There being no further business to be before the Council adjournment was taken.

and Mrs. Taylor Entertainments was given by Mr. Mrs. Hugh Taylor Friday evening at their home on North Scarborough Street.

any interesting games of "42" played after which a two course dinner was served. The out of guests were Mr. and Mrs. Les Smith of Claremont, Dr. and Elmer Maxwell of Chicago, and Mrs. Marcus Burleson of Bedford.

Methodist Church Sunday school at 9:45. Supt. Rogers is counting on you being present and having some one with you.

Preaching at 11 and 6:45. At the morning hour the pastor will begin a series of twelve sermons on the meanness of Jesus. This will be a study of those splendid traits of character that were a part of the life of Jesus and which should come increasingly into every person's life. The first two subjects will be: "The meanness of Jesus," and "The meanness of Jesus."

takes one of those subjects to invite the other. You are cordially invited to hear them both.

## Senior Class of 1915 Meet

Saturday night at 6:30 o'clock all the Senior Class of 1915 who could possibly attend, gathered at the hospitable home of Mr. and Mrs. Wade Winston. The latter being a member of the class. A great majority of this class have found their mates and are happily married. However, that didn't keep us from having a grand and glorious meeting. We talked of old times and discussed the whereabouts of the absent ones and wished that they could have all been present.

There were 29 in this graduating class, we think it about the most important class that have ever been handed the coveted "sheepskin."

Those present were—Misses Mary Isaacs, Elvia Pierce, Mrs. Clyde Boren, Mrs. Melvin Newton, Mrs. Gladys Brown Johnson, Messrs. Clifton Doak, Loy Ramsour, Benrice Brice, J. B. Curry.

Visitors were—Miss Mattie Palmer, Miss Bertha Curry, Miss Georgia Winston, Bill Price, Clyde Boren, Melvin Newton.

Along about the midnight hour a salad course and other good eats were served by the hostess.

Different games were played and music furnished by the Victrola. It was getting to be "early" when we departed for our respective homes, declaring it the most delightful event in our lives.

Why cannot the Snyder High School have an Alumnae Association? Let's get together and talk the matter over.

## —One of the Class

The Magazine Section of the Snyder Signal will appear Friday, Jan. 16, 1920.

The contents of our Magazine section for January follows:

"A Leap Year Proposal"—An entertainment in which bachelors receive marriage proposals from eligible ladies.

"Getting Rich in the Oil Game"—How the little town of Olden, in Eastland County became prominent and prosperous. By J. C. Duval.

"Current Comment"—By J. H. (Jim) Lowry.

"A Little Fun"—Jokes for those who like to laugh.

"Texas Farm News"—Crisp paragraphs of pure farm news from all over the state.

"Stories for Boys and Girls"—Story of the "Purple Slipper" and other instructive and entertaining stories.

"Women's Department"—Fashion letters and fashion patterns. Sugarless recipes, etc.

Judge Mack Taylor and family were visitors to Snyder this week as special guests of Mrs. C. C. Higgins, and Mr. and Mrs. O. P. Thrane.

## Week of Social Enjoyment

The Snyder younger set have had a succession of parties during the Holiday week. They have had treat measures of delightful entertainment such as appeal, to virile youth and the romantic amateur life.

Musie for these entertainment has been furnished by Messrs. Bozart, refreshments by the various hostesses, smiles by the girls and candy by the boys.

On Christmas night this company of youth and beauty met with George Johnson in the home of Dr. and Mrs. W. R. Johnson.

On Friday night with Roy McMillan at his home, on Saturday night Mr. and Mrs. Marshall Fuller opened their home for these young people and on Monday night Miss Lois Curmuth was hostess in the Curmuth suburban home. It has been a succession of pleasurable events and doubtless many have been the dreams and musings for the future.

Mr. Horace Holley and family who have resided at Ira ever since nobody knows when exactly, have moved to Snyder and occupy the Guy Casey home in the east part of town.

Miss Barker returned Tuesday from a day visit to the home folks at

The United States Senate is about to reach agreement on mild reservation to the peace treaty and it is not expected the treaty will be ratified next week. The republicans dare not before the country with hanging fire.

## SCURRY COUNTY OIL POSSIBILITIES

The oil proposition has by no means been abandoned in Scurry County. The Snyder Oil Association are holding their affairs in abeyance and will determine soon what course they will pursue but their is no disposition to give up the holdings and quit the enterprise.

It is understood the Mt. Pleasant company are drilling in their well near Fluvanna and the Stanton people have been waiting for fuel but it is now understood that they are now doing business in the Riley well.

J. T. Harris states that the Dunn well is waiting for fuel. They have three cars of oil coming but it is taking them a long time to get here. He says that somebody chugged plugs of iron into the old hole so they couldn't drill there but they have moved the rig and have reset it ten feet from the old place and are ready to go down. He says they know what they have there and don't propose to give it up.

The drilling out fit of the Post City Development Company at Justiceburg was burned early last Sunday morning. No report has come as to how it happened—possibly it is a case similar to the burning of the Snyder plant.

Andy Trevey was here Tuesday from Knapp and said the first load of timber for the derrick in the Knapp field was unloaded there last Sunday. The drilling contract is with the Stanton people and the drilling to commence by Feb. 13. The location is on Emmett Treveys' land section 143 in block 97, H. & T. C. Railway Company survey, three or four miles east of the Knapp post-office, on a high hill.

