

# The Snyder Signal

Twenty-Eighth Year.

Snyder, Scurry County, Texas, Friday, July 17, 1914.

Number Five.

## PRELIMINARY ANNOUNCEMENT OF SNYDER SCHOOLS

The next session of Snyder Public Schools will begin on Monday September the eighth and will continue nine months. In making the announcement for the coming session it is fitting that we take a retrospective view of the work done in the past two years. The citizenship and taxpayers are entitled to know what is being done and in what way the money is being spent. The school is a very costly institution and if it does not render the service for which it is intended the money is wasted but if it serves its proper function, then it is a wise investment.

With the purpose of standardizing the course of study of the High School and intensifying the work the departmental plan has been adopted and studiously adhered to, thus giving the student credit for the work done in one department even though he did not make credit on all of his work. A regular four year course in History has been substituted for the three years course, four years of Latin takes the place of three and the English course has likewise been added to, till it is now strictly standard. A complete course of study will be found below.

Two years ago we made application to the state Department of Education for recognition by that Department as a High School of the First Class. Examination papers and notebooks were submitted to the Department together with a complete account of the equipment and qualifications of all the teachers. After due consideration the Department of Education granted that recognition. This classification affiliates our High School with the State Normal Schools and gives our graduates credit for two years in those institutions. Taking advantage of this credit several of our last years graduates have finished their work in the State Normals this year and now hold permanent certificates and Diplomas from those schools.

At the close of the session of 1912-13, the board took pains in the selection of the High School faculty with view to seeking affiliation with the University of Texas. When the session of 1913-14 opened it was made the purpose of all connected with the High School to procure affiliation with the University. The work was planned and executed in more scientific ways and after submission of examination papers, note books and other written work of the University inspected the work was approved. The visitor of schools of the university inspected the work and equipment on the twelfth day of April and we were granted affiliation in ten units: Three in English, three in History, three in Mathematics, and one in Science. This affiliation is all we expected the first year.

This affiliation means much to the Snyder High School. It means that the course of study is recognized by the highest authority in the State as being standard, that the work is being done by approved methods, that thoroughness is the keynote and not skimming over the work, that the teachers are working on the job and that pupils are in earnest and doing their duties cheerfully. It means that our boys and girls who finish may enter the University of Texas, or any other College or University in Texas without examination and that they may know that they are able to do the work there as well as other pupils who enter those institutions. It gives confidence to our boys and girls in themselves and in their ability to do things. It also gives more credit to a diploma from the Snyder High School because back of it lies the work as approved by the University. In addition to all this it gives to our graduates two free scholarships in the University. These scholarships are awarded to the girl and boy of the Senior Class making the highest grades for the year. These scholarships for the first year were awarded to Mr. J. N. Patterson and Miss Annie Williams. These scholarships admit the holders to free tuition in the University and may be

used either the year succeeding their graduation or the next year. It is to be hoped that the graduates of our High School will begin to look to the higher institutions of learning and that increased efficiency will result. The Course of Study for the High School next year will be about as follows:

**Freshman.**  
English: Merkle and Purgeson's Composition and Rhetoric, and Classics (College entrance requirements.)  
Mathematics: Hopkins and Underwood's Elementary Algebra.  
History: Myers' Ancient History.  
Science: Physiology and Physio-graphy.  
Latin: Collar and Daniell's First Year Latin.  
Review in Arithmetic. Also society work. (A reading course.)

**Sophomore.**  
English: Herrick and Damon's Composition and Rhetoric, Classics. (College Entrance Requirements.)  
Mathematics: Wentworth's New School Algebra completed.  
History: Myers' Mediaeval and Modern History.  
Science: Agriculture, Warren's Elements of Agriculture with field work.  
Latin: Caesar's Commentaries and Prose Composition.  
German: Course now under advisement.

**Junior.**  
English: English Literature, New comer, Classics. (College Entrance requirements.)  
Mathematics: Wentworth's Revised Plain Geometry completed.  
History: Cheney's English History complete.  
Science: Any one of the Sciences of the freshman or sophomore year or if both of them have been taken then Physics with the Senior Class.  
Latin: Cicero's Orations and Prose Composition.  
German: Course now under advisement.

**Senior.**  
English: American Literature, Newcomer, Classics. (College entrance requirements.)  
Reviews in Grammar and Composition and Rhetoric.  
Mathematics: Wentworth-Smith's Solid Geometry first half of the year; review in Arithmetic and Algebra the last half. We may offer Book-keeping to the Senior Class as an option.  
History: Cousins & Hill's American History and Civics.  
Science: Carhart & Schutte's Elements of Physics with Laboratory Manual.  
Latin: Six books of Vergil's Aeneid with Prose Composition.  
German: Course now under advisement.

The above course of study will be supplemented by literary work both by girls and boys. English, mathematics and history are required but some latitude will be allowed pupils in the selection of the other courses. Those who are not certain what they want should consult me before the opening of school if possible, if not, then as soon thereafter as possible. Pupils selecting a course should pursue it to completion unless serious reasons develop why a change should be made. It is urgent that pupils select their course with care and then finish them.

**Faculty.**  
The faculty has been selected with great care. Each teacher in the High School as well as in the grades has been selected because of special fitness and qualifications to teach the particular subject or grade assigned. Only one purpose has dominated in the selection of the faculty and that is to get the best teachers for the salary we can pay. The faculty assignments are as follows:

E. A. Watson, Superintendent, Algebra and Bookkeeping.  
B. D. Black, Principal: Geometry and Science.  
Prof. Black is a graduate of the North Texas State Normal College, has had two years in the University of Texas. Mr. Black has been a teacher for several years, the last three years as principal of the High School and Superintendent at Merkel. Mr. Black comes well recommended and we consider ourselves fortunate to get a man of his ability and experience for principal of the High School.  
Miss Mary Bullard, B. A.: Teacher of History.  
Miss Bullard was a student in the High School of Waxahachie and later

## TAXABLE VALUES OF SCURRY COUNTY FOR THIS YEAR

Through the courtesy of Tax Assessor, Joe Merritt and his competent and obliging assistants, Pat Johnston, G. H. Leath and Henry Brice, the Signal is this week enabled to furnish its readers with the following report of the taxable values in Scurry county.

Land value	\$3,350,286
City property value	874,475
Railroad values	876,810
Bank stock and values	211,049
6315 Horses	311,255
14096 Cattle	250,430
92 Jacks	4,505
381 sheep	765
15 Goats	20
2097 Hogs	9,220
17 Dogs	270
1599 wagons and buggies	57,330
Merchandise	190,525
Machinery	60,065
Steam Engines and boilers	24,675
Money	43,575
Notes	97,875
Miscellaneous	48,360

The Pecos and Northern Texas Total value \$6,411,584 rolling stock is to be added to above total which will be something over \$30,000. The total value will then be about the same as 1913.

**Presbyterian Services**  
Brother Howard will be away more this summer in evangelistic meetings than is usual. Sunday will be his last here for several weeks. He will preach here morning and evening. After the morning sermon last Sabbath, Mr. J. R. Burditt was unanimously elected to a place on the deaconship. He will be ordained and installed after the sermon Sunday morning.

**Has Good Endorsements.**  
Congressman W. R. Smith has been endorsed by President Wilson and Secretary of State W. J. Bryan. The same gentlemen have put their unmistakable stamp of approval on Thos. H. Ball.

for four years a student of Trinity University where she took her B. A. Degree in 1914. Miss Bullard is a young woman of strong personality and promises to make us an excellent teacher of her chosen subject.

Miss Mamie Dorfman: Teacher of English.  
Miss Dorfman is a graduate of the Pittsburg High School and has had three years in the State University where she has specialized in English, having taken four regular courses in that subject in three years. Miss Dorfman comes well recommended and we have no doubt of her ability to do the very best work.

Miss Anna Mae Klapproth, B. A.: Teacher of Latin and German.  
Miss Klapproth was educated in the High School of Midland where she graduated with honors and later for four years at Polytechnic College where she finished in 1913 with the class honors. Miss Klapproth specialized in Latin and German while in College and is pre-eminently fitted to teach her chosen subjects.

This faculty will compare favorably with that of any High School in Texas and in fact with the faculty of many Colleges with this faculty of experts, we expect to see the work go forward and to secure affiliation with the University in several more subjects this year.

The faculty assignment in the Grammar and Primary Departments is as follows:

**Central Building.**  
Sixth Grade: Miss Vera Heath.  
Fifth Grade: Miss Veda Maxwell.  
Fourth Grade: Miss Maggie Lee Hull.  
Third Grade and part of the Second: Miss Grace Moore.  
Primary: Miss Nannie Ball.  
**North Ward School.**  
Miss Lela Porter: Principal and Miss Mary Heath, Primary.  
**Colonial Hill School**  
Miss Zada Maxwell, Principal and Miss Ida Kelly, Primary.  
No teacher in the Snyder Schools

## SNYDER MEN WILL INSTALL NEW GIN HERE

Mr. E. F. Sears who has been operating a gin at Arah for several years has sold a half interest in the machinery to O. F. Darby and they will move it to Snyder. A force of men are at work at Arah, tearing the plant down and it to be brought to Snyder and rebuilt in time for the ginning season this fall. It is a good outfit, four 80-saw gin stands and all modern fixtures. They have not decided yet just where it will be located. They have option on three or four good places, and will probably purchase a site just west of the creek.

## PRESIDENT WILSON ENDORSES TOM BALL

Thomas H. Stone, Chairman South Texas Ball campaign committee, today gave out the following letter from President Wilson.

THE WHITE HOUSE  
Washington  
July 10, 1913

My dear Colonel Ball:  
Some of your utterances in the present campaign in Texas have reached me and I cannot let them go by without expressing to you my deep appreciation of the splendid and unequivocal way in which you are lending your support to the national administration. This is but a fresh evidence of what I have always deeply appreciated in your attitude toward me personally and towards my leadership of the party but it gives me fresh pleasure and strengthens my feeling of gratitude and sincere friendship. The progressive forces of the country are at last gaining cohesion and irresistible force.

Cordially and sincerely yours,  
WOODROW WILSON

Mrs. E. E. Grimes returned last Saturday from an extended visit with her mother in Oklahoma City. They are now in their new home, the Walter Davis place.

holds below a First Grade State Certificate and most of them hold permanent. Several of the members of the faculty are attending Summer Schools taking special work in their particular subjects in order that they may render more efficient service.

To those people who wish to transfer to our school from the rural districts of the county we will say that this must be done before the first day of August. We offer you all the time your money will pay for, counted from the time your children enter school. The time will be about four months. It might be more or slightly less. Tuition will be collected for the balance of the time pupil attends on the following basis: pupils in primary department, \$1.50 per month; pupils in the Grammar grades, \$2.00; per month; pupils in the High School \$2.50 per month. We will be glad to have all the pupils we can get from the country and we will guarantee to render the very best service. All persons having children to transfer should see the County Judge at once and attend to it. We shall be glad to talk to those who may be interested especially in the High School work. There are some pupils who are over seventeen and who are still entitled to free tuition. We shall be glad to talk to these and show them how we can help them.

Looking forward to the best school year the school has ever had and with a hope that will not be disappointed, an ambition to put Snyder schools at the very top in Texas, thanking the good people of Snyder for their co-operation and words of encouragement, without which it would have been impossible to have accomplished what we have, and praying for a continuation of your confidence and esteem, I am,  
Your servant,  
E. A. WATSON,  
Superintendent.

