

Scurry County Times

AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, SEPTEMBER 24, 1925

Number 16

THE TIMES-SIGNAL SIGNALS

In some sections of the country the old felt hat is still the popular individual drinking cup.

We wonder if there's a man in Snyder who can tell what has become of the old-fashioned Punch-and-Judy shows? The youngsters got a kick out of before movies were dreamed of.

We see where one man is predicting a cold winter and another that congress will do something for the farmer. But the one safe prediction is that the latter is wrong.

The auto is also responsible for the most unexpected arrival of all year in-laws.

Any Snyder father can tell you that his children know a great deal more than he does except when it comes to making a living.

An American returning from Europe says there are no "flappers" over there. Maybe that's what is the matter with Europe.

German investigators find it was American interference that caused Germany's defeat. And for once Germany is dead right.

After a Snyder man has seen the world for about 50 years he knows that the fellow who spouts hot-air isn't always a fire-eater.

Mr. Edward Bok has been so successful in giving prizes for peace plans we wonder why he doesn't try

giving a prize for some method to use in enforcing prohibition.

An Eastern college professor says woman is 50 years ahead of man. And the villain still pursues her.

Our idea of a born pessimist is the Snyder man who is always ready to remind you when the worst happens that he is the one who told you it was going to.

The other fellow may not know as much about his business as you do, but it's always a good idea to proceed on the theory that he does.

A woman always figures on what she would buy herself if she had a lot of money, and then when she gets some she runs down town and spends it on the children.

The way some young fellows around Snyder drive it appears they're flirting with the girls and courting the undertakers.

Now that everyone agrees there are too many laws, we suppose they will pass some more laws to abolish a few of those we have.

We can stand for the man who says he never reads wedding notices, but our idea of a bone-head is the one who doesn't read the ads.

Many a girl around Snyder is single today because she couldn't stay awake while some fellow talked about himself.

SNYDER PRODUCE REMODELING AND ENLARGING BUILDING.

The Snyder Produce Company is this week remodeling their building. The building they now occupy has become too small for their present needs, and this will be torn partly away and built anew. An addition to the rear of the present building will also be built giving them the required room with a floor space of 30x140 feet. The whole structure will be covered with sheet iron on the outside and sealed on the inside with sheet rock. This new arrangement will give the Produce Co. sufficient room for a dressing plant which they have planned to have in connection with their other business this fall. They expect to have the building completed by the tenth of next month. The Scurry County Times is glad to see the Snyder Produce Company make this advancement.

TRIBUTE TO MISS LUCILE MOFFETT.

September 5, 1925, Miss Lucile Moffett, daughter of Mr. and Mrs. W. J. W. Moffett of Snyder, passed to her eternal reward. Miss Lucile was just blooming into young womanhood, having passed her nineteenth birthday but a few months before her untimely going. Some four years ago she gave her heart to the Lord and at that time united with the Snyder Baptist church. She was a consistent member of this church when death called her from the walks of men.

Miss Lucile was a bright, happy Christian. The mother says that about the home she was always bright and cheery. Her thoughts were constantly of others and she sought in her own way to make the burdens of life lighter for those that she loved best. Just a few minutes before her untimely end she was busy about the house and singing cheerfully as she toiled. There is no doubt in the minds of those who know more about her going but that her death was an accident. The Inquest Judge has so rendered his verdict. Bright, happy young people do not willingly destroy themselves. There is no cause that would justify the belief that Miss Lucile's death was willingly of her own hand. Her death was an accident and her spirit is at home with the Savior whom she loved and delighted to serve while here in the world.

Her funeral was one of the most largely attended that has ever been held in the City of Snyder. The First Baptist church was taxed to capacity and scores stood without who could not find standing room within. Her death came as a shock to her many friends as well as to our entire city. She was so young and so beautiful and life meant so much to her. At the cemetery the women of the Woodman Circle rendered their beautiful funeral ceremony in a most impressive manner. The little mound that separated between loves one left behind and the face that they loved so dearly was piled high with a profusion of the most beautiful flowers to be had anywhere. Churches, Sunday Schools, fraternal orders and private friends vied with each other in making beautiful floral offerings. Hundreds of eyes streamed with tears as the procession filed quietly by the open casket for their last look upon the face of their departed friend.

To those who knew Miss Lucile best, to those who loved her most tenderly and to those who grieve most at her going, the entire community extends their deepest sympathy and their hearts' best love. Remember the words of our beloved Savior how he said, "Let not your hearts be troubled, believe in God, believe also in Me. In my father's house are many mansions, if it were not so I would have told you. I go to prepare a place for you, that where I am there ye may be also."

Miss Lucile will be missed by her business employers and with those with whom she was associated in the telephone office. She will be missed by her many friends all over our city. She will be missed by the church and by the Sunday School but most of all will she be missed by the loved ones in the home. But it is sweet to know that she died trusting the Savior. Only time and the grace of our blessed Savior can mitigate the sorrow of these dear loved ones, but His grace is sufficient for us in

TEACHERS' PICNIC.

The home teachers entertained the out-of-town teachers last Friday afternoon with a chicken fry out at Wolf's Park. As the old teachers were hosts they fried the chickens and the new teachers stood by and enjoyed themselves. Not only chicken and the good things which go with it were served, but they had ice cold watermelon just before leaving.

From there they went to Mrs. W. M. Morrow's for a musical social furnished by the Martin Orchestra. They were served ice cream and cake. Everyone went away reporting a good time.

BIRTHDAY PARTY.

Mrs. Florence Piquet entertained last Thursday, Sept. 17, in honor of her little daughter, Dalma, third birthday. After several hours spent in playing games, they were invited into the dining room where they were served with delicious peach ice cream and devils food cake. Much fun was had over the blowing out of the candles on the birthday cake. All had a most delightful time. Dalma received many nice little presents. Those present were: Little Misses Irene and Fay Nel Spears, Wynona Keller, Juaise Burt, Blossom Lee and Joy Green, Dalma and LeNada Piquet, Masters T. J. Green, Jr., and J. G. Burt; Mr and Mrs. J. L. Green, Mr. and Mrs. T. J. Green, Mrs. T. H. Green, Mrs. John Keller, Mrs. Grady Burt and Mr. and Mrs. Florence Piquet.

Miss Gertrude Herm, who is teaching in the schools at Colorado City, spent Saturday and Sunday with home folks.

Mr. H. V. Williams who sometime ago fell from a scaffold and hurt his back is reported able to be out again.

Snyder citizens are glad to have as new residents, Mr. and Mrs. M. C. Bills, formerly of San Antonio, Texas. Mr. and Mrs. Bills at present have rooms with Mrs. N. B. Moore. Mrs. Bills is connected with the road commission at this city and Mr. Bills will open a real estate office as soon as he can find a suitable building.

Mrs. A. E. Bell has been visiting her sister, Mrs. J. R. Dillard, at Wagon Mound, New Mexico. She was accompanied home by her mother, Mrs. Annie Aston, who lives in Los Angeles, California, but who was also visiting Mrs. Dillard.

Mr. and Mrs. Arnett of Lubbock were Snyder visitors Sunday.

E. W. Clark of Fort Worth was a Snyder visitor Sunday.

Mrs. J. T. Evans and daughter, Hazel, of Fluvanna were in Snyder Tuesday on business.

Mr. and Mrs. J. A. Farmer of Dallas and Mrs. A. F. Cole of Fort Worth have returned to their homes after a visit to friends and relatives in Snyder.

Mr. and Mrs. R. H. Curnutte were in Sweetwater on business Saturday. Misses Mary Strayhorn and Tip Messimer, two Snyder girls who are teaching in Roscoe this year, visited homefolks Saturday and Sunday.

Mr. and Mrs. Joe Strayhorn, Mesdames J. A. Farmer, Cole and Grant-ham and Misses Doris Pope Elza and Connie Grantham visited Mr. and Mrs. Rob Strayhorn in Rotan Sunday.

M. A. Fuller of Fort Worth was in Snyder on business this week.

Rev. Jas. H. Tate, our valuable correspondent from Fluvanna, and his wife are visiting in Cisco and Cross Plains this week. A card to the Times-Signal from Mr. Tate informed us that Mrs. Boynton of Fluvanna would write the Fluvanna notes this week. We greatly appreciate Mr. Tate's forethought in getting a substitute to take his place while he is away.

Mrs. A. V. McAdoo was called to Haskell on account of the death of her mother, Mrs. Simmons. Friends of Mrs. McAdoo are sad to hear of her great loss.

Ward Golden left last week for Lubbock where he will enter Tech College at that place.

every hour of need. In your sighing,

"For the touch of a vanished hand,
And the sound of a voice that is
stilled,"

remember that Jesus has said, "I will never leave thee nor forsake thee."
HER PASTOR.

PATENTS GRANTED TO TEXANS

Of 875 patents issued in the last week, Texas inventors obtained 16. Lawncee G. Kelly of El Paso, Radiator repairing device. This relates to improvements in radiator repairing device and more particularly refers to a radiator bench and test tub.

Albert V. Field of Lake Victor, Harvester reel. The object is to construct a reel whereby the slats may be easily moved and locked in outer operative position.

