THIRTY-THIRD YEAR.

SNYDER, SCURRY COUNTY, TEXAS, FRIDAY, NOV. 7, 1919.

NUMBER TWENTY ONE

## CHAUTAUQUA WELL ATTENDED

The opening exercises of the Chautauqua came on under the handicap of a belated train so that the performers failed to arrive on time, but Mr. Lu Ring, the genial manager assisted by Mrs. W. M. Morrow as pianist substituted an interesting entertainment, and Mr. Ellis, manager of the opera house contributed nobly to the entertainment by putting an attractive moving picture on the screen and the large crowd attending felt that they had had a pleasant evening.

The first night's performance brought a complete program. The Althea Entertainers were all that had been claimed for them. Three accomplished violinists and a reader and they all filled the full measure of efficiency. The music is of a high class and the readings are appropriate in sentiment and pleasing in expression.

The first night closed with a lecture by Granville Jones. His theme "The Creed of Democracy" leads into an analysis of governments and down thru the evolution of political science to a masterful definition of democracy—as emphasized in the formation of the American Republic. Mr. Jones believes fully in the doctrine that Americans should control America.

Because of the short time left us there was some uneasiness as to the success of it but the local committees and the aidies of the Althea Club have worked with energy and system and buoyed by the energy of Mr. Ring they have sold tickets enough to fill the opera house at every appointment.

Snyder people are always ready for an undertaking that will edify and the Chautauqua came to us ready with a splendid program.

Frank Duerot was the Star on Tuesday afternoon in magic art. His wonderful tricks captivated and pleased the people and the children were especially delighted. Duerot has been here before and was among friends.

The performance on Tuesday night opened with vocal and instrumental music and Manager Ring led the audience in some familiar songs. And the people sang like a camp meeting. "When the Roll is Called Up Yonder" was sung by women and there was a great chorus and then the men were asked to sing it and just a few voices could be heard and the climax, or promise—"I'll be There," dropped almost to a whisper. Evidently the men were not sure. The married folks sang it with considerable force and those who want to get married rang it out in vigorous assurance—"I'll be There."

The principal number was the address by Dr. Loveland—"The Perils that Confront Our Country," were told by one who has studied social political and industrial conditions. He shows that bolshevism is seeking to undermine our government and hurl our country into anarchy. He favors deporting all un-Americanized aliens and then urges a campaign for the preservation of health and morality at home. His appeal for the cultivation of eugenics should enlist our serious consideration.

Mrs. Enderly, a reader of nationwide reputation was the attraction Wednesday afternoon. Her readings are of the highest type and she varies her stories so that each fits into the line of interest emotion in the audience.

Wednesday night the fact was proved that "It Pays to Advertise." This event had been talked about until even our slowest business men had come to wonder if it is a fact and the great throng of people filling the opera house to capacity proved the truth of it.

The Co. are all artists and the play was full of "pep" from start to finish. There was not a dull minute during the three hours consumed in presentation.

The Premier artists, a rare musical combination held the stage Thursday afternoon, bringing one of the brightest periods of the season. Old songs, popular songs and classical music.

This session was closed with a lec-

ture by L. E. Durham on Community Development. A practical application of the principles upon which American civilization is founded.

The great event which closes the four days engagement was a second appearance on Thursday night of the Premier Concert Artists and they fully maintained their standard of high art.

The Chautauqua has been a success. The people are satisfied. The Company have made good and Mr. Ring, the manager has made scores of friends in Snyder by his courteous bearing. Efforts are now being made to arrange for a return season in 1920.

### City Council Matters

City Council of the City of Snyder met in regular session at the City Hall on the evening of Nov. 3, 1919, with Mayor W. W. Echols presiding, other official present were Marshall O. P. Wolfe, Secretary Harvey Shuler and Aldermen J. J. Taylor, T. J. Blackburn, H. J. Brice, Gay McGlann and I. W. Boren.

The minutes of the previous meeting were read and approved.

The report of City Tax Collector O. P. Wolfe was filed and same approved by the finance committee.

The Street and Bridge Committee were asked to see about fixing the street on Church Street.

### Showing of Mule Colts.

J. W. Berry is owner of the Texas King, one of the best Jacks in Scurry county, and to prove it, he invited his patrons who own Texas King colts to come in last Monday and show them and there were about a dozen good mule colts in the exhibit. Mr. Berry had offered a prize for the best colt in the lot and after a careful examination the judges awarded the prize to Dean Brumley. Such shows will serve to stimulate interest in stock raising and we hope to see more of them.

### Gideon-Boles

Mr. Marvin M. Gideon and Miss Nan Boles were married at 6 o'clock last Saturday evening by Rev. W. J. Sims, at the Baptist parsonage. The bride is a daughter of the late sheriff, J. B. Boles. The Signal extends congratulations.

Oscar Lykes of the Manhattan is in Austin this week.

## SCHOOL REPORT SECOND MONTH

The second month of the Snyder schools ended last Friday. The attendance for the month was hindered by inclement weather and cotton picking, two conditions for which teachers are not responsible. The per cent based on monthly roll was 90.2 per cent. That is very low but we realize how badly children are needed to pick cotton.

Only 9 tardies in all schools and none in High School during the month. We had just 9 tardies too many.

We wish to thank the patrons for their cooperation in our school work.

