AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, JULY 2, 1925

Number 4

THE TIMES-SIGNAL SIGNALS

How many of you around Snyder can remember when it was possible for a fellow to do something that wasn't against the law?

To loosen a fruit jar, soap it. And to make a husband loosen up, soak him.

The season of year is here when college graduates worry over the wages paid to bricklayers.

Science can explain a lot of things but it can't explain why some Snyder men always see all of faults of the other fellow and none of their own.

They say radio has added many words to the English language. Yes, and most of them are not fit to print.

There are approximately two million laws of all kinds in force in the U. S. Inforce, not enforced.

Any honest Snyder citizen will tell you that the difference between a motorist and a gossip is that a motorist never runs down another person intentionally.

Nothing will surprise the June bridegrooms more than the speed a bride can show in learning to say

mine instead of ours.

Peaches travel all the way across the U. S. from California in tin cans and since Henry Ford got busy human beings are doing the same thing.

Some Snyder people think that the only thing as bad as too many relatives visiting them is not to have any relatives to visit.

You never hear the wife of a poor man doing any bragging about the blessings of poverty.

What a fine community this would be if everybody spent as much time practicing religion as they spend in arguing about it.

There are a good many useless things you can give a bride, but none so useless nowadays as a cook book. If printing crime news makes criminals then why doesn't the printing of recipes make good cooks.

You can't always tell. More than one Snyder man has the reputation of being "conservative" when the fact is he is merely a slow-thinker.

Mosquitoes are a good deal like children. When they stop making a noise you know they're getting into something.

SNYDER BUSINESSES WILL BE CLOSED JULY FOURTH.

Practically every merchant in Snyder has signed an agreement to close their places of business all day Saturday, July 4. Following is a list of the signers:

E. L. Darby.

Olle Stinson has been confined to his bed for the past week with an attack of appendicitis. At this writing he is showing rapid improvement.

THE WEATHER.

Rain came just as the Times-Signal's weather-cock predicted it would. Rain from good cotton showers to regular down-pours are reported from various parts of the county. At the time of going to press, Thursday at 3:00 o'clock, p. m. Snyder had received only a light shower.

RAILROAD COMMISSIONER HERE.

C. V. Terrell, railroad commissioner, was here for a short time Saturday afternoon. He was in company with John R. Williams of Gail. Mr. Terrell was returning from the big meeting at Seminole where bankers, railroad men and men of nearly every class had met to discuss the matter of building railroads and the development of West Texas.

Mr. Terrell told a Times-Signal representative that he was greatly impressed with West Texas and the favorable prospects for big crops of all kinds. He stated that all that West Texas now needed was more railroads, and that it was but a matter of only a short time before a road would be built through Snyder and on west through that great expanse of country waiting for some outlet to market.

Mr. Terrell was also highly complimentary of Snyder, noting its growth since he was here only a few years ago, and stated that with a paved square and several blocks of paving, along with our inexhaustible water supply, good schools and churches we were now stepping out of the country town class into a real little city.

CITY DADS INSTALL TRASH CANS.

The city dads have placed twenty-five cans at various places about the public square and on the paved streets as receptacles for catching trash waste papers and all other rubbish. This is another good move on the part of our city council, and everybody ought to be glad to cooperate with them in their effort to keep Snyder clean. Nothing mars the appearance of a paved street any worse than waste paper and other rubbish scattered about over it; besides, it is unsanitary and dangerous in the matter of starting fires. Let's all try to be thoughtful enough to throw our waste paper in those cans, and thereby do our part toward making Snyder a cleaner and prettier city.

HERMLEIGH HAD BIG PICNIC.

The two-days' picnic held at Hermleigh last Thursday and Friday was a decided success. Hermleigh always gets what it goes after, because her live, progressive business men do not spare anything when they attempt to put a thing over. The picnic had a number of attractions, among which was a fine play by home talent, rides in an airplane, rodeo, ball games, etc.

Hermleigh is a live little city and is located in one of the best agricultural communities in the county. Its farmers are for the greater part Germans or of German descent, and are honest, frugal and prosperous. Just such a class of farmers never fail to make a good live town of the place where they do their trading.

Woodson Simson made a business trip to Sweetwater last Monday afternoon. He went down and made an attempt to secure one of the new Chrysler Fours which have just been added to the Chrysler line.

Mrs. Mary S. Brown left Wednesday afternoon for Southland where she goes to organize and institute a Chapter of the Order of the Eastern Star. They have 25 there who will be charter members.

NATIONAL GUARD TROOP OFF FOR ENCAMPMENT AT AUSTIN

Members of the Snyder unit of the National Guard left Thursday for Camp Mabry, Austin, for an encampment of fifteen days. This will mean two weeks of military training, and at the same time it will afford our soldier boys a great time and a much needed vacation.

Snyder folk should bear in mind the fact that the Snyder Home Guard is one of the units on Uncle Sam's standing army. This plan of maintaining a standing army is now maintained through the numerous units throughout the several states. This system naturally commands a better class of men than could possibly have been secured under the old system, which for the greater part was made up of volunteers who joined out of a spirit of adventure or because they cared only just to get by. The soldiery composing the many units of the National Guard are the "home boys" in each town where there is a unit. These boys are working boys and pay their own way and represent the best families of the town and county. Following is a list of those at the encampment:

Camp Roster.

Captain, John Sentell; First Lieutenant, Clinton Ware; Second Lieutenant, Jewel Canterrell; First Sergt., Charles E. Dever; Sergeants—Tim O. Cook, Oliver W. Dever; Walter C. Dever, Mess Sergeant Duff, Beecher S. Bennett, Wren O. Moore, Edwin C. Lane, Supply Sergeant; Corporals—Derril L. Hosea, Jesse V. Jones, Claude E. Ingram, Allen J. Johnston, Hubert E. Williams, Howell N. Harpole; Privates, first-class—Glenn N. Andrews, Vernon E. Carnes, Delmer E. Holdren, Lewis D. Holdren, Truman A. Lightfoot, Cecil C. Rhodes, William H. Roberts, Herbert W. Sligh, Mac W. Knox, Howard G. Alexander; Privates—Herbert W. Adams, John A. Cook, Leslie T. Davis, Clifton E. Davis, Banker H. Dane, Lawrence H. Dever, Charles G. Eley, James H. Griffin, Clifton G. Haynes, Earl C. Houston, Mac W. Knox, Raymond D. Lloyd, Orbie L. McMullen, Rowan O. McClinton, Merritt, Clyde B. Neel, Arthur W. Turner, Noel L. Banks, Howard C. Ware, Allen A. Watts, Jesse L. Whiet, Emmett L. Whitaker, Oscar A. Wilson, Fletcher L. Willis, Grady Harris.

FISHING "BUM."

W. M. Morrow sends the following brief telegram from San Antonio to George Northcutt: "Fishing bum."

The thing that the Times-Signal wonders at is why go so far to find "bum" fishing, when one can find all the fishing of that kind anybody would want right here in Deep Creek. Mr. Northcutt on receiving the telegram, looked at it for a moment, then said: "He just doesn't know how to fish!"