Mrs. T. J. Thompson is reported on the sick list.

## Round About.

A Signal representative drove out with Uncle Ben Davis Tuesday to see some of the people west of town. Uncle Ben was out in the interest of his candidacy and the pencil pusher wanted to mingle with the Signal readers over there and nearly every family out there read the Signal. We attended church at Union where Bro. Leach and his people are carrying on an interesting revival meeting. They had a good week day congregation and it looks good to see so many young people there and at work in the meeting.

Bro. Lyman Wren opened the services and Brother Tucker preached a good sermon.

We drove over to the comfortable home of Mr. and Mrs. D. C. Bentley for dinner.

Farmers are very busy and crops are looking good. A good maize crop is made, kafir and feterita will soon be over the line and cotton is making nicely.

## SUNDAY SERVICES AT THE VARIOUS CHURCHES

### First Baptist Church.

Sunday School at 9:45 a. m. M. E. Rosser, Superintendent.  
Morning service at 11 a. m.  
Evening service at 8:30 p. m.  
B. Y. P. U. 7:15 p. m.  
Prayer Meeting, Wednesday evenings at 8:30.  
Royal Ambassadors Sunday afternoon at 3 o'clock.  
Sunbeams at 2:30 p. m.  
M. T. TUCKER, Pastor.

### Methodist Episcopal Church, South.

Sunday School at 9:45 a. m. T. G. Diefbach, Superintendent. Everyone urged to be on time.  
Services Sunday morning at 11 o'clock. Subject: Christian Riches.  
Subject at the Evening Service at 8:30. The Worth of a Man.  
Parents desiring infants baptized please have them on hand at the close of the Sabbath School Sunday morning.

Next Sunday will be Cradle Roll day at the Methodist Sunday School. The superintendent of this department desires to have as many babies present as possible at the regular Sunday school hour. A new roll is being made and we want your baby's name upon it. There will be special exercises in honor of the babies and the pastor will baptize all infants presented for baptism.  
Our services are for all, especially the unsaved are invited. Come, bring your neighbors.  
J. E. STEPHENS, Pastor.

### First Christian Church

Sunday School 9:45 a. m. E. A. Watson, Superintendent.  
FRITZ R. SMITH,  
Chairman of Board.

### Presbyterian Church.

Sunday school 9:45 a. m. C. R. Buchanan, Superintendent.  
Morning service 11 a. m. Evening service at 8:30 p. m. except on 4th. Sunday.  
Junior Endeavor at 4:00 p. m.  
Prayer Meeting on Wednesday evenings.  
Ladies Societies at 4 p. m. as follows:

Ladies Aid on Monday after 1st. and 3rd Sundays.  
Missionary, on Monday after 2nd. and 4th. Sundays.

You are invited to be with us at any or all of these services.  
U. C. HOWARD, Pastor.

### Grace Episcopal Church.

Services every Second Sunday at 11 o'clock a. m.  
Sunday School 10 a. m. E. J. Anderson, Superintendent.  
Holy Communion 10 a. m.  
Morning Prayer and Sermon 11 a. m.  
E. CECIL SEAMON, Rector.

### Church of Christ.

Eld. J. A. Bradberry, Pastor.  
Preaching service first Sunday in each month at 11 a. m. and 8:30 p. m.  
The revival meeting is now in progress. Brother Schultz is doing the preaching and a good hour of worship is promised all who will attend. Everybody is cordially invited to attend any or all of our services.

## MINNIE LATHAM TRIAL POSTPONED TO AUGUST

The court crowd that went over to ANSON this week to the Latham trial came back Wednesday morning.

The trial was postponed to August 3rd, because of the absence of a sister of the defendant, an important witness in the case. The woman's attorneys promised to produce the witness on August 3rd.

It will be remembered that Mrs. Latham, who it is alleged killed John Y. Stewart here last January, was released on bond. Her case had been changed from Scurry county to Anson, Jones county and was set for trial on the above date.

The case of Will Latham, husband of Mrs. Latham had already been postponed at Haskell.

## Reported Huerta is Out.

The Associated Press has sent out the following statement:

"Official announcement is made, that actuated by highest motives of patriotism and complying with supreme duty to his country, President Huerta will send his resignation to Congress at 4 o'clock this afternoon. "Francisco Carbajal, the foreign minister, will take the oath of office as provisional president two hours later."

Huerta resigns to save the further horrors of blood. As long as it was some other fellow's blood he was easy, but when the rebels closed in on him and he saw that it was to be his own blood he became very patriotic and humane.

## Say Crops are Fine

A party consisting of P. Brady, C. L. Ezell, Joe Stinson, W. P. Ralston and Joe Caton made an auto tour of several communities in Scurry county, visiting Dunn, Ira, Hermleigh, and Camp Springs and other points.

They report crops fine and with few exceptions in good shape.

The general report is from almost every source right now that Scurry county has a big grain crop practically made and cotton is doing fine.

## Woman's Mission Auxiliary

The Woman's Mission Auxiliary of the Methodist church will meet at the church Monday at 5:00 p. m. Quite a large number were present last Monday and the program was very interesting. Mrs. Paxton and Mrs. Couch were the new members.

The subject for next Monday will be "Economic Conditions" with Mrs. Stokes as leader.

Seven ways of giving by Mrs. Dav- is.

There will be a debate: "Resolved that economic conditions in the United States constitute a greater problem than those in non-Christian lands" by Mrs. Williams and Mrs. McMullen.

Be sure to be present. Remember the time is 5 o'clock and be on time.  
REPORTER.

## Terry-Jones Marriage.

Mr. R. L. Terry and Miss Etna Jones, both of Snyder, were married last Friday evening by Rev. U. C. Howard at the Presbyterian manse.

Mr. Terry is a prosperous young business man of Snyder and engaged in a tailoring business on the west side of the square.

The bride is a daughter of Mrs. A. L. Jones and has many friends here.  
The Signal extends congratulations.

## Ball at Sweetwater

Quite a number of Snyder people went to Sweetwater Tuesday night to attend the Tom Ball rally and hear and meet the next governor of Texas.

It was an immense crowd. Large delegations had come in on trains from other towns and it is estimated that there were at least a hundred out-of-town automobile loads. Col. Ball was given a great reception and the crowd showed great enthusiasm.

**A FINAL WORD.**

To the Citizens of Scurry county and the 105th District:

Perhaps in your absorption of thought over your crop and your business you have given very little attention for whom you will vote to become your public servants. Especially may this be true with reference to who shall represent you in the legislature. I have not taken the time to attempt to see the voters of Scurry county personally. I have not thought it was expected of me to spend three or four months canvassing the district, which I would have been compelled to do in order to see even any considerable number of the voters personally.

On the other hand I am sure that the voters of Scurry county understand that I will take it as a personal compliment from every citizen of the county to have your vote for the very important position that I am seeking. If you do not know me personally and I have not met you, I want your vote just the same as I do that of my warmest personal acquaintance and I will be your representative just as much as the citizen whom I have known for these 17 years. If you want to know who I am, there is not a voting box in Scurry county, but that has one or more residents of many years who know me intimately and personally. It is easy for you to get a line on my standing and ability. I have published my platform in the press and have spoken several times in various places, giving ample publicity to what I stand for and what I shall advocate in your behalf. To my neighbors in Snyder I have to say I hope that none of you may think because I have not taken you aside and spoken to you privately about my race that I do not want your support. On the other hand I have spent what time I have been able to devote to canvassing, in that portion of the district where I was not known. I have met with flattering support, even beyond my own expectations. It remains now only for Scurry county to give me that majority that her splendid citizenship, composed of her noble manhood and backed by a pure womanhood have promised one of her humblest sons, and I will return unto you my grati-

tude in willing and capable service to the very best of my ability.

Sincerely yours,  
T. F. BAKER.

**ATTENDING COURT AT ANSON.**

Snyder has been, to a considerable extent, depopulated this week. The trial of Mrs. Minnie Latham charged with murder of John Y. Stewart was set for Tuesday of this week in the District Court at Anson and it is surprising, the number of people supposed to know something about the case.

Several automobile loads of witnesses went out from here Monday and a big bunch went over the R. S. & P., then when the Santa Fe went out it carried A. G. Elland, R. M. Stokes, E. B. Barnes, E. H. Higginbotham, D. F. Wilson, G. W. Lightfoot, W. H. Mitchell, J. H. Harless, Roy Garner, B. F. Pryor, Roy Baze, Miss Fannie Bass, Alex Barnett, Woodson Stinson, L. D. Grantham, Geo. H. Brown, Homer Watkins, Jim Ellis, Jim Bridgeman.

Among others are Pack Wolfe, J. B. Boles, W. H. Stamps, J. V. White. It is possible that 100 Scurry county people have had to go to Anson that to that trial at expense of railroad fare and hotel bills amounting in volume to probably nearly \$2,000.

See Hardy M. Boyd for Abstracts. Office over First State Bank.

Rev. M. T. Tucker returned the latter part of last week from San Angelo where he was engaged with the Baptist pastor in that town in a revival meeting. He reports a good meeting.

Always in the market for chickens and eggs. C. NATION & SON, Grain and Hay Dealers.

Mrs. Geo. W. Brown, District Deputy Grand Matron of the Order of Eastern Star has been on an official tour this week to Sweetwater, Hilton and other points in Nolan county.

Miss Georgia Bolin visited at Hermleigh early this week.

See Hardy M. Boyd for Abstracts. Office over First State Bank.

**FEWER FLIES AND MORE BABIES**

By Dr. Ralph Steiner, State Health Officer, Austin, Texas.

Flies killed more than a thousand Texas babies last year. We still have more than a half-million babies in Texas, and it is the duty of every citizen to help save their lives. The fly is baby's worst enemy. He is the forerunner of pestilence and the undertaker's traveling salesman. To save the babies means to swat the flies. The most effective way to exterminate the fly is to eradicate his breeding places. Remove all filth and trash from the premises and screen all doors and windows. Flies are a disgrace and a deadly menace. Organize a clean up club in your home and make each one of the family a charter member. Fewer flies means more babies.

C. C. Higgins, W. W. Hamilton and Ed Kelly left Sunday evening for Anson to be at the Latham trial.

**Miners Clash with I. W. W.**

Tonopah, Nev., July 11.—One man was shot and his assailant was put in jail for protection here tonight in a riot between members of the Western Federation of Miners and their sympathizers and men said to belong to the Industrial Workers of the World.

The fighting occurred in miners' union hall. Fifty Western Federation men, who sought to tear from the walls placards put up by the Industrial Workers of the World faction, proclaiming three miners' hotels "unfair," met resistance from industrial workers of the World supporters.

One man drew a revolver and fired. Jack Whiting of the Western Federation was shot in the leg. A rush

## AMONG OUR EXCHANGES

The Anson Enterprise, in urging people to spend their money at home says:

"You may argue that you spend so little money that your 'mite' will not be missed, but let me assure you that you are mistaken."

Tell a fellow that his little bit of trade isn't worth anything, and see how he likes it.

There are lots of free hearted people in Rotan who would be glad to help a fellow, but every blasted one of them is in the same shape himself.—Rotan Advance.

It is some consolation to find a man who would be glad to help you if he could, but it is no particular easement to your distress.

