MDA mock lockdown

Magann Rennels will be among 40 other notorious Muleshoe citizens that will be "locked up" Thursday in support of the Muscular Dystrophy Association.

"I know how devastating the disease can be and that we're not just raising money for a distant place," said Rennels, who owns and operates Channel 6 and whose mother suffered from MDA.

The MDA posse will "arrest" and escort the "jailbirds" to the "jail" at Muleshoe State Bank where they will appear before the judge for sentencing.

Event participants will be "imprisoned" between 10 a.m. and 3 p.m. but can be released on good behavior by raising the \$600 bail prior to the event.

The public is invited to visit the prisoners and contribute to their release.

Nelson wins Week 3 contest

Phyllis Nelson of Muleshoe, perfect in the college and NFL ranks, won the Journal's third weekly football contest by picking 16 of 18 games correctly. Nelson won the \$15 first prize.

Scottie Brown of Lazbuddie edged Jimmie Crawford in a tie-breaker for the \$10 second prize.

Both picked 15 of 18 games correctly; with Brown's tie-breaker guess of 42 combined points closer to the actual total in Jacksonville's 30-21 win over Pittsburgh Monday night. Crawford won the \$5 third prize.

A total of 36 contestants played this week.

FAST FACT

DALLAS — More than 53 percent of all traffic deaths in Texas last year were alcohol-related, well above the national average.

In 1996, there were 3,741 traffic deaths, with 1,991 considered alcohol-related, according to National Highway Traffic Safety Administration.

Texas' death toll is still far worse than the national average of 40.9 percent.

Alleged gang members arrested in shooting

By RICK WHITE
Managing Editor

A half dozen Muleshoe teenagers got the scare of their lives Friday when an alleged New Mexico gang member opened fire on the pickup they were riding in.

The gunman fired four shots at the pickup driven by 17-year-old Muleshoe High School senior Pablo "Paul" Olivarez as it fled north on East Ithaca Street following an ar-

gument, according to police reports.

Two Texico teenagers and a Texico man, all believed to be gang members, were arrested in connection with the shooting and were being held Tuesday, each on \$25,000 bond at the Bailey County Jail.

Tom Castillo, 18, the alleged shooter, was charged with aggravated assault with a deadly weapon and organized criminal activity.

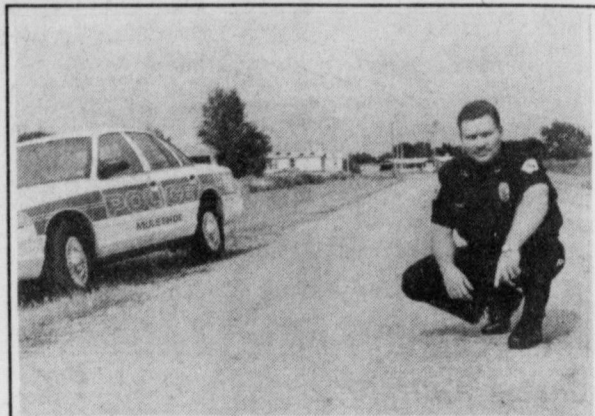

Castillo was carrying a .32 caliber revolver when he was arrested.

Aureliano Munoz, 21, and Phillip Ortiz, 17, who were passengers in the car Castillo was driving, were charged with organized criminal activity.

All three were also charged with possession of marijuana.

