NUMBER SEVENTEEN

SHERIFF BYRD CAPTURES STILL AND MOONSHINERS

Sheriff Jim Jones and J. F. Dowdy got a tip last that there was a suspicious being established in a secluded place below the cap rock, a short distance north of Fluvanna. They captured Sheriff J. H. Byrd and took four men into the posse they made a reconnoitre and soon located a place proved to be a wild cat still ready to manufacture booze. Officers crept cautiously through the gullies in about the wildest part of that cap rock

section, and discovered two men busy at their job. The moonshiners didn't know they had been discovered till they were ordered to put up their hands, and they were soon shackled. It is said they had a good supply of guns ready for use, but didn't have time to get them. It is also said they had the copper boiler, spiral pipe and other liquor making equipment and about 80 gallons of mash ready for use. The men gave their names as Jim Owens and E. H. Clubb and are said to be from Jones county.

METHODISTS HOLD CONFERENCE

The fourth quarterly conference of the Methodist church in Snyder was held here Monday night, September 27, presided over by Elder G. S. Hardy, with W. S. Adams as secretary of the conference. The presiding elder was pleased to progress the church has during the year. The pastor reported 75 received into the church this year. Mrs. read an encouraging report of the work of the Woman's Missionary League. The Sunday school and the League were reported to be in fine progress. The church financial budget of around \$1,000. It is expected that all will be fully met before the close of the annual conference. The following list of church officers were elected: District superintendent, H. E. Stees, W. S. Adams, L. Couch, J. Blackburn, J. W. Couch, Doak, H. A. Goodwin, C. W. Nation, D. N. Price, O. P. Thrane, W. S. Adams, E. B. Baugh, I. W. Boren, R. H. Carnutte, W. M. T. C. Davis, W. E. Doak, A. Vin, M. A. Grimes, J. S. Harnett, Johnson, D. N. Price, Johnson, Guy E. Paxton, H. V. J. L. Waskom, D. P. York, M. Curry. The church steward, A. D. Erwin, district steward, T. C. Davis, leader, A. M. Curry. Arrangements are now being made for the dedication of the church building on October 13. Resumed at Camp Springs. J. M. Kerns, manager of the Springs Oil and Gas Co., has way for several weeks looking interests in Kansas, Missouri and Nebraska and the drilling operations at Camp Springs have been suspended. The doctor has returned and matters over there are getting better. Kerns said Saturday that his has not yet returned from his vacation and he is doing himself and went down last week.

George William H. Taft is a statesman whom honest republicans can take pleasure in following, but Elihu Root is by far the safest and most brilliant republican statesman of the age, but partisan republicans refuse to accept the teachings of measuro because they advocate measuro generously democratic.

PROHIBITION NOT A FAILURE

As has been asserted that the Anti-Saloon League thinks national prohibition a failure because of lack of enforcement. We hope that organization has been misquoted. There is no criminal law that is some times violated, and the evil is the most widespread in the whole calendar of and therefore any law enacted to control the liquor traffic is the apt to be violated. As against murder, theft, and crimes are not counted failures because of violations. What the country needs is a constabulary and that will enforce the law. Agents of government fail or to meet the demands the people should have them replaced by that will. The case of outlawry in Gal-

veston, Gov. Hobby says if the officers will not protect the public he will put forces there that will do it, and the governor has made good. It may be remembered that agents of the Anti-Saloon League have drawn expense money from prohibition people for many years and have enjoyed comfortable salaries, and now since Senator Sheppard and other real pros have succeeded in ridding the nation of saloons, the paid agents of that organization are out of a job. What would they have us do now if prohibition is a failure? Would they have the people rescind the vote of ratification and go back to the saloon age? It will not be done and people who violate the law will be brought to account.

ry for first place on the bronze tablet to be placed at the entrance to this hospital. According to the plan which has been outlined by Travis Post No. 76, which is leading the movement and which is charged with the active direction of this campaign, every post in the state which contributes a minimum of \$200 will have its name inscribed upon the honor roll on the bronze tablet of the hospital at Kerrville. Every post in the state should support this drive to the utmost and see to it that these human derelicts who about eighteen months ago our buddies in France, have an opportunity or at least a fighting chance to "come back" and again take their proper place in society.

FIVE TARGET FOR GUNMAN

Toxline, Texas, Oct. 4.—Dr. Clyde Lee Fife, famous union evangelist was shot at with a revolver about 10 o'clock last night by an unidentified assailant. Earlier in the evening the evangelist had "laid in his sermon" "Beotlegging and Gun totin'". He had gone to his room in a lumberman's home and lighted a lamp when the firing began. Five assailants hid the window casing near the evangelist's head. The assailant fled in a car. Rev. Mr. Fife made no effort to even ascertain who he was. "Just some drunken fool, full of rotten rosin and bug juice," said the evangelist. "Didn't mind being shot at, but it is kind of cowardly for a fellow to shoot from the dark at a man lighting a lamp and then running like a dog."

