TWENTY-EIGHTH YEAR

SNYDER, SCURRY COUNTY, TEXAS, FRIDAY, MAY 28, 1915.

NUMBER FIFTY

UNION MEETING BEGINS SUNDAY

ALL ROADS LEAD TO THE BIG CITY PARK AUDITORIUM IN SNYDER

Rev. O. E. Hamilton

The working forces for the great union meeting are arriving.

Mr. and Mrs. O. M. Walker, of Muncie, Indiana, came in on Wednesday and at night met the choirs of the town for the first rehearsal.

Mr. Walker and his wife are experts and impressed themselves on all present as being eminently fitted to lead the greatest choir Snyder has ever had. Mrs. Walker will be the pianist and together with Mr. Walker will draw out all the musical talent vocal and instrumental that Snyder can produce.

Personal invitations have been sent out to over two hundred vocalists and instrumentalists in the city and it is believed that the majority will readily respond.

Miss Durfee, Bible instructor for the young people and soloist will arrive on Friday and Mr. Hamilton will reach Snyder on Saturday.

Prof. O. M. Walker
Choir Leader

Everything is in readiness for the great Soul Saving campaign and every Christian in the city should unite to bring under the influence of the gospel all who are in the city and country.

Sunday will be a great day. The regular Sunday Schools will be held in each of the churches and then all will assemble in the Auditorium to hear Mr. Hamilton. It will be advisable for all to be in the auditorium by 10:50 so that there be as little confusion as possible after the service begins.

"Snyder for Christ" is the slogan.

Fugitive Found in Barn

A brace of officers from Colorado came to Snyder Wednesday in search of a white man from Westbrook charged with rape. They laid their case before Sheriff W. A. Merrell and he soon had struck a warm trail and the man was found hiding in a pile of hay in a barn.

Whenever a fugitive from the law comes into Scurry county, he is apt to be caught for Wils Merrell knows more ways than a Pinkerton detective to find a fellow's tracks and location.

The Mitchell county officers took their man back with them.

Master George Johnson, left Monday for Tyler, Texas, to spend the summer with relatives.

ELECTRIC MACHINERY HAS ARRIVED

SNYDER WILL HAVE ONE OF THE MOST MODERN ELECTRIC PLANTS IN THE STATE

The big Deisel engine and the new electrical machinery has at last arrived and Manager Renken of the Snyder Ice and Electric Company has a force of men working night and day installing the new fixtures.

In an interview with Mr. Renken this week, he said that Snyder will have one of the most modern electric lighting plants for its size in the State of Texas or anywhere as for that matter. The big Deisel mogul engine is of the most modern type and will pull two hundred and fifty horse power. The new generator is also of the most modern make and of sufficient power to take care of a city much larger than Snyder.

Mr. Renken has thoroughly rebuilt his ice manufacturing plant and that department is in first class condition.

In answer to the direct question put to Mr. Renken by this reporter, as to what time he hoped to be able to light the town he said: "Well, I'll tell you, not under ten days and possibly two weeks, but I'm going to put it in as it should be if it takes a month."

The citizenship, of Snyder appreciate Mr. Renken's efforts to give us the best that can be given.

The business men of the South Side have instructed Mr. Renken to install a "white way" on their side of town and the Signal congratulates them. All progressive towns are brilliantly lighted and in talking with numbers of citizens of these cities they, without exception, stated that their well lighted streets have been the means of a tremendous increase in business.

Sheriff Got His Man

Sheriff W. A. Merrell returned from Dallas last Friday morning with the man he went after, A. J. McDowell, formerly a real estate man here.

McDowell had been indicted here quite awhile ago charged with swindling. It is learned that he gave a check to a business firm here and didn't have the money on deposit to meet it, hence the charge.

The sheriff located his man recently and went after him. It is understood that other sheriffs wanted him and Mr. Merrell waited for a decision as to first claim. The accused man made bond in \$250 soon after reaching here and was set at liberty.

The Rain

Rains fell here with approved regularity up to May 9th. Since that time the weather has been warm. Planting and cultivating has been rushed. Some farmers have reported that the ground has dried so fast that the crops have not come up as well as had been expected. Many others report good stands of everything and cotton and feed stuff growing nicely.

In studying weather forecasts, the same prognostic who so aptly predicted the rains and snows for 1914, we find this paragraph for May 1915 after noting the dry warm weather following May 10, it says: May 28th to 31st—rainy spell. General rains over Texas, Louisiana, Oklahoma, Arkansas and Missouri. Temperature for the month above general average. Rainfall above the average from Texas and Louisiana northward to the great lakes.

Rain fell here Tuesday night to the great joy of the people. The fall here amounted to .62 of an inch. There was considerable hail, though not enough to do any damage.