Francisco Lopez of Port Arthur, Chain bicycle. This contemplates the provision of a novel form of propelling means whereby the operator is permitted to stop working the pedals in order to allow the bicycle to move upon its own power.

William D. Kincannon of Lorena, Outlet valve for elevated tanks. This relates to an improved outlet valve for elevated water tanks or the like and seeks among other objects to provide a valve wherein, when the valve is closed, air will be admitted to the outlet pipe of the tank so that the pipe may be drained to avoid freezing. Mr. Kincannon assigns one-fourth of his patent to Newton S. McBrayer.

William H. Ward of Huntsville, Cultivator. An object of this invention is to provide a cultivator in which means is provided for guiding the cultivator during the operation thereof when in use. Mr. Ward assigns one-third of his patent to Roan G. McIntyre.

Felbert A. Ray of Wichita, Tank for separating gas and water from oil. This relates to improvements in

tanks such as are used in oil fields and has for its primary object the provision of a tank for separating water and gas from the oil and trapping the gas and directing it to a storage tank or engine.

Jewett G. P. Evans of Fort Worth, method and means for making photographic negatives. This invention relates to new and useful improvements in method and means for making photographic negatives.

Gustave A. Ehnnet of San Antonio, Automatic dough brake. This relates to improvements in dough brake machines commonly used by bakers and in which it is necessary to turn the sheet of rolled dough at an angle before the same passes back through the machine. Mr. Ehnnet assigns his patent to W. S. Amidon and Edwin Schaumburg.

Hugh Young of Christine, Tanning process. This invention relates to the process of treating leather, and more particularly to a process for tanning the same.

David R. Triplehorn of Fort Worth, Compressed air motor for pumps. This relates to pumps of the pneumatic type for the removal or pumping of liquid from wells and it relates to the novel construction and arrangement of a compressed air motor in connection with a pump of this nature.

Frederick T. Manley of Houston, Lubricating compound. This invention relates to the preparation of solid lubricants intended particularly at high speed. Mr. Manley assigns his patent to the Texas Co.

EXIT OF "BIG BOSS" AND "THE DEVIL."

As the "Big Boss" is somewhere in the East and the "Devil" has also been out of town since Monday, it has fallen upon the minor portion of this office force to get out the Scurry County Times this week. We hope that this week's paper will not fall too far below the standard and we realize more than ever the truthfulness of the slogan, "A friend in need is a friend indeed." It was the co-operation of business men and friends of this paper that made this issue possible. We appreciate the forethought of those who so willingly gave us news items.

SCURRY COUNTY GETS GOOD RAIN.

Tuesday afternoon about three o'clock, it began raining in Snyder and the rainfall continued through the greater part of Tuesday night. Reports from Ira and other communities stated that the rain was general over most of the county. The rainfall Tuesday and Tuesday night was 1.1 inches. The rain was followed by a good norther, which everyone was glad to see after so much hot weather. The rain continued throughout most of the day Wednesday and Wednesday night, .8 inches having fallen during the last rain, making a total of 1.9 inches Tuesday and Wednesday.

LIT CHAPMAN CASE CAME TO TRIAL MONDAY MORNING.

The case of the State of Texas vs. Lit Chapman, charged with murder in connection with the killing of his divorced wife in Abilene last April, came to court Monday morning at 9 o'clock. About 100 witnesses from Snyder attended the trial.

LITTLE WESTBROOK INSTALLS MODERN PLANING MILL.

Little Westbrook, an old-time resident of Snyder, is now installing a modern and up-to-date planing mill just east of the Wilkinson Lumber Co. Mr. Westbrook was a blacksmith in Snyder for some twenty years but sold his shop four or five months ago. The Scurry County Times is always glad to hear of anything progressive being done by Snyder citizens.

"ABE RODGERS HIMSELF."

Abe Rodgers, a former resident of Snyder, who has recently moved back informed a reporter this week that he had purchased from Mr. Moffett the cleaning and pressing establishment known as "The Palace Tailors." Mr. Rodgers is a strong believer in advertising and his ad may be found on another page of this paper. The Times-Signal joins the many friends of Mr. Rodgers in wishing him the very best of success in his new undertaking.

HIGGINBOTHAM BROTHERS COMPANY COMPLETE NEW BALCONY.

The firm of Higginbotham Brothers Company, one of Snyder's progressive department stores, has just completed an up-to-date balcony over about two-thirds of the space already occupied by the store. This new addition makes a splendid show room where the customers of this store may see displayed almost any article of furniture they might wish. The furniture has been artistically arranged and there is ample space for displaying whole suites of furniture at one time. This firm plans to carry the highest grade furniture on the market and would appreciate a visit from the people of Snyder and adjoining territory. A page at telling about new shipments of furniture received by Higginbotham Brothers Company may be found elsewhere in this paper.

BOWLIN-SMITH.

Mr. Day Bowlin and Miss Thelma Smith gave their friends a happy surprise on Sept. 13, when they motored to Snyder and were quietly married at the parsonage of the Methodist church. Rev. Davidson officiated.

The bride is the charming and lovely young daughter of Mr. and Mrs. I. F. Smith of the Plainview community, numbering her friends by all those who know her. She is a graduate of the Southwest Texas Teachers' high school of San Marcos, having also had college work at this place and at Canyon, Texas. She was a teacher in the Sulphur school the past year where she and Mr. Bowlin met. The groom is the third son of Mr. and Mrs. W. P. Bowlin of Hermleigh.

Immediately after the ceremony Mr. and Mrs. Bowlin left for a week's honeymoon in Lubbock, after which they will be at home at Hermleigh.

Their many friends extend to them wishes for life's richest blessings and congratulations.

WILL CLARK GROCERY ENLARGING BUILDING.

The Will Clark Grocery Company has this week begun work on the enlarging of their building. Mr. Clark's growing business has compelled him to make the addition and he also intends to carry a larger and more complete stock of groceries. The addition will be 20 feet long and will give Mr. Clark more floor space as well as more shelving for a better display of his groceries. Mr. Clark is a progressive Snyder citizen and we are glad to see him successful in his business.

Mr. and Mrs. Earl Ligon of Pecos, Texas, who have been visiting Mrs. Ligon's brother, Mr. A. E. Bell, left for their home Friday.

GRANDPA HEDGES.

On the afternoon of September 12, grim monster death invaded our home and claimed Grandpa Hedges, after an illness of seven months.

He was born in Ohio March 12, 1849 and moved with his parents to Illinois when a mere lad. He lived there during the Civil War. His sympathies being with the South at the close of the war he came to Texas and married Miss Anna Bolton, Nov. 4, 1874. To this union eight children were born, two dying in childhood.

Grandpa had made Snyder his home for the past twenty-four years. He was an honest, upright, law-abiding citizen, so kind and generous, always cheerful and so considerate of us. Dear, dear Grandpa, how we miss him.

HIS ELDEST GRANDDAUGHTER.

IS GIVEN FIVE YEARS.

ROBY, Texas.—The jury in the case of Jesse Teel assault case returned a verdict of guilty and assessed his penalty at five years' imprisonment.—Abilene Reporter.

Mrs. Rector Lester, Canyon, is visiting her sister, Mrs. T. L. Winston.

Mr. and Mrs. T. C. Stinson returned Monday afternoon from Abilene where they have been visiting their sons and families.

Judge Fritz R. Smith is spending the week in Fort Worth and Austin on business.

CAMP SPRINGS.

Cotton picking was progressing nicely at Camp Springs until the rain. Any way we are all glad to have the rain for it will help some of the cotton and the late feed a great deal.

A great many of our young people have left for school. Mr. Wayne and Miss Blanch Boone left Sunday for Canyon where they will attend college.

Mr. Beecher Bennett is going to school at Lubbock and his sister, Miss Mary Bennett, is going to the C. I. A., at Denton.

Guy Adams took dinner with Miss Ruth Horton Sunday.

A nice crowd was out for singing Sunday afternoon. Several singers and visitors from the Grady and Hobbs community were present. Everyone come and be with us again the first and third sundays.

Cotton pickers who are looking for a job will strike it lucky by coming over to Camp Springs.—Reporter.

BUY IT IN SNYDER

"The more money home people spend with home merchants, the sooner home merchants can lower their prices. If all the Scurry County money now sent to big cities to buy articles was spent in Scurry County, goods could be sold much cheaper in Snyder."

Neeley's Filling Station opened for business on May 5th, 1924.

We opened the above business on 60 days' trial and today we stand in the lead on sales of gasoline and oils. Our business shows a steady gain every month from the start. We contribute our success in this line to the personal service we render our patrons. We take special pride in giving our trade the best of service and strive to please everyone. We also enjoy a large volume of business on Tires, Tubes, etc., because we have the Reliable Badger line and we stand behind them. When in need of Tires and

Friendship---Loyalty

The true test of friendship is loyalty. Real honest-to-goodness friends are loyal to each other to the very core. While this bank does not think much of the slogan, "you scratch my back and I will scratch yours." Yet, we believe it our bounden duty to be loyal to our customers. We endeavor to be loyal to the community and to our many friends, who do not happen to patronize our bank. But, the true essence of our friendship is to our customers, first, and then to others.

We invite you to bank here, where the customer is always first; and where friendship means service.

The First State Bank & Trust Co.

