

We, the Merchants of Scurry County, Texas, Have Formed a

RETAIL MERCHANTS' CREDIT ASSOCIATION

The purposes of the organization are for the closer affiliation of the retail merchants' interests of Scurry County—the elimination of unworthy credit and the safeguarding generally of the retail business and its interests.

As the name indicates, the Association is primarily a credit clearing house, and will enable the members to accurately establish a basis upon which to extend credit to their customers.

Those customers who are habitually prompt will be benefitted by a continuance of promptness, while those who make a practice of being dilatory in meeting their obligations will find it necessary to make arrangements whereby they can settle their accounts when due, or else trade on a strictly cash basis.

A customer, when applying for an open account will, if his rating is not known, be required to establish a rating with the Secretary of the Association.

Business conditions have been changing in the past two years, and these influences make it imperative that the retailer operate on a basis of not over thirty days' credit, and preferably cash.

This method is distinctly beneficial to the consumer, inasmuch as it prevents an accumulation of debts and permits the individual to live entirely within his means and to husband his resources against a time of depression.

The program now being pushed by the Scurry County Chamber of Commerce for more poultry, more hogs and more dairy cattle has for its purpose assisting our people to obtain a steady income and the elimination of credit business.

The members of the Retail Merchants' Credit Association earnestly solicit the co-operation of the public in the above mentioned endeavors.

RETAIL MERCHANTS' CREDIT ASSOCIATION OF SCURRY COUNTY, TEXAS

W. W. Scrivner, said he had an important crow picking with somebody and he guessed it was with the Signal. Mr. Scrivner was awarded the prize at the Scurry county fair for the best maize. Mr. Anderson Secre-

tary of Chamber of Commerce told him that they had a dollar for him as a prize. He refused the dollar stating that all he wanted was the reputation, so when the Signal came out his name did not appear. So he lost his dollar and also his reputation. We think you are due a crow picking with somebody Mr. Scrivner, and just let it be us if you like. Mr. Scrivner is a good farmer and always has plenty around him, because he believes in a diversified crop.

W. B. Rhoades out on route 2 is a new subscriber to the Signal. He

made 31 bales of cotton, has 100 hens and has plenty of feed. Mr. Rhoades says he always sells his cotton as he picks it and believes he makes money by doing so.

A Card of Thanks.

We certainly do appreciate the goodness and kindness shown us during the sickness and death of our wife and mother, may God bless you all is our prayer.

ONE HUNDRED HENS, THREE COWS ON EVERY FARM

The Scurry County, Texas, Chamber of Commerce, which boasts of a number of farmers as members, has adopted a program of 100 hens and three cows for every farm. The county has been divided into districts with a chairman for each, and in this way it is believed that the program will be put over.

Whether or not Scurry county makes a perfect score in the work in hand, there are sure to be a large number of farmers, who, thus encouraged, will become interested in more and better poultry and in good cows, with the result that the county will become more prosperous. If the committee succeeds in securing 25 per cent of the farmers to endorse its program, enough will have been started on the right road to diversification and home living to set a good example to others.

Chamber of Commerce in our smaller cities will do well to follow the lead of Scurry county. Better results are obtained in encouraging and helping the agricultural and live stock industries than in striving for factories. There is much more satisfaction in living in a happy, prosperous community where farmers are contented than in living in a factory town where there is a sharp contrast between the poor and the rich.—Farm and Ranch.

HARVEST DAY OF THE WOMANS MISSIONARY AUXILIARY

The Auxiliary met Monday, Dec. 12, and elected the following officers: President, Mrs. Emmett Johnson, vice President Mrs. Clyde Funk; Superintendent of Social Service Mrs. O. P. Thrane; Superintendent of Study and Publicity Mrs. Lee T. Stinson; Superintendent of Supplies Mrs. I. W. Boren; Corresponding Secretary Mrs. R. M. Stokes; Recording Secretary Mrs. C. E. Jameson; Treasurer Mrs. Sed A. Harris; Local Treasurer, Mrs. J. P. Avary; Agent for the Missionary Voice, Mrs. D. P. Yoder.

Splendid reports for the entire year's work was given by the officers. District Conference meeting will be held at Sweetwater, Dec. 15. Mrs. C. E. Jameson will represent the auxiliary as a delegate. It will

be quite profitable for all the members to attend this meeting. Let's give a splendid representation of Snyder Auxiliary.

A Peculiar Accident.

