AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, OCTOBER 1, 1925

Number 17

THE TIMES-SIGNAL SIGNALS

A woman's idea of one man getting even with another is to steal his umbrella and pray for rain.

Another thing hard to understand is how the average Snyder woman can complain about being hungry and then be satisfied with a lettuce sandwich.

What has become of the original flapper who rubbed red calico on her cheeks to get a ruddy complexion? Oh, you paint box!

A Boston doctor says a long sea voyage will build up rundown nerves. Tell it to a millionaire.

Some Snyder girls look as though they had fallen into a flour barrel, though a lot of them never get that close to the kitchen.

No matter how onery a man may be there are times when his wife thinks he's a wonder.

South Carolina has asked the war department for explosives to jolt rain out of the air, but why not wait for the Florida boom to do the job?

We've been doing a lot of observing here of late, and we have reached the conclusion that bobbed-

hair looks about as well as the little "go-devil" mustache, or the baby boy in long trousers.

The question of the ownership of the north pole isn't worrying the man who is trying to acquire ownership of a house and lot.

Maybe the reason some Snyder people don't use their own advice is because they give it all away to other people.

Still another good way to keep a stiff upper lip is not to exercise it too much.

If everybody in Snyder attended to his own business as well as a farmer's dog does when he comes to town it would be a better world.

Don't put off until tomorrow what can possibly be done today. For tomorrow it may be against the law.

Fish lies are now being crowded out to make room for the tallest stalk of cotton with the greatest number of bolls.

About the biggest fib a woman can tell is when she says she doesn't care what the neighbors say or think about her.

NATIONAL FIRE PREVENTION WEEK, OCTOBER 4-10.

Seldom does the editorial page "scoop" the news columns. This is an exception. A tremendous disaster occurred today. Property valued at \$1,466,744.44 was wiped out and 41 persons lost their lives by fire. The destruction proceeded continuously through the 24 hours; every hour \$61,115.60—every minute \$1,018.59—every second \$16.97 was wiped out.

This is another way of stating what the National Board of Fire Underwriters, the highest authority on the subject, tells us—namely, that our national annual fire loss is \$535,372,782.

What this means may be comprehended from a few comparisons. Our annual production of gold and silver is \$103,119,741—less than one-fifth of our annual fire loss. As a people, we produced wealth of \$1,900,287,000 in our 1922 corn crop; but we wasted more than 28 per cent of that amount by fire. Our 1922 cotton crop amounted to \$1,192,461,000; our fire loss was 44 per cent of that sum. In 1923 we paid our Government internal revenues, excluding income and inheritance taxes totaling \$309,015,050. We wasted by fire the same year more than half again as much as Uncle Sam collected in these revenues.

What is the cause of this loss? Fire department chiefs, insurance actuaries and other experts tell us that 75 per cent of our fires are partly or wholly preventable, the results of one form or another of carelessness. Carelessness is certainly to be denounced. But it is a delusion to think that the time ever will come when it will not be necessary to forestall the results of carelessness.

The fundamental cause of combustion is combustibility. And the way to forestall the results of carelessness is to build fire-safe. We must either admit that we "build to burn," or accept the challenge of the new slogan "Build Fire-safe."

SNYDER MAY GET NEW DEPOT.

The R. S. & P. Railway Company has declared its willingness to build a modern brick and tile depot on or near the site of its present depot, provided the people of Snyder will vote to close and keep closed the three streets that cross the company's switch trackage. It is said that the three streets in question are of very little use to the traveling public, and it is thought the people of Snyder will vote almost unanimously in favor of closing the streets, as the company had understood until recently that the streets would remain closed so long as the company's switch trackage and depot were where they are at present.

COUNTY AGENT BUSY.

County Agent Jno. F. Carmichael and Prof. M. D. Lewis, teacher of agriculture in the Snyder school, recently showed two interesting films at the Cozy Theatre in this city. The films were furnished by the United States Department of Agriculture, one showing the work of what is known among the girls and boys pig clubs as "One Ton Litter Club," the purpose of which is to grow bigger and better hogs than are now being produced. The other film showed the great work and the wonderful advantages of terracing land. The entire class was present and enjoyed the films as did also a number of our progressive farmers and business men who were present.

Films of this nature will be furnished Mr. Carmichael and Prof. Lewis every two weeks, and they will be shown here from time to time. This will no doubt result in much good, and the Times-Signal hopes to see a large number of our farmers and business and professional men encourage the teachers and pupils in this important work.

SPEAKS ON LOCAL AND COUNTY CLUBS.

Miss Laura Belle Roten, home demonstration agent, met with the ladies of Hermleigh and spoke on the organization of local and county clubs.

Much interest was expressed by those present and a vote was taken to organize a local club. Tuesday, October 6, was selected as the date on which to elect officers.

Those present were: Mesdames R. D. Kinney, H. J. Sims, C. Karnes, W. H. Ward, E. J. Ely, N. M. Murray, C. D. Rodgers, S. C. Randalls, B. Y. Rea, S. H. Paul, J. R. Patterson, T. J. Meener, J. I. Chorn, Alvin Ligeit, J. Nute Watson, Joe Davis, D. E. Watson, W. A. Clift, J. A. Scoggins and J. H. Lynde.

FORMER SNYDER PASTOR HERE.

Rev. S. W. Ditto, formerly of this place but now of Houston, has been here several days holding a meeting at Fluvanna. He has a meeting in progress now at the Methodist church in Ira. Rev. Ditto spent twenty-five years in Scurry County and has many friends here who are always glad to meet him on his return.

R. A. TUCKER.

R. A. Tucker died at his home on the H. P. Wellborn farm near Knapp last Monday of fever. Deceased was born March 8, 1887. He leaves a wife and several children. His remains were shipped to the Bethel cemetery, near McKinney, for burial.

WHAT'S DOING IN WEST TEXAS.

SAN SABA—Election to confirm the organization of San Saba Irrigation district carried in all precincts.

U. S. Hydrographic Survey has already completed its work and reports ample water can be economically stored to irrigate fifty thousand acres. The election culminates a thirty-five year fight for organization of irrigation district.

STAMFORD—Stamford Inn, one of the finest fireproof hostleries in West Texas has been completed and opened for business.

WICHITA FALLS—The Texas Water Conservation Congress convened here September 25-26. J. A. Kemp, president of the association presided. R. Q. Lee of Cisco, president of the West Texas Chamber of Commerce, addressed the meeting and stressed the importance of irrigation in West Texas.

MIAMI—The first bale of cotton ever marketed in Miami was ginned and sold here. On October 9 this city will hold a big celebration commemorating the completion of the first gin ever to operate here.

EL PASO—H. P. Hadfield of this city was re-elected president of the Texas Association of Real Estate Board at the Galveston meeting. Wichita Falls will have the next meeting of the Association.

AMHERST—Three new brick buildings and a new elevator will be built here at once. The Amherst Hotel will have a two-story brick extension. O. D. Halsell will put in the new elevator and has arranged for a spur track to be constructed to the site.

COLORADO—Bonds have been sold for Colorado's \$30,000 city hall. Plans are already complete for the new structure and the contract will be let at once. The new building will be two stories and will be modern. The bonds brought a premium of \$651.50 which speaks well for Colorado's financial integrity.

SWEETWATER—Construction is under way on an underpass on the T.-P. railway for the Bankhead Highway just east of this city. Paving of the highway through Nolan County is proceeding rapidly.

DIMMITT—The first cement sidewalks have been laid in this city. It is planned to push a campaign of sidewalk construction for the town.

HEREFORD—Construction of a new \$50,000 ice plant has been started here by the West Texas Utilities Co. A celebration was held in honor of the event. Mayor Ireland pressed the button starting the construction machinery and a large gathering of citizens was present.

CHILDRESS—Plans are complete for the new \$150,000 depot for the Denver road here. In addition to providing accommodations for the traveling public the building will contain rooms for the division offices. The building will be architecturally beautiful.

LITTLEFIELD—Twenty trucks to transport children to and from Littlefield schools have arrived here. Truck transportation of school children is proving popular in West Texas. Rotan and Muleshoe being other Texas towns that have provided fleets of motor trucks for transportation.

ABILENE—West Texas is asked to observe Fire Prevention Week, October 4-10, by State Fire Marshal J. J. Timins at Austin, who in a letter to all fire marshals, calls attention to fire hazards existing which every town should seek to remove. Fire prevention, he declares, is a matter of education and he urges all towns to join in the move.

PLAINVIEW—Two new telegraph lines will be installed between Amarillo, Plainview and Lubbock by the Western Union Company to take care of increased business in this section.

W. T. Black has returned from Arizona and New Mexico. He says that Snyder looks mighty good to him, and better than it ever has looked since the square and so many streets have been paved. He will spend the fall and winter in Scurry County.

Mrs. C. P. Shafer is visiting in Fort Worth this week, and Charlie is having a hard time trying to eat his own cooking, but says that he thinks maybe he can put up with it for a week, anyhow.

John L. Waskom and son, Mac, returned Saturday from Shreveport.

GOOD BAND ASSURED.