ERNEST TAYLOR, President.
Sam Hamlett, Cashier.

H. P. Wellborn, Vice-President
Cecil Morris, Assistant Cashier

FRIENDLY

is always two sides to everything, even to the movement now going on in Florida. If you want to get both sides of it, and get it right, your home-town banker will be the proper man to talk to.

2000 COTTON PICKERS ARE NEEDED AT SNYDER.

SNYDER, Texas.—Two hundred farmers have made application to the county agent for pickers which cannot be supplied. It is believed that this section can use two thousand pickers. Cotton is opening very fast and all at once. Farmers say that they will use any nationality and will refund transportation to reliable parties. They will furnish housing.—Abilene Reporter.

NOTICE TO TRUSTEES.

All trustees desiring to make application for State aid should do so at once. I should like very much to have all applications in by the first of October and they must be in by the 10th of October.

A. A. BUULOCK,
County Superintendent.

POOR OLD GRANDDAD.

It may be that Granddad never saw a movie, a ball game, or listened to a radio set or owned a flivver. He never had to wait in a barber shop until a girl got her neck shaved, and he never went in swimming with the ladies; he never smoked a cigarette, and he never had his finger nails manicured or his toenails doctored; he never drank near-beer and he never divorced grandma; he never had a dark-brown taste in his mouth next morning, and he never shot a filling-station bandit. Granddad never took physical culture lessons, and he never slept in a pair of pajamas. There are a lot of things that granddad never did. But did you ever

stop to think that he was never behind with his work, and that he was always right up to the scratch when it came to paying his bills? And

also that a lot of his offsprings could get a lot more out of life if they could say the same thing for themselves?

A WORD WITH HIGH SCHOOL STUDENTS.

Can you write a theme without making an erasure to correct an error? Is it not true that where you have made the correction there appears great evidence of your having made it, due to the quality of the paper you were using?

When you have been able to write your theme or do other written work without an error, is it not a fact that, regardless of the pen point used, there will appear various widths of pen lines all through your work, due to soft spots in the paper you use?

If you will buy your filler paper from us, you will be enabled to make a correction in the way of an erasure in a very satisfactory manner and you will not find those soft spots in your work. The paper we offer you is as hard a texture and as even surface as can be made from wood pulp. The use of one ten cent package will convince you. This paper is made in the State of Massachusetts; we buy direct from the mill. It costs us more money than any paper offered us on the American market.

Between \$500 and \$600 worth of tires were stolen from a garage in Trent one night last week.

The heaviest rain in five years is reported to have fallen in Childress on Sept. 14. There was estimated to have been between three and four inches.

A severe hail and rain storm swept Amarillo the latter part of last week. Nearly two and one-half inches fell within two hours, accompanied by hail. Plate glass windows were blown in and the tops of several motor cars were blown off.

G. C. Hicks and family of Stamford are cotton picking champions. They came to Stamford from Whitney, Bosque Co., Texas. Albert Hicks, aged twelve, picked between suns, four hundred and ten pounds of cotton. Juanita, aged eight, picked one hundred and twenty-eight pounds and Weldon, aged six, picked eighty-eight pounds. Albert beat his father an even hundred pounds.

FORTUNES IN FLORIDA.

Residents of Snyder and surrounding territory are no different from those living in 47 other states in the matter of wondering what is going to be the outcome of the Florida "boom." We read that 40,000 people

have already gone to that state from Indianapolis and vicinity, and that during the last winter about \$25,000,000 was taken from Indianapolis banks into Florida.

In time when the resort business in Florida is a bigger thing than it is now and when many thousand more people are engaged in productive work in that state and developing its resources, much of the real estate the salesmen are now frantically endeavoring to sell will be valuable. But the history of all such sudden booms as this is that the crash soon comes and that savings so hopefully invested on the advice of high-pressure salesmen are swept away. There

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions, price 35 cts.; trial package, 10 cts. At any drug store. (Adv.)

NOTES OF HAPPENINGS AT THE HIGH SCHOOL

Furnished by the Faculty and Students of Snyder High School.

COLORADO TRUANTS.

Last Friday evening eight of Snyder high's promising young men took French leave and went to Colorado to see a football game between Colorado and Big Spring. Colorado won the game, but after their return, from all indications they will not try it any more.

SCOUT NEWS.

The Boy Scouts of Troop Nos. 1 and 2 have been on four hikes and have had scout meetings once a week this summer and also have enjoyed their vacation from school very much.

The first hike was spent at Thompson's dam overnight. Mr. Barcus, Buffalo Trail Council scout executive was with us and we had a very good time. Mr. King, Mr. Chenault, Mr. Ketner and Mr. Thompson were also present with thirty-three scouts.

The second hike was out at Com Ezell's dam. This was a very good swimming hole and as we played games till midnight we enjoyed this hike very much.

Our next hike was a ten-day encampment of the Buffalo Trail Council, which includes scouts from Sweetwater, Colorado, Rotan, Hermleigh, Roscoe, Westbrook, Camp Springs, Dunn and Snyder. A total of about 125 scouts with their troop scoutmasters and officers were present. About twenty-six scouts were from Snyder. Nearly every scout passed to a higher rank than he was, and forty-four merit badges were passed by the Snyder scouts. A number of visitors were present on Sunday and a few of them were from Snyder.

After we had enjoyed our ten days' encampment we returned home to go to school for a long and dreary nine months. We went to school the first week, and then we heard some good news. Another overnight hike was planned on Friday night, Sept. 18. We got ready and went out to Sears' dam. It was a nice place and after we had played some games and prepared to go to bed our scoutmasters had decided to go back home. It seems they all had to get back for the next morning, so we came home for another week of school.

NEW STUDENTS OF HIGH SCHOOL.

Allethe Epp, Gene Day, Bess Burton, Le Maine Hamell, Ima Binnion, Jewell Ramsey, Mary Holt, Alma Hood, Ora Settle, Frances Jenkins, Myron Fairchild, Persia McFailand, Tete Horton, R. C. Miller, Ray Gee, Lowell Baze, Raymond Taylor, Joe Sethe Kiker, Francis Read, Lenda Peden, Maude Holcomb, Vivian Cary, Burnice Worley, Elizabeth Nichols, Fannie Day, Ruby Cayce, Bamma Cayce, Beryl Caton, Opal Cary, Paul Claybrook, Lake Howell.

Snyder school record was broken this year, having the largest number of new pupils in its history. This shows that our school is building on a good reputation and widely known. We are proud of this and are all working for a better and more popular school.

OUTSIDE TEACHERS.

Music—Lucille Strayhorn, Mrs. Randall, Mrs. Waskom, Mary Lou Rosser.
Expression—Elaine Rosser.
Art—Eula Stinson.
Band Instruments—Mr. Faifer.
Kindergarten—Miss Ladwig.
Music and any kind of band instruments—Mrs. Martin.

On account of the crowded condition in high school, Miss Joe Hailey in the intermediate department has been given two classes in history and one in science. We appreciate her willingness in helping us out.

THE HOME ECONOMICS DEPARTMENT.

The home economics department has started their good work again this year. This week the first year pupils have been planning breakfast menus and the second year pupils have been planning luncheons. Both classes have been making very pretty posters. As soon as the menus are finished we will start cooking.

The girls are making table cloths and napkins. Miss Peak will be here soon and we want everything in good shape. The girls are planning to give a luncheon for her.

HOW I FEEL TO BE BACK IN

After a most enjoyable summer vacation without ever hearing "are

there no lessons tonight?" I am glad that school has begun. Studying and reciting at classes all seem very natural, and I hope to accomplish more this year than I ever have in previous years, as it will be my last year—"if I don't flunk out."—Lura B West.

The year of 1924 was much enjoyed by the seventh grade class, on account of the large per cent of promotions. Those who were rewarded with a diploma are as follows:

Rachel Sanders, Ruby Curry, Virginia Ryle, Pauline Smithers, Eupha Bertram, Marion Rosser, Bessie Burk, Jewel Sturdivant, Katherine Northcutt, Mary Joyce, Mariwald Harless, Juanita Darby, Mary Julia McMillan, Marie McNeil, Rita White, Maggie Die Payne, Leota Geen, Faynell Aucutt, Eldess Hester, Alma Hester, Pauline Boren, Beulah Lee Crowder, Bamma Cayce, Bernard Blair, Curtis Larue, Robert Gray, E. P. Ketner, Ross Riley, Jeff Green, M. A. Womack and Armor McFarland.

I can say that I am certainly enjoying high school, although I've been a long time getting there. The only thing I dislike is that Mr. Cary is always "sticking his head in at the door and making us put ours down." I think the others who came days' encampment we returned school.

Miss Zeola Philen, A. B., Baylor University, whose home is in Brownwood, is a teacher of English in Snyder high school.

Miss Fannie Muse of State University comes from Cleburne. She is a teacher of Spanish.

Mr. Lewis, B. S., A. and M. College, is head of the new department, vocational agriculture.

BACK IN SCHOOL.

It's a grand and glorious feeling to be back in school again with our old friends and making acquaintances with the new students. We are glad to have some of our last year teachers back as we feel more at home with them, but at the same time we are pleased with the new ones.