Methodist Church.
Do you wear a red or blue Sunday school button? Well, represent with it on. Remember that you are to bring some one with you. How could any lessons be more interesting than those for October? Let us not miss a single one. Preaching at 11 and 7 by Mr. Harbin from Nashville, Tennessee. The League will keep open house from 6:30 to 8 Saturday evening to greet Mr. Harbin. All young people invited. J. H. Hicks, Pastor.

First Baptist Church.
Sunday School at 9:30 a. m. Preaching services at 10:30 a. m. and 6:45 p. m. You are wanted in your place next Sunday. At the morning hour the pastor will preach on the theme: "How Saints may help the Devil." The people are helping him prepare the message as practical as possible. Would that every Christian might hear the message and resolve to be a better Christian in the future. The pastor is already finding much to be said on the subject, and will find much more. At the evening hour another unique message on the theme: "From Lying Among the Pots to Costly City Lots." Find the text and think about it till Sunday night. Remember the time and be present ready to take part in the singing. W. H. SIMS, Pastor.

Promotion Services.
Last Sunday was a great day with us at the First Baptist Church. The whole of the morning time was given to the Sunday School, and the time was divided between a promotion service a program and Cradle Roll service. Many of the boys and girls from the different departments were promoted, and received their certificates of promotion. These cer-

tificates are very beautiful and will mean much to the boys and the girls. Many of them will frame the certificates and hang them up, and in after years will look to them with great pride. At the close of this service the meeting was turned over to Mrs. W. R. Bell, our efficient Supt. of the Cradle Roll department. She now has seventy babies enrolled in this department, and many of them were present for the occasion. And they are the best babies you ever saw—they were all very quiet and enjoyed themselves very much. It was a great joy to have them and their mothers present with us. The church had been decorated for the occasion and even the decorations indicated our love and feeling for the babies. An excellent program was rendered, and at the close of the program the pastor spoke for a few moments. The service will not be forgotten soon, and surely not before next year, at which time we shall have another.

PARENT-TEACHERS ASSOCIATION

It affords me great pleasure to know that there will be a meeting of the Parent-Teachers association of Snyder at the Central school building on Thursday afternoon of next week at 3:15 o'clock. Believing that this meeting of parents and teachers will be the means of bringing to pass some movements that will lend interest and inspiration to the school work of Snyder, I earnestly request the presence of all parents and teachers. The people of Snyder are confronted with school problems demanding immediate and concerted attention. A practical program of work for the Parent-Teachers association needs to be outlined and adopted for the current school year. It will be good that many come together next Thursday afternoon. Claude V. Hall, Supt. of the Snyder Public Schools.

City Council Matters.
The City Council met Monday night in regular session with the full board present. Minutes of the previous meeting and report of City Marshal's tax collections approved. An important ordinance was adopted and appears in this paper. The following bills were allowed: O. P. Wolfe, \$150.00. Doe Robinson, \$10.00. J. C. Maxwell, \$10.00. M. A. Fuller, \$4.00. Harvey Shuler, \$20.00. J. K. Blackard, \$4.00. T. J. Blackburn, \$4.00. W. M. Morrow, \$1.00. H. L. Davis, \$1.00. P. M. Bolin, \$20.00. T. J. Bynum, \$17.92. Telephone, \$3.50. Pete Pierce \$1.50. COTTON SEASON OPEN IN SCURRY COUNTY

Just to see how the gins at Snyder are starting out for the season, a Signal reporter made the rounds last week. At the Brice & Leath gin they had turned out 25 bales, had just had a little breakdown and the boys were sitting on the company's pocket book. O. S. Green is manager there, Arthur Green, engineer, J. A. Farmer, ginner, S. A. Taylor, bookkeeper. At Farmers Union they had ginned

36 bales and stopped to eat a watermelon. Frank Cole is manager there, A. Rhoads, bookkeeper, O. Hedges, ginner, Frank Darby, engineer. Fuller's had ginned 41 bales. H. L. Wren is manager, Holley Shuler, bookkeeper, D. B. Duncan, ginner, Bill Forkins, engineer. A call was made for a report from the Brice-Leath east side gin, but the boys were either too busy or too sleepy to respond.

is being thoroughly overhauled and cleaned and all necessary repairs are being made. This will add much to the comfort of the patients and convenience of all.

Mrs. Hartford is well known in Garza County, she is a registered nurse, with twelve years experience in industrial and private work, and has the confidence of the people where ever she is known. Mrs. Hartford's assistants in nursing will be Miss Caraway and Miss Grantham. They are refined young women and competent nurses. The Post Sanitarium is a well equipped building for the care of the sick both Medical and Surgical cases, and should have the entire support of our people, it is our institution, let us feel that we have a personal interest in this sanitarium. 17c

Threats of Sabotage.
Anson, Texas, Oct. 4.—Following the posting of threats here in the form of posters that all six gins would be burned unless they closed down until cotton reached forty cents in price, the C. P. Rowland gin was burned Saturday night, inflicting a loss of \$9,000.

