AMERICAN LEGION HOLDS ANNUAL CONVENTION AT KANSAS CITY

PRESBYTERIANS ORGANIZE BIBLE CLASS

A Bible class was organized last Friday night at the Presbyterian church. This class will be composed of men and young men and boys who are members of the Presbyterian church. We give all those who are not affiliated with any other Sunday school, a cordial invitation to become members of our class and all visitors to our town have a hearty welcome. Rev. C. G. Wright was elected teacher, H. W. Watterman president and Ray Hardin secretary.

In connection with the organization of this class the ladies very graciously served lunch and a pleasant social time was had.

Rev. C. G. Wright, pastor, made a very interesting talk which will greatly encourage us in forwarding along the Sunday school work.

Ray Hardin, Reporter.

School Notes.
Monday the Seniors began their work for the making of our annual, we hope to put out. The officers elected were as follows:

Maurice Brownfield, Business Manager.
Irma Taylor, Editor in Chief.
Melvin Blackard, Comic Editor.
Rosalie Clark, Class Editor.
Junior Class: Leola Blackard Class Editor.

Sophomore Class: Pauline Jenkins Class Editor.
Freshman Class, Euramae Garner, Class Editor.

It is our wish to put out about an \$800.00 annual. We are depending upon the business men of the town to help us out by giving us their "ads."

Out of one hundred and eighty students, we expect to get orders for at least one hundred and fifty annuals.

The girls have organized their club, but at this writing they have not selected the name for it. The officers elected were as follows:

Leola Blackard, President; Elga Howell, vice president; Lary Beth Waskom, Secretary. Eileen Pratt, Treasurer.

We hope to be successful in this club and not let it be a failure, and if every girl that is a member will get behind it, and do her part, we will make it a success.

The basket ball girls have organized with Nannie Wilson as their captain. We all feel sure that this year will be a success in basket ball, as the captain is an excellent player, and is well supported by the other members of the team.

ABOUT THE M. K. & T. RAILROAD EXTENSION

The Chamber of Commerce is just in receipt of a communication from the Stamford Chamber where they are taking up the matter of the M. K. & T. extension with the company. Considerable interest is being aroused in the Stamford section with a view of putting this proposition thru. The Waco Chamber of Commerce is working on the proposition from that end of the line and it is generally believed that by spring some definite action will be under way on the project. Should such a thing occur the Snyder people will have to be alive as there are several projected routes through this territory and we could not afford to let the road miss us.

Kansas City, Mo., Nov. 3.—Thirty-two years old and the leader of a million fighting Americans. That's the record of Hanford MacNider, of Mason City, Iowa, the new national commander of the American Legion elected here yesterday at the Legion's annual convention.

MacNider was elected by acclamation. Following his election he was carried to the platform by the Iowa delegation. He said:

"You know that the strength of the legion is in the men you represent in your posts at home, not in the national headquarters. There is where the legion is and there is where we shall try to reach. We must build this legion of ours, so big, so fine, so strong, keep it so clean and straight and American that when we ask for things for the ex-service man, for the disabled man and for those who are financially disabled, our communities will say: 'If the legion is for it we are for it.' For that service and with a pledge to you of every economy and all measures possible for constructive progress, I stand at your command."

The vice commanders elected were H. Nelson Jackson, Burlington, Vt., George L. Berry, of Tennessee; Raymond O. Brackett, of Massachusetts; John A. McCormick, Colorado; Chas. M. Kendrick, California. Rev. E. A. Blackman, of Kansas, was elected national chaplain. Mrs. Lowell Hobart, of Milford, Ohio, was elected president of the Woman's Auxiliary of the Legion.

New Orleans, La., was selected as the next meeting. That city has pledged \$100,000 for entertaining the Legionaires there during the 1922 meeting next autumn.

The presence of the distinguished military commanders—Foch, Jaques, Diaz, Beatty and Pershing—brought the gaze of the world on the Legion's great meeting. Their addresses in the convention started the Legionaires' enthusiasm on a rapid ascent.

At the opening session the Legion men honored their late commander, Fred W. Galbraith, Jr., with a memorial service. John G. Emery, the retiring commander set off a roar of applause when he declared that the people of the United States demanded an adjustment of the economic balance between the man who went to war and the man who did not.

The Legion's growth financially and numerically was shown by the annual report read to the convention by National Adjutant Bolles. It was reported that 1050 new posts had been added during the year. Mr. Bolles outlined the Legion's campaign to assist unemployed ex-service men.

Major General LeJeune, commander of the Marine Corps, General Robert McBride vice commander of the G. A. R., and George L. Berry, official representative of the American Federation of Labor were speakers on the opening day.

The reception for Foch when 25,000 men in navy blue and olive drab, silhouetted by red fire, stood on the steps of Kansas City's new \$2,500,000 war memorial in Union Station plaza waving their arms, was a dazzling spectacle.

Another "high" of the three day gathering was the annual Legion parade with endless columns of marching men, Legionaire cow-boys from the west, Indian veterans in native costume and many attractive floats. With their former high commanders leading the parade, the Legionaires

Gift From The Santa Fe.
Mr. Stalling, local agent of the Santa Fe has delivered about 200 pounds of prunes to the Chamber of Commerce from the wreck which will be distributed by the United Charities during the holidays. These come as a most welcome gift and speak highly for the thoughtfulness of the Santa Fe.

