## PIONEER CITIZEN SHOT TO DEATH

PROSPEROUS FARMER AT DUNN  
KILLED—DUTCH JORDAN  
HELD FOR PATRICIDE

The community about Dunn and practically the entire county is profoundly shocked this week because of the tragic death of Mr. J. B. Jordan, a substantial farmer who has resided for many years in Scurry county and has enjoyed the esteem and confidence of a large circle of acquaintances. He was recognized as a law abiding, industrious, frugal, honest, patriotic citizen. He was a pioneer settler and has contributed of his means, his energies and his counsel and co-operation in the development of this western country.

When the news of his death came over the telephone from Dunn last Monday his many friends in Snyder were anxious to learn more about it. Then came a phone call for the sheriff to come at once. Sheriff Merrell was out of town and Deputy Sheriff Sam Casstevens left at once to answer the call.

Nothing definite was known until late in the afternoon when the officer returned with Dutch Jordan, 24 years old and Bill Jordan, about 21 years old, sons of the dead man and lodged them in jail.

When the deputy sheriff got there he found J. B. Jordan who was about 60 years old, lying dead in the yard at the home of Dutch Jordan, about four miles from his own home, about two miles southeast of Dunn.

Dutch met the officer and said he guessed he had violated the law.

Bill Jordan was sitting in the dug out in the yard overcome with grief. Justice T. C. Stinson viewed the body of the dead man and asked the boys who killed their father and it is said they both said that Dutch did it.

It is learned that there were two bullet wounds in the body and one in the head. It is said that the boys say the trouble came up over a business matter, but beyond these statements the boys decline to talk, except to say that Bill had nothing whatever to do with it.

J. B. Jordan owned a large farm about 3 miles from Dunn and was an industrious, progressive farmer, taking much interest in farmers' institutes and the study and practice of scientific methods. He has reared a large family and was looked upon as one of the best citizens of his community. The remains were buried at Dunn Tuesday afternoon.

Justice Stinson was in town Tuesday with the papers drawn in connection with the inquest and it appearing that Bill Jordan is innocent of any connection with the case, more than being an involuntary witness to the awful tragedy has been given absolute liberty. No date has been set for an examining trial of Dutch.

### Latham Case Continued

The mandate in the Minnie Latham murder case was received from Austin last week and Judge Thomas, at the request of Attorneys Stinson and Cunningham continued the case until next term. Defendant in the case was given a sentence of five years at the August 1914 term of court. The case was carried to the higher court where it was first affirmed but reversed on a rehearing. The papers did not reach here in time for a trial at this term.—Anson Enterprise.

Let us hope this case will be brought back to Snyder where the witnesses live.

### Killed a Wild Cat

R. L. Turner of Crowder was here Tuesday exhibiting a bob cat's foot. The animal was killed Monday by Earl Bentley in the Maxwell pasture six miles west of town.

D. C. Bentley sent word to the Signal that he is now cleared of the charge of robbing chicken roosts, for it is plain now that the other wild cat has been doing the mischief. The other boys seem doubtful even yet, because, they say, the cat was very poor.

Granville G. Johnson, of Lubbock, was here a few hours one day this week.

## FIRE INSPECTOR VISITS SNYDER

SOME CHANGES SUGGESTED FOR  
BETTERMENT OF CON-  
DITIONS IN THE CITY

Mr. Ben F. Smith, Special Inspector for the State Fire Insurance Commission visited Snyder Wednesday in an official capacity and in company with Fire Marshal C. W. Wilks, made an inspection of the fire risks of the town. In an interview with Mr. Smith some suggestions were made, which if adopted will make for a safer town. He said:

"I find conditions not as good as they might be. Alleys and inside conditions I found unsafe from a fire prevention standpoint. This is caused by reason of the custom of the city council to have the rubbish hauled out once or twice each week when in fact it ought to be burned every day or hauled out of town. Once or twice a week is not sufficient from a fire prevention standpoint. If the City Council would adopt an ordinance requiring trash and rubbish to be burned every day, using a metal can, it would result in cleaner and safer conditions. These cans should be built five feet high, perforated at the base, using a screen wire over the top. Paper could be burned therein in windy weather as safely as in calm weather. These cans can be made for a cost of four or five dollars and will last two years. Two or three business concerns could use the same cans."

