The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LETTER FROM SAN FRANCISCO

Snyder Boy Writes of His Experience in the Naval Service

U. S. S. Maryland,
 San Francisco, Cal.

To the Editor of the Signal:
 I am a sailor boy on board the U. S. S. Maryland. I lived at Snyder, Texas for seven years and I would like very much to have you print this letter in your paper as I am well known in your town.

At the time I shipped in the navy I was living in Knox City picking cotton for a man named Snelson. I was in town one afternoon and meeting a friend we were talking of the navy and the next day we got a train at Munday, bound for Fort Worth and at 3 o'clock Monday evening I was a sailor boy. Since that time I have seen a large part of the Pacific coast from Kodiak, Alaska, to Manzanillo, Mexico. In the year 1913 we were in the navy yards at Mare Island; the first of 1914 taking on new guns, stores and coal then off for Japan, leaving the 10th day of January 1914, arriving at Honolulu the 18th day of January, getting liberty about 4 p. m. I must say that it is a nice place. Leaving there the 28th of January bound for Yokohama, Japan, arriving there the 9th of February, staying four days. Get under way for Frisco and we were at sea 18 days, arriving at San Francisco on March 2nd. Shortly after arriving in Frisco Bay we got an S. O. S. wireless signal and left Frisco in about one hour. It was March 5th and pay day, so you know it was hard for all of the boys to go. Arriving at Manzanillo Mexico, March 10th. Immediately on our arrival we put out in life boats to rescue some women and children who were on a mail boat that had run on the rocks off the beach at Manzanillo. Landing them safely on board we got under way for Guymas, putting them on board a U. S. Ship bound for San Diego, California and then we returned to Manzanillo, staying there four months, leaving in July for San Francisco; was six days at sea and since that time had target practice.

We are now in San Francisco taking in the Fair which is nice. I thank you one and all.

Yours,
 C. G. MOORE,
 San Francisco, Cal.

ONLY A DAD

Only a dad, with a tired face,
 Coming home from the daily race,
 Bringing little gold or fame
 To show how well he has played the game,
 But glad in his heart, that his own rejoice
 To see him come home and to hear his voice.

Only a dad, of a brood of four,
 One of ten million men or more;
 Plodding along in the daily strife,
 Bearing the whips and scorns of life
 With never a whimper of pain or hate
 For the sake of those who at home await.

Only a dad, neither rich nor proud,
 Merely one of the surging crowd,
 Toiling, striving, from day to day,
 Facing whatever may come his way;
 Silent whenever the harsh condemn,
 And bearing it all for the love of them.

Only a dad, but he gives his all
 To smooth the way for his children small,
 Doing with courage stern and grim,
 The deeds that his father did for him,
 This is the line that for him I pen,
 Only a dad, but the best of men.

The robber band who raided two banks at Stroud, Oklahoma are believed to have eluded their pursuers, except Henry Starr, the noted outlaw and a pal named Estes. These two were shot and captured. The rest of the gang barricaded in a ravine until Friday night and then slipped thru a guard of 700 men.

The submarine F4 is still at the bottom of the sea at Honolulu. The crew are evidently all dead. It is said that parts of the sunken boat have been brought to the surface. This indicates that the structure has gone to pieces.

Men Who Chew Are Men Who DO

THE men who built the Panama Canal—thousands of robust, clear thinking, quick-acting workmen, and hundreds of skilful, far-seeing engineers—made thinking easier and labor lighter by chewing tobacco while at work.

For many years men from other countries—non-tobacco chewing men—tried to build the Panama Canal. They couldn't stand the strain, their machines "fell down" at critical moments—their best attempts failed. Our American men tried—men who are "chewers and doers." They built the Panama Canal.

STAR is the leading brand of the World. A year's output would build a road of STAR plugs, 23 feet wide, along the entire route of the Panama Canal, and there would be over 200,000 one pound plugs left over!

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7000 Miles Service. Absolutely Punctureproof.

Double Service Tires are double the thickness of the best standard make tires.

This 100 p. c. greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European war service.