Newt Morton and family of Maryneal visited A. C. and Charlie Morton northeast of Snyder Saturday and Sunday. Mr. Morton says that his part of the country has had plenty moisture for growing crops, and that everything is looking mighty good.

Mrs. R. L. Adams and little son of Lufkin, Texas, who have been visiting Mrs. C. E. Ferguson for the past month, left Friday for Houston. There Mrs. Adams will meet her husband and they will go to Galveston before returning home.

Mr. and Mrs. C. E. Towery from Coalgate, Oklahoma, spent the night with Mr. and Mrs. J. G. Davis Saturday night.

Albert G. Smith received an honorable discharge from the U. S. Navy and returned to Snyder last Thursday.

Mr. and Mrs. J. P. Meador of Big Spring have been in Snyder visiting Mr. and Mrs. D. W. Meador and Mr. and Mrs. J. G. Davis.

Mrs. J. W. Warren and Mrs. J. W. McCoach motored to Post Wednesday to visit relatives and friends. They report that they encountered mud the other side of Justiceburg and they had a good rain from there to Dermott. This side of Dermott they had only a light shower.

Mayor Fritz R. Smith left the first of the week for Austin and other places in Central Texas. The mayor told a Times-Signal reporter that he intended to fight it out with the "Finny Tribe" in Central Texas before returning to Scurry county.

Mr. and Mrs. Edgar A. Davis from Wichita Falls, are visiting Mr. Tom Davis, his father, and his uncle, J. G. Davis and family.

NEW ROAD TO NEW MEXICO NOW UNDER CONSIDERATION

SEMINOLE, Texas.—C. V. Terrell, Railroad Commissioner of Texas, and ex-Governor J. F. Hinkle of New Mexico, met here a few days ago with delegations of citizens from Rotan, Snyder, Gail, Lamesa, Lovington, and Roswell. Both the commissioner and ex-Governor were outspoken in regard to the needs of better transportation facilities to take care of the tonnage in their section and aid in the development of the country.

Commissioner Terrell promised the citizens that the Texas Railroad Commission would aid them in every possible manner in securing railroad facilities through this section. He decided the policy of the financial interests in not building and operating more railroads through the rich agricultural sections of West Texas.

Ex-Governor Hinkle of New Mexico said that citizens of his state felt the needs of extension of West

AMHERST MAN BADLY HURT

C. C. Howard, aged 59, a farmer of Amherst, Texas, was perhaps fatally injured in an automobile accident on the highway about 1:30, p. m., Thursday. H. S. McNullen, son-in-law of Mr. Howard, and who is a car inspector for the F. & P. of Fort Worth, was driving the car. A Packard, when it left the road and turned over. Mr. Howard was in the seat with Mr. McNullen who was caught under the car, sustaining a bad cut on his right arm. Mrs. McNullen was in the back seat. She was seriously, though not dangerously injured. Mr. Howard was thrown clear of the car, but it is supposed that he struck on his head.

Mr. Howard and Mrs. McNullen were brought to Snyder for treatment. At the time of going to press Mr. Howard was still alive but in a very critical condition.

The Times-Signal is glad to know that the son of J. A. Clark, who was bitten last week by a rattlesnake, is improving rapidly.

Wright Davis of Dallas, Texas, has returned home from a week's visit with J. G. Davis, his cousin.

Mr. and Mrs. Smith left the last of the week for Slaton to make their future home. Miss Ina Davis returned home last week from a visit in Sweetwater with relatives.

TRADE-AT-HOME CAMPAIGN.

The Times-Signal will start a "Trade-at-home" campaign about July 16th. This will give every business man an opportunity to line up with the Times-Signal in putting the plan over.

The time to begin to prepare for the fall trade is during the dull summer months, just as the farmer sows in the spring in order to be able to reap in the fall. Let's get busy now.

SNYDER TO PLAY POST 3 GAMES

Snyder will play the base ball team of Post three games here on the local diamond Friday, Saturday and Sunday. These promise to be good ones as both teams are strong.

BOYS AND GIRLS OF SCURRY COUNTY WILL GO TO A. and M.

FREE CHEVROLET DRAWING BROUGHT LARGE CROWD.

As advertised, last Saturday afternoon at 4 p. m., the drawing took place on the courthouse lawn. Baugh & Webb had advertised for some time that they would give away four prizes. At four o'clock Sheriff J. H. Byrd blindfolded a small boy and the numbers were drawn from a tub in which all numbers had been placed. W. T. Moore, farmer, of the Hermleigh territory, was the lucky person for the Chevrolet touring car; W. W. Lechner, we presume was in need of a new suit as he was the one who held the lucky number winning the \$45.00 suit of clothes; Edgar Day was next, drawing the \$15.00 Stetson hat, and L. E. Russell, for many years a resident of Scurry county, won the \$13.50 pair of J. & K. ladies' shoes. In conversation with R. W. Webb, of the firm, we were informed that sales on the day of the drawing was one of the largest in the history of their existence. He attributed much of this to the large circulation of the Times-Signal which covers, not only Scurry county, but a large portion of the adjoining counties. Dick says he can put over most anything successfully by using plenty of newspaper advertising, as that is the one way of getting in touch with all the people, for they sure do read the county paper.

NEW CLUB ORGANIZED IN SNYDER.

A number of ladies met this week and organized a club, which is to be a working club, also to enjoy the social features. The name that has been selected is "Blue Bonnet." The following officers were elected: President, Mrs. R. E. Gray; first vice-president, Mrs. J. C. Wilksford; second vice-president, Mrs. J. S. Bradberry; secretary, Mrs. A. P. Morris; treasurer, Mrs. A. E. Duff.

MELON FEED AND THEATRE PARTY.

One of the most successful outings of the year is reported by the D. B. Club. The party assembled at the Snyder Garage and went out of town several miles to one of the prettiest picnic spots in the county, where melon was served to both the guests. Then after an hilarious ride the party was concluded by refreshments served at Landrum & Boren soda fountain where the entire party lined up at the rail. Those present were A. R. Norred and F. A. Cary.

SNYDER HAS STEADY GROWTH.

Snyder is enjoying a steady growth with its population constantly increasing. New homes are being built in practically every part of the city with some substantial improvements being done in the business district. With good crops this year Snyder will have a population of fully 5,000. With a population of 5,000 we are assured of a federal building and free city delivery. Let's all pull for the 5,000.

DR. R. D. ENGLISH MAKES BIG DEAL.

Dr. R. D. English returned the first of the week from New Mexico where he completed a deal with R. W. Cleavenger. Dr. English traded land situated in Crosby, Lubbock and Dickens counties for land in the Pecos Valley near Roswell, New Mexico. The consideration involved in this deal was \$50,000. This last deal gives the doctor a large acreage of irrigated lands in New Mexico.

Mr. and Mrs. H. P. Wellborn and Mrs. Lillian Woodard of Oregon returned Monday from Glen Rose where they had been on an outing. They were accompanied home by Mrs. A. L. Sloan of Clyde, who will spend a few days visiting Mr. and Mrs. Wellborn. Mrs. Sloan is one among the very first women that came to Scurry county.