The cloud gathered to the southwest and a good rain is reported between Ira and Dunn. It was light in the Bethel and Union country west of Snyder. Very light about Hermitage. Probably none at Camp Springs. Fair rain as far east as the Plainview vicinity. Pretty good on Ennis Creek, but Mr. McMullan reports that his farm fifteen miles to the northeast didn't get a drop.

It is reported that the Fluvanna country got a good down pour.

SNYDER BEAUTIFUL IS THE SLOGAN

PROSPERITY WARRANTS EXPENDITURE OF TIME AND MONEY IN CIVIC WORK

There is everything here now to inspire the people with confidence in the future permanent prosperity of Snyder and Scurry county.

Crop conditions are good and business is improving along all lines. New buildings are going up and others are in contemplation. Carpenters, mechanics and masons have come back to Snyder to help roll the ball.

There is a great demand for good, convenient residence property.

Prospectors are numerous and a great many of them will want to buy homes and locate here because of our fine climate, fertile soil and the splendid character of our social surroundings.

Now let us hope that all our people will be city builders. Let every home owner add something to make his place more attractive. A few miles of concrete sidewalk would add to the solid beauty and lasting comfort of the city.

There are two corners of the public square that need crossings. Col. Wilmeth has almost promised to build walks around his block from the post office corner to the Faught street bridge.

The Altruistic ladies are apt to urge the building of a sidewalk from the square to the Santa Fe depot. A walk from the Southeast corner of the square to the R. S. & P. depot would come in fine and also one from the Faught street bridge along side of the City Park Auditorium to the Christian church and then again along the north and east sides of the Methodist church and then while we are at it we might induce the Commissioners' Court and the City Council to build a concrete or asphalt walk entirely around the court house yard and plant a row of trees on the outer edge, thus making our already beautiful court Square even more attractive. That, of course would call for a market square, hitching conveniences and trading ground on a side street, but don't you know that ought to be provided any how. Why not have these nice things while we live and not wait for our children to provide them, or do without them, as we are doing.

A liberal exercise of civic pride along these lines will make us like ourselves better and will cause others to want to come to Snyder to live.

Splendid Social Event.

Mr. Rob Strayhorn was host on last Friday evening at the elegant home of Mr. and Mrs. J. H. Galloway in Colonial Heights, to a party of nearly 200 young people.

The party was given in honor of the school teachers, some of whom were about to go away for the summer.

The guests were met at the gate by Miss Alice Grayum and Mrs. Galloway and ushered to the festive grounds where pleasant welcome was extended by the gallant young host and a number of marriageable assistants.

The way was pointed to the refreshment booth where cups were distributed about a barrel of lemonade on tap.

Thus initiated the company were given free range to enjoy the occasion ad libitum. All sorts of funny games were indulged including "42," "snap" and other royal amusements, and some cases were noticed where serious subjects were under consideration by crowds of two. It was a time for profound thought and for explicit understanding, for young ladies were going to be away for some months and things must be said that would bear the test of long separation.

It was an event of great enjoyment to all present and the guests will long remember the gallantry of the host and the hospitality of Mr. and Mrs. Galloway.

Miss Marie Kerr has returned from Weatherford where she has been attending school.

COMMENCEMENT SERMON SUNDAY

DR. KERSHNER DELIVERED MAGNIFICENT ADDRESS TO IMMENSE CONGREGATION

It is estimated that fifteen hundred people assembled last Sunday at the City Park Auditorium to hear the baccalaureate sermon for the Snyder High School, by Dr. F. D. Kershner of the Texas Christian University of Fort Worth.

The people feel justly proud of the Snyder School and were glad of the opportunity to hear this discourse. Dr. Kershner is one of the leading educators of the State and his sermon gave eminent satisfaction to the great congregation.

The Seniors in cap and gown occupied a reserved section at the auditorium and a large choir, made up of singers from all the churches in the city rendered familiar songs.

The sermon was along lines calculated to inspire the class and all others with nobler purposes and renewed determination to strive for the higher ideals in life.

MUSIC AND READINGS

Public Recitals by Piano and Expression Pupils

Lovers of music were given two especial treats last week in the way of piano recitals given at the Methodist church by pupils of Mrs. Edwin Bruce Barnes' music school assisted by pupils of Mrs. Hutcheson's school of Expression.

On Friday afternoon the Junior pupils rendered the following program:

Chorus—Secret Wishes—Class.

The pupils acquitted themselves nicely with marked credit to themselves and their teachers.

AUDITORIUM PRESENTED TO CITY

SNYDER CONCERT BAND ENTERAINED—MANY GOOD IMPROMPTU TALKS

Last Saturday evening quite a crowd assembled at the City Park Auditorium where a most delightful program was rendered by the Snyder Concert Band, interspersed by addresses by local citizens.

