

## BAPTISTS COLLECT \$58,500,000 IN CASH

Final Report on 75 Million Campaign Is Issued by General Headquarters.

### NEW PROGRAM PROJECTED

Men of Churches Will Assist in Enlisting Membership More Fully—Conferences Planned in States.

Total cash collections on the Baptist 75 Million Campaign, which closed finally in December, amounted to \$58,575,819. It is reported by the general headquarters. This money came from the following states: Alabama, \$2,717,464.62; Arkansas, \$2,319,672.62; District of Columbia, \$273,747.98; Florida, \$1,009,416.89; Georgia, \$5,282,523.24; Illinois, \$677,575.81; Kentucky, \$6,414,159.87; Louisiana, \$1,481,438.52; Maryland, \$729,440.82; Mississippi, \$3,076,035.90; Missouri, \$2,438,561.24; New Mexico, \$708,124.80;

DR. J. T. HENDERSON, Secretary Laymen's Movement

North Carolina, \$5,171,049.83; Oklahoma, \$1,461,822.83; South Carolina, \$4,752,396.22; Tennessee, \$3,963,011.13; Texas, \$8,720,161.50; Virginia, \$6,727,778.80; Home Board specials, \$15,340; Foreign Board specials, \$86,103; total contributed by foreign churches directly to Campaign \$350,000.

Contributions for the five years represent nearly four times as much as was given in the preceding five years to missions, education and benevolences, the offerings for the previous five years being \$15,164,345.09.

**Campaign Gains Set Forth.**  
Other gains of the Campaign period include the organization of 1,990 new churches; baptism of 950,943 converts; organization of 2,913 Sunday schools with a gain of 445,781 pupils; an increase of \$52,847,268.00 in the value of local church property and contributions to local church objects, in addition to Campaign funds of \$104,673,560.00.

In the special departments of work fostered by the Campaign the following typical results are noted: 265,000 persons baptized by state mission workers; 226,000 converts baptized by representatives of the Home Mission Board; entrance into 8 new countries and the doubling of forces on the foreign fields by the Foreign Mission Board; putting nearly as much money into the denominational schools as had been invested there in all the years before the Campaign was launched; increasing the number of Baptist hospitals in the South from 12 to 24 and giving \$1,000,000 in free medical and surgical service to the deserving poor; raising the number of Baptist orphanages from 17 to 19 and caring for 4,000 homeless boys and girls and aiding more than 1,000 aged, worn-out preachers and their dependent ones.

**New Program Projected**  
With the 75 Million Campaign finished, Southern Baptists have now entered upon the 1925 Program which embraces the support of state, home and foreign missions, Christian education, hospitals, orphanages and ministerial relief, on the basis of year-by-year rather than a five-year's subscription. It is hoped to raise this year a minimum of \$15,000,000 among Southern Baptists for these causes or the equivalent of the goal for a single year in the former movement.

It is pointed out that only 37 1/2 per cent of the members of Baptist churches of the South had a definite share in the support of the 75 Million Campaign. It is the ideal of the 1925 Program to enlist every member of every church in giving at his regular church services, to every cause, according to his ability, through his church treasury.

With the hope of more fully enlisting the Baptist men of the South in definite Christian service, Dr. J. T. Henderson of Knoxville, secretary of the Laymen's Missionary Movement of the Southern Baptist Convention, is promoting a series of men's conferences in the majority of the Southern states during March. In this way it is hoped to bring before the men the needs of all religious enterprises fostered by Southern Baptists and, having informed them, then enlist them in adequate support of all these causes.

### SCURRY COUNTY TEACHERS AND TRUSTEES' ASSOCIATION.

The Scurry County Teachers' and Trustees' Association met in regular session at Fluvanna on Feb. 14, 1925.

Welcome address by Mrs. D. A. Jones and response made by Miss Eunice Appleton from Hermligh.

Discussion of County School Fair and the morning exercises in rural schools were the subjects of interest for the morning program. Mr. Bagwell and Miss Houston provide themselves capable of handling said subjects by the interesting talks.

The problems and projects, led by Miss Lorene Smith of Hermligh, and affiliated and non-affiliated schools, led by Mr. Bagwell, were discussed throughout the evening program.

The people of Fluvanna served to the teachers and trustees of this association a bounteous lunch. The association was further entertained by reading and music numbers, contributed by some of the young people of Fluvanna.

Due to the unfavorable weather and so much sickness, quite a few of the teachers were absent.

The next meeting place will be at

the Plainview schoolhouse, March 14, 1925. Let us all try to make this the best of all meetings, for it is the sense of this association to bring a closer relationship of teachers and schools, if a few can do some good, it seems as if all would do quite a bit of good.

#### Resolutions.

Be it resolved, that we do hereby express our hearty appreciation for the hospitality extended to us this day by the good people of Fluvanna.

Further, We wish to express our sincere thanks and appreciation to the ladies of Fluvanna for the bounteous repast served at the midday recess.

Be it resolved, That it's the sense of this meeting that 1st,

That we do hereby thank each one that contributed to the program in any way.

That we thank the good people of the Presbyterian church and Bro. Tate for the use of the building.

And that a copy of these resolutions be spread on the minutes and a copy be sent the Scurry County Times-Signal.

M. G. ELLIS.  
E. D. McIver.  
MISS HOUSTON.

### NOTICE TO F. L. U. OF A. LOCALS.

### GET RID OF THAT BACKACHE!

Snyder People Point the Way.

The constant aching of a bad back. The weariness, the tired feeling; Headaches, dizziness, nervousness; Distressing urinary disorders—Are often signs of failing kidneys. And too serious to be neglected. Get rid of these troubles!

Use Doan's Pills—a stimulant diuretic to the kidneys.

Hosts of people recommend Doan's. This is a Snyder case. You can verify it.

