everything is moving along nicely in our little village. Had a fine rain Sunday morning, but not enough to damage cotton very much.

Some of our people are thru gathering and some are just beginning.

The entertainment at J. F. W. McFarland's was well attended Saturday night and everybody reports a delightful time.

Will Judkins, Felix and Tip Blackard and Miss Mollie Guerin made the music for the entertainment at Mr. McFarland's on Saturday night.

Richard McFarland filled his regular appointment at J. J. Ford Sunday.

Jim Benefield spent the evening with Mr. and Mrs. Ellerd. Singing at Dunn Sunday evening was well attended.

Misses Jewel Ford and Alice Byrd of Little Sulphur community are attending school at Dunn this year.

Alinas Dean and Rhea McFarland carried cotton to Snyder on Monday.

Good luck to the Signal. Will come again.

### Ira News Notes.

Well Mr. Editor—We still think old Ira is IT. Health over here is fairly good.

Mr. Tom Haley and Miss Myrtle House were married Sunday. W. W. Rogers and A. L. Barnett went to Fort. Worth on a business trip last week and they both got back O. K.

Mr Helms has moved his cattle out of the Grimes pasture. A. L. Barnett is working the fences over this week.

If cotton continues to go down the farmers will be hurt but we will smile next year.

**The Presbyterians Have a Good Time**

The meeting began Sunday, Bro. Howard preached to a good audience Sunday morning. Bro. Ingram of the Baptist church came with his people Sunday night and preached to a full house. On Monday Bro. Tate came in from Ira and by request remained over and occupied the pulpit that night. His subject was "Christian Brotherhood" from the saying of Jesus, "All ye are brethren." His sermon was quite interesting. He put special stress on friendly greeting at the house of God and urged that the same be continued during the week on the streets, in business, etc. At the close of the service Pastor Howard insisted on a rehearsal having a number of his members line up in the aisle near the door while himself stood in the vestibule and invited all present to shake hands and be friendly. Everyone went away in an unusually cheerful mood saying kind words and thinking thoughts of "God bless you." But this was not the end. Scarcely had the pastor gotten home when his parishioners began to pour in on him with all kinds of good things for his larder. Mrs. Howard was too horse to make a speech and Bro. Howard could not think of what to say, but says for us to say to the grocers that it is no sign of unfriendliness if he does not come round any more soon and that as for the small accounts he may owe them—well—he is exceedingly busy. But come to the meeting anyhow. Dr. Ingram of Waco came Tuesday and immediately made himself at home in the meeting and is preaching some masterly sermons.

**Snyder High School.**

All the school is in smoother running order and the children seem to be taking more interest in their work than they ever have before. The high school is in better condition for doing good work than it has ever been before. The teachers of this department say that all take pupils have done good work in their studies so far. Sometimes you see some of the boys looking for the superintendent's office, but this does not occur very often. It is an old saying "That the girls as a rule are better than the boys," and in this school it seems to be true, for you never see any of the girls going to call on the superintendent.

Misses Harper and Burch in company with some of the pupils from the high school left Friday evening for Dallas to visit the state fair, all returned Monday morning after a pleasant trip, to resume their places in the school, except Miss Burch, who failed to make connection at Sweetwater and did not reach home until late Monday evening.

The boys have their basketball ground ready for playing and will have their team in good working order in a few days.

The seniors have organized their class with Neimon Kincaon as president; Unice Brice, vice-president; Zada Maxwell, secretary; Richie Mercer, treasurer.

The High school is talking of organizing a literary society, and publishing a paper. If the society is organized the paper will be under its supervision.

A medal will be given at the close of school to the one who has the best scholarship from any part of the high school. A medal and scholarship will also be given in the Senior class.

SCURRY COUNTY OFFERS HOMES TO THE TENANT FARMERS AND THEY WILL COME

Our enterprising secretary of the Young Men's Business League, Mr. E. J. Anderson has placed Scurry county before the Tenant Farmer's Congress at Waco and if those people really mean to take positive steps to benefit themselves, they will do so by looking further into the advantages that Scurry county has to offer in the way of cheap land, fertile soil, helpful climate, abundance of good water, good railroad facilities, excellent schools and church facilities and a country as well advanced socially, morally and educationally as any country.

Mr. Anderson could not attend the Waco conference in person, but he sent the following letter which will almost certainly impress these people and cause them to investigate this country.

Mr. Anderson wired the following: Snyder, Nov. 6, 1911 Chairman, Texas Tenant Farmers Conference, Waco Texas. It is with regret that we learn too late, of the meeting of Texas Tenant Farmers, or representatives from our section would have been in attendance. Realizing the importance of this meeting and the far reaching results to those who are in attendance we extend our support in spirit if not in person. The problems of the high cost of living and extreme land values are those that confront the tenant farmer—with these conditions he has no other alternative, but a long life of drudgery to meet. To those who are seeking a betterment of present conditions, tillable lands, good schools, good homes and who know the value of work, Scurry county extends a hearty invitation. We want good farmers and have the farm lands in waiting for their ploughs. Come to us. We need you and will help you.

