### INFORMATION

All independent and Common school districts of both counties named have united in this Institute.

As required by law, all teachers who have contracts, either verbal or written, to teach in the public schools in the counties named will be expected to attend unless legally excused.

All teachers are expected to register with the secretary at the opening of the Institute, as record of attendance must be kept. Each teacher is requested to pay to the secretary a fee of \$1.50 at the time of registration. This money is to defray the expense of programs, postage and other incidentals and to pay the visiting instructors for their services.

In this Institute you are offered an opportunity of hearing some of the best talent in the State, and it is well worth the time and expense to every teacher who has the school work at heart. Let us make this the greatest week's work in the history of West Texas. It will be fit each does his duty in the true professional spirit.

Bring your pencils and tablets for you will need them.

For the Methods of work the institute will be divided into sections, each in charge of a competent leader.

One period each day will be Superintendent's period, during which each county superintendent may reach his teachers for the discussion of such matters as pertain directly to their own schools. Programs for these periods will be announced at the opening, if not printed in advance.

The early morning train out of Sweetwater arriving at Snyder at 9:45 will be met by automobiles.

Board and lodging at reasonable rates will be provided for at the hotels and in private families.

### New Methodist Pastor Here

Rev. John H. Hicks and family arrived in Snyder Saturday evening and are at home in the Methodist parsonage. Bro. Hicks preached Sunday morning and night to fair sized congregations and people and preacher seem to be pleased with each other and they hope to have a good year. Of course, the preacher can't do everything, he must have the cooperation of his membership if big things are to be accomplished.

### Resolutions

We, your committee appointed to make recommendations concerning the 75 million dollar campaign and also a church building campaign, after much discussion and thorough consideration, recommend the following:

1. That we enter into a church building campaign to be promulgated simultaneously with the 75 million campaign.

2. That the church prepare an obligation to be executed by the membership of the church (or friends of same.)

3. That each member be urged to subscribe to either, or preferably to both campaigns.

4. That each member be requested to designate the amount to be given there be no preference, we recommend that the pledge be divided equally between the funds.

5. That in the church building fund the contributor be requested to limit the time of payment to three years; one third by cash, or due bill; one third when the church is ready to start active preparation for building; and the remaining third within 12 months thereafter, and the entire unpaid at the time of active work on the church building to be closed by such obligation as can be realized on in case of need.

6. That in contributing to the million dollar campaign the contributors be advised that liberty bonds, victory bonds and loyalty bonds will be accepted the same as cash, and at their face value.

7. That in contributions to the church building fund the contributors be advised that the above mentioned bonds will also be accepted at face value, and in addition to them, there will be accepted also oil leases, oil stocks, royalty, and possibly some other things of value.

### Committee:

M. E. ROSSER  
N. M. HARPOLE  
J. H. SEARS  
W. H. SIMS

G. I. Wilcox has been here a few days to give the final touch to his affairs in Snyder and loosen the dust on his shoes so he can shake it off, but he says Snyder is a good town and is going to have a first class electric plant when McCormick and Yoder get their new machinery installed.

### Methodist Church

All the regular services on Sunday and through the week at the usual hours.

At the evening hour on Sunday Mr. Hampstead Bentley, "Southland's Sweetest Tenor" will sing.

Morning theme—"The Marvelous Growth of the Kingdom."  
Evening theme—"Forgetfulness." Come worship with us.

### J. H. HICKS, Pastor

### Evening with Mrs. Thrane

Mrs. O. P. Thrane was hostess to the members of the El Feliz Club Friday evening, Nov. 21, and varied the usual program by including the husbands in her invitation.

Altho the evening was decidedly in-clement a large number were present and speedily forgot the unpleasant night without, for the cordial fireside and welcoming hostess within.

Large clusters of beautiful chrysanthemums formed the principal decoration; forty-two and music the principal entertainment.

At eleven o'clock the following menu was served:

Roast Turkey  
Bread Stuffing  
Cranberry Jelly  
Lozenge Sandwiches  
Assorted nuts  
Assorted candies  
Giblet Sauce  
Coffee

### Party Politics Killed Treaty

BERLIN, Nov. 24.—Failure of the United States senate to ratify the peace treaty is considered result of party politics by Die Zeit.

"We must accustom ourselves to the fact that the peace treaty upon which for us life and the future depends was created in America largely as a party matter," says the newspaper.

"It is plain President Wilson had no right as protagonist of the league of nations, to make promises to the European peoples for fulfillment of which he was unable to rely upon his own people."

President Wilson was justified in believing that the United States would sustain his contentions for righteousness and justice and it would have been done had not the republican leaders conceived the notion that an endorsement of the treaty would perpetuate the democratic in power.

### First Baptist Church

All regular services next Sunday. This is Victory Sunday and will be given to the Campaign. The messages will be in keeping with the Campaign. Let all our people be present, let them have their minds made up, and let them pledge nobly for the cause of Christ.

### W. H. SIMS, Pastor

There has been a great deal of discussion of the spread between the price of cattle on the hoof from 10 to 15 cents a pound and the price of beef to the consumer which has been ranging around 30 to 40 cents.

writes Cattle Clatter in the San Antonio Express. This, he says, never has been satisfactorily explained and cattle producers are still wondering who gets the difference of approximately 25 cents a pound. But there is another matter of considerable interest—the spread of prices of hides. The producer sells the hide with the animal, at an average, say, of 12 cents a pound. After the animal has been slaughtered, the hide is sold for a little more than 40 cents a pound, whereby a spread is created of something like 30 cents a pound.

That is to say the man who sells the cow in the market at an average of 12 cents a pound receives for the 80-pound hide \$9.60, though as a matter of fact, the bulk of South Texas cows sell for less than 12 cents a pound. But, figuring on this basis, consider next the market price of salted hides is more than 40 cents, and it is seen that the same 80-pound hide will bring in the market \$32.00, which gives a spread of \$24.

Cattle Clatter admits that the spread in price of beef may be charged up to the retailer, but certainly he is not responsible for the spread in the prices of hides. The cattle producer is trying to figure out who gets the \$24 profit on his hide, but thus far he has discovered that every time a cow is skinned he is skinned also. Cattle Clatter is an intelligent man, he knows who gets the big hide spread. He should answer his own question.—Fort Worth Record.

### THANGSGIVING WEDDINGS

#### Henry-Sims

Mr. A. E. Henry and Miss Willie Jo Sims, both of Snyder were married Thursday evening at the home of the bride's parents in west Snyder; Rev. W. H. Sims officiating. The groom is a telegraph operator and agent at the Santa Fe.

The bride is a daughter of Mr. and Mrs. W. D. Sims, one of our best families. She has been reared and educated here and is a lovable young woman.

The Signal joins their hosts of friends in congratulations.

#### Kelly-Early

Mr. Jim Kelly of Snyder and Miss Pearl Early of Camp Springs were married at 3 o'clock Thursday at the home of the bride's parents by Rev. W. H. Sims.