Speaking of the attitude of the Senate regarding the personnel of the Bank Board, the Houston Chronicle says:

"The Senate of the United States, is presumed to be sufficiently just, intelligent and conservative to base its actions on higher principles than those which merely pander to popular notions and are in harmony with the whims of the day."

Under the old regime, the Senate acted upon their ideas, but now since tenure of senatorial preferment is in the keeping of the voters, the independence of the Senatorial thought is falling away.

Villa is to do the will of Carranza in all things, except in the manipulation of affairs in the north of Mexico.—Amarillo News.

Carranza is learning to will whatever Villa wants to do.

A man generally has friends when he is prosperous and does not need them, and finds them absent when he is in trouble and friends would be of service.—Cleburne Enterprise.

In this way he is enabled to know the real article from the counterfeit.

Lance Suits established The Echo at Roaring Springs, 45 weeks ago, when the town was being located and he has boosted the young town and bragged on the people at an absolute loss, he says, of fifty dollars a month and he is tired of it. He announced last week that he would move his plant to some other town. Home seekers who had thought of going to that town are now apt to hesitate.

J.W. Thompson has gone to the town of Peacock, which was blown away a few months ago and established a paper and calls it "The Cyclone." Now if some other fellow should put in a paper and call it "The Storm Cellar," there would be lively competition.

Of course the air is full of predictions, but in most cases the wish is father to the thought and they amount to little. The Ferguson supporters are figuring out handsome majorities for their candidate, a practice which is being imitated in a more conservative way by those backing Colonel Ball.—Houston Chronicle.

Political lieutenants think the voters will flock to the big side, hence their pretended estimates.

If we don't soon have another war some of the clerks in the pension office will be thrown out of work.—Colorado Record.

Not much danger. The budget grows bigger all the time.

It is wonderful how a six pound baby girl can hold down a 200 pound man.—Plano Star-Courier.

And how later, though her tactics may be different, the result is the same.

**Orient System Sold.**  
Wichita, Kansas, July 6.—The Kansas City, Mexico & Orient railway was sold here today for \$6,001,000 to the reorganization company. The bid was made by A. W. Wickwire of New York City. There were no other bidders.

Application for the receivership of the Kansas City, Mexico & Orient railway, which the Federal court sold here today to the reorganization committee of the New York and London capitalists, was made before Judge John C. Pollock in the Federal court in Kansas City, Kan., March 7, 1912.

O. F. Darby left Sunday evening for Afton, where he has a contract to put up a new gin.

## SOME CAMPAIGN FACTS AND FICTION

In opening his campaign J. E. Ferguson charged that a saloon keeper named Jesse H. Jones contributed \$1000.00 to Ball's campaign fund. Proof was immediately made that Jones owned no interest whatever in any saloon or bar and had contributed only \$100.00 for the reason that Ball had limited any contribution to that amount. Yet Ferguson saw fit to continue repeating the statement for several days thereafter.

Ferguson's supporters have repeatedly argued that Ball is not a good prohibitionist, but two liquor journals, The Telegram at Houston and Liberty at San Antonio, fearing that some antis might believe this and vote for Ball, have published editorials warning the antis that Ball is the strongest kind of a prohibitionist and should be struck down.

The supporters of Ferguson charged that Ball belongs to a club that sells liquor to its members, and attempted to show by the auditor's report that he derived a profit therefrom. Ball stated to the Fort Worth Convention that he belonged to such a club before he accepted their endorsement, and that if elected governor he would procure legislation that would prohibit such clubs from dispensing liquor. The auditor's report referred to would have shown a loss for the bar instead of a profit if the item of labor charges had not been omitted, for the year reported on. Furthermore, Ball has repeatedly declared that this club is not a stock company and that he has never received a cent therefrom. Ferguson declares in favor of continuing to allow such clubs to sell liquor.

Governor Colquitt charged that Ball owns stock in the Southern Drug Company, and that such drug company sells Bavarian Malt Extract as a substitute for beer and pays license on the sale of alcohol. The president of the Southern Drug Company states that such company has never handled directly or indirectly, a single bottle of Bavarian Malt Extract, nor received a cent of profit therefrom in any way; and further that the alcohol handled has been used legitimately for medicinal purposes only, just as any wholesale drug house necessarily must handle alcohol and kindred spirits, and that such alcohol and other spirits have never netted his house one cent. He invites Governor Colquitt or any other reputable citizen to examine the company's books and verify his statements.

Frank Putnam, a brilliant St. Louis journalist, came to Texas and prepared what is known as "the \$1,000,000.00 circular," charging Ball with being the attorney of certain big corporate interests. Putnam now admits that the principal charge made by him is untrue, and that he was paid to get up this circular by a man interested in the liquor business in Texas.

It has been charged that Ball fought Hogg at the Waco convention in 1900 and insulted him. As a matter of fact Ball recommended the measures Hogg was for, and they differed only as to the means of putting them into law. And as for Hogg being insulted by Ball, he cherished Ball as one of his dearest friends, even unto his death.

As a matter of fact, although many charges have been made against Ball's character and reputation, as is always the case where liquor interests are at stake, not one of these charges has been proven. Each one of them, however, has been gone into and proven to be untrue. But just as fast as one charge is disproved, it is abandoned and another one trumped up. It therefore behooves the friends of prohibition to be on their guard and be warned by the experiences of the past, so as not to be deceived by such reports as Ferguson and his fiction writers may see fit to manufacture in these closing days of the campaign.

HARDY M. BOYD,  
Snyder, Texas.

Miss Inez Hendricks was called to Cleburne this week to see her brother who is sick.

Mr. Mace Boyd left Tuesday evening for Coleman to be at the bedside of his mother, who is reported very seriously sick. He was accompanied by his son, Marcus Boyd and wife.

Mrs. W. T. Skinner and children left Tuesday evening for a visit with the home folks at Eastland.

Mrs. Nellie Phillips who has been visiting her parents, Mr. and Mrs. B. E. Wagner in the west part of the county left Tuesday for her home at Ganado.

Miss Nettie Russell of Robert Lee was the guest this week of her cousin J. W. Russell and family, and from here goes to visit her sister at Broncho.

Mrs. Leroy Johnson and children of Sweetwater are visiting in Snyder.

## SHERIFF'S SALE

THE STATE OF TEXAS  
County of Scurry

Notice is hereby given that by virtue of a certain execution issued out of the Honorable County Court of Scurry county on the 7th day of July 1914 by W. T. Skinner, Clerk of said Scurry County for the sum of one thousand, thirty-eight and 52-100 Dollars and costs of suit, under a judgment obtained in County Court January 13, 1914, in favor of J. K. Blackard in a certain cause in said Court, No. 536 and styled J. K. Blackard vs. W. A. McCullough and placed in my hands for service, I, J. B. Boles, as Sheriff of Scurry County, Texas, did on the 7th day of July, 1914, levy on certain real estate situated in Scurry county, Texas, described as follows, to-wit:

The Southwest one-fourth of Section 130, in block 97, H & T. C. Ry. Co. survey, Scurry county, Texas and Lot No. 3, in Block 15, Lundy Park addition to the town of Snyder, Scurry county, Texas, and the South one-half (S 1/2) of Lot 3, in Block 23, of the Lundy Park Addition to the town of Snyder, Scurry county, Texas. All of the above said property located in Scurry County, Texas and levied upon as the property of W. A. McCullough, and that on the first Tuesday in August, 1914 the same being the 4th day of said month, at the Court House door of Scurry County in the town of Snyder, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said execution, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said W. A. McCullough.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding the day of sale, in the Snyder Signal, a newspaper published in Snyder, Scurry County, Texas.

Witness my hand this 8th day of July, 1914.

J. B. BOLES  
Sheriff, Scurry County, Texas.

Warren Bros. for Wall Paper.

Mrs. F. D. Sears left Wednesday for an extended visit to San Antonio and Uvalde.

We can suit your taste in Wall Paper. Warren Brothers.

Miss Minnie Dowdy visited at San Angelo this week.

See us for the latest designs in Wall Paper. Warren Bros.

Broxson and Mitchell have finished threshing their 185 acre wheat crop. It made fourteen bushels to the acre.

Born, July 5, near Snyder, to O. L. Brenn, and wife, a boy.

Born, to Mr. and Mrs. A. J. Horton, July 9, near Camp Springs, a boy.

Born, July 13, to Mr. and Mrs. Tom Halley, near Ira, a boy.

Born, July 13, to Mr. and Mrs. George Brumley, near Arah, a boy.

G. S. Hardin is having one of his houses, in West Snyder overhauled, remodeled and made new.

Jeff Justice left a few days ago for Fort Worth to recuperate.

Mrs. Teal of Dallas has been the guest of Mrs. Chapman and they left together Thursday morning to visit at Clarendon.

Mrs. J. A. Kinser and children of Cleburne who have been visiting her sister, Mrs. D. Anderson, left Wednesday morning for her home. She was accompanied by Sweetwater by Mrs. Anderson.

Several families of people have already come into this country from north and east and others are coming. Now it is up to the people who have land to sell to give the newcomers a chance.

J. H. Galloway who recently visited at Arcadia, Louisiana says that country has been very dry and corn is burnt up. A small scope of country has had some rain and cotton has grown fairly well, but the boll weevil is bad.

Edward Vance of San Antonio is visiting the home of L. M. Deavours.

Judge W. S. Payne came in from Abilene Thursday morning. He says he attended a rousing Tom Ball rally Wednesday night. He says the crowd filled the street for a block and it seemed like everything was for Ball.

Mrs. J. L. Hurst of Quinlan and Mrs. J. T. Woodriddle of Lubbock have been guests of Mrs. Henry Harless and left Thursday for Lubbock.

Read the ads this week—t pays.

Mr. A. M. Avant of Marfa was a business visitor in Snyder this week.

T. G. Deffebach, Earl Nation, F. J. Grayum, Ed. Nation, Guy Paxton, Lester Stinson, P. Brady, Fred Grayum, T. P. Perkins and Earl Brown went to Sweetwater Tuesday night to attend the Tom Ball rally.

Mrs. W. K. Cowling and Mrs. J. M. Rogers who have been at the Post Sanitarium are at home. Both are very much improved.

Albert Tinker requests the Signal to state that his case has been postponed from July 16 to July 28 and for all the witnesses to take notice.

Subscribe now for THE EVENING JOURNAL 3 months (by mail) for 85 cents. This will bring you complete returns from the governor's campaign each day.

OWL DRUG STORE

J. H. Galloway and family returned Wednesday from visiting at Arcadia, Louisiana.

Mrs. W. K. Cowling came home Sunday from Post City where she has been under sanitarium treatment.

Mrs. Eugene Payne and children of Justiceburg visited in Snyder this week.

## "SODALICIOUS"

That's what they all say about our soda and other fountain beverages. Our fountain is a popular point of interest these days. The soda which we serve is a marvel of purity and as delicious as it is pure. For ice cream sodas and sundaes a superior grade of ice cream is used—and with it we serve only luscious ripe fruits. Our menu consists of about seventy-five beverages—and each one a favorite of some of our trade.

Be sure to get your share. It's "Sodalicious."

## The Snyder Drug Comp'y

"We give mail orders prompt attention"

## Do the People Want the Best and Cleanest Groceries?

We think so, and our experience has proven to be true, because our business is better this year than ever before.

