AND SNYDER SIGNAL

VOLUME XXXVII

SNYDER, TEXAS, THURSDAY, NOVEMBER 20, 1924

Number 25

THAT CHRISTMAS EDITION.

I have already begun taking advertising for the Times-Signal's big holiday number to be issued December 11. It is going to be a most elaborate number, and will be specially designed as a Holiday Trade Number. Scurry County folks are going to do their shopping in Snyder as they always do, and are going to use this number as a shopping guide because it will "Make Holiday Shopping Easy." Begin now to think what you are going to offer, then call me, if you need my assistance, and I shall be glad to show you our illustrated ad service and to assist you in getting up your advertising. Do it now, as it will enable us to give you better service and insure our getting our big edition out on time.

GEORGE H. BROWN,
Advertising Manager.

METHODIST PASTOR PREACHES INITIAL SERMON.

Rev. A. B. Davidson, the new Methodist pastor, preached his initial sermon at the morning hour to a large congregation. A departure from the regular routine was an introduction of Rev. Davidson by his old friend, J. L. Martin, who was a boy with Rev. Davidson in Missouri many years ago.

Rev. Davidson is one of the leading preachers of the West Texas Conference, having served some of the largest congregations in the country. He served ten years in Missouri conferences before locating in Texas. Among those churches might be mentioned, the First Methodist Church of Rich Hill, Butler and Washington Street, Kansas City.

Twenty-two years ago Rev. Davidson transferred to Texas, and since that time has served the following churches: Flaton, Prospect Hill Church, San Antonio; Gonzales, Floresville, Cuero, Eagle Pass, Bastrop, Wolfe City, Roysie City, St. John's Church, Dallas, Dalhart and Wellington.

He has made a most favorable impression with his congregation here, and it is needless to say that they will rally to his support.

UNION SERVICES AT FIRST CHRISTIAN CHURCH NEXT THURSDAY.

The pastors of Snyder ask all the members of the various churches to co-operate in a Union Thanksgiving service to be held at the First Christian Church next Thursday, November 27, at 10:30 a. m. The following interesting and appropriate program has been arranged for this service:

Song—By the Congregation.
Invocation—Bro. A. B. Davidson.
Special Song by the Choir.
Paper—Bro. E. C. Dodson.
Prayer—Bro. W. T. Rouse.
Scripture Reading—Bro. E. Christian.
Sermon—Bro. J. T. Bryant.
Benediction—Bro. L. J. Sparks.
Everyone is cordially invited to attend this service.

GOT WRONG RESULTS.

W. D. Owen of Fluvanna writes the editor and tells him that he owes Mr. Owen an ad. He says that he advertised for a farm to rent, but somehow folks all over Texas seem to think that he has a farm that he wants to rent, when the truth is, Mr. Owen wants to rent a farm. He says that he is getting plenty of results from his ad but the results are of the wrong kind. So, if any of our landowner readers want a good tenant for the coming year write Mr. Owen at Fluvanna, Texas.

CROWDER SCHOOL BEGINS NOVEMBER 24.

The Times-Signal is informed that the Crowder school will open November 24. Every boy and every girl who possibly can do so ought to be there on time opening day. Crowder is one of the county's best communities and school spirit runs high. Every patron in the community ought to lend his best support in the matter of holding up the present high standard of the Crowder public school.

FALL BROKE 2x6; MAN UNHURT.

A very miraculous incident happened to a member of the tanking crew that are erecting tanks for the American Refining Co. near the refinery site here, Tuesday.

O. W. Morrow, while engaged on the top of a 1000 barrel tank, which is 12 feet high, fell backwards and landed across a 2x6 timber on his back, breaking the board while Mr. Morrow suffered only slight bruises. He was immediately brought to town and examined by a local physician but he proved to be unhurt except for the slight bruises and a general shake-up.—Panhandle Herald.

AN APPRECIATED LETTER.

Editor Scurry County Times, Snyder, Texas.
Dear Mr. Martin:
In your issue of Nov. 13th, Section No. 1, at top page of column No. 5, you stated that you wanted to call the attention of your readers to the advertisements in this issue, and ask:

1st. Who is opening a brand-new addition to the City of Snyder? Beg to advise that on page 8 will be found a full page advertisement of the new addition being opened by Allen Warren on the West Side, one of the most beautiful additions in the town of Snyder and one that anybody who desires to build a permanent home could not find a better location.

2nd. Who is going to keep "open house" all this week? 1st Section at bottom of page 3, the Snyder Laundry proposes to keep an open house and a special invitation is given to the public to make thorough inspection. We are all proud of the Snyder Laundry because it is owned, managed and controlled by our worthy citizen, Mr. S. A. LaRue, who is doing his very level-best to give efficient service.

3rd. Who is telling you how to make a home happy? The 2nd Section of the last page, we find a full page ad of Higginbotham Bros. & Company telling us how to make your home happy; one of the biggest enterprises, a store that is carrying everything on earth that a family could use to make a home happy; as you enter the store the smile of George Northcutt will make you happy whether you buy anything or not.

4th. What well-known Snyder man is going into business? If you will just turn to your 2nd Section, first column, you will find in big bold black type the name of Tom Beren. "Honest Tom," we might call him, who has recently bought in with Mr. Landrum on the South Side. Those boys propose to have a real up-to-date store in every way.

5th. Who is offering you a big daily paper for a whole year for a little less than one-half price? No trouble to find that ad. On page 5 of your 2nd Section you will find Stinson Drug Company. "Happy Joe and Lee," who are advertising the "bargain days" of the well-known daily paper—Star-Telegram.

6th. Who is offering almost to give you a good used car? On page 4, column 2 of your first Section, you will find I. C. Bagwell, our High School Educator, who is almost trying to give away two practically new cars.

7th. Who is putting on a Special Thanksgiving Sale? H. L. Davis & Company are up-to-date, enterprising merchants and are advertising extensively a Thanksgiving sale.

8th. Who is making special reduction on women's hats? Just turn to Section 2, page 6, and you will find quite a nice little ad from Bryant-Link & Company, South Side, putting on a special sale on Ladies' hats. You will also find a number of other ads which are very interesting, such as:

Bryant Lumber Company.
Moore's Studio.
Economy Dry Goods Company.
Highway Garage.
R. W. Webb Motor Company.
Noah Jones.
Taylor & Keith.
A. L. Bassinger.
Cozy Theater.
T. C. Watkins Dry Goods Co.
Motor Sales Station.
Snyder Bakery.
Snyder Garage.
Snyder Insurance Agency.
Ed Sutherland.
Bantau & Fish.
Grayum Drug Company.
Caton-Dodson Dry Goods Co.
Martin Bros., Seed and Grain.
First National Bank.

And special attention is noted of the Scurry County Times-Signal away up at the top, "Standing By!"

It is getting interesting to read the display ads and also gratifying to have a paper giving us what the people have to say and where we can find bargains and what Snyder has, publicly, and religiously and otherwise. Now, Mr. Martin, the question you asked was the cause of us turning through and reading, which I am sure has been done by numberless people, the different advertisements. We like your paper. We like you. Keep on with your good work because we know the citizenship of Snyder and Scurry County wants just the kind of paper that you are giving us.

Yours very truly,
FRITZ R. SMITH.

H. C. Cotton of Clyde was here the latter part of last week visiting his parents. Mr. Cotton says that the Clyde country is developing fast and that the farmers are now paying considerable attention to fruit and poultry.

SCENE OF BANQUET OF HIGGINBOTHAM BROTHERS' EMPLOYEES

The above picture was taken from a flash-light photograph of the big banquet at the Higginbotham store last Friday night, given by the Higginbotham Company to its employes. The big spread was also a preliminary of the big Annual Sale at the Higginbotham store advertised in this issue.