Mr. Kelly has been connected with the postal service here for several years is a young man of exemplary character and splendid business qualifications. The bride is the accomplished daughter of Mr. and Mrs. W. W. Early of Camp Springs. She has been eminently successful as a teacher and is a lady of brilliant mind and possessed of superior personal graces.

The Signal extends its congratulations to the happy couple.

### What Will You Do?

If you come around to the services at the Presbyterian Church next Sunday, November 30, you will be interested, you will be benefited, you will be cordially received and well treated. Your presence at the services will be an inspiration to us and a help to the cause. What will you do about it?

Yours cordially,  
Jas. H. TATE, Pastor

Exceptionally bad weather during the last six weeks over most of the cotton belt has retarded cotton picking, beaten much of the cotton out on the ground, and badly stained and lowered the grade of all unpicked cotton. The proportion of low grades coming to market during the remainder of the season will probably be very high, and it seems likely now that there will be a very heavy demand indeed for good white cotton. Here is an additional argument for saving all the remaining cotton in the best possible shape.

It is said that West Texas has the main supply of white cotton and in that case the prices here ought to hold at the top.

### Active Co-operation Needed

Just at the time the business men of Snyder ought to get together and organize a commercial club with a paid secretary and plans to finance active operations, and then such club could bring enterprises to Snyder and attend to a hundred other things that ought to be looked after.

There is more money in the country than has been for ten years and probably ever, and the time is ripe for inducing farmers and business people to come here to establish homes. A commercial club could get factories here, could start a home building campaign and by systematic effort could extend the water works and sewer system to all parts of the town and get the home owners to build sidewalks. If Snyder had concrete sidewalks all over the town it would be a big advertising card and would instill a greater degree of home pride in the people who own the homes.

### Webb-Prim

Mr. Richard W. Webb and Mrs. Margaret Prim both of Snyder were married Wednesday night at the bride's home in Snyder by Rev. Jno. H. Hicks.

It was a quiet home wedding attended by relatives and a few intimate friends.

The groom has lived here practically all his life. He was engaged for a while in the practice of law and served the county one term as county attorney. For a few years he has been connected with the post office. He has hosts of friends here. The bride has lived here for several years and is a popular teacher in the Snyder school. The Signal's best wishes go out to them.

Dr. W. H. Morrow's family have moved to Foch where the doctor has been located for some time to practice medicine.

Mrs. Joe Caton arrived here Monday morning from Wichita Falls and is again with the Caton-Dodson Dry Goods Company.

W. C. Crowder is here this week from Dallas to look after his farm near Dunn and he is feeling good. He says he will get enough rent off of his farm this year to pay for the land. He furthermore says that scores of people in Central Texas are planning to come west. People come to him every week to look over his copy of the Snyder Signal to see what lands are being advertised for sale.

Mr. W. R. Bell, of the Signal, received a letter this week saying that his mother is quite sick at San Marcos and he left Thursday afternoon to see her.

### WILSON WILL TELL IT TO NEW CONGRESS

WASHINGTON, Nov. 21.—President Wilson will take up the whole subject of the treaty of Versailles in his message to Congress December 1. It was stated officially at the White House.

Until then he will have nothing to say concerning the senate's action in rejecting the treaty.

Before congress convenes it was

said the administration senators will confer and if possible mild reservationists on the Republican side will participate with the view to working out acceptance of compromise on reservations. Regardless of who is elected to succeed the late Senator Martin as Democratic leader in the senate there will be no change in leadership on the treaty fight, it was said at the White House. The Pres-

ident considers Senator Hitchcock conducted the fight ably.

L. T. Cendra sold cotton here Tuesday at forty and a quarter cents a pound and there were others sold for as much. If the farmers and the buyers will stand solidly together there is no reason why cotton will not sell at the top notch.

### Constipation

Most laxatives an cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

A convention of W. C. T. U. women in Dallas last week announced that they had no notion now of making war against tobacco.

Regulate the bowels when they fail to move properly. Herbine is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Sold by Grayum Drug Co.

The Military Affairs Committee in Congress has agreed upon a standing army of 300,000 men.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Scurry County, Greeting

You are hereby commanded to summon Tom Pettitt by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some paper published in your county, to appear at the next regular term of the District Court of Scurry, to be holden at the courthouse thereof in Snyder, on the 4th Monday in December, 1919, the same being the 22nd day of Dec. 1919, then and there to answer a petition filed in said court on the 27th day of January, 1919, in suit, numbered on the docket of said court No. 2125, wherein Nealie Pettitt is plaintiff and Tom Pettitt is defendant, said petition alleging that plaintiff is an actual bona fide inhabitant of the State of Texas and has resided in the State for more than 12 months and in Scurry County for more than 6 months next preceeding the filing of her petition; that plaintiff and defendant were legally married on the 27th day of December, 1903 and continued to live together as husband and wife until on or about the 10th day of March 1919, when defendant abandoned plaintiff and ran away with another man's wife and lived in adultery with her; that there were born to this union three children, one boy and two girls; that the mother has the custody of said children. Plaintiff prays for decree dissolving the bonds of matrimony, custody of children, cost of suit, etc.

Herein fail not, but have before said court on the first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

said Court, this the 12th day of November, A. D. 1919.

Given under my hand and seal of NELLIE WEEMS  
Clerk District Court, Scurry County, Texas.

## STOMACH TROUBLE

Mr. Marlon Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

James Callan at Menard is a rich ranchman. A transient young man and a stranger to Callan had occasion to ride through Callan's pasture and left the gate open. Callan called him to account for it and in the discussion the young man was shot to death. Callan claimed he thought his life was in danger. Evidence shows that the young man was shot in the back and was unarmed. Callan was admitted to bail in \$20,000.

ENGLAND TO CARRY OUT LEAGUE IDEAS DESPITE UNITED STATES STAND

LONDON, Nov. 21.—Andrew Bonar Law, government leader in the House of Commons, today, in answer to question from Sir Donald McClean said:

"Without doubt there will be no slackening in the determination of Great Britain to do all in her power to take the lead in seeing that the League of Nations becomes an instrument of human progress. I think it would be a mistake to assume that all possibility of help from the United States is gone."

Asked whether the action of the United States would effect the Anglo-French American treaty, he said:

"Our undertaking in that treaty, which so far has been unratified by the United States, was contingent upon its also being carried by the United States. Another situation might create a new condition of affairs.

The Colorado Record says there was a drunken man in that town last week, the first of the kind seen there in many days. He had come in there in a box car and the train men had found him and put him off.

The Pueblo (Colorado) Star Journal says the I. W. W. underground road to the United States leads thru Mexico, and Americans who have been watching Mexico's manners may easily believe that Mexico is ready furnishing the right of way.

## GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseous Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a liver favor colds, influenza and other complications.

To cut short a cold overnight and prevent serious complications take Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effect. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

### NOTICE TO THE PUBLIC IN REGARD TO COAL

A Poor Excuse

(Rev. Jas. H. Tate, Staff Cors.)

