THIRTY-THIRD YEAR.

SNYDER, SCURRY COUNTY, TEXAS, FRIDAY, SEPT. 10, 1919.

NUMBER FOURTEEN

SNYDER MAN WAS KILLED IN FLORIDA

William Powell Nunn, aged 22 years, 8 months and 22 days, died last Thursday at Orlando, Florida from electrocution. The remains arrived here Tuesday night and were buried in Snyder Cemetery, Wednesday afternoon.

The young man was a son of Mr. Jim Nunn of Snyder. He was reared here and was known to most of our people. He was an electrician and was engaged as a lineman in Florida and while working on a line last Thursday came in contact with a live wire and was instantly killed.

The Orlando Morning Sentinel of Friday says:

About four o'clock yesterday afternoon W. P. Nunn met his death while working on a pole carrying electric wires, near the corner of DeLaney and Anderson streets, where he was sent with H. M. Skyes by the Orlando Water and Light Company to clear branches of an oak tree which had fallen there.

Skyes was watching Nunn, who was in the act of pulling in the slack of one of the wires, and saw him pitch forward, and was about to shout to him to kick free from the pole when Nunn's foothold broke and he hung suspended from the pole by his safety belt.

Skyes managed to lower the body and call for assistance. Dr. Christ arrived and worked on the man and succeeded in restoring his breath for a few moments, but he was too far gone to live.

Nunn had come into contact with a wire carrying 2,300 volts which electrocuted him. His hand was slightly burned and his fingers were partly fused and a slight burn was found near his ear.

The deceased came to Orlando about one year ago from Texas. His father, J. H. Nunn, of Snyder, Texas, was notified and the body will be held pending a reply at Carey Hand's undertaking establishment.

The Orlando Evening Reporter said the funeral services were held at the undertakers parlors by Dr. McConnell of the Presbyterian church. The pall bearers were fellow workers of the young man. Employees of the company sent beautiful floral offerings. After the service he body was shipped to Snyder, Texas, where his father resides.

Parent-Teacher Association.

A Parent-Teacher Association was organized last Friday afternoon at West Ward school with 13 members present, an interesting short program was rendered, after which the following officers were elected:

Mrs. R. H. Curnutte, president.
Mrs. J. W. Frazier, Vice Pres.
Mrs. W. M. Curry, Secretary.
Mrs. A. C. Leslie, Treasurer.

We decided to meet first Thursday of each month.

A number of little things for the better part of the school need to be considered before time for our next meeting. In view of this fact president has called a meeting for Thursday, Sept. 25th. We want to urge all parents who possibly can to be present.

Reporter.

Read Mr. Wilmeth's article on the matter of elevators and exploiting our sorghum grains as human food. Cotton seed were almost a nuisance until the people learned how to use the by products as food and feed and now they are just about the most valuable part of the cotton crop.

Misses Ruth Buchanan, Susie Hamlett Naomi Strayhorn, Dimple Gross and Leona Strayhorn have gone to the College of Industrial Arts at Denton.

Mr. Charlie Taylor of Anna, Collin county is here this week visiting his brother F. H. Taylor and family.

So many strangers are coming to Snyder now that we can't keep a full log on them.

WEST TEXAS GRAIN AS FOOD.

Editor Signal:

The farmers of all the arid farming belt are struck hard by the rapid fall of price of maize, kaffir and feterita. The cause is very plain, the local condition is lack of elevators and running in too green. As long as farmers persist in rushing in uncured or unseasoned grain so long will the buyers give nominal prices if they buy at all. As long as we have no elevator so long will the price be unstable, because it is a big gamble to pile it on the ground and risk ruin by rain and storm.

But neither of these cause the general low price. These sorghum grains have not yet been recognized as a human food. Wheat, corn and oats are human food and each holds a price in proportion to their use as such. Therefore allow a suggestion to every raiser in the west, why not popularize these grains as food for man. Each makes palatable bread, each would make as fine a cereal as wheat, corn, oats, or rice. When we show our faith in these grains by use on our tables then we begin to permanently raise their value. The world needs the grain and the arid farmers need the use of these grains. So allow the suggestion that every man grind sufficient to always have it on our tables and every good house wife give her best to make it palatable and popular.

A. C. WILMETH.

First Baptist Church.

Announcements for next Sunday. Teachers' meeting at 9:00. Sunday school at 9:45. Preaching services at 11:00 a. m. and 7:30 p. m. After an absence of three Sundays the pastor was at home last Sunday and spoke at both hours. He will speak at both hours Sunday.

At the morning hour he will speak on this theme: "Healing the world's unrest." This is another of the series dealing with the present order of things. At the evening hour he will speak on this: "A woman and her scissors."

This will be a message for all, especially for the young. We shall present an example of a woman who could do more with scissors than an army could with swords. You will not want to miss this hour. Miss Burkett will sing for us at both hours.

Special attention is called to the articles now being published by the Signal, and it is the earnest hope that all our people will read these articles. They are on the "Seventy-five Million Campaign." They make the finest kind of reading, and by the kindness of Mr. Hardy, the editor of the best county paper in West Texas, they are being published. Subscribe for the paper and read every one of these articles.

Help us make the Sunday school a great success Sunday, for Sunday week will be promotion day. We are also planning to take another religious census in the near future, so that the Sunday school life of Snyder may be built up.

W. H. Sims, Pastor.

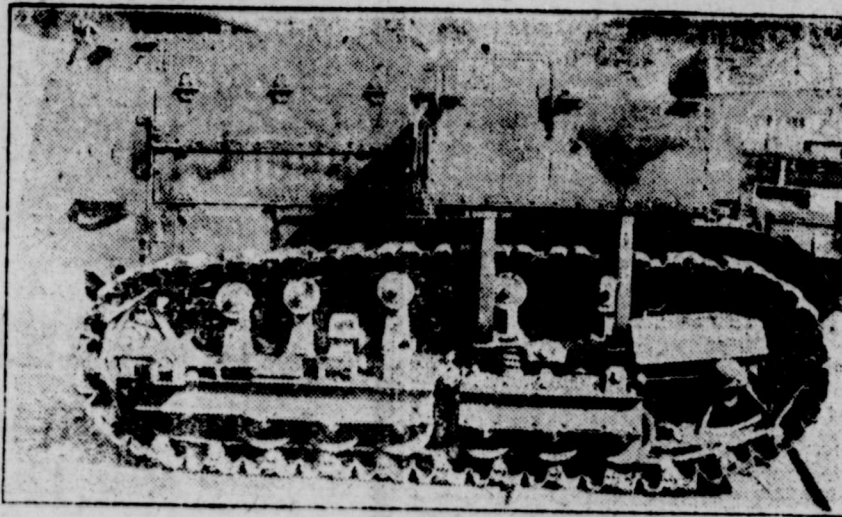

Advertised Letters.