## Some Calendars

The Aviation Garage people have distributed this season just about the prettiest calendar ever handed to the Signal folks. It represents a sylvan scene and the art work is perfect. The Southwestern Engraving Company has sent us a large 1920 calendar, representing all the nations of the world. A long line showing beautiful women on white horses and each carrying a flag.

The Snyder National Bank has handed out an attractive calendar to its customers.

## First Baptist Church

Plenty of coal and all our services next Sunday. At the morning hour a special New Year's service.

Sunday school at 9:45. Teacher's meeting at 9:00. Evening service at 6:00. A specially interesting time for all.

## W. H. SIMS, Pastor

## New Court Reporter

Mr. Walker of Colorado, who has been District Court Reporter for Judge Beall's court has recently resigned to engage in a business and Mr. Fred J. Williams is now the official reporter for the court and is on duty here this week.

Marriages, Births and Deaths The vital statistics recorded for Scurry County show that in 1919 there were 69 marriages, 58 deaths and 91 births.

Interesting feature is that between December 18, 1918 and January 1, 1919, there was not a marriage license issued by the County Clerk and from Dec. 18 to 31 there have been fourteen licenses issued. It is remembered that 1918 was the hardest year ever known here and the young people probably felt that there was entirely too much hazard in getting married.

W. H. Watson of Cooper, Texas, has purchased the F. M. Brownfield place 8 miles south of Snyder. He expects to move to it within the next year to make it his home. In the mean time he will read the Signal every week at Cooper.

Mr. and Mrs. Homer Watkins have returned to their home at Del Rio. They will continue to read the Signal over there.

Earl Noble of Louisiana, was a Christmas visit at home.

## DISTRICT COURT IS GRINDING

Following is a list of Jurors for District Court summoned for Jan. 5th:

R. W. Webb, C. G. Marr, Wade Winton, J. W. Woodfin, W. H. Green, Liv Davis, F. E. Wade, N. M. Harpole, Billie Nelson, E. E. Matthews, W. H. Merritt, Perly Morris, J. R. Huckabee, Marvin Boyd, P. M. Chambers, Bill Brooks, J. W. Card, Lynn Henderson, W. A. Eastman, Oliver McEyes, P. L. Fuller, C. E. Ferguson, B. F. Hargrove, J. W. Massey, Albert Morton, Fred Parsons, C. P. Shafer, R. L. Terry, J. A. Dunn, John Jones, T. W. Gabbert, Fred Grayum, Rupert Walton.

The District Court has disposed of one divorce case and was engaged the first half of the week in the noted Smith will case. J. P. Stinson, E. A. Watson and Judge Rosser were attorneys in the case which went to the jury about noon Wednesday.

J. W. Massey received a box of fine apples Tuesday, sent to him by Mr. F. J. Grayum from Oregon. He would be glad to write about the apples from personal experience, but with apples worth ten cents apiece we can only say they smell good.

Mr. D. A. Jones was here Tuesday from Fluvanna and reports two serious cases of sickness at his house. John Wailey is quite sick there and Aunt Christian James is almost totally paralyzed and in a very serious condition.

The Signal learns that Pete and Jim Bridgeman have bought the Snyder Transfer establishment and business and will continue to serve the public at the same old stand with Pete Bridgeman as manager.

At the Presbyterian Church Bro. James H. Tate was in Tuesday from Fluvanna and asked the Signal to say there will be the regular services next Sunday at the Presbyterian church, morning and night. Everybody cordially invited.

The Cotton The people have had two weeks of open weather and they are picking cotton. Reports from the four gins at Snyder Thursday afternoon show 7713 bales ginned. There were 75 or 100 bales on the yards and still coming.

The gin reports were:

Fuller's ..... 3045  
Farmer's Union ..... 1410  
Sears ..... 1349  
Brice & Leath ..... 1910

No farmers have reported through picking and all probably have one or two to 10 or 12 bales yet out.

Heavy Holiday Business Christmas trade in Snyder has admittedly been the best ever known and Postmaster Barber says the parcel post business—going and coming has been the greatest in the history of the town.

It has been Christmas for three weeks and still is. People are still sending and receiving packages and all the post office force are busy.

Odd Fellows Elect Officers Snyder Lodge No. 485, I. O. O. F. elected officers last Friday night as follows:

B. C. Patterson, N. G.  
W. A. Forkner, V. G.  
Harvey Shuler, Secretary.  
Jack Henderson, Treasurer.  
I. W. Beren and J. B. Johnson, Trustees.

Our friends who are in arrears of subscription will please note that the New Year is here and there is more money in this country than ever before. We hope to have all back subscriptions squared up at an early date.

Possibly it's merely coincident that the burning of the oil well rig at Justiceburg came so soon after the Snyder rig was burned, but the fact that both these rigs were being owned and operated by associations composed of home people is apt to cause folks to wonder what it means.

County Clerk Curry issued a marriage license Wednesday for W. R. Evans and Miss Ayers.

W. H. Merritt has been a Christmas visitor and relative in Snyder.

It is expected the railroads will be sold to the owners on the condition that there are already building.

## Happy Christmas Event

One of the most enjoyable social events in the history of the Crowder community was the gathering together of friends and neighbors in the hospitable Bentley home on Christmas day. The day dawned clear and beautiful and the sun had not traveled far on its daily journey ere the guests began to arrive. Vehicle after vehicle arrived bringing the guests and ere the sun had reached its zenith the home was filled to overflowing.