Below is given the Honor Roll for the month. To get on the Honor Roll one must be present every day, not tardy, and have a grade not below A on every subject and absence. The Honor Roll is short this month on account of non-attendance, largely.

### Central Building

Miss Palmer's room—Maxiena Whitmore.

Miss Isaac's room—Nora Byrd, Hazel Lewis, George Webb, Orene McMillan, Paschal Watts.

Miss Watt's room—Mary Julia McMillan, Christina James, Maurice McClinton, Violet Bradberry, Ione Bridgeman.

Mrs. Prim's room—Gladys Lewis, Hazel Cauble.

### North Ward

Miss Clanton's room—N. R. Clements, Howard Robertson, Lucile Brown.

Miss Hailey's room—Ray Fesmire.

### Colonial Hill Ward

Miss Clark's room—Bobby Chambers, Robert Curry, Nelsy Brown.

Mrs. King's room—Lois Rosser Gwendolyn Chambers.

Mrs. Howell's room—Herbert Banister, Ellen Bruce Johnson, Ruth Rosser, Ernestine Rosser, Willie Fern Curry.

Honor Roll does not include High School.

Respectfully,

S. L. RIVES

### A Quiet Halloween

Halloween in Snyder was a very quiet affair. There were a few parties and the children were around to some extent in spook costume, but there were no great, big demonstrations anywhere. People are too busy to indulge in even a little fun. The boys were exceedingly nice and very few pranks were pulled off. A few foot bridges were turned over and a few business signs were swapped around, but it seems that the old spirit of pranks has given place to the more serious things of life and people seem to be growing prematurely sedate.

### No Election in Scurry County.

Last Tuesday was the day for an election all over Texas on four proposed amendments to the State constitution, but the polls were not opened anywhere in Scurry county. This was probably the first time in history that Scurry county has failed to do her part in the state affairs. It is understood that the failure was due to the fact that the election supplies failed to come. Judge Adamson was notified several days in advance that the supplies had been mailed out, and he had tickets printed and election officers appointed but because of the main supplies not coming the election was not held.

Everybody knows that our railway mail service is slow, uncertain and unsatisfactory, and it is believed that our election supplies have been dumped aside enroute and may arrive later, after the battle is over and armistice in full force.

### The Red Cross Drive

Mrs. Barnes and Mrs. Monroe report 286 new Red Cross members for Snyder chapter and the ladies are still working. They want to close the campaign this week and urgently request the people to come in and renew allegiance.

A. F. Miller a stockman from Cooper and L. L. James, County Attorney of Delta County, are here prospecting.

### COLONIAL HILL ACTIVITIES.

The sixth and seventh grade got the banner again this month. We have had no tardies in Mrs. Howell's room yet.

The boys played the girls Halloween in base ball and the game stood 22 to 8 in favor of the boys. The girls say they will beat next time.

The sixth grade have been making maps of salt and flower. It is very interesting. We have some fine drawings and are making more.

Many were absent last month on account of sickness and bad weather. We hope to have them back this month.

The girls and boys are enjoying the Chautauqua very much.

We are trying to make our room look better by putting up pictures.

Mrs. King had some tardies last month and Miss Clark had one. We hope to not have any this month.

—Pupils

### Program for Parent-Teacher Ass'n.

Friday 3 p. m. Nov. 21st. Roll call. Requisites of a good school patron.

Round Table. How do parents hinder the work of the school.

(a) Mother's point of view, Mrs. H. E. Rosse.

(b) Teacher's point of view, Miss Palmer.

Why are schools benefited where mothers are intelligently and actively interested in the details of the school, and where parents' meetings are also held? Mrs. Whitmore.

Discussion: How much home assistance should be given to children? Mr. Rives.

Song, Mrs. R. G. Davenport.

### At Methodist Church

Next Sunday will be the last Sunday of this church year, as the Annual Conference convenes on the 12 of November and we want to make it a great day. On this date we finish writing the record of another year's work. We want to close out this year with everything in full so we ask that you do your part to make this annual report a good one.

Services on Sunday will be as follows. Sunday school at 9:45 and preaching at 11 a. m.

Junior organizations meet at 3 p. m.

Preaching at 6:00 p. m.

On Monday afternoon at 2 o'clock the Woman's Missionary Society will observe their week of prayer program. Your presence will go a long way toward making these services a success. Come.

A. W. WADDILL

### First Baptist Church.

All the regular services next Sunday. Teachers' meeting and training classes at 9:00; Sunday school at 9:45; preaching services at 11:00 a. m. and 6:15 p. m. Junior Union and Sunbeam Band at 3:00, and the Senior Union at 4:00. In all eight services every Sunday. The place where we do things, and where we work in a worthy way.

A message every Sun. morning of special interest to Christian people important one for next Sunday. You will want to hear it.

At the evening hour we shall deliver the fourth message of the series, and the second one on "Christian Science, the Greatest Humbug in the World." you will not want to miss this one, to be sure. A great congregation heard the other three. Other important ones are to follow, on Russellism, Socialism, etc., etc.

The music always good and the interest manifested by the masses. The welcome always the most cordial. We will want to take a state census Sunday night, and also see how many new people there are in Snyder now. We think this will be interesting to all.

W. H. Sims, Pastor.

### Cotton Gin Report

The gins in Snyder reported Thursday evening bales ginned.