J. J. Davis says: "I had a dull hurting pain through the small of my back, which made it impossible for me to do any stooping or lifting. My kidneys acted too freely, especially at night, when I had to get up to pass the secretions. I took Doan's Pills and they cured me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Davis had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists. F. J. Cheney & Co., Toledo, O.

**School Notes.**

Quite a few patrons attended the chapel services Monday morning. It was uncommonly good. One could not be unmindful of the high tribute it paid to the teachers who taught the children. The present teachers of the Fluvanna school are well worthy of a place in our remembrance, we would have to think long if we were asked to name a faculty of teachers who had done more valuable service for the Fluvanna school.

**GUINN NEWS.**

We are enjoying the pretty weather out here with a right good will.

We had a small shower Sautrday that just laid the dust and did nothing more, but we are hoping for a good rain before long.

There is a good deal of sickness out here, but by careful doctoring they will soon recover.

Dewey Henderson's baby is in the Lubbock sanitarium for an operation and we hope he will have a speedy recovery.

Mrs. Bonnie McGowen of Big Spring is spending the week-end with her mother, Mrs. Christman of this community.

Our school has had absent pupils last week on account of the flu and we had some visitors also.

Miss Willie McGowen of this community went to Snyder to finish the term of school up there.—Cornstalk.

**IN MEMORY OF EDNA MURPHREE.**

Little Edna has passed away. Her sweet smile is seen no more. Her laughs and gentle ways are but memories to cherish in our heart of hearts. And in the home where those little feet have pattered and played and tiny things her little hands have made is a vacancy so great and irreparable loss. Little Edna was 8 years, 3 months and eleven days old; was loved by all who knew her.

Her life here promised so much, gave such hope of blessing the world, but He who giveth life has called her home. Our loss is heaven's gain, and while our hearts are sad, and our possessions on earth are less. Our claim on heaven is greater, and in that morning when all things are made new, when sorrow and death are forgotten, we shall see her sweet face again.

FRIENDS WHO LOVED HER.

**CARD OF THANKS.**

We cannot express in words our many thanks to those who so kindly assisted us in any way during the illness and death of our dear father. God in his way shall reward you one and all.

We also thank you for the beautiful flowers and thank Dr. Johnson

who was so kind and faithful in his good work. May God reward and bless you all is our prayer.

SOLUTION TO LAST WEEK'S PUZZLE.

hearts of the nice crowds present. The sad news of Mrs. S. J. Stevens of the Baptist Church was brought to the Church by Bro. Christian as he expressed deep regret for the death of this good woman. Although she will be missed in Snyder this is just another realization of the surety of death and the uncertainty of life, and should be a warning for those that are unprepared to meet their God. If you are not going to church start now, for you will some day take your flight into the great beyond.

Our lesson for next Lord's day is "The giving of the Law." Come be with us in this study.

CHURCH OF CHRIST.

The Church of Christ on North Clairmont Street meet each Lord's day at 9:45 a. m. to begin song services and class work. Our Bible classes are all systematically conducted and a great interest is displayed each Sunday in the various classes, and we invite anyone who feels so disposed to visit us, or to join in these studies.

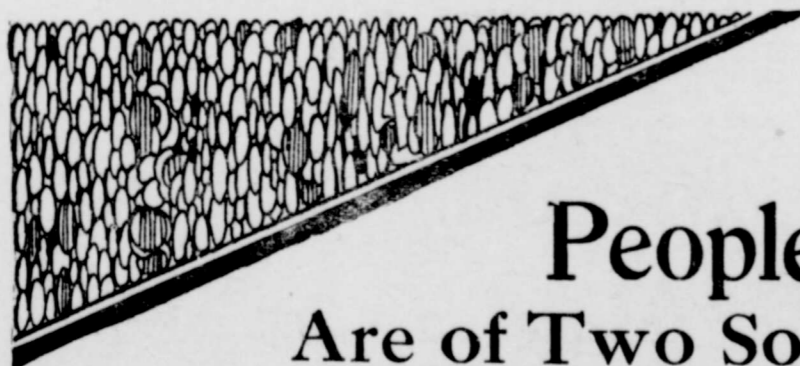

Preaching starts at 11:00 a. m. each Sunday and we especially invite everybody to come out to these services, they will do you good. A glad hand and a warm heart always awaits you at the Church of Christ and if you will come out we will make you feel like it was good for your having been there.

Bro. Earnest Christian is toiling in

our midst in an untiring effort to build up the cause of Christ in this town, and is speedily accomplishing his task. Last Lord's day he preached a fine discourse at the 11 o'clock hour on the "Peculiarities of God's people" and at the evening services "The old Jerusalem Church" Both of these discourses were full of truth and touched and tendered the

The first issue of the Nolan County News, a new weekly paper published at Sweetwater, came to our desk this week. It is a bright, newsy paper and its initial number was well patronized.

The Fort Worth Star-Telegram declares that a Whitesboro, Texas, hen recently laid an egg with a long crooked handle to it. But was it really a handle? Maybe the old hen was only trying to develop real hen fruit with a stem. At any rate, according to the Star-Telegram, the egg was a "stem-winder."

An exchange says that widows in a section of New Guinea color themselves with clay and mourn their husbands a whole year. But just think what and where New Guinea is. It is a large island inhabited by savages. In the most civilized portion of the United States, widows cover their husbands with clay an marry again in less than six months.

After all, fellows, it will pay you to burn up those mail-order catalogs and buy it in Snyder. Snyder is your town, and you are our neighbor and friend, so why not live and act as neighbors and friends should. Keep your eye on the prices made by Snyder merchants in the Times-Signal each week, at the postage, the express, consider the quality, and taking everything into consideration, you don't save anything by sending out of town.