He says: "I have submitted a copy of an ordinance to Mayor Noble, which, if adopted by the council, will compel every picture show now in operation in the town, and those that may hereafter be built, to be constructed in a safe manner. The good people of Snyder should demand of the council that they be given ample protection along this line."

Mr. Smith left on the afternoon train for Sweetwater, where he will make a general inspection of that city.

Mother of Mrs. J. W. Green Died in Abilene.

News was received here Wednesday that Mrs. J. K. Walling, mother of Mrs. J. W. Green of Snyder, died at 10:30 Wednesday morning at Abilene with heart failure. She had been apparently in good health and her sudden and unexpected taking off was a great shock to the family. Mr. and Mrs. Walling visited their daughter here a few months ago and made many friends here. Mrs. Green left Wednesday evening for Abilene to attend the funeral.

### Peach Crop On Trial

The weather has continued mild and peach trees look like they are going to bloom out before time. People expect more cold weather and it is feared the fruit may be killed.

Leslie McQuinn said the other day that he is watering his peach trees in the hope of holding them back from blooming. Others are doing the same way. We have expected for a week that the weather would turn cold, but the wind still blows from the south of west and the sand do move.

### Mrs. W. J. Shotwell Dead

Mrs. Mary Shotwell wife of Mr. W. J. Shotwell, aged nearly 72 years died at the family home in Snyder at 2:30 o'clock last Sunday afternoon and was buried in Snyder cemetery Monday afternoon, funeral conducted by Rev. M. T. Tucker. She leaves a husband and four sons and one daughter living. Two of the sons reside here, the daughter arrived from her home in Kaufman county a few hours before the mother died. She was a member of the Baptist church. She and her husband moved here from Collin county last May.

## Young Men's Business League Make Figures on Year's Cotton Crop

Snyder, Texas, Feb. 12, 1915.  
Editor of the Snyder Signal:  
Snyder, Texas.

Dear Sir:

The Young Men's Business League has been compiling some data in reference to this year's cotton crop and from the best data available there has been ginned up to February 1st, 27900 bales in our county; of this amount 20110 bales have been shipped either by railroad or hauled from the county to markets by wagons, leaving a net total of 7790 bales in warehouses and on farms in Scurry county, or 28.3 per cent of the entire cotton crop is still to be put on the market which is within two-thirds of the entire crop raised last year; valuing this cotton at an average of \$30.00 per bale, and a great deal

of it is worth on the market today eight cents and better, will make over a quarter of a million dollars worth of cotton still in the hands of Scurry county farmers.

This is not preposterous from the fact that there are very few farmers in this county who are not holding a few bales, and taking the total number of farmers at 2250, which the Government census gives us in Scurry for 1910, will make an average of three bales around. The writer knows of any number of farmers who have not sold a bale and a good many of them are holding the majority of this picking and I think I rather have estimated under than over.

Very truly yours,  
E. J. ANDERSON.

### SNYDER A WELL BUILT TOWN SAYS GOLDTHWAITE MAN

J. L. Hicks, of Goldthwaite, traveling for a vinegar company spent Wednesday in Snyder. This was his first trip here. He said he was a bit surprised to find such a large, well built up town. He said: "You don't often see all sides of a square solidly built up with good business houses but here, there are no vacant lots or shack buildings. One side of the square looks as good as another and there are good stores all around and the merchants all seem to be doing a rushing business."

### THE MERCHANTS CARNIVAL AT THE OPERA HOUSE

The Merchants Carnival at the opera house Monday and Tuesday nights gave the Snyder people a season of really enjoyable recreation.

Almost every business concern was well represented and the funny things said and done were worth the price of admission.

The Carnival was given as a benefit for the Christian church and it is understood that the Aid Society realized a neat addition to their bank account.

### REPORTED SHOOTING NEAR TOWN OF CUTHBERT

Sheriff Merrell was called out Monday morning to investigate a reported shooting scrape said to have occurred Sunday over near the line of Mitchell county and Scurry county, between Ira and Cuthbert.

Arriving there the sheriff learned that a farmer and a cotton picker had exchanged shots at long range, but nobody was hurt. The Mitchell county sheriff had been there and the farmer had gone to Colorado to answer for his alleged part in the affair and the cotton picker was not found.

### Artificial Blues.

Jim Wilkins thought he had the blues,  
He felt run down and heavy hearted;  
A dark brown color tinged his views,  
His softest words were sourly tarted;  
The world was sadly indigoed  
As Jim trudged on along the road.