The following extract is taken from a statement reported to have been made by Mr. Samuel Gompers, President of the American Federation of Labor, and appearing in the Dallas Morning News of November 4, 1919:

"The present is a most unfortunate time to further upset a country by an invasion of personal liberty. By adopting prohibition we have chanced the wrecking of the social and economic fiber of the Nation. We have invaded the habits of the working man, and this is what has happened:

"We have upset that man—unsettled him. Uprooting one habit uproots others.

"The man, who until now has been satisfied to labor as he had been laboring, to go home at night to converse and read, has become disconcerted and restive.

"Instead of sitting down over his pitcher of beer, he goes into the streets to meet other men restless and unsettled like himself. They rub together their mutual grievances and there are sparks and sometimes fire."

Thus Mr. Gompers argues that prohibition is the sole cause of the restless condition of the laboring man. Admitting that this may be true with reference to some of these men; it seems evident to this writer that the wives and children of these same restless former heavy drinkers are enjoying such season of home peace and rest as they never knew before. They are, no doubt, being better fed and better clothed (in spite of the high prices) than ever before. Rest—sweet, unspeakable rest—Who can understand it, except those who are now enjoying it for the first time, perhaps, in life. Since the wives and children of these restless men, made restless by want of drink, are evidently largely in the majority; the natural and reasonable conclusion is, that the reverse of Mr. Gompers' statement is true,—there are far more, instead of fewer of the laboring people, (including their families) restful and satisfied than ever before. The fact is, this complaint (if being made at all) is made by the minority, not the majority, of the people concerned.

It has been said that the German submarines sunk 8,000,000 bushels of grain. Because of this outrage we threw one hard fit after another, as we had good reason to do. It has been further stated that the American brewers sunk 68,000,000 bushels, besides 64,000,000 pounds of sugar in manufacturing beer." But we were expected to remain very complacent while this appalling waste went on.

If there is no better reason for the present unrest, above referred to, we need not be seriously concerned about it.

Only A Cold.

Are you ill, is often answered: "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

NEW SUBSCRIBERS AND RE-NEWSALS EQUALLY WELCOME

During this year the Signal tried to give the people faithful service and to share with its subscribers the burden of the hard lines to which we have all been subjected. It has required close shaving to get by till conditions eased up.

Quite a number of people have come in and extended their paid up time, but there are some who have not done so. We have refrained from pressing these accounts because our friends, like ourselves have been "up against it," but now that a big crop has been made and is selling for a big price we shall confidently expect an early adjustment of these carried-over accounts.

Quite a number of our friends who have heretofore felt compelled to do without the Signal have come back on the list. They had their names dropped because of scarcity of money and we couldn't blame them for it, altho we have missed them every week, and are now made glad in their coming back. We shall expect others to get back on the list as soon as they have time to attend to it. Remember the Signal is \$1.50 a

year and with the Semi-Weekly Dallas News—the price of the two is \$2.25.

Now, friends, the cotton money is coming in and we need our part of it. Many are paying up and even more are coming back who have been off, and a good number of perfectly new readers.

Will Go to Court

FORT WORTH, Nov. 21.—Following failure of the conference between Governor Hobby of Texas and Governor Robertson of Oklahoma to reach an agreement on the Texas-Oklahoma boundary dispute yesterday it is probable that the attorney general of Oklahoma will go direct to Washington and seek appointment of a trustee to take charge of the oil properties in the disputed area, the trustee being empowered to operate the properties.

Oklahoma also is expected to ask a writ of probation from the supreme court of the United States to the two states.

Texas, it is believed will oppose this step, in the meantime Texas Rangers remain in possession of the disputed property.

Sunday was a pretty day and a good crowd of people came out to Sunday school and singing Sunday evening and also Sunday light to S. V. Boyd's.

People are rousing up the cotton in good fashion out this way now.

Mr. John Holt and family and Rob Boyd and family are at this writing helping W. S. Upton with his cotton, which is so much appreciated.

Mr. Fenton's family are also picking for J. R. Higgins again.

Mr. Higgins is almost under the weather.

Mr. Upton has almost been down with la grippe.

Mrs. Upton is not much better with her head, is still in bed most of the time.

Mrs. Dean Brumley has been suffering with asthma.

Mr. and Mrs. Hanson Barkley visited relatives and friends over here last week. They are helping Harvey Williams gather his big cotton crop. They seem to be as happy as a bird in a new cage, and are well pleased with their new home in Arkansas.

We are sorry to report the misfortune of Master Howard Jones, grandson of J. R. Higgins. As he was coming in from his work he started to get off of a big truck that brings the hands in, and hung his coat and it threw him under the back wheel and it passed over his toes crushing them badly and as the company he was working for is responsible for any accident to any of

the employees, he was taken to a hospital where he will have to stay until he is well. The company pays all his expenses and for the time he loses. We are in hopes he will soon be alright.

Jim Turner predicts an unusual cold spell. He must have borrowed some coal somewhere.

J. L. Belcher has sold his home place at Ira to R. R. Brides. When asked where he is going he said he didn't know, we might ask his little son.

J. C. Ziegler and family who left here about two years ago have come back to enjoy West Texas prosperity. They have been in Wood County—made a sort of a crop there this year and have gathered what the worms left and will now help pick the Scurry County cotton crop. They will reside on the Welborn farm at Kemp.

### Unpuffing the Telephone Service

Well I guess you noticed the nice write up in the Snyder Signal as to the good telephone service given the people of Snyder and Scurry County. Now I have rung and rung and then rang some more and went to town to get to use the phone so that I could ask central personally to ring the party for me and then after given connection with the line wanted central never would come back on the line to see if I had gotten the party wanted.

Of course they doubled the price on our phone rent but the service is just the same. I have been in the office and taken notice that the rural drops were completely deserted while the girl that was supposed to look after this part of the board was talking sweetly to the long distance girl. Now I don't like to be a knocker on public enterprise but when a piece comes out like that and everybody knows that the service on rural lines is as bad as could be to draw the rent, I can't keep from unpuffing them just a little.

Respectfully,  
 O. L. JONES

Minstrel Star to be Heard at Cozy Theatre, announces as his headline attraction for five days, commencing Monday, December 1st, Mr. Hampstead Bentley, "Southland's Sweetest Tenor," late feature tenor soloist with the famous Al. G. Fields Greater minstrels, who will be heard in song programs ranging from selections in opera, to the latest "jazz" and ragtime hits. Mr. Bentley is internationally known as an entertainer in songs, having made a number of phonograph records, and for years connected with the largest musical and minstrel enterprises in the country. He carries his own special pianist, and to judge by the advance press notices, they will doubtless offer something decidedly worth while. They open their engagement Monday night, December 1st, and will offer a complete daily change.

No extra charge will be made for admission but Mr. Crawford is bringing these artists here at great expense to himself, feeling confident that the good people of Snyder and

vicinity will appreciate the unusually good offering for their entertainment.