Upon request J. P. Chambless of the Signal acted as master of ceremonies and with the authority of the soliciting and building committees, was delegated to turn the completed structure over to the city authorities. This was the first on the program and Mayor Noble appeared and delivered a most grateful and elaborate speech of acceptance.

Other appropriate and appreciated talks were made by Judge Fritz R. Smith, Judge A. C. Wilmet, Judge James L. Spiller and Judge Cullen C. Higgins, the latter concluding with many complimentary references to Snyder's excellent band, suggesting that they should be presented with new uniforms and an open band stand on the square. He appointed Messrs Fritz R. Smith and C. C. Anderson as a committee to raise the required amount to supply these essentials.

Rev. Wm. Pearn followed these gentlemen with a most cordial announcement of the coming Union Revival and invited the band boys to take part in the large revival choir with their musical instruments.

The people of Scurry county are proud of the band and of the concert given on this occasion and the Signal bespeaks a liberal response to the call for funds to improve the equipment.

The City Park Auditorium is a credit to a city of 25,000 population and if the citizens ever accomplished a more popular undertaking than the erection of this structure, no one has intimated it.

Both Dr. Kershner of Fort Worth and Dr. Sandifer of Abilene took occasion to especially mention it and highly complimented the promoters of the same.

The protracted meeting song service is being held at the auditorium each night and Evangelist Hamilton will be here tomorrow.

YOUNG MAN MAKES A GOOD SCHOOL RECORD

Master J. P. Strayhorn

About a year ago the Signal published this picture of Master J. P. Strayhorn together with a statement of his school record. He is eleven years old, has attended the Snyder school ever since he was old enough to go to school, has never missed a day or been tardy. He has made a good grade every year and his regular promotion came this year passing him to the 7th grade. He made a good grade in his studies and a splendid percentage in deportment. He goes about his studies in an earnest, business like way and is always there with his part of the games on the campus.

When vacation time comes he is ready to go with the other boys to the harvest field or any other work and he always delivers the goods.

MR. BLACK ENTERTAINS GRADUATES

SMITH'S PARLOR OF DAINTIES SCENE OF MOST ENJOYABLE OCCASION

Following the Commencement exercises at the City Park Auditorium Monday night, Prof. B. D. Black complimented the twenty-nine graduates, Dr. Sandifer and a few chosen friends with refreshments in the private parlors of Smith Brothers confectionery, in the Manhattan hotel block.

The program consisted of band music and a delightful ice course, including Banana Split, Nut Cream and frozen Grape Juice.

The occasion being an agreeable surprise to the participants, was greatly enjoyed by all. Dr. Sandifer delivered a most interesting lecture and a vote of thanks was extended to big-hearted Mr. Black.

The Smith boys have an agreeable place for such entertainments and can deliver the goods on short notice, as was demonstrated on this particular enjoyable occasion.

REV. M. T. TUCKER TENDERS RESIGNATION

Rev. M. T. Tucker, the popular and much loved pastor of the First Baptist Church in Snyder was at home to fill his pulpit last Sunday night and at the opening of the service he tendered to the church his resignation as pastor, to take effect August 1st.

It was not generally known that he was contemplating this step and it came as a sad surprise to the people.

Brother Tucker is a deeply consecrated Christian gentleman, a good preacher, a faithful pastor and holds the affections of his congregation. He has done a good work in Snyder. The church has been built up and strengthened under his ministry and he is held in high regard by all our people.

Attended District Conference

Pastor J. E. Stephens of the Methodist church was at Blackwell the latter part of last week attending the annual meeting of the District Conference. He reports a very interesting session. The Conference voted to meet next spring at Fluvanna.

ALDERMAN S. R. FICKAS MAKES AUTO TRIP

Alderman S. R. Fickas and wife went to Abilene several days ago to visit the wife of their son, W. R. Fickas, of Memphis, Texas, who was operated on at the sanitarium. The patient is reported convalescent. Little Miss Verlie came home with her grand parents to visit. Returning from Abilene Mr. and Mrs. Fickas in their car, came by way of Anson, Hamlin, Rotan, Camp Springs and on to Snyder. Many places seemed to be in need of rain. The Hamlin and Rotan communities were suffering most. The crops in Scurry and Jones counties are more advanced than other places and much more productive. Mr. Fickas says the grain is about ready for harvest and is very fine. The cotton creage will be fully up to the standard and much of it is yet to be planted. He was quite enthusiastic over Scurry county's prospects.

End of Mexican Romance

Deputy Sheriff Sam Stevens went to Amarillo a few days ago on trail of a Mexican charged with eloping with a young Mexican girl. He found the couple in the Panhandle metropolis apparently happy. He got back here Friday with the runaway pair. The man was lodged in jail and the girl was restored to the charge of her mother.

