SNYDER, TEXAS, THURSDAY, APRIL 17, 1924

NUMBER 46

Water & Sewerage Lines to be Extended

Meeting of County Democratic Executive Com.

Pursuant to the published call in the Times-Signal the Democratic Executive Committee met at the court house last Saturday afternoon and fully organized for the purpose of looking after the interests of the party for this political year, 1924.

The vacancy caused by the death of the late chairman, Judge M. E. Rosser, was filled by the unanimous election of Senator C. R. Buchanan, and a number of vacancies were filled in membership of the committee, and after being filled the personnel of the county executive committee is as follows:

- C. R. Buchanan, chairman.
- Horace Leath, Snyder, Precinct No. 1.
- J. C. Helms, Lonewolf, Prec. No. 2.
- Cornelius Davis, Ennis, No. 3.
- Milton West, Dermott, Prec. No. 4.
- J. B. Bley, Fluvanna, Prec. No. 5.
- J. R. Higgins, Turner, Prec. No. 6.
- Walker Huddleston, Bison, Prec. No. 7.
- Emmett Trevey, Sharon, Prec. No. 8.
- J. E. Murphy, Ira, Prec. No. 9.
- F. I. Townsend, Bethel, Prec. No. 10.
- W. A. Taylor, Dunn, Prec. No. 11.
- J. M. Pagan, Lonewolf, Prec. No. 12.
- D. Z. Hess, Pyron, Prec. No. 13.
- E. J. Ely, Hermleigh, Prec. No. 14.
- Carroll Davidson, Camp Springs, Prec. No. 15.
- J. S. Golden, Canyon, Prec. No. 16.
- E. C. Payne, Lloyd Mountain, Prec. No. 17.
- S. H. Ramsour, Arah, Prec. No. 18.
- G. H. Leath was elected secretary of the committee.

The year 1924 is truly a political year. The next president of the United States will be elected, and all State, District, County and Precinct officers are to be elected, and the time for preparation for these matters is close at hand.

Precinct conventions for the purpose of selecting delegates to the County Convention must be held on Saturday, May 3rd, less than three weeks from now.

The County Convention must be held on Tuesday, May 6th. These conventions relate to the selection of the democratic nominee for President.

Scurry County democrats should be alive in the discharge of their duties in this matter. In these United States of ours the responsibility of government rests upon the people, and if the people are not zealous in the discharge of their duty, the government will fail to the extent the citizens fail in giving the attention that they should to the selection of the best material to fill the offices.

Parent-Teachers to Put On Home Talent Play

The Parent-Teacher Association of Snyder will put on a home talent play in the near future. Mr. Euan Harris, a noted playwright, is preparing the home talent play. Mr. Harris will take the leading part in the play himself. The play will be entitled, "An Old Bachelor." The cast will include some of the best local talent Snyder possesses, and the play will be worth while in every particular. The play is being given for the benefit of the school. The date will be announced later. The first rehearsal was held Wednesday night.

SERIES OF SERMONS AT CHRISTIAN CHURCH BEGAN THIS WEEK

Dr. I. J. Sparks, pastor, began a series of sermons at the Christian church last Sunday at 11. Two services are being held daily, at 10 A. M. and 7:30 P. M. Several additions to the church have been announced to date.

Dr. Sparks is a forcible gospel preacher and is delivering some splendid sermons. Good music is being rendered at each service by the choir. A cordial invitation is extended to every one to attend these services for the remainder of the week. The meeting will close next Sunday night.

Fred Grayum spent several days here this week looking after his insurance business.

Lee Roy Johnson of Sweetwater was here Wednesday looking after business interests.

County Commissioners in Session This Week

The Commissioners Court of Scurry county met in regular monthly session Monday. Much routine and other business of importance came up for consideration. One very important action of the court was re-districting the county as to election voting precincts. Two new voting boxes are to be established in Snyder and several in the country precincts. This means the changing of some, if not all the present existing voting precincts.

Petition was granted establishing a new public road four and a half miles long, beginning at the cemetery and running east to intersection of the Snyder-Camp Springs road.

Petition was also granted establishing a new road two and a half miles long in southwest part of the county, connecting the Snyder-Knapp road with the Canyon road.

Two new roads were ordered established in the Camp Springs section, which will be to the convenience of a number of people of that section.

The court has given the remainder of its time passing on bills and looking after routine matters.

Parent-Teachers Mothers Congress At Sweetwater

The District Parent-Teacher Association and Mothers' Congress, in which Snyder is included, will be held at Sweetwater April 29-30. A large attendance is expected, and the program will be very interesting. Delegates are expected from every town and community in the district where there is a Parent-Teacher organization.

Sweetwater Trade Trippers in Snyder

Wednesday the Sweetwater Trade Trippers paid Snyder an appreciative visit. They came over from Colorado and were here for lunch. There were about seventy-five cars in the excursion, and some 350 people. They had along their boy band, which rendered some very enjoyable music after lunch. The concert was held on the east side of the square. Speaking took place from the court house steps. Mayor Fritz R. Smith welcomed the trippers and response was made by the official spokesman for the occasion.

Immediately on arrival of the excursion the visitors repaired to the Presbyterian church where a sumptuous lunch was served by the ladies of that church. The dinner was very much appreciated, as it comprised a feast fit for the gods. The ladies of the Presbyterian church are to be congratulated for the manner in which they handled the crowd and the splendid dinner they served.

This was the third day for the Sweetwater boosters, the trip including all the Sweetwater trade territory. These trade excursions are good for both the home people and the people whom they visit. They bring home people together and knits them closer in common ties of friendship and mutual business interests. There were perhaps Sweetwater people on this trip who had not seen each other for six months before starting other than to howdy in passing. Snyder should adopt the trade excursion program and do a little something toward getting acquainted with themselves. People can drift along in one business and social groove until they forget there is a world outside of their immediate acquaintance.

LADIES AID

The Ladies Aid of the First Christian church met at the home of Mrs. Jodie Monroe Monday afternoon from 3 to 5 o'clock when a most enjoyable and pleasant evening was spent visiting and many of the ladies bringing their needlework and thereby spending a most pleasant evening socially and otherwise. At the close of one of the most pleasant evenings in the history of the Aid, Mrs. Monroe assisted by her daughter, Mrs. Hugh Taylor, served a dainty and appetizing plate luncheon, consisting of salad, wafers, sandwiches, olives, sweet pickles, angel food cake and ice tea.

RESOLUTION

Be it resolved by Scurry County Klan No. 180, in Klonklave assembled, that all concerned may understand and know that this Klan does not look with approval upon the violation of any proper contract between men; and further, that with reference to the establishment and publishing of a paper in Scurry County, which should be in contravention of right and justice and proper contract between the Editor of the Scurry County Times and any other party, this Klan goes on record as opposed to it.

Be it further resolved that a copy of this resolution be delivered to the Editor of the Scurry County Times, and that a copy be recorded with the record of the Klan.

Done in Klonklave assembled this April 14th, 1924.

(Signed) CYCLOPS.

Attest: KLIGRAPP.

Scurry Oil Used For Commercial Purposes in Snyder

Oil from the Loutex well is now being used for commercial purposes in Snyder. The Snyder Utilities Company has just made a test for several days in their engines of oil from the Moore well and report that so far it has given perfect satisfaction and are now working on a plan with the Loutex to obtain their regular supply from this source. In addition here is an opportunity for the gins of the county, the oil mill and various other consumers of fuel to obtain for their use a home grown product. It hardly seems believable that after all these years wondering where Scurry county industries were to get their future fuel supply, that we are now actually able to get the raw product at home and develop it into power. The oil field of Scurry county has just started its development and the possibilities of further industrial development are immeasurable.

OUR CEMETERY

One hundred twenty-four subscriptions to the cemetery fund have been paid up to date, and if you will visit the cemetery you can see already some results of the campaign.

A splendid new windmill is running and with an elevated tank will supply the need for a while, at least until enough people become sufficiently interested in the appearance of the cemetery to make the digging of another well possible.

Have you made any effort to beautify your own lot? If those who are living in the vicinity will give care to their own lots, our precious funds can be expended for other needful things. Three men are working this week to clear off the high grass and broken limbs of trees and to fill in neglected graves.

One citizen has voluntarily offered \$5 per month on the salary of a permanent sexton. Will any one else offer help for this purpose?

It is gratifying to see the increasing interest of the whole community in the upkeep of our cemetery. Why would it not be possible for our town to bring this sacred spot from a state of sad neglect and barren ugliness into a condition that would show our loving care?

You realize that it will take money to do this—not occasional small donations, but a systematic plan that will keep the fund from being entirely exhausted every time some improvement is made.

If you want to help, make a deposit at the Snyder National Bank to the "Snyder Cemetery Fund," and feel sure that every penny will be made to count.

If you have contributed you are a member of the association which is meeting at 3 P. M. every Saturday at Bell's Flower Shop and your presence and counsel will be appreciated at these meetings.

A B. Y. P. U. INSTITUTE
T. C. Gardner of Dallas and Mrs. Huey also of Dallas, have been conducting a B. Y. P. U. Institute at the Baptist church this week. There have been more than 100 enrolled and much good has resulted from the lectures and studies.

Call Democratic Precinct, County Conventions

A call is hereby made for the democrats of Scurry County to assemble at their respective places of voting in the several election precincts of Scurry county on Saturday, May 3rd, 1924, at 2:00 P. M., for the purpose of selecting delegates to the county convention which meets in the court house in Snyder at 2:00 P. M. on Tuesday, May 6th, 1924.

Each voting box is entitled to one delegate for each twenty-five votes cast for the democratic candidates for governor in the democratic primary election in July, 1922.

The County Convention which convenes at two o'clock in the afternoon of Tuesday, May 6th, 1924, will select delegates to the State Democratic convention which meets in Waco on May 27th, for the purpose of choosing delegates to the National Democratic Convention which meets later to nominate the democratic candidate for President of the United States.

Let's have a good turn-out of all democrats of the county.

C. R. Buchanan,
Chairman, Democratic Executive Committee.

Playground Equipment Has Been Installed

The playground equipment for the Snyder public school has arrived and been installed. The equipment is very complete and furnishes quite a lot of amusement for the children. The Parent-Teacher Association purchased this equipment. The equipment cost somewhere in the neighborhood of \$600.00. It is the best to be found on any playground in the country.

Spelling Contests in the Interscholastic League

At the regular meeting of the Interscholastic League at Snyder, on March 28th, Hermleigh School won both the Junior and Sub-Junior spelling contests against Snyder. For some reason the report of this failed to get in the report to the paper and hence we are asking that this be published now as the Hermleigh girls who won the contests are entitled to that credit as well as the school.

These contests were both held by Miss Lemons, the director in charge, and resulted in both contests being won by Hermleigh and the pupils who won said contests are as follows:

Junior Contest — Virgie Spyles and Claris Harkins, the first of whom is in the 5th grade and the latter in the fourth grade.

Sub-Junior Contest — Elizabeth Niemeier and Weta Spykkes, both of whom are in the fourth grade.

The first of the above pupils is under the instruction of Mrs. Laura Goldsberry and the other three are in Mrs. E. D. Stevenson's room.

We are offering this in order that the record may be kept straight and that we may have the honors that are due us and the pupils who worked so hard to win these contests.

E. A. WATSON, Supt.

Eastern Star To Hold Regular Meeting

The Snyder Chapter O. E. S. will hold its regular monthly meeting on the evening of the 24th. Initiation and business of interest will come before the Chapter. A full attendance is requested.

WEDDING BELLS AGAIN RING IN SNYDER

Last Wednesday evening, April 9th, at the Methodist parsonage, Rev. C. E. Jameson officiating, Mr. A. D. Johnson and Mrs. R. O. Will were joined together in holy wedlock. Mrs. Will has been conducting the Woodrow Hotel for some four years and is quite well and favorably known to our people. Mr. Johnson has made Snyder his home for a number of years and has many friends here who hasten to offer congratulations for a very happy and prosperous married life.

ELROD ENGINEERING CO. TO ADVERTISE FOR BIDS FOR EXTENSION

SNYDER COMMANDERY TO OBSERVE EASTER

The Snyder Commandery will observe Easter Sunday with appropriate services at the Baptist church. W. R. Daniels, member of the Abilene Commandery, will deliver the Easter address. Special music has been arranged for the occasion.

The members of the Commandery will meet in full uniform at the hall at 10:10 and march to the church in a body. The services will begin promptly at 11 o'clock. After the services all Sir Knights and their wives will go to the Masonic hall where lunch will be served. A big attendance is anticipated. All out-of-town Sir Knights and their wives, belonging to this Commandery are urged to be present for the Easter service.

The Knight Templars of Snyder observe Easter annually, at some point in the district, and the occasion is always a big occasion among Knight Templars and appropriate Easter services characterize the order.

Every member of the Snyder Commandery is urged to be to the hall Sunday morning promptly at the time indicated. This is designed to be a day among Knight Templars long to be remembered.

WEEKS IN WOODS FOR MARY PICKFORD

Mary Pickford, famous screen star, devoted five full weeks to almost unbelievable strenuousness in her re-filming of "Tess of the Storm Country," a United Artists release coming next Monday and Tuesday to the Cozy Theatre. This work was done in a complete fishermen's village she had built on Chatsworth Lake, thirty miles from Los Angeles.

The Chatsworth district is in the heart of real California "wilds," where obtains a great deal of primitive life, and it was an ideal spot for an obscure village such as this story called for. The "set" Miss Pickford had constructed on the lake shore was unique inasmuch as all of the huts and cabins were practical throughout, the interior of each serving as either a dressing-room or a storage place for equipment. Since this section was too far out-of-the-way to make it feasible to wire in electrical currents, a huge motor generator was installed to supply the "juice" for the many powerful lights used in numerous night scenes. A fire engine was also on the job pumping from the lake an adequate water supply for all needs.

As several of the more vital situations in the drama were such as to make it advisable to film them on the studio grounds, it was necessary to erect at the studio an accurate replica of Tess's cabin with a section of the lake and on this "set" Miss Pickford did some of her most artistic work in re-creating the lovable character of Grace Miller White's never-to-be-forgotten heroine.

This elaborate new production of Miss Pickford's great picture triumph of earlier years is called a photoplay masterpiece that will endure through posterity and it is Miss Pickford's hope that it shall live as source of joy for decades to come.

New Equipment Added at Ware's Filling Station

Mr. Clint Ware has added new equipment at the Ware Filling Station in the way of steam arrangement to clean motors. He has installed a boiler and has connections for the applying of steam to greasy and corroded motors. A rack has been built and cars can be driven on same and grease, dirt and corrosion removed from the motor which makes it look like it did when new. He is especially equipped for washing cars and applying oil to engine and body parts.

Mr. Ware has progressive ideas and in the new equipment for cleaning motors, it remained for him to install the first equipment of this kind in town.

Miss Hattie Ladwig returned Thursday from Dallas where she has been for the past two weeks visiting with relatives and friends.

City Council Authorized Bids Not to Exceed \$35,000.00.

At Wednesday afternoon's special meeting of the City Council a very important piece of business was transacted in the matter of extending the water and sewerage lines.

On motion, the City Council authorized the Elrod Engineering Company to advertise for bids for water and sewerage extension, the bids not to exceed \$35,000.00. For meters and bounds of the extension, readers are referred to the proceedings of the city council to follow.

This extension places the convenience of water and sewerage to a large portion of the town heretofore without facilities of this nature. The extension is to be financed through a warrant issue, at an approximate cost not to exceed \$35,000.00.

This extension is a splendid move on the part of the City Council, and marks progressive steps toward a better and bigger town. The people meant to be served by this extension have been paying their proportionate part of the taxes to pay for the old lines and it is nothing but right that they now be given equal advantages in convenience and sanitation.