Mrs. Ralph Tennel, editor of the Sebetha Herald, Sebetha, Kansas, declares that every woman needs three husbands: One for social life, who must be a good dancer; one for making money, and one of the tabby cat variety to keep the home running smoothly. But the Times-Signal can't help but believe that Mrs. Tennel was only jesting, or else she made those statements after coming home about six o'clock in the morning, after having danced all night, and found her tabby cat husband, the only husband she has, perhaps, still asleep instead of having breakfast ready. If that be the case, what Mrs. Tennel's one husband needs is one wife—one that can stay at home long enough to play her part in keeping the home "running smoothly."

"Business is getting a little dull, so I guess I'd better do some advertising," said a Snyder business man to a Times-Signal reporter this week. That man has a true conception of advertising. It's the slack business of dull months that a merchant or business man ought to try to build up, because it is the law of average that counts in the aggregate. What profit is there in doing a big business for six months, if it's going

to take all the profits of those months? People must eat and must have clothes no matter whether it rains or doesn't rain. Don't give up because business starts to falling off, but keep everlastingly at it. Just suppose an editor were to turn off all his help and send out a blank paper during the dull months? Really now is the time to advertise, and thereby keep the business coming to Snyder. It is an easy matter for people to get started to a neighboring town to trade, but when once started in another direction, it is often a hard matter to get them back again. Keep on boosting.

**AH-MEN!**

Some folks expect the paper to boost the town to beat the band, spend its hard-earned money for paper and ink, work hard all week to get out the booster sheet, pay taxes, help build streets, put in sewerage and pay the preacher, then take chances on getting licked when it takes up every fight for the good of the town and community, and then get turned down on a little job of printing when his price per thousand is fifteen cents higher than that of Rears & Sourback Printing Company of Cincinnati. But we beg pardon for directing the mind of the public to little things! Most people in Crowell are of larger caliber than those to whom we have turned our thoughts.—Foard County News.

Amen! Isn't it funny how a fellow can be handed the dirty end of a stick? But every town that's large enough to have a newspaper has men of that small caliber. Boosting your town, your schools and churches is never taken into account by such fellows. But the Times-Signal is not going to worry over the acts of men of that caliber so long as it is able by rendering real service to hold the respect and patronage of its present good friends and customers, who are making it possible for Scurry county to have a newspaper.

**A GOOD WOMAN CALLED HOME.**

Mrs. Mamie Easque Minus Casstevens was born March 25, 1873, in the State of South Carolina. At the age of fourteen she was converted and united with a Baptist Church. At the age of twenty-one she was united in marriage to S. J. Casstevens of Johnson County, Texas. To that union one child was born, a son, Addison, who still survives. Some twenty-six years ago Mr. and Mrs. Casstevens came west and settled in Scurry county, and for the past twenty years they have resided in Snyder. During all of their residence in Snyder Mrs. Casstevens was a teacher in the Baptist Sunday school and at her death she was superintendent of the primary department.

The above paragraph is the brief life story of our good friend who departed this life at 9:30 o'clock last Saturday morning. But the half has never been told. The many good

deeds of that good woman can never be written. The good influences set in motion during her brief span of life will go on blessing the world till Jesus comes again.

The funeral service was one of the most largely attended ever held in Snyder. The large auditorium of the First Baptist church was packed to capacity, down stairs and up. The beautiful floral offerings were banked in beautiful, gorgeous array behind, in front and to either side of the casket.

The service was short but impressive. The life of the good woman spoke more eloquently than the lips of any mortal being could have spoken. As the funeral procession filed in the choir sang softly, "Nearer My God to Thee." Then "Asleep in Jesus" was beautifully sung by the choir, as some of the audience joined in. The pastor spoke briefly of the many good virtues of Mrs. Casstevens, of her love for her family, her church and her neighbors. At the close of the pastor's remarks, the primary department of the Baptist Sunday School, attending in a body, sang a little primary song taught them by their departed superintendent. Then the Eastern Star Ladies took charge and went through with their beautiful burial ceremonies.

At the close of the services the long procession formed outside for the drive to the cemetery. It was said by some that when the hearse was at the cemetery, some of the cars were just leaving town. A large concourse of sorrowing friends gathered about the open grave as the

steel-vaulted casket was lowered to its last resting place. After the little mound had been raised over the casket, and the flowers had been put in order, the Klan ladies came forward and held a short service depositing two beautiful flower crosses. With bowed heads the pastor pronounced the benediction, and the dead was left alone in her last, beautiful sleep to await the coming of her Lord.

In the quiet and silent of the tomb, Sleep on thou tired child, Your work is done, you did it well; As millions yet unborn will tell.

In the home-going of Mrs. Casstevens the town loses one of its greatest benefactors, the church one of its best members, and the family loses a wife and a mother. The writer extends heartfelt sympathy to the husband and son. May God comfort their hearts in this sad hour. A. FRIEND.

**BAZE-BODEN.**

Sunday morning, January 15, about the hour of 8:30 o'clock, a marriage of interest to the people of Merkel was quietly solemnized when Miss Ruth Boden became the bride of Mr. William Earl Baze. The ceremony was carried out at the study of the Baptist church. It was a simple ring ceremony yet it was quite impressive, and Rev. Alberson, in his own way, read the beautiful betrothal ceremony that bound in holy wedlock this couple. Only the bride's

sister, Miss Althea Boden, and brother, O. B., Jr., were present during the ceremony.

Immediately afterwards the bride and groom left in their car for Snyder, where they visited friends that day. They are now at home at their apartment at the L. B. Howard place on Oak Street.

Both Mr. and Mrs. Baze are well known here, and are very much loved and esteemed by the people of Merkel. Mr. Baze is the son of Mr. and Mrs. J. R. Baze, and is at present employed at the Merkel Motor Co. Mrs. Baze is the eldest daughter of Mr. and Mrs. O. B. Boden, and until a short time ago was employed at the A. C. Rose Dry Goods Company as saleslady.

