THIRTY-FIFTH YEAR

SNYDER, SCURRY COUNTY, TEXAS, FRIDAY, NOVEMBER, 25, 1921.

NUMBER TWENTY-FOUR

BOY SCOUTS TO BE CITY'S PROTECTORS

Arrangements have been made to make the boy-scouts members of the Junior Snyder Fire Department. They will wear badges when on duty and act as traffic police and messengers under direct command of the regular firemen. They will have full authority as officers to stop or turn traffic, to guard hose and to have right of way as messengers when wearing their badges during a fire and will have full backing of the department and the city marshal at such times.

Any question as to authority coming up between them and the public while they are on duty should be referred to the chief of fire-department or to the city marshal.

They will not ride fire apparatus nor be in any immediate danger and disobedience of orders will bring their immediate dismissal from the department.

They will be given instruction on fire prevention and other things along this line and the regular department regards them as a valuable addition, especially if we should ever be so unfortunate as to have a conflagration (a fire which spreads and jumps long distances before a high wind) and this move is along the Scout motto of "Be Prepared."

Mr. Yoder, chief of Fire Department, gave them a talk on last Scout meeting night along these lines and will do so from time to time. He will give them instruction in fire prevention and of the work generally.

This will be a splendid training for the boys while they can give valuable service.

Study Club Organized.

A number of ladies met at the court house Tuesday afternoon and organized a study club. The name "Twentieth Century Club," was chosen. The following officers were elected: Mrs. Nelson Dunn, president; Mrs. R. W. Webb, vice-president; Mrs. J. J. Taylor, secretary; Mrs. G. H. Leath, corresponding secretary; Mrs. Earl Brown, treasurer; Mrs. W. W. Gross, reporter. A committee was appointed to recommend a course of study and report at next meeting. The meeting adjourned to meet with Mrs. J. J. Taylor November 30, 1921, at three thirty.

J. W. Green said he had been rather indisposed since returning from his trip to the old confederate reunion, but was able to attend a big thanksgiving dinner Thursday. A person would have to get mighty bad off to refuse a turkey dinner.

Scott Stanfield and Miss Golda Bell Sims were married Wednesday evening by Rev. E. Christian at his home in North Snyder.

UNUSUAL INTEREST IN THANKSGIVING SERVICE

The yearly Thanksgiving service was held yesterday morning at the Baptist church, and probably no Thanksgiving service in Snyder in previous years has been so well attended as this one.

Rev. Jeff Davis, pastor of Baptist church conducted the service and expressed his appreciation for the unity of the community in offering up Thanksgiving to our Heavenly Father, the giver of all.

Opening prayer by Hon. Fritz R. Smith. Scripture lesson by Rev. C. G. Wright, 107th Psalm. Prayer by Dr. W. A. Erwin, evangelist. Solo by Mr. Frazer.

Sermon by Rev. C. E. Jameson. He took his text from the 2nd verse of the 107th Psalm. He gave a masterful address in which he enumerated the many reasons for which the people of our city and of our country should be thankful. Are we really thankful? He asked, unless we show not only by our heart, but by our hands and our feet and our very being and action that behind our good in-

ten-tion there lies an active gratitude.

At the close of the sermon Mr. E. J. Anderson conducted the offering. The offering was started with \$50.00 by the Snyder Commandery. At this time Bro. Davis said he had a letter with the request not to open until the collection started and it was found to be an offering of \$50.00 to the United Charities of Snyder from the Invisible Empire of the Ku Klux Klan of Snyder. Total offering amounted to \$1,120.75.

This offering goes into the United Charities fund which will be handled by five or six men represented by the different denominations of the city and will be used for alleviating distress in destitute conditions and all worthy causes.

Bro. Davis in closing the service said he had been at many thanksgiving services where offerings were made, but this was the best one that he had ever seen, for a city the size of Snyder.

"How excellent is thy loving kindness, O Lord, praise ye the Lord."

PREBYTERIAN REVIVAL CONTINUES IN INTEREST

The series of revival services conducted by Dr. W. A. Erwin at the Methodist church continues with increased interest from time to time. The services are held each evening at 7:30 and the crowds continue to grow larger as they hear the masterful discourses by Rev. Mr. Erwin.

Dr. Erwin is a refined and scholarly speaker and yet so plain that a child can understand. His sermon last Sunday on the resurrection of Christ was very enlightening, in that his explanation and proofs were so conclusive that the most exacting minds could not help but grasp the great fundamental truths. So also was his sermon at night on the Divinity of Christ.