J. K. Mitchell and son, Jas. K. Mitchell, were her from Gail Saturday. Mr. Mitchell said that his part of the county had a heavy rain the past week. Jas. K., who was bitten by a rattler two weeks ago, has about recovered from the injury.

Porter King orders the Times-Signal sent to his brother, I. King at San Angelo. All right, Porter, here she goes, and here's hoping that it may be a welcome weekly visitor in another new home in San Angelo.

County Agent Jno. F. Carmichael and Miss Roten, county demonstrator, are heading a movement in the matter of training members of their respective clubs throughout the county and in raising funds necessary to defraying the expenses of their club members at the short course which will be held at College Station beginning the latter part of July.

The country folk are almost unanimously in favor of the movement and nearly all of the leading business and professional men as well as the good women of Snyder are going to cooperate with Mr. Carmichael, Miss Roten and the farmers of the county in putting over what will no doubt prove to be one of the best opportunities ever afforded the boys and girls of Scurry county to take a course in one of the best agricultural colleges in the United States.

The plan suggested by Mr. Carmichael and Miss Roten, and the plan adopted at a meeting held in Snyder Tuesday evening is to put on a big all-day country-wide program in Snyder, Thursday, July 16.

The first thing on the program will be a big chicken dinner furnished by the good women of the entire county. The big feast will be served in the city tabernacle and for which the small sum of fifty cents will be charged for each meal served.

Every cent of the money taken in from the sale of meals will be used in defraying the expenses of the members of the boys' and girls' club at the regular annual short course in the agricultural college at College Station the latter part of July.

Everything else will be absolutely free. There will be plenty of free ice water, free ball game at the park, free picture show—everything free except the dinner.

Churches, clubs and leading business men and the women of Snyder are all going to co-operate with our country friends in the matter of helping their boys and girls to get this training and experience. The trip and the association alone will be a great inspiration to every boy and girl that goes, saying nothing about the great benefits that they will derive from the course under the best teachers in the entire Southwest.

Following the day program will be a big celebration in the evening on account of the completion of the big paving contract, which was no doubt one of the best forward steps ever taken by the people of Snyder. The Snyder Municipal Band will give a big free concert on the courthouse lawn, besides there will be other attractions and amusements for everybody.

There will also be speaking during the afternoon and evening programs by men of state and national reputation. In fact, it ought to be made the biggest day in the history of Snyder and Scurry county, and will be if everybody who is interested in the welfare of our young people, Snyder and Scurry county will only do his or her part in this most worthy undertaking.

LIONS HELD IMPORTANT MEETING.

The local Lions Club held a very important meeting at their regular weekly luncheon Tuesday at the noon hour. In the absence of President Harris, who is Somewhere-In-Southwest Texas trying to lure the "Finny Tribe" away from their haunts to bite an artificial fly, O. P. Thrane presided. Highly compatible to the occasion, as he always is, he stated that County Agent Jno. F. Carmichael was present and wanted to speak a few words. Mr. Carmichael replied that he preferred to have Mr. Thrane do the explaining, whereupon Mr. Thrane stated that Mr. Carmichael and County Demonstrator Miss Roten were planning to have the members of their boys' clubs and girls' club attend the shorter courses to be given at College Station the latter part of July. The club voted unanimously to sponsor the movement and the matter was discussed at length, the results of which are published in another column in this issue.

W. M. Morrow and family and W. W. Gross and family left Monday for a trip to the coast. George Northcutt and family and H. G. Towle and family will leave Saturday and will join Mr. Morrow and Mr. Gross at Corpus Christi about Monday of Tuesday. They will be gone about two weeks.

L. T. Condra returned home this week from a few days' rest at Mineral Wells.

T. J. Thompson says the weeds in his garden are growing so fast you can hear the leaves click as they unfold.

Scientists say an oyster can lay 60,000,000 eggs in a season. Why not cut this out and paste it in your henhouse so your hens can see it?

"It has been my observation," says "Billie" Lee, "that the man who never takes a long shot never shoots very far."

Anything Uncle Sam has that he doesn't want he can always sell it to Uncle Henry Ford.

A. J. Towle says nothing makes a woman madder than for her husband to snore like a house on fire while she is laying awake hoping he'll do a little talking in his sleep.

After he has been married a year a man worries more about his wife going to the millinery than he does about her going home to mother.

"About the only thing most families think they can't afford," says Henry Harless, "is something that they wouldn't give a darn to have."

"Judging from the way some fellows act," observes W. R. Taylor, "they descended from monkeys, and it wasn't such a powerful drop, either."

Most of us can remember when everything was regulated by the price of wheat instead of the price of Fords.

CARD OF THANKS.

I wish to take this opportunity of expressing my appreciation for the many kind words and helps extended me at the death of my daughter. You will always be remembered by me and may you always have the blessings of our Lord.

MRS. NOAH JONES.

Rev. R. A. Stewart is in Amarillo this week attending the Epworth League conferences as one of the teachers in the league school of instruction. He will return in time to hold conference for the week-end at the Methodist churches at Sylvester and McCaulley. —Sweetwater Reporter.

County visited Mrs. Lincecum's parents, Mr. and Mrs. Sam Johnson, and his grandparents, Mr and Mrs. G. A. Gleen, the past week.

MOTHERS' CLUB AT UNION.

The meeting of the Mothers' and Girl's Club at Union Friday, June 19, was particularly interesting because of two demonstrations given by Miss Rotan. One, the making of a dress form, proved very helpful and the color scheme demonstration, special by Miss Roten's timely remarks about "Woman's Personal Appearance at Home" were especially enjoyed by all.

Next meeting, Friday, July 3, will be a canning demonstration at the home of Mrs. Pemberton.

Everyone expected to bring their lunch and spend the day.

The club also voted to have an ice cream supper on the church lawn Friday night, July 3, the proceeds of which will be used to repair both churches.

Everybody invited to come and enjoy these cool refreshments while helping the needs of the church.

The girls of the meeting were very busy with their serving bags, having finished their dish towel and hot pan lifter.

ROSCOE HAS BIG CATTLE DEAL.

Roy Spire, who ranches about 30 miles southwest of Roscoe, was a business visitor to the city this week, and reports the sale of 1,600 head of yearlings and two-year old steers to Messrs. Decker and Bridgeford of Joy, Illinois. These gentlemen will ship to that State for feeding.

This is the largest cattle deal we have heard of in some time, and reminds us of the fact that West Texas is still in the cattle business on a large scale.

Mr. Spire is somewhat divided in his trading points between Roscoe and San Angelo, but says he prefers our little city to the larger one because they are his home people, and always finds them very accommodating. —Roscoe Times.

POPULATION 155,000,000 BY 1950 IS ESTIMATE.

A population of 155,000,000 persons for the United States in 1950, the major increase to be in the larger cities, is a summarized estimate of a nation-wide survey, just made by the American Telephone and Telegraph Company, says the Texas Public Service Information Bureau.