### "SOMETHING TO DO" WILL SURPRISE YOU

Bryant Washburn Has Excellent Role in New Picture

Audiences have gotten so used to seeing Bryant Washburn in roles depicting the "easy guy" that they are going to be considerably surprised when they see him in "Something to Do", in which he isn't a soft guy at all, but a lively, active young fellow who manages to mix into and clean up a lot of complicated scrapes. It will be shown at the Cozy theatre tomorrow.

When the picture starts the hero is a young millionaire suffering from ennui, brought about by lack of occupation. He is the real stuff, however, but he has always been too pampered to ever do anything. When he consults a doctor, however, who insults him with his lack of "pep," he wakes up and starts things, and keeps them moving till the finish of the picture.

Ann Little is leading woman. This

**Ella Wheeler Wilcox**  
In the passing of Ella Wheeler Wilcox the world has lost a sympathizing friend and literature will pass on to posterity sweetened by the spirit entering into her writings. She could easily find the way to the human heart and the masters and novice will long cherish the grandeur of her thoughts.

Had she written but one poem she will occupy through that one a sacred niche in the hearts of men and women who turn to contemplate the philosophy of living when these lines are recalled and read:  
Laugh and the world laughs with you;  
Weep and you weep alone;  
For the sad old earth must borrow its mirth,  
But has trouble enough of its own.  
Sing, and the hills will answer;  
Sigh, it is lost on the air;  
The echoes bound to a joyous sound  
But shrink from voicing care.  
Rejoice and men will seek you;  
Grieve and they turn and go;  
They want full measure of all your pleasure.

But they do not need your woe.  
Be glad and your friends are many;  
Be sad and you lose them all;  
There are none to decline your nectar'd wine,  
But alone you must drink life's gall.  
Feast and your halls are crowded;  
Fast and the world goes by.  
Succeed and give, and it helps you live,  
But no man can help you die.  
There is room in the halls of pleasure  
For a large and lordly train,  
But one by one we must all file on  
Through the narrow isles of pain.

The continued warm weather following the blizzard and freeze up a short time ago kinder puzzles people, we have had cold weather billed to arrive any minute for ten days.

**The Source of Social Pollution**

"It has been already suspected that many of the labor troubles in this country were insidiously instigated and promoted by agents of Germany. Now there is evidence that Germany hopes to start revolution in the United States.

"A German I. W. W. paper has been started. It is named 'Der Klassenkampf.' That is the German for 'the battles of classes.'

"It must not be published in Chicago or anywhere else in this country. The propagandists must be hunted down and either deported or imprisoned."

And Oliver Wilson, president of the "Grange" sums up in a few words the fester that is poisoning society. He says:

"Underlying a large percentage of our nation's troubles is the fact that too many people are in America who are not of America, and who never intend to be, if they can help it."

**They Fall for It**

There is room to believe that profiteering in trade would not be so easy a trick if buyers were not willing to be gouged. If people could know what they want and were competent to judge of quality there would not be so many opportunities open to the gouger. There are people who measure the quality and value of an article by the price put on it by the dealer. An investigation looking out for profiteers reports a merchant—not in Texas of course—who got in a shipment of shoes. He was marking the selling price, seven dollars a pair, on them and just as an experiment he marked one pair \$15 and placed them in the window. In a little while a would be woman of fashion came by and saw these shoes—she raved over their elegance and bought them at the marked price—then others of the seven dollar shoes were marked up and the select set soon had them bought up.

**Many Young Men and Women Offer Themselves For Christian Service**

Southern Baptists Will Have Ample Working Force for New Program—Campaign Hopes to Strengthen Local Churches and Win 2,500,000 Lost to Christ During Next Five Years.

Group of Young Women Volunteers, Preparing Themselves for Special Christian Service at Baptist Women's Training School, Fort Worth, Texas.

Probably the most encouraging development that has come to the Baptist 75 Million Campaign, so far, is the large number of young men and women throughout the South and Southwest who have volunteered their services for special Christian work wherever God may need them. A special day was set apart in the Baptist schools and churches for "calling out the called," when it was expected to secure a minimum of 5,000 volunteers for special Christian service, this number being necessary, it was held, if the enlarged program of the campaign was to be carried out. Returns from these services are still coming in with the prospect that the number will reach at least 7,500.

These volunteers will enter the ministry, go as missionaries, Christian doctors, nurses and teachers to foreign lands, labor in the homeland for the advancement of the kingdom of God or serve in any special capacity where they feel the Lord directs them. Baylor College, Belton, Texas, an institution for young women, led the list of schools with 430 volunteers; Bessie Tift College, Forsythe, Ga., responded with 248; Louisiana College, Pineville, La., 93; Women's Training School, Louisville, Ky., 115; Southwestern Theological Seminary, Ft. Worth, Tex., 83 for the foreign field alone; Oklahoma Baptist University, Shawnee, 57; while similar responses came from numerous other institutions in the various states comprising the territory of the Southern Baptist Convention.

Prominent among the many interesting accounts of the special services held in the churches was a report from Rev. E. Allison, a Baptist minister of Etowah, N. C., who, now in his eight-

tieth year, looks back over an active ministry of sixty years, practically all of which has been spent in the vicinity which he is now serving. Mr. Allison has the unusual distinction of having baptized 5,526 persons and at least 100 additional converts under his ministry have been baptized by an assistant pastor since Mr. Allison's health has not been good, due to his advanced years. When this aged minister of the gospel presented the call for volunteers for special Christian service in this campaign, three young men, all of whom were converted and reared under Mr. Allison's ministry, responded for the ministry themselves, one of them being his nephew.

But the campaign hopes to enlist a large number of Christian workers other than those several thousand who will give themselves entirely to special religious work. The campaign hopes to enlist 2,000,000 additional pupils in the Sunday Schools of the South and Southwest; win 2,500,000 additional souls of this section to Christ during the next five years; bring the Baptist church membership in the South to 5,500,000 and enlist all these in all forms of church work; increase the number of Baptist churches in the South to 40,000, and enroll 40,000 young men and women in the denomination's schools where they will prepare themselves for lives of Christian usefulness in their communities or for service in any part of the world where they may be needed.

While it is the hope to raise \$75,000,000 to be invested in the larger program of Christian service which gave the campaign its name, raising the money is only one of the objects sought. Baptists are being implored to give themselves and all of their talents as well as their money to God, Director Scarborough announces.

**BAPTISTS PLAN TO FIGHT BOLSHEVISM**

SYSTEM IS RECOMMENDED FOR PREVENTION OF RADICALISM IN THE SOUTH.

**AMERICANIZE FOREIGNERS**

Teaching Them English and Ideals of United States and Christianity Is Part of Program of 75 Million Campaign.

Southern Baptists have no sympathy for the I. W. W.'s, Bolshevists and bomb throwers, and while radicals of that type are not numerous in this section of the country as yet, it is the hope of the Baptist 75 Million Campaign to make the spread of such destructive propaganda here impossible by so pervading with the gospel all centers where radicalism might expect to obtain a foothold as to make it impossible for the professional agitators to receive a sympathetic hearing. In other words, it is the hope of the campaign to so extend the work of Americanizing and Christianizing the foreigners living within the territory of the Southern Baptist Convention that they will measure up to the highest standards of patriotism and religion.

