THIRTY-FIFTH YEAR

SNYDER, SCURRY COUNTY, TEXAS, FRIDAY, OCTOBER 7, 1921.

NUMBER SEVENTEEN.

DIVERSIFICATION MEANS PROSPERITY, SAYS SCURRY CO. C. C.

PARENT-TEACHER ASSOCIATION'S MEMBERSHIP CAMPAIGN NOW ON

The Snyder Parent Teacher Association will put on a membership campaign beginning Monday, Oct. 10 and lasting two weeks.

Each school child is to be given a membership card and its object fully explained.

The card is carried home by the child and given to parents or guardian who sign and enclose fee for membership, which is returned to the school. Each teacher will keep a careful record of all money received in her room, and number of homes responding. Two prizes will be awarded by the Parent-Teacher Association, one at Central and one at High, to the room having the greatest number of credits at the end of the campaign. Where there are several children by the parents, several cards will be received by the parents, but this does not mean that parents are expected to pay membership fees several times, we simply want each child to have a chance at getting a member for the Association. When both parents became members, each

child in that family is given two credits; if only one parent joins only one credit is given each child. For each member received other than parents or guardian, only the child securing the membership is given a credit. Mothers, fathers, big brothers, big sisters, relatives, friends, anybody interested in school and children are eligible.

The importance of Parent-Teacher Association cannot be over estimated.

Through this medium the home and the school are brought into close relationship; the parents and teachers reach a basis of mutually helpful understanding; the children progress more rapidly and develop into better citizens; the schools reach a higher plane of efficiency, and the manifold problems confronting school government and progress are more easily solved. The more parents, both fathers and mothers, and the more teachers crowded as active members the more efficient and success will be the association.

Extension of Santa Fe Necessary Soon

That the Santa Fe Railroad has been for some time planning big things for Slaton in the near future is evident from the facts collected.

The unprecedented growth of the Plains region and of all West Texas, makes a line from El Paso to Fort Worth inevitable. In fact, notwithstanding the secrecy practiced by the higher-up officials, it is evident that such plans are receiving serious consideration.

The new road will in all probability run from El Paso through Carlsbad, N. M., crossing the Eastern Railway of New Mexico, thence to Seminole, Texas thence to Lamesa, from which point the road is already constructed to Slaton, thence through Post, Clairemont, Aspermont, Haskel, Throckmorton, Graham, and on to Fort Worth.

A study of the map shows the wisdom of such a route. A large territory practically without railroads, will be served by this route. South of the proposed route is the Texas & Pacific. North of the route is the Ft. Worth & Denver City Railway lines. At present the road through Slaton, the Panhandle & Santa Fe, is only a feeder for these trunk lines which it crosses. By building a midway line, the Santa Fe system would control the heavy traffic, both passenger and freight, from eastern New Mexico and the plains region of Texas to Ft. Worth, which is the central live stock marketing point for West Texas and eastern New Mexico.

That this road will go through Slaton, no one at all familiar with the

facts attempt to deny. At Slaton the Santa Fe already has vast investments, having located here its general offices, round house, large machine and car repair shops, Santa Fe Reading Room and Harvey Eating House and some 22 miles trackage, besides numerous other railway facilities to handle increased business. In fact, it is known that the Slaton budget presented to the Chicago officials less than a year ago included a general office building for Slaton to cost in the neighborhood of \$85,000.00, a doubling of capacity of the present round house, machine shops and other facilities, and large additions to the Reading Room and Harvey House. These plans mean just one thing, that is, that the Santa Fe has been planning for some time to construct the proposed road, and no doubt had it not been for the financial depression following the war the road would now be well under way.

It is understood that extensive surveys have been run over the proposed route. That surveys from Slaton to Fort Worth show that by following the main line to about Post City, or a little below, and then branching east a million dollars would be saved in construction. There must be a division point for the new road in this vicinity, and it is folly to believe that the Santa Fe would think of establishing another division point with in a few miles of the one already established at Slaton. It is expected that the next few months will show a definite move toward establishing the new road. Slaton Slatonite.

ers. C. E. Schaff of St. Louis is receiver. The road has been under his direction several years.

Receiver's certificates to the amount of \$5,000,000, with which it was planned to make extensive improvements over the Katy lines in Texas, probably will be held up until the question of reorganizing the road is settled. Application for the certificates was made about five months ago.

Operating reports for the first six months of 1921 showed a saving of approximately \$6,000,000 over the cost of the same period in 1920, while both freight and passenger reports for the same period were favorable. Cost of operation has been more favorable to the road during the last six months.

C. H. Whitehead, vice president and assistant to the receiver of the Katy, was in Dallas yesterday after an inspection of the flood areas near San Antonio with C. E. Schaff, receiver; H. E. McGee, general manager, and W. M. Whitton, assistant

The greatest revival in industry that Scurry county has ever experienced is under way, from a condition of absolute dependence a few months ago we are today in a condition hardly dreamed of. Providence has smiled upon Scurry county and it's people and brought fortune to those who had contemplated but misfortune. It is to be hoped that when all of our crops are garnered and the store is set aside for men's betterment that we will not fail at the Thanksgiving season to remember liberally those among us who have not been so fortunate; to look about us and be liberal in our community welfare, in our churches and in our schools that we can truly say we are not living for ourselves alone.

About one-fourth of the county has not been so fortunate; a shortage of rainfall in the Fluvanna section reduced the yield considerably, but these good people have lost no time and that who's country is one great wheat field, much of which is up to a good stand. Our sincerest wishes for them is that they reap many more times than they have sown. The Ira section has been rather unfortunate in the matter of their gin but prospects are that they will be in operation shortly.

On account of the local situation we may look forward to unusual activity on the part of solicitors, peddlers, grafters of all kinds being foisted upon the community and our people are warned to use more than the ordinary discretion in these matters. However it goes without saying that reckless expenditures will be avoided.

It is freely predicted among our bankers and business men that our producers will have more money felt after debts and expenses are paid than ever before. That they will take care of their surplus goes without saying—there will be no reckless expenditures this year, but an immense investment in better dairy cattle, hogs and poultry. A large number of farmers are preparing to handle a few head of sheep as the wool market is showing marked strength.

The secret of the outcome of this year's production is that the major part of the producers have lived at home and have paid their current expenses from the income derived from poultry, eggs, cream and other daily returns from the farm. Instead of waiting 12 months for the cotton crop to pay them out they have kept abreast with their expense accounts in cash and this year's balance sheet will show but very few new obligations incurred. In other words business has gone onto practically a cash basis and the future outlook is bright to continue in this manner. We have commenced to adopt a plan of living that for years has made the farmer of Kansas, of Iowa, of Illinois and other states the most prosper-

ous of the nation; a plan that has enabled them to build better homes and schools and withall to develop their sections to the highest degree.

The Chamber of Commerce is extremely anxious to see this plan further developed and to see every farmer whether land owner or tenant increase his hogs, poultry and cattle and to depend on revenue from sources of this kind for running expenses rather than the crops to be raised. With such a system to ensure against calamity the cotton and grain crops will represent a surplus and will not have been spent before marketing.

There is no more favored area for the development of livestock and every effort is going to be made to increase the output. Surplus funds cannot be invested to better advantage and will make the highest and quickest return of any farm produce.

