SNYDER, TEXAS, THURSDAY, MARCH 19, 1925

Number 41

Scurry County Is Going to W. T. C. of C. Meet at Mineral Wells, May 4, 5 and 6

200 OR MORE REPRESENTATIVE BUSINESS MEN AND FARMERS WILL ACCOMPANY BAND FROM SNYDER AND HERMLEIGH

The West Texas Chamber of Commerce meeting will be held this year at Mineral Wells, May 4, 5 and 6. There will be a large delegation to this meeting from Scurry County and it is the intention of this office to publish a complete review of Scurry County. This edition will contain many photos and descriptive matter showing the resources of the county. This edition is to be one of the largest and most elaborate ever attempted by any paper in West Texas. It is to be 48 pages printed on book paper. It will be about 2 1-2 inches smaller each way than the regular size of the Times-Signal. It is the intention of the Times-Signal to print 5,000 copies of this edition, using it on our regular mail list take some 3,000 or more of these to Mineral Wells and see to it personally that they go into the hands of those that are interested in West Texas. This will leave a few copies of this edition at home so that any of our subscribers may send them to their friends or relatives in other places.

In order to make this edition possible it will require the full co-operation of all the business interests of Scurry County as the advertising is necessary to put it over. The amount of extra work that will be required—it means many hours of night work for the entire force. It will also take nearly two tons of book paper and 100 pounds of special book ink for the paper.

You can help greatly in this undertaking by reserving your space at the earliest possible time and furnishing us with the copy so that this work can be started.

We want your fullest co-operation in getting together and publishing the largest piece of Scurry County advertising ever attempted. Use your telephone and call 47. We want to know what you are going to do.

SCURRY COUNTY SCHOOLS GET STATE AID.

It will be of interest to readers of the Times-Signal to know that the schools of Scurry county will receive \$10,300 State aid, apportioned as follows:

MAYOR BEAKLEY PROUD OF SCHOOL BUILDING.

Mayor J. C. Beakley of Dunn and Mr. L. K. Turner of Oklahoma City were in the capital Monday. Mayor Beakley was selling space on the new school building in Dunn, and we understand that he met with good success.

The people of Dunn are justly proud of their new school building. And they have a right to be proud of it. It is new and strictly modern. Besides, Dunn is situated in one of the very best agricultural sections in Scurry county, and has a citizenry second to none in West Texas.

MR. AND MRS. MASSEY VISIT SNYDER.

Mr. and Mrs. J. W. Massey were here from Sweetwater Tuesday on business. While here they called at the Times-Signal office and renewed their subscription. Mr. Massey told the editor that he held the distinction of being the first person that subscribed to the old Signal, and that he never likes to miss an issue. Among other things, he said: "I want to compliment you on the most excellent paper you are giving us, it's like a big newsy letter from home."

The editor appreciates Mr. Massey's compliment, and will ask this question: But what would become of the Times-Signal if it did not have such friends as Mr. Massey? It takes a barrel of money and lots of hard work to make a creditable county paper, and just such friends as Mr. and Mrs. Massey contribute largely toward making the Times-Signal the good paper its friends say it is.

VALUE OF R. S. & P. RAILROAD.

WASHINGTON.—The Interstate Commerce Commission has fixed the value of the Roscoe, Snyder and Pacific Railroad on June 30, 1916, at \$538,000. The owners protested, claiming its value then was \$955,254.

The road is about forty-one miles in length and runs between Roscoe, Nolan county, and Fluvanna, Scurry county.