The sun was shining brightly, yet  
Jim Wilkins couldn't see the beauty  
Of country lanes his vision met;  
To him the atmosphere was sooty  
In sorrow did he limp along,  
Thinking the whole creation wrong.

There was a reason for his views,  
And Wilkins diagnosed 'em rightly  
He wore a pair of brand new shoes,  
Each fitted to his Trilbys tightly,  
"I might 'a' knowed," said Jim, "them shoes  
Would make me think I had the blues."

### Baby Caddell Died.

The babe of Mr. and Mrs. J. T. Caddell, aged 29 days died last Sunday morning at their home two miles south of Snyder and was buried in Snyder Cemetery Sunday evening. The Signal extends sympathies to the sorrowing parents.

Mr. and Mrs. Joe Caton left Saturday for St. Louis to buy goods for the Big Store, Caton-Dodson Dry Goods Company. They are careful buyers and know what the people want and they will buy goods enough to fill that store brimming full.

Weldon Coats and wife of Omaha, Texas, are visiting relatives in Snyder and prospecting with a view of locating permanently.

## EVANGELISTIC CAM- PAIGN FOR SNYDER

MEETING HELD SUNDAY AT ME-  
THODIST CHURCH—PLANS  
FOR REVIVAL IN JUNE.

On Sunday afternoon last a meeting was held in the Methodist church of representatives of the churches interested in the summer evangelistic campaign. Pastor Stephens presided.

It was decided that the meeting be held in June in a tabernacle to be erected for the purpose and that the Rev. Orville Edgar Hamilton, of Missouri, be called to lead the forces. The Hamilton Evangelistic Company is made up of five expert workers.

Mr. Hamilton has a national reputation as a preacher and his meetings have resulted in thousands being converted.

Considerable attention is being given to the musical work and a large choir will be organized under the direction of the efficient leader.

We feel that Snyder is fortunate in securing the services of Mr. Hamilton and his company and we are sure we shall have a great meeting.

### Work of County Commissioners.

The Commissioners' Court at the February term last week appointed 91 road overseers.

Commissioner Brown was ordered to have the court house yard dished and to have a reasonable quantity of soil spread to level and fertilize the ground.

Dr. H. E. Rosser was elected to the position of county health officer.

Ordered by the court that old lady — Hewitt, dependent upon public charity be allowed the sum of \$8 a month out of the general fund for her sustenance, first warrant to be drawn by the county clerk on March 1st for current month payable to Miss Lizzie Smith.

Allowance of \$16 per month ordered for Mrs. McLeod and Mrs. Upton, dependents residing at Fluvanna, to be paid to persons furnishing food, medicine, etc., upon verified account to be approved by the court upon order of T. L. Winston, commissioner.

Ordered by the court that concrete curbsings four feet square be placed around the trees in the court house yard and that circular curbsings six feet in diameter be placed in the four angles of the court house yard, the latter for use as flower beds the work to be performed by the janitor.

### Buys Ten Sections

A deal has been consummated at Post by N. N. Rogers, in which he becomes owner of what is known as the old Wilkes ranch, consisting of ten sections of land five miles south of Post City. Rogers purchased the land from the Post estate, for \$45,000 and will take possession April 1.

He also purchased the cattle interests of his son, W. B. Rogers, in this county for thirty thousand dollars. Rogers has sold 100 cows to A. R. Ponton for \$65 a head.—Post City Post.

### City Council Meeting.

City council met in regular session Monday evening, Mayor J. Z. Noble presiding.

The following members of the council were present: J. Z. Noble, mayor; E. J. Anderson, Acting Secretary; O. P. Wolfe, Marshal; and Aldermen P. M. Bolin, Joe Monroe and R. H. Curnutte.

Absent Aldermen: S. R. Fickas, J. C. Maxwell and W. W. Smith.

Minutes of Feb. 1 meeting, read and approved.

The usual batch of accounts were allowed and ordered paid.

Adjourned.

Banée Smith shipped out seven cars of cattle a few days ago to Kansas City and three cars to Fort Worth.

Rev. M. C. Bishop a former pastor of the First Baptist Church in Snyder, but now at Caldwell was here two days this week meeting old friends.