There are 4,000,000 persons of foreign birth and children of foreigners living within the territory of the Southern Baptist Convention, and while considerable work has been done already along the line of teaching Americanism and the Christian religion to these people, this work will be greatly enlarged as a result of this campaign.

In the Southwestern states there are 1,000,000 Mexicans, 600,000 living in Texas, 200,000 in New Mexico, 75,000 in Louisiana and a large number in Arkansas, Oklahoma and Missouri. Because of the growing importance of

the Mexican work the campaign has appropriated \$575,000 to it alone for the next five years.

But the Americanization and evangelization of the foreigners is not confined to Mexicans. This work is carried on also among the newly-arrived immigrants at the various Southern ports, among those of foreign birth in the mining districts of Alabama, Oklahoma and Illinois and among other groups of people of foreign birth in Florida, Louisiana, Texas, Maryland and Virginia. Some of the state organizations carry on work of their own among these people, while in many places the program is carried out cooperatively between the state mission boards and the Home Mission Board. In many instances a large work is done by the latter agency alone.

Believing that both Americanization and evangelization can be accomplished most effectively by first reaching the children, Baptist agencies have established schools where the English language is taught, along with American and Christian ideals. Such schools are already being conducted with great success among the Italian and Cuban children at Tampa, Fla., for French-speaking children at Church Point, La., for Mexican children at El Paso and other Texas points, while community center work is carried on extensively at many of these points and at numerous towns and mining centers where people of foreign birth make up a large percentage of the population. The social work of this character being conducted by Baptist women.

Large results are expected to follow the work of the Baptist Bible Institute at New Orleans, where instruction is given in English, French, Italian and Spanish. All foreign-speaking people are required to take some English work and the Bible is taught in certain practical subjects to them in their own languages, thus facilitating their grasp of it. Practical Christian activities are also required of all the students, some of whom are training for foreign mission work and others for service among the peoples of foreign birth in this country. Patriotism and high ideals of Christian civilization are given emphasis throughout the institution and it is the belief of those familiar with it that it will prove a potent factor in the Americanization and Christianization of the peoples of foreign birth in this country.

## BAPTIST WOMEN OF THE SOUTH WILL RAISE \$15,000,000

**MISS KATHLEEN MALLORY**

**FOREIGN NURSES DOING A SURGICAL DRESSING IN MEMORIAL HOSPITAL ERECTED BY BAPTIST WOMEN**

**FRESH AIR AND SUNSHINE TREATMENT BEING GIVEN BABIES IN BABY CAMP AT HOUSTON**

**By FRANK E. BURKHALTER**  
Are you used to thinking of woman's part in church work as merely that of going to Sunday School, prayer meeting and preaching services, giving pink teas occasionally in honor of distinguished visitors, and a chicken or oyster supper now and then to raise funds for a new suit of clothes for the poorly-paid pastor?

If so, probably you have not been to church recently.

Since the Southern Baptist women began their organized work through the Woman's Missionary Union they have contributed more than \$5,000,000 in cash to the various causes fostered by the denomination, and when the value of boxes they have made up for orphan children and other benevolent causes is added their total contributions reach the sum of \$5,710,433.71.

Encouraged by the general spirit of the Baptist 75 Million Campaign, however, the women gladly assumed the task of raising \$15,000,000 during the next five years, or one-fifth the total sum sought in the campaign, and their leaders have no doubt that they will raise every cent of this amount and more.

And the women's part of the money is going to be raised through the hard work, earnings and sacrifices of the women themselves and not through sums contributed by the men of their families.

**Legitimate Giving Will Raise Fund.**  
Nor are the women going to depend upon church suppers, fairs, bazaars, ice cream socials, pink teas and things of that kind to assist them in their undertaking. All such methods of raising money for religious purposes are frowned upon by the leaders of the Woman's Missionary Union. Instead, the women will work, sacrifice and save in order that they may during the next five years give \$15,000,000 to the advancement of the Kingdom of God in the world through larger contributions to foreign, home and state missions, Christian education, hospitals, orphanages, ministerial relief and other equally deserving benevolences.

**Every Good Cause is Aided.**  
Every missionary, educational and benevolent work, local and general, carried on by Southern Baptists is supported liberally by the women, but in a number of states they assume, in addition, such tasks as the support of special schools for the training of women for Christian service as missionaries, Sunday School experts, deaconesses, district and general nursing and the like; support of kindergartens, normal

schools and hospitals on the foreign fields; training women and children of foreign birth in the English language, Americanism and the Christian religion; maintenance of Good Will Centers in the crowded tenement sections of the cities and in the mining districts with a view to reaching the mothers and children with a message of cleanliness, enlightenment and Christian love; and various other forms of Christian work.

For instance, the Woman's Training School of Louisville, Ky., which has for its object the training of young women in all branches of Christian service, is fostered by the Baptist women of the South as a whole, as are the Margaret Fund—established for the purpose of providing education in Baptist colleges for the children of foreign missionaries on fields where ample educational facilities in English are not available—and the Fannie E. S. Heck Memorial, which is a loan fund for aiding weak but worthy churches in building adequate houses of worship. In addition to the Fannie E. S. Heck Memorial, which is supported by all the Southern Baptist women, a large number of special memorials are maintained by the women of the individual states, the proceeds of these memorials likewise going to aid weak churches in erecting houses of worship. Georgia leads in the number of memorials with 82, while South Carolina is a close second, with 80.

Throughout the South each year the women take a Christmas offering for the Lottie Moon Fund, which is applied to missions in China, while the annual thank offering, taken in the spring, goes to the Home Mission Schools in the mountains of the South. Already, the Baptist women of the Southern Baptist Convention, through the channels of their organization, have given \$2,995,492.22 to foreign missions and \$1,824,072.43 to home missions. The total value of the permanent property owned by the W. M. U., including the Baltimore headquarters and the training school at Louisville, is in excess of \$300,000.

**Build Hospitals and Schools.**  
Indicative of the character of work which the women of the several states are doing independently of the general organization and of the other states, those of Georgia were largely instrumental in the erection of a hospital for women at Hwanghien, China, of which Dr. T. W. Ayers is the superintendent; they built and maintain the Mary P. Willingham School at Blue Ridge, Ga., for the training of the girls of the

mountainous section of that state, have provided a girls' school at Kumamoto, Japan, and have launched a campaign for the erection of the Catherine Bryan Normal School at Shanghai, China, for training kindergarten and other school teachers, in recognition and appreciation of the services of Miss Catherine Bryan, educational missionary in charge of the kindergarten work at Shanghai.