This estimate was compiled that extensions could be made to care for phone-users of future generations.

In estimating the population of the country telephone engineers point out that an increase can be due only to the excess number of births over the number of deaths, and the excess of immigration over emigra-

tion. Between 1910 and 1920 net immigration added 2,700,000 to the United States, while the number of births exceeded the number of deaths by nearly 11,000,000.

Due to the severe restrictions now enforced against immigration, the foregoing estimates are based on an increased population from this source not to exceed 3,000,000 persons in 10 years.

The Bell system estimates that the rural population of the country will increase between 6,000,000 and 7,000,000 before 1950. This leaves a growth of 38,000 to 42,000,000 for the cities of the United States in the next 30 years.

METHODIST CHURCH SERVICES.

Sunday School 9:45 a. m., A. C. Preuit superintendent. Epworth Leagues, 2, and 6 p. m.

Prof. J. L. Martin, editor Times-Signal, will fill the pulpit at the 11 o'clock hour. Be sure and hear Bro. Martin's address at this hour. You will hear something worth hearing, even on a hot Sunday morning and something you will never forget as long as you live. Union services, consisting of three churches—Presbyterian, Christian and Methodist will be held at Methodist Church Sunday night. Rev. H. Manley, pastor Presbyterian church, will preach at 8:30 p. m. Don't fail to go.

The pastor of the Methodist church will be away on his vacation in Colorado for the next two weeks.

Rev. Theodore Yoder will fill the pulpit at the Methodist church at 11 a. m., on the second Sunday in July. He will preach at Union service of the same day at the Christian church.

A. B. DAVIDSON,
Pastor.

Mrs. Noah Jones returned Friday from Sherman where her daughter's remains were buried last Tuesday afternoon at 2 p. m.

Mrs. Earl Henry and son, Billie Mac, left Tuesday morning for Billie, Mo., where they go to visit relatives and friends. They expect to be gone for a month.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

BOY SCOUTS ON HIKE.

Troops Nos. 1 and 2 of Snyder went on their second overnight hike of the season last Friday afternoon. Five cars were used to carry the Boy Scouts out to Ezell's ranch. Our hike proved to be a great success. Mr. W. P. King, Mr. Thompson, Mr. Ketner and Mr. Carmichael accompanied the scouts.

As soon as we arrived and got settled we went in swimming. Oh! boy! Com. Ezell's tank is the best swimming hole in Scurry county. There were high diving stands, a spring board and best of all, the trolley. After we had cooked and eaten our supper Mr. Ezell and wife came out to our camp. Mrs. Ezell had brought us some gingerbread and jelly. We surely appreciated that as we were still hungry. We played games and wrestled by

the light of the campfire till 2:00 o'clock. Then we went to bed.

Coming back we all agreed that if anyone wanted a good time they would sure find one at Ezell's ranch.

J. W. Hendryx left for Dallas Tuesday afternoon where he goes to buy stock and equipment for the service station which he and R. H. Ake are preparing to open in the building formerly occupied by the Moore Battery Service. They expect to be in operation the first of the week. You will find their ad in another section of the Times-Signal.

W. L. Morton of Big Spring visited his brother, A. C. Morton of near town Saturday and Sunday.

Good Business vs. Bad Business

"Anticipations"

ANTICIPATIONS! WHAT DO YOU MEAN?

By this term we mean the practice of conducting actual business on expected future business. It is best illustrated by a man giving his check for a bill which in many cases he discounts, when he knows he hasn't the funds in the bank to cover the check. However, this individual expects to have sufficient funds in the bank to cover the check by the time it gets back. In the meantime, while this check is "floating," other necessary checks have to be issued that increase the deficit, or, the expected business on Saturday does not materialize. The result—either a returned check or an overdraft.

We would say not to anticipate unless it is absolutely necessary and then see your banker before giving the check. If you anticipate and your plans miscarry, you are liable to injure your credit rating very badly.

We would appreciate an opportunity to serve you in some manner.

Neighboring County Notes

Mrs. William Campbell, aged 29 years, died at her home in Sweetwater Tuesday night after a lingering illness.

R. H. Wharton, an electrician of Roscoe, has purchased an airplane for his private use.

Howard Carter, a well known Sweetwater young man was arrested in that city Wednesday by army officers who made the trip to Sweetwater in a large, high-powered airplane. Carter was arrested for desertion from the army.

Many cotton blooms are reported in the vicinity of Lorraine. Crops in that community are said to be excellent.

Mitchell county got a rain last Wednesday ranging from one-half inch to two inches. A crop of cotton is said to be practically assured in some parts of that county.

The Rayburn revival closed at the Union tabernacle in Colorado last Monday night with 390 conversions. It is said to have been the greatest meeting ever held in this part of the state. The offering Sunday night was \$2,546.

Nolan county has between 50,000 and 55,000 acres planted to cotton this year, with prospects favorable for a good yield.

B. C. Kitchens, a Mitchell county pioneer, died at his home 3 miles south of Westbrook the past week at the age of 76 years.

Mrs. O. B. Crawford, a former resident of Big Spring, died the past week at Muskogee, Oklahoma.

Miss Ina Glenn Maxwell, aged 17 years, died at the home of her mother in Big Spring the past week.

The Key Cash Store at Anson was destroyed by fire Thursday. Prompt action on the part of the fire department saved a whole block from being burned, it is said.

J. E. Harris, aged 86 years, a pioneer of Jones county, died at the home of his son in Abilene Wednesday.

On July 11 Roby will hold an election to determine whether Roby citizens will bond themselves in the sum

of \$35,000 for the purpose of building a grammar school building.

Roy B. Mefford has been elected superintendent of the Roby school for the coming term.

Several cases of typhoid fever are reported in the town of O'Donnell. Hughey Ellison of Crosbyton realized \$700 from three-quarters of an acre planted to Bermuda onions.

SUMMER STUDENTS AT STATE UNIVERSITY USE MANY BOOKS.

AUSTIN, Texas, July 2.—Although the enrollment of the University of Texas summer school is almost two thousand less than the enrollment of the regular session, the university library issues more books per day and month to students in the summer school than in the long session, according to Miss Annie Hill, reference librarian. Daily, more reserve and loan books are signed for than in the fall, winter and spring terms. Statistics kept during the summer session show a total of 10,005 books taken out of the library by summer students for a period of two weeks and a total of 3,321 signed for in the reading room. In April of the long session, one of the busiest months of the library, a total of 9,284 books were taken out from the loan desk and 2,362 were used in the reading room. Comparison shows a

considerable increase in the books used by the summer school students.

FLUVANNA NEWS.

Matters Religious.

A visiting minister, Rev. Jones, preached to the congregation of the Christian church last Sunday at 3 p. m. There is some probability of Mr. Jones becoming the pastor of this congregation.

Rev. Chas. Leslie filled his regular appointment last Sunday at the Baptist church.

Rev. H. J. Manly of Snyder filled his appointment last Sunday at the Presbyterian church—morning and evening. Good services. A interesting feature of the Christian En-

deavor meeting was a debate, setting missions over against other church activities.