### Why?

Because we keep the quality up, and the price down.

Do you think the best and purest is too good for you?

Are you willing to pay a reasonable price for Groceries that will please and satisfy you? Then it will pay you to visit our store. We can SHOW you.

## Denson & Smith

We guarantee satisfaction in every way

On the Southwest Corner

Phone 34

Mrs. C. W. Luther of Bono and Mrs. O. M. Renfrow of Venus, Johnson county, are here to visit their parents, Mr. and Mrs. T. J. Broxson. They report crop conditions as rather poor for Johnson county.

Our old friend Oz Smith was here from Kent county and handed over the spondulix for the Signal and Dallas News. He says the Signal is better than a weekly letter from home.

The thing will be finished tomorrow week.

Snyder people have kept their heads throughout the campaign and no body has gotten mad with a neighbor over politics.

W. H. Ramsey was down town on Wednesday showing a cotton boll from his field just about grown.

Guy Paxton has come back into a partnership in the Snyder Garage, having purchased an interest with J. W. Couch. They are both competent and reliable automobile men and will serve the public with the best there is.

Short Orders and Chili  
Basement State Bank Bldg.  
Rooming House in Connection.  
Beds 25c. Established 1899.  
SNYDER, TEXAS

### A Word from W. T. Thompson

The offices of Justice of the Peace and Commissioner are entirely separate, but the law does permit one man to hold both offices. Lowe and Brown are the only persons who have held the offices together in this precinct in the past twelve years. The names of those running for the two offices will appear in separate places on the ballot. So you can elect one man Commissioner and another Justice of the Peace, if you so desire. A man might be qualified for one office and not be fitted for the other.

I did not want the office of Justice of the Peace so did not offer for this place. But if the people see fit to elect me Commissioner of this Precinct I will try my very best to see that they get full value for every dollar of their taxes I handle.

W. T. THOMPSON.  
(Advertisement.)

Rhea and Richard McFarland were here Wednesday from Dunn. They said "We don't keep weeds at Dunn. We kill 'em."

Seems like the mail service between Snyder, Dunn and Ira must continue its round about course. Instead of a direct service on the same day, it must require two or three days to communicate with neighbors living only a few miles away.

RISEING STAR, Reg. No. 70010  
Owned and bred by Alexander & Sons  
A few thoroughbred pigs for sale.  
Snyder, Texas.

A reporter for the Houston Chronicle, in reporting the speech of a Ferguson orator at Rogers said: "He praised Ferguson's stand on the school book question when every well informed man in Texas knows that the legislature has fixed that under Colquitt for six years." That reference is to Ferguson's proposition to adopt a plan so people will not have to buy new books every time they change teachers. Ferguson probably doesn't know what the school book law is.

Warren Bros. for Wall Paper.

Mrs. B. E. Wagner of Sharon county left Tuesday to visit at Buffalo Gap.

Misses Bess and Dot Crudgington of Breckenridge are guests of their cousin, Mrs. C. W. Wilks.

Mr. and Mrs. J. A. Rose of Poolville are visiting Mr. A. Rhoades and family at Ira.

Bring in your old broken furniture and I will make it good as new or I'll trade for it. A. P. MORRIS.

When in town call around and see those 9 cent cedar post at Burton-Lingo Lumber yard.

Dr. Sed. A. Harris and J. L. Denton, two of Polar's progressive farmers were here Wednesday. Mr. Denton enrolled for the Signal. Dr. Harris is an old time member of the Signal family. He reads it every week and then studies his Sunday school lesson.

Phillip and Reinzi Yonge went to Post Tuesday.

Rev. S. H. Young of Fluvanna was in Snyder last Friday and enrolled as one of the Signal family.

Banie Smith and others have bought the heavy iron plates of the old burnt district known as the Snyder Mercantile corner and have taken them up into Kent and Garza counties to be used in construction of bridges over some of the canyons in that region.

### ABOUT CONTESTS.

Every now and then we have an echo of the contest that we held here more than a year ago, by our predecessors. We have done the best we could in adjusting the matter, and hope to get in such a shape that we will soon never hear another echo of it.

Our observation and experience is that contests that the small weekly papers put on are much easier to put on than they are to wind up.

However, in order to be in the swim, and right up to date, we have decided to put on the following contest:

For every dollar paid IN CASH on subscription to the Snyder Signal the person so paying will be entitled to a guess at the age of Ann, or how many stars in the milky way, or who struck Billie Patterson.

These are mooted questions and if you can figure out the correct answers you will have the grateful thanks of an inquiring public. The contest is now on. Come ahead with your dollars and continue to read The Signal which is worth the subscription price and tells everything tellable about Scurry county and her splendid people.

Our democratic congressmen can nearly always be relied upon to do the proper thing in general legislation, but people are usually more interested in local matters that directly affect them. That is what a congressman is for.

Just what you will like in Wall Paper at Warren Bros.

Scurry county contains more than 525,000 acres of land and has 150,000 in cultivation. With all the smooth land in cultivation, a population of fifty thousand would be easy.

T. J. Thompson returned Wednesday from San Antonio.

### PILGRIMS TRAVEL IN STYLE

Pious Mohammedans on Their Way to Medina and Mecca Have Comfortable Surroundings.

"Until a few years ago the trip from Damascus to the Moslem holy city of Medina was a journey of 35 to 40 days duration. With the construction of the Hedjaz railway the journey from Haifa or Damascus to Medina has been reduced to 58 hours," writes Consul Edelman at Jerusalem. "As it is enjoined upon Moslem pilgrims to visit at least once in their lives the cities of Medina and Mecca, the route now in use is the Hedjaz line to Medina, return the same way, then embark at Haifa or Beirut for Jeddah on the Red sea, the nearest port to Mecca. The administration of the Hedjaz railway has entered into a contract with the Khedival mail line steamers to have ships in waiting at Beirut and Haifa for the trains from Medina. Immediate embarkation is possible and pilgrims lose no time in their journey.

"It is the ambition of the Ottoman government to extend the Hedjaz railway to Mecca, thus entirely eliminating the sea route. At present the distance from Medina to Mecca is 12 days by camel through an arid desert, and pilgrims, as a rule, prefer to return north and reach Mecca by the sea route. Until last year only first and third class cars were in use, but lately second-class cars have been introduced and commodious sleeping cars have been added for the benefit of first-class passengers. For this accommodation an additional charge of \$4.40 is added to the price of the first-class tickets.

"Fresh water is carried on all cars. Trains make five stops daily for a sufficient length of time to enable Moslems to make their required devotions. Non-Moslems are allowed to travel only a part of the way; entrance to Medina and Mecca to non-Moslems being rigidly prohibited."

### BREATHE THE STRAINED AIR

Modern School Buildings Are Equipped With the Most Up-to-Date Ventilating Appliances.

If the modern school buildings in Philadelphia are not up-to-date in the matter of lighting and ventilation it is not because they are not built according to the very latest thought on these subjects. However, Dr. John B. Todd of Syracuse, N. Y., has found even in model schoolrooms, equipped with very complete ventilating devices, in winter time particularly, that the air is dusty, dry, by no means germ free and even fetid, having a characteristic schoolroom odor and causing many illnesses.

To remedy this he has devised a very simple scheme of straining the air by means of screens of unbleached cotton, which frames, and consequently with the ordinary ventilation checked schoolrooms, with their windows practically open, he has found, can be kept at a temperature of 70, with zero weather outside, with the air having the humidity of outdoors, but strained and pure and stimulating. The teachers declare all stuffiness is gone; that there is no odor, no coughing and no schoolroom headache. In one room Dr. Todd had fifty square feet of opening—the pupils were practically "out of doors"—and it all worked like a charm. Since Dr. Todd's system can be used in the spring and autumn as well as the winter, and costs practically nothing, it would seem to be an ideal way of solving this vexed question of schoolhouse ventilation.

### Cause for Congratulation.

A Polish couple came before a justice of the peace to be married. The young man handed him the marriage license and the pair stood up before him.

"Join hands," said the justice.

They did so and the justice looked at the document, which authorized him to unite in matrimony Zacharewicz Perzynski and Leokowars Jeulinski.

"Ahem," he said. "Zacha-h'm-ski, do you take this woman," etc.

"Yes, sir," responded the young man.

"Leo-h'm-h'm-ski, do you take this man to be," etc.

"Yes, sir," replied the woman.

"Then I pronounce you man and wife," said the justice, glad to find something he could pronounce, "and I heartily congratulate you both on having reduced those two names to one."

### Ship Astray.

That must have been a dazed and much-aggrivated skipper who brought his windjammer, King Alfred, into Charlestown, Mass., Saturday, with nitrates from Peru which should have gone to Charleston, S. C. This shows the value of geography. The blame seems to lie with the shipping clerk who wrote Charlestown, U. S. A. But one of our navy vessels only last year had a similar mix-up and came near making Tampico, Mexico, instead of calling at the Florida port of the same name.—Springfield Republican.

### Greatest Thrust Upon Them.

A Scottish woman who has just died left a will in which she instructed the executor to erect statues of herself, her parents, her brothers and her sisters—twelve statues in all—and to spend annually the sum of \$10,000 upon the same. It is evident that although she couldn't take it with her she was doing the best she could to extract value on earth.

### RAINY DAYS ON THE ISTHMUS

Inhabitants of Panama Strip Certainly Cannot Reproach Nature With Niggardiness.

For nine months of the year it "rains some" on the Isthmus of Panama. The precipitation of one month not long ago was 59 inches. This broke even the Panama rainy season record and nothing like it has occurred since, but with something like an average of twelve feet of rainfall in nine months the Isthmus can keep up a showing of dampness without being worried about an ability to live up to soaking records.

Gatun lake, the artificial body of water created by Lieut. Col. William L. Sibert by the hard process of damming the unruly Chagres river, is now, at the close of the rainy season, at the high level which the army officer predicted it would reach. The Chagres pouring into the valley made the lake, but the rains made the Chagres. For the next three months the river will be little more than a trickling rill, but water enough has been stored to keep the lake level as it is until the rains descend and the floods come once more as they have descended and come uninterruptedly ever since the day of Balboa, and since how long before nobody knows. The United States government has built a local canal across the Isthmus of Panama. A six-level waterway would have been imperative if the skies above the Isthmus were not in the habit of weeping day in and day out for nine-twelfths of the year. Some of the Panamanians through the years probably looked upon the drenchings as a curse, but commerce must look upon them as a blessing. Every mile of the way through the canal, except for the comparatively short distances of the ocean approaches, the trading ships of the world will sail through fresh rain water. All water is rain water, but water at Panama, somehow or other, it seems as if a "liquid differentiation" properly might be made.

### BIG PROFITS OF GRIDIRON

Football is Easily the Greatest Money Getter Among all College Sports.

To any one who has seen even one of the minor fall contests upon the gridiron it will not be surprising to learn that football is the greatest money-maker among all the college sports. The profits in any other field are comparatively negligible, and the football surplus each year helps to make up some of the deficit that results from maintaining unprofitable athletics. It is reported that Harvard's receipts from football last year were \$114,864, of which \$74,713 represented clear profit, while Princeton received \$67,313 and achieved a neat profit of \$32,322. These are gains of which any professional athletic enterprise might well feel proud, even in a season far less abbreviated than that in which football has to make its money.