Pecos reports to the Fort Worth Record a kershaw weighing 39 pounds. That is a small one. F. T. Wilhelmy has one at his store, grown in Scurry county that weighs 41 pounds.

Trade is picking up in all lines. Merchants and sales people are all busy and people are putting pep into their movements.

A new invoice of print paper came to us this week at 14 cents a pound. Just about twice as high as it was a year ago.

Mr. and Mrs. B. J. Evans have recently made extensive improvements on their home in west Snyder.

Every touch now being given the public square makes it more attractive.

BISHOP WILL DEDICATE CHURCH

Arrangements are being perfected for the formal dedication of the new Methodist church in Snyder next Wednesday, October 13th. The Methodist people have looked forward for several years to the coming of this happy occasion. It is hoped that all members of the church and the public generally will attend upon this sacred and sanctifying service. Bishop W. R. McMurray of St. Louis will preach the dedication sermon at 11 o'clock a. m. and will officiate in the formal dedication. On Wednesday night there will be a home coming and joyous greetings of the membership and it is hoped to have present many who have in other years worshipped here and have now moved away.

A great time is anticipated. Besides the Bishop it is planned to have present Presiding Elder G. S. Hardy, from Sweetwater, Dr. J. W. Hunt of Abilene, the man who was the moving spirit in the building of the new church, Rev. R. F. Dunn of Crosbyton who officiated in the organization of the Snyder church, about 37 years ago. Possibly there may be other former pastors present.

A cordial invitation is extended to the people of other churches and in fact all the people hereabouts, to attend these services. There will be music and interesting heart talks at the night service and Dr. Hunt will be the principal speaker of the evening.

SUNK WITHOUT WARNING

The New York World says that Senator Harding's substitute for the League of Nations has been sunk without warning by Elihu Root, who not only torpedoed it but shelled the survivors. The Republican candidate, who has a hard job to keep at once the support of Johnson and Borah and other bitter-enders and the support of Taft, Wickersham and other advocates of the League of Nations, nailed his flag to a camouflaged vessel, the International Court, to take the place of the League of Na-

tions. Mr. Root, however, shows that the International Court that Senator Harding adopted as a substitute for the League of Nations is simply an instrument of that league derives its power from the league and depends upon the league to give validity and force to its decisions. Until the United States joins the League of Nations we will have no voice or power in forming the international court. Mr. Root certainly destroyed Senator Harding's pet idea without leaving a trace.

The Woman's auxiliary of the American Legion is coming to the fore. Ever since the organization of the American Legion the Woman's auxiliary has been recognized as one of the integral parts of this great body, and it is refreshing to see that mothers, wives and sisters of service men and of those who died during the Great War are banding together for the preservation of the ideals for which these men fought.

If the senate's rejection of the League treaty is the cause of the low price of cotton, the Southern farmers will hardly feel like voting to give power to a party that costs them a hundred dollars on every bale of cotton.

Very few classes of people can indulge in the luxury of getting married these days with as little hesitation as can the farmer lass and lad. The high cost of living has scared the city man. As one woman said, "The high cost of living for one makes the high cost of loving for two out of the question."—Clarendon News.

The threatened strike of British miners has been called off and the president of the British federation says no outside influences must come in to control labor.

Gov. Cox charges that the low price of cotton is due to the failure of ratification of the League covenant. Had the republican senate permitted the league and peace treaty to be adopted, our foreign trade would now be on a solid basis and the spinners in Europe would be taking American cotton at a fair price.

The matter of putting oil on the newly graveled square has been under discussion as a safeguard against the high winds blowing the sand and dirt out. Had the republican senate thought it better to leave it so for awhile and keep the surfaces sprinkled with water and get thoroughly packed, and then do something else to it in the spring.

The Signal has been advised that Mrs. A. W. Boyd, who moved from Snyder to Memphis, Tennessee, a few years ago has changed her address to Lyersburg, Tennessee.

Most Miles Per Dollar

These Firestone words struck us as exactly expressing our ideas of service.

"Most miles per dollar" is a plain statement of fact—whether you apply it to the tires or to our work.

We believe that our business will grow, as your confidence in us grows. In our stock of Firestone tires, tubes and auto accessories, we have chosen carefully, bearing in mind always the standard, most miles per dollar.

DANIELS BLAMES REPUBLICANS FOR COTTON LOSS

Secretary Daniels of the navy continues to remind the republicans that they would not have had a majority in the senate if they hadn't bought it, and other speakers show how the republicans are responsible for the low price of cotton because they de-

feated the League covenant and the peace treaty and have prevented reopening of trade relations with Germany. It is said that German spinners have always spun our low grade cotton, but now they can't get it, hence our people can't find a market for it.

If the Volstead act is so modified that light wines and beer can be sold, it will not be very long until every cold drink stand and bottle joint will be an open saloon for the sale of these two drinks.—Roscoe Times.