## OPENING OF THE WOODROW HOUSE

NEW WELL EQUIPPED HOTEL  
OPENED IN SNYDER THIS  
WEEK

The new Woodrow House was opened to the public last Monday with an elegant reception and banquet and the people of Snyder and vicinity were there in great numbers.

This well equipped hotel is located on Scarborough street, the former location of the Wellborn hotel.

Manager Geo. M. Roe has gone to heavy expense to fit the place up with every necessary modern convenience. The office, lobby dining room and every room in the house has been repapered and painted and the house is roomy, clean and attractive. Mr. Roe invited the public to come Monday and inspect the house and partake of sumptuous lunch and every body spoke in complimentary terms of the splendid arrangement, the attractiveness of the place and of the polite and generous service rendered.

The Snyder band furnished excellent music for the occasion and the people enjoyed and appreciated the courtesy of the Woodrow management.

The opening of the house gives to Snyder three good hotels and our town is now equipped to take care of the travelling public.

People who board and the transient folks are finding the Woodrow House a pleasant and well furnished hostelry and Mr. Roe will keep it abreast of the times. Experienced chefs are employed and the dining room service is under supervision of experienced and polite management.

Mr. Roe states that there has been some delay in the shipment of his stove, but this difficulty is being promptly surmounted and the new equipment will soon be complete, and first class service is assured.

### A Valentine Fair.

The Missionary Women of the Methodist church gave a Valentine Fair in the church basement last Saturday afternoon and evening which was liberally patronized by the people of Snyder. There was a variety of entertainment. A booth for sale of Sunday dinner, a throwing gallery, a canned fruit booth, a candy booth and a booth of merchandise by the Boy Scouts.

There was a curio booth where could be seen relics of the long ago. A counterpane made during the Civil war, a quilt pieced in 1847 and buried during the war to keep the Federal soldiers from getting it, a pair of white shoes worn by Mrs. H. A. Goodwin when she was married, a Bible 100 years old, belonging to Mrs. W. L. Gross, a camera stamped and embroidered by little Miss Baird, aged 13 years, a bamboo cane present to John M. Herring at Jackson banquet in 1869, a coverlet made in 1859 by the grandmother of Mrs. J. S. Curtis.

Besides these features the ladies served oysters, chicken sandwiches and coffee and it is learned they made something like \$75 above expenses for their home mission fund.

### Valentine Social at Hermleigh

On last Friday evening, at the home of Mrs. Gardner, Miss Wanda Altman, assisted by her music pupils entertained a number of friends with a Valentine Social.

The Parlor was beautifully decorated with hearts and other ornaments which reminded us that "cupid was at his work." After an excellent musical program we were given hearts to match which gave each a partner for supper. The dining room doors were then thrown open and we were invited to partake of delicious punch and wafers, daintily served by the hostess.

All enjoyed the evening and went away convinced that Miss Altman was a charming hostess. —A Guest

Mary Lereen, the little daughter of Mr. and Mrs. C. R. Lockhart went to St. Louis last week with Mr. and Mrs. Sears and will return next week with Mr. and Mrs. Caton.

### MR. GLADSON DEALS IN IRONY.

Mr. J. W. Gladson writes ironically about the activities of men of affairs who now and then start some slogan or other as a means of centering popular thought and effort along some suggested line of co-operative endeavor.

Referring to the visit to Snyder recently of a delegation of gentlemen from Dallas and Fort Worth to urge the people to raise a living at home, Mr. Gladson writes of the affair as an effort to soothe the people into a state of unconsciousness. We print here the most pointed portions of his communication. He says in part:

Editor Snyder Signal:  
I was pleased to read in Signal of February 5th of the great effort that certain gentlemen of Dallas and Fort Worth are taking in behalf of us poor farmers. I regret very much that I did not know of that meeting until too late to attend. All that was said and done, I suppose was very good, and went to help a class of our citizenship that is worthy and God knows they stand in need of help. I would like to remark that I believe we should not fail to propagate the "Twilight Sleep."

Twilight sleep is a condition of intense coma, during which the patient is wide-awake. In this state he fully realizes what is going on without being aware of what is happening to himself. While deeply affected by the suffering of others he may suffer great pain without knowing that anything is hurting him.

Having finished this some what brief but remarkably lucid explanation we shall now proceed to the technique of the operation.

Millions of working people have been operated upon while under the influence of "Twilight Sleep" without experiencing the least pain when separated from the product of their labor.