E. J. ANDERSON, Secretary Young Men's Business League.

Oates Jury Still Out. Waxahachie, Texas, Nov. 3.—The jury in the Burrell Oates case were still out at noon today, still deliberating over the case.

Tenant Farmers at Waco. The convention of land tenants to be held tomorrow at Waco is apt to be the beginning of a new era in tenantry in Texas. The tenant farmers in Eastern counties have concluded that there is some thing better in life than constant toil and little or no remuneration. Farmers there have to plant large areas in cotton and they have to work their women and children through the picking season. One land owner said the other day that his tenants work hard all the time and when they have paid for the hired help and paid rents they have very little left.

Hundreds of those tenant people are thinking of leaving their old right now, when they convene in Waco, the western people ought to be there to tell them about the West where they can buy just as good land as they have there at about one fourth the price. The man who can induce them to come to Scurry county for homes will have done them a good service and at the same time will bring in a class of good citizens to aid in building up this magnificent country.

A Conservative Arrangement. Pekin, Nov. 3.—The National assembly in China have completed a draft of the proposed constitution for that country. It provides to continue the Manchu Dynasty but the powers of the emperor will be restricted. Imperialists will be eligible to hold offices of premier, members of cabinet, and administrators of provinces.

Shanghai is Captured. Shanghai, Nov. 3.—The arsenal and native city of Shanghai were taken over last evening by revolutionists without resistance. It is expected that Wu Chang and some of the up-river forts will fall tonight.

TRIMMING HIS SAILS

Editor Ousley of the Fort Worth Record requests publication of the following: FORT WORTH, Nov. 4.—courtesy to friends requires me to make a public statement with respect to the race for United States Senator. I had preferred to say nothing on the subject, not even to reach a decision in my own mind, for a few weeks longer or even until spring, because I am sure that the people object to the precipitation of another political campaign in the midst of the busy season and because I have some responsibility which I cannot in good conscience neglect, but I am in receipt of so many letters, especially during the last few days and there is such evidence of a desire of an expression from me that I cannot remain silent without seeming to be indifferent to valued friendship and patriotic counsels.

I have tried always to determine my political attitude and to direct my course from the standpoint of duty without regard to personal desire or self-interest, and I shall do so in this instance.

The situation is so persuasive that I am inclined to accept the generous overtures of my friends though I long ago put political ambition behind me. More appealing still are issues of great moment, and to these I shall give my best efforts at the proper time whether I am a candidate or not. Indeed the issues interest me more than distinction.

I desire by this statement to acknowledge my sense of appreciation and to ask the indulgence of my friends a little longer before making a final declaration. CLARENCE OUSLEY.

Weather Moderating. Dallas, Texas, Nov. 3.—The cold wave which has gripped Texas for twenty four hours is beginning to moderate. Heavy frosts this morning. The snow line barely reached the edge of the Texas cotton belt.

Electric Bitters. Made a New Man of Him. "I was suffering from pain in my stomach, head and back," writes H. T. Alston, Raleigh, N. C., "and my liver and kidneys did not work right, but four bottles of Electric Bitters made me feel like a new man." PRICE 50 CTS. AT ALL DRUG STORES.

Rogers Flies Over Arizona. Yuma, Ariz. Nov. 3.—Aviator Rogers passed over Yuma at 8:25 this morning, flying high and fast. Evidently he intends to make the Pacific coast without another stop except at Stovall where he spent the night.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar of Saratoga, Ind., "and consider it the best on the market." Sold by all dealers.

Rangers Guard Negroes. Cold Springs, Texas, Nov. 7.—Thirteen rangers are here today to guard five negroes who are charged with murdering Charles Davidson, a white man who was killed Sunday. Excitement is high but it is thought that there will be no mob violence.

Fatal Shooting at Frederick. Frederick, Okla., Nov. 7.—T. A. Phillips of Bonham, Texas was killed here last night by persons shooting at town marshal Henry Weaver. The officer was shot twice but not dangerously hurt. Six men have been arrested.

Her Brother Critically Ill. Mrs. Mac Weaver received a message this morning from Paso Robles, California saying that her brother John J. Douglas at that place is quite seriously sick and there is no hope for his recovery. Mr. and Mrs. Weaver will probably leave this evening to go to his bedside.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? Sold by all dealers.