Snyder, Texas, 9-16-1919.
Carpenter, Mrs. J. M.
Tyler, Mrs. John.
The above letters if uncalled for within two weeks will be forwarded to Division of Dead Letters, Washington, D. C.
Respectfully,
E. B. Barnes, P. M.

Mr. C. M. Mitchell formerly of Snyder, now in lumber business at Paris, Texas, is here this week looking after his West Texas interests. He is delighted with the general prospects and says lots of East Texas people are coming this way. Farmland in his country sells for \$300 an acre and some of the people there are not ready to pay so much while the west is open to settlement.

Miss Doris Marshall has returned to the T. C. U. at Ft. Worth.

G. W. Mayo was here Wednesday from Hermleigh. Says he is out of the hotel business and is heading maize.

Monster Tanks and Tractor-Artillery at Dallas

U. S. WAR AND NAVY DEPARTMENTS WILL HAVE VARIED EDUCATIONAL EXHIBITS AT VICTORY FAIR

The United States War Department will exhibit a comprehensive display of the modern, scientific implements of warfare at the Victory Fair at Dallas in October.

These articles have just been received in America and have not been exhibited before.

Much of this material was captured on the battlefields of France, while other things are those supplied to American troops.

Among the equipment of American soldiers will be shown: field gun and mortar, trench mortar, aircraft gun, hand and rifle grenades, drop bombs, live carrier pigeons, infantry equipment, and many other things.

The Navy and Marine Corps will also exhibit many interesting articles. This exhibit is in addition to the special exhibit of monster (35-ton) Tanks, Anti-aircraft Guns, and Tractor-Artillery.

Altrurian Club.

Mrs. W. W. Hamilton was hostess to the Altrurian Club Wednesday, Sept. 17. This was the first meeting of the year and well attended. New and old members answering to roll call. The discussion and dispatch of business was brief.

Our president's message was gracious and inspiring and filled us with the desire to make the coming year, for the Altrurian Club, one of worth while achievements.

No less interesting were the talks by the other officers.

We are proud of our official staff and feel that each officer is thoroughly capable of carrying out the work for which she has been chosen.

The end of the hour found us glowing with enthusiasm and eagerly impatient to be actually at work.

May each member honestly strive to carry on, and by her efforts help the Altrurian Club to greater realization of its noble end and aim.

Mrs. Winnie Mae Ware Dead.

Mrs. Winnie Mae Ware, aged 25 years, wife of Lieut. Clinton L. Ware died last Sunday night at the sanitarium at Lubbock and was brought to Snyder for burial. The funeral services were held at 3 o'clock Wednesday afternoon at Snyder Cemetery. She was a daughter of Mrs. L. J. Davis of Polar, was married to Clinton L. Ware of Fluvanna, Dec. 10, 1917. She is survived by her mother five sisters and one brother.

During the war she remained with her husband's family bravely awaiting the return of her husband, Lieut. Ware, and when he came a few months ago she felt that life was just opening to them. She was taken ill some time ago and was carried to Lubbock for an operation. Up to Sunday morning she seemed to be doing nicely, but her condition became serious during the day and she died Sunday night.

The Signal extends sympathy to the young husband and relatives. She was a member of the Holiness church.

Col. A. C. Wilmeth returned Monday from Brownwood where he was called on account of his father's illness. He reports the old gentleman considerably better.

Mr. J. H. Charless of Amarillo was here this week with a bunch of cattle which he was selling to our people.

Kitts-Humphrey.

Mr. L. T. Kitts and Miss Maggie Humphrey were married Sunday September 14 at the home of the bride's parents west of Snyder, by Rev. L. S. Knight. The Signal extends congratulations to the young couple.

TROPICAL STORM HIT COAST REGION

The biggest storm to visit the gulf coast since Sept. 8, 1900 broke over the coast at Key West Florida last week and did great damage along the Florida coast and at Mobile and other points in Alabama and also in Cuba. By Saturday the storm was over the Gulf coast in Texas. At Galveston Saturday the wind was blowing 60 miles an hour and the business part of that city was three feet in tide water. The north part of the city was flooded and much railroad track was washed out.

It is said the seawall saved the city from destruction.

Reports from Aransas Pass and Corpus Christi Sunday described the storm as increasing in fury. Water was rushing in at Aransas Pass and people were seeking refuge in the stronger buildings. A hotel and other buildings at Sinton were blown down.

The water was six feet deep in the stores at Corpus Christi. The wind had a velocity of 65 miles late Sunday evening and increasing.

By 4 p. m. Sunday the storm had reached Brownsville and headed into Mexico. Numbers of towns and communities report serious damage.

The effects of the storm have been felt over practically all Texas. Even here in West Texas the disturbance has been plainly marked. At first the days were unreasonably hot, the days were unseasonably hot Sunday developing into a decided September "Norther" attended on Monday by rain. Fortunately for us we were out of range of the storm's greater fury, but it was the same storm influence to an extent.

Woman Killed In Collision.

Mrs. E. G. Norwood of Eastland, owner of the well known Norwood oil gusher in the Ranger field, was killed in an automobile collision with a Santa Fe southbound passenger train at the crossing, four miles north of Plainview at 9:40 o'clock Sunday morning.

Mrs. Norwood was driving a Buick car and did not notice the train until it was nearly on the car at the crossing. The car was completely wrecked.

Shocked by Live Wire.

While the Grayum Drug Store people were installing their new soda fountain Monday morning Mr. W. M. Morrow got hold of a live electric wire and couldn't turn it loose. His fellow workers saw his plight and pulled him loose before he was seriously injured.

HEARD ABOUT TOWN.

Capt. Pack Wolfe says the police force in Snyder are still on the job and he has not heard any talk of a strike.

W. E. Devers says we wanted rain so long that he doesn't like to say it, but he would feel better if the rain would hold off awhile.

J. C. Seabourn thinks that the rain may hold back cotton picking a few days but it will be the cause of lots more stuff making.

J. T. Caddell wants that county exhibit pulled off. He has some good hogs that he believes are prize winners.

Ollie Morrow says we can get up a rousing good poultry show if we try, and the agricultural exhibit at the Signal office will add size, interest and zest to the game.

Frank Womack says he is going to picking cotton next week whether his maize is all in or not.

Guy Casey says anybody ought to know that he is not going to pick cotton.

Alvin Elkins started out to his farm the other day with a cotton sack and a pair of knee protectors and said he was ready to buckle down to business.

Rebuilding Live Stock Supply.