The next step we hope to see the City Council take is a paving program. Our square should be paved and a couple blocks each way from same, given paving. Snyder as a city, is abundantly able to extend its water and sewerage and pave also. Nothing will add more to the stability of our city like a well planned paving program. The proceedings of the City Council follow:

Minutes of Meeting of the City Council, April 16, 1924.

The City Council of Snyder, Texas, met in call session at Mayor Smith's office on the afternoon of April 16th, 1924, with Mayor Smith presiding. Other officials present: Secretary A. C. Preuitt, Aldermen J. I. Baze, A. C. Alexander, J. M. Dawson, Abe Rogers, W. R. Bell.

The meeting was called for the purpose of taking up the matter of advertising bids for the extension of the water and sewerage system.

Motion made and carried authorizing the Elrod Engineering Company to advertise for bids for water and sewer extension, bids not to exceed \$35,000.00, the water main to be extended to line on Scarbrough street, from Oak to street two blocks south of Grace street, loop on Plaid street, Plaid, Bone River and Scurry streets, from Plaid and Commerce to West and Scurry line on Hill street, from River to Electricity, line on Welmeth street from alley between Scarbrough and Buffalo to Wilks and on Wilks street from Welmeth to Faught.

The sewer extension, Scarbrough street from Oak to first street south of Grace, Knott street from Camp to Plaid, Plaid street from Knott to Bone River streets, from Hill to Bone.

Bids to be received up to 2 P. M., April 29th, 1924. The City of Snyder reserving the right to reject any and all bids.

The city council of Snyder, Texas, met in call session at Mayor Smith's office on the afternoon of April 9th, 1924, with Mayor Smith presiding. Other officials present were, Secretary A. C. Preuitt, Aldermen A. C. Alexander, J. I. Baze, A. Rogers, Little Westbrook, J. C. Dawson.

The object of the meeting was to take some action on the streets tax delinquents as required by law. A motion was made and carried ordering J. E. Chinn, City Marshal, to order all persons delinquent on street tax to work the streets of the city of Snyder, the work to be supervised by him.

There being no further business, the council adjourned.

HONEYCUTT-WILLS

Mr. Charley Honeycutt and Miss Juanita Wills were married last Saturday afternoon at Fluvanna. Both the contracting parties were reared in Fluvanna and are quite well known and generally popular in that community. They have moved to their new home in the edge of Fluvanna. The Times joins their many friends in extending congratulations and best wishes for a very happy and prosperous married life.

MORE ABOUT THE HIGH SCHOOL

SATURDAY'S dailies carry the information that high school girls at Louisville, Kentucky, had been using the automobiles to transport whiskey. They cut their classes in order to peddle bootleg whiskey. Investigation is being made of the reports that high school girls had been employed in Louisville as booze peddlers.

This is quite a serious charge, but ordinarily it should not reflect upon the high schools generally. But there is nation-wide complaint of immorality among our high school children. Drinking illicit liquor has been charged, truancy among the girls is openly charged from many sources. In places mass meetings have been held to discuss the immoral situation pertaining to high schools and communities. There is an awakening of the people to the situation and the dangers that are threatening American life as pertaining to our boys and girls.

The Times-Signal comes to the defense of the boys and girls, with the statement that they are not so much to blame as their elders. The children reflect the life of the grown-ups. There must of necessity be set before the youths of this nation examples of immorality or else immorality would not be so prominent among the younger generation. The situation is more acute in some places than in others. The larger cities are feeling the force of this wave of immorality in the high school than in the smaller towns and rural communities. The moral status of each town is reflected in school conditions. At this point we wish to say that the Times-Signal is proud to record the fact that both our own town and school reflects a very high moral status. Snyder school is a credit to the town, and the town a credit to the school. Our public school has a very high morale, which reflects the true conditions of our city. We have heard less scandal since we have been a citizen of Snyder than we thought possible of a town of Snyder's proportions. The moral situation is reflected in our school life. We need not expect our children to become higher in morals than ourselves. No stream can rise higher than its source. Therefore, no generation can hope to rise to greater heights in morality than the preceding generation. In other words, we need not expect our children to be more moral or pious than ourselves. This is our logic along lines of living. We see reflected in our children our individual lives. We look into the mirrors of the child-soul and see there reflected our own image. We are not astonished that immorality should invade our high schools when in looking about us we see American people heedlessly moving forward in the mad rush of money making and paying little or no attention to the generation to follow. We see American men and women going to extremes in many ways, leading lives of immorality themselves, and then expect their children to rise to greater character heights than they. We see married women imitating the flapper in dress and custom, and then stand amazed when we view the modern flapper with all the disgusting departure from American ideals. Be not deceived, God is not mocked. Men and women will reap just what they sow. If mother sows a crop of immorality she may expect to reap a live harvest in daughters she is to mother. Likewise with the father. He will reap just what he sows.

OWN A HOME

A good per cent of the people of this community own a home. But why shouldn't more of them have a place to go each night, after the day's work is done that they can actually and really call home?—Plains Journal.

The real foundation of America is home owners and builders. We see the greatest strides being made in West Texas toward home owning. There is no section of Texas or the South that can boast of more home owners than are to be found in West Texas. West Texas is peopled with those who at one time saw the vision of home owning and followed the Star of the West. A people who, in other sections, were unable to own property, started West with fixed purposes to become the owner of a home—a place where they could call home—where their children could be reared and where there was no one to molest or disturb them. With

health and a dominant will these pioneers began to carve out of the heart of the West fortunes that were to stand the test of time. They were happy in the thought that they were buying and paying for a home and lands that they could claim as a heritage to them and their generations forever. Grand were the dreams of those who pioneered and are still pioneering toward the setting sun and a land where the remainder of their lives were to be spent under the spell of home owning. There is no greater consolation that can come over mortal man than the realization of home-owning and building. Tired when the day's work is ended, he turns his weary steps from field and plow and starts for home—his roof, home by lawful acquirement and by the dent of hard labor, he comes home when the evening shadows have fallen to greet family—satisfied with self, of the day's work, well done. Then after the evening meal, he lights his pipe and in the cooling western breezes he puffs himself to dreamland. Satisfied home owners have made the West great, and will continue to make it great until time shall be no more. America's greatness is centered in the home owning and building spirit. It is right and God Almighty requires it. He requires every man to own a home, to be frugal and earn his bread by the sweat of his face.

SCURRY COUNTY AND FERTILIZER

Here Comes Scurry county again! It is the same county which three years ago "put over" the Sow, Cow and Hen Campaign. This time it is fertilizer. E. J. Anderson, Secretary of the Scurry County Chamber of Commerce, which has made Snyder famous, has arranged to purchase a solid car of fertilizer, the same to be placed with some of the farmers in and around Snyder.

Fertilizer has come to stay in West Texas, as in other highly developed agricultural regions. Tests made in Scurry county in 1923 confirmed the idea that it is a good thing to use. Similar tests were made in Eastland and Jones counties in 1923.

It matters not how rich the soil is the right kind of fertilizer will help. The richest counties in the Piedmont cotton regions of North and South Carolina are heavy users of fertilizers.

Write Anderson, Snyder, and ask him what the Scurry County Chamber is doing. He will be glad to give you the information.

Incidentally at the District Convention of the W. T. C. C. at Eastland on April 4th, we shall have as a part of the program a "Fertilizer Demonstration."

Cordially,
 Porter A. Whaley.

BREWING THE WINDS

We have a friend. You all know him. He lives at Plainview. This friend is brewing the winds, and elucidates right intelligently in his last Plainview News as to the origin and habits of winds in general. Jess is devoting considerable space in his efforts to explain the whys and wherefores of the Plains winds. He says he understands where they come from and whither they goeth. He is smarter than the Master Mind who says that you hear the sound thereof and can not tell from whence it cometh or whither it goeth. We heard of a man a few years ago who undertook to write a revised edition of the Bible. We are not accusing our good friend Adams of tampering with the scriptures, but when he says that the winds originate under the caprock and gain cyclonic force after ascending same we want to know the authority of his logic. Between style judging Jess now divides his time in wind examination, and he should be termed properly a windologist. But let us hear Jess brew the winds:

"A very strong wind from the southwest blew across the Plains Friday and Saturday, and as is usual when strong winds blow from this direction across the Plains, there were destructive cyclones down below the caprock, this time in Oklahoma, Kansas and North Texas, with much loss of life and property. The Plains is often derided for its winds, but the fact remains there has never been a cyclone on the Plains, and we are told it is a physical impossibility for one to develop on the Plains. The winds here always blow straight, and there is no tornado nor cyclonic twisting. Atmosphere conditions below the caprock cause the hard winds on the Plains. Down below the caprock the air becomes heated, and of course ascends, and this creates a vacuum which causes the colder winds from the Plains to rush in to fill the vacuum. So, taking it all in all, most people had rather live on the Plains and endure an occasional hard straight wind and dust-storm than to live down below the caprock where life is menaced by cyclones."

It may be interesting to you to read the headlines of some daily paper, any of them, and then make note of what you found. We did that Wednesday and noted the following: Report of a train collision; oil scandal; volcanic eruption; imprisonment of criminal; account of murder; account of case of fraud; account of a death; man given penitentiary sentence; account of holdup; charge of treason; case of murder; accidental death by fire. There is no criticism

of the paper. It was the Dallas News, one of the least sensational of any of our dailies. It was the news that was sent out and if it had not been printed there would have been little news carried. Of the 13 items having prominent headlines on the front page of that issue of the News 12 of them reported news that brought sorrow or fear to somebody. Does it indicate anything?—Foard County News.

"It indicates that the people are getting just what they want. We are fed up on sensation. Newspapers reflect the public mind. We see the public mind reflected in various ways. We see it reflected not only in newspapers, but in our entertainment. We attend entertainments and see the public mind reflected in a way that reflects the depths of our nature. We attended a show the other night and listened to vaudeville stunts that were vulgar and ridiculous, and which reflected the trend of the public mind. We heard rough, vulgar jokes cracked and heard the crowd laugh and cheer. The actors were giving the people what they wanted. Respectable people this day and age will laugh at vulgar remarks about marriage and other things that should be sacred. Yes, they are getting what they admire most or really they endorse same by applause and attention. Going back to newspapers we see divorce cases dished up to the American people for breakfast, and hashed over for supper. If there is a scandal in court the seating capacity is insufficient. We are told we go there to learn the truth, to see justice meted out, etc. It's false—people go to court trials of sensational nature because they crave such entertainment. They read sensational stuff because their taste calls for same. However, we have drifted from the thought contained in our clipping. The world's main events are carried as news items, and reflect the condition of society in general. Our news service is continually growing with added facilities. This added to our large increase in national population makes the situation look worse than it really is.

News service is handled quicker today than a few years ago. With the country netted and belted with telegraph, telephone and radio an item of news is handled much quicker now than heretofore. This explanation is given by some as an excuse for the lawless situation existing over the country. There is more lawlessness than our national population warrants, and if Christianity and civilization is to keep pace with increased population we should have no more crime in this country than we had twenty-five years ago. There are various reasons given for the crime increase and we will not discuss this phase in this comment. After all, life has its tragedies, its sorrows and its joys. Each year brings to some joy and to others sorrow. This will continue as sojourners through a land that is encompassed about with human tragedies.

The longer you own an automobile the more of a luxury it becomes.—Big Springs Herald.

Riding around in our tin lizzie the other day we remarked to our companion, "Wonder what the country will finally do with the second-hand cars." Every 100,000 new cars built means 100,000 second-hand automobiles being taken to the junk pile. American wealth is going fast by the second-hand car route. Millions of cars are being junked each year, and therefore hundreds of millions of dollars are being wasted, or rather spent for pleasure. As fast as car sales increase so fast will be the increase of second-hand or worn out cars. The nation is certainly spending worlds of wealth in automobiling.

One writer has recently warned boys not to propose until after they hear her talk to her mother when no one is around. It would be well for the girl to do a little evesdropping also and hear the boy talk to his dad. If both talk to each other like the average boy and girl talk to their parents their storms abrewing on the sea of matrimony.

Read Times-Signal ads. It pays.

Laundry Satisfaction

You will find that the Laundry work we do is just as satisfactory as that done in your own home, and you get rid of all the muss and fuss of wash day. It's more economical, too.

STRAYHORN & ELZA

at Austin the Court of Criminal Appeals rules that the possession of a still in the home or on premises is not evidence of prohibition violation. In other words, law must catch the man in direct violation of the still and drawing liquor from the coils. Officers caught a still in Jefferson county, loaded and ready to be fired up. Officers stood by and forced the owner to draw off a bottle of perfectly good liquor. The man was convicted of illicit distilling and the case taken up to the Court of Criminal Appeals with the above stated results. The court ought to have sided in its ruling that the owner and operator of the still must be caught drunk on his own mash. We have a law in Texas against carrying concealed weapons. A man caught carrying a six-gun is severely fined and given a term of imprisonment. According to the logic of the Court of Appeals the possession of the gun was not evidence of murder, or in other words, the man caught with concealed weapons must murder with them in order to be guilty of law violation. The principle is parallel. A man who builds a still intends to make liquor. Grown men do not build stills as a child's plaything. Men do not play like they are making liquor—they actually make and drink and sell it. The action of the Court of Appeals makes it still harder for the lower courts to convict people for violation of our prohibition laws. The ruling was in the interest of the distiller and bootlegger, just like the establishment of the court itself was in the interest of the criminal. Our prohibition enforcement laws have thrown so many safeguards around them in the interest of the law violator that it is all but impossible to enforce them. This late ruling of the higher court will further complicate law enforcement in Texas. In running down law violators officers must actually see the distiller at work making liquor before the distill itself can be used as evidence against him. The Court of Appeals makes many funny and righteous rulings. Their work increases crime in Texas and makes laughing stock out of our laws. We would like to see the next legislature submit an amendment to our State Constitution doing away with courts of appeal altogether.

We drive 45 miles an hour going nowhere, just joy-riding. Dr. Coue said of Americans, "They don't have time to say 'Every day in every way I'm getting better and better.' They say, 'hell, I'm well.'" Think it over. —Panhandle Herald.

We Americans have no time for old fossils like Dr. Coue. We are in a hurry and must get ours before some one beats us to it. We drive our twin sixes, doing business and hunting pleasure. Business and pleasure vie with us and with some business takes precedent while with others pleasure is the dominant passion. Those who do not have time for pleasure during the week days take a day off Sunday and go somewhere. No amount of warning seems to check folks in their mad rush for business and pleasure and events must run their course. There are two things wrong with America—the money-making craze and pleasure-seeking craze. We are afraid that it is going to send most of us to hell in the end.

It is said that most of us men are contented when our stomachs are full. With the women, contentment comes with a satisfied toilet, and just after she has visited the barber.

The latest is jazz weddings—bridesmaids and groomsmen jazzing up to the altar, flower girls toe-dancing and the bride and groom shimmying to their places under the wedding bells. This scene was recently pulled off in New York. A cheap man and a cheap woman get married and instead of the customary wedding march and sanctity of the occasion they substitute midnight revelry. Surfeited with freaks, fed up on thrills, yet looking all the time for something new. These fads started in bawdy custom, and have taken hold of degenerated Americans of semi-respectable society. This wedding took place in a jazz dance hall at the hours of midnight. These notoriety-seeking individuals dared to flout all the sacred traditions of the marriage ceremony and approach the serious responsibilities of wedded life to the syncopated strains of a jazz orchestra. What are the American people coming to, anyway? The race is mad, hell-crazed, and jazz-crazed. Vulgar in dress and customs. Soon some fool will be jazzing up the "Dead March" of the funeral requiem and with the purr of the motor hearse mortal man will be hurried to his long resting place. Jazz weddings, and jazz funerals. Ye gods and little fishes, but we are going some.

