MHS qualifies three for state

Locker 800 champ; Faver second in 3200

By RICK WHITE
Managing Editor

ODESSA — Nurtured by a love for running, Muleshoe High School's Cari Faver and Stacy Locker became fast friends.

The savvy senior and the kid.

Locker looks up to her hard-working older teammate, who on sheer determination became the top girls distance runner in school history.

Meanwhile, Faver looks after her freshman teammate who has seemingly unlimited talent, who one day may break Faver's school records.

They also shared a dream.

Locker and Faver turned that season-long dream into reality this weekend at the Region I-3A girls track meet at Ratliff Stadium.

Locker won the 800 meters and Faver finished second in the 3200 meters to earn trips to the Class 3A state meet May 9-10 in Austin.

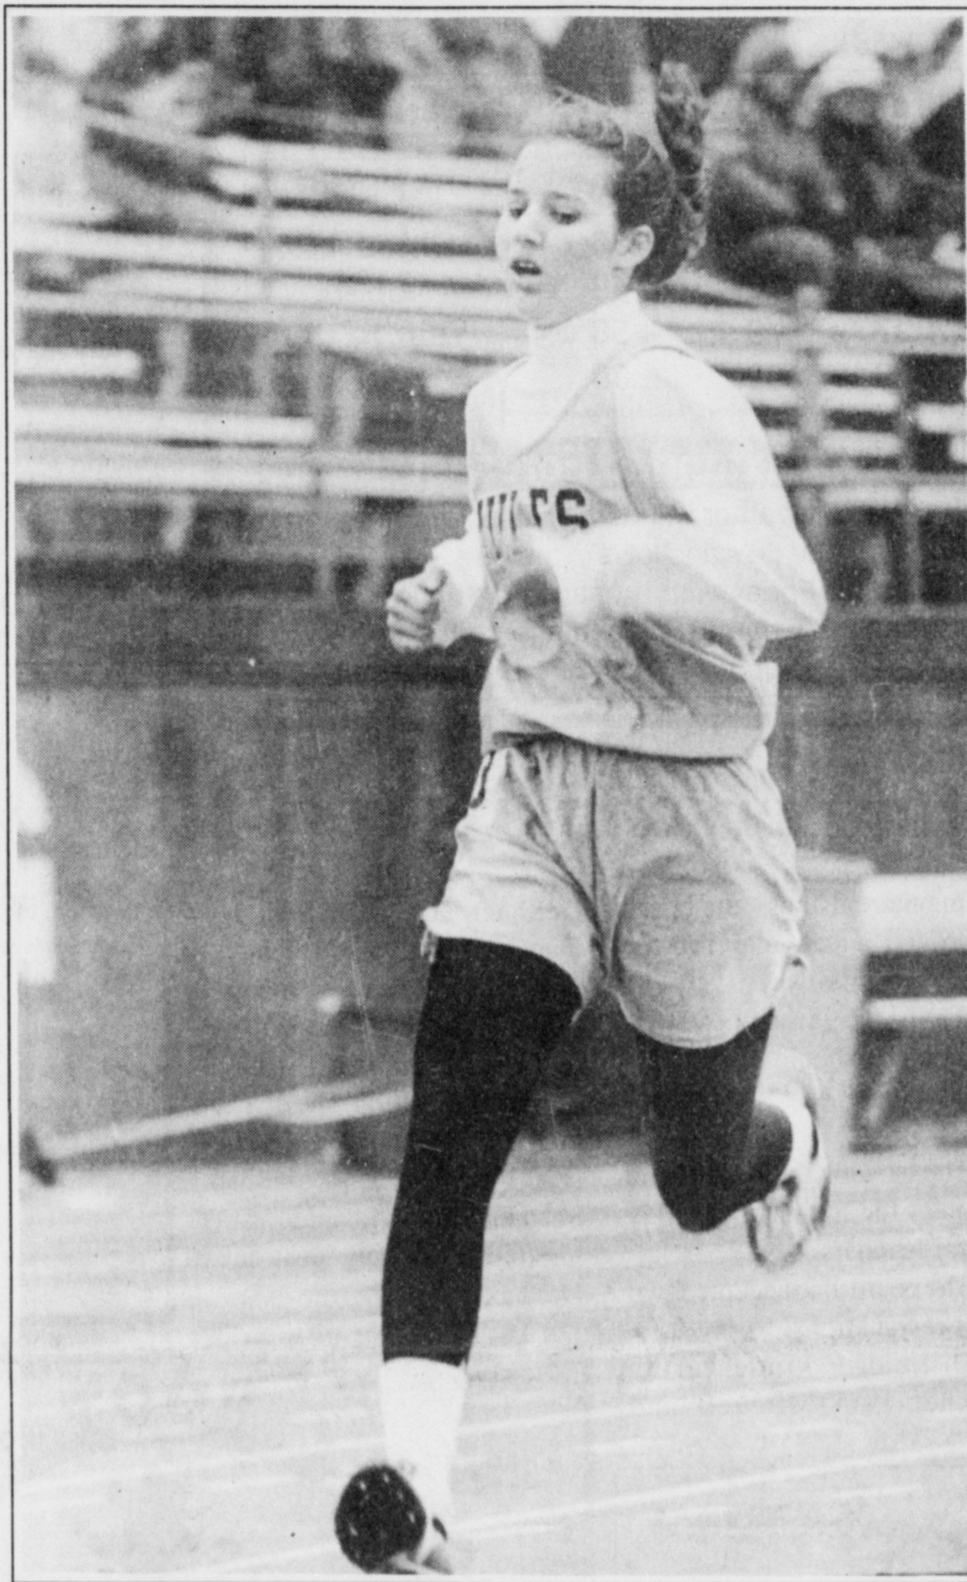

"I'm so excited," said Faver, headed to Austin for the second time in three years. "It's all I've thought about for the last two weeks. I don't know what would have happened if only one of us made it."

Faver also finished fourth in the 1600 meters and senior JoBeth Gilleland fourth in the 300-meter hurdles, helping the Lady Mules finish a respectable seventh in the 37-team field. MHS collected 26 points.

Abilene Wylie won its third-straight regional title, dominating the weather-plagued two-day meet with 74 points.