Every year Snyder gets farther and farther along the line of a better school. By next year we hope to have a new senior building and this year and the years to come we want to help our good ball boys win more games. Also the same with our other athletics.

The Snyder football squad will meet Lamesa in mortal combat. Friday afternoon at 3:45 in Wolf Park, the home of the Snyder Tigers. Two full teams are scrimaging daily. With such good material to choose from, victory seems inevitable.

Come out and get a thrill that will make your heart beat faster.

Coaches Roberts and Lewis are trying very hard to instill into the mind of each player the idea of fair play and clean living. The players are trying to maintain the honor and good reputation of the town and the school. This certainly deserves your appreciation and backing.

NEW DEPARTMENT ADDED TO SNYDER HIGH SCHOOL.

Our school is very proud of the new subject—vocational agriculture—taught by Mr. M. D. Lewis of Thorndale, Texas.

There are about sixty boys already enrolled in the work, and everyone is busy starting his project work. Each student that takes vocational agriculture is required to carry a project along with his class work. Starting

a poultry flock and growing a small crop seems to be the most popular projects. Dairying and raising a litter of pigs are also popular. The boys learn to be operators and managers by this practice.

In addition to the project work and class room work there will be a farm shop where jobs will be taught, such as repairing implements, building feed troughs, sharpening tools, soldering and the building of most anything that the class is interested in. We hope to have our shop erected soon and have all of our work in full swing.

Some of the boys have not secured the material for their project and anyone having brood sows and hens of good quality please call Mr. Lewis about it at once at the high school.

A BICYCLE POLO.

Monday afternoon some of Snyder high school boys met for a game of bicycle polo. We didn't know much about the game but we got some of the smaller boys' bicycles, a stick a piece and a tin can. After batting it around for about one-half hour we stopped playing and called the game a draw. The next day our teachers told us there had been some bicycles torn up. We met to see what the damage was and found each boy had to pay 50 cents for the use of the bicycle. Moral. Leave the smaller boys' things alone.

THE FACULTY ENTERTAINED.

The old saying, "It never rains, but it pours," proved true with the faculty invitations last Friday night. So many things we planned that everyone could not meet all of the engagements.

After a chicken supper and watermelon feast at Wolf Park, from six to eight o'clock, they went to Mr. and Mrs. W. M. Morrow's where a musical program had been planned.

The orchestra was composed of the Martin family who did themselves justice. Several other numbers were rendered, even the "tiny tots" were represented.

Afterwards we were served to ice cream and cake by the hostess.

The time of departure came all too soon but we left with the hope that such entertainment would be repeated and we invited again.

NOTICE OF FINE ARTS DEPARTMENT.

Desiring to put our teaching on a more systematic business, so as to give no one pupil undue advantage over another, and thus be fair to all we have made the following rule, which will be strictly enforced: No lessons will be excused except on account of illness.

We are always willing to accommodate a pupil as regards a change of time, etc., if possible, but lessons missed must be made up or paid for. Lack of practice will not be accepted as an excuse for missing a lesson as a pupil can always profit by the time spent with the teacher during the lesson period.

A pupil arranges for a certain amount of time each week and to fill our time and to be fair to all, and thus insure results with the pupil. Regularity and punctuality must be observed.

Signed—Mrs. J. L. Waskom, Miss Elaine Rosser, Miss Marilu Rosser, Mrs. S. C. Randals, Miss Lucile Strayhorn.

Mrs. H. L. Woods, a former resident of Snyder died at San Benito one day this week. Funeral services were held at the Ira Cemetery at 3 o'clock Wednesday afternoon, Rev. Shultz officiating.

Mr. and Mrs. L. T. Stinson returned Wednesday morning from Dallas where they have been visiting the past ten days.

MAN O'WAR, NOW IN PICTURE, MET DEFEAT IN FIRST RACE WON ALL OTHERS.

Men who follow the races say that there are fifteen hundred ways in which the best horse in a race may honestly lose it. So the fact that Man o' War was beaten in his first start throws no cloud on his title of "the world's greatest thoroughbred." He never lost again, winning his next twenty races straight, most of them with ridiculous ease. He captured \$244,565 in purses for his owner, Samuel D. Riddle of Philadelphia, who has refused \$400,000 for him. His lone defeat was due to a bad start.

All lovers of horses will welcome the opportunity to see this incomparable animal in action on the screen. Man o' War makes his motion picture debut in "Kentucky Pride," the William Fox supreme attraction which opens Saturday at the Palace Theatre. His first appearance will also be his last.

"Kentucky Pride" is the colorful life story of a royally bred filly, as told by herself. It was filmed in the picturesque Blue Grass region, with John Ford directing. The principal characters are horses and include Fair Play (Man o' War's father), Negofol, Virginia's Future, The Finn and Morvick, each playing him or herself. Among the human actors are Henry B. Walthall, J. Farrell MacDonald and Gertrude Astor.

SOLDIER WHO FOUGHT INDIANS IN THE PANHANDLE IN 1874 VISITS IN MIAMI.

The Buffalo Wallow celebration, at the site of the famous Indian battle near Miami had been called off, but John A. Cotton did not know it.

This veteran of many an Indian fight and a member of the company of soldiers that first came to the aid of the five survivors of the Buffalo Wallow battle, was in Miami Thursday and Friday of last week. He lives in Snyder and came here to attend the celebration and live over again the stirring days in the fall of 1874 when Indians were on the warpath over the Plains country.

Mr. Cotton, now 74 years old and feeble in body, but active in mind, was stationed at Fort Union, New Mexico, the summer the Adobe Walls

and Buffalo Wallow battles were fought; the first between 28 buffalo hunters and 700 Indians on the Canadian River in Hutchison County, and the latter between the Washita River and Gageby Creek in Hemphill County, between two scouts and four soldiers and 125 Indians.

Under the command of Major Price, his company had been on the plains for several weeks when on Sept. 12, the day of the Buffalo Wallow fight, they had fought 400 Indians near the Washita River in Western Oklahoma. On the following day they found Billy Dixon and his five companions, one dead and others wounded, at the site where they had defeated 125 Kiowa and Comanche Indians 24 hours before. The surgeon with the command gave first aid to the wounded men and two of the soldiers were sent back to where General Miles and his troops were camped to report the condition of the injured men.

Many dead horses were scattered around the Buffalo Wallow where the six men had taken refuge, said the aged warrior, but the Indians had removed the fallen members of their tribe.

Like so many of the old-timers, Mr. Cotton is not blessed with much of this worldly goods. He makes his home with a married daughter in Snyder and draws \$20 a month from the government for five years' service in the U. S. Army. That he might make the trip to attend the celebration, the citizens of Snyder contributed the amount required to meet his expenses. This is worthy of note and speaks well for the people of that town.

While here Mr. Cotton met and talked with a number of old-timers and said that he hoped to return when the celebration is held.—Miami Chief.

J. B. Curry of this city is reported critically ill at this time. He is in the Lubbock Sanitarium where an examination was taken and it was found that Mr. Curry was suffering with heart trouble.

R. J. (Dick) Randal, who recently underwent an operation for appendicitis, is reported greatly improved and will soon be able to leave the sanitarium.

Notice

Saturday, the 26th, Commencing at 10 o'clock a. m., we will have a \$1.50

Window sale, consisting of Cut Glass, China, Jewelry and Silverware and Purses. The regular price will range from \$2.25 to \$8.00. Come and get your choice for \$1.50.

Automobiles

HE WHO RIDES LAST RIDES BEST

The first miles in a new car are not always the best. Quite often the next few thousand are faster and smoother. Let us show you some of our cars that have just got their second wind.

1924 Model Buick Touring

Mechanically all right, has new paint job, bumper in front, motometer, double tire rack, good for 80,000 miles more of good service.

\$750.00

1924 Model Chevrolet Touring

In first class shape every way, two new tires, others good. Used only by careful driver.

\$350.00

1924 Model Chevrolet Roadster

This car was sold in February of this year, has only been run 6,000 miles by careful driver, has two brand-new tires in rear, and good tires front; looks practically new. A bargain at much more than we are asking for it.

\$350.00

1924 Model Chevrolet 4-pass. Coupe

This car has only been driven about 7,000 miles in the city; looks almost new, and cost with the equipment on it \$925, less than ten months ago. A wonderful bargain for some one who wants a good closed car this winter.

\$500.00

Also we have many others. Here are a Few:

1920 Model Dodge, \$150.
1924 Model Chevrolet roadster, \$150.
1921 Model Buick touring, \$250.
1922 Model Chalmers roadster, \$250.
1922 Model Chalmers touring, \$150.
1922 Model Ford coupe, \$175.
1922 Dort touring, \$100.
Used Ford cars from \$25 up.

CHAMPION Pogie Beauty, a registered male Jersey, No. 227,975, can be found at my farm 6 miles east of Snyder. W. H. Lindley. 14-12t-p

Mrs. J. L. Martin returned home Wednesday of last week from Haie, Mo., where she has been at the bedside of her father.

Miss Lizzie Smith accompanied her nephew, Tracy, to Fort Worth the fore part of this week. She will also visit friends and relatives at Ennis before returning home.

TORRENCE ALL DRESSED UP IN LATEST PARAMOUNT FILM.