A future of much happiness, joy and prosperity is wished them by their many friends and the Merkel Mail also wishes to extend congratulations and best wishes with the rest of their admirers.—Merkel Mail.

How many of you people read the article, "A Business Asset" in last week's Times-Signal? If you did not read it go get your paper and read it now. It is worth memorizing. I wonder which one of us kids he was "hitting at."

Probably each of us. Real estate went high in our community Sunday. How about it in your corner.

We had another good singing Sunday night at the home of Mr. and Mrs. Walker Huddleston.

Mrs. S. A. Binnion has been sick this week with la grippe. Mrs. Casey Bishop also is sick and many others.

The two Misses Jones of Colorado City was visiting Misses Dixie and Georgia Belle Marr last Sunday.

I will close and wait for something more to happen.—Mazie.

**WHATLEY ITEMS.**

Here we are again with a few more words from Whatley; was absent last week the writer being sick. There has been quite a little bit of sickness up in our community since last writing. Mrs. Dabbs is in bed with the flu. She and Mr. Dabbs has just returned from Eastland county where they were called to the bedside of Mr. Dabbs' mother. They state that Mother Dabbs isn't doing any good and intend going back sometime soon.

We had our pie supper and we are well pleased with what we got out of it. We certainly thank those who came from out of the community to help us.

Mrs. Allen and three sons from Lockney, Texas, has been visiting the Buffalo children, Mrs. Allen being an aunt of theirs.

Mr. and Mrs. Vickery also Mr. and Mrs. Hirm Rogers and family all of Snyder, spent the day with Mr. and Mrs. J. H. Metcalf Sunday.

Mrs. Cunningham and son, Dan, visited with Mr. and Mrs. Herren Sunday afternoon.

Miss Cord Bell Johnson visited with Miss Nellie Buffalo Sunday.

Mr. Herren is building a filling station and putting in a store at his place. Whatley seems to be growing some. We hope to have a real town out here some time.—Farmer.

**MISS MAGGIE NORRED HONOREE AT SPECIAL.**

(Communicated)

On Tuesday evening, February 17 the operators of the Southwestern Bell Telephone Co. entertained Miss Maggie Norred with a surprise party at the home of Mr. and Mrs. Bert Smith.

The party was given in honor of Miss Norred having completed her five-year service record with the company. Mr. J. G. Goodman, district traffic chief of Amarillo presented Miss Norred with the five-year service button together with a bouquet of flowers from the local operators, and made an interesting

**Old-Time Remedy Best for Heavy Coughs**

Stubborn, racking, deep-seated coughs that refuse to yield to other remedies are often checked overnight with the old-time cough medicine that our parents and grandparents "swore by." In spite of modern discoveries nothing has been found to replace good old Dr. Bell's Pine-Tar Honey for giving quick, sure relief for coughs, chest colds, bronchitis, spasmodic croup and other throat irritations. Doctors say that the pine tar quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing, while the honey not only gives a pleasant taste, but helps soothe irritation.

But be sure you get the original Dr. Bell's and no other. There have been dozens of imitations, but the original is still the best. It often stops the worst cough in 24 hours. Contains no injurious drugs, so can be given even to young children. Insist on Dr. Bell's. Only 30c at any good druggist's.

talk in regard to the significance of continuous service with the company.

The evening was spent in playing games. At a late hour refreshments of sandwiches, fruit salad, olives and hot chocolate were served to the following: Misses Ora and Maggie Norred, Hattie and Lucille Moffett, Juanita Wilsford, Nora Alford, Marguerite German, Mesdames Ernest and Bert Smith, Messrs J. G. Goodman, Mark Johnston, Ed Wade, Joe Sweigert, E. P. Alford, Ed Ripley, Ernest Smith, R. J. Clanton, Bert Smith, Frank Greer.

**COLONIAL TEA.**

The home of Mrs. H. G. Towle was a beautiful picture of Colonial days Friday, when Mmes. Towle, Joe Stinson and Lee Stinson entertained the members of the El Feliz Club and their guests with a musical tea.

The rooms were beautifully and artistically decorated in colors and emblems which carried one back to the days of George Washington and his proverbial hatchet.

Red holders with white tapers shed a soft glow on the scene as winsome ladies in their trailing ruffles and powdered hair marched gracefully to and fro among the guests.

The entrance hall was marked by a draped picture of George Washington's birthplace and Mmes. Towle, Joe Stinson and Lee Stinson charming in "ruffles and laces, with sweet demure faces" received the guests.

The dining room was beautiful in colors of red, white and blue. The table with its exquisite linen over which were red, white and blue streamers, soft, folds of maline surrounding the cherry tree and hatchet was an artistic creation admired by all.

On the buffet reposed the birthday cake of the father of our country.

Unique refreshments and favors carried out the colonial idea which prevailed throughout the house.

Musical numbers were furnished during the afternoon by Mmes. Morrow, Fritz Smith, Hugh Boren, A. C. Preuitt, W. W. Hamilton and Misses Lucile Strayhorn and Helen Boren.

Each club member having invited two guests, about sixty ladies called during the afternoon.

Those in the house party were: Mmes. H. G. Towle, Joe Stinson, Lee Stinson, Gertie Smith, Hugh Boren, Wm. Wilsford, E. J. Anderson, Neil Monger, L. O. Smith, Com. Ezell, Fritz Smith, Wm. Morrow, Geo.

Northcutt, W. W. Hamilton, Wade Winston, Austin Erwin, E. H. Hamlett, Neil Gross, Flint Ward.

Friday evening following the Colonial tea, Mmes. Towle, Joe and Lee Stinson were hostesses to the members of the El Feliz and their husbands. Contests and music furnished the diversion for the evening.

A sing-song of old favorite melodies was engaged in by all.

Geore Washington refreshments and favors were especially enjoyable.