Breckenridge was second with 43 1/2 points and Clint third with 38. District 1-3A champion Perryton was fourth with 36 points and Sanford-Fritch 11th with 22.

Complaints mount for Classic Cable

By RICK WHITE
Managing Editor

Muleshoe is a one-horse town when it comes to cable TV service.

Judging by the number of complaints, not too many customers are happy their hitched to Classic Cable.

Muleshoe City Manager James Fisher said he has tried to explore other possible options with little success.

"It's not like companies are knocking down the door to get our business," Fisher said.

The City granted Classic a five-year franchise in September of 1995 when the Plantsville, Kan. company bought out Mission Cable.

Classic serves 1,500 customers in the Muleshoe area.

Complaints increased this week when Classic Cable suffered two major mishaps in Muleshoe within two days.

Thursday morning, lighting struck a tower on the west edge of town, knocking out five or six channels and damaging several pre-amplifiers, according to Classic regional manager Rowdy Whittington.

Friday morning, a structure fire at the Valley Motel also burned a major trunk cable that ran behind the motel. Service was out until the early evening.

"We've just had a pretty bad string of luck," Whittington said.

The two outages, plus the poor general quality of reception, sparked a flood of calls to Fisher, both at the office and at home.

"I was getting two to three calls an hour during the weekend," Fisher said. "I felt like Classic Cable."

Fisher said it's unfortunate the company has suffered a string of mishaps, "but they were having problems before this happened."

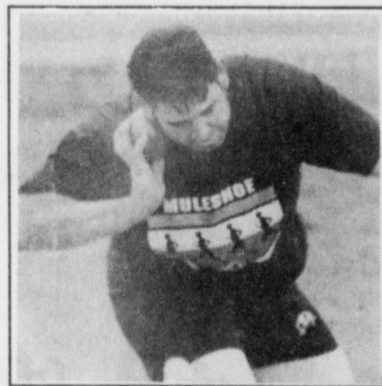

Fisher said received assurances earlier this week from top company officials that the problems will be corrected.

Whittington claimed during a meeting with the City Council 10 days ago that he was previously unaware of the problems and the number of complaints.

In response, the City is now documenting all calls regarding Classic Cable, Fisher said.

Classic also announced it is offering up to a three-day credit to customers for service lost last week. Customers need to contact Classic Cable at 272-4984 or 1 800 999-8876.

A little R&R helps Aguirre win shot title

■ Muleshoe's Ricko Aguirre unloads his first throw.

By RICK WHITE
Managing Editor

ODESSA — With the help of his coaches, Ricko Aguirre turned the Region I-3A boys shot put into a laugher.

Rested and relaxed, Aguirre pulled off an upset by winning shot title Saturday with a toss of 52-feet, 10 1/2 inches in the cold and the rain at Ratliff Stadium.

Aguirre advances to the Class

3A state meet May 9-10 in Austin.

Muleshoe coaches Ted Johnson and Ron Welch used humor to keep the normally nervous junior loose between throws.

"We were just trying to keep his mind off of what he was doing," said Johnson. "He gets so nervous. It's not what I'd normally do, but it worked."

Johnson said keeping Aguirre out of the weight room for a few

days also helped.

Aguirre, Muleshoe's lone boys' regional qualifier, shattered his career best mark of 50-7 3/4, set on his last throw that won the District 1-3A meet two weeks earlier.

Aguirre took the lead from the outset in Odessa with a 50-foot throw. The 6-3, 270-pound junior then launched his winning throw

Weekend showers makes for one of wettest Aprils ever

By SAMUEL VILLARREAL
Journal Staff Writer

Last week's weather kept city folks home and farmers out of their fields.

National Weather Service Meteorologist Robert Barritt said this April "will go down in the books as one of the wettest in the South Plains."

Muleshoe received another half inch of rain over the weekend, according to the Weather Service, bringing the total since Tuesday to 3.6 inches and 4.93 inches for the month.

Barritt attributed the lengthy spell of rain to a storm system that settled over the Southwest.

"Usually, if they settle at all, it's farther West," Barritt said. "This one was in just the right spot with the right conditions to give us rain."

Farmers are optimistic about recent weather, even if it keeps them out of their fields.

"It'll probably be about first of May before we start planting," said

Bula Gin manager Charles Heffington. "The rain will let us plant with the notion that we'll get it up. We haven't had that the past few years."

Heffington said the cool weather has lowered soil temperatures, preventing farmers from planting their fields.

"It's not too big a problem,"

Heffington said. "We just need a few days of warm weather to raise the soil temperature. Most farmers usually wait until May to plant anyway."

Monday and Tuesday cooperated, with temperatures soaring into the 70s and 80s. The Weather Service said the warming trend would continue until Friday.

Heffington said soil in the Bula area will benefit immensely from the three inches of rain received last week.

"The moisture has gone down about 12 to 18 inches in the soil," Heffington said.

Most farming in the Bula area

Officials form emergency planning committee

By RICK WHITE
Managing Editor

Muleshoe and Bailey County would not be ready to handle a disaster, according to local officials.

Todd Ellis, emergency management coordinator for the City and County, said it will take a while before a sound plan can be put in place.

"We're just in the infancy stage of putting this together," said Ellis, who is also a member of state and federal disaster teams.

One of the first steps was to organize the Local Emergency Planning Committee (LEPC), which is comprised mostly of local government officials and

emergency personnel.

Ellis also said he and the committee would welcome volunteers.

"If we all work together, we can make this thing happen," Ellis said.

Muleshoe City Manager James Fisher said preparation is the key.

"We don't want to alarm anybody, but we have some things that need to be addressed," Fisher said. "If we do have a disaster, instead of trying to figure out what to do, we'll know what to do."

Potential disasters wouldn't be limited to tornadoes,

AROUND MULESHOE

Logan participates in live SPC news event

Irene Logan, a 1996 graduate of Muleshoe High School, participated Tuesday in a live version of Weekday SPC, South Plains College's student produced news and feature television.

Logan served as reporter for the live news event.

SPC offering abuse investigation course

The South Plains College law enforcement program will offer a class in Intermediate Child Abuse Investigation may 5-7. Registration deadline is May 2.