At the regular meeting of the Lions Club Tuesday, committees were named to call on the business and professional men and other residents of Snyder for monthly pledges to support our band during the coming year. Snyder has one of the best young bands in West Texas. This fact was proved at the last meeting of the West Texas Chamber of Commerce at which meeting the Snyder band carried off second honors. This fact alone ought to be sufficient reasons why the band boys should be supported in their efforts to win first honors at the next meeting of the Chamber of Commerce. Besides, every town needs a good band. There are few organizations that give a town greater and wider publicity than a good band, saying nothing about the enjoyment that so many get out of the music that a good band produces. If you have not renewed your pledge be ready to do so when the committee calls on you for it.

LIONS BACK OF FOOTBALL TEAM.

The Times-Signal is glad to know that the Lions of Snyder are back of the high school football team, and not only have they contributed already something like \$75 in cash to the football boys, but are going to donate each member a fine sweater. That's the way to support home boys. The Times-Signal will be glad to publish their game schedule free if some one will report the games and the dates on which they are to be played.

AUTO ACCIDENTS.

"Doll" Williams' Maxwell touring car collided with a Ford on the Highway between the business section of the city and the Santa Fe station Sunday. The Maxwell went into the ditch, landing on one side. It was badly wrecked. The Ford was also badly "jimmied". Fortunately no one was hurt.

A Ford coupe in which the Misses Hood, Misses Annabell Clark and Gwendolyn Chambers were riding collided with a Pat Johnston's delivery car almost in front of the Strayhorn garage Wednesday morning. The coupe was turned completely bottom up. The car was rolled over on one side and the girls got out through the door while the car was still on its side. Neither the coupe nor the delivery car was damaged to any great extent.

Dick Randalls has returned home from the hospital where he has been recovering from an operation for appendicitis. Dick is getting along fine and will be recovered in a short time, which news will be gladly received by his many friends here.

Tom Condra is telling you in this issue how you can own a home of your own just as easily as you pay rent. It is worth looking into.

The Economy Store is advertising in this issue the opening of its big semi-annual sale, Friday, October 2. Mr. Rosenberg kindly invites all Times-Signal readers to read his ad carefully before passing up the bargains he is offering.

J. H. Middleton of Lake View was here this week visiting his brother, Jack, and to be at the bedside of his father, J. A. Middleton, who has been very low for several days.

Mr. and Mrs. R. E. Bynum and Mr. Bynum's mother, Mrs. Anna Bynum of Kaufman visited R. E. Gray and brother this week. Mrs. Anna Bynum being a sister to the Gray brothers.

Miss Ida Kelley returned Monday from Abilene where she visited Mrs. M. E. Rosser and children.

HARRIS. CANTREL.

Miss Lillie Cantrell of Gail and Mr. Clifton Harris of Cisco, were married at the home of the bride's parents, Mr. and Mrs. A. J. Cantrel last Saturday, Rev. L. D. Sanders of Snyder officiating.

The bride is one of the county's fairest daughters, and one of the county's most popular teachers. The bridegroom is also a popular teacher, and although a new man in Gail and Borden County, he has already made many friends who are extending him heart congratulations on his success in winning so fair and popular a bride as Miss Lillie.

THOMAS H. CROWDER.

Thomas H. Crowder, one of this city's old and most beloved men, passed away at his home in North Snyder Wednesday.

"Uncle Tom," as he was familiarly known, was one among the county's first settlers, having settled on the old Crowder farm about seven miles out west of Snyder something like 35 years ago. He was universally loved, because he was one of God's noblemen.

Funeral services were conducted at the Methodist church in this city Wednesday, Rev. A. B. Davidson officiating.

We are promised an obituary of this good man for next week's issue.

COTTON GINNING REPORT.

Although cotton has been coming in slowly on account of the recent heavy rains, this week has shown a great improvement over last week. Following is the ginning report of the six gins of Snyder at 4 o'clock yesterday (Thursday) afternoon:

Boren-Taylor gin	100
Trice gin	228
Reichardt gin	115
Williams & White	200
Fuller gin	180
Farmers' Union gin	77

H. L. DAVIS COMPANY IMPROVES STORE.

The H. L. Davis Company has just finished the work of making some very noticeable improvements on the store building and in rearranging the stock of goods. The stock has been completely departmentized, thus adding greatly to the appearance of the stock and adding much to the convenience in taking care of the trade. You will be favorably impressed with the change on entering the store.

C. M. ERWIN.

C. M. Erwin, aged 52 years, died at his home in this city Tuesday, after an illness of several days with fever. Deceased was born in Parker County, Texas, February 24, 1873, and was a carpenter by trade. He leaves a wife, five brothers and one sister. Funeral services were held at the Presbyterian church, Revs. Manley, Sparks and Davis officiating.

W. A. HICKEY.

W. A. Hickey died at his home at Ira, September 22, at the advanced age of 74 years. Mr. Hickey was born in Tennessee, October 22, 1850, and at the time of his death, was making his home with his daughter, Mrs. Lindsey. He died very suddenly, his death being due to heart failure.

JUDGE STINSON IMPROVING.

Judge James P. Stinson, who has been seriously ill for some time at his home in Abilene, with acute indigestion, is now almost recovered. His recovery will be glad news to his many friends in Scurry County.

Mrs. R. G. ELLIS OF DALLAS, TEXAS, IS VISITING HER MOTHER, Mrs. KATE COTTEN, THIS WEEK.

Mrs. R. G. Ellis of Dallas, Texas, is visiting her mother, Mrs. Kate Cotten, this week.

Tom Huffman shipped a load of cattle to Fort Worth Monday. Mr. Huffman is getting to be one of the county's biggest cattle shippers, and says that he is always in the market for good shipping stuff.

Mr. J. L. Johnson of the Burton-Lingo Lumber Company was here from Fort Worth this week looking after his business interests. Mr. Johnson told a Times-Signal reporter that the company's business here so far had exceeded his expectations.

Mr. G. L. Keener, pharmacist and chemist of Fort Worth, is here assisting N. S. Crenshaw with his new drug store. Mr. Keener will be associated with Mr. Crenshaw in the prescription department.

Rev. and Mrs. A. B. Davidson and about fifteen other Sunday School workers in the Methodist Sunday School attended the district Sunday School conference at Sweetwater Thursday. Several Sunday School experts from Nashville were present and gave much valuable instruction and valuable information in Sunday School work.

A small child of Mr. and Mrs. T. T. Merrill died at the family home at Ira Sunday. The Times-Signal failed to learn full particulars.

BOYS AND GIRLS! WIN THAT FIFTY DOLLARS

Boys, read the Times-Signal's big ad in this issue, then cut out the Nomination Blank, fill it in and send or bring it to this office. It will cost only a little time but it may mean \$50.00 to you. Remember that the person who nominates the winner of the Chevrolet Coupe will get \$50 in cash and the one who nominates the winner of the Ford Coupe will get \$25 in cash. Anybody can nominate but it would be best to take a little time and nominate a person you think will make a winner. \$50 or even \$25 would make a girl or boy a pretty nice Christmas present. Better hurry, as some one else might nominate the same person you nominate, and the first nomination received at this office will be the one accepted as the real nominator. Be sure to fill in the Nomination Blank correctly. No one will know who you nominated unless you tell it, as it will be kept a secret at this office until the close of the contest.

DARBY AND BERTRAM TRADE FARMS.

Ed Darby of this city has traded his home place at the west edge of Snyder to W. F. Bertram for a section of fine land on the Plains of New Mexico. This land on account of the excellent rains and the new Santa Fe railroad that is now being built out that way at the rate of a mile of trackage a day, is rising rapidly in value. It is said to be as fine land as the Texas Plains land and in a few years will command a fancy price.

PARENT-TEACHERS' ASSOCIATION.

With the opening of our excellent public school the Parent-Teachers' Association renewed its activities. It is a well-known fact that the Snyder Parent-Teachers' Association is about the liveliest organization not only in Snyder but in this part of the State. This organization got practically everything it went after last year, which, with a live board of education, an excellent faculty and a fairly good co-operative spirit on the part of the patrons, the Snyder school raised its rating both in additional units and in popularity generally.

Every parent in Snyder ought to be a member of the Parent-Teachers' Association, and take an active part in the great campaign its active members now have under way for the betterment of the schools during the school year now before us.

LAMESA DEFEATS SNYDER.

The Lamesa football team defeated the Snyder Hi here last Friday, 19 to 0. But it was not a walk-away for Lamesa by any means, but hard fought in every position. One noticeable thing about the game was the fact that there were almost as many persons from Lamesa to see the game as there were from Snyder.

Let everybody remember that it takes support to make a winner out of anything. Therefore, let everybody turn out this Friday and see the big game between Snyder and Sweetwater. Not only will you see a good game but you will lend a whole lot of encouragement to our players. Let's all go!

500 COTTON PICKERS COMING.

There will be 500 cotton pickers in Snyder some time Sunday. If you need any be here and choose the number you need.

Mr. R. L. Kincaid, Mrs. Paul Shirley and Miss Emily Purcell of Crowell visited relatives and friends in Snyder this week. Mrs. Kincaid visiting her sister, Mrs. Jno. F. Carmichael, Miss Purcell visiting Mrs. Carmichael and the Yoder families, and Mrs. Shirley visiting Mr. and Mrs. A. C. Preult.