The ladies and girls of the Baptist church were selling cream and cake last Saturday, the proceeds to go to Buckner's Orphans Home. We are informed that the effort was a success.

The Baptist people opened a training school for their B. Y. P. U. Monday night. We wish this good work its deserved success.

Pursuant to the announcements made at the several churches last Sunday an army of neighbors, early Monday morning, invaded Claud Sneed's farm with 20 cultivators and 42 hoe-hands and cleaned out the entire crop long before night. A similar good Samaritan act took place in Hardy Ainsworth's field a few days ago (we are told). It will be remembered that these two men have been seriously hindered from their work on account of sickness and accident. These neighborly deeds are as they ought to be. They are the Golden Rule in action. You will not find it so in non-Christian lands.

Sickness.

The little son of Mr. and Mrs. Claud Sneed, who underwent an operation for appendicitis at Lubbock several days ago, is said to be doing fairly well but not out of danger.

Uncle Jonnie Gleghorn is said to be sick at the home of his son-in-law, T. K. Jones.

Mrs. George Hanback is reported quite sick this week.

Business and Crops.

Our lumber man, Jake Ross, has recently been selling the lumber for the nice home being erected by Mr. J. R. Roper, near Gail. Also to W. M. Jackson, who is building a comfortable home a few miles southwest of Gail.

J. R. Wills is buying up a car load of cattle which he is planning to ship to the Fort Worth market about the end of the week.

While our crops are suffering for want of moisture, they are holding out quite well. Our remarkably cool nights are worth more to us than we will ever be able to calculate. Last Friday our temperature covered a range of 43 degrees in about nine hours. Of course we have variety of climatic conditions.

Visiting.

Mr. and Mrs. Will Clawson motored to Westbrook last Sunday for a short visit with Mrs. Clawson's sister, Mrs. Bob Odom and family. Mrs. Clawson's mother and sister, Mrs. Leech and Miss Flora, returned with the Clawson family for a few days' visit among old friends. Mrs. Leech and her family resided here while her husband (now deceased) was pastor of the Baptist church at this and other points.

Jake Ross and family, accompanied by Mr. and Mrs. E. L. Sewalt, went to Lubbock last Saturday for a visit with relatives, returning Sunday.

We understand that relatives from Wingate, Texas, are visiting C. T.

Perry and family of this community. Relatives are visiting Claud Sneed and family. Particulars not learned.

Mrs. S. E. Payne of Windom, Fannin county, Texas, came out last week for an extended visit with her daughter, Mrs. J. R. Truss.

Misses Nealy, Edna and Grace Squyres (the latter now of Slaton) were off Tuesday for a trip to Longbeach and other points in California. We wish them a great trip.

We understand that a happy family reunion was enjoyed at the J. B. Bley home Sunday, all the children of their families being present, including Clarence Bley and family of Tulia, Texas.

Patriotic.

We understand that the business concerns of Fluvanna will remain closed for the entire day of July 4th. A good thing to do. Business is not rushing, why not rest, visit and observe the day of our national birth. A man who would not close on such an occasion and under like conditions is a hard nut.

Strange, Isn't It?

When F. W. Park heard of the fine four hours' rain which fell on his farm a few miles west of town one day last week, he was filled with joy. In spite of his three score and ten years he felt, and declared, that he could out run, out jump or throw down any man in town. We wonder what a man of 21 might be able to do just after a good rain on his crop.

Not only do women paint elaborately—sometimes profusely—they sometimes change their color permanently in a giddy of time. For example, when Miss White becomes Mrs. Black.

Why should it be thought a thing unseemly for women to fight? Why, "The modern woman" (not all the women, thank the Lord) does about everything a man does: She votes, she holds offices of all ranks, she sits on the judicial bench, on juries, she is sheriff or policewoman, she drives

an airplane, she is bandit, bootlegger, robber, murderer and—and—she wears pants on the streets, shingles her hair, smokes cigarettes and "busts bronchos." In fact she is doing about everything except keeping a real home and taking care of the nursery, as God meant that she should do. Surely we are living in a wonderful age.

SUNDAY WITH THE BAPTISTS.

10 a. m., Sunday School, A. C. Alexander, superintendent. 11 a. m. preaching by the pastor; subject, "The Evangelistic Church." Following the morning sermon the Lord's Supper will be observed. 6:30 p. m., Junior Union. 7:30 p. m., Intermediate and Senior Unions. 8:30 p. m., preaching by the pastor; subject, "The Seven Vials of God's Wrath." Read the 15th and 16th chapters of Revelation and come. All services spiritual and evangelistic. A hearty welcome to all. JEFF DAVIS, Pastor.

A Stamford, Texas, boy after suffering with an ailment that baffled the doctors, was operated on and a pin was removed from the boy's appendix. It was a case of a-pin-dicitis, of course.

Don't you know that the old gag, "I can get it cheaper in such-and-such a place" is mostly bosh. You can buy most anything right here in Snyder about as cheap as you can get it anywhere else—even to good printing. A fellow must have a little profit if he stays in business, and every business man in Snyder ought to remember that fact when his fellow-business man quotes him HIS price.

I. O. O. F. MEETS AT LORAIN

FRIDAY, JULY 10.

The I. O. O. F. Association of Scurry and Mitchell counties meets at Loraine, Friday at 9 a. m. A program consisting of music, readings, addresses on fraternalism, etc., will be given in the forenoon with a big dinner at the noon hour. The program in the afternoon will be given largely to the showing of the Widows and Orphans' Home at the moving picture theatre. This will be followed by a business session. Supper will be served at 7 o'clock, after which the several lodges will contest on the Second Degree. A large delegation from Snyder is expected to attend.

LOCAL BASEBALL NEWS.

After leading all the way through with a five-score margin the Snyder Tigers lost Sunday afternoon's game to Aspermont in the ninth inning when McKann weakened and let the visitors touch him for five hits and a couple of errors tied the score. McKann was relieved by Smedley who walked one man and a single filled the bases. Smedley was relieved by Davis who heaved a couple of wild ones accounting for two scores which put the game on ice for Aspermont. The score:

CITATION BY PUBLICATION—GENERAL.

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to cause to be published, for ten days exclusive of the day of publication before the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in said county, a copy of the following notice:

THE STATE OF TEXAS, County of Scurry.

To all persons interested in the estate of Mrs. Sarah C. West, deceased; you will take notice that James A. West has filed in the County Court of Scurry County, Texas, an application for probate of the last will of said Sarah C. West, deceased, which will be heard at the next term of the County Court, commencing the 2nd Monday in July A. D. 1925, same being the 13th day of said month at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Snyder, Texas, this 1st day of July, 1925.
(Seal) KATE COTTEN,
Clerk, County Court, Scurry County, Texas. 4-21-c

A CHALLENGE.

The State of Texas, County of Scurry, Mr. John Dosier, Dunn, Texas.