SCURRY COUNTY POULTRY SHOW SCHEDULED FOR DECEMBER

A concentration of interest and keeping it alive is the life of any organization, project or community. In answer to the pressing demand for a poultry show the Scurry County Chamber of Commerce will pull off the First Annual Show of the Scurry County Poultry Association in Snyder during the last part of December. This show will be a success—our people will not be so busy but that they will have ample time to get their chickens in shape for this exhibition and preparations are being made to take care of a large number of exhibitors. Mr. Van Winkle, the judge of poultry in the Scurry county Fair stated that Georgetown did not have as many birds or as good an exhibit at their first show five years ago as we did but that now their Poultry Show is one of the biggest in the

State and has been the means of developing the poultry industry many fold in that section. The more energy and push we develop along this line the more interest will be taken.

An earnest appeal is made at this time that every chicken fancier and grower in the county prepare for this show; select your show birds at once and commence to get them in shape for the exhibit. Help make this poultry Show a big success and get our people started off right the first of next year with good breeding stock and interest. The best place to advertise your chickens is at a Poultry Show and the best place to buy is where they are being shown. Prospects are that the poultry out-turn of Scurry county will be from three to four times as great in 1922 as 1921.

Scurry County Fair Premium List

The following list shows the complete awards made by the judges in the First Annual Scurry County Fair; many exhibits came in too late to be classed before the judges had left. Ordinarily nothing is permitted to be shown after a certain hour but this being the first occasion of its kind efforts were made to find room for all of the late comers also even though they missed the judges. This first event was not appreciated perhaps so much from the standpoint of exhibits as from the spirit shown by the people in their eagerness to help make it a success. The two worst days of the year, brought to Snyder two of the largest crowds of the year and if weather conditions had been good there is no question but that the fair Committee would have been swamped with exhibits and people to see the Fair. There is nothing that cultivates community spirit and brings the people of the county closer together than exhibits of home production. It starts a friendly rivalry among producers and a desire to excel in the things that are so important to our welfare. It is a wonderful medium of advertisement and is the genuine proof of effort for better things. There is no question but that next year's exhibition will be a notable one as our people have already made up their minds to prepare for it.

BAPTISTS PLAN TO ERECT NEW CHURCH BUILDING IN NEAR FUTURE

A conference of the members of the Baptist church was held last Monday night for the purpose of discussing the proposition of building a church. It was an enthusiastic gathering and those present expressed themselves as being ready to build a church and thought this the opportune time to do it.

A building committee was appointed, also a financial committee. It will be the duty of the building committee to secure plans and specifications to be presented in the very near future.

Rev. Jeff Davis, pastor of the Baptist church is an untiring worker in behalf of a new church building. He has been very successful at other places in erecting new church buildings, having built three or four churches at different places where he has been pastor, and we predict that the Snyder church will soon be another one.

Of course a pastor cannot build a church alone, but the entire membership of the Baptist church, as well as the people of Snyder in general, are behind this movement, which very materially lightens the task of the pastor.

It was definitely decided at the conference that a church would be built and it is the intention of the committees that the campaign will begin not later than Dec. 1st. Then if the movement is not delayed in anyway, actual building operation should begin early in the year.

While the plans and specifications have not as yet been worked out, it is their intention to build a \$30,000 church or approximately so.

We rejoice to know this movement is on which should and will receive the hearty co-operation of the Snyder people.

GET TOGETHER MEETING AT M. E. CHURCH FRIDAY NIGHT

The get together meeting at the Methodist church last Friday night was well attended and a general good time was the expression of those who attended.

The meeting was called for the purpose of welcoming the new pastor, Rev. C. E. Jameson and family and getting better acquainted with each other in a social way.

Hon. W. W. Hamilton made the welcome address in a very eloquent manner and emphasized the importance of the social side of our church life. Said that we should remember that a preacher is human, just like any body else and that we should not expect too much of our preachers and as much as possible to relegate all formality and stand by our pastor in the work that he does.

Rev. C. E. Jameson, pastor responded to this address and said that he and family had received a very hearty welcome at Snyder and was hopeful of a good year's work.

Mr. Yoder made a talk, Miss May gave an exposition of the league work. Then there was music, song and recitation.

After the program was rendered all repaired to the basement where luncheon was waiting and a general good time was had in a social way. Piano selections were rendered as a diversion.

"Go get Him," the second Wm. "Bill" Fairbanks feature produced by the Western Feature Productions, Inc., is one of those big, human stories. There is the great character of the Northwest Mounted Police, a man traveling alone, tralling the outlaw, his only confidant his horse. The story of a strong man torn by the elements of love versus duty. There is the softening beauty of the character of a good woman fighting for her younger brother. These are a few of the reasons why "Go and Get Him" will be welcomed by lovers of pictures of the great Northwest at Cozy Tomorrow.

MOOAR'S IRRIGATION PROPOSITION

Several days ago, Messrs Norris and Pritchett, of the Texas Bureau of Water Engineers and in company with A. C. Wilmoth and E. J. Anderson inspected Mr. J. Wright Mooar's irrigation proposition on Deep Creek. Mr. Norris is one of the Board Members and Mr. Pritchett surveyor and draughtsman.