Miss Ella Fouts and Miss Willie Barnett of Rotan visited in the Joe Strayhorn home Tuesday.

Misses Willie McCamant of Abilene and Sallie Boone of Camp Springs were house guests at the home of Miss Mertie Akers.

Mrs. J. M. Harris and son, Martin, returned Friday from Fort Worth where they have been visiting for the past ten days.

BUY IT IN SNYDER

Do Dallas, Fort Worth, Kansas City, Chicago help pay taxes in Scurry County? No. But Snyder business men pay a large part of those taxes. Who deserves your support?

BANTAU & FISH TAILORS

The firm, Bantau & Fish, is comprised of Morse Bantau and Earl Fish. They have, by untiring effort, fair dealing and always the best possible service, builded a modern cleaning plant in Snyder. Just one year ago they started to adding the machinery that may be seen here—washer, extractor, tumbler, all complicated and expensive machines to install, but Messrs. Bantau and Fish consider that the people of Snyder and Scurry County should have the tailoring service that larger cities have, so here we have it.

These men, like many other good citizens of Snyder (our home town), are strong advocates of the buy-it-in-Snyder idea. Why? Because it is right, prosperity begins at home. In the helping of our neighbor we help ourselves. Sending your money

OUR CLEANING PLANT.

In the above picture may be seen the washer, extractor and tumbler. First the clothes are cleaned in the washer, and cleaned in a chemical fluid that thoroughly disinfects and cleans. Next they are put in the extractor, which is driven at 1,700 R. P. M., by an electric motor. This tremendous whirling power pushes the cleaning fluid out of the garments. Next they are put in the tumbler, a slow motion machine, with hot air continually shot into it. Clothes come out of this perfectly dry. Then they are ready for the presses, pleating machinery, etc.

away to mail order houses, buying merchandise out of your home county, this cannot make the place where you live better. It only tends to make the prosperity of the home town less, and build the city in which the mail order houses are located larger.

Messrs. Bantau and Fish are for anything and everything that will make Snyder better and larger, and as a city grows so grows the people.

Messrs Bantau and Fish will greatly appreciate your tailoring work and have the necessary machinery and skillful men to do the most difficult work. They also are agents for the J. L. Taylor line of clothing for men—fine tailored clothes at moderate prices.

Snyder and Scurry County is becoming a better place to live every day. Let's keep our money at home, buy at home, and let the kiddies use the mail order catalogs to cut paper dolls out of.

CAMP SPRINGS.

Miss Roten met with the members of the Demonstration Club here on Friday evening, September 25, at the home of Mrs. Metcalf. Those present were Mrs. Metcalf, Mrs. Pollard, Mrs. J. D. Boone, Mrs. DeShazo, Mrs. Tom DeShazo, Mrs. Ab Perry, Mrs. Fields, Mrs. Adams, Mrs. Talley, Mrs. Horton, Mrs. Howell, Mrs. Coan, Miss Sallie Boone and Miss Ruth Horton. There were two visitors—Mrs. Metcalf's aunt, visiting her from the Plains; Mrs. Addington, and Miss Myrtle Akers from Snyder came out with Miss Roten.

Before beginning with the salad demonstration the club had a business meeting and elected new officers. However, we re-elected our same president, Mrs. Talley, for she has kept the club going and we feel like no one can take her place.

Mrs. Fields was elected vice-president, Mrs. Lydia DeShazo, secretary, and Mrs. Pollard, leader. Then the business meeting adjourned. Sang, "Blest be the Tie That Binds," and began making the salad. The evening was surely enjoyed by everyone. I'm sure, for Miss Roten made 23 different kinds of salad. When we had finished making the salad and placed it all on the dining table, my, but it looked pretty and good and tasted lots better. We all ate till we couldn't and still had salad left. Afterwards we tried to sing but couldn't very well, because we had eaten so much. Then we named our club, "Happy Camp."

The meeting adjourned about 5:30 o'clock till our next meeting, which will be Friday evening, Oct. 9, at the home of Mrs. Fields. All the ladies in the entire community are cordially invited.—Reporter.

HERMLEIGN.

Church News.

Bro. W. G. Tankersley, the newly elected pastor of the Central Baptist church here, was in his new place last Sunday, and delivered two sermons to a full house each time. Everyone seems well pleased with the new pastor, and we all wish him God speed and the best of luck in his new position. The dates of preaching services have been changed from the 1st and 3rd Sundays in each

month to the 2nd and 4th Sundays. Activities of Methodist church will be found elsewhere in this issue.

Business.

Mr. C. O. Brandon has sold part of the fixtures of his cafe to Mr. McFarland and the latter has opened another cafe. Mr. Brandon has moved to the north side of the street.

Own the Farm You Work
 We Are Selling Land From \$5.00 to \$40.00 per Acre
50,000 Acres
 OF FERTILE SOUTH PLAINS LAND

OFFERED TO FARMERS WANTING HOMES WHERE A MAN WITH SMALL MEANS CAN BUY A HOME AND PAY FOR IT.

Lack of money is no longer an excuse for a man not owning the farm which he works. With the highly productive lands we offer for sale on such reasonable terms and long time of payment, any man who is reasonably industrious can, in a few years, own the farm which he works.

In Lamb and Bailey Counties, two of the best counties on the Plains of Texas, we have secured contracts for selling 50,000 acres of fine ranch land which is now being cut into tracts of from 160 to 177 acres. These lands are all located in proven agricultural territory where successful crops of corn, wheat, cotton, oats, barley, milo, kaffir, fruits and garden truck have been profitably grown for several years.

THE MULESHOE RANCH LANDS

As the advantages of the Muleshoe country are becoming more widely known, the population is rapidly increasing and developed. Raw lands can still be bought at \$25.00 to \$50.00 per acre. Small cash payment, balance at 6 per cent.

THE FAMOUS SPADE RANCH

The second subdivision of the well-known Spade Ranch is now on the market for sale and settlement. It is just the same kind of land as was sold out in record-breaking time when the first subdivision of 45,000 acres was put on the market last October. This land may be purchased at \$5.00 per acre cash, balance 15 years at 6 per cent interest.

Ask us for full details concerning the purchase of a farm on the "Crop payment plan." Any man can own his home and pay for it with the rents he would pay his landlord.

FREE AUTOMOBILE?

Part of the great campaign ending. The race bids are going to give away AUTOMOBILES and

THE RACE. "NOMINATION BLANK". Write the name of some one you like and mail

or bring to this office. Any white person in Scurry or any adjoining county is eligible to enter. This nomination blank properly filled in and signed by you will start you or any other person you may nominate off with 5,000 votes.

\$50.00 Cash to One Nominating Winner of First Prize, and \$25.00 Cash to person nominating winner of Second Prize. Costs NOTHING TO NOMINATE.

If you nominate the winner of the first prize, you will be given \$50.00 in cash. If you nominate winner of

second prize, you will be given \$25.00 in cash. It costs nothing to nominate—all you have to do is to fill in properly "NOMINATION BLANK" in this advertisement, fill it in properly and send or bring to us. This nomination blank will start you or the person you may nominate with 5,000 votes to his or her credit. Several persons may NOMINATE THE SAME PERSON, in which case, the first nomination to be received at the Times-Signal office will be declared the nominator of said person. Therefore, if you have a live, popular person in mind, better nominate him or her at once, before some one else gets ahead of you.

The second prize is a

FORD COUPE

Sold by Joe Strayhorn of this city for \$615.00

Cash prizes to those who nominate the winners, \$75.00.

Total value of prizes, \$1500.00.

"NOMINATION BLANK" and no "GUESS" with fraudulent contestants close together in here you got every vote nobody will be privileged because of the managers of

criptions to the Scurry Times and new subscribers votes. Each contestant will receive a special receipt "BE GIVEN EACH FOR OR RENEWS

FOR THE TIMES-SIGNAL, and every receipt MUST BE MADE IN DUPLICATE, as the votes will be checked up from the DUPLICATE RECEIPT. Remember, you must first be NOMINATED and ENROLLED on our CONTEST BOOK as an AUTHORIZED SOLICITOR. The next thing is to go to work, pay no attention to what you may hear, but rest assured that you are going to get a square deal. Get your friends to work for you. Don't say, "I'd enter the contest if I was sure that the automobiles will be given away." Don't worry about that, because they will be given away no matter how few or how large the number of subscribers we get. These cars have already been purchased and will be on display at the Webb Motor Company salesroom and at

the Strayhorn Motor Company's salesrooms, just as soon as one of the latest models can be secured. The thing for you to do is to get busy NOW.

WHEN TO REPORT

The first report of the STANDING OF THE CONTESTANTS will be published in the issue of the Times-Signal of October 15, and will be published in each week's issue thereafter. Each candidate is asked to report at the Times Office on WEDNESDAY, OCTOBER 14. The race will then be on in EARNEST. READ THE FOLLOWING RULES CAREFULLY, THEN GET BUSY.

and after contest closes, and ballots will be counted. The person with the most votes will be declared the winner of the coupe, and contestant with the most votes will be declared the winner of the coupe. The person nominating the winner of the coupe will be awarded \$25.00 in cash.