Women of Alabama have established the Kathleen Mallory Hospital at Laichowfu, Shantung, China, in appreciation of the services of Miss Mallory, a native of Alabama, as the general corresponding secretary of the Woman's Missionary Union; those of South Carolina maintain Long Creek Academy, an institution for girls and have established a domestic science department in Morris College, an institution maintained by the Negro Baptists; those of Illinois carry on special work among the Lithuanians and other peoples of foreign birth in that state—Baptist women becoming "friends" in a special way to the various foreign-born women in their midst and thus seek to help them along general as well as religious lines—and similar work is done by the women of Florida in the Cuban and Italian missions in Tampa.

In Maryland, the chief work is done at Baltimore, where the Good Will Center enables the workers to reach all classes and kinds of people. The Daily Vacation Bible School forms a connecting link between the work of the spring and fall at that place.

While there is some support given the Women's Training School, operated at Fort Worth, Texas, in connection with the Southwestern Baptist Theological Seminary, by the women of other states of the Southwest, the bulk of the money for the maintenance of this institution comes from the women of Texas. Large Good Will centers are maintained in the mining districts of Oklahoma by the Baptist women of that state, in the packing center of Fort Worth by the women of that city, and in the tenement sections of Louisville and a number of other large cities of the South by the women of those cities. In many of the states the women are supporting missionary workers on foreign fields, providing scholarships for young women preparing themselves for this character of work and otherwise promoting the cause of Christian missions at home and abroad. It is the aim of the general Woman's Missionary Union ultimately

to assume the support of all women missionary workers sent out by the Foreign Mission Board of the Southern Baptist Convention.

**Aid Development of Young People.**  
But the women do not confine themselves to gifts of money alone. They are doing a large educational work and contributing much to the development of the children and young people of the homeland in the various Christian graces and in personal service.

The chief aims of the W. M. U. for the current year are set forth as follows:

"Individual and united prayer, regular Bible and mission study, systematic and proportionate giving, and organized personal service. Grateful to God for His manifold blessings, and desirous of knowing God better, we again declare ourselves on the side of these forces which make for righteousness, standing for patriotism, supporting national prohibition, maintaining Sabbath observance, keeping the home inviolate, urging a general re-establishment of the family altar, and assisting Americanization, better industrial conditions as regards women and children, public health, education and purity of life."

In the program of personal service for this year the women adopted the following resolution:

"That we continue organized effort to reach the oppressed and unsaved in our immediate localities. That to this end we study the state and federal statutes relating to health, employment of women and children, and general public welfare, reporting lack of enforcement to the proper authorities. That we study the policies and methods of missionary and social service organizations, adapting those best suited to our aim of preventing and eradicating community evils and making known the power of God unto salvation. That we strive to meet the needs of our soldiers, to pray for them, and continue to help the Red Cross and our own denominational agencies in efforts to rehabilitate the war-stricken countries of Europe."

"That we bend every effort to promote food conservation, and to raise the standard of health in our communities. That in cities of 5,000 and over we establish and maintain Good Will Centers or a number of Homemakers' Clubs, industrial schools and Daily Vacation Bible Schools; that in the smaller towns we conduct Homemakers' Clubs, industrial schools, mission Sunday Schools or Daily Vacation

Schools in the rural sections, mission Sunday Schools, neighborhood Bible classes and Homemakers' Clubs."

**Personal Service Given to Many.**  
To afford the students of the Women's Training School at Louisville practical training in personal service—a clinic or laboratory to enable them to put into practice the theory which they get in the classroom, as well as provide a center of inspiration and neighborly helpfulness to that part of the city, the Good Will Center established in 1912 by the training school has accomplished large results. Reports for the past year show an average attendance at the Good Will Center Sunday School of 94, at the Friendly Circle 37, prayer services 42, story hour 29, Victory Boys' Club 19, Victory Girls' Club 8, Blossom Shop 18, Camp Fire Girls 21, and Blue Bird Club 32. Library transfers given numbered 16,000, the number of music lessons given was 116 and the number of baths given 426.

The students did a large amount of hospital visiting, where Bibles and religious literature were distributed and personal work done, while other personal service was carried on at seven different Baptist churches of the city, the Good Will Center Settlement and Cabbage Patch, Wesley and Mr. Little's Settlements, Home for Incurables, Home for Friendless, Masonic Orphans Home City Hospital, Associated Charities, the Y. W. C. A. and seven factories.

The total number of visits made was 3,319, religious conversations 269, conversions 64, prayer services 561, Bibles and pieces of literature distributed 1,757, missionary talks made 35, Sunday School classes taught 1,031, total average attendance 2,200, number clubs held 489, and total average attendance 3,097.

The entire program of the 75 Million Campaign, in which the women have assumed such a large part, contemplates raising during the next five years \$75,000,000 to be apportioned as follows: Foreign missions, \$20,000,000; home missions, \$12,000,000; state missions \$11,000,000; Christian education, \$20,000,000; hospitals, \$4,800,000; orphanages, \$4,700,000, and ministerial relief, \$2,500,000.

Cash and subscriptions with which to put over this program of carrying the gospel and gospel institutions to all parts of the world will be taken in every Baptist church in the bounds of the Southern Baptist Convention during Victory Week, November 30-December 7th.

**Much Liquor Stolen**  
NEW YORK, Nov. 21.—Thefts of liquor have become so numerous that many of the largest insurance companies here have decided not to issue any more specific liquor policies. A general household policy, however, still covers liquor.

Since prohibition has been in effect burglars have ignored jewelry, cut glass and fine linen in preference for wine, brandy and whiskey.

**Constipation.**

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

**A Good Cough Remedy for Children.**

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

It is understood that President Wilson will refuse to sanction Senator Lodge's League reservations and a dead lock is on. It is further believed that Lodge can not master a two-thirds vote hence, Senator Lodge has defeated the peace movement.

Surgeons agree that in cases of Cuts, Burns, Bruises and Wounds, the first treatment is most important. When an efficient antiseptic is applied promptly there is no danger of infection and the wounds begin to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Sold by Grayum Drug Co.

Mr. and Mrs. J. P. Floyd have returned to Snyder from Dawson, N. M.

**This Means You.**

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cleanse and invigorate the stomach and improve the digestion.

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

**COTTON PRICES— THE ONLY DANGER**

Resulting from decreased acreage, bad season, insect pests, lack of labor and world demand for cotton coupled with sane holding and slow marketing the price of cotton is good and likely to go higher.

The only danger is with any fall in quotations forced by sales on the gambling exchanges of future contracts (they have no cotton), causing farmers to stampede to sell as they have done in former years.

So we frankly say to the farmers that the bankers (the merchants, and all good citizens are ready to back us in our efforts to get value for our cotton, and if there is a failure it will be our fault. Therefore, we urge you to refuse absolutely to sell a pound of your cotton on a declining market, and if you do this the price will rise again and we shall win the fight for right and justice.

**"The 52 Biggest Problems of the Average Southern Farmer"**

EVERY member of the Progressive Farmer staff has had actual farm experience—most of us are running Southern farms now—and from our own experiences, and from the multitude of farmers' letters that come to us every year, we believe we have figured out a pretty nearly perfect list of these "fifty-two biggest problems" of the average Southern farmer, and we are going to treat them in next year's Progressive Farmer.