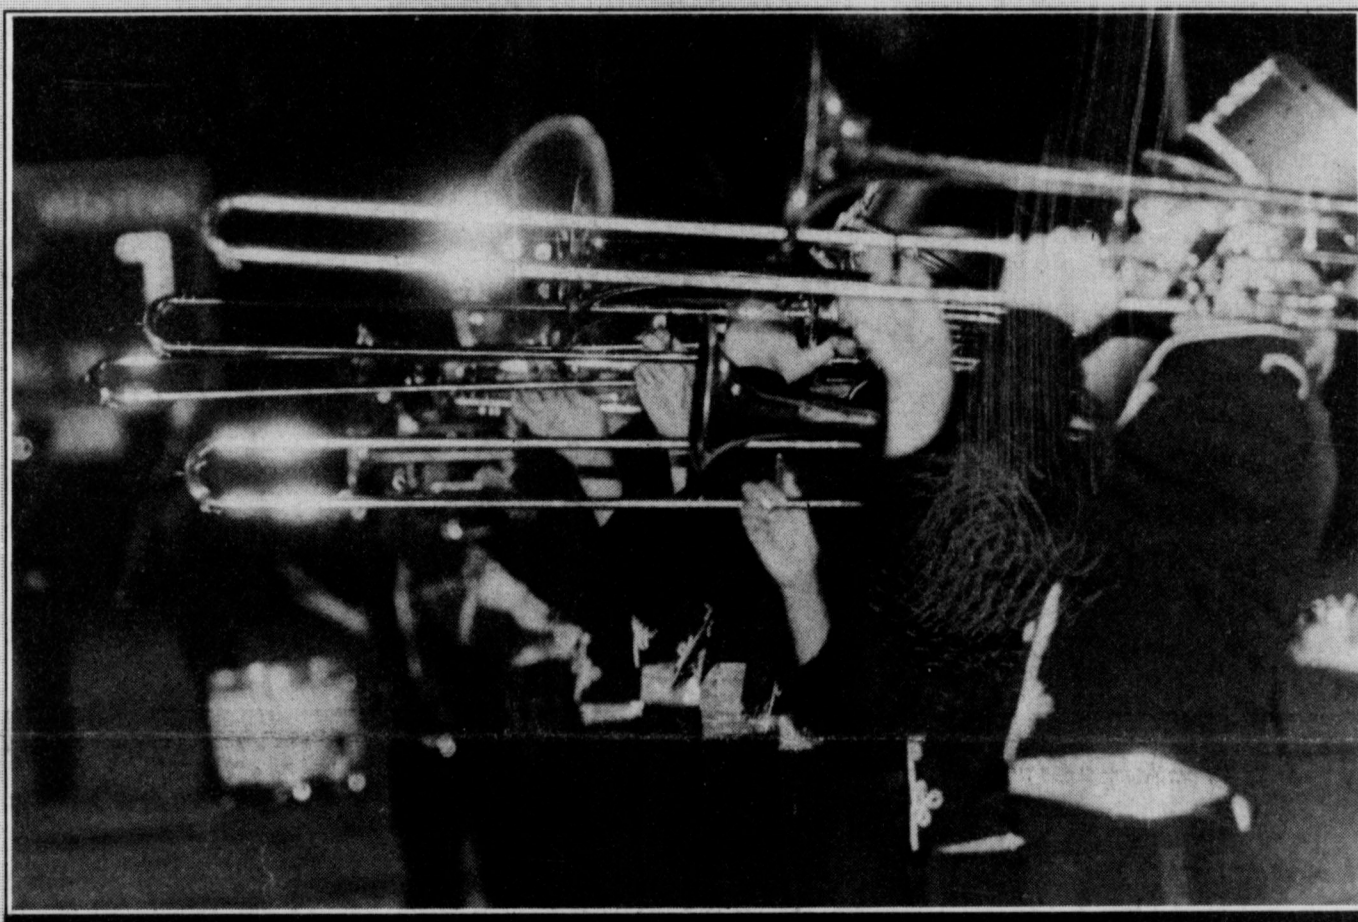

Organized criminal activity is a first-degree felony and pun-

Rain mixed blessing

The rainfall and cool weather won't have a major impact on the harvest season, as long as temperatures begin to rise and the rain clouds clear.

"We'll never turn down rain, but right now we don't want anymore," said Bailey County Extension agent Curtis Preston. "It needs to warm back up and clear off."

Muleshoe received more than two inches of soft, cool rain overnight Sunday.

In Maple, as much as three inches of rain was reported, while to the east in Bula 1.10 inches of rain fell since Sunday.