News has reached the city of a most peculiar accident which happened to John G. Davis of Snyder. In handling his mules in the lot at his country home near Snyder, he had the third finger of his right hand bitten entirely off by one of the animals. According to reports reaching here he has been suffering intensely with it ever since the accident. Mr. Davis is a brother of our fellow townsman, Walter Davis and brother-in-law of Mrs. J. L. Stephenson, who has just returned from the Davis home.—Sweetwater Reporter.

Hamilton Wright Here.

J. Hamilton Wright, correspondent for the Fort Worth Record, was here Tuesday and Wednesday. Mr. Wright was getting up data of Snyder and Scurry county for a write up of our town and county which will appear soon in a general write up in the Fort Worth Record.

Mr. Wright is a West Texas man and makes his headquarters at Stamford, he understands the West and is a strong writer. Watch for this write up in the Record in the near future.

—built for long service whatever the going

THE famous McClaren "Mileage Strip"—running through the center of the Tread and entirely around the tire is embedded in the McClaren Allroad Fabric. This wide, continuous band of rubber, unbroken by tread design, carries the load and receives the road shock. It is the feature which gives to the McClaren Allroad Fabric Tire its wonderful wearing qualities.

In addition side walls are doubly reinforced. This prevents curb chafing and rut wearing. Stud angles grip in every direction. This prevents skidding and skid wear.

Come in and let us show you in detail why these features mean longer life over any roads to users of McClaren Allroad Fabrics.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, I would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

Methodist Announcements.

Sunday was a fine day with us, good crowds at all of the services. Our offering amounted to more than \$100.00. Our tithing list is increasing, will you not be one to enroll next Sunday as a tither? Those who are, are enjoying the blessing of God more than before they became tithers. A clear conscience along this line of being honest with God makes a fellow just naturally feel better. I am not asking you to do one thing that I do not practice, nor do I believe that you will lose anything by practicing Ma. 3:10. Neither would I try to dictate to you your tithing or where it should be applied, but I do urge each and every one to pray over this matter and study God's Word, and then act accordingly. We are

having some splendid prayer meetings, come out and be with us.

Christmas is coming, let us remember our Orphanage at Waco on Sunday, Dec. 25th, at 11 a. m. We will receive a free will offering on that date for the Orphanage and the Superannuate preachers.

Our quota of \$2000.00 assessment made on the Sweetwater District to help raise \$16800.00 to do some addition work at Orphanage is \$200. Let us raise for the above mentioned at least \$300.00 Our Orphanage is now a real home, but is not large enough to take care of those who are knocking for admission.

Will look for you Sunday at all of the services, and should a stranger pass our way we will be delighted to have him worship with us.

C. E. Jameson, pastor.

At the Presbyterian Church.

Our Sunday School is still on the up grade but we need you next Sunday if you were not with us last Sunday. Be on hand 9:45 a. m.

Preaching 11 a. m. and 6:45 p. m. Once more let me urge parents to see that their children stay after Sunday school for the preaching service.

If the children are permitted to grow up without receiving a proper impression of the importance of "The preaching of the Gospel" the responsibility will rest upon parents. They are God's gifts to you and He will hold you responsible for their reverence for Him and His Word.

Every one who have no other church obligations are cordially invited to worship with us.

C. G. Wright, Pastor.

Notice.

Everybody invited to the meeting conducted by S. W. Ditto at the District court room every night at 7 o'clock this week. Saturday night will be given to answering questions hand them in. This will give all the old time friends a chance to hear for themselves just what we believe and teach that God has used in bringing thousands into the knowledge of saving grace at other places.

Methodist Church at Fluvanna.

Sunday school was well attended last Sunday, Dec. 11, 1921.

After Sunday school Bro. Terrell took charge. A large crowd gathered during the opening songs.

Scripture reading Luke 15th Chapter.

Prayer by Bro. Terrell.
Song, "Rescue the Perishing."
Bro. Terrell took no text but preached on the entire chapter read, lightly touching on the first two parables, the burden of his sermon being on the prodigal son. Bro. Terrell, as usual, handled his subject well.

At the close of the service he announced that he would preach next Sunday on "The Incarnation of Jesus."

The W. H. M. S. met on last Monday, with a good attendance, we are increasing in numbers and interest. On next Friday night after the close of the Christmas exercises at the school house, the Missionary Society will serve cake and pie.

Our Junior Missionary Society, with Sister Terrell as superintendent is doing splendid work.

Grandmother Haley Dead.

On last Wednesday night at 11:33 o'clock Grandmother Haley passed to her reward.