The class will meet 8 a.m. - 4 p.m. daily in the SPC Petroleum Technology-Law Enforcement Building, room 115. Cost is 24.

Trail ride fund raiser for St. Jude Hospital

St. Jude Children's Research Hospital will hold a trail ride from 10 a.m. to 4 p.m. May 17 at the Ned Houk Memorial Park Recreational Trail Complex, located eight miles north of Clovis, N.M.

Trail ride participants are asked to secure sponsors for the ten-mile ride. The funds raised will go to St. Jude Children's Hospital, America's leading childhood cancer research center.

For further information on participation, sponsorship, or on making a contribution, contact Wilma Fulgham (505) 763-6231 or Susan Howard (505) 769-3021.

Immunization clinic May 2 in Muleshoe

The Texas Tech Regional Clinic, located in Muleshoe at 118 W. Ave C, will be holding a children's immunization clinic from 8-10:30 a.m. and 1-4 p.m. May 2.

Cost will be \$5 per vaccine. Children will need their immunization records. Medicaid patients should also have their Medicaid cards.

Marriage seminar at local church May 2

The Christian Center Church will present "Marriage Growth Seminar - Part 1" from 6-9 p.m. May 2 at the newly remodeled Christian Center Church located 3/4 mile south of town on Hwy. 214.

The seminar will be taught by W.T. and Pat Watson of Muleshoe. Sandwiches and drinks will be served and a workbook will be provided at no charge. Child care can be provided on request.

To register, call W.T. or Pat Watson at (806) 925-6763.

Bailey County 4-H selling peaches

The Bailey County 4-H Clubs will be selling peaches until June 5th.

Persons not contacted by 4-H members can place their order by calling the Bailey County Extension office at 272-4583.

Extended Forecast

Warm weather will persist through Friday, with highs in the 80's and lows in the 50's. Partly cloudy skies on Friday with a chance of thunderstorms. Weekend weather will begin to cool slightly, with highs in the upper 70's and lows in the upper 40's.

Committee

Continued from page 1

Fisher said. He said a lot of potentially dangerous materials (like chemicals) pass through Muleshoe every day by rail and on the highway.

The first priority is updating the emergency warning system.

Muleshoe has just one emergency siren, located at the fire station.

Classic Cable did recently install a emergency override system that allows police dispatchers to break in on any television station.

It's a start, Fisher said, but a more complete system needs to be put in place as soon as possible.

"Just having one siren puts residents at a disadvantage," the city manager said. "We're going to try to install a new siren system prior to next year's tornado season."

Ellis said it's also important

that southern Bailey County and especially Three Way School being included in the system.

An outbreak of tornadoes in the Panhandle-South Plains area April 10th spurred several calls to city hall asking about emergency shelters.

The Muleshoe Area Public Library and the First United Methodist Church are official emergency shelters, Fisher said.

Fisher said the LEPC is also trying to compile an official list of private shelters, so emergency workers would be able to locate people if a tornado did hit. Fisher assured locations would not be made public.

Anyone with questions or wishing to volunteer can contact the city manager at 272-4528 or Ellis at 272-4574.

School Board VP resigns for personal reasons

By SAMUEL VILLARREAL
Journal Staff Writer

Sam Harlan, vice-president of the Muleshoe Independent School District Board of Trustees announced his resignation during Monday's regular school board meeting.

Harlan, who has served on the MISD school board for 11 years, said he will pursue a job offer in Lubbock. The resignation will take effect in June.

"He has been a stable force to this Board, and I know we'll keep in touch with him in the future," said Board President Cindy Purdy.

MISD Superintendent Bill Moore said the board will most likely appoint a replacement to serve the remaining two years of Harlan's current term.

In other items, MISD Assistant Superintendent Adrian Meador presented the board with the district's 1997 exit-level TAAS results.

The percentages of students passing each portion of the exit-level test were 92 percent reading, 73 percent writing and 73 percent math.

"Math has been a problem for us as well other districts," Meador said. "Our figures are higher than the state average in math."

The exit-level TAAS test was taken February by Muleshoe High School 10th grade students. Students must pass all three portions of the test before they can graduate.

During Monday's business session, the board approved a five-year contract with W.D. Wesley & Co, energy management firm in Lubbock.

According to district officials, there will be no cost to the district to enter into the contract.

The company will install new equipment, valued at \$94,000, on each of the MISD campuses.

The savings will be split between the district and W.D. Wesley & Co. The cost of installation and maintenance would also be paid for through savings in energy bills.

"Other school district I've talked to are very happy with their service," Moore said.

In other business, the board approved a calendar for the 1997-98 school year.

The 1997-98 school year is scheduled to begin Aug. 14 for teachers and Aug. 19 for students.

The school year will end May 28 for students and May 29 for teachers.

The board also accepted two staff resignations.

Dillman kindergarten teacher Pam Mitchell and

DeShazo 5th grade teacher Diana Evins submitted their resignations effective at the end of the current school year.

Two teachers were also hired during the meeting. The district hired Dani Heathinton of Muleshoe, who will teach at Dillman. Shantel White of Plainview was hired for a teaching position at DeShazo.

Deserving better

**BAXTER
BLACK**
ON THE EDGE OF COMMON SENSE

Note: Leon Coffee, rodeo clown, was criticized by some Denver community leaders for participating in, what they were told, was a racist joke during the Stock Show rodeo.

Now that the smoke had cleared from the National Western Stock Show furor over Leon Coffee; now that the circling cloud of special interest/media blowflies have picked the story's bones clean and moved onto another crippled victim; now that it has occurred to a few of you, "Wait a minute. . . there's got to be more to the story," let me say a word about Leon.

Regarding the rodeo joke that caused the ruckus, Leon said it was about hanging horse thieves. Those offended interpreted it as hanging blacks. Offense, of course, is in the ox of the beholder.

Knowing the comedic mind as I do, it is not inconceivable that Leon would walk near the blurred edge of misinterpretation — the dark side of humor that would give his mostly white audience something to think about.

Risk would be nothing new for Leon. As a livestock person, Vietnam veteran, professional rodeo hand and now rodeo clown, bull fighter and barrel man, he lives life closer to the edge than most of us. Look at the difference between his insurance rates and yours. But, of course, Leon has been using the joke for years and says it is simply about hanging horse thieves.