100 selected laying hens of standard breed are worth	\$100.00
4 good brood sows are worth	\$100.00
3 good dairy cows and producing 350 lbs butter fat	\$450.00
Making a total investment	\$650.00
100 hens will produce 12,000 eggs valued at an average of 20c per dozen or	\$200.00

Also 500 chickens from friers on up at not less than 20c average or	\$100.00
4 good gilts will raise 32 pigs in one year, 16 of which should weigh not less than 2400 pounds and be worth at 6c per pound	\$144.00
The other 16 pigs should be worth \$5 each	\$80.00
1050 pounds of butter fat at an average of 25c per pound	\$212.50
Two calves, one heifer and one bull valued at	\$50.00
Or a total of	\$786.50

With your original investment worth more than \$650.00. Our figures are so very conservative that many men would double this return of \$786.50. There is hardly a quarter section farm in Scurry county that is not capable of handling twice the number of chickens, hoes and cows, enumerated. Can you beat it? If our people will adopt these items as their investment drought will never again cause the havoc they have in the past.

Let each producer "plant" the above crop for the coming year in addition to his regular crop and we feel certain that Scurry county will within a year rank among the most prosperous of sections. It is the intention of this organization to try and interest every farmer whether land owner or tenant in this program and to ask that every effort be used in making this program a complete success.

Scurry County Chamber of Com.

FIRST NATIONAL INSTALLS NEW BURROUGHS

If we were suddenly dropped back 25 or 30 years ago when we had to shut ourselves up and add up a great long string of figures, in our head as we call it, we would collapse and declare that we couldn't do it. And we couldn't now.

It is wonderful how inventions have been perfected as necessity demands. Many, many things have been invented during the last half century that have made for the development of civilization and added materially to the financial growth of the country.

The adding machine is a wonderful contrivance. First we had the can that merely added your figures if you kept a constant eye on the manipulations. Then the Burroughs that added your figures, gave you the result and listed them. Then came one that adds

chief operating officers. Tracks were found in excellent shape. Mr. Whitehead left last night for Wichita Falls before returning to St. Louis. Mr. Schaff and Mr. McGee, are in San Antonio and will return in the next few days.—Dallas News.

subtracts, divides, lists all your checks, puts in the last deposit and then gives you a grand total. This is the kind that the First National Bank has installed. We saw the thing at work. Miss Isaacs tried to explain to us its working and the simplicity of its mechanism but our heads were too thick and could not comprehend. Anyway it's very convenient, and a great time saver. This progressive institution is keeping pace with the times.

Messrs Curnutte, Leftwich, Waterman and Miss Isaacs are very busy folks these days and this machine will help materially in relieving the situation.

ALTRURIAN CLUB CELEBRATES WITH THEIR ANNUAL RECEPTION

The Altrurian Club held their annual reception at the home of Mrs. H. G. Towle, Wednesday afternoon from 3:30 to 5:30.

Cut flowers and ferns were used profusely in decorating the entire house, which was softly lighted by many candles.

The guests were met by Mrs. Towle, hostess, and Mrs. Waston, and were then ushered up stairs, where Mesdames Strayhorn and Smith escorted them to the punch room, Misses Francis Harris and Lois Curnutte, daintily served them with punch.

Mrs. McCormick furnished Victrola music for the afternoon.

Mesdames Bell and English then invited each one to register after which Mrs. Stinson ushered them to the parlor where delightful music was rendered by some of Snyder's most talented musicians.

The dining room was indeed a most inviting place, chicken salad with wafers and coffee were served to over one hundred guests.

The Club members scattered throughout the house were assisted in entertaining by the following young ladies: Misses Curnutte, Whitmore, Johnston, Strayhorn, Clark and Harris.

Reporter.

Cradle Roll Day at the Baptist Church

Oct. 2, 1921, will be a day long to be remembered by those who attend the Cradle Roll exercises at the Baptist Church conducted by Mrs. Roland Bell.

Everything was done in decency and in order. Those little tots certainly acquit themselves so as to reflect credit upon their parents, teachers and superintendent. Their little songs and readings were such as to indicate the very highest standard of intellectual training for a child.

The program was so arranged as to touch the sense of wit and humor and then to turn to play with the cord of pathos and sympathy.

When Mrs. Bell called for volunteers to spend one evening in the year to assist her in her work and so many rose to their feet, and then with such pathos she tried to express her appreciation, but she only said, "There is something in my throat that I can't hardly swallow." That was enough. It touched a vibrating chord that, some how, filled almost every throat in that house.

At the Southern Baptist convention which was held in the city of Washington, D. C., there were only five Sunday schools out of all the Sunday schools in the 18 states that constitute the Southern Baptist Convention that had the honor of meeting all the requirements to hold the standard of Excellence and Snyder, Texas, with Mrs. Bell as superintendent was one of the five. Since that time others have been stimulated to

get up and do something and there is now seven in Texas, and Snyder is still one of that number and will be the next time you hear from us.

Now to thee, sweet babe: Thou has made a home more happy, than it was. Thou has made a father's heart more tender than it was. Thou has made a mother's affections deeper than they were. Angels covet that sweet smile that plays upon thy lips. The roseate morn tenders to thee its homage because thou art more admired by the painter. The rose of Sharron is doubtless proud of thee. The Californian peach kissed by many zephyrs wafted over many flower gardens blushes to compare with the crimson that mantles thy cheek. The shining, pearly, glittering dew drops reflecting ten thousand prismatic rays rivals in sparkling splendor the tear that falls from thine eye.

When I think of the wonderful possibilities that are wrapped up in that Cradle Roll and that if those energies are always directed toward the Sunday school and brought in conformity with the teachings of the great Divine Teacher, what a blessing you may be to the world in which you will tabernacle for a few fleeting years.

Now rather than for tears to again dim my eyes and a lump to come into my throat I will leap from the sublime to the ridiculous and say: "I love, you, you little wriggling, twisting, crawling, cooing, craving, crackler Jack."

Uncle Charlie.

LEGISLATIVE MANUAL CAN BE OBTAINED FREE

In compliance with a resolution introduced by and passed through the instrumentality of Senator R. P. Dorrough of Texarkana a thousand extra copies of the "Legislative Manual" of the 1921 Texas legislature were printed for free distribution. This is probably the first time that citizens of the state, other than members of the legislature and state officials have had the opportunity of securing a copy of the "Legislative Manual," as before a very limited edition has been printed.

The extra copies were printed in response to the numerous demands for material contained in the Manual and not accessible elsewhere. This manual contains an up-to-date copy of the Constitution of Texas, and out side of certain expensive compilations of Texas Statutes the Manual is the only place where anything like an up-to-date copy of the Texas constitution can be found. This Manual also contains the Constitution of the United States; lists of members of the House and Senate, the rules of both houses, standing committees of both houses, as well as other material of interest.

A request addressed to Miss Octavia F. Rogan, Legislative Reference Librarian, State Library, Austin, enclosing postage for transportation will bring a copy of the Manual. The manual weighs, unwrapped, one

pound two ounces, making the postal charges for the first and second zone from Austin six cents; for the third zone eight cents, and for the fourth zone eleven cents for a single copy.

Teachers of history and civics may obtain several copies for class use.