All denomination of the city are attending and are represented in the choir. We want to say that the co-operative Christian spirit that prevails in Snyder now is a spirit that will win. All Christian people will be revived because of Bro. Erwin having been in our town, and the fruit of the Gospel will sink into the heart of the unsaved and in the end bring forth fruit abundant.

The choir, led by Mr. Frazer, is contributing its part in song.

A movement was launched a few days ago at San Antonio to reduce the Texas Legislature from 141 to 40 members. This movement seems to be meeting with some approval and probably would be worth considering if those forty members would be given ample salaries to make it interesting.

Mrs. Joe Johnston, Sidney Johnston and Miss Georgia Johnston of Govee were here a few days first of the week, visiting their brother, A. Johnston, and family. They were also accompanied by two cousins of Mr. Johnston's, Lloyd and Joe Lee Stratton.

Mr. and Mrs. Herbert Christian, Livy Christian and Mrs. T. G. Lawrence, all of Anson, were guests of their parents, Rev. and Mrs. E. Christian, on Thanksgiving day.

Girl Wins Pig Club Prize.

What a girl or boy can do and the future possibilities of the hog in the Panhandle of Texas is brought out in Donley County by Miss Marie Bowers, a girl thirteen years of age. Last spring, Mr. Roy W. Hendrix, our county agent started a Boy's Pig Club and in a short time Miss Marie Bowers was added to the Club. She with her father went to the farm of Mr. W. L. Butler & Son near Lella Lake to purchase a pig and picked out what to some people looked like a little stunted pig, but Marie saw the future possibilities of that pig and again her

good judgment buying it on time and giving her note for \$75. due this December. She brought the pig home, put it in the stock yard and fed her regularly as well as giving her exercise every morning. This pig was seven months old when Marie purchased her and fed her \$8.50 worth of feed consisting of maize, corn meal (cooked), kaffir and corn and plenty of milk.

As Marie was anxious to have her pig ready for the Donley county Fair at Clarendon, September 22nd to 24th, she started brushing and giving the pig her daily bath, and the night before the Fair she put the pig in wagon and started to town. The next morning Marie took her pig to the pen and when the day came for the judging, she was the only girl among the crowd of boys, each one driving their pig around for the judges to pass upon; and Marie's pig won over all the Club as well as the champion and grand champion, making three prizes in all.

Next she went to Pampa, Texas, and at this place she again won champion as well as grand champion. Marie has sold her pig for \$300.00, making a very handsome profit on same and says she will join the Pig Club in Donley County for another year.—Clarendon News.

This same thing could be done in Scurry county.

REFUSES SUSPENDED SENTENCE GETS 5 YEARS

Sweetwater, Texas, Nov. 19.—Recently here in District Court a young man was tried on a charge of stealing an automobile. He pleaded guilty and was given two years in the penitentiary with the sentence suspended. Later his father became dissatisfied with the verdict, employed two lawyers to apply for a new trial and to fight the case. Judge Leslie granted the new trial and the new trial proceeded before the jury and resulted in the young man getting a verdict of five years in the penitentiary without the suspended sentence attached.

It has not been announced whether an appeal would be taken on the case.

AMERICA MUST PREPARE FOR FUTURE

Rear Admiral Bradley A. Fiske of the United States Navy, in an article "America Must Prepare for Future," says our armament is unequal to enforcing open door, that our indulgence, luxury, pleasure, and unpreparedness threatens this nation. He says:

"So long as we Americans regard the making of money as our only aim in life, and the spending of money on luxuries as our only pleasure, so long as we travel 'the broad road that leadeth to destruction' at the hands of Japan or some other virile people."

It is inconceivably silly for any nation to think that it can go on indefinitely increasing its foreign trade entering into competition with other nations and telling them what they ought to do and yet keep out of war. The attempt has been made many times and has failed many times. And it is equally silly for any nation to think it can go on amassing wealth and taking no proper measures to protect it without being robbed of its wealth some day, just as men are now being robbed every day, right in our finest cities.

It may be true, we do not know. Yet it seems a sad contemplation that nations should always be preparing for war with the specific thought that war will be. This reverts itself to a state of being. With the disarmament conference now in session, it is to be hoped that the state of mind may be changed so that our thought will be on disarmament and no wars, rather than wars and preparedness.

Sunday with the Baptists.

It is earnestly desired that a full attendance of the membership be had Sunday at the Baptist church. The pastor will preach at the morning hour. No services at night absent the Presbyterian meeting. Let every member be present at the Sunday school and eleven o'clock services. A special service.

Jeff Davis, Pastor.

Fluvanna Methodist Church.