C. E. Ferguson brought in a car load of Jersey cattle a few days ago and is selling them to the people here. This country ran down to a short supply of cattle and hogs, but the people are restocking and before very long west Texas will be well supplied with live stock. The farmers are long on feed and are not willing to sell their maize for less than cost of production and they are buying cattle and hogs. In his way they will stand to get better pay for their surplus feed stuff.

Woman's Missionary Society.

To the disappointment of our Auxiliary the rain last Monday prevented our open meeting with Mrs. Emmitt Johnson.

The Saturday market is proving a great success, the ladies respond gracefully with cakes, chickens and pies. The public is consuming everything we have readily. There will be several more markets before we can pass the church roll.

The following program will be rendered Monday, Sept. 22.

Song, Bible Lesson,
The Sin of Covetousness Condemned, Mrs. Waddill.

Prayer, Mrs. Davis.
Paper, The Spirit of Democracy in Industry, Mrs. Hamilton.

Talk, The Auxiliary Celebration, Mrs. Couch.

Supt Rives says that all persons who have drawn text books for their children and are moving away must return the books to Mr. Grimes, the custodian, otherwise they will not be allowed free books in other schools they may expect to attend.

Married at Dunn

Mr. Roy Cons of Abilene and Miss Callie Mae Williams, of Dunn, were married at the bride's home, Thursday at Highnoon by Rev. Speck, Dean of the Abilene Christian College and left in the afternoon for Abilene, a few days.

RILEY WELL NOW DRILLING

Oil interest has been active here this week and there has been some trading in leases in the North and West parts of the county. The spudding in of the Riley Well No. 1 is considered the opening of new epoch. Among the activities a big lease was filed by H. L. Davis et al to C. S. Perkins Jr. in the Riley field and about a dozen instruments were filed whereby Billie Wilsford transfers his interest in certain leases to J. H. Fulcher.

One lease on 320 acre tract in block 97 from J. H. Rollins to J. H. Henderson was filed Thursday. Andy Trevey stated Wednesday that they are getting nearly all the land in the Knapp field under lease and will soon be ready to close a drilling contract.

Conditions are about the same as last week at Fluvanna and Bethel.

A report was current here and has not been denied that Mr. I. D. Scoggin had phoned to parties here that the Chalk-Brown Well in Kent County had come in with a strong flow of gas and a good showing of oil and later reports say the gas is increasing. This well is about 9 miles West of Clairmont and about 30 miles North of Snyder. Quite a number of people went up Sunday to see the Riley Well spud in and found that the drillers had commenced work at 5 o'clock Saturday. They had the rig in good trim and will push the drilling as fast as possible.

The developing of the Chalk-Brown well. This well is about 9 miles West of Snyder and found that the almost proves it to be oil territory. puts a new phase on all the regions in South Kent and North Scurry and Geologists have given assurance all along that oil is there and the fact is about to be proved.

About School Trustees

I have been asked to make a statement in the Signal in regard to transfers and free school privileges: going into a district from another district, county or state, are entitled to free school tuition provided the move is bona fide. If the move is temporary and for school purposes, tuition can be charged for the entire term where no transfer is made, and after the transfer funds are exhausted, where transfer is made.

Transfer for high school purposes can be made anytime during the school year, but no transfer of this nature can be made from a school where the grade is taught in the school from which they come. Local funds cannot be transferred except in the case of high school transfers, then it must be agreeable with trustees.

Some seemed to misunderstand my position in these matters heretofore. I hope I have made myself clear and that no further misunderstanding will be had.

Very respectfully,
O. L. HOWELL,
County Supt.

W. H. Lindley, H. P. Wellborn, R. L. McMullin left last week for south east Texas to hunt cotton pickers. They found plenty of people to pick cotton and brought a number back with them. They report that help to pick our immense cotton crop will be plentiful, and that the cotton condition in that territory is a way below normal.

Shelton Leslie, Wayne Boren, Robert Davenport, Wilmeth Wade, Graydy Whitmore, George Johnson, Roy Stokes, Jim Templeton, Gay Cornelius and Charlie Winston expect to leave Saturday for the State University at Austin.

J. M. Doak reports sale to W. H. Anderson of the W. W. Ingram farm 80 acres about seven miles south east of Snyder. Mr. Ingram and family expect to move to San Marcos.

Mrs. Billie Nelson and children are in from the ranch for a visit of a few days.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Houseless Gummy Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a liver favor colds, influenza and serious complications. To cut short a cold overnight and prevent serious complications take Calotab, that bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly satisfied with Calotabs.—(Adv.)

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents of any drug store. Apply a few drps on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

President Wilson answers the charge of Lodge, Johnson, Borah et al that Great Britain will have advantage of us in League matters because of having several votes to our one by explaining that a decision must be unanimous and therefore our one vote can veto whatever the others may vote for.

Farmers who paid \$4 per day for chopping cotton, \$6 per day for the team and man who plowed their cotton, who are now paying \$1.50 for picking and \$6.50 for ginning feel that they are not much richer men after all. Raising wheat at \$2.20 per bushel is ahead of cotton, at the present price of less than 30c when labor cost is taken in consideration. Yet in the face of all this, the very men who were paid these wages think the producer is holding out on him and that he should have more for his labor.—Richardson Echo.

LEAGUE CERTAIN WILSON DECLARES

PRESIDENT IN OPENING SPEECH OF TOUR VOICES HIGH HOPE.

"WORLD WAITS FOR US"

"Future Free From War if America Carries Out Her Pledges," Says Executive.

By Mount Clemens News Bureau.

Displaying a high confidence that his fellow citizens in the great majority agree with him in his desire to end war forever, and that they will see to it that the peace treaty with its league of nations inclusion is ratified by the senate, President Wilson is making a successful journey across the country on the mission he has undertaken for the purpose of laying before the plain people a report of his work in Paris and explaining what the league means.

Thus far in his travels, he has everywhere met with warm greetings, both in the great halls where he has spoken formally and in the little cross roads hamlets where his train has halted at times, and he has exchanged words with the villagers who pressed forward to greet him. He feels, and does not hesitate to say so, when chatting with his traveling companions, that the American people want no more of war and want to become part of the league so that there may be no more war.

He struck his key note when he said in his first address in Columbus, Ohio: "This treaty was not intended merely to end this single war; it is meant as a notice to every government who, in the future will attempt this thing (what Germany attempted) that mankind will unite to inflict the same punishment. There is no national triumph to be recorded in this treaty. There is no glory sought for any particular nation. The thought of the statesmen collected around that table was of their people, of the suffering they had gone through; of the losses they had incurred; of that great throbbing heart which has so depressed, so forlorn, so sad in every memory it has of the five tragical years that have gone by. Let us never forget those years, my fellow countrymen. Let us never forget the purpose, high and disinterested, with which America lent its strength, not for its own glory, but for the defense of mankind."