I am assuming that 99% of the critics had never heard of Leon Coffee before this dustup. They raised their voices in self-righteous condemnation completely unaware that the penalty for stealing horses in the Old West was hanging.

When Leon explained that he uses the same punch line on his white rodeo clown partner and nobody objects, they chose to ignore him.

"So what if he denied it," they must have thought, "Who does he think he is . . . Richard Pryor . . . Eddie Murphy?"

They did Leon a disservice if they didn't at least discuss it with him. He is without guile. They would have gotten a straight answer.

It is interesting to me that those critics, who rarely attend rodeos, would look in the arena and see a black rodeo clown. Those who follow rodeo would look in the same arena and see Leon.

When asked "Which one is Leon?" these critics might answer, "The black man." I, more than likely would answer, "The one on the right."

Leon Coffee is big time in my circle — a world class athlete like Fred Whitfield or Charlie Samson. Not among the best black cowboys in America, but one of the best cowboys in America. I would not take it upon myself to apologize for Leon, even if I thought it was necessary. He is such a fine example of the goodness of the human spirit that most of us couldn't even pack his saddle.

In his chosen profession — saving bull riders by putting himself in harm's way — bravery is a given. but the bravest thing I ever saw Leon do was stand at the bedside of a dying child at Children's Hospital and try to make her laugh. She tried. He cried.

He deserves better from us. Leon Coffee is one of the good guys.

Showers

Continued from page 1

is dryland, meaning farmers depend entirely upon nature to water crops.

Bailey County Extension Agent Curtis Preston said cotton farmers will reap financial benefits from the rains.

"This will save them one to two waterings," Preston said. "How much they save will vary if they use electric pumps or natural gas pumps. If the weather doesn't get hot, they may not have to irrigate until the end of May."

Although area road conditions varied from good to bad, Bailey County Sheriff Jerry Hicks said he received only one complaint.

"I know it was bad (in southern Bailey County), Hicks said. "I was down there myself."

Pizza Hut was a major benefactor of last week's weather.

Pizza Hut manager Tim Hernandez reported a 50% increase in delivery orders.

"Our dine-in and carry-out was down," Hernandez said. "Everybody just decided to stay home."

Not everyone fared well during the wet weather.

Cable television service was disrupted Thursday when lightning struck a tower owned by Classic Cable.

Classic Cable's headaches grew bigger when a major cable was destroyed Friday morning during the Valley Motel fire.

The Muleshoe Fire Department believes the fire may have been caused by a rain-induced short circuit in a neon light fixture.

Classic Cable's woes turned into others' profit.

Feature Attractions manager Carrie Braddock said weekend profit margins were double the normal amount during the recent rains.

"A lot of people said they were very unhappy with their cable," Braddock said.

Braddock said her store was visited by more than a flood of people. With each opening of the door, rainwater that collected on the sidewalks was driven into the store by high winds.

"We were moving everything around and mopping up between customers," Braddock said.

Bailey County ground water drops

Bailey County ground water levels decreased an average of 1.37 feet in 1996 in 106 privately-owned wells in the observation network maintained by the High Plains Underground Water Conservation District No. 1 in its 539,625 acre service area within the county. This represents a decrease of 110,892 acre-feet of

water in storage in the Ogallala Aquifer last year in Bailey County.

Ground water levels within the Water District's Bailey County service area declined 0.65 feet annually during the 10-year period from 1987 to 1997. An average annual decline of 1.16 feet were recorded during the five-year period

from 1992 to 1997.

Ground water levels in the Ogallala Aquifer within the 6.8 million acre Water District service area declined an average of 1.49 feet from January 1996 to January 1997. This decline is 0.42 feet less than the 1.91 foot annual decline recorded for 1995.

Temperatures hovered in the 40s both days with intermittent to heavy rain.

"I'm so proud of the girls," said Muleshoe coach Kim Zollinger, who also piloted the Lady Mules to the state cross country meet in the fall. "We pulled out about as many points as we could, especially without any relay teams."

Five Lady Mules qualified for the regionals.

Locker went out strong early Saturday in the 800 and had enough left to hold off a serious challenge by Aledo's Jessica Buchanon in the last 300 meters, finishing with a time of two minutes and 23.65 seconds. The greyhound-sleek Locker beat Buchanon by nearly a second and shaved nearly three seconds off her personal best.

"I could hear her right behind," said Locker, whose race strategy remains simply; to run as fast as she can. "I didn't expect to have this kind of success as a freshman. Especially, at the beginning of the year."

"I was so nervous for her," Faver said. "I don't know why, because I knew she was going to win. She's just awesome."

Faver had to settle for second Friday in the 3200 meters behind Yvette Barrios of Clint, who won the state cross country championship in the fall.

Knocking nearly 10 seconds off her season-best time with a 12:04.25 clocking, Faver stayed on Barrios' heels.

The time was also set a personal best for Faver, bettering the 12:08 she ran as a sophomore.

"I knew I had to go out pretty fast to get in position," Faver said. "Then I just pushed myself to stay with her."

Barrios finished in 11:59.72. "I was so nervous and scared before the race, but I knew I could do it," said Faver.

Barrios also won the 1600 meters.

"I really wanted to go in both, but I just didn't have it," Faver said. "I tried to go out with the other girls. But I just couldn't."

Gilleland ran a 48.26 in the 300-meter hurdles also qualified for the 100-meter hurdles finals. Junior Kendra Benham reached the finals in the 100 meters.

Zollinger said Locker and Faver were simply on a mission.

"I think that's why we became such good friends because she wanted (to go to state) as bad as I did," Faver said.

Now the big sister senior and the kid can add an Austin chapter to their friendship.

POLICE LOG

Arrest report Sheriff's office

April 22 — Robby Guana, 23, charged with criminal mischief.

April 24 — Benedicto Torres, 37, charged with capias on a felony DWI.

Clearing another hurdle

Muleshoe senior JoBeth Gilleland rounds the corner and heads down the homestretch during the finals of the 300-meter hurdles Saturday in Region I-3A track meet at Ratliff Stadium in Odessa. Gilleland finished fourth.

Aguirre

Continued from page 1

in the next round of preliminaries.