### Whale Meat Jap Delicacy.

Canned whale meat as an emergency food is used by the Japanese army. It is one of the standard field rations. Whale meat itself is growing in popularity as a general staple of food throughout the Nippon islands.

It is sold fresh in the markets with other meats, and is also used by the populace after it has been canned. The meat has a strong fishy taste and rancid odor, which puts it outside the pale of a foreigner's diet in Japan, but the natives pay little attention either to the taste or the smell.

At the canning factories experiments are under way to remove the objectionable taste and odor. When this is done it is predicted that canned whale meat will become cheap food throughout the world.

### Wise Answer.

"The late Bishop Bowman," said a New York Methodist, "dined one evening at a fashionable millionaire's in Fifth avenue.

"Beside the bishop sat one of those dyed, decollete, elderly woman who are always trying to be brilliant.

"This woman rattled off a lot of silly epigrams about Buddha and Mohammed, and so forth—then she turned to the bishop and said:

"What do you really think, bishop, of God?"

"The bishop answered with his calm smile:

"I think, madam, that all that matters is what God thinks of me."

### Must Not Marry.

By a vote of 70 to 30 the London county council decided that if the three women physicians in the employ of the council should marry they would no longer be eligible to their positions. It was argued that a woman can not attend to her family duties and public duties at the same time. Those who voted against disqualifying married physicians pointed out that many of the most successful women teachers are married.

### NOT A RELIABLE TIMEPIECE

Farmer's Admission Not So Damaging as Opposition Lawyer Had Thought It to Be.

A horse had been stolen from a field, and the evidence all pointed to a certain doubtful character of the neighborhood as the culprit. At the trial the defendant's counsel tried to confuse a farmer whose testimony was particularly damaging.

"You say," the lawyer asked, "that you can swear to having seen this man drive a horse past your farm on the day in question?"

"I can," replied the witness warily. "What time was this?"

"I told you it was about the middle of the afternoon."

"But I don't want any 'abouts' or 'middles.' I want the exact time."

"Why," said the farmer, "I don't always carry a gold watch with me when I'm digging potatoes."

"But you have a clock in the house, haven't you?"

"Yes."

"Well, what time was it by that?"

"Why, just nineteen minutes past ten."

"You were in the field all the morning?" went on the lawyer, smiling suggestively.

"I was."

"How far from the house is this field?"

"About half a mile."

"You swear, do you, that by the clock in your house it was exactly nineteen minutes past ten?"

"I do."

Lawyer (triumphantly)—I think that will do.

Farmer—I ought perhaps to say that too much reliance should not be placed upon that clock, as it got out of gear about six months ago and it's been nineteen minutes past ten ever since."

### HAS TWO MEDALS OF HONOR

General Frank D. Baldwin, is the Only One So Distinguished in This Country.

"Like Sir Hector MacDonald of the British army, there is a retired soldier of the United States army who bears the distinction of being the only man to whom two medals of honor were awarded," remarked Captain C. J. Ferris of Fort Sam Houston, Texas, who is at the New Willard. "MacDonald, it will be recalled, was one of the most distinguished soldiers in India. He wore two Victoria crosses, and was the only man among the British soldiers who had this honor. But one of these was awarded to MacDonald's son, who died before he could claim it. His father always wore the two crosses, with the approval of the British government.

"The man in the United States army who can claim distinction equal to that of MacDonald, and even a greater honor, is Major General Frank D. Baldwin, who was retired in June, 1906. General Baldwin is the only officer of the army after whose name in the army register appear the letters 'M. H. (two)'. This means that General Baldwin was awarded two medals of honor. There are quite a number of soldiers to whom congress has given one medal. General Baldwin is still living and as hard as a pine knot.

"Similar to the records of MacDonald and Baldwin is that of a former British soldier named Donnegan, who lives in Baltimore. He earned the Victoria cross, the India cross, a Balaklava medal and numerous other emblems for gallantry during his service in the British army, and is one of the four survivors of that famous charge of the light brigade immortalized by the poet."—Washington Post.

### A Century Ago.

One hundred years ago Gen. Thomas Pinckney arrived at Fort Jackson to assume command of that post, which was located on the Mississippi below New Orleans and was now threatened by the British. General Pinckney was a noted soldier of the Revolution as well as of the War of 1812. He belonged to one of the oldest and most distinguished families of South Carolina, and he himself had served as governor of the state. President Washington appointed him the first United States minister to Great Britain. In 1794 he was sent from London to Spain, where he arranged the treaty by which the United States secured the free navigation of the Mississippi river. In 1796 General Pinckney was honored with the Federalist party nomination for president of the United States.

### Mustache for Young England.

Is the mustache coming into fashion again? One will have observed the five of the Oxford crew wear decorations on the upper lip. Cambridge has only one example. That, however, makes six out of eighteen, surely an unusual average today among men who are not long out of their "teens." Leaving the army, in which "face fungus" is compulsory, apart, common observation leads one to the conclusion that about eighty per cent of the male population in England are today clean-shaven, while the majority of others do not shave at all.

### Court Humor.

Judge—You say you saw the prisoner strike the complainant. On what provocation?

Witness—Why, he pulled out a roll of bills, your honor.

Judge—And you mean to say the prisoner struck him for that?

Witness—Well, he struck him for some of it.

### THE STATE OF TEXAS

County of Scurry

I, W. T. Skinner, Clerk of the County Court in and for Scurry County, Texas, do hereby certify that the above and foregoing is a true and correct copy of the Delinquent Tax Roll, arranged numerically as to Abstract, Lot and Block number, as reported by W. M. Curry, Tax Collector of Scurry County, Texas, for the year 1913, and prior years.

Given under my hand and seal of office, this 4th. day of July, 1914.

W. T. SKINNER, Clerk,  
County Court, Scurry County, Texas.

### CERTIFICATE OF COMMISSIONERS' COURT.

### THE STATE OF TEXAS

County of Scurry

We, the undersigned, composing the Commissioners' Court of Scurry County, do hereby certify that we have examined the Clerk's copy of the Delinquent Tax Record of said County and State, and to which the certificate of the Clerk is attached, and hereby approve the same.

Given in open court, this 4th. day of July, A. D. 1914.

C. R. BUCHANAN, County Judge  
GEO. W. BROWN,  
J. D. LETCHER,  
T. C. STINSON,  
SMITH BROCK,  
Commissioners.

**HANGER PERSISTS IN BAVARIAN MALT STORY**

W. A. Hanger made a speech in Fort Worth Saturday and is reported in Sunday's Record, in which he persists in charging that Ball profited by sales of Bavarian Malt Tonics sold by the Southern Drug Co., of Houston. Hanger doesn't know or else doesn't care that the old Bavarian Malt story is discredited ancient history.

The president of the Southern Drug Company knows more about the company's business than Mr. Hanger and he swears that the company never did sell any of the stuff to retail druggists or anybody else. The purported circular was printed on a company letter head that had been stolen. If Mr. Gilmer swore a lie they ought to prosecute him.

If anybody wants to know just how unreliable and unworthy of confidence W. A. Hanger is, get the editor of the Lockney Beacon to send you a copy of that paper, published while Hanger was a candidate last Spring. The Beacon salted the Fort Worth man down good and strong.

**WHERE IS NALLIE STONE.**

Nallie Stone left Plainview, Texas about eight months ago, and his whereabouts have not been known by his parents since that time. His father and mother are very anxious about him and will appreciate information concerning him. He has black hair and eyes; slender; he is 24 years old. Address S. M. Stone, Lubbock, Texas. Other papers please copy.

Mrs. Fred A. Grayum is visiting at Stamford.

**ANOTHER CHAPTER CLOSING.**

A fugitive official of the Mexican government "got by" to Vera Cruz last week and said that Huerta was about ready to give up. He said the president had gone back to hard drinking and showed unmistakable signs of insanity. He said further that Madero and Suarez were stood up against a wall and shot to death. This refugee thought the constitutionalists would move on Mexico City in a few days and that the federales would surrender without a fight. Reports came out of Vera Cruz Saturday that it was generally believed Huerta would resign Monday. No man knows what will come next in that unhappy country.

Mr. and Mrs. A. S. Stokes, who have been visiting their son, R. M. Stokes, and family left Monday for their home at Lometa.

Mrs. W. A. Doak and little daughter, Fairie, of Dunn, left Monday to visit relatives at Hico.

Mr. R. P. Duke, who has been visiting his niece, Mrs. J. B. Pickle, left Monday for Lamesa.

Mr. and Mrs. S. R. Pickas and Mrs. J. J. Taylor and children have been on an automobile visit at Brownfield.

The Santa Fe pay train made its regular monthly trip down the line Monday evening, but the bloomin' thing didn't owe us anything and its ring, rattle and toot had no special music for us.

I will replace your old mirrors or buy them. A. P. MORRIS.

**No. 5580.**

**REPORT OF THE CONDITION OF THE**

First National Bank.

at Snyder, in the State of Texas, at the close of business, June 30, 1914.

**A TRIP TO FLUVANNA.**

A Signal roustabout was at Fluvanna last Saturday and do you know that is one of the best small towns in all West Texas? There were several candidates there smiling on the people and passing their cards around. Most of them had gone up on the train, expecting to come back in the car with Tillmon Perkins and Fritz Smith, who were due to take care of Ball and Ferguson there in the afternoon, but the political gladiators had two blowouts on the road and had to come back to Snyder, and the boys had to dig up a service car to bring them home.

The people at Fluvanna were busy. J. J. Belew was selling hardware and implements, Dr. Lane and Mr. Sims were dishing out cold drinks, paregoric and Dodson's Liver Tone. Mr. Belew told the Signal man to tell about his binders, twine and vehicles. Lee Lane McGregor and his sister are selling dry goods and Lee Lane paid up for the Signal in advance. Said he just has to have it.

J. F. Dowdy is doing a nice hardware business and had us put him back on the Signal list. Mr. and Mrs. E. A. Boles are looking after Uncle Sam's business and handing out mail matter to the people. Ed is something of an agriculturalist. He showed us his fine growth of beans and melons and his experiments in Sudan grass and alfalfa.

W. B. Dane has a big two story store, both stories on the ground floor, where he is doing a big business in groceries and dry goods and general merchandise.

W. R. Craft and John Staveley are just as busy as they can be, waiting on their grocery trade.

J. M. Hunter is selling lumber. Prof. Bills is there to enter upon his school work and will hereafter read the Signal and so will R. S. Epperson, a good farmer over in Borden county.

H. H. Haynes is shuffling about the depot, handling baggage, freight and selling tickets and J. A. Staveley is just walking about the streets having just such a good time as a long suffering pioneer ought to have. Cashier S. P. Smith, of the First State Bank, is enjoying a good business. He says his bank has paid 20 per cent dividend and he looks for still better. He is a natural born optimist and it makes a fellow feel good to meet him.

I left Bro. Tate in an argument with Bro. Huffman and Bro. Deere, two Ferguson men and we had faith that he would win in the contest.

**Texas Cattle Top Notchers.**

Kansas City, July 11.—The biggest bunch of cattle marketed in Kansas City this week, 671 head, brought \$68,069.55, or 101.47 a head. They were marketed by E. E. Baldrige of Fort Worth, Texas. They had been fattened on cottonseed meal and grass and were yarded on the quarantine side in Kansas City.

Not many years ago Texas was marketing its cattle entirely from grass and they were bringing about \$25 a head for the best. Now their meal-fed steers make nearly as good beef as the native corn-fattened cattle, and prices have appreciated accordingly.