Following are the names of those attending the banquet: Mr. and Mrs. George Northcutt, Mr. and Mrs. W. E. Smith, Mr. and Mrs. Earl Brown, Mr. and Mrs. Walla Fish, Mr. and Mrs. O. S. Williamson, Mr. and Mrs. George Oldham, Mr. and Mrs. Chas. Nobles, Miss Mae McClinton, Miss Lillie Wildon, Miss Vesta Green, Miss Bertha Worthington, J. Collie Fish, J. E. Milford.

After the banquet the guests spent an hour or so playing popular parlor games.

ROTAN BAPTISTS CALL PASTOR.

ROTAN, Fisher Co., Texas, Nov. 19.—The Rev. Fred Clark, former pastor of the Calvary Baptist Church, Beaumont, has accepted the pastorate of First Baptist Church of Rotan. The Rev. Mr. Clark has just closed a nine-year pastorate at Beaumont.

COLORADO STAGES COME-BACK.

Defeating the Snyder grid eleven Tuesday afternoon to the tune of twenty-four to nothing accounts for the manner in which the Colorado football team staged a spectacular comeback and won themselves additional glory in the catalogue of sports among amateur high school teams. The game was played at Snyder, on the same grounds on which the local eleven received defeat at the hands of Snyder recently in a game played to a seven to six score.

"And we are going to continue to register up good records from now out," is the way the coach, captain and entire line-up optimistically declared themselves. "Stanton is scheduled for the second defeat at our hands here Friday afternoon when the crack team from that town plays a return engagement with us on the local grounds."

The Colorado team has only been organized a few weeks. The first game in which these boys participated was played a few weeks ago, after opening of school, organization of the team and considerable preliminary training. In defeating the Snyder team, Colorado took victory from one of the strongest school teams of this part of the State, and made up largely by players who have been trained from one to three years. THE TIMES-SIGNAL SIGNALS

The old-fashioned Snyder boy who used to consider it smart to be able to build a rabbit trap now has a grandson who thinks nothing of building a radio set.

Nature evens things up, after all. What if a cat had to carry insurance on all nine of its lives?

Nothing can equal the sneer a bald-headed man has for the Willie-boy with his hair hanging down in his eyes. Bobbit.

Sometimes we see a Snyder girl so pretty we feel like walking right up and telling her how good-looking she is, and then we think how unbecoming we would be with a black eye.

They say that Pres. Coolidge never smiles. Wonder if he has ever seen a pair of those bell-bottomed pants?

The fireless cooker may be all right; but it's not as comfortable as the old kitchen stove when you back up to it on a cold day.

After a Snyder man has been married about 20 years he'd like to have a dollar for every time his wife has said: "I wish I had something decent to wear like other women."

It has about reached the point where the up-to-date village is made up of two stores, one church, a meat market, a drug store and ten garages. Noah could have saved the world a lot of trouble if he had swatted

Snyder team was organized two years ago.

Colorado is urged to attend the game here Friday afternoon. Success of the local team depend to a large degree upon the moral support given it by the citizenship of the city.—Colorado Record.

TO THE GAME CHICKEN BREEDERS.

Our editor in some way left out of our premium catalogue an important item, but we pardon him as there is only seventy-five per cent of the editors of the country perfect.

The premiums on games will be the same as on any other breed only they don't compete with anything but the game family and will all be entered as pit games, so if you have a round head, bonehead or fighting scoundrel bring him on. A square deal is offered you.

A. C. WILMETH ERECTING TWO BRICK BUILDINGS.

A. C. Wilmeth has a force of men excavating for the foundation of a brick building just west of the post-office, and which, when completed, will be leased by the Government for a period of ten years to be used as a postoffice building. The building will be 32x64 feet and one story. The building now used as a postoffice has already been leased by Homer Jenkins for his grocery stock.

The other building to be erected will be on Mr. Wilmeth's lots just north of the Neeley filling station, and adjoining Mr. Wilmeth's other buildings.

PAINFUL ACCIDENT.

Wm. A. Hill had the misfortune last Thursday night, while pulling pipe at the Wellborn well, of dropping a large pipe clamp which cut off the little finger of his right hand. Mr. Hill is employed by the Northwest Company in the Ira oil field.

KILLING LAMESA NEGROES.

Saturday was one week ago three negroes engaged in a game and when they were through one was left and the other two had left. The only reason for one remaining put was that he was most decidedly dead. The other two got shot and the officers got one at O'Donnell and the other at Spartenburg and now the county has them to board.

Last Saturday three negroes went for a drive in a driverless car and it turned over near McCarty and now there are two negroes. Going pretty well at the rate of one a week.—Lamesa Reporter.

PICKED UP ABOUT TOWN.

There was a time when the political office sought the man. But it was the same time that people were riding high-wheel bicycles.

D. P. Yoder says it is not best to spank a boy on a full stomach. He suggests turning him over.

What has become of the old-fashioned woman who could do anything front door to fixing the clock?

"Lots of people boast about their blue blood," asserts H. G. Towle, "but I've always imagined that it doesn't taste any different to a mosquito."

The fellow who made the most money on the last election were the ones who didn't bet on it.

Any kind of a quarrel can be patched up. The trouble is that we too often leave the patches showing.

"The fellow," comments H. P. Wellborn, "who devotes his time to sitting on a soap box and playing with a rabbit's foot always wonders what's the matter with his luck."

HOME ECONOMIC GIRLS MUST HAVE HELP.

Our teacher must make a report next week, At San Antonio to our State Director, Miss Peek. We have gone in debt for our lab, so fine. Please help us out, Come! bring your dime. Our funny program will please you all, Big people, little people, short and tall, Your dime will surely benefit our H. E. Hall.

JOHN H. STEPHENS DEAD.

AMARILLO, Texas, Nov. 19.—Former Congressman John H. Stephens, who represented the eighteenth district for twenty years, died Tuesday in Monrovia, Calif., relatives here were advised. His home was in Vernon and the body will be sent there.

SNYDER COMMERCIAL COLLEGE GROWING.

Prof. G. E. Lawson, president of the National Business College of Snyder, was here from Abilene this week personally superintending the work of his school. He told a Times-Signal representative that he was pleased with the steady growth that the school was enjoying, there having been four new students enrolled the past week.

The Snyder school offers some special advantages to Scurry county girls and boys seeking a business education. The school is not crowded beyond the possibility of the teachers to render personal instruction. It carries a complete course, each subject being under the supervision of a trained instructor. The pupil in Snyder or within even several miles of town can receive his instructions during the day and spend the night in his own home. Come to Snyder where you can have the advantage of modern conveniences, be among the best people on earth, and where you can make friends among whom you can live in peace and prosperity.

LIONS AIDING POULTRY SHOW.

The Lions Club at its regular weekly luncheon Tuesday, voted to support liberally the poultry show to be held here in December, also to assist in raising Snyder quota for the Boy Scouts. Hon. J. A. Merritt was present at the meeting to represent the poultry show and Fritz E. Smith and Porter King championed the cause for the Boy Scouts. Prof. Lawson of the National Business College of this city was also a guest at the banquet, and in his address before the club he stated that he had implicit confidence in Snyder and her good people and in Scurry County as a safe agricultural community.

CELEBRATE EIGHTH WEDDING ANNIVERSARY.

Mr. and Mrs. A. L. Martin celebrated their eighth wedding anniversary at the home of E. F. Walker in this city Wednesday. A great feast was spread at the noon hour with the following relatives and close friends present: Mr. and Mrs. Walter Martin, Mr. and Mrs. A. C. Martin, Mr. and Mrs. T. H. Martin, Mr. and Mrs. R. W. Boyd, Mr. and Mrs. W. B. Taylor, Mr. and Mrs. O. L. Wilson, Mr. and Mrs. Fred Wilhelm, Rev. and Mrs. E. Christian, Mrs. Nola Gladson, Dr. C. E. Walker.