William G. McAdoo is in Texas this week, speaking at Amarillo and Dallas. Cato Sells is McAdoo's Texas campaign manager. Will McAdoo do for president? It's owing to the amount of socialism we want to drift into our government. The Times-Signal is uncompromisingly opposed to McAdoo. We are governed solely on his line-up for organized labor and government ownership of railroads. Texas Democracy is going to

be divided on McAdoo. The party machinery is lined up for McAdoo and will undertake to carry Texas for him. There is a large following of independent business men in this State who are opposed to McAdoo. But the Democracy of Texas has not gotten away from machine rule and bossism. Many will follow the leaders. If they be blind we will all fall in the ditch. We had a man to tell us the other day that he was against us on our fight on McAdoo, that he considered McAdoo the biggest man in America, and when we called attention to his advocacy of government ownership of railroads he undertook to point us to Europe as a model of governmental invasion of private industry. Pray, why go to Europe for standards? Why go to nations that are reeking in poverty and treachery—bankrupts, anarchical in their views, and compare them with America? Government ownership has never been a success in Europe. Look at their transportation system. One hundred years behind this country. Old dilapidated rolling stock and equipment—third rate service compared to America. And the followers of McAdoo, the socialist candidate for President, in order to carry their point and justify their choice point to countries that are decaying and passing from the world's stage of action, and are wobbling in their advocacy of centralized government.

People are using loco weed it is said in substitute for whisky and dope. Over in Old Mexico they are growing thousands of acres of loco. It is said to produce in some a most wonderful feeling, and with others it runs them "nuts" and causes suicide. We have seen loco horses and we can imagine a man locoed would

Raise All the Feed You Can

POINT 1—(This is the first of five ways in which you can reduce your cost of producing milk. For the complete plan ask for a copy of the new 1924 Purina Cow Book).

Raise all the feed you can. Use just enough Cow Chow to supply what your feed lacks. Cow Chow is a SUPPLEMENT to home-grown feeds.

AIR SQUADRON TO BE AT W. T. C. OF C. MEETING

BROWNWOOD, April 8.—An entire squadron of airplanes will be in Brownwood to participate in the military maneuvers to be staged here during the sixth annual convention

cut up some. There is no extreme some people will not go to in order to get stewed up. Just imagine men and women under the influence of loco weed and refusing to go forward, but instead, pulling backward all the time. We have seen men and women in the busy affairs of life who seemed to be locoed. They never go forward in community building, but always go backward. These town knockers must have gotten hold of loco weed, which started them pulling backward in town building.

Gained Ten Pounds

Mrs. George S. Hunter, of Columbus, Ga., says she suffered severely with female troubles.

"I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work. My . . . were irregular and I got very thin. I went from 126 pounds down to less than 100. My mother had been a user of

CARDUI

The Woman's Tonic

and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle up I began to improve. My side hurt less and I began to mend in health. I took four bottles in all during the last ten months. Cardui acted as a fine tonic. . . I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all and my . . . are quite regular. I know that Cardui will help others suffering from the same trouble." Take Cardui.

E-101

of the West Texas Chamber of Commerce, which will take place here May 13, 14 and 15, it was learned today when advices were received from Ellington Field, Houston, from where the planes will come. The air fleet will be commanded by Major Benard A. Law, of the 36th Division Air Service, stationed at Ellington Field. With him will come eleven other aviators, including Captain Fred S. Willbur, observer, commanding the 171 Intelligence Section, 36th Division Air Service; Captain Lloyd A. Hammer, pilot chief of operations; First Lieut. E. V. Harbeck, U. S. Air Service, instructor; Capt. R. W. Mackie, pilot; Master

Mechanic Sgt. Earl Showalter, and Jamieson.

The fleet will fly here a day or two before the convention opens and will not return until the closing of the convention, the information received here revealed.

Upon the receipt of the final announcement that the squadron would visit Brownwood during the convention, an arrangement was made by one of the leading oil concerns of the State, wanting to supply the planes while stationed here and other planes were immediately made for the care of the ships while here.

SPIRITUAL REVIVAL SEASON FOR SNYDER

There seems to be a season of spiritual revival on our people, judging the interest that is being manifested in early spring meetings. The Baptist people have just closed their spring revival and we understand that some 80 additions resulted from the meeting.

Allene Bryan spent the week-end with her parents at Sweetwater. Mrs. D. P. Parker and son, Billie, left Wednesday for Abilene and from there will go to Gorman, where they will visit her husband's parents.

MODEL POULTRY ASSN. OPENS FOR BUSINESS

The Model Poultry Producers Association, with twelve counties comprising District No. 1, of the Farm Bureau Poultry Producers Association, has opened for business and is now receiving eggs for its membership. Mr. O. N. Bradford, expert grader and classifier of Dallas, is in Snyder in charge of receiving the produce and will remain until everything is in good working order. It is expected that a large volume will pass through the hands of the association within the next thirty days. The San Angelo Association which is now in good working order in its last return to members paid 18c per dozen for eggs classed as extras and as the volume increases will undoubtedly do better.

NOTICE

Are you the son of a Confederate Veteran? If so, do you aim to attend the reunion at Memphis? A call meeting of the Sons of Veterans is hereby called to meet in the court house on Thursday, April 24th. Be on hand, as we have business of importance to attend to. A. (Pat) Johnston, Adjutant.

CARD OF THANKS

We take this means of expressing our thanks and gratitude to all who helped us so much in the sickness and death of our son and brother, Callie Bayless.

Especially do we thank Mr. Caton for his kindness, also his class in school for the beautiful flowers sent. Then, too, we thank Bro. Berry and Bro. Jones for the kind, comforting words they gave the family, as well as the beautiful words they spoke for Callie. May God bless each and every one who helped us and may you be spared a like sorrow is our prayer.

- Mr. and Mrs. J. W. Bayless.
- Mr. and Mrs. W. B. Lee.
- Mr. and Mrs. R. V. Bayless.
- Mr. and Mrs. W. T. Seabolt.
- Mr. and Mrs. R. L. Bayless.
- Mr. and Mrs. William Duffy.
- J. D. Bayless.

CARD OF THANKS

We take this method of extending our thanks to our many friends who so kindly assisted us during the illness and death of wife and our dear mother, and also for the beautiful flowers. May God bless each and every one.

PLEASANT HILL NEWS

The young people of Pleasant Hill will present a play, "A Little Clodhopper," next Friday night, April 25, at the church.

The public is cordially invited to attend. The proceeds will go to help pay for our piano.

JEWELL BENNETT ANNOUNCES FOR PUBLIC WEIGHER AT PYRON

In this issue of the Times will be found the announcement of Mr. J. A. (Jewell) Bennett for Public Weigher for Precinct No. 13. Mr. Bennett has resided in that section for some time and for the past two years was engaged in the mercantile business at Inadale. He is thoroughly qualified for the office to which he aspires, and if elected will serve the people to their entire satisfaction. He is a man that stands high in his community and has many friends who will be glad to learn of his announcement.

The Times takes pleasure in presenting his claims to the people of his precinct, and bespeak for him a careful and prayerful consideration of his claims when they come to select their officers this coming July.

BAPTIST MEETING CLOSES

The series of meetings which have been in progress at the First Baptist church came to a close Sunday night. There were many reclamations and professions during the meeting and eighty additions to the church.

Rev. C. T. Whaley returned to his home at Memphis Monday. Rev. Whaley greatly endeared himself to the people during the few days he was here. His preaching was direct and heart searching and had a conviction about it that made men come face to face with their personal responsibility.

The congregations were large and the influence of the meeting reached out through many communities in the county. Perhaps the congregations were the largest of any meeting which has been held in Snyder for years.

Clean cotton rags wanted at the Times-Signal office. Will pay 5c per pound for same.

TRIP TO THE DAIRY

The cooking class of the Snyder high school was taken to the dairy, where many interesting, as well as new facts were learned. The trip proved to be both instructive and interesting, for Mr. Gassoway was very kind in explaining. Here we learned what kind of milk we use, and may say that the Snyder Dairy is an A-1 dairy.

Home Nursing Notes.

Under the instruction of Miss Green, we, the home nursing class, are weighing and measuring the grade children. By this we hope to raise the health standard of these children. Proper diets must be worked out, and health rules carried out by the children if we have any success.

By entering into a spirit of rivalry if properly carried on, the children should be interested in this campaign. One thing is very essential, without the co-operation of the mothers, we cannot make this work a success. Mothers, for the good of your children, won't you do your bit and help us out. It's up to you.

Home Nursing Department.

THE CODDLING MOTH

This is without question the most disastrous of the insect pests and is very properly called the terror of orchard. It comes in early spring and is upon the leaves and blossoms. The moth is gray color, flecked with darker dots and bars. There is a copper colored spot on the end of its wings. The moth lays eggs in the calyx of the blossom from which the caterpillar is hatched. The caterpillar eats its way to the center, develops, and when about three-quarters of an inch long leaves the apple. It finds a crevice in bark, spins a cocoon in which changes to pupa, later becomes a moth like one by which

egg was laid. Spraying for coddling moth is with arsenical poison before worm enters fruit. Arsenate of lead spray. Any good brand of arsenate of lead powdered will be found effective if used in proportion of 1 to 1 1-2 lbs. to 50 gallons of water. Arsenate of lead is better than other arsenicals for reason that it has better sticking qualities and does not wash off so quickly.

Next week I will write directions how to kill the San Jose scale, a most destructive insect.

G. H. Barnhart.

MOTHER TINDALL PASSES AWAY

The city of Snyder was shocked Wednesday morning when news was spread that Mother Tindall had passed away at her home in East Snyder Tuesday evening at 9:35 o'clock. She was taken seriously ill Tuesday morning at about 1 o'clock with double pneumonia.

She was a good woman and was loved and respected by all who knew her. Surrounded by a host of friends and her loved ones, she fell asleep in Jesus and was buried in the Snyder Cemetery after funeral services at the Methodist church, conducted by her pastor, C. E. Jameson. Rev. Jameson will write her obituary in next week's paper. Fare Thee well, Grandma, your shouts in Heaven will help to glorify our Redeemer while the Eternal Ages roll on.

BIRTHS

- Born to Mr. and Mrs. Albert R. Morton, April 9th, a boy, named Albert Larry.
- E. J. Crabtree, April 6th, a boy, named R. Q.
- E. A. Crowder, April 6th, a boy.
- J. H. Phillips, April 4th, a girl, named Ruby Lee.
- Ellis Phanton Parker, April 13th, a girl, named Callie Elois.

PERSONALS

Dr. Howell left Tuesday for his home at Brownwood after several days spent here looking after business interests and visiting with friends.

Mr. and Mrs. Rhea McFarland of Dunn, were in our city Tuesday doing some shopping.

Mr. and Mrs. G. E. Casey of Portales, New Mexico, have arrived and will make their home here with Mr. Casey's father, Mr. Condra.

Mr. Sanford of Panhandle was here Wednesday visiting with his relative Mr. and Mrs. Duckworth. Mr. Sanford returned Thursday, accompanied by his sister, Mrs. Marcus of Bertram, who has been here for the past several weeks visiting with her daughter, Mrs. Duckworth.

Mrs. G. W. Brown returned Tuesday from of week's visit to the O. E. S. Chapters in this district where she has been looking after the District Deputy's work.

Mr. Hammock and family of Caddo who have been making Snyder their home for the past several months and has been connected with the Brower Gents Furnishing Store will leave Saturday for Caddo, where they will make their home again.

Miss Annie Clements left Thursday for Plainview where she will visit with her grandmother, Mrs. Martin.

Mrs. L. A. Winfield of Mangun who has been here visiting with her friend, Mrs. Berry, left Thursday for Post City, where she will visit.

JEWELER TOWLE ADDS NEW OPTICAL EQUIPMENT

Mr. H. G. Towle, ever alert for progressive methods and modern equipment for his business, has recently added a new cabinet to his optical parlors. The cabinet is of mahogany and is used for his supplies. It is certainly a nice piece of furniture and adds to his already well equipped optical parlors.

Items of the Town

Mr. Webb of Boswell, Okla., came in Tuesday to see his son, George, who has been seriously ill for the past week with pneumonia. We are glad to report that he is now improving nicely and his many friends hope that he will soon be able to return to his school duties.

M. L. Mason and wife of Post spent Sunday here, the guests of their friends, Mr. and Mrs. Duckworth. Robert Collier spent Monday afternoon in Hermleigh looking after business for the Times office.

The many friends of Miss Bessie Garner are glad to see her back at her duties with Higginbotham after a severe attack of pneumonia.

Mesdames Harlin and Ward of Hermleigh were in town Tuesday doing some shopping.

Mrs. Walter Morton and little daughter returned Tuesday from Lubbock where they went Monday for medical treatment for the little girl, who is now doing nicely and we hope that she will soon be entirely recovered.

Mesdames Hood and Gentry of Hermleigh were in town Tuesday doing some shopping.

Mrs. Brower returned Tuesday from Arlington where she has been to visit her father who has been very sick.

Mesdames P. H. Caldwell and N. A. Billingsley of Dunn were in town Tuesday doing some shopping.

We have been informed that Miss Maude Williams, daughter of Mr. and Mrs. H. V. Williams, who has been teaching in Wichita Falls for the past five years, has been re-elected to the same position for another year.

Mrs. T. J. Thompson left Tuesday for Houston where she will visit her sister and from there she will visit with her sons, Jess and Rankin Thompson in San Antonio before returning home.

Mrs. Arnold and children, who have been here for the past two weeks visiting with her parents, Mr. and Mrs. T. J. Thompson, left Saturday for their home at Abilene.

R. E. Burnett of Brownfield, after a visit here with his friend, J. V. Riley left Tuesday for Mineral Wells.

J. W. Jones left Tuesday for his home in Hope, Arkansas, after several months stay in this part of the state.

J. L. Green has sold his farm northwest of town and has just completed a nice little cottage in the northeast part of town and moved into same the past week.

Mrs. Beaver and daughter, Miss Pearl, of Fluvanna, were in town Monday doing some shopping.

Mrs. Brister Burroughs and little daughter of Hermleigh were in town Monday doing some shopping and having some dental work done.

Mrs. J. A. Woodfin and daughters returned Monday from Childress where they spent a few days visiting with a sister and taking the baby home which Mrs. Woodfin has been taking care of while her sister was in the sanitarium. The sister is now improving nicely.

We received a letter from our good friend W. T. Black of Mountair, New Mexico, stating that he was again located at that place and wanting the Times sent to his address so that he would be able to keep posted on the happenings in Scurry county. Mr. Black stated that his health was greatly improved and that he was feeling fine.

Mr. Harris of Rotan has accepted a position with the Stinson Drug Company. Mr. Harris is a graduate pharmacist and will have charge of that department. He comes highly recommended and we hope that he will be well pleased and his stay in our town most pleasant.

Rev. Jameson and wife spent Monday night in Sweetwater attending the meeting of the Sunday school convention of the Methodist church.

Mr. O'Quinn left Monday for Austin.

Misses Cecil Strayhorn and sister, Leona, and friend, Miss Tyson, spent the week-end in Rotan visiting with their brother, Rob Strayhorn and wife.

Mrs. Jim Russell left Saturday for Abilene, where she will enter the sanitarium for medical treatment.

Mr. and Mrs. F. T. Wilhelm motored to Post Sunday afternoon for a few hours stay.

Ralph Johnston went to Canyon Thursday and spent a couple of days with his sister, Miss Lois, returning Sunday afternoon in their car which has been in Canyon since Mrs. Johnston and children returned home Christmas.

Mrs. Watson of Kansas City came in Monday on a visit to her friend, Miss Francis Harris.