Fighting Honest Battle.

To the Democrats of the South:
The success of the democratic ticket in the November election will depend largely on the amount of money subscribed by Southern democrats to the National campaign fund.

Let me appeal to every democrat in the South to make a contribution to this fund, which will be used in the words of Gov. James M. Cox "To fight an honest battle."

All moneys contributed will be used for legitimate purposes in presenting democratic policies to the voters in doubtful states.

The South owes its industrial and economical freedom to the Federal Reserve bank. In the event of republican success every effort will no doubt be made to wreck the efficiency of this great institution.

Let me appeal just as strongly as possible to every man and every woman in the democratic party in the Southern states to get actively behind the movement to collect funds for the fight.

JOE SPARKS,

Assistant Treasurer, Democratic National Committee. Persons desiring to contribute to the Democratic Campaign Fund may hand the amount to Judge M. E. Rosser or the Snyder Signal.

ROAD BUILDING

FAVOR THROUGH MAIN ROADS

Motortrucks Expected to Play Prominent Part in Transportation Facilities.

England is now debating roads for motor transportation, for, although she is amply equipped with railroads, it is believed that hereafter motortrucks will play a prominent part in the business of the country. Systems of special highways are being mapped out, and the plans proposed include an apparently excellent feature. To avoid the delays and congestion incident on traversing towns, it is suggested that the main road be located beyond the borders of the town, and this would certainly expedite traffic, as it would not be necessary for every vehicle using the route to painfully thread its way through every village on the way. Of course this would not appeal to the local tradesman who hopes to catch an occasional penny from the passing cars, nor to the local magistrate who inflates his own income, and the funds of his town, by his interpretation of the law; but this is a matter of national interest and not to be restricted by petty local considerations.—Scientific American.

IMPROVING KING ROAD DRAG

Found Too Weak for Work in Pennsylvania and Strengthened by Wrought Iron Strips.

The old form of King road drag was merely two sides of a split log, fastened so that the sharp sides of the split surface faced forward, the straight surface extending vertically; the two parts were spaced about two feet apart and connected by struts to hold them parallel; the outfit was dragged by a chain, fastened to the front half-log, and the angle at which the contrivance was dragged over the surface was controlled by the manner in which the team was hitched to the chain, the chain itself being fastened permanently at both ends to two staples in the front log, which altered the angle at which the team was hitched, writes L. Ruppel of Pennsylvania in Rural New Yorker.

"We found the original form too

weak for our road work here, so we devised certain improvements, which are

Improved Form of Road Drag.

shown in the sketch, the most important of which was that we shod the front log with a strip two inches wide, one-half inch thick, of wrought iron, said strip being placed at the lower edge with the two-inch width extending vertically along the front log."

SAVE PERISHABLE PRODUCTS

Rural Motor Transportation Affords Opportunity to Get Crops to Market Quickly.

With the advent and development of rural motor transportation comes direct encouragement to raise better and bigger crops because of the better and broader market thus afforded. In the production of marketable produce there comes an opportunity for the saving of perishable products by quick deliveries, and for higher prices because of the excellent condition in which these commodities can be delivered.

PROPER CARE FOR ROADSIDE

Means Substantial Addition to Value of Adjoining Property and Aids Appearance.

Proper attention to the roadside means a definite increase in the pleasure of traveling over it, a positive preservation of the road itself and a substantial addition to the value of adjoining property. No matter how smooth and well constructed the traveled road may be, if the roadside is not properly cared for, the highway as a whole will not give a good impression. Macadam or gravel roads particularly need the protecting shade of trees.

Add to Social Advantages.

Good roads add to social advantages. They strengthen the country church, tend toward better living, bring a good class of people into a community, and help to hold a bigger share of the best boys and girls on the farm.

Cost of Good Road.

It has been found that it costs about \$2,500 a mile to build a really first-class road, but when it is properly constructed it is as permanent as a railway.

A Great Stride in Civic Improvement.

The public square has been graded and well graveled and the people feel a thrill of pride when they look out over the smooth surface and vehicles and cars move along without bumps and jolts.

It is a wonderful improvement and the court square is an object of county pride.

The crossings are all in tip-top shape and pedestrians are out of the mud.

Cars are expected now to park along the court yard curb, and there is no congestion of traffic.

The large gravel is expected to gradually be beaten down so that motoring will be still more pleasant.

It is being suggested that a good coating of oil will help the situation and prevent blowing out. A good layer of asphalt would now complete the job.

Mayor Fuller, the city council, the commissioners' court, the engineer, the contractors and the streetbuilders have done well and have given Snyder the beginning of a new era in civic progress.

The Chatanqua is Proving the Best Yet.

Wellington Leader.

Wednesday afternoon the opening number of the Chatanqua Forum was given which was excellent. That night Dr. E. C. Mobley of Amarillo lectured on "America at the Cross Roads." Dr. Mobley spoke of conditions which he was familiar with at first hand and his audience voted it the best and most to the point of any that was ever given in Wellington on any occasion. In speaking of the conditions existing in America today he said that the only remedy he knew of that would offset the conditions was applied practical Christianity.