The customary nervous shock after the operation is absolutely absent and the patient feels no loss whatsoever.

Unfortunately lack of space will allow of only a few characteristic cases.

No. 1. George Tell, Bank Clerk, engaged for 18 years to the same lady, because rules of institution would not permit employes to marry who receive less than \$100 per month. Spends 8 hours a day behind the bars independent in politics, doesn't believe in being fettered by political parties, but votes as the boss says, hires a dress suit to attend prosperity dinner of merchants and manufacturers association.

No. 2. Once worked in packing plant, makes living now by abstracting food values from barrels in rear of restaurants. Says hard times are caused by high living.

No. 3. Non-union brick layer has had eyesight impaired by constant, looking for a job. Boasts that he doesn't belong to a labor union says he would rather go to jail than lose his freedom, has been out of work for six months. Claims anybody can get work that wants it. Is 53 years old and has acquired a pair of overalls, jumper and considerable rheumatism.

No. 4. Non Union planter. Would rather live on rabbits and raise cotton than lose his independence to plant what he pleases. Produces so much cotton that his children are barefooted and are kept from school knows nothing about political economy—votes for good men which are only found his party. Has farmed ever since he was large enough to lift a hoe and drag a cotton sack, is 60 years old and has acquired 120 acres of land, the mortgage remaining.

We hope that sufficient proof has been submitted to merit the attention of the Rockefeller Institute which has already contributed so much to the investigation of the hook worm and other diseases of the lower strata. The possibilities of 'twilight sleep' are just being recognized and our leading citizens could make no better investment than to contribute liberally to its wholesale application.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

## Winning the Race

Louis Disbrow, who has secured every world's record for automobile racing up to fifty miles on dirt tracks, demands of the products which he uses quality and service capable of withstanding the most severe treatment.

Disbrow says himself that the class of racing he does is particularly hard on the motor, owing to the dust which comes in through the carburetor and gets into the cylinders.

For THREE YEARS Disbrow has used

### A STATE MARKETING AGENCY.

F. C. Weinert and E. A. Calvin in charge of the warehouses of Texas have adopted a plan to aid Texas farmers to find market for their products and they believe that within a year the people will see the benefits of their plan. They will issue a bulletin twice each month which will be mailed to commercial clubs and farmers organizations giving lists of people who are in the market to buy or sell. In their first bulletin they give names and addresses of buyers and sellers, telling just what they want and in every case they are apt to find a response.

Examples:  
A. Rutledge at Bloomington, Texas, wants several car loads of feed and 100 bushels of cane seed.  
Commercial club at Mineral Wells can supply 2000 tons of Johnson Grass hay and a car of stock hogs.

These are two of a list embracing many commodities that our people want to sell or buy. This system is apt to lead to a solution of the marketing problem.

## First Christian Church Notes

Sunday was a great day. The weather was summery and the people took advantage of it. The attendance was large and over sixty per cent of the membership was present. We were glad to welcome in the congregation Mrs. Rosa Coats, of Omaha, Texas, and her daughter who have moved to Snyder to make this city their home.

The sermon of the morning was from the text: "I will be to them a God, and they shall be to me a people," Heb. 8:10. The natural surrender of two loving hearts to each other was spoken of and it was shown that this mutual surrender was lifted to the highest region when God gave Himself to man and man responded with the gift of himself to God.

God was God to every creature of His creation but in a special, higher sense, there was a closer relationship of heart to heart and spirit to spirit on the part of those who loved lives of trust in Jesus Christ.

What tremendous power there was in this promise. "GOD." "I will be a God to them." Around His followers the bulwarks of everlasting purpose and an everlasting arm. In the dark places He becomes their light; in perplexing places their path. Every circumstance is saturated with almighty presence, making the rough places smooth and crooked things straight.

All that the believers complex nature requires was found in Him. God was on his side working in his interest. God was all this to the believer if the believer entered into that covenant which meant the giving of himself to God.

Oh, how wonderful. That God would condescend to enter into such relationship with imperfect man. Yet all could, because of God's love, become truly His and enter into the closest relationship with Him.

At night the congregation was very good. We do not desire to be thought kickers but the condition of the lights for several Sunday nights led us to lay the matter before the light plant's administration. We hope as a result to have better lights from this time on.

The Sunday school had 116 in attendance. This was good and the school officers are led to feel that their efforts are being well repaid.