Mrs. Bonner of Big Springs is here this week, the guest of her grandparents, Mr. and Mrs. Meadow, and aunt, Mrs. John Davis.

Mr. and Mrs. T. J. Weller of the Ennis community were in town Monday doing some shopping.

Mr. and Mrs. J. W. Berry, living west of town, were in our city Monday doing some shopping.

Mrs. Cowson, representing the Presbyterian Orphanage of Dallas, was here the past week attending the meeting and while in town was the guest of her friend, Mrs. Sam Orr.

Edgar Wilson, who has been assisting the nightwatchman in his duties for the past several months, has accepted a position as salesman in the grocery store of Bryant-Davis, and will be pleased to have his friends call on him at his place of business when in need of anything in the grocery line.

R. T. Martin and family and Alton Womack of Anson were here Sunday spending the day with their friends, E. Christian and family.

Richard Webb, wife and daughter, Mrs. R. E. Gray and children motored to Sweetwater Sunday afternoon for a few hours visit.

Mrs. E. E. Brumley went to Lubbock Monday morning where she will enter the sanitarium for medical treatment and perhaps undergo an operation before returning home.

Lyster Brundley went to Post Monday for a weeks visit with relatives.

Dr. Haggard left Monday for San Angelo and from there he will visit several other towns before returning home.

Mrs. Woods and little son left Monday for their home at Dallas, after a visit here with her mother, Mrs. Lela Ramage.

J. I. Burroughs and little daughter left Monday for Madisonville, where they will visit for a few weeks with relatives.

Rev. Huckabee, pastor of the Methodist church at Rotan, was here Monday to meet Miss Anna Shaw of Lockney who will visit for several weeks with her friend, Mrs. Huckabee.

Mrs. Kate Cotten left Friday for Lawton, Oklahoma, where she will visit with her daughter, Mrs. Jack Grundy.

Mrs. Ellen Oldham, son Herman, and daughter, Francis, spent the week-end here visiting with her son, George, and brother, George Northcutt.

Mrs. G. W. Parks of Roscoe spent the past Friday and Saturday here visiting with her sister, Mrs. W. W. Early.

Augustine Howell and wife of Palo Pinto, after several days visit here with friends, left Monday for their home.

A. M. Curry returned Monday from Post City where he has been for the past several days at the bedside of his brother-in-law, Mr. Wilson, who underwent an operation.

Mr. and Mrs. J. H. McClinton and daughter, Miss May, were called to Gail Tuesday to see their daughter and sister, Mrs. Hannabass, who is reported very sick.

Miss Mary Akers is home from El Paso for several weeks stay with her mother and sister, Miss Myrtle, who is convalescent from a serious attack of pneumonia.

Mrs. T. B. Bryce and Mrs. Tom Haley of Ira were in town Tuesday doing some shopping.

Mrs. W. B. Lemons went to Sweetwater Monday afternoon to attend the Sunday School Institute. The meeting was postponed on account of the illness of some of the teachers who were to conduct the school.

Tom Boren spent several days in Kent county this week.

Mr. and Mrs. Hugh Boren spent Thursday in Colorado.

Mrs. Owens and children of Nacogdoches, came in Wednesday on a visit to Mrs. Owens' parents, Mr. and Mrs. M. H. Hicks.

Mr. and Mrs. Warren of Big Spring were here for the week-end visiting with Mrs. Warren's sister, Mrs. Lallor.

Mr. and Mrs. Andrews who have been making Snyder their home for the past several months, left Tuesday for Roscoe, where they will make their future home. Mr. Andrews has been with the Bryant Lumber Company since they established their yard here.

Mr. and Mrs. Bob Grey of Borden county were in town Tuesday doing some shopping.

Mrs. Tate Lockhart was reported on the sick list several days the first of the week.

Mr. and Mrs. Carol Davidson and daughter were in town Wednesday doing some trading.

Mr. and Mrs. G. W. Sellers of Polare were in town Wednesday doing some shopping.

THE FEED QUESTION

(By the Chamber of Commerce)
The season is at hand when we must determine whether or not Scurry County is to raise enough feed to not only run through this year but to be certain that there will be enough surplus to provide for another year also. In other words will we or will we not plant enough feed to take care of two years of need. The ground contains a fine season, lands are in fine shape for planting and there is no reasonable excuse why sufficient feed should not be planted to take care of two years of demand. Pressure has been brought to bear from every angle to meet this demand but now that planting time is here the question must be met by the grower.

Natural conditions remaining normal the south will be one great cotton patch this year and even the Plains country is "going wild" over cotton. The north has a big wheat crop in prospect and if conditions are anything like favorable there will not be enough feed raised in these sections to meet the local demand, let alone for the outside consumer. If we do not raise feed at home some one is going to get a price for their feed that Scurry County farmers cannot possibly afford to pay. Warnings for the past several years have been issued that feed in sufficient quantities was not being planted in our section and that before another crop planting time rolled around that many would be buying shipped-in grain. This was more than true as many of our people were buying feed in January. Most of this feed came from the outside as but few men who really had the opportunity of growing a surplus grew enough to sell to their neighbors who did not. The prosperity of Scurry County and the West depends on their feed crop; the prosperity of the farmer, the stockman and every line of industry depends on the available feed supply. It is not idle talk that the question of credit rating in this section from now on will depend directly on what effort the producer is making to take care of himself on his feed production.

If a big cotton crop is raised we must see cheaper prices; someone is going to get caught on cheaper cotton and this may be the year. The big cotton spinners have already indicated their position in this respect and nobody but the man who has nothing to fall back on but an excessive cotton yield will be at fault. The farmer knows better than anyone else what he has to suffer from low priced cotton. Why, oh why, then put all of your eggs in one basket and take the chance?

In all likelihood this plea will fall largely on deaf ears, but just in the ratio that the producer fails to heed the many warnings to raise plenty of feed with a surplus, just in that ratio will the credit of our section be curtailed. No one has ever been injured by growing a big feed crop but the entire south has been bankrupted time and again with an excess cotton crop. Experience in Scurry County has for years demonstrated that the only successful farmer is the farmer who grows a surplus of feed.

COOPERATIVE MARKETING ASSOCIATION ORGANIZED

A cooperative marketing association was recently organized by the tomato growers of Natalia, Medina county, advises C. M. Merritt, county agent in Medina county. Twenty-four growers representing 150 acres of tomatoes agreed to market their product through the organization.

Two cars of commercial fertilizer was purchased, to be used on land planted in tomatoes.

GRASSHOPPERS EXPECTED IN LARGE NUMBERS IN 1924

Among the other unpleasant things we must look forward to during this season is the possibility of a big grasshopper scourge. Following a good start made last year, there is no reason to believe that the prediction will be far wrong and it is now a good time for our Scurry county farmers to commence to look forward to the best methods of control. Those who have many turkeys growing for market have one of the best exterminators yet devised and will be able to use them to good advantage. The following article from A. & M. College gives an idea of what is in store:

By R. R. Reppert, Entomologist.
Since our press letter of the latter part of January, the grasshopper situation has slightly improved. At the time of the last extensive field investigations carried out about a month ago by Mr. Gable and Mr. Russell of the U. S. Entomological work in Texas, a fair proportion of the eggs appeared to have been destroyed by weather conditions and parasites so that the percent of hatchable eggs was reduced at that time to about 80 per cent whereas, a month earlier 90 per cent seemed in condition to hatch. Weather conditions have been unfavorable to extensive field observations during the last month, but it may be assumed that the foregoing percentage has been still further reduced.

At the same time, the number of eggs laid last fall is sufficient to cause a severe infestation this season if but only a fair percentage hatch. Favorable conditions for hatching will consist of occasional warm rains with intervening bright days, and if added to this there should occur an extended drouth in early, summer conditions will be much the same as last year.

The entomological forces of the state are not sufficient to scout all corners of the state for the presence of grasshoppers nor even to give adequate aid to all sections in case of a general infestation. Persons observ-

Strong Nerves

You can't be healthy, happy or even good when you're nervous and irritable.

Every organ of the body is controlled by the nerves.

When they're out of order you're liable to have a nervous or physical break down.

Dr. Miles' Nervine

soothes irritated nerves and gives nature a chance to restore them to their normal functions.

C. M. T. C. ESSAY CONTEST IS ANNOUNCED BY WOMEN'S OVERSEAS LEAGUE

A free trip to Washington, D. C., will be awarded to three young women of America who are winners in a national essay contest sponsored by the Women's Overseas Service League and held for the purpose of calling attention to the Citizens' Military Training Camps.

ing numbers of young hoppers will aid us in anticipating an outbreak and suggesting a timely remedy by reporting at once to the entomologist of the Extension Service, College Station; to Charles H. Gable, Bureau of Entomology, Box No. 1077, San Antonio; or to Ernest E. Russell, Bureau of Entomology, Gainesville. Hatching may be expected immediately if warm weather occurs, and the small hoppers will be found in spots in pasture lands, along grassy fence rows, or in grass along creeks. Methods of control will be furnished on request.

Just as this article goes to press, fresh reports have come in indicating that the grasshopper problem this year is going to be serious.

Why a Young Man I Know Should Attend a Citizens' Military Training Camp," is the subject that has been announced.

Any young woman in the continental limits of the United States who is 13 years of age or over, but who will not have reached her twentieth birthday on May 5, 1924, is eligible to enter the contest.

All essays must be submitted by midnight, May 5, to town, county or city representatives of the Military Training Camps' Association or bear a postmark not later than such day and hour.

The essays will be limited to 300 words in length. Essays will be judged strictly on a basis of originality, expression and sincerity.

Arrangements are being made for the award of appropriate prizes for winning essays in each town, county, city and state. These prizes will be announced later.

Winners of county prizes will compete for state prizes, and three national winners will be chosen from the winning state and District of Columbia essays. These national winners will have all expenses of a trip to Washington paid and will be

awarded additional prizes which will be presented by Mrs. Calvin Coolidge. Essays will be submitted through local representatives of the Military Training Camps' Association to the C. M. T. C. Officer. Any desired information can be obtained by writing to the C. M. T. C. Officer, Headquarters 8th Corps Area, Fort Sam Houston, Texas.

FOR SALE—Two cotton mattresses reasonably cheap. Mrs. P. D. McKinnon, Hermleigh, Texas. 45-2tp

ABILENE TO ENTERTAIN
DIST. CHRISTIAN ENDEAVOR

ABILENE, Texas, April 8.—Plans for the entertaining of Abilene District Christian Endeavor Convention here on April 18, 19, 29 are fast assuming shape. The program for the three days has been practically completed and all indications point to one of the biggest Endeavor conventions ever held in this part of the state.

The district embraces sixteen counties, with over thirty organizations, and the convention committee is planning for over one hundred out of town delegates. Many interesting features are being planned for the visitors in the way of music, addresses, banquet and auto trips. Austin D. Bryan, associate field secretary of Christian Endeavor, will be here for the entire convention, and will deliver several talks on various phases of Endeavor work. Mr. Bryan has the reputation of being a live wire in young people's work, and has been well received in convention all over the state. Dr. I. W. Hunt, president of Me-

Murry College, is to deliver an address on Saturday evening, which will be of particular interest to all young people.

Many Speakers.
Rev. Fred S. Rogers will address the convention on Sunday afternoon and Dr. E. B. Surface will talk to the young people at the evening hour. Additional speakers will be Judge C. E. Coombes, Dr. T. S. Knox, Dr. W. O. Dallas and possibly others.

An elaborate banquet is being arranged for all registered delegates by the ladies of the Central Presbyterian and First Christian Churches on Saturday evening at six o'clock. All delegates will be given full entertainment during the convention, the homes of the members of the two churches being opened to them. The convention committee is offering a free trip to the delegate whose Endeavor Society first regis-

ters 100 per cent of its members. A handsome banner will be given to the out of town society registering the largest number.

Music of a varied nature will be furnished throughout the convention. Solos, both vocal and instrumental, will be rendered by the best talent in Abilene. The Lamar Orchestra will play on Friday evening, and on Saturday evening the A. C. C. quartette will sing.

The convention headquarters will be at the First Christian Church, where the Friday and Saturday sessions will be held. The Sunday services will all be at the Central Presbyterian Church.—Abilene Reporter.

Ford Steel Body Truck \$490
L. o. b. Detroit

Why Commercial Users Prefer the Ford

There is much significance in the fact that more than 75% of all commercial cars of one-ton capacity or less in the United States are Fords.

This overwhelming preference for Ford haulage units has its basis in the low cost of Ford transportation, the rugged construction of the truck itself, and its unusual adaptability to every line of industry.

Mechanical excellence, simplicity of design and ample power are further factors that have contributed to the popularity of the Ford One-Ton Worm Drive Truck.

The Ford One-Ton Truck equipped with an all-steel body and cab is now available as a complete unit, priced at \$490 L. o. b. Detroit. Screen sides and canopy roof that may be easily fitted to this unit are supplied at small additional cost.

Mrs. Cora Burroughs Died Last Saturday

Saturday, April 13, 1924; wife of J. I. Burroughs. A nobler woman couldn't be found. A good, Christian lady. She was kind and affectionate and her friends were numbered by her acquaintances. Noted to visit the sick and those in need and distress. She is gone, but her influence and charity acts are with us to stay. Oh, how this community will miss her. She leaves a son 16, and a sweet little girl about 11, and her husband to mourn her loss, besides her numerous friends. But they have an interest in Heaven they didn't have before. The greatest consolation—she was prepared to go; she has paid the debt that we owe; through with the trials and troubles and tribulations of here below. Life is uncertain and death is sure to come. Why not make preparation while opportunity is afforded. Some day it will be too late.

A Friend.

ESRUDOMA CLASS MEETING

The Esrudoma class met last week at the home of Mrs. J. F. Sentell with eighteen members answering to roll call. The business being disposed of, a social hour was enjoyed. We had with us Bro. Whaley and Bro. Rouse. Bro. Whaley gave us a talk on "Soul Winning" and Bro. Rouse on "What He Expected of Us as to Helping Him." Both talks were very much appreciated.

The hostess, assisted by Mrs. J. E. Sentell, served angel food cake and ice cream. —Reporter.

THE APRIL RAINS VERY MUCH APPRECIATED

April rains are very much appreciated these days and are bringing seasons to this section at an opportune time and in the midst of planting activities. A fine rain fell in this section last Saturday night and light showers again Tuesday night. The rain Saturday night extended from Snyder to the Plains country, and was pretty evenly distributed as to amount of precipitation.

There is a fine underground season coming as they are will insure stands and a rapid growing off of crops. The prospects could not be more flattering in this section for crops than at present. Our people are enthusiastic as to the outlook for future crop prospects in Scurry county.

MARRIAGE LICENSES ISSUED

- W. W. Findley and Mrs. W. B. Owens.
- Cottle Ware and Miss Johnnie Blue.
- Sam Wells and Miss Pearl Beaver.
- Gilbert C. Tatum and Miss Louise Sutton.
- Earl Wheeler and Miss Lena May Blackwood.
- C. L. Hunnicutt and Miss Juanita Wills.
- W. E. Grantham and Miss Cecil Bertram.
- A. D. Johnson and Mrs. B. Alva Will.

5-room house on west side for rent. See H. L. Davis.

LUMBER

Direct from mill to consumer. You tell us what you want to build, houses, barns, fences, etc. We tell you lumber necessary and mill prices on same delivered nearest railroad point at tremendous savings.

Write or wire W. B. PRICE LUMBER CO. P. O. BOX 1206 DALLAS, TEXAS.

MRS. C. C. HARLESS PASSES AWAY

Last Thursday, April 10th, Mrs. C. C. Harless, wife of Chap Harless, died at the home of her son, Ben Harless, after an illness of several weeks. Funeral services were conducted by Rev. C. E. Jameson, pastor of the Methodist church, of which she was a member.