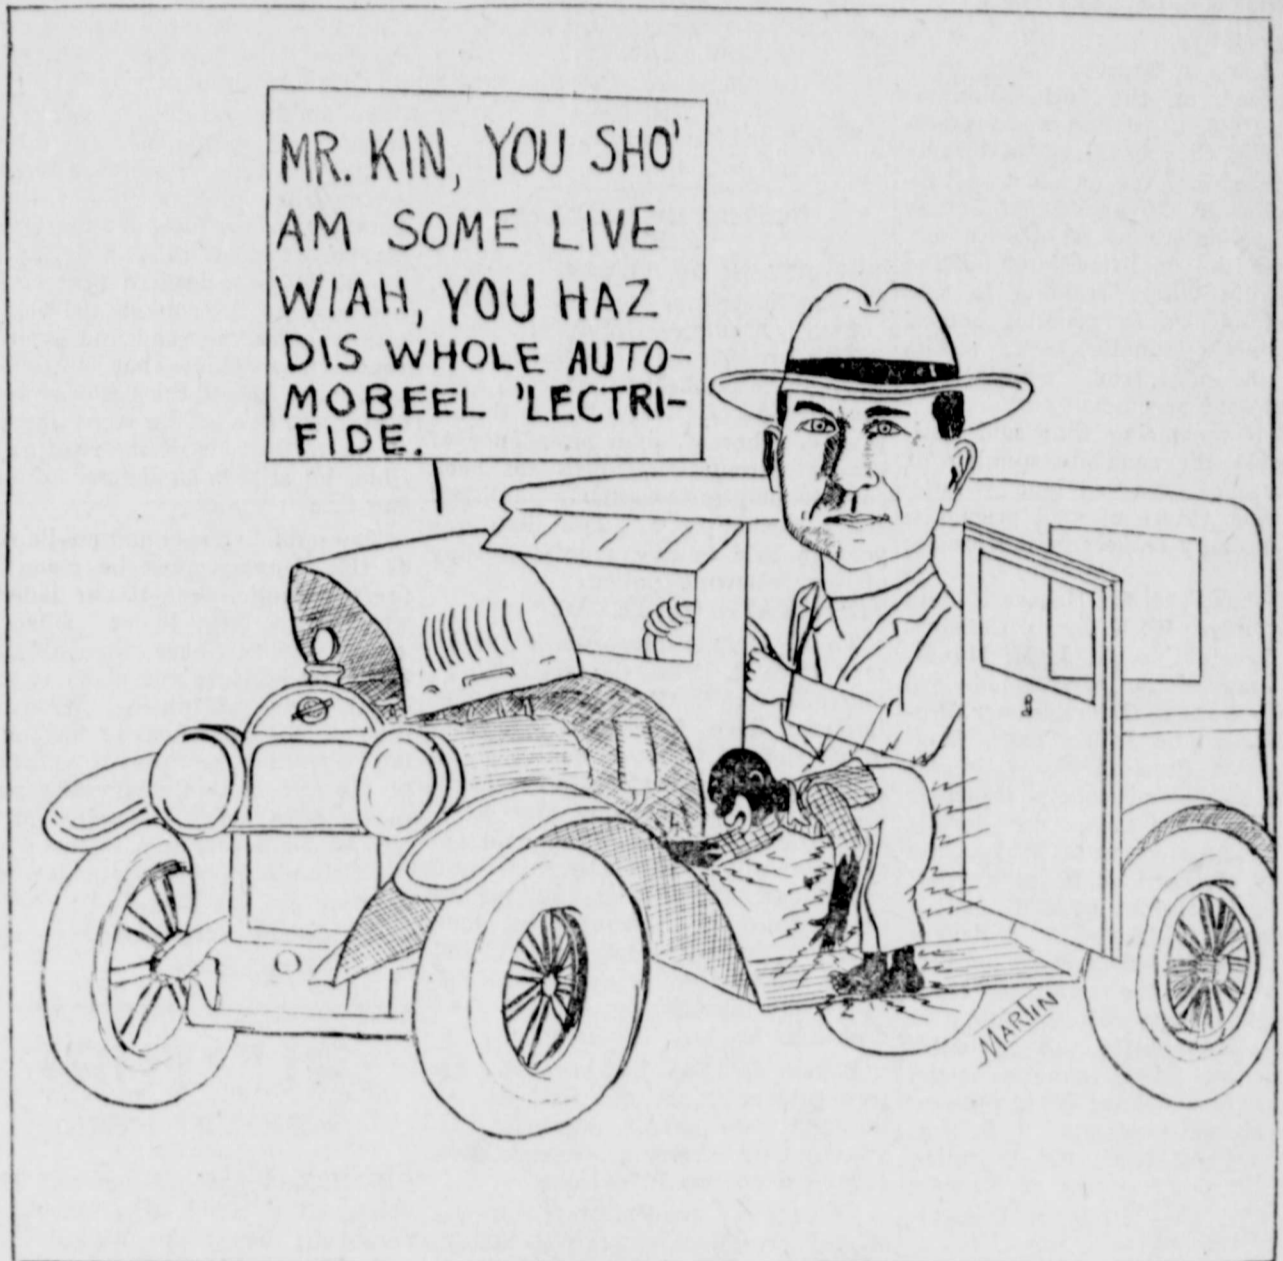

J. C. DAWSON MAKES SUBSTANTIAL IMPROVEMENTS

J. C. Dawson, owner of the Snyder Tire and Rubber company, local dealer of Motopower—the super-gasoline—for this territory, is completely rearranging his filling station and when completed will be one of the prettiest and most up-to-date stations in the county. The station is being equipped with the very latest in pumps, etc, so that they can give the large number of Motopower users the very best of service. Jim is always on the job and any time that he can get hold of an article of merit he gets it and passes the "good thing" on to the consumer and from all accounts obtainable and from the stories told by the users, "Motopower" is some good gasoline. It will make a fliver do most anything any automobile will do except jump barb wire fences and climb trees. If Motopower does everything that is claimed for it, Jim will have to more than double the size of his present location. This improvement is of much benefit to this part of town.

TWO YOUNG MEN ARRESTED.

Two young men, claiming to be step-brothers, and giving Wichita Falls as their place of residence, were arrested here Tuesday charged with having taken a sum of money from the Neeley filling station.

Makers of Snyder

J. K. BLACKARD

The Times-Signal is pleased to announce that the above is the first of a series of cartoons of Snyder business and professional men that will be run from week to week.

Owing to the fact that Mr. Blackard has always been identified with everything that pertained to the best interest of Snyder and Scurry county, it seemed the universal verdict that his cartoon be the first of the series.

Mr. Blackard is a native of Scurry county (he doesn't care to tell his age) but when only a boy, while chopping cotton down near Ira, he heard the call that took him from the cotton fields to the strenuous life of a merchant.

Accordingly, in 1912, Mr. Blackard came direct from the farm to Snyder and engaged in a small way in the hardware and furniture business, opening in a small building on the southwest corner of the square. He was at that location for 9 years, at the end of which he removed to the north side of the square, where he was in business until he sold out to the Bryant-Link Company January 1, 1925.

In 1903, Mr. Blackard was married to Miss Lena West, who has indeed been a helpmate to Mr. Blackard, and to whom Mr. Blackard gives considerable credit for his business success. They have two fine boys, one in the employ of the Bryant-Link Company, the other a student of the Snyder school.

Although Mr. Blackard is not actively engaged in any line of business, his hundreds of friends throughout the county are pleased to know that he and his excellent family will continue to call Snyder their home.

Next week the cartoon of another progressive business man will appear in this space. If you are not a reader of the Times-Signal subscribe now, so you won't miss any of the series.

FINISH JOB OF "FISHING."

Mr. E. J. Miller, manager of the Camp Springs Oil and Refining Company, was in Snyder Monday on business. He told a Times-Signal reporter that his workmen had just finished a job of "fishing" that had been in progress for seventy days. He says that they are pulling something out of the well that pulls awfully heavy, but can't tell just what it is. Here's hoping that "Perol," the god of oil has hold of the lower end of the pipe, and that when he turns loose, oil will flow down the draws and creeks in quantities great enough to start a river. Of course we would hate to see Mr. Miller's company lose all that oil, but even at that, they would have enough left to pay them for their great perseverance and the money that has been expended.

ELIMINATION DECLAMATION CONTEST.

At the elimination declamation contest held at the high school auditorium Monday evening, the following were chosen to represent Snyder at the county contest:

Junior girls, Ruth Yoder.
Junior boys, Robert Garner.
Senior girls, Lester Pritchett.
Senior boys, James Martin.

Prof. Roberts presided and Miss Jimmie Jenkins acted as director. The judges were Messrs. Bullock, Carmichael and Stevenson.

ENTERPRISING FARMER MAKES SUBSTANTIAL IMPROVEMENTS.

H. G. Moore, a progressive and enterprising farmer of the Bethel community, has just recently completed the installation of an up-to-date water system at his farm. This system was put in at a cost of about \$500, but it will give Mr. Moore all of the advantages of having running water in the residence and to all parts of the lots. Mr. Moore is a great believer in having everything of the best as is evidenced by his milch cows and teams, and he says that "the best is the cheapest."

VACANCY IN SCHOOL FACULTY SUPPLIED.

Miss Ethel Beamer of Denison has been elected assistant teacher of English and history in the high school to fill the vacancy caused by Miss Esther Wilson, who resigned to enter the State University. Miss Beamer comes highly recommended.

WILL HOLD TEACHERS' EXAMINATIONS.

The Times-Signal is authorized to announce that examinations for teachers' certificates will be given in Snyder April 3rd and 4th.

DEMONSTRATION AGENTS PAY BIG DIVIDENDS TO COUNTIES.

Mitchell county club women, Chamber of Commerce officials and others who were responsible in obtaining the services of a home demonstration agent for this county will be interested in a report recently issued by the Extension Department, A. & M. College, showing that these agents now working in ninety Texas counties were worth an average of \$45,277.45 to the people they serve.

This information has been received here in an announcement made by Miss Myrtle Murray, former poultry expert of the college but now supervising home demonstration work in the San Angelo district. Miss Murray declares that no Texas county could afford to deny its citizenship the services of the home demonstration agent.

The large figure at which worth of the agent to the county is placed is based upon the value of increased production, expert knowledge in the arts of home economics gained by the girls and women who receive instruction under the agent and the huge saving realized by housewives in being enabled to preserve vegetables, meats and fruits in a scientific manner.

Mitchell county is sold on the home demonstration idea since the service of an expert agent were realized a little more than two years ago the county has made unprecedented development in a number of practical lines in which the women and girls are to be made interested. Miss Irma Sealy is the present agent for this county.—Colorado Record.

Joe Stinson is at Fort Worth this week on business.

TOM HUFFMAN SUSTAINS BROKEN COLLAR BONE.

Tom Huffman suffered a broken collar bone last Thursday while driving some cattle. His horse he was riding reared up and fell on Mr. Huffman injuring him as above stated. He did not know that he had been so badly injured, however, until his shoulder continued to give him pain. An examination showed that he had suffered a pretty bad as well as painful injury.

MR. MASSEY HAS INTERESTING PAPERS.

J. W. Massey has a charter issued to the Pecan Valley Grange, Patrons of Husbandry, of Denton County fifty years ago. The document was issued on February 26, 1876, from the national headquarters in Louisville, Kentucky. According to the document the Grange was incorporated in 1873.

The Grange of the '70's was similar to our Farmers' Alliance of today, says Mr. Massey. The Grange gradually played out several years after its organization. J. R. Massey, father of Mr. Massey, was master of the Denton County organization of the Grange.

Mr. Massey also has in his possession a Yankee razor found on the battlefield by his father in Virginia after the second battle of Cold Harbor.—Nolan County News.

RESPECTING THE DEAD.

The excellent working given the Snyder cemetery this week deserves commendation. One of the largest crowds that has ever been present on any similar occasion turned out to help put Snyder's city of the dead in a condition that would show proper respect for those who have passed from our midst. The Times-Signal wishes to commend those who participated for their act and services.

BIG MEETING IN PROGRESS.

The protracted meeting at the Baptist church is gaining interest with each service. Rev. Jeff Davis, the able pastor, is preaching powerful sermons that are beginning to have a telling effect upon the minds and hearts of those who are searching for truth and salvation.

DISTRICT MANGAGER TELEPHONE COMPANY HERE.

Mr. H. D. Phillips, district manager of the S. W. Bell Telephone Company, was here this week on business. Mr. Phillips was well pleased with the business and to know that the company's services are so highly satisfactory. He says that Snyder has always been a good town, but he is expecting it to be much better after the square and the streets have been paved.