"As I said, this treaty was not intended merely to end this war. It was intended to prevent any similar war. I wonder if some of the opponents of the league of nations have forgotten the promises we made our people before we went to that peace table? We had taken by processes of law the flower of our youth from every countryside, from every household and we told those mothers and fathers and sisters and wives and sweethearts that we were taking those men to fight a war which would end business of that sort, and if we do not end it, if we do not do the best that human concern of action can do to end it, we are of all men the most unfaithful—the most unfaithful to the loving hearts who suffered in this war; the most unfaithful to those households bowed in grief and yet lifted with the feeling that the lad laid down his life for a great thing, and among other things, in order that other lads might never have to do the same thing."

"That is what the league of nations is for—to end this war justly, and then not merely to serve notice on governments which would contemplate the same thing Germany contemplated that they will do so at their peril, but also concerning the combination of power which will prove to them that they will do it at their peril. It is idle to say that the world will combine against you; but it is possible to say the world is combined against you. The league of nations is the only thing that can prevent the recurrence of this dreadful catastrophe and redeem our promises."

A league of nations would have prevented the late conflict, the president asserted, exclaiming, "I did not meet a single public man who did not admit these things; that Germany would not have gone into this war if she thought Great Britain was going to let it, and that she most certainly would never have gone into it had she dreamed America was going into it. And they all admit that a 'notice beforehand that the greatest powers of the world combine to prevent this sort of thing would prevent it absolutely.'"

Applause and cheers greeted each declaration of the president that wars might be avoided in future by the operation of the league.

He pointed out other important features of the peace treaty. How it was the redemption of work nations in giving them freedom which otherwise they never could have won; how it says "those people have a right to live their own lives under governments which they themselves choose," and how "that is the American principle, and I was glad to fight for it." That was the very heart of the treaty, he said.

He drew attention to the section of the treaty which is "magna charta of labor," which shall dispose of the hours, conditions and remunerations of labor. "It forecasts the day," he said, "which ought to have come long ago, when statesmen will realize that no nation is fortunate which is not happy; whose people are not contented in their lives and fortunate in the circumstances of their lives."

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home. It has been officially announced. Home missions is regarded by the Baptists as quite as essential as foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. D. B. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting for the the particular obligations which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. This work among the foreigners not only gives them the christian religion, but makes them more contented and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 300,000 to 500,000 people in the South who are not christians during the period of the campaign.

SHERIFF'S SALE.
THE STATE OF TEXAS,
County of Scurry.
By virtue of a certain Order of Sale, issued out of the Honorable District court of Milam county, on the 6th day of September, 1919, by Penn Wolf, Clerk of said court against L. C. Grant, for the sum of twelve hundred and four and 33-100 (\$1204.33) Dollars and costs of suit in cause No. 7741 in said court, styled Citizens National Bank of Cameron, Texas, versus L. C. Grant, and placed in my hands for service, I, J. H. Byrd, as Sheriff of Scurry county, Texas, did, on the 10th day of September, 1919 levy on certain Real Estate, situated in Scurry coun-

ty, described as follows, to-wit Lot No. 23 in Block No. 36, Lot No. 7 in block No. 35, Lot No. 24 in block No 36.
All said lots being situated in the town of Hermleigh in Scurry county, Texas, as shown and described on the map of said town, which is recorded in the office of the county clerk of Scurry County, Texas, in Vol 19, Page 432, deed records of Scurry county, Texas, here referred to and made a part hereof, and levied upon as the property of said L. C. Grant, and on Tuesday the 4th day of November, 1919, at the court house door of Scurry county, in the city of Snyder, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public

venue, for cash, to the highest bidder, as the property of said L. C. Grant by virtue of said levy and said Order of Sale.
And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Snyder Signal, a newspaper published in Scurry County.
Witness my hand, this 10th day of September, 1919. 16
J. H. BYRD, Sheriff,
Scurry County, Texas.

When a certain foundry worker in New York was notified that the wage scale had been increased to ten dollars a day he said. We workers appreciate it, but it cannot last. That man had the true insight into economic facts. He knew the business could not pay such wages and hold up, and he knew that a crash would come and that when it comes there will be vastly more trouble than ever. Many economic writers are seeing the danger of inflated prices for labor and commodities. When business can no longer go in this frenzied way, prices and wages must come down. Some business concerns will go out of existence and laborers will be out of jobs and panic is almost sure to grip the industrial world.

Better not do it. It will increase the cost of milk. Better go along like father and mother did. Juice the cow and say nothing about it.

Lockney Beacon:
"Fifteen states have ratified the suffrage amendment. Twenty-two more states, it is said, will ratify as soon as they hold legislative sessions. It now looks like a cinch that the women will have equal political rights with men folks. Bailey and

Ferguson have not been able to stay the popular tide for equal suffrage." Bailey and Ferguson are apt to find that the people have decided to run their own affairs and it will not be as easy to take charge of the party as it was at a certain Galveston convention.

And if we discover many more big oil wells in this country we may not feel in duty bound to intervene in Old Mexico.—Dallas News.

\$4,000.00 IS OFFERED TO SHEEP AND GOAT RAISERS

VARIOUS NATIONAL BREEDERS' ASSOCIATIONS OFFER MANY SPECIAL PREMIUMS

Sheep and Goat Raisers will be given a total of \$4,000.00 at the Victory Fair at Dallas in October. There are also numerous special premiums in this department, including those of Swift & Company, who offer \$125.00 to be divided between fine wool breeds and mutton breeds, and allowing \$25.00 for the Grand Champion wether in the Sweepstakes.

For the first time, this year cash premiums are offered by the American Cotswold Registry, Association for Leicester, Karakules, and Karalines.

There are still large areas in Texas suitable for sheep raising which these premiums are intended to encourage. When it is realized that the people of the United States consume an average of only six pounds of lamb, as against eighty pounds of pork, and seventy-seven pounds of beef, it will be obvious that a large opportunity exists for raising mutton and lamb, especially if the quality and flavor be improved. This, experts say, can be done by proper care and feeding.

The American Shropshire Registry Association, American Hampshire Sheep Association, American Oxford Down Record Association, American Angora Goat Breeders' Association, and J. V. Hardy, of Dallas, also offer special premiums.

VERY BEAUTIFUL DISPLAYS IN ART AND TEXTILE

THIS DEPARTMENT OF VICTORY FAIR AT DALLAS PROMISES SPLENDID EXHIBITS

The Art and Textile Departments will display perfectly beautiful exhibits at the Victory Fair at Dallas in October, according to report just made by the Superintendent, Mrs. Fannie T. Howard, to W. H. Stratton, Secretary State Fair of Texas.