In the estimation of Mr. Norris the Mooar ranch and the dam site presents an opportunity for storing a large body of water and irrigating several thousand acres. A report will be furnished the Chamber of Commerce on Mr. Norris' preliminary findings on this proposition with recommendations. He stated that there were several other good propositions in Scurry county which should be surveyed with a view of development and that the quicker the west commenced the storage of surplus storm waters the quicker the question of droughts would be solved. The State Department is working in conjunction with the Federal government on these matters and furnishing part of the funds in this work.

Parent-Teachers' Association.

Next meeting of the Parent-Teachers' Association will be held at Central Ward Thursday, Nov. 17, at 4:15 p. m. All parents who are interested in the progress of their children are urged to be present. The presence of fathers would be greatly appreciated.

The program is as follows:
How can we show an interest or an appreciation for a teacher's labor? Mrs. R. W. Webb.

How can we create a social interest in the life of the High School boys and girls? Mrs. Clyde Funk.

How can we promote cleanliness and good repair of school buildings, outhouses and grounds, Mrs. M. E. Rosser.

Parents and teacher must know each other, otherwise the children suffer. Mrs. R. E. Clark.

The teacher as an essential factor in the development of child character must know the environments of her children. Miss Sallie Boone.

The task of the teacher in repressing undesirable tendencies in their pupils and the mistaken view point of the parent. Miss Zadie Runkles.

Harry Winston attended the American Legion convention at Kansas City last week. Harry said that the city was turned over to the visiting veterans of the World War; that the jam was so great that street cars could not run, and all business was at a standstill. He reported an enjoyable time and lots of sights to be seen.

Presbyterian Mission Conference.

The Presbyterian Home Mission conference of this district met at Post Wednesday.

Those attending from Snyder were: Rev. C. G. Wright, Messrs, D. I. Rhodes, S. N. Wellborn, and H. C. Wilson, Mrs. Shell, Mrs. Andrews, and Miss Annie Andrews.

The meeting was presided over by Rev. G. A. Chatfield of Stamford who is chairman.

Bro. Wright on his return said that every church in the district was represented and was something unusual for it seldom occurs that all churches have a representative.

Rev. Mr. Wright said it was a very fine meeting and that several subjects were dealt with during the conference. From 6 o'clock until 7:30 the time was spent in a social way. The Presbyterian ladies of Post very graciously served lunch.

The annual roll call of the Red Cross which takes place from Nov. 11 to 24, 1921, will, no doubt, meet with a very generous return by the people of Snyder and Scurry county. It goes without saying that the Red Cross is a humanitarian organization and its work among the disabled veterans of the world war and helping destitute children has been remarkable. Mrs. E. B. Barnes, president of the local chapter has made the call, beginning today, Nov. 11 to 24th.

We have read in the days past of the wonderful imaginative power of Jules Verne and the marvelous rapidity in which he could travel in his "Ten Thousand Leagues Under the Sea," and "Around the World in 80 days," then it seemed a vague idea that such things should ever be conceived in the mind of man, but now

those doubtful reflections no longer linger in the minds of men, for the things of which Jules Verne wrote is now a reality. Furthermore at the great airway congress now being organized in Paris, an effort is being made to join up missing links in the world air chain. Should this be accomplished a rush around the world by air in 408 hours or 17 days will be one of the possibilities of the future. As yet this is only a dream of the future, but who knows, but that very thing will be accomplished.

Scurry county is making a campaign for 100 hens on every farm and hogs in every pen. Scurry county is on the right track. Hens and hogs will build any community. Hens and hogs are making the Plains country very prosperous. Hens and hogs are mortgage lifters, and revenue producers for the people.—Lockney Beacon.

The spirit of both the business man and the farmer of the West is over progressive, and which many of our older sections may well follow with advantage. The Snyder Chamber of Commerce is putting on a campaign for 100 chickens, four cows, and three sows on every Scurry county farm, and from which there is expected to be derived a million and a half dollars to Scurry county farmers within the next one or two years. This is safe and sane farming and if a home garden is added, will practically make a living at home for every farmer. Money saved is money made, and every dollar kept at home from these products gives added purchasing value to the cotton dollar, to be expended in the farmer's home market. With approximately 40,000 Texas farms on which there is not a cow, and possibly an equally large number without chickens, hogs or a home garden, all Texas would do well to follow this lead. This year has demonstrated that Texas is better off without all cotton. Let us maintain and make permanent the advantages gained by continued diversification.—Colorado Record.

SNYDER FAIR.

Last Friday morning a representative body of Slaton business men came to Post where they were joined by about 30 business men of Post who proceeded in a body to go to Snyder to attend Snyder's first County Fair and to meet with the Scurry County Chamber of Commerce to devise ways and means of advertising our highway, the Gulf to Colorado Highway, on which Slaton, Southland, Post, Justiceburg, Dermott, Snyder, Hermleigh, and Sweetwater are situated.

The body reached Snyder at eleven

o'clock and took in the sights of the fair until the noon hours. At one o'clock they met with Snyder Chamber of Commerce and discussed the best ways to get our town on the map and advertise our highway. It was finally decided, after a number of talkers made addresses, to put signs along the route directing the public this way.