For almost four years she had been an invalid, she always bore her afflictions patiently, she certainly showed a sweet Christian spirit.

Grandmother was always glad when the friends and neighbors came to see her, after her speech was almost gone, she would welcome us with a pleasant smile.

She began to weaken and grow worse after last Thanksgiving day. After the doctor said there was no hopes for her, a message was sent to her children, all reached her bedside, except her son and on Wednesday night she quietly fell asleep.

We shall certainly miss her smiling face and our heart goes out to

her loved ones left behind, but we can only point them to her Savior who said: "Be thou faithful unto death and I will thee a crown of life."

"Treasure Island"

By ROBERT LOUIS STEVENSON

Dive into the battle with wicked pirates at the Ben Bow Inn. Shiver at the mutiny of murderous sailors on the good ship Hispaniola. Thrill at the gold hunters' fight for the Treasure Island stockade. Sail over the Spanish Main, Yo Ho, with the wickedest band of buccaneers that ever put out to sea.

As exciting as a boy's first circus! As romantic as a girl's first love letter! Greatest of all adventure stories. Played by a perfect cast including Shirley Mason and Lon Chaney, whose marvelous acting was one of the sensations of "The Miracle Man" and "Victory."

MINE BOSS SAYS HE WAS HELPLESS

Arizona Man Was Simply Down and Out and Couldn't Even Move Himself—Feels Fine Now.

Harry E. Scott, a well-known mine boss, whose address is Box 683 Tombstone, Arizona, writes:

"I was down and out nearly all the time with rheumatism and finally got to where I couldn't move, even to feed myself. My wife thought I would never get well again, and she knew my condition better than anyone else.

"I was absolutely helpless when my wife started giving me Tanlac and in four days I ate a hearty meal for the first time in many months. Tanlac put me on my feet and I'm back on the job working hard and feeling just fine. I have gained eighteen pounds in weight too."

Tanlac is sold in Snyder by Grayum Drug Co.

C. T. Williams out on Ennis Creek was in town Wednesday and said he was feeling good, had killed hogs and had lots of sausage and spare ribs. Mr. Williams made 20 bales of cotton, 60 tons of maize. Plenty of hogs and about 300 hens and he milks two cows. He also said he had begun plowing, though the ground is hard he believes in stirring it until it is impossible to plow more. Deep plowing and lots of it is what will bring favorable returns to the farmer. This is being realized more and more and those who prepare for the rains that will come will be in a position to conserve the moisture by having their land well broke and in a good state of cultivation.

Prospects are fine for a big Chicken show in Snyder on the 30th and 31st. of this month. All entries should be in and in place by 10 a. m. December 30th so that judging can commence promptly. This year exhibitors are asked to please furnish their own coops. Next year the Association will provide coops for all exhibits. Quite a delegation will leave here for Plainview early Friday morning to take in the Poultry Show at that place. The Snyder Business men have placed orders with the Chamber of Commerce for about 15 pens of good breeding stock to be bought there and shipped to Snyder Show while they will be sold at cost to anyone wanting to start the coming year off right. This is a commendable action on their part and is a splendid means to help along the 100 hen program.

"A new effect is to have trousers stitched or plated immediately above the spot where the center crease terminates. This helps to make one's trousers fit better and wrinkle less. Buy Picture Show in Snyder.

This week T. L. Lollar, purchased the picture show in Snyder and has moved his family to that city. Mr. Lollar is a good fellow and it is with regrets that we see him leave this town and county. He came near being elected County Clerk four years ago and it was thought that he would be a candidate for that office this

next year. His many friends here and all over the county wish for him and his family much pleasure and success in their new field.—Hamilton Herald.
Mr. Lollar is now on the ground and has charge of the Cozy Theatre. We are glad to have him and hope that his stay with us will be both pleasant and profitable. Mrs. Lollar and little daughter will follow later.

The Fort Worth Record says that the average man is king in America. He has weight and importance not

alone because of numbers, but just because he is the average. He mans industry, votes, pays taxes and takes a more or less active part in civic life. He is the final judge in literature, manners and morals. The story writer, and the movie scenarist depends on him for patronage. Politicians and statesmen try to force his state of mind and to gauge their policies accordingly. More he is not cumbered with riches, neither is he poverty stricken, his needs are all supplied and he is happy and contented around his own hearthstone. You are right. No oriental monarch ever had a greater sway than this average American. He is king.

Turkey Shipment at Snyder.