Our output is limited to a certain amount but for a short time we offer the following reduced special prices as an Introductory Offer.

Tires	Extra Heavy Tubes
28x3	\$ 7.25
30x3	8.60
30x3 1/2	10.85
31x3 1/2	11.40

35x5	24.40	6.35
36x5	25.10	6.55
37x5	26.30	6.60

All other sizes not included in above list also furnished. Non-skids at ten per cent additional.
 Terms: Payment with order at above special prices, a 10 p. c. discount allowed on orders for two or more tires. All personal checks must be certified.
 Try these tires and be convinced

of their very high qualities. Not sold through dealers.

WOMAN CONFESSES TO MURDER OF AGED HUSBAND

Early in March the Fort Worth papers reported the mysterious disappearance of Ed. Wilgowsky, a wealthy Polish farmer of Falls county who was said to have left Marlin to visit a daughter in Fort Worth. Investigation developed the fact that his people had not seen him in Fort Worth. It is said that he left home with \$600. He was about 65 years old and couldn't speak English very well and his people believed he had been entrapped and robbed—probably murdered for his money.

Later it has developed that he never left home for Fort Worth and that the foul play game was enacted within the precincts of his own home. The wife of the missing man is said to have confessed to killing her husband and burning the body.

The Star Telegram of March 30 contains the following:

"Search for Ed. Wilgowsky, a wealthy Polish land owner of Marlin

which was begun by his relatives here March 2nd after he had been missing two weeks, ended Monday morning with the confession of Mrs. Wilgowsky that she had killed the aged farmer at their home near Marlin, February 15.

According to the confession she disposed of the body by covering it with straw, pouring coal oil over the straw and then burying the remaining bones and ashes in pest holes.

Mrs. Wilgowsky was the second wife of the aged capitalist. She was Polish and was ten years his junior her age being 55. Before the marriage she was housekeeper for a priest at Marlin and according to her step daughter has considerable independent property. At the time of the marriage an instrument was drawn up by which the property of each was to remain separate. Mrs. Wilgowsky also has been married before and has a son and daughter.

Fred Grayum made a business trip to Dallas this week.

Died at Snyder Monday

Ennis Daily News: Mrs. Emma Ramsour, aged about forty four years wife of Vard Ramsour of Snyder, Texas, died at their home there Monday evening at 7:15 o'clock after a long illness and the remains were brought to Ennis on No. 82 today and taken in J. W. Neal's hearse to Bardwell where the funeral and burial took place this afternoon.

The funeral party consisted of the bereaved husband two daughters, Misses Lena and Ivy and son, Loy Ramsour, all of Snyder.

Deceased was a daughter of Mrs. N. V. Gilmore and a sister of Mrs. George T. Rhoades of near Ennis. She was a consistent member of the Methodist church. She was reared near Ennis but moved to Snyder about 20 years ago. Her husband is the superintendent of an oil mill and several gins there now.

The bereaved husband, children, mother and sister have the sincere sympathy of many friends in the loss of their loved one.

EVANGELISTIC WORK EFFECTIVE ELSEWHERE

Following compliment is paid Evangelist Hamilton, his wife and corps of helpers who are to conduct the Union Revival in Snyder during the coming month of June:

Cartersville, Missouri, Decemere 10, 1914

The Union Gospel Meetings entered into by all the churches of Cartersville, began here the 8th of October, with Evangelist Orville Edgar Hamilton and wife, pianist and Prof. Chas. Stewart and wife as singers.

This meeting was conducted in a large tabernacle erected on North Tennessee Avenue, having obtained permission from the city council to erect the building out in the street. The building seated 1500 people and it was crowded from the beginning to the close. There were 612 who took their stand for Christ and the Christian Life. Out of this number there were nearly three hundred men. Such a religious awakening has not been in the history of this city and was not surpassed by the great Sunday meetings held in Joplin a few years ago. The Hamiltons and Stewarts are by far the strongest team that ever visited this part of the State. The Bible Schools of all churches have been doubled and nearly all the converts have been added to the churches.