**CHAS. C. HARLESS.**

Mr. Charles C. Harless, one of Scurry county's pioneers, was born in Pilot Point, Texas, September 2, 1857; died February 13, 1925, aged 67 years, 5 months and 11 days.

At the age of 19, deceased was married to Miss Mimma Graves, who lived only a year after their marriage. Four years later, Mr. Harless was married to Miss Addie Cotner of Collin county, in which county Mr. and Mrs. Harless lived and where they lived until about 25 years ago, when they removed to Scurry county. To this union were born 8

children, six of whom still survive and are all living in Scurry county. They are: Robert, Charlie, Claude and Ben Harless, and Mrs. Claude Mitchell and Mrs. Ben Crenshaw.

About five years ago, Mr. and Mrs. Harless removed to Merchant, Texas, where they lived for about three years. But Mrs. Harless failing in health, they returned to Scurry county where they could be near their children. About ten months ago, Mrs. Harless died, and since that time Mr. Harless had made his home here, dividing his time among the children.

His remains were laid to rest Saturday, Rev. McGaha conducting the funeral and burial services.

Thus has passed from our midst one of the county's best and most highly respected citizens. He professed religion many years ago, and united with the Methodist faith. He was of a quiet, unassuming disposition, and had the name of being one of the best men in Scurry county. Peace to his ashes.

S. J. Casstevens visited his brother at Sweetwater this week.

**SPANISH NOTES.**

The Spanish Club of high school met October 2, 1924, and elected the following officers: J. G. Morrow, president; Essie Mae Biggs, vice-president; Eura Mae Garner, secretary-treasurer; Alvin Risinger, Sergeant-at-arms; Howard Alexander, reporter.

Red and black were decided on as the club colors; red rose as flower; "No trahaja, no gusto," motto, and "La Vista de Espana," as name.

The purpose of such an organization is to give the pupils a better understanding of the Spanish language, as the programs are rendered in Spanish. The first program was given February 13, 1925, as follows: Roll Call, answered by a Spanish motto.

Music—Essie Mae Biggs.

Objective Story—Tommie Jenkins.

Song—Howard Alexander, J. G. Morrow, Roy Fesmire and J. H. Woosley.

Lo Contrario de—Eura Mae Garner

Musid—Essie Mae Biggs.

Story—Pauline Jones.

The club then adjourned to meet sometime in March.—Reporter.

**W. M. BURNETT DEAD.**

W. M. Burnett, who only a few days ago resigned as sheriff of Fisher county, died at his home about 4 miles east of Camp Springs, Monday about 3:25 p. m., of cancer of the stomach.

Deceased was born June 17, 1875. About 23 years ago he was married to Miss Alice Carraway of Coke county. To the union were born three children—Gwendolyn, Juanita and Prince Merrill.

About twenty years ago, Mr. Burnett located near Camp Springs where he has resided ever since. Last year his friends persuaded him to make the race for sheriff. He was elected by the largest majority ever given a man for that office in Fisher county, although owing to bad health he did very little canvassing during the campaign.

Funeral and burial services were held at Camp Springs at 2:30 p. m., Wednesday by Rev. C. G. Ball.

Mrs. Ollie Adams of California is here at the bedside of her father, J. B. Taylor, who is ill at his home in the Canyon community.

DOES TEXAS KNOW.

Does Texas know that the College of Industrial Arts at Denton is the Texas State College for Women and that with its enrollment of 1748 students, it is the second largest college for women in the United States? That the Legislature of the little State of Oklahoma, since 1915, has given to its State College for Women (only one-third as large as our college) one and a half times as much for buildings as Texas has given to its State College for Women? That, though the college is all that is claimed for it, yet its total cost to the people of Texas since its establishment is less than five cents per capita per annum? That, the college is no mere imitator of other colleges, but is proud for Texas to make its own contribution to the educational history of the world? That, the college has a student co-operation government giving opportunity for students to develop a sense of social and civic responsibility? That, the college is a democratic spirit. A student is judged by "what she is" and not by "what she wears." That, typical of the democratic attitude of the college is the fact that five of the last seven presidents of the Students' Association have earned a part of their college expenses by serving in the college dining rooms? That, the College Students' Association is the largest organization of its kind in the South or Middle West? Every student is encouraged to respect and practice the religious belief of her fathers. That, students taking practical courses must also take cultural and literally subjects to prepare them-

selves for constructive citizenship; and that students taking cultural and literary courses must also take practical courses to save them from economic dependence in later life? That, more than 200 Texas counties are sending students to C. I. A. this year? They come from modest cottages as well as great ranches—from small city homes as well as residences of wealth. They represent every vocational interest in the State. That, so urgent is the demand in relation to the supply of dormitory space, that assurance fees are paid as early as January 1st preceding the academic year in which the student enters? That, the Bachelor of Arts and Bachelor of Science graduates of C. I. A. are admitted to the graduate schools of all the best universities of the country and are given full credit for work done at C. I. A? They have won distinction in graduate

scholarship. That, Dean M. A. Bigelow, of Columbia University, states "If I had fifteen daughters ready to enter college, I should send them all to C. I. A.," and Dr. Arthur Dean of the University of Chicago, calls C. I. A. "The best-kept college in the United States?" Do these facts not prove that Texas' great college for women deserves the generous financial support of the wealthy empire state of the Southwest?

PRISONER GETS TANKED UP.