Everywhere the Christmas spirit of peace and good will prevailed and the hours sped merrily along. Promptly at the noon hour the guests were ushered into the dining room where a long table covered with snowy linen and groaning under its burden of delectable dainties stood waiting to be relieved of its burden. And such a dinner! A feast indeed fit for the gods, and displaying such culinary skill that the guests were in no wise loath to refuse to do their full share in relieving the table of its burden.

Nor was it necessary to call in the maimed, the halt and the blind, as each guest felt quite fortunate to be in the list of invitations.

But the day came to an end as all earthly things must, and we reluctantly separated at its close feeling the better for having spent this delightful day mingling with friends and loved ones and wishing for one and all many happy returns of the day and a joyous and prosperous New Year.

## —A GUEST

Winston-Chapman Mr. H. B. Winston and Miss Minnie Chapman were married Sunday night at the home of the bride in West Snyder, by Rev. John H. Hicks.

Mr. Winston has been a successful man of business in Snyder for a number of years and is a loyal, good citizen. The bride has resided here for several years and has hosts of friends here.

The Signal extends congratulations.

BRIDE AND GROOM VISIT HOME FOLKS IN SNYDER

Mr. A. M. Curry told the Signal this week that his son, R. C. (Pete) Curry, was married a few days ago at Plano to Miss Leota Lewis and they are expected to visit here on their way to Miles where they will reside.

Heavy Holiday Business Christmas trade in Snyder has admittedly been the best ever known and Postmaster Barber says the parcel post business—going and coming has been the greatest in the history of the town.

It has been Christmas for three weeks and still is. People are still sending and receiving packages and all the post office force are busy.

## MORE ABOUT COTTON MARKET

Mr. J. M. Hendryx is one of our best informed cotton men although he admits he is not an expert at grading by staple, but he understands the rules and standards in the matter of classing.

He has recently received from Washington several cases of samples of classified cotton showing "stained" and "tinged" cotton, marked "middling," "low middling," "strict middling," etc. These samples are a new feature in cotton grading to many of us and while it is graded high by government experts, to most of us it doesn't look to come up to the standard of most of our West Texas cotton.

Mr. Hendryx says these classes do not insure the higher prices that come for a standard length, but still the class even with stain and tinge, bring the staple up to the middling range. These samples have been viewed by many farmers and others. Mr. Hendryx explained that when this class of cotton shows also the length of fiber at 1-1/8 it is worth considerably more in the market.

When asked why the difference in price this year at Snyder and Colorado, he said it was a matter of district. He said that early in the season the cotton people have their agencies in all the cotton growing regions and in order to get a line on the cotton in the Snyder district they procured samples early in the season. Unfortunately they got samples that were ginned damp and on saws recently sharpened and the cotton was more or less chopped up, on these samples the standard of the Snyder district was set, while the samples obtained from Colorado were of higher grade and that district was rated higher. It is a known fact that cotton has gone from the Snyder territory to Colorado and sold for two or three cents a pound more than the same buyers pay at Snyder.

This fact proves that the difference is not in the cotton and therefore Mr. Hendryx conclusions seem quite plausible.

## Turner

As we have been silent for some two or three weeks we will come again, as Xmas has come and gone, which made many hearts happy while others were sad, and now we are entering into a new year. I wonder how many of us have stopped and looked back over the past year and thought of the many blessings God has bestowed upon us, are we thankful for them. I believe we ought to examine our hearts and see if we are, as the great giver of all things might not be so merciful another year if we are not thankful for the past one.

The weather has been pretty for several days and lots of cotton has been gathered but some more yet to pick.

Turner school opened Monday, the 29th with Mr. and Mrs. M. K. Maples being our teachers, but not a full school yet as some were not through picking cotton.

The health is fine just now. Mrs. Upton is able to be up now. Her head being some better.

Mrs. Joe Clinkingbeard of Dalhart spent Xmas with her parents. We are glad to have her back again.

Grandpa and grandma Glover visited at W. S. Upton's Xmas day. Jake Glover and family ate Xmas dinner at Mr. Seaborn's.

Mr. Arthur Humphrey and Josie Turner were married eve. May God see fit to give great joy and prosperity. A Mrs. J. R. Higgins have purchased another Jersey milk cow.

Mr. and Mrs. Albert Seals of L. mesa visited at J. R. Higgins and W. S. Upton's Xmas. Mrs. Seals being a niece of Mrs. Higgins.

Mr. Boyd Fenton has made addition to his dwelling.

We have also moved our school grounds to occupy.

Well for fear we will go, wish you a Merry Year that

# Ford

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

#### A Noon Hour Caller

Just at that time of day Tuesday when ordinary mortals are at home for dinner the Signal had a distinguished caller—a man who is always in a hurry and always on time. It would have given us pleasure to entertain him at luncheon but this time he came tardy and has left our generous inclinations all gone awry. He came unheralded and left the same way, but just to make our disappointment the more pungent he left this note:

"I called—you were refreshing the inner man. Trust you have had a merry Christmas and wish for you and yours many returns of the annual turkey and dressing. Keep the Signal coming."

E. A. WATSON

#### Strayhorn-Tyson

Mr. Robert Strayhorn of Snyder and Miss Vera Tyson of Fort Worth were married last week at the home of the bride's parents in that city.

The groom is one of Snyder's splendid young business men and has the esteem and confidence of a wide circle of friends. He is a son of Mr. and Mrs. Joe Strayhorn, has been reared in Snyder. He is a graduate of the Snyder high school and finished at Trinity University.

The bride is the daughter of Rev. and Mrs. A. R. Tyson of Fort Worth. In former years they have resided in

Snyder and at Fluvanna and are well known to most of our people. The Signal joins their friends in congratulations and good wishes for a happy and prosperous life.