During the past 30 days the White Produce Co. has bought from the farmers of Scurry county approximately 30,000 pounds of turkeys. These turkeys were bought at an average of 26c per pound which netted the farmers \$7,800.00.
Those who have the range and are prepared to keep turkeys say that this is pretty easy money and a greater effort will be put forward another year in raising turkeys.

J. W. HANEY IS BUILDING NEW HOME NEAR IRA

J. W. Haney, a prominent farmer of the Ira Community is building a nice home on his farm in that community. A nice home any where whether in town or country is something to be proud of. Mr. Haney has been successful, yet, if he has been fortunate it is attributed entirely to his energy in making it so. Fortune is seldom thrust upon anyone, but he who would be fortunate determines within his own mind what the ultimate outcome will be.

Mr. Haney's home is modern in every respect, and will be an incentive for others to get in on the building program.

Quite a bit of building is going on in the country. Some are building homes and others are remodeling.

Be sure it is a Victrola this Xmas H. G. Towle, Jeweler.

Camp Springs.

Written for last week.

Camp Springs was greatly startled Sunday night by seeing a light suddenly flash up, so the cause was sought, and Mr. Luke Howell's residence was on fire, and only a few things in the house was saved. The family went out to the farm. This is the third house that has burned this year in this community. Most of the citizens of the community came to see if they could help, but fire is consuming in its nature.

Mr. Bob Williams is visiting in Elm's County.

Mr. Hawkins our Blacksmith, still keeps busy in his shop if it don't rain.

Mr. Abb Perry succeeded in convincing his wife last Monday morning that he had to help Mr. Boatright kill a meat hog, so he would be excused from helping his wife render lard, and make sausage, however he acted fair, for he came over and arranged with Mrs. Bessie Nichols to take his place, who is an adept in work of this kind.

Dr. Kernes, with the hunting party returned Sunday night.

Mr. and Mrs. Nichols went to Snyder Tuesday. Mrs. Nichols was shopping.

Mr. Patterson of Rotan was here yesterday soliciting subscriptions for the purpose of building a large grist

mill at Rotan. Of course he was expecting those who subscribed to become stockholders for the amount paid. I don't think he did any business here.

The oil well is at a standstill, but the superintendent is still on the job.

Mr. Tipton killed a deer and a turkey, but the other three failed. Mr. and Mrs. Tally went to Snyder Church services Saturday night, Sunday and Sunday night. Prayer meeting each Wednesday night.

Dunn News.

The old saying "Slow but sure," will, I trust hold true in our case. I am so busy doing music for Miss Gross, Latin for Miss Hancock, History for Mrs. Green, numbers for Mrs. Mapues, and English and Algebra for Mr. Maples that I can scarcely find time to get all of the news of this little burg.

School is moving along nicely with a large attendance. Some of our rooms report an enrollment of more than fifty.

Mr. Ford has returned from the sanitarium, but isn't able to be up yet.

Bro. Walton filled his regular appointment at the Methodist church Sunday also at Round Top.

The singing class now meets at the Christian Church of evenings for their practice and instruction.

Mr. Hancock lost his barn and most of his feed by fire Tuesday. The origin of the fire is unknown.

The Dunn boys played ball with Loraine last week. Our boys suited out and came near freezing, which, we think, was the cause of our losing the game.

School closes Dec. 16 and opens again Jan. 2.

School will have a School Christmas tree in the auditorium Friday afternoon, Dec. 16.

If you have something to tell, tell it to Dad's Girl.

RAILROAD PROSPECTS LOOM FOR THE WEST

A railroad from Fort Worth to the Plains country is being agitated and is creating quite a bit of interest all along the route. It looks as though something would materialize in the near future if interest and publicity counts. Fort Worth, as well as all the towns along the route to El Paso are talking about this new project. The following article appeared recently in the Fort Worth Record, copied from the Railroad Review:

"The Atchison, Topeka & Santa Fe railway system is considering plans looking to the construction of a through line from El Paso to Fort Worth, a distance of about 550 miles, as a consequence of the growth of the Plains section of Texas and the increasing demand for more railroad facilities. The new road will probably run from El Paso via Carlsbad, N. M., and Seminole, Texas, to Lamesa, Texas, whence there is an Atchison, Topeka & Santa Fe line of fifty miles to Slaton, where the Santa Fe line to Post, Texas, might be followed, and from there a straight line would be taken to Fort Worth, perhaps via Haskell, Throckmorton and Graham, Texas. Preliminary surveys are reported made."