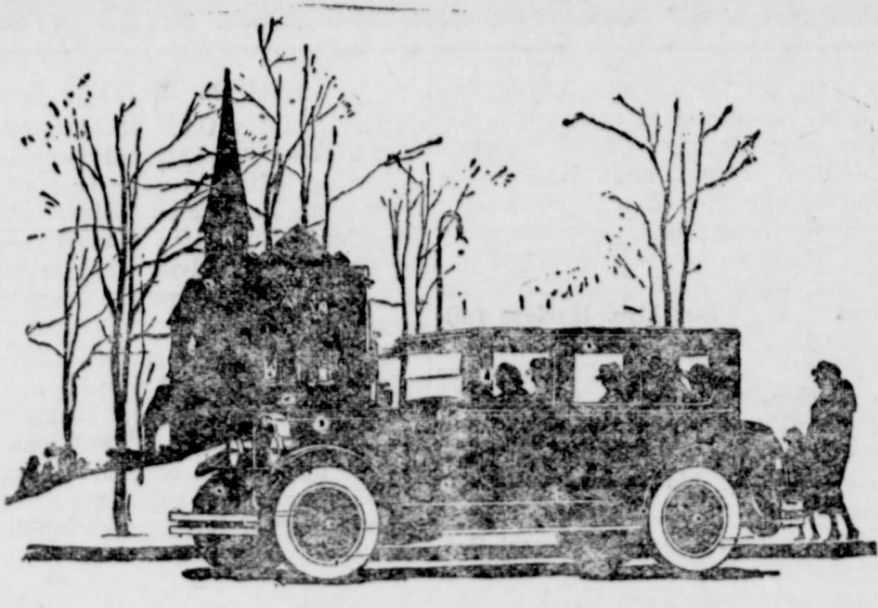

If he hadn't already been in jail one of the prisoners in the county jail would surely have been arrested last week for being drunk and disorderly. A still, containing some of the evidence, is being kept in the jail (the safest place the Sheriff has to keep it) and last week the prisoners got

hold of a wire or some long instrument and worked the still across the corridor to the bars and poured out a quantity of it. It is reported that one of the prisoners showed the effects of being in too close contact with the joy water, but all the others appeared normal.

A man who has never been in charge of a jail can hardly know the cunning and ingenuity to be found in prisons. The inmates make seemingly impossible escapes and work many skillful schemes to gain their desires. They do this in the little country

Night Coughing—How to Stop It

Night coughing which, through loss of valuable sleep, often makes you feel utterly worn-out and useless during the day, and by quickly weakening the system lays you open to the most dangerous infections, can now be promptly checked by a very simple treatment. People who have hardly been able to rest on account of coughing spells have found that they can sleep the whole night through undisturbed often after the very first trial. The treatment is based on a remarkable prescription known as Dr. King's New Discovery. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. The result is that you usually sleep as soundly as a babe the very first night, and the cough goes in a very short time. The prescription contains no opiates or harmful drugs. Excellent for children as well as grown-ups. For coughs, chest colds, hoarseness, sore throat, spasmodic croup, bronchitis, laryngitis and bronchial asthma. At all good druggists. Ask for

jails and in the big city jails and the penitentiaries. These incidents are no reflection on those in charge of prisons. ### NOTICE OF ELECTION.

THE STATE OF TEXAS,  
County of Scurry.

Whereas, there was presented to the Honorable Commissioners' Court of Scurry county, Texas, at a regular meeting thereof, on the 24th day of February, 1925, a petition signed by more than two hundred qualified property tax-paying voters of Scurry county asking that the Commissioners' Court and County Judge call an election to determine whether or not there should be levied on all property in Scurry county a special road tax of fifteen cents on each one hundred dollars' worth of said property.

Now, therefore, I, Horace Holley, County Judge of Scurry county, Texas, pursuant to an order passed by the Commissioners' Court of this county, on the 24th day of February, 1925, do hereby call an election to be held in Scurry county, Texas, on Saturday, March 28, 1925, the purpose of said election being to determine whether or not there shall be levied annually a special road tax of fifteen cents on the one hundred dollars' worth of property in Scurry County.

Only qualified voters, who pay a property tax in Scurry county, shall

be permitted to vote at such election. The ballots shall have printed thereon the words: "FOR THE TAX" and "AGAINST THE TAX" and those who favor the tax shall vote the ballot "FOR THE TAX" and those who oppose the tax shall vote the ballot "AGAINST THE TAX."  
Given under my hand and seal of office, this the 24th day of February, 1925.

**NOLAN COUNTY HAS BIG CAVE.**

Nolan county may not have a sand cave but nevertheless it has a deep cavern running back for many feet under the earth. The said cavern is on the Billie George farm about two and a half or three miles southwest of sweetwater.

One drives past the George place and the home of Otey Howe and on for a short distance beyond. On the left of the road and just a few feet from it is a round hole about 12 feet in diameter. Though near the road, it is level with the surrounding turf and is difficult to see.

The said hole is some six or eight feet deep and one opening slants west and another east. The one slanting west has been explored for nearly one hundred feet by J. A. Daniels who has also explored the hole leading to the east for a distance of about 150 feet. Part of the passageway is so small that one has to crawl on hands and feet and again it opens up into a good sized room. Presumably others besides Mr. Daniels have explored the cavern, which seems to be of a natural formation possibly due to water erosion. The air in the end of the crawlways is bad, indicating that there is no other entrance besides the main one.

Mr. Daniels has been aware of the cave since 1916 when he first explored it. How long it has been there and whether or not there is any history connected with the place remains to be seen.—Sweetwater Reporter.

**SNYDER, ONCE PIONEER OUTPOST, DOMINANT IN WIDE TERRITORY.**

MAX BENTLEY.  
In Fort Worth Star-Telegram.

Even as a frontier post in the 70's, Snyder, seat of Scurry county, was a half-way point and therefore of great importance to the buffalo hunters passing from the rolling country of Central West Texas to the brakes below the Caprock and thence up on the Plains. Tuck Cornelius found the location so strategically good that he opened the first frontier store in a hundred-mile stretch and made good money.

Cornelius was followed by a freighter whose first name was Pete, who opened a store on Deep Creek, in the present town limits of Snyder. He started up business in 1878. There were no fences in the country and no railroad nearer than Fort Worth. The only other settler thereabouts was Tom Nunn, who had bought the A-W ranch from A. Webb, along with the section on which Snyder was later built. The freighter Pete's last name was Snyder. He moved to Colorado City in 1881 when the Texas and Pacific railroad built there, but not until he left the makin's of the town which came to bear his name.