O. S. WILLIAMSON WITH EDW. DEPT. AT HIGGINBOTHAM'S

Mr. O. S. Williamson of Comanche has recently accepted a position with Hardware Dept. of Higginbotham Bros. & Co. Mr. Williamson with his family have already arrived in the city and he is now with the company beginning last Monday.

Mr. Williamson is entirely familiar with the Hardware business having been engaged in that kind of business at Brownwood and at Comanche for a number of years.

Mr. and Mrs. Williamson will live in East Snyder near the central school building and we gladly welcome them in our midst.

Box Supper at Canyon.

There will be a box supper Saturday night at Canyon. The proceeds of which will go for buying an instrument for the Sunday school and church. There will be a cake given away to the prettiest girl. A short program preceding supper. Everybody is invited to be present. With pockets full of money.

SEPT. SCHOOL TAX COLLECTIONS GOOD

Miss Ida Kelley informs us that there was \$1440.25 collected in the month of September on the Snyder Independent school tax. This was a pretty good showing. Perhaps this is the only instance in which school tax was paid here in September.

Miss Ida says she will still be in a receptive mood and hopes that October will be a record breaker.

KATY RECEIVERSHIP MAY BE DISSOLVED

Plans for the reorganization of the Missouri, Kansas & Texas railway, which include the issue of new stock and possibly the assessment of common stock from \$10 to \$20 a share, are under way and may be consummated within the near future.

Excellent operating reports of the Katy may make it possible to soon end the receivership and return the road to the management of its own

The Snyder Signal
CURRY & BELL, Publishers.

REGARDING THE QUANTITY AND
QUALITY OF SCURRY CO. COTTON

To the Editor of the Signal:
We are just in receipt of the following information from the Bureau of the Census which keeps record of the cotton production of the United States. It will be noted that during the period of 1910 to 1920 inclusive which covers 11 years that Scurry county produced 146,427 bales or for the ten years from 1911 to 1920 an average of 13,250 bales per year. Last estimates on this years possible production for the county put it around 15,000 bales which shows that even with an approximate average reduction in the county of 40 per cent our crop is better than the average for the 10 year period. In addition advices received from the State Markets and Warehouse Department regarding samples sent them state that the staple is exceptionally fine and some of the Scurry county product is good thread cotton. This applies to the longer staples which are commanding a premium of 600 to 750 points. There are two principal reasons for this, one being the better quality of seed planted and another closer cultivation which have added materially to the quantity and quality of the cotton produced. Considerable Durango cotton has been planted and from all reports outside of the fact that it is a little harder to gather than the ordinary varieties the growers are of the opinion that it has stood the drought better and is producing better than the average. A report on a sample in the seed sent to the State Department grown by Joe Merritt reads as follows: "It is very difficult to say just what the Durango Seed Cotton would show after ginning. Stapling it as it is, it pulls 1 3-16ths. inches, which, no doubt would be reduced to 1 1-8th, after having passed the gin saws. This

Fifteen Texans Go Out As Baptist Missionaries To All Parts of Globe

(1) Miss Mina Garrett, Waco, teacher of science, Eliza Yates College, Shanghai, China; (2) Miss Bernice Neel, Decatur, educational work, Rio, Brazil; (3) S. S. Hawkeye State; (4) Miss Effie Evelene Baker, Bangs, educational work among girls in Japan; (5) Mrs. Vencie King, Chapman, Houston, educational work in Japan; (6) Mrs. Caroline South Taylor, Lampasas, Bahia, Brazil; (7-8) Dr. and Mrs. W. A. Hamlett, Austin, representatives of Foreign Mission Board in Near East, with headquarters at Jerusalem; (9) Francis Willard Taylor, Bangs, Bahia, Brazil; (10) Miss Marjorie Taylor, Belton, educational work, Sao Paulo, Brazil; (11) Miss Minnie Alexander, Lometa, secretarial work, Kaifeng College, Kaifeng, China; (12) Miss Lucille Reagan, Big Springs, evangelistic work in African Mission; (13) Miss Viola Humphreys, Dublin, evangelistic work, Kaifeng, China; (14) Mrs. Leta Denham Scott, Seminary Hill, evangelistic work among Hakkas, South China; (15) Miss Nora E. Hawkins, Childress, educational work, Campos, Brazil; (16) Marcus J. Scott, Seminary Hill, evangelistic work among Hakkas, South China.

is a lustrous, well matured fibre and excellent for thread purposes. All sixteenths and eighths cotton now demand premium; 1 1-16 varying from 175 to 200 points on middling, while 1 1-8 runs from 600 to 750 points on middling."

Last season as well as this year are extremely difficult criterions on which to base the possibilities of this better staple cotton, as 1920 was a wet year and this one a dry one and it will take an average year as to weather conditions to determine the possible results. There is no doubt however that our farmers will greatly increase their acreage of better cotton and seed of this kind will be in big demand. Local buyers have long asserted that big lint producing cotton of certain varieties have done much damage to our market and to get the best prices those kinds of cotton should be avoided. Good reports are also received on the seed distributed by this organization and orders are already being received for the seed that was left over for next year's planting. Good seed are going to be very scarce and early arrangements should be made.

Scurry Co. Chamber of Com.
Washington, D. C., Sept. 30, 1921.
The Scurry Co. Chamber of Com.
Office of the Secretary,
Snyder, Texas.
Gentlemen:
By reference of the Department of

Agriculture this Bureau is in receipt of your request for the cotton ginnings in Scurry county, Texas, for the past ten years. The following shows the data, in running bales counting round as half bales, for the crop of 1910 to 1920, inclusive, with the exception of the crop of 1918. During that season there were only two active ginneries in Scurry county, and in order to avoid disclosure of individual operations, the ginnings were included in "All other counties."

Year	Bales
1920	18,985
1919	19,705
1918	1,637
1916	13,132
1915	18,227
1914	29,902
1913	10,014
1912	7,795
1911	13,110
1910	7,700

Trusting that this information may be of service I am,
Very truly yours,

Will Make Eighty Bales.
J. L. Phillips out on Giles Garners place says he will make 80 bales of cotton off of 150 acres. He is getting 5 bales every day. He will average a little better than half bale per acre, he said.

I HAVE FINISHED THE WORK, WHICH THOU GAVEST ME TO DO

John 17 Chapter, 4th verse.
There is a profound satisfaction in the completion of anything we have undertaken.

We lift the capstone with exultation, while, on the other hand there is nothing more disappointing than, after having toiled in a certain direction, to find that our time is wasted and our investment profitless. Christ came to throw up a highway on which the whole world might, if it chose, mount into heaven.

And he did it.
extinguish the sublime satisfaction tempted to tread on him, could not The foul mouthed crew who at which He expressed when He said, I have finished the work which Thou gavest me to do.

Alexander the Great was wounded and the doctors could not medicate his wounds, and he seemed to be dying, and in his dream the sick man saw a plant with a peculiar flower, and he dreamed that, that plant was put upon his wound, and that immediately it was cured, and Alexander waking from his dream, told this to the physician, and the physician wandered out until he found just the kind of plant which the sick man had described, brought it to him and the wound was healed, well the human race has been hurt with the ghastly-

est of all wounds—that of sin. It was the business of Christ to bring a balm for that wound—the balm of Divine restoration. In carrying this business to a successful issue, the difficulties were stupendous.