Our attendance at Sunday school last Sunday Nov. 20, 1921, was a little short on account of the bad weather. Prof. Geo. M. Boswell, our superintendent, made a short, helpful talk.

After Sunday school, Bro. Terrell took charge.

Text 20th verse of Second Chapter of Galatians.

Brother Terrell preached on "Christian Perfection." We all felt well paid for having come out to the house of the Lord and were made to feel anew, "Whosoever is born of God doth not commit sin; for his seed remaineth in him; and he can not sin, because he is born of God."

Thanksgiving services will be held at the Methodist church, Thursday morning, Nov. 24, 1921, at 10:30 o'clock. All churches of the town are to take part.

On last Monday evening a few of the Methodist women met at the church to organize a W. J. M. S. Mrs. J. I. Payne of Sweetwater met with us.

Though we were few in number we felt we could claim that blessed promise: "For where two or three are gathered together in my name, there am I in the midst of them."

Everybody seems to be for disarmament and yet if some "interest" wants to start a war we will all become patriotic (?) and want to fight.—Ennis Local.

Snyder's population would be considerably increased if there were more housing facilities. There is a big demand now for rent houses and none to be had. Money put into some rent houses in Snyder would be a good investment, it seems to us.

Josephus Daniels, former secretary of navy, says people want no more wars, that they are clamoring for a world understanding to prevent war fare. "Some day may we not hope? That some wise man with terminal facilities in his speech will rise in the conference and thrill the body by saying "the way to disarm is to disarm." It is certain we will never get it done until we get "out of the sea of verbosity into the narrow channel of action, and direct action."

Much favorable comment is being heard on all sides at the splendid progress of the Snyder Schools and the very efficient work being carried on. The management of about 800 school children is a big undertaking and if you don't believe it try it. We cannot say too much for the faculty and hope they will receive the splendid co-operation they are now getting from the parents all thru the year.

Now is the time to subscribe for the Signal. \$1.50 per year.

Former Vice President Thomas R. Marshall says:

"Why should we loftily declare that each other nation is looking after itself when we, ourselves, refuse to forget ourselves and insist that the sum of our duty is to look after America? There is no hope for limitation of armament, no hope of our helping to form an association of nations, no hope of our joining the existing League of Nations, until we frankly admit that hitherto our policy has been a personal policy. We must in justice concede that every other nation also has a personal policy and a right to advocate it. If we are unwilling to criticize ourselves for our boasted isolation and our spirit of self-determination, justice demands that we do not criticize any other nation for maintaining a like attitude."

Mr. Blanton challenges his 17 colleagues who are congressmen from Texas singly and collectively in joint debate in several of the larger cities of Texas. Press reports state that they will not heed his challenges.

J. B. Adams from out about Union was in the city Tuesday feeling fine because he was done work. Mr. Adams has made a good crop and like lots of other Scurry county farmers believes in diversification. Hogs, chickens and cows in connection with maize corn and cotton is mighty good mixture and the farmer that plans that kind of a schedule is going to be winner.

The Plainview Poultry Show which is known as the West Texas State Poultry Show has just issued its booklet of premiums which are very attractive and which no doubt will bring into competition exhibitors from all over the country. Several special prizes are being offered including gold and silver medals from the National Associations. The Southern Meet of the American Bantam Association will be held at the same time and several hundred entries in these classes have already been received.

Patrons Please Pay.

Persons who patronize papers should pay promptly for the pecuniary prospects of the press have a peculiar power in pushing forward public prosperity. If the printer is paid promptly an idis pocket-book kept plerotic by prompt paying patrons, he puts his pen to his paper in peace. His paragraphs are more pointed, he paints the picture of passing events in more pleasing colors, and the perusal of his paper is a pleasure to the people. Paste this piece of proverbial philosophy in some place where all persons can perceive it.—Exchange.

The political bees are beginning to sing and from the number of entries over the different counties, it looks as if there was going to be a good line of aspirants for the different offices. Scurry county, no doubt will have her portion, as they are beginning to buzz around now. That will be a great time, everybody will be happy, we will all have a big time and everybody get elected.

Mary Alden, who plays the role of Mother in "The Old Nest," the Reginald Barker Production, a Goldwyn offering, which comes to the Cozy Theatre for tonight, has played in many countries on the stage. Born in New Orleans, she first acted in London in Shakespearean roles. She is of French descent. Her most notable work has been under D. W. Griffith and with Goldwyn.

Snyder Doctor Visits Amarillo.

Dr. and Mrs. W. R. Johnson of Snyder, Texas, were in Amarillo Wednesday in response to a message advising them of the illness of their son, George, at St. Anthony's Sanitarium.