Mr. J. W. Massey informs the Signal that a few nights ago he found a negro sleeping or hiding in his barn. He shut the door and went to telephone for an officer. When he went back the negro had gone out through a hole and had absconded, leaving a bicycle which was afterward claimed by another party.

"STAR—The Pocket-Piece of Geniality"

Men Who Chew Are Men Who DO

ACTION, ACTION, ACTION is the demand of the
"movie public" and the problem of the "movie
maker." When snapping a big battle; staging a corona-
tion or picturing the "wild west"—these action-makers
relieve the "tension" with a good chew of STAR.

Here's what you get when you take the STAR "tip" from
these seasoned chewers:

A thick plug, which means that you get more of the mellow
chewing leaf and that a STAR plug won't dry out like a
thin plug.

A plug that never varies in quality and one that weighs 16

BARNES LOSES SUIT AGAINST ROOSEVELT

William Barnes was a political boss in New York. Theodore Roosevelt was publisher of a political magazine. Barnes is an old line Republican. Roosevelt has seceded from his old party and had a party of his own—or thought he had.

He used the pages of his magazine to tell about the rottenness in Republican machinations and said a lot of hard things against Barnes accusing him of unholy and scandalous conduct. Barnes proceeded to sue the ex-President and magazine publisher for libel, defamation of character and ruin of his moral standing.

The trial was had at Syracuse, New York. It consumed seven weeks and closed last Saturday with a jury verdict for the defendant.

It is said that the jurors admitted that some of the things published about Barnes were awful, but they found them to be the truth.

NEW TELEPHONE LINE-UP

Reported Southern States Independent Association Will Operate With Postal Company

Memphis, Tenn., May 24—The Southern States Independent Telephone Association was formally organized here today with a membership representing, it is claimed, investments of more than \$28,000,000 in the South and plans were perfected for the reestablishment of a so-called independent long distance telephone service throughout the Southern states and as far north as the Ohio river. This is expected to be accomplished by an arrangement with the Postal Telegraph Company, which it is announced, virtually had been completed.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

CARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Notice of Application for Discharge of Guardian

THE STATE OF TEXAS
No. 182

To the Sheriff or any Constable of Scurry County—Greeting:

Malinda P. Tinker, guardian of the estate of the minor, Arthur Tinker, having filed in our County Court her final account of the condition of the estate of said minor, Arthur Tinker, and her representation of the death of said minor before majority, together with application to be discharged from said guardianship and to have the property of said minor delivered to her, as the only survivor of the parents of said minor, who is alleged to have died without issue or marriage and is represented to not be in debt to any other persons.

You are hereby commanded to summon the said Arthur Tinker, and his lawful heirs, if to be found in this county, to be and appear at the next regular term of the County Court to be held in and for the County of Scurry, and State of Texas at the Court house thereof in Snyder, Texas on the second Monday in July, A. D. 1915 and contest said final account for him or his legal representatives, if they see fit to do so at said July term of said Court, A. D. 1915, by making this citation by publication once a week for three successive weeks, in some newspaper published in Scurry County, Texas if there be one regularly published therein; if not then such citation shall be duly posted for at least 20 days before the return term thereof.

Witness my hand and seal of office at Snyder, Texas, this 19th day of May, A. D. 1915.

SHERIFF'S SALE

THE STATE OF TEXAS
County of Scurry

Notice is hereby given that by virtue of a certain alias execution, issued out of the Honorable Justice Court of Precinct No. one, Scurry county, Texas, fifth day of May A. D. 1915, by Geo. W. Brown, Justice of the Peace of said County and Precinct for the sum of \$28.75 and costs of suit, under a judgment, establishing a lien in favor of O. L. Wilkerson Lumber Company vs. A. F. McCain, placed in my hands for service, I W. A. Merrell, as sheriff of Scurry county, Texas, did on the 5th day of May, A. D. 1915, levy on certain real estate, situated in Scurry County, Texas, described as follows, to-wit:

All of blocks no 53, 55, 58 and 60 of the Grayum & Nelson Heights addition to the town of Snyder, Scurry County, Texas; also all of the remainder of Blocks Nos. 54 and 59 of said addition to said town of Snyder, Scurry County, Texas, after deducting the right of way for the Pecos & Northern Texas Railway Company through said last two named blocks, and levied upon as the property of A. F. McCain and that on the first Tuesday in June, 1915, the same being the 1st day of said month, at the Court House door, of Scurry county, in the town of Snyder, Scurry County, Texas between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said alias execution, I will sell said above described real estate at public vendue, for cash, to the highest bidder as the property of said A. F. McCain.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks, immediately preceding said day of sale, in the Snyder Signal, a newspaper published in Scurry county.