And before taking their leave, the evangelist lined up the converts and pledged them for some amount to be paid in weekly into the church where they joined. And by this means they increased the sum paid into the churches to about \$2500.00.

The Rev. Hamilton is a strong gospel preacher, does not resort to slang, but his language is chaste and strong and the greatest organizer I have ever seen in my ministry of over twenty years.

Fruit Not All Killed

Several times within the past week the temperature has snuggled down the tube to the neighborhood of the freezing point, then up again so that the people were made to feel like taking them off and donning lighter patterns and yet the belief is general that not near all of the fruit has been killed. Peach trees are still full of fresh vigorous looking blooms and there is renewed hope that Scurry county will have a good fruit crop. Plums have probably suffered more than peaches and apricots are thought to be knocked out—but the prospect for peaches and grapes is considered favorable.

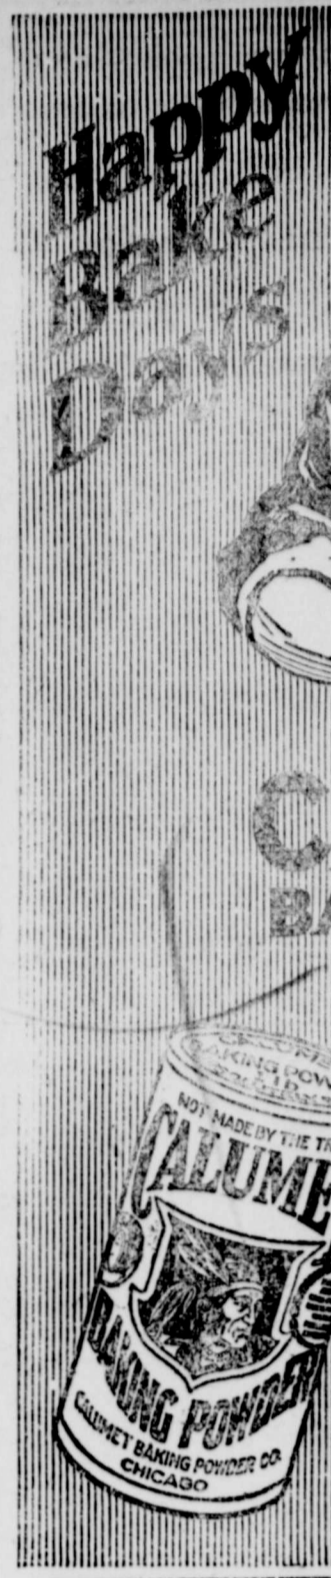

I have just received a car of new Fords and am busy unloading them. Plenty of coal on hand. Phone 154.

Letter from Mr. Huffman

To encourage the poultry business I wish you would make a call on everybody you see and solicit a small amount to be offered for the best display of chickens to be shown in the court house yard on the First Monday in May. There are some very fine chickens in the county and I would be glad to attend the show, but I have no chickens or eggs for sale. If you will collect a small amount in any line of goods and offer premiums I believe we can have a poultry show that will be a credit to Snyder.

CALUMET BAKING POWDER

The cook is happy, the other members of the family are happy—appetites sharpen, things brighten up generally. And Calumet Baking Powder is responsible for it all. For Calumet never fails. Its wonderful leavening qualities insure perfectly shortened, faultlessly raised bakings. Cannot be compared with other baking powders, which promise without performing. Even a beginner in cooking gets delightful results with this never-failing Calumet Baking Powder. Your grocer knows. Ask him.

RECEIVED HIGHEST AWARDS
 World's Pure Food Exposition, Chicago, Ill.
 Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

AN IMPORTANT SUGGESTION

To the Citizens of the 105th District: It is quite likely that Gov. Ferguson will submit to the special session of the 34th legislature the question of the modification or repeal of what is known as the "Robertson Insurance Law" along the lines as proposed by the Governor which is that the Foreign or out of State Insurance Companies be permitted to return to Texas to do business upon their agreeing to invest in "Texas Securities" during the next five years the sum of \$35,000,000 at a rate of interest to the companies not to exceed 6 per cent.