Mr. and Mrs. Martin were the recipients of a number of appropriate gifts.

E. Christian acted as master of ceremonies and was highly compatible to the occasion, but declares that Fred Wilhelm gained a lot of time and grub also while he (Christian) was talking.

N. S. Crenshaw returned the latter part of last week from Little Rock, Arkansas, where he has been attending the Danforth School of Pharmacy. His stay here was brief, however, as he left the first of this week for Fort Worth where he will spend another eight weeks at which time he expects to receive his certificate as Registered Pharmacist.

E. E. MATTHEWS' STORE ROBBED.

E. E. Matthews' store at Lamesa was robbed of \$10.00 last Friday night. The robbers took \$5.00 from the cash drawer and the same amount from the cash register. The thieves did not know that the drawer of the cash register was unlocked, so they proceeded to tear it to pieces, causing almost a total loss of the register.

Mr. Matthews is an old Snyder boy and has a host of friends here who will regret to learn of his loss.

Holbert Fuller and Miss Nanna Wade Neel motored to Colorado Sunday.

"Corner Stone Laid." Headline in an exchange. We didn't read the article, but it must have been a Plymouth Rock.

The Randal Drug Company of Amarillo used five pages in Sunday's Amarillo News to tell of its progress and success since the company was organized only six years ago.

If a fellow will only use a little tact he can tell whether a northern blew up during the night and at the same time not get out of bed. All that is necessary is to pull back the window blind and see which way the ashes blow when your wife empties the ash pan after she has started the fires.

Read Mayor Fritz R. Smith's letter in this issue. That's the way to boost your local paper and to make the editor feel as if his efforts were appreciated. Now, friends, read everything in this issue—ads and all, as Mayor Smith did—and then compare the Times-Signal with other county papers.

Amarillo papers are making a big to do over the fact that a speculator invested in Amarillo property within twenty minutes after he landed in that city. But that's nothing! The gentleman could have traded for Snyder and Scurry County property without seeing it at all and made a better trade than he could possibly have made had he spent a whole week in Amarillo. Moral: Play safe by investing in Scurry County.

The Times Signal is not swelled up on account of the many nice things that his readers are continually saying about his paper, but he simply can't keep from thanking them for their many compliments. One of these days we are going to install a real printing press in the Times-Signal office and then—Well, please keep on being patient with us until we can get a home for our Martins, a real printing office built, and then—look out for a real paper—one "what am!"

A letter written during the Civil War was delivered to the person addressed last week. The letter was laid away among some papers and was not mailed until a few days ago. This reminds us of the Arkansas man who started to write a letter but died before it was finished. Several years later one of the dead man's employees found the unfinished letter, added the following to it and mailed it: "P. S. Since writing the above I have died."

The fact that Lamesa is to have a new filling station caused a Plains paper to make the announcement in "box car" head lines. A new filling station! Why, that's nothing! A new filling station is built in Snyder every week. There are now thirty in Snyder with others to be built in the near future. Of course, we candidly believe that the filling station business in Snyder is already overdone, but when folks want "joy juice" they want it NOW. Just think how badly a fellow would be put out if he had to wait more than thirty seconds for gas!

Ben Smith of the Slaton Times has the following comment on the Times-Signal's comment on a new weed recently discovered in England, and from the Times' comment the weed must also grow on the Plains.

"When it comes to doing real big things it takes the Plains to take the lead. It was on the Plains that Editor Martin found his four-legged chicken. Now the Plains comes forward with the new vegetable discovery. We understand that another important experiment has been made on the Plains with success. The milkweed has been crossed with the Plains strawberries. Hence, there is to be grown strawberries and cream. If Martin could get a dish of our Plains strawberries and cream along with a liberal helping of our four-legged chicken he would be sitting jake. Come to the Plains."

A meeting of the Young Women's Missionary Auxiliary was held at the home of Mrs. Winstead Monday afternoon. Mrs. Randall was leader for the afternoon. Dainty refreshments were served after the meeting was closed in prayer. The next meeting will be held at the Methodist Church, Monday afternoon at three o'clock.

Mrs. Ed Alldridge suffered a broken collar bone, Miss Thelma Alldridge was severely cut by glass from the windshield, William, aged 7, suffered a broken rib, and a baby suffered a cut above the eye when a Ford coupe turned over near Rotan Sunday.

The remains of Willie Harris, aged 16, who died Monday from injuries received in an automobile accident Sunday, were buried at Rotan Monday.

Rev. W. T. Turner of Waco has been called to the pastorate of the Anson Baptist Church.

Up to noon last Thursday Merkel had ginned 10,000 bales, and prior to November 8, Taylor County had ginned 28,157.

RESOLUTIONS.

Be it Resolved, That it is the sense of the Scurry County Teachers' Association that through the meetings of this association we hope to work out school problems that will help to place Scurry County at the head of education in Texas.

The next meeting will be held in Snyder, Texas, December 13, 1924. —Reporter.

Be it Resolved, That it is the sense of the Scurry County Teachers' Association

1st., That we hereby express our appreciation of this first meeting of said association, and go on record as favoring a continuation of the meetings monthly.

2nd. Also that we feel an indebtedness to Prof. Watson and to the good ladies and citizens of Hermleigh for the splendid program and lunch which we enjoyed.

3rd. That we thank Mr. Bagwell for his able leadership of the meeting.

4th. And furthermore we desire to thank each and everyone who contributed to the program in any way, and especially do we thank Mr. Watson for special numbers.

5th. Be it resolved further, that

it is the sense of this meeting that each teacher be notified personally of the next meeting time and place.

6th. And be it resolved further, that we go on record as favoring a change in eligibility rule for athletics in grammar grades, participations in the interscholastic league contests.

7th. That we sponsor a school fair for this 1924-25 term.

That a copy of these resolutions be published in the county paper.

SANS SOUCI CLUB.

The Sans Souci Club met Tuesday night, November 18, at the home of Miss Eula Richardson, with Miss Richardson and Miss Mertie Akers acting as joint hostesses.

A short business meeting was held, at which the Club voted to give a local talent play, to be presented in January. The purpose of this play will be to raise money for civic work.

The Federation of Clubs in Snyder designate some civic work for each club to accomplish during the year.

A very pleasant social hour was enjoyed after the adjournment of the business meeting. Eighty-four provided the amusement of the evening.

The color scheme of orange and green was carried out in table motifs. Beautiful calanduras were given as favors to each guest. A course of chicken salad and hot chocolate was served.

The regular members of the Club present were: Misses Waldrop, Steward, Lucile and Cecile Strayhorn, Bolin, Hailey, Runkles, Mann, Huggins, Greene, Wilson; Mrs. J. E. Sentell, and the hostesses, Misses Richardson and Akers. Special guests of the Club were: Misses Stokes and Worthington, and Mrs. Joe Caton.

COLORADO CHILD BURNED.

COLORADO, Texas, Nov. 19.—The 5-year-old daughter of R. R. LIFE'S UNCERTAINTIES

The owner of policy Number 5439, issued on the Ordinary Life Optional Endowment Plan, paid three yearly premiums, and last November an automobile turned over in which he was riding and the accident resulted in his being paralyzed from the waist down. A claim for permanent and total disability was in due course allowed by the company and eight monthly income checks were sent to the insured, in accordance with the disability provision of his policy. The insured died September 20, 1924, and in accordance with another provision of his policy, his beneficiary was paid, in addition to the face of the policy, the difference between the Ordinary Life rate and the Endowment rate of his policy, with compound interest. The face of the policy was for \$1,000.00 and the difference in the two premium rates for four yearly premiums and interest amounted to \$74.11, so the total payment to the beneficiary was \$1,074.11.