CATTLE SHIPMENTS.

Tom Huffman shipped a car of cattle to Wichita, Kansas, and C. C. Head shipped a load to Fort Worth since our last report.

ALVIN GROVES KILLED IN FORT WORTH.

Mr. J. C. Darward received a message Thursday morning stating that his brother-in-law, Alvin Groves, was shot and killed at Fort Worth Wednesday night. Mr. Groves was connected with the Breedlove Commission Company of Fort Worth.

ED GLENN'S HOME BURNS.

The home of Ed Glenn in southeast Snyder burned Monday about noon. The fire boys made a good run, but the house was almost a mass of flame before the call was turned in. The building burned so quickly scarcely anything was saved, although Mr. and Mrs. Glenn were at home at the time. It is thought that the fire originated from defective wiring. We understand that there was some insurance carried.

Minot Ford of Turner visited our school Monday.

DUNN FOLK PROUD OF NEW SCHOOL BUILDING.

J. C. Beakley, mayor of Dunn, and Mr. L. K. Turner of Oklahoma City were in Snyder Monday in the interest of a curtain for the new school building which will soon be completed in that live little inland settlement.

SUMPTUOUS BIRTHDAY DINNER

The home of Mr. and Mrs. H. C. Fenton, 8 miles west of town was the scene of a most enjoyable birthday anniversary last Sunday. Those who were present with one accord declared that it was one of the most enjoyable occasions they ever had the pleasure of attending, the sumptuous feast that was spread at the noon hour contributing greatly to the day's pleasures.

Those present were: Mr. and Mrs. Fenton and son, Edward, and daughter, Miss Nannie; W. B. Fenton and family west of town and Frank Fenton and family of Polar; Allen Fenton of Slaton, Walter Gaston and family of Pyron, Mrs. Beulah Fenton Lightfoot and children of Snyder, Uncle Ben and Mrs. Davis and Liv Davis of Snyder, S. W. Lightfoot and family, Mr. and Mrs. C. C. Bearden, Rev. J. W. McGaha and Miss Jewel and Mrs. C. C. Marr of Ira, Mr. and Mrs. J. Leslie Berry, Mr. and Mrs. G. W. Conroe, J. R. Smith and family, Mr. and Mrs. Jim Ingram of Brownwood, Mrs. Annie Green and daughter of Ira, J. B. Gaston of Happy, Miss Nell Patterson, Miss Rhoda Merrett; Ambrose Alverda, Earl and Beulah Mae Coker of Post and Dr. R. L. Howell of Snyder.

Judge Horace Holley left Monday for Austin on business.

NOTICE IN PROBATE.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Scurry County—Greeting:
You are hereby commanded to cause to be published once each week for a period of 10 days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry county, a copy of the following notice:
THE STATE OF TEXAS.

To all persons interested in the estate of S. P. Price, deceased, W. F. Merrell, W. J. Gideon and W. F. Bertram have filed an application in the County Court of Scurry county, on the 12th day of March, 1925, for release from bond of Mrs. S. P. Price, administratrix, which said application will be heard by said court on the 11th day of May, 1925, at the Court House of said county, at which time all persons interested in said cause are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Snyder, this 13th day of March, 1925.

name. It occurred to us that here is a judge entitled to a little praise, so we are taking this means of extending it to him.

Personally, we never like to see anybody in trouble, but this thing of driving an auto while intoxicated, or even while drinking, is too serious a matter to overlook. No matter how careful or how skilled a driver may be, he is powerless to protect himself against a drunken driver. He cannot leave the road and avoid the oncoming machine that is wobbling from one side of the highway to the other, and even if he stops and pulls as far to the side of the road as possible, he still is in danger of being run into.

The public streets and public roads of this country must be made safe for the public, even if our jails and workhouses have to be filled to capacity with those who disregard their own welfare and place no value on the lives of others. We repeat that we dislike to hear of anyone being in trouble, but that if an officer of the law in this community wants to sentence every drunken driver who comes before him as severely as the Columbus judge sentences them, then we are for him, and so will be every decent, self-respecting citizen in his jurisdiction.

RUPTURE EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Wright Hotel, and will remain in Sweetwater Friday only, March 27th. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rests where the lump is and not where the opening is, producing complications, necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley, Home Office, 117 N. Dearborn St., Chicago.

NOTICE OF ELECTION.

THE STATE OF TEXAS,
County of Scurry.
Whereas, there was presented to the Honorable Commissioners' Court of Scurry county, Texas, at a regular meeting thereof, on the 24th day of February, 1925, a petition signed by more than two hundred qualified property tax-paying voters of Scurry county asking that the Commissioners' Court and County Judge call an election to determine whether or not there should be levied on all property in Scurry county a special road tax of fifteen cents on each one hundred dollars' worth of said property.

Now, therefore, I, Horace Holley, County Judge of Scurry county, Texas, pursuant to an order passed by the Commissioners' Court of this county, on the 24th day of February, 1925, do hereby call an election to be held in Scurry county, Texas, on Saturday, March 28, 1925, the purpose of said election being to determine whether or not there shall

be levied annually a special road tax of fifteen cents on the one hundred dollars' worth of property in Scurry County.

Only qualified voters, who pay a property tax in Scurry county, shall be permitted to vote at such election. The ballots shall have printed thereon the words: "FOR THE TAX" and "AGAINST THE TAX" and

those who favor the tax shall vote the ballot "FOR THE TAX" and those who oppose the tax shall vote the ballot "AGAINST THE TAX."

Given under my hand and seal of office, this the 24th day of February, 1925.

Night Coughing Stopped Quickly By Simple Treatment

Thousands who are troubled with persistent coughing at night, which by robbing them of valuable sleep weakens their systems and lays them open to dangerous infections, can quickly act to prevent this danger through a very simple treatment. People who have hardly been able to rest at all on account of coughing spells have found they can sleep the whole night through undisturbed often the first time they try it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring, and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is you usually sleep soundly the very first night, and the entire cough condition goes in a very short time.

HERMLEIGH.

The Teachers' and Trustees' Association of Scurry county met at Plainview Saturday, March 15, 1925, with a goodly number of patrons and trustees but very few teachers present.

A short but hearty welcome address was made by Prof. M. G. Ellis of Plainview school, and response given by Mr. Cary of Snyder.

Next Mr. Ellis suggested a plan whereby the Scurry County schools might have a newspaper published, containing news from the different schools and sent to each home represented in the schools. The association then voted to have such a paper published and the president, Professor Bagwell, appointed a committee of three to assist the county superintendent, who is to be editor, in "putting the plan over." The said committee is Mr. Ellis of Plainview, Mr. Cary of Snyder and Miss Elva Lemons of Hermleigh.

Then the president appointed the following committee to draw up a set of resolutions. Mr. Bryant, Mr. McIver and Mr. Mitchell.

As it was nearing midday, President Bagwell kindly consented to have the business of the association rest, while a most bountiful as well as delicious dinner was served to its members and visitors.

About 1:30 p. m. the association re-assembled and Mr. Bryant of Ira gave a report of the county school fair committee to the effect that the school fair would be held in Snyder, April 24. Each school was requested to solve its own lunch problem for that day, since it will be impractical for lunch to be served on the grounds. The fair, as the association agreed, is to be financed by an assessment on each school that enters, in proportion to the size of the school.

Note was then made of the county interscholastic league meet, which is to be held at Hermleigh on March 27-28. All the schools of the county are urged to attend and take part in the various contests.

Mr. McIver of Sharon school made a splendid talk showing the many evils caused by undue promotions, and urged the teachers to use capability as a standard rather than the number of years a child has attended school. Mr. Bagwell also stressed the importance of this in avoiding demotions, which often cause pupils to leave school.

The county as a whole felt honored in having as its guest Mr. Hensley, State School Inspector from Austin. Mr. Hensley took up the greater part of the afternoon session in discussing "Consolidation of Rural and City Schools," a question that several of the schools are deeply interested in at present.

The association accepted the invitation of Mr. McIver to visit his community, so the next meeting will be held at Sharon, Saturday, April 4.