The rain caused a delay in the corn harvest, but it was beneficial to the recently planted wheat crops, Preston said.

Although the cotton harvest is not expected to start until mid-October, the recent rains may cause a delay, according to Marvin McCall of the Maple Co-op Gin.

Warm temperatures and less rain are needed in order for cotton plants to finish the maturation process, he said.

The rain arrived as a good portion of the area crops were open and many cotton producers were preparing to apply

Politics makes for strange bedfellows

Opposites attract, or so the theory goes.

But James Carville and Mary Matalin take this scientific precept to a completely new level.

He, a fervent Democrat, ran Clinton's 1992 presidential campaign. She a staunch conservative, was also a top strategist in the '92 campaign... for George Bush.

And now they are married, have a child, and can actually stand living in the same home.

They'll share their radically different political agendas, and behind-the-scenes secrets of the campaigns they directed, in a lecture at 8 p.m. Thursday, Oct. 2 at Texas Tech University Center Allen Theatre.

This is not merely a story of Democrat dates Republican. It's just not that simple.

Matalin is not just a Republican; she is the

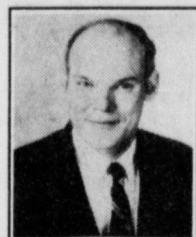

Republican. Apart from her top position with Bush's reelection campaign, she also served as chief of staff under Lee Atwater at the Republican National Committee, hosts her own conservative radio talk show, and is even affectionately called the "info-babe" by America's most popular conservative, Rush Limbaugh.

And Carville is not simple a Democrat. He is a fiery, passionate, uncompromising Democrat. Besides serving as chief strategist for the '92 Clinton/Gore campaign, he now serves as an advisor to the President, and has directed many Democratic campaigns throughout the country. He also wrote a best-selling "Handbook for Spirited Progressives" with the unabashed title

Mules face high-octane offense in 1-3A opener

By RICK WHITE

Dimmitt sports the most versatile and volatile offense Muleshoe has to face so far this season, according to Mule head coach David Wood.

Slowing down Dimmitt's high-powered wishbone offense will be a top priority when Muleshoe tussles with the Bobcats at 7:30 p.m. Friday at Benny Douglass Stadium in the District 1-3A opener for both teams.

Dimmitt beat Muleshoe last year 21-6.

The Bobcats (2-1) are averaging nearly 400 yards and 30 points a game.

"They mix it up real well,"

Wood said Monday. "You just can't key on one person. They have so many people that are dangerous with the football."

Balance has been the key.

FRIDAY NIGHT PREVIEW

RECORDS

Dimmitt: 2-1 overall, 0-0 in district; beat Lockney 28-13, beat Sundown 35-14, lost to Canadian 31-24

Keys for Muleshoe: Ball control offense, which will have a multiple effect. It will the ball away from a potent Dimmitt offense and wear down the smaller Bobcats, who have nine two-way starters.

STATS

Dimmitt is averaging 388 yards and 29 points per game. FB Beau Hill leads rushers with 270 yards. Muleshoe is averaging 241 yards a game and has scored just seven points in last two games.

Hill (270 yards) and running back Zack Matthews (236 yards) both average more than seven yards a carry.

Tight end Charley Sanders has 10 catches for 156 yards and wide receiver Casey Smith caught two long touchdown passes last week.

"We have a lot of weapons," Dimmitt head coach Bruce Dollar said. "But we're not playing as good on defense as we'd like to be. I wish we knew what the problem was because we'd fix it."