14. No person in any way connected with the Times-Signal as owner or employe can either nominate a candidate or become a contestant.

15. A two years' subscription does not mean two individual subscriptions, nor does a five years' subscription mean 5 individual subscriptions for \$6.00, but that \$6.00 will pay one person's subscription up for FIVE years. The same holds in all ten years' subscriptions. This is done in order to avoid having to have subsequent contests in order to hold our circulation up to a certain number.

16. No special favors will be shown any person, but the foregoing rules and conditions will be strictly complied with.

In case of a tie the car will be sold and money it brings equally divided.

Because of the fact that there are only three zoos in the United States that have a rhinoceros, a St. Louis millionaire has purchased a rhinoceros for \$10,000, and placed it in a St. Louis zoo for children to look at. Why didn't that millionaire take that money and use it in making about fifty poor St. Louis children comfortable?

A blind couple, the man 78 and the woman 69, were married at Edmond, England, the past week. Verily, this is a real case in which love must have been blind.

We see where a man at Eden, Texas, slapped his wife and then killed himself. Something in a name! The first fatal trouble between man and wife took place in Eden.

About the only way to get business is to go after it.

Now is harvest time. So, not only strike while the iron's hot, but make it hot by striking.

Don't forget that the success of a school like the success of anything else, depends largely upon the support given it by the people. Therefore, let everybody put his shoulder to the wheel and let's keep the Snyder public school the best in all West Texas.

Don't fail to read carefully the two-page ad in this issue telling how you can win an automobile absolutely free. The Times-Signal agrees and promises each person a fair and square deal. No padding of ballot box, no transferring of votes, no favors shown, but a fair and square subscription getting campaign with one purpose only—to increase the Times-Signal's subscription list to 3,000. We've got to have 'em, and are depending on our very best friends to help us get 'em. There-

fore, fill in the nomination blank today, send it in or bring it in and let your favorite candidate get to work early while the field is new. If you nominate the winner of the first prize you get \$50.00 in cash; if you nominate the winner of the second prize you will get \$25.00 in cash. Read big ad in this issue for further particulars.

Now that hog cholera has broken out in Manila, causing scores of deaths among the natives, evolutionists will no doubt use this as argument that the hog is the "missing link" between man and lower animals.

The Garland News got out 16 pages last week, and Mr. Holford, the editor, commented on the big issue as follows: "This issue of the News is the best anti-mail order argument we have ever published. The merchants are making this argument in unanswerable language."

You are right, Bill, dead right. Whenever the business men of a small town send out such an invitation for the people to trade in their town, they score one of the biggest things possible against the mail order houses.

The fakir season is now here, and it behooves every person in Snyder and community to be on his guard. The fakirs from all over the country will assemble in those places where good crops are being harvested and marketed to get some of the farmers' hard-earned money. Remember, friends, that those fellows who are offering you such wonderful bargains are not out as missionaries to alleviate your pains or to give you something for nothing. Don't forget that. Neither do they pay taxes to help educate your children, build Scurry County roads, keep up the schools of the county or to lend you credit during the dull, trying months. Spend your money where you will have a chance of having it come back to you. The Times-Signal honestly believes that our city dads ought to tax such grafters so heavily that it would be impossible for them to sell their wares within the corporate limits of the city.

Jim Ferguson announces that on November 26 he going to free one

hundred convicts. And yet some folks wonder why people who believe in law enforcement are disposed at times to take the law in their own hands. Men, read the papers, and you will see that the worst crimes that are being committed today in three out of every five cases are committed by men with a prison record, or by young men who have been given a suspended sentence. There always has been a class that obeyed the law because they were afraid of the penalty of disobedience, and there always will be that class, and whose numbers are going to increase so long as there is no fear of their being punished. The man who holds himself in obedience of the law because he fears the law is not only a mighty sorry citizen but is a criminal at heart and should be kept where he will not be given a chance to menace the public. Law subserves two main purposes—to convict the guilty and to protect the innocent, but it has almost come to the point in our legal affairs that neither the guilty nor the innocent can get justice. It has almost reached the point to where the real honest-to-goodness citizen is asking himself the question: How much longer can we put up with it?

Makes Night Driving SAFE

The Controllable Beam on the Better Buick
Night driving strain, the blind insecurity when you dim to keep glare out of the eyes of an approaching driver—both have been eliminated by the Controllable Beam Headlight, a feature of the Better Buick. Daytime visibility every inch of the way! Bright light all the time! A simple control on the steering wheel lowers the beam when you near another car. And this is only one of many 1926 improvements which Buick engineering has given to the Better Buick. 75 horsepower and more; Duotone in Duco finish; Triple Sealed Valve-in-Head engine; light-pedal-pressure clutch; approved mechanical 4-wheel brakes; and many other exclusive advancements now make the Better Buick the better car to own and drive.

Friendship --- Storms

We all have what are commonly called "fair weather" friends. They are the individuals who are our friends as long as our affairs run smoothly. But those who count most in friendship is the man, or the group of men, who can be relied upon to stand hard by when the inevitable storms arise. An account with a strong useful bank is the first step towards taking out the best financial storm insurance in the world. The personnel of this bank believes that it is their privilege to serve friends in more ways than in a financial way. Your troubles are ours, whatever their nature. S. S. CLASS ENTERTAINED.

The young woman's class of the Methodist church was delightfully entertained at the home of Mrs. Frank Darby Thursday afternoon, Sept. 24. Mesdames Darby and Jones were joint hostesses. New officers were elected as follows: Mrs. Earl Williams, president; Mrs. Wellington Taylor, secretary and treasurer; Mrs. Homer Snyder, reporter.

After several business matters were discussed, those present entered into lively contests. We have these monthly social meetings in order to get better acquainted and to create a feeling of good fellowship among our members. Those present at this time felt that the afternoon had been well spent and were indeed glad that they came. The hostesses served a delicious plate luncheon to the following: Mesdames Preuitt, Hicks, Williams, Taylor, Harless, Winstead, Jones, Darby and Snyder.

The new officers and our teacher, Mrs. Preuitt, desire the sincere co-operation of every member in order to make this the best class in the Methodist Sunday School. And surely there is none so important as the class which gives the young wives and mothers the proper training on the Christian way of living. So if you are a young married woman and are not working with any other church, you are eligible to our class and we want you to work with us.

Mrs. Preuitt will have a Halloween party at her home, Thursday evening, October 29, for the members of this class and the missionary auxiliary and their husbands. Please be present and come in costume.

EL FELIZ CLUB.

Mrs. H. L. Davis was hostess to the El Feliz Club Friday afternoon, Sept. 25.

The business session was given over mostly to the planning of a party, to be given by the club at the home of Mrs. A. D. Erwin, Friday afternoon, October 9, for the Sans Souci Club, and ladies of the Snyder school faculty.

At the close of an hour's playing the hostess, assisted by Mrs. A. D. Erwin and Mrs. George Northcutt served a delicious two-course luncheon to the following club members and guests: Mesdames Wm. Wilsford, Fritz Smith, Austin Erwin, C.

BANKERS HELP

The banks of Linn County Oregon, are showing more enthusiasm than ever this year in behalf of a county corn exhibit similar to that held last year at the Linn County Fair. Last year's exhibit was the result of a contest for a prize offered by a number of local banks. This was so successful that this year ten out of the eleven banks in the county will subscribe to the effort.

The Agricultural Committee of the Alabama Bankers Association has recommended that a scholarship fund be established for the education of worthy young men and women along agricultural and home economics lines. It is estimated that if each bank in the state were to contribute 25 cents per thousand capital, five to six thousand dollars per annum would be realized.

The Agricultural Committee of the Oklahoma Bankers Association, in its report, recommends that the bankers see that a competent agent is appointed in each county and that he has a degree from some agricultural college. They believe that the agricultural possibilities of the state should be better advertised and that each county bankers association should do some work along that line.

Searcy County Bankers Association, Arkansas, entertained as its guests recently some seventy-five farmers and business men. The result was the organization of the North Central Arkansas Agricultural Association. Its purpose will be to co-ordinate the efforts of the farmers and business men in promoting a better agriculture. Searcy County bankers are giving 100 settings of purebred eggs for distribution to the boys' and girls' clubs in the county.

H. S. Mowrer, chairman of the Agricultural Committee of the New Jersey Bankers Association, together with H. J. Baker, director of extension work in the College of Agriculture, made a complete tour of the state this spring, calling on the county agents and agricultural committees of the various county organizations to get a definite line-up on the work done and the plans for the coming year. Ways and means for furthering the program of the state committee were considered at these conferences.

OBITUARY.

Mrs. E. F. Woods died at the age of 77 years and was buried at Ira, Texas, where her husband was buried several years ago. She was born in Harris County on the site that is now occupied by Houston. She moved to Scurry County with her husband and family in 1900 and located on a place 5 miles northeast of Snyder, where she remained until 1913. She died after a lingering illness and has gone to her reward, prepared by all who believe in Jesus Christ. She was a devout member of the Christian church. She is survived by six children all of whom were present at the funeral.

Mrs. Woods was well-known and her death will be mourned by the old-timers of Scurry County.