#### Warren Home Coming

Dr. and Mrs. J. W. Warren had the delightful and soul warming privilege last Sunday of a re-union of their children and kindred and the Warren home was alive with Christmas cheer and filial animation. They enjoyed a sumptuous dinner and a day of love and comfort.

Besides the good and venerated father and mother there were Bob, from Post, Allen and Dale of Snyder, Janie, from Post, and Will's children, Nibs and Ruth, of Snyder, and then there were nephew, Ed and wife of Post.

It was a happy company and the younger folks evidently realized the rare privileges of a day spent in the parental home and they will cherish this event throughout the coming years.

#### Pyron Pointers

It seems that the Lord is being very thoughtful concerning the welfare and happiness of the people in West Texas this year. When we think of the wonderful crops and the good prices we should, each one of us, live in reverence to the God that is so good, for we know that all things, which are good come from Him.

This writer thinks that it was the most beautiful Christmas day that he has ever seen.

Rev. Leslie filled his appointment here Sunday. He delivered a good sermon Sunday morning and another Sunday evening. Church was well attended and we feel that everyone was benefited.

Sunday school was organized and will meet at 10:00 o'clock every Sunday morning. Everybody is invited attend and aid in the services.

The Pyron Oil Company is drilling night and day and we hope in the near future to see oil gushing out of that well.

School started here Monday morning, but due to the fact that so much cotton is yet in the field, a very small number are attending. We are still short some books but hope to get them soon.

Miss Thompson and her brother came down from Snyder Sunday and started around over the country to see friends and relatives when a wheel ran off the car and put them a foot. So it was about 2:00 o'clock when

they got dinner. Miss Nell is one of the teachers in the Santa Fe school and we think one of Scurry county's best young ladies.

More people are coming to Pyron every day and we think that Pyron will soon be put on the map good and strong.

Hon. Joseph W. Bailey declared to a Dallas News reporter that he was not a party to a suit in Arizona to compel payment of \$95,000 back taxes on a land grant of 100,000 acres. He said, however that his son, Weldon Bailey, was one of the defendants, "to the extent of \$4,000." A news dispatch from Phoenix, Ariz., Dec. 16, mentioned the former senator, his son and "several other Texans" as defendants.

#### YOUNG BRITISH WOMEN WILL INVADE AMERICA

LONDON, Eng.—Girls who were in domestic service before the war and have been working in the open air are thinking of the United States now that their war jobs are finishing.

"I have only another three weeks more on this job, and then I intend to have a holiday," said one recently.

"Will you go back to domestic service?" She was asked.

"Not in this country, thank you!" was the reply. "My parents died when I was ever so little and I went into service at 14. I have had enough of service here, and I am off to the states as soon as I can get a passport."

"What will you do there?"

"Oh, go into service. Several girls have gone there and prefer it ever so much to service here. They have good wages, and every evening and Sunday off. Of course they work hard when they like. They have their own latchkey."

Just after Joe Bailey had spent a hours in a speech at McKinney in which he viciously romped on President Wilson, Senator Shepherd and the Democratic administration, the McKinney Democrat-Gazette came out in this editorial expression:

The accomplishments of Woodrow Wilson's administration have entrenched the democratic party in the good will of the masses in every section of the country. His leadership has exalted the American people to the highest pinnacle in the esteem of the whole world. Of course here and there, is found a caustic critic even in the democratic party, of Woodrow Wilson, who has risen above partisanship as the nation's chief magistrate. Washington, "the father of his country" also had violent denunciations—much more numerous in proportion to his day than Wilson has in his. But after the lapse of century even the names of these detractors are swallowed up in oblivion and are utterly forgotten while the name and fame of George Washington continues to shine with ever increasing lustre with the sweep of ages. So it is, and ever will be, with Woodrow Wilson, illustrious leader and spokesman of democracy in the most titanic world war of all time that literally "made the world safe for democracy." His ideals are imperishable. Their detractors, like Washington's are also oblivion bent.

About the time the war closed there was 93 prominent German leaders who signed ocententions that Germany's war policies were justifiable. Of this number 39 are now admitting error.

Mexicans Planning Revolt EL PASO, Dec. 29.—Mexican revolutionists are working on for unity of military commands and aims with the first step to setting up a defacto government, according to well defurred reports reaching here today.

Villa followers said he was agreed upon as military leader of the revolutionists on the east coast of Mexico and by the southern rebels. The revolutionists are said to plan the first military movement on the east coast and the chief aim at present is to obtain control of the Mexican oil fields where they would set up a government.

#### SHORTAGE OF CATTLE FOR 7 YEARS IS PREDICTED

CHICAGO—A shortage of 600,000 cattle in the year just past will cause high prices for beef products for at least the next two years, it is declared by M. F. H. statistician for the Union Stock in his annual report made public today.

Mr. Horaine says it will be possible to make good the shortage of 1919 before 1927 and that the department of Agriculture's report concerning the number of cattle in the United States is too optimistic.

An increase of 377,000 animals all kinds received at the Union Yards for the year 1919 over 1918 reported. Cattle receipts, however, decreased 290,000.

Decreases in cattle slaughtering also reported at the markets in Kansas City, Omaha, St. Joseph, Louis and Sioux City.

## "The 52 Biggest Problems of the Average Southern Farmer"

EVERY member of the Progressive Farmer staff has had actual farm experience—most of us are running Southern farms now—and from our own experiences, and from the multitude of farmers' letters that come to us every year, we believe we have figured out a pretty nearly perfect list of these "fifty-two biggest problems" of the average Southern farmer, and we are going to treat them in next year's Progressive Farmer.