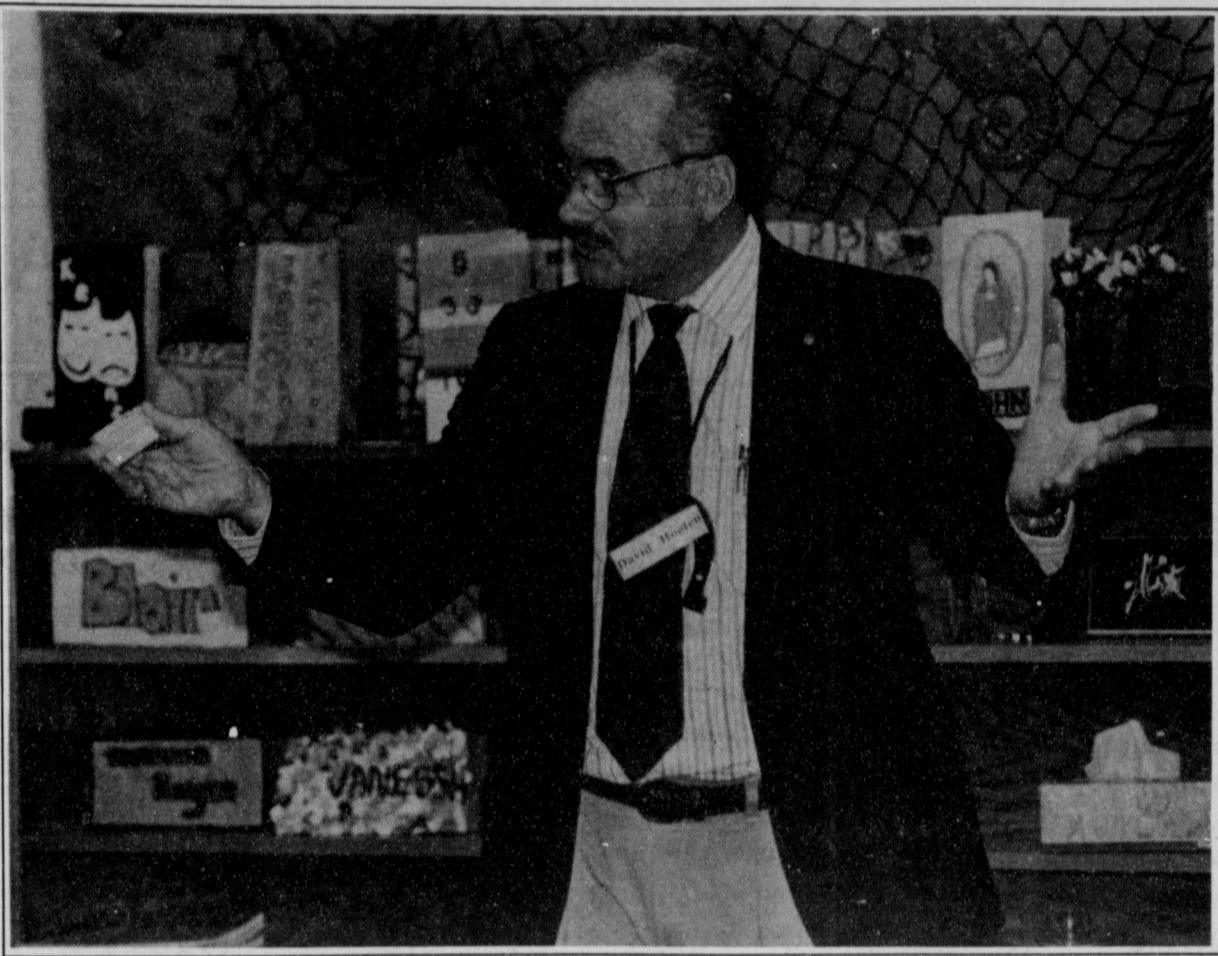

Dimmitt is giving up 384 yards per outing.

Teams have been able to wear down the small but quick Bobcat

Tickets are available by calling the Amarillo Symphony office at 806-376-8782.

POLITICS

From page 1

We're Right, They're Wrong.

When it comes to the realm of politics, Matalin and Carville are diametrically opposed.

The couple, believe it or not, also have a lot in common. They are both tall, took seven years to finish college, and are children of close ethnic families — his, Louisiana Cajun, hers, Chicago Irish-Croatian.

Matalin and Carville are also two of America's most talented and intense political players, and both of them play to win.