Fuller Gin 1321, Farmers Union Gin 302, Sears Gin 451, Brice Burnett 585.

Mrs. Lon Graham and children have improved in health so that her son, Joe, who has been with them has gone back to his work at Eastland.

D. S. Clower returned Thursday from Cooper.

### Adelphia Social

Friday October 21st the Adelphia Class of the Christian S. S. met at the home of Mr. and Mrs. W. B. Stanfield. As this was the "appointed" time for "spooks" to be abroad our hostesses, Mesdames Gertrude Smith and Florence Leftwich were attired in the regulation "spook costume" ready to receive all who came.

As we neared the house we noticed near the door a charming young lady and handsome gentleman attired in the latest Paris fashions. However, as they seemed very tired they did not enter the house and were still in the same place when we left.

On entering the house everything looked very much like the house of "spooks." By the dim light from "jack o'lanterns," we could see that the rooms were profusely and artistically decorated with old witches, owls, bats and on every side we met a big black cat. As most of the guests were attired in "spook costume" it took some time to find out "who was who."

After the costumes were laid aside our hostess brought fourth a number of contests, popular at this season, which carried much amusement and laughter. All were "good sports" and tried to do as they were told. We then devoted a short time to business.

The following officers were elected: Mrs. Geo. W. Harris, President; Mr. Hugh Boren Vice-President and Mrs. Geo. W. Brown Sec.-Treas. The class adopted a plan to do charitable work each month.

When we finished our business we had to match black cats, owls bats etc., to find our partners for supper.

The dining room doors were thrown open and as we entered we found the ever black cat and his associates. As we circled the big table we found it loaded with all the viands popular in "spook land" and would suit the taste of the most fastidious spook.

It was hard for this jolly crowd to break up, but at a late hour we bade farewell to our hostess and a most pleasant evening.

REPORTER

### POST CITY ITEMS.

From the Post.  
D. B. Day has moved back to Snyder.

Dr. J. W. Warren was up from Snyder Wednesday.

Mrs. Gertrude Stanfield Smith and Mrs. Jim Chinn of Snyder brought their two little boys Emory and Jack to the Post Sanitarium Saturday and had their adenoids and tonsils removed and both youngsters are going nicely.

Arthur Yonge, spent most of this week in Snyder, packing and shipping his father's household goods to Thurber, where Judge Yonge has recently located.

County Agent Z. D. Kemp left Sunday morning for El Paso to assist President Peter Watkins, of the Farmers Association, in bringing to Garza County about 200 Mexicans to be used by our farmers in the cotton field.

Alex Brnett of Ira was here Thursday with his first bale of cotton. He says he has made 25 or 30 bales and it is just now getting open. Alex thinks a dry freeze would do good but a wet freeze would be a disaster.

### A "BITTER SWEET"

This little jingle was slipped under the door, author has not yet been arrested:

Last night my heart was light and gay.  
And life was full and sweet,  
The dearest girl in all the world  
Was waiting down the street.

She stood beneath the chandelier,  
Her beauty was complete,  
I gazed in rapture on the scene,  
Then hastened, her to greet.

When, lo! the cruel lights went out;  
But no, we would not part;  
I groped to where my darling stood,  
And clasped her to my heart.

I closed my eyes in ecstasy,  
And vowed I'd love no other;  
I opened them, the lights were on,  
And—God! it was her mother!

—Truth.

## MAIL FACILITIES GREATLY IMPROVED

The Signal, Post Master Barnes and several other citizens of Snyder and practically all the people of Dunn and Ira and all over the thickly settled country adjacent to those towns have been contending for the past ten years that the postal facilities for the West and South part of Scurry county ought to go out from Snyder to get quick and direct service. These people have been turned down two or three times, but they have never surrendered their idea nor let up in efforts to bring about the desired advantages of direct service.

At last it has come our way and the rural carrier on Route No. 4 now carries that route over an extended territory going south of Ira to people who have been remote from a post office. And he also carries mail for Ira, Dunn, Knapp and Durham, going direct to Ira where the star service takes up and delivers to the other post offices mentioned.

This gives direct service to a thickly populated country and will be of great advantage in parcel post business. Merchants can now fill orders on short notice and people wanting quick service are in position to write in for what they want and get returns in a few hours.

### Snyder Electric Plant Sold

The Signal is authorized to say that G. I. Wilcox has sold the Snyder electric light and power property and ice factory to D. F. Yoder and W. B. McCormick of Crowell, Texas. The new owners will be here in a few days to take charge of their property.

It is learned further that the plant is to be greatly improved. In fact it will probably be made almost a new plant capable of handling any probable service in the electric line. Mr. Yoder has made a success of the electric business at Crowell and at other towns and is known as a proficient electric light man. It is understood that both these gentlemen will soon move their families to Snyder to make this town their home town.

### Strikers Forfeit Public Sympathy

In former years the public has felt a sympathy for organized labor and have tacitly supported contentions for better wages and working conditions. Public sentiment has been brought to bear on government officials and on employers to cause a yielding to the demands of labor until now it seems that the labor leaders and agitators have assumed a dictatorial attitude and have now formulated a list of demands to the exhaustion of public approval and sympathy. The miners have gone on a strike with less of public sympathy than heretofore and many prominent union men have expressed belief that the strike will fail because it has been started on wrong lines.