DEPARTMENT OF HOME ECONOMICS.

The Cultural Side of Home Economics.

Quite often we have one of two criticisms made of home economics work. First, that the work is not practical, teaching girls extravagance and setting a standard which the average young couple is unable to attain, at least by their own efforts.

Both of these ideas are wrong, at least to a certain extent. Vocational home economics is a "home-makers" course and in this age that term covers a much more than mere household duties. Not only is it true that every effort is made to teach a girl how to get good value and maintain high standards at the least possible expense by teaching such things as turning left-overs from one meal into something attractive and appetizing for the next, and by making over every piece of good material into something wearable for some member of the family, but also an effort is made to instill high ideals and a love of beauty.

In order to accomplish this latter purpose a home economics club is being organized this week. These clubs are being formed throughout the state and plans will be made at the State Home Economics convention to affiliate these with State and National Home Economics Associations. The teacher and her girls are permitted to decide just what kind of work they will take up. The purpose here is to take up a study of art and music. By the aid of a lantern, prints of the world's most famous pictures and pieces of sculpture will be shown and the life of the artist and the story of the picture told the girls. This will include a study of about seventy-five pieces of art. Later a study of the best operas will be taken up at which time a selection from each will be rendered and the story told. By this means it is hoped to give the girls something which will open up a field of pleasure and enjoyment to them.

The Home Project.

One of the most important parts of vocational home economics is the home project. This means some piece of work actually carried out in the home with the co-operation of both the mother and teacher. Each project chosen should present some new problem to the student and not be merely a repetition of something done before.

Each girl taking home economics is carrying on such a project at the present time. A time study is also being kept to ascertain whether or not the student becomes more efficient with practice. These projects include such things as preparation of certain meals each day or on certain days each week; laundry work; care of own room or other rooms in the home; keeping of accounts or even the redecoration of rooms.

Projects are selected so as to be of most benefit both to the mother and the girl.

STOP THAT ITCHING

If you suffer from any form of skin diseases such as Itch, Eczema, Tetter or Cracked Hands, Poison Oak, Ring Worm, Old Sores or Sores on Children. We will sell you a Jar of BLUE STAR REMEDY on a guarantee. It will not stain your clothing and has a pleasant odor.

The Influence of a Beautiful Laboratory.

By Mary Francis Hamlett. We spend much of our time in our laboratory or twice as much as we spend on any other subject. For this reason it is very important that our home economics department should be as pleasant as possible.

Upon entering our laboratory I have a sense of rest and satisfaction. Its even soft grey walls, the ivory woodwork, the deep windows filled with green plants, and even the dainty pink and white curtains enable me to thoroughly enjoy the time I spend here, and to work with a clearer mind.

Upon Miss Green's desk are fresh-cut flowers, while in one corner stands a stately oleander plant, its pink blooms radiant against the grey of the walls.

The pictures, too, have influence on me. Most of them are hand-painted, which seems to suggest the interest the girls have for their department. Between two windows hangs a beautiful picture called "Spring," that matches almost perfectly the freshness of our walls.

And then the kitchen! I could never get tired of our kitchen, with its clean, blue and white linoleum, the white cabinet, and the cheery red geraniums in the window.

With such pleasant surroundings it is easy to be happy even while washing the dishes. All morning I look forward to the meeting of our home economics class, for all know our work will be interesting.

I think the beauty of our laboratory also influences our home because I take an added interest in washing my own kitchen as clean and pleasant, and have our food as appetizing as that at school.

Salads and Salad Dressings.

The three best known salad dressings are: French, mayonnaise and boiled dressing. French dressing is probably the easiest made and most widely used. One advantage of this dressing is the fact that the salad may be dressed by the hostess, right at the table. Olive oil, Wesson's oil or Mazola may be used. Either vinegar, lemon juice or a combination of the two are used.

The recipe follows: 1-2 teaspoon salt. 2 tablespoons vinegar. 1-4 teaspoon pepper. 4 tablespoons oil.

Put ingredients into a small jar and shake well. Some prefer the addition of a few drops of onion juice.

Price of Eggs Advanced 40%

WHY? Because hens and other poultry are run down from hot weather, moulting and parasites. Get your share of this increased price by giving your poultry a wonderful remedy that is simply put in their drinking water and which will assist them with their moulting, act as a tonic and blood purifier, prevent and cure sore-head and ABSORB LUTELY rid the flocks of all insects. Next is a bottle of "2 in 1" LICE AND MITE REMOVER. Each bottle contains enough to make 200 GALLON of poultry's drinking water-will last all season. Look for trade-mark-nest on the genuine "2 in 1" as it contains one of the greatest poultry disease preventatives that is known. Accept no substitutes. Sold and guaranteed by all drug stores. Send for descriptive matter to:

"2 in 1" POULTRY SUPPLY CO. Kansas City, U. S. A.

Note: If your druggist cannot supply you, it will be sent postpaid upon receipt of price, \$1.00

This dressing is used mostly for vegetables.

When salads are dressed at table, first sprinkle with salt and pepper, add oil and lastly vinegar. If vinegar is added before oil, the greens will become wet, and oil will not cling but settle to bottom of bowl.

The ordinary boiled dressing is often confused with mayonnaise which is in reality an oil dressing. Boiled dressing may be made from egg yolks only or may include the whole egg. A recipe calling for the yolks only is an advantage where the whites have been used for something else. A recipe calling for the whole egg avoids waste when there is no present need of the white elsewhere.

Boiled dressing with whole egg: 1 teaspoonful salt. 2 teaspoonfuls sugar. 1-3 cup mild vinegar. 1 teaspoonful mustard. 1 cup sour cream. 4 whole eggs.

Mix dry ingredients, add beaten eggs and cream. Mix thoroughly then add vinegar slowly. Cook over hot water until thickened. Cream should not be clabbered.

Boiled Dressing: 2 tablespoonfuls sugar. 2 teaspoonfuls mustard. 2 tablespoons flour. 2 teaspoonfuls salt. Dash paprika. 2 eggs.

Mix dry ingredients well. Beat eggs well. Add the vinegar. Combine wet and dry materials slowly. Put all in double boiler and stir until thickened. When thick and fluffy add the butter and remove from fire. Serve cold. Whipped cream may be added just before serving.

Mayonnaise dressing is used mostly for meats, fish or vegetables. The flavor of the oil does not blend so well with fruits.

Mayonnaise Dressing: 1 egg yolk. 1 cup Wesson's oil or Mazola. 1 tablespoonful vinegar. Salt to taste. Dash of paprika.

FLY-TOX Kills FLIES MOSQUITOES, Etc. Spray the room with a fine, cloud-like mist of FLY-TOX. It lingers just long enough to do its work. Pleasant odor. Harmless to humans and animals. Will not stain. Sold by your grocer or druggist.

Are You Staking Your Family Against Fate?

Purchase All the Life Insurance You Can Pay For, Before You Need It

It is not prudent to do so, but: You may safely wait until it turns cold before you buy an overcoat or lay in a fuel supply; or, You may safely wait until the rain begins before you purchase a raincoat or an umbrella; But you may not safely wait until you need life insurance before you secure it. If you do, you probably can not get it. If you wait until your house is afire, you can not insure it, and if you wait until you are sick you can not secure life insurance.

PRESIDENT COOLIDGE, SPEAKING OF OLD LINE RESERVE LIFE INSURANCE SAID: "Insurance is the modern method by which men make the uncertain certain, and the unequal equal. It is the means by which success is almost guaranteed. It is part charity and part business, but all common sense. Through its operations the strong contribute to the support of the weak, and the weak secure, not by favor, but by right, duly purchased and paid for, the support of the strong."