A report from the committee on resolutions was then read by Mr. Bryant, but due to the fact that the secretary failed to get a copy of these they will be published next week.

Mr. Bagwell appointed the following new program committee: Mr. Bryant, Mr. McIver and Miss Winnie Houston, and the meeting was adjourned.

GUINN NEWS.

Here we are with another comeback and we hope to satisfy the whim of our readers with the few interesting facts that we are able

to disclose.

Spring is on us like a tiger as he creeps forward to seize his prey, disclosing all the beauty of nature to the eyes of mankind.

Birds are flittering about as is customary for them in the spring of the year, singing their thrilling songs.

Grass is pretty green and would be good grazing if it would rain, but if it don't rain before long it isn't going to be any good.

Part of the farmers have their land broke and part of them say "that they are not going to break it until it rains."

J. O. Guinn, the Scoutmaster of Camp Springs, is just now able to stir around, and he spent a joyous afternoon Saturday on the clear fork for recreation.

Mr. Bullock and the inspector vis-

ited our school Thursday afternoon and passed some nice compliments on the surroundings.

The school pupils are making excellent progress, but they will not have but one more week of school as it is out next Friday.

The primary teacher, Miss Ruth Horton, said she was going to go to Denton and start to school as soon as Guinn is out.

Beecher Bennett of this community, who is going to school at Snyder, has been seriously ill with the appendicitis, and he says he intends to undergo an operation as soon as he is strong enough. We hope he will get well soon.—Violet.

Fred Coton and family were visiting his parents in Snyder last Sunday.

DERMOTT NEWS.

Dermott has been doing fine, still coming to the front.

There was a party at Mr. and Mrs. Adam's Saturday night, enjoyed by all who were present.

L. W. Carter and family made a business trip to Snyder Wednesday.

Jim Steel and wife made a business trip to Snyder Saturday.

Miss Patsy Crockett from Loraine visited our Sunday School Sunday. We hope Miss Crockett will be with us next Sunday. We were glad to have her.—Yellow Jacket.

STEREOPTICON LECTURE.

On next Sunday night, March 22, we will put on a stereopticon lecture at Fluvanna; at the Presbyterian church. The subject is "The Life Work of Rev. Dr. John G. Paton," the great missionary to the New Hebride Islands. This will be a very interesting and instructive lesson on the general subject of modern missions and should be of special interest to all church people, regardless of denominational affiliation. We, therefore, invite you to attend. The service will begin at 7:30.

NOTES OF HAPPENINGS AT THE HIGH SCHOOL

Furnished by the Faculty and Students of Snyder High School.

THE COUNTY MEET.

The county meet will be held at Hermleigh next Friday and Saturday. Tennis will be an important feature in the athletic events. The "tryouts" for this school will be held the first of next week.

The following boys teams have entered: Elmer Spear, Joe Tant Johnston, Gordon May, T. L. Winston, Buster Stacy and J. K. Moosby for senior doubles and Howard Alexander for senior singles. Hal Yoder and Jennings Ketter have entered for junior doubles. Great interest has been manifested and the boys are practicing every day; so they may be able to win at the county meet.—Gordon May.

Miss Elaine Rosser will present Maxiene Whitmore and Rubie Sparks in their graduation recital in expression. Watch for date.

The junior class is very much interested in their class play which they expect to be able to give in a short time.

The high school wishes to extend their sympathy to Hattie Edna, Faye Dell and Mae Joe for the loss of their home.

Lamon Curry is back in school again after a visit to Ft. Worth.

Beecher Bennett has recovered from an attack of appendicitis which enables him and Mary to be present again.

Lloyd Blackard has been absent quite a while, the exact reason isn't known.

Prof. I. C. Bagwell visited Lubbock and Tullia last week-end in interest of the schools at those places.

The county track meet will be held at Hermleigh, March 26 and 27. Snyder is entering both track teams and literary events with their minds made up to win.

The pupils of Miss Lucile Strayhorn are practicing on our operetta and we are making splendid progress. It is to be a vivid picture of Dutch life and will be very interesting.

Our debating team is getting fine. As yet we do not have a boys' team but the girls' team, Margaret Rouse and Oma Bullard, is progressing rapidly. In a few more days they will be able to contest any team in the county meet. We expect our girls to carry off "the bacon." So everybody be ready to cheer for us when we go to Hermleigh.

NEW PLAYGROUND EQUIPMENT.

The high school the past week decided to erect the horizontal bar for the school children. They had the material from the old playground equipment. Boynton Martin brought some tools to dig the holes through

the rock and they have got the bar almost finished.—Guy Stoker.

As the time draws near for the county meet our girls are working hard to represent Snyder with a champion tennis team. They have been practicing daily. Those entering doubles are: Maxine Whitmore, Olla B. Willsford, Helen Boren, Ruby Sparks, Zephia Webb, Thora Cotton, Katherine Cooper and Ora Lee Christian.—Ora Lee Christian.

Mr. Cary's economics class progressed considerably lately. Last week we organized a bank, "The Student's Saving Bank." A president and board of eight directors were elected. Stock was sold, deposits made and money was loaned. The purpose of this was to give the students a better idea of how banking business was carried on.—Katherine Cooper.

Training has begun for the annual county track meet which is to be held at Hermleigh March 27 and 28. Quite a number are coming out for tennis track and baseball.

Last Saturday the teachers from over the county met at Plainview. Mr. Hensley was there from Austin and he made a talk on co-operation. At this meeting the teachers established a school paper for the county.—Clara Whatley.

The Spanish Club will present another program next Thursday at class time.

Those on the program are: Current Lecture on Mexico.—Howard Alexander.

Spanish Riddles—J. G. Morrow. Lecture on Mexico—T. L. Winston.

Duet, Violin and piano. Spelling Match—The class.—Pauline Jones.

The baseball team is progressing fine under the able coaching of Kid Roberts. We have the strongest infield in this country and the outfield is no slouch, either.

Joyce and Fesmire, our twirlers, can step with the best of them.

If we can kid the coach into matching us a game, we will show you all our groceries if you will come out and watch us.—Henry Cotten.

The declamation contest of Snyder was held at the school auditorium Monday, March 16, at 7:30 p. m. The following places were awarded to the contestants:

Junior Girls—Ruth Yoder, first place; Jimmie Mae Jeffries, second place; Bessie Burke, third place; Adeile Baugh, fourth place.
Junior Boys—Robert Garner.
Senior Girls—Lester Pritchett, 1st

place; Rubie Sparks, 2nd place; Evelyn Simmons, 3rd place; Faye Holcomb, 4th place.
Senior Boys—James Martin, 1st place; Guy Stoker, 2nd place.
—Ora Thompson.

The Snyder basket ball girls defeated Loraine girls in a hard fight on our court Wednesday, March 11. The game was a fight from start to finish, Snyder winning with a score of 18 to 10. Because of an injured knee received during the game one of Loraine's players was compelled to give her place to another player.

Those who played in the game were: Forwards, Ora Lee Christian, Katherine Cooper and Maxine Cooper; centers, Allene Doak, Ione Bridgeman and Clara Whatley; guards, Fay Dell Glen, Raye Morgan and Dorothy Strayhorn.—Raye Morgan.

NEW TEACHERS.

We regret very much the vacancy made in our high school faculty by the resignation of Miss Wilson. However, we are sure we will like our new teacher, Miss Ethel Beamer, who is coming Wednesday from Denison to fill Miss Wilson's place.

DOINGS OF THE BOY SCOUTS.

There were twenty-seven members and eight visitors at the scout meeting. Mr. Ketter, Jennings and E. P. Ketter, Jack Chinn, Bruce Lloyd and Vernon Acutt were absent. There were one hundred and fifty-seven good turns done by the scouts in the last week. Mr. King acted as scoutmaster. We were visited by Mr. O. P. Thrane. The patrols studied tenderfoot and second class tests. Lee Price made a fire by friction.—Hal Yoder.

HOME ECONOMIC GIRLS.

The Home Economic Girls are planning to send five representatives to Austin for clothing contest.