We are going to treat them, too, in order of timeliness, just as far as possible. For the aim of the Progressive Farmer, always, is to tell the subscriber just what he wants to know, just when he wants to know it, and in as few words as possible.

Here's the list of big problems we shall treat during the fall months, and the date on which such discussion will appear.

NOVEMBER 1—Financing the Farmer: Personal and Short-term Credit for Land Purchase; Avoiding "Time-prices" Utilizing National Farm Loan Associations, etc.)

NOVEMBER 8—System of Farming—Affecting Soil Fertility, Money Profits, Prosperity and Permanence of Rural Life.

NOVEMBER 15—Arranging and Erecting Fences; Relative Values of Different Systems, Materials, etc.

NOVEMBER 22—How to Reduce Land-washing to a Minimum: (Terracing, Ditching, Filling Land with Humus, Proper Use of Steep Hill-sides, etc.)

NOVEMBER 29—What Changes are Needed to Insure Better Health For Men Women and Children on the Farm?

DECEMBER 6—Winter care and feed of Horses, Mules, Cattle Hogs.

DECEMBER 13—Getting rocks and stumps off the Land.

DECEMBER 20—How Farm Neighbors May Work Together for Greater Profits and Happiness.

DECEMBER 27—Business Methods on the Farm: (Inventories; Records; Accounts; Banking; Cost-keeping; Advertising; System in Correspondence and Making Sales, etc.)

The above subjects are of vital importance to you and alone are worth the price we ask, and remember The Progressive Farmer carries many other big features not mentioned above.

To make the Maxwell light they used the quality steels

THE story of Maxwell is a story of metallurgy. This great science makes possible a 1960-lb., 109-inch wheel-base, 25 h.p. car, whose common denominator is Quality.

It has made possible a vehicle weighing but 1960 pounds itself to carry 750 to 1000 pounds of human weight a distance of 100,000 miles or more—to carry it at low cost and to carry its 5 passengers in comfort.

This is about 2 to 2 1/4 pounds of vehicle weight for a pound of "human freight."

When you stop to compare weight for weight with other cars, and size for size you will quickly realize that the Post-War Maxwell takes a leading rank on the subject of light weight.

But this light weight of the Post-War Maxwell is not a matter of "trimming the weight," but a matter of metallurgy.

The use of this science in building 300,000 previous Maxwells has developed lighter but stronger steels, and that is one reason why the Post-War Maxwell has caught the public fancy as few cars in recent years have done.

The demand is in excess of 140,000 for the current year. Only 100,000 can be built. Therefore, an early visit to look over the Post-War Maxwell may save disappointing days later on.

Price, \$985 f.o.b. Detroit.

### SAYS CANCER CAN BE CURED

Texas Man Had Cancer on Nose—  
Successfully Treated by Dr.  
O. A. Johnson

J. H. Scott, R. F. D. 5, Box 73, Whitesboro, Texas, had a skin cancer on his nose. He was examined by Dr. O. A. Johnson, of Kansas City, Mo., and treated by that cancer specialist. He states:

"I commenced treatment the 15th of June and the sixth day, it dropped out. The first day of July, it was healed up without any scar left, and I suffered but very little pain. I would advise all cancer sufferers to go at once to Dr. Johnson and be cured. Don't delay, but go now. It has been over five years since I was cured, and no sign of return."

Dr. Johnson has become widely known as a specialist in treatment of cancer. He conducts a large Research Laboratory, devoted entirely to this cruel disease. The treatment is entirely medical—external applications are used to destroy the cancer and internal medication to purify the blood. Any sufferer should write at once to Dr. Johnson for his book, "Cancer Truths," which tells of his experiences and wonderful non-surgical treatment. Address, Dr. O. A. Johnson, Suite 536, 1324 Main St., Kansas City, Mo.

### WOMAN SPEAKER TELLS OF CONDITIONS IN SOUTH AMERICA

MRS. IDA CLYDE CLARKE, TRAVELER OF WIDE EXPERIENCE, FINDS EXCEPTIONAL FIELD FOR WORK AMONG WOMEN.

By Mary Corwin Raymond

With contagious humor and in picturesque descriptive style, Mrs. Ida Clyde Clarke, newspaper woman, traveler, magazine writer, author and contributing editor to Pictorial Review, held a delighted audience in smiles and wrapt attention at the evening session of the Southwestern field conference of the Y. W. C. A. at Dallas while she related her experiences and observations during a six months' trip in South America. Her subject was "The Challenge of South America to the Y. W. C. A."

True to her newspaper training and the characteristic temperament of the newspaper writer—ready for any emergency, from a fire to a sudden trip to South America—Mrs. Clarke picked up her hat and handbags on short notice and went to South America last January with a commission of three other women sent by the national board of the Y. W. C. A. to study the conditions and needs of women and girls in the Southern continent. Many appeals had come to the national board to send Y. W. C. A. workers to South America. As it is the policy of the association now workers any-

where for permanent work without first making an investigation as to the practicability of the enterprise, Mrs. Clarke, because of her experience as a traveler, was asked to be a member of this survey commission.

On the principal that a newspaper woman may go anywhere or do anything within the law, no matter what the traditions or customs of a country may be, Mrs. Clarke met presidents and diplomats, women of high and low degrees; made trips into countries where she was told women travelers never went alone, and everywhere, she said, she was treated with characteristic Latin courtesy. In every country she was struck with the immense wealth and culture of the higher classes, a universal eagerness for the progressive methods of North America, a universal desire for social and welfare work among women, and with it all she marveled at the vast resources of the country—forests of mahogany untouched by the ax and territory visited by no commercial enterprise except packers.

Social work among girls and women is as undeveloped as many of the natural resources of the country, she said, and the much-abused packers are doing in some places for their girl and women employes Y. W. C. A. work—not in the name of the Y. W. C. A., to be sure, for there is no organization there; but the heads of packing industries are trying to meet some of the needs the Y. W. C. A. meets with employed girls in the United States. The Y. W. C. A., she said, is also doing as far as it can Y. W. C. A. work because there is so much need of work for women.

The efforts of the men to provide opportunities for girls such as they have in North America were humorously illustrated by an enterprise undertaken in Brazil. A young President of one of the States of Brazil visited the United States and was greatly impressed with advantages afforded girls here. Like a regular Ad Clubber or Rotarian, he went back to his home city, interested all the other progressive young business men and they built a school for girls. It was elaborately equipped for teaching domestic science, thinking that first of all girls should be trained to be homemakers. Courses were announced for "graduate wifehood and motherhood." The school, plenty of money to conduct it, pupils—everything but teachers were found. Again they turned to the United States and got a faculty of young women about 21 years of age to teach wifehood and motherhood. The school is now closed and the "faculty" have sought more suitable vocations.