"Every insurance policy is a declaration of independence, a charter of economic freedom. He who holds one has overcome adversity. . . . There is no argument against the taking of insurance. It is established that the protection of one's family, or those near him, is the one thing most to be desired and there is no medium of protection that is better than insurance."

SNYDER BOY ON FRIENDSHIP TOUR OBSERVES MANY INTERESTING SIGHTS.

By Theodore Yoder.
(Editor's note: This is the second of a series of articles by Mr. Yoder about his trip to Europe last summer as a member of the Student Friendship Pilgrimage.)

In Paris we were met at the railroad station by Mr. Chaffey, superintendent of the Young Men's Christian Association work in France. He took us to our hotel which opened the day we arrived—Hotel Caumartin, 27 Rue Caumartin. The proprietor was an Englishman which made us feel perfectly at home. Paris was crowded with tourists and Olympic games supporters so we did not feel so far from home when it came to ordinary sights and customs. There were street cars and taxis and the ordinary city atmosphere that our American cities have, except two things—trees and reed auto horns.

The following morning we met a bus that had been engaged for our group and at 10 o'clock we set out to tour the city. Although it was raining some we did not mind that because we wanted to keep our eyes open for new experiences.

Most of the time was spent in driving around on several of the famous boulevards of Paris. During that morning's ride we got a rather good view of present Paris and a touch of historical Paris and France.

We visited the Pantheon, which was built on the same plan as St. Peter's Cathedral at Rome. This building contained some remarkable pictures and sculpture besides being a magnificent structure in itself.

From the Pantheon we proceeded to the Arch of Triumph built by Napoleon before he was defeated at the hands of the Russians. Our group probably got a one-sided view of Paris and a one-sided impression of the average Frenchman's worship of the past, but all we could hear or see was Napoleon's tomb, or Arch of Triumph, or his headquarters in a certain campaign, or "this was where one of his wives lived," and, "this is the place where he said goodbye to France," and such other expressions.

In the short time we were in Paris it seemed that 90 per cent of our time was taken up by Napoleon, who someone has said "had more brains but less sense than almost any man of history."

We then went to the place where the fateful guillotine had stood. Some of the old buildings that were there long before it was built are still standing. There are four large white stones in the pavement to mark the place where the foundations of the guillotine had been.

The next place visited was Platz de La Bastille. The square which was once covered by this famous old prison is now dominated by a large bronze monument made from cannons and other brass articles which survived the fire at the fall of the bastille. Our guide told us that the fall of the bastille marked the emancipation of the French people.

We made a rather abrupt change but we were glad of it later because we were permitted to see part of the consecration services of a bishop in Notre Dame Cathedral. The sun was not shining so we did not get to see the wonderful stained glass windows at the height of their beauty, but we heard the pipe organ in all its harmonious resonance.

The Holy Chapel which was used by Louis XIV, was very interesting because of its mysterious stained glass. This glass is most expensively intricate in its designs. Near the Holy Chapel is the Palace of Justice. This place gives a sort of foreboding feeling in spite of the justice that is supposed to be rendered.

Later we drove through the university district and we saw some French students with their peculiarly distinctive hats. Thus ended our first morning in Paris. A bus had been engaged for the afternoon but because we had an engagement with a few students in the evening we felt like we needed some rest.

After eating our dinner Mr. Chaffey called for us and took us to a student hotel used by foreign women students. We met a delightful group of students and two student secretaries. Introductions over and acquaintances made we were asked to be seated around the room. Mademoiselle Dedetrich, one of the student secretaries, read a paper on "Christian Student Movements in France" and "The Life of An Average Student."

It is well known that continental universities do not have the campus life of the average American type. The students live in private boarding houses or in homes or hotels in the city. There is no one section of the town which is exclusively composed of the university. Many times the university buildings are in different sections of the city or town.

ED SUTHERLIN WINS HIGHEST HONORS.

Ed Sutherlin, local representative for the Western National Life Insurance Company, led every other agent in the state for his company during the month of October, and because of the amount of business he produced he put Texas third in rank for his company. This is quite an honor to Mr. Sutherlin as an insurance man, and his many friends in Snyder and community will be glad to learn of his success.

Rev. and Mrs. Rouse and Mrs. G. B. Clark went to Dallas Monday to attend the State Baptist Convention.

MRS. JOE MONROE HONORED MRS. S. W. GRIMES OF PASADENA, CALIFORNIA.

Mrs. Joe Monroe, assisted by her daughter, Mrs. Hugh Taylor and Mrs. Otto Williamson, gave one of the most beautifully arranged luncheons of the season in honor of Mrs. S. W. Grimes of Pasadena, Calif.

The guests were met at the door by Mrs. Monroe, who in her pleasing manner, ushered them into the reception room, where other lights were darkened, and a large electric torchiere in the center of the room on a library table, producing colorful harmony. The home was made more attractive by a profusion of chrysanthemums. The dining room was beautifully decorated. In the center of the table was a large bouquet of chrysanthemums on a mirror plateau given to the hostess by Mrs. Towle. The afternoon was spent in conversation, after which we were served with a two-course luncheon, consisting of salad, sandwiches, lovely brown nut bread, potato chips, pickles, coffee, meat loaf and pie; with chrysanthemums as favors.

The guest list included: Mmes. W. B. Stanfield, Gertie Smith, A. J. Cody, N. B. Moore, W. D. Sims, Joe Caton, J. H. Hamlett, Pat Brown, J. C. Darward, Com. Ezell, John W. Leftwich, A. D. Dodson, A. C. Waterman, L. J. Sparks, J. H. Sears, H. G. Towle, A. J. Towle, Ernest Taylor, Mrs. McCoach, and Mrs. S. W. Grimes, Pasadena, Calif. Geo. Northcutt.—A Guest.

DO YOU KNOW . . . ?

Interesting Facts Are Revealed In "The Covered Wagon"

Do you know that Abraham Lincoln once—in the Forties—declined the governorship of Oregon, then a newly acquired territory?

That in August, 1848, Oregon became a territory of the Union?

That Kit Carson, the famous scout, carried the first gold nuggets from California eastward in 1847?

That the news of California's gold did not reach the press for publication until September, 1848—in Boston and New York—or attain notice on the floor of Congress till December 5th?

That many children were born in the wagon trains that crossed the prairies and plains in the Forties?

That the clergymen who traveled with the wagon trains were kept busy officiating at weddings and funerals?

All these facts are brought out in "The Covered Wagon," a Paramount picture, produced by James Cruze with a superb cast of players, which comes to the Cozy Theatre next Wednesday. J. Warren Kerrigan and Lois Wilson are seen in the leading roles.

B. E. Wagon of Sierra Blanca was here the past week on business. Mr. Wagon says that the Times-Signal is a weekly and highly appreciated visitor to his home.

CARDUI

The Woman's Tonic

"It seems like it did me good from the very first. After I had taken half a bottle I noticed an improvement. I continued its use and I got better and better. I have given it to my girls, too."

Cardui has relieved many kinds of pains and distressing symptoms caused by female trouble. It should help you, too, in the same way. Why not give it a fair trial?

Mr. Editor, since the general election is now over if you will grant me a little space, I being chosen for the second time to represent this 118th Representative District of Texas in 39th session of the Legislature, I would like to express my views on a few of the growing important things confronting us as citizens and taxpayers.