She and her husband lived in Scurry county for a number of years, but moved to Metzzen some four years ago. They were splendid citizens and have a host of friends in this community, who will regret to learn of the death of Mrs. Harless. She was 62 years of age, lacking a few days, and a splendid Christian woman. The Times extends sympathy to the bereaved relatives in this hour of their deep sorrow.

MOTOR SERVICE STATION ADDS NEW EQUIPMENT

The Times editor was over to see the Motor Service Station people yesterday and found new equipment which had been just recently installed. It was the latest in pumps, of the Bowser make, electrically charged and discharged. It is one of the most complete pumps we have ever seen.

Mr. Wenninger has changed the front of his building an added drive-in features. He is very progressive in his methods and is adding constantly to his business in the way of modern conveniences and equipment.

CARD OF THANKS

We wish to take this method of thanking the many good people of Snyder and Scurry county for the aid and assistance given us during the sickness of our daughter, who has been restored to health. May you be richly rewarded for your kindness to us for we shall always remember you as our best friends. J. T. Gilmore and family.

BOX SUPPER

There will be a box supper given at the Bethel School House Saturday night, April 19th. Everybody cordially invited to come and enjoy the evening with us.

AT METHODIST CHURCH

Come out everybody to Sunday School Sunday and hear the little folks in their Easter program at the Sunday School hour. It will be worth hearing. They are all coming up stairs and entertain the big folk and you want to hear them. Our Sunday School is growing and we invite every boy and girl, every man and woman, who is not attending Sunday School to come and "get in the band wagon" with us.

There will be no preaching at our house Sunday morning on account of the Commandery Easter services at the Baptist church, but come Sunday night at 7:45 and hear the pastor's Easter message, also hear one of the best choirs in town sing. There will be special music. C. E. Jameson, Pastor.

GREETINGS TO ABILENE PRESBYTERIAL IN SESSION IN SNYDER, TEXAS, APRIL 10TH, 1924

Your committee on resolutions wishes to express its hearty appreciation:

First: To the people of Snyder for the royal welcome into their city, extended by Mayor Fritz R. Smith;

Second: To the churches of the city for their cordial welcome given by the representative of the Ministerial Association, Rev. C. E. Jameson;

Third: To those whose homes have been opened to us with such gracious hospitality;

Fourth: To the women for the attractive and bountiful meals served at the church;

Fifth: To the Methodist Pastor and people for the use of their church for the Presbyterian business sessions, and for other kindly courtesies extended;

Sixth: We wish to thank those who provided special music, and all others who have contributed in any way to the success of our Presbyterian. Assuring one and all that we shall treasure the pleasant memories of this delightful meeting in this splendid little city, among this fine people;

Requesting that copies of these resolutions be furnished your local paper, Brother Jameson and his people, and our Presbyterian Secretary, Mrs. A. G. Fitzgerald, Anson, Texas.

Respectfully submitted,
Mrs. A. W. Flanniken,
Lamesa, Texas.
Mrs. Guy Speck,
Post, Texas.
Mrs. G. D. Robinson,
Ranger, Texas.

Mrs. Cochran of Hobbs, was here Thursday enroute to Plainview, where she was called on account of the serious illness of her sister, Mrs. C. H. Johnson.

WHY SUFFER SO?

Get Back Your Health as Other Snyder Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Snyder cases:

Mrs. M. S. Thompson, says: "My back hurt me most all the time and when I stooped, sharp, cutting pains darted through it. My kidneys acted irregularly, too. Headaches came over me often and I felt tired and worn out. Doan's Pills from the Stinson Drug Store soon cured me." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Thompson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Motor Service Ads New Equipment

We have just installed a Bowser Electrical Filled and Discharge Pump—one of the most complete pumps on the market. This pump has a device to extract all water from the gasoline, thereby assuring you purse gasoline, free of water and better service.

The front of our building has been remodeled, with drive-in features, adding convenience to the motoring public.

We wish to call attention to our washing rack, where cars are thoroughly washed, cleaned and oiled. Bring us your cars for thorough washing and oiling.

For Easter 1924

WITH the advent of the Easter season comes the incentive to cast aside winter raiment and, like Spring, dress one's self in the new garments of the new season. We are well equipped to take care of you and grant your wishes where the spring wardrobe is concerned, for with our usual care we have selected merchandise which we believe will meet with your hearty approval.

MILLINERY

READY-TO-WEAR

This week has brought many new Hats in the late styles for Easter. See yours today.

We have made a very careful selection of spring and summer dresses, suits and wraps. No detail has been too slight for our attention. We confidently submit these garments for your approval.

WINDSOR HOSIERY

Fashion has named her favorite Hose. It is called Windsor. It was chosen because of its superior wearing qualities and it's style. In it are featured all the new shades that have come in this season.

DOTTED SWISS

Rightfully enjoys the popularity it enjoys. The colors are as many as you could wish, and it is reasonably priced.

SHIRTS FOR MEN

MEN!

See the latest Shirt for men. The Nofade "Nusilk." It is a new imported material and is very good looking. Only sells for \$3.50.

You can dress up for Easter, too. How about a new Spring Suit for this occasion, or a new Hat or a pair of Packard Oxfords?

Our Standards-- Quality & Service

OUR faith has always been in quality merchandise. By this we mean merchandise that is produced with a determination to make it as good as possible.

It has been our experience that quality merchandise attracts and holds the most desirable class of patronage in the community. Those who understand true economy know that a sound article at a fair price is a better value than an inferior article at a slightly lower price.

And when you come to analyze that word "Service" it includes everything that you have a right to expect from any store. It means service in merchandise, the highest quality standard held up for any item large or small it means fair prices and the best possible values for our customers; it includes personal attention to every order and request so that each individual customer is served as if he or she were the only customer of the store. In fact, this word includes so much that we hardly try to define it, we simply try to discover new ways of making it real to our customers.

Radio Brings Miracle To Oklahoma Deaf-Mute

(From Ada (Okla.) News)

Judson Hendryx, an Ada deaf-mute, enjoys a good radio concert.

Flitting over thousands of miles of space, voices and musical sounds, have performed a miracle that give this Ada youth his first audible impression since infancy or in his lifetime of memory.

For thousands a number of worthy radio concerts brought joy to followers of this latest bewitchery of inventors Friday night, but to Hendryx the static and clear vibrations came as a clap of thunder out of the deep abyss of 25 years of silence to give him his first impression of the wonder of God-given freedom of hearing.

Sensitive to the inner cells of the ear drum and massaging the dead muscles of the hearing region, the wonders of radio have led to joy of hearing for this lad who has lived in silence for 25 years.

At the home of Belton Brady, 211 South Stockton, head phones were placed over the deaf ears of young Hendryx last Friday night after Brady had heard of the effect of radio on the ear drum of deaf-mutes, whose ear drums were in any way sensitive to sound.

For the first half hour the lad sat silently and gave no evidence of the effect of the wave vibrations to his ears but before an hour had passed he was writhing in the wonderful revelation he had receiving through the head phones, scratching off a pad the startling fact that he heard voices, then music.

The lad sat entranced for hours listening to the first sounds to penetrate his ear drum. He described the music he heard over the phones, revealed in a pianist's concert and vividly scratched off his impression of the sound of voices, which were a mystery to him because of his long years of silence.

In explaining the sounds coming to him over space, he scratched off on the ever-ready pad that the piano numbers were the most pleasing to him. He could distinguish the jazzy selections from the clear and distinct notes of a piano and reveled in the mysterious sounds evolving from the announcements from time to time.

Young Hendryx explained, via the pad, that he could not hear for the first half hour of the experiment but that he could feel the vibration in the head phones on his ear drum. He wrote that the first sound came barely audible through his left ear and that the sound volume increased gradually until his right ear came in about an hour and a half after he first put the head phones on. Through the last hour of the experiment, Hendryx wrote that he could hear the sound distinctly.

Saturday Hendryx explained, via the pad, that the muscles of his ear were restless, a peculiar sensation he had never known before.

He professed an anxiety to put on the head phones again and wrestle with the sounds coming from the distant spaces through the radio.

Brady, who first conceived the experiment, declared Saturday that he would repeat it and under steady care attempt to restore partially at least Hendryx' hearing under ordinary circumstances.

Young Hendryx is 25 years of age, the son of Mrs. J. K. Hendryx, 600 West Fourteenth street. He lost his sense of hearing in infancy after a long illness and does not remember hearing in his lifetime. He has been a student at Oklahoma School for Deaf at Sulphur and a resident of Ada for several years.

Dallas Business Men To Visit Snyder May 5th

One hundred fifty strong, a party of Dallas business and professional men, traveling in a special train, will arrive in Snyder on May 5th at 7:30 A. M., for a sixty minutes visit with our citizens. The occasion is the Twenty-Third Annual Good-Will Tour of the Dallasites to points of interest in the Southwest Trade Territory. This year the party is endeavoring to stop at as many cities and towns in West Texas as its seven day schedule will permit.

Knowing the reputation of our business men for hospitality, the Dallas party is looking forward with keen interest to its brief call here.

A letter received from General Chairman, C. L. Norsworthy, announces the time of the train's arrival and expresses regret that owing to the large territory to be covered the party will not be able to spend

MUSIC FESTIVAL, AMARILLO, INCLUDES GALLI-CURCI

The Eighth Panhandle Music Festival will be held in Amarillo at the Municipal Auditorium, April 21 to 26. Girvin's "Little Symphony" Orchestra" of Chicago will appear on Monday, April 21, in a matinee to children only and will play the first festival program that night.

This orchestra is composed of sixteen men each an artist on his instrument. It will be conducted by Ramon Girvin, who is considered one of the best orchestra men in Chicago. A special feature will be numbers by the noted Girvin Trio and another will be the violin solos of Henry Sopkin.

The second day of the festival will include two programs, one of which is an operetta, "The Land of Chance," given by the Harmony Club of Amarillo, while the night program will be given by two splendid artists of New York City, Francis Moore, pianist and Hugo Kortschak, violinist.

The third day, the West Texas State Teachers' College Band will give the matinee and at night the world famous Galli-Curci will be heard in recital.

Music contests, which will be held on the forenoons of each of the first four days of the festival, will have been completed by Thursday night and it will be the winners of these various contests that will give the program for Thursday night. Entrants from every town in the Panhandle will perform in the contests and the best in each classification will, of course, be determined by competent judges.

On the last day of the Festival which is Friday, April 25, a cantata will be given in the afternoon by the music department of the Amarillo High School and at night the closing program will be given by Tito Schipa, the world's greatest lyric tenor. Schipa has been for the past three years leading tenor of the Chicago Opera Company.

For the series of eight programs, which are staged at an expense of \$8,500, season tickets are being sold for \$4.40, \$6.60 and \$8.80 according to locations desired in the auditorium. This brings the world's greatest talent to Panhandle people for little more than picture show prices. The tickets were placed on sale April 3 and the house was more than half sold in three days, and the entire house will sell as season tickets before the opening program, if the sale continues as it has been since the opening.

The Municipal Auditorium in Amarillo, with its wonderful acoustic qualities and its comfortable seating arrangement, which accommodates nearly 3,000 people, furnishes an ideal setting for such an event as the Panhandle Music Festival.

The Festival is staged by Emil F. Myers of the Amarillo College of Music, who has developed it into an institution, through a period of ten years. Starting in a small way it has continued to grow until the whole music loving Panhandle looks forward to it with a great deal of interest.

NEWSPAPER MEN VISIT SNYDER

Mr. Sam A. Roberts, editor of the Haskell Free-Press, and J. W. Roberts, editor of the Chillicothe News, were pleasant callers at the Times office Tuesday. They were enroute from the Plains to their respective homes. We enjoyed their visit very much while in the city.

a longer time in our city. The trip will embrace 2,026 miles, the longest and most important ever undertaken, and stops will be made at 69 West Texas cities, Mr. Norsworthy said.

The purpose of the tour will be to bring about a closer relationship and understanding between our merchants and the Dallas wholesale and manufacturing market. Members of the party will call personally at our business houses to meet our merchants and extend to them an invitation to visit the Dallas market and avail themselves of the service it affords to its patrons.

The party will be made up largely of the executive officers of the large banks, jobbing houses and manufacturing concerns in Dallas. Each individual will be loaded with novelty souvenirs and will be anxious to renew old acquaintances and make new friends. Every effort will be made to develop commercial and industrial contact and the men from "The City of the Hour" are full of enthusiasm concerning the development possibilities of West Texas—"The Bread Basket of the Nation."

Mr. Norsworthy especially requests that, if practicable, our school children be on hand to greet the party at the depot. He promises that no child will go away empty handed.

A magnificent uniformed band of twenty pieces will accompany the Good-Will party and will render a short concert during their stop. No effort or expense has been spared to make this the greatest Good-Will Tour Dallas has ever undertaken.

NEW ATTORNEY GENERAL
Photo of H. F. Stone, who was appointed attorney general.

UNCLE CHARLEY DODSON TALKS TO THE CHRISTIAN PEOPLE OF SNYDER

I want to say to the Christians of Snyder that while we have had a great religious revival and many have been converted and added to the church, yet there is more work for those who love God and His cause yet to be done. There is no stopping place. The devil and his followers are always in the midst of a revival working, ever working to decoy young Christians from a Christian life; not only to decoy them from the Christian life, but to keep those who are almost persuaded to become Christians from doing so. The devil has many ministers at work. Yes, every time you hear a man take the name of God in vain you may know he is one of the devil's pastors. Every time you see a man who has a thrust at Christianity you may know that he is surely one of the devil's ministers doing what he can to defeat the work of God's people. The devil has many enthusiastic workers. Yes, satan gets into the life and heart of many people and makes them preach for him. See that old sinner who is ever criticizing the act of some Christian, he is one of satan's victims. I heard a man not long since deny the resurrection of Christ. He is unconsciously one of satan's favorite workers. He is blinded by the God of this world. Some of the devil's workers do business on a low scale and some on a high scale, but all who are not on the Lord's side are against him and are working for their father, the devil, and will continue to work for him until some worker for the Lord goes to them and persuades them to see that there is a better and higher life in the work of Christ and gets them to turn from satan and surrender their life to Jesus who is so anxious for them to come to Him.

The forces of God and evil are marshaled the one against the other and if you are a Christian you are against satan and his forces and if you are not a Christian you are against Christ and for satan.

Now, brother in Christ, let's not stop and lose our fervor for the Master, for satan won't stop. He never lets up. We can not afford to let up, but continue to pray and talk and work for the Master. Go and talk to that man or woman or boy or girl who is lost. Take Christ with you and you will get them saved. God is just as ready to save people out of a revival as in one. It may be your son or daughter, husband or wife who is not saved. Get them to make a complete surrender of their life to Christ. Nothing short of a complete surrender will make a Christian out of any one. No one can serve two masters. He is either a child of God or a child of the devil. Now, brother in Christ, don't let up just because the meeting is gone, because there are many still in Snyder who are not saved. Work while it is called day, the night cometh when no man can work. You do not know when the night of death will overtake you or your loved one or your friend, we do not know when, but it is coming and the King's business requires haste.

What a difference there is in the life work of one who has served and worked for our blessed Lord and that one who has served and worked for the devil.

I will not ask for more space.
E. C. Dodson.

GILL-GERMAN

Mr. Leonard Gill and Miss Valerie German were married at the home of the bride's mother, Mrs. Mabel German, March 29th, Rev. Bryant officiating. The contracting parties are two of Snyder's highly respected young people, and have been the recipients of numerous congratulations since their happy union. The Times offers the usual congratulations and best wishes for a very happy and prosperous married life.