The most popular department and that which seems to be having the most additions at the present is the cradle roll. Last Saturday morning a fine new boy arrived in the home of Bro. and Sister Norwood. What an exhibition there will be at the cradle roll service when it is arranged for.

The Ladies aid have had a very busy ten days preparing for the entertainment given in the Opera House this week. It was a success in every way and the audiences were loud in their praises of the manager, Mr. Gray and all who so ably took part. If a good laugh is as good as medicine then the audience will save much more than the admission fee on doctor's bills.

The matter of entertainment opens up a much discussed question. Who shall provide the amusement center for the people of a community? Is it safe to leave it exclusively to the traveling opera companies? The town has had several uncanny doses of this sort of thing of late and we have noted with some degree of pleasure the action of the opera house management in promptly suppressing this kind of thing. Some more suppression might not be amiss. It does seem to us that the social center of the town should be prompted and controlled by the church element. We hope to say more on this line later.

Next Sunday morning the sermon will be on "Christian Fellowship." At night the service will be largely musical. Let the whole community realize that they will be welcome at all the services.

### Baker Onto His Job.

The Austin American, in reporting legislative activities for the extermination of prairie dogs and Jack rabbits in West Texas says:

Mr. Baker, of Scurry, who is rapidly establishing an enviable reputation as an orator, declared that the situation could in no way be considered parallel to that described in the poem, "You Have Got to Quit Kicking My Dog Around" for the people in West Texas desired to have their prairie dogs kicked even unto death, he said. He gave a very poetical description of West Texas "where the people in my country are raising three bales of cotton to every man, woman and child." We merely ask you to give us authority to compel non resident land owners to kill the prairie dogs and we are not asking for a single dollar of appropriation," he concluded.

Mr. Bryan emphasized the fact that it was useless for the people to try to kill the dogs unless everyone joined in the extermination. He explained that a few years ago an attempt was made to kill them, but a few people held out and the dogs soon multiplied until the people are helpless unless everyone can be compelled to kill all the dogs on their individual land. The bill passed to engrossment after two attempts had been made to amend it.

**EVER SALIVATED BY  
CALOMEL? HORRIBLE!**

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bone and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe. No. 10

Lubbock county has sued Hale county in the district court at Gail, Borden county, for a strip of land a mile wide across the southern border of the county, the same being about thirty miles of territory and including the town of Abernathy, Texas. Taxes collected by Hale county on this property for twenty years is also included in the suit. Lubbock county contends that the boundary line should be about one mile north of where it was established twenty or more years ago, and recently had a surveying party to run the line.

The case will be called at Gail, March 1 and Judge Lewis has called a special meeting of the Commissioners to be held next Monday to employ counsel to represent this county in the case.—Plainview News.

The coats are short and have fancy pockets, the skirts are wider and shorter and you will find them priced extremely low, \$12.50 to \$22.50. New spring coats are very pretty they come in black and white, sand white and fancy mixtures, prices from \$6.50 to \$17.50.

## Don't Forget that We Also Carry a Full Line of Staple and Fancy Groceries

If you haven't already tried our flour you should do so at once and besides we can save you from 5 to 25c a hundred on the same grade you buy elsewhere. You can find here fresh vegetables and fruits, bulk cooking oils, bulk pickles and the best steel cut coffee ever brought to Snyder.

## TO THE PUBLIC: We have decided to sell for CASH

and by so doing we can sell you dry goods and groceries cheaper than others do who do a credit business. When you trade with a cash house you do not pay the other man's bills. Yours for business,

### Little Signals

Plant trees—that's the slogan all over Texas.

Resurrect the city park spirit in Snyder—we'll need it this spring.

That "squib" pertaining to the Snyder public schools brought some answers.

Snyder is to have her regular nine months school session just like any other progressive city. See notice sent out by the school board.

The Western Union Telegraph of The Western Union Telegraph Co. is to reestablish an office up town. Strange how a few lines of spring poetry will bring 'em around.

Now is the time to press the petition asking for a flash light telephone system. The good Lord knows we need it.

Coming along—the sentiment in favor of curbing the court house square.

The "great white way" possibilities are drawing nearer and nearer to Snyder. Mr. Renken is beginning to hear from car loads of electric equipment enroute.

A systematic placement of electric lamp posts about the city would be a great beauty attraction.