In the first place his worldly occupation was against him, that of carpentry, a weary body is an unfavorable adjunct to a tolling mind, yet Christ, with hands hard from use of tools of trade, was called forth to become a public speaker, to preach in the face of mobs, while some wept, and some shook their fists, and some gnashed upon him with their teeth, and many wanted him out of the way.

The villagers of Nazareth heard the pounding of his hammer, but all the wide reaches of eternity were to hear the stroke of his spiritual up-building. So also his habits of dress and diet were against him.

The mighty men of Christ's time did not appear in apparel without trinkets and adornment, yet here was a man, here was a professed king, who always wore the same coat, indeed it was far from shabby, for after he had worn it a long while the gamblers thoughtit worth raffling about, but still it was far from being an imperial robe.

Neither was there any pretensions in his diet, no cupbearers with golden chalices brought him wine to drink, on the seashore he ate fish, first having broiled it himself, no one fetched him water to drink, but bending over the well in Samaria, he begged a drink. Other kings rode in a chariot, he walked, other kings slept under embroidered canopy, this one on a shelterless hill. Riding but once, as far as I now remember, on a colt and that borrowed. His poverty was against him. It requires money to build great enterprises. No wonder the wise men of Christ's time laughed at this penniless Christ. Why, they said, who is to pay for this new religion?

So the fact that he was not regularly graduated was against him. John says the Jews marveled, saying, How hath this man letters, having never learned, so also the brevity of his

life was against him, he had not come to what we call mid-life.

All this was against him, did any one ever undertake such an enterprise, amid such infinite embarrassment, and by such modes. And yet, I am here to say it ended in a complete triumph, notwithstanding all these disadvantages. He declared, I have finished the work, which thou gavest me to do.

Then Jesus snatched up the keys of death, and hung them to his girdle, and cried until all the graveyards of the earth heard him. "O, Death, I will be thy plague, O, Grave, I will be thy destruction."

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work.

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

Dolls Given Away Absolutely Free

Saturday, October 8th, at 10 a. m.

We have just received 500 Imported Character Dolls which will be given away to each little girl between two and eight years of age living in Scurry County. These are imported dolls, 13 inches high, fully jointed and a nice gift to any little girl.

There are no strings to this gift; you don't have to buy anything; you don't even have to give your name. The only condition is the little girls must come and get the dolls themselves Saturday morning, October 8th, at 10 a. m., live in Scurry County, and be between two and eight years of age.

In addition to this gift, each doll given away will have a number. Duplicate numbers will be placed in a hat at this time and Prof. Burnett, superintendent of Public Schools, will draw out one number and the little girl holding the lucky number will receive the most expensive doll in our store, value \$15.00, absolutely free. There are also no strings attached to this offer, no conditions; this doll is absolutely free. We want each little girl of these ages living in Scurry County to have a doll. THIS IS ON US, and the more little girls given a doll the better we will feel.

WORLD WAR VETERANS WILL MEET IN AMARILLO

Amarillo, Oct. 5.—Hanson Post American Legion, joined by the Legion Posts throughout the Panhandle and Plains territory, will be hosts to the World War Veterans in Amarillo, Friday, Nov. 11th.

This will be the first great all Panhandle-Plains reunion for World War veterans, who are invited without re-

gard to their affiliation with the Legion—it is for all. Special rates will be secured on all railroads entering Amarillo, and free entertainment will be furnished the men who wore the American khaki during the most terrible struggle the world has ever known.

A regular "mess dinner" will be one of the features of the day and the former-men-at-arms will have many things to remind them of that

through which they passed while making more secure world freedom and world democracy.

Floats will be in the parade representing the Army, Navy, Marines, and Aircraft subdivisions of the glorious forces representing the United States. To these will be added a French box-car, Woman's Auxiliary float, Salvation Army, Red Cross, Boy Scouts, Civil War Veterans, Daughters of the American Revolution, and other patriotic and civic organizations.

The program will be the best that is possible to devise and a general good time for all of those who offered themselves as a debarment against the overriding of righteousness by the German empire.

An all-inclusive decorative scheme will be employed and Amarillo will out do herself in demonstrating to the "boys" her love for them.

This is to be an event long to be remembered, and the friends of the soldiers are invited to be present and participate in the entertainment in their honor.

J. S. Hardy Goes to Amarillo.

Mr. and Mrs. J. S. Hardy arrived here Friday from Amarillo where they had been visiting their son, Olin F. Hardy and family.

Mr. Hardy, since selling out his interest in the Signal has been resting and for the past several months has been at Ennis visiting with his daughter, Mrs. A. D. Brown. He said the east did not suit him any more, that he was glad to get back to the West again.

They returned Monday night to Amarillo where Mr. Hardy will be connected with the Amarillo Daily Tribune.

Sons of Confederates Notice.

Memphis Tenn., Sept. 26, 1921.
Gen. A. Johnston,
Snyder, Texas.

Dear Comrade:
Your letter dated 20th, duly received and noted. The Sons dues are \$2 a year, \$1 of which goes to the Head Camp and \$1 to the home Camp to pay your necessary expenses. Send me a full list of your members and money order at \$1 each and I will get you official receipt. You of course know we will have our next Reunion at Chattanooga, Oct. 24-27. Sons and Grandsons as well as Veterans will get 1c a mile Railroad rate and now is the time to build up your camp by getting new members. If you go and appoint a Sponsorial Staff, you can appoint a Sponsor, Chaperon, Matron and 3 maids, we can make you the official Badges here, and also furnish you with certificates for all of your members including your Sponsorial Staff which presented to your local ticket agent will entitle you to the 1 cent fare. We can print you your application blanks here. Let me know how many you want and I will quote you price, also on any stationery you may want. Time is getting short so the matter will have to have attention at once.

Yours,
Geo. B. Bowling.

Crowder Senior Epworth League,
October 9, 1921.
Bridling the tongue. Pay Lemons, leader.
Song, Sentence Prayers, Song.
Scripture lesson read respectfully by Watson Adams, Amos Hataway.
Address by Della Carrell.
Prayer, Grady Biggs.
Song, Benediction.

Mrs. J. W. Hancock of Dunn was in the city Monday.

All Next Week.

Show going people will be glad to learn that Brunks Comedians will be here all next week. Why? Because it is a nice clean show, all actors are nice clean ladies and gentlemen who know the show business and who are always welcome to Snyder, and besides this Brunks have with them the best little comedian that makes West Texas, Harley Sadler, who is not only the best comedian ever but he is a clean sport and a fine young man and our people are glad they are coming for they know they will not only witness good entertainments but will have pleasant associations all next week with their favorites, Brunk's Comedians.

New Subscribers and Renewals.

W. W. Early, C. C. McDaniel, H. H. Jeffers, R. C. Huggins, T. J. Shaw, L. M. Deavors, Mrs. H. G. Mayfield, J. R. Cole, G. F. Wills, Ivey E. Biggs, Mrs. Maggie Blakely, H. L. K. Kohn, Mrs. Tandy K. Martin, W. P. Bolin, J. F. Anderson, Chas. B. Palmer, Sam C. Curry, W. M. Caruthers, Joe Wolfe, C. P. Williams, W. D. Jourdan, T. J. Manning, Mrs. Lillie Morgan, Geo. Epley, Harvey Shuler, Mrs. O. P. Trueblood.

Truck Service from Snyder to Sweetwater, day or night. When in need of a truck call, Dick Abbott, Phone 180. 17tf.