George Johnson is employed in the sales department of the E. E. Finklea Jewelry Store. He was taken to his home at Snyder until he can fully recover.

Dr. Johnson was very much impressed with Amarillo but steadfastly maintains that he lives in the best town in the world.—Amarillo Tribune.

Notice.

The Fire Department is frequently delayed in going to fires by people getting in the way of the truck and of members of the department and refusing to give them right of way. This is to advise everyone that fire apparatus has the right of way when going to a fire and any one delaying us can be arrested and fined for such action. A volunteer department has enough handicaps without being held back by carelessness or thoughtless people getting in the way.

Permit me to say that I accept the position with the greatest pleasure. Words are inadequate to express my high appreciation of this great honor you have conferred upon me."

It transpires that the marriage is legal. The girl will not have it dissolved because it protects her from a villainous suitor. This suitor attempts to ruin the bank and has the schoolmaster whipped by night riders, but the schoolmaster comes back with an amusing rescue of the bank, turns the tables on the villain and wins the girl in dead earnest.—Harrison.

Catarrrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrrhal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the Blood on the Mucous Surfaces of the System. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. **ONE HUNDRED DOLLARS** for any case of Catarrrhal Deafness that cannot be cured by **HALL'S CATARRH MEDICINE**. To Those Who Own Their Homes This Thanksgiving:

WE, WITH YOU, are indeed grateful to an all-wise God that we own our own homes and that our families are protected in this way, and let us continue in this feeling of gratitude. And, by the way, if we get down and work harder and save a little more, our next thanksgiving should show us even greater returns for our work.

To those who do not own their homes, you should be thankful that you are in good health and able to work, and we frankly believe that if you will bear down a little harder and take the bit in your teeth and come in and advise with us, that we can show you how to own your home and be one of the many happy, independent farmers of Scurry County. Try us.

We have a farm 120 acres, all deep red catclaw land, 5 miles from Snyder, 1 mile of good school, fine water, well improved over the average, about 90 acres in cultivation. Price \$40.00 per acre. Easy terms.

Southern Baptists Wage Vigorous Warfare Against Tuberculosis In This Section

FOUNTAIN PLAYS IN CENTER OF TWO COURTYARDS BETWEEN TWO INFIRMARIES

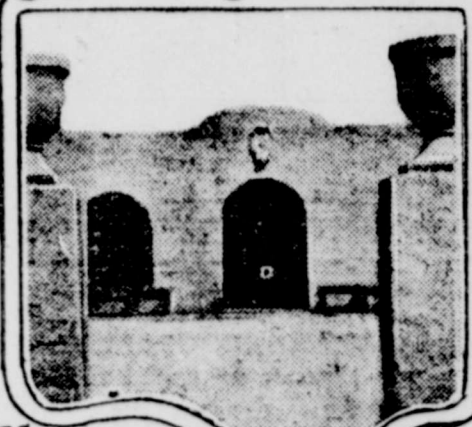

In one of the most extensive fights that has ever been made by any religious body in America for the eradication of disease, Southern Baptists, through their Home Mission Board, have undertaken the task of combating tuberculosis in the 18 states comprising the territory of the Southern Baptist Convention. The first step in this direction was the recent establishment on a tract of 143 acres at El Paso, Texas, of the Southern Baptist Sanatorium, where \$500,000 from the 75 Million Campaign has been invested and where \$500,000 more will be placed by the end of the Campaign period. The institution is located at an altitude of 4,500 feet on the side of Mt. Franklin and commands an excellent view of the mountains of New Mexico, Western Texas and Old Mexico, whose border is only six miles distant. Dr. H. F. Vermillion is superintendent.

Included in this plant at present are the administration building, the newly completed women's infirmary and men's infirmary, a heating and refrigerating plant and the superintendent's quarters. Provided for in the building plans for the future are a medical and educational building, nurses' home, children's building, dormitories for convalescent patients, an occupational and vocational therapy building, chapel, laundry and minor structures.

150 People Die Daily.

Indicating the need of additional effort looking to the elimination of tuberculosis in the South, reliable figures gathered by the public health agencies of the South and the Nation show that there are 150 deaths daily from tuberculosis in the 18 states comprising the territory of the Southern Baptist Convention, making the annual death toll of the white plague in this section of the country alone

57,782. The death rate from tuberculosis is 14.2% higher in the South than in the Nation as a whole. One reason for the exceedingly high death rate in the South is the great prevalence of the plague among the negroes who are especially susceptible to tuberculosis, the death rate among them being three and one-half times that among the whites. But inasmuch as the negroes will doubtless continue to be intimately associated with the whites in domestic and other work in the future, the whites will never be safe from infection until the negroes, as well as the whites, have been freed from the plague.