Aguirre later had two throws in the 55-foot range wiped out by foot fouls.

"His technique was good, he stayed low and kept his leg tucked underneath," said Welch, the straight man in the coaching comedy team. "He's just naturally strong."

Sidnei Gaines of Vernon finished second with a throw of 51-4 1/2. No other competitor bettered 50 feet.

Abilene Wylie won the team title with 57 points. Littlefield was second with 48 points and

District I-3A champion Dimmitt third with 38.

Aguirre, as quiet as he is strong, said he is "excited" about going to state.

Four competitors came into the meet with throws of 52 feet or better, but seemingly fell victim to the bone-chilling weather.

"We were used to throwing in bad weather," Welch said. "This was nothing after throwing in the hail at the district meet."

Meet officials worked diligently to keep the shot put circle as dry as they could, but the

rest of the area was water logged.

Other officials were kept busy plucking the 12-pound steel balls out of the huge mud craters they behind.

Competitors were kept busy trying to keep their shots clean and their hands and feet dry.

"He just came out and got after it," Welch said. "Now he has to set new goals."

Welch said there are a couple of 60-foot throwers in Class 3A, "but we want to make sure they have to throw better than 55 feet to beat us."

COTTON NEWS

LUBBOCK — After three years of getting used to planting delays as the result of dry subsoil moisture conditions the return of Spring rains requires a little adjustment in attitude. According to Lubbock-based Plains Cotton Growers (PCG) the only downside so far has been the return of winter-like temperatures, in addition to the rains.

For High Plains cotton producers that adjustment is one they gladly make and optimism abounds for the 1997 crop. Unfortunately delays could still be the norm as producers wait for fields to dry out and soil temperatures to rebound.

A cold front that moved through the area April 24 has brought good and not-so-good results. The upside is that producers across the region received most of the additional moisture they were hoping for to plant the 1997 crop.

The not-so-good side of the issue has been cold temperatures that have actually triggered up to 6 inches of snow in many counties north of Lub-

bock.

The biggest concern now is what effect the very cool rains will have on soil temperatures that had climbed past 60 degrees in many areas earlier in the week.

Optimum planting time on the High Plains is May 5-20 and Boman reiterated the need for producers to utilize the highest quality seed available when they get the opportunity to plant.

The need for seed with a good cool/warm vigor index and protection against seedling disease is increased as a result of the recent weather.

"Our best situation would be that we get a week of warm, sunny weather," he continues. "That is probably all it would take to heat the top six inches up to about 65 degrees and allow planting to really begin."

Early season boll weevil trap results from the Texas Agricultural Extension Service and Plains Cotton Growers are now available on a weekly basis.

Pain may be eliminated for millions

(SPECIAL) — A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as "Arthur Itis," and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis, relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis, is available immediately without a prescription in an odorless, greaseless, non-staining cream or new easy applicator liquid form. Arthur Itis, is guaranteed to work or your money back.

Use only as directed.

Your Brain:

Unraveling the Puzzle of Alzheimer's

Some four million Americans suffer from Alzheimer's disease, and millions more are involved in caring for a relative or friend who struggles with its troubling symptoms. The causes, treatment, and potential cures for this debilitating disease, which results in impaired memory, thinking, and behavior, are revealed in **Your Brain: Unraveling the Puzzle of Alzheimer's**.

Your Brain features a one-hour panel discussion among leading scientists and a policy maker.

Actress Shelley Fabares, a star of the ABC television series "Coach," and member of the Alzheimer's Association Board of Directors, introduces the discussion with a moving portrait of her mother's struggle with the disease. Fabares, calling the illness "a cruel thief," says, "It steals the very things that go into making communication possible."

The panelists discuss what is known about the causes of Alzheimer's, the latest research that is uncovering potential treatments for the disease, and critical public health policy questions that will affect the level of care available to millions of patients as the number of Alzheimer's cases increases among the aging Baby Boom generation. They also answer questions from the studio audience about diagnostic tests and treatments.

Your Brain: Unraveling the Puzzle of Alzheimer's will be broadcast Tuesday, May 6th at 11:00 p.m.

In the Wild

"Cheetahs with Holly Hunter"

In the Wild, a series of one-hour natural history specials, features well-known celebrities fulfilling long-held dreams of encountering wild animals in their natural habitats and promoting their survival. "Cheetahs with Holly Hunter" travels to Africa with the actress to observe these magnificent cats firsthand.

In Namibia, home to a quarter of the world's cheetahs, Academy Award-winning actress Holly Hunter visits Etosha National Park and finds the first sign that the world's fastest animal is close by — cheetah paw prints in the clay. Hunter travels thousands of miles by plane, land rover, and foot in order to understand — and be part of — the cheetah's world.

"Cheetahs with Holly Hunter" on **In the Wild** airs Wednesday, May 7th, at 8:00 p.m. It repeats Friday, May 9th at 2:00 p.m.

Channel 3 Television from
Eastern New Mexico University, Portales, New Mexico

In 1975 scientists discovered the tagua, an animal related to the wild hog, still lived in South America, and had not become extinct more than 10,000 years ago as was thought.

LAZBUDDIE ELEMENTARY UIL

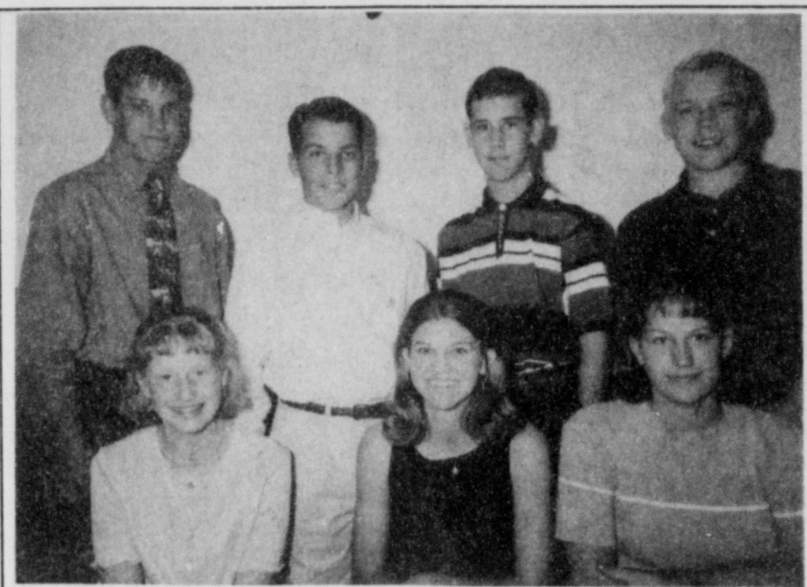

The following students placed in the district UIL competitions:

6th Grade — Andy Martin - 1st Music Memory, 5th Oral Reading, 6th Maps, Graphs, Charts; Brady Mimms - 1st Number Sense, 5th Listening Skills; Lucas Deleon - 2nd Calculator Applications, 6th Math; Tobin Redwine - 1st Listening Skills, 1st Music Memory, 4th Oral Reading, 5th Spelling, 6th Number Sense; Michelle Puckett - 4th Calculator Applications; Brittany Brakebill - 4th Calculator Applications; Lucinda Guzman - 1st Music Memory; Michael Martinez - 6th Maps, Graphs, and Charts.

7th Grade — Triston Thorn - 5th Impromptu Speaking; Kayla Kimbrough - 6th Dictionary Skills; Savannah Black - 2nd Mathematics, 5th Number Sense; Lindsey Free - 4th

Modern Oratory; Wayne Terry - 3rd Listening Skills; Trey Nickels - Impromptu Speaking; Shannon Redwine - 6th Maps, Graphs and Charts, 5th Calculator Applications; Jodie Coker - 5th Life Science; Kelsey Jones - 6th Modern Oratory; Colt Richardson - 3rd Listening Skills, 3rd Life Science; Michael Martinez - 6th Calculator Applications.

Competitors in the 8th grade UIL events were (back from left) Dan Watson, Landon Parham, Tray Thorn, Cole St. Clair, (front) Kati Mimms, Kendra Gallman, Laura Jo Via.

HEALTH BRIEFS

Summertime tips for new parents

HOUSTON — Summertime can be a challenging time for working parents especially those with young teens.

When work obligations make it difficult to supervise young teens, it helps to think creatively, said Dr. Lou Ann Todd Mock, a psychologist at Baylor College of Medicine in Houston.

Mock suggests looking for organized programs, like science, art or sports camps, that address a child's areas of interest.

Other activities that provide supervision include:

- Helping a relative or neighbor care for younger children.
- Working or volunteering as an assistant at church or day-care programs.

Summertime tips for new parents

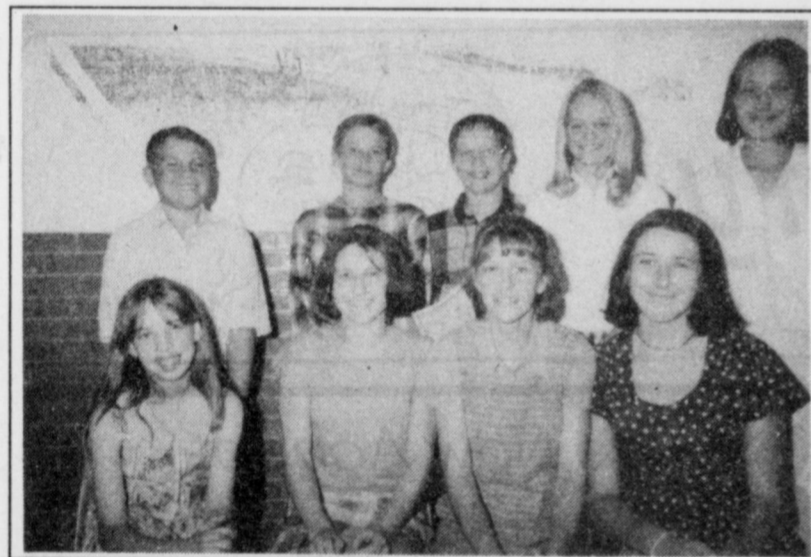

HOUSTON — Babies and summer sun are not a healthy combination. Dr. Jan Drutz, a pediatrician at Baylor College of Medicine in Houston, offers these tips for new parents:

- Dress the baby in light-colored clothing, never in dark colors, which more easily absorb heat.
- Keep a hat or bonnet handy, even when going outside for brief periods.
- Avoid going outside between 10 a.m. and 3 p.m., when the sun is at its most intense.
- Don't be fooled by cloudy days. A cloudy day still allows 60-80 percent of the sun's radiation to reach skin.

6th grade UIL

Competitors in the 6th grade UIL events were (back from left) Michelle Puckett, Brittany Brakebill, (front) Andy Martin, Brady Mimms, Lucas Deleon, Tobin Redwine.

7th grade UIL

Competitors in the 7th grade UIL events were (back from left) Wayne Terry, Trey Nickels, Shannon Redwine, Jodie Coker, Kelsey Jones, (front) Triston Thorn, Kayla Kimbrough, Savannah Black, Lindsey Free.

The family of Bob & Barbara Black and Ruth would like to express our deepest gratitude and appreciation to everyone for their acts of kindness during our time of sorrow for Brian Black. Thank you all again and please continue to keep us in your prayers.

Piano students receive top rating at festival

The piano students of Becky Jones competed in the Pastoral Music Festival on April 5 in Lubbock. Each student had to memorize and perform one selection of their choice and one selection from a list published by the Texas Federation of Music Teachers.

The students received ratings from individual judges. The highest rating is superior then down to poor.