We are going to treat them, too, in order of timeliness, just as far as possible. For the aim of the Progressive Farmer, always, is to tell the subscriber just what he wants to know, just when he wants to know it, and in as few words as possible.

Here's the list of big problems we shall treat during the fall months, and the date on which such discussion will appear.

NOVEMBER 1—Financing the Farmer: Personal and Short-term Credit for Land Purchase; Avoiding "Time-prices" Utilizing National Farm Loan Associations, etc.)

NOVEMBER 8—System of Farming—Affecting Soil Fertility, Money Profits, Prosperity and Permanence of Rural Life.

NOVEMBER 15—Arranging and Erecting Fences; Relative Values of Different Systems, Materials, etc.

NOVEMBER 22—How to Reduce Land-washing to a Minimum: (Terracing, Ditching, Filling Land with Humus, Proper Use of Steep Hillsides, etc.)

NOVEMBER 29—What Changes are Needed to Insure Better Health For Men Women and Children on the Farm?

DECEMBER 6—Winter care and feed of Horses, Mules, Cattle Hogs.

DECEMBER 13—Getting rocks and stumps off the Land.

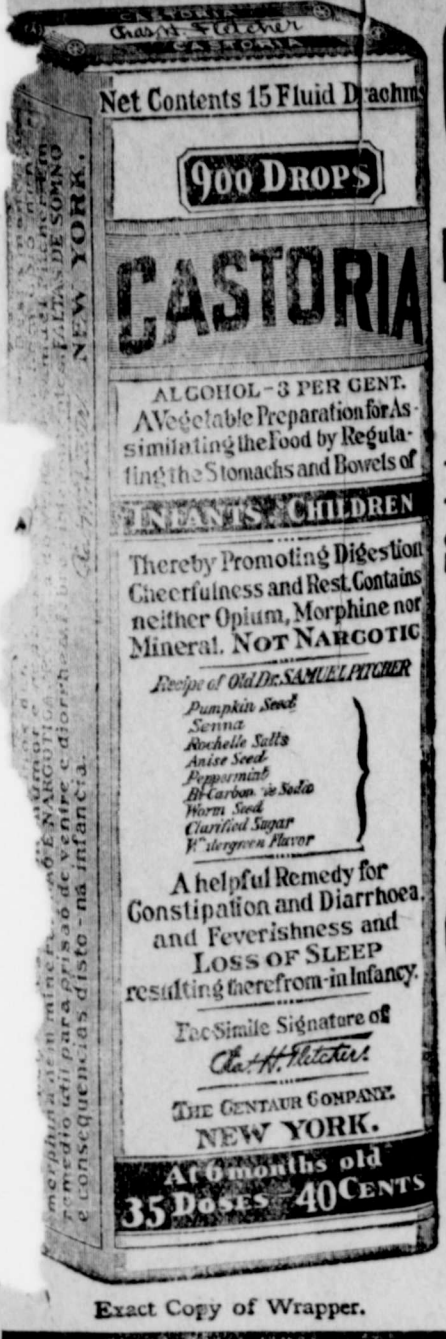

DECEMBER 20—How Farm Neighbors May Work Together for Greater Profits and Happiness.

DECEMBER 27—Business Methods on the Farm: (Inventories; Records; Accounts; Banking; Cost-keeping; Advertising; System in Correspondence and Making Sales, etc.)

The above subjects are of vital importance to you and alone are worth the price we ask, and remember The Progressive Farmer carries many other big features not mentioned above.

**Threats Against Congress**  
(The Star Telegram)

No matter what one may or may not think of the so-called anti-strike provision bill, no real American will relish having an official of a labor union declaring in a formal statement that if Congress does this or that a strike will be called. It is just such tactics as these that are bringing organized labor into disrepute. The threat that this or that must be done or must not be done, as the case may be, under penalty of a strike, is becoming so common that there is an increasing number of men, who believed in organized labor ordinarily, who are beginning to wonder whether it can be conscientiously defended or not.

In this instance it is political strike that is proposed and it is the government that is threatened. The political strike has no place in America. The idea was born in the slums of the Old World under autocratic governments when the masses were given no direct voice in the making of the laws they were compelled to obey. That such threats should be resorted to in this country means that those making them have not faith in their ability to convince a majority of the people of the justice of their demand. It is a short-sighted policy that prompts such threats, for, far from winning adherents to their cause, those making them immediately arouse the resentment of the people. It is beginning to appear that certain leaders and certain sections of organized labor need to learn that the American people are not to be browbeaten or coerced by threats. We do not believe in meeting threats with counter threats, but it is nevertheless a fact, which ordinary common sense ought to make plain to anyone, that if the need of the lesson persists and it is not learned voluntarily, means ultimately will be found to teach it in a manner that will not admit of its being forgotten.

**The Passing of the Nickel**

The time was and can even be remembered by people now living when a soda or a shine would cost a nickel and two apples or lemons could be bought for five cents, but those jittney days are gone. If you buy an apple you must dig up a dime or else select a measley specimen that used to go at 20c a dozen, and in that way a nickle may be enough. The old nickle quality of everything except the church collection doubled in value and the smoker of a five cent cigar of today is in the 2fer class of a few years ago.

The nickle has lost its dignity and is not even as respectable now as the copper penny, for the reason it is not so easily handled in making exact change.

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accumulated, and the result is that very large capital expenditures ought to be made to make up for the interruptions inevitably due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.  
WALKER D. BINES,  
Director General of Railroads.