Witness my hand this 5th day of May, 1915.

W. A. MERRELL
Sheriff, Scurry County, Texas.

Something Doing at Fluvanna
The school at Fluvanna has just closed a very successful year. One hundred and sixty odd students were enrolled and work in each of the four rooms was carried on in a most harmonious and successful way until it reached its climax Monday night in the graduation of a class of seven from the tenth grade.

The teachers in the three literary departments were: Misses Una Rector, Pearl Cliff, Annie Hull, with Prof. E. A. Bills as Principal.

In addition to the literary work, a few pupils were instructed along business principles and in preparation for teaching; while those taking music and expression were ably in-

structed by Mrs. Walker McMullan, who resides at Snyder.

It is only stating the facts modestly to say that the work in each branch mentioned, has been carried on in an efficient and successful manner. Prof. Bills is a master in the school room, both as an instructor and as a disciplinarian.

The community is justly proud of this red letter year in the history of its school work. The patrons have given faithful and loyal support to the school from start to finish. The students have been good and have applied themselves diligently, else this high water mark could not have been reached. Much credit and honor is due the board of trustees who

have been faithful and untiring in their efforts to make the school a success.

On Saturday night a comedy, "Country Folks" was presented by the expression class assisted by the Senior Class of the school. This play was heartily enjoyed by a large company of eager spectators; and, at the same time, it fully demonstrated the efficiency and pains-taking efforts of Mrs. McMullan. The play was not simply passingly good, it was hard to beat.

On Sunday at 11 o'clock, the first graduating class in the history of Fluvanna, together with a large audience heard the first baccalaureate sermon ever delivered at this place.

On Monday night a very large audience assembled, in the Methodist Church to enjoy the closing exercises consisting of songs, readings, declamations and addresses, and finally, an appropriate address by Judge C. R. Buchanan and the delivery of diplomas by him to the several members of the class, who were seated on the rostrum in the following order: Barney Staveley, Carrol Jones, Bos Staveley, Miss Ruby Letcher, Clinton Ware, Tommy Squyres and Rayburn Parker.

Then with cordial expressions of good will to all and hearty good wishes to the class and congratulations to the faculty, the crowd dispersed feeling grateful for the first graduation occasion in Fluvanna.

C. W. Post Home Farms

We are building up a community of actual home owners and are anxious to interest good, dependable men in our undertaking. We will sell raw land on which we will place improvements and charge against the land. In other words should you buy 160 acres, we will improve the same with a 4 or 5 room dwelling (with water piped into the kitchen), well and windmill, sheds for chickens, hogs and stock, and a silo if wanted. These improvements will cost from \$1500 to \$1700. We will not sell land unless it is to be farmed—no speculation.

One can buy 160 acres 10 to 15 miles from Post City, but near a school, at \$20 to \$22 an acre, plus the improvements mentioned above. We will sell you the land and improvements for a payment of \$2 per acre (\$320) down and \$1.75 an acre (\$280) per year at the unusually low rate of four per cent interest. Notes on or before. Payments cover both land and improvements.

Farms on the plains will be sold during 1915, to be occupied early in 1916, for \$2.00 an acre down and terms as above. Interest does not start until you go on the land. Next payment Jan. 1, 1917.

Also have just classified and put on the market the breaks, or grazing land. These lands will sell from \$6.00 to \$12.00 per acre. \$1.00 per acre cash, 50c per acre per year until paid out at 6 per cent interest. This goes in tracts of 640 acres and up.

REV. J. H. TATE PREACHES BACCALAUREATE SERMON

A large audience was highly entertained Sunday morning at the Presbyterian church of Fluvanna by the Baccalaureate sermon to the graduating class of Fluvanna High School preached by Rev. Jas. H. Tate, pastor of the church.

In the introductory the speaker congratulated the school and community on the wonderful success achieved during the term just closed. He congratulated the faculty on their successful management of the school and spoke in the highest complimentary terms of the work done by Mrs. Walker McMullan in the department of music and expression. The Senior class was congratulated on being the first graduating class of our high school.

The scripture lesson selected for the occasion was the fourth Chapter of Proverbs. The subject of the discourse was "Education" which was

ably handled under three phases, the intellectual, the practical and the spiritual.

The members of the class were admonished to continue their efforts along educational lines, to attend some higher institution of learning and to crown all with a life of service and usefulness to mankind. They were admonished to get all the intellectual training possible, but to not neglect the spiritual development. They were advised to take the word of God as the only infallible rule and guide in this life.

All who heard the sermon pronounced it a very able discourse and one that tended to inspire the members of the graduating class and point them to higher plains of life.

Do You Read Labels?

Domestic science teachers and food authorities are urging the housewife to carefully read the labels on all food articles.