Ernest Torrence has suddenly become the polished gentleman, and he feels—well, something like the man who has deserted his plow and has donned his boiled shirt for a day in the city.

"After all the rough neck roles I've had," he says, "I am almost afraid I will trip over my stick."

Tailored suits, smooth shaves and neat haircuts and Torrence have been strangers during most of his movie career. Since he began in "Tollable David" most of his roles have been of the frontier variety as in "The Covered Wagon," "The Trail of the Lonesome Pine" and "North of 36." In "The Sideshow of Life," "West of the Water Tower" and "The Fighting Coward" he was far from being a fashion model, but now everything seems to be different.

Mrs. Torrence is willing to go out with him in public again. Recently he acquired a wardrobe of the latest mode for his role in "The Dressmaker of Paris" and when he appeared at the Paramount Long Island Studio to begin work as John Bentley in Allan Dwan's production, "Night Life of New York," he could have given the Prince of Wales a few fashion pointers. As a successful business man in this picture he wears everything from a gray felt hat and raglan shouldered coat to spats.

Torrence is featured with Rod La Roque, Dorothy Gish and George Hackathorne in the leading roles of the production which will be shown on Monday and Tuesday at the Palace. Helen Lee Worthing, former "Follies" beauty, heads the supporting cast. Edgar Selwyn wrote this story of New York's night life especially for the screen.

CANYON.

There was a party last Saturday night at Mrs. Wade's, and one at Mrs. Laynes' Wednesday night. Everyone there had a nice time.

Misses Pauline Lee and Jewell Pennell came by after Misses Rosalou and Mattie Mae Davis Friday afternoon and they all "aired" out in the Lizzie.

A bunch of Canyon youngsters went to a party Friday night at Mr. Alfred Weathers of Bison, but they were disappointed when he told them it was just a false alarm. And they had to return home without even playing "snap."

Messrs. Ross Kreuse, Oscar Miller, Horace Lloyd, Preacher Holiday and Pat Munfay of Ira were at Canyon Sunday evening. They were either oil prospecting or looking for girls, we don't know which, but we have both.

Miss Mattie Mae Davis spent Saturday night with Miss Jewell Pen-

nell land they attended church at Sharon Sunday morning.

Miss Pauline Lee spent Saturday night with Miss Rosalou Davis. They were seen going to Ira Sunday morning, but they didn't say whether they went to church or somewhere else.

R. D. Sterling with Miss Jewell Strouth, attended church at Ira Saturday night.

Some of the farmers are having trouble with the worms, but they are poisoning them and we hope they will get them checked before any real damage is done.—Egg-Head.

SELF-CULTURE CLUB.

The Mothers' Self-Culture Club met with Mrs. Earl Brown Tuesday afternoon at 4 o'clock.

Sixteen club members and Mrs. Oran G. Wilson of Plainview, were present.

Much interest and enthusiasm was manifested in all papers and discussions.

The program for the afternoon consisted of the following numbers:

"The Meaning of Kindergarten to the Child, to the Home and to Civic Life"—Mrs. L. O. Smith.

"The Necessity for Games;" "Physical Training for Young Children"—Mrs. Horace Leath.

"How to Teach Kindergarten at Home."—Mrs. P. C. Chenault.

"Children's Amusement"—Mrs. E. J. Richardson.

The next meeting of the club will be Oct. 6, at 3 o'clock, with Mrs. P. C. Chenault.—Reporter.

M. E. CHURCH SERVICES.

Sunday School 9:45 a. m., A. C. Preuitt, superintendent. Epworth Leagues 2 and 7 p. m. Worship at 11 a. m. and 8 p. m.

Subject of morning sermon, Called to Serve Tables, Or Ministry of the Word; Which? Evening subject, "The Unpardonable Sin." Both sermons by the pastor.

Reception of new members at morning service. Be sure and be present.

All are invited to morning and evening services.

A. B. DAVIDSON, Pastor.

NOTICE OF ANNUAL STOCK-HOLDERS MEETING.

Notice is hereby given that the annual meeting of the stockholders of the First State Bank & Trust Co. of Snyder, Texas, will be held in the directors room of the bank on Tuesday, October 6, 1925, at 10 o'clock, for the election of directors and the transaction of such other business as may properly come before the meeting.

SAM HAMLETT, Cashier.

The Woodman Circle will give away, absolutely free, a rocking chair on the courthouse lawn, Saturday afternoon at 5 o'clock. Chair may be seen at John Keller's store.

ANOTHER GOOD ONE FOR SALE.

The bargain in a home we advertised last week has been sold. We have another good one to offer you. Five rooms and bath room, located in best section of the West Side. The lot is worth more than half the price asked for the whole place. The price for a short time is \$2,500. Cash payment of \$500, balance on good terms. We have exclusive listing.

FINE BUILDING SITE FOR SALE.

East front lot, located in best part of West Side. All home owners surrounding it. Can be had for \$600. Nothing else around it can be bought for this price.

HERE'S A REAL FARM BARGAIN.

160 acre fine farm, deep, heavy red sand, two and half miles from Ira in the right direction. Not leased. 110 acres in cultivation, 30 acres more tillable. Improvements fair, on public road. Price \$35 per acre. Can be leased for \$5.00 per acre in short time, reducing price to \$30.00 per acre. The land itself is worth 50 per cent more than price asked. Better hurry and let us show it to you.

TOWLE, BOREN & RAMSOUR.

Ad No. 3

Cleanliness Is Next to Godliness

If there is any one place in which there should be a strict adherence to the old saying, "Cleanliness is next to Godliness," that place is behind the druggist's Prescription case. Although it is his workshop, every careful pharmacist remembers that it is a place where remedies are manufactured, and not a breeding place for disease germs.

Scales with cankered or otherwise soiled pans and spatulas left unclean from their last using are not found behind the Prescription cases of careful pharmacists except in extreme cases.

Bottles and all other receptacles and containers are thoroughly sterilized before using in every Prescription shop where Carefulness is made one of the prime factors in the make-up of capable and efficient service.

You are invited to inspect our Prescription department any time when our pharmacist is not busy.

ALTRURIAN CLUB.

The Altrurian Club had its first meeting of the year Friday Sept. 18, at the home of Mrs. Fritz Smith, with our new president, Mrs. R. H. Curnutte in the chair. Twenty regular members and one substitute answered to roll call with suggestions for Altrurian slogan for the year.

A committee was appointed to choose the three best suggestions and submit them to club at next meeting, one of which will be voted upon as our 1925-26 slogan.

Committee reports were given which shows that work in the committees had already begun.

Mrs. Preuitt gave us a piano solo, The Witche's Dance, by McDowell.

Our president then delivered her message in well chosen phrases.

Every word of which was deeply appreciated by club members.

The hostess served a delicious plate luncheon to club members and Mrs. Rector Lester of Canyon.

SENIOR EPWORTH LEAGUE PROGRAM, SEPT 27.

Subject, "Co-operating with Our Northwest Texas Volunteers. Scripture, Rom. 8:11-18—Maurene Stokes.

 First Door South of Woodrow Hotel

Another of the enterprising and successful business places on this street is the Busy Bee Cafe, owned and operated by Ollie Morrow.

Mr. Morrow has been a citizen of long standing, in this community, he having been a resident of Snyder for the past thirty-four years, where he has formed a great many friends who now congratulate him on his success as a caterer and restaurateur.

About one year ago, Mr. Morrow bought the old Busy Bee Cafe, remodeled and improved it and now has a real Cafe where he is catering to the hungry and giving all his personal attention and service.

A very genial host, he has proved to be, his ready wit, his progressive spirit and his ardent desire to satisfy, has brought the Busy Bee to a very high standard and to the front as the leading Cafe of the City, and has also done a great deal toward putting Clairemont Street in the real business district of this town.

His establishment is operated with the motto of Service and Satisfaction as its tenet and his policy is to purvey the best that the markets afford and in quantity to satiate the inner man to perfect satisfaction.

The freshest of vegetables, richest of creams, the sweetest and purest of milks together with the best of meats that the markets of Snyder afford, the finest of pastries that only the Busy Bee can concoct, topped with coffee that will tickle the palate of the most fastidious of coffee imbibers, all this set before one would appease the appetite of the most exacting of epicures and such is the table that one will get at the Busy Bee.

All the old friends of Mr. Morrow and all those who have not yet had the opportunity to form his acquaintance are next invited to try the Busy Bee as their next away-from-home meal—Sundays or any time and they will find the homey atmosphere that makes one so welcome and emanates appreciation.

THE TIMES-SIGNAL SIGNALS

A certain Snyder young man says: "One of the most disgusting sights in the world is another fellow in a coupe with your best girl."

Have you ever noticed that the Snyder woman who loves to work usually does so over the things that never happen?

It is a good idea to remember that a dollar in the fortune teller's hand is worth more than the prediction you get for it.

One way to prevent a lot of idleness in this country would be to pass a law against work.

Some of these days we're going to offer a prize for any Snyder man who will go on the witness stand and swear that he ever heard a farmer say "By Heck." It rhymes with "Beck."

Mrs. Jack Dempsey says her husband's business is fighting. If that is the case trade seems to be very good for him.