I should be pleased to hear from the citizens of the 105th District on this question as it is my desire to obey the wishes of the people when I can ascertain what are their wishes.

Please write me and see me in person if opportunity offers and be free to express yourself on this subject.

Sincerely yours,
 T. F. BAKER

AT THE METHODIST CHURCH

Sunday morning will be Easter service. Subject: "The Resurrection of the Dead." The choir will sing an Easter anthem "Christ is Risen."

Parents having infants to Christen will please have them present at the opening of the eleven o'clock service. Let all our people who have small children they have not dedicated to God in baptism avail themselves of this opportunity.

Sunday evening Dr. H. A. Boaz, President of the Texas Woman's College at Fort Worth will preach at 8 o'clock. There is a rare treat in store for everyone who comes. There will also be special music by the male quartette.

Don't fail to be at prayer meeting. Everybody should attend. You need the help you get and the prayer meeting needs you.

The people of Snyder are said to be above the average to attend church, and yet two thirds, if not three-fourths of the people in this town do not attend church. There is an indifference upon the part of many about going to church. A lack of loyalty upon the part of others. Many take the Sabbath as a day of recreation, some make it a day of business, some use it to visit, thus absenting themselves from church, and perhaps keep others away. Oh, how much easier it is to preach to one in their pew than to preach to the empty pew. Don't stay away from church because you may not be able to dress as somebody else. The church is no place for dress parade, it is a place for worship. If you are thinking about what you or anyone else has on you are not worshipping God, but dress or fashion. Come whether you have your Easter bonnet or not. Throw your false pride to the wind and overcome such notions as "If I can't dress like other people I won't go." Suppose some fool should make the remark that you are not as welcome as they and perhaps better fitted to worship God than if you were all rigged out and thinking all the while about your fine rigging. I long to see the time when fine dress will be recognized out of place in the church, but when everybody will so dress that the poor will not have any embarrassment or excuse for not coming to church. Church is no place for display and while one may be well dressed and be humble and not above others, yet the best way to prove our love for those who are less fortunate and the best way to help them is to put ourselves down where they will not be embarrassed in our presence. Many poor people have pride left them, if nothing else (though it is false pride, it is wrong) but they have it nevertheless, and we have to so conduct ourselves as not to be a stumbling block in the way of any. Save your fine clothes for somewhere else, other than the church. Perhaps someone who reads this will say I had not thought of it that way. Perhaps not, but now you are reminded of it. What are you going to do about it. Some will say, well if we don't wear our fine clothes to church, where can we wear them. There is no place else to go to. Well, take care of them, put them on and look at yourself in the glass, prance around in the yard a little while, then go lay them away and keep them until you do have a chance to wear them where it will be suitable. Some will say, "Well I don't care, I'm going to wear what I please". Of course you will and if anybody is kept away from church on your account of course you don't care. What you need is more religion, if you have any, or to be placed in the place of God's poor who are caused to stumble over such as you. Oh, we need the mind of Christ in these things as well as others to observe the Golden rule, Do unto others as we would they should do unto us. We should all line up so as to make it easier for everybody who knows us to live right, and not make it harder. Lets turn over a new leaf now. What do you say?

PASTOR

FIRST CHRISTIAN CHURCH NOTES

We are closing the first quarter of the new year. A review of the three months work shows every department in fine condition.

The Bible School has more than maintained itself during the trying months of the winter when weather conditions are so apt to interfere with the attendance. The average for the

three months is about one hundred. Supt. Leftwich and his efficient staff of teachers are to be congratulated on the fine work done.

The Ladies' Aid have kept up their weekly meetings and the ladies have shown keen interest in all that pertains to the church. It would be a difficult matter for the church to get along without such a splendid working band as makes up the membership of the Aid.

The average attendance of church members throughout the State is 40 per cent. During the quarter over 50 per cent of the members of our church have been in regular attendance, of which fact we are proud. Of course there is room for improvement and we hope that during the next quarter we shall have a much larger attendance. The weather will be more conducive to outdoor exercise.