First, our highway system is growing to be one of the biggest things in the State. Now, I hope you will not take offense for I reserve the right to do my own thinking and am broad enough to grant you the same privilege, but the State of Texas in the last few years has become very much enthused over good roads. Now I very much favor good roads, but I am not in favor of Taxing every man, woman and child to the limit to build the highways then turn them over to three classes. First, the State Highway Commission located at Austin, who, under the present law, has the power to sap the very life blood out of every little county in the State for a greater part of the funds paid in that should go to the road and bridge funds of the county for her upkeep. Again we have taxed ourselves and built the highways and turned them over to the tourist and service car lines, who don't, as a rule, pay one cent of tax only a little puny license tax. Now, I say we have turned the highway over to them, I mean by that when you see one coming you had better get out of the road for they might run over you and if they have nothing, as is often the case, but an old jitney bought on credit, you are at their mercy. The 38th Legislature raised the speed limit from twenty-five miles to thirty-five and I thought the wrong thing to do, as I voted against the bill personally. I believe all service car lines should be placed under the common carrier law like the railroads for when you sit down in a passenger coach your life and property is insured against any damage. So far as I am able to find Texas is the only State that does not have laws protecting a passenger in a service car. I shall attempt to have passed a law offering some protection for all damage done by a service car to property and person in the 39th Legislature, with some other changes governing the automobile laws.

Also I have been requested by a number of our best citizens to have the quail placed under the five-year protection law. Now if you want it done tell me, if you don't want it done tell me, for I don't want to do something if I thought a majority would not approve of.

Yours to serve to the best of my ability.
J. A. MERRITT.

POLAR DOTS.

On account of too much work we failed to get out item in last week, but we will try to send in what we have this week.

School began Monday, November 10, with a pretty fair attendance. Of course there are a few that are still out, but we trust that each patron will try to get his children in school as soon as possible. It means so much to your child as well as a great help to our teachers. We have three teachers and from the beginning they've made, it seems this is to be a "banner" year for our school.

Mr. and Mrs. Hamlett from Wilson, visited her brother and family, Mr. Tildenick, Friday and Saturday.

Little Beneva Hamblit, who has been visiting in her uncle's home for some time went home last Sunday. Mr. Rodger's family have moved over near Union.

Scott Lovelady, wife and children, visited Mr. and Mrs. John Davis and Grandma Davis Sunday.

Miss Hull visited home folks in Snyder Saturday and Sunday.

Mr. and Mrs. W. B. Lee visited awhile in Polar Sunday.

Watson Smith was a Snyder visitor last week.

Scott Stanfield carried a bale of the fleecy staple down last week to Snyder. John Davis says, "He gets a bale each week ready for market."

Rank Massingale, wife and children, took in the Circus last week.

Ben Peterson and lady took in the circus.

Ab Cargill and wife are driving a new Ford.

Mrs. Ford and children have a new car.

Vesta Blanton has a new Overland.

We had a few days bad weather the past week that checked cotton picking some, but folks are all about done until frost comes.

As news is scarce I ring off.

IRA NEWS.

Most every one is taking advantage of this pretty weather and picking cotton. This community has quite a lot of cotton to pick yet.

The young people enjoyed a party given at the home of Mrs. H. C. House last Friday night.

There has been three weddings in this community since I wrote the last time: Mrs. Mattie Minor and Alex Murphy married a week ago last Wednesday. Bert Watson and Ethel House married last Saturday a week ago. Marvin Dosier and Lillis Smallwood married last Saturday. Everyone in this community wishes them well. They all have many friends here.

W. T. Hailey happened to the bad accident of breaking his leg last week. At present he is doing very well.

T. M. Israll's team ran away with him last week, throwing him out of the wagon and his head hit on the wheel. For awhile his condition was thought serious, but we are glad to say that he is recovering now.

Mr. and Mrs. B. H. Chapman came home from Glen Rose Monday where they have been taking treatments from the doctor there. They say they both improved while there.

Mr. and Mrs. Edgar Taylor spent Sunday with Mrs. Taylor's brother, Fred Miller, at Knapp.

Mr. and Mrs. John Moore spent Saturday night and Sunday with their parents, Mr. and Mrs. Frank Kruse.

Ernest Sorrels, who is working at Colorado, spent Saturday night and Sunday with his parents, Mr. and Mrs. W. E. Sorrels.

Mrs. Ed Taylor is on the sick list this week.

J. W. Dosier has been sick for several days but is up now, and is improving.

Pat Moore is the proud owner of a new Ford roadster. All the girls smile at Pat now.

We had several visitors from Snyder here on Amistice Day.

Mr. Booth and Robert Smallwood and Leon Keath left Monday night for Alabama.

Mr. and Mrs. Claud Holley spent Sunday in Snyder with Mrs. Ethel Elland.

TO OUR FRIENDS AND THE PUBLIC.

We wish to announce that we will complete and open up a Real Estate and Insurance office on our lot just east of the Mobley Barber Shop. We will also be prepared to do your notary work and draw up all kinds of legal papers.

We are sorry to say at the time of this writing that we will not be able to pay you personal visits, and solicit your patronage, on account of our health, but hope for better conditions soon. To our old friends that have been so loyal to give us their business at a time when we were not able to solicit same, words will not express our gratitude and we especially invite you to pay us a visit in our new place of business.

We will be open for business about November 22nd, and to our friends we would be glad to have you come and see us, and to those who are strangers, we invite you to come and let's get acquainted.

Give us your business in our line and we will assure you that we will look after your interest. Our motto will be service unexcelled.

Yours for a Better Town and Community,
J. W. JACKSON.

BIGGER THAN A CIRCUS.

Lavish Indeed Is Production of "The Covered Wagon."

Bigger than the biggest circus. Not even the extravagant press-agentry of the greatest show on earth could excel the truth regarding the production of the "The Covered Wagon" for Paramount, which comes to the Cozy Theatre next Wednesday. Fifty carloads of material were shipped to the location at Baker, Nevada.

In addition, one thousand Indians, and more than two thousand white persons are seen in the picture. Also there are upward of 100 horses, several hundred mules and 500 covered wagons. The center of activities was at the Baker Ranch. Prior to arriving there, director James Cruze spent several days at Antelope Island in the Great Salt Lake, making a buffalo hunt with 500 head of bison on that island. J. Warren Kerrigan and Lois Wilson head a splendid cast.

CITATION.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded, that by making publication of this citation in some newspaper published in the County of Scurry, if there be a newspaper published in said county, but if not, in the nearest county where a newspaper is published, for four successive weeks previous to the return day hereof you summons Bob Shoemake, whose residence is unknown to be and appear before the Hon. District Court, in and for the County of Scurry at the next regular term thereof, to be holden in the County of Scurry at the Court House thereof in Snyder, Texas, on the fourth Monday in December, 1924, same being the 22nd day of December, 1924. The number of said cause being 2284, then and there to answer the petition of Jennie Shoemake, filed in said court on the 12th day of April A. D. 1924, against the said Bob Shoemake, and alleging in substance as follows: Plaintiff alleges that she is and has been a bona fide inhabitant of the State of Texas for more than twelve months next preceding the filing of this petition; that she has resided in said State for more than twelve months, and in Scurry County for more than six months next preceding the filing of this suit; that defendant's residence is unknown; that she and defendant were lawfully married on July 15th, 1921, in Bexar County, Texas; that

they lived together as husband and wife until on or about March 1st, 1923, since which time they have lived separate and apart, that during the time she and defendant lived together, she was kind and affectionate, mindful of her duties as a wife. Shortly after their marriage the defendant began a course of unkind treatment towards this plaintiff, which continued until the defendant left and abandoned this plaintiff. Plaintiff further alleges that a few days before their separation, the defendant became enraged, cursed and abused her, calling her all kinds of vile names, and struck her several blows about the face with his fist, which caused plaintiff much pain.

That on the day of their separation defendant again became mad, grabbed plaintiff, choked her until she fell on the bed, and there struck her several times with his fist about the face and body, leaving her immediately wounded and sick, and destitute, suffering from the wounds he had inflicted. Plaintiff says that defendant's actions and conduct towards her, generally, are of such a nature as to render their further living together insupportable.