**Work more—  
Produce more—  
Save more—**

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

**The West Texas Way**

Honey Grove Signal: The drought loans made to Western Texas people have all been paid back. Every loan the chairman of the Western Relief Committee says, has been paid in full with interest. West Texas people were in a very hard way last year. For two years the drought had been upon their land, parching the ground and withering all vegetation. It looked like starvation, but West Texans were plucky. They believed their land would come back, and many of them remained at their homes to rebuild their fortunes.

The Western Texas banks have become able to take over all necessary local financing. These banks have pulled through three distressing years and are now bulging with deposits. A banker at Merkel recently sent State Press a copy of his bank's latest statement and advised S. P. to quit the newspaper business and buy a bank in that country. It was a fair proposition but State Press couldn't have financed it without first gaining access to the bank's vaults. Considering all that take West Texas banks had to contend with through the long drought it is almost marvelous that they stood the pressure so successfully. If there was a single bank failure in that territory State Press doesn't recall it. This indicates that first class bankers are the rule out there, and so constructive a section is always well equipped for when it hesitates to come back sooner or later. Bankers were harder hit than farmers, perhaps, but their ability to pay off or finance their loans withouth loans signifies that they are ever, Western residents.

COSTS THOUSANDS TO GOWN "LOMBARDI, LTD." MANNEQUINS

Creations Imported from Paris and Latest New York Models for Beatrix Make Picture a Real Fashion Show

Parisian gowns never before shown in this country, and obtained only through the influence of M. P. Staulcup, technical and art director for "Lombardi, Ltd.," the screen classics, Inc., production starring Bert Lytell, that is the attraction at the Opera House Theatre, as well as the latest creations from Harry Collins and Hickson models, are worn by the six famous beauty mannequins in this, one of the Screen Classics, Inc., fewer and better pictures.

For six of the French gowns the bill was \$3,500. The models from Hickson and Harry Collins, for which Mr. Staulcup made a special trip to San Francisco to get the gowns as soon as they arrived on the limited from New York, cost approximately the same.

Maxwell Karger, Director of Screen Classics, Inc., having cast for the mannequins six of the most beautiful girls that could be found in the musical comedy, from the smartest of Fifth Avenue shops, from the ranks of artists' models and from the actresses on the screen, was determined that they should be gowned in a manner fitting their appearance and the high standards of production Screen Classics, Inc., insists upon in its "fewer and better" pictures policy.

In selecting the gowns the problem of Mr. Staulcup was more than one of merely selecting the latest and smartest things. It was complicated by photographic considerations.

"It's those gowns that caused more of my troubles, he said. "Care must be exercised in the selection of colors. Otherwise it might happen that a \$1,000 creation would photograph on the screen no better than an inexpensive studio made costume. Certain shades of color do not show up on the screen, and still other combinations have a clashing or a neutral effect when projected. Some of the most exquisite gowns at my disposal had to be cast aside after we made photographic tests of them."

Maybe you think, Mr. Merchants, "Must everybody know my store, I don't have to advertise." Your store and your goods need more advertising than the railroads need to warn people to "Look Out for the Cars." Nothing is ever completed in the advertising world.

### MITCHELL LEWIS SWEARS OFF PETTING DOGS

It is rumored that Mitchell Lewis has foregone petting his man's dog, and thus it happened. While taking some snow shovels at Truckee in the mountains of California for his latest select picture, "Jacques of the Silver North," several dog teams were used. Mr. Lewis is great lover of animals and he was much taken with the huskies and soon became friends with them. Whenever they were around, Mr. Lewis could always be found petting and romping with them.

This went on for over a week and then came the day to take one of the big scenes, where "Big Mitch" is driving his dog team over the mountains. The script called for Mr. Lewis to be thrown from his sled and roll down a steep mountain, while his dog team ran away.

Mr. Lewis made a great fall and a thrilling roll down the mountain side while three cameras got the scene from different angles. But the dogs missed their friend and came running back into the scene to help their erstwhile playmate. Several retakes were shot but the dogs refused to go off and leave him. But each time at the crucial moment when they were supposed to be scampering away over the snow covered plains they would rush back to lend aid to their pal. That fall and roll over the snow covered rocks was not any too pleasant exercise, and Mr. Lewis swears that this was the only time in his life when he threw rocks at a dog.

"Jacques of the Silver North" can be seen on Saturday at the Cozy Theatre.

### Press Review No. 2

A more entertaining and amusing picture than "Getting Mary Married", the high class comedy which Select Pictures offers on Tuesday night at the Cozy Theatre, with beautiful Marion Davies, has not been in many a day.

This delightful story of youth and the fight it makes for its inherent right of fun, laughter and play, which aristocracy is trying to make it live without, provides a splendid opportunity for Miss Davies to display her talent. Her beauty, her personality, her youth, her innate grace and charm—are all given chance for expression in "Getting Mary Married." She is a combination of piquancy, vivacity and irresistibility.

Allan Dwan directed the picture. Therefore nothing more need to be said about the direction of the picture; it is superb. The story is splendid, human and interesting, written by John Emerson and Anita Loos especially for Miss Davies. The cast supporting this beautiful Select star comprises the following well known artists: Norman Kerry, Mat Moore, Fredrick Burton, Amelia Summer-ville, Constance Beaumar and Elmer Grandin.

### To the Dyspeptic

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health taking these tablets and can now eat any kind of food that they crave.

### Don't You Forget It

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no pepsin or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.