After he had delivered a tray of sandwiches to a room in a New York hotel the waiter was thrown out of a ninth-story window. Maybe he forgot to take along the mustard, or the strip of ham.

We're willing to wager all we can rake or scrape that no woman ever lost a man's love by having his meals on time.

Maybe croquet would become as popular as golf if they'd invent some kind of funny breeches to play in.

A Snyder woman writes to know if we can print a recipe for keeping pickles preserves. Yes. Lock 'em in a closet where the children can't find them.

It begins to look as though they'll have to change the name of that apparatus on the front of a locomotive from cow-catcher to Lizzie lifter.

It has about reached the point where it would shock some fathers round Snyder more to have their daughters put on something more than it would to have them take off something else.

Railroad crossing accidents continue to furnish evidence that the American people do not believe in this.

The new definition for a "world war" would seem to be a nation that can't pay its debts.

We heard a Snyder man wondering today what has become of the fashioning street that a fellow did cross without risking his life. The corn crop in the United States this year is estimated to be worth \$300,000,000 to three million dollars. What a dry nation want with all that anyhow?

What we need in the United States is a week-end that doesn't keep the workers busy the week following. Any Snyder man who feels that a right doesn't go ahead because wife insists that he is wrong.

Sam is trying to find a way to make paper money last longer, but in the same way that we are. Who ever expected to live to see today when a full-grown girl's dress would get as sunburned as her hands?

A Snyder man starts in to drive his wife to drive he discovers losing control of the temper is dangerous as losing control of the

are plenty of leaders in fact, but sometimes it looks as though there are not enough grievances to go around. What is the only excuse most tax-

payers can find for wanting congress to get into session is to see what Dawes does to the senate.

We asked a Snyder man yesterday what kind of rays are given off by moonshine and he said he doesn't know unless it's hoorays.

Germany has paid a half-billion marks—but she hasn't paid the "easy marks" who invested in them.

Some people are calling themselves "liberal" these days when if the truth were known they are so narrow they could poke their head through a knot-hole without touching the sides.

After he is dead and gone, we'll never need a big monument to remind us of the good example set by the Snyder man who never speaks ill of anyone.

From the shakeup in Washington, as we understand it, the prohibition force isn't of much force.

An 88-foot sea serpent has been reported off the coast of Rhode Island. So that's where the rum fleet moved to, eh?

Our idea of the worst pessimist in Snyder is the man who imagines that all men are crooks and all public officials grafters.

Figures for the first 10 years of operation of the Panama canal show that at least one government utility is paying for itself.

Why is it that when you ask a man for the truth and he gives it to you straight nine times out of ten you won't believe him?

To our way of thinking, the Snyder woman who has the courage of her convictions is the one who sticks up for her husband because she picked him out in the first place.

DERMOTT.

The Woman's Progressive Home Demonstration Club met with Miss Roten Sept. 21 at the Dermott schoolhouse and remodeled dresses and re-trimmed hats. We have one new member, Mrs. A. C. Elkins. We will make dress forms at our next meeting. The ladies all voted in favor of federation. We will meet again Oct. 5, at the Dermott schoolhouse.

The girl's home demonstration club met with Miss Roten Sept. 21, at the Dermott schoolhouse and hemmed cup towels and made hot pan lifter pads. Our leader was absent on account of sickness, and we surely did miss her. We hope she will be with us at our next meeting. We have three new members—Miss Carrie Cooper, Miss Lula Hale and Miss Mamie Wilson. The girls decided that the name of their club would be "The Get Up and Goers."

We will meet again Oct. 5 at the Dermott schoolhouse. Girls, bring a

piece of gingham, 27 by 14 inches.—Club Reporter.

YOUNG WOMAN'S AUXILIARY.

The Young Woman's Auxiliary met at the church Monday afternoon in a very interesting Missionary Voice program. Mrs. Winstead, as leader, was assisted by Mesdames. Hicks, Johnston and Snyder.

Eleven members answered to roll call and one new member was enrolled.

After being dismissed by repeating the Lord's Prayer the officers made out the quarterly report.

Our next meeting will be with Mrs. Wellington Taylor, Monday, September 28.—Reporter.

SUNDAY WITH THE BAPTISTS.

Sunday School 10 a. m., A. C. Alexander, superintendent. Preaching 11 a. m. and 7:30 p. m. by the pastor. Sunday School officers and teachers for the ensuing year will be installed at the evening hour. A hearty welcome to any and all of these services. JEFF DAVIS, Pastor.

EAST SIDE CHURCH OF CHRIST.

Song and Bible study at 10 a. m. Preaching at 11 a. m. and 8 p. m. by Bro. M. V. Shawalter of Abilene. Communion service at 11:45 a. m.

Our meeting which closed recently was in every way encouraging. Twenty-three were added to the local body, bringing our membership to one hundred and six. Bro. L. C. Bankhead of Lamesa, Texas, is a power in wielding 'the sword of the spirit.' A hearty welcome awaits you at our services.—Reporter.

Have You a Bad Back?

Then the Advice of This Snyder Resident Will Interest You.

Does your back ache night and day; Hinder work; destroy your rest? Are you tortured with stabbing pains when you stoop, lift or bend? Then likely your kidneys are weak. More troubles may soon appear. Headaches, dizziness, nervousness; Or uric acid and its ills. Help your weakened kidneys with a stimulant diuretic.

Use Doan's Pills. Read this Snyder testimony:

W. P. Thompson, farmer, says: "I had sharp, cutting pains over my kidneys and I could hardly do any stooping or lifting. I had dizzy spells when little specks came before my eyes, blurring my sight. My kidneys were weak and I had to get up at night to pass the secretions. Doan's Pills from the Stinson Drug Store cured me of the attack." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ENNIS CREEK.

The sermon preached by Bro. Moody at this place Sunday was fine. Am sure everyone enjoyed it.

Mr. Jim Pitner and family spent Sunday with Grandma Pitner.

Mr. and Mrs. J. D. Robinson and daughter, Ethel, of Woodard visited Mr. and Mrs. Dee Robinson Sunday.

Mr. and Mrs. Everett Shultz visited Mr. and Mrs. Jacobs of Dermott Sunday.

Nathan Wade and Robert Kimbrough took dinner at Mr. Henry Hart's Sunday.

Mr. Pete Hart has completed his new home. He says he is afraid it will rain and wash the paint off. Clarence Wade, Misses Bird, Era, Hattie Lee and Lena Hart took sup-

per with Miss Lillian Colclazer Sunday night.

We are sorry to say that Mr. Holmes and family are going to leave our community. We certainly appreciate the leadership of Mr. Holmes in our singing.

Mrs. Paul Lewis visited Mrs. Colclazer Saturday afternoon.

Bro. Moody took dinner at the home of Mr. Galyean Sunday.

Mr. White and family visited their daughter, Mrs. Tom Martin, Sunday. Lillian Colclazer visited Edna Galyean Sunday.

Mr. and Mrs. Walter Hart of Seminole are visiting relatives and friends at Ennis at present.

Miss Leona Williams of Woodard visited at Ennis last week.—Dan.

Do You Enjoy Good Sandwiches ?!?!?!?!?!?!?

If you do, we have them. We are now making sandwiches that hit the spot, and we especially invite all school children to come in and try them at the noon hour and after school. No disappointment when you eat OUR sandwiches.

We use only the freshest of bread and meats and everything that goes in our sandwiches is kept on ice.

Firestone

Double the Mileage at Half the Cost

Only a few years ago a 32 x 4 cord tire listed over \$50.00. Today, you can buy the highest quality 32 x 4 tire—a Firestone Gum-Dipped Cord—for about \$26.00.

Last spring crude rubber cost tire makers around 40 cents a pound. Today, it is over 90 cents a pound.

It was not so long ago that 7,500 miles represented the average life of a cord tire, while today, 15,000 miles—and more—is only the usual performance for a Firestone Gum-Dipped Cord.

Due to large, concentrated production, specialized machinery and simplified factory methods, together with economical distribution, Firestone is able to keep tire prices low—no matter where the price of crude rubber goes.

And, because of special Firestone processes, chief among which is Gum-Dipping, motorists are today getting thousands of extra

miles by using Gum-Dipped Cords.

Gum-Dipping is an exclusive method used by Firestone. It is an extra process, carried out in special Gum-Dipping plants, after which the cords are put through the usual calendering machines. Gum-Dipping insulates and impregnates every fiber of every cord with rubber, and practically eliminates internal friction and heat, and builds strength and endurance into the tire.

In the day-in and day-out service of taxicabs, buses and trucks—on the cars of hundreds of thousands of motorists everywhere—Gum-Dipped Cords are giving unheard-of mileage, dependability and satisfaction.

Get ready for the coming months of slippery pavements and bad roads. Assure yourself of greater safety, comfort and economy by equipping now with Firestone Full-Size Gum-Dipped Balloons.

WHAT'S DOING IN WEST TEXAS.

QUANAH, Texas.—Natural gas for Quanah and other cities of the "Green Belt" is assured. The Upham Gas Co. of Texas has secured a franchise to supply gas to Quanah and expects to supply Memphis, Childress, Wellington, Vernon and Chillicothe. Gas will be piped from the Texas Panhandle.