**NOLAN COUNTY PRISONERS BREAKS JAIL.**

Last Saturday while the sheriff and his force were in Roscoe attending the big basket picnic, the prisoners in the county bastille managed to get hold of the keys and unlock the doors and make their escape. There were five prisoners in jail and all are at large. All were imprisoned on felony charges and we understand that one of the number was one of the young gent who were recently convicted of burglarizing a Roscoe store. So far as we have heard none of the renegades have been captured.—Roscoe Times.

**Scurry County Man Honored.**

State Superintendent W. F. Dougherty, announces the appointment of Prof. O. L. Howell, of Scurry county, to a position on the Summer Normal Board of Examiners. This is a just recognition of a worthy man and the people of Scurry County are proud of this honor. This is the first time for many years this honor has come to Scurry county and it is especially appreciated because the State Superintendent recognized the Rural schools in the appointment of Prof. Howell.

This Board is composed of thirty men and meets in Austin about the last week in July. Its duties are to grade the papers of all applicants for certificates in all the Normals in Texas. We have no doubt that Prof. Howell will represent our county ably in that important work.

Read the ads this week—t pays.

**EAT SNYDER MADE**  
**Ice Cream and Sherbet**  
 We make a specialty of fruit flavors. Any Flavor "Made to Order."

A protracted meeting is now in progress at the Church of Christ. Evangelist W. A. Schultz is doing the preaching. Services are being held under a plank arbor and the surroundings are comfortable. Mr. Schultz is a strong pulpit preacher. Large crowds are attending, especially at the night services.  
 J. A. Morgan of Route 2, reports a big rain in his community Friday of last week.

**SHERIFF'S SALE**  
**THE STATE OF TEXAS**  
 County of Scurry  
 In Justice Court of Precinct No. One Scurry County, Texas,  
 D. W. Jackson vs. James Simpson.  
 Whereas, by virtue of an execution issued out of the Justice Court of Precinct No. One, Scurry county, Texas, on a judgment rendered in said court on the 27th day of October, A. D. 1913 in favor of the said D. W. Jackson and against the said James Simpson, No. 1648 on the docket of said court, I did, on the 7th day of July, A. D. 1914, at 2 o'clock p. m. levy upon the following described tracts and parcels of land, situated in the county of Scurry State of Texas and belonging to the said James Simpson, to-wit: The east one-half (E 1/2) of the Northeast one-fourth (N. E. 1-4) of Section No. twenty-eight (28) Block No. three (3) H. & T. C. Ry. Co., survey in Scurry county, Texas, by virtue of Cert. No. 44-5914, containing 80 acres of land; Also the west one-half (W 1/2) of the Northeast one-fourth (N. E. 1-4) of Section No. twenty-eight (28) Block No. three, (3), H. & T. C. Ry. Co. survey in Scurry county, Texas, by virtue of Cert. No. 44-5914, containing 80 acres of land, all levied on as the property belonging to the defendant, James Simpson, to satisfy said judgment for \$231.00 with 10 per cent interest per annum thereon from date of judgment, and costs of suit; and on the 4th day of August A. D. 1914, being the First Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said James Simpson in and to said property.  
 Dated at Snyder, this the 8th day of July, A. D., 1914.  
 J. B. BOLES,  
 Sheriff, Scurry County, Texas.

Caranza refuses to treat with Huerta or to recognize him in any way. Absolute victory is all that will satisfy the Constitutionalists.

Peace, such peace as it may be now seems to be coming to Mexico and it is most time to begin to read about the sufferings of starving people.

It is announced that ex-Senator Bailey will be at the state convention at El Paso and will try to have Texas Democracy go on record as opposed to free raw material.

People who claim to be afraid of Tom Ball because of his former connection with corporations are respectfully referred to this expression from Woodrow Wilson. President Wilson said, I am sure the democratic party doesn't regard men as objects of suspicion, merely because they have been connected with great business enterprises. The party knows that the country's business has been chiefly promoted by enterprises organized on a great scale and that a vast majority of the men connected with big business are honest, incorruptible and patriotic. Those who have tried to make the big business what it ought to be, are to be encouraged and honored whenever they respond to the call of public service.

Labor strikers have some ideas of the best time to use their power and are just now raising a rough house just as the time comes to move the crops.

The engineers and firemen on 98 railroads west of Chicago have been taking a referendum vote on a strike and it is said they have voted to quit unless the owners of the roads grant their demands.

The Fort Worth Record is sticking Attorney General Looney's pallet full of pins and had he brought his famous injunction suit a month earlier, there would surely have been two candidates now for Attorney General of Texas.

The Parker County Farmers Union passed a resolution endorsing the work of W. D. Lewis and Peter Radford. Parker is Radford's home county. Copies of the resolution have been sent to newspapers throughout the country, but the resolutions passed in other counties condemning their work have not been so treated.

Ball is being criticised for giving up a \$20,000.00 a year law practice to run for governor, which office pays only \$4,000.00 a year. But the same critics overlook the fact that Ferguson said early in the campaign that he had set aside \$30,000 to make this race for governor, in order to give the people a business administration.

According to Commissioner Davis of the National bureau of Corporations: "Two men hold 49 per cent of the timber in Southwestern Washington, the report says; five men hold 36 per cent in Western Oregon; six have 70 per cent in Northeastern California; 10 have more than half in the red wood area, and in north central Idaho, four holders have 50 per cent."

The Fort Worth Record is romping on Attorney General Looney because of the injunction suit against some of the contributors to the Commercial Secretaries Association, and it now and then drops in the remark that the Record is fair and unbiased, yet about all it says is adverse to Looney. Now no man is all bad and if a critic is absolutely fair, there ought to be some favorable comment somewhere.

John Marshall of Virginia, first chief justice of the supreme court of the United States, declared that a judge should be free to act independently, with nothing to control him but "God and his conscience." What about the law and the evidence?—Fort Worth Record.

"The law and the evidence," are the agencies by which God and conscience puts the court edicts in usable form.

Ferguson says the people should elect him governor so that the state might have a business administration, and Gov. Colquitt is very busy these days telling the people that we have been having a business administration since he was elected nearly four years ago. The wires are crossed somewhere. Any way, Colquitt ought to appreciate these compliments Ferguson is paying to his administration and whoop the louder for Banker Jim.

It's the wasp waist now. A return to the fashion of the eighties is announced. The wasp waist was declared to be the very latest in Paris July 1. Curving in the normal waist line in most pronounced hour-glass fashion this mode of thirty years ago was revived and exploited on Broadway with a skirt of the present era, which seemed to a New York newspaper man to be neither one thing nor another, but indicative of a gigantic effort to revive the hoopskirt mode. And yet there are lawmakers who are clamoring for the prohibition of the pistol and a penitentiary sentence for the man who violates the law.—Fort Worth Record.

It is bad enough, goodness knows, for a man to be the guest of a social club and then go away and talk about it, but how infinitely worse it is for one to be the guest of a gentleman's private residence and then make such visit the subject of a political stump speech? We scarcely know just how to characterize such conduct; we can only commiserate the man guilty of it.—Houston Post.

We don't know whom you are talking about. A refined gentleman would not be guilty of such conduct as you describe and a savage Indian would die before he would show contempt or disloyalty to a man whose kindness or hospitality he had shared.

Mrs. M. A. Bedwell of the Bethel community paid the Signal a pleasant call Thursday.

### A Word From Charlie Lockhart

To the Voters of Scurry County—  
Again I come before you asking for your suffrage in the coming primary. While I have no opponent, I realize that the office does not belong to me, therefore I am asking you again for the nomination to this very responsible position and I assure you that I appreciate the kindness and confidence you have shown me, in electing me to this office for seven consecutive terms, making 14 years when this term shall have expired. I will consider it one of the greatest compliments you have ever paid one of your citizens in giving me the nomination for the eighth term without opposition I expected to have an opportunity of meeting you at the various school houses and show you just the kind of a speech I can make without an opponent. But owing to the fact that we have been very graciously blessed with rain and the people have been so extremely busy, the candidates decided not to make any speaking dates. Hence, I take this method of expressing my gratitude to you for past favors and promise to give the very best service that is possible for me to render you in the next two years. I must confess to you, this is the most pleasant and agreeable campaign that I have ever made.

Yours to serve,  
C. R. LOCKHART  
Candidate for County Treasurer  
(Advertisement)

A quiet, honest citizen said the other day that he has been reading and hearing both sides in the Ball-Ferguson campaign and if the candidates are as bad men as their opponents say they are, neither is fit to be governor. There is reason in his conclusion, but as a matter of fact, men who deal out such slander as is being belched over the country now, know they are lying.

Rev. W. H. H. King of Durham dropped in on the Signal Thursday just long enough to say "howdy."

Hon. A. J. Hagins is here this week in the interest of his candidacy for Representative. He paid the Signal a pleasant call.

### Diversification of Crops is Needed

By Producing Something Besides One Specialized Crop Farmers Feed Themselves.

In the course of an address before the Southern States Association of Marketing, Chas. B. Austin, head of the Division of Public Welfare of the University of Texas, made the following plea for diversification of crops:

"Several years ago, manufacturers erected buildings, put in boilers, and lathes and other machinery and turned out bicycles until the bicycle craze was over; then they used the same boilers, the same machines to give us sewing machines and automobiles. The average farmer must be shown that he has fixed capital that will produce something besides one specialized crop. When you produce something besides the one specialized crop you begin to feed yourselves, and then you break up this balance of trade against the farmer caused by specializing in cotton. The average farmer in Texas at the present time is not in a position to help you on this market question, because demand is made up of two factors, i. e., desire plus ability to obtain, and he has been caught in the squeeze. He has the desire for the good things to put on his dinner table, but he has not the wherewithal to transform that desire into demand."

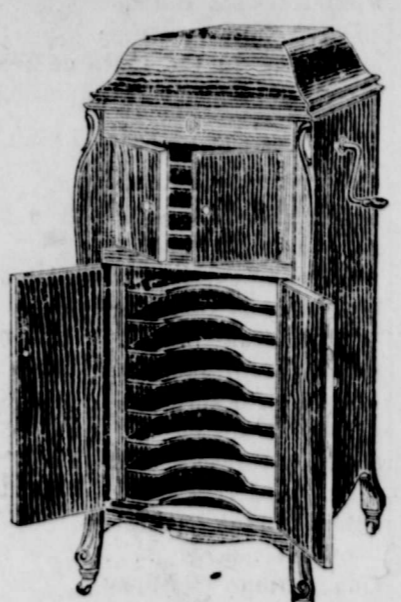

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness cured by Catarrh Cure, if you will send us your name and address, free.

J. C. CHENEY & CO., Toledo, Ohio.  
Sole Mfrs. Catarrh Cure, 219 E. Broadway, N. Y.  
Accepts Standard Dispensary Pills for constipation.

### NOT WISE TO TAKE CALOMEL.

Dodson's Liver Tone is just as sure in results and always safe, pleasant in taste, and has no bad after effects. As a remedy for a torpid liver, calomel has more than met its match in Dodson's Liver Tone. This medicine does not roughly force the liver on to perform its work. It acts gently, but surely.

Calomel depends for its power upon exciting the liver to do more work and often the liver is too weak to stand such treatment, and after taking calomel, you are as a result sometimes worse off than before.