REPORT OF COMMITTEE ON RESOLUTIONS

The Presbytery of Abilene desires to express its appreciation for the unbounded hospitality, both in acts and spirit, on the part of the pastor and congregation, and most especially the women of the First Presbyterian church, and of the citizenship of Snyder in general.

We express hereby our admiring commendation of the faith, courage and loyalty to the cause of Jesus Christ, of the pastor, people, and friends of the Presbyterian church of Snyder, as shown in the splendid church edifice now under construction, and that we personally pledge ourselves to fellowship with them in prayer for the speedy and successful completion of this undertaking.

That we further express our appreciation of the courtesy and kindness shown us on the part of the local Methodist minister and people in the free use of their church edifice for the meetings of the Presbyterial, and for the open homes and hearts of the membership.

The Presbytery express its gratitude to the Snyder Chamber of Commerce for defraying the expenses of Bro. Bryan to Synod, the same being a direct saving to the Presbytery.

Floyd Jones,
W. C. Kunz.

PRESBYTERIAN CHURCH

There will be no preaching at the Presbyterian church Sunday morning, but will be service at the evening hour. All are invited to attend.

Notice—To all who have made subscription to the Presbyterian church building fund, please pay in your pledges as quickly as possible. See C. R. Buchanan at the court house, or the pastor. The money is now needed to pay off the workmen. We hope to begin the brick work after the 24th of April, so we must collect up and get all past debts paid at once.

The Pastor.

Company "G" 142 Infantry To Be Mustered In

The required number of men for Co. "G" 142 Inf. have been secured and Capt. Sentell has received a wire that the mustering officer has been notified and that he will come to Snyder in a few days for the purpose of mustering the company in. Although the fifty men necessary before the company could be mustered in have been secured, it is desired immediately and the enlisting will continue until this number has been received.

Work on the armory will begin in a few days and will be rushed to completion. Requisition for all necessary supplies and equipment is being completed and this equipment will get here about the first of next month. This will enable the company to begin work and training immediately and will enable it to be well organized and in good trim for the encampment which will be held on the coast of Texas or at Austin or San Antonio the first part of August.

Snyder is fortunate to have this fine organization and we are glad to see such marked interest taken in it.

Anyone desiring to get in or desiring information, see Capt. Sentell or Lieuts. Waterman or Ramsour at the office of the West Texas Letter Company over Grayum Drug Co.

SPECIAL MEETING I. O. O. F.

Snyder Lodge No. 485 will celebrate the 105th anniversary Friday night, April 25. All members are requested to be present. Visitors especially invited. A suitable program will be rendered. Speaking and initiatory work.

Ed Clayton and family of Roscoe were here Sunday visiting with Mr. and Mrs. J. O. Kelley.

JOHN HAHN TELLS HOW TO OVERCOME SPRING ILLS

Well Known Missouri Pacific Man Knows From Experience What Tanlac Will Do.

The safest and surest way to avoid that dull, dragging feeling of the body, sluggish mind, lagging memory, depression of spirits, nervousness, kidney and liver disorders, headaches, dizziness and the other distressing troubles so prevalent in Springtime is to regulate the appetite and tone up the stomach and digestive organs, thereby ridding the system of the impurities that have accumulated during the long winter months.

So many thousands of people have testified to the invigorating and health-building properties of Tanlac that its wonderful merits cannot be doubted. Further striking evidence of this fact is given by John H. Hahn, 728 West McCarty St., Jefferson City, Mo., well-known employe of the Missouri Pacific Ry. "Since taking Tanlac, I feel like a new man altogether," recently said Mr. Hahn, "and in spite of the fact

that I'm past seventy, I'm putting in eight hours of work every day.

"For five years, I suffered from dizzy spells that nothing would relieve. At times they almost blinded me and I would have to be led to a chair in the roundhouse. I couldn't walk straight on the street and often when I bent over to fasten my shoes in the morning, I would topple right over on the floor. My system was just so loaded down with poison, or whatever caused this dizziness, that I would have spells as often as once a month, and I tell you, they were terrible.

"My friends put me on to Tanlac a year and a half ago, and, sir, my very first bottle made me feel so much better that I went straight for another and then another. Tanlac made me relish my food, built me up fine and just worked wonders in relieving those dizzy spells. I still use Tanlac occasionally and when it comes to heading off dizzy spells, Tanlac sure does it. If any man doubt's that Tanlac is a good tonic, just let him look up John H. Hahn."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

Adobe Walls Fund is Aided In North Plains

Mrs. Olive K. Dixon of Miami, who has visited a number of North Plains cities in behalf of funds for the Adobe Walls monument, which it is proposed to erect by the middle of June when the fiftieth anniversary will be observed, reports that she has been unusually successful.

Mrs. Dixon reports that Canadian people gave \$80. Higgins people subscribed \$40, and of this amount \$14.50 was given by the Sophomore class of the high school.

The record amount was received at Perryton, where subscriptions totaling \$112, were received.

Interest in the North Plains is great in the Adobe Walls celebration, reports Mrs. Dixon, who hopes that this enthusiasm may spread to other parts of the Panhandle.

F. P. Reid, former mayor of Panhandle, who has been one of the hard workers for the monument, plans to do some soliciting for funds.

Newspapers throughout this section have opened their columns for the monument fund. This newspaper will be glad to receive subscriptions for this fund which will honor the pioneers who fought the Indians.

hiko Rawei, Giving a Glimpse of the South Sea Isles.

Fourth Day.

Afternoon, Lecture, Revealing a Touch of the Orient, Dr. James G. McMurtry.

Evening — Comedy-Drama, "Six Cylinder Love."

Afternoon — Concert - Entertainment, Terwilliger-Harper.

Lecture, "Laughter and Life," Wallace Bruce Ansbury.

Evening — Terwilliger-Harper, Entertainment, Chas. R. Taggart.

Sixth Day.

Afternoon — The Big Musical Sensation, Gilbert's All-American Band.

Evening — Spectacular Concert, Gilbert's All-American Band.

Seventh Day.

Afternoon — Children's Entertainment, Clemens' Marionettes.

Evening — Clemens and Company; Lecture, "America's Way Out for the World," a Traveler's Conclusions, Dr. William T. Ellis.

This program, of course, is subject to a slight change due to local conditions.

Snyder Enjoys a Very Steady, Constant Growth

Snyder continues to enjoy a steady, constant growth. New houses are going up for home owning purposes, new business and industrial concerns are being added, and much improvement of both business and residence property is manifest. Snyder has no boom and does not want one. Snyder grows gradually and without making a big to-do about it. At present there are two new filling stations going up. One across the R. S. & P. tracks on East Bridge street and one on the Wilmet property in front of the Christian church. Mr. Bob Terry is the promoter of these new enterprises. Mr. Henry Brice is building the one across the R. S. & P. tracks and A. C. Wilmet is building the other. Mr. Terry will conduct the two stations in the interest of the Pierce Oil Corporation, of which he is agent, and will have a manager for each station. Both stations are to be modern in every way.

Mr. Bailey, late of Denton, Texas, has put in a modern bottling works. His enterprise adds materially to the business interests of the town.

Since we came to Snyder a little less than a year ago we have seen the town grow and expand in many ways. We have seen the country develop also. At Hernleigh, the progressive little city to the southeast of us, new buildings and enterprises have been added in the past year. Fluvanna is building also, in fact all the outlying Scurry county towns are enjoying a steady growth.

There are big things planned for Snyder this year. The city will extend the water and sewerage systems. They will also pave the square and by-streets and put Snyder on the map in earnest. The campaign of graveling the streets and building sidewalks is to be continued throughout the new year. Many miles of macadamized streets will be built before 1924 passes out.

We must not overlook the fact that the East Side Church of Christ is building a handsome church building on East Bridge street just across the R. S. & P. tracks. The building is frame with a basement that will accommodate eight class rooms for Sunday School work.

What more could we ask than to see our town enjoy a steady growth, one built on a real foundation, which will not see a reaction. Towns in West Texas that have enjoyed inflated booms are now beginning to see a reaction set in. All towns that enjoy abnormal booms will experience a reaction, and the last state will be worse than the first.

The Times-Signal hasn't the space at this time to enumerate all the new public enterprises and all the new businesses that have gone in in Snyder the past twelve months, but will in the near future undertake to compile a list of same and give it to our readers that they may know what we are really doing.

With all our growth and public spirited enterprises Snyder has a debt of less than \$35,000 and the lowest tax rate of any town its size in West Texas.

J. M. Reeves and brother, Alex. Ollie Barker and Henry Reeves of Champion, spent Saturday here visiting with their brother and uncle, W. T. Rankin.

Mrs. A. G. Eiland and son, Royce Cherry, spent Friday and Saturday visiting with relatives in Stanton, returning home Sunday afternoon. They report a most enjoyable visit.

Earl Sparks, student of A. C. C., spent the week-end here visiting with his parents, Dr. and Mrs. Sparks, returning to Abilene Monday afternoon to resume his school work.

PROGRAM FOR REDPATH-HORNER CHAUTAUQUA

Following is the Chautauqua program which will open in Snyder May 27th.

First Day.

Afternoon — Concert, The Radio Entertainers, Entertainment, "The Merry Old Chief," Leo Fitzpatrick.

Evening — Concert, The Radio Entertainers, Entertainment, "The Merry Old Chief," Leo Fitzpatrick.

Lecture, "All Aboard," Elwood T. Bailey.

Second Day.

Afternoon — Concert and Entertainment, Margaret Riner and Supporting Artists.

Evening — Margaret Riner and Supporting Artists; Lecture, "This Way Up," Chancellor, George Henry Bradford.

THE TOUCH OF DEATH

Barring the fact that perfection is unattainable, is there anything seriously wrong with fire insurance? If there is, what is it? And if there isn't, why all the agitation by those for the most part quite unfamiliar with the subject?

Fire insurance is the only item of importance in our everyday life which isn't costing more now than it did before the war; in fact, it is the only such item which has decreased in cost. This in spite of the fact that everything insurance has to buy and use has gone up — paper, labor, transportation, rents, taxes, etc.

Fire insurance not only has absorbed all the increased cost without advancing rates—without making the consumer pay it, as all other lines have done—but has actually and steadily reduced its rates. Doesn't that after all indicate the best of competent management? The only important item of cost under its control is agents' commissions. Those, between 1913 and 1923, have gone up not quite two cents on a dollar of premium—less than a 10 per cent increase. Compare this trifling increase with the increase in wages or salaries prevailing in any other line; and do not forget that it, like the other increases in expense, has been absorbed by the business instead of being passed on to the public.

Compare what you pay for food, clothing, rent, building, transportation, etc., and reflect that these prices are in no small measure the direct result of governmental interference with the private management of transportation companies, which, with the present system of taxation, sent those skyward and kept them there. "The hand of government in business is the touch of death."—H. A. Smith, Pres. National Fire Insurance Co., of Hartford.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by STINSON DRUG CO.

Baptists Give Aid To Texas Missions

More money has been spent in Texas during the last four years by the Home Mission Board of the Southern Baptist Convention for church building and for general home mission work than was contributed to that board by Texas Baptists during that period, Dr. F. S. Groner, general secretary of the executive board of the Baptist General Convention of Texas said. Home mission funds used in this state from May 1, 1919 to January 1, 1924 totaled \$927,000 and the amount which has been loaned to Baptists in this state for church building during that time is \$216,000, making a total of \$1,143,000 which this state has received from that board, as compared to the contribu-

tions to that agency of \$569,435.97, during the same period, Dr. Groner declared.

The Baptist 75 Million Spring Pay Up Campaign is being directed in this state by Dr. Groner, who has been in general charge of the work for several years.

In a recent report Dr. Groner explained to the Baptist executive board that the assets of the Baptist General Convention of Texas are \$13,500,000 and the liabilities of the convention are \$3,400,000. The church buildings in the State are valued at more than \$15,000,000. The amount paid to the Baptist schools in this State since the opening of the Baptist 75 Million Campaign is \$1,598,000, the hospitals of the State, \$439,132 and to Buckner Orphans Home building fund \$80,455. The total amount contributed to these institutions is \$2,629,613.

MODART CORSETS Front Laced

Modes may come and modes may go—but those vertical slender lines still remain to perplex some of us who have not yet discovered Modart.

With a welcome east that reflects its scientific design, the invisible Modart lightly grooms the figure into perfect proportion.

The moment you are encircled in its silken folds you experience a bracing snugness.

And you know instantly and instinctively that your search for corset comfort is ended. You have the right corset for you—the Modart.

CITATION BY PUBLICATION STATE OF TEXAS.

To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon J. J. Holliday, if he be living, and, if he be dead, to summon his unknown heirs by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in Scurry County, Texas, as well as by making publication once each week for four consecutive weeks previous to the return hereof in some newspaper in Scurry County, Texas, to appear at the next regular term of the District Court of Scurry County to be holden at the court house thereof in Snyder, Texas, on the sixteenth Monday after the first Monday in February, A. D. 1924, the same being the twenty-sixth day of May, A. D. 1924, then and there to answer a petition filed in said court on the 4th day of April, A. D. 1924 in a suit numbered on the docket of said court, number 2282, wherein F. F. DuBose is plaintiff and J. J. Holliday, if living, and if dead, his unknown heirs are defendants, said petition being an action of trespass to try title to recover the following described property situated in the town or city of Colorado in Mitchell County, Texas, and described as follows, to-wit:

A part of lots 12, 13, 14 and 15, in Block 41, in the town or city of Colorado according to the map or plat of said town or city a copy of which is of record in the Deed Records of Mitchell County in Volume "C" pages 16 and 17, beginning at a point 50 feet north of the southwest corner of said lot 15, said point being in the west line of said lot 15 on Oak St.; thence on a line parallel with the south boundary lines of lots 12, 13, 14 and 15 in an easterly direction the distance of 100 feet to a point in the east boundary line of lot 12; thence south 50 feet to the southeast corner of lot 12; thence westwardly 100 feet to the southwest corner of lot 15; thence northwardly along the west boundary line of lot 15 a distance of fifty feet to the place of beginning.

Plaintiff sets up the statute of limitation of five and ten years, and for the particular allegations in that respect reference is here made to plaintiff's original petition.

Herein fail not but have you before said court on the said first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of the said court in the city of Snyder, Scurry County, Texas, this 4th day of April, A. D. 1924.

JEAN GRIGGS, Clerk District Court, Scurry County, Tex. Issued this 4th day of April A. D. 1924.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Scurry if there be a newspaper in said County, but if not, in the nearest County where a newspaper is published, for four successive weeks previous to the return day hereof you summons Bob Shoemaker whose residence is unknown to be and appear before the Hon. District Court, in and for the County of Scurry at the next regular term thereof, to be holden in the County of Scurry at the Court House thereof in Snyder, Texas, on the Fourth Monday in May, 1924, same being the 26th day of May, 1924. The number of said cause being

then and there to answer the petition of Jennie Shoemaker, filed in said court on the 12th day of April, A. D. 1924, against the said Bob Shoemaker and alleging in substance as follows: Plaintiff alleges that she is and has been for a period of at least twelve months prior to the filing of said suit, an actual bona fide inhabitant of the State of Texas and County of Scurry; that she and defendant were lawfully married on July 15th, 1921, in Bexar County, Texas; that they continued to live together as husband and wife until on or about March 1st, 1923, since which time they have continued to live separate and apart. That during the time she and defendant lived together, she was kind and affectionate and always mindful of her duties and obligations as a wife; that shortly after their marriage the defendant began a course of unkind treatment toward this plaintiff which continued until the defendant left and abandoned this plaintiff.