VERNON, Texas.—Contract for a modern hospital to cost \$50,000 let here by Dr. A. B. Garland. This institution will give Vernon four modern sanitariums with 125 bed total capacity.

ANTON, Texas.—The Anton Progress is a new publication for Hockley County. It is a weekly local newspaper devoted to the work of telling the world about Anton and Hockley County.

MIDLAND, Texas.—Business men of Midland have been boosting for Midland County farmers by the farmers turned the tables and tendered a big picnic entertainment in honor of Midland business men particularly honoring Midland's three ginners.

BROWNFIELD, Texas.—Porter A. Whaley, Manager of the West Texas Chamber of Commerce addressed a meeting of the Brownfield Chamber of Commerce on the "Importance of a Chamber of Commerce to each community." He pledged the assistance of the West Texas organization to every community of West Texas.

SAN ANGELO, Texas.—Two new hotels are in prospect for San Angelo to replace the recently burned Landon Hotel. L. W. Walker is pushing to completion a three-story 38-room structure and S. A. Naylor is planning a fireproof structure to be built on the Landon site.

ALPINE, Texas.—Jordan Marble Mountain near here will be utilized commercially. A \$200,000 company will quarry marble for shipment throughout the country. \$15,000 worth of machinery has already been installed and a complete quarry plant will be installed. Marble in every shade from ebony to pure white is available of finest texture. The marble is suitable for building, statuary and monumental purposes.

CROWELL, Texas.—The potash deposits of Foard and Cottle County are to be developed. The National Potash Company has taken leases on a large tract of land off Herring & Johnson Ranch and will sink several wells at once.

STAMFORD, Texas.—The service of the West Texas Chamber of Commerce to West Texas has been increased by the addition of a publicity department, whose work will be to give proper publicity to West Texas resources and institutions. E. H. Whitehead of Cisco is appointed subject to confirmation of the Executive Board.

LAMESA, Texas.—Public improvements are under way here to catch up with the great growth of Lamesa and Dawson County. The city is laying four and one-half miles of water mains and three and one-half miles of sewer extensions. Contract has been let for installing a model white way and street lighting system. Three brick rural school buildings are under construction in different communities of the county averaging \$25,000 each. Business and residence building continues at a rapid rate.

RISING STAR, Texas.—Lines are being run for the new highway from this place to Brownwood via May. This is but one of many highway improvements under way in Texas. Gaps in the Bankhead Highway are rapidly being closed through Palo Pinto County while progress is being made on plans for highway improvement in Taylor County where funds are available to pave the Bankhead. Castro County has voted a fifteen cent road tax and petitions are signed for bond elections in both Hale and Young County for highway construction.

CROSBYTON, Texas.—A high line is under construction from Ralls to Crosbyton. The Texas Utilities is supplying the service.

 2:30 p. m.—Visit to Panhandle-South Plains Fair at Fair Grounds.
 5 p. m.—Guests at Formal Opening of Texas Technological College.

TIME TO CELEBRATE.

All arrangements have been completed by the bankers of the U. S. for one of the greatest celebrations in the history of this nation—not a big jubilee, with fireworks and brass bands—but a great gathering at which 22,000 out of 30,000 bankers are to be present.

Citizens of Snyder should be interested in it because it is going to show the wonderful progress made in the past 50 years, progress in which almost everyone around here has had a hand. It will be the fiftieth anniversary of the founding of national banking interests in America. Fifty years ago all the banks in the U. S. combined boasted deposits and resources of \$3,000,000,000. Today the banks for this nation have deposits and resources of \$60,000,000,000. In other words, the people of this country are twenty times better off financially than they were 50 years ago. Fifty years ago Americans supported but 3,000 banks; today they are maintaining a total of 30,000, and each year shows deposits gaining at an enormous rate.

The average man has come to realize how rapidly money piles up when it is placed at interest. He only wishes he had found it out when he was a younger man. But, not stopping to worry about water that has already gone over the dam, he is doing the next best thing—he is trying

to teach the coming generation the value of a savings account. As a result of this the next fifty years will see a far greater growth than the fifty years just closing. Fifty years from now the nation can write its deposits in twelve figures, instead of in eleven as at present, a feat, beyond doubt, that no other nation will be able to boast.

THAT \$2 HOODOO.

Now that Uncle Sam has announced that he will resume the printing of two-dollar bills there's a hue and cry from many sides. Politicians say it will make them spend more money, as "floaters" will now demand a \$2 bill instead of a \$1 bill for their vote. Bankers say it is a hoodoo because it is so easy for a crook to raise a \$2 bill to a \$20 bill. Gamblers say it is unlucky, and colored citizens shun it as they would a pest house or a graveyard at the dead hour of night. However, there seems to be but one real argument against the \$2 bill and that is that it is too easily mistaken for a dollar note. But the government insists that it must do something to reduce the cost of printing the \$1 bills, which wear out so quickly in circulation. So we suppose it will not be long until the once familiar \$2 bill turns up again in Snyder. And here is hoping that they turn up in large numbers.

R. A. Turner, who has been quite ill for the past two months with typhoid fever, died Monday. Mr. Turner lived on a farm of Henry Wellborn. Friends of this good man are grieved to hear of his death.

CITATION BY PUBLICATION.

The State of Texas.
 To the Sheriff or any Constable of Borden County, Greeting:

You are hereby commanded to summon the Heirs of Joseph A. Harris, deceased, whose names are unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Borden County, to be held at the Court House thereof, in Gail, Texas, on the Fourth Monday in September, A. D. 1925, the same being the 28th day of September, A. D. 1925, then and there to answer a petition filed in said Court on the Second day of September, A. D. 1925, in a suit, numbered on the docket of said Court as No. 302, wherein Thell Browning is Plaintiff, and the unknown Heirs of Joseph A. Harris, deceased, are Defendants, and said petition alleging that plaintiff owns said lands and premises, upon which a cloud is cast by virtue of a certain purported oil, gas, and mineral lease, given by W. C. Arnold to the said Joseph A. Harris, now deceased, of August 9th, 1910, recorded in Vol. 12, page 202, Deed Records of Borden County, Texas; that there was no consideration therefor, and said Joseph A. Harris and his said unknown heirs failed to perform the terms thereof within thirty days thereafter or soon as circumstances would permit, toward developing said property for oil, gas or mineral or their products

as provided for therein, and said lease failed, and no rights have accrued thereunder to said Joseph A. Harris, now deceased, or his unknown heirs, and said lease is null and void, and plaintiff prays that same be held for naught and cloud cast thereby be removed from said lands and premises. Herein fail not, and have before said Court, at its aforesaid next reg-

ular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Gail, Texas, this the second day of September, A. D. 1925.

(Seal) MAGGIE WILLIAMS,
 Clerk, District Court Borden County.

SNYDER

TEXAS

PICKED UP ABOUT TOWN

Our idea of a prodigal son is the one who loses everything else except the way home.

Horace Holley says the trouble with "soapbox orators" is so few of them believe in using what came in the boxes.

An educator is usually a man who educates other men to make more money than he does.

"You never have to advertise a mistake," declares W. C. Fargason of Hermleigh, "Your neighbors usually look after that part of it."

It's a wise hen that gets her laying done before breakfast so she'll have the rest of the day to herself.

It remains for Dick Webb to discover that "More than one fellow thinks he is a live-wire because he has everything charged."

It may be all right to burn your bridges behind you, but it's a good idea to first know how to swim.

"In this day and time," asserts Henry Brice, "If you had all the wisdom of Solomon there are some fellows who would walk away from you and say you're talking through your hat."

"It looks to me like," says Judge W. P. Leslie, "that almost as many murders are being committed as would be if we had a constitutional amendment against it."

Florida doesn't tax wealth as every other state does, but just wait until they get all the wealth in the country down there.

"The main reason there is so much law-breaking today," says Allen Warren, "is because we've got so many more laws to break."

Wonder what can be done in this country to make bandits understand that they are not popular with the public.

Joe Caton says: "The reason some husbands don't talk to the boss the way their wives think they ought to is because they know their wives wouldn't enjoy taking in washing to support the family."

A small boy never gets enough to eat, but we never heard of a married man who didn't get plenty of food for thought.

"When a fellow tells you not to worry about your troubles," suggests Cecil Morris, "he only means for you not to worry him about them."

We often wonder what has become of the old-fashioned girl who used to carry a button-hook in her shoe.

"I suppose that families that know little or nothing about evolution have to find something else to quarrel about," comments A. B. Davidson.

It remains for T. J. Broxson to discover that "a boy knows he is grown-up when he can put on long pants, but how's a girl going to tell when she's grown-up since all skirts remain the same length?"

LETTER FROM A. C. WILMETH.

Palms, Calif., Sept. 7.
Editor Times-Signal.

In keeping with my last letter I wish to write you about dams. Since writing that I have traveled something near 400 miles through Southern California's richest farm belt and studied every phase of the farmers'

fight in this much praised land. Though improved land irrigated never sells under \$300 per acre and most generally from \$1,000 to \$5,000, there is not over one-seventh in cultivation, if that. The reason is lack of water. Two-thirds of the land is mountain. The rain fall is only in the winter and is not more than 20 inches per annum. Being in winter therefore nothing, as a rule, matures in the rainy season, but lettuce, cabbage, turnips and cauliflower. It, however, is easy to get things to grow. Seeds come up and many cuttings will start their growth lying on top of the ground. They cannot grow without water, so you can easily see why they turned to irrigation.