The National Pure Food Law compels food manufacturers to print the ingredients of their products on the label, and in this way enables consumers to distinguish healthful foods from those which may be deleterious.

High-grade baking powders are made of pure cream of tartar, derived from grapes. Dr. Price's Cream Baking Powder is a type of the highest grade. It is pure and healthful beyond any question.

The low-grade baking powders are made from alum, a mineral acid salt. Most physicians condemn their use in food.

Consumers can learn the character of the baking powder by referring to the label, which must state whether the contents include cream of tartar, alum or phosphate.

EASTERN BANKERS WILL HELP FINANCE TEXAS CROP

Dallas, Texas, May 24, 1915.—If proper warehousing facilities are provided for the housing of Texas cotton, St. Louis bankers will furnish sufficient money to finance a large part of the 1915 crop, according to the President R. S. Hawes, of who has been in Texas attending the Texas Bankers Association at Waco.

Mr. Hawes also stated that business conditions in St. Louis were a barometer of conditions in Texas. "You know," he said, "our business depends very largely upon what you people are doing down in Texas. When business is good in Texas it is good in St. Louis. That is why we are interested in the Texas cotton crop and if Texas farmers arrive at some plan whereby they can properly house their cotton, St. Louis bankers will have no hesitancy in sending money to Texas."

A number of prominent bankers from Chicago and New York who were at the convention expressed the opinion that a large volume of money from those cities would be supplied to handle the 1915 Texas crop.

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7000 Miles Service. Absolutely Punctureproof.

Double Service Tires are double the thickness of the best standard make tires.

This 100 p. c. greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European war service.

Our output is limited to a certain amount but for a short time we offer the following reduced special prices as an Introductory Offer.

Tires	Extra Heavy Tubes

Without Trouble— For the First Time in Ten Years

This is what a brick manufacturer in Illinois said when he had used one barrel of Texaco Crater Compound for the heavy gearing of his brick-making machinery.

Before this we have had to buy new gears every spring because the difficult work imposed upon them caused them to wear out very rapidly.

I do not know just how much longer these will last, but we won't need any new ones this year, and that saving will pay a good many oil bills.

Snyder, Texas, May 28, 1915

The Pan American Commercial Financial Congress says the main thing wanted is better transportation facilities. That is just what Snyder is contending for.

The Emperor of Austria charges that Italy, in going to war against his country is guilty of flagrant violation of treaty agreement. Italy says her connection in the Triple Alliance was to stand with Austria and Germany in defense, but that these nations didn't go to war in defense, but in aggression and she is not bound to aid them and she says further that she was not consulted in the matter of moving against Serbia.

TROUBLE IN BRITISH WAR CIRCLES

It looks like an unfortunate condition for Great Britain that just now when all the departments of the government should stand united, there have come differences leading to removal of important officers, making it necessary to reorganize the war board and break new men into place. Germany is apt to take advantage of any inner disturbance in England. There has already been a rumbling amongst the Allies, of dissatisfaction at Britain's apparent slowness of action and it stands to reason that if dissensions grow up in the allied ranks, and England's harmony of purpose and plans shall weaken, Germany will be given encouragement to push her fight with increased vigor. What the results may be, nobody can tell but it doesn't look good for Great Britain.

WITH OUR EXCHANGES

This editor has been honored by Governor Ferguson with an appointment as delegate to the International Press Congress to be held in San Francisco, July 5th to 10th. We doubt if we are deserving of such rust, but we feel keenly appreciative of the honor and shall go to the limit of our resources in discharge of me.—Clarendon News.

The limit of resources was the best thing that developed in our case. The question of worthiness and ability to fill the bill had no chance to come in for consideration.

One half the trouble in every community comes from the fact that so many people have not the capacity to keep their mouth shut.—Girard Reporter.

Scandal mongers and neighborhood broilers usually tell their stories in confidence. You should devote some treatment against repeating confidential secrets.

The Alabama legislature's ambition has led it to undertake legislation strictly within the domain of dress in the enactment of a law intended to prohibit the circulation of newspapers and periodicals in the state containing liquor advertisements.—Austin American.

Kindler like the Governor of a state declaring war on Mexico.

A way has been found to estimate value of an education. At the annual conference of charities and

corrections the statement was made that an uneducated man receives \$1.50 a day and in forty years has received \$18,000. The high school graduate receives \$1,000 a year, or \$40,000 in forty years. The difference \$22,000 is the cash value of an education.—Fort Worth Record.

Looks strong on paper. Ask the first ten high school graduates you meet how much they are earning.

Forbid all trade with Germany, advises the strenuous colonel. Isn't boycott the weapon of hate and intolerance?—Star Telegram.

The first paragraph indicates that it is.