They also share the uncanny ability to spin the pivotal stories of the 1992 campaign - from Gennifer Flowers to Dan Quayle to Ross Perot - in such a way that their party, and their man, always seems right.

Matalin and Carville will share their stories of their campaign in a lecture based on their best-selling campaign memoir, *All's Fair: Love, War and Running for President.*

For tickets or more information, call the University Center Ticket Booth at 806-742-3610. Tickets can also be purchased at all Select-A-Seat locations.

CORRECTION

In a story about the Muleshoe Area Hospital District Board meeting in Sept. 21 edition of the Bailey County Journal, it was incorrectly reported that a doctor's note was required to see the massage therapist.

A doctor's order is not required and the service is open to anyone, according to hospital administrator Jim Bone.

The Journal regrets any inconvenience or problems this may have caused.

Hints for the Hired Man

BAXTER BLACK
ON THE EDGE OF COMMON SENSE

If you are applying for the jobs as hired man, here is a list of helpful hints to evaluate our potential employer.

1. If the new boss's hat isn't sweat stained, you can pretty much figure who's will be.
2. Phrases like, "My dad never paid me a dime till I was twenty-five", or "I haven't had a day off since dad's funeral in '87", should put you on guard.
3. Expensive equipment doesn't guarantee you'll be paid well. That might be where the money's all gone.
4. This should send up a warning flag, "My son is all-state in every sport in school, president of the senior class, engaged to the banker's daughter, building a hot rod and learning to fly an airplane. He'll be helping you with the chores."
5. If the words "day off" or "insurance" bring a quizzical look to the boss's face, you better think it through.
6. You may want to reconsider when the new boss says, "I never had any use for dang

new fangled gadgets like milking machines, PTO post hole diggers or a round baler. They just breed sloth."

7. It should be a tip off if the prospective employer complains that he can't keep a hired man on the place.
 8. Be suspicious if the boss's own dogs run for cover at the sound of his voice.
 9. If the boss himself lives in a 1972 New Moon single-wide, don't expect much from his offer of "housing furnished".
 10. And if the term "retirement plan" is mentioned, you can rest assured it's not your's he's talking about.
- But the best hired man learns that critical skill for getting along with a good boss—when to listen to him and when not to.
- The most successful arrangement I've seen, that lasted for years, was between a couple ol' compadres of mine named Tom and Dale. Tom summed up their perfect relationship this way, "Wouldn't nobody else work for Dale and nobody else would hire me. I've got a job for life."

Fire Prevention Week Oct. 5-11

The Bailey County Farm Bureau joins local firefighters and others in promoting Fire Prevention Week, Oct. 5-11.

Each year fire prevention and safety is stressed to make adults and children more aware of actions to take when in a fire situation.

This year's theme is "Know When to Go: React Fast to Fire".

The National Fire Prevention Association (NFPA) estimates that approximately 80 percent of all fire deaths in the United States and Canada occur in the home.

Only about one-fourth of all fire victims die from burns or heat, the rest die from inhaling smoke and poisonous gases or from lack of oxygen.

It is essential for families to develop a step-by-step escape plan for their home. Also, it is important that families practice the procedure at least twice a year.

Another safety measure is the installation and maintenance of smoke detectors which can be a key to early warning.

In some occupancies, such as high rise buildings, the safest action when a fire alarm sounds may be to stay inside a dwelling and protect yourself from smoke until the fire department arrives.

In recent years, the three most frequent causes of house

fires in United States and Canadian homes has been: cooking equipment, heating equipment, and arson or suspected arson.

RAIN

harvest aid chemicals.

Any excess rain could possibly return the cotton plants into a regrowth stage, making it more difficult to kill prior to harvest.

If the rain continues, another concern for cotton farmers will be lint staining which increases when open fibers are exposed to extended rain and high winds.

Castillo and Olivarez had been feuding for a while, apparently over Castillo's sister, who Olivarez dated, according to Muleshoe Police Chief Rick Henegar.

Castillo first confronted Olivarez Friday at Muleshoe High School after school let out, according to police reports.