Dear Dosier.—In view of the fact that there has always been a very serious doubt and a great deal of speculation among our friends as to which one of us was the best man and whether we were built for comfort or speed, and in order to settle this matter once and for all, I, Dr. W. R. Johnson of Snyder, Scurry county, Texas, do hereby issue you a challenge to run you a foot-race of 500 yards on the public square of Snyder the day of the picnic, to-wit, July 16, 1925.

If you are game, come on, accept this through the Snyder Signal of next issue, or desist from your boasting about your speed. Waiting your reply, I am,

Yours truly,
DR. W. R. JOHNSON.

DUNN ECONOMIC CLUB.

Miss Roten of Snyder met with the ladies of Dunn again Thursday, June 25. The house was called to order by the president, and unfinished business was attended to. New business was discussed and disposed of, after which Miss Roten gave the color demonstration. This was appreciated by all.

We enrolled 17 new members making a total of 31.

Our next program will be an all-day canning at Mrs. Ed Anderson's in Dunn Tuesday, July 7. Everybody is invited to come and bring any products you wish to have canned. You are requested to furnish your own cans.

HERMLEIGH.

Fritz Discher of Dallas is visiting in Hermleigh this week looking after his real estate, and other business affairs.

Mrs. Lon Hamit has been quite ill the first part of this week, but is able to return to her work now.

Hoyt Murphey, one of our progressive farmers, has been seriously ill for the past two weeks, and is yet in bed. Let us all hope for his speedy recovery.

Mesdames E. C. and J. R. Patterson were in Snyder shopping last Tuesday.

Rev. and Mrs. C. A. Jones have been visiting their daughter, Mrs. Speck Chorn, the past week. Mr. and Mrs. Chorn returned to Ragtown with Mr. and Mrs. Jones for a few days' visit.

Mr. and Mrs. H. W. Harlin returned here Tuesday from a few days' trip to visit relatives.

A fine baby boy, Ray Travis, was born to Mr. and Mrs. Ray Patterson last week. Both mother and child are getting along nicely.

Let's all prepare for a big celebration Saturday, July 4.

"Let me congratulate you upon your lucky escape from that fisherman's hook."
"Yes, but think how he will lie about me!"

"Call up my dentist and see if he can make an engagement with me. And Toofus!"
"Yes, sir?"
"Don't press him."

ROUND TOP GOSSIP.

It is still dry in these parts. We only had a sprinkle of rain last week, which settled the dust nicely for a few days. Crops are suffering some for want of rain. The most of the farmers are get-

ting their crops fairly free of weeds. Quite a few are counting on spending Saturday and Sunday the 4th and 5th at Snyder and attend singing convention and some are planning on taking dinner and hearing a sermon at the Tabernacle.

Mrs. Oliver and Mrs. Burris spent Saturday evening at Snyder. Mrs. Burris spent Sunday with her parents, Mr. and Mrs. John Merritt.

M. N. Price and son went to Snyder Saturday on business.

Mrs. Walter Brownfield visited Mrs. Donaldson Sunday.

Mrs. Ryan and baby from Corsicana are visiting her parents, Mr. and Mrs. Mae Oliver this week.

Mrs. Donaldson visited with Mrs. Fowler and Mrs. Gill last Saturday.

Miss Wilma Watts spent Saturday night with Miss Bessie Brownfield.

Mrs. Mayo was in Snyder shopping Saturday afternoon.

Miss Odessie Brownfield visited Willie Grace Watts Saturday night.

Last Sunday was the last of our first quarter of Sunday School since we reorganized the last time. So far our Sunday School has been a wonderful success. We are looking forward to a better attendance from now on as everyone is getting up with their crops and our Sunday School is firmly established.

It is reported that the young folks' class did more Bible reading and had a better attendance than any of the other classes, although none of them fell short in good lessons. We are very proud of our Sunday School and the work it is doing. We had a large crowd in attendance last Sunday. Also a good attentive crowd at prayer meeting.

Bro. M. N. Price will conduct prayer services next Sunday night. The Rev. W. J. Knox will conduct church services next Sunday afternoon at 3 o'clock, at this place.

Mr. and Mrs. W. A. Watts enter-

tained the young people of this community last Saturday night with a birthday party given for their daughter, Miss Wilma Watts. After the games Mrs. Watts, assisted by several of the ladies, served ice cream and cake. Everyone said they enjoyed themselves.

Mr. and Mrs. M. N. Price visited Mr. Hallman and children Sunday afternoon, after Sunday School.

We also had several visitors from other places Sunday night at prayer meeting.

We are glad to welcome so many visitors.—Owl Head.

WHATLEY ITEMS.

The farmers are mighty busy in their crops. We had a nice shower yesterday (Wednesday) evening; hoping to get more soon. Crops are holding up pretty good from the dry weather.

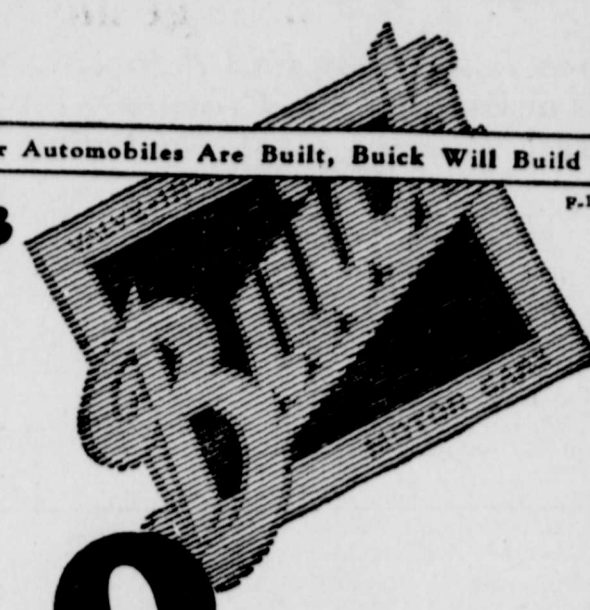

The health of the community is good as far as we know.

Mr. and Mrs. West and family visited with Mr. and Mrs. Metcalf Sunday.

Mr. A. C. Letchner and family attended church at Dermott last week.—Farmer.

Question: Why is it that there are more than a million Buicks in use today?

Answer: Because Buicks are always popular with new car buyers and also because Buick's dependable construction results in a much longer life for Buicks than is ordinarily the span of service of a motor car.

AN ORDINANCE

Ordinance Approving and Adopting Engineer's Rolls or Statements, Providing for Notice and Hearing and Declaring an Emergency.

NOTICE.

By making publication of the hereinafter set forth Ordinance notice is given of all the matters and facts therein contained, which said Ordinance is as follows:

ORDINANCE APPROVING AND ADOPTING ENGINEER'S ROLLS OR STATEMENTS, PROVIDING FOR NOTICE AND HEARING AND DECLARING AN EMERGENCY.

WHEREAS, the City Council of the City of Snyder, Texas, has heretofore ordered the following portions of streets and places in said City be improved, to-wit:

Plaid Street from its intersection with the east property line of Scurry Street to its intersection with the east property line of Chicago Street, known as Unit or District No. 11.