### Turner

(Written for last week)  
 We have had several days of pretty weather now and the farmers haven't got time to say "I'll accept it if you were to offer them a share in an oil well. The cotton wagons are beginning to go down the road kinder natural but we still need more hands out this way.

There is a man from Mexico stopped at W. S. Upton's with a bunch of horses. He had the misfortune of losing five or six head Sunday night and had not found them Monday evening.

Bro. King was with us Sunday, also Bro. I. D. Hull was at the singing, he says he enjoyed it just fine. He thinks they have a good leader and a fine class.

J. R. Higgins and W. S. Upton both had a big crowd of cotton pickers Friday which they appreciated very much.

Mr. and Mrs. J. R. Higgins attended the meeting Sunday at Snyder taking with them Misses Edna, Vera and Ellene Upton. As Mrs. Upton was unable to go having been on the sick list for several days.

Robert Wren was over at his father's place looking after some feed Monday.

We had a letter from Uneda and Homer Jones, grandchildren of J. R. Higgins, who went to their mothers to enter school at Fort Worth, saying they were well pleased and doing fine in school. Uneda is taking a course in sewing and cooking. Howard has a position in a first class garage working after school hours and Saturdays. Is making good and his wages raised as he learns.

### The Strike is On

The coal strike was brought on last Saturday and the strike leaders claim there are 400,000 miners now out. When they shall have succeeded in paralyzing industry all over the country there will be added to the army of striking miners several hundred thousand wage earners in other lines. These will be out of employment—not from choice but because there will be no jobs for them. The mills, the factories, all building activities, all public and private industries will be shut down and laboring people are apt to be found tramping over the country hunting work and there will be no work because the strikers will have killed the industries. Families of the wage earners will suffer for food and clothing and it will be so because a clan of labor leaders thought to take advantage of the general state of unrest and throttle capital and business enterprise regardless of future consequences.

There was a serious wreck on the Santa Fe last Sunday night near Lampasas and it caused a general delay of traffic on the line. The North bound train due here near 2 a. m. Monday didn't come till 2 p. m., and the day train was also late. When they came they brought the heaviest stock of mail matter ever unloaded here at one time and the post office clerks worked till Monday night to clear the deck.

Mr. and Mrs. Paxton of Abilene are here with Mr. and Mrs. Guy E. Paxton for an indefinite visit.

### Worth of an Upright Life

"Enter not into the path of the wicked and go not in the way of wicked men."—Pro. 4-14.

Soloman was a man of superior wisdom and admonition is just as applicable now as when he wrote it. Going in the way of evil men has gotten thousands of honest, capable young men into debauchery, ruin and disgrace. Few men would become criminal were it not for wicked association. The young man or woman who is strong enough to turn away from the allurements of ruinous pleasure or profits will in after life find greater comfort in the assurance of peace of soul and confidence of those who have had occasion to note the course of their lives.

Young Christians often find it a real cross to stand against jeers and criticisms of associates who would lead them away from lives of virtue and Godliness, but Jesus said, "Blessed are ye when men shall say evil against you falsely because ye are following after Him." And Paul urged Titus to be sound in speech that could be condemned; so that any one of the contrary part may be ashamed having no evil to say of you."

A circumspect life of conduct, a record for correct living may at times cause evil men to seek the undermining of your character but in the end they will be ashamed.

Evil men who engage in deeds of dishonesty have a distrust of their kind, but the man of upright, unswerving fidelity to the teachings of the Master will in the end have the confidence and respect of those who may heretofore have scoffed at their simple piety. A life of piety and faithful service for righteousness and truth attracts the attention and trust of evil men. The King of Babylon tried to defy the true God and would destroy all who persisted in devotion to Him but when trouble came to the King he sent for Daniel and said to him, "I have even heard of thee that the spirit of the gods is in thee, and that light and understanding and excellent wisdom is found in thee."

It was Daniel's devotion to his God that pointed him out to the wicked king as a safe adviser.

Even sinful men have respect for the principles of the Christian religion.

There are many new words and many new ways to spell old words but the newest way to spell an old one that we have found is E-A-Z-Y, which was spelled by the English teacher on the ball court Saturday.—Teacher on the ball court Saturday.—That is easy alrigh.

### Public Welfare Paramount

It is unlawful for a person or an institutions to conduct business in a way to restrain trade and put the public to undue expense or inconvenience, then surely the government should have power and authority to demand that avenues of commerce should be kept open. The public interest should be of first consideration and we are apt to believe that President Wilson and the several governors of coal mining states are justified in asserting the power of government to protect the people.

**SAVE ALL YOUR COTTON SEED SUITABLE FOR PLANTING**

In 1917-18 a large part of our state, mainly central Northwest and Southwest Texas, practically made no cotton, and was compelled to buy seed from the more favored sections of the State.

More than half of the state must buy planting seed for next year, and these seed must come from central and Northwest Texas, where the best seed are now known to be. From this section seed for planting next crop must be obtained.

The department of agriculture now urges every farmer not only to hold cotton, but to also hold seed suitable for planting. These seed will bring the top prices. Already some seed have been sold for above the market price. If you sell to the mills, they will crush them or hold for speculation. Store in a dry place and hold your seed, and be prepared to ship in car lots. When ready to sell list them with T. S. Minter, Chief of Bureau of Markets, State Department of Agriculture.