The Safest place for your harvest money is in this bank

Look at these two men. They have been to market their cotton. One put his money in the bank and the other didn't. They were held up on the way home. The silly fellow who wanted to take his money home had to "deliver" to the robbers. The other was able to "give them the laugh"—his money was in this bank. Take a lesson from this—put your harvest money in this bank like all other successful farmers. It is the safest place—withdraw it when you please.

Be Happy!

the girl, or woman, who has never suffered from diseases of womanhood! Or, if she has been a happy is she if she has learned of the wonderful of Cardui, the woman's tonic

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE The CARDUI Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.

**END OF A LONG UNAVOIDABLE DELAY**  
 The Snyder Development Company Contracts with Driller to Complete the Well Started Several Months Ago. Great Hopes of Successful Find.

The Snyder Development Company through Mr. W. L. Gross has made a contract with H. T. Johnson of Corsicana to finish the deep well in the Snyder Oil field and Mr. Gross informs the Signal that as soon as the necessary material can be placed on the ground the work will begin which may be within the next thirty days.

Mr. Johnson is an experienced oil well man.

The Company has placed the management of the company in the hands of Mr. Gross who will keep the thing moving from now on.

The Company have been waiting to get everything ready so there will be no more delays and now the drill will be kept going until results are known.

We have great faith in this proposition and confidently expect to see the development of a gas or an oil well here that will give a fresh impetus to the business activity of Snyder and surrounding country.

**Harry Harlin Still Alive**  
 Mr. R. C. Herm is here today from Hermleigh and stated that Harry Harlin who was seriously hurt Monday evening in falling from his wagon is still alive and there are very slight hopes of his recovery. Mr. Harlin is a good citizen and the whole community is made sad and anxious because of his fearful accident.

J. W. Webb arrived here today from Alpena, Arkansas.

The sweet baby girl of Mr. and Mrs. Fred B. Massey aged five years and a few months died at 7 o'clock this morning after a week of illness with membranous tonsillitis.

Rema was a sweet, interesting child, the pet of her parents. It is hard to see the sweet little buds of our hopes wither and pass away and it would be even harder to bear, but for the assurance that they will bloom afresh in the everlasting gardens of paradise.

Our sympathies are extended to the bereft family.

**Hermleigh News Notes**  
 The Hermleigh public school opened Monday morning with something over one hundred in attendance.

Quite a number of school patrons were present and talks were made by the following parties:  
 Rev. I. N. Anderson of the Methodist church, Rev. A. J. Leach of the Baptist church, J. E. Green field and J. F. Coston, members of the school board, Mr. Stacy, Guy R. Scott and the teachers.

Out of town speakers were Judge Fritz R. Smith and J. S. Hardy of Snyder.

The indications are that Hermleigh will have one of the best schools in its history during the coming year.

The regular trades day at Hermleigh was well attended. One feature of the program was the "old time fiddling contest" Mr. Jno. Sturdivant won the first prize and Tavo Huse second.

Harry Harlin met with a serious accident Monday evening about five o'clock. He was driving in from his farm west of town with a load of feed and just after crossing the R. S. & P. crossing his team became unmanageable and he was thrown out of his wagon, striking on his head rendering him unconscious. A number of our citizens ran to his assistance and he was hurried to his home in a buggy and medical aid administered. He is still in an unconscious condition.

No man in Hermleigh is held in higher esteem than Harry Harlin and the writer joins his many friends in wishing him a speedy recovery.

**Funeral of Judge Brewer.**  
 The funeral of Judge F. P. Brewer was followed by a large concourse of friends and acquaintances. The services were held at the family residence and were conducted by Rev. U. C. Howard, C. C. Brewer of Colorado a brother, and Albert Brewer, a son of Judge Brewer living at Dallas came in on the morning train to attend the funeral. V. H. Brewer of Center, Texas, another brother missed connections and did not arrive in time for the funeral.

Judge Brewer was an honored member of the bar association of Snyder and the W. O. W., the latter conducting the services at the cemetery.

Judge Brewer has only lived in Snyder a short time but during that time has made many friends who sincerely mourn his death. He was a lawyer of considerable ability and was building up a fine practice when the summons came to appear before the higher bar, before whom all must some day appear.

Judge Brewer possessed many qualities of mind and heart that endeared him to all those who knew him best. He was faithful to his friends, often to his own hurt, an affectionate husband and father, and a citizen the community will miss.

**Thimble Club Met.**  
 The West Side Thimble Club met last Saturday afternoon with Mrs. Hugh Boren and a most enjoyable evening was spent.

Mrs. Jas. R. Welsh presided at the meeting and roll call was answered with historical events relating to the Turko-Italian war.

Routine business and social pleasure took up the evening and much good was accomplished.

Delicious refreshments, a salad course, Ham salad, peanut sandwiches, pickles and coffee were served.

The next meeting will be held with Mrs. B. A. Eubank.