Yes, we are planning to send five girls to Austin in April. In order to do this we must raise about two hundred dollars. April will soon be here and that means we must get busy. The girls have the co-operation of the entire faculty and they are all working. They are going to continue working until the required amount of money is raised.

Think what this trip is going to mean to each individual that goes! Think what it will mean to our school! Think what it will mean to Snyder.

We girls have no fear but what all the town folk are behind our department, and in the next few days we are expecting the hearty co-operation of everyone in everything we try to do.—Omeh Bullard.

PREVENTION OF FIRE IN THE HOME.

Several thousand years ago man and beast feared fire. The first decisive step was made in the development of the human race when this dread was overcome and fire became a useful servant. Even though fire has been made a captive, it remains a crafty slave. When once it breaks its bonds it knows no law or friend,

but proceeds to take an awful toll of life and property until it is again bound or until there is nothing left to consume.

Every year there are losses amounting to millions of dollars in buildings, food and the contents of homes that can never be replaced by money or labor. The fire tax is paid by rich and poor alike. It is something taken from the earnings of every man and nothing given in return. People must learn that when property is burned it is forever gone. Property loss is not the only loss to be considered. Many lives are lost and many more injured.

Any man fears a fire more in his home than one in his business because all he holds most precious is in his home. His responsibility for the safety of his home is undivided. The home is the unit of social life. Its destruction has a more far-reaching influence than a mere loss of furniture.

Most of the fires are due to carelessness. Every care should be taken to prevent a fire because it is easier to prevent one than to extinguish it. A great many fires originate in accumulations of rubbish. Spontaneous combustion originates in accumulation of oily rags, mops, dust clothes and in hay or straw. Care should be exercised in burning rubbish, leaves and dead grass. They should not be lighted on a windy day.

Closets should be kept in order. They should never be entered with a lighted match or candle. Clothes should have all matches removed and should not be hung near a hot chimney.

Many fires are caused by smoking. If possible, it should never be allowed. Never lay down a lighted cigarette, cigar or stub. Only safety matches should be used and all matches should be kept out of reach of children. Burned matches should be placed in metal receptacles and never be thrown on the floor or in the waste basket.

Heating the home may be the cause of many fires. Flues should be examined and cleaned. Throwing kerosene on a fire to hurry it along is dangerous. Papers should never be thrown on an open fire. The coal and kindling should be kept in a brick or stone inclosure and never stored against wooden partitions. Barrels or boxes should not be used for holding ashes; but some metal receptacle.

Extreme care should be exercised in the use of oil stoves. The flame

should be carefully regulated and never be left alone. Always fill the tanks in the daylight and away from any open fire. Gasoline should not be allowed to stand around in the home.

An approved fire extinguisher should be placed in every home and it may be well to see that the garden hose can be attached to the kitchen faucet. By all means the home should be protected.—Ledy Potect.

COTERIE CLUB.

NOTICE OF ELECTION.

STATE OF TEXAS,
County of Scurry.

Whereas, on the 10th day of February, 1925, a petition was presented to the Commissioners Court in regular session, for an election Precinct No. 13 of Scurry County to determine whether a majority of the qualified land holding tax paying voters residing in said precinct desire to prohibit horses, mules, jacks, jennets, cattle, sheep, goats and horses and hogs from running at large in said precinct.

And it appearing that said petition bears the requisite number of signatures of qualified land owning, tax paying voters of said precinct, and is in every respect in conformity to law.

Now, therefore, we, Horace Holley, County Judge; W. V. Jones, Commissioner Precinct No. 1; J. M. Hunnicutt, Commissioner of Precinct No. 2; J. W. Haney, Commissioner Precinct No. 3, and J. R. Coker, Commissioner Precinct No. 4, in our capacity as Commissioners' Court of Scurry County, Texas, do hereby order that an election be held on the 21st day of March, 1925, at Pyron in said Election Precinct No. 13, of Scurry County, Texas, to determine whether a majority of the qualified land-owning, taxpaying voters residing in said precinct desire to prohibit horses, mules, jacks, jennets, cattle, sheep, goats and hogs from running at large in said precinct. M. A. Glass is hereby appointed presiding officer for said election and shall have two judges and two clerks to assist him holding said election and he shall within ten days after said election has been held, make due returns thereof to the County Judge of the county.

All persons who are legally qualified voters of this state and county and who are resident land owners and taxpayers in said precinct shall be entitled to vote at said election and all voters desiring to support the proposition shall have written or printed on their ballots, the words: FOR THE STOCK LAW. And those opposed, shall have written or printed on their ballots the words: AGAINST THE STOCK LAW.

This order shall be due notice of said election and it is directed that said order shall be published in some newspaper in said Scurry County for thirty days before the date of said election and a copy of said order shall be posted in three public places in said precinct for 30 days before date of said election.

Done by order of the Commissioners' Court this 10th day of February, 1925. HORACE HOLLEY, County Judge.

A. & M. ONLY SCHOOL FIRING MACHINE GUN.

COLLEGE STATION, Texas, March 19.—In teaching machine gunnery at Texas A. & M. this year \$11,000 worth of ammunition will be fired by the students. Texas A. & M. is the only school in the United States that is allowed to fire this course by the federal government, which means that this institution is the only place in the United States besides the regular army posts or schools where a man may qualify for the government designation of marksman sharpshooter.

"WEARING DIAMONDS."

One Kansas editor remarked a few weeks ago that "another big wheat crop in Kansas with prices ranging over a dollar will put diamond pants buttons on Kansas farmers." That remark came in February, when wheat topped all records since 1868, and equalled the war prices obtained from 1916 to 1921. Huge fortunes were made by speculators last month, but the average Snyder citizen is wise enough to know that the men who actually grew the wheat didn't profit to any great extent. And on top of that, there are a good many who realize that this price was for last year's wheat—and three-fourths of the farmers in Kansas marketed their grain last November when the price was right around a dollar, instead of \$2, as it was in February. Just how much of the latter profit went to Kansas farmers is unknown, but they probably know, along with farmers of other sections of the country, that when there are any "diamond pants buttons" worn it will be the speculators in the Chicago wheat pit that wear them.

SINE CURA CLUB.

Mrs. Leslie O. Smith entertained the Sine Cura Club and a number of her friends at her home on Tuesday, March 10. Mixed candies were passed during the four games of bridge. The hostess, assisted by Mrs. Chas. L. Harless and Mrs. Dixie Smith, passed a one-course luncheon to the following members: Mesdames Jack Harris, George Harris, Waskom, Gross, Curnute, Towle, Anderson, Johnson; Misses Harris and Smith, guests; Mesdames Lechner, Vinsant, Harless, McMillan, Gertie S. Smith and Mrs. Ella Mae Joyce. The next meeting will be with Mrs. Dixie Smith on March 24, at the husbands' evening.

SINE CURA BRIDGE CLUB.

The Sine Cura Bridge Club met in regular session with Mrs. Jack

Harris at her very attractive home in West Snyder. Places were found at the four tables by lovely imported Parisienne doll tally cards. Spiced pecans were passed during the play. The following two-course luncheon was served: Creamed chicken in pastry cups, cranberry salad, olives and hot rolls, also marshmallow pudding and coffee. The members and guests were as follows: Mesdames Harris, Smith, Johnson, Towle, L. O. Smith, Taylor, Hamlett, Ruth Smith, Johnson, Waskom, Reynolds, Lechner, Wilsford, Harless, Cooper, Fritz R. Smith and Hutchins and Maxwell of Dallas. High score went to Mrs. Dixie Smith and two lovely candle shades were presented to her. The low score prize went to Mrs. Ernest Taylor, a dainty hand-made handkerchief.

Help Put Your Town and Scurry County on the Map in Bigger Letters

The Times-Signal, with the hearty co-operation of a number of "live wires" in different parts of the county, has made a plan that will give Scurry county the publicity that it deserves but which, heretofore, has not received.

The Annual Meeting of the West Texas Chamber of Commerce, the largest commercial organization in the West, will convene at Mineral Wells, May 4, 5 and 6. People seeking locations and places for investments will be coming from all over the United States. All the live cities of West Texas will have representatives there presenting their interests, and Scurry County must be there, and will be there also.