The regular monthly social and business meeting of the Adelpia Class has been held each month at the homes of the members. The teacher, Geo. W. Brown, finds in this meeting one method of maintaining the interest in his class. It is a fine idea and other classes might follow the example with profit.

The official board have met each month of the quarter for the transaction of business.

Last Sunday was a helpful day. All the services were well attended.

The event of the day was the visit of a delegation from the Colorado church to conduct a service in the interest of the work of the Christian Womens Board of Missions. The visitors were Mesdames N. C. Cheney, Beckner, Ed. Jones, J. E. Pond, H. B. Broadus, Leslie Crowder, W. W. Porter; Messrs Crowder, J. E. Stowe, N. C. Cheney and Ed. Jones. The party came in cars owned by Messrs. Stowe and Jones. The meeting was presided over by Mrs. Broadus who gave a very interesting outline of the C. W. B. M. work. A local auxiliary was organized with fourteen members. Mrs. Geo. W. Harris was elected president, Mrs. J. E. McConnell, secretary; Mrs. J. J. Hunter, treasurer. The Missionary organization will be very helpful to the church and we look forward to many inspiring meetings.

Next Sunday will begin a church attendance campaign which will last through to the end of May. Easter

Sunday will be homecoming day. Every member of the church should be present and have a share in the service. The morning will be given over to the young people who will present an appeal on behalf of the work of the National Benevolent Association. It will be a great service.

The official board will meet at 2.30 in the afternoon.

At night, the fourth illustrated sermon of the series entitled "Starlight and Sunshine in Revelation" will be given. "Nation Builders" will be the theme and will take the listeners through the period from Samson to Solomon. The attendance at these services has been very gratifying and many have expressed themselves as highly pleased with the helpfulness of the service.

The Sunday School Contest which was to have begun next Sunday with the Big Springs Sunday School will be deferred for a few weeks on account of an epidemic of contagious disease at Big Springs which will interfere with the attendance at that place. The contest will begin as soon as that condition clears up. We hope it will not be long.

The Prayer Meeting on Wednesday night was inspiring. Tilmon Perkins led and gave a fine address on "The Courage of Jesus." There were 31 present and for the kind of night, cold, rain and sleet this was excellent. The contest is proving a help to us and the "provoking to good work" is having the desired effect. There is no question but that we are now in the lead.

Keeping Up the Service

The European war brought to our attention with very great force the dependence which modern industry places upon the complete and continuous transportation service. Let something happen to disturb the action of transportation facilities and the whole machinery of modern commerce slows up.

In this country the railroad systems are the arteries of the commerce system, and the service rendered by them is so important that any difficulty is speedily felt by everybody. All materials which enter into the running of the railroad must be carefully selected for quality and service in order to avoid disastrous interruptions.

TEXACO QUALITY AND SERVICE have made themselves felt in keeping up the railroad service. On the books of The Texas Company as customers are almost all the railroads of any importance in all parts of the country—using "Made in Texas" Texaco Products because of the quality which insures the reduction of operating difficulties and the prompt service which insures supply.

The same quality and service which have induced these immense transportation systems, with their difficult requirements, to use Texaco Products are to be secured by you.

Call up the nearest agent. He will be delighted to serve you.

There is a fresh wave of railroad prospect in Snyder this week and it is said the tip has snap to it.

State Comptroller Terrell says many saloon men in Texas have sold their permits or allowed them to expire. They write him that the saloon business is no longer profitable. It goes as well proved that liquor selling will stop when people quit buying the stuff.

The Missouri legislature adjourned and left a lot of clerks to finish up the clerical work. In a few days it was discovered that no money had been appropriated to pay for the work and a lot of patriotic clerks went on a strike.

The people of West Texas want more railroads and are therefore willing for the raise in freight rates asked by the roads. The Chamber of Commerce at Sweetwater has sent a petition to the Rail Road Commission asking that body to grant the requested increase.

Green are in position to size up his practical knowledge of cotton and of business generally. Mr. Green owes his prominence to the fact that his rich mother has supplied him with all the money he wanted.