G. R. Higginbotham of Hermitage was here Monday.

Mrs. Hene Newton of Cisco came in the first of the week to visit her parents, Mr. and Mrs. N. M. Harpole.

Mrs. H. R. Sprawls of Scranton was here last week visiting her sisters, Miss Ida Kelley and Mrs. M. E. Rosser and her mother, Mrs. A. E. Kelley.

Frank Brownfield who handles the State and county tax and takes the money says that all he likes being through making out tax receipts is just finishing.

Mrs. Lex Wilmeth left Monday for New York City to spend some time visiting the home folks.

Life Insurance

Ford

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, is a family car of class and comfort, both in summer and in winter. For touring it is a most comfortable car. The large plate glass windows make it an open car when desired, while in case of rain and all inclement weather, it can be made a most delightful closed car in a few minutes. Rain-proof, dust-proof, fine upholstery, broad, roomy seats. Simple in operation. Anybody can safely drive it. While it has all the distinctive and economical merits of the Ford car in operation and maintenance. Won't you come in and look it over?

JOE STRAYHORN, Dealer,
Snyder, Texas

Look Ahead

Don't worry or grieve over the mistakes of the past. If it had been intended for you to look backward, you would have had eyes in the back of your head!

Make Good Today!
Plan Big for Tomorrow!
Forge Ahead!

The Snyder
National Bank

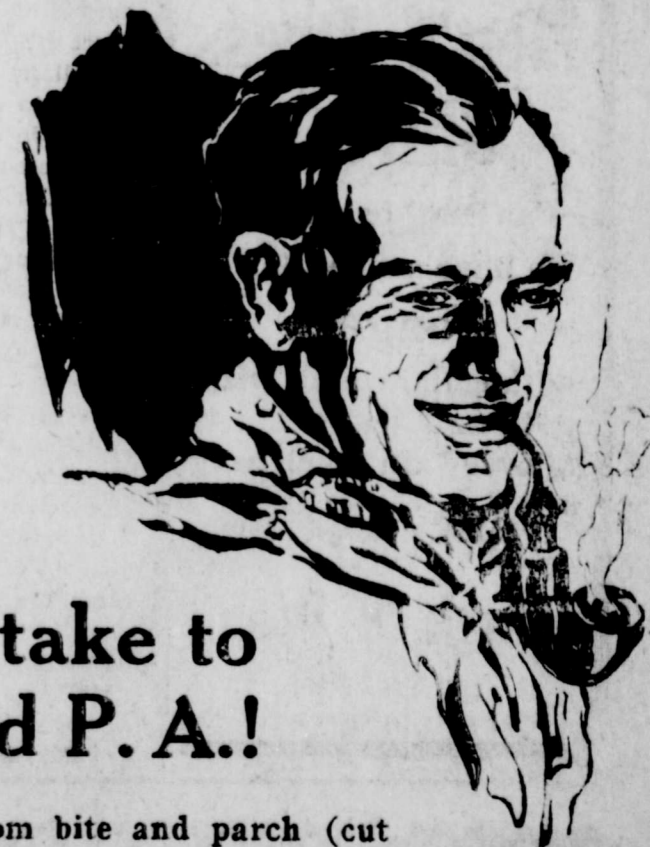

Me-o-my,
how you'll take to
a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joyous jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is made by the same process that makes the most famous of all the world's pipe tobaccos. It is a blend of the finest tobaccos and is a unique creation.

FORMER SNYDER MAN ON COMMITTEE OF CREDIT BOARD

Two Fort Worth men, Marion Sanson and W. L. Smallwood, president of the Fort Worth Clearing House Association, have been named on the credits committee for the Fort Worth agency of the War Finance Corporation, which will be open for business within ten days or two weeks.

The Fort Worth agency will have jurisdiction over Texas and New Mexico and through it millions of dollars will be loaned to farmers and live stock men throughout the South west.

Other members of the committee, according to a dispatch from Washington will be Judge W. F. Ramsey, Dallas; George D. Campbell, San Antonio; C. L. Ezell, El Paso; Lee Baldwin, Socorro, N. M., and E. A. Cahoon Roswell, N. M.

The Fort Worth agency until its

business reaches proportions which justify a large office force, will have headquarters in the offices of the Fort Worth Clearing House Association.

Sanson, who has been in Washington for the last few weeks, is expected to return to Fort Worth within a few days and will make arrangements for opening the agency.

When this is done any state or national bank, member or nonmember of the Federal Reserve may take the application of a farmer or stockman for a loan. This application for a loan will be passed upon by the committee named Friday and forwarded to Washington where again it will be passed upon according to the committee's recommendations.

The application, if approved, then will be returned through the committee to the bank where it originated. The paper will be for any period up to a year, and will be discountable at any time through the War Finance Corporation.

Operation of the agency is expected to do much toward relieving pressing debts of the livestock and agricultural interests. The resultant effect will be liquidation of thousands of dollars worth of paper, and is expected to cause speedy revival in wholesale and retail trade throughout this section.

Originally a billion dollars was placed at the disposal of the War Finance Corporation and it has been stated that for a new farm and stock loans an adequate sum will be available.

Commissioners' Court.

Judge Horace Holley with his Commissioners' Court are checking up the tax rolls this week.

The rolls have been delayed this year on account of the delay of the State Tax Board in levying the State rate. After checking has been finished by the court the rolls will have to go to Austin for approval.

FAMOUS COACH BRINGING TEAM TO SOUTHWEST

This square-jawed Irishman is the football tutor of Boston College—the outfit which licked Yale two years hand-running—and a man who

MAJOR FRANK CAVANAUGH

has the reputation of being a wizard at the gridiron game. He is bringing his Boston collegians to play Baylor University at the State Fair of Texas—Dallas, October 8 to 23—and the game is arousing national interest. It is the first time an eastern team has ever come to the Southwest. The game will be played October 15 in the afternoon.

The El Feliz Club With Mrs. Johnson

The El Feliz Club was delightfully entertained with Mrs. Dr. Johnson, Sept. 30th.

The reception hall and sun porch were beautiful decorated with cut flowers and ferns. Miss Francis Harris presided at the punch bowl.

Meeting was called by president, and after a short business session, the usual "42" was played with much enthusiasm.

The hostess assisted by Misses Harris and Ellen Buice Johnson served a one plate luncheon of chicken salad, coffee and caramel cup custard to twenty two members and subs, with Mrs. Pearl Shannon of Colorado City and Mrs. Sidney Johnson of Snyder as guests.

Next meeting to be with Mrs. Wilsford, Oct. 14th.

The Cook's Wants.

New Cook—Yes, ma'am. I not only wants to use the front door when I come in, but I wants you to scrape your feet when you come in the back way.—Boston Globe.

He Accomplishes Things.

It is usually the fellow who doesn't know any better who does the thing that can't be done. You see, the poor fellow doesn't know it can't be done and so he goes ahead and does it.—Exchange

Invisible Writing.
Common milk may be used for such writing, since exposure to strong heat will make the characters visible. An invisible ink may be prepared by mixing one part of linseed oil with twenty parts of aqua ammonia and 100 parts water. Immersion in water will bring out the writing.

Right Diet Means Much.
Emerson said: "Give me health and a day and I will make the pomp of emperors ridiculous." Right habits of eating do a lot toward supplying health.