It has been estimated that the total economic loss from the ravages of tuberculosis in the South is \$175,000,000 a year, and in projecting their warfare against the plague the Baptists hope to greatly reduce this loss, as well as to save the life and promote the health and general efficiency of the whole people.

Would Educate the People.

In addition to providing treatment for persons who have already con-

INVITING CORNER OF MEN'S INFIRMARY

tracted tuberculosis, the sanatorium is carrying on an educational work that seeks to inform the public at large through the printed page, as to the danger of tuberculosis, how it can be avoided and how, once it is contracted, its progress can be arrested through proper sanitary measures at home. Other phases of the educational program include the training of workers inside the sanatorium and occupational and vocational work for patients. The extension department is widely disseminating literature on how to combat tuberculosis. An endowment fund that is being created for the institution will make possible a much larger circulation of literature and will also enable the institution to take care of indigent patients.

The sanatorium is at present seeking to devise special plans whereby it can serve the negroes of the South in combating tuberculosis. It is felt that the negroes' inability to help themselves in the matter entitles them to this consideration and that this assistance should be given, furthermore, as a means of self-protection on the part of the whites.

Other Phases of Baptist Work.

In addition to the Tuberculosis Sanatorium, Southern Baptists have a string of seventeen regular hospitals in operation and seven others under course of construction. This hospital property is valued at approximately \$7,000,000 and these institutions last year treated 46,000 patients, many of them being charity cases. Southern Baptists also operate 19 orphanages in which approximately 5,000 orphan boys and girls are cared for, educated and trained for Christian citizenship.

1400 HEREFORD CALVES FROM THE BRITE RANCH

Mr. W. A. Johnson of Snyder, Texas, has just finished shipping to his ranch near Snyder 1400 head of pure bred Hereford calves which he purchased from the herd of L. C. Brite at 6 cents per pound, weighed at the Brite ranch. This is probably the highest price paid within the state this year, but considering the quality of the calves purchased, is a bargain.

Mr. Johnson is an old timer, but an up to date cattleman. He attended roundups as a cowboy on the Concho and Colorado Rivers of Texas as early as '79. He built up and owned one of the most famous Hereford herds of Texas, but owing to declining health, disposed of it and leased his ranch several years since, but has now fully recuperated in health and the lease on his ranch having expired, he decided to restock, but instead of putting in 30 years' time building up a herd as was his previous experience, he decided to buy the best obtainable to start with. Mr. Johnson visited the Brite ranch about two years ago, looking the cattle over, and knew where to come to find what he needed.

Mr. Johnson is an expert judge of cattle and has proven his ability not only as a breeder, but is a recognized authority on feeding and finishing beef cattle for market. He captured "first" for a series of years at the Fort Worth Stock Show on cattle of his own breeding and feeding.

Mr. Johnson selected a car of steer calves from the Brite herd which he intends to finish for show, and cordially invites all those who are raising the "just as good" kind to meet him at the Fort Worth Fat Stock Show next March in friendly competition with a sample of his herds. —The New Era, Marfa, Texas.

Ballinger, Texas, Nov. 18.—A car load of dressed turkeys, consisting of about 2,500 birds, weighing more than twenty tons, was loaded out from here by fast express today for New York. The turkeys were dressed at a local dressing plant during the last four days, packed in barrels and shipped in an express refrigerator car.

The car load represented about \$10,000 in cash which was turned into the pockets of the poultry growers. A car load was shipped out by local express to Texas markets, making two car loads for the week.

The Parent-Teacher Association of Snyder, met in regular business session Thursday afternoon. There were about 47 present, 4 of whom were fathers and we had a very enthusiastic meeting and a good program was rendered. A picture was given to the room best represented by parents and Miss Palmer won with a representation of nine.

The treasurer reported \$263.14 taken in and \$121.76 paid out, leaving a balance of \$141.38. Mrs. Funk offered her resignation as corresponding secretary, and it was accepted with regrets. The Altrurian Club asked that we co-operate with them and the Red Cross in getting a merit worker for our city schools for the duration of two months. Most of the discussions were in favor of the movement and finally the motion carried that we assist them in this work, if they decided to take it up.

At the suggestion of Mrs. Whitmore, we gave a rising vote of thanks to Mrs. Thrane, for her effort in getting up the Halloween Carnival and to The Snyder Signal, for the kindness and generosity shown us. The meeting broke up amid a general distribution of bouquets.