Plaintiff further alleges that a few days before their separation the defendant became enraged and cursed and abused her, calling her all kind of vile names and struck her several blows about the face and body with his fist, which caused plaintiff much pain; that on the day of separation the defendant again became enraged, grabbed this plaintiff and choked her until she fell on the bed, and then struck her several times with his fists and then abandoned her, leaving her absolutely destitute, ill and suffering from the wounds inflicted upon her by the defendant. Plaintiff further alleges that defendant's action and conduct toward her generally are of such a nature as to render their further living together insupportable.

Plaintiff prays the court that defendant be cited to appear and answer this petition, that she have judgment dissolving said marriage relations, for costs of suit, and for such

other and further relief, special and general, in law and in equity, that she may be justly entitled to.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, in Snyder, Texas, this 12th day of April, A. D. 1924.

(Seal) Attest: JEAN GRIGGS, Clerk District Court, Scurry County, Texas. 46-4tc

JONES, SMITH, DUBB, DOUGH

Hon. Eugene Black, Congressional representative from Texas, in an argument in Congress in favor of a constitutional amendment to do away with tax-exempt bonds, said:

"There is nothing which contributes more to the spirit of tax evasion than for the taxpayers of the country, generally, to believe there is a large amount of wealth which is escaping its just part of the tax burden.

"With our present evils of tax-exemption which are growing in their aggravation every year, in what situation do we find ourselves?"

"The Government; in the person of its internal revenue tax collector,

calls on four of its citizens, Jones and Smith and Dubb and Dough, each of them giving an income of \$25,000 annually. Jones is a manufacturer; Smith, a business man; Dubb, a professional man; and Dough, a retired capitalist who gets his income by clipping coupons from municipal and state bonds. The Government says:

"Come in, Smith, and Jones and Dubb; I have a word to say to you. I need some money to support the army, the navy; I need some money for national defense; I need \$500,000,000 required to discharge our obligations to the wounded and dis-

abled of the world war; I need money to pay interest on national debt and take care of sinking fund; but Dough, you need not come in; your income is from state and municipal bonds. I will just throw your part of the tax on the already burdened shoulders of Smith, Jones and Dubb.

"I have always been led to believe that Democracy means equal opportunity, and just as important, equal obligation. It is because I believe this pending amendment will compel the fulfillment of equal obligation that I will support it."

ICE! ICE!

I will keep ice regularly at the Snyder Ice Cream Factory two doors south of Post Office. We are shipping ice in to supply the local demand until the Snyder Utilities starts to manufacturing same, and we can not afford to cut less than 25-pound pieces.

Superior Dairy Ration

Increased production at least cost is the one big thought uppermost in the minds of all cow owners, and Superior Dairy Ration has the following fourfold superiority:

- 1st. Increased milk production.
- 2nd. Longer lactation period.
- 3rd. Stronger calves and healthy cows
- 4th. Convenience and dependability.

There is a great deal more to a dairy feed than the essential analysis. Superior Dairy Ration is not only accurately balanced, but also contains the very essential vitamins and mineral matter necessary for a long and maximum milk production and the development of strong, vigorous calves and healthy cows. It is made from selected, inspected and analyzed high grade milk-producing feed elements that are proven before mixing. It is honest, dependable and absolutely uniform in its perfect ratio; although it may vary slightly in color, due to its protein base (Corn Gluten Feed) being a product that varies from a brown to a light yellow, but by having this feed analyzed we are able to maintain at all times the standard set for this remarkable milk producer.

Dairying is Made Profitable By Using Superior Dairy Ration. Try It and Be Convinced.

**ALL PRODUCTION RECORDS
BROKEN BY WILLYS-OVERLAND**

Surpassing all previous monthly production records with a production of 24,091 cars for March, the conspicuously strong position of Willys-Overland during the past few weeks is now shown to be fully warranted. The company also exceeded any previous quarter with a total of 68,481 cars for the first quarter of this year.

Willys-Overland production for the first quarter of 1923 was 44,470 cars, which in itself was a very large increase over the same period for the previous year, but this year's production is an increase of 54 per cent over the same period last year. Shipments reached their high point on March 31st when the total was 1535 cars.

The steady and remarkable progress of the Willys-Overland Company during the past three years has been one of the outstanding achievements of the industry. In 1921, Willys-Overland sales were 46,923; 1922, 92,886; 1923, 200,804, and the schedule for 1924 is 300,000, covered by commitments from dealers, a planned increase of 50 per cent for this year.

Only seven manufacturers built more than 100,000 cars each last year. These seven built nearly 90 per cent of all the cars. In the first three months of 1924, Willys-Overland showed an increase of 54 per cent over the first quarter of 1923, the largest increase among all of these seven leaders.

John N. Willys, President of the

Willys-Overland Company, who has just returned from a 10,000 mile trip, reaching from Boston to Seattle, down the Pacific Coast and across the southern part of the United States, in which he has talked personally to approximately 3,000 Willys-Overland dealers, is very enthusiastic over the Willys-Overland position and prospects.

"During the past year we have almost doubled our dealer organization and the profits made by Willys-Overland dealers the past year have greatly strengthened their position at every point in the territory," he said. At every point he found dealers optimistic over Willys-Overland business, "not merely optimistic with hopes but optimistic as result of large numbers of retail orders on file which will be delivered as soon as the spring business season opens up the roads."

Mr. Willys states that the bad weather of the past few weeks has delayed deliveries in many quarters, but has not materially retarded Willys-Overland sales.

"We note from the reports of credit companies who finance dealers during the winter, that a very active retail demand started in many sections late in March. Retail sales, according to our field reports, are equal in March to those of last year, and this past week has shown a very great increase.

"Our dealers in Buffalo territory have placed orders for 157 per cent of their April quota. In Chicago, retail sales show a 33 per cent increase for March in excess of March last year, in spite of the fact that they

have had no weather for retail deliveries in the country territory. From Elmira, N. Y., we just received report that sales for the first quarter are 200 per cent ahead of last year.

"In Syracuse, N. Y., our dealers sold more than 200 cars during their automobile show, when the town was buried in snow. In Huntington, W. Va., more than seventy Willys-Overland cars were sold during the automobile show.

"Just before I reached California," said Mr. Willys, "the business there had shown a tendency to slow up slightly, because of the abnormal lack of rain, but it rained heavily for three days and a marked increase of enthusiasm was evident at every point in the state, as a result of the greatly relieved anxiety felt throughout the state regarding crop conditions."

"The whole central and southwestern section of the country is in splendid condition, and bankers and dealers are optimistic. It promises to be the greatest year in the southwest that we have ever had."

"New York City branch sales for first quarter were 4,299 against sales in 1923 of 2504, an increase of 71 1-2 per cent.

"Detroit sales for the first quarter show 67 per cent increase over the same quarter in 1923, as compared with a 33 per cent increase for all makes."

"Another thing that gives so great optimism over the Willys-Overland business for the coming year," continued Mr. Willys, "is the very large number of new dealers that we are

adding every day in open territory. More than 500 new dealers were signed up in March. In Omaha, our branch manager had signed up one new dealer every day during the month of March. We have received more than 2,000 inquiries for our dealer franchise within the last forty days, and our dealers everywhere are enthusiastically confident that this is going to be by far the greatest year in Willys-Overland history.

"These are substantial indications on which I base my confidence that we will continue the present percentage of increase."

Mr. and Mrs. Sam Randals of Hermligh were in town Sunday afternoon.

**Times People Return
From Trip to Plains**

The Times editor and wife returned last Sunday from a trip to Lockney and Floyd county. Mrs. Smith spent a week with relatives and friends there and the writer went up last Thursday. We found the Plains with its Sunday clothes on. Wheat was as fine as we have ever seen it at this season of the year. General prospects in the Plains country are indeed flattering at this season of the year. The Floyd county farmers are diversifying this year, and will have large cotton and feed acreages planted in addition to their wheat.

**Do Not Plan Beyond
Your Resources!**

ARE YOU PLANNING BEYOND YOUR RESOURCES? ARE YOU MAKING BIG PLANS ON SMALL RESOURCES?

THERE IS A RELATIONSHIP BETWEEN PLANS AND RESOURCES WHICH CANNOT BE DETERMINED UNTIL INCOME AND EXPENDITURES ARE THOROUGHLY HARMONIZED.

**PERHAPS YOUR PLANS CAN BE TRIMMED—
PERHAPS YOUR RESOURCES CAN BE EXPANDED**

In these days of rushing business keeping pace with things is not the smallest task the business man must perform. Your Banker has the responsibility of keeping up with the trend of business, and the causes and affects of changes, therefore, it will be well to consult him freely whenever occasion necessitates.

In planning the year's crop program be sure your plans equal your resources. We would suggest that your plans include well balanced, harmonious programs of diversification—and be sure that your feed acreage equals your normal crop shortages. Also add to your program dairying, poultry, hog raising, and a determinatin to live at home and within your means.

FOR SERVICE—A Jersey bull, at the O. K. Wagon Yard. Also my Black Spanish Mammoth Jack will make the season at the same place. B. F. Hargroves. 45-4tp

CALLIE BAYLESS DIES AT LUBBACK SANITARIUM

Callie, the 19-year-old son of Mr. and Mrs. J. W. Bayless, died at the Lubbock Sanitarium Tuesday at 10 o'clock and the body arrived here Wednesday morning. Funeral services and interment took place at Camp Springs yesterday afternoon. The many friends of the family sympathize with Mr. and Mrs. Bayless in their bereavement.

Scurry County Livestock At The Fat Stock Show

Few people in this section realize what the Scurry county cattle raisers are doing in the way of putting Scurry county on the map and like the old saying, "a prophet is not without honor save in his own country," the same can be said of those who are keeping up the standards of cattle breeding in this section. No one at home really seems to appreciate the efforts these men are making. In fact, if home folks want breeding stock they will send their money elsewhere rather than buy as good as can be bought at home.

The Hereford breeders at the show representing Scurry county were, J. A. J. Jones and D. A. Jones of Fluvanna, Sidney Johnson, J. J. Koonsman and Wade Winston of Snyder, with two cars of cattle, being mostly young bulls intended for sale.

The cattle competing in the show included two young bulls good enough to win sixth and seventh places and a steer good enough to win seventh place. Sixth place was won by Mr. Koonsman's two year old bull in a class containing nearly 100 entries. Seventh place was won by Wade Winston's junior bull calf in a class 95 entries. Both of these classes contained the largest and best number of cattle ever shown in the Fort Worth show ring.

The steer that won seventh place was a grade animal fed by Wade Winston, showing a dressing percentage of 63 per cent and sold for \$10.75 per cwt. There were other cattle in the shipment that showed to good advantage in the unusually strong competition as there was more cattle shown at the Southwestern Exposition this year than ever before and more than at any other show in the entire United States this year. When Scurry county cattle can go to a show of this class, the biggest in the United States, and even get within the money classes it speaks volumes for our cattle and means that home folks do not have to go outside of our county to get

the best that is. Scurry and adjoining counties have some old established registered hogs bred along the choicest blood lines but until recently there has been no general interest to fit cattle for the show ring. Through the efforts of the Scurry County Fair Association this work has been encouraged with such results that considerable interest is now being taken in the breeding and fitting cattle to such a type that they can meet competition with herds in other localities not only in the show ring but to meet the demands of the careful breeder who wants bulls of the right type and pedigree and for raising the choice feeder type which are always in good demand. With a few more years of careful breeding, a little more encouragement to the local breeder who is trying to establish a name for Scurry and adjoining counties stock and more interest in the home shows there is no reason why blue ribbons will not come home regularly from now on.

In addition, Mr. Wade Winston showed some of his Berkshire hogs, winning third place in a large class of barrows. This animal was from the Realization strain which the Winston Bros. are breeding crossed with the Real Type strain. Realization was Grand Champion at the Chicago show this year and the herd boar of the Winston Bros. is a son of the Grand Champion.

GRANTHAM-BERTRAM
Mr. Earl Grantham and Miss Cecil Bertram were married last Thursday at the residence of the bride in the west part of town, Rev. Bryant officiating. Mr. Grantham is the son of Mr. and Mrs. Roscoe Grantham, while the bride is the daughter of Mr. and Mrs. Will Bertram. They are two of Snyder's highly respected young people, and the Times hastens to offer its congratulations and best wishes for a very happy and prosperous married life. They left immediately for Dallas to spend their honeymoon.

Club Women 6th District Will Go To Alpine in 1925

COLORADO, April 13.—Alpine, picturesque city in the Davis Mountains and home of Sul Ross State Teachers College, was selected as the next convention city by delegates attending the ninth annual convention of the Sixth District, Federation of Women's Clubs, here this morning.

The nomination speech winning this honor was delivered on the convention floor by Mrs. George W. Baines, prominent Alpine club woman, and head of the delegation from that city. Winters, the only other applicant for the convention in 1925, lost when El Paso swung its support to Alpine, "its little sister."

El Paso Withdraws.
El Paso, which had technically been among the cities coveting the next convention, withdrew in favor of Alpine in an address delivered by Mrs. Hinden Butler, member of the El Paso delegation. Dr. I. E. Bishop, prominent El Paso club woman and physician, supported the invitation of Alpine in a ringing address delivered just before the balloting was taken up.

Dr. Bishop and Mrs. Butler announced that El Paso would seek the biennial council in 1925, and for that reason would withdraw its application for the district meeting. The El Paso delegation will also seek the state convention next year and during the closing hours of the convention here this afternoon delegates from the "Gateway City" were busy soliciting support of other West Texas club women to augment their forces to carry off the honor.

The business sessions of the three-day convention were practically ended when the meeting was adjourned to luncheon today. After luncheon delegates from several cities began leaving Colorado for their homes. Few of the visitors remain in the city tonight.

State President Praises Hosts.
"The convention at Colorado has been one of the best I have ever attended in the Southwest," was the statement of Mrs. Henry Redmond of Corpus Christi, president of the State Federation.

"I have never attended a convention, district or state, or biennial, where visitors were entertained more royally than you people of Colorado have entertained us."

Mrs. William Reagan, president of the district, was also profuse in her praise of the efficiency with which local club women carried out both the business and entertaining features of the three days. "You promised us much when asking for this convention a year ago, and you have done much more than you promised, or than any of us had anticipated," she declared.

Colorado Surprises Visitors.
Delegates attending the convention expressed surprise at finding Colorado a city of more than 4,000 people, paved streets and many other characteristics of a growing city. The surrounding country, too, which is so rapidly being developed into well improved farms, was another surprise for delegates coming from a distance, especially from South Texas. They had expected to find Colorado the usual type cow town surrounded with large pastures.

Mrs. A. L. Whipkey, president of the Mitchell County Federation, presided as chairman at the banquet, Friday night, which is claimed to have been one of the most elaborate affairs held here.

While the guests were at dinner, the chairman introduced Mrs. James T. Johnson of Colorado, who toasted the district president, Mrs. William Reagan of Cisco.

The little daughter of Mr. and Mrs. Sam Majors of Colorado then presented Mrs. Reagan with a bouquet of flowers in token of the love and esteem members of the Federation held for her.

Mrs. Jack Smith of Colorado toasted Mrs. Henry Redmond of Corpus Christi, state president, and Mrs. W. L. Hester of Lorraine.

The district officials' reports were heard yesterday from 44 of the 82 clubs in the Sixth District and each showed club work throughout this section of West Texas had accomplished much during the past year. The reports especially related to the effective work for education.

During the afternoon yesterday departmental chairmen made their

HAIL WITH RAIN BREAKS WINDOWS IN WEST TEXAS

SWEETWATER, April 13.—Coming at a time when it will be of the greatest service for Spring planting, and accompanied by hail in some sections, rain varying from one-half to one inch, swept the South Plains and Central West Texas Saturday night. The area reached by the rain extended from Plainview and Hale Center on the Santa Fe and south to Brownwood, with a heavy rain at Snyder and other points northwest.