Students receiving a Superior ratings were Kelli Harris, Kendra Gallman, Jodie Coker and Savannah Black. Students receiving a rating of excellent are Triston Thorn, Scotti Brown, Leah Turner, and Kati Mimms. A superior rating qualifies the students to attend

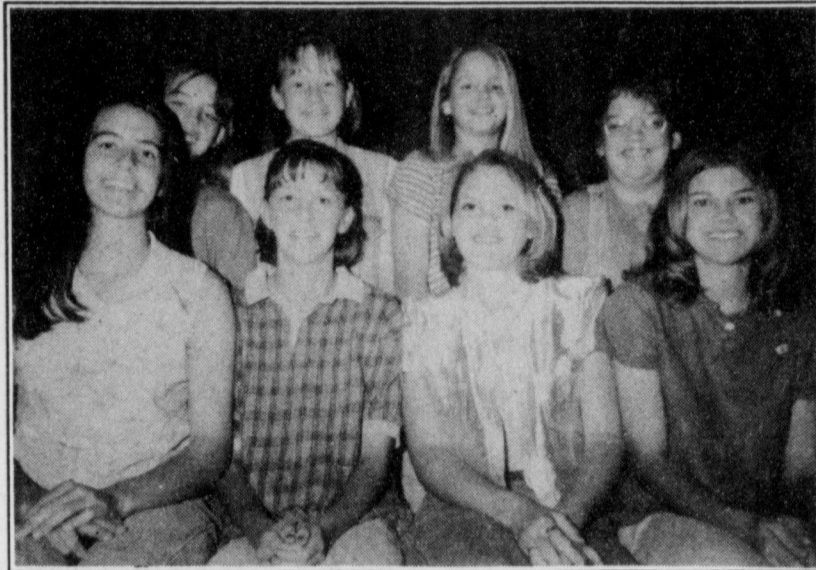

a state competition in San Marcos on May 17.

On March 8 the piano students competed in the Clovis Solo Contest. These students could receive ratings from I to IV.

These students rated I being the highest rate. Kendra Gallman, Kati Mimms, Leah Turner, Scotti Brown and Savannah Black.

Jodie Coker received I+. Jodie later received a certificate that named her Outstanding Soloist for the entire piano competition.

These students will be presented at a Spring Recital Sunday April 27 at 3 p.m. at the Lazbuddie Methodist Church.

Piano award winners

Lazbuddie piano students who competed in the Pastoral Music Festival April 5 were (back, from left) Triston Thorn, Kati Mimms, Jodie Coker, Kellie Harris, (front) Scotti Brown, Savannah Black, Leah Turner, Kendra Gallman.

A special thanks to one and all who took time to remember our Daddy and PaPa on his 80th birthday.
Gerald Shanks and family
Donald Shanks and family
Jeep Shanks and family

Friends, neighbors and relatives,
The cards you sent and the calls you made to me made my 80th birthday a special occasion. Thank you and God bless each of you.
J.C. Shanks

Academic honors

Kati Mimms (left) was named the Lazbuddie 8th-grade valedictorian and Crystal Scott the salutatorian. Kati is the daughter of Clay and Reta Mimms. Scott is the daughter of Terry and LaDonna Scott.

OBITUARIES

Ralph C. Bowington

Ralph C. Bowington, 92, of Muleshoe died April 27 in Lubbock.

His body was cremated.

Mr. Bowington was born June 18, 1904 in Texhoma, Okla. He married Thelma Dell Massey May 10, 1931 in Carlsbad, N.M. She preceded him in death in 1991.

Mr. Bowington had lived in Muleshoe since 1983, moving from Jal, N.M.

He was a retired heavy equipment operator for El Paso Natural Gas Co.

Survivors include five daughters; Ann Weeks of Bullard, Texas; Colene Swanner of Lubbock; Bernice Best of Austin; Beverly Myatt of Lubbock; and Shirley Wessenberg of Sherman Oak, Calif.; 16 grandchildren; 12 great-grandchildren; and 2 great, great-grandchildren.

Vera A. Tapscott

EARTH — Vera A. Tapscott, 86, of Amarillo died April 26 at the Canyon Retirement Center.

Services were held April 28 at the Earth Memorial Cemetery, with Danny Sneed of the Earth Church of Christ officiating.

Mrs. Tapscott was born Dec. 8, 1910 in Coleman, Texas. She married Loris Fenly Tapscott in Hale Center. He preceded her in death in June of 1996.

Mrs. Tapscott had lived in

Amarillo since 1996, moving from Earth, where she had lived since 1963. She earlier lived in Wildorado.

She was a member of the Earth Church of Christ. She and her husband owned the Sunshine Laundry in Earth for 29 years.

Survivors include one son; Billy James Tapscott of El Paso; one daughter; Rita Draper of Amarillo; two brothers; Gilford Roberts of McCamey, Texas and Robert Alexander of Frazer City, B.C., Canada; nine grandchildren and 13 great grandchildren.

The family suggest memorials be made to the Earth Church of Christ Memorial Fund.

Hoyt Montgomery

LITTLEFIELD — Hoyt Montgomery, 84, formerly of Sudan, died April 22 in Lubbock Methodist Hospital following a lengthy illness.

Private graveside services were held Thursday in the Littlefield Memorial Park under the direction of Hammons Funeral Home of Littlefield. A memorial service followed at the Sudan Church of Christ, with Tom Harguess, a Church of Christ minister from Elk City, Okla., officiating. He was assisted by Nathan Crawford of the Lazbuddie Church of Christ.

Mr. Montgomery was born Oct. 31, 1912 in Fredrick, Okla. and moved to Amherst

in 1926. He married Jessie McCaghren Dec. 4, 1937 in Lubbock. She preceded him in death in 1985.

They moved to Kermit in 1938 where he was employed by Richardson Oil Co., and by Perry R. Bass Oil Co., before retiring in 1973.

While living in Kermit, he was an elder in the East Side Church of Christ. The Montgomerys moved to the Sudan community in 1974, farming for several years.

He is survived by two daughters; Hoycille Valentine of Lubbock, Donna Logsdon of Midland; three granddaughters; Sharli Crawford of Lazbuddie, Shyll Bowen of Pune, India, and Kristi Logsdon of Midland; five great grandchildren; Castle, Crescent and Court Crawford of Lazbuddie, and Brandon and Blaine Brown of Pune, India.

The family suggests memorials be made to the Lubbock Christian School, 2603 Dover, Lubbock, TX 79407.

On choosing an arrow: To quickly estimate the arrow length best for you, hold the end of a yardstick against your breast bone with your hands together stretched in front of you. Read the arrow length where your fingertips touch the yardstick.

LETTER OF THANKS

We wish to thank our family and friends for their love and concern, their many acts of kindness, the beautiful flowers and memorials, food, calls, cards and especially their prayers during the illness and death of our loved one,

Walter Leroy Hanson.