**Worn Nerves**  
Nervous troubles with backache, dizzy spells, queer pains and irregular kidneys give reason to suspect kidney weakness and to try the remedy that has helped your neighbors.

Mrs. J. W. Pepnoe, Snyder, says "About three years ago I was down with kidney trouble. I would get such sharp pains in my back that I had to stop whatever I was doing and sit down. When seated I would get so dizzy everything in front of me would turn black. Throbbing headaches bothered me and often I thought I would go out of my mind. I was so nervous I couldn't stand the least noise and I was annoyed by the way my kidneys acted. Mornings I felt played out and my back felt sore and lame. I saw and read a great deal of Doan's Kidney Pills, so I took them. Gradually the pains in my back eased up and the other symptoms disappeared, too. Now I only need to take a few doses of Doan's to get relief when my kidneys feel a little disordered."

Dr. O. A. Johnson, eminent cancer specialist, has just published a remarkable book, which tells the truth about cancer. This book should be in the hands of every cancer sufferer.

Dr. Johnson is today one of the foremost in the study of cancer. He conducts in Kansas City, Mo., a large fully equipped Research Laboratory, and has treated many sufferers in the past twenty years. This treatment is entirely non-surgical, as the knife is not used at any stage. Purely medicinal measures only are employed that is, external applications, to destroy the cancer and internal medication to purify the blood. Hundreds of patients testify to the success of the Johnson Laboratory.

"Cancer Truths." Dr. Johnson's book will be sent free to any sufferer or friend. Delay should be avoided. Address, Dr. O. A. Johnson, Suit 560 1324 Main St. Kansas City Mo.

**Only A Cold.**

Are you ill, is often answered: "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

**Constipation.**  
Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. Jones Sounds Keynote  
WASHINGTON, Oct. 28.—Pleading eloquently for the Congress of the United States to let it be definitely known that its membership stands for law and order at any cost, Congressman Marvin Jones of the Eighteenth Texas District, today sounded a keynote in the House of Representatives that brought cheers from both the Democrats and Republican sides of the chamber.

The Texas Congressman made it plain that he is the friend of any man who toils, but an enemy of anything un-American, whether it is in the ranks of capital or in the ranks of labor.

Interrupted by Congressman Parrish of Texas, who asked if the restriction of undesirable immigration would not be an aid to Americanism, Congressman Jones replied that he is for the strictest kind of immigration restriction.

"I believe in freedom of speech and freedom of thought in this country," Congressman Jones said, "nobody believes in that more than I do; but when a man comes to this country from some other country—or even when born in this country—and defends the doctrine that if he can not convince the people of the United States that his doctrines are true he is going to take a bomb or some other sort of missile and force an unwilling people to accept his doctrine, he is un-patriotic, un-American and an undesirable in this coun-

try. And I believe he ought to be deported, along with all the other of his class, and given a chance on some island or somewhere else, where such characters can live together and try out their absurd doctrines on one another and not be left in a country that has grown great and powerful in the recognition of law and constitutional rights."

Congressman Jones, replying to Congressman Newton, Republican of Minnesota, who intimated that the Wilson administration is not doing all that should be done to root out anarchy, said that if the Republicans would back up the administration instead of criticizing it something worth while might be accomplished.

"There has never been a time in the history of this government when so many radical and revolutionary doctrines were being taught by men who believe in no flag except the red flag, and in many instances by foreigners who do not believe in our form of government, if, indeed, they believe in any form of government. May God protect our country from looking on their doctrines with the least degree of allowance."

## NIETZSCHE CREED EXPOSED IN "UNPARDONABLE SIN"

Bib Photoplay, Starring Blanche Sweet, Has Unique Feature for Thinkers.

Harry Garson's extraordinary screen production, "The Unpardonable Sin" starring Blanche Sweet, under the personal direction of Marshall Neilan, begins an engagement at the Opera House Friday and Saturday, Nov. 14 and 15.

"The Unpardonable Sin" will unquestionably attract to the Opera House a class of patrons which have heretofore been inclined to scoff at the moving picture as a means of telling a dramatic story. Reviews of the picture which have been printed in other cities emphasize the fact that here is one of the few photo plays ever produced that "starts out to do something and does it." One situation follows another in as logical a manner as was ever accomplished on the speaking stage, where the human voice was available as an agency to veil those out in front just what might reasonably be expected and the whole action moves without break or interruption to its final and most powerful climax.

In no sense is "The Unpardonable Sin" a preachment. It is an absorbing tale of love and adventure, with incidents of the World War as a background. And yet, those seriously inclined, will find from the manner in which the action is presented, much of the philosophical nature to interest them. The titles for the big production are a clever combination of the clear, straight-forward statements which help the action of the story and footnotes from the writings of Nietzsche, the mad European philosopher, whose doctrines are said to have largely contributed to the horrors of the recent conflagration on the other side of the Atlantic. Just how impossible were the teachings which emanated from this crooked brain, and how terrible would be the final results were these teachings followed are indelibly impressed by this remarkable picture.

"The Unpardonable Sin" was completed on the Pacific Coast only a few weeks ago, after having been in the process of production for many months. It is from the book by the same title written by Major Rupert Hughes, supporting Blanche Sweet, the star whose return to the screen will be welcomed by myriads of admirers throughout the world, are Matt Moore, Wallace Beery, Mary Alden and other well-known photoplayers who combine to make a company of unusual excellence.