Various routes are in prospect for this proposed line. Snyder is mentioned as being on a direct line from Stamford to Lamesa, while another mention is to the effect of the extension of the Katy railroad from Rotan West. It follows:

"The Snyder Chamber of Commerce is also agitating the extension of the Texas Central branch of the Missouri, Kansas & Texas railway from Rotan to Snyder, a distance of thirty five miles. The Katy was recently reorganized and according to well informed business men, it is pledged to the state railway commission to make an extension of about forty miles by reason of permission from that body to absorb the Texas Central lines several years ago. The extension of this line to Snyder would give the proposed Fort Worth & Northwestern. If it should build to Stamford, another outlet to the great south plains country, as well as the territory below the cap rock."

It is also reported that the T. & P. is about to get control of the Orient

railroad. A recent meeting of the officials of the two lines is said to have taken place at Sweetwater behind closed doors. With the Orient in charge of the Gould interests the new line from Fort Worth to the Northwest would be a matter of a short time.

Snyder is bound to realize from some source in this movement. It seems that the railroads are on the eve of a great building program, and in a few years we will, no doubt, see this country lined, north and south, east and west with great trunk lines.

High School Notes.

Written for last week.

The beauty contest ended last Friday, from this we raised \$96.00 which will go to our annual. The class beauties are as follows:

Senior, Elga Howell, Junior, Ellen Pratt, Sophomore, Ernestine Rosser. Freshman, Rubinelle Johnson.

The Seniors gave a very interesting program Monday morning for chapel. The feature of the program was a "kangaroo" court in which the defendant was accused of tearing down a neighbors gate post. The remainder of the program was:

Piano Solo by Joe Sanders.
Current events, Elga Howell.
Duett, Mary Strayhorn, and Edwena Barnes.

The Juniors will give a Christmas program next Monday morning.

On Friday afternoon the Senior class, and all the old classmates of Thomas Monroe gathered at the home of Mrs. Monroe at 5:15. They were led into the dining room where they formed a circle around the table which was beautifully decorated with the Senior Class colors, green and gold.

A delicious course of fruit and hot chocolate were served.

From the dining room we entered the reception room, where we discussed the making of our annual.

Those present were as follows: Misses Dera Stacy, Cleora Joyce, Opal Eppley, Vivian Byrd, Ophelia Dorward, Oma Ruth Elkins, Erma

Taylor, Mattie Ross Cunningham, Rosalie Clark, Margurieta German, Edwena Barnes, Mary Strayhorn, Edith Grantham, Marilu Rosser, Annie Clements Berta Teters, Corrie Montgomery, Messrs. Fred Crowder, Billie Boren, Ralph Wolfe, Herman Darby, Theodore Yoder, Joe Sanders, Melvin Blackard, Alfred McGlaun.

The Freshman class have elected their staff for the annual as follows: Editor in Chief: Mary Robinson. Associate Editor, Claribel Clark, Society Editor, Rubinell Johnson. Shorthand Class to Open.

A class in shorthand will start first week in January, 1922, in the Grayum Drug Building. This will afford an opportunity to everyone to learn a subject that is beneficial to all regardless of their occupation.

A knowledge of Shorthand opens a wide field of good paying positions as stenographers are in demand. Aside from its monetary returns, this subject is extremely valuable to professional people and Students.

Class will be limited to 15 members, which insures practically individual instruction. Terms run three months, two nights per week. Fee 50 cents per lesson.

Application now being received at Baker, Grayum & Anderson's Office. 26c H. W. Waterman.

Buying Gold Bricks

is a foolish pastime indulged in by a good many folks and they do it without asking questions or investigating the proposition.

The wise man is the one who comes into a town and calls on the bankers and finds out who are the most reliable as well as hustling in the Real Estate business and then goes to them and investigates the different tracts of land for sale and buys and if the firm is strictly reliable he makes money.

We ask you to investigate our reputation thoroughly, upon doing so you will then come to see us. We offer below some real choice farms and the values are absolutely in each farm—Try us.

No. 1. 160 acres 75 in cultivation, all tillable and level sandy land, located 6 miles S. E. of Snyder near good school and has a good 3 room house, barns lots and cribs and good well of water and mill. Price \$40.00 per acre and will arrange some terms and might take some city property.

No. 2. 80 acres located 4 miles of Snyder with 70 in cultivation and all tillable. Red Cat-claw land. Has a small house, well and mill, fair sheds, lots, chicken house, etc within three fourths mile of good church and 1 mile school. Price \$10.00 per acre. \$1000.00 cash and 6 years on balance.