West Street from its intersection with the east property line of Scurry Street to its intersection with the east property line of Chicago Street, known as Unit or District No. 12.

The same to be improved by installing concrete curbs and gutters, where adequate curbs and gutters are not now installed on proper curb and grade line, and by paving with two and one-half inch Vertical Fibre Brick on Five-inch Concrete Base, together with appurtenances as shown in specifications adopted therefor; and,

WHEREAS, the City Engineer has prepared and filed with the City Council rolls or statements for each District or Unit, showing thereon the amounts proposed to be assessed against the property abutting upon the improvement in each such District or Unit and against the owners thereof, and against the owners of railroads or railways using, occupying or crossing said streets, and showing other matters and things necessary and pertinent thereto, and the same having been examined, and all errors and omissions found therein having been corrected;

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SNYDER, TEXAS, THAT:

The said rolls or statements be and the same are hereby approved and adopted.

II

The City Council does hereby determine to assess a portion of the cost of said improvements in each district or unit against the owners of property abutting thereon, and against their abutting property, and against the owners of railroads or railways using, occupying, and crossing said portions of streets, in accordance with and under the terms of Chapter 11, Title 22 of the Revised Statutes of Texas of 1911, and the proceedings of the City of Snyder concerning said improvements and letting the contract therefor.

The descriptions of the parcels and tracts of abutting property, the several amounts proposed to be assessed against such parcels of property, and the owners thereof, the total estimated cost of the improvement in each District, and the amounts proposed to be assessed against railroads or railways for improvements between tracks and rails and two feet on each side thereof, and other matters and things as shown on the said rolls or statements, are as follows, to-wit:

A hearing shall be given to the owners of property abutting upon said portions of streets, and to the owners of railroads or railways using, oc-

cupying or crossing said portions of street, and to all others interested, whether they be named herein or not, all of whom are hereby notified to be and appear at the time and place herein named and fixed, which said hearing shall be held on the 11th day of July, 1925, at 1:00 o'clock p. m., in the City Hall of the City of Snyder, Texas, and which shall be continued from time to time and from day to day if necessary, until all desiring to be heard, shall have been fully and fairly heard, and at which hearing any mistake, irregularity or invalidity in any of the proceedings with reference to making of the said improvements or assessments therefor may be corrected, and the benefits by means of the said improvements and all sums to be assessed against abutting property and the owners thereof will be determined and the apportionment of the cost of the improvements in each district will be made and all other matters and things required by law and the proceedings of the City will be done; and after all desiring and presenting themselves to be heard, either by person or by agents, attorneys or representatives, have been fully and fairly heard the said hearing shall be closed, and assessments will by ordinance and in accordance with law and the proceedings of the City be levied against the said abutting property and the owners thereof, and against railroads and railways and the owners thereof, whether such owners be named herein or not; and at said hearing any person, firm or corporation, their agents, representatives or attorneys, and any and all others in any wise interested shall have the right to appear and be heard and to introduce evidence and subpoena witnesses.

IV

The City Secretary of the City of Snyder is directed to give notice to the owners of the property abutting upon the said portions of streets, and to the owners of railroads or railways using, occupying or crossing said portions of streets, and to all others interested, of all said matters and things, by causing a copy of this ordinance to be published at least three times in some newspaper of general circulation in and published in the City of Snyder, Texas, the first of said publications to be made at least ten days before the date above fixed for such hearing. The City Secretary may also give notice by mailing to each owner, at his or her address, if known, a letter, containing a copy of said notice, but the said notice by letter shall be only cumulative of the said notice by advertisement and publication and the notice by advertisement and publication shall in all cases be sufficient, whether or not any other notice be given.

V

The fact that the improvements herein provided for are being delayed pending the taking effect of this ordinance, and the condition of said streets and places herein ordered improved endangers public health and safety, constitutes and creates an urgent public necessity requiring that the rules providing that ordinances shall be read at more than one meeting, or more than one time, be suspended, and requiring that this ordinance be passed and take effect as an emergency measure, and such rules are accordingly suspended and this ordinance is passed as an emergency measure and shall be in force and effect immediately from and after its passage.

Passed and approved this the 22nd day of June, 1925.

LILLY MAE BAZE AND MARK JOHNSON WIN SKATING CONTEST.

Last Thursday night was couples only night at the skating rink and a prize of \$5.00 was offered for the most graceful couple on skates. After much time the judges finally awarded the prize to Mark Johnson and Lilly Mae Baze. The management of the rink announced that the first session each Thursday night will be for couples only. Friday night there is to be a race between the men and a prize will be awarded the winner. The boys are enjoying a nice patronage and are conducting the rink in a nice manner and are making it a place to really go and enjoy a good hour skating.

Judge J. Z. Nobles performed another marriage ceremony in high caste Mexican life last Saturday in this city. The wedding was delayed about an hour and a half, and the judge had decided that one or both of the contracting parties had got out of the notion of marrying when all at once the wedding procession came by. The judge not knowing what else to do, just naturally fell in line, looking, as he said, "Just as much

There's nothing more convincing that the statement of someone you know and have confidence in. That's why this talk with Mr. McNeill should be mighty helpful here in Snyder.

Lon McNeill, proprietor grocery store, says: "I was troubled a great deal with sharp, cutting pains in the small of my back. My back became so stiff and sore, I could not stoop or do any heavy lifting. My kidneys acted too freely, especially at night, when I had to get up. The above organization is a negro organization. Our colored friends are entirely responsible for the congratulations sent Governor Ferguson and they, in return, are the sole recipients of the felicitations returned by the Governor.

The Conroe white Baptists and the Baptists of this section of the state deeply deplore the pardoning program of our Governor. That some pardons are deserving no one will deny, but the wholesale process of turning criminals out of the penitentiaries of this state is nauseating in the extreme and an open defiance to the courts of the land.

This statement is made in justice to the white Baptists Sunday School and B. Y. P. U.'s of this section of the state. We are willing for the negroes to have the felicitations of Governor Ferguson, but we do want the press to get it straight and give them credit for the endorsement and

not the white Baptists of this part of the state.—C. G. Howard, in Baptist Standard.

Buy Tubes as Carefully as you buy Tires

THERE are two ways a car owner can buy tubes.

He can go out looking for price—and get it.

Or he can buy tubes that will give his casings a chance to deliver the mileage that is built into them. U. S. Royal and Grey Tubes are

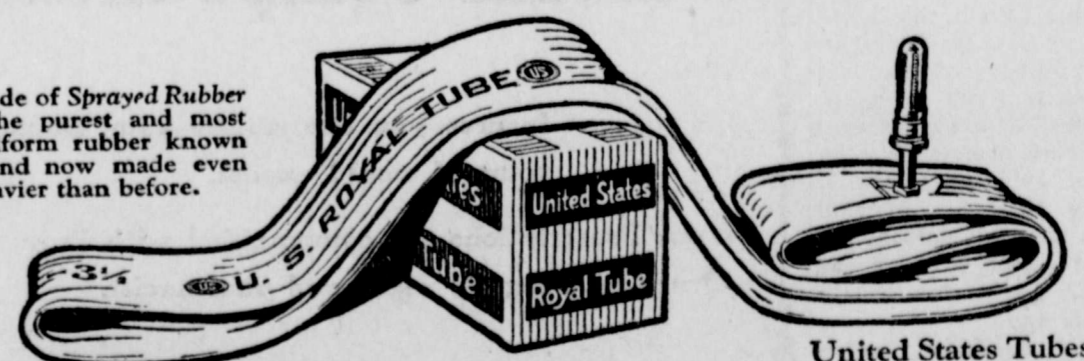

built to give mileage and get mileage.