**A Good Cough Medicine for Children.**  
Mrs. J. W. Philips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

Surgeons agree that in cases of Cuts, Burns, Bruises and Wounds, the first treatment is most important. When an efficient antiseptic is applied promptly there is no danger of infection and the wounds begin to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Sold by Grayum Drug Co.

Regulate the bowels when they fail to move properly. Herbine is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Sold by Grayum Drug Co.

## War Council Tells How Millions Contributed by Public Were Used For Relief.

### BIG TASK IS DESCRIBED

In Twenty Months \$154,000,000 Was Spent Overseas and \$119,000,000 in the United States.

Washington, (Special).—Through a complete report of the work of the American Red Cross in the war by Chairman Henry P. Davison, on behalf of the war council, the organization on the eve of its annual enrollment of members during the Third Red Cross Roll Call, November 2 to 11, has rendered an accounting of the many millions given it by the American people to help our fighting men and our allies. The statement is, in part, as follows:

"The war council of the American Red Cross is now prepared to make a complete accounting to the American people of money contributed and expended, as well as the work done by the American Red Cross during the period in which the war council was in control of its affairs. The war council was appointed May 19, 1919, and went out of existence February 28, 1919.

"It was the practice of the war council to give complete publicity to its policies and finances, but it is only now that a picture of the war period as a whole can be presented. It is the feeling of the war council that a report in this summarized form should be made directly to the public which provided the money and gave the effort which made the American Red Cross a success.

"A statement of the American Red Cross effort and finances since the war council relinquished its control will be made to the public through the executive committee, and it is important, therefore, that the fact that this report covers the period only until March 1, should be carefully noted."

Following are certain round figures covering American Red Cross participation in the war, as revealed by the war council's report:

Some Outstanding Figures.	
Contributions received (material and money)	\$400,000,000
Red Cross members:	
Adults, 20,000,000	
Children, 11,000,000	
Red Cross workers	8,100,000
Relief articles produced by volunteer workers	371,577,000
Families of soldiers aided by Home Service in U.S.	500,000
Refreshments served by canteen workers in U.S.	40,000,000
Nurses enrolled for service with army, navy or Red Cross	23,822
Kinds of comfort articles distributed to soldiers and sailors in U.S.	2,700
Knitted articles given to soldiers and sailors in U.S.	10,900,000
Tons of relief supplies shipped overseas	101,000
Foreign countries in which Red Cross operated	25
Patient days in Red Cross hospital in France	1,155,000
French hospitals given material aid	3,750
Splints supplied for American soldiers	294,000
Gallons of nitrous oxide and oxygen furnished French hospitals	4,340,000
Men served by Red Cross canteens in France	15,376,000
Refugees aided in France	1,726,000
American convalescent soldiers attending Red Cross hospitals in France	3,110,000
Soldiers carried by Red Cross ambulances in Italy	148,000
Children cared for by Red Cross in Italy	155,000

Of the \$400,000,000 in money and supplies, contributed to the American Red Cross during the twenty months the war council was in existence, \$263,000,000 was allotted to national headquarters, while \$137,000,000 went to the chapters to finance their activities. Expenditures in the twenty months totalled \$273,000,000, divided as follows: By national headquarters in France, \$57,000,000; elsewhere overseas, \$84,000,000; in the United States, \$48,000,000; by chapters in the United States, \$43,000,000; cost of chapter-produced articles distributed in France, \$25,000,000; elsewhere overseas, \$3,000,000; in the United States, \$28,000,000, making total expenditures in France, \$82,000,000; elsewhere overseas, \$87,000,000; in the United States, \$119,000,000.

## UP STAIRS AND DOWN

Selznick Picture Presents Olive Thomas in an Adaption of the Stage Comedy of the Cave Man's Wooing of the Baby Vamp

Reviewed by Louis Reeves Harrison  
Presenting a character suited to the bright nature and lively impersonations of Olive Thomas, the first of the Senick picture, "Up Stairs and Down", follows closely the stage version in contrasting the selfish and silly amusements of guests at a fashionable week's-end party with an imitation of their folly in the kitchen but it is at its best when the eye of the spectator can sift out of a large cast those personalities on which story interest depends, particularly in the lesson an American wooer learns from an ardent young polo-playing Irishman notoriously successful with the fair sex, through the revelation of his cave-man methods. The screen comedy moves slowly until the American gets some speed, rousing from his respectful attitude toward the gentler sex and making a profound impression on his fickle and rather selfish young fiancée, by letting her know he is a real man according to the primitive idea of treating her "rough."

## "A GIRL AT BAY" GIVES CORINE GRIFFIN ROLE OF DRAMATIC POWER

Tensely dramatic scenes abound in "A Girl at Bay," the Corinne Griffith Picture which will be shown in the Cozy Theatre on Monday. The young Vitagraph star has the role of a young settlement worker who by an amazing turn of fate finds herself a fugitive and a self-confessed slayer of a young judge she never had met. To avert suspicion she becomes secretary to the brother of the slain man and the action centers about her battle against her love for this man, and the net which slowly but surely is drawing her to account for the crime.