It is no longer necessary for young people of this part of Texas to travel long distances to reach a school qualified to teach them practical office methods. There is now a school at Weatherford, the Texas Business College, that offers every advantage of Eastern schools in preparing young men and women for well paid office positions. A unique feature of the training is a special course in "How to Market Your Services." This instruction teaches students how to get and hold the better class of positions and no extra charge is made for this novel service. A home Study Department is another new feature for those who find it impossible to go to Weatherford. The new term opens just after the Christmas Holidays. Write the President, T. H. Snyder Boys Making Good at Canyon.
Roy Golden and Charley (Salley) Byrd, both of Snyder, Texas, are not satisfied with being from the same town. They even insist on playing side by side on the Normal football team. Of course they have been insistent only in actions, but they have displayed a brand of football that has been sufficient argument at least, to Coach Burton, that they were the men for the places.

Byrd plays left guard and Golden left tackle, and they take care of their side of the line to the satisfaction of students and coaches. Golden suffered a slight injury to his side in one of the games, that caused him to miss some of the games, but he is back in the line now with the war cry, "Let's go gang," that makes the whole team fight the harder.

Byrd had a slight injury to his foot early in the year which caused him to miss the Clarendon game, but he has been making up for it in the others. In the Simmons game at Abilene on Nov. 5, Byrd played head and shoulders above all opponents who were placed against him. Even the Captain of the Simmons team was forced to retire from the game as he could not resist the onslaught of the big boy from Snyder.

"A new effect is to have trousers shirred or plaited immediately above the spot where the center crease terminates. This helps to make one's trousers fit better and wrinkle less. RETAIL MERCHANTS ASSOCIATION ORGANIZED

A Retail Merchants Association was organized Monday with E. J. Anderson, President and H. W. Waterman, Secretary.

Of course, everyone is familiar in a way, as to what a retail merchants association is and its workings.

It will be the aim of the local association to be affiliated with the State organization, thereby gathering information that otherwise would not be available.

Mr. Waterman, who was made secretary says that the merchants of Snyder were anxious to form an organization and were readily going into it.

The retail merchants association will be the means of establishing a sound, local, commercial business and create a better understanding between the merchant and customers building up a closer relation based on sound business principals. Anything that tends to bring the retailer and consumer closer together and promote a better understanding is a good thing and should be encouraged. To avoid the pitfalls it is necessary that all business be run in a business way. While it is not the intention of the retail merchants association to eliminate the credit system, but rather to eliminate the unprofitable conditions arising from the credit system and giving the legitimate customer a wider margin upon which to operate.

Mr. Waterman immediately took up the work and the association will soon be in good working order.

DOROTHY PHILLIPS STARS IN AMBITIOUS FILM

Aurora Meredith was the pet of the family. Her good looks and sweet voice singled her out as a little better than the rest of the household, and she accepted the sacrifices of her parents and sisters as a matter of course. At the graduation exercises her voice attracted the attention of a visitor from the big city who offered to send her abroad to study for grand opera. Her selfish little soul delighted at the opportunity and she left home without regret. How she finally achieved her greatest desire won fame and admiration and suitors waited upon her pleasure, and

how she found all this worldly success to be dross and vanity compared to her mother's love and the devotion of her girlhood sweetheart, are told in the latest Universal-Jewel production, "Once to Every Woman," starring Dorothy Phillips and directed by Allen Holubar, which will be shown at the Cozy Theatre on Monday.

The combination of Dorothy Phillips and Allen Holubar, which gave the screen such masterpieces as "Paid in Advance," "The Heart of Humanity" and "The Right to Happiness," has again resulted in what the critics have declared to be a photodramatic masterpiece.

Dorothy Phillips, from all accounts appears at her best in the role of the

haughty country school girl who becomes a famous prima donna with the world's celebrities at her feet. She is supported by a brilliant cast, including Robert Anderson, William Ellington, Rodolph Valentino, Frank Elliott, Mrs. Margaret Mann, Emily Chichester, Elinor Field and many others. As a production, "Once to Every Woman" is a scenic triumph, no expense having been spared to make it a fitting successor to "The Right to Happiness."

"Bonds of Love" (Goldwyn).

Pauline Frederick is presented in a finer role than usual in "Bonds of Love" and makes the most of her dramatic opportunities. Her spirited acting and that of Frankie Lee, who played the crippled boy in "The Miracle Man," hold attention closely in a story which would be tame at the outset but for a stirring motor boat chase, in which the little boy is rescued in a daring fashion. As governess to the child of a widower still mourning an idealized first wife it is plain to be seen the star will become the second wife of her employer.