The auto traffic through the country is immense and will continue to grow each year and we are not getting our share of the travel simply because we have not advertised our highway.

These signs are to be put up at once and its up to us to keep our road in shape.

On the whole the meeting was beneficial, in that it made us better acquainted with each other's needs and made us feel more like co-operating with each other for the betterment of our great country.

The Fair was a nice one for the first and will no doubt be an incentive to Snyder and Scurry county people to make their next one a better and bigger one.

There is nothing in our opinion that advertises and helps a town and county more than a County Fair. Let's bear this in mind and begin now to pull off a better fair than ever in Garza County next year.

Our fair this year was a humdinger and will be hard to beat, but we can do it if we begin in time.—Post City Post.

INVESTIGATE THIS DERMOTT PROPOSITION

There are a few lots, both business and resident, surveyed out at Dermott. There is not better nor fitter place on the Santa Fe railroad than this is for a little town. It is eleven miles west of Snyder, now has a Hotel, blacksmith shop and 3 stores. Stanton Oil Co., 9 miles from here, is working day and night and are down near 3000 feet and will say there is a lot of good boys working at the well. I don't say there will be a rush but there might be such a thing, so you had better take no chances and get on the ground floor. If you think of buying a lot come and I will show you the plat of the town and sell you one.

Very respectfully,
J. W. RUSSELL,

One of our subscribers last Saturday accosted us and ordered his paper stopped, with the remark that he considered it too high. He said that he got his old home paper down in Texas for one dollar, and he thought \$1.50 was too much for the Beacon. The difference in the price of the Beacon and newspapers on the Plains and those down in Texas is the altitude of the two sections. The altitude on the Plains makes the difference in the price.—Lockney Beacon.

For the Family.

You may have seen the family group that The Youth's Companion has chosen for its symbol. It appears on all Companion stationery and on all Companion advertising matter. It typifies the idea that The Companion stands for—the solidarity of the family. In its stories, in its articles, in its contents generally, The Companion speaks to the family, animated by the spirit that draws parents and children together round a common hearthstone, shares in the same duties, the same joys, the same aspirations. New subscribers for 1922 will receive:

1. The Youth's Companion—52 issues in 1922.
2. All remaining weekly 1921 issues.
3. The Companion Home Calendar for 1922. All for \$2.50.
4. Or, include McCall's Magazine, the Monthly authority on fashions, both publications, only \$3.00.

GET READY FOR THE BIG RAINS THAT ARE COMING

It may seem strange that one should be so foolish as to predict rain at this time, since it seems that the whole country is as dry as a bone, but we must remember that rains always come after dry spells. The News had wondered what had become of the weather man of this country, but in the columns of the Vernon Record this week we learned of his whereabouts, and what is of vastly more importance to the people of this country, his prediction of big rains in this month. The weather man to whom we have reference is already in the minds of those readers of these lines who have for twenty years watched his predictions come true, and they know that W. P. Banta has hit it more often than he has missed in predicting rain for West Texas. According to the Record this is what Banta says:

W. P. Banta, former weather seer of Vernon and now a resident of Lamesa, has written J. D. Summerour of Vernon that local resident may prepare for wet, cold month during November. And furthermore, it may be noted, those who are well acquainted with the prophet and his foretellings, are already searching closets for slickers and overcoats.

Mr. Banta lived in this vicinity 20 years, and his predictions on the weather became a byword with his contemporaries. He "just doesn't miss it," as the old times say.

"November will be a wet cold month," writes the prophet. "After the sixth here will be a few days fit to work out side."—Ford County News.

Catarrahal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrahal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system. Catarrahal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. PRES. HARDING DESIGNATES NOV. 13, RED CROSS SUNDAY

Sunday, Nov 13th, has been designated National Red Cross Sunday by a proclamation of President Harding. In a communication sent out from Washington to the clergy of America, the President says:

"To the Reverend Clergy:
 The President of the United States has designated Sunday, November thirteenth, as RED CROSS SUNDAY.

It is hoped that on that day ministers of religion, throughout the length and breadth of the land, will make some mention to their congregations of the work of the American Red Cross, and will make an appeal to them that they enroll themselves in its membership.

The Roll Call is not a campaign. It is merely the yearly opportunity for men and women to pay their annual dues and renew their membership in the Red Cross.

The annual dues are one dollar. Of this amount fifty cents is sent to National Headquarters and the Chapter enrolling the membership retains fifty cents for local Red Cross activities.

Aside from special contributions this provides the working funds for the American Red Cross for the ensuing year.

The American Red Cross is unique in that it is at once a voluntary organization charged with certain duties and liable to certain obligations.

The object of the American Red Cross has been briefly set forth thus: "The Union of all who love, In the Service of all who suffer."

Under its congressional charter, issued by Act of Congress, January

fifth, 1905, its duties are not voluntary, but it is stated that the purpose of this organization are and shall be:

1. To furnish volunteer aid to the sick and wounded of armies in time of war and in accordance with the Convention of Geneva.

2. To act in matters of voluntary relief and in accord with the military and naval authorities as a medium of communication between the American people and their Army and Navy.

3. To continue and carry on a system of national and international relief in time of peace, and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods, and other great national calamities; and

4. To devise and carry on measures for prevention of same.

Nothing is more significant of the condition of things, both at home and abroad, than is the insistent call for the continued activity of the American Red Cross.