Dr. W. H. Morrow and Andrew Kemp were here Tuesday from Hermeleigh.

### The Canyon Box Supper

There was a very successful box supper at Canyon last Saturday night.

A large crowd attended and everybody seemed to be in good spirits, and the bidding was lively. The excellent event was when three of the young ladies were entered as candidates in the beauty race. Everybody seemed to be anxious for his favorite to win, and the contest was full of pep from start to finish.

The candidates were Misses Vera Bynum, Ethel Smith and Pearl Adams.

Miss Pearl Adams was declared winner by a small majority. Her box brought one hundred seventeen dollars and thirty.

### Crawford-Wempken

Mr. Littleton H. Crawford and Miss Blanche Wempken were united in marriage on Monday, December 22nd, 1919, at 5 p. m., at the home of Tillie Wempken-Forbus in Abilene, Texas.

The elegant little home was beautifully decorated with the seasons best decorations that were suitable and appropriate for the occasion.

The couple stood in the neatly decorated sitting room where the ceremony was performed by Rev. Millard A. Jenkins, Pastor of the First Baptist Church of Abilene.

After the ceremony they were invited into the dining room where fruit cake and hot chocolate were served.

The bride is a daughter of Mr. and Mrs. J. W. Memken of Poch and is a very enthusiastic and worthy young woman, while Mr. Crawford is a popular young man of Canyon City.

The happy couple left immediately for Sweetwater, Poch and other points. Mr. and Mrs. Crawford will be at home in Canyon City, Texas.

A few invited guests came in and at the appointed hour came Miss Josie Turner, dressed in a beautiful silk trousseau, she looked a bit scared but leaned trustingly upon the arm of Mr. Arthur Humphrey and Rev. L. S. Knight pronounced the solemn words which made them husband and wife.

After the ceremony we repaired to the dining room to enjoy delightful eats and a gracious welcome. Then going back to the parlor we enjoyed some beautiful music and conversation. After many warm congratulations we took our departure leaving the happy couple to enjoy themselves and plan for the future.

The bride is the lovely daughter of Mr. and Mrs. J. Turner and the groom is a son of Mr. and Mrs. W. N. Knighy.

### Senators Deserting Lodge

WASHINGTON, Dec. 27.—Open revolt in the republican ranks was threatened yesterday by the mild reservationists unless Senator Lodge, the republican leader, soon begins to show tangible results toward a compromise that will insure ratification of the peace treaty.

They are getting ready to serve an ultimatum on Senator Lodge that he must yield to changes that will command the sixty-four votes—the number necessary to ratify—or they will bolt and join the Democrats in side-tracking the Lodge program for a new series of milder reservations. They are exceedingly anxious to keep the treaty out of the presidential campaign.

### Farmers Take Notice

All persons desiring to bulk their cotton for sale, see me at the warehouse and place tickets with me and I will try to make sale. In case of no sale the tickets will be returned to owners.

### Card of Thanks

To my friends: In this time of sorrow I desire to express to the people of Snyder and all other sympathetic friends my gratitude to all who rendered aid and comfort to me on occasion of the sickness and death of my dear wife. Be assured your acts of kindness and your expressions of sympathy and friendship will abide as a source of consolation for the remaining years of my life. May God bless you and keep you as long as possible from the rod of sorrow under which we must all pass sometime.

### His Father Died

Mr. S. J. Castevens received a message last week saying his father died on Tuesday, Dec. 23, at his home near Mansfield. Sam was there just a few days before and left him very low. The editor of the Signal knew John Castevens in the 80's and can say there were no truer or better men.

### Sheriff's Sale

The State of Texas County of Scurry Notice is hereby given that by virtue of a certain execution issued out of the Justice Court of Precinct No. 1, Scurry County, on 8th day of December, A. D., 1919, by D. F. Wilson, Justice of said court, for the sum of fifty-two and fifty one hundredth dollars and cost of suit under a

Judgment in favor of O. L. Wilkerson Lumber Co, a firm composed of O. L. Wilkerson and G. B. Clark, in a certain cause in said Court, No. 2218 and styled O. L. Wilkerson Lumber Co. vs. Jink Penny and J. W. Massey, placed in my hands for service, I, J. H. Byrd, as sheriff of Scurry Co., Texas, did on the 8th day of Dec., 1919, levy on certain Real Estate, situated in Scurry County, Texas, described as follows, to-wit: All of lots Nos. 7 and 8 in Block No. 26 of the Chambers Addition to the town of Snyder, and levied upon as the property of Jink Penny and that on the first Tuesday in January, 1920, the same being the 6th day of said month, at the Court House door, of Scurry County, in the town of Snyder, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder.

as the property of said Jink Penny. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Snyder Signal, a newspaper published in Scurry County.

Witness my hand this 8th day of Dec., 1919.

Union labor is violently opposed to the anti-strike clause in the Cummins railroad bill and in fact it would be an abridgment of citizen rights, and upon that ground it is now believed that President Wilson may veto it.

# CALLED HER FAMILY TO HER BEDSIDE

Years Ago, Thinking She Might Die, Says Texas Lady, But Now She is a Well, Strong Woman and Praises Cardui For Her Recovery.

oyse City, Tex.—Mrs. Mary Kill of this place, says: "After the of my little girl...my side com- ceed to hurt me. I had to go back ed. We called the doctor. He ed me...but I got no better. I orse and worse until the misery unbearable...I was in bed for months and suffered such agony I was just drawn up in a knot... my husband if he would get ttle of Cardui I would try it... eed taking it, however, that I called my family about or I knew I could not last days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, back- ache, pains in sides, or other discom- forts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

Business Through Your Bank (Progressive Farmer) Time has come when every farming farmer, and most of our tenant farmers as well, should have bank accounts and pay practically all their bills by check. The man who does this, putting his entire business on a cash basis, usually has a feeling of independence that is much to him in his work. As we see it there are at least three excellent reasons

why every farmer should be a bank patronizing farmer.