The streams in Southern California are short, many not being over 60 miles long and their water supply limited. The land lying in and near these streams could in many places be watered by gravity. These streams, however, often go dry with the coming of spring. Necessity is the mother of invention. To live it was a necessity to have water. Twenty inches of water was more than enough to water the land if it was distributed as they needed it. So they dammed these streams. They piped and pumped the water on to the lands. It made what was desert bear fruit. They dammed canyons, creeks and rivers. Wherever water could be held. Sometimes where it could be used by gravity, more often where it has to be pumped. All up in the mountains they have taken advantage of the already formed basins and narrow places between points and built dams, impounded the waters, saved it till needed. They have created running streams and springs in the deserts and sparkling lakes in the wooded hills. Every dam makes a lake and every lake a playground. A place to go to get away from the heat of the low and desert lands. These reservoirs have caused the stunted desert growth to give way to forests of value and beauty. The rush of the impounded waters to the low, thirsty land is turned into electricity and every farm or mountain home is not only lighted, but all machinery is run by these servants made by staying of the water till it was needed. By so doing they have made habitable and wealthy service-

able and beautiful the driest God-forsaken place of these United States.

I cannot give you the names or numbers of these dams, they are so numerous. A few miles from my home is one made by making a concrete dam 183 feet high. It is just the stopping of a dry, barren space between two mountains. It holds some 5,000,000,000 gallons. It is the supply of Hollywood, Beverly Hills, Fox Hills and quite a bit of Los Angeles. It is so high up that it gladdens the lawns, supplies the homes of perhaps 150,000 people and makes one of the loveliest jewels in the brow of the world. They have one on big bear mountains that makes a lake 32 miles, besides its hundreds of side arms. It is full of fish. It creates one of the greatest playgrounds in Southern California. The water pouring down in the valley creates enough electricity to furnish every home in all of Scurry County and the water is spread over a greater area. It brings to everyone of you readers those big oranges you see on the boxes. Down in San Diego County there are 12 or 15 dams. Some make lakes 12 to 16 miles long. Some of these dams have been built 7 or 8 years and the rainfall is so light they are not half full. I have one in mind that after water is impounded they have to lead it around on the mountain 30 miles before they use it. But what wonders it creates when they let it down to the earth.

How do they do it? Well, they irrigate districts, they have it surveyed and the cost estimated and then vote bonds, sell those bonds and build them. Then everybody is charged so much per acre for irrigation and so much for 1,000 gallons for the home and this money goes to pay the interest and a sinking fund to pay the principal. Can you do the same? Yes, ever since 1905 I introduced and it was made the law of Texas the identical statute that this is done under. If you would get busy you could make Scurry the richest county in West Texas, yes the Egypt.

Well, can it be done without all this. Yes, there are thousands of places in Scurry County where the farmer can impound on his own land and water a few acres, make four

times more than he will on any unirrigated. Make it safe every year for enough to live on and stop scaring his wife to death fearing that her offspring will starve.

A. C. WILMETH.

Mr. Elwood was here this week buying cattle for his ranch near Lubbock.

DESERVES THE MEDAL.

Many American cities and towns have recently adopted the custom of holding newspaper voting contests to select the most useful citizen in their respective neighborhoods, a very interesting and commendable custom. Not long ago the little town of Montgomery, Ohio, held such a contest, and the medal was unanimously pinned upon the oldest country doctor in the county.

He has practiced for 47 years in the little town, and is still carrying on. He worked to save human life when there were no hospitals and no fast means of transportation. He traveled roads on which his buggy wheels mired to the hubs; he sat beneath a smoky kerosene lamp watching the spark of life ebb and flow, and if the worst came his hand

THREE TIMES BETTER THAN PLAIN CALOMEL

Here is a new combination of well known drugs that regulate liver, aid digestion, stimulate kidneys and acts as an intestinal antiseptic.

Actual tests prove that calomel, in connection with pepsin, makes the ideal day-in and day-out laxative, that can be taken at any and all times.

Whenever you need a good laxative, whether for toxemia, torpid liver, biliousness, headaches, constipation, indigestion or colds, go to any drug store and get a package of "pepsinated calomel" and you'll feel fine and fresh next morning. Sold by STINSON DRUG CO.

soothed members of the stricken family and steeled them for the dark hours on ahead. He had no book-keeper to rush out a cold, informal bill almost before the hearse had returned from the cemetery. Thousands of ministrations were performed by this good Samaritan for which he never received a cent—but he lives in the hearts of the people and has been voted the most useful man in his county.

We have such types around Snyder, men whose lives have been dedicated to helping humanity, rich or poor. A new school of practitioners has taken their place, but in the hearts of the people the old country doctor can never be replaced. To him the medal will always be awarded, because to him it will always be due.

Wroughton's Business College

Abilene & Wichita Falls, Texas
A Good Position—a big salary is what counts on the road to success. We quickly train you for a good position in a bank, wholesale house, mercantile establishment, and the like, and secure position for you. Coupon will bring SPECIAL information. Mail it today.

Fall Opening

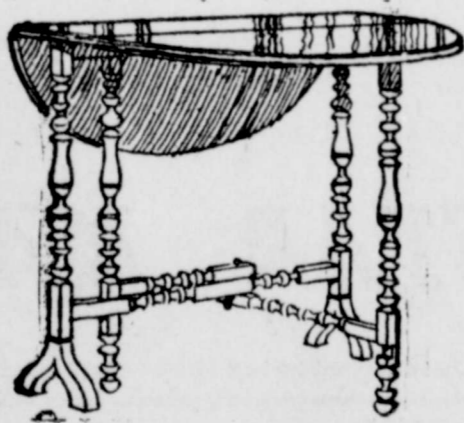

ANNOUNCING

The opening of our New Furniture Department, and the largest display of Furniture that we have ever shown in Snyder. Don't fail to visit this Department and see the display of the newest Furniture. It will be worth while to you, and a pleasure for us to show you. The new showing is on the balcony, just recently finished, and is over our Hardware and Dry Goods Department. The stairway leading to it may be found in the Hardware Department. An early visit from you will be appreciated.

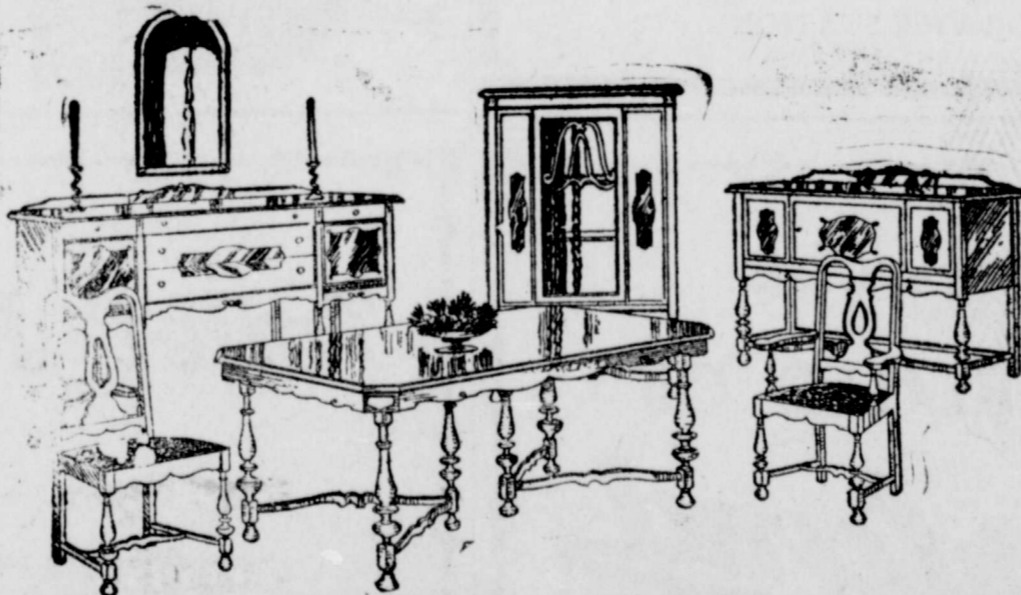

BED-ROOM SETS

For the bed-room we have some sets that are sure to please. High-grade furniture at a very moderate price. This will be found to be true throughout our entire line of furniture.

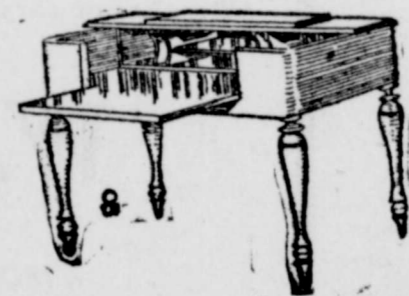

DINING ROOM TABLES

Some beautiful tables now on display, and the prices are very reasonable, too. A size and price to meet every need.

DINING ROOM

For the dining room what could be better than the beautiful set shown here. We now have in stock and will continue to carry, complete Home Furnishing.

WRITING DESKS

That school boy, or that school girl, would appreciate a writing desk. A good place to study makes better grades. See the desks we are showing. They are good values.