The alleged Texico gang members then chased and cornered Olivarez and several other Muleshoe youths about

100 yards north of the railroad tracks on Ithaca on the east side of town.

Police said at least six and up to eight Muleshoe youths were in the pickup at the time of the shooting.

After an argument, the Muleshoe teens jumped into a Olivarez' gray 1978 pickup.

Standing outside the Red Mercury Tracer he was driving, Castillo fired at the fleeing pickup and in the direction of a residential area two blocks away.

Police recovered four .32 caliber shell casings from the street.

Castillo caught up with Olivarez again at the Texaco station on American Boule-

vard.

After exiting the Texaco station onto Third Street with the Texico men in pursuit, Olivarez backed his truck up and slammed into Castillo's car.

Olivarez told police he thought Castillo was going to shoot at him again.

A Muleshoe policeman who happened to be in the area first treated the incident as an accident.

Police frisked Castillo when he started acting suspiciously and found the revolver in a front pocket. It had been reloaded.

A search of the vehicle turned up a box of ammunition and a small amount of marijuana.

DISTRICT ROUNDUP

Canadian's 31-24 upset of Dimmitt left Friona as the lone undefeated team heading into the district schedule.

River Road, Tulia and Sanford-Fritch are winless.

Overall, district teams were 8-16 in pre-district games.

FRIONA 33, SHALLOWATER 7

Matthew Kendrick rushed for 179 yards and Aaron King passed for two touchdowns, leading No. 7 Friona (3-0) to a 33-7 win against Shallowater. King threw touchdown passes of 84 yards to Quint Ellis and 19 yards to Jeff Hamilton.

CANADIAN 31, DIMMITT 24

Canadian stunned Dimmitt with three unanswered touchdowns in the final 11 minutes to rally for an improbable win.

Dimmitt (2-1) led 24-10 heading into the fourth quarter.

Derek Buckley completed 11 of 25 passes for 249 yards and touchdowns of 34 and 25 yards to Casey Smith. Fullback Beau Hill added a 58-yard scoring run. The Class 2A Wildcats rushed for 323 yards and finished with a 478-399 edge in total yards.

DALHART 17, WEST TEXAS HIGH 13

Dalhart (1-2) edged Stinnett West Texas High 17-13 on Jaime Puga's three-yard touchdown run midway through the fourth quarter. Garland Swecker's 76-run to the Comanche four-yard line set up the winning score. Quarterback Michael Montoya scored on a 10-yard option keeper to give

Wellman topples Eagles

MAPLE — Bryan Chrestman threw three touchdown passes and Three Way committed four costly turnovers Friday, helping Wellman-Union hold off the Eagles 26-18.

Three Way (1-2) rallied from a 14-0 deficit to within 20-18 midway through the fourth quarter on a 15-yard pass from Cody Wilson to Gerald Perez.

Wellman-Union (3-0) responded with Chrestman's 33-yard touchdown pass to Ty Hamm.

Three Way's final drive ended in a midfield interception.

"We did the things we needed to do, we just didn't sustain them." Three Way coach Danny James. "We're getting better, we just need to be more consistent."

Randall Rodriguez rushed for 121 yards on 16 carries and a touchdown for the Eagles. Wilson completed 10 of 16 passes for 180 yards and two

From page 1

defense.

Muleshoe (1-2) will try to do the same.

Canadian pounded Dimmitt for 323 yards rushing and 478 total yards in a 31-24 win last week.

"We have to go straight at them," Wood said. "If we try to go outside, they're just too quick."

Controlling the ball and the clock will also enable the Mules to keep Dimmitt's offense on the sideline — well, at least on defense. Dimmitt starts nine two-way players.

The Mules had trouble consistently moving the ball in losses the last two weeks at Denver City and Springlake-Earth.

However, both the Mustangs

and Wolverines matched up well size-wise up front against the Mules.

Muleshoe has a big size advantage on Dimmitt.

The Mules are averaging 241 yards a game on offense.