**Altrurian Club.**  
 The Altrurian club had a very Nation on last Wednesday, inspite interesting meeting with Mrs. Rue of the disagreeable weather.

Nine answered roll call with quotations from Coleridge.

It was decided to enter pictures and china painting in our flower show exhibit on the 15th.

A very interesting lesson in Richard III was led by Mrs. Fritz R. Smith and Mrs. Towle.

Meddames, Live Davis, Fred Grayum and Allen Warren were the guests of honor.

Coffee and chicken salad were served at the close of the meeting.

**OLD BILL MIER CAPTURED AND TOM MOORE KILLED IN GEORGIA.**

Special to Signal.  
 Waynesboro, Ga., Nov. 4.—William Mier, one of the most noted train robbers, was captured and Tom Moore was killed last night at St. Clair a small station on the Georgia and Florida railroad, fifteen miles south of Waynesboro.

On October 17, they escaped from the State Prison farm at Milledgeville, Ga., where Mier was serving a twenty-year term for participation in a hold-up of a Southern passenger train on February 18 at Gainesville, Georgia and Moore was serving a life sentence for the murder of his brother. Mier is more than sixty years up and is wanted in Washington and British Columbia for numerous train holdups.

They were detected at the station by officers and surrounded. Old Bill surrendered calmly, but Moore put up a brave fight to the last and was killed by the officers in trying to effect his arrest.

Both were desperate characters and the officers were wary.

**The Number of Bales Required for Foreign Consumption is Placed at 12,518,112.**

Special to Signal.  
 Washington, D. C. Nov. 6.—Estimates made by the American Consuls throughout the world place number of 500 lb. bales of cotton required to supply the demand in foreign countries for manufacturing purposes from now until September 1912 at 12,518,112 bales. The estimate does not include Italy and England.

**Editor of Fort Worth Record Issues Statement Practically Announcing**

Special to Signal.  
 Fort Worth, Texas, Nov. 4.—Clarence Ousley editor of the Ft. Worth Record in a statement tonight practically enters the race for Senator to succeed Briley.

This makes three prominent antis in the race, J. F. Wolters, C. B. Randall and Clarence Ousley.

Mr. Ousley says he is not anxious for the office but the pressure of friends induces him to enter. He declares that he has not finally decided, as it is early in the campaign, but the text of his statement is taken to mean that he will run.

Ousley is a strong friend of Senator Bailey, but a moderate anti-prohibitionist and will likely have the support of the Junior Senator in his race for the honor.

Mrs. J. L. Garner an automobile man from Dallas came in yesterday with Dr. Johnson's new car and they have been spinning the machine about over Scurry county.

The R. S. and P. has failed two days now to make connection with the west bound T. & P. or rather did not wait for the T. & P. connection.

When Southern farmers cut down their cotton acreage they will not only bring about a better price condition for the staple but they will be able to produce more things to live on and thereby cut both ways.

Will Rogers left for Fort Worth yesterday to be gone for several days on business.

The pumps at the new water station have been kept busy all day and the big concrete reservoir is well filled with water. It is the intention of the engineers to turn the water into the mains this afternoon.  
Come to Snyder.

### From Monday's Daily:

County Judge Fritz R. Smith and Editor J. S. Hardy of the Signal are attending the opening of the Hermleigh public schools.

A charter was filed in Austin last Saturday of the sheep and Goat Raisers Association. The purpose is to protect and encourage the sheep and goat industry. The incorporators are nearly all well known stock raisers of north and West Texas.

W. J. Turner of the Crowder community, accompanied by his father-in-law Mr. J. T. Nicholas made the Signal a pleasant call today. Mr. and Mrs. Nicholas live at Comanche and are visiting their daughter.

Roland Bell will leave this afternoon for Roseoe to meet his mother, Mrs. S. E. Bell on her return from an extended visit to her daughters in north Central Texas.

Reports continue to show that the supply of cotton is not equal to the world's probable demand and it is hard to understand why the price remains down.

The big sluices of water thrown from the fire hydrants on the square yesterday show that with the hose it will be easy to throw a stream over our tallest business houses.

Rev. J. H. Tate of Fluvanna came in Monday evening from Ira and preached last night at the Presbyterian church. The Snyder people are always glad to meet Brother Tate and to hear him preach.

Scurry county lands will some day be worth \$60 or \$75 an acre and that time is not far distant.

### From Wednesday's Daily:

G. A. Herral is here this week from Abilene.

### Card of Thanks.

To the friends and especially Judge and Mrs. Payne who came to us in our hour of trouble and contributed all that human kindness could suggest to help and comfort, we return our most heart felt thanks and although such devoted friendship cannot remove the sad memories that linger around our hearts, it brings into view the brightest side of humanity and throws the pure light of an unselfish friendship into our darkened home.

Respectfully,  
MRS. F. P. BREWER and Family.