The motor car from Snyder to Sweetwater is possible.

In some towns in Texas the people are given to know the salary paid the aldermen, but they do not all know that they are quietly relieved from payment of scavenger fees and street taxes. In such towns that own all the public utilities they probably get free water and lights. This practice it seems is in line with the Austin custom.

Maize is selling at Dalhart at \$19 a ton for shipment to Central Texas.

### WITH OUR EXCHANGES

The Austin American says that a boom has been started for our own John W. Woods, for Attorney General of Texas. When a man starts up the ladder, there is no telling how high he will climb—nor when he will miss his footing and fall. Politics is a fascinating but elusive game.—Roscoe Times.

Judge Woods knows the game and just now holds a pretty good hand. The people might do worse than to elevate the Fisher county man.

The Borden Citizen said the only bill the Commissioner's Court refused to approve at the recent session was filed by a citizen for \$285.90 for working a road that nobody traveled but himself. It's funny when the court or the federal government gets too stingy to assist a man in making a living.

The Jacksboro News came to us last week with a general writeup of the business interests of Jack county. It carried a number of creditable pictures of buildings and was printed in blue ink. Pictures of two local weather prophets were printed in the paper with the introduction that they have done perhaps more than any other two men to educate the people in the art of prevarication and wind jamming.

Ex-Gov. Colquitt says the people are his friends. Evidently he thinks that they will stand for a good deal from him else, he would not have bought \$67.50 worth of punch at one time and charged it up to them.—Dallas County Record.

The ex-Gov. probably endorses the definition of "A friend" as given recently by a little school girl: "A person who knows all about you and still likes you."

Our studies of anatomy are limited, but we know that if it is a man he has two legs and two arms; if a woman, she has four limbs.—Dallas News.

The last four words are ruled out because hearsay testimony doesn't go.

A mother can understand her baby several months before the baby itself has any idea what it is trying to say.—Claude Callan.  
Keep off of the grass or shuck your brogans before treading on sacred territory.

Profanity is the scum of sin rising from the heart to the lips.—Graham Leader.  
Filthy, sickening slime.

Every morning when we pick up one of our daily exchanges we look for the heading, "New President of Mexico."—Lynn County News.

It's safer to look for him in the headlines, than over there where the thing really happens.

Come to Texas and grow up with the price of wheat.—Dallas News.

Better bring rolls of cloth for you will not be able to buy breeches fast enough to meet your rapid growth.

In this year of our Lord, Christians are confronted with the responsibility of providing soup as well as salvation to the hungered and unemployed.—Coleman Democrat-Voice.

And the offering is accepted more readily.

### WEST TEXAS GETS RECOGNITION

After more than two years political hedging in the matter of redistricting the State of Texas the legislative committee without a dissenting vote have reported a bill and it passed with but little opposition. This new arrangement gives the state 18 congressional districts, giving the panhandle and West Texas the benefit of the two additional districts.

This begins to look like a more correct system of representation and recognizes the fact that the population of West Texas is what made the new districts possible.

### Among The Merchants

Mr. and Mrs. Orville Dodson of A. D. Dodson's Dry Goods and Millinery have returned home from the Eastern markets, where they have been for some time making spring and summer purchases and studying the season's styles. Watch the Signal for further announcements.

Mr. and Mrs. J. H. Sears returned Wednesday from the eastern markets and report a most enjoyable and successful stay in the big wholesale emporiums. Watch these columns for new arrivals in spring and summer merchandise.

F. V. Clark, druggist at the Owl Drug Store, while facing the stout wind Wednesday morning, advised the Signal man that "this is a distinctive western day." I readily agreed with him, not being familiar enough with the action of the weather in this section to argue the question. Anywly, it was a windy day.

The Snyder Signal is printing the menu-programs for the Lawyers Banquet which will be held at the Manhattan hotel Monday night, February 21st. It is a "peach."

E. C. (Uncle Charlie) Dodson of the Caton-Dodson Big Dry Goods Store ordered a little want adv. in the Signal to rent his farm. He had so many applicants that he sneaked out the back way and came in this office and proclaimed: "Take it out, I'm swamped."

The dress making parlors of the

Coates Mercantile Company are now open and ready for the season's business, under the supervision of Mrs. Rosa Coates, of Omaha.