Dodson's Liver Tone cannot cause any of the dangerous effects that often follow the use of calomel. It is entirely vegetable and pleasant to taste and is suitable for children and grown people.

Get a large bottle for 50 cents at Grayum Drug Company under the guarantee that if it doesn't satisfy you that it perfectly takes the place of calomel you will be given your money back with a smile right at the store where you bought Dodson's medicine.

Don't fail to attend the protracted meeting at the Church of Christ. Mr. Schultze is an able preacher and will interest you. Services at 10 a. m. and 8:30 p. m.

Two white women perished in a burning rooming house in Dallas last Wednesday morning.

Dallas, Texas—Account meeting Grand Lodge, Ancient Order United Workmen. Dates of sale July 25, 26, and 27. Final limit for return, July 31, 1914. Fare for round trip \$10.85.

Summer Tourist tickets on sale daily to points in United States, Canada and Mexico.

El Feliz Club Meeting.

The El Feliz Club had a very enjoyable meeting at the Round-Up Club rooms last Friday.

Mrs. Com Ezell was hostess for the occasion. Four tables of players were present, forty-two the diversion. Ice cream and home made cake were served.

The next meeting will be with Mrs. Chas. Harless, on July 24 at her home in East Snyder.

Sheriff Boles and others of the crowd who went to Anson say they had great difficulty in keeping Uncle Pack Wolfe from getting out in the streets to pick up trash and loose paper. If he had had his bay horse there he would have loped away and done it any how.

### The Arcade.

# Hunter's Mid-Summer Sale Struck the Popular Key Note!

And opened up most satisfactorially on the first day and the store has been thronged with buyers every day since. We have sold lots and lots of goods, because we gave more than we received. Everybody is praising us and talking about this sale. New people are coming every day and old ones are coming back asking for special bargains. We have sold more goods than we expected to sell. So far the sale is most satisfactory and we thank the good people for it, but we still have lots and lots of bargains left.

Ladies: see those nice waists, they are going fast, and those skirts at just half price. Get you one before they are all gone. Sale continues until further notice.

---	--	--	---	---

Three months of warm weather yet in which to wear these summer goods. Keep this fact in mind and come to see what we have got to show you. Respectfully,

## Hunter Mercantile Company

**ROUND TOP**

We had another good rain last Wednesday which came just in time to make the late feed crop.

Mr. L. L. Lightfoot and family of Snyder were guests of Richard Finley and wife last week.

Mr. and Mrs. Ben Wallace of Canyon spent Saturday night with her parents, Mr. and Mrs. Banton.

Mr. T. F. Blackard and wife visited Blake Durham and wife Sunday.

Mrs. F. M. Brownfield and Miss Cecil Doak were the guests of W. A. Doak Sunday evening.

Mr. C. P. Chandler and family visited A. A. Chandler and family Saturday.

W. D. Gullidge went to Snyder Monday.

Mrs. W. A. Doak left Wednesday to visit her father at Hico.

John Cotton went to Snyder Monday.

Mr. and Mrs. Claud Bolding of Dunn spent Sunday with Blake Durham and wife.

If you think it didn't rain in this part of the country last Wednesday just ask somebody.

Cotton prospects in this part were never more promising.

—DOCKS BOY.

**BOOKOUT.**

Mayoma and Eiderlee Brown, of Justiceburg, are visiting their grand parents, Mr. and Mrs. Jep Brown. We are having some ideal weather

for killing weeds, though feed is beginning to need rain again.

We are still among the living. Sambo has been too busy killing weeds to write.

Everything seems to be moving along nicely at present.

Our Baptist meeting began at Dermott Monday night.

Several people of near Snyder attended services at Bookout last Sunday.

Grandma Browning is very poorly at this writing.

J. I. Burrough keeps an extra hoe at the end of his cotton rows so if a candidate happens along he can hoe while he talks. Only one has come along as yet. He stopped, got him a drink of water, looked at the hoe, then down the rows, and passed on. There was one sad face in our community last Sunday.

—SAMBO.

**CAMP SPRINGS**

The Methodist meeting began here last Friday night and Rev. G. H. Gattis is doing some fine preaching.

T. S. Worley, Sam Irvin, E. S. Dorsett, Joe Reep, and Thelbert Finch were in Snyder last Friday.

Orville Braswell, while in Snyder one day last week, slipped on a banana peel and fell, breaking his right arm. Through the carelessness of one person in throwing a banana peel on the sidewalk, a good man must suffer the pain and discomfort of a broken limb, besides enforced loss of time out of his field. People ought to be more thoughtful. Why not, if you peel a banana, put the

peel in your pocket and take it home to the pig or put it in one of the trash cans that the city has provided for such things.

Rue Finch was sick last week.

Thelbert Finch and E. S. Dorsett were at Plainview last Sunday conducting a teacher's meeting.

Miss Eunice Bailey has been on the sick list.

Mrs. Allie Maule visited Mrs. E. S. Dorsett, Tuesday.

Mrs. A. H. Trice is reported sick this week.

Whooping cough is claiming the right of way in this community now.

Bob Aldredge of Rotan was here Monday gathering and dipping some cattle recently purchased.

J. D. Boone was out Tuesday to look for a machine to thresh his oats.

Rev. O. J. Hull, Baptist Missionary will begin a meeting here next Friday night.

Rev. R. W. Roe was in Snyder on Wednesday. J. H. Z. A.

**HERMLEIGH**

The Southeast part of Scurry county, of which Hermleigh is the hub, is the garden spot of said county, and it is generally conceded that Scurry is the banner county in the great state of Texas. When we look about us we see the great spreading prairies, with foliage, almost complete, except tall timber.

Everything looks promising. Cotton is growing, lots of feed made and more making. People passing through have praised our country and crops until we have come to believe that there is no place that will fill the bill like Hermleigh and Scurry county.

The farmers are still cutting weeds baling millet and threshing wheat.

Rev. I. W. Anderson and family have moved back to Hermleigh. We welcome them.

Messrs. Echols, Leverett, Mixon,

Sturdivant and McCombs went to Sweetwater Thursday night to hear Tom Ball speak.

Mr. and Mrs. J. A. Hood have moved from their farm west of town to their residence in the western part of Hermleigh.

W. H. Anderson and family returned home Sunday from a visit in Taylor county.

B. R. Anderson is here this week from Buffalo Gap visiting relatives.

C. M. Adams and wife have moved to their new home in the north part of town.

Will Bennett, of Lamesa, is here visiting his daughter, Mrs. Will Cross.

The meeting at the Methodist will begin Monday the 20. Every body is invited to come and take part in the services.

Our Sunday school is growing. We need your help.

**REPORTER**

**FLUVANNA**

Mr. and Mrs. Geo. Hardin visited in Snyder Sunday until Tuesday of this week.

Guy R. Scott, one of our old time citizens and former editor of the Fluvanna Herald, visited in our town a few hours Saturday of last week.

J. S. Hardy, editor of the Snyder Signal was a visitor to our town last Saturday.

Miss Minnie Dowdy returned to her home at Snyder after a week's visit with her brother and family J. F. Dowdy.

Several of our county candidates were here Saturday.

It was announced several days ago that there would be a joint discussion between Fritz R. Smith and T. P. Perkins, both of Snyder, here last Saturday. The former was to represent Ferguson and the latter, Ball. A number of our citizens gathered in to hear them, but were dis-

appointed on account of the auto breaking down somewhere between here and Snyder.

J. A. Staveley's two sisters of Austin, who have been visiting him and his family for the past few weeks returned to their home last week.

The work on the new gin has begun and the machinery is expected to arrive any day.

The new catalogs for our school are expected this week and will be distributed among the patrons and those who are looking for a place to send their children, and we will ask those who have not patronized this school to please read it closely and see if there isn't as many advantages here as can be found in the west.

Preparations are being made to get the tabernacle ready for the debate between B. W. Dodson, Methodist and Chas. Nichols, Church of Christ, which begins July 21 at 10 o'clock.

D. Boren came in Sunday from his ranch in Garza county for Medical attention. He is threatened with fever. We are glad to report him doing nicely at this writing.

Rev. Jas. H. Tate, pastor of the Presbyterian church filled his regular appointment Sunday at 11 o'clock and at night. On account of the bad condition of the lights at the Presbyterian church, the evening service was held at the Methodist church.

Rev. S. H. Young and Rev. A. J. Leach, both are away this week engaged in protracted meetings.

Crop prospects are fine. Farmers are getting up with their work now and gathering feed will soon be the issue of the day, which promises to be the best for many years.

T. P. Cook and children left Sunday for Seminole, where they will make their home.

**CROWDER DOTS**

Religious interest is very good at Crowder school house at present. The

Methodist protracted meeting will begin on July 24 at this place.

We are in need of rain at this writing to insure a feed crop, but the feed is holding up very well.

Farmers are catching up with the plowing out this way and cotton is doing fine.

Mr. Busby made a flying trip to town last Saturday.

Other Busby has been working for Uncle Tom Crowder for several days.

We learn that some Hamilton Co. people are out here seeing our prospect for a crop in old Scurry.

The farmers will soon begin cutting their feed.

The Epworth League interest was good Sunday night. Several visitors from other communities were there and everyone enjoyed it.

I think it time we farmers were taking a day off to go fishing.

Claud Miller and wife visited Mr. Hayes last Saturday and Sunday.

**TOP KNOTT**

**We Wanted It.**

The people of Snyder, Dunn and Ira have been working for four years to get a star mail route so as to get direct, quick service and since the mail from the east gets to Snyder early in the morning and can be delivered at Dunn and Ira and residents along the way before noon, we had hoped the government would consent to grant this route. The three towns named are all intimately associated in business and social life and need this means of direct communication; whereas the route coming out from Colorado doesn't serve a single post office till it gets into Scurry county and then all its mail is distributed in Scurry county.

The people thought until a few days ago that this route would be established, but it is now learned that Colorado is to be its starting point.

Just received a car load of 9 cent cedar post at Burton-Lingo Lumber Co.

**CARD FROM UNCLE BEN DAVIS.**

To the Voters of Scurry County:  
The time is near at hand when you will elect four county commissioners, and I address you to call your attention to the importance of this office.

The County Commissioner's duties put him in closer touch with the interests of the tax payers than perhaps any other officer.

Among other things, it is his duty to see that tax renditions are fair and uniform and that the collector collects all taxes due the county. It is his duty to see that the tax monies are expended economically and in the interest of the public.

It is his duty to see that all bonds in criminal matters or other cases, forfeited are promptly collected and accounted for.

He must look after roads and school matters and see that the public business is conducted for the public interest fairly and loyally toward every citizen.

This is the platform on which I am asking for the office of county commissioner of Precinct No. One.

I will appreciate your vote and influence.

B. F. DAVIS.

Scrap lumber for sale. See Rev. J. E. Stephens at Methodist parsonage or Joe Caton.

**T. F. Baker's Speech, Typographical Error Here Set Right.**

In the report last week of T. F. Baker's speech on Monday before, the copy got mixed up and some of it was lost out. Some of the remarks used by Mayor Noble in introducing Mr. Baker seemed in the writup to be credited to Mr. Baker and places him in a wrong light.

That part of Mayor Noble's introductory speech where he said: "With Wilson as president, Tom Ball as Governor, Cycione Davis in Congress Baker in the Legislature and Paek Wolfe as City Marshall, the country is safe," looked like Mr. Baker had said it, while in fact it was Col. Noble's own expression.