Junior tailback Gilbert Vela leads the Mules with 177 yards rushing and junior Matt McClanahan adds 161 yards passing.

Defensively, the Mules are allowing 223 yards an outing.

Wood said Muleshoe needs to attack Dimmitt's offense and force Buckley to make quick reads running the wishbone.

But if the Mules gamble too much, Buckley has shown he can hurt teams with his passing.

"Being able to throw the ball like we have has stopped teams

from putting nine men on the line," Dollar said.

Muleshoe is coming off a 27-7 loss to Springlake-Earth.

The Mules played well but just couldn't contain Class 1A Player of the Year candidate and Division I prospect James Williams.

Williams rushed for 156 yards and two touchdowns and passed for two other scores.

"I still think we're the better team," Wood said after the game. "We just don't have a superstar."

Wood is much more excited about his teams chances to win some district games this season.

"We're playing so much better this year," Wood said. "And we have a win against Portales."

OBITUARIES

Marie Darnell

Marie Darnell, 81, of Muleshoe died Sept. 20, 1997 at her home.

Memorial services were held Sept. 24 at the Muleshoe Church of Christ with Royce Clay Jr. of Colorado City, Texas and Brett McCasland of Amarillo officiating.

Burial was held in Muleshoe Memorial Park under the direction of Ellis Funeral Home.

Mrs. Darnell was born July 16, 1916 in Beaver County, Okla. She married Billy J. Darnell on Aug. 30, 1937 in Eric, Okla.

Mrs. Darnell was a homemaker and had lived in Muleshoe since 1962 after moving from Lubbock.

Survivors include her husband Billy, one son, Billy J. Darnell of Amarillo; three daughters, Patricia Clay of Ackerly, Karen Speer of Houston, Linda Van Wagner of O'Fallon Ill.; four sisters, Pauline Holland of Pampa, Maxine Gaines of Pampa, Grace Futch of Pampa, Juanita Smith of Albuquerque; one brother, Joe Garner of Mustang, Okla; nine grandchildren and five great-grandchildren.

A bill introduced by U.S. Representative J.C. Watts (R-OK) could increase health care coverage for America's military retirees.

Artist of the month

Beth Watson of Muleshoe was named the Muleshoe Art Association Artist of the Month for September. A self-taught artist, Watson prefers wildlife and animal paintings. Her artwork is on exhibition at the Muleshoe Public Library.

PCCA reports bumper year

LUBBOCK — The Plains Cotton Cooperative Association (PCCA) announced Sept. 17 total net margins of \$27.4 million, its fourth best financial performance ever, during its 44th annual stockholders meeting.

PCCA also announced a total cash distribution of \$34 million, the cooperative's second best payout to its member. The distribution consists of \$ 13.4 million in cash dividends, \$17.1 million in stock retirements and \$3.5 million in retirement of per-unit capital retains.

"For the second year in a row we have been fortunate for surpass all five cash payment and equity targets under our '20/20 Vision Equity Plan'," PCCA President and CEO Van May said. "Members who market their cotton through PCCA have seen this financial plan help us maximize our year-end cash distributions to them now for four years." PCCA's textile division posted net margins of \$17.7 million, which ranks in its top five finishes ever and its fourth best since PCCA acquired the denim mill at Littlefield.

"After 10 years of PCCA ownership, patronage margins from the mill have totaled \$141 million, giving an average of \$13.35 per participation bale," May added. "Cash paid to members, including this year has been \$103 million in cash dividends and stock retirements and \$27 million in retirement of per-unit capital retains for a total of \$130 million."

PCCA's marketing division also achieved an outstanding performance as year-end margins ranked in the top five of its 44-year history, and PCCA also was honored to receive the Distinguished Supplier Award from the Milliken Co. for the fifth consecutive year. PCCA is the only cotton supplier to ever achieve such distinction. In addition, both the West Texas/ Oklahoma and South Texas Pools had banner years due to a variety of factors creating record member sign-ins to both programs.