First, when all surplus cash is deposited in the bank we have the bank's receipt for it, and when we check against this account to pay bills, the cancelled check itself is a receipt for any payment made. In other words the bank virtually keeps our cash account for us, and thus we have made the first step toward farm bookkeeping or account keeping.

In the second place a good bank is by far the safest place to keep any surplus funds. The farmer who keeps any considerable amount of money at home is running risks from loss by theft or fire that are needless and that should be avoided. By keeping the money in the bank, it is not only safe, but exact change may be made every time a check is issued, thus doing away practically entirely of keep- ing change about the house.

In the third place the local banker is one of the best men in the community for the average farmer to know. It will pay well to cultivate his acquaintance, and the surest and best way to do this is to start an account with his bank. Even if the farmer may not expect to need to borrow money, it is well for the local banker to know him and know his reputation for meeting his obligations promptly. At some time or other every farmer has need of credit, and at such times the good opinion of the local banker may be of great value indeed.

## THOUSANDS PROCLAIM THE MERITS OF PE-RU-NA

Read Their Letters

Mrs. Martha C. Dale, R. F. D. 1, Cannon, Del., writes: "I am entirely cured of chronic catarrh of the stomach and bowels by PE-RU-NA."

Mr. J. Bayer, Glendale, Oregon: "There is no medicine like PE-RU-NA for catarrhal deafness."

Mrs. Kate Marquis, Middleburg, Ohio: "PE-RU-NA cured me of catarrh of the head and throat."

Mr. J. H. Collins, Wesson, Mississippi: "PE-RU-NA makes me feel vigorous and able to work without that tired, weak feeling I usually have otherwise."

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my liver trouble and can eat anything since taking PE-RU-NA."

Mrs. L. Hearing, 283 East 169th St., New York City: "For catarrh of the head and stomach, I have found PE-RU-NA better than any other medicine."

Mr. W. H. Edgar, 49 Cooper St., Atlanta, Georgia: "PE-RU-NA cured me after I had suffered fifteen years with rheumatism."

Mrs. Leona Dodd, R. No. 3, Medon, Tennessee: "PE-RU-NA is a grand medicine for coughs and colds."

So many diseases are due to catarrh and catarrhal conditions, makes PE-RU-NA the best medicine in the world to have on hand for emergencies and general health protection. Thousands of families are never without a bottle of PE-RU-NA or a box of PE-RU-NA Tablets in the medicine cabinet. That is the safe way.

You can buy PE-RU-NA anywhere in tablet or liquid form.

## THE SOUTH IS GETTING ON THE LIVESTOCK MAP

When at the International Livestock Show at Chicago early in the month the South won nine grand championships and the Texas Stock-Judging Team won out over all competitors, some of them from the heart of the livestock country of the Central West, two things were proved: first, that potentially the South is as good a livestock country as there is anywhere; and, second, that we are getting the livestock men, the breeders and feeders, who know how to breed, feed and show as fine animals as were ever produced.

Now that we are training up the feeders and breeders necessary, we look to see the South year by year become an increasingly strong competitor of the older livestock sections. Unquestionably we have as good climatic conditions, and as soon as we master the feeding and breeding problems, the South is practically certain to produce as fine livestock as the north and west and do so at less cost.

We have made a fine start let us keep the ball rolling.

Yes, Freezone is a tiny bottle of Freezone, but a few cents at any drug store, but is sufficient to remove every hard corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It wonders

Those 5-cent Days Once upon a time a nickle was real money but those days are gone. In the days of our youth watermelons could be purchased from the passing farm wagon for 5 cents, but now not even the transparent slice can be purchased for that sum. Enough bannanas could be bought for 5 cents to give three boys indigestion, but that was long ago. There was a time when small boys were wont to do chores around the home for the coveted nickle—but not now. Who can forget the man who used to walk into a cigar store and say in a loud voice, "Give me a good nickle cigar." There was a time when a nickle bought a loaf of bread, or a dish of ice cream, paid for a shoe shine and even made a sizable tip. Some of the old citizens in their more reminiscent moods, can recall these days—or a least they say they can. But gradually, one by one the use of the "jitney" passed away. It would buy nothing to eat, nothing to drink, unless reinforced by the once despised penny, until only a ride on a street car remained to be secured in exchange for the nickle. And then the street railway company followed in the wake of a long and illustrious procession of profiteers.—Birmingham: Age-Herald.

Manager, subscription Department  
Then Mr. Mogford says:  
"Next after his local paper, a man ought to take his trade paper—that is to say, the publication dealing specifically with his own trade or occupation. I wouldn't knowingly employ a doctor who did not read a good medical journal or a teacher who did not read a good teacher's publication; or a lawyer who did not read a good lawyer's magazine; or a farmer who did not read agricultural papers. A man who does not read his trade paper not only keeps behind the times, but shows that he is not interested enough in his work to enjoy reading about it, and thereby brands himself as a sleepy makeshift who ought to be doing something else. If a man thinks he can not afford to take both his trade paper and his church paper he had better take his trade paper first and it will soon increase his efficiency enough to enable him to take both."