A year ago we thought that the end of the work of the American Red Cross overseas was in sight. A year ago we thought that our program at home would be along lines similar to those of the years before the war.

It is something of a surprise, therefore, today to find how broad and far reaching are the tasks that the American Red Cross feels called upon to undertake, in response to the demands daily made upon it, and in fulfillment of the provisions of its Charter."

The Fifth Membership Roll Call, which occur simultaneously all over the United States, will be emphasized on Red Cross Sunday. The Red Cross work for the disabled ex-service men to whom this nation owes

such a tremendous obligation, relief of the starving and suffering children over seas, public health nursing in the cities, towns and rural communities of our own country which is building a sturdier and healthier next generation, community work among the children through the Junior Red Cross, nutrition classes to overcome the appalling high rate of malnourishment found among American children of rich and poor alike, first-aid and life-saving work to prevent the terrible death toll due to accidents annually in the United States, and the disaster relief work, which is so important a part of the peacetime program of the Red Cross, are some of the points emphasized in the president's call to the clergy of the country. In asking for the cooperation of the church and clergy in the tasks that are set before the Red Cross, that organization is offering a comradeship of common service for the common good in its organization of "The Red Cross of Peace, in the Service of Those Who Suffer."

THE OIL NEWS.

Crude oil has taken another jump to \$2.25 per barrel; it was predicted by some of the leading oil men several weeks ago when oil was at its lowest that when it did go up it would be rapid. Crude oil now at \$2.25 per barrel is worth as much to the operators on basis of present prices as it was when bringing \$3.50. Some more activity along is being shown in the wildcat sections. Several new wells are starting in the Mitchell county field and it is reported that the Conway well in southwest of Westbrook has considerable

oil standing in the hole. Work has been resumed on the Camp Springs well reporting that they are drilling around 685 feet. It is understood some more water has been encountered in this hole.

The Riley well is repairing some of their machinery and expect to be drilling again in the next few days. It is reported that Mr. Giffin, Manager of the company's interests, is leaving about the 15th of the month to take charge of the operations of a large company headquartered in Fort Worth.

The Jones well is shut down waiting for casing. a combination of sulphur, gyp and salt water was encountered around 1300 feet which has raised to the surface and making a small flow. Casing will be here this week to cut this water off. Casing has been reset in the Dunn well and the operators are reported as getting ready to go on down.

Mr. and Mrs. J. T. Weller were pleasant visitors at the Signal office, Monday. They came in to see the linotype work and the big presses running but they were not in operation. Come again. They always look forward to the coming of the Signal and left the wherewith for its weekly visit another year.

Miss Chloe Harris was down Sunday from Claremont to visit home folks. Miss Chloe is working in the Tax Collector's office at Claremont.

Jim Johnson and Miss Lillie Rogers, both of Gail, were married here last Wednesday at the parsonage by Rev. C. E. Jameson.

Presbyterians Have Social Meeting.

The members of the Presbyterian Sunday School enjoyed a very excellent luncheon at the church last Friday night. The gathering was well attended and the social features as well as the repast were delightful to all who attended. At the close of the entertainment the adult Bible classes of the school were organized.

The organization of the Men's Bible class is as follows:

H. W. Waterman, president; Ray F. Hardin, secretary-treasurer. Rev. C. G. Wright, teacher. Other members of the class, C. R. Buchanan, Noah Jones, W. F. Bertram, D. I. Rhodes, C. E. Ferguson, T. L. Higginbotham, J. A. Stallings, R. F. Manske, Sam Wilburn, D. P. Strayhorn, D. F. Wilson, H. C. Wilson, John Andrews.

This men's bible class is wide awake and proposes to do things. Brother Wright is a most excellent teacher, and all men, young or old, that are not members of some other Sunday school in the city, are most cordially invited to join this class. Go to Sunday school and by your presence and help add to the moral and religious sentiment of the community.

FORMER SNYDER MAN WILL BE FIRST ASST ATTY GEN.

Austin, Texas, Nov. 7.—Before leaving for Washington to represent the State of Texas in the Red River boundary case Attorney C. M. Cureton let his friends know that he will not be a candidate for Attorney General to succeed himself, "nor for any political office." This decision was influenced by the recent illness of Mr. Cureton and the overwork in the boundary case. Physicians have advised and urged Mr. Cureton to stop work at once, in view of recent heart attacks; but Mr. Cureton refuses to take a rest until the boundary dispute is finally submitted to the courts which will be some time next year.

It was generally believed in political circles that Mr. Cureton would be a gubernatorial candidate upon the expiration of his next term as Attorney General at the completion of Governor Neff's time-honored second term.

Keeling Not Candidate.

Coincident with the announcement by General Cureton, it was also learned authoritatively today that First Assistant Walter A. Keeling will leave the State's service about the first of the year and will not be a candidate for Attorney General to succeed his present chief.

Judge Keeling will enter private practice, probably in Houston. It is known that a large law firm has offered him a partnership and that he has conditionally accepted.

With both Cureton and Keeling out of politics no one is being groomed in the Attorney General's department to succeed to the title, and the State's next chief law officer will probably come from the outside.

