## Star Brand" Shoes Are Made Of **Good Leather**

We could reduce the cost of "Star Brand" shoes 10 to 40 cents per pair by using substitutes for leather in the heels, counters and soles and the wearer would never detect the deception until after the shoes are worn.

But we continue our policy to make every pair of "Star Brand" shoes of good leather. No substi. tutes for leather are ever used.

Substitutes for leather are made to imitate leather as nearly as possible but the best of these substitutes cost only about one-fourth as much as the poorer grades of leather.

The price of leather is higher than it has been in many years. Leather shoes cost more.

If any salesman tells you prices haven't been advanced it will pay you to make him cut up a few pair so you can see what is in them.

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

# Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women.

Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.