The fact is Mr. Baker is running his own race only, and in this campaign, as in all his past public and private career, he is attending solely to his own affairs.

The price is split wide open at  
A. P. MORRIS.

**A CARD.**

To the Voters:

We, the undersigned, formerly citizens of Collin county, Texas, respectfully solicit your support of J.L. Franklin, for Comptroller. We know him to be competent, honorable and would reflect credit on the state in that office.

A. C. WILMETH,  
HENRY HARLESS,  
JIM HARLESS,  
FRANK TAYLOR.

Snyder, Texas

**WOULD RETARD INTELLECTUAL ADVANCEMENT**

Dr. J. H. Francis, superintendent of the schools of Los Angeles, California was one of the speakers last week at the National Educational Association at St. Paul, Minnesota, and he created a sensation. He raised his voice in protest against the practice of having boys and girls spend their time and energies to master their text books on the arts, the sciences and every other branch of literary attainment. We read:

"He believes that algebra is ruining many girls, which should give the white slave crusaders a new idea on which to base investigations and rear theories.

"He declares that there is more art in a well selected dress than in all the galleries of Europe, and he would have the making of garments taught as an important branch of education.

"He evidently overlooks the fact that all that has contributed to make the human race unselfish is its pursuit of an idealism it can never attain, and he would rectify our whole system of training by centering the female thought on individual dress."

There are possibly some grounds for his contention in the fact that so many students take the sciences and Higher Mathematics at school and then going out into active life along lines in which there is little call for their advanced knowledge and in a measure forget it, because of non use, but no man or woman will ever regret having known such things.

It is a characteristic of infelicit and enlightened people to strive toward the ideal in life, or else, relinquishing that aim, to retrograde, and when ever a people shall cease to try to go forward they will go back toward savagery. Naturally young men and women, as they expand in intelligence and literary attainment, will find a special channel toward which they incline and then with a solid foundation in general learning they find it easier to comprehend the vocational lines of study.

Imagine a man starting out to study mechanics or engineering with out a knowledge of Mathematics and physics, or a student of law or medicine devoid of knowledge of chemistry, history or the languages, from which our language is so largely taken. The well rounded scholar in the ordinary college curriculum has his professional education almost achieved before he embarks in a vocational line, mental training and a mind trained to reason, retain and assimilate.

Dr. Francis will find few educated people to join with him in his retroactive theories.

**Huerta Revels in Blood.**

Sunday dispatches from Mexico said that Gen. Huerta finds himself being hemmed in on nearly all sides and in desperation his bloodthirstiness has knawed on him to the development of a raving demon and he has caused the summary execution of 230 country men who have from time to time been thrown into jail upon trivial charges. The most liberal construction that can be assigned toward him is that he has probably become insane. It is said that he drinks more heavily than ever and is desperately mad and undone.

**Please Remember.**

We again call your attention to the fact that cards of thanks, notices of church and charitable entertainments where admission is charged, where profit is to be made, will be charged for at the rate of 2 1/2 c per line.

Mrs. H. R. Miller, who has been visiting her parents, Mr. and Mrs. J. J. Hunter, left Sunday for her home at Cisco.

**BOOKKEEPING FOR FARMS IS URGED**

Simple Bookkeeping Will Enable Farmer to Check Cost.

Farming is the only business which has not developed standard bookkeeping methods. The majority of farmers keep no books at all, and still they are engaged in a business which demands constant attention and accurate knowledge of the day to day progress. The division of Public Welfare of the University of Texas Extension Department recently undertook a study of marketing farm products, and naturally desired to know the cost of production of farm products. Owing to the fact that few farmers keep an intelligible set of books, this important data is very difficult to obtain.

This bookkeeping can be made very simple and the record kept without difficulty. Such record will consist of all the items, which show what has been paid in the way of rent for land, wages for labor, and interest on capital used. If such record is checked up from day to day, recording the amount of land used and such items as the use of machinery and the number of days labor given to the crop, it will be found that it is easy to determine about what it costs the farmer to produce his product.

If any considerable percentage of farmers kept accurate books, the study of marketing problems, as well as problems in efficiency of farm management would be greatly facilitated. The Division of Public Welfare of the State University undertakes to suggest a simple method of keeping a farm record to any farmer who cares to apply for such information.

**Movement Started For Better Babies**

Texas Takes Steps in the New Program of Race Development.

Better corn, better cotton, better hogs, and better this and better that have been preached enthusiastically in Texas during the past few years, but there is no "better movement" so enthusiastic as the "better babies" movement.

So far it has taken the form of contests, scientifically judged by competent people. The contest furnishes not only an inspiration to those exhibiting their products, but it is educational in that it enforces upon the minds of the fond parents just what are the points of excellence in a baby, and just what characteristics are counted as defects.

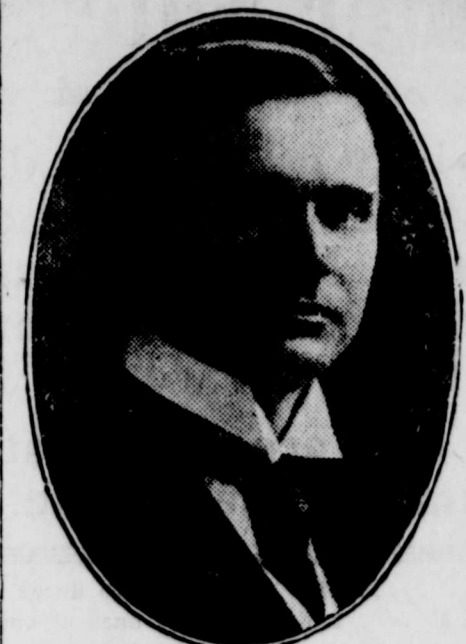

The Better Babies Contest is really a popular, yet scientific, movement to insure better babies and a better race. It consists of entering, examining and awarding prizes to children of three years or less on exactly the same basis or principles that are applied to live-stock shows. Mere beauty does not count. Physical and mental development only are considered. The Better Babies Contest insures a better race of Americans, because it teaches parents how to improve the physical condition of children. It arouses interest in the conservation of child life and health in all forms of child welfare. It forges a connecting link between parents and teachers, it promotes civic interest in children of the community, their schools and their recreations.

The Child Welfare Department of the University of Texas, believes that, by the interest aroused in these contests, the attention of parents may be called to many needs of young children, both as to the care of their bodies and of their minds. Miss Jessie P. Rich, of this department, therefore, is offering to cooperate heartily with any persons interested in the Better Babies Movement, and will cheerfully supply information as to how to hold these contests, how to secure score cards, etc. Also, whenever possible, a special child welfare lecturer will be sent from the University at Austin to assist in the county contests.

Nine hundred and eighty young men and women attended the University of Texas Summer School in 1913.

One hundred and seventy-two young women received lessons in domestic economy in the University of Texas during the session of 1914.

**SENATOR H. B. TERRELL**

OF WACO.  
CANDIDATE FOR COMPTROLLER OF PUBLIC ACCOUNTS.

Mr. Terrell is a native Texan, having been born on a farm near Alto, Cherokee County, in 1869. In 1890 he settled on a farm in McLennan County, where he was engaged in actual farm life until 1900, when he was elected to the 27th Legislature. He was returned to the 28th, 29th and 30th Legislatures. At the close of the 30th Legislature he was elected to the State Senate from the Eleventh District, composed of McLennan, Falls and Milam Counties, and re-elected to that office in 1912. At the close of his first term in the Senate he was elected President pro-tem of that body, the highest compliment that can be paid a member.

Senator Terrell has been one of the recognized leaders of the Senate for a number of years, having served the people of his district continuously for the past fourteen years. As a candidate for Comptroller of Public Accounts Mr. Terrell promises the people a business administration of the Comptroller's Department, for he declares in his announcement that "if honored by the Democracy of Texas at the coming election, I here and now pledge myself to use every means at my command and all the power with which the office is vested by the Legislature, in the strict enforcement of every law over which the Comptroller's Department has supervision to the end that the people and society are given that protection intended by the framers of the constitution and the law making bodies of the State."

(Advertisement.)

**CARD FROM JUDGE HAGINS.**

To the Voters of the 105th Representative District:

Having served you in the 33rd Legislature, I am asking you for the second term. This is an old Democratic rule, if a man does reasonably well the first term, to give him the second term so he can do his people better service. I assure you that I will be in much better shape to serve you in the 34th Legislature than I was in the 33rd, yet, I am proud of my record in the 33rd legislature in which I cast more than 1000 votes and I have never scratched a democratic ticket. I have always voted the ticket straight and endorsed that kind of democracy.

I refer you to my record in the 33 Legislature and feel sure the good democrats of the 105th district will indorse me.

I am especially interested in the agricultural interests of the country and will give it my special attention. When you build up the agriculture. When you build up all other business with it.

Very respectfully,

(Adv.) A. J. HAGINS.

**HUSBAND RESCUED DESPAIRING WIFE**

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

**ANOTHER ONE BLOWN UP.**

It has been repeatedly charged by Ferguson and by Gov. Colquitt as well as by legions of lesser lights that Tom Ball was making money out of the sale of liquor through the Houston Club. The following affidavit ought to be sufficient to ease the minds of all such horror stricken people as have ever believed the charge. THE STATE OF TEXAS,

County of Harris.  
Before me, the undersigned authority, on this day personally appeared C. D. Erwin, who on oath states that he is Manager and Accountant of the Houston Club of Houston, Texas, and he further states that on Feb. 28th, 1914, he was Manager and Accountant for said Club. He further states that the Houston Club was operated for the twelve months ending Feb. 28th, 1914, at a loss of \$4,337.13, that the surplus shown in the last annual statement of the Houston Club consisted in the main of furniture, fixtures, supplies, etc., this surplus being derived from the initiation fee of the members of said Houston Club.

He further states that the Houston Club has no capitol stock and has

never at any time paid a dividend in cash, or in any other manner.

(Signed) C. D. ERWIN.  
Sworn to and subscribed before me this the 9th day of July, A. D., 1914.

(Signed) N. M. NAGLE,  
Notary Public in and for Harris county, Texas.

I hereby certify that the foregoing is a true copy of the original, which is on file in my office.

T. H. STONE,  
Chairman, South Texas Ball Campaign Committee.

Great Britain has 3,813,973 trade unionists or skilled workers. Germany has 3,317,371. The United States has 2,496,000. France has more than 1,000,000 members of labor unions who are skilled workers. It is in Australia that labor unions are strongest in proportion to population.

Prof. A. S. Berry and wife will teach three music schools in Scurry county this summer, beginning at Pleasant Hill and Hermleigh on July 20th. Pleasant Hill in morning and Hermleigh in afternoons and at Ira in mornings, after August 10th.

**Scrubs Fatten Quickly**  
You want your pigs to eat as much as possible when you fatten them. Give them a great variety of feed, keep the appetite keen and the digestion in good order, and you will obtain the desired result; especially if you mix with the grain ration a dose of  
**Bee Dee STOCK MEDICINE**  
Whets the appetite—Helps digestion.  
I put some scrubby-looking hogs in the pen to fatten and gave them Bee Dee STOCK MEDICINE in their feed. I soon had fine, healthy-looking hogs, which netted me over 500 pounds.