Two good numbers are to be given today and the greatest number of the course will be this Friday night. A play, "The Elixir of Youth," which is said to be equal to the plays of the cities.

Public School Notes.

The senior class has an enrollment of thirty-two. This is the only high class that is not divided. The first year high school class has about seventy members, and the second and third year classes each have about fifty members each.

The first year algebra classes have over seventy-five pupils. This made too many for two classes, and a third class was formed Monday to be instructed by the superintendent.

There are, in all, thirty-five high school classes, and most of these classes are too large to be given the best personal attention. More room and another teacher would not be out of place.

The enrollment in the north ward has surpassed expectations. Its enrollment is over one hundred and sixty. This is a few in excess of the enrollment in the Colonial Hill school. A fourth teacher has therefore been added to the north ward.

The high school teachers are making a faithful attempt to bring about a working atmosphere in all classes. Enough work in the lesson assignments is required to render some home work necessary for each high school student. If any student in the high school be without some work in the preparation of his daily lessons, something is wrong, and the matter should be immediately remedied. Only exceptional students can make a good record without some attention to their studies in their homes.

Every effort is being made to meet the shortage in free text books. The attendance has increased nearly fifty per cent over the past year. This accounts for the free text book shortage. Some borrowing of books from other schools in Scurry county has been resorted to to remedy the condition. Requisitions on the state department of education are having slow responses.

Two brand new Bosch & Lomb microscopes were received this week. These instruments will be of great service in the science laboratory.

A class in biology has been created to help meet the overcrowded condition in the science classes.

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires front and rear. A real family car. Won't you come in and look at it? The delights of the electric car with the economy of the Ford.

All Voters May Qualify.
The legislature was confronted by an emergency in the matter of arranging for Texas women to vote and when that body came together recently there were various plans suggested and they brought out of the mass a bill that must surely appear fair, if it will stand a test.

The measure puts all voters on an equal footing. Men, as well as women, who failed to pay poll tax before February may now pay the \$1.75 before October 22 and be qualified to vote in the November election.

Mr. and Mrs. P. E. Davenport have returned from San Antonio. Mrs. Davenport is very much improved in health.

DATE OF ANNUAL STATE FAIR OCT. 9

Dallas, Texas.—Within a short time now gates will swing open at Dallas for the thirty-fourth annual exposition of the State Fair of Texas.

Dates of the great state exposition this year are October 9 to 24, showing that sixteen red letter days for Texas are promised on the calendar of October. As usual the great state fair of Texas, coming in October, marks the imprint of its calendar existence on Texas history, and officials of the big show have left no stone unturned this year to make the exposition bigger and more extensive in its scope than ever before.

An elaborate program of amusement has been provided including a great musical extravaganza known as De

Recat's "Smiles of 1920." This will be given each afternoon and evening in the state fair coliseum. In addition there will be Barnes All-Star Hippodrome of twenty acts before the grand stand each day. Automobile races have been provided for three days of the exposition. "The Siege of the Dardanelles" a replica in pyrotechnic display of one of the greatest battles of the world war is to furnish the night's entertainment before the grandstand. A multitude of musicians, comprising some of the best bands of the United States will be there, to say nothing of the Estado Mayor Band of 117 pieces which is sent to the state fair this year by the Mexican government. The Mexican National Exhibit is the premier feature of this year's exposition.

MEXICAN EXHIBIT PULLS INTO TEXAS

Dallas, Texas.—The great Mexican National Exhibit of ten cars, routed direct into Texas from Mexico City, has arrived at the state fair grounds in this city and is now being unloaded in preparation for the million and a half visitors to this year's exposition.

Dates of the State Fair of Texas this year are October 9 to 24.

Specially constructed show cases have arrived at the fair grounds in which to house the big exhibit and a rush of work, directed by a special mission from Mexico City, sent here by the Mexican government, is now under way to have everything in readiness for opening day, October 9.

General J. B. Trevino, of the department of commerce, industry and labor of Mexico will arrive later in company with provisional president de la Huerta and President Elect Obregon, according to the latest advices.

Among the exhibits which make up this remarkable display, according to advance information, is 250 works of art by celebrated Mexican artists.

STATE FAIR WILL OPEN MEXICAN TRADE

Dallas, Texas.—The Mexican National government is bending every effort to promote friendly trade relations with the United States. Addressing a recent meeting of wholesalers on Dallas, Consul Roberto Garcia declared.

"My country will have the greatest and most complete array of exhibits this year at the State Fair of Texas to be held in your city October 9 to 24, that has ever been exhibited abroad. In addition to the big delegation which will accompany this exhibition, large excursions are now being prepared to bring to Dallas the most prominent business men of Mexico.

"I repeat, gentlemen, here is your chance. Advertise your markets, show them what you have to offer, and I confidently assure you that your relations with my country may be made permanent and mutually beneficial."