The picture is adapted from "Hunt the Woman," a magazine story written by Joseph Gollomb and was directed by Tom R. Mills at Vitagraph's Brooklyn studio. In the supporting cast are Harry Davenport, Denton Vane, Walter Horton, Robert Gaillard, James Costello and Anne Brody.

Pernie Jewell, baby daughter of Mr. and Mrs. H. M. Higgins in East Snyder died last Saturday of diphtheria.  
Rub a sore throat with Ballard's Snow Liniment. One or two applications will cure it completely. Sold by Grayum Drug Co.

## BAPTISTS PLAN VIGOROUS WARFARE UPON TUBERCULOSIS IN THE SOUTH

SANATORIUM AT EL PASO, ESTABLISHED FOR THIS PURPOSE, WILL GET FINANCIAL AID FROM 75 MILLION CAMPAIGN—EDUCATIONAL PROPAGANDA TO INFORM PEOPLE ON HOW TO COMBAT PLAGUE WILL BE CONDUCTED.

Administration building of Southern Baptist Sanatorium for treatment of tuberculosis patients, located 4500 feet above sea level.

Do you know that tuberculosis is more prevalent in the South than in any other part of the country?

That the death rate from tuberculosis here is 14.2 per cent greater than for the nation as a whole, and greater than in any civilized nation on the globe with the exception of China?

That more than 150 people a day, or 57,782 a year, die in the South and the Southwest from this dreaded disease?

That there are within the territory of the Southern Baptist Convention 275,000 persons actively infected with the great white plague and an equal number have inactive infection?

That the money loss to the South each year from tuberculosis is \$175,000,000?

These startling facts were brought to the attention of the Southern Baptist Convention at its session in 1916 and a resolution was at once adopted to try and check the spread of the disease and provide relief as far as possible for those already infected with it.

As a result of this movement there was established in the high, cool, rare atmosphere of El Paso, Texas, the Southern Baptist Sanatorium which aims to minister to as many patients as possible and to disseminate throughout the South and Southwest the information that will result in checking the further spread of the disease and enable those who have just contracted it to obtain immediate cures by proper methods of living.

With the active assistance of the business interests of El Paso a modern sanatorium, located upon a beautiful tract of 143 acres on the side of Mt. Franklin, at a height of 4,500 feet, was opened for the healing of the people, and through the Baptist

75 Million Campaign this institution will receive \$500,000 for the erection of additional buildings and for an endowment that will enable the sanatorium to minister to those indigent patients who are unable to pay for treatment.

That there is an imperative need for an institution of this character is shown in the fact that all institutions in the South and Southwest for the treatment of tuberculosis have a total capacity of only 8,757 beds, or one bed for only one person out of every sixty in this section who are afflicted.

Everything connected with the Baptist Sanatorium is modern and of the very best, but its present equipment is far too small to cope with the demands that are made upon it. Of the improvement fund that is to be provided, \$100,000 is available already and architects are already designing new buildings worth \$450,000. These will be constructed just as rapidly as possible.

While the sanatorium is being operated by the Baptists, it will be open to the people of all creeds and no creed. Due to the crowded conditions, however, it is necessary that arrangements be made in advance by communicating with Dr. H. F. Vermillion, superintendent, at El Paso.

The sanatorium is under the general supervision of the Home Mission Board of the Southern Baptist Convention, and in addition to treating patients who have already contracted tuberculosis, it will seek, through a campaign of publicity, to so inform the people of the South and Southwest on the nature and prevention of this disease that the alarming death rate from the white plague can be immediately lowered and finally reduced to the minimum.

plying these needs that the \$20,000,000 apportioned to Christian education will be expended.

To these institutions the denomination is looking for its trained leaders to help carry forward the work along every line contemplated in the \$75,000,000 campaign. In Texas alone there are 700 pastorless Baptist churches and probably the same proportion holds in the other states. It is hoped the campaign will call out 5,000 volunteers for ministerial and missionary work and these institutions will be asked to equip these young men and women for their work.

Last year, reports show, over 6,000 students in these institutions took voluntary courses in Bible and mission study; nearly 4,000 of them attended student prayer meetings; ministerial students pastoring churches raised more than \$80,000 for church benevolences and led more than 10,000 people to profess Christ. The campaign hopes to result in enrolling 35,000 young men and women in Baptist schools within the next five years.

The South-wide institutions that will benefit from the campaign include Southern Baptist Theological Seminary and Women's Training School at Louisville, Ky., Southwestern Baptist Theological Seminary and Women's Training School at Fort Worth, Tex., Baptist Bible Institute, New Orleans, and Negro Theological Seminary at Nashville, while aid will be given to every Baptist institution of learning in all states of the convention territory, and to new Baptist colleges that will be established in Arkansas, Florida, Illinois, Louisiana and New Mexico, along with one somewhere in the region of the Appalachian mountains yet to be definitely located.

### BAPTIST CAMPAIGN COMES CHEAPLY.

Expense in raising the \$75,000,000 sought by the Baptists of the South in their 75 Million Campaign will amount to considerably less than one per cent, Dr. L. R. Scarborough, general director, announces. This includes the expenses of both the general headquarters and the eighteen state headquarters. This is probably the lowest overhead expense in the history of large, money-raising efforts in this country.

## SPEND \$20,000,000 UPON EDUCATION

SOUTHERN BAPTISTS PLAN MUCH LARGER PROVISION FOR ALL THEIR INSTITUTIONS.