Words cannot express the love and appreciation we feel for Glendell Smith, Chaplain of Baptist St. Anthony's Hospital. His visits, his prayers and his love have given comfort and strength to our family from the time Walt was first hospitalized on Jan. 13, 1997. We would, also, like to extend a special thanks to the staff and volunteers of St. Anthony's Hospice for their loving care, comfort and support. They sustained us through a very difficult time, as did the nurses on the eighth floor of Baptist St. Anthony's Hospital.

Thanks to Jack and Debbie Stone for the beautiful way they rendered Walt's favorite songs. Thanks to Barbara Lust and the ladies of the Lazbuddie Methodist Church, who so graciously prepared and served the lunch on the day of the funeral.

Thanks to Todd Ellis, and the staff of Ellis Funeral Home, who did all that needed to be done, in such a thoughtful and caring manner.

This kind and gentle man has left us, and he will be greatly missed. Another piece of West Texas history and spirit is gone. He served his country well, for four years in World War II, and he returned to serve as an example of determination, hard work, and devotion to his family and to this small part of the world. We have so many wonderful memories to cherish. Your expressions of love, so much love, will be treasured forever. Continue to remember us in your prayers, even as we let the healing in our hearts begin.

May God richly bless each one of you.

Benefits of Postemergence vs. Preemergence Herbicides

Many cotton and soybean growers here may begin their grass control program with a preemergence herbicide and these producers might only use a post-emergence herbicide to control escapes later in the season.

Treating grass after crop emergence is becoming more common because post-emergence treatment is a logical part of an integrated pest management program. Using a postemergence herbicide application allows growers to determine grass problems before treatment and select a specific treatment for the problem. And, post herbicides are more available and effective than in the past.

Plus, postemergence herbicide applications offer the best control of annual and perennial grasses, such as rhizome johnsongrass, bermudagrass, foxtails and crabgrass.

There are several postemergence herbicides available. FUSION® is a broad-spectrum herbicide that offers total annual grass control in cotton and soybeans. To provide additional control of broadleaf weeds, Fusion can easily be tank mixed with a variety of broadleaf herbicides.

Even though Fusion gets tough on grass, it's gentle on the crop. The herbicide won't stress the crop and has no carryover.

FUSILADE® DX® herbicide has a double-strength formulation for excellent control of problem perennial and annual grasses in soybeans and cotton. Research indicates Fusilade DX controls 90 percent or more of rhizome johnsongrass when applied within two to three weeks of crop emergence.

In addition, Fusilade DX works quickly. The herbicide is rainfast in an hour and stops plant growth in as little as two days.

For more information about these postemergence grass herbicides by Zeneca Ag Products, contact your local ag chem dealer.

©1997, Zeneca Inc. Zeneca Ag Products is a business unit of Zeneca Inc. FUSION® and FUSILADE® DX® are trademarks of a Zeneca Group Company. Farm Safety Always read and follow label directions.

Lordy, Lordy Guess Who's

ENOCHS NEWS

By Mrs. J.D. Bayless

I was proud to hear that Mrs. Faye Jones was dismissed from Methodist Hospital and was able to come home Saturday... get well soon Faye.

Kidron Lewis of Littlefield spent Friday night with her grandparents, Harry and Lill

Pollard.

Alton and Darlene Jones of Shallow water came Saturday and spent the night with her parents. Mr. and Mrs. Jack Stanley.

Ellen Bayless drove to Morton and went to Levelland

with the Senior Citizens shopping Tuesday.

Guests in the home of Mr. and Mrs. Rouce Teaff Friday until Monday was their son and wife Jerry and Margaret Teaff from Marble Falls. At the Teaff's it snowed for two hours Friday.

We had a good slow rain Wednesday night through Saturday night. Some received over three inches. Everyone was so proud of the rain.

Chester Foffman of Big Spring, a former resident of Enochs, had eye surgery last Monday in Lubbock. His eye

is doing good. He is Ellen Bayless brother.

Myrna Turney spent last weekend in Clovis, N.M. with a friend, Sandy Starritt, and went to a baby shower for a friends' daughter, baby Tammy.

Mr. and Mrs. Jarrol Layton, Ashley, Lauren and Mr. and Mrs. J.E. Layton were in Lubbock Saturday to see Lauren play basketball in a tournament.

Mr. and Mrs. Leon Dupler visited their daughter Susan Sears and family in Nashville, Tenn. recently.

SENIOR CITIZENS' NEWS

The Senior Citizens met April 28 for their regular pot luck dinner at the Depot. It was a beautiful day after all the rain and cold weather.

Twenty-five members were present. There were also five guests: Jack Stone, pastor of the Assembly of God Church and his wife Debbie, Gene Allison, Vivian White and Dott Marie Parker.

The meeting was called to order by Margarite Collins, the invocation by J.C. Shanks and Allegiance to the Flag.

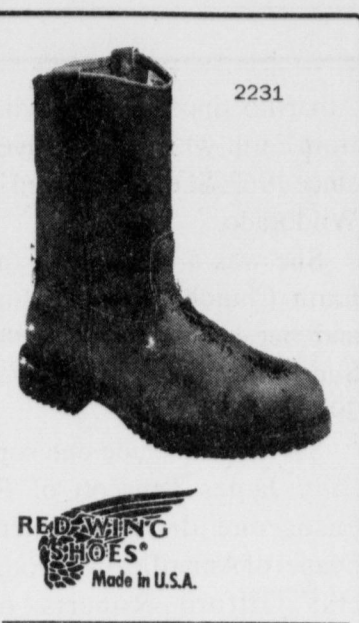

Theron Eubanks introduced the guest for the program, Debbie Stone accompanied on the piano and Jack Stone sang religious songs "The Old Out-house" and "Keeper of the Gold."

Debbie read a poem entitled "Chuckle of the Day." Then Jack sang "God's Walk in the Dark Field," "To Show Me The Way," "You Are Important to God," and concluded with "God Never Changes." Debbie played "Further Away" on the piano.

Minutes were read by Crystal Walton for the last meeting and approved. Vivian told about a new program for Senior Citizens for a noon day meal.

Theron Eubanks read a poem by J.C. Shanks. Birthdays were Rachel Williams, J.C. Shanks and Retha Knowles.

The group dismissed with prayer.