Consul Garcia's office is in Dallas, Texas.

DALLAS TO ENTERTAIN ALL CHILDREN AT FAIR

Dallas, Texas.—Mayor Frank Wozencraft, through the courtesy of the State Fair of Texas management, has arranged to admit every school child and every school teacher of Texas free of charge to the exposition grounds on Friday, October 15, according to an announcement here today. The committee named by the mayor to prepare for this rush of young America to Dallas anticipate more than 100,000 teachers and children will be visitors and guests of Dallas on that occasion.

They will not only be admitted free of charge to the fair grounds on that day, but also to the grand stand event that afternoon and to the Coliseum attractions of that afternoon.

Collins-Edmonson.

Carlsbad Current.
The marriage of Miss Pearl Edmonson and William P. Collins, both well known and popular young people of Carlsbad, took place Wednesday afternoon in the parlors of Hotel Gilder at Roswell, Rev. Allison, of the Methodist church of that city officiating, and Mr. and Mrs. Henry Collins and the bride's sister, Mrs. Ben Barnett, of this city, witnessing the ceremony.

Seldom has a wedding occurred of Carlsbad young people which has created such interest among all classes of society as has the marriage of this popular young couple.

Mr. Collins has grown up among us and by his industry and his kindness and care of his widowed mother and the younger members of her family, has earned the respect and esteem of all our people, and we are glad that he has taken this important step in a young man's life.

The little bride, who came here over a year ago from Snyder, Texas, is a beautiful brunette, and has been until a few days ago a valued employe at the central telephone exchange where she made many friends by her strict attention to business and her unflinching courtesy to all patrons of the company.

The young folks will return soon from a short stay in Roswell and will go to housekeeping in this city and will receive the best wishes and congratulations of many friends made by their sterling worth, the Current joining the list.

The bride is a sister of Mrs. Fred Grayum and Mrs. Joe Stinson of Snyder.

C. I. Cary, business representative of Brunk's Comedians was in town yesterday and contracted for Brunk's Big Tent Theatre to appear here for the one week commencing Monday October 18. Everyone in Snyder remembers Harley Sadler the comedian with the show and also remembers it is the best company that has appeared here this season. The company still remains intact with a few valuable additions in the way of high class vaudeville acts, carries its full quota of thirty people. Band and orchestra and will present all new plays opening with a rural comedy drama entitled "By order of the Court." The tent will be located on the marble yard lot and the same old popular non-profiteering prices will prevail.

The Situation, as it Now Is, With the Downward Price of Cotton

On account of the downward price of cotton, which places the farmers in a bad shape to meet the prevailing prices of merchandise, We feel that it is our duty, as well as all good merchants to assist the farmer to meet these present prices, by bearing our share of the loss that has come on the farmer today, by this downward tendency of the cotton market. Our Staple cotton goods must be reduced to meet the situation, while we have not had the opportunity of getting reduced prices on our Staple cotton goods, still we are willing to bear our share of the loss, as much as we can.

THRIFT

The principle of "Thrift" needs no defense. It is as wise as its benefits have proven the necessity. Successful men of all ages have very strongly advocated its practice. The nation whose people substitute extravagance for economical wisdom soon begin to decay and finally crumble to their dissolution.

This bank encourages "Thrift" believing it is essential to the future welfare of our city, state and nation. Let's make this a Thrifty Community.

WHAT you lose thru baking failure must be added to baking costs—it has to be paid for.

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way—it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder—has kept it the favorite of millions of housewives for more than thirty years.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Sunshine Cake Recipe
1 1/2 cups of butter, 1 1/2 cups granulated sugar, 2 1/2 cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 9 eggs. Then mix in the regular way.

Fatal Gambler Drive.

Wichita Falls, Oct. 1.—In a raid conducted on an alleged gambling house at Kemp City, northwest of here, in the Kemp-Munger-Allen oil field, last night, William S. Toney and Marvin W. Caples were killed, and Tom Grubb, an oil field worker, was seriously injured. The three men were assisting Constables Belcher and Spiller in raiding the place under instructions from the county attorney's office.

After the two men had been killed the two officers and Joe Armstrong, also a civilian, continued the battle until help arrived and succeeded in corralling forty-seven men, all of whom were brought to this city early this morning and are being held for examination. In searching the men ten pistols were secured by the officers.

Toney, who has recently been engaged in the automobile business, and who with Caples had volunteered to go with and assist the officers, served overseas in the air service of the army. Caples is a local real estate dealer.

The raiding party entered the place about 9:30 Thursday night and immediately their presence became known the shooting began. Six shots were fired and the two men fell mortally wounded. Evidence submitted was to the effect that the shots were fired by a man sitting at a table, who later made his escape through a screen, and was the only one of the party in the building who was not captured by the officers.