At Rio Janiero, a city of 1,000,000 population, she said, were 20,000 employed women and not a building where such a woman might have lunch, while every third door is a coffee house for men. "When eating in your scientific cafeterias and in the lunch-rooms provided by factories and department stores for women employes, think of the girls of Rio Janiero, eating a sandwich and a banana wherever they can find a spot to stand or sit.

The one thing the matter with the woman movement in South America," Mrs. Clarke said, "is that it has no self-starter."

"If I were free to do so, I should go to South America tomorrow to help do the social and welfare work among girls and women that all classes of women are asking for."

Attending the conference were representative women from Texas, Oklahoma and New Mexico. Much interest was manifested in the conditions as described by Mrs. Clarke and the appeal made to extend the work of the Young Women's Christian Association in South America. Members of the Association and other interested women in the Southwest will co-operate with the National Y. W. C. A. in sending Y. W. C. A. secretaries to establish permanent work in new centers in the Southern Continent.

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippish misery.

The very first dose opens your clogged nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Clear your congested head. Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which

costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

"The treaty is dead so far as the Senate is concerned."—Senator Lodge.

"When the Senate reconvenes and the President resubmits the treaty, compromise can be effected between Senators favoring ratification in some form. Concessions on both sides must be real and not merely nominal."—Senator Hitchcock.

Which of the statements represents the overwhelming desire of the American people? Senator Lodge is chiefly interested in keeping the treaty "dead" and blaming it on the Democrats. He proposes a separate peace with Germany and has introduced a resolution providing for such a peace. Does not the real motive that prompted Senator Lodge's course throughout the proceedings come to the surface in that stand? Kill the treaty but escape the responsibility for it! Get it in such a shape that its friends will be forced to oppose it! Then raise the cry that the Democrats killed the treaty. That was the program and that is still the program. Keep the treaty "dead" and we will put the Democrats in a hole. There you have a full disclosure of the motive and the method of Senator Lodge.

**Demand for Planting Seed**

Attention Farmers:  
Having recently called your attention to the fact that cotton seed for next years crop are going to be very scarce, we wish to emphasize that fact by telling you that we are getting three times as many listings to buy seed as we are to sell them. Do not sell good seed suitable for planting to gins or mills, but store them away as you are likely to get more for them and at the same time render your fellow farmer a valuable service by selling him good seed for planting.

How to proceed to sell your cotton seed:

First, put them in a dry barn or house.

Second, write to T. S. Minter, director of the Bureau of Markets, Austin, and ask him to list them free in the Market Journal and repeat this request monthly until all your seed are sold. He does not handle the money nor the seed, but simply finds you a buyer, and his services are free.

The press has very kindly given publication to our former letter and you should take advantage of the opportunity of getting more for your planting seed and at the same time render other farmers good service by selling them your cotton seed for planting purposes.

**One Year of Peace**  
Progressive Farmer

It has been just a year this week since the beginning of the armistice which ended the fighting between the Allies and Germany. For all practical purposes therefore, we have had a year of peace, and it is a fitting time to check up and see what progress the twelve months have brought us, and what fruits of victory are yet apparent.

The "divine right of kings" has indeed been destroyed. Never again while the world stands will the sovereignty of a great civilized, educated people be such that he has a right to impose on them whatever form of government he chooses. The world war ended the right of one man to rule a nation—ended it as definitely as the Civil War did the right of one man to own another. Here and there among a few backward peoples autocratic kings may linger yet a little longer, but their day is over.

The "Czar of all the Russias" whose word in 1914 was law over one seventh of the habitable land of this earth, the Czar at whose word men and women who opposed his will were driven to a living death in far-away Siberia—that Czar himself now sleeps in a dishonored grave among his once dishonored victims. The proud Kaiser of Germany who in 1914 dreamed of an empire greater than Caesar's in which he would reign with uncurbed will—he today is an outcast and wanderer. The Emperor of Austria is a fugitive. The Sultan of Turkey is a laughingstock. Those foolish people who said it didn't matter which side won the world war, that it was only a selfish struggle for territory and meant nothing more, have been discredited.

A real and lasting victory for the autocrats of Germany, Austria and Turkey would have set back civilization a thousand years. In the victory of the allies, oppressed people have won their freedom and "The Man With the Hoe" and the workingman of the factory have awakened to a new sense of power.

**JUSTICE CRUCIFIED ON CROSS OF PARTISANISM**

The Supreme Council of the League of Nations has decided to put the peace treaty in effect on December 1st without the co-operation of the United States. The other big powers have ratified the League Covenant and they are surprised, chagrined and disappointed in the attitude of the United States Senate. President Wilson was a leading factor in the shaping of the international agreement. It was his broad lauded notions of world justice that brought radical minds to a temperate understanding of the meaning of world democracy and a just peace. Those nations looked upon the United States as a Christian nation. They had seen the American spirit reflected in Mr. Wilson and believed that this country would ratify the agreement. They evidently did not know the power of partisan politics in this country. It had not occurred to them that the leading Republicans in this country would crucify justice, repudiate an honorable agreement and refuse to ratify the terms of just peace as a means to discredit the democratic administration in order to bring their party into power, but that is just what has been done. The Lodge party are jealous of the Wilson influence and have sought to defeat the treaty for partisan advantage. European

countries are disgusted and the Republicans may find out next year that the American voters are awake to their motives.

You are hereby commanded to summon George Allen by making publication of this citation once in each week for four successive weeks previous to the return date hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the thirty second judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said thirty-second, to appear at the next regular term of the District Court of Scurry County, Texas, on the sixteenth Monday after the first Monday in September, A. D. 1919, the same being the 22nd day of December, A. D. 1919, then and there to answer a petition filed in said court on the 8th day of November, A. D. 1919, in a suit, numbered on Docket of said court No. 2137, wherein Fannie Allen is plaintiff and George Allen is defendant, said petition alleging that plaintiff has resided in Texas for a period of twelve months and in Scurry County for a period of six months next preceeding the filing of this suit; that plaintiff and defendant were lawfully married to each other in Shelby County, Tenn., on or about May 2nd, 1904, and that they

lived together as husband and wife until about October 3rd, 1910, when defendant, without cause or excuse, left plaintiff with the intention of abandoning her, and since which time they have not lived together as husband and wife, and have continuously lived apart from each other, and that since said date, defendant has not supported nor contributed to the support of plaintiff; that two children were born to said marriage, to-wit, Ruth Allen, a girl age 14 years and Vergil Allen, a boy, age 11 years. Plaintiff prays for judgement and relief, special and general, in law and equity, that she may be justly entitled to, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereof showing how you have executed the same.

Witness, Nellie Weems, Clerk of the District Court of Scurry County.

ful to a kind Providence but the trend of sentiment seems to be that we are too busy at work to take a day off to express our gratitude.

When one looks out over the public square, or starts to travel the streets in Snyder he will readily admit that the square ought to be paved and that sidewalks are a necessity.

R. L. Smith has sold his home to J. A. Howell. He says he had recently repainted the residence and built a new chicken house and he thinks that is what enabled him to sell.

Roy Stokes is home from Austin.