Mr. E. E. Matthews has just returned from the eastern markets and announces that he has leased the E. F. Sears Dry Goods building on the East Side of the square and will, within the next ten days open an exclusive ladies store, carrying high grade lines of ladies and misses ready-to-wear dress goods, notions, staple goods and millinery. Mrs. Matthews will have charge of the millinery department which insures excellent service as she has unlimited experience in this line. Mr. Matthews is well known in Snyder, having been connected with the Townsend-Oldham Company for the past several months and he needs no introduction to our people. The name of the new store will be "Matthews, the Quality Store for Ladies." Watch the Signal for formal opening announcement next week.

Mr. Geo. Northcutt, the genial manager of the Townsend-Oldham Company, accompanied by Uncle Billie Northcutt, the flour man, are back from a trip east where they have been "plunging" in the mercantile centers and making spring and summer purchases for their extensive Snyder trade. Readers may expect announcements of unusual offerings in a few days.

J. M. Denson, of Denson & Smith, groceries, is an active member of the school board and is very much inter-

ested in getting "ways and means" for a nine months school, together with other members of that august body.

Messrs. Bib Alexander and Thel Browning have purchased the 160 farm of J. G. Landess, 12 miles north west of Snyder.

The opening of the Woodrow Hotel last Monday was a "howling" success and about three hundred guests participated in the affair. On account of delayed freights containing considerable furniture including the big cook range, regular service will not begin until tomorrow, according to cards distributed last Wednesday. The establishment has the appearance of a real city hotel.

Mrs. Z. E. Coates of the Coates Mercantile Company has returned from the eastern markets where she made extensive purchases for the coming season's trade. She returned by the way of Tennessee where she visited her daughter, Mrs. Welch, whom the Signal is pleased to note is rapidly regaining her health and expects soon to be permanently restored to good health.

Lon Smith, the new proprietor of the Palace Meat Market is remodeling the interior of that establishment wonderfully beautifying its appearance. Let the good work continue.

Mr. and Mrs. Joe Caton of the Caton-Dodson dry goods emporium are in the eastern markets making purchases in the fashion centers for the

spring and summer trade in this section. The results of their good judgment in selections will be announced in the Signal as the goods arrive and are placed on display.

The Signal learns that the O. L. Wilkinson Lumber Company has purchased the Burton-Lingo Lumber Co. and will probably consolidate the two business concerns. T. G. Deffebach, the local Burton-Lingo manager has not been advised as to where he will be sent, but it is understood that he will remain with that institution with headquarters at some other point, but will remain here sixty days to wind up the company's business. G. B. Clark will retain the local management of the combined business.

Mr. Cook, the efficient watchmaker at H. G. Towle's and Charlie Stinson left yesterday for a few days recreation trip to Colorado.

Messrs. Weninger & Son, grocers are making a run this week on soft wheat flour. See their adv. on last page of the Signal.

#### Church Reception.

At the Methodist Church Wednesday evening, Feb. 24 from 8 to 10 o'clock. The Committees on lay activities tender this reception to the entire membership of the church. There will be no admission fees, no collections taken, everything free. An excellent program and a royal good time is promised.

The committee has invited Rev. H. A. Boaz of Ft. Worth, Rev. J. T. Griswold of Sweetwater and Rev. J. W. Hunt, of Abilene to be on the program. Any one of these men will insure a good speech. Special music is promised. Refreshments will be served in the church basement.

The committee hopes to enlist the entire church in an organized way to more definite work in all the interests of the church and especially to better the spiritual and social interests of our membership.

#### COMMITTEE.

W. A. Watkins of Snyder, Mrs. W. A. Watkins of Seymour, Miss Lizzie Lee Watkins of the Plainview community and Dr. Griffin were guests at the Manhattan hotel last evening.

#### CITATION BY PUBLICATION

THE STATE OF TEXAS  
To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon Vol Hollingsworth by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the 15th day of March, A. D. 1915, then and there to answer a petition filed in said court on the 15th day of February A. D. 1915, in a suit numbered on the docket of said court No. 1788, wherein Willie Hollingsworth is plaintiff and Vol Hollingsworth is defendant. The nature of the plaintiffs demand being a suit for Divorce on the grounds of cruel treatment, of such a nature that renders their further living together as husband and wife insupportable, for the custody and control of their only child, etc.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this the 15th day of February A. D. 1915.

W. S. ADAMSON,

Clerk District Court, Scurry County Texas.