LITTLE SIGNALS

Land in Scurry county could be made to produce \$500 an acre per year, either in broom corn, sorghum or tomatoes. If we had a syrup mill, a broom factory or a canning factory. Why not agitate the establishment of all three of these industries.

Only a few days until city election day. Who is your alderman, who will be after the election and why?

Don't seem to be much excitement in Snyder politics.

Saturday at noon will be your last chance to get on the city election ticket. You'll have to hurry.

There are three hotels in Snyder and no prospects of an early banquet. Let us have a "get-together" meeting of some kind and organize a Chamber of Commerce in the metropolis of the golden west.

Some may think the chance has "slipped by" for the West Texas Normal in Snyder—but it hasn't. Open your eyes.

Indications are good for an up-town telegraph office.

The fruit crop is safe in Western Texas. Now for canning factories.

Coming—the pool hall election.

Also coming—the revival meeting.

Almost here—a cotton compress. Hurrah for Snyder.

How is this for swiped poetry:

They took a little hustle
And they took a little grit,
A little optimism
And some git up and git,
A little thought and patience,
A little effort, too,
A little get-together,
A little wit to do.

They took some perseverance
And some persistency,
Some firm determination,
Some real consistency,
Tenacity and courage
They added to the rest;
A little public spirit,
Some nerve to stand the test.

A little unremitting,
Unswerving confidence;
A little plucky plodding,
A bit of good horse sense;
A little careful planning,
A little civic pride.
They said: "We'll build a city
Where this old town has died."

They organized their forces,
Put everyone to work,
They pushed the live ones forward
Ignoring those that shirk,
They got a lot of members,
The kind that work and pay,
And they built a thriving city,
That is growing day by day.

THOSE FOREIGN INSURANCE COMPANIES

Representative Baker is asking his constituents for an expression on the proposed repeal of the Robertson Insurance Law.

The Signal doesn't believe it right to let foreign insurance companies dictate the terms upon which they may come back. They withdrew from the State voluntarily—in fact went away huffy, because Texas proposed to require investment here of a certain per cent of their earnings. Texas people promptly stepped into their places and the people of Texas have not suffered from inadequate life insurance privileges.

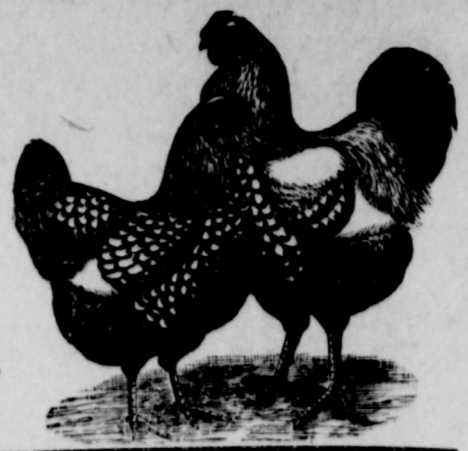

Those foreign companies have continued their insurance in force and have been collecting premiums and they should be required to stand on the same footing with companies that remained here.

Texas cannot afford to barter her dignity for seven million dollars a year, however much we may need the money. Of course we need foreign money, but in this case it seems that their proposition doesn't insure us to get it. It is said that the \$35,000,000 they agree to invest here in five years they expect to get from their Texas business. If that is true, then Texas has gained nothing. If they want to come back they should come with a clean record.

It is said that 11,000 German soldiers have been killed in the trenches at Charbourne within the past twenty days. The toll of war is a terrible tax on the young manhood of any country.

FARM LOANS AND RURAL CREDIT

Texas Farm & Ranch: The rural credit law recently passed by the Oklahoma legislature has been signed by Governor Williams and will now become a law. The bill makes a portion of the school fund of the state amounting to about seven million dollars available for farm loans which may be paid on the amortization plan at very reasonable rates of interest.

It is believed that the new law will give many homeless men a chance to become home owners and enable many who own land to provide permanent improvements for livestock and for comfortable living.