Liberal cash premiums are offered and entries are coming in rapidly. The facilities for displaying these

beautiful things have been improved. The textile and china cases repainted. The art cases newly decorated. Electric lights inside the show cases will display the exhibits to best advantage on dark or rainy days.

An entirely new feature this year will be the collection of war relics. The classification of Basketry offers good cash premiums.

The Culinary Department offers many cash premiums for breads, cakes, jellies and preserves, canned fruits and vegetables, candies, pickles and other delicacies. Competition is open to all amateurs.

The embroidery, lace work, knitting and crochet, quilts, plain and fancy sewing are open to the world. A special classification covers old ladies' work. In Decorative Art many cash premiums are offered for painted china, pottery, glass and metal. Classifications for both amateurs and professionals.

The following departments are open only to the school children of Texas and exhibits must have been produced by the boys and girls: General Display of Manual Art, Drawings, Decorative Art, Plain and Fancy Sewing, Arts and Crafts, Fine Arts, and Domestic Science. Liberal cash premiums are offered.

All schools and teachers who have not yet reserved space, should do so at once. All entries in other departments should be made now. Write Mrs. Fannie T. Howard, Supt., care of State Fair of Texas, Dallas, Texas.

This is a story of a man whose charms no woman can resist.

See the beautiful women in the latest gown

WHATS ON?

From the time when she wonders whether her nose is shiny as the boy with the pink tie and the vaseline hair who lives next door passes by, the quest of every woman is for "the perfect lover."

Some are fortunate; they find him Others after many years of fruitless searching come to the conclusion that "there ain't no such animal." But, whether they are successful or not in their search, all depends upon their version of "the perfect lover." The man Anne considers the most wonderful "thing" that ever happened—an ideal lover—Mary wouldn't look at. She frankly admitted that she wouldn't walk to the corner with him if he asked her. He usually does not ask her!

There are no definite physical requirements for the "perfect lover" He may be tall or short blonde or brunette, have brown eyes or blue eyes, but he must know how to make love. "The perfect lover" is the man whose hand-clasp thrills you, whose kisses burn and make you think you are living in another world, whose eyes pierce your very soul—the man who can make love so wonderfully, so divinely, and to make you forget all material things "The perfect

lover" is not the virile type, the "cave-man" whose arms grasp you so tightly that your skin is blue and bruised when he lets you go and your very bones ache, nor is he the soft mushy man who genly pets you and treats you like a nice sweet kitten—but the man who strikes the happy medium. He is the man who knows when he holds you very tight and presses his lips to yours in burning, fiery kisses, so that you imagine yourself some ethereal being floating on the clouds and sipping the nectar of the gods; he is the man who knows when to gently pet you and caress you, to kiss your eyes and your hair and lull you to sleep with his soothing touch and honeyed words he is the man that knows when to sympathize with you, when he laughs with you, when he dances with you, and when he dines with you. He is "the perfect lover" the man no woman can resist, the man women go out of their way to please, the man women worship.

Can you imagine any more perfect lover than handsome Eugene O'Brien? You know how attractive he is—you have seen him make love on the screen so wonderfully you almost fell out of your seat in your enthusiasm and you know the following of women he has. Mr. O'Brien is certainly "the perfect lover" and

wise people have cast him in a role which gives him a wonderful opportunity to portray his talents. He will be seen in his first Selznick Picture, "The Perfect Lover," next Thursday at the Cozy Theatre.

Soldier Boy Leaves His Girl With Gospel Workers To Be Cared for in War.

She was just a little red-cheeked country girl who had come to the city to work. She hadn't come for any story-book motive, such as paying off the mortgage on the old farm. She was just a country girl who wanted to make a little money of her very own. There wasn't any chance at home. There was the butter and egg money, of course, but the family was large and there wasn't much to sell. So, like hundreds of other country girls, she came to the city to work.

She secured a position as nurse-girl to two children, not much smaller than herself—she was scarcely more than fifteen. But the wages she drew amounted to very little more than the butter and egg money back home. The children were not always kind and she could never do as she wished, but always what they desired.

Finds World Unkind.

A vague, hurt, longing came into her heart. She wanted to see mother and dad. She wanted to feed the baby chickens; to rub old Dobbin's nose; to hunt hen's nests; to ride to the pasture for the cows; she was just plain homesick.

One of her duties was to take the children to the park in the afternoon. This was rather pleasant, usually, but one day when the ache in her heart was the strongest, and the children were more unkind than usual, she awoke to the fact that she wanted companionship—some one with whom she could talk of the things she liked to talk about, and then she saw him.

He was a soldier boy and was sitting on a bench in the park near where the children were playing. He was a bit lonely too, and in a very short time the homesick souls were sharing troubles. Every day she met him there and then one day, he was called away. That day at the park he told her good-bye. But before he left, he took the girl to a Salvation Army home. The boy twirled his cap in embarrassment as the matron talked to him, but he looked her square in the eyes.

He Was Square

"I've treated her square," he said, "but she will get lonesome again and the next fellow might not be so square. So I am wanting you to care for her and look after her for me while I am gone."

The girl stayed at the home, and when the war was over, a big, browned fellow rushed into the home, calling, "Mary!"

Mary was there and the two were married in the home. Now Mary and Mary's soldier-boy are living on the old farm, caring for mother and father, and just being happy. And when they go to the city, they never fail to visit the Salvation Army home, which, they say, meant home for both of them.

ON GLORY'S TRAIL

By Billie Pierson

I went to sleep the other day—'twas quite unusual, by the way, for I believe that it is right to do one's slumbering at night. However, strange as it may seem I slept—and sleeping, dreamed a dream. (Here it is):

I journeyed to a little town, a village of no small renown, a place of pleasure, pride, and joy for man or woman, girl or boy. It seemed that each one wished to do things only that were good and true, so it was natural to feel that living there would be ideal. The homes were all so clean and neat; no painted girls were on the street; the parks were free from dirt or shirk; no ragged bums were hunting work; no ragged children, dirty, rude, were seen to steal or beg for food; no grimy clothes, no rags were seen for everyone was neat and clean.

"'Twas wonderful—then I awoke. Said I: "That dream was not a joke." Howe'er unreal it all may seem the dream I dreamed was NOT a dream. Salvation Army centers see this dream of mine a reality. The poor are helped, the hungry fed, the bum is given food and bed while factory girl, or bum or clerk—all who apply are given work. A home of rescue for the stray who's somehow lost the better way; all this and more these workers do to make a town ideal for you.