Plaintiff prays the Court that the defendant be cited to appear and answer this petition, that she have judgment dissolving said marriage relations, cost of suit and for such other and further relief, special and general, in law and in equity, that she may be justly entitled to.

Herein fail not, but have you then and there before said Court this Writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, in Snyder, Texas, this 15th day of November A. D. 1924.

Attest: JEAN GRIGGS,
Clerk District Court Scurry County, Texas. 25-4t-c

Buick Continues its Leadership

For the seventh consecutive year Buick has first choice of space at the National Automobile Shows. This signal honor is awarded annually by the National Automobile Chamber of Commerce to the manufacturer-member having the largest volume of business for the preceding twelve months.

In winning and in maintaining this enviable position year after year, Buick has demonstrated conclusively that the true value of any automobile is reflected in the consistency with which the public buys it.

Since the introduction of the 1925 Buick models, public patronage has increased to an even greater degree—

A tribute to the Buick engineering skill and manufacturing ability that have provided newer and better Buick cars without departing in any way from the fundamentals of power, economy and dependability for which all Buicks have been famous.

Sunday School Lesson

Lesson for November 23

THE TRANSFIGURATION

LESSON TEXT—Luke 9:28-36.
GOLDEN TEXT—This is my beloved Son; hear Him.—Luke 9:35.
PRIMARY TOPIC—Jesus Shows His Glory.

JUNIOR TOPIC—Beholding Christ's Glory.
INTERMEDIATE AND SENIOR TOPIC—The Glory of Jesus Christ.
YOUNG PEOPLE AND ADULT TOPIC—The Transfiguration a Preparation for the Cross.

While it is true that in this lesson the disciples are witnesses of Christ's glory, the full truth is that the manifestation of Christ in glory was to give to the discouraged disciples a fore-glimpse of the Messianic Kingdom. The hopes of the disciples were crushed when Christ announced His death on the cross. They were unable to see how victory could issue from death.

Jesus took with Him Peter, James and John and went into the mountain to pray. His chief aim in retirement was to get the disciples apart and into a state of receptivity so that He might show them the method of the kingdom. Before going to the mountain He declared that there were some standing in His presence who would not taste of death till they should see the Son of Man coming in His kingdom (Luke 9:27; Matt. 16:28). That their drooping spirits might be revived and their confidence restored, He is transfigured before them. Two men from the upper world are sent to converse with Him about His approaching death in Jerusalem (v. 31)—the very thing about which the disciples refused to talk. Then, too, God's own voice was heard in words of approval of Christ's course, directing them to hear the Master. Surely they cannot doubt His ability now to carry into execution His kingdom plans. The purpose, then, of the transfiguration is to give the disciples a fore-glimpse of the coming kingdom, to enable them to see the kingdom in embryo. That this is true is not only shown by the context and circumstances, but by the inspired interpretation of one who was with Him and knew all that transpired (II Peter 1:16-19 R. V.). Note the outstanding features of the kingdom as displayed in the transfiguration:

I. Jesus Christ the Glorified King on Mt. Zion (v. 29).

The glorified king on this mount was intended to symbolize the Messianic kingdom when Christ returns to the Mount of Olives in Jerusalem (Zech. 14:4-17). This is still in the future, and will be literally fulfilled.

II. The Glorified Saints With Christ (vv. 30-31).

(1) Moses, who was once denied an entrance into Palestine, appears now in glory, representing the redeemed of the Lord who shall pass through death into the kingdom. Many thousands of the redeemed have fallen asleep and at the coming of the Lord shall be awakened to pass into the kingdom.

(2) Elijah, now glorified, represents the redeemed who shall pass into the kingdom through translation. Many shall be living upon the earth when the Lord shall come, and shall without dying be changed, and thus pass into the kingdom (I Cor. 15:50-53; I Thess. 4:14-15).

(3) They talk of the very thing which the disciples refused to believe, namely, the death of Christ.

III. Israel, in the Flesh, in Connection With the Kingdom, Represented by Peter, James and John (v. 28).

Israel shall be called from their hiding place among all nations of the earth and shall be gathered to Jesus Christ the King, as the central people in the kingdom (Ezek. 37:21-27).

(1) Peter proposes to build three tabernacles (v. 33). The Feast of Tabernacles looked forward to the glorious reign of Christ. Peter caught a glimpse of the significance of the transfiguration. His proposition showed that he thought of the Feast of Tabernacles, and therefore of the Millennium.

(2) The divine voice (v. 35). At this time God Himself uttered His words, assuring them that this One in glory was His Son Jesus Christ.

IV. The Multitude at the Foot of the Mountain (vv. 37-43).

This is representative of the nations which shall be brought into the kingdom which shall be established over Israel. See Isaiah 11:10-12. The people here were grievously oppressed by the devil. About the time of Christ's first coming he did his best to harass men. Just before Christ's coming again he will be especially active, for he knows that his time is short.

ELECTION NOTICE.

THE STATE OF TEXAS.

County of Scurry, City of Snyder.

Be it ordered by the City Council of the City of Snyder, Texas, that an election be held on the 1st day of December, 1924, which is not less than thirty days from the date of this order, at which election the following proposition shall be submitted:

Shall the City Council of the City of Snyder, Texas, be authorized to issue the bonds of the City of Snyder, in the sum of Fifty Thousand Dollars (\$50,000.00) to become due and payable serially within any given number of years, not to exceed forty years, within the discretion of the City Council, and to bear interest at a rate not to exceed six per centum (6 per cent) per annum, payable semi-annually, for the purpose of the construction of street improvements, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund to redeem them at maturity, under authority of the Constitution and laws of the State of Texas.

The said election shall be held at the City Hall of Snyder, in the City of Snyder, Texas, and the following named persons are hereby appointed managers of said election, to-wit:

P. M. Bolin, Presiding Judge.
Mrs. L. T. Stinson, Assistant Judge.
Mrs. Lyman Wren, Clerk.
E. C. Dodson, Clerk.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas and none but resident qualified property taxpaying voters of the City of Snyder, Texas, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of \$50,000.00 of bonds for the purpose of the construction of street improvements and the levying of the tax."

And those opposed shall have written or printed upon their ballots the words:

"Against the issuance of \$50,000.00 of bonds for the purpose of the construction of street improvements and the levying of the tax."

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

A copy of this order, signed by the Mayor of the City of Snyder, and attested by the City Secretary, shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause notices of the election to be posted at three public places in the City of Snyder, one of which shall be at City Hall of Snyder (the place herein designated for holding said election) for at least thirty days prior to the date of said election.

The Mayor is further authorized and directed to have said notice election published in the Scurry County Times-Signal, a newspaper of general circulation published in the City of Snyder, and which notice shall be published once each week for five weeks, the date of first publication being not less than thirty days prior to the date of the election.

DAD has always wanted an open car. He likes freedom. He wants speed—and flexibility. He loves to open 'er up on a smooth country road and feel the wind whiz past his face.

But Mother . . . she wants comfort and protection—she's thinking of that rainy day when the youngsters have to go to school.

And here at last is a new-type car to meet this old-time family problem.

It's a glorious—joyous—free, airy open car when you want it.

Then when it storms it may be changed to a comfortable, weather-tight enclosed car with complete protection from wind and rain.

Thirty seconds is all it takes—simply lower the roller side enclosures, without even leaving your seat. You've never seen anything like it before.

The Duplex body is framed and

shaped in steel. Upper and lower sections are integral. Thus its construction is substantial and its beauty lasting.

It banishes once and for all the trouble of attaching the old-type curtains—makeshift at best.

No more hurried efforts hunting for the right curtain while the storm beats in.