Following the shooting, the bodies were removed to a drug store nearby and automobiles ordered for their removal to Wichita Falls. During the excitement incident to the preparation to load the men in cars, it is said that an attempt was made to burn the building. All the men arrested are now in the county jail and an investigation is being conducted by county officials.

Wife Slayer Given 35-Year Sentence.

Hillsboro, Texas, Oct. 1.—The jury in the case of W. M. Gilmore, who was charged with killing his wife at Mertens on Aug. 18, brought in a verdict of guilty last night, after being out one hour and assessed the punishment at thirty-five years in the penitentiary.

Gilmore's past good reputation and his temporary periods of insanity when a youth offered in support of a plea of insanity at the time of the murder helped mitigate the sentence.

Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

EVANT, TEXAS.—"I have used Doctor Pierce's Favorite Prescription. I was run-down and suffered from functional disturbances but 'Favorite Prescription' regulated me. I was so nervous I was miserable and could not sleep at night when I began to use the 'Prescription.' I had not taken a whole bottle until I could sleep well and got as stout as I ever was. I keep a bottle of 'Prescription' on hand and when I work and get tired I take a dose and it strengthens my nerves."—Mrs. GEORGIA DENKIS BERRY

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least

doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose trouble was soon righted with a few All druggists. J. 69

MATTHEWS—THE QUALITY SHOP, SNYDER, TEXAS

Joe Merritt Wants Show With Pep To the Signal:

I noticed in your editorial columns a little squib stating that Emmett Banks, Ollie Morrow and myself were planning a big poultry show for Scurry county. Now, I wish to state that it would take more chickens and more than all of our time than we all possess to make up a poultry show. We would all three be glad to contribute a part of our time and money to the cause if we could meet with any encouragement, but it takes a little of some one's time and so many would love to enter stuff if the other fellow will put up the kale for premiums. We got out last spring and spent about three days begging and talking it up and had a nice little show in the face of a bad sandstorm, and I will state that we have forty dollars left over, now in the bank, to start us if we could get any encouragement. I got in my jitney last week and ran up to Plainview where they pulled off a real county fair with all kinds of stock, farm products, poultry, implements and machinery—oh, man, from a go-devil up. It makes a fellow feel like he would love to live in that country. I brought back a sample of the first prize bushel of wheat that drew the \$200 prize. Now if you think I am winding, ask Jim Foady or phone up there. Some interest must be manifested in order to have a show.

Respectfully yours,
In favor of the show,
J. A. MERRITT.

To W. M. Cery, County Clerk, as chairman of the Democratic Executive of Scurry Co., Texas.

I hereby certify the nomination of the following persons for the respective offices of Scurry County, Texas, July 24, 1920:

Married in Vern

Vernon Record.
Miss Mary Garvin, daughter of Rev. and Mrs. W. P. Garvin, and Robert C. Pace, of Iowa Park were united in marriage yesterday at high noon at the home of the bride's parents on West Willbarger street. Only immediate relatives and a few friends witnessed the ceremony, which was beautiful in its simplicity.

Guests at the wedding were: Mr. and Mrs. G. W. Backus, Mr. and Mrs. Frank Murchison, Mr. and Mrs. A. M. Works, Rev. and Mrs. E. R. Barcus, Mrs. T. M. Ferguson, Dr. M. J. Moore, Henry Coleman, Miss Erma Coleman, Miss Thelma Sherrill, Mrs. R. B. Sherrill, Misses Bennie and Ina Works, and Tom and Cape Pace of Iowa Park.

Mrs. E. R. Barcus sang "O Promise Me" as pre-nuptial, and was accompanied at the piano by Miss Thelma Sherrill. Miss Sherrill then played "The Flower Song" as the bridal couple descended the stairs to the living room and took their places at an improvised altar of ferns and palms.

The double ring ceremony was used. Rev. E. R. Barcus officiating, assisted by Rev. W. P. Garvin, father of the bride.

The bride was charming in a suit of navy tricotine with accessories to match. She carried an arm bouquet of bride's roses.

Mrs. Pace is the daughter of Rev. and Mrs. W. P. Garvin, and though she has lived in Vern only a short time, she is loved by all who know her. Mr. Pace has ranch interests south of Iowa Park, and it is there the couple will make their home.

Luncheon was served the guests, after which Mr. and Mrs. Pace left for a short stay in Dallas.

Dodge Bros. Policy Unchanged.

Official confirmation of press dispatches from Detroit, announcing that there would be no reduction in the price of Dodge Brothers Motor Cars, has been received by Guy E. Paxton, the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Paxton. "In fact, it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."

Nobody thinks anything now of going away on a trip

THE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the road is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or U. S. Co.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—U.S. CO.—PLAIN

More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the cost of motoring has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to keep it there. If it weren't for the trade of the man with the medium priced car there wouldn't be

much in this tire business for us.

III

The less a man has to spend on motoring, the more important it is that his tires should be of first quality.

Any tire is not good enough for the small car owner. He wants a tire that will give him just as much for his money in the small size as the big car man gets for his money in the large size.