And now's a chance for you to do as you would have others do. Add dollars to the home campaign—your money won't be spent in vain.

Wood Visits in Ardmore
Lieutenant Colonel George Wood made a trip to Ardmore, Oklahoma, last week for the purpose of addressing the Rotary and Lions' clubs in a joint meeting with the Chamber of Commerce. The Ardmore boosters have raised their quota from \$10,000 to \$25,000 for the home service fund. They will build corps barracks with the money.

Yankee Robinson Circus (1). Exhibit in Snyder

The Yankee Robinson Big Three Ring Wild Animal Circus will exhibit in Snyder on Friday Sept. 19.

In addition to the usual circus attractions there will be an Abieie Carnival headed by Young Hockenschmidt Wrestler who will demonstrate how he conquered all contestants and issue a challenge to the world, and a prize of one hundred dollars to any man who he can "stay" for fifteen minutes.

There will be two performances, one at 2.00 p. m. and the final one at 8:00 p. m.

Among the offerings of a thrilling circus program are Albert's ten performing polar bears, Jules' mixed group of lions, tigers, pumas, jaguars, leopards and hyenas. Capt. Tiebors' musical seals, Irving's riding lion and Holman's performing zebras, and the only trained camels in the world are to be seen with the Yankee Robinson Circus. In addition to the above features, the Buchanan Stable of Blue Ribbon winners under the direction of the world's greatest horse trainer, Mr. Max Sabel, will execute intricate gait and ball room dances never before attempted by other equines. There will be thirty mirth-provoking clowns who will intersperse joy thru out the performance.

The engagement of the Yankee Robinson Circus will be inaugurated with a free street pageant which will leave the circus grounds at noon and will cover the usual down town route. A picturesque procession of unusual novelty is promised.

WHAT MAY FUTURE YEARS BRING TO AMERICA?

Gen. Obregon is looming up now as the leading candidate for president of Mexico. Obregon is openly defiant toward to United States in the matters of oil and other business interests. Mexico has been lending aid heretofore to Anti American agents and porpaganda.

For some years Germany has harbored designs against the United States and since the war, Germany will be more than ever disposed to give us trouble and unless the United States shall fully carry out our agreement with the entente and shall ratify the treaty and the Peace League covenant there is no end of wars in sight.

Without the signing of the peace treaty we will still be at war with Germany and a state of war opens the way for whatever plans and schemes the enemy may see fit to propagate, even to invasion to impressment, to forming alliances with other countries and the blockade of traffic and any other war measures.

Germany is not asleep. She is materially prostrate, we are told, but Germany is noted for her recuperative powers and everybody in Germany is lined up to rebuild lost fortunes. At the same time Germany is looking for further extension of power and dominion.

Colonization agencies are being sent into Mexico and all the South American countries. German citizens are being settled in those countries and means supplied to build up in-

industries. Already some of the South American countries are dominated by German residents, and 30,000 are now about to settle in Mexico and more to come.

These people will turn attention to giving trade to the Fatherland and through their efforts Germany will get the commerce and the advantage of the great available resources of those countries and the Latin countries are rich in minerals, live stock. In agricultural possibility and in Coast line and these many agencies are to be turned to the advantage of Germany. Any reasonable person can see what these things will mean in a few years.

We have no visible way to prevent them from locating there and building up great industries and providing such defenses as they may see fit to establish. It now seems their purpose to practically own South and Central America and they will control Spain, Japan will probably fall in line and if we fall the allies now we can have slight hope of retaining the confidence of France, Italy and the far East. If the United States Senate shall now refuse to establish world peace and thereby bind Germany in terms agreed upon, there is no living man can know what may come about in future years to bear upon the peace and democracy of the world and the fate of our own nation.

Police Trouble in Boston.

The Boston police force went on a strike and that bean eating city was for several days at the mercy of thugs, outlaws and gamblers and rioters. After trying every reasonable plan to restore order and get the cops to go back on their beats Commissioner Curtis declared their positions vacant. Gov. Coolidge endorsed Curtis' announcement and the striking policemen found themselves without jobs. The strike is considered a bolshevik movement to try to establish soviet condition similar to the chaotic conditions in Russia.

TANGO DANCING IS VERY POPULAR AT THE YANKEE ROBINSON CIRCUS

And now the tango has invaded the realms of the Circus. Wot?

WOT?

The truth, The whole truth and nothing but the truth. For when the Yankee Robinson Three Ring Wild Animal Circus comes to Snyder for a one day's exhibition on Friday September, 19th there will be exhibitions of every sort of tango that exists. There will even be a sampe of the oldest tango in the world, originated from the time that Adam and Eve had trouble over their rear in the restricted Eden district and were forced to move without waiting for the first day in May

THE DANERS?

With your kindest attention, permit us to introduce "Texas Tommy" and "Lady Virginia" both true exponents of not only the Tango but the more modern Maxixe and "Tickle Toe." Both are tango dancing horses, let it be known ad when they start dancing nothing in the code of Convention of dancing Masters of America that can ever approach them.

Of course there are other tango dancers with the circus. There are tango dancing elephants, tango dancing polar bears, tango dancing men and women and tango dancing dogs. And of course they all form a part of the circus performance. All of this—as the announcer would say—only forms a small part of the circus that is coming here.

There is a Capt. Tiebor with his troupe of musical seals, a horseback riding leopard, a lion who actually loops the loop, a mixed group of lions, tigers, leopards, pumas and hyenas, all perform in one large steel arena. There are thirty real funny clowns and hosts of acrobats, gymnasts and aerial performers. As an added feature Young Hockenschmidt World's Champion middle-weight wrestler will meet all comers at each and every performance. They are all there with many other circus features and can be seen in the mile long parade which will leave the circus grounds at noon.

More German Trade Methods.

Sap Juan, Porto Rico, Sept. 15.—American travellers who have recently arrived here from Venezuela report that there are open evidences of renewed German activity in that country. Just how they have come no one seems to know, but many Germans have been arriving in Venezuela during the few months past, and German commercial travelers are reported particularly active. As one man who returned from Venezuela last week explained it:

"If I want to sell clothing at 15 a suit to the Venezuelan merchants, a German salesman has something just as good for \$12 or \$13. If I offer 90 days or six months credit the German offers six months or a year. In every line it is the same way. They are offering to take orders for all classes of manufactured goods and promise prompt delivery. Many Germans are arriving in Venezuela, evidently prepared to settle there and make it their home.

Senators object to Article 10 of the League Covenant, for a reason, they say it will bind the United States to take part in the wars of other nations, but Senator Jones of New Mexico shows that it will operate only in cases of unjust wars and that under that article there can never again be a war waged for conquest.