They resist heat, hold their shape and retain their elasticity.

To get all the mileage out of a new casing or to make an old casing last—put a U. S. Royal or Grey Tube inside it.

PATENTS GRANTED TO TEXANS

Compiled by Munn & Co., Patent Attorneys.

Of 1034 patents issued in the last week, Texas inventors obtained 18.

Jeff M. Blair of Humble, Link. This provides a link which is principally adapted for use in connection with traveling blocks which are provided with a hook, the blocks being principally used in oil fields.

Jake N. Crasilneck of San Antonio. Binding for shoe heel facings. This produces a finish between the heel cap and the heel facings while at the same time producing a finished and artistic effect to the said heel of a shoe.

Louis C. Tolliver of Trinity. Locomotive construction. This provides dual engines on each side of the locomotive and connects each set of engines to the same drive wheels, thereby enabling great power to be delivered to the drive wheels.

Osmyn Mowers of Dallas. Pump plunger. This provides a plunger which will conform to uneven or out of round side walls and at the same time afford an efficient contact. Mr. Mowers assigns one-half of his patent to the Guiberson Corporation.

Boyd Cotten and Malcolm L. Landess of Dallas. Illuminated gear shift lever ball for motor vehicles. This relates to motor vehicle accessories and particularly to a gear shift lever ball. The inventors assign their patent to Jack Browder of Dallas.

Joseph W. Kaough of Dallas. Wrench. This provides a pair of jaws arranged in an improved manner to close and grip the article when brought into contact with it. Mr. Kaough assigns his patent to the Guiberson Corporation.

S. Philip Coblentz of Baytown and Stewart P. Coleman of Corpus Christi. Treating of hydrocarbon oil. This invention relates to processes for purifying oils and is more particularly related to the separation and removal of impurities such as unsaturated compounds. The inventors assign their patent to Humble Oil and Refining Company.

John A. Valenta and Joe Koyar of Taylor. Heating cabinet. This invention relates to a heating cabinet, and has particular reference to means for regulating the temperature therein.

Troy J. Snider and Ward E. Marshall of Terrell. Method of treating transmission bands. This relates to an improved method for treating transmission bands, brake linings and the like.

Arthur E. Sadler of Henrietta. Vaporproof storage tank. This relates to an apparatus for storing gasoline and hydrocarbon liquids and refers more particularly to a certain arrangement of tanks for this purpose.

William T. Hastings of Fort Worth. Means for preventing corrosion of Battery posts and terminals connected thereto. This relates to means for preventing the corrosion of battery posts and terminals connected thereto and particularly to means making a more perfect connection of the terminals with the post.

Clayton Stuart Watkins of Wichita Falls. Demountable rim and wheel for automobiles and other vehicles. This invention comprehends a wheel of any suitable design provided with the necessary attachments to comprise the mechanism constituting the features of this invention.

John G. Saunders of Cross Plains. Wrench. This invention appertains

to novel improvements in pipe wrenches and the like and the object is to provide an improved pipe wrench, which is particularly adapted for use on well casings and the like.

Ferman A. Smith of Coleman. Cotton press. This provides a device in which means are provided for lifting the doors of the press.

Harry Franklin Perkins of Port Arthur. Process of distillation. This provides a method of distillation which will give at once cuts of more definite and homogenous unat than those afforded by the usual methods.

Walter Gottlich of Dallas. Sanitary drinking jacket for bottles. This jacket is formed of paper or other suitable material, which may be glazed or otherwise treated to make it impervious to liquids.

BODY HELD 28 MONTHS BURIED IN LUBBOCK SATURDAY.

The body of Mrs. F. H. Leeds, which has lain embalmed in the parlors of the Hogan-Burrus undertaking establishment since February 12, 1923, will be buried in the Lubbock cemetery, Saturday, June 27.

At the time of Mrs. Leeds death her husband left word that she was not to be buried until he gave the word. He left town almost immediately and has not been heard of directly during the intervening 28 months. However, it has been heard here, according to information given out by members of the undertaking firm, that he is now a resident of California.

During the time that this body has been waiting for burial many persons have visited the parlors to see her. One party had 28 members.

Mrs. Leeds was 44 years of age when she died. She was then living about eight miles out of Lubbock. It is thought that she has two sisters living near Georgetown.

According to present arrangements she will be buried from the Hogan-Burrus undertaking parlors at 3:00 o'clock in the afternoon.—Lamesa Reporter.

UNCLE SAM WORRIED.

If all reports now reaching Snyder in daily newspapers are to be believed, your Uncle Sam is worried. For the first month of his increased postal rates shows a greater deficit than ever before, and, if it continues over an entire year, will find this branch of our government so deep in debt it can never get out.

It gives a lot of consolation to the "I-Told-You-So's" of the country. They argued that when the government refused to leave postal rates as they were and take the money needed to increase postal salaries from some other source, nothing but a loss could follow. The parcels post business has slumped, but it still costs as much to handle it. The mailing of post cards has fallen off under the 1-1-2c rate, and nothing is being mailed to take its place. Firms that once sent out millions of circulars at one cent each have, since the rate was raised to 1-1-2c, cut down on the number mailed. The big magazines are shipping by express to central points and securing reduced mailing charges by mailing from several postoffices instead of from New York.

It appears that Uncle Sam's last congress has been picked at its own game. But there will soon be another session, of course, and then more money can be spent in devising and putting into execution something that will bring back the lost revenue. It's a funny old land we are living

in—but we don't know of anyone who'd be willing to swap it for any other one on the globe.

OUR STOCK IN TRADE.

While the merchant has clothing shoes or dress goods for sale, and the grocer depends upon the sale of foodstuffs for a living, it never seems to occur to some people that the newspaper man's chief means of getting a living lies in his newspaper space. It is just the same to him as goods on the shelf are to the merchant. If the merchant gave his goods away he would starve to death, and the same rule applies to the editor and his space. We have always been willing to give a hearty boost to every worthy cause arising in Snyder and we expect to keep right on doing so. But to ask to donate our space—our stock in trade—to enable someone else to make a profit, is neither fair or just. Depend on us to get back everything worth while; call on us when we can boost any movement that is for the good and the upbuilding of the community. But if you are anxious to advertise something that is going to make money for you or your friends, then come in and buy our space just the same as you buy the things the merchant has to sell. Its the only way we know of that we can keep out of the poorhouse.