No more exposure, through holes torn in them, while trying to obtain, for the emergency, the protection given by a closed car.

To the man unwilling to sacrifice the thrill of open car motoring—to the woman who wants closed car protection right at her finger tips—this car offers a wonderful new adventure—it marks a new era in fine car possession.

In justice to yourself—see the new Duplex now. Only Studebaker makes it.

CARE OF YOUR BATTERY FOR WINTER.

Most people have a good deal to learn about the care of their automobile batteries in winter before they can expect to get maximum use from them.

During the winter, battery service stations are kept busy telling drivers to see that their batteries are fully charged to prevent freezing.

"A frozen battery is worthless," says Mr. King of King & Brown, local Willard Service Station. "Only in very rare cases, can frozen batteries be repaired for starting and lighting use."

"Although battery manufacturers are continually publishing literature concerning freezing of batteries, there are many who do not yet know why it is that some batteries will freeze and some will not."

"This point is best illustrated by an incident which happened here recently. An elderly and very sedate lady drove into our service station to have her battery tested. She informed us that she was having considerable difficulty in starting her car. Test of the battery found it to be in a practically discharged condition. We warned her that unless her battery was promptly recharged it would probably freeze. She replied that she was not at all worried about that, however, as she had just had a gallon of alcohol put in the radiator."

"The only sure way to keep from freezing a battery is to see that it is kept fully charged. A few minutes spent at a battery service station every two or three weeks is good battery insurance."

FIRST CHRISTIAN CHURCH NEWS ITEMS

Attendance last Sunday morning was extra good and we hope that it keeps up. Such as attendance as we have had for the past two or three Sundays gives the teachers and officers of the Sunday School something to work for. Something to look forward too. Let every one that was present last Sunday be on hand next Sunday morning at 9:50 and have one with you. We can do it if we will.

There was good attendance at the morning preaching service and we were pleased to see so many strangers present at these services. It is interesting to have such large and attentive audiences. At evening service we had the pleasure of listening to Bro. J. L. Martin deliver one of his especially prepared lectures, "My Word Shall Endure Forever." It was indeed a wonderful message and it was delivered in a way that every one could not possibly doubt the meaning that it carried. These messages delivered as this one was should do much to cause us to stop in this mad rush long enough to give the serious side of life more thought. We hope to have Bro. Martin with us again at some future date.

Next Sunday is the time that we will take up collection for Home Missions and we are going to expect every one to make a donation at this time. If your donations are liberal enough next Lord's Day it will be the cause of our not having to take up any other collection in the near future for this purpose, but should the amount donated next Sunday fall short we will be compelled to take up collections each succeeding Sundays until the amount has been raised. Let us make a liberal offering next Sunday and have it over and done with.

Everyone is invited to attend all the services at this church. You will always find a welcome hand to greet you. Come out and worship with us.

Hollis Wade went to Lubbock Monday to accept position with the Security Bank at that place. Mr. Wade for some time has been in the employ with the Radford Grocery Company at Abilene, but was reared in Snyder, where he has many friends who will be pleased to learn of his promotion.

L. H. Orr returned this week from Mineral Wells where he has been for three weeks recuperating. Mr. Orr was threatened with a severe attack of kidney trouble, but believes that he has it checked. He underwent an operation for the removal of his tonsils while at the sanitarium.

Roy Cordell of Chicago is visiting Mr. and Mrs. J. T. Biggs of this city. Holbert Fuller and Miss Nanna Wade Neel of Ira attended the show here Saturday night.

Misses Pearle Alexander and Ella Pearle Crawford spent a few minutes with Miss Nanna Wade Neel Sunday.

Fluvanna Methodist.

Sunday School well attended; several new members were enrolled.

After Sunday School Bro. Moores preached, his subject being "Hinders and Helpers in the Kingdom of God." Bro Moores preached a very stirring sermon, he made a strong appeal and urged us all to be helpers and not hinderers. After listening to this earnest message we were all made to feel that in the busy, active duties of everyday life, we do not always stop to think what influence goes out from our life. Our motives may be pure and good, and yet from the very fact that we do not stop to think, and act, a word, or even a look may cause some heart to be, some mind to become troubled, or a cloud to shut out the beautiful sunshine of happiness.—Church Reporter.

The W. M. S. met Monday evening at the church for Bible study. Mrs. J. G. Landrum, leader.

Mrs. H. H. Haynes was appointed leader for next Monday. Come meet with us. I am sure Mrs. Haynes will have something good for us. Remember the hour, 2:30 p. m.

School Notes.

The primary room, together with their teachers, Mrs. M. K. Maples, had charge of the chapel service Monday morning. Mrs. Maples is no stranger to Fluvanna folk, having been primary teacher at Fluvanna the past two years. She has proven herself especially well suited to her place. A primary teacher with such ability is not often found in a town of the population of Fluvanna.—A Patron.

PLEASANT HILL DOTS.

We sure have been having some cool, cloudy weather, but very little cold for the time of year.

Quite a bunch of young people attended the party at Plainview Saturday night while several others went to the show.

Singing Sunday afternoon was very short on account of some of the singers being so disappointed over the non-arrival of our new books, but a large crowd met at H. L. Williamson's Sunday night and had the best singing we've had in a long time even though the songs were old and many times sung.

J. A. Adams of Waco visited in this community Saturday and Sunday.

DAYS OF LONG AGO.

"The Covered Wagon" a Picture of Life on the Prairies.

The old days so famous for adventure and down in history as the days of the birth of the American nation, have been turned back and are with us again in "The Covered Wagon," James Cruze's latest Paramount production which will be shown at the Cozy theatre, next Wednesday and Thursday. The great stretch of the western plains forms a most magnificent background, and five hundred or more covered wagons or "prairie schooners," add greatness to this colossal picture. True, it is a love story, but this one is different. It is a love tale of the desert wastes, long and enduring with its thrilling climax, leading to the reunion of the young couple, played by Lois Wilson and J. Warren Kerrigan, in a frontier homestead in Oregon. "The Covered Wagon" eclipses anything in pictures.

ORIGIN OF THE EDITOR.

A little boy was requested to write an essay the other day and "The Newspapers" was his subject. Here is the result: "I don't know how newspapers came to be in the world. I don't think God does either. He ain't got nothin' to say 'bout them, and the editor ain't in the Bible. I think the editor is one of the missing

links you hear about, and stayed into the brush until after the flood, then stepped out and wrote it up, and has been here ever since. I don't think he ever dies. I never saw a dead one, and never heard of one getting sick. Our paper is a mighty poor 'un. The editor goes without underclothes all winter, don't wear no sox, and paw hain't paid his subscription in five years and don't expect to.

On Wednesday the 12th, at her home Mrs. Monroe, assisted by her daughter, Mrs. Hugh Taylor, very delightfully entertained a number of guests in honor of Mrs. S. W. Grimes of California. A delicious two-plate luncheon was served to the following guests: Mesdames Grimes, Simms, Pat Brown, Darward, Gertie Smith, Williamson, Sears, Hamlett, A. J. Towle, McCoach, Stanfield, Leftwich, Dodson, Northcutt, Caton, Waterman, H. G. Towle, Moore, Ernest Taylor, Cody, Ezell.

"The Covered Wagon"

The picture many thought never could be made. A story in which romance rides to glory. Nothing more amazing ever has been seen on stage or screen, and its equal may not be seen for years to come. Its only rival in bigness and beauty is the Grand Canyon—Nature's supreme accomplishment. A picture of the big outdoors, pulsating with life and athrob with emotions and thrills. Indian attacks, prairie fires, fording of a swollen stream, a great buffalo hunt, dramatic situations galore—these make up the story of this great picture. A super-production that shows America in its making with a love-theme of wondrous heart appeal.