There are eighty lepers in Chicago exclusive of the moral variety.—Austin American.

One to 5000. Not enough to call for consideration.

Germany claims to have captured 104,000 Russians since May 1st. If the reports are true, Germany will have a big job to feed her prisoners. Maybe Russia has decided that it is easier to eat Germany out than it is to whip her.—Abilene Reporter.

The men probably will work more willingly at the task.

Before you criticize another look at yourself and see if you are free from fault. The Arabian proverb says: "Think of your own sins first and mend them, then if you have time, help your brother mend his."—Post City Post.

Acting upon the above suggestion, there would be few critics of others. The master said get your own eye cleaned out before you go to monkeying with the other fellow's eye.

FRIENDLY REPLY FROM GERMANY IS EXPECTED

Such advice as has been received from Ambassador Gerard within the last few days, it became known to-night have given no intimation as to the character of the German reply to the recent American note beyond the generality that it will be friendly in tone. The German answer is expected to reach Washington this week.

On one point it is known the Washington government will insist—complete disavowal of an intention to destroy American lives and full reparation for injuries sustained. If the German reply should cover this point satisfactorily it is felt that arrangements for future safeguarding of American citizens can then be approached through further diplomatic correspondence.

Mexico Still Chaotic

Reports from Mexico are really distressing. The people in Mexico City are in need of food. Villa seems to have lost his magnetism and he and other active characters are said to be showing symptoms of drifting into outlawry.

Carranza's soldiers have gained a bloodless victory or two within the past week, but no progress has been made toward establishing a stable government.

GIBSON BILL FIGHT IN THE LEGISLATURE

Governor Ferguson claims to have discovered that Life Insurance Companies are loaning money in other states at a lower rate of interest than in Texas and insists upon the passage of a law to do away with such discrimination against Texas.

He also asks the Senate to pass the Gibson bill and if after one year it is found that the foreign companies have not done as they now promise he will convene the Legislature in September 1916 to go back to even a more drastic form of the Robertson law.

The Gibson bill is creating the biggest fight that has been before the 34th.

Friends of the bill have offered a resolution to make every opponent say what personal interest he has in the home companies.

Opponents of the bill insinuate that some advocates are influenced by personal loans.

Senator Nugent says a man who will so accuse him is a dirty liar. The controversy became so heated Monday that Senator Gibson hurled an ink bottle at Senator Latimore.

The margin of difference in the Senate is so narrow that the outcome is uncertain.

LATER: The bill was defeated.

C. I. Dickinson of Fort Worth passed through Snyder Wednesday on a business trip to the 9R ranch. He was accompanied by Thomas Trammel of Sweetwater.

LITTLE SIGNALS

The sweet girl graduate has the boys beat about three to one.

Next comes the band stand and uniforms.

Then, again—the woods are filling up with prospective candidates.

The board of school trustees has postponed the itemized statement of finances until the report is filed with the proper authorities, which will be prior to August 1st. Just be patient, its coming.

Two talented attorneys have been instructed to investigate the pre-exemption method of obtaining school funds. Upon receipt of the enquiry the two year university course for the Snyder Public schools will be determined. It looks favorable. Come to Texas and on to Snyder.

If the Santa Fe at one end and the T. & P. at the other continue to "shell out" a freight-rake-off to the R. S. & P. without even the exertion of "a drop of sweat off the brow" we may soon expect a real motor car to be in operation from Roscoe to Snyder, at least. Come on to Snyder.

The clock in the Court house sure does look good.

Note the report of the Auditorium constructors in the Signal this week. That's the way to do a thing—just like an open book.

Don't let the idea of a county hospital get away from you. Snyder and Scurry county need it.

Build resident bungalows. June brides are in order and they want a cozy corner.

It's up to Snyder to build sidewalks—make hay while the sun shines.

The scholastic census shows an increase of nearly twenty-five percent over last year. Sounds good don't it.

Old Line Life Insurance

The Only CINCH Play

Your investments may prove good and you may make more money by handling your own investment than you would if you invested your surplus in life insurance. But be reasonable. The farmer does not plant all of his farm in one kind of crop. He insures with others. You should invest enough in life insurance to continue your income for a certain period after your death, if you should die before your time. You should carry such a policy as will provide large cash values in case you should live.

Then in case your investments do not pan out as you had expected, you can either sell the policy back to the company or borrow enough on it as security to start you in business again.

The old line policy is a hedge against everything else you do. It protects you against poverty in old age in case you should live; it continues your income if you should die, it is always reliable security for a loan, regardless of panics, war or adverse conditions. It is the safety-valve of business, the protection of the home.

Ask your banker.
I represent two big old line companies, and have policies that will suit any condition.

Drop me a card for an interview.