A representative of the Times-Signal who proposes to represent the county, will be there with a 48-page paper, showing the wonderful resources of Scurry County, her great citizenry, her schools, churches and other institutions.

MUST Have Your Co-Operation

In order to put over so great a proposition, we must needs have your hearty support. We, therefore, want data, statistics, articles of your town or community, pictures of your church, home or school building, farm scene—anything that will contribute to the success of the undertaking.

Remember that this is a Scurry County proposition, and that if your town or community is left out, it will be your fault if you failed to co-operate with the Times-Signal in the matter of getting the required data.

Do not put it off. It will require a vast amount of work, and everybody must do his part without delay.

SOLUTION TO LAST WEEK'S PUZZLE.

THE COST OF A HOME.

Quite a few Snyder people have doubtless gone through the winter contemplating plans for buying homes, and weighing the respective advantages of renting and of home-owning. They will be interested in the testimony of a local man after four years of owning his own home. He had been a rent payer most of his life, when circumstances influenced him to buy a home of his own. The house needed a good deal of repairing, which was done, and at the end of four years the man figured all of his expenses, including less of interest on the money invested, taxes, insurance, coal, etc., and the total was just about the same he would have paid in rent for four years.

But he declares that the advantage is in favor of owning your own home, because at the end of four years he has a house that he can sell, whereas he had no title to the property he lived in during the years he rented—the rent money was gone forever. Not only that, but he reaped benefits by living in his own home he could not have had in a rented house; he had the comforting knowledge, too, that no one could walk in at any minute and boost the price of his rent, or refuse, when repairs are badly needed, to make those repairs.

The fact that it may be as cheap

Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night so weaken your entire system that you can no longer fight off disease. So stop a cough the quickest you can. To do this there is nothing better than that old-time tried and proved remedy—Dr. Bell's Pine-Tar Honey. Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honey both gives a pleasant taste and helps soothe irritation. The quick relief to the stubbornest cough often comes almost magically. But be sure you get the genuine Dr. Bell's Pine-Tar Honey, and no substitute. Dr. Bell's is the original pine-tar honey and has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—fine for spasmodic croup. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only 25c at any good druggist.

to rent a house as it to own a home should not discourage the man who is planning to build. For there is more than actual dollars and cents to be considered—there is happiness and contentment. And people are always happier and more contented when they know the house they live in is their house.

WHAT IS A JAR?

We'll venture to say that every housewife around Snyder thinks she knows what a Mason fruit jar is, yet we doubt if there is one who really does. How many know that a Mason jar starts in a quarry in West Virginia as common sand, to which is added soda ash from Ohio, limestone, properly ground, from Michigan; feldspar, from North Carolina; niter, from the mountain deserts of Chile; antimony, from Utah; cobalt,

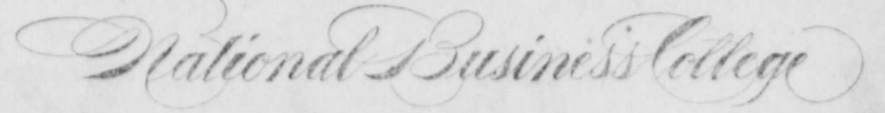

from Canada, and selenium, from Montana. On top is a porcelain liner containing the above, as well as flourspar, from Kentucky, and cryolite, from Greenland. This is sealed with a rubber band, and the rubber is grown in Paraguay. So you see it is pretty safe to believe that very few people really know what goes to make an ordinary fruit jar.

STOP THAT ITCHING

If you suffer from any form of skin diseases such as Itch, Eczema, Tetter or Cracked Hands, Poison Oak, Ring Worm, Old Sores or Sores on Children, We will sell you a Jar of BLUE STAR REMEDY on a guarantee. It will not stain your clothing and has a pleasant odor.

"I have been taking Cardui," says Mrs. Lillie Bolton, of Lake Providence, La. "I got down in bad health and lost in weight until I only weighed 120 pounds. I had bad pains in my sides and back and my legs hurt me until I couldn't walk. I stayed in bed half the time. I tried all kinds of medicine, but it did me no good. Finally I tried

CARDUI

The Woman's Tonic

"It seems like it did me good from the very first. After I had taken half a bottle I noticed an improvement and I continued its use and I got better and better. The pains in my legs and sides disappeared and I began to gain in weight until now I weigh 155 pounds and feel better than I ever did in my life. I am perfectly well and strong. I have given it to my girls, too."

Cardui has relieved many kinds of pains and distressing symptoms caused by female trouble. It should help you, too, in the same way. Why not give it a trial today?

NEWSPAPER ADS ARE USED BY 300 STREET RAILWAYS.

More than 300 electric railway companies in the United States are using advertising of many kinds, says the Texas Public Utility Information Committee.

In addition to extensive newspaper advertising, those companies are using posters, booklets, motion pictures and bulletins distributed to riders and employes to tell the story of the electric railway to the American public.

Results pay a high tribute to the power of advertising, says the committee. When the electric railway industry began telling its story to the public, one-sixth of its total mileage was in bankruptcy. Today practically every large property has emerged from receivership.

Immediately after the World War fewer than a dozen electric railway companies in this country were advertising consistently.

THE REAL "HICK TOWN."

Just a few days ago, according to a dispatch to daily papers from New York, a white cat leaped on the front end of a street car, perched itself

on the motor box, and tied up traffic on Broadway for ten minutes. The good-natured motorman let it stay, and refused to shove the cat aside and move his car. So hundreds of autos jammed in confusion, and within a period of ten minutes more than a thousand people were pushing and shoving and tearing their way towards the car. They were not disappointed, either, when they saw that it was only a cat blocking traffic, for such a thing was a novelty. New Yorkers delight in calling residents of smaller cities, and especially those from town the size of Snyder by the familiar name of "hicks." But there is only one town on earth where a cat could tie up traffic, and that town, after all is said and done, leads the world in "hick" population. The town we refer to is New York.

FOR TEN YEARS—DEPENDABLE

Exceptional dependability has been a characteristic of Dodge Brothers Motor Car since the day the first of these sturdy cars was marketed.

Not once in a decade has it failed to uphold and enhance its reputation for faithful performance.

The reason for its consistent goodness and continued betterment points directly back to the ideals of the founders.

Instead of fluctuating between an endless series of annual models, they determined to concentrate on the perfection of a single chassis.

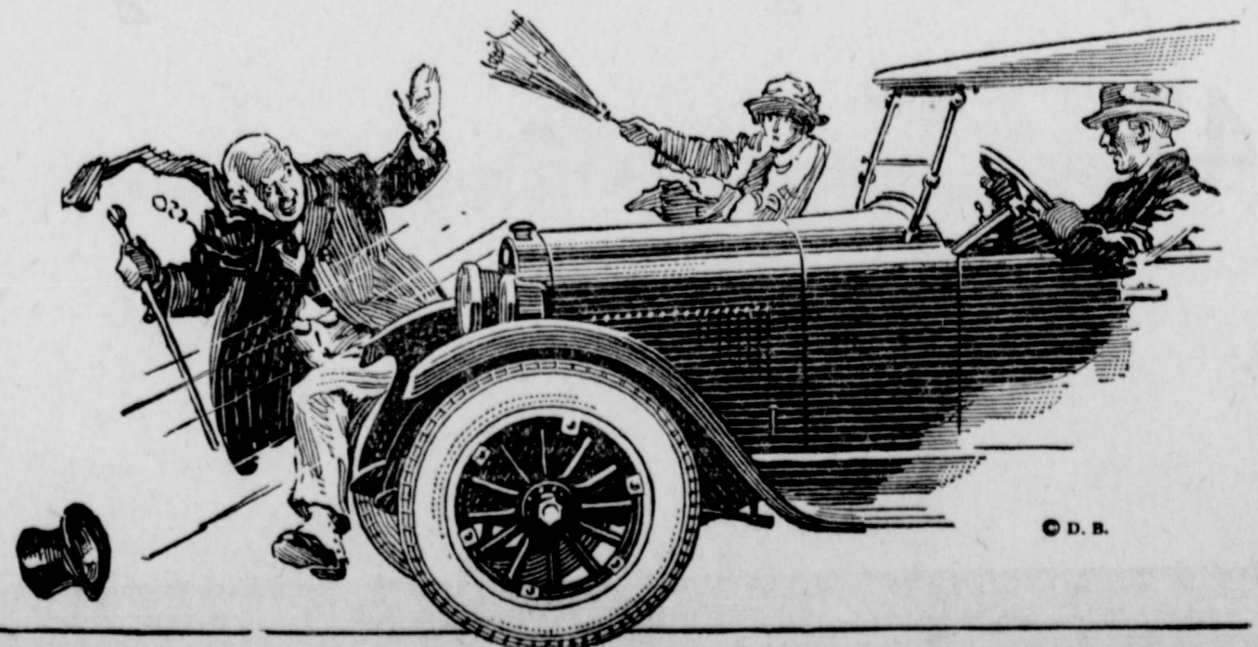

Dodge Brothers Motor Car today is the embodiment of that ideal—an ideal that will endure as long as the institution itself.