Having "got the jump" Snyder was always the dominant town of Scurry county. It is, in fact, the biggest town in a 40-mile stretch in any direction. It has 4,500 people, and is growing all the time.

**Still a Half-Way Point.**

Snyder's location is central in more ways than one. It lies squarely on the boundary line of the two major geological formations underlying the northwestern part of West Texas, the Permian on the west and the Nonmarine Tertiary on the east. With its rainfall, 23.83 inches per annum over a 20-year period, it is at the point of general average between the Far West, with eight inches, and the Far East, with 48 inches.

Last year Snyder spent \$50,000 on water and sewer extensions. The mains were extended to the farthest ends of the town to serve the expected five to 10 year growth. The city gets its water from three 100-foot wells sunk within the town limits. The pumping capacity is 165,000 gallons each day, and many times that capacity has been tested without in the least diminishing the low or force of the wells. All of Scurry county is underlaid with water at about the same depth. Snyder has \$125,000 invested in her waterworks and sewerage disposal plant, which latter includes an up-to-the-minute incinerator.

Snyder's population estimate of 4,500 is on the basis of the scholastic enrollment, which is 1,100. Snyder completed a \$125,000 high school in 1923, although it cares for all grades.

**Paving Contract Let.**

Contract was lately let for 12 blocks of brick and concrete paving in the business district, covering one square and one block in each direction, for which \$50,000 in bonds were voted. The job will cost \$95,000, however, and by the end of the year will be completed. Snyder has 20 blocks of graveled streets.

Snyder's building record of 1924 went out light on business houses and heavy on residences. Ninety dwellings were built, according to reliable estimates, ranging in price

**KNOW WEST TEXAS**

Snyder is biggest town in 40-mile stretch.  
Population now is 4,500.  
Scurry County last year ginned 30,485 bales of cotton.  
Poultry raising is large industry.  
County yet has 20,000 cattle.

from \$1,000 to \$10,000 and averaging \$3,000.

The city has six gins; 16 in the county. Ginnings of cotton prior to 1916 were 30,485 bales, of which Snyder has ginned 14,296 bales. Scurry county's 1923 ginnings were 485 bales and 24,211 bales in 1924. The crop was made on 120,000 acres, dry land farming of course, but a few years later there may be another story to tell. Snyder has the irrigation bee. Eight miles southeast of the city, on the Wright Moor 30-section ranch, Deep Creek offers splendid possibilities for irrigation. By throwing a dam across the creek at a small cost a reservoir can be formed 110 feet high with a capacity of 22,000 acre feet of water (an acre foot is 12 inches of water spread over an acre of ground), enough to irrigate 90,000 acres.

**Freight Shipments.**

The following figures show Snyder's importance as a distributing center:

Last year the Roscoe, Snyder and Pacific railroad, a short line from Roscoe to Fluvanna, shipped 20,000 cars of cotton from Snyder.

The same line shipped 450 cars of cotton seed products, 20 cars of alfalfa, 144 cars of cattle and 10 cars of wheat. The R. S. & P. is the

way, one of the best paying short lines in Texas. One Snyder shipper said the road's receipts in Snyder alone often runs \$40,000 a month. It is owned by Ed S. Hughes and H. O. Wooten of Abilene.

In the period from November to January last year Snyder shipped 15 cars of dressed poultry, the equivalent of 30,000 live birds, and 20,000 live chickens were shipped. The county's poultry return is estimated at \$400,000 per annum.

Total shipments of all agricultural products on both the R. S. & P. and Santa Fe lines, were 2,500 carloads.

**Scurry County Roads.**

Last year 95 miles of new dirt roads were graded by the Scurry county commissioner's court. The county has 250 miles of these roads of which nine with a total length of 200 miles lead in and out of Snyder. There is, also, a gravel highway 41 miles in length extending entirely across the county and linking up Snyder with the Plains on the west and Nolan County on the southeast. The county spends \$20,000 annually keeping its dirt roads conditioned, and in dry weather they are fast as lightning.

Scurry county was organized in 1876. By 1900 its population was 4,000. Ten years later it was 9,000; while now it is nearly 20,000. There are about 2,000 farms in the county, 73 per cent of them owned by their occupants, with 300,000 acres of land in cultivation. Five thousand acres have been planted in home gardens and orchards. Scurry has definitely

entered the ranks of cotton farming counties, yet it finds room to graze 7,500 horses and mules, 20,000 cattle, 6,000 sheep and 1,500 hogs. Its total property valuation is \$15,181,618.

**LETTER FROM HON. J. A. MERRITT.**

I will give you a few of the happenings at the capitol. We are at this time wrangling over our appropriation bills, when we are not talking conversation about the amnesty bill. Before I came down here I was told Jim was milking the cow and carrying in the wood and Ma was or would be governor. One of the prominent members here in the legislature tells me he has been down to the governor's office ten separate visits and he has never found Ma in the office but it is Jim all the time. It is reported Ma is or has been sick but a lot of the lawyer members of the House are at home sick, because their respective courts in their districts are in session, but they are out on account of illness, but they get their five dollars per day from the State for services here in the Legislature just the same as us fellows who never miss a roll call. Now back to Jim. He and our attorney general who is the legal advisor of all of our departments, even the governor. But Jim is crossing bats with him already over the amnesty bill because he has ruled the bill unconstitutional. When I took the

oath of office as a representative that I would uphold the constitution with my hand up-raised and I will vote against the amnesty bill, because I believe the attorney general is correct. Deep down in my heart I am willing to submit this thing to the people by constitutional amendment. Now I hope if I am wrong I may see the light before it is too late, but my honest convictions are leading me in this matter. I voted against the free pass bill, but it carried in both Houses just the same but some of the House members heard a rumbling from whence they

came and offered a resolution in the House asking the governor to veto their actions in the matter. So I voted against the resolution, believing as I do they should stand hitched and not try to shift the burden on the governor for the selfish act.