DIPLOMAS CONFERRED MONDAY NIGHT; DR. SANDEFER HERE FROM ABILENE

SNYDER HIGH SCHOOL BUILDING

Last Monday night brought to us the final event of a weeks series of elevating educational events in Snyder and we feel a special pride in our people, our town and our institutions.

We have had class entertainments literary presentations, musical recitals

E. A. WATSON, Superintendent

and a general round of social intercourse and intellectual uplift.

The graduating exercises at the City Park Auditorium Monday night were largely attended and were highly satisfactory.

The exercises were well staged and the people were entertained from start to finish.

Prof Black had charge of the music and the class song was rendered from the High School Annual.

The salutatory by Mr. Reba Smith and the Valedictory by Miss Ora Farr were splendidly delivered.

These addresses were original in composition and were delivered orally. The speakers got away from the old style of reading from manuscript and the audience appreciated them the more for it.

The class of twenty-nine members is composed of fine specimens of Scurry County girls and boys and

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and cannot salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people

they go out from their class room well equipped for the duties of active life.

The exercises were opened with prayer by Rev. J. E. Stephens and the closing prayer was offered by Rev. M. T. Tucker.

The graduation address was delivered by Dr. J. D. Sandefer of Simmons College, Abilene. Dr. Sandefer has spoken in Snyder before and the people always know they are to hear an address worth while.

He is a profound scholar, a leading educator and is eminently fitted to present to a student body the practical points in qualifying for active performance in the affairs of higher and better life.

After the address, Superintendent E. A. Watson made an interesting talk and presented the diplomas to the twenty-nine graduates.

This closes the work of the school year. Now let us all begin to plan

for the next session to be even greater and better. We have a good board of trustees, a line up of true and tried teachers, a larger scholastic citizenship and indications suggest that the school will be larger next year and plans are forming to place it on a higher plain in the galaxy of Texas High Schools.

The graduates pictures appear on another page, the personnel of which are:

Sims Palmer, Ilene Harpole, Reba Smith, Burnice Brice, Leclair Stokes, Gladys Brown, Mary Isaacs, Charlotte Sturdivant, Vera Jones, Willie Mae Daniels, Winifred Winston, Jim McClinton, Velma Rodgers, Elvia Pierce, Alta Hull, Grady Whitmore, Ora Farr, Satira Norcross, Esther Periman, Ora Wilson, Fanny McMuilan, Cleo Stewart, Pat Barton, Clifton Doak, Lillie Wilson, J. B. Curry, Lucy May Hull, Robert Welch and Loy Ransom.

B. D. BLACK, Principal

know it, while Dodson's Liver Tone is perfectly safe and gives better results" said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake

up feeling fine; no biliousness, sick headache, acid, stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Just received a big shipment of bulk assorted candies.

L. Gross.
And such interest as is owned or held by any of the others aforementioned. That if said properties bring more than the amounts of the plaintiff's lien and that of the American Well & Prospecting any balance of the property will be sold to satisfy the lien of the defendant, The First State Bank & Trust Company, of Snyder, Texas and proceeds distributed accordingly. And in compliance with the law, I give this notice by publication, in the English language once a week for three consecutive weeks immediately preceding said day of sale, in the Snyder Signal, a newspaper published in Snyder, Scurry County, Texas.
Witness my hand this 4th day of May, A. D. 1915.

TEXAS BANKERS TO FIN- ANCE COTTON CROP

Waco, Texas, May 23.—At the annual meeting of the Texas Bankers Association in this city recently resolutions were unanimously adopted condemning the past methods of marketing cotton in Texas and pledging the financial and moral support of the membership of the organization in perfecting a system of successfully marketing future cotton crops of Texas.
The resolution advocates the organization of bankers, farmers and other business men in every section of the state for the purpose of carrying on educational work in order to bring about an intelligent plan of selling the staple.
The meeting was attended by bankers from practically every county in the state and the membership went on record as favoring the present warehouse law and pronounced the warehouse receipt, issued under this law a bonded, negotiable and safe instrument. The resolution adopted states that the selling price of cotton, should at all times be based on the price of production and upon the law of supply and demand.
Definite plans for handling the 1915 crop are now under way and will be made public in the near future.

What He Understood.
The prim young woman from New England who was devoting her self to the education of the negro in a Southern school told one of her small scholars to bring a bucket of water from the spring.
"I ain't gwine to fetch no water" he whined rebelliously.
"O, Eph," she protested. "You mustn't say that. Don't you remember how I have taught you: First person, singular, I am not going; second person, you are not going; third person, he is not going. Plural, first person, we are not going; second person, you are not going; third person they are not going. Now Eph, do you understand it perfectly?"
"Yas'm, I un'stand—ain't nobody gwine."—Colliers.