IV

In thinking over what kind of tires we would represent in this community we tried to put ourselves in the place of the car owner. And we believe we hit it exactly when we selected U. S. Tires.

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Baptist Ladies Aid
The usual monthly business meeting of the Ladies Aid society was held Monday afternoon, with a good attendance. "I am Thine, O Lord" was sung by Mrs. M. E. Rosser led in prayer. Mrs. Rogers, leader of the devotional service, read a sweet psalm, after which the minutes were read and approved. The treasurer made her monthly report which was very good. Mrs. Ross is leader of the Sunbeams, offered her resignation, which was accepted. A nominating committee made a report which was adopted, and the following officers were elected: president, Mrs. Gross; vice president, Mrs. Casstevens; secretary, Mrs. Glish; assistant secretary, Mrs. Brown; treasurer, Mrs. Adamson; instant treasurer, Mrs. Grayum; president, Mrs. Sims; parliamentarian, Mrs. Strayhorn. It was moved and carried that the society give a Bible to Father and Mother Meador, whose house was recently burned, and Mesdames Gray and Gross were appointed to purchase and present the same. A meeting of all the circles was held for the fourth Monday at church for a parliamentary drill. Any one holding any indebtedness to Dr. C. R. Bullock will please itemize account with F. T. MIRACLE MOTOR-GAS ON SALE HERE, SOLVES GASOLINE PROBLEM.

With the present cost of gasoline making serious inroads on the average motorist's pocketbook, the field for a good gasoline saver is almost unlimited, and motorists have been looking around to find some harmless chemical that will cut down their fuel bills, give their motor more power and insure smooth running by cleaning the cylinders of carbon.

Miracle Motor-Gas, sold in this community by F. W. Wolcott, located at Snyder, Texas, has solved the problem.

Mr. Wolcott states that the chemical constitution of Miracle Motor-Gas is absolutely harmless, and this assertion is backed by the experiments of well-known chemists and auto experts. They offer in Miracle Motor-Gas an auxiliary product that will replace what the low gravity gasoline of 62 degrees lacks to give the satisfactory results that we got from the seventy six degree gasoline sold years ago—before motoring became so general and the price of fuel advanced. It contains properties which act upon the molecular construction of the fuel, producing complete combustion—making every drop produce power—utilizing that heavy, inert oil that all low gravity gasoline contains, converting it into power or driving it out through the exhaust pipes, leaving no carbon to accumulate.

Tests on various makes of cars in every section of the country have shown remarkable results from the use of Miracle Motor-Gas, the mileage on cars per gallon increasing as high as 50 per cent, while the action of Miracle Motor-Gas prevented carbon from forming on the cylinders. Cars under experiment showing easier hill climbing ability faster ignition and greater all-round power.

Gentry Brothers Famous Shows and Wild Animal Arena which will exhibit in Snyder on Monday, October 18, are presenting a patriotic spectacle as the opening number of this year's performance. Nearly 100 of the ponies take part in the picture which represents the allied nations. At a command from the trainer they march in different directions, each they represent and the entire moving one bedecked with flags of the nation panorama of horses forms one of the most stirring events in the program. This spectacle is the result of the trainers efforts of the past year and is pronounced the biggest and best animal display ever seen. Many acts and features have been added to Gentry Brothers Shows this year including a complete wild animal arena.

Gentry Brothers Trained Animal Shows will exhibit in Snyder on Monday, October 18. This will be the 32nd annual tour of this popular firm and many improvements have been made in their already excellent show. An entire wild animal arena has been added since its last appearance in this city and a stirring new patriotic spectacle will also be seen here for the first time. The Gentry Brothers program has always given the best of satisfaction in this city. In fact, it would be almost impossible to devise a cleaner, more pleasing and interesting exhibit than the one given under the Gentry Trade Mark. The street parade this year is said to surpass all former efforts and to be larger and better than previous years.

William Hughes & Co. of New York are erecting a large warehouse in Fort Worth to handle cotton linters. This encourages the hope that the low grade cotton may yet be marketable stuff. It used to be good. The spinners have always taken it at fair relative prices until now. They say they cannot use it with the matter.

The Fort Worth Record tells about a couple who saved pennies enough to pay for a marriage license and they came in the other day and invested them in that way. Scurry county has a young man who paid for his license a few months ago with buffalo nickles saved up for that purpose.

SPOT CASH ON DELIVERY

Beginning Monday, October 18th we will sell for cash only upon delivery. Except for any special terms that may be made on implemcnts and furniture.

No tickets or charges will be made after the above date.

Our business has increased to such an extent and our margin of profits so greatly reduced by the present cut in prices and to meet this condition and give you full value for your money we must eliminate the necessary expenses and losses which must accompany a credit business, that it will be to our mutual interest to adopt the "spot cash plan." Now that the fall season is on and cotton moving freely, we feel that our ruling will not inconvenience anyone and all will appreciate the fact the result will be to our mutual interest. We solicit your continued patronage.