It is understood that Assistant Attorney General E. F. Smith is slated to be elevated to the position of First Assistant when Judge Keeling retires. Mr. Smith is not a political aspirant.

With the exit of Mr. Cureton from public office Texas politics loses one of its most prominent figures. He has served in the Legislature with distinction and was First Assistant Attorney General before being elected to his present place. As a legislator he was the author of several important pieces of legislation, including the bank guaranty fund law and others. As Attorney General he has represented the State in a number of cases of the highest importance, including the railroad rate controversies, the attack on the national transportation act and the present boundary contest. Mr. Cureton wrote the State conservation statute.

Judge Keeling likewise has been identified with some of the most important litigation in which the state of Texas was a party, besides having written the prohibition law amendments, and was in charge of the dry enforcement. He came from Limestone County. Mr. Cureton is from Bosque County.

T. J. Broxson was in to see us yesterday. He was looking well and rejoicing over a nice big turkey he had received from his son, Charley. Mrs. Broxson told him that she could not cook that turkey because she did not have a pan big enough, whereupon a larger pan was immediately purchased.

Last Friday afternoon, under the auspices of the club extension committee of the Altrurian Club, a number of girls met for the purpose of organizing a companion club, to the Altrurian of younger women. After a brief discussion of the purpose and plans for the club, we adjourned to meet later.

Monday night we were received in the hospitable home of Mrs. H. G. Towle, by the Misses Trowbridge. The club was organized. Mrs. Bell served as temporary chairman, Mrs. Rob Strayhorn as temporary secretary. The following officers were elected: Miss Dorcas Porter, President, Miss May McClinton vice president, Miss Corine Trowbridge, Secretary, Miss Cecil Strayhorn, Treasurer.

Mrs. Tom Winston and Mrs. H. G. Towle very ably assisted Mrs. Bell and Mrs. Strayhorn in completing the plans for the club, offering valuable suggestions for making our year's work worth while.

Later in the evening a letter was read by Mrs. Strayhorn asking the clubs to cooperate with the teachers and schools for "A Better Speech Week." A motion was adopted that we endorse the plan suggested, after the business session was adjourned, we very eagerly entered into a "Get acquainted contest," in which we deciphered each members name through mysterious pictures. Forty-two was played. Miss Strayhorn winning high score. Mrs. Towle and Miss Lottie Mc Math assisted the hostess in serving refreshments to the following: Misses Palmer, Hailey, Pierce, Morton, Wickler, Rankles, Bolin, May, Strayhorn, Strayhorn, Riley, Clark, and McClinton. The Club will meet again with Miss May, Nov. 21.

Reporter.

Guy R. Scott state inspector of weights and measures, and a former resident of this city, was here for a few hours Friday shaking hands with old friends. He was detained for some time owing to the big wreck on the Santa Fe just north of Snyder, and consequently could not reach his home at Lubbock. Guy says that the State Market and Warehouse Department has adopted the slogan "One hundred per cent efficiency," and its business will be conducted in an efficient and courteous manner, ever looking to the interest of the masses instead of the classes. Mr. Scott will return to Snyder in the near future and inspect the various weights and measure devices of the city.

REV. ERWIN WILL HOLD REVIVAL MEETING

Rev. W. A. Erwin, will hold a revival meeting at the Presbyterian church beginning Sunday Nov. 13th.

It will be remembered the Rev. Mr. Erwin held a very successful revival meeting at Snyder some few years ago and he endeared himself to the people of Snyder for his masterful appeals and his consecration to the work in hand. He is a strong preacher a devoted Christian minister and his sermons will be a spiritual uplift to the Christian people of Snyder and a benediction to the unsaved.

He will be assisted by Mr. R. A. Frazer a choir director of considerable note, and who will be pleased to have the assistance of all singers in town.

Tax Collections Good For October.

Frank Brownfield Deputy Tax Collector says that \$3,158.75 was collected in the month of October, and 44 poll taxes.

This is a good showing for Oct. and shows that people are paying taxes sooner this year than common. This is because of the forward movement of the crop which is just about gathered this season.

He also stated that about \$3500.00 had already been received this month which indicates that November will be an unusual month for tax collections.

Earnest Taylor came in Wednesday from Fort Worth where he underwent an operation for appendicitis at the Protestant Hospital. Dr. A. R. Ponton performing the operation. Methodist Announcements.
We are delighted with the way we have been received. We have met with many friends of by gone days. The church reception given in our honor was well attended and we have been made to feel in every way that we are at home. It is our earnest desire to give to the people of Snyder and especially the Methodist church the very best service possible. With your continued co-operation this should be the very best year of your history. "Others have labored, and we have entered into their labours." The foundation has been laid by others and the building of a strong church is in progress. We have about 180 tithers with others giving it their grateful consideration. When we are 100 per

cent tithers, we can then support Missionaries, and help educate those whom God has called to special service. We do not want to be as the "Dead Sea", but let us as a church be alive and active, giving out to others as God has prospered us.

Preaching Sunday at 11 a. m., but on account of Revival at the Presbyterian church we will not have services in the evening with the exception of Epworth League. Let us help in every way to bring about a gracious meeting.

"The Store House Council" will meet in regular session Monday night at 7 o'clock at the parsonage.