Perkins well No. 6. Gulf Production Co. 5 miles Northwest of Eastland caught fire last Friday and tho' all sorts of apparatus was used, the fire continued to rage for days. Senator Borah told his Chicago audience the other day that the Pdesi had refused in his writing to give the Senate a copy of the treaty with Turkey. He did intimate in an indirect and vague way, that no such treaty has yet been executed, but he neglected to state that it is still in process of making. It may become necessary, and perhaps is already desirable, that men who preside over meetings at which league of Nations is discussed shall be invested with the power to administer oaths to the speaker as a means of giving the audience some assurance that what they hear is the truth, at least to the extent of the orator's ability to tell it.—Dallas News.

Partisans Menace To Peace

President Wilson contends that labor factories are running on uncertainty is established and that all business commerce and industry will be disturbed until the peace treaty is ratified and still certain republican Senators are doing all they can to delay the re-establishment of peace. In the meantime Union labor is threatening a general strike, railroads and factories are running on uncertainty. The high cost of living keeps the whole country in a strain and the business world is staggering. All because certain republican leaders are trying to formulate a campaign issue for 1920.

BIG CIRCUS HERE FRIDAY.

Get out all your surprise objectives and polish them up for Friday you will need them.

Friday there comes to town the big Yankee Robinson Three Ring Trained Wild Animal Circus for a stay of one day. The big show is to come here in two trains. It will arrive early Friday morning and by 8 o'clock the wagons will all be on the lot and the putting up of the circus from the horse tents to the managerie top will begin. By noon not a detail will be lacking for the giving of the performances that are to follow.

And many promises are made this year for these performances. There will be Young Hockenschmidt Wrestler who will give one hundred dollars to any man he can't win a fall from in fifteen minutes. Then, too, there will be the Fred Puchannu Dancing Horses the marvelous trained seals, a group of ten Polar Bears, the only trained Camels in the world, a mixed group of bitter jungle enemies including lions, tigers, pumas, leopards and hyenas.

Of course there will be clowns and plenty of them while five bands of

music and the shrieking entourage will dispense the new music from the classic to the ragtime in the mile long parade which will take place at noon. Two performances will be given at 2 and 8 p. m.

A WOMAN'S BACK.

The Advice of This Snyder Woman is of Certain Value.

Many a woman's back has many aches and pains. Ofttimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective.

Many Snyder women know this. Read what one has to say about it: Mrs. S. V. Gideon, Snyder, says: "I had had pains across the small of my back and when I stooped over, it was hard for me to straighten up again. My back was also sore and lame and I was troubled by the irregular action of my kidneys. Mornings when I got up, I felt tired and languid. The use of Doan's Kidney Pills strengthened my back and regulated my kidneys. I certainly think this medicine is wonderful."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gideon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this Beauty Lotion for a few cents and See for Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard whites then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck arms and hands it should help to bleach, clear smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

For String of Warehouses.

The absolute necessity of a chain of warehouses to protect the cotton crop is stressed in an announcement from the Texas Division of the American Cotton Association to day. The announcement calls attention to the fact that for many years intelligent and unselfish leaders in the cotton movement to protect the interests of cotton grower, manufacturer and customer has recognized the absolute necessity of a great chain of cotton warehouses locally owned and controlled, and operated under State law throughout the South where cotton is produced and where it should be marketed.

"By this means alone can the great staple," says the announcement, "be properly protected against weather damage until it is sold direct to the manufacturer at a just price based on economic laws." Thus Governor R. G. Pleasant, of Louisiana, recently wired President Wanamaker of the American Cotton Association:

"The sinful waste of cotton when unprotected from weather and the resulting deterioration in quality loss in weight, the decrease in price or the forced sale of cotton at an unfavorable time, the crazy and ruinous fluctuation in price of cotton from hour to hour at the whim of gamblers on the cotton exchange will all be stopped by the establishment of a chain of warehouses, locally owned and controlled, operating under State laws and finally backed by Southern bankers.

A. McBride, Headford, Ok. If you are troubled with indigestion or constipation give them a trial. They will do you good.

POULTRY SHOW AT VICTORY FAIR BEST SELLING EVENT

\$2,500.00 IN PREMIUMS ATTRACTS POULTRYMEN FROM EVERYWHERE, WHO CAN SELL MANY BIRDS

The Poultry and Pet Stock Show will be given greater prominence than ever at the Victory Fair at Dallas in October. Walter Burton, Arlington, Texas, Superintendent, says that reservations for coops are coming in daily.

\$2,500.00 in cash premiums are offered for Poultry. Poultrymen can make good money by exhibiting at the Victory Fair. The Judges will be E. C. Branch, Lee's Summit, Mo.; G. D. McClaskey, Kansas City, and James Tucker, Royal Oak, Mich.

The Texas Barred Rock Club and other clubs will meet at this time at the Victory Fair.

The general arrangement, lighting facilities and hygienic accommodations for the birds, are very gratifying to poultrymen everywhere. The 1917 show was a big success. The exhibits ranked high in number and quality, and many prominent breeders were represented.

Being held ten days earlier this year, the show comes at a time when both farmers and fanciers have money to buy birds, and many fine ones are sold at the Dallas show. The Dallas dates, Oct. 6th to 19th do not conflict with other shows, but enable breeders to advertise their winnings this fall when birds command the highest prices. The Victory Fair Poultry Show will be the biggest selling event in the country this fall.

The Pigeon Display will also be the very best yet. The splendid part played by carrier pigeons in the war has endeared them to both breeders and the public generally. A larger number of pigeon entries than ever before, and a greater variety of fine breeds, will be represented at the Victory Fair Pigeon Show, than ever before. Cash premiums and ribbons are offered.

AGRICULTURAL SHOW WILL BE A "GARDEN OF EDEN"

\$10,000 IN PREMIUMS FOR COUNTY AND INDIVIDUAL FARM EXHIBITS

Prospects for an Agricultural Show that will be the best ever held in Texas are most encouraging, according to President Jno. N. Simpson, of the State Fair of Texas, in speaking of the Victory Fair, to be held in Dallas in October.

From all sections of the State space reservations have been made for individual exhibits that will be made in great variety and in superior quality. \$10,000.00 in cash premiums are offered—\$5,000.00 each for County and Individual farm exhibits. Many choice specimens of cotton, grain, fruit, berries, vegetables, etc., will be shown.

The West Texas Chamber of Commerce, the Panhandle-Plains Counties, Rio Grande Counties, and counties in East, North, Central and South Texas, will all make splendid displays of the products of the farm, the orchard, the garden, and the ranch.