Dearest Mother, thou hast left us Here the loss we deeply feel, But it is God who has bereft us He can all our sorrows heal.

YOUNG WOMAN'S AUXILIARY.

The Young Woman's Missionary Auxilliary met with Mrs. Wellington Taylor, Monday afternoon.

Mrs. Snyder was an excellent leader for the Bible study which was enjoyed by all.

We completed our book entitled "About Jesus", and we feel that we study.

Our new book was distributed and our first lesson assigned. Each member is urged to be present next Monday and start with us in our new subject "Healing Ourselves".

The hostess served delicious refreshments, after which we adjourned to meet at the church, Monday, October 5.—Reporter.

CARD OF THANKS.

We wish to take this method of thanking our friends and neighbors for the many kindnesses shown us in our saddest hour, the illness and death of our dear, sweet baby. Especially do we wish to express our appreciation to Dr. Parson and Bro. McGaha for the faithful services rendered and kind words spoken. May God's richest blessing rest upon you all.

Prescriptions Carefully Compounded

The words, "Prescriptions Carefully Compounded," placed on the front of a Prescription case, ought to mean everything to you if it means anything at all.

But after all, your safety depends on the therapeutic knowledge and the carefulness of the man behind the words. The really careful pharmacist does not trust his eyes when in doubt as to the identity of a drug, because there are deadly poisons which the eye alone could not distinguish from harmless drugs. The efficient pharmacist knows how to make a never-failing chemical test, when in doubt; the careful pharmacist, when in doubt, never fails to make it.

The foregoing are only timely reminders from men serving the public in the capacity of Prescription Specialists.

NINE VITAL FACTS

Here, in brief form, we present for your information nine vital facts underlying the success of Dodge Brothers, Ins., and the goodness and value of their product.

Dodge Brothers, Inc., consider these facts so fundamentally important to the motor car buyer that they will be repeated, from time to time, until every newspaper reader in America may be presumed to have read them:

Dodge Brothers, during the past eleven years, have built and sold more than one million four hundred thousand motor cars—and more than 90 per cent of these cars are still in service. This record requires no comment. It stands impressively alone in motor car history.

It has never been Dodge Brothers' policy to build yearly models. When an improvement, that is really an improvement, is discovered, it is made at once. Their slogan, "Constantly Improved But No Yearly Models" is familiar the world over.

Dodge Brothers build one chassis and only one. This policy materially lowers manufacturing cost. It also enables Dodge Brothers engineers to concentrate their entire time and thought on the betterment of of this one type.

Dodge Brothers have never had an "off year" or an "off car." This is because they have never used the public as a testing ground for "new models" or lowered the quality of their product in the slightest degree. Every change has been an improvement on the original design.

Dodge Brothers pioneered in building the first all-steel open car and the first all-steel closed car. These epochal developments

have saved Dodge Brothers owners many millions of dollars by materially prolonging motor car life and by effecting marked economies in manufacture. This construction has also reduced incalculably the danger from accident and fire.

Dodge Brothers sell directly through their dealers to the purchaser. There are no sectional distributing agencies to increase the cost of distribution and the cost of the car. **Dodge Brothers have never given so-called "free service."** The car is sold at a fair and honest price. Nothing is added to this original purchase price to pay for service that the owner may never need.

Dodge Brothers Dealers were pioneers in unanimously adopting the flat rate service system. By this system, the owner knows in advance what any service job will cost. There are no unpleasant surprises in his bills.

The sturdiness and long life of Dodge Brothers Motor Car is reflected in its resale value. Comparatively few Dodge Brothers Motor Cars are advertised in the resale columns of the newspapers. The values they bring testify unanswerably to their goodness—and the public's belief in their goodness.

The purchase of an automobile is a serious and important business. The time has passed when transient novelties can lead a thoughtful buyer to overlook the great essentials of motor car worth.

A few of these essentials are clearly outlined above. They go far to explain why Dodge Brothers name is accepted, the world over, as the hall mark of dollar-for-dollar value.

LIT CHAPMAN GIVEN 99 YEARS.

Found guilty of a charge of murder Lit Chapman, 35, was given a sentence of 99 years in the State penitentiary by a jury in district court in Abilene Thursday morning for the fatal shooting of his former wife, Eunice May Chapman, at her home here on Sycamore Street Sunday, April 5, 1925.

The verdict was returned at 9:08 o'clock following a deliberation of about an hour and a half. The verdict was read by District Clerk J. K. Fuller. Chapman was unmoved as the verdict was read. His father and brother sat by him while the verdict was read.

All testimony in the case was completed Wednesday afternoon shortly after four o'clock when the State completed its rebuttal testimony. The defense gave no rebuttal and court went into recess until Wednesday night to permit District Judge W. R. Ely to prepare his charge to the jury.

Arguments were opened Wednesday night at eight o'clock, the courtroom being nearly filled. District Attorney W. J. Barnes of Eastland opened for the State. He was followed by Lon A. Brooks for the defendant, District Attorney Milburn S. Long for the State, E. T. Brooks and Charles E. Coombes for the defendant. W. J. Cunningham completed the argument for the State. Each side was allotted two hours for argument and the case was handed to the jury at 12:45 o'clock Thursday morning.

The prosecuting attorney made strong demands for the death penalty as punishment for the shooting of Mrs. Chapman. The defense pleaded for mercy and sought a verdict of not guilty on the contention that no evidence had been introduced to prove that Chapman did the shooting, that if he did kill her it was for self-defense since she is alleged to have made threats, and that he was temporarily insane.

It was intimated Thursday morning that the defense would file a motion for a new trial. Should this be denied an appeal will be taken to the court of criminal appeals, it was intimated.

HARD TO SATISFY.

It appears that about the hardest thing the United States government has to do is to please the railroad companies. They are continuously clamoring for permission to raise freight rates, despite the fact that right at this minute they are hauling more freight than ever before in the history of the nation. Their latest alibi is that auto trucks are cutting their business to such a point that they must get a higher freight rate or lose money. But farmers and manufacturers, our heaviest shippers, are preparing to fight an increase on these grounds, and will have figures to back up their argument if the matter is taken up by officials at Washington. No one, of course, wants to see the railroads lost money. But at the same time there is no one anxious to see them given free reign to raise rates as they choose. We need our railroads; we must have them. But so long as they are overwhelmed with freight, as they now are, and at the highest freight rates in history, it's pretty hard to convince the general public that they've got a raise coming to them. At any rate, it would be a hard matter to convince Snyder folks that a raise is needed.

Henry Rosenberg, proprietor of the Economy Store, observed Yom Kippur, a popular Jewish holiday, Monday by keeping his store closed all day.

Mr. and Mrs. Roy Garner and daughter are expected to return this week from the Lower Rio Grande Valley to which place they moved several months ago. It is reported that they are returning to make this their permanent home.

Misses Cecil and Dorothy Strayhorn, Mary Lynn Nation and Frances Stinson visited in Rotan Sunday.

Joe Strayhorn is in Marlin getting "boiled out" at the famous hot wells of that city. He will return by the way of Dallas and look after some Fords he has on cold storage in that city.

R. C. Grantham transacted business in Rotan the past week.

N. S. CRENSHAW OPENS "CORNER DRUG STORE."

A. C. Winketh, owner of the building at the southwest corner of the public square, has been busily engaged the past week with a force of men completely overhauling the building which is to be used by N. S. Crenshaw who will open an up-to-date store.

In an interview with Mr. Crenshaw he told a Times-Signal reporter that he had spared nothing that would prevent his store from being strictly modern and completely up-to-date. In the first place, everything will be entirely new, and will be of the very best quality. "It is my intention," said Mr. Crenshaw, "to make my new store not only complete in every particular, but to make it one of the really "beauty spots" of our little city. I will have associated with me a man of wide experience both in the prescription department as well as in the general drug line. In fact, the filling of prescriptions will be one of the specialties of the Corner Drug Store, and that are asking is a trial that we may convince the public that we are thoroughly acquainted and experienced in this important department of the drug business."

Mr. Crenshaw disposed of his business here several months ago, and has many friends who will be pleased to know that he has decided to again become a permanent citizen of our little city.

HIGGINBOTHAM STORE AT COMANCHE BURNS.

Higginbotham Brothers' big mercantile store and lumber yard at Comanche burned Sunday night, entailing a loss of something like \$200,000. The fire originated in the yard office, but just how it originated is not known.

The Higginbotham Company is one of the strongest mercantile institutions in the Southwest, having stores throughout the State. It is known for its conservative business methods, large stocks carried and the courteous treatment extended its customers. The loss, coming just on the morning of what promises to be a big fall business, is deeply regretted by their many customers in Snyder and Scurry County.

B. L. BAZE "DELCOING."

B. L. Baze, district service man for the Delco Lighting Company, is in Dayton, Ohio, this week, going through the great Delco plant and getting more familiar with the Delco business and the workings of this great concern.

BIG DEMAND FOR ROOMS AND HOUSES.

Not a day passes that some one does not come to the Times-Signal office inquiring for rooms or a house to rent. If you have anything to rent or sell, why not tell the public about it through the columns of this paper? It covers its field and people read it and believe in it.