No. 3. 320 acres 9 miles Snyder, 90 in farm with 220 acres additional good cat claw farming land, good water and practically level. On rural route, 1 mile good school, Has new 4 room house with 2 galleries, well and mill, concrete tank, small baans, new plank lots, wind breaks and shade trees, will give liberal terms. Price \$22 50 per acre.

No. 4. 148 acres 4 1/2 miles Snyder, good soil six room house well and mill, barn with sheds on sides, garage, on rural route. Price \$35.00 per acre. cash payment \$1250 00 balance easy terms.

No. 5. 160 acres, 110 in farm. Rich Red Cat Claw land, all tillable 6 miles from Snyder near good school and church. Good 5 room house, barn, well and wind-mill. Price \$37.50 per acre, \$1500.00 cash and 10 years to pay the balance.

Christmas To Come!

CHRISTMAS IN 1621

Rebuke Administered to New England Observers of Day.

Young Men Who Had Arrived on Little Ship Fortune Reprimanded for Festivities.

IT WAS in 1621 that Governor Bradford was called upon to administer a rebuke to some of the young men of the New England colony who had just come over on the little ship Fortune, and who wanted to celebrate the holiday, the Detroit News recalls. Puritanism brought over with it in the Mayflower the anti-Christmas feeling, and when the group of lusty youngsters attempted to observe the day they were sharply criticized by the colony.

The men were called out to work that day as on other days, but the newcomers declared it against their consciences to work on Christmas day. The governor left them and led away the rest of the workers. But when he returned at noon the young men were in the street at play—some pitching the ball and some playing stool ball. He took away their implements and told them it was against his conscience that they should play while others worked and that they could observe the day within doors, but there should be no reveling in the streets.

On the day in question a tree was chopped down and dragged into one of the rough cabins where it was trimmed with cranberries and popcorn while the young people feasted their eyes on its beauties. These "prevarications" were frowned upon by the majority of the colonists and in 1659 the general court of Massachusetts enacted a law that made any person observing Christmas day liable to a fine of "five shillings." The law was repealed in 1861.

Placecards.

Next after decorating the table comes the question of placecards. These may be as simple or as elaborate as you like, but you really should have them! You might cut white cardboard into small round pieces, give each an irregularly outlined border of green and at the top of this little make-believe Christmas wreath punch a small hole, through it draw red baby ribbon, and tie in a bow. The name is written in the center.

J. B. Smith is here on a visit with his son, Chas. Smith.

THE ROSE OF JERICHO

Pilgrims Told of Its Power to Bloom on Christmas-Day.

Blossom Given the Name of Resurrection Flower; Also Called St. Mary's Rose.

SEVERAL varieties of the so-called resurrection plant have appeared among the novelties offered by florists, but the original is the rose of Jericho. Along the shores of the Dead sea, far enough away to be out of reach of the death-dealing vapors and the salt spray, grows this rose, a little plant famed in many a legendary story, which, when ripened, rolls up its sprays and branches into a curious little brown ball.

The desert winds snap off its dry stem and whirl the seemingly dead little ball away over sandy plains, like a feather-weight. After it chances to reach some damp place, in about ten days, the moisture has wrought a miracle, for the once dead is alive again, green and growing.

The old-time pilgrims, who brought back this plant with them from the Holy Land, told wonderful tales of its power to bloom out on Christmas day and gave it the name of resurrection flower. Another old legend names it from every spot where they halted to rest.

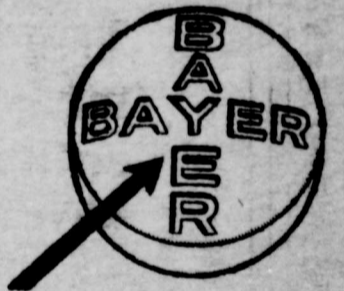

The dry ball when unfolding drops its seeds, and from these it may be cultivated as an annual. To resurrect these dry balls it is simply necessary to keep them standing in glasses of water, immersed about halfway to the top of their branches. The expansion is merely a mechanical spongelike process.

The botanical name of the rose of

Jericho is *anastasis*, from *anastasis*, resurrection. There are other species of resurrection plants, but they are not so attractive as their Dead sea relative, which, although it has very little beauty, has an honored place among flowers because of the many fables and associations it calls up and its peculiar development.—Argus.