The new wife's position is a trying one, but she asserts herself with dignity and common sense. She is most annoyed by a room in which the first wife's effects are carefully preserved, and there she comes upon a remarkable discovery through a letter secreted in the back of a picture. It reveals that the much idealized first wife was false to her adoring husband. The ex-governess decides to get possession of all letters incriminating the first wife and destroy them for the sake of the little boy. In doing this she seriously compromises herself until the husband discovers that he has not been deceived by the young girl who put his house in order, but by the one he has been idealizing. It is a play for mature persons, especially married women, and it held close attention at the Strand, where it was presented in good style.

C. B. Alexander of Dermott was here Monday doing county court service. He reports cotton practically all out. Said he had 100 acres in wheat that was up to a good stand, but was getting pretty dry for it. They had a rain in September that made it possible to get the wheat up.

Tom Manning was in the city Saturday mingling with the crowd. He visited the Signal office while here and told us that his hat was in the ring, and at the proper time would make his announcement.

HER SUFFERINGS WERE TERRIBLE

Muskogee Woman Says She Was In Wretched Health Before Taking Tanlac—Feels Fine Now.

"Before I got Tanlac my health was so bad I could hardly hobble around my room, but now I'm in such fine condition that I take care of my housework without a bit of trouble," was the statement made by Mrs. T. J. Bequette, 305 S. Second St., Muskogee, Okla.

"About a year ago I had a severe attack of indigestion which I think affected my nervous system. Anyhow, my feet and limbs got in an awful fix. At first the nerves in my feet seemed to be dead, for they felt perfectly numb; and then my feet got to hurting so bad I could hardly stand it, and the pains ran up into my hips and back. The way I suffered was simply awful, and the indigestion caused a terrible pain in my stomach and side that kept me feeling miserable all the time. I could scarcely be up at all and had to spend most of my time in bed.

"A friend finally advised me to try Tanlac, and I'm so happy over the good health it has given me that I advise every sufferer I see to try it. Why, it helped me right from the start, and I haven't had a sick day since I finished my fourth bottle. I assist my husband every day mousing and trimming photographs beside doing all my house work."

Tanlac is sold in Snyder by Grayum Drug Co.

J. M. Appleton of Hermleigh was in town Saturday. Mr. Appleton says the Home Oil Co. is putting up a derrick on a location southwest of town on the Burris farm, and that they are making all preparations to drill.

Mrs. T. J. Thompson returned Monday from Fort Stockton where she has been for the past three weeks. She reports the arrival of a fine boy at the home of Alf Harrah, who was once a resident of Snyder. Mrs. Thompson reports a pleasant trip and that she saw lots of country that she had never been in before.

Mr. M. A. Adams, who recently moved back to Scurry county, has gone back to his place west of town. Mr. Adams starts right by getting on the Signal list. He was a pleasant caller at our office Saturday.

DERMOTT PROPOSITION

There are a few lots, both business and resident, surveyed out at Dermott. There is not better nor fitter place on the Santa Fe railroad than this is for a little town. It is eleven miles west of Snyder, now has a Hotel, blacksmith shop and 3 stores. Stanton Oil Co., 9 miles from here, is working day and night and are down near 3000 feet and will say there is a lot of good boys working at the well. I don't say there will be a rush, but there might be such a thing, so you had better take no chances and get on the ground floor. If you think of buying a lot come and I will show you the plat of the town and sell you one.

Very respectfully,
J. W. RUSSELL,

Interscholastic League Notes.

Plainview, Texas, Nov. 7, 1921

Recently I wrote to the Secretary of the University Interscholastic League for a list of the Directors of Athletics of the several counties composing the Lubbock district. He was able to furnish me with the names of but two, therefore I shall not call a meeting of these directors as I had planned for the purpose of making the basket ball schedule for this district, but shall make it myself.

In making this schedule I shall

follow the plan of last year in dividing the district into sub-districts as follows:

Sub-district No. 1, composed of Dawson, Gaines, Terry and Yoakum.

Sub-district No. 2 Composed of Borden, Garza, Lynn and Scurry.

Sub-District No. 3, composed of Dickens, Crosby, Floyd and Motley.

Sub-District No. 4, composed of Bailey, Hale, Lamb, and Lubbock.

The directors of Athletics of the several counties should determine the winning team for boys, in their respective counties on or before January the fourteenth and should furnish me with a certificate of same not later than January the seventeenth. He should also furnish the Director of Athletics in the county and if possible the Director of Athletics in the school that his team will play in the following schedule, with copies of said certificate. The Directors of Athletics in the winning schools should then arrange games according to the following schedule. Should the directors of athletics be unable to agree on a time and place then report the matter to your respective county directors who should arrange such games.