J. P. Strayhorn and Charlie Cooper were business visitors at Post City, Monday.

Mrs. Sallie Johnson of Alvarado is visiting the Strayhorn, Elza and Grantham families this week.

G. M. D. Garner is attending the State Reunion of the Confederate Veterans at Abilene this week.

Mrs. Norred is at Dallas this week at the bedside of her daughter who is seriously ill.

Miss Ora Norred came near having what might have been a bad accident Sunday when something went wrong with the steering apparatus of her car. As it was, however, the car only took a nose dive into a ditch.

Billie Harris of Amherst visited his mother, Mrs. George Harris and his sister, Miss Frances, last week.

Mr. and Mrs. Porter King were at Sweetwater Saturday in the interest of Dodge Brothers' big business at this place. Mr. King says that the automobile business is fine and that he expects it to get still better, as Dodge cars help sell each other.

Miss Mamie Ellis of Abilene visited Misses Bill and Annie Mae Swann since our last issue.

Miss Lea Woosley and Mr. and Mrs. Jess Woosley visited at Lubbock Sunday.

Mr. and Mrs. Joe Swift and little daughter of Post City visited Mrs. W. J. Warren Sunday.

POULTRY

FORCED PULLETS ARE BEST EGG PRODUCERS

James E. Rice of the Cornell university experiment station issued a bulletin relative to the possibilities of feeding early hatched pullets during the summer by retarded or forced feeding.

By retarding is meant the idea that feeding is necessary during the late summer to check the early tendency of laying, with the hope of getting a larger egg yield in the early winter.

By forced feeding is meant the giving of a rich stimulating mash to induce egg production.

Concerning the results of his work Mr. Rice has certain findings drawn from data which are submitted below:

1. Forced pullets made a better profit than retarded pullets.
2. Forced pullets ate less food per hen at less cost per hen than retarded pullets.
3. Forced pullets produced more eggs of a larger size, at less cost per dozen than retarded pullets.
4. Forced pullets produced more eggs during early winter than retarded pullets.
5. Forced pullets have better hatching results of eggs than retarded pullets.
6. Forced pullets made a better percentage of gain in weight than retarded pullets.
7. Forced pullets showed less broodiness than retarded pullets.
8. Forced pullets had less mortality than retarded pullets.
9. Forced pullets showed better vigor than retarded pullets.
10. Forced pullets showed the first nature molt earlier than retarded pullets.
11. Retarded pullets gave better fertility of eggs than forced pullets.
12. Hopper-fed dry mash gave better results in gain of weight, production of eggs, gain in weight of eggs, hatching power of eggs, days lost in molting, mortality, health and profit per hen, than wet mash.
13. Wet mash and grain-fed pullets consumed slightly less food at less

cost, and produced eggs at slightly less cost per dozen than dry mash and grain-fed pullets.

14. Wet mash and grain-fed pullets produced slightly larger eggs of slightly better fertility, and showed less broodiness than dry mash and grain-fed pullets.

15. Dry mash and grain-fed pullets laid eggs of good size at an earlier period than wet mash and grain-fed pullets.

16. Hopper-fed pullets ate more than hand-fed pullets.

17. Pullets having whole grain ate more grit and shell than those having a proportion of ground grain.

18. Pullets fed on grain were more inclined to develop bad habits than those having a mash.

19. Earliest producers did not give as many eggs in early winter.

20. Early layers gained as rapidly in weight as those beginning later to lay.

21. Prolificacy made by slight difference in weight of hen and weight of egg.

22. The most prolific pullets did not always lay earliest.

Give Pullets Best Feed and Careful Attention

"The success of the poultryman is measured very largely by the quality of the pullets with which he replenishes his flock," says Martin Decker, poultry research specialist at the New Jersey agricultural experiment station.

"Great care should be exercised to keep the pullets growing uniformly from hatching to maturity, as a check or setback will cause them to mature too late for winter laying. Development is best promoted by free range with an abundance of shade and green food.

"We feed grain and keep mash before the growing stock continually. The mash is composed of nearly the same combination as our laying mash, but the pullets tend to begin laying too early if allowed too much of it. We must figure on having the pullets come into production about the middle of October, or before cold weather sets in.

"The pullets should be transferred to winter quarters, gradually a few at a time. Do not put on the lights until they have become accustomed to their new surroundings. Then feed the laying flock the following rations:

Mash	
100 lbs. wheat bran	
100 lbs. wheat middlings	
100 lbs. cornmeal	
100 lbs. ground oats	
100 lbs. meat scrap	
Grain	
100 lbs. wheat	
100 lbs. cracked corn	
100 lbs. oats	

Hens Pasture Feeders

Hens are pasture feeders, though seldom considered such on many farms. In that they are fenced away from good pasture. J. G. Halpin of the poultry department of the University of Wisconsin says that a heavy-laying hen will not last long unless the bowels are kept in a laxative condition. Most poultry keepers find green stuff more practical than drugs. Green feed adds the necessary bulk to the ration and apparently assists in the assimilation of minerals.

THREE STAKE EVENTS ON STATE FAIR RACING CARD, AT DALLAS, OCT. 10-17

Five races a day, with three stake events scheduled for the meeting, are on the program for the State Fair of Texas, Dallas, Oct. 10-25 next. The race meeting will be held Oct. 10 to Oct. 17, inclusive, except for Sunday, Oct. 11, when there will be no races.

The stake events are "The Cotton Stakes," at \$2,000 added money, to be run Dallas Day, Tuesday, Sept. 13; "The State Fair Handicap," at \$1,000 added, to be run on closing day, Saturday, Oct. 17, and "The Texas Special," at \$500 added, scheduled for Monday, Oct. 12.

Entries for the stake events close Oct. 1, and programs and entry blanks are now ready.

Entries for over eight races close at 11 a. m. daily. Purses will be \$400 and \$500. Dr. A. E. Flowers is superintendent of the racing department, and the track is declared to be in the pink of condition.

REQUESTS FOR SPECIAL DAYS AT STATE FAIR

Organizations desiring to reserve special days at the State Fair of Texas, Dallas, Oct. 10-25, should file such requests early, according to Sec-

retary W. H. Stratton, in order that the designations may appear on the daily program.

While several such reservations have already been made, there is evidence, according to Mr. Stratton, of some disposition to wait until the last minute.

Monday, Oct. 12, has been named as Press Day; Tuesday, Oct. 13, will be Dallas and Dallas County Day and T. C. U. and Baylor Day. Farm Bureau Day is Wednesday, Oct. 14, and the following day has been designated as Texas Poultrymen's "own." Saturday, Oct. 17, will be Traveling Men's Day and University of Texas Day.

"TIME CARD" ANNOUNCED FOR STATE FAIR EVENTS

Night performances of "Sky High," the "big Broadway musical" comedy to be offered in the new auditorium at the State Fair of Texas, Dallas, Oct. 10-25, will begin at 8 p. m. Matinees will be on Tuesdays, Thursdays, Saturdays and Sundays, at 2:30 p. m. The races and rodeo before the grandstand, will start at 2 p. m. It is announced.

COAST COUNTRY EXHIBIT TRAIN AT STATE FAIR.

"The Blacklander" special train, carrying agricultural exhibits from the Gulf Coast country, will be seen at the State Fair of Texas, Dallas, Oct. 10-25. A spur track is being built into the fair grounds, from the Texas and Pacific mainline. The four car special will remain on the spur throughout the fair. The famous "Blacklander" boys' band will accompany the train.

NO GREATER SERMON WAS EVER PREACHED FROM SCREEN

Clergymen of all denominations are urging their congregations to see

"The Ten Commandments."

The Reverend Dr. Chester C. Marshall wrote of it in "The Educational Screen" as follows:

"When it was reported many months ago that a commercial company was filming 'The Ten Commandments' many of us felt that this was apt to be something of a travesty on one of the sublimest and most epochal events in history.

"When the picture was first produced in a New York theatre at top-notch prices, I attended with a group of clergymen as guests of the management, expecting to see a great spectacle, and also prepared to see violence done to the real spirit of the Decalogue and of the method by which the law was given to man. Frankly, I may say, we were a critical group.

"Two hours and a half later we emerged from the theatre onto the Great White Way, to be suddenly jarred back into the world of realities. The evening rush hour was on, the floods of humanity were surging

by in two mighty currents and there at the entrance stood a woman selling copies of 'The Athiest.'

"No, let us rather say we came from the world of realities as spread before us on the screen, out into a world of unrealities. God has rarely been more real to us than he was for the space of one afternoon.

"If one message above another is needed by our pleasure loving, law-breaking age, this picture brings just that message.

"Thanks to a motion picture company, a director, a scenario writer, actors and all others who are bringing this message to millions of people. Every American owes it to himself to see the world's greatest and best motion picture.

"There is one question we can not avoid asking. Why, when such sublime and holy things can be presented in such an entertaining and fascinating manner, must we have such filth, slush, trash and stupidity unf'lded before our eyes as we have in the average film?"

Smack Between the Eyes

By JOHN G. O'BRIEN

(© 1925, Western Newspaper Union.)

HIS keen gray eyes mere slits; his heart aching, Dick Wentle sat musing and covertly eyeing Patricia Suggs, as he was facing a business struggle; for even as manager of Suggs Advertising, promotion would be scant, and a big firm had made him a princely offer.