What Ask 'Em.
"It has always been a wonder to me," remarked the fellow who lives next door, on the way downtown this morning, "what some of these fellows who apparently must occupy all their time writing communications to the papers, do for a living."—Marion (O.) Star.

Too Many Before Him.
Edward, returning empty handed from the post office, said: "You will have to send me earlier next time, mamma, because when I got there the letters were all gone."

Whitewash as a Fire-Proofing.
Tests made of the fire-resisting paints have demonstrated that these are fairly effective for small amounts of wood. Ordinarily calcimine or whitewash has proved in tests to be as fire-resistant as any paint covering tried. It is cheap and convenient to use. Although it will not prevent the burning of wood exposed continuously to a high heat, a good coat of calcimine on wood will decrease the danger of a blaze spreading from burning cigarettes, sparks, matches and similar small sources of fire. Calcimine is, of course, more effective for inside than for outside use.

The New Store

On The Square

Less Risk Next Year.

One of the new plans for next year might well be to take less risk. Many of us have been risking too much. We have been too optimistic of the future, too hopeful of the season, too expectant of prices for our products. Business men have been slow and cautious recently; manufacturers have shut down their plants when they could no longer employ labor profitably; the rail-

roads have ceased making repairs and their agents have withheld service to shippers when the future appeared gloomy. Farmers and Government and State officials, it seems are the only classes to "plunge" when conditions do not warrant it. As to government and state officials, they will pay the penalty as the people are now forcing economy and calling the hands of "plungers."

What are Farmers to do about

next year's work. Are we going ahead to produce when everything else is at a standstill? Are we going to gamble again when the cards are down against us? Are we to toil and wear out our souls and ourselves that others may have, even if we suffer?

Let us be intelligent. Take less risk. We can produce enough to live upon. But why produce a surplus when there is no profitable sale for it? Why not shut down and take care of ourselves and our farms?—Farm and Ranch.

NOTICE TO COTTON RAISERS.

All growers of longer stapled cotton are requested to submit a good sized sample of their unsold cotton to the Chamber of Commerce. We have an outlet for this class of cotton at an advance over the ordinary market and in as much as we are extremely anxious that the growers of this cotton may continue growing this class of cotton we are anxious to get best price possible. . . . 18c
Scurry County Chamber of Com.

New Subs and Renewals.

Geo. Ralston, B. M. West, J. H. Huey, Joe Merrett, J. W. Sanders, J. S. Golden, W. L. Moore, H. C. Wilson, L. E. Robinson, Doll Williams, Mrs. J. W. Warren, H. T. Moore, Wayne Boren, Sherman Blakley, E. P. DeLoach.

I. W. Boren, was in to see us the other day and had us send the Signal to his son, Wayne at Austin where he is attending the State University.

Judge and Mrs. W. W. Beall and son Graham Beall of Sweetwater, accompanied by Miss Gladys Lee of Dallas, visited relatives and friends here last Sunday afternoon.

Artistic Scottish Coins.

The "Bonnet Piece" was the name given to a beautiful coin of pure gold issued under the reign of James V of Scotland, the name being given because the head of the king on the coin was covered with a Scotch bonnet in place of the provincial crown. James was the first sovereign to place dates on coins issued, and coins he approved were expensively designed.

The Public Square Dust.

A few of the business men around the square met last night to consider the dust nuisance which is getting to be a problem.

It was decided to circulate a petition to present to the City Council requesting that something be done to alleviate the dust around the square.

The petition reads as follows:

October 7, 1921.

To the Honorable Mayor and City Council, Snyder, Texas.

Gentlemen:

We the undersigned, your petitioners, respectfully request that your honorable body provide permanent and adequate relief for the abatement of the dust nuisance upon our public square, and if it so please your Honorable Body that this action be taken at the earliest time possible.

Respectfully submitted,

The Iberians.

The Iberians were an ancient people living at the mouth of the Iberus (Ebro) river in eastern Spain. Later the inhabitants of the entire peninsula were called Iberians. The term now is applied to the primitive Neolithic and bronze-age men whose remains and relics are found in ancient graves and grottoes throughout western Europe. The race was characterized by long heads and short stature. The term Iberia still is frequently used in reference to Spain and Portugal especially in literature, the expression Iberian peninsula being quite common.

Best Grades Really Cheapest.

The purchase of a cheap grade of goods for any serious use, is very poor economy. Such goods soon give way, and the service they render, while they do last, is not satisfactory. To obtain a given amount of service one will spend more money on articles of cheap grade than upon those that are better. The obtaining of the same amount of pleasure and satisfaction from the use of a cheap thing and a good one is an impossibility.

Question for Astronomers.

One bright moonlight night my little four-year-old sister was playing on the front lawn. Presently the little one gazed at the sky intently for a few minutes and then queried, "Oh, sis, when the sun sets does it catch the moon?"—Chicago American.

Subscribe for the Signal, \$1.50.

Gold Mining New Prosaic.
There is scant romance in gold mining today, when natural science has taken the place of pioneerism and chance. There is none at all in the recently published statement of a San Francisco magnate who announced that his workmen and expert geologists had blocked out \$6,000,000 worth of ore in one Arizona mountain in the last two years, and that excavation and the production of bullion would now begin.

Inconsistency.

As a Christmas present a wife will give her husband a pipe with enough brass trimmings on it to start a foundry. And then she will get mad if her husband doesn't swear off smoking on New Year's day just because the man next door has decided to swear off.—Arkansas Thomas Cat.

Call for a Conquering Hero.

Man has conquered the alp, the Indians and the elements, and has subdued the bear and other wild animals. There ought to be some way of taming the auto, since he has to live with it.—Minneapolis Tribune.

The Mind.

There is nothing so elastic as the human mind. Like imprisoned steam, the more it is pressed the more it rises to resist the pressure. The more we are obliged to do the more we are able to accomplish.—Tryon Edwards

Wifely Requirements.
The Spaniards have a saying that a wife should resemble three things, and yet differ from these same things. First, she should be like a snail, which always guards its house, but she should not carry the house with her whenever she goes out. Second, she should be like an echo, which speaks only after the other is finished, but she should not always have the last word, and last, she should be like the town clock, which always sounds the hours with regularity, but she should not sound so loud that the whole town shall hear it.

WHAT'S ON AT THE COZY

TONIGHT—

"The Land of Hope." With Alice Brady as a little Polish Immigrant. Also, Rostand, "The Man of Mystery".

TOMORROW—

"Making the Grade." With David Butler and Helen Ferguson. A comedy drama, from the Saturday Evening Post story "Sophie Semenoff." by Wallace Irwin.

MONDAY—

"Jes call me Jim," with Will Rogers. A Goldwin Picture. Delightful High Comedy.

TUESDAY—

Mary Miles Minter, in "The Little Clown." This delightful picture is being brought back to give my patrons who failed to see it during the barbecue, a chance to see and enjoy it. For who does not like Mary Miles Minter.

WEDNESDAY—

"The American Badger." Adventures of Bill and Bob. Pathe News, Sky Ranger, and Phantom Poe.

THURSDAY—

Gladys Walton, in "All Dolled Up." Gladys says, "I feel like a Million when I'm 'All Dolled up.'" at any rate she will have some SMILES for you.