WILL AID RURAL SCHOOLS

Success of 75 Million Campaign Will Mean Strengthening of Educational Forces All Along the Line in Next Five Years.

Of the total sum sought in the Baptist 75 Million Campaign, \$20,000,000 will go to Christian education.

But the educational program of the Baptists will not stop there. It proposes to lend itself to the creation of a public sentiment that will result in more efficient public schools in the territory of the Southern Baptist Convention, especially in the rural districts. In this connection it is pointed out that 37 per cent of the total elementary scholastic population of the nation is found in the South; that the rural scholastic population of the South is 77 per cent of the whole; that only one-sixth as much money per capita is expended on the education of the children of the South as on the children of other sections of the country; that only 37 out of every 1,000 pupils in the South enter high school as against 87 from other sections; and only 10 from the South enter college as against 21 from other sections.

Distributed throughout the territory of the Southern Baptist Convention are 142 educational institutions, including academies, colleges, universities, seminaries, and missionary training schools for women. These have a total enrollment of 18,000 annually, but all of them are crowded, greatly in need of larger facilities in every way, and many of them must have an endowment if they are to meet the demands made upon them. It is in sus-

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

The Abilene Reporter has this query:

Is it a fact as the Andalusia, Ala. Star remarks: "there is less sympathy today for the men on a strike, be it street railway, steel strike, or what not, than ever before"? If true why is it true? Is the answer to be found in the fact Red forces are showing more and more in the councils and actions of the heretofore conservative labor unions? We think so and feel that if organized labor does not cast off all tints of Bolshevism and communism the American public will show a greater lack of sympathy for unions as the months come and go."

It is a fact, it is because certain labor organizations have kept making further demands as soon as a first demand had been met. The public wants labor to have its rights but when they seem to never be satisfied the public gets tired. Then again the tendencies of bolshevism and the open assertion of strikers that they propose to take possession of industrial institutions and operate them for their own benefit must necessarily show that this element of labor would destroy American industry and prosperity.

**Bold Holdup in Fort Worth**

The Star Telegram recently reported a holdup by one highwayman of four in 30 minutes.

L. Ingle mentioned in the story is a son of P. J. Ingle of Snyder. Here is the story as told by the Ft. Worth paper.

A drunken highwayman with an automatic pistol held up four men in a sensational fashion on the west side streets within a period of 30 minutes Thursday night. He got his third and fourth victims at Sixth and Lamar Streets while police detectives were combing that neighborhood for him.

The first holdup was at 13th and Taylor streets. He met a man coming out of a residence there and took all the money he had.

L. Ingle of 922 Taylor Street refused to be held up when the highwayman accosted him near Seventh and Lamar streets.

"I won't put up my hands," said Ingle, who had a "roll" on him.

The highwayman held the pistol against Ingle's body and attempted to go through Ingle's pockets. Ingle backed off and "talked the robber out of it."

"I ought to shoot you through the foot for meanness" said the robber, walking off toward Seventh street. Ingle walked with him the robber warned him to go back.

"I'm going that way, too" Ingle told him, and walked on looking for help. At Seventh St. Ingle stopped and watched the highwayman cross the street down Lamar.

Ingle stopped two automobiles and three pedestrians seeking someone to help him capture the man but none would volunteer for the task.

In front of 615 Lamar Street the robber met Frank W. Morris, traveling representative of the American Sugar Refineries Company, with headquarters at San Antonio. He forced Morris to put his hands in the air and took \$10 in money and a diamond stickpin from him.

During this operation John C. Palm, land and tax representative of the Fort Worth & Denver railway, stepped out of the door of his home at 615 Lamar Street. Morris saw him and called for help.

"I'll hold you up too," said the robber, and walked up the steps with his pistol and took Palm's gold watch and chain from him.

"Give me back that watch it was given to me by my father and mother" Palm requested.

"Get back in that door or I'll shoot you," the robber told him and walked down the steps past Morris, who was still standing there and on down the street.

Palm followed him to Fifth and Taylor Streets, asking him to return the watch because of the sentimental value. The robber made no further answer but disappeared down an alley way.

While searching, Morris the robber placed the pistol under his arm pit and searched with both hands.

Several automobiles passed and the holdup of both Palm and Morris was in the full glare of their lights.

After the first holdup police and detectives began a search of West Side streets for the man. Detectives James and Langdon walked about the streets singly as "bait" for the highwayman. They passed the scenes of the holdups at Sixth and Lamar Streets only a few minutes before.

Three of the victims say the highwayman was drunk. They could smell whiskey on his breath they say, and he was slightly unsteady in his steps. Palm, who followed him for two blocks, says he walked straight. The highwayman was exceptionally small.

J. F. Costen of Fock was in the city Friday of last week. Mr. Costen says he has been in Scurry Co. 25 years, has seen all the ups and downs but does not care to risk it anywhere else.

Dr. T. L. Wilson, who bought the W. T. Thompson place south of town, has also purchased the J. T. Caddell place close by.

A train of six gravel trucks passed through Snyder last Sunday, going from New Mexico to Abilene to be used to transport gravel for building roads in Taylor county.

You will find nothing better for caughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

Only a Cold . . . . .  
Are you ill? Is often answered, "Oh! its only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.