"Dick, I advise you to accept the offer," quietly said Patricia.

Wentle quivered, for a voice within seemed to hit him smack between the eyes: "Who inspired you with the ambition to work and be someone? Who kept urging you on? But for Patchy you might have been a derrick."

Still he had been eyes. So keen, alert, that he could spy Rogers' yacht, like a huge gull on the placid bosom of the lake . . . and could mentally envisage the beautiful Dolores, who ruled her astute father with a rod of iron.

"Patchy, I hate to leave," said Wentle. "But you're right, so I will." "Dicky, I'm so glad for your sake," she lifted brightly. "Success!"

"Expect me," he laughed. "That is, unless you hate me." "No! Oh, dear no, but—but—please stay away."

"Impossible, Patchy. I feel worried over your dad." "Really? Oh—"

"Your dad, how is he?" he asked, clasping her slender hand. "Leave me," bravely; going limp as she freed her hand.

"Patchy, tell your friend." "Dicky," wincing, "don't persist." But he did, and coaxed the story from her—that Suggs was suffering from creeping paralysis.

"And I thought of leaving you!" he growled, fondling her hand. "You simply must," she whispered. "We'll manage somehow."

"How so?" escaped her lips—her eyes shone. "Run back, Dicky." "No!" resolutely, his reward a smile that staggered him.

"But I can't pay you what Rogers can," roared Suggs irately. "Easy. Calm down, sir," soothingly, "I'm a stickler, and you'll yet pay me that—perhaps more. Meantime, my present salary will do."

Suggs promptly fired him, but Wentle refused to be dismissed. They talked to and fro, Patchy chiming in at times, naive amusement lurking in her eyes, for Suggs, the icicle, began to regard Wentle as if relying on a son, though he didn't say that in so many words.

"Home, Sweet Home" "I am satisfied on one thing at last. I found where my husband spends his evenings," remarked Mrs. Gadabout.

"You don't say so, dear; how did you find out?" questioned the excited Mrs. Gossip.

"I stayed at home one evening last week and found him there," answered the satisfied lady.—Arkansas Utility News.

FARMERS UNION MEETING.

The meeting of the Farmers' Union held at the courthouse last Saturday drew a considerable crowd. Judge F. I. Townsend was the principal speaker and made himself very plain as to his view of the questions now before the farmers of the county, the State and the South generally.

MOUNTED CAVALRY BAND TO ENTERTAIN CROWDS AT 1925 STATE FAIR

A big cavalry band, mounted on thoroughly trained horses, is to entertain visitors to the State Fair of Texas, Dallas, Oct. 10-25.

Announcement is made that the band of the 112th Cavalry, Texas National Guard, is to play daily throughout this year's exposition.

There are twenty-five men in the organization, which is commanded by Capt. Chas. K. Davis and is stationed at Mineral Wells. Capt. Davis was an officer in the 144th infantry during the world war. Warrant Officer David Burnswick, who directed a similar band in the army of occupation in Germany, is its director.

NIGHT FOOTBALL GAME COLLEGE CIRCUS EVENT

A night football game in the stadium, will be one event in connection with the All College Circus to be given at the State Fair of Texas, Dallas, on the night of Saturday, Oct. 17.

The queen's coronation and ball will be given in the new Baker Hotel on Friday evening, Oct. 16. The famous Benson orchestra, of Chicago, will furnish the music for the ball. The "circus" itself will be offered between halves of the football game.

EXPECT 600 ENTRIES FOR STATE FAIR KENNEL SHOW

Fully 600 dogs of high degree, it is expected, will be shown at the Texas Kennel Club dog show, to be held during the State Fair of Texas, Dallas, Oct. 10-25, according to officials of the club.

Dates for the 1925 kennel show are Oct. 23, 24, and 25 and the show will be held in the big poultry building, where last year's display was given.

It is declared that more trophies than ever before will be offered, and that a full "5-point" show will be given in every particular.

Breed captains have been named by officers of the Texas Kennel Club. It will be their duty to see to entries in the respective breeds in which each is interested. Weekly meetings of the show committee will be held at Dallas from now until opening of the show, to the end that all details may be worked out completely.

Officers of the Texas Kennel Club are: Dr. E. P. Hackney, president; E. V. Shearer, first vice president; Arthur Bickham, second vice president; E. O. Mangrum, treasurer; O. T. Evans, secretary, E. M. Dealey, chairman bench committee.

State Fair Runners Arrive. S. S. Lindsey, a Texas owner, is the first to arrive at the track with his string of runners for the State Fair of Texas races, Dallas, Oct. 10-18, inclusive. He will train at Dallas in preparation for the State Fair OH, MAMIE!

He was a somewhat poetic young fellow and she was "beautiful but dumb." They met at a party and he was prompted to express his admiration.

"Do you know," he told her, "you look like a bit of rare old tapestry?" "Indeed! Well, you're not so snappy looking yourself!" she angrily retorted.—Boston Transcript.

"Home, Sweet Home" "I am satisfied on one thing at last. I found where my husband spends his evenings," remarked Mrs. Gadabout.

"You don't say so, dear; how did you find out?" questioned the excited Mrs. Gossip.

Although Mr. McClinton has been a resident of Snyder and Scurry County for many years, he is one of our practically new merchants. It was only last January that Mr. McClinton became engaged in the grocery business, but today he is enjoying a healthy patronage.

But Mr. McClinton was no stranger to the people of Snyder and Scurry County. His twenty years a resident of the county and the position of Public Weigher which he held for six years, along with his naturally friendly disposition, it can be truthfully said that "Butch" McClinton is one of Snyder's most popular merchants.

HE BUYS YOUR PRODUCTS.

Mr. McClinton is always in the market for anything in his line that he feels like he can sell even at a small profit. He buys fruits, vegetables, poultry, eggs—almost everything the farmer raises at what he considers the very best price he can possibly pay.

HANDLES THE BEST BRANDS OF GOODS.

Mr. McClinton handles the very best brands because he believes them to be the best in the long run, because "They Satisfy". He holds that a satisfied customer is a walking advertisement, and that the only way to have a satisfied customer is to give him value received for his money with courtesy and service thrown in for good measure. Some of the brands he handles are: Marechal Neil Flour, made at McKinney, Texas; M. J. B. Coffee and Sun Kissed, Del Monte and Gold Bar Canned Goods, which he declares to be as good as the Best.

FREE DELIVERY.

Mr. McClinton delivers groceries right to your door—all you have to do is call 356, and your order will be "Coming Up."

He says that if you are not one of his satisfied customers it must be because you have not given him a trial.

ROAD BUILDING

THOUSANDS TRAVEL OLD TRAILS ROUTE

One of the great transcontinental highways extending from the Atlantic to the Pacific is the National Old Trails road. It has been called "The Broadway of America." It traverses mountains, plain and forest and is rich in varied scenery, while offering splendid road conditions and very little desert country. By many motorists it is regarded as the most practicable of all highways for transcontinental motorists.

Its importance as a through highway is evidenced by the fact that it is traveled by thousands of motorists. Starting from New York, the route runs in a westerly direction over a hard-surfaced road by way of Washington or Philadelphia, through West Virginia, Ohio, Indiana, Missouri, Kansas, southern Colorado, New Mexico, Arizona and thence to southern California. It is hard-surfaced from St. Louis east to New York. West of St. Louis, particularly across Missouri and Kansas, weather conditions govern the traveling. In rainy weather across these two states skid chains should be carried, and when overtaken by sudden storms the motorist would do well to lay over a day or two in the nearest town, as the roads dry off quickly after storms.

In traveling the National Old Trails route it is no longer necessary to carry large supplies of gasoline. Two extra quarts of oil may be carried, but gasoline supply stations are found all along the road. Motorists are advised to keep the tank filled at all times. Good hotel accommodations and automobile camp grounds will be found in almost every city and in the mountain regions of Colorado, New Mexico, and Arizona natural camp sites can be found along some stream close to the highway, at almost every necessary stop. The automobile camps usually charge a small fee, from 25 to 50 cents per day.

The trip can be made in from 20 to 30 days at approximately ten hours per day. This means that only 18 miles per hour need to be made during the traveling time. Many long stretches of fine highway enable the motorist to exceed this speed.

For car equipment, the following list is recommended: One set of skid chains, one good horn for use on mountain curves, one set of tools, one jack, good cutting pliers, two extra cans, four extra inner tubes, tube patches, three spark plugs, one to two-gallon water bag or canteen, one flashlight, one ax, one small shovel, radiator hose connections, lamp bulbs, one motor-meter and one tow rope or a short cable.

BIG MUSICAL COMEDY HIT DIRECT FROM BROADWAY STATE FAIR OFFERING

"Sky High," in New Fair Park Auditorium, Dallas, Oct. 10-25, Said to Have World's Greatest Chorus.

Declared by New York reviewers to have the greatest singing and dancing chorus ever seen on Broadway "Sky High," the magnificent Shubert musical comedy success, headed by the comedian Willie Howard and with the original company of 193, is to be offered in the new Fair Park Auditorium, at the State Fair of Texas, Dallas, Oct. 10-25.