"If you belch up, it's a sign you have heart-burn," declares a patent medicine ad. Yes, and it almost breaks the hearts of some persons we know to have to "cough up" even a small amount of coin.

Snyder has a most excellent young band, and one that ought to be encouraged by every person in Snyder. There is no doubt but that it will compete for the price at the West Texas Chamber of Commerce meeting at Mineral Wells in early May. Some of the members of the band are working boys and will need the assistance in the matter of entering the contest. Therefore, get in behind them and see to it that the Snyder band is there. Snyder ought to send a delegation of 250 to this meeting, and the Times-Signal believes that fully that number will go.

Just keep on boosting for Snyder and Scurry county. There are many good things in store for us, but the Times-Signal is not authorized to give it publicity at this time. But take the editor's word for it, if you will, we will have some mighty good news for you in a week or two. Just keep on holding on.

PAVING HAS BEGUN.

By the time this issue of the Times-Signal shall have reached its readers, the work of paving will be under way. The first work will be building the walks and gutters. Then the gravel will be removed and paving will soon commence in earnest. Let everybody lay down his hammer. It is no time to knock, Snyder is going to make a city, so you fellows had just as well get into the progressive band wagon or else get run over by it.

Song and Bible study at 10 a. m.

Preaching at 11 a. m. and 7:30 p. m. by Bro. Showalter. Bro. Showalter always brings cheer and encouragement. Let us have a full house Sunday. Bro. Wallace gave us a treat of good things the 8th inst. We appreciate Bro. Wallace.

A number of the East Side enjoyed some fine lessons from Bro. Hanks while in a meeting at Ira last week. We were pleased to have Bro. Cooper with us last Sunday night. Those who are missing the Wednesday night services are cheating themselves. Come and see.—Reporter.

CHURCH OF CHRIST.

Bro. Christian preached two discourses in Fluvanna last Lord's day and both services were well attended, large crowds both times. I had

the pleasure of being present on both occasions and after hearing two good sermons by Bro. Christian had the pleasure of speaking to the good people of Fluvanna in the afternoon. Miss Lena McQuire and Miss Louise Carlton also spent Sunday with mother and friends of Fluvanna. The congregation at Fluvanna is strong in the faith and are appreciated by all who know them.

Owing to the fact that Bro. Christian went to Abilene Sunday night I had the pleasure of speaking to the loyal band at Snyder at that time. Bro. Christian will preach Sunday

and Sunday night at Snyder. Come and hear him, it will do you good. Bro. Bankhead preached to the Snyder congregation at the noon hour last Lord's day and had a good hearing with everybody well pleased and expressing their appreciation for the good sermon preached by him. Come visit with us.

NOTICE OF REVIVAL MEETING

The Fluvanna Baptist Church has set the first of August for a revival meeting to continue for two weeks.

Dr. J. C. Burkett, pastor of South Side Baptist Church of Abilene, has been secured to do the peraching.

A happy agreement has been reached whereby the other pastors of the town with their members are to enter into hearty co-operation in this evangelistic movement. All who are interested in the salvation of the lost are urged to help in this good work. We are urging other communities throughout this entire section to make their arrangements to attend these meetings. Pray with us for a sweeping revival.

PATENTS GRANTED TO TEXANS.

Compiled by Munn & Co., Patent Attorneys.

Of 806 patents issued in the last week, Texas inventors obtained 15. Do you know any of these inventors?

John B. Mazoch of Weimar. Adjustable stand. This is an adjustable stand for typewriters, adding machines, invalid tables, etc. It is a simple and inexpensive stand structure which may be easily assembled and may be quickly adjusted with ease to any desired height.

James C. Garner of Houston. Cotton separator and renovator. This is for treating cotton and preparing it for the market, particularly cotton of a low grade. The object is to do this in such way that the cleaned and separated fibres will constitute a mass or grade which is high in cleanliness, color and luster.

John W. Hull of San Antonio. Building block. This relates to building blocks and has special reference to blocks of the type disclosed in Letters Patent No. 1,398,695, granted to Mr. Hull November 29, 1921. The object is to construct the block so that the end members will not be apt to be broken during transportation or handling of the block.

Edmund A. Schwarting and August R. Schrade, of Waco. Loose-leaf binder. This relates to loose-leaf binders and has for its object the provision of a novel binder for holding ledger or other sheets in book formation to facilitate handling and filing.

William P. Morphew of Roxton. Cotton seed distributor. This relates to improvements in cotton seed distributors which are more particularly adapted to be used upon cotton seed planters and has for its principal object to provide a simple and efficient means whereby the cotton seeds will be distributed at predetermined intervals.

Therel L. Reynolds of Fort Sam

Houston, Texas. Steel Cutter. This is a device for cutting steel and the like. The object is to provide a manually operated device for shearing off pieces of steel by a pair of cutting members which are provided with curved cutting edges.

Samuel A. Comer of Dallas. Railway crossing gate. This invention provides gates arranged in pair straddling the track and operated by the train to slide parallel to the track and close the crossing. It also provides a slidable carriage on which gates are mounted.

William O. Kelley and Gardille T. Simon of Beaumont. Fire apparatus. This provides an apparatus in which suitable chemicals or fluids may be mixed so as to provide a proper extinguishing agent. The object is to provide a light, durable and convenient apparatus which may be readily transported and easily operated.

Frank E. Patterson of Lamesa. Cultivator. This is a novel and improved device which is in the nature of an attachment for use in connection with a cultivator of a conventional type. When the attachment is applied it serves as a brace for the beams of the ordinary cultivator to render the same more rigid and firm.

Peter Olson of Breckenridge. Tire chain fastener. This relates to improvements in securing means for anti-skid chains for automobiles. The object is to provide a detachable fastener for positively connecting the two ends of the chain irrespective of the direction of the strain.

Alfred Kinzbach of Sour Lake. Exhaust line for engines. This relates to exhaust lines or conduits for engines, such as internal combustion engines, and has particular reference to the provisions of an expansion joint in exhaust pipes or other conduits which are required to withstand high temperatures.

Eugene C. McMillan of Dallas. Piston ring. This is designed to prevent leakage of compression and the by-passing of oil in the explosion chamber of a motor, at the same time materially reducing the friction of the rings upon the cylinder wall. Mr. McMillan assigns one-third of his patent to Lloyd B. Smith of Dallas.

Edward F. Gray of Big Spring. Dirigible headlight. This provides an operating means which is de-

signed to be clamped or secured upon the steering post so that when the steering wheel is turned the headlights will be correspondingly turned.

Edmond L. Ramsey of Gordon. Retraining device. This device can be readily attached to the nose of an animal and will not interfere with the animal feeding or drinking. It is simple in construction, reliable and efficient in practical use.

Jeddy D. Nixon and Walter L. Church of Houston. Packer and setting tool. This is a setting tool by means of which the amount of ex-

pansion of the packer can be readily ascertained by the workmen at the ground surface.

J. L. Martin, owner and editor of the Snyder Times-Signal, is spending the week-end in Abilene visiting his son, J. L. Jr., who is a student in Simmons College. Too Late for Last Week

MITCHELL COUNTY WILL SEND 2 BANDS TO MEET.