Instead of trying to fix the rental at one-third of the grain and one-fourth of the cotton, the Texas Legislature might give the farmers of the State a rural credit law similar to that of Oklahoma. A law limiting the rent of the land, if it can be made effective would injure the tenant more than the landowner, for no law can force the land owner to rent his land. He can operate his farm with hired help or he can devote a large portion of it to pasture. The homeless tenant is the man who would suffer in such legislation.

The Farm and Ranch suggestion sounds good, but it is too late now. Tom Ball went over the state proposing to loan a part of the permanent school fund to citizens with which to buy homes but the people turned him down and cried for a law to keep landlords from grafting on tenants. There are several thousand worthy citizens who would gladly borrow from the school fund to buy homes while comparatively few have ever had to pay more than the third and fourth in rents, but the people voted for the tenant plank in preference to the farm loan plank and like the child who cried for the wasp, "Now we have it." Of course, as the Farm & Ranch says, the land owner can refuse to rent his farm if he wants to and can work it with hired labor and the homeless tenant may be left to move with his family to where they can buy a home on the credit of his energy and good name.

Did you ever attend a funeral and wonder what the preacher will say when you will be the subject of his remarks? Will he say you were a just, upright man, kind and considerate to your family, a good neighbor and loyal friend, true to every trust placed on you by God and man? And if he does say it, what will be the thoughts of those of the congregation who knew you best?—Rotan Advance.

There will be both kinds. Some will say the preacher was generous. Some will feel surprised to note how many nice things he will say about you and wonder how he so nicely gets around the facts in the case.

The regular session of the 34th legislature goes into history as the most harmonious, most sane and most satisfactory that Texas has had in many years. Fewer bills were passed and more bad propositions were killed than usual and the people generally are pleased.

The city election is on. There are no issues at stake, but every citizen ought to take enough interest in city affairs to vote for men who will make good, reliable aldermen.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States for the Northern District of Texas.

In the matter of William Byrd Vaughan, Bankrupt, No 412 in Bankruptcy.

OFFICE OF REFEREE
Abilene, Texas, March 30, 1915.
Notice is hereby given that William Byrd Vaughan of the County of Scurry, and the District aforesaid, did on the 30th day March, 1915, file in the Clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the Act of Congress approved July 1, 1898; that he has duly surrendered all his property and

rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim and other parties in interest, if they desire to oppose the discharge prayed for in said petition shall on or before the 1st day of May, 1915 file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

WOULD FORCE BIG LAND OWNERS TO DISGORGE

Dallas county has a law maker. He has been going to Austin for several years by the grace of his democratic fellow citizens and has been studying economic questions from patriotic and reputation building view points.

He has seen the looming up of the land problem and the tenant question and has come to a conclusion that the big, bloated land owners, are responsible for so many people not owning homes and it is said that he has about determined to make them give up some of their big tracts they are holding for speculation.

The Fort Worth Record tells us that this progressive law maker has a scheme that he thinks will work and that scheme is one that we have been hearing about for several years, but not from democratic statesmen. According to the Record this man would say to a landless man, "You go out yonder and pick out a farm

anywhere in that big tract of land go into court and file a condemnation suit against the owner, pledging that you will pay for the land a price equal to his rendition price for taxes and then you can have six months in which to perfect your suit and get the money to redeem your pledge." The cost of the proceedings will be taxed against the defendant. This doctrine of forcing the fellow who has accumulated property to divide up is not new, but it was hardly expected that a time tried Democrat would pose as an advocate.

The man who owns vast bodies of land, holding for high prices may be and doubtless is, retarding development of the country, but under our system of government he has a legal right to hold it and any attempt to confiscate it is a direct assault on American independence.

Let the State's taxing power be

exercised. Let the tax laws we now have be enforced and may be he will see it to his interest to dispossess himself and put his lands on the market voluntarily, at prices that are reasonable.

The law now says he must render his land for taxation at its full value. He holds it for sale at \$20 to \$30 an acre, but renders it for taxes at one-fourth or one-third that value.

If the owner of a quarter section must render his land at full value, then certainly the owner of twenty sections should do the same.

If this law were enforced there would soon be a lot of land owners looking out for opportunity to sell off some of their holdings without waiting for condemnation suits.