FRIDAY—

"The Outside Woman," in which Wanda Hawley has the liveliest Comedy Roll in her Career.

SATURDAY—

"Midnight Riders," not Ku Klux, but you wont know the diff.

BIG FOOTBALL GAMES PART OF FAIR PROGRAM

Some of the Most Important Contests of 1921 Will Grace New Stadium

That army of hectic partisans generally spoken of as football fans are not going to be disappointed this year with the layout of games that

will open the new Athletic Stadium at the State Fair of Texas. The season of 1921—Dallas, October 8 to 23—will see four of the most bitter contests in the history of the State.

In the first game, on Dallas Day, the Southern Methodist University eleven will try to turn back the Farmers from A. & M. College. On October 15 the Baylor University Bears are going to hang into the Boston College team. On October 21 S. M. U. will come into the arena again, to defend the field against Austin College. On October 22 the University of Texas will try conclusions with Vanderbilt University, of Nashville, Tenn.

The first contest is one of standing importance in Texas. The Farmers barely beat the Mustangs last year. Baylor is meeting one of the greatest teams of the East in Boston, but the Bears are reported to have a squad of sensational young

sters. When the S. M. U. Mustangs meet Austin College they'll have their hands full, as this team will be composed of the veterans who ran wild against all opposition the latter part of 1920. Of course everybody knows what to expect of Texas and Vanderbilt, as they always have great football teams.

The new stadium will be in beautiful condition for the big games. It is practically complete as to construction, and the playing field has rounded out in great shape.

A Trip To Roby.

Last Friday evening at 5:30 o'clock, there were two cars, a Studebaker and a Ford, loaded with ball players and the transfer boy started to Roby. We were in high spirits on the way down there, as we were banking on winning the game.

There were eight boys in the Stu-

Spirit of Pioneer Days in Texas Will Hover Over State Fair During the Great Centennial Celebration

One of the most interesting announcements for the season of 1921 was recently made by the officials of the State Fair of Texas in outlining a great Texas Centennial Celebration during the 1921 Fair—Dallas, October 8 to 23. This affair is going to be the most solemn historical event Texas has ever seen, yet with a full dash of the spectacular to make it worth the while of thousands of Fair visitors.

The Texas Centennial Pageant will be the formal opening fête of the Fair, and will be staged in the great Athletic Stadium on the evening of October 8. Five thousand people will take part in a picturesque pageant of pantomime and tableaux, in which costumes will be a bright feature. Brilliant decorations, wonderful lighting effects, and especially adapted music will make the Pageant com-

plete in artistic triumph. The story of one hundred years of Anglo-American progress—of how a great state has been built on the little Stephen F. Austin colony of 1821—will be faithfully portrayed. It promises to be the most interesting production ever seen in Texas.

The State Fair of Texas has secured the services of Jack Webster Harkrider, a native Texan and nationally prominent Pageant Master, to direct the Texas Centennial Pageant. The Pageant will have a distinctive social side. Mr. Harkrider is now arranging this feature. The Pageant will have a Queen, who will hold social Court for the occasion. Every city and town in Texas will send its fair representative to this Court of Honor, and foreign countries and other states and their principal cities, will do likewise.

debaker and three men and one lady in the Ford.

The Ford stayed as close behind the big car as it was convenient to until we passed through the cross streets of Main and Lamar at Roby.

After that the Ford was not in sight any more.

We in the first car arrived at Roby at about 7:25. We waited patiently for about half an hour and decided we had better go in search of the Ford. We went about eight miles out on the road, but the Ford was no where to be seen. We returned to town and the Roby coach asked us to play the game with out our coach, so we started the game at 8:15.

It was running along nicely for about twelve minutes, when one of the dirty six shot a goal, the sixth one was their referee, then we shot a foul goal and it must have made them mad for gee, but they started to get rough and our big center man, Sheriff Bird's son, Walter, layed one of their men out. Here comes in another in his place, but it wasn't long until big Jimmy Adams gave another one of them the thumps, out he goes. "Time", yelled the time keeper. Gee, but we were glad.

We were undecided as to whether we should play them any more or not, but we decided to play it.

"Time," yelled the time keeper. We rushed back into the game like a lot of wild buffaloes, crash we went. Big Adams fell sprawling, fire was in his eye, up he came back at his man, it was not long before little Adams was reported to be in the game as whirl went an old boy as he passed me.

But the game went on. We scored another time or two and of all the cheers, you never heard before. We never heard them at all, nobody to hurrah, but Big Baze, and well, he was hoarse I guess.

About two and a half minutes before the game was done, here comes our chief, up the steps, ula la pa ya, he yelled and did you say step in the collar. Well I guess we did. We began to pass and repass the ball. Big Chief Wolf Boles yelled out

PROSPEROUS FARMER'S WIFE NEARLY STARVED

Declaring she was actually starving to keep from suffering awful misery, Mrs. Amy Peterson, wife of a prosperous farmer of Lakeville, Mass., gave out a remarkable statement, recently, in connection with her relief through the use of Tanlac.

"Some times I wonder how I lived through it all," she said. "I would have attacks of acute indigestion nearly every time I ate anything. Those terrible cramping pains and the distress from gas and bloating were almost unbearable and I just thought there was no hope for me.

"But now I'm eating anything and I feel as strong and well as I ever felt in my life. I've gained back all the weight I lost and six pounds besides and I know from my experience what Tanlac will do. It's the best medicine in the world."

Tanlac is sold in Snyder by Grayum Drug Company.

Mrs. J. P. Billingsley of Dunn was in Snyder Monday.

J. M. Blessingame, of Windham, Fannin County is here visiting his old time friend, W. F. Bertram and family.

W. W. Curry of Abilene was here this week paying his tax and meeting old time friends.

Earliest New England Dwellings.

It is generally thought that the first kind of dwelling built by the early settlers in New England were log cabins, but as a matter of fact, these pioneers often felt obliged to wait until after they had reaped their first harvests before they took the time to erect anything so durable and elaborate as a weather-tight cabin. Like the primitive people of southern Europe, like the Indians of Mexico, they used what came they could find. But often they merely dug in, finding a shelter such as the armies in France did during the war.

Mummies Should Be Confined.

A professor of bacteriology in the Northwestern university found that mummies are a source of germ incubation, and death and destruction is likely to lurk in the household that has a mummy in its bric-a-brac department. Keep your mummies incased.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

Snyder Mission.
To the Snyder Signal.
The Fourth Quarterly conference for Snyder Mission was held at Camp Springs Sept. 29, 1921. Bro. Hardy the Elder of Sweetwater, was delivered to us on time by Rev. John H. Hicks, the pastor of Snyder station.
Bro. Hardy preached at 3 p. m. after which he held the conference. The Quarterly Conference was on time with full reports. So the pastor and work are pleased. We reported the membership doubled and all dues paid, so here we are on our way to annual conference, at Amarillo. Have had a good year Bishop. With the meetings on our own work, and the five, we held for other preachers.