"It's going to cost \$100,000 to bring the attraction to the State Fair, but directors of the institution, convinced that Texas folk appreciate the best, and with the desire that the magnificent new theatre be dedicated with an attraction in keeping, contracted with the Shuberts for the entire "Sky High" production, just as it has been running all season on Broadway," says Secretary A. H. Stratton of the Fair Association.

"Robert Benchley, famous New York critic, has more than once declared that the name of the Shuberts attached to any such offering is a guarantee of its goodness.

"The State Fair contract calls for the full personnel of the "Sky High" company, as listed in the Broadway programs, to be sent to Dallas by special train, and, it will be produced at the State Fair under the personal direction of J. J. Shubert.

"Allan Tate, veteran theatrical critic of the New York American, coined a word for description when he first saw "Sky High," and it summed up, accurately, what he declared was one of the jolliest, speediest, brightest musical comedies New York had witnessed in many a day. He also declared that the Shuberts had assembled a collection of talented artists; an ensemble of furious, fiery dancers, against a background of enlivening, intoxicating music.

"Another reviewer said that Willie Howard, the comedian, was master of the reels, and that many a case of incipient and advanced hysteria was directly traceable to his merry quips. His song, 'Let It Rain,' is now heard at all cabarets and music halls in the East.

"Other principals in the notable cast include Vannessi, dancer of grace and gaiety; John Quintan, golden-voiced tenor, who is endowed with a magnificent physique in addition; little Ann Mulburn, the 'personality girl'; Florenz Ames, eccentric comedian and many more.

"The Six Little Dippers, the Lancashire Lassies and the London Johnnies are components of the great chorus, which was the talk of the auditorium, and which go to make up what still another critic termed a

truly superb production." "Sky High" will be offered in the auditorium each evening during the State Fair, according to announcement, with matinees on Tuesday, Thursday, Saturday and Sunday.

TRIANGLE RANCH GIRL IN STATE FAIR RODEO SHOW

Bea Kirnan of the Triangle Ranch, located near Wichita Falls, is to be an entrant in the rodeo events at the State Fair of Texas, Dallas, Oct. 13-25. Inclusive, the last eight days of the 1925 State fair. Miss Kirnan is declared to be one of the most fearless "cowgirls" in the country. In addition she is a finished trick rider. She carries a string of six beautiful horses, including "King," her favorite.

Proper Maintenance of Roads Is Big Necessity

Extensive travel over the highways of Minnesota and the Dakotas this year has brought home to us the prime necessity for proper maintenance of unpaved roads. Fortunately the necessity of maintenance was early recognized in the Minnesota road laws, says the Farmer. It may seem "put-terish" to see a road patrolman with his rake, and even some of the frequent dragging may seem unnecessary and unduly expensive. Nevertheless it is this constant attention that smooths the path of travel and saves the life of the road.

About the only bad roads we have run across in Minnesota this year have been in the Twin Cities and in the cities and villages of the state where no attention is given to road maintenance except on paved streets. Those in charge of these city and village streets might well take a course of instruction from the state highway commission.

We must not get the idea that only state highways can be kept in good condition by maintenance. In the old days before we had these modern roads, nearly all of our roads were acquainted with the road drag at least. Now we depend so much on these trunk highways that the minor roads are neglected and abused to an unusual degree.

has an ancient precedent. Students of Blackstone will find there is an old statute from the time of King Charles II, namely, Statutes 13 and 14, Card 11 e-2, bearing on this point. In 1661 there were 400 public coaches having licenses for operation in London and Westminster within a radius of about six miles. The tax collected from these licenses was used to pave the streets.

Road-Work Problems

Rapid growth of motor traffic has placed before highway officials of the various states a huge problem to provide for the reconstruction of obsolete types of "high crown" roads, to obtain adequate rights of way for future expansion, to improve the safeguards at curves and grades, to eliminate grade crossings and one-way bridges, and to increase the maximum carrying capacity of existing roads. Much information is being furnished through the bureau of public roads.

"THE TEN COMMANDMENTS" IS THE MOVIE WITH MANY PRESS AGENTS.

"The Ten Commandments" probably has more press agents than any picture made, which may explain why capacity audiences greeted it wherever it played last year when it was

being shown at \$2.00 admission throughout the world. Almost without exception, priests, rabbis, ministers, teachers and writers who see the picture at once launch a publicity campaign on behalf of Cecil B. DeMille's opus. Such distinguished men as Cardinal Hayes, Rabbi Wise and Bishop Manning have urged parents and teachers to send their children in order to learn the decalogue from the screen. This picture will be shown for the first time in Snyder at 25c and 50c, when it is unfolded at the Palace Theatre.

Firestone

Why Gum-Dipping is so Important to Car Owners

GUM-DIPPING—the Firestone extra process builds into tires extra quality by impregnating and insulating every fiber of every cord with rubber.

This exclusive method is carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring process.

By this method, added strength and flexibility are imparted to the cords, making Gum-Dipped Balloons most serviceable and enduring over rough roads.

Your Bountiful Harvest Should Be Protected

What a joy, what a blessing is harvest time to the average farmer, when crops are bountiful and prices high enough to realize a tidy sum for the season's work.

It is after such a successful harvest that the farmer takes his surplus, stores it for future use and protects himself against any threatened famine of the future.

And so should it be with the working person, who, when he or she is earning plentifully, place aside what is not needed for current expenses and put it in a safe, sound institution where it is fully protected.

While enjoying your bountiful harvest set aside a portion, bring it to this bank for safe keeping and be independent in old age.

WILLYS-OVERLAND CUTS OVERLAND SEDAN PRICE FROM \$655.00 TO \$595.00.

A startling price reduction on the Overland Standard sedan from \$655 to \$595 is announced by Willys-Overland which brings the price of this full-sized sedan to the lowest figure ever made on a full-sized sedan with sliding gear transmission.

The price reduction on the Standard sedan follows closely on the heels announced last month which affected materially every model produced by Willys-Overland.

Willys-Overland officials point out that the tremendous success of the Overland production facilities for this model are responsible for the \$60 drop in price, bringing this full-sized, five-passenger sedan to a new low price level that has never been attempted in the industry for a car with sliding gear transmission.

In making the new announcement, Willys-Overland also announces that several important features have been added to the Overland Standard sedan that materially increase its value. The latest in one-piece windshields now comes as standard equipment on this car, giving a maximum of vision and ventilation. Wider and deeper seats and cushions add to the comfort and riding ease of the car, while the radiator and head lamp rims are available on all Overland Standard sedans in nickel finish. Despite the fact that this car made its public appearance less than three months ago, the Overland Standard sedan has grown in popularity by leaps and bounds, factory records reveal, because of its meeting a special demand in the two door body types.

Long narrow windows, giving the maximum of vision and ventilation, also provide safety facilities for the small family, while the arrangement of the specially folding front seat backs permit free and unencumbered access to the rear seat. Willys-Overland dealers declare the Overland Standard sedan is the fastest selling car the company has produced in the Overland line, and the volume of business at the record-breaking low price of \$595 is expected to treble that established since the Overland Standard sedan was introduced.

PICKED UP ABOUT TOWN

"Some people are so certain of salvation is free," says a certain Snyder churchman, "that they often forget to put anything in the contribution box."

A painter may not be superstitious, but he certainly does believe in signs.

"Another trouble with life," asserts H. P. Wellborn, "is that too many men are worrying about what the world owes them instead of what they owe the world."

A small boy's hands and a big girl's elbows always look as though there wasn't enough soap and water to go around.

According to Charlie Morton a public benefactor is the fellow who pulls out of a parking place just when you want to pull in.

One sin charity doesn't cover up is the sin of butting into other people's business.

"The best thing these days for a run-down feeling," says Dr. Rosser, "is to get away out in the woods where you don't have to dodge."

Andy Anderson says if the fellows who contend the world is flat really

want to see something that is flat they ought to see Dad's pocketbook after the family gets back from a vacation.

Why I do not worry

"I have used a four-burner Perfection Oil Stove for four years, and discarded my wood range entirely," writes Mrs. A. E. Austin of 800 Jefferson Street, Joplin, Mo.

"I serve nine people three meals every day. My Perfection cooks everything beautifully—biscuits, steaks, roasts—anything I want."

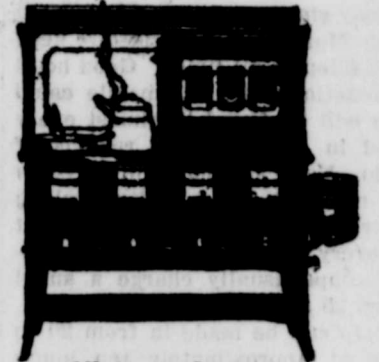

"Even if I go away I do not worry about the flame. For I know it won't creep up, or go out."

"I feel free to let my children light the Perfection Stove, as it burns kerosene, which is one of the safest fuels. I could not ask for a safer stove."

Mrs. A. E. Austin

Perfection Stoves have many advantages other than Mrs. Austin mentions. Cooking begins when a match touches the wick. Every drop of oil is completely burned in the long chimneys before the heat reaches the cooking utensils, so kettles stay soot-free. Any dealer will gladly give you a demonstration.