Respectfully yours,  
J. A. MERRITT.

**How Much Does A Pencil Mark Weigh?**

It requires over 3,700 operations to make a good watch. The average time from beginning to completion is one year.

In testing the balance wheel of a watch a scale is used which is so sensitive it will weigh a pencil mark on a scrap of tissue paper. In other words, a piece of paper with a mark will weigh more than a piece without it!

With such delicate adjustments called for, you will readily understand why some watches are more carefully made than any others.

You buy a watch but once or twice in a lifetime. MAKE IT A GOOD ONE.

**A Word About Bank Balances**

It is the province of the bank to extend short-time loans to tide over emergencies, and not to provide working capital for the entire.

Much unnecessary borrowing could be avoided, with great benefit to the farmer, if a reserve bank balance was maintained for just such occasions.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, County of Scurry.

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to cause to be published once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year; the following notice:

The State of Texas, County of Scurry. To all persons interested in the welfare of the estate of Noah Jones, deceased:

You are hereby notified, that Mrs. Noah Jones has filed in the County Court of Scurry County, Texas, an application for letters of temporary administrator upon the estate of Noah Jones, deceased, and on the 9th day of February A. D. 1925, by order of the County Judge of the said County Court, the said Mrs. Noah Jones was appointed temporary administrator of the estate of Noah Jones, deceased, and at the next regular term of said Court, commencing on the second Monday in March A. D. 1925, the same being the ninth day of March A. D. 1925, at the Court-house thereof in Snyder, Texas, at which time all persons interested in the welfare of said estate are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at said term of said Court, then the same shall become permanent.

Herein fail not, but have you then and there before said Court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 11th day of February, A. D. 1925.

KATE COTTEN, Clerk of the County Court of Scurry County, Texas. 36-2t-c

paving and otherwise improving the Public Square in the City of Snyder, Scurry County, Texas."

The right is reserved to reject any and all bids, and to waive technicalities.

HORACE HOLLEY, County Judge of Scurry County, Tex. ATTEST: KATE COTTEN, County Clerk. 36-4t-c

NOTICE OF ELECTION.

STATE OF TEXAS, County of Scurry.

Whereas, on the 10th day of February, 1925, a petition was presented to the Commissioners Court in regular session, for an election Precinct No. 13 of Scurry County to determine whether a majority of the qualified land holding tax paying voters residing in said precinct desire to prohibit horses, mules, jacks, jennets, cattle, sheep, goats and horses and hogs from running at large in said precinct.

And it appearing that said petition bears the requisite number of signatures of qualified land owning, tax paying voters of said precinct, and is in every respect in conformity to law.

Now, therefore, we, Horace Holley, County Judge; J. Monroe, Commissioner Precinct No. 1; J. F. Dowdy, Commissioner of Precinct No. 2; R. Bishop, Commissioner Precinct No. 3, and J. R. Coker, Commissioner of Precinct No. 4, in our capacity as Commissioners' Court of Scurry County, Texas, do hereby order that an election be held on the 21st day of March, 1925, at Pyron in said Election Precinct No. 13, of Scurry County, Texas, to determine whether a majority of the qualified land-owning, taxpaying voters residing in said precinct desire to prohibit horses, mules, jacks, jennets, cattle, sheep, goats and hogs from running at large in said precinct.

M. A. Glass is hereby appointed presiding officer for said election and shall have two judges and two clerks to assist him holding said election and he shall within ten days after said election has been held, make due returns thereof to the County Judge of the county.

All persons who are legally qualified voters of this state and county and who are resident land owners and taxpayers in said precinct shall be entitled to vote at said election and all voters desiring to support the proposition shall have written or printed on their ballots, the words: FOR THE STOCK LAW. And those opposed, shall have written or printed

on their ballots the words: AGAIN THE STOCK LAW.

This order shall be due notice of said election and it is directed that said order shall be published in some newspaper in said Scurry County for thirty days before the date of said election and a copy of said order shall be posted in three public places in said precinct for 30 days before date of said election.

Done by order of the Commissioners' Court this the 10th day of February, 1925.

HORACE HOLLEY, County Judge. W. V. JONES, Commissioner Precinct No. 1. J. M. HUNNICUTT, Commissioner Precinct No. 2. J. W. HANEY, Commissioner Precinct No. 3. J. R. COKER, Commissioner Precinct No. 4. 37-5t-c

NOT MUCH POVERTY.

At a state-wide farmers' convention held at Columbus, Ohio, a few days ago more than the usual amount of interest centered in statements made by Dean Alfred Vivian of the Ohio State Agricultural College. Many of his remarks will prove of interest to the average Snyder resident, especially the one referring to financial conditions throughout the country. Touching on this he said: "If there is any enjoyment in living, then farmers get more out of it, because they live longer to enjoy it. The length of life, statistics shows, is considerably higher in the country than in the city. Neither great wealth nor extreme poverty is found on the farms of the country. But an equal number of people were to begin life in the city and in the country, the country group would be, on the average, better off at 50 or 60 years of age than the city group."

In other words, the learned gentleman has apparently discovered that the tendency toward "fast" living hits the cities of this country harder than it does the farms and small towns. Late and irregular hours, eating at different and a kind of excitement that is a part of city life all tend to undermine the constitution and, slowly but surely, bring about a shorter span of life than comes to those who live by regular habits and who are satisfied with plain, sensible food. The gentleman seems to know what he is talking about.

The rabbit drives will begin soon. Help the farmers and ranchmen exterminate this pest. Advance information on each drive may be found in our hardware window.