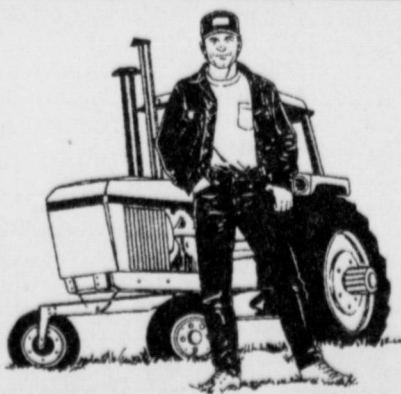

PCCA members at the annual meeting re-elected the following directors to three-year terms on the cooperative's board, Larry Lockwood, District 3, Eddie Smith, District 4, Charles Macha, District 5, and Jackie Mull, District 6.

State group predicts record corn, peanut production

AUSTIN—Record production of corn and peanuts is expected from the Sept. 1 production forecast of spring-planted crops released by the Texas Agricultural Statistics Service.

The 1997 Texas corn production is forecast at a record 243 million bushels, up 21 percent from last year and 12 percent above 1995. Based on Sept. 1 condition, statewide yield is expected to average a record 135 bushels per acre, 23 bushels more than in 1996, but unchanged from the August 1 forecast. Harvested acreage is expected to be 1.8 million, the same as last year.

Texas peanut production is expected to be up 16 percent

form last year, to 796.5 million pounds. Statewide yield, at a record 2,700 pounds per acre, is 100 pounds above last year, while harvested acreage is up 11 percent, to 295 thousand acres. Irrigated peanuts have made good progress across the state this year, but dryland peanuts suffered from some dryness during August.

Upland cotton crop is expected to total 5.4 million bales, up 400,000 from August 1 and 24 percent above 1996. Harvested acreage is estimated at 5.3 million acres, 29 percent more than last year. "Except for some lateness, growing conditions have been generally good across the state," according to State Statistician

Dennis Findley. The yield is expected to average 489 pounds per acre, compared with 509 pounds last year.

Sorghum production is forecast at 104.1 million hundred-weight (cwt), 2 percent above last year but unchanged from last month. Harvested acreage is estimated at 3.15 million acres, down 17 percent from last year when sorghum replaced some lost cotton. Yield, at 3,304 pounds per acre, is expected to be 616 pounds above last year.

The 1997 Texas soybean crop is forecast at 10.8 million bushels, up 54 percent from last year's production. Harvested acreage is expected to

jump by 48 percent, and yield is expected to average 27.0 bushels per acre, compared with 26.0 last year.

United States corn production, at 9.27 billion bushels, is virtually unchanged from last year's crop. A yield of 125.2 bushels per acre is forecast, down 1.9 bushels from last year. The sorghum crop is expected to decrease 19 percent, to 365.8 million cwt. The U.S. Upland cotton crop is expected to total 17.9 million bales, down 3 percent from last year. Soybean production is forecast at 2.75 billion bushels, 15 percent above last year. The U.S. peanut crop is estimated at 3.7 billion pounds, the same as a year ago.

EPA amends guidelines for Tilt usage

AUSTIN — Agriculture Commissioner Rick Perry announced that the U.S. Environmental Protection Agency has amended the Section 18 specific exemption to use Tilt fungicide (propiconazole) to control ergot in grain sorghum.

Grower will be able to continue using Tilt fungicide until Nov. 30. The original deadline was Oct. 31.

The amendment also allows sorghum stover to be fed to livestock as long as the 21-day post harvest interval is observed. Also the 105-day rotational crop restriction, specified in the original Section 18, does not apply to sorghum as long as there is an active Section 18 accompanying tolerances for use.

Applicators must have a copy of the Section 18 label and a copy of the amendment before they may apply Tilt Fungicide.

For more information, contact your county Texas Agricultural Extension Office or TDA at (512) 463-7407. A copy of the EPA Approval Notice is available on TDA's web page, <http://www.agr.state.tx.us/pesticide/tilt.htm>.