A Joyful Story.
Lizbeth Ann Palmer, only child of a Los Angeles millionaire, but best known to her friends and the society reporters as "The March Hare," is found by her harassed father playing baseball on a corner lot with a gang of street urchins when she should be decorously on her way to the train to start with her chaperon, a spinster cousin, to New York to visit an aunt. The train has left but a thrilling motor race, of course driven by the impish and undaunted Lizbeth Ann, enables the travelers to catch the train at Pasadena.

The New York aunt hopes to secure valuable investment hints thru the daughter of her wealthy brother-in-law. A crooked butler overhears her confiding this mercenary hope to a friend, and coaches a feminine accomplice to impersonate the expected guest, arrive a day before the real Lizbeth Ann arrives and fleece the lady out of a lot of money on a fake investment.

Meanwhile Lizbeth Ann and her cousin reach New York, and decide to dine at a restaurant before calling up her aunt, Mrs. Curtis Palmer. There the high prices cause the cousin Clara Belle, to say that she doesn't see how poor people live in such an expensive city. Lizbeth Ann promptly bets that she can live for a week on seventy-five cents. She starts her career by slipping into the coat room, letting down her hair, and becoming an impromptu flower girl—having sent out and bought seventy-five cents worth of flowers.

As a flower vendor she is a complete success for she attracts the attention of a millionaire youth, who is dining there with his parents, and he is so moved by Lizbeth Ann's tale of poverty and hardship with a drunken grandmother that he begs his mother to take the girl home with them.

With these kind people, she goes to dine at the home of her aunt, where the imposter, posing as Mrs. Palmer's niece is enjoying herself, wearing the clothes she has taken from the real Lizbeth Ann's trunk, which has already arrived. Lizbeth Ann is at first dumfounded at the mystery, but presently sees through the imposter's scheme, and how she

outwits the pair of thieves and clears up the mystery makes one of the people comedies ever brought to the screen. At Cozy next Friday.

Why Suffer?

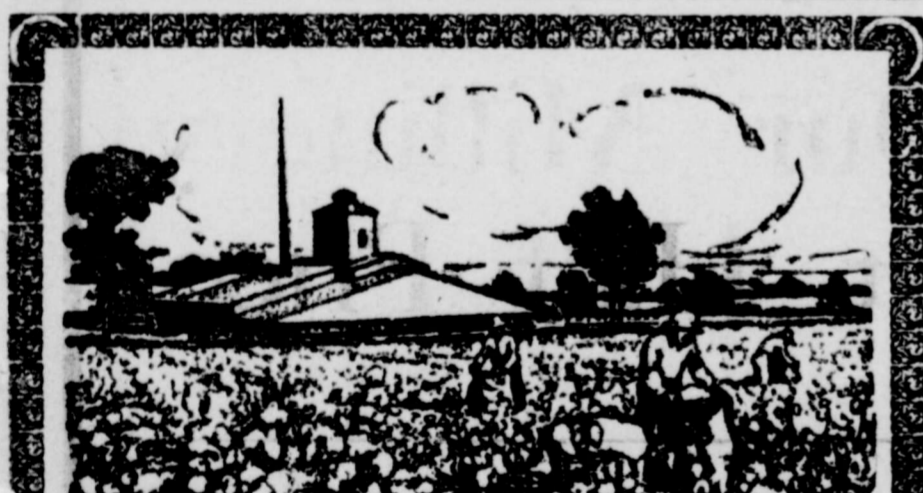

Cardui "Did Wonders for Me," Declares This Lady.

"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back — especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset.

TAKE CARDUI The Woman's Tonic

"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made." Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your trouble.

are preparing to feed calves this winter for the early spring market. Kaffir and Maize in the bundle ground find with a certain per centage of cotton-seed meal will form the ration from 90 to 120 days according to the desires of the feeder. This feeding is being conducted along the lines of the Post City experiments which have proved so profitable during the past year. Our feeders seem to think that if the calves can be finished and sold for \$c on the market they will stand a chance to make a profit and any price over this will make it so much the better. At present the live stock market is being flooded with calves ranging from 275 to 400 pounds, each one of which could be made into baby beef by feeding. Experiments with cattle running from 18 months to two years old have not proven so profitable as the calves.

The cattlemen have started and if our farmers will now make up their minds to develop poultry, hogs and dairying there is no reason why Scurry county should not prosper from now on out. The drouth is always before us but Scurry county would certainly be in better shape to be well stocked with these products than to have on hand a lot of broken down dusty farm machinery and other worthless and unsalable junk.

From J. S. Hardy.
 Amarillo, Texas, Nov. 7.
 To the Signal:

I am gratified to read in the Signal of the evidences of prosperity in Scurry county. Take it on a level I believe Scurry is on a par with the best counties in West Texas and the general tone of business is better over the West than in South and East.

I have been in Amarillo now more than a month and have not seen a bale of cotton, yet the farmers here seem to be prosperous. Business is well alive in all lines and new factory institutions are locating here because of the abundance of natural gas.

The great convention of the world war Buddies is to be held in Amarillo, next Friday and we are expecting a big delegation from the Will Layne Post, then on Dec. 7 to 11 will be the Tri-State Poultry Fair. All the Poultry raisers of the Panhandle-Plains country will be here and West Oklahoma, Eastern New Mexico, and West Texas will be here to see and show the activities in that growing industry. We hope to see many Scurry county poultry people here.