NOTICE
This is to notify the public that I will be here in Snyder at the Alamo Hotel on the 8th of every month with my celebrated medicines. Everybody afflicted with any chronic disease would do well to meet me.
Dr. R. F. McLarry

have had more than four hundred professions. When we commenced the first of the year, there were one hundred members, now we have more than two hundred. So we are expecting this Mission to soon be self-sustaining. With such men as Guinn, Davidson, Trice, Nichols, Dr. Kerns, Bayousett, Howell, Williams, with their wives and children, and a host of others at Camp Springs, and for Crowder, Biggs, Lemons, Light, Carrell, their wives and children with a dozen other families; also Grady with Bro. T. J. Raney, as steward and Sunday school superintendent, and choir leader, who pays perhaps \$40. out of an assessment of \$75.00 and again Plainview, with the Murphree boys, Homer and Isaiah Walton, and the Flemming family, we ought to be self-sustaining, and doubtless will be soon. Am expecting to be back after Conference. Am expecting to visit the city of Greenville, Hunt county, after conference, with the expectation of locating my 18 year old boy in the Wesley College.
Am in love with the people of Scurry county, and will be glad to be one of them another year.
J. W. Griffin, P. C.
Snyder Mission.

DO YOU UHAVE DIZZY SPELLS?
It's Important to Learn the Cause, as Many Snyder People Have.
Dizziness is never a disease of itself—it's only a symptom of some deeper seated trouble. Much dizziness is caused by disordered kidneys failing to filter all the poisons from the blood. These poisons attack the nerves and dizziness results. If you are subject to dizziness, there is good reason to suspect your kidneys, and if you suffer backache, headache, and irregularity of the kidney secretions, you have further proof. Many Snyder people have learned the value of Doan's Kidney Pills in just such cases. Read this Snyder resident's statement:
Mrs. E. B. Barnes, says, "Some time ago I was troubled with dizziness. I had pains in the small of my back, which were of a sharp nature. I received wonderful relief from the use of Doan's Kidney Pills and I gladly recommend them to anyone troubled with their kidneys."

OLD COIN FOUND.
Waxahachie Man Refuses \$1,000 For Spanish Piece.
Waxahachie, Oct. 2.—Refusing \$1,000 for a small coin, the metal in which would be worth only a few cents, does not happen every day.
But that is what W. L. Wright, a city employe, has refused to accept from a Dallas man for a Spanish coin, worn and tarnished by the centuries. The piece of money bears the date 1368.
The Spanish ambassador from America has written to Mr. Wright asking him to send the coin that he may thoroughly examine it. Mr. Wright hesitates to send the money on the long trip, because of danger of its loss in transit.
While walking along the bank of Waxahachie creek near the western corporate limits of town recently, Mr. Wright saw a glitter of metal in the bottom of the head of a small spring at the edge of the creek. It was the centuries-old coin, made more than a hundred years before Columbus' advent in America.
Just above a woman's head emblem on one side of the coin is a hole through the metal, indicating that it had been used at some time as a pendant. On the side opposite the one bearing the head of the woman, there is a queerly fashioned coat-of-arms. Lettering on both sides of the coin is easily legible, in Spanish characters.
The coin is about the same diameter of a five-cent piece, but is thinner.

"Cold in the Head"
Is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.
HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the Mucous Surfaces of the System. All Druggists 75c. Testimonials free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure.
F. J. Cheney & Co., Toledo, Ohio.

ASPIRIN
Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin, prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

R. L. TERRY

Your Battery Should Never Fail You
Dependability is more necessary in your battery than in almost any other unit of your motor car. If you break a spring you can get to a service station. You can hobble along with half the cylinders misfiring—but if your battery goes dead you are powerless to make even a temporary repair to get home.
A Dependable Battery
The RAY is a dependable battery. Its dependability is based on a special process of battery manufacture, made possible by the famous "Lavier Formula." The plates in the RAY BATTERY, made by this formula, will keep on taking in electricity from the generator and delivering it for starting, lighting and ignition under conditions far more severe than are encountered by the most constant driving. They will not suddenly buckle to short circuit the battery. They will not wash down (harmfully sulphate), another cause of short-circuiting. If the water evaporates to lower the level of the electrolyte in the battery, there will be no harm done, and you can't overheat or overcharge the RAY in your car.
No other battery will stand the tests of the RAY. These are not claims; they are assurances, because every purchaser of a RAY BATTERY is given a written, unconditional guarantee for two years from date of sale from our service station to you. This really revolutionary guarantee would not be possible if the RAY BATTERY was not a more dependable battery, a more efficient battery. Come in and see the RAY.
Free water and tests on any make of battery.

Mrs. E. B. Barnes Honored.
Honoring Harold von Mickwitz, the celebrated pianist, who for many years was at the head of the musical department in Kidd-Key College, a re-union banquet has been announced to take place at Dallas, in the Ball Room of the Jefferson Hotel, on Oct. 15, under the direction of the Mickwitz Club of that city, to which Mrs. E. B. Barnes, of this city, a former pupil and graduate of the noted player has been tendered a place of distinction upon this occasion.

John Johnson and wife, Oct. 3, a girl.

E. P. Deloach of Ira was in town Thursday and visited the Signal office. He moves his Signal up a year.

Improvements at Snyder Bakery.
Mr. and Mrs. Ralph Matherson have been adding to their bakery until now they have a plant that is a credit to any town. A while back they put in a big dough mixer, which added materially to the plant and helped to alleviate the work. Recently they have added a huge portable oven which has a capacity of 225 loaves at one cooking, weighs seven thousand pounds, and is inlaid with asbestos.

Their business has been growing rapidly and they are meeting the demands by adding equipment that will meet every requirement.
On Saturday they turned out a thousand loaves, and on the following Monday they turned out a thousand and loaves which indicates to some extent the business they are doing.

Operated on For Appendicitis.
Dr. Charley Walker was operated on at Lubbock the first of the week for appendicitis. He stood the operation exceptionally well and will be at home soon.

Announcement.
The R. K. Garage is now ready for business. Joe Bruton, mechanic, H. Roper, Manager. We would be pleased to have you give us a trial. 19p.

Joe Merrett Likes Durango.
Joe Merrett a prosperous farmer four miles south of Snyder was very careful this year in selecting his seed cotton and has three or four different kinds of cotton he has grown this year, the Durango, he says has proven the best. A sample of this cotton was sent to the State department by Secretary E. J. Anderson and a report on same has been received, which appears in another article in this issue.

Mr. Merrett has not ginned his cotton but expects to wait later so he can have an opportunity of saving his seed pure.
He believes in diversifying his crops which he has done this year. Plenty of wheat, feed, cotton, hogs, poultry, etc. Diversified farming is growing in favor more and more, and it is remarkable how many of the farmers of Scurry county have followed along these lines this year and have been greatly rewarded.

First Christian Church Ladies.
The ladies Aid of the First Christian church met with Mrs. J. Monroe in her home Monday afternoon and spent a pleasant and most profitable time sewing for the Orphan's home. Several garments were finished.

After the working hour the hostess served a most delightful salad course which was enjoyed by thirteen members of the Aid. Mrs. Hugh Taylor assisted her mother in caring for the guests.

Mrs. Fritz Smith will have the Aid in her home Monday afternoon, Oct. 10th.

Hermleigh School Opens.
The public school at Hermleigh opened last Monday with a splendid attendance and a very promising outlook for this session.

Hermleigh has always maintained a good school and this year promises to be even better than previous years.

Hon. Fritz R. Smith and C. E. Dodson attended the opening of the school. Judge Smith addressed the school body.

Head On!
Not until after a man loses his head does he realize that two heads are better than one. Various Magazine.