AMONG THE MERCHANTS

The Woodrow House has reopened under the management of W. M. Davidson and J. R. Burditt. It will be run as a \$1.50 a day house, thus giving a reasonable transient rate to the general public. See their advertisement in this issue of the Signal.

Mrs. Fay Baze advises the Signal that she has purchased the building next to the Manhattan hotel and will make it the home of the Gem Theatre.

Messrs. R. H. Curnutte, O. P. Thrane and E. J. Anderson took Tuesday and appropriated the time to collect the compress assessment. They were very successful and the establishment of this enterprise is assured.

J. C. Dawson the Fuel and Ford man announces the arrival of another full car of cars. He is as busy as a cranberry merchant this week unloading them and passing them out to purchasers.

The handsome new menus for the Palm Cafe were printed by the Signal's job printing department.

A. D. Dodson's Dry Goods store is having a nice roomy office built in the rear of their store.

B. L. Higgins and Mr. Camp of Cleburne are here selling lightning rods to the people.

All Snyder merchants report an excellent trade this week.

Signal readers will note that No. 2503 which has been running in the columns of the paper means a Famous

Blue Serge Suit for \$15 at Caton-Dodson's Big Store.

Note the change in Fellmy's space in the house page. The name has been changed from the Economy to the Model Tailors. Fellmy is still offering a Palm Beach suit free.

Nothing Excels

The high grade of fruit, canned goods and groceries now in stock. All lines are pure and fresh. No shelf worn or out of date merchandise offered as my store is new, my goods are new and it will make you feel like a new person to use the best the market affords. Remember next door to the postoffice.

RELIA WILMETH

C. T. Jones, of Sharon came in last week with his entire cotton crop, 21 bales which he sold at 8 1/4 cents. It paid him to hold his stuff.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible

You're bilious, sluggish, constipated and believe you need vile dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50c bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel, and without griping or making you sick I want you to go back in the store and get your money. Take Colomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to the children any time. It can't salivate you, so let them eat anything afterwards.

Banking Hours

Effective April 1st and continuing until October 1, 1915 all the banks of Snyder will close at 3 o'clock p. m.

It was held today by the attorney general's department, in an opinion to the county attorney of San Saba county, that the sheriff has care and control of the court house and the official bond of the sheriff shall include performance of his duties as custodian of the court house. The commissioners court cannot prohibit the sheriff from having charge and control of the courthouse, but can only regulate same.

The assurance of factory activities all over the country along with reports of vast sums of money coming to the country from Europe, tend to awaken the business pulse even in the smaller towns of the country.

Mr. T. P. Martin, of Route 3 called in Saturday and moved his Signal date up a notch. He has been one of our family for seven years and therefore he always knows what it going on in the county.

Mrs. Leroy Johnson, of Sweetwater came in Monday for a visit to her father Mr. T. T. Smith. Mr. Johnson came with her but remained for only a short time.

See Hardy M. Boyd for Abstracts. Office over First State Bank.

Mr. J. B. Bley one of the successful farmers of the Fluvanna country was here Monday and substantially remembered the Signal.

Notice to the Public

I have engaged in the real estate business in Snyder, having opened offices upstairs in the Fullilove building north side of the square, and I would be very glad indeed to have you list your property with me, whether it be Farms, Ranches, Town Property, Merchandise or Live Stock, if you have any such property for sale or exchange.

I am going to devote considerable time and energy to this business and to Insurance. If your property is meritorious I will push it and advertise it extensively, and if a sale or exchange can be effected I believe I can do it for you.

I would very much appreciate a call from you at an early date, and would like to have a chance to handle your property. Satisfactory references given, if required.

J. B. PICKLE, Snyder, Texas.

Rooms 4 and 5, Fullilove Building, Over Owl Drug Store, North Side Square.

Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of Tartar, derived from grapes,
- (2) Alum, a mineral acid, and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities as exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural element of food.

Phosphate of Lime is made by burning bones or by burning bones which by chemical action are changed into a white powder. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the ingredients printed on the label and know what she is using.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.