The \$500.00 special premiums offered by Dallas Cotton Exchange for best bale of 1919 Texas cotton; and the \$300.00 special premiums offered by Texas Land & Mortgage Company, are proving excellent magnets. The agricultural and horticultural displays at the Victory Fair will form a veritable "Garden of Eden" on Texas soil.

COMMITTEE READY FOR CAMPAIGN TO RAISE S. A. FUND

Kirby Pleased With Organization for Pushing Drive Throughout State.

ELKS PROMISE HELP FOR STATE WORKERS

Soldiers Fall into Line When Asked to Head District and Local Units.

With the appointment of his executive committee complete John Kirby, state chairman for the \$600,000 home service fund drive in Texas, September 29, outlined a vigorous policy to its members at Dallas Saturday.

"I am pleased with the success that has been met in perfecting a strong committee to get the money that is required for placing the Salvation Army on a firm basis in Texas for all time," Mr. Kirby told the committee. "In this work we have the cooperation of virtually every soldier who was 'over there.' We are getting the support of religious and fraternal organizations."

Elks Help in Drive

The order of Elks promised support of the campaign in the following telegram from Frank L. Rain, exalted ruler of the organization:

"I earnestly co-operate with you and the good people of my native State. We are behind you in your home service campaign.

"Commander Evangeline Booth told us in our recent convention at Atlantic City that if it had not been for the Elks the Salvation Army would not have achieved the success that it did in the great war.

"Great good is being done by the Salvation Army along a line that can not be accomplished by any other organization. We as an order have always aided the Salvation Army and the Elks from coast to coast are assisting them in their present drives. Here's hoping that you 'go over the top' in Texas, Oklahoma and Louisiana."

Chairman Kirby, is expected to appoint the full number of his executive committee this week, according to Lieut. Col. George Wood, commander of the Southwestern District. Five members of the state committee have been appointed. The number probably will be brought to fifteen.

County Units Are Formed

County organizations are rapidly swinging into line for the intensive week of work that is planned to cover the campaign work. Field men of the Salvation Army corps report success in each county in which they work.

"By far the most gratifying feature of the campaign is the support that the returned soldier is giving the Salvation Army," Mr. Kirby told the executive committee at its last session. "I find that this sympathy for the Salvation Army is deep and sincere. The boys really want to help."

Richard Burges of El Paso who was one of the first Texas soldiers to go overseas, has been appointed to lead the campaign in the El Paso district. Burges returned to America with the rank of colonel.

Soldier Ready to Help

"I am not too busy to show the Salvation Army the attention that is due it by every returned soldier," Mr. Burges said in accepting the position offered him on the state committee.

Definite plans for the campaigns in each county are now in the hands of the state central executive committee.

The state committee is the nucleus of an organization of workers that extends down to the last publicity man and county chairman in the state.

"There are to be no loafers on the state committee," Mr. Kirby said in announcing his appointees. "Each man nominated for a place who accepts will have a definite work to perform. Each district chairman will be responsible for the men in his district who are able to give substantial sums of money. Each county chairman will be responsible for the men who are able to give freely in his community. By this plan it is the hope of the Salvation Army that the drive may be brought to a speedy close."

Halls Built on Border

Construction work on two recreation halls for the Salvation Army at Santa Helena and Lajitas in the Big Bend district will begin at once according to a letter received last night from Colonel G. T. Langhorne of the United States cavalry by Lieutenant Colonel George Wood, commander of the southwestern division of the Salvation Army.

Colonel Langhorne acknowledged receipt of a check from Lieutenant Colonel Wood for \$1,000. The money was sent the first of the week from the Dallas office of the Salvation Army.

"I take this opportunity to thank you," Colonel Langhorne wrote, "and express the gratitude and appreciation of the officers and soldiers for your consideration of them."

GIANT SEARCHLIGHTS WILL ILLUMINATE VICTORY FAIR

THREE HIGH POWERED LIGHTS MADE FOR RUSSIAN GOVERNMENT SECURED.

Three immense electric Searchlights, that will prove a revelation in illuminating possibilities, have been secured for the Victory Fair. These were obtained through the co-operation of J. F. Strickland, President, and J. W. Carpenter, Vice President, Dallas Light & Power Company.

The combined strength of these searchlights is 6,500,000 candlepower. They were procured in Chicago where they were originally made for the Russian Government prior to the revolution in that country, but were never shipped there. The additional light will be found a great convenience and protection to the visitors. Light is emblematic of progress and knowledge and these giant searchlights will be especially appropriate for the Victory Fair at Dallas in October.

Twenty-Five in Girls' Hotel.

The girls' hotel at Dallas maintained by the Salvation Army now accommodates 25 girls, according to Lieutenant Colonel George Wood in his report for the year ending March 31, 1919. These girls, Mr. Wood declares, are given clean rooms and wholesome meals much below the cost for the poorest kind of board and room obtainable in Dallas. The home is at 1718 Corsicana street.

Many Get S. A. Groceries.

Meals and groceries have been supplied 22,104 needy citizens of the southwest by the Salvation Army in the past year, according to Lieutenant Commander George Wood of the Dallas office. 1945 were given lodging, employment was found for 363, medical aid was given 1148. The total number of suffering people relieved by the Salvation Army in the year is 30,669. The cost of giving the relief amounted to \$17,268.48.

ATTENTION FARMERS.

Under the Acts of the Thirty-Sixth Legislature, authorizing counties to borrow money from the State with which to buy seed and feed to furnish farmers to make a crop, Scurry county borrowed from the State of Texas, \$60,000.00, and purchased seed and feed to the amount of \$36,428.00.

This seed and feed was furnished to the farmers and a mortgage taken on their crop to secure the payment for same, which amount is due the 1st day of October, 1919.

The law provides that the County Tax Collector shall collect said money and pay same over to the County Treasurer, and in the event same is not paid when due to be placed in the hands of the County Attorney for collection.

The farmers of Scurry county have been blessed with a bountiful crop, prices are good and we have no doubt that every dollar furnished

by the county will be paid.

This however, is to remind you that it will soon be due and that the Commissioners' court is anxious that it be paid as soon as the crop is marketed.

Every dollar borrowed from the state must be repaid with interest, but this cannot be done unless we collect what we have loaned you.

Yours very respectfully,
W. S. ADAMSON,
County Judge Scurry County.
By order of the Commissioners' Court

Andy Thevey said here Wednesday that boll worms are very much in evidence in the Knapp country. Andy says we will make a rousing cotton crop but would make more if the worms would stay out.

W. H. Anderson who recently retired from the Drug business here will be located at Hernlegh this fall to buy cotton.

Experience the Best Teacher.

It is generally admitted, that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.