The Texas and Pacific reported good rains from west of Big Spring to east of Baird, while Blackwell, Bronte and San Angelo on the south also received the welcome moisture.

North of Sweetwater the rain seemed heavier, with hail at Hamlin and Stamford. Many broken windows were reported from Stamford.

The rain gauge at Sweetwater registered .73 inches, bringing the total to 2.81 for the year.

Early planted seed is already up in some sections and the additional moisture on the top of the splendid season already in the ground puts the ground in excellent shape for planting. Indications for a bumper crop are about as good as it is possible for them to be at this time of year.

annual reports, reviewing work done in fine arts, literature, library extension, peace ideals, home economics, good roads and Americanization.

An interesting feature of the afternoon session was an Americanization pageant staged by Mexican school children of Colorado. The children sang "America," and standing at attention saluted the American flag.

Mrs. W. C. Martin of Dallas delivered one of the principal addresses during the afternoon session on "Americanization." She referred to the beautiful American Legion memorial building in Colorado, in which the convention was being held, as a graphic portrayal of true Americanization ideals.

SPRING CEREMONIAL FOR FT. WORTH MOSLAH TEMPLE

FORT WORTH, April 6.—Fort Worth will represent more cities of the orient, when the red fez hordes of Nobles assemble here for Moslah Temples' big spring ceremonial, which will be held, Friday, April 25. It is confidently expected there will be the largest number of Nobles to attend this ceremonial that ever visited Ft. Worth on a similar occasion.

Potentate Frank Taylor sends greetings to the Nobility of Texas and elsewhere and extends a very cordial invitation to be present upon this occasion.

The big street parade will be held starting from Burk Burnett park promptly at 11 o'clock, after which the Nobles will assemble at the mosque, on Lake Worth, where the ceremonial will take place.

One feature of the ceremonial will be a band concert by Moslah Temples' famous concert band, under the direction of L. Cecil Meadows.

Space on Moslah Temples' special de luxe special train, which will leave Fort Worth for the Imperial Council session, June 1, for Kansas City is fast being taken up and those Nobles wishing to make the trip are urged to make their reservations early in order to provide additional Pullman equipment, which will be the latest.

NUMBER BALES COTTON GINNED IN TEXAS FOR 1923

The total number of bales of cotton ginned in Texas for the 1923 crop amounted to 4,209,941 as against 3,125,756 for 1922.

Scurry County's cotton crop amounted to 27,021 as against 24,111 for 1923. Mitchell county's crop totaled 30,478 as against 22,397 for 1923. Fisher county got 34,316 in 1923 as against 25,328 for 1922. Nolan's receipts were 18,675 as against 15,689 for 1922. Howard got 18,151 in 1923 as against 13,123 for 1922. Garza county ginned 10,206 in 1923 as against 9,636.

Our new building is completed and within a few days the new addition to the cold storage vault with a six car capacity will be in shape to operate. With the completion of the cold storage facilities Snyder has the same opportunity for preservation of vegetables, meats, poultry, butter, cheese, eggs and other perishables that the largest towns possess. This is another class of service the Snyder Utilities Company is providing for its patrons. This storage was built largely with a view of developing this class of business and we are taking the chance of making it pay with the belief that our people will appreciate this opportunity of helping start a new industry in the city. Thousands of dollars are lost annually to merchants and consumers in a town of this size from the fact that they have as a rule no place to handle surpluses that accumulate or to insure against sudden temperature changes. We are especially interested in the poultry business and hope through this agency to be the means of adding great impetus to the producer by affording a ready concentration point.

During the past few months we have installed several motor driven pumps and we are now in position to state that they are a complete success. We will be glad to figure with anyone who wants to be certain at

all that they will have water to take care of their gardens, trees, flowers and lawns. We believe our people are neglecting an opportunity that few localities afford when they fail to use the wonderful water supply nature has provided us with. You will be surprised at the lowness of cost and operation of this class of equipment.

Snyder Utilities Co.

PUT TEETH IN YOUR DREAMS

What is a home without a mother? Very often we see these words in a frame. But in my own house of dreams you find just above the glowing fireplace, where children's eyes love to cling, these simple words in a gilded frame: "What are dreams without teeth?"

Some years ago I began to weave my feathery dreams. Light, delicate, like golden rays of sunlight, they sped away toward the horizon of hope. And concealed in that colorful, floating dream, I put teeth, tushes, and nails. This is the reason my dream still floats. First of all I lay the foundation, then the silvery threads were woven, slowly, one by one.

Have you noticed how lightly the world speaks of day-dreams? They say: "Twas only a dream," or "Oh, it's just one of his dreams he is always dreaming."

Why is it that dreamers must be criticized? Is it because the criticizer himself never thought to put one single tooth in his own dreams, and doesn't realize that you have a full shining set in your own, with a few nails and tushes in the background?

Of course you never intend sending your dream out into the world, a living thing! If you are going to keep it locked away in your own heart forever, safe from the destructive tide of life—then, you may build it as you like. But if it is to become a breathing thing, and live all through the ages, "it must have teeth." Something to fight with, something to hold when the storm comes down. For of all the well fed, and well clothed, the dreamer's road of life is the most difficult to follow. Perhaps this is why we have so few real old time dreamers today. The world is going too fast, the current is too swift. It appears that the dreamer would be left far behind to ponder alone, but not so. The world caught a glimpse of him as it whirled by. It paused to inquire:

"Why do you sit idle?" it asked. "I am not idle," replied the man. "I am a dreamer, go away and leave me in peace."

"Oh, he is a dreamer." (Mockingly). "A bum, a lazy, hang-dog bum!"

Some time had passed when the world found a magazine with a startling original idea in it. They never tired of raving about it. But when reading it they never so much as thought of the man who had said: "Go away and leave me in peace. I am a dreamer."

What kind of dreams do you think this dreamer's dreams must have been? I think they must have been the kind with teeth in them. For he had faith in them, he knew that they could not be destroyed. He had made them strong and was blowing the breath of life into them, quite content, and wholly indifferent to the criticizer.

There are hundreds of people in this world who do not know what a real dreamer is. But some of us need only to read an article, poem, or short story, to know whether or no, the author was a true dreamer.

If he has only been taught to write, he followed in the same old ruts of those who went before. But if he be a dreamer, his ideas come straight from the great unknown. In the dark silent chamber of his heart there is a passionate love for the things which are, and yet are not. He loves to sit alone, apart from the world, studying the mighty music above and below. He gives to the world those things which have never been handled by pens, moving or dead.

But writers are not the only dreamers we have, though, of course, they must dream most.

This subject of dreamers is not discussed, is not thought about enough. Most people do not attach much importance to mere dreams. But when people cease to dream, dream, and put teeth in them, the world will quit some of its humming. And when parents learn to consider their children's dreams more, this great America of ours will become short of murderers, thieves, and gamblers.

The city boy who visits his country uncle and conceives the idea of being a farmer will be a sad disappointment to the father who is educating him to be a lawyer. Daily the boy bent faithfully over his desk, but it was of no use. His brain refused to work. Morbidly he gazed out of the school window, at the tall buildings, the dusty streets, and that restless throng of humanity who he must protect through right or

wrong. For a moment he closed his eyes. In his nostrils there was the imaginary fragrance of freshly turned earth. Before him were the green things growing. He felt the reigns tighten in his palms, and he murmured as his uncle had done: "Git up, Kitty, Pet."

That night he accepted an invitation to a card game. Later it was the extract bottle, and then a man was murdered. Some months later the boy whom God made to follow one certain road of life—but was forced to follow another, took his seat in the electric chair. Just before the first shock came a doctor heard these mysterious words from the lips of the murderer: "Oh, God, if father had only left me alone until I was old enough to put teeth in my dreams."

RUBY JEWEL STROUD.
Red Lake, New, Mex.

1 o'clock Thursday afternoon, April 24.

The evening session on Thursday, beginning at 7:30, will be "Young Peoples' Evening."

The Friday session will convene at 9:30 and continue throughout the day. A program of unusual interest has been arranged. In addition to our own excellent W. M. U. workers, we are to have with us this year our Texas W. M. U. president, Mrs. F. S. Davis, and the superintendent of our Fort Worth Seminary Training School, Mrs. J. W. Byars.

The Haskell ladies of the Woman's Missionary Society, First Baptist Church, will furnish free entertainment for all who come. They want you to come for the first session and stay through the last.

Every woman who is a member of a Baptist Woman's Missionary Society is a messenger to the District meeting and a voting member of the body.

TOM TON, CIRCUS' WEIGHTIEST OBJECT, AND THE SMALLEST MAN IN WORLD.

Tom Ton, who tips a specially built scale at 745 pounds, arrived in town yesterday to join the circus at Madison Square Garden, which opens on Monday, and Major Mite, the world's smallest man. Tom hails from California and is twenty-eight years old and his tiny friend is eighteen years old and weighs just thirteen pounds. Photo shows the two friends at their New York hotel.

A Call For A West Texas Historical Assn

The signers hereof after months of consideration and after consultation with numbers of citizens of West Texas who are interested in its history and its welfare, have reached the conclusion that a West Texas Historical Association is one of the pressings needs of our section.

Never before has so much interest and thought been given to the history of West Texas as at this time; and never before has there been such a crying need and demand for facts about the history of this section of Texas.

Our section has a glorious past. The story of its settlement, the problems and hardships of its pioneers, their struggle with the Indians, their victorious fight for law and order—all these are history, as interesting as can be found in the annals of any people. And yet few of our own people know anything of even the fundamentals of that history. Children are growing to manhood and womanhood along some of our historic roads and trails without knowing even their historic names or the part these routes have played in the development of an empire.

Source materials are daily going to waste or are being destroyed because persons do not realize their value; and the men and women who helped make and develop the West are fast dying, taking valuable historical facts to the grave with them. Our people may make history in the future, our country may pass through crises which leave behind them many a problem for the historian to work out and many a tale with which he can thrill his readers. But one fact is certain. Our country can never again be a frontier. Myriads of people may live here during the ages that are to come, but it was given to a few men and women of one single generation to see this country in its virgin condition and to turn it into a land of homes, schools, and churches through their energy, faith and courage.

This generation of pioneers is fast passing away. As pioneers they can have no successors. They were too busy to write their history, or even to keep a full record of their achievements. But there is much material yet to be had. Some of those who helped make the way for us are yet with us. Surely we ought not to lose any time in engaging in a concerted effort to preserve what still remains of the records of an interesting and thrilling past.

A call is hereby made for all persons interested in the history of West Texas, to meet at the court house in Abilene, 3:00 o'clock P. M. on Saturday, April 19, 1924, for the purpose of organizing a West Texas Historical Association.

- R. C. Crane, Sweetwater.
- J. M. Radford, Abilene.
- Mrs. Dallas Scarborough, Abilene.
- B. E. McGlammery, Abilene High School.

SENIOR B. Y. P. U. PROGRAM

succeed, keep trying until you do succeed. We shall know no defeat. We will strive to the very last for Presbyterian cause in West Texas, and I believe she will soon be felt as never before. We hope it will be but a short time when we can have Abilene Presbytery meet with us again and shall soon have a new brick church in which to hold our meetings.
By the pastor, J. T. Bryant.

ABILENE PRESBYTERY COLSES

Abilene Presbytery closed one of the best meetings in her history here last Thursday evening. The climax being reached in the young peoples' service conducted by Mrs. Suruce of Abilene. The meeting was harmonious and spiritual throughout. Visitors had many kind things to say about Snyder and her people.

The pastor wishes to thank one and all who in any way helped to make the meeting and entertainment a success.

The Junior College proposition is held in abeyance till later date. The pastor has not given up yet.

The committee was impressed with this as the place to locate such an institution and I believe it is not far in the distance till Snyder will have a Presbyterian Junior College here and we are going to keep working at it as we have and will not stop until we get to the very end. We have come to believe the great West can now do anything it wants to do and I believe we will wake up to the fact that we need to spend some of our Presbyterian money in West Texas, and I believe we will do it. Look what the Presbyterians have done in Amarillo in so short a time for the orphan home located there. Dr. R. Thompson reported such wonderful success and that very thing is possible all over this great West Texas any part of the state, but we do mean to spend more Presbyterian money in West Texas. Get it, we will stand by our own and West Texas is our own. If at first you do not

HONOR ROLL HERMLEIGH SCHOOL

For month ending April 11, 1924.
First Grade—J. R. Patterson, Sibby K. Burrough, James Harkins, Teddy Moore.

Second Grade—Lois Vernon, Sim Groves.

Third Grade—Zoe Mobley, Exa Patterson, Fern Caffey, Milburn Burrough.

Fourth Grade—Elizabeth Niemeyer, Charis Harkins, Edward Stevenson.

Fifth Grade—Leola Caffey, Osman Jackson, Edith Stevenson.

Sixth Grade—Alma Bralley, Mary Ann Nachlinger, Zena Hargrave.

The above named pupils were neither absent or tardy for the full twenty days and made an average grade of not less than 95 per cent on every subject.

Attendance in the schools is now very regular and as a matter of course, the work is satisfactory. It is a well understood fact that regular attendance and punctual attendance produces the best work and that irregular attendance and tardies produce poor work.

Since the school has been pleasant and everybody cooperating. We have six more weeks, the school closing on the 23rd of May.

E. A. Watson, Supt.

SANTA FE TRAINS TO BE HELD AT AMARILLO FOR GALLI CURCI CONCERT

April 14th, 1924.

CIRCULAR LETTER

To Editors on the Santa Fe Route:

Will you please announce to your people through the columns of your paper that the Santa Fe train which leaves Amarillo at 10:00 P. M. will be held thirty minutes on April 23rd and 25th, 1924, and will leave at 10:30 P. M. This is to accommodate any who wish to use the train to return from the concerts given on the 23rd by Galli Curci and on the 25th by Tito Schipa. The concerts will begin promptly at 8:15 P. M. and will be through in time for patrons to board that train.

Thanking you, I am
Yours very truly,
Emil F. Myers.

F. T. Wilhelm is doing some building and remodeling his home in the northeast part of town and when completed it will be one of the nicest and most convenient homes in Snyder.

W. C. Holden, McMurry College.

L. G. Gennamer, Abilene Christian College.

Rupert N. Richardson, Simmons College.

BRYANT LUMBER COMPANY CHANGES MANAGERS

The Bryant Lumber Company has changed managers. Mr. Andrews goes to Roscoe for the same company in the same capacity, and Mr. F. C. Bryant of Groesbeck, Texas, becomes the manager of the Snyder yard. Mr. Bryant is an experienced lumber man, and comes to us highly recommended as a business man and citizen. We extend to him a cordial welcome to our city.

J. W. HENDRYX SELLS THREE OVERLANDS TO HERMLEIGH PEOPLE

Mr. J. W. Hendryx is one of our very wide awake automobile dealers and is representing a product that seems to find ready sales. Monday he sold and delivered three new cars to Hermleigh parties. A touring car went to Mr. Lane Murphy, an Overland Sedan to Commissioner J. R. Coker and family and a Red Bird Special to W. T. Stevenson

Steam-Cleaned MOTORS

We have installed steam equipment for cleaning motors. Every car will give better service if motors are cleaned occasionally. You drive your car on our rack and in a short time we make your motor look like it did when new. All grease, dirt and corrosion removed by high pressure steam.

Bring us your car and we will clean your motor for nominal cost. Let us grease your car thoroughly occasionally. The Best of Gasoline, Oils, Tires and Accessories found at our place.

When the unexpected threatens --the unprepared pay

An early settler in Texas when asked why he always toted a gun replied that he might need it only once but if he ever did he would need it then.

Has it occurred to you that your position with respect to tornado insurance is identical? You may need it only once but if you need it at all you will need it then.

In order to have it then

get it NOW.