Mitchell county will maintain the distinction of having an important part in annual convention of the West Texas Chamber of Commerce, when the seventh annual meet of the large regional organization is convened at Mineral Wells May 4th for a session of three days. At least, this will be the case if plans now being formulated at Colorado, Loraine and other points in the county are carried out.

M. S. Goldman, director of the Colorado Booster Band, has announced intention of taking this band to the convention. At a recent meeting of the band membership it was agreed to attend the Mineral Wells convention and enter the band contest, Goldman stated. It is further reported that the Loraine Chamber of Commerce, fast becoming one of the most active in this section of the State, will send a representative delegation, accompanied by its band, to the convention. A chamber of commerce was organized at Westbrook last week and officials of this organization announce they will have representation at the convention.—Colorado Record.

BROOK-COX.

Announcement has just been made of the marriage of Mr. John Brook of Salt Lake City, Utah, and Miss Gladys Cox of this city, which took place at Cameron, Texas, Thursday, January 12. Mrs. Brook is the daughter of Mrs. G. W. Cox. Mrs. Brook has a host of friends in this city that wish her much happiness.

EL FELIZ CLUB.

The El Feliz Club met with Mrs. Gertie Smith Friday, March 6.

Only 14 members and substitutes answered to roll call.

After the business session an hour was spent in playing the usual game of "42."

Mrs. Smith, assisted by Mrs. W. B. Stanfield, served a two-course luncheon, consisting of a jell salad ribbon sandwich, olives, coffee and banana pudding with whipped cream, garnished with half pecans.

Mrs. Harless and Mrs. Stanfield were guests of the afternoon.

Next regular meeting to be with Mrs. Dixie Smith.—Reporter, Protem.

Mrs. Effie Hunter of New Madrid, Missouri, is visiting the editor and family, Mrs. Hunter being the editor's niece.

Mr. Ben Tisdale, commissioner of Dawson county, was here the past week and made a brief visit with his old friend, Mr. W. H. Crowder.

CHRISTIAN ENDEAVOR ENTERTAINMENT.

Mr. and Mrs. Cody very pleasantly entertained the Christian Endeavor with a "42" party Tuesday evening at their home in West Snyder. After enjoying several interesting games of "42" the hostess served delicious pineapple and raisin pie with ice cream.

Those present were: Mr. and Mrs. Cody, Miss Inez Baze, Miss Lois Johnston, Ruby Sparks, Mary Frances Hamlett, Earl Sparks, Helen Boren, Herman Trigg, Hugh Boren, Jr., Maurine Martin, Boynton Martin and Herman Doak.

DANIEL PARKER LANE.

Dec. 19, 1840—March 3, 1925.

Bro. Lane was born at Frankfort, Ky.; was in the University of Frankfort at the beginning of the Civil War; he espoused the cause of the South, and volunteered, and joined the Confederacy. Served four years, and was in all the principal engagements in Tennessee, Georgia and Mississippi.

At the close of the war he moved to Texas, settled in Bell county where he farmed for several years, after which he went to work at the carpenter's trade, and helped to build the first house erected in Temple, Texas.

He made the acquaintance of Miss Helen Smith, and they were married in Bell county in 1880; remained in Bell county until 1885, when they moved to Parker county, Texas, and engaged in the grocery business. He sold out his business in 1903 and moved to Scurry county, Texas, where he resided until his death, March 3, 1925.

Bro. Lane had been a member of the Christian church for 38 years, and was devoted to his church, and to Christ, and a devout, devoted and consecrated Christian, always found in his place on the Lord's day.

He was a man of simple habits but was fixed in his opinions, of deep convictions, and was always found on the moral side of all questions.

Believed in the purity of womanhood, the protection the brotherhood of man and the Fatherhood of God.

Three children were born to Bro. and Sister Lane—one boy and two girls. The boy died when 14 years of age. The daughters, Mrs. A. Johnston and Mrs. Hugh Boren, and Mrs. Helen Lane, wife, survive him.

Let us enlarge and emulate his goodness and cover up all his faults and foibles with the mantle of charity.

Now, to those who are left behind, we can only drop a tear of sympathy and speak a word of consolation, that we truly believe that he could ex-

claim with Paul: "I have fought a good fight, I have kept the faith, I have finished my course and henceforth there is laid up for me a crown of righteousness."

Blessed are they who die in the Lord. A. FRIEND.

J. W. Huddleston, postmaster at Knapp, was here Saturday on business. Mr. Huddleston gave the Times-Signal man a special invitation to attend the big rabbit drive Thursday, but Thursday being the editor's busiest day, it was impossible for him to get away.

Misses Cecile and Dorothy Strayhorn, Miss Cowan and Miss Leona Strayhorn of Post were in Lubbock. They heard Efreim Zimbalist, internationally known violinist, who is the feature performer of the Second Annual South Plains Music Festival.

Mr. and Mrs. J. W. Taylor of Ira visited their daughter, Mrs. Morse Bantau, Wednesday.

Morse Bantau and Woodson Stimson attended the Fat Stock Show at Fort Worth.

J. M. Jones and family, formerly of Snyder, have removed here from San Angelo. Mr. Jones will be with Bob Terry in the oil business.

Mrs. A. L. Jones, who is visiting in California, will spend this week with her sister in San Francisco. Mrs. Jones will be back home sometime in April.

A daughter of Mr. and Mrs. T. F. Weir was operated on at Lubbock this week for appendicitis.

The Times-Signal is sorry to announce that Mr. R. W. Simpson proprietor of the Manhattan Hotel, is dangerous ill with erysipelas and bloodpoisoning. Late reports stated that he seemed to be slightly improved.

H. P. Wellborn visited his father at Abilene this week. Mr. Wellborn's father, although 89 years old, is in good health.

Mr. and Mrs. Clyde Shull arrived home last Thursday from their bridal trip, and are now happily domiciled in their new home on North Clairemont Street.

Mr. and Mrs. W. W. Eiland of Stanton visited relatives here Saturday and Sunday.

Dr. Leslie was at Lubbock this week on professional business.

C. H. Stahl, one of Hermleigh's progressive farmers, was in the city Tuesday.

Mr. Wicker and family have removed here from Durham, having purchased the Bargman place in West Snyder.

A small daughter of Mrs. J. T. Ramsey was taken to Lubbock this week for treatment.

SANTA FE CHANGES TRAIN SCHEDULES.

J. W. McCoach, local agent of the Santa Fe railway, has given us a new schedule of trains through Snyder which will be effective March 15. This change is made in order to make better connections with trains for Chicago, Kansas City, Los Angeles and other distant points. Below you will find a table showing the arrival and departure of Santa Fe trains at Snyder together with the most important cities served by the Santa Fe:

MERRITT DENIES CHARGES.

Editor of Scurry County Times.

Dear Sir.—Will you do me the favor to give this little squib space, as the Dallas News on March 13th, gave the final vote on the famous Amnesty bill, having me listed as voting for the bill, which was an error as I at all times voted against the bill, as I did not feel that I was indebted to anyone neither do I feel now that anyone is indebted to me, for my conscience led me in the matter and I only want the folks at home to know that I still have the moral courage to stand for what I think that sacred document we call the constitution stands for, and I would not under any circumstances switch, unless I was convinced I was wrong. Respectfully yours, J. A. MERRITT.

Have You Appendicitis And Don't Know It?

Much so-called stomach trouble is really chronic appendicitis. This can often be relieved by simple glycerine, buckthorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons. Brings out matter you never thought was in your system. Excellent for obstinate constipation. Sold By Grayum Drug Co. (F-2)

TAKE NOTICE.

The great monster calomel is headed off at last. I have invented a remedy that kills catarrh germs and destroys the waste they hatch in. It relieves deafness, saves the eyes, the stomach, cures appendicitis, piles, female troubles, pelegra, dropsy, rheumatism, leakage of the heart. It cures all diseases on the mucus membranes and goes into the sirrus membranes and heals them. You take it and rub it in.

You cure yourself for a trifle. I will be here until first of June. This will not appear any more.