Every contesting team, before entering county contests should send a fee of \$1.00 to Austin and secure a card which will admit the team to all contests.

January 20th and 21st, first preliminaries. Dawson vs. Gaines, schedule (a); Terry vs. Yoakum, schedule (b); Borden vs. Scurry, schedule (c); Garza vs. Lynn, schedule (d); Motley vs. Floyd, schedule (e); Crosby vs. Dickens, schedule (f); Lubbock vs. Hale, schedule (g); Lamb vs. Bailey, schedule (h).

January 27th and 28th, second preliminaries.

Winners in (a) vs. winners in (b);

winners in (e) vs. winners in (d); winners in (e) vs. winners in (f); winners in (g) vs. winners in (h).

February 3rd and 4th Semi-finals, (in Lubbock) Subdistrict No. 1 vs. Sub District No. 2; Sub District No. 3 vs. Sub. District No. 4.

Finals: Winners in semi-finals play each other.

The state committee has made no provisions for girls basket ball but I suggest that the county directors of Athletics determine the winning teams of girls in their respective counties as per above schedule. I shall bring the matter before the District Executive Committee for consideration before the District schedule is to begin. In the mean time I should like to hear from the county Directors in regard to the advisability of holding district contest in basket ball for girls. The girls teams would not have to pay the \$1.00 fee referred to above.

I am furnishing the local press in each county with a copy of this letter and am sending it out to most of the school officials of the Lubbock district. Please give it such publicity as you see fit.

Respectfully,
W. E. PATTY,
District Director of Athletics.

The first official act of Hansford MacNider, newly elected national commander of the American Legion, was his attendance at the Armistice Day ceremonies at Arlington as representative of the majority of ex-service men in the United States. He will remain at Washington during the disarmament conference. MacNider's election has been approved by Legion aires everywhere. "He is exactly the type of man we want to lead us," seems to be the unanimous comment. The impressive things about the new commander are that he went into the army a buck private and came out a lieutenant colonel with 11 citations and nine decorations; that at the age of 32 he is head of a large banking business in Iowa and that he is a "Harvard man without the Harvard accent." He has been hailed everywhere as a "real soldier."

A post of American Legion composed entirely of World War veterans of Polish descent has been formed at Toledo, Ohio, and is known as Argonne post. Frank Szumigala is the commander, Stanley J. Grzezinski is vice commander and Joseph Malinkowski is adjutant.

THE MYSTERIOUS RIDER.

A love adventure story of surpassing interest will be at the Cozy Theatre on Thursday, Dec. 1, and Friday, Dec. 2, Benj. B. Hampton's latest and greatest photoplay of a Zane Grey novel, "The Mysterious Rider," released by Hodkinson. "The Mysterious Rider" is Zane Grey in motion pictures, as only Benjamin B. Hampton can interpret him. It is a big, clean, wholesome and refreshing modern drama of the outdoors, enacted by a stellar cast and it's interesting and full of action every moment.

Children and grandparents, business men and clubwomen, home folks and society folks, will be equally entertained by "The Mysterious Rider," for it has elements of appeal for all, and combines engrossing entertainment with high ideals and splendid

moral teaching. The plot is fascinating in its mystery and suspense. It builds up to a grand, smashing climax at the end that is bound to leave you breathless—but satisfied that the world is a good old world, after all, and that you've seen one of the best pictures it has ever been your good fortune to behold.

The story centers around Columbine, the foster daughter of Bell-ounds, an Arizona rancher. Columbine's parentage is a mystery. But she is loved and returns the love of her foster father, whose great hope is that she will some day marry his son. Another man loves her, but to please her foster father she becomes engaged to Jack Bel-ounds. And you, the spectator, will not want her to marry Jack!

The love triangle grows more interesting every moment, especially after the entry of the fashionable, fascinating Mrs. Smith. A feature every one will enjoy is the abundance of good comedy. A porcupine, a group of humorous ranch hands, and the famous motion picture laugh-makers, Frank Hayes and Aggie Herring, make scene after scene of joyous, wholesome fun, pleasantly interspersed with the keen dramatic and emotional scenes, the mystery, and the unfolding of the love story, to the great, smashing conclusion of the picture.

Claire Adams, Robert McKim, Carl Gantvoort, James Mason, Walter Whitman, Frederick Starr, Maude Wayne, Frank Hayes and Aggie Herring make up the splendid cast who carry the principal roles of the story. The art backgrounds of the titles

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.