LIKABLE UNIVERSAL STAR COMING IN WESTERN ROLE

Harry Carey has his most dramatic and sympathetic role in "Desperate Trails," the Universal photodrama which is to be shown at the Cozy Theatre for the first time locally on Monday.

Courtney Ryley Cooper wrote the story for the Red Book Magazine where it was widely read and Jack Ford directed its production at Universal City and in Trukee, the picturesque snow-country of California. The story deals with a man who goes to prison for another, finds that the girl he thinks he loves is unfaithful and returns to marry the widow of the man who caused his trouble.

Remarkable photography of the work of Harry Fowler, gives a thrilling dramatic quality to the big emotional scenes where the star is seen staggering across the trackless white immensity of snow to escape from the man-hunters who pursue him as a train robber. Irene Rich, beloved among playgoers for her natural grace and sincerity, is Carey's leading woman while Barbara LaMar, a talented brunette beauty, plays the role of the unfaithful girl with dramatic power and daring.

Cleverly woven into the story are two adorable kiddies, children of the woman the star eventually marries, who provide just the needed touch of pathos. The roles are interpreted by little George Stone as "Danny Boy" and Helen Field as "Carrie." George Seigmann who won his first dramatic laurels as the insolent negro in "The Birth of a Nation," has a subtle and humorous role as the sheriff while Ed Coxen and Charles Insley play their characterizations with punch and vigor.

"Desperate Trails" will be particularly pleasing to playgoers who like the noted star in fast action with a strain of pathos and humor to give his remarkable histrionic ability full scope.

THE STATE OF TEXAS.
 To the Sheriff or any constable of Scurry county, greeting:

You are hereby commanded to cause to be published once a week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in Scurry county, the following notice:

THE STATE OF TEXAS:
 To all persons interested in the welfare of Ruth Warren and William Clinton Warren, Minors, The First State Bank & Trust Company of Snyder, Texas, has filed in the county court of Scurry county, an application for Letters of Guardianship upon the personal and real estate of said Minors' Ruth Warren, a girl, aged 14 years, and William Clinton Warren, a boy, 12 years of age, which will be heard at the next term of said court, commencing on the 2nd Monday in November, A. D., 1921, the same being the 14th day of November, A. D., 1921, at the Court House thereof, in Snyder, at which time all persons interested in the welfare of such Minors may appear and contest said application, if they see proper to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Snyder, this the 27th day of October, A. D., 1921.

KATE COTTEN, Clerk, County Court, Scurry County, Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original Writ now in my hands.

J. H. BYRD, Sheriff, Scurry County, Texas.

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
 To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon Mrs. Ellen K. Scott, B. P. Scott, A. D. Scott, W. T. Reese, J. H. McBride, L. L. Dragoo, C. D. Woods and I. M. Dragoo and Allie Dragoo, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District court of Scurry county, to be holden at the Court House thereof, in Snyder, Texas, on the 4th Monday in December, A. D., 1921, the same being the 25th day of December, A. D., 1921, then and there to answer a petition filed in said court on the 18th day of October, A. D., 1921, in a suit, numbered on the docket of said court, No. 2202, wherein Floyd Shock is Plaintiff and P. S. McDermott et al are Defendants, and said petition alleging that heretofore to-wit: On June 12th, 1911, defendant made, executed and delivered to P. S. McDermott his ten promissory notes, the foremost 9 being for the sum of \$200.00 each and the tenth for the sum of \$1700.00, interest thereon from date at the rate of 8 per cent per annum, payable annually, notes due one each year after date, providing for ten per cent on amount due as attorney's fees, if placed in hands of attorney for collection payable to P. S. McDermott or order at Snyder, Texas. All notes paid except last. Notes secured by vendor's lien on section 771, Block No. 97, H. & T. C., Ry. Co. survey in Kent County, Texas, lien retained in deed from McDermott to plaintiff. That said last note is owned and held by plaintiff, is past due and defendants have refused and failed to pay the same or any part thereof. Interest due thereon from June 12th, 1920. Plaintiff being unable to collect same has placed same in hands of his attorney and agreed to pay him the ten per cent due thereon as attorney's fees, as in said note specified, which is a reasonable and customary charge in the premises. The defendant Ware has since sold said land to defendants I. M. Dragoo and Allie Dragoo, who assumed the payment of said

notes in the deed of conveyance. That all other defendants are claiming some interest in said land which plaintiff avers to be junior and inferior to his interest and claim in and to said land. Plaintiff prays judgment for his debt, principal, interest and attorney's fees against defendants Ware, as maker, defendant McDermott as indorser and defendants I. M. Drago and Allie Drago as having assumed the payment of said notes, that all rights between plaintiff and defendants be adjudicated, costs of suit, foreclosure of his vendor's lien with order of sale, etc. For general and special legal and equitable relief. For a more complete statement of Plaintiff's cause of action, reference is hereby made to Plaintiff's Original Petition, now on file in the office of the Clerk of the District Court, in and for Scurry county, Texas.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my Hand and the seal of said court, at office in Snyder, Texas, this the 18th day of October, A. D., 1921.
